## EAT ALLOTMENT FOR COUNTY

acreage allotment in 1953 is 16,992 acres to be received by the county. Lynn L. McKown, PMA office here. Acres with allotments in 1950, and 38,1951, McKown said. Allotment last year of 83 per cent will be remaining individual allotment county this year. The allotment will be permitted to be of the figure, averaging his wheat past two years, McKown said.

Other counties in the state include: Childress, 77; Sherman 73; Foard 71; and 69.

Farmers, along with the nation, are throughout the opportunity Aug. 14 when they approve market on wheat in 1954. A vote will be necessary which can be put into effect.

of Agriculture, Beneficial referendum, large surplus of wheat and warehouses, and marketing quotas support at 90 per cent will be instituted. If the support will be set of parity and there are controls.

Production is disapproved will fall from a figure of approximately per bushel to about 20 million this year. The nation, acreage real come to about 20 million acres, compared with 15 million this year. Estelline, Lakeview, and Turkey.

with an interest on an acreage allotment of 15 acres, will be eligible. Wives of eligible are on Page 12.

## SALT FORK DAM BOOSTERS AT HEDLEY TUESDAY NIGHT

Boosters for a dam on upper Salt Fork of Red River met in Hedley Tuesday night to study the preliminary report of the engineer on the project and to plan further strategy. C. B. "Cap" Morris, Clarendon, president of the Upper Basin of the Salt Fork of Red River Water Association, sponsors of the proposal, presided.

The group decided to hold another meeting at Wellington sometime during the first half of August. At that session, A. H. Woolvorton, Austin, project engineer, is expected to be present to confer with interested parties. Before the meeting, some of the group who met at Hedley, journeyed to the site of the proposed dam, northeast of Hedley, for an inspection of the area.

## Jaycee Ball Club Second In Recent McLean Tourney

The Memphis Jaycee softball squad was runner-up among eight teams which competed in a tournament at McLean recently. They were awarded \$50 prize money. Memphis lost their final contest to the Frank Phillips Men's Club of Borger, 5-1. Local players said the game was all tied up, 1-1, at the top half of the sixth inning. At that time he Borger team scored four runs on a disputed umpire's decision, according to members of the Jaycee club.

Earlier, the Memphis players defeated KC Steakhouse of Shamrock, 3-1, and overcame Furr Food of Borger, 4-0, Eck Anthony struck out 18 in the first contest and 17 in the second. Billy Stewart caught the first game and Gayle West the second.

In the game with Furr Food, Anthony and West knocked home runs. Anthony and Stewart were the Memphis batteries in the final night engagement.

MRS. FORREST HALL

## Mrs. Forrest Hall Ends Long Service In Local Schools

A teacher who has served in the Memphis school system for 25 years has resigned. She is Mrs. Forrest Hall. Mrs. Hall has resigned as fifth grade teacher in Austin Elementary School, to accept a similar position at Los Alamos, N. M. She severed her connection with the local schools after spending a quarter century teaching Memphis youngsters, in order to be with her husband, who is moving to Los Alamos to begin a new undertaking.

The couple will leave here for the New Mexico community next week. Mrs. Hall came to Memphis in the fall of 1927. The couple has a son, John M. Hall, who has been a resident of Memphis since 1927.

## Production Credit Association Here Issues Mid-Year Financial Statement

The mid-year report of the Memphis Production Credit Association through June 30 shows that 363 loans, totaling \$1,382,981 were made the first six months of this year, compared with 406 loans, totaling \$1,632,746, during the same period last year.

Loans, outstanding on June 30 were 435 for a total of \$1,314,696, as compared with 497, totaling \$1,268,075, on June 30, 1952. A total of \$458,069 were paid on loans the first six months of this year. The figure for the first six months last year was \$740,028.

As of June 30, members owning stock in the association totaled 773, while the number was 761 at the same time in 1952. Amount of Class A stock came to \$101,570 this year and \$100,385 last year. Class B Stock in 1953 was \$135,785, compared with \$96,585 June 30, 1952.

Reserves on June 30 amounted to \$101,951, while they were \$95,585. Total capital structure as of June 30, was \$339,206. At the same time last year, the figure was \$334,345.

Interest on loans is 6 and 3/4 per cent. The association board of directors is composed of: J. C. Emert, Wellington, president; J. C. Franks, Flomot, vice-president; and Otis Wilson, Quitaque; L. M. Bartlett, Childress, and L. J. Hal-

## Rites At Eastland Last Thursday For Omar Mickle

Funeral services for Omar C. Mickle, former resident of Memphis, were conducted last Thursday afternoon in the First Methodist Church of Eastland. Burial was in Eastland Cemetery.

Mrs. Mickle, 63 years old, died early Wednesday in his home at Eastland, after suffering a heart attack.

He will be remembered by old timers here. For a number of years, he was associated with his father, the late Joe J. Mickle, in the dry goods business here, at (Continued On Page 12)

## Canteen Meeting At VFW Tonight

All young people between 13 and 20 years of age, their parents, and other interested persons, are urged to attend a meeting at the Veterans of Foreign Wars Hall tonight, which has been called to study the possibility of starting a Teen-Age Canteen.

The session is slated to begin at 8 o'clock, according to Bill Ballew, in charge of publicity for the project. The Memphis Junior Chamber of Commerce is sponsoring the proposal. Entrance should be made at the east end of the VFW Hall, Ballew said.

## Measuring Of Cotton Land Gets Underway

Measuring of cotton land in Hall County has begun. Eight men are at work in various parts of the county checking acreages allotted to cotton this year. Considerable land, which had been ticketed for cotton, has been planted in feed, because of unfavorable weather conditions this summer. However, Lynn L. McKown, manager of the PMA office here, said this land will be included in the measuring program.

The project will have to be completed by Sept. 1, McKown said. The eight men, engaged in the measuring work are: J. R. Mitchell, Jr., and T. J. Spry, Jr., of Memphis; Barney Joe Bevers, Lakeview; Elwyn Pate, Plaska; U. F. Coker, Jr., and Billie Fuston, of Turkey; Paul A. Meacham, Parnell; and J. P. Montgomery, Jr., Lesley.

Each man works alone and will be assisted by farmers whose land is being measured, or by someone designated by them.

## Area Crops and Pastures Spring to Life Following Drenching Rains at Most Points

### Farmers With No Cotton On Land Plant Grain And Sweet Sorghums

Crops which survived heat, drouth, wind, sand and hail earlier this summer, have made an amazing comeback in the period since good rains soaked most points in this area last Sunday a week ago.

Pastures, which appeared to be dead, have almost miraculously sprung to life, as grasses have virtually leaped up, some say "three inches" since rains began.

Some points, notably Lakeview, Plaska and Brice, had additional moisture last Thursday afternoon. On the other hand, there were points which missed most of the precipitation. These included the Baylor community, south of Estelline, Deep Lake and Lesley.

But where rain was heavy, cotton has shown remarkable growth, almost impossible to believe unless seen personally. It all goes to prove that all soil in this area needs to produce a bountiful yield, is some moisture at the right time.

"Cotton looks better than it did this time last year," declared County Agent W. B. Hooser Tuesday. "But it is spotted," he went on. "One man will have good-looking cotton and right over the fence, his neighbor will have none." The county agent explained that this came about because the first farmer had sizable amounts of moisture while the man next to him had very little.

Since recent rains and showers, farmers who did not have cotton or had poor stands, have been busy planting grain sorghums and sweet sorghums. Where moisture was sufficient, hot, sultry days have caused the seed to come up to good stands within a few days.

There are some exceptions to this situation, however. J. D. Cox, who farms in the Baylor community, said he had planted grain but did not believe he had enough moisture to bring it up. This same condition has been encountered at Deep Lake and Lesley.

After good rains finally came Sunday before last, farmers swamped seed dealers for planting seed. They were all able to obtain seed, although not always the kind they wanted, according to Hooser. In view of the short growing time remaining, all of the farmers wanted grain sorghums which are quick maturing.

Principal types planted were Martin milo, Texas milo and Redbine 60 and 66. Average time from planting until blooms appear, are as follows: Redbine 60, about 65 days; Redbine 66, about 71 days; Martin milo, 68 days; and Texas milo, 72 days.

It takes approximately 40 to 45 days from the time blooms appear until the grains mature, Hooser said. Some farmers felt it is too late in the season for grain sorghums to mature and planted sweet sorghums such as cane, which they expect to cut and bind, Hooser said.

There are around 75,000 acres in cotton in Hall County, the (Continued On Page 12)

## DOWNTOWN FIRE LOSS IN JUNE MORE THAN HALF MILLION DOLLARS

Loss in the fire here last month which destroyed four Memphis business houses and damaged two others, has been estimated at approximately \$560,000 by insurance adjusters, Chief of Police T. D. Weatherby said Wednesday. Weatherby is fire marshal here.

Insurance, totaling nearly \$199,000, has been paid to cover damage claims on buildings and contents, Weatherby said. He explained that this represents payment for all claims against insurance firms.

Estimated insurable value of buildings was placed at \$240,000, and on contents, at slightly more than \$320,000, according to Weatherby. Actual insurance carried was more than \$123,000 on structures, and slightly above \$268,000 on contents, the police chief said.

After insurance claims were paid, loss on buildings was estimated at nearly \$113,000, and on contents, at nearly \$173,000, Weatherby said. Buildings destroyed by flames were W. H. Monzingo Motors, Lemons Furniture Company, Baldwin's variety store, and Durham Pharmacy.

The First National Bank building suffered extensive fire, water and smoke damage, and Greene Dry Goods Company sustained minor smoke and water damage. Cause of the fire, which started late Saturday night, June 13, and blazed fiercely for several (Continued On Page 12)

## Youth Day Slated By Young People Of Baptist Church

Young people of the Panhandle Association of the Baptist Church will stage a Youth Day at the Pan Fork Encampment at Wellington, Friday, August 14. Everyone is invited to attend, regardless of age or religion.

Theme of the gathering is "Youth Crusade for Christ." The event is scheduled to start at 10 a. m. and continue until 10 p. m. The program will include two evangelistic services, and swimming, softball, horseshoe pitching and other recreation.

Those attending are asked to bring food, eating utensils and swim suits. Drinks will be furnished.

## NEW PRINCIPAL IS ELECTED AT AUSTIN SCHOOL

Austin Elementary School will have a new principal when classes begin early in September. The new head of the school is B. J. Thomson, who succeeds Miss Zady Belle Walker, who has been principal for the past two years.

Mr. Thomson has been principal of the high school at Whitharral in Hockley County for the last four years. After graduating from Paducah High School in 1940, he served for five and a half years in the Army Air Corps. He graduated from Hardin-Simmons University in 1949, majoring in business administration and (Continued on Page 12)

## THOMPSON PARK BRINGING FUN TO YOUNGSTERS

Youngsters in the northeastern part of Memphis are getting unlimited pleasure from "Thompson Community Park," which was opened recently in that section of town, Haskell Howell, one of the sponsors, said Wednesday. He said children play in the park until it becomes too dark for them to see each other.

Howell listed individuals and organizations who have made this possible. Those named by him, are as follows:

Hall County Electric Co-op furnished backstop for baseball diamond and tennis court and dug holes for poles. The city paid for lumber and wire for the backstops and local Jaycees put them up.

Howell paid for some of the pipe and chains for swings and the remainder was donated. Jaycees built the swings and installed them. The city furnished material for see-saws and Jaycees constructed them.

The Memphis school system donated a merry-go-round and Jaycee members repainted it and set it up. Supt. W. C. Davis donated a tennis net. Jaycees placed posts for supporting the net. Some more tennis rackets are needed. Jaycees furnished baseball (Continued On Page 12)

## Special Livestock Loan Announced By FHA Supervisor For Hall County

A special livestock loan whose purpose is to help producers and feeders of cattle, sheep and goats establish themselves, has been announced by J. J. Roan, Jr., supervisor for the Farmers Home Administration in Hall County. Commercial feed lot operators are excluded.

Eligible farmers and ranchers must have good records of operations, must be unable temporarily to obtain from recognized lender the credit needed to continue their operations, and have reasonable prospects of working out their difficulties with the assistance of emergency credit, Roan said.

Applications may be made at the Farmers Home Administration office in the Hall County Bank Building, at the county agent's office in the courthouse, at the Production Credit Association office in the 400-block on Main Street, or at any local bank.

Area committees will pass on applications, according to Roan. The committee which will process Hall County applications will be located at Amarillo.

Special livestock loans may be made for purposes which are essential to carrying on livestock operations such as the following: The purchase or production of feed.

The payment of customary and equitable charges for grazing permits and for the use of farm buildings, pasture land, and land for the production of feed crops. The hire and replacement or repair of farm machinery and equipment. The building or repair of fences. The transportation of livestock including movements to and from grazing lands. The payment of not more than one year's interest on debts secured by liens on chattels or real estate, for any one operating year when standby agreements on such interest cannot be arranged. The payment of not more than one year's taxes on real and per-

## BLOOD BANK IS ESTABLISHED BY LOCAL JAYCEES

Members of the Memphis Junior Chamber of Commerce recently voted to make themselves available for blood donations and transfusions in times of emergency. The project will be known as the "Memphis Jaycee Walking Blood Bank."

The plan calls for Jaycee members supplying blood in case of tornado, a bad accident, or other catastrophe. Each local hospital and the sheriff's and police departments will be furnished with a list of Jaycee members and their blood types, in order to speed the process.

Members who do not already know their blood types will be checked for this Friday. The local club currently has 45 members.

Bobby West is in charge of the project here. It is being conducted on a nation-wide scale by the national Jaycee organization.

### Scout Swim-O-Ree Set For Aug. 14-15 In Wellington Pool

The annual Boy Scout Swim-O-Ree for the southern district will be held August 14-15 at the Marion Airpark pool in Wellington. Ray Young, district scout executive, has announced.

An archery contest will be held in conjunction with the meet.

Twelve troops of scouts and four posts of Explorer scouts, approximately 200 boys, will compete in the meet. The troops consist of boys, 11 to 14 years of age, and the posts of boys 14 to 18, Young said.

The swimming meet will feature races, in which the boys will use different strokes in each race. The diving contest will consist of different dives. Henry Sullivan of Wellington, district camping and activities chairman, is in charge of arrangements for the meet.

The public is invited to attend Young stated.

Another scouting event scheduled for the near future is a fishing trip to Creede, Colo. Explorer scouts and their fathers will gather at the Rio Grande River Reservoir on August 23-29. All Explorer scouts and their fathers are invited. The Air Force will furnish cooks, Young said, and the scouts and fathers are expected to furnish their own transportation.

### County Men Arrive At Fort Hood, Texas

Three Hall County men have arrived at Fort Hood, where they have been assigned to Combat Command "B" of the famed First Armored Division for basic training.

They are Pvt. Henry C. Henderson of Memphis, and Pvt. Dan K. Byars and Pvt. Jimmy R. Gowdy both of Lakeview.

Henderson is the son of Mrs. Viola Green, who lives in Morningside Addition. He attended Morningside High School.

Byars' wife lives on Route 1, out of Lakeview. Byars attended Midwestern University at Wichita Falls.

Gowdy is the son of Mr. and Mrs. W. M. Gowdy, Rt. 1, Lakeview. He attended Clarendon Junior College and was active in basketball and baseball.

On November 9, 1950, the first MIG shot down by a Navy jet was flown by Lt. Cmdr. W. T. Amen from the aircraft carrier USS Phillipine Sea.

The USS Missouri on September 14, 1950, was the first battleship to participate in the Korean war when it hit Communist shore batteries near Samchok.

## Shelton Nuptial Vows Read In Church Service Saturday

her wedding in 1880.

**Wedding Party**

Miss Sandra Shelton of Clarendon, sister of the groom, was maid-of-honor. She wore a gown of green net fashioned with fitted bodice and full-length skirt inset with shirred net. A stole of matching material was attached at the shoulders.

Identical dresses, in a lighter shade of green, were worn by the bridesmaids. Bridesmaids were Misses Pat Goodnight, Beryl Davis, Joanna Davis and Joyce McDaniel, all of Memphis. Each carried a crescent bouquet of yellow Gloria roses and ivy leaves.

Little Miss Rosemary Harrison of Memphis was flower girl. She also was attired in green net and wore a band of roses in her hair.

The groom's father served as his son's best man. Other masculine members of the wedding party included Dick Shelton of Memphis and Horace McClellan, Guy Lynn Tatum and Wayne Lowe, all of Clarendon.

Mrs. Stanford, the bride's mother, chose a waltz-length dress of blue silk organza fashioned with a full skirt, elbow sleeves and a jeweled yoke. Her hat, bag and shoes were of matching satin and her gloves were white kid. She carried a corsage of stephanotis and fluer de-amour, tinted pink, atop her bag.

The groom's mother, Mrs. Shelton, was attired in a soft Dresden Rose imported lace with a fitted bolero jacket, piped in the same shade. Peaut de soie. The flared skirt was beautifully detailed with back tiered interest. She wore matching accessories and a corsage of stephanotis, fluer-de-amour and sweetheart roses.

**Reception**

Immediately following the wedding, a reception was held at the Memphis Country Club. The house party included Mmes. Jack Baldwin, John Deaver, Frank Foxhall, Buster Helm, Wendell Harrison, Leslie Foxhall, Boyd Rogers, Chas. Kinslow, Carl Harrison, R. C. Lemons, Dick Shelton, Mac Tarver, O. R. Goodall, Wiley Whitley, A. Anisman, Chas. Meacham, Herbert Sisk, Miss

Mrs. Douglas Shelton

Betty Goodall and Mrs. Ed Kennedy of Lubbock.

Bittersweet vines, foliage plants and baskets of mums were used to decorate the entertaining room. An arrangement of yellow roses, yellow pom-poms and golden double wedding rings with white candles in crystal candelabra was noted on the mantel.

The bride's table was covered with a white organdy cloth over white satin. The cloth was appliqued with lace medallions beaded with pearls. Centering the table was an arrangement of yellow roses and lily-of-the-valley. The white, three-tiered decorated wedding cake and silver punch service were placed at opposite ends of the table. Burning tapers in silver candelabra cast a soft glow over the setting.

When the newlywed couple left on a honeymoon trip to Colorado and other Western states, Mrs. Shelton was wearing an off white linen suit with black velvet accessories. Her corsage was of Goldylock roses.

Mr. and Mrs. Shelton will reside near Ashtola where the groom is engaged in ranching.

The bride is a graduate of the Memphis High School and attended Southern Methodist University where she was a member of Gramma Phi Beta Sorority.

The bridesgroom is a graduate of the Clarendon High School and Texas Tech College.

**Rehearsal Dinner**

Mr. and Mrs. Stanford were hostess at rehearsal dinner on Friday evening at the Country Club. Places were laid at Sextet tables for 24 guests.

### Report From Washington

By Walter Rogers  
Congressman 18th District

**WINDING UP THIS SESSION OF CONGRESS:** The drive for early adjournment of Congress is under full steam. Committee meetings are being crowded together in the mornings and the House is staying in session late every day. Many of the committees are meeting while the House is in session in an effort to complete action on much pending legislation. The President's "must" legislation includes two bills that may cause a substantial delay in adjourning this session.

The bill to admit 240,000 refugees into this country is due for rough sledding in the House. Its main support will come from the extreme liberal wing of both parties and those who feel constrained to follow the President's recommendations, regardless of what they might be. The Southern Democratic bloc will oppose this legislation almost to a man. This bloc and the general scattered opposition throughout the country will cause the vote to be very close and could defeat the measure in the House. This same type of legislation was losing much support during the latter days of the Truman administration and many of those who opposed it then will not go along with it now just because it is endorsed by Eisenhower. It is risky legislation that could cause much trouble in this country if passed.

The other controversial bill is the proposed postal raise. The general consensus seems to be that this proposed raise penalizes the users of first class mail, which has always paid its own way, while second, third and fourth class mails have not paid their own way. Many members feel that it is unfair to put an added burden on the backs of the individuals who are the large users of first class mail in order to extend what constitutes a subsidy to the users of second, third and fourth class mails. This bill will be highly controversial in the House but will probably meet even rougher sledding in the Senate. A substitute bill has been proposed to place rate fixing powers in the Postmaster General. It is doubted that Congress would pass this type of legislation.

The odd thing about the postal rate raise bill is that the opposition before the committee is coming from users of second, third and fourth class mail, which is not presently paying its way. Since first class mail is used by Mr. Average American, who does not maintain a lobby in Washington, vocal opposition to this added tax on him has come from the many members of Congress who realize what is going on.

The big argument for raising the rates is the \$700,000,000 postal deficit. Approximately nine times the amount of the deficit, or six-plus billions, has been allocated

for the fiscal year. This amount will probably be upped by the Senate. This six billion dollars plus the amounts on hand in that fund totals 14 billion dollars for foreign aid. The question is "Are we going to increase the burden on the already overtaxed John Q. Citizen by a postal rate increase, that is nothing more than a new tax under a different name, while we are sending billions of dollars of tax moneys overseas?" Not by my vote.

**VISITORS:** O. H. Finch, O. H. Finch, Jr., and Eck Brown were in town with a group of cattlemen representing the new organization that was formed at Dalhart. They are seeking the same

treatment for livestock growers that is received by other industries and businesses in the nature of a partially protected market. They talked to the President of the United States, the Secretary of Agriculture and a large group of Senators and Members of Congress. Also in town were Harold Hogue of Dalhart, and W. O. Culbertson of New Mexico, who visited with the same officials concerning several farm and ranch problems. Other recent visitors were Mr. and Mrs. C. R. Konkle of Amarillo.

The Secretary of Labor would be last to succeed to the presidency in case of the death of the President, Vice President and other Cabinet officers.

In 1911 the first American aviation pilot's license was issued to Glenn Curtiss.

Glenn Curtiss piloted an airplane called the June Bug on the first public flight of a mile in the United States.

When landing at an airport, an airplane has the right-of-way over planes taking off.

Women first appeared as professional dancers on the French stage in the 17th century.

More men than women are nail-biters.

Astronomy is probably the oldest of all sciences.

**YOU CAN GET WHATEVER YOU WANT!**

## Pre-Nuptial Shower In Monzingo Home Honors Betty Ann Goodall, Bride-Elect

Miss Betty Ann Goodall, bride-elect of Herbert Shahan, was complimented with a lovely pre-nuptial shower in the home of Mrs. Ed Monzingo, 303 North Thirtieth, on Tuesday evening, July 21, from 7 to 9 o'clock.

Guests were greeted by the hostess and presented to a receiving line composed of the honoree, her mother, Mrs. O. R. Goodall and the mother of the groom-to-be, Mrs. Roy Shahan of Post.

Mrs. Adrian Combs, who will serve as one of the bridesmaids at the wedding, presided at the register to secure signatures of the guests.

The spacious Monzingo home was attractively decorated with cut flowers, featuring the bride-elect's chosen colors of green, orchid and yellow.

In the dining room, the refreshment table was laid with a linen cut-work cloth over green. A silver bowl filled with greenery and mums, tinted in the chosen colors, formed the centerpiece. A branched sterling silver candelabra holding lighted tapers was used at one end of the table while the punch bowl was noted at the opposite end of the table. Alternating at the punch service throughout the evening were Mrs. Myrtle Howard, Miss Roselyn Williams, Mrs. W. H. Goodnight, Jr., Miss Ethel Hillhouse and Mrs. Bill George Kesterson.

Mrs. Henry Foster, at the piano, entertained throughout the

## Methodist Women Attend School Of Mission In Lubbock

Mrs. Mac Tarver and Mrs. N. A. Hightower left Monday for Lubbock where they will attend the annual school of Mission of the Northwest Texas Conference of WSCS.

The school began Monday and will continue through Friday. Special emphasis will be placed upon study courses which will be taught in the local societies throughout the year. Mrs. Tarver is president of the local WSCS.

party hours with selected numbers.

A lovely array of gifts including pottery, china, crystal, silver and linens were on display in two rooms of the party suite. The hostess gift to the honoree was an electric blanket.

Hostesses for the courtesy included, in addition to Mrs. Monzingo, Mes. Clifton Burnett, J. O. Fitzjarrald, Myrtle Howard, R. H. Wherry, W. H. Goodnight, Jr., Bill G. Kesterson, Frank Ellis, G. W. Kesterson, Adrian Combs, Herschel Combs, Henry Foster, T. J. Hampton, Ben Wilson, Jr., F. E. Monzingo, A. J. Welch, Jack Boone, Frank Garrett, T. A. Hunt, Ed Cudd, Clinton Srygley, Earl Hill and Misses Patricia Gammage, Ethel Hillhouse and Rose-lynn Williams.

More than 100 guests registered in the bride's book and other friends who were unable to attend sent gifts.

## Youth Fellowship Enjoys Bicycle Party Friday

Members of the Youth Fellowship of the Methodist Church enjoyed a bicycle party on Friday evening.

Meeting at the church, the group went on an extended bicycle ride about the town. Later they returned to the church where refreshments were served and party games were played.

Enjoying this affair were Mr. and Mrs. Dell Rich, Monta June Saye, Jerry McQueen, Joy Beth Parks, Mary Frank Garrett, Dorcille Stargel, Wayne Tiner, Cleve Evans, Bob Orr, Jean Foxhall Tanya Kay Fletcher, John Deaver Betty Lemons, Bobby Lemons, Carol Lemons, Jerry Hill, James Moss, Sarah Ann Stargel, Audrey Beth Burnett and Gay Bownds.

Task Force 77 launched its first attacks against the Communists July 3, 1950, from the attack carrier USS Valley Forge marking the first time that carrier-based jet aircraft were used in combat.

LADY AND TIGER . . . Nancy Petraborg, 18, Seattle model, gets friendly with this six-month old female tiger kitten from Siam destined for Woodland Park zoo.

## Mrs. Hundley Is Complimented With Bridal Shower

Complimenting Mrs. Viri Hundley, Jr., the former Alice Joanne Kennemer, a group of hostesses entertained with a Friday shower recently in the home of Mrs. Y. Z. Taylor.

Assisting Mrs. Taylor with hostess duties were Mes. B. M. Litton, Alice Crawford, L. E. Hughs, Bray Cook, E. S. Morrison, M. G. Alewine and Misses Bonnie Black, Glenna Widner and May Dell Jeffers.

Guests were registered by Miss May Dell Jeffers.

Fruit punch and angel food cake were served from a lace covered table by Miss Glenna Widner.

The Taylor home was attractively decorated for the occasion with seasonal flowers.

The honoree received an assortment of beautiful and useful gifts.

Guests in the home of Mr. and Mrs. P. O. Young last weekend were her sister, Mrs. Fred Adair and son and family, of Wichita Falls, and her nephew, Bobbie Askew, and wife, of Dallas.

### Cotton Raisers In County Helped By Improvement Plan

For the past eight years, a cotton improvement program has been in operation in Hall County, according to County Agent W. B. Hooser.

Purpose of the plan is to aid farmers in marketing their cotton and to show them the advantages of planting better seed.

There are associations at Memphis, Estelline, Lakeview and Turkey.

Every farmer who participates in the program, is entitled to have his cotton classed without charge by government classers at Altus Okla. Hooser explained that it would cost farmers 25 cents a bale if they had their cotton classified

themselves. Gin managers throughout the county have been very cooperative Hooser said. A news service, which has a break-down of each cotton classification and length of staple, with the point spread between each, is posted in the gin offices for the benefit of cotton producers.

Latest figures released by the USDA show that agricultural exports from the United States are continuing to decline. Exports for April were 11 per cent below those for March. Totals for the year are expected to be a fourth less than for last year. Cotton, rice and wheat are among the commodities showing the greatest loss.

Garden herbs which are to be used later for seasoning winter foods should be gathered for drying while the leaves are green and tender.

**TURKS BATTLE REDS . . .** Members of Turkish brigade in Korea carry wounded back from fighting near Vegas Outpost where 15,000 Chinese Reds attacked along a wide front.

### Tickets For Greenbelt Bowl Game At Childress Placed On Sale Here

Tickets for the fourth annual Greenbelt Bowl game to be played at Childress, August 14, went on sale here this week, according to Louis Saied, president of the Memphis Cyclone Booster Club. Booster members will lend local assistance in promoting the contest, Saied declared.

Ducats are \$2.40 for reserved seats and \$1.20 for general admission, according to the Booster president.

They may be obtained at Tarter-Stanford Pharmacy or Fowler Drug, or from any Booster Club member.

Posters, concerning the game were distributed Monday.

Two Memphis Cyclone exes and an Estelline High School ex are slated to see action in the game, which will pit two teams, composed of players from the eastern and western sections of this region against each other.

The Memphis squadmen are Julius Stevens and Mackie Allen.

The Estelline player is Charles Gardenhire.

Stevens was a three-year letterman here and was on the all-district and all-regional teams last fall, culminating his final year as a member of the Cyclone squad. He also won his letter in basketball three years and twice in track.

Allen also lettered in football three years. A guard, he made all-district in his Junior year and received honorable mention on the all-regional squad last year. He was a member of the high school golf team the past two years and was a member of the softball team which won the district this spring.

Both Stevens and Allen were captains of the Cyclone football team last fall.

Gardenhire, a guard, is extremely fast and was named all-district guard twice. He posted an outstanding scholastic record, graduating from Estelline High this

### GAME SEASON DATES FOR 1953 ARE DESIGNATED

HOUSTON—Dates for some of the major game harvest seasons not set by state law were shaped by the Game and Fish Commission, meeting here in regular quarterly session.

The Commission recommended that the United States Fish and Wildlife Service divide Texas into north and south zones for the 1953 waterfowl season. It asked for a north zone shooting period beginning October 30 and a south zone season beginning November 13. If zoning is rejected, the Commission seeks November 6 for a statewide season opener.

The Commission recommended a 60-day season with bag limits the same as last year—five ducks a day or 10 in possession and five geese a day or five in possession.

It recommended seasons for other migratory game also governed by the Fish and Wildlife Service, asking for a mourning dove season beginning in the north zone September 1 and in the south zone, October 1. Bag limits would be the same as last year, ten doves a day or ten in possession.

The Panhandle's first antelope season was set for two periods—October 20-24 and October 27-31 with the eligible counties to be designated later. The same area

spring as salutorian. He has been active in almost every phase of school work and was a top-notch agriculture student.

got its first Chinese ring-necked pheasant shoot—December 5 and 6 and December 12 and 13, with a limit of two cocks per person. These birds have migrated to Texas from Kansas and Oklahoma and it was held scientifically sound to harvest a portion since Texas lacks proper habitat and only so many of them can survive.

Big game and quail season in the Panhandle and west of the Pecos will be the same as last year but the Panhandle quail limit was cut to six a day or twelve in possession. Seasons on game gener-

ally in the state at large by the Legislature. The Commission on new lakes—Benbrook County and Grapeland and Denton Counties—tained as fish sanctuaries June, 1954.

up, adjustment and instruction on operation. Provisions of the law do not apply to machinery which bona fide farmers have had in their possession for six months and used in their farm work, nor to any second-hand machinery which was in the possession of an established dealer at the time the act was passed.

### Sam Jacksons Are Hosts At Fish Fry

Mr. and Mrs. Sam Jackson were hosts at a fish fry at their home Tuesday night.

The fish was an 11-pound channel catfish, which Jackson caught last Saturday at Childress Lake where he, Mrs. Jackson and Teresa had gone for an outing.

Guests at the fish fry were Mr. and Mrs. Garvis Davis and children; Donna Fay Nester, Phoenix Ariz.; Mr. and Mrs. Oran Adcock and sons; and Mrs. Pete McCann.

### Lakeview Methodist Revival Set Aug. 14

August will be observed as "Church Loyalty Month" by the Lakeview Methodist Church, the pastor, Rev. Bernard F. Seay, announced this week.

In connection with the observance, a revival will be held at the church, starting Friday, Aug. 14 at 7:30 p. m. Rev. John Fitzgerald, pastor of the Methodist Church at Dodson, will be the evangelist.

Spending the weekend in the home of Mr. and Mrs. Exie Sweatt were Mr. and Mrs. Cecil Galloway and children of Berger, Mrs. Galloway is the daughter of Mr. and Mrs. Sweatt.

Mrs. Madge Crabb and daughter, Madge Laverne, of Amarillo visited Sunday with Mrs. Crabb's father, E. B. Mason, and sister Miss Inez Mason.

### Plains Products Feature Of Fair 'Agriculturama'

An impressive display of products raised by Rolling Plains farmers will be featured in this region's colorful "Agriculturama" exhibit at the 1953 State Fair of Texas, Oct. 19-25.

The rolling Plains is included in the Texas A&M College System Extension District 3, composed of the following counties: Archer, Baylor, Childress, Cottle, King, Dickens, Fisher, Foard, Hall, Hardeman, Haskell, Jones, Kent,

Knox, Motley, Shackelford, Stephens, Stonewall, Throckmorton, Wichita, Wilbarger and Young. Grain sorghum, cotton bolls, wheat and alfalfa will surround two live calves and a cluster of mesquite in a display which will indicate how the mesquite cheats the soil of water, how stockmen who are destroying the mesquite have cattle that are thriving. Mesquite grows over 55 million acres of Texas, saps both sub-surface water and plant food from the land. Its control has increased importance during the drought. The dramatic three-dimensional "Agriculturama" will include individual exhibits for each of the A&M Extension Service districts of Texas. They will carry out the

"Water for Texas" theme of the Agriculture Show, explaining the water resources problems of farmers and ranchers in different parts of the state. A huge exhibit will depict the hydrological cycle—what happens to water after it falls as rain and how it is returned to the air again. "Old Mother Nature" herself will turn the crank on a "weather machine" that will cause simulated rain, thunder and lightning. The rainfall belt in Texas will be illustrated to show the relation of water to agriculture on a state-wide basis. Water was chosen as the central theme for the show because it is one of the most important single

Beef tops the list of plentiful foods for August. Also on the list are fryers, potatoes, milk and other dairy products, lard, vegetable shortening, salad oils and table fats. Chemical control of hardwoods through research conducted by the Texas Agricultural Experiment Station, has been proved both practical and profitable. Even under drought conditions areas treated with chemicals for brush control will produce twice as much grass an acre as will untreated areas.

The Texas Purebred Dairy Cattle Association was organized by representatives of the Ayrshire, Brown Swiss, Guernsey and Jersey breed associations at a meeting held in College Station on July 10. Most farm and home accidents just don't happen... there is a cause for each. Carelessness is a major contributor. Chas. Oren, O. D. OPTOMETRIST We Buy Old Gold 612 W. Noel Phone 264-J

### EMERGENCY FEED FUMBLING

After considerable initial confusion and delay, the emergency feed program finally may be on the threshold of fulfilling its ostensible purpose—helping drouth-ridden stockmen hold on to their foundation herds.

The program was snarled for a time, when the Department of Agriculture, through Secretary Benson, sent out a directive, requiring applicants for feed to swear that they had less than a 30-day supply of feed and that they were financially unable to purchase feed in the open market.

This at a time when a wide region, whose economic life is based primarily on agriculture, was facing disaster because of prolonged drouth.

If the condition had resulted from fire, flood, tornado or other more commonly known types of disaster, the government no doubt would have sent aid without quibble or question.

But because drouth apparently is less spectacular and its effects not so immediately noticeable, strings were attached to the government program.

Stockmen all the drouth region promptly "went up in the air."

Why should they as respected, tax-paying citizens, be forced to swear to something, which amounted to a "Pauper's oath," in order to obtain feed for their hungry cattle?

Why should they be compelled to suffer this indignity because they were mainly victims of a situation (extended drouth) over which they had no control?

If they did not get feed and had to dispose of their livestock, they knew it would likely take them years longer to resume their cattle operations on a paying basis. This, in turn would have been reflected in the economy of the region.

Cattlemen probably were puzzled—and angry, too—to be treated in such a way by their government.

They began firing bitter protests into Washington.

The upshot was that last week Secretary Benson announced that his department does not "contemplate giving (an) oath of any kind or even requiring any financial statement to obtain feed under (the) drouth relief program."

This apparently was a reversal of the previously announced requirements.

Some government "face saving" was included, to the effect that "it was intended that county committees use sufficient discretion to handle all applications on their individual merit."

This, in effect, "passed the buck" to the county committees and, unless there is clarification, left them the problem of deciding just what "sufficient discretion" and "individual merit" mean.

However, a clue to how this question can be solved, was contained in a telegram last week from Claude K. McCann, PMA state drouth committee chairman, to county PMA officials.

After repeating Benson's statement on how applications were to be handled by PMA committees, the message concluded:

"We interpret this to mean that county drouth committees have wide discretion in determining eligibility of applicants to receive feed."

County PMA committees appear to believe this means that those who request cattle feed, or most of them, should have it, for according to news stories from over the drouth area, feeds are being distributed as fast as received, with little or no red tape involved.

It looks now like stockmen are going to get the feed they need to stay in business.

But it took some good, old American "sounding off" to do it.

### Press Paragraphs—

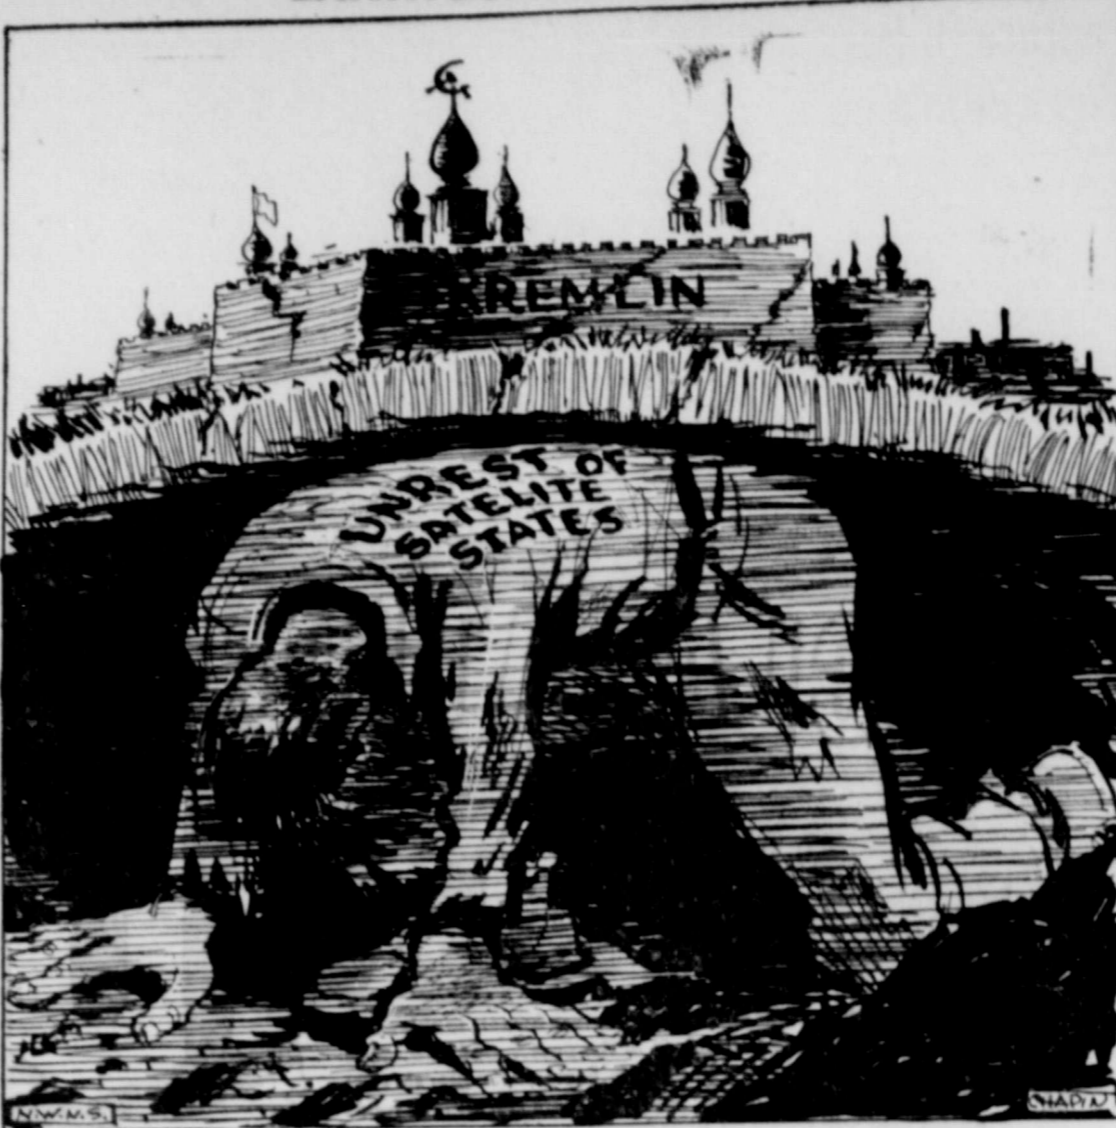

#### QUOTING OUR NEIGHBORS

##### CHARGES WITHIN REASON

A new high in the price of automobiles is in the making. The manufacturers and the labor leaders are already expressing their "fears" that such will be the case. The increase may be "necessary," they say, on account of the advances in the prices of steel. It is unfortunate that big operators as well as little ones do not

always recognize the signs of the times. The automobile people already have priced millions out of the new car market. Always when you have some you want some more, and on and on, until one morning you are walking the streets, hunting a cheaper house to rent until "business picks up again." The latter comes to a figure that is viewed as reasonable

## EARTHQUAKE TREMORS

by the public.  
—Floyd County Hesperian

#### USE CREDIT WITH CARE

Private financing has come a long, long way in the last 25 years. It has gotten so easy to buy things on time that a lot of honest, hard-working people find themselves up to their necks in hot water in no time at all.

The suggestion, "no money down, 48 months to pay the balance" sounds mighty inviting to the low-income folks who would like to have some of the nicer things in life.

As a matter of fact, the financing plans which are offered the buying public have been a real help for getting families started in fairly respectable surroundings.

But the old human weakness of wanting more than can be paid for has proved disastrous many, many times in the face of such temptation.

Credit is just like a lot of other things today: Used moderately and with understanding it is one of the best things in the world. But when it is used to excess it can very easily wreck homes, businesses, and lives.  
—The State Line Tribune (Farwell)

#### DROUTH EFFECTS

We are worried about conditions, over which we have no control.

We are thinking about the drouth at the present time. Living costs have increased throughout the nation, according to government figures. The increase is not much, but it is enough to make you wonder.

Then here comes an increased demand for wages in manufacturing plants.

Next will be an increase in the price of products made in these

plants.  
What the end will be no one can tell.  
We are not worried because of this drouth, as it has always rained, regardless of the year. But the economic setback in the Panhandle is general and will get next

to the people eventually.  
—The Canyon News

Col. Charles Lindbergh received the first Distinguished Flying Cross awarded by the U. S. Government.

**31 YEARS AGO**  
Feb. 23, 1922  
Lakeview Again Swept By Fire—Eight Lakeview business buildings were destroyed by fire Monday evening. Loss was estimated at \$30,000 to \$40,000.  
Burned were: the Odd Fellows Hall; M. A. Mullins grocery and market; D. N. Bevers blacksmith shop; Boren & Son grocery; Morning Dry Goods Company and the post office in the same building; Meacham Drug Store; J. N. Cybert barber shop; and R. C. Bruce restaurant.

The fire originated from the explosion of a gasoline lamp in the lodge room of the Odd Fellows Hall.  
The blaze followed a similar conflagration several months ago, on the west side of the square.

The Democrat File

24 YEARS AGO  
Jan. 4, 1929

Eighth Annual Poultry Show Gets Off To Good Start—Eighth annual Hall County Poultry Association show officially opened here today. The event is being held at the telephone building at Noel Street.

Rhode Island Reds and Leghorns seemed to be in the majority, as the show began. Early exhibitors were from Memphis, Ariz., Graham, Estelline, Pampa, Wellington. The number 25 as the show got underway.

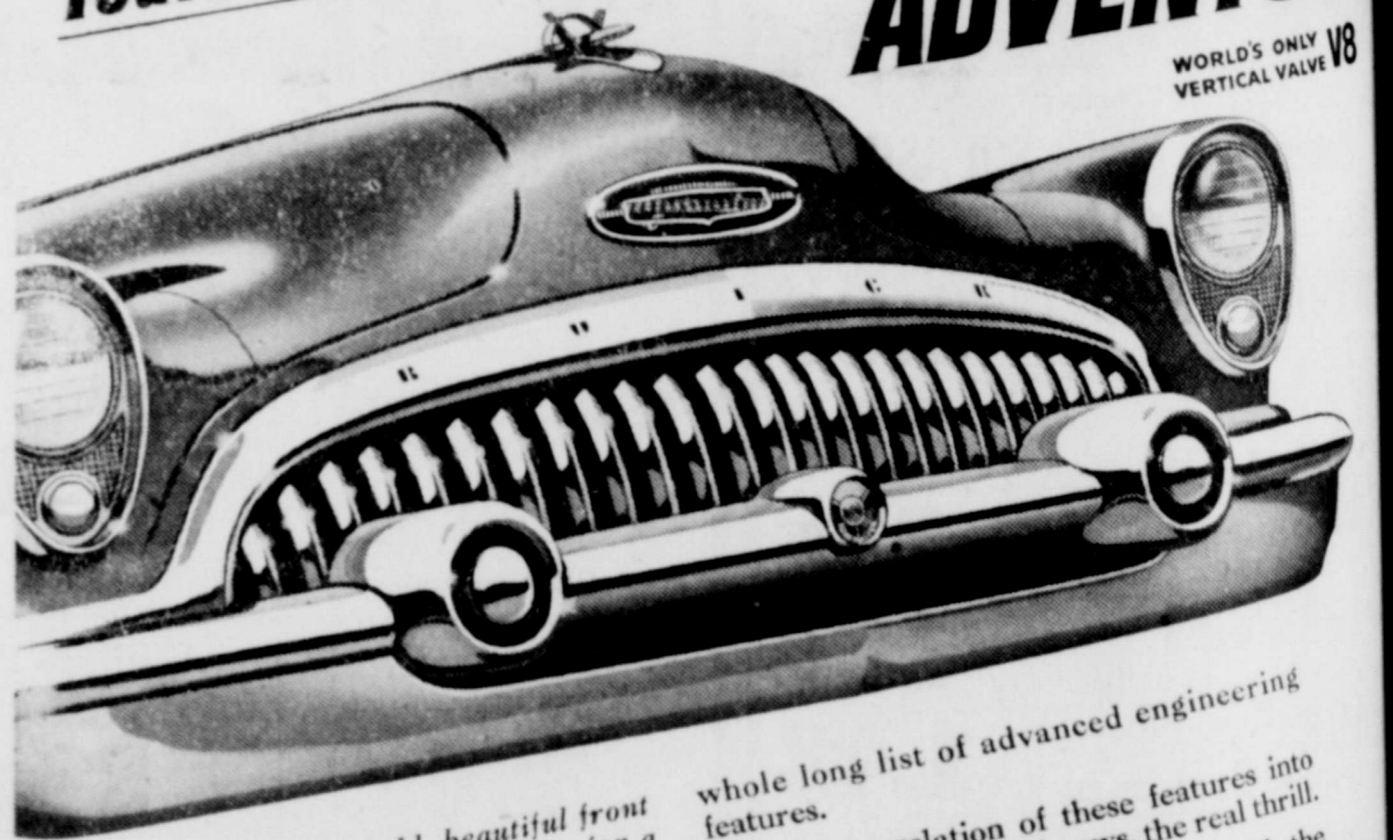

Charles Williams, George Sager and L. M. Thompson of the personnel, conducted the event. Williams is president, Sager is secretary, Thompson is county agent.

Fourteen Members of Squad Are Given Letters—Fourteen members of the A. S. Squad who lettered in the past season, were awarded letters during the assembly Wednesday morning.

Supt. H. A. Jackson of the principal Ike Jay presented certificates. Blake Bolton was team.

The following received letters: Lee May, James E. Walter Massey, Wendell Emmett Lee Walker, Martindale, Robert Martin, Evans, Clarence Ernest Dennis, Los Wood, Jameson, Vance Lee, George Perdue.

# You're off to a NEW POWER ADVENTURE

GET behind this big, bold, beautiful front G—in the driver's seat—and get set for a new kind of automotive pleasure.

Get set for everything symbolized by the "V" of that ornament nestling in the nose of the hood.

Get set for the thrill of bossing the new V8 engine that crowns fifty great Buick years with record-high power.

This is an invitation to drive a 1933 Buick ROADMASTER—where you command the power of the first Fireball V8 engine.

It is the only American passenger-car V8 with vertical valves—for greater engine compactness, uniform oil distribution to valve stems, full turbulence in the fuel charge.

It is the first such V8 to reach 8.5 to 1 compression ratio—the first to exhaust through a muffler of zero power loss—the first with a

whole long list of advanced engineering features.

But the translation of these features into performance is the real news, the real thrill.

You accelerate, cruise, climb hills with the effortless ease of almost limitless power—instantly responsive.

You barely hear the velvety purr of the power flow—yet you're handling the highest horsepower in all Buick history.

And since you have this with the other great engineering advance—Twin-Turbine Dynaflo—you get brilliantly new getaway with complete and utter smoothness through all ranges.

Want to try it? Want to take the wheel of the greatest performing Buick in 50 great years and judge things for yourself?

Drop in on us first chance you have, and we'll gladly arrange matters.

### And Mrs. P. F. Craver Observe 50th Anniversary With Reunion

Craver family held a reunion Sunday, July 26, in honor of their parents, Mr. and Mrs. P. F. Craver, who were celebrating their golden wedding anniversary.

With the exception of two daughters, Mrs. Jimmy Savard, Gardnerville, Nev., and Mrs. Tibbets of San Antonio, members of the family were present.

Annual Post Office was held at a buffet supper at the home, 814 Davis, on Sunday.

Daughters and their families were in addition to Mrs. Craver, Mr. and Mrs. W. D. Dumas, Mr. and Mrs.

O. W. Appleby of Pampa, Mr. and Mrs. Elmo Whaley of Memphis and Pat Craver of Washington, D. C.

Also present were Mr. and Mrs. Buck Johnson, Buzzy and Jenny Star of Brice, Mr. and Mrs. A. G. Kesterson and Mary Ruth and Thomas of Pampa.

**IT'S THE LAW**  
in Texas  
A public service feature of the State Bar of Texas

#### ESTATE PLANNING IT TASK FOR EXPERTS

A lawyer can be of considerable assistance in advising a client how to bequeath his estate so as to take care of his loved ones and at the same time to effect maximum savings in estate taxes.

To illustrate, suppose John Doe and his wife have amassed community property worth \$200,000. John wants his wife to be well taken care of during her lifetime. To save an attorney's fee he writes his own will leaving everything to his wife. He dies soon thereafter and his wife dies six years later. The federal estate taxes on his one-half of the \$200,000 estate amount to \$4,800.

When the wife dies her estate is worth her original one-half of \$200,000 (\$100,000) plus the estate she inherited from her husband, \$95,200. The federal estate tax on her estate, enhanced by what her husband had left her, is \$31,200. If instead of leaving the property to his wife he had left her the income from it for life (the remainder to go to their children upon her death), her taxable estate would have been only \$100,000. The federal estate tax thereon would have been \$4,800.

There would have been a tax saving of \$26,000 (\$31,200 less \$4,800, the tax on her \$100,000 estate). Yet the wife, during her lifetime, would have been well provided for. She would have had \$100,000 (her half of the community estate) plus the income

from her husband's half of the community (\$100,000 less estate tax thereon of \$4,800).

Many a man has worked hard and lived frugally all his life in an attempt to provide for his loved ones long corridors of security stretching far into the future but has cheated them of the full benefits of his efforts by failing to plan properly. Perhaps he has failed to make a will. Maybe he has undertaken to write his own will with the result that it fails to take into account contingencies that did not occur to him, or he has

prepared a will that is so artlessly drawn that those he loved most became involved in bitter lawsuits. Such legal controversies over estates are wasteful and often leave scars that rankle for years.

The drafting of a will involves the making of decisions requiring special judgment which can be obtained only by years of training and study. Only the practicing lawyer can avoid the enumerable pitfalls and advise the course best suited for each individual.

A free pamphlet containing use-

ful information on wills and related matters may be obtained by sending your name and address on a postcard to State Bar of Texas, Austin 15, Texas.

(This column, based on Texas law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may

change the application of the law.)

There are 5500 naval personnel based ashore in the Philippines including the air squadrons.

Construction of a new Oceanographic Laboratory to meet the Navy's urgent need for important oceanographic research began this year at Falmouth, Mass.

On June 23, 1952, more than 280 planes from Task Force 77 teamed with Marine and Air Force aircraft to commence a two-day attack on four North Korean hydro-electric complexes including Suho, the world's fourth largest.

Egg-rolling on the White House lawn was introduced during Madison's term of office.

**Greene Dry Goods Co**  
"THE BIG DAYLIGHT STORE"

By Vern Sanford  
Texas Press Association  
AUSTIN—"A natural disaster and public calamity" exists in the drought areas of Texas, according to an official proclamation by Governor Shivers.

The proclamation was a legal requirement for putting the state drought aid program into action.

Using his emergency powers, he governor set up a state defense and disaster relief council to administer the program. Most of the council members are heads of state agencies.

From Victoria, Claud McCan, state PMA chairman sent telegrams to county committees telling them that they have wide discretion in screening applicants for federal drought relief.

Applicants do not have to sign a pauper's oath, said McCan.

That assurance also came from President Eisenhower, Governor Shivers, and Secretary of Agriculture Benson.

Their statement was in reply to the complaints of many Texans

who had interpreted a U. S. Department of Agriculture directive as meaning that applicants would have to swear they were broke before receiving aid.

The President said in a telegram to Governor Shivers, that the decisions respecting the distribution of feed will largely be the responsibility of local committees within the framework of regulations prescribed by the secretary of agriculture.

And by telephone, Benson told Shivers that the agriculture department had not thought of asking for either pauper's oaths or financial statements as a prerequisite for aid to farmers and ranchers.

Members of the local committees will be farmers, ranchers, bankers, and agriculture experts, able to judge each application on its own merits, Shivers said.

He added that work is going forward on the drought aid program at the state level.

A meeting of the Texas A&M College board was to follow conferences between representatives of the attorney general and the college on a plan to furnish hay to drought areas.

And the State Department of Health surveyed water supplies as related to health.

In Washington, Senator Price Daniel of Texas, following a visit to the drought area, said "our great need today is for a long-range state-federal program of drought control."

Temporary relief in time of emergency solves no permanent problem, Daniel commented, and "We must control droughts by

joint effort or else, in the not too distant future, droughts will control us."

While the drought-relief was getting started, hard rains fell at scattered points over much of the state, bringing joy to some of the people in parched places and cooler weather to most sections.

The rains, however, were not general and it was not considered that the drought was broken.

Charges against District Judge C. Woodrow Laughlin of Alice will be investigated by the Texas Supreme Court, which appointed District Judge D. B. Wood of Georgetown to hear testimony on eight of the counts, four others having been dismissed.

The probe will include the accusations of 11 lawyers in Judge Laughlin's district that he ordered impounded ballot boxes delivered to a nephew of George Parr. The nephew at that time was sheriff of Duval County.

Also to be looked into is a charge that Laughlin impeded a Jim Wells County grand jury which was considering the slaying of Jacob S. Floyd Jr.

Another subject for the investigation is a charge that Laughlin dismissed 68 indictments in Starr County, 60 of the indictments being based on alleged fraud and irregularity in the July primary last year.

Judge Wood is to make his report to the Supreme Court by October 1. Judge Laughlin's attorneys will then have 30 days in which to file their objections. Thereafter the court will determine whether or not to sustain the

charges and whether to remove Laughlin from his office.

Governor Shivers will be in Seattle on August 2 for a five-day session of the national governors conference.

President Eisenhower is scheduled to be present for discussions on federal-state relations. Shivers is chairman of the conference.

The state property tax this year will remain at 42 cents per \$100 valuation — 35 cents for schools, 5 cents for the college building program, and 2 cents for Confederate pensions.

An extra 30 cents will be collected in the Dallas flood control

district, in precincts of Jefferson and Matagorda counties, and in all of Aransas, Austin, Brazoria, Brazos, Burleson, Calhoun, Cameron, Coke, Fort Bend, Grimes, Milam, Robertson, San Patricio

Tom Green, Waller, and other counties, all of which state taxes to pay for tion projects.

WEDNESDAY JULY 30, 1953

**THE FAIR WILL  
SET UP TEXAS  
DROUGHT PROBLEM**

The Fair of Texas will attempt to serve as a unifying force in the state's overall drought crisis by presenting its 1953 exhibit, Oct. 10-25.

H. Stewart, executive director and general manager of the fair that is being held at the "agriculturama" that will be the water resources of the state as a whole. Those of its diverse exhibits are being prepared with the cooperation of the Texas A&M System.

The nursery exhibit which will feature the grasses capable of surviving long droughts with the Texas Research Center on hand to answer questions.

Water Conservation exhibits which will be a high point of the Texas Water Conservation Society's ninth annual convention, Oct. 11, 12 and 13.

The three-dimensional "agriculturama" will illustrate to farmers the importance of their water resources. Each of the five districts of the state will have an individual exhibit depicting the relation of agriculture to a regional economy.

The fair was founded in 1886, the year of Texas' most drought to date. Mr. Stewart said.

At that time, Texas farmers have learned about irrigation, dry

**VET PLANS MARRIAGE . . .** Sgt. Ralph Terpenney, recently returned to home in New York city from Korea, practices child care in preparation for coming wedding. Subject is his baby niece, Nancy Tompkins.

land farming, soil conservation and other progressive agricultural techniques. The fair has contributed to Texas agriculture by introducing farmers to contour plowing, seed selection, crop diversification and modern farm machinery.

"The fair this year, as it has been since 1886, will be the showcase of the agricultural and livestock improvements, conditions and problems of its era," Mr. Stewart said.

"In addition, the livestock pre-

miums totaling \$79,336 at this year's fair should prove a great incentive to western breeders in the drought-stricken area to hold their foundation herds together," Ray W. Wilson, the fair's livestock manager, pointed out.

The State Fair livestock shows, he explained, consist of foundation stock, not range cattle.

**Lavender Will Open  
Repair Shop Here**

William Lavender will open the Lavender Service Center at 713 Noel Street, August 1.

Lavender said he will have facilities for making repairs of all kinds on automobiles, trucks and tractors of all brands and models.

He said he also will have special tools required for working on Chrysler, DeSoto, Dodge and Plymouth cars.

Sun motor analysis equipment will enable him to check engine performance, he explained. The firm also will replace door and vent glasses and will carry a stock of batteries. Battery charging will be another service provided by the new company.

Lavender has been employed as a mechanic at the Clarence Baxter Company here.

**MRS. MCCOOL IS WITH  
AMARILLO LIBRARY**

Mrs. W. D. McCool, who was here over the weekend for the 50th anniversary of her parents Mr. and Mrs. P. F. Craver, stated that she is working for the summer as an extra cataloguer in the public library in Amarillo. She will resume her work in the Damas library this fall.

July 19-25 has been proclaimed by President Eisenhower as National Farm Safety Week in the United States and Governor Shivers has also proclaimed the same period as Farm Safety Week in Texas.

**LAKEVIEW**

Mrs. Arnold Hall visited with Mrs. C. Dunn Wednesday afternoon.

Mrs. John Ray and Mrs. B. F. Davis were Amarillo visitors Tuesday.

Those visiting Mrs. Mattie Stanley Sunday were Mr. and Mrs. Ben Smith and children of Amarillo, Mrs. E. Moreland, Sandra and Tommy Lane, Mrs. Oscar Favors, Mrs. Lance Leggett and Mary Jim and Johnny Ray Stanley of Fort Worth.

Mr. and Mrs. Leo Brister and children have returned home to Acken, S. C., after visiting here with her parents, Mr. and Mrs. Oscar Favors.

Mr. and Mrs. James Albert Montgomery of Augusta, Ga., and Mr. and Mrs. Tommy Hillis of Casper, Wyo., are here visiting their parents, Mr. and Mrs. Ted Montgomery, and other relatives and friends.

Mrs. Troy Ackers of Wichita Falls, a friend of Mrs. John Ray, visited in the home of Mrs. B. F. Davis Tuesday night.

Mrs. John Ray and Mrs. B. F. Davis visited in the Collins Craighead home Monday. Mrs. Ray returned to her home in Grand Prairie Wednesday. Mrs. Troy Ackers accompanied her as far as Wichita Falls.

Bobbie Sue Milton and a friend and Aunt Lila Milton visited with Mrs. B. F. Davis Sunday afternoon.

Fred Brown left for Wilcox, Ariz., Tuesday. He will work for the Paymaster Gin Co. there.

Mr. and Mrs. Rupert Hughes, Ronny and Kathy visited Mr. and Mrs. Jack Moreman and Suzan at Brice Sunday.

Mr. and Mrs. T. U. Hughes, Tommy and Mary Ann and W. M. Hughes visited Mr. and Mrs. Ru-

**Becoming Owner  
Of Farm Usually  
Is No Easy Job**

COLLEGE STATION—The young family seeking to become a farm owner in Texas today seldom is heard to say "no help wanted."

Acquiring title to a modern family-size unit requires a sizable chunk of capital, and this, says C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, is not always easy to get. But, he adds, families with determination usually find a way to turn the trick.

This financial assistance is obtained from many sources and the specialist cites information obtained from a recently made study in Virginia on where this help comes from. In a majority of cases in that state, financial aid was provided young farmers by their parents or families. Some of the help was in the form of inheritance, family financing or the privilege of working on the home farm. The family help factor in the main was in the form of an assist in acquiring more land when the start was made on a small scale.

A big factor in becoming an owner, independent of family help, was non-farm employment during prosperous times, says Bates. Farmers worked in industries and saved enough to make the down payment on their chosen farm. The average down payment, in the Virginia study, was about 40 per cent of the total cost. The balance on the purchased farm was obtained from individuals, commercial banks, life insurance companies and the Federal Land Bank.

Farm tenancy, says Bates, remains a factor in the process of becoming a farm owner but is not so important as it once was. Some young families find it easier, he explains, to put their available capital into machinery, equipment and livestock and rent land until they are able to purchase the farm of their choice. Experience has taught, he says, that good returns can be made on rented farms if they are operated under a sound rental agreement.

This means that costs of such items as livestock, fertilizers, soil improvement practices and seed

for legumes used for soil improvement and in some cases machinery and needed improvements on the farm are shared by the tenant and owner. Bates believes this is a good system to follow in growing into a farm owner and says it proves the old adage "there's more in the man than in the land" that influences success.

On June 28, 1950, the first naval punch was delivered at North Korea only three days after the initial invasion as the cruiser Junco fired on targets near Samchok.

Ceremonies held July 2, 1953, at the Naval Research Laboratory in Washington, D. C., commemorated 30 years of scientific endeavor.

### County 4-H Boys To Leave Monday For Encampment

A group of Hall County 4-H Club boys is scheduled to leave here, Monday morning, en route to a District 3 Club Encampment at Perkins Lake near Wichita Falls. Several adult leaders are planning to accompany them. The outdoor event will continue through Wednesday.

The group will make the trip in a tarpaulin-covered truck, furnished by Matthew Allen, according to County Agent W. B. Hooser.

Among 4-H Club members slated to go are: Roy Alvin, Tony and Jimmy Don Molloy, and Charles Holt, of Lakeview; James Davis, Danny Lee and Daryl Long of Memphis; W. S. Couch, Pat Lynn McGinty and Jerry Bot Smith, of Turkey; Gayle Morrison, Estelline; and Gary Cox, who lives near Tell. Jerry Byars of Lakeview, also is planning to make the trip.

Adult leaders, expecting to attend the encampment, include Alvin W. Molloy of Lakeview, J. B. Byars of Lakeview and among those likely to join the group.

On the encampment program will be a land judging demonstration, an electric and safety demonstration, a range demonstration and other items.

Recreation will include swimming, softball, horseshoe pitching and magic and talent shows and motion pictures.

Encampment business will conclude with the election of officers for next year.

Mr. and Mrs. J. D. May have returned from a visit in East Texas. While gone, May tried his luck at Lake Texoma and was rewarded by snaring a 30-pound catfish.

### Area Crops

(Continued From Page 1)  
county agent estimated. Land planted in grain sorghums and sweet sorghums, probably total in the neighborhood of 100,000 acres. Whether the sorghums mature depends principally on future rainfall, coupled with a late frost. If everything proves favorable the county still can make a pretty good crop, Hooser said. Last Thursday afternoon, Lakeview had about two and a half inches of rain, Pliska, an inch and a half, and Brice, an inch or more, Memphis had .18 of an inch. Power lines of the Hall County Electric Co-op were cut by lightning on the Earl Duke farm in the Deep Lake community and a number of customers in that vicinity were without service for a while, J. W. Coppedge, manager, said. No more moisture has fallen since last Thursday. Temperatures warmed up this past week. According to records of Weatherman John McMicken, extremes were as follows: last Thursday 72-91 degrees; Friday 69-98; Saturday 68-99; Sunday 72-99; Monday 74-100; Tuesday 74-101; Wednesday 72-99. This morning's low was 71 degrees.

### Downtown Fire

(Continued From Page One)  
hours, is still undetermined, according to Weatherby. Repair work has begun on the First National Bank Building and the building, which was occupied by the pharmacy. The building is owned by Mrs. S. O. Greene. Byron Baldwin said recently that he expects to start reconstruction of the building, which housed his variety store, soon. J. E. King, owner of the buildings in which the motor and furniture companies were located, has not yet decided what his future course of action will be. The bank, variety store, and pharmacy structures are situated on the west side of the square. The other building sites are in the 600-block on the south side of Main Street.

### Wheat Allotment

(Continued From Page 1)  
farmers also may vote. Landowners may vote if they have a share in a wheat crop but not if they receive cash rent only. If marketing quotas are endorsed, participants will be allowed to market all wheat produced on allotted acreages at a support price of 90 per cent of parity. Contained in the wheat marketing quota on which farmers will ballot Aug. 14, is a special drought relief provision. If quotas are approved, farmers in this section will be able to plant twice their allotted acreage in wheat if they desire. This exception has been made because of prolonged drought conditions. However, they will be permitted to market only half this acreage and must specify which half they plan to harvest for market and what the other half is to be used for. The portion, not for market, will be used for pasture and cover crop, according to McKown. Frank Browder Foxhall visited in San Antonio last week with Jack Gilpin. Jack accompanied him home on Thursday and was a guest in the Foxhall home until Wednesday. Frank and Jack are school friends, both having attended Peacock Military Academy last year.

YATER TANT

### Church Of Christ In Lakeview Opens Revival Tomorrow

The Church of Christ of Lakeview will hold its annual summer gospel meeting beginning Friday and continuing through Aug. 9. Conducting the revival will be Evangelist Yater Tant of Lufkin, Tex. Mr. Tant will preach twice each day — at 10 a. m. and 8:15 p. m. The Church of Christ of Lakeview cordially invites everyone to attend the meeting.

### More Stock Feeds Are Distributed

More drought emergency feed has been received in Hall County, Lynn L. McKown, manager of the PMA office here, said Wednesday. On Tuesday, 70,000 pounds of cottonseed pellets were delivered at Tampico, and 20 tons were distributed at Estelline Wednesday, McKown said. Today, 40 tons of oats are scheduled to be delivered to stockmen at Estelline. Eighty tons of oats, which were shipped from Chicago, July 17, destined for Memphis, had not been received Wednesday. Orders have been received here for 116,000 pounds of cottonseed pellets, but they also had not arrived Wednesday.

### Upper Salt Fork

(Continued From Page 1)  
that a dam be constructed about three miles west of the Donley-Collingsworth county line. This is about 18 airline miles north of Memphis. The dam would cost about two million dollars, according to the engineer's estimate, while the distribution system to carry water to municipalities in this area would cost about eight and three-quarter million dollars. Association members propose to have the federal government finance the program. This would be paid back over a 30-year period with revenue from water users. The point was made at the Hedley meeting that this area must have additional water if industries are to be induced to locate. The water also would be used for irrigation. Present at the Tuesday night session were representatives from Memphis, Wellington, Clarendon, Hedley, Paducah and Quanah. State Senator Andy Rogers of Childress was present and offered his fullest support to the project.

### Thompson Park

(Continued From Page 1)  
equipment, such as gloves and hats. J. Claude Wells has given a croquet set. Bluford Walker donated 10 dollars. Each lumber yard here has furnished a bench. Howell appeared before the Rotary Club Tuesday and the organization voted to pay for basketball goals and backboards. A slide for small children would be appreciated, Howell said. Howell said individual donations, as well as ones from organizations, will be accepted. The park site was provided by E. P. Thompson, for whom the playground is named.

### Father of Mrs. Clifton Burnett Dies at Amarillo

Claude Betts of Amarillo, father of Mrs. Clifton Burnett of Memphis, died early this morning in Amarillo, according to information received here. He had not been ill and it is assumed he died of heart attack. Funeral arrangements are pending.

Mr. Betts has visited here often throughout the years and spent the past weekend in Memphis. He is well known here. In addition to his daughter, he is survived by his wife and two sons, Dwight Betts of Borger and Dick Betts of Ennis.

### 793 PERSONS PARTICIPATE IN X-RAY DRIVE

A total of 793 persons had chest x-rays made here Tuesday and Wednesday, Mrs. Glynn Thompson, president of the City Federated Women's Clubs, said late Wednesday afternoon. Eleven clubs comprising the federation, sponsored the project. Mrs. Thompson said she wished to thank everyone who assisted in the program. She said she especially wanted to thank the ladies who helped with the project, West Texas Utilities for electrical wiring, Lone Star Gas in whose building x-rays were made, and Leslie's Flowers for sending floral gifts. She said she was well pleased with the co-operation of the public. Technicians of the Texas State Department of Health who made the x-rays, were highly complimentary of work, performed by members of local women's clubs. The federation president said. Eleven clubs make up the federation.

### Results Of County Cancer Drive Given

In the recent cancer fund campaign in Hall County, a total of \$326.71 was raised at Memphis, Estelline and Turkey, according to L. C. Martin, county chairman. Results at Lakeview have not been received. Money contributed here totaled \$174.68. The figure at Turkey was \$133.09, and at Estelline, was \$18.94.

### Locals and Personals

Mr. and Mrs. H. H. Lindsey have returned from Houston where they were called due to the serious illness of Mrs. Lindsey's brother-in-law, N. L. Benson. Mr. Benson is still critically ill. Miss Marilyn Heath of Lubbock is visiting here this week with her grandparents, Mr. and Mrs. H. H. Lindsey. Mr. and Mrs. T. H. Gilchrist

HEADS VOICE . . . Leonard F. Erikson, New York radio and advertising executive, was named chief of "Voice of America" with duty of reorganizing entire overseas program.

### DENNIS REUNION SCHEDULED HERE

The Dennis family reunion will be held in the American Legion Hall here, Saturday and Sunday. This will be the second successive year the event has been held here, although members of the family have had gatherings elsewhere before. Last year, approximately 100 persons from Texas, Oklahoma, New Mexico and California attended. R. A. Massey of Memphis, is president of the group. Old friends of the family are invited to visit during the two-day celebration.
