### Report From Washington

By Walter Rogers  
Congressman, 18th District

**Election Day**  
The fourth Saturday in July of two years is the main reason Texas will never tolerate communism in any degree, or any totalitarian government or force that denies the people the right to express their desires in a loud, free voice at the polls. The people would not stand for interference with election day, and especially election night, when the returns are to be poured in. I had thought I would have to vote absentee, but Congress was still in session on several important matters pending in the Senate that came back to the House at that time. However, a filibuster was over there, which created something of a spell I was looking for and I immediately took off for the Panhandle. The House was in session, and I knew that I would be shown with a few absentees, but the call of the Plains was too strong. I wanted to be home on election day, and I was home. To the people of the Panhandle, I want to express my gratitude. I wish it were possible for me to come to each of you and do this personally. I shall always strive to merit the confidence and trust with which you have honored me.

I only wish that I could have brought the family home with me, but the trip was a whirlwind one that gave me only three days at home. Those of you with families know that it takes that long to round up the kids to get started on a trip.

**The Congress is Now Protected**  
The House passed a bill yesterday on a voice vote that I voted against. It was a bill that created a Capitol Police Force and provided that a uniformed and armed member of that force would be in

COTTON SUITS HER . . . Alice Thomas wears bloomer-bottom bathing suit made of pure raw cotton when she goes swimming at St. Petersburg, Florida.

would prompt an assassin to fire upon the Senate or the House of Representatives is such that he would not be deterred by the presence of some uniformed and armed guard. Our government is a civil government, and our Congress is supposed to be constituted of civilians elected by the people. I do not believe that the wearing of a uniform and the bearing of arms inside the House Chamber will be conducive to the best interests of this nation. I would much prefer to run the risk of being shot at than to see even the faintest shadow of a police state cast across the chambers of our legislative bodies, national, state or local.

**The Russian Approach**  
The Russian approach in the battle for the minds of men was vividly portrayed in a recent discussion concerning the Trust Territory of the United States. As I pointed out in a previous Newsletter, this is a territory composed of a number of islands in the Pacific, scattered over an area larger than the United States. The land mass of this entire territory is equal to about half the state of Rhode Island.

It is on some of these islands that the atom and hydrogen bomb tests have been made. When the general report on the trusteeship of the United States in handling these islands was given to the United Nations, Russia, together with two other nations, raised quite a stew. Instead of taking the facts as they were and could be proven, the Russian delegate mixed these with a lot of insinuations, innuendoes and half-truths and then strained from this mass all of the truth and the facts. What he finally came up with was the argument that the United States was destroying these islands and the peoples inhabiting them, one at a time, and was, therefore, undertaking to obliterate an entire people. The ends to which these Reds will go to warp the minds and control the thoughts of men is utterly fantastic. Needless to say, the Russian approach did not prevail, and the Reds, as usual,

### Billie M. Rice In Naval Maneuvers

Billie M. Rice, son of Mrs. Dovie Gossett of Rt. 1 out of Memphis, was aboard the submarine USS Sterlet when it participated in naval and amphibious "war games" off the coast of Southern California during the month of June. The submarine was one of the units of the U. S. Pacific Fleet.

Rice, a torpedoman's mate third class, USN, is the husband of the former Miss Elizabeth Kinser of Pecos.

The amphibious task force, comprising approximately 60 ships, 80 aircraft, and 12,000 men established and maintained a beachhead on an "enemy-held" shore, as a base for launching further land operations. An aggressor force of U. S. Navy aircraft, submarines and surface ships acted as the "enemy."

each of the galleries of the House. The entire debate supporting the bill was centered around the Puerto Rican shooting of March 1, when several of the Members were hit. In other words, now that the horse is gone, we are attempting to close the barn door. Certainly the March 1 tragedy should never have occurred, but it did. It was only by the grace of God that a number of us were not killed. If, in the future, the same type of fanatic should again appear in the gallery and follow the identical procedure followed by the Puerto Rican woman and her stooges, I daresay that the results would be just as bad, if not worse. Probably the only difference would be that an armed officer would slay the assassins before they could get out of the gallery. This, of course, would not bring back to life any Member of Congress who had been slain by such a fusillade or some innocent bystander in the gallery who might be hit by the bullets of the fanatics or the armed officers. None of us want to be shot at, but I do not think the American taxpayer should be saddled with a cost for a service that will not provide the result sought. The degree of fanaticism or mental instability that

### Recommendations For 1955 County ACP Made In Meeting Here Friday Afternoon

Two recommendations to be included in the 1955 county Agricultural Conservation Program were made at a meeting in the Agricultural Stabilization and Conservation office here Friday afternoon, according to Lynn L. McKown, A. S. C. office manager.

One of the items approved was that payment rates and special rates for practices be set on a state-wide level, based on recommendations from counties in the state.

The second recommendation requested that the sign-up period be discontinued and that the A. C. P. resume a system of operation similar to that followed before 1952.

These recommendations were presented Wednesday at a district A. C. P. meeting in Wichita Falls. Scheduled to represent Hall County were: R. A. Eddleman of Esteline, chairman, and Joe C. Montgomery of Lesley, and T. R. Fuston, Jr., of Turkey, who comprise the membership of the county A. S. C. committee; McKown, Guy Cawfield, Soil Conservation Service unit conservationist; and County Agent W. B. Hooser.

All of the above, plus J. J. Roan, Jr., Farmers Home Administration county supervisor, were present at Friday afternoon's session.

No selection of practices for

next year were made at the meeting but this will be done at a later date, McKown said.

Out of district meetings, such as the one at Wichita Falls, will come the recommended practices and practice specifications which later this month will be considered for conclusion in the state program for 1955.

Final recommendations from Texas will come jointly from the state A. S. C. committee, state conservationist, S. C. S., and state forester of the U. S. Forest Service. Representatives from the teaching, research and extension departments of the Texas A & M College System and many other state and federal agencies meet with the recommending group while final plans are being made, according to Lester Young of the Texas A. S. C. office.

### Baptist Church At Brice Sets Revival

A revival meeting will begin Sunday at the Baptist Church at Brice, according to an announcement made Tuesday. Morning and evening services will be held.

In charge of the preaching will be Rev. Bob Bonner, pastor.

Joe Woods will direct song services.

### A. J. Matlock Dies In Northfield Wednesday Night

Funeral services for A. J. Matlock, who lived in the Northfield community in Motley County, will be conducted at 10 a. m. Friday in the First Baptist Church at Northfield. Rev. Luther R. Bradley, pastor of the Bible Baptist Church in Childress, will officiate.

Burial will be in the Northfield cemetery, under direction of Spicer Funeral Home.

Mr. Matlock, who was 74 years old, died about 11 p. m. Wednesday at Northfield in the home of his daughter, Mrs. A. B. Simpson. A retired farmer, he had been in ill health for several years.

A native of Parker County, he was born April 5, 1880.

He was married to Miss Florence May McCarty at Melbourne, Tex., and the couple moved to Motley County in 1919, locating in the Northfield community where they had lived ever since.

Mr. Matlock was a member of the Baptist Church at Tell, Childress County.

Among survivors, other than Mrs. Simpson, are: his wife; two sons, Walter A. Matlock, Northfield, and Howard C. Matlock, San Diego, Calif.; a brother, J. L. Matlock, San Saba, Tex.; a sister, Mrs. Sam Byrd, Tulsa, Okla.; and six grandchildren.

### County Men At Bureau Institute

Three Hall County farm leaders left Sunday morning for College Station to attend the annual Farm Bureau Institute. All of the men are members of the Hall County Farm Bureau.

Making the trip were Brown Smith and Harold Hodges of Plaska, and Earl Richards of Memphis. Hodges is president of the county group, Richards is secretary-treasurer, and Smith is chairman of the resolutions committee.

Registration for the institute was scheduled to begin Sunday afternoon, with the institute opening Monday morning and continuing through today.

The Farm Bureau institute provides courses, designed to aid members in carrying on the various phases of work connected with the farm organization.

The Hall County men expect to return home Friday.

### County Women Register For Tech Lunchroom Course

Five Hall County women have registered at Texas Tech for a one-week workshop in order to learn how they may operate school lunchrooms more efficiently, according to information from the Lubbock college.

Three of the women are from Memphis. They are: Mrs. Violet Townsend, high school cafeteria; Mrs. Lela Poard, Stephen F. Austin; and Mrs. Elene Gilbert, William B. Travis.

The other women registered for the workshop are from Lakeview. They are: Mrs. B. F. Davis and Mrs. D. P. Osborn, of the Lakeview public schools.

The annual workshop for school lunchroom workers will be held Monday through Thursday of next week.

Under guidance of Tech's foods and nutrition and institutional management staffs, the women, along with about 250 others, will study menu planning, maintenance and operation of school lunchroom programs.

### Blaze Damages Outbuilding Friday

Fire at noon Friday badly damaged the wooden framework of a sheet-iron outbuilding at 1221 Bradford Street, according to Bill Vardeman of the Memphis fire department.

The building was located at the rear of a dwelling, occupied by W. E. Dewey.

Cause of the blaze was unknown, Vardeman said. The building was vacant, he said.

Two fire trucks made the run after the alarm was received about 12:45 p. m. Friday.

### FFA Meeting Due Here Monday Night

A meeting of the Memphis Future Farmers of America will be held Monday night to make plans and set the date for the organization's summer trip. Hershel Potts, vocational agriculture teacher in

the local high school, said this morning. The session will be held at 7:30 o'clock in the agricultural building at the high school. All PFA members are urged to be present. If you want to live to see Stop looking for it on the meter.

### Dennis Family Holds Two-Day Reunion; More Than 100 Relatives Gather Here

Approximately 138 members of the Dennis family and friends gathered at the American Legion Hall for the weekend for the third annual two-day reunion. Members of the family came from points throughout Texas, Oklahoma, New Mexico and one family from Wood-

Spic supper was enjoyed on Saturday evening and at noon Sunday dinner was served. Following the picnic Saturday, visiting and dancing was enjoyed. Sunday afternoon singing and a musical program was presented by Mack Graham, Edwin and Tom Gilliam, Tommy Davis and Mike McWhorter.

A short business session was held Sunday morning and the following officers were elected for coming year: Hubert Dennis, president; J. L. Dennis of Estelline, vice president; Joanna Davis, Margaret Ann Massey, secretary and treasurer and Dink Massey, reporter.

The oldest person attending was Mrs. Dennis who is 79 and the youngest was Dennis Keith Howard of Lubbock, 7-month old son of Mr. and Mrs. Ralph Howard, nephew of Estelle Guthrie and grandson of John Dennis.

John Fizzana and children from Woodlyn, Pa., came the longest distance to be present for the reunion.

Members of the immediate Dennis family attending were Jess, Tom and Dennis, Mrs. T. J. Massey, Mrs. Pearl Massey, all of Memphis, Mrs. J. H. McManus of Sulphur Springs, Mrs. Grady of Oklahoma City. One of Mrs. Lou Hale of Amarillo was unable to attend. There were several generations present representing each of these brothers and

### YARBOROUGH: Thanks, Friends; Predicts Victory

AUSTIN, Aug. 3.—Democratic gubernatorial candidate Ralph Yarbrough said this week he will win the Aug. 28 second primary by a sweeping margin.

Said Yarbrough, confidently: "678,000 Texans—a majority of Texans—can't be wrong. "678,000 Texans have hammered home their belief that integrity in their government can be achieved only by a change. "678,000 Texans have noted their distrust and disapproval of a third term for their governors. "678,000 Texas Democrats have made it crystal-clear they want a leader whose loyalty is unquestioned, who will never betray them."

Yarbrough thanked "each and every one of the brave Texans who voted for and with me" in the first primary. He said he was "especially and particularly grateful to the citizens of Hall County who have joined our common fight to restore decency and honor to Texas government."

Yarbrough said the campaign issues now are sharply drawn. He said: "Texans can now choose for or against a tradition-breaking third term, for or against straight-forward Democratic leadership and for or against integrity in their State Capital."

The Democratic candidate repeated his thanks to "his friends of Hall County and urged their voting support—along with the votes of all other Texans— Aug. 28."

## HALL COUNTY CITIZENS:

The time has come when we must seriously consider the effect of a labor dominated State government in regard to the agriculture of Hall County.

The experience in Hall County with regard to school age farm workers was a minor difficulty compared to what other states have experienced when labor bosses get control on a state level.

Experience of other states has shown labor dominated State government has meant this:

- 1. FREQUENT STRIKES OF FIELD WORKERS DURING HARVEST TIME RESULT IN SUCH GREAT LOSSES THAT MANY FARMS ARE LOST.
2. WAGES AND HOURS ARE FIXED BY CONTRACT WITH LABOR BOSSES.
3. UNION MEMBERS ALONE CAN WORK IN THE FIELDS. WHEN NON-UNION BOLL-PULLERS, HOE HANDS AND OTHER WORKERS ARE HIRED, THEY ARE RUN OUT OF THE FIELDS BY UNION GOON SQUADS.
4. FIRING OF INEFFICIENT UNION WORKERS CANNOT BE DONE EXCEPT WITH CONSENT OF LABOR BOSSES.

In 1950 Hall County wrote and sponsored a resolution declaring against changes in our labor laws and endorsing our present "Right To Work" labor law.

Under the leadership of Allan Shivers this "Right To Work" resolution was passed by the Texas Democratic Convention in Mineral Wells.

Despite the strenuous efforts of the CIO-PAC labor bosses, this "Right To Work" law has remained unchanged until now.

This year for the first time in Texas history union labor bosses have played a decisive role in a Texas election.

Union labor bosses openly boasted that they would defeat Allan Shivers with the vote of Mexican laborers. Allan Shivers was forced into a runoff by the margin of these very votes.

Labor bosses openly endorsed the opponent of Allan Shivers—and that opponent has welcomed their money and their votes.

If you want to prevent the unionization of farm labor in Hall County, and if you want our present "Right To Work" labor law to remain unchanged, then vote for Allan Shivers on August 28.

Trading Away From Home

We had always thought that the only communities whose residents traded out of town were the smaller ones until we read an editorial in the Amarillo Daily News the other day. For instance, we believed that Amarillo, as the largest city in this region, got most of its own citizens' business and in addition, a big-sized hunk from the towns out over the territory, surrounding it.

But from the editorial, it appears that Amarillo residents, like their neighbors in smaller communities, do some of their buying away from home, too.

So, the Amarillo Daily News, just like its weekly counterparts, undertakes to list advantages of keeping money at home, as follows:

"Thumb through a mail order catalog from one of the out-state houses offering 'name brands' at wholesale rates, and it looks like you might be able to save some sizable amounts of money.

"But just a minute. The people who sell the same merchandise in your home town use the difference in price for a number of things from which you benefit directly. They help pay taxes for such essentials as good streets, police and fire protection. They help maintain the schools and churches, and they do a lot of little jobs you never hear of such as helping folks whose luck had run out.

"They maintain a force of employees whose salaries and wages pay their part of hometown activities and help you do better in your own line of business or work. Sort of a chain-reaction.

"When your money goes to the mail order house it leaves the community forever and by so much reduces the resources of your hometown."

Entirely true and that's just what papers in smaller towns have been saying for years about citizens trading in cities, such as Amarillo. But it gave us a chuckle when we found that Amarillo also has folks who buy out of town.

We wish it could be arranged for businessmen and customers of Memphis and the surrounding area to get together and see what could be worked out to encourage more hometown buying.

At present, the chances are there are very few—either business people or customers—who do not purchase at least some of their needs from out-of-town sources.

If we solve this problem and spend our money with our friends and neighbors instead of with firms and people in other towns who know or care little or nothing about us, this community and area will be a better place to live for all of us.

THAT AWFUL AUGUST NIGHTMARE!

QUOTING OUR NEIGHBORS

Press Paragraphs—

CARELESSNESS COSTS

One person is injured in a car accident somewhere on the High Plains every nine hours. One person is killed every 42 hours in the same area. Total damage in the High Plains area so far in 1954 comes to \$429,000. Probably \$400,000 of this could go into the record books as the charge for carelessness. Are people naturally careless? Of course they are when they have never been taught to realize how careless they really are. If the drivers of the High Plains involved in wrecks so far this year had been taught in the first place what their physical deficiencies were, and how to alleviate these deficiencies common in us all, this high cost in money and lives as a result of wrecks could have been cut in half. This has been proven by schools with driver training courses.

"Better roads" is not the all-inclusive answer to our high toll of accidents and deaths on the highways. Texas has better roads, on the average, than any other state in the U. S. It is the people who drive on these roads that cause the accidents—people who take too much for granted, who fail to notice the hazards involved on crowded highways, who haven't been taught what their visual, physical, and reactionary qualities are.

Driver training is not a thing to be taken lightly. It could become as important a course in our schools as any other course; it could preserve lives, preserve ambitions that need not be halted by a few careless seconds.

Our county needs only to want driver training in its schools in order to have it. For the future safety of our children on highways more crowded every day, as a grass roots approach to a problem which takes the lives of more Americans than any other hazard, we ask the authorities of our county's three schools—the members of the Castro County School Board—to consider hiring an instructor to teach driver training in our schools in 1954-55. Ask other schools with driver trainings for records of the course's effectiveness. Have a member of the Texas Department of Public Safety or the Texas Highway Patrol to give a demonstration on the merits of driver training. Time is running short before the new school year begins—and the debt for carelessness is running higher. —Castro County News (Dimmitt)

IMPROVED LIVING

Civilization marches on and, in the course of progress, we often fail to recognize some of the forward strides.

Take air conditioning, for instance. Few businesses operate today without an air conditioning system. It is considered essential. Yet, not even one generation ago the picture show was usually the only air conditioned business in town.

Also keeping pace with business is the spread of air conditioning into the home. Today, the air conditioner is considered a necessity, along with the heating stove and bathroom. Insulation and new building methods have, in many instances, improved to such an extent that no air conditioning is required at all.

When you consider the improvements in methods of living during the present generation alone, it is difficult to imagine what may take place during the lives of our

children, much less those of our grandchildren. A longer life span is another added factor—and will make it possible for many of us to see some of these future developments.

What makes it really nice, though, is the fact that the old folks can relax in comfort and ease when they predict "this generation is going to the dogs."

—Hereford Brand

A Mind To Work

History has a way of repeating itself. Over and over through the ages there have been days that tried the hearts of men, days of storm and stress and great confusion. Over and over again, too, in times like these, there have been men who have dreamed, who have so inspired a people with their vision of what might lie within

their reach that they achieved new goals.

It was so in the days of Nehemiah when "the people had a mind to work" and rebuilt the great wall of Jerusalem. It was so when the city of San Francisco sprang rebuilt from the ashes of its greatest disaster, and it was so in all times of disaster . . . when "the people had a mind to work."

It is so in the world, in many places of destruction, where the people are springing to the task of rebuilding home and factory and love and peace. Not just around the corner, but here and now we can realize our dreams of a better America, an America that will lift the whole world to higher levels of living comfort, higher levels of neighborliness and understanding than we have ever known before . . . if "the people have a mind to work!" —Hamlin Herald

Memories Turning Back Time From The Democrat Files

31 YEARS AGO

Jan. 25, 1923 SCHOOL BOND ELECTION CARRIES OVERWHELMINGLY —Citizens Saturday voted overwhelmingly in favor of a \$100,000 bond issue to be used in constructing a modern high school building here. Of 422 votes cast, 329 approved the bonds and 93 were against them.

No contract has been let for erection of the building and it possibly will be April 1 before the old West Ward building is vacated.

Plans for the new high school, call for a three-story structure, consisting of 20 classrooms, two study halls, and an auditorium with a seating capacity of about 1,000 persons.

COUNCIL BUYS SPECIAL BUILT FIRE TRUCK—Contract for a special built fire truck was made last Thursday night, at a meeting of the City Council. The vehicle is a six-cylinder 105-horsepower Stutz with a pumping capacity of 500 gallons per minute. Cost of the machine was \$8,550.

The Council also bought new equipment for the old truck, which will be used as a hook and ladder truck.

COMMITTEES DECIDE AGAINST CHAUTAUQUA—No chautauqua will be held in Memphis this season, a representative committee of Memphis citizens decided by almost unanimous vote at a meeting Monday afternoon in the Methodist Church.

The committee voted against a chautauqua, feeling it would be best not to incur this expense because of the general condition of the country.

WATER SUPPLY IMPROVEMENT FOR CITY—Plenty of water residents of Memphis in the will be assured by construction of two large reservoirs and a system of 10 new wells by the city Water Utilities.

The reservoirs have a total capacity of 260,000 gallons, more than doubles the present surplus capacity.

One new well has been completed and two others are being laid. Seven others are to be completed. At present the city consumes about 220,000 gallons of water daily, although less is used in winter.

**Christine Class Meets In Home Of Mrs. W. B. Morrison**

The Christine Class of the First Baptist Church met in the home of Mrs. W. B. Morrison on Tuesday evening.

The song "Wonderful Words of Life" was sung by the group after which Mrs. J. S. McMurry led in prayer.

Mrs. Estelle Barber, president, conducted the business session. Mrs. Emma Baskerville read the minutes of the last meeting and reports were heard from the group captains.

Mrs. Estelle Barber brought the evening's devotional and the group then discussed the duties of officers.

The hostess served a delicious refreshment plate to the following members: Mmes. W. C. Anderson, Mary Bownds, E. T. Prater, Estelle Barber, J. S. McMurry, Henry Hays, J. H. Smith, R. C. Edwards, W. B. Morrison, Emma Baskerville and Claude Betts.

The next meeting is slated for August 10 and will be held in the home of Mrs. Mary Bownds.

**Mr. and Mrs. Luther Nabers To Observe Golden Wedding Anniversary Sunday**

Mr. and Mrs. Luther Nabers, who have resided at the same farm home, one mile west and one-half mile north of Plaska for the past 29 years, will celebrate their Golden Wedding Anniversary Sunday, August 8, with open house. They extend an invitation to all their friends to call at their home between the hours of 2 and 6 p. m. Sunday.

Natives of Mississippi, both Mr. and Mrs. Nabers were born and reared near Tupelo. It was there that they were married in the home of the bride's parents, Mr. and Mrs. Jack Estes. Following the wedding the reception was held in the home of the groom's parents, Mr. and Mrs. Billie Nabers.

Weddings 50 years ago were not like the weddings of today, the pioneer couple said. We had our honeymoon trip too. Of course there was one difference, we made our trip by buggy and could not travel as great a distance from home.

Mr. and Mrs. Nabers came to Hall County January 1, 1921. They lived in the Lakeview community for two years and then bought the Fred Boon farm, near Plaska which has been their home since that time. Mr. Nabers engaged in farming until 1948 when he retired.

Sure we get tired.

Being insurance men means we spend our days telling folks about insurance, advising them how to get the right insurance in the right amounts to fill their particular needs, showing them how to get the best protection for their insurance dollars.

But you should see the results!

The people with whom we do business know that their insurance is placed in strong, time-proven companies. They know that their insurance provides the protection they need. And, they know that when a fire, accident, burglary or what-have-you causes them harm, we'll be there to help.

### Tournament Play Commences In City Summer Recreation Program

The Peeewe Ramblers just barely managed to take a 17-16 victory from the Peeewe Rockets Friday evening on the City Park diamond, according to Ted Myers, summer recreation program director.

The contest was a see-saw affair during its entirety. Toby Crooks and Arnold Cawfield scored three runs each for the winners. Following with two runs apiece were Jimmy Harrison, Mike Simmons, Billy Thompson and Philip Duncan. Tallying once each were Buster McQueen, Hoot Jones and Buster Helm.

The winning battery was Jimmy Harrison and Mike Simmons. The Rockets scoring was led by Darrell Simmons, who made four runs, followed by Pill Pounds with three runs. John Lemons, John Ferrell and Larry Combest racked up two runs apiece, and Michael Branigan, Jimmy Sturdevant and Larry Crisler made one run each.

In another game Friday evening, the Eagles defeated the Rattlers in a wild-scoring tilt, 28-4. The Rattlers were unable to stop the Eagles, although they loaded the bases frequently during the contest.

Heading the Eagles sluggers were Jimmy Callaway and Ronald

Ables with 4 scores apiece. Perry Wright, Kenneth Allison, Don Watts, Teddy Barnes, Bunky Adecock and Danny Gunstream each crossed the plate three times, and Dan Goffinet scored once.

Rattler scorers were Don Gailley, Allyn Harrison, Joe Jeffers and Larry Combest.

Tournament play commenced Tuesday night with the Peeewe Rattlers upsetting the Peeewe Eagles, 11-6, putting the Rattlers ahead in a five-game series. The big inning for the Rattlers was the top of the fifth, after the fourth inning ended in a 6-6 tie.

Making scores for the winners were Allyn Harrison and Jimmy Fields, with two runs each. Don Gailley, Joe Jeffers, Ray Lee Hill, Dwight Gailley, Donald Aaron, Darryl Simmons and Larry Combest each scored once.

For the Eagles, Bunky Adecock tallied twice, and Perry Wright, Kenneth Allison, Danny Gunstream and Robert Moss once apiece.

The little Peeewe Ramblers defeated the Rockets by a close 7-6 score in another game. Mike Branigan led the Ramblers scoring, with two runs. Credited with one tally apiece were Larry Crisler, John Ferrell, John Lemons, Lanny Crisler and Billy Pounds.

Counting for the Rockets were Mike Simmons, Jimmy Harrison, Buster McQueen, Hoot Jones, Larry Helm and David Moss.

In tournament play, the Rattlers and the Ramblers now have one victory to their credit, while the Eagles and Rockets have not yet broken into the winning column.

Due to the football game at Childress Friday night, no tournament play is scheduled for that evening. The next tournament contests will be played Tuesday night, with the Eagles and the Rattlers, and the Ramblers and the Rockets meeting for their second games.

### The L. G. Rascoes' Son Back In States

Capt. Arthur W. Rasco, son of Mr. and Mrs. L. G. Rasco of Memphis, has returned to the United States after serving with the Air Force in Hawaii for three and a half years.

His wife and 8-year-old son, David, have been with him and landed with him on the west coast this week.

Capt. Rasco and his family are scheduled to arrive here Aug. 17 for a visit with his parents before reporting to Camp McGuire in New Jersey, where he will be stationed. He will fly DC-6's at his new station.

Collingsworth had 1889 poll taxes and voted 2280, a total of 120.8 per cent. Briscoe was next with 113.5 per cent. Now, what we wish to know is: why was Hall County left out of the running? We had 2087 paid poll taxes and voted 2508, a total percentage of 120.01 plus, which was a close second to that voted by Collingsworth.

Sunday, August 15, is the day that present and ex-Hall Countians meet for an all-day picnic in McKenzie Park, Lubbock. This event is held annually and four to five hundred people attend. Archie Glasco is president and Gladys Read is secretary of the picnic organization. Both are former residents of this county. On behalf of the group, they extend an invitation to all present and ex-countians to attend.

Congressman Walter Rogers on July 21 secured permission from Congress to extend remarks in the Congressional Record regarding "A Plains Town Goes to a Funeral for Its Mayor."

Rogers prefaced the extension of remarks by saying: "Mr. Speaker, not only Memphis, but the entire State of Texas felt a distinct sense of loss when word was received that one of our very distinguished and able mayors of Texas, Mayor Carl Harrison, at only 45 years of age, had passed on to reap the rewards of a noble life spent freely in helping others and in living the precepts of the Golden Rule. He was my good friend. I shall miss him greatly. Everyone who knew this gracious and kind man mourns his passing." Then followed a reprint of Jean Ehly's story published in the Amarillo News.

### Spotted Showers

(Continued From Page 1)

Plaska community, southwest of Memphis, was skipped by the downpours. The precipitation apparently failed to reach very far east of town.

Giles, a few miles northwest, also failed to receive any extensive moisture but on to the northwest, Hedley had around two inches.

Where showers were sizable, crops which had been burning such as older feed, began to revive and take on a greener look, and the height of other vegetation increased almost overnight.

However, everyone in this area and throughout the region is still looking for a good general rain.

Clear skies Tuesday and Wednesday permitted the sun to continue "pouring it on" and temperatures climbed to the 100-degree-or-above level. Gusty southwest winds Wednesday stirred up considerable dust in several localities and more wind was forecast today.

Extreme temperatures the past week, as recorded by McMickin, were as follows: last Thursday 70-101 degrees; Friday 71-101; Saturday 72-95; Sunday 71-100; Monday 73-103; Tuesday 66-100; Wednesday 67-102. This morning's low was 73 degrees.

fyng the statement with "the whole being as laid down in Melish's map of the United States in 1818."

The treaty made provision for surveying the line but no survey was made until after the Compromise of 1850, when surveys proved that the Melish map located the 100th meridian more than 100 miles east of the true meridian. The question therefore arose as to whether the eastern boundary of the Texas Panhandle was the true astronomical meridian or the one shown on the Melish map.

Texas authorities contended for the meridian on the Melish map, albeit with little hope of success. But if the new location of the meridian were accepted, it intersected the North and South Forks of Red River above their confluence and raised still another question: Which of the two forks should be considered the north boundary of Texas?

Texas declared that North Fork should be made the boundary line on the theory that it was the main channel of the river. To strengthen the Texas claim to land lying between the two branches of the river and east of the true 100th meridian, the Texas legislature in 1860 organized the territory as Greer County, but the United States Land Commissioner disputed this action.

Following many years of controversy, the case was decided against Texas in 1896, and the boundary set along South Fork and the true 100th meridian by the United States Supreme Court, even though Greer County affairs had been administered as a part of Texas for many years.

Later, it was discovered that the 100th meridian lay a short distance east of the earlier survey and Texas filed suit for the narrow strip of land in 1920. After a survey, the strip of land which was 132 miles in length and contained 28,000 acres was awarded to Texas in 1929. By Legislative action in 1931, the strip was incorporated into the border counties of Lipscomb, Hemphill, Wheeler, Collingsworth and Childress.

Hall County Democrats took action Saturday to reopen the dispute as to whether the North or South Fork of Red River should be considered the main channel, and therefore the true north border between Texas and Oklahoma. The Hall County delegation contends that the North Fork is the main channel, declaring that it is longer and has more water in it than the South, or Prairie Dog,

For. In another resolution, convention members commended the County Judge and the Commissioners' Court for having the courthouse and outside grounds renovated.

Sixteen delegates and 16 alternates were elected to attend the state convention in September. Since Hall County will be entitled to eight votes at the Mineral Wells meeting, each delegate or his alternate will be able to cast one-half vote.

Delegates named were: J. Claude Wells, Don Hillis, N. W. Durham, Lewis Foxhall, Rufus Grisham, James E. King, Mary Jane Thompson, Carl Hill, J. W. Coppedge, Byron Young, Arville Setliff, B. B. Gibson, V. C. Durrett, W. A. Leigon, Loran Denton and Harold Hodges.

Alternates chosen were: Mrs. B. B. Gibson, Mrs. Lewis Foxhall, Jim Beeson, Del Wells, Grover Moss, O. M. Cosby, Jr., Dick Fowler, Mrs. J. W. Coppedge, Mrs. Harold Hodges, Mrs. Arville Setliff, Mrs. Carl Hill, Mrs. Rufus Grisham, Mrs. Loran Denton, Rev. A. Burr Morris, Imogene King and Jess R. Mitchell, Jr.

Durham was elected chairman and King, vice-chairman of delegates to the state convention.

The county meeting was called to order by J. Claude Wells, chairman of the Hall County Democratic Executive Committee, after which Rev. A. Burr Morris gave the invocation.

Herschel Combs was elected permanent convention chairman and Wells turned the meeting over to him.

Named permanent convention secretary was Reverend Morris. Fifty-one delegates attended the meeting.

A nominating committee and a resolutions committee was chosen by Combs, as authorized by the

quest is approved after reading at the September council session, the new rates will become effective the first billing date following their approval.

The proposed rates are as follows: Business—One party, \$9.50; two party, \$8.00; extension, \$1.50. Residence—One party, \$5.50; two party, \$4.50; four party, \$3.50; extension, \$.75.

These rates were contained in a compromise proposal which was presented by representatives of the telephone company at the council meeting in July.

At a meeting of the council, May 15, a proposal containing higher rates than the subsequent compromise, was presented by the telephone company.

Spokesmen for the company say the compromise rates will allow the utility to make about 2 per cent profit on the fair value of their local property.

Mills Roberts, northern division manager for General Telephone, was present at Tuesday evening's session and spoke briefly.

In another matter, councilmen decided to let a service station ordinance remain as it is for the present. Humble Oil & Refining Company representatives have met with the council several times this year to make requests that the ordinance be revised.

The representatives have told council members that Humble would like to open a service station here but does not feel it would be profitable under the present ordinance, which limits to 1,600 gallons the amount of gasoline and other volatiles that can be delivered to stations by trucks.

Councilmen Tuesday night approved a motion to inform Humble of their decision on the ordinance and in addition, to extend the company an invitation to establish a station here, to be operated in compliance with present requirements.

### Political Announcements

The Memphis Democrat is authorized to announce the following as candidates for public office, subject to the action of the Democratic primary.

For Commissioner, Precinct 3: CLINTON RICHBURG (Re-election, second term) FRED B. BERRY

**THANK YOU MY FELLOW TEXANS**

From the bottom of my heart, I want to thank all of you who supported me in the First Primary. Your interest in good government and your enthusiasm in this fight for Texas is an inspiration to me. Together, we will continue to discuss the issues and carry on the clean hard campaign which will result in a decisive victory for Texas in the Second Democratic Primary on August 28.

Sincerely,
