COUNTY IRRIGATION PROGRAM EXPANDING RAPIDLY

ROTARY CELEBRATES 50TH ANNIVERSARY

Memphis Rotary Club members celebrated the 50th anniversary of Rotary International with a banquet honoring charter members of the Tuesday night.

The men who began Rotary in Memphis, Mason T. King, Dr. Turner L. Lewis and Ragsdale, Childress, Dr. Tom J. Dunbar, and Alexander, Memphis, were at the event.

Former members, Jeff P. Labbock, and J. W. Walker, sent letters of regret being unable to attend the

Hedley Man Hurt In Traffic Mishap

Tom Moffet, 47, of Hedley, received a fractured shoulder blade and lacerated scalp when his pickup truck was hit by a car driven by Harry C. Kohler of White City, Kansas, at the intersection of Main street of Hedley and U. S. Highway 287 at noon Friday.

Moffet was thrown clear of his truck when it was hit in right side by Kohler's car. Kohler received a small cut on his forehead and a bruised hip. Gloria Lechman of 2312 Fairfax, Denver, Colorado, a passenger in the car received a slight cut on her right arm.

Kohler said that Moffet failed to stop at the stop sign on the intersection and he was unable to pass behind Moffet because of a car approaching from the south.

Moffet was brought to a local hospital in a Spieker Funeral Home Ambulance for treatment. Except for the fractured shoulder, doctors did not consider his condition serious.

McClellan Returns To Democrat Post

Burl McClellan of Commerce, Tex., assumed the duties of news editor of The Democrat Monday, March 7.

McClellan held the same post from September, 1950, until January, 1951, when he enlisted in the Navy.

After serving for four years as an enlisted journalist with different commands throughout the Pacific, he was discharged Jan. 26, 1955, at the U. S. Naval Station, San Diego, Calif.

Snider Elected Jaycee President

L. B. SNIDER

Members and directors of the Memphis Junior Chamber of Commerce this year will be L. B. Snider, president; Royce Frisbie, secretary; and Harold Vandiver, treasurer.

OUTSTANDING CYCLONES—J. Claude Wells, co-publisher of the Democrat, presents James Freeman with the newspaper's annual award for the outstanding defensive back for the past season. Other Cyclones looking on after receiving their awards are: (left to right) Carroll Gardenhire, outstanding offensive lineman, Jack Montgomery, the only Cyclone to get the award for two years, outstanding defensive lineman, and Jimmy Davis, outstanding offensive back.

Montgomery Wins Second Award Four Cyclones Selected As Outstanding At Grid Fete

Carroll Gardenhire, Jack Montgomery, Jimmy Davis and James Freeman were named winners of The Democrat's annual awards to the outstanding linemen and backs of the 1954 Memphis High School Cyclones at the Lions' and Booster Clubs' joint football banquet Friday night in the Masonic Hall.

J. Claude Wells, co-publisher of the Democrat, in making the awards stated that these four boys were picked not only for their football ability, but their class work, attitudes toward teachers, coaches, fellow students, and townspeople, and also each boy's conduct on and off the field of play.

Hall 4-H Clubs Win In Tri-State Fair

Roy Alvin Molloy, 4-H Club member of Lakeview, won the showmanship award and Hall County 4-H Club's group of 10 calves from one county placed second, as 10 out of 18 county club steers and three heifers placed in the Tri-State Fair in Amarillo last week.

In the swine show this county's club members had five fat barrows and one gilt shown. County Agent W. B. Hooser said that the hogs had to be outstanding just to make the show, since there were more than 600 entries. The animals were sifted and only the best were allowed to show.

In the Senior Steer Division Hall County had six animals to place.

Wayne Kennedy, Estelline had one steer, bred by Clyde McGee of McLean, that placed 12th and one bred by E. E. Silk of Sunset, that placed 36th. The animals were sold of 37 and 34 cents a pound respectively.

The three Molloy brothers of the Lakeview 4-H club, each had a senior steer to place. Tony's

4 YEAR DROUTH FORCES SEARCH FOR WATER THOROUGHOUT HALL

IRRIGATION! The fast growing thing in Hall County. Since water has failed to come to the farmers for the past four years, the farmers are going after the water in ever increasing numbers here this year.

Not too many years ago it was thought impossible to get irrigation water in Hall County. In the last four years a few farmers have gambled and hit water suitable for irrigation and now drillers are almost a month behind in filling the demand for wells.

The farms using irrigation last year produced between one and one-half to two bales of cotton per acre. Many of the men who installed irrigation systems last year paid for them with one crop.

One of the biggest irrigation farmers at the present time is Bray Cook of Brice. Cook has ten wells on his farm and a pipe line across Mulberry Creek to bring the water from his biggest producer which is east of the creek to his land on the west side.

A well that will pump a four to six-inch in diameter stream of water will irrigate approximately 70 acres of land. Farmers and agricultural experts predict that Hall County will have approximately 10,000 acres under irrigation by cotton planting time in April and May.

Jay Mathis, local manager for E. M. Crenshaw Drilling Co., said that his company was behind several days in their drilling and saw no prospects of catching up.

Crenshaw has moved what he calls his big rig into the county from Hollis, Okla. This drilling rig is powered by two V-8 engines and can drill a medium size well to a depth of 3,500 feet.

Because of the speed in which the program is growing and the fact that some farmers and drillers are not reporting their new wells, it is impossible to make an accurate and up-to-the-minute check on the number and location of wells.

By checking with county agricultural agencies, drillers, and talking to farmers, The Democrat has compiled a list of 46 farmers. (Continued on Page 12)

Teachers Attend Meeting, Schools Dismissed Friday

The schools of Memphis and Hall County will be closed Friday to allow the faculties to attend the annual Northwest Texas Conference for Education in Amarillo.

All the public schools throughout District Nine of the Texas State Teachers' Association will be closed for this meeting. Also, classes at West Texas State will be dismissed.

Thursday night there will be a House of Delegates Banquet in the Amarillo High School Cafeteria for the reports of the area secretary, area treasurer, and seven different committees. There will be an election of officers and delegates to the State House of Delegates.

Friday morning the first general session will meet in the Municipal auditorium to hear addresses by A. Boyd Campbell, vice-president, Chamber of Commerce of the United States, of Jackson, Miss., who will speak on "Business and Education—An Essential Partnership," and Dr. Lewis Hatch of the Department of Chemistry at the University of Texas, who will speak on "The Scientist Looks at Public Education."

At the second general session Friday evening the new officers will be introduced and Dr. Ernest W. Muehl of Yale Divinity School, (Continued On Page 12)

Scouts' Candy Sale Friday, Saturday

The Boy Scouts are hitting the sales trail Friday and Saturday in an effort to locate some funds for their spring and summer camping program.

The trail will lead to every house in Memphis and at each call the boys will be selling candy for 50 cents a jar.

Scoutmaster Myers said the boys will have a good grade of candy and if each home called on will purchase a jar, the scout fund can raise from its almost zero mark.

Teachers Attend Meeting, Schools Dismissed Friday

The schools of Memphis and Hall County will be closed Friday to allow the faculties to attend the annual Northwest Texas Conference for Education in Amarillo.

All the public schools throughout District Nine of the Texas State Teachers' Association will be closed for this meeting. Also, classes at West Texas State will be dismissed.

D. L. C. Kinard Services Today

D. L. C. KINARD

Funeral services were held at 2 o'clock this afternoon for D. L. C. Kinard, 69, a pioneer resident of Memphis and prominent business and civic leader.

Mr. Kinard had been in ill health for the past year and a half. He had been on the critical list in a local hospital for the past 10 days, and died there at 2:30 Wednesday morning.

On April 1, 1913, Mr. Kinard was appointed city secretary, and began what was to be one of the longest continuous appointive office tenures in the State of Texas. He resigned the post last November because of ill health.

He recorded the growth of Memphis from the time it was a village that paid \$425.00 for a span of mules to pull the fire wagon in 1914, until it grew to a small city which paid \$15,000 for a fire truck three years ago.

During his tenure of office more than 200 city ordinances were entered into his records. Mr. Kinard's father, A. J. Kinard, was the first mayor of Memphis and signed the first city ordinance in 1906.

Besides filling the post of city secretary, Mr. Kinard was founder and later a partner in the Kinard-Galley Insurance firm here in Memphis.

He was a member and trustee of the First Baptist Church, a 32nd degree Mason and a member of the Memphis Masonic body as a Shriner, and belonged to the Khiva Temple in Amarillo. He also belonged to the Scottish Rite in Dallas.

He was a director of the First National Bank, and a charter member of the Memphis Rotary Club, and Country Club. When the local Rotary Club was organized in 1924, he was elected secretary and then served as president in 1927-28.

He is survived by his wife, one (Continued on Page 12)

CLAUDE'S COMMENTS

Mr. G. Hog had it about right when, on February 2, he saw his shadow and scurried back into his den to stay six more weeks, because the shadow told him winter would not be over for that length of time. Three of those weeks were very winterish, but the last three have been mild—in fact, for the past few days the thermometer has been trying to blow out the top. The weather man predicts a cool front, but doesn't think it will get down to the freezing point. What this country needs most now is about six inches of moisture that takes about a week to fall.

Mr. and Mrs. Si Rice and Gary of San Angelo visited over the weekend with their parents, Mr. and Mrs. H. T. Todd and Mr. and Mrs. E. E. Rice.

B. H. Hayes visited Mr. and Mrs. Bud Crump in Friona last week.

Mr. and Mrs. T. J. Bridges visited relatives in Vernon over the weekend.

Mrs. Ralph Howard and Dennis and Mrs. Estelle Guthrie of Lubbock visited in the John Dennis home Friday and Saturday.

Don Paul Howell and Malcomb Martin of Allan Military Academy in Bryan visited over the weekend with their parents, Mr. and Mrs. H. J. Howell and Mr. and Mrs. L. C. Martin.

Mr. and Mrs. Phaeton Alexander visited in Tulla last Thursday with Mr. and Mrs. Andy Gardenhire and daughters.

It takes only 1/2 of a second to get a message around the world but it takes years to get an idea through 1/4 inch of a driver's skull.

A traffic sign can't talk, but it's not as dumb as the guy who disregards it.

Speed does not pay, speeders do.

Corley Nominated As Candidate For W. T. State King

Dave Corley, son of Mr. and Mrs. Gene Corley of 1012 Brice, Memphis, is one of the six men nominated for King of West Texas State College, Canyon.

The King of the school will be chosen in a campus wide election slated for March 25. The winner will have a special picture in the "Personalities" section of the yearbook.

Corley is one of the 17 lettermen around whom Buffalo coach Frank Kimbrough is building his 1955 football squad. Spring practice is now underway in Canyon.

Corley lettered as a back last fall. The 1952 graduate of High School won the high school football number in basketball. Driving is a full-time job and requires all of your attention. For safe "return" to the road, take **COL** LIQUID ON TIRE.

Cleaner Wash
WITH RUUD-ALCOA
ALUMINUM
AUTOMATIC
WATER HEATER

Cleaner Washes because it supplies load-after-load at tank temperature of 180 degrees — recommended for faster and more thorough dirt removal, whiteness retention and bacteria destruction! Soaps, detergents or washers cannot be blamed for dingy results when low water temperatures are used! Laboratory tests prove, *the hotter the water the whiter the wash!*

Cleaner Washes because Ruud-Alcoa withstands the greater corrosiveness of high-temperature water. Aluminum alloy tank never rusts! Water is always sparkling clean even at 180 degree settings.

Laundry Rating matches the right Ruud water heater to your particular washer. Washing becomes really automatic . . . you wash when you please, as often as you please!

There's even more to Chevrolet styling than meets the eye!

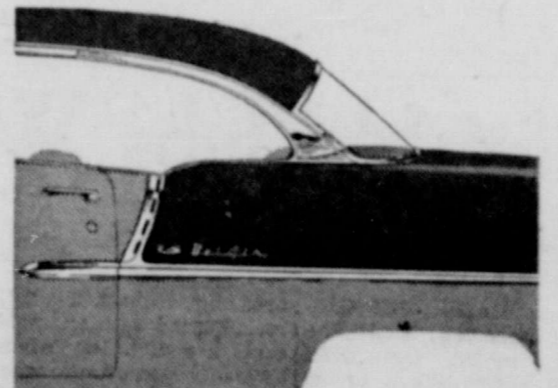

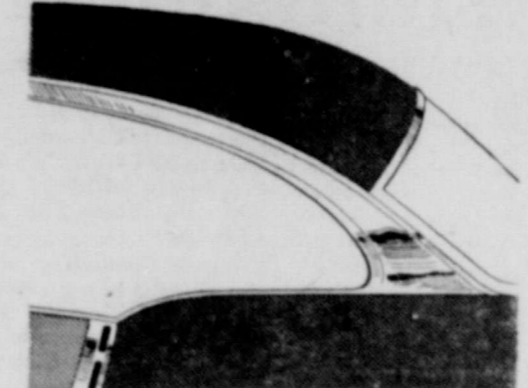

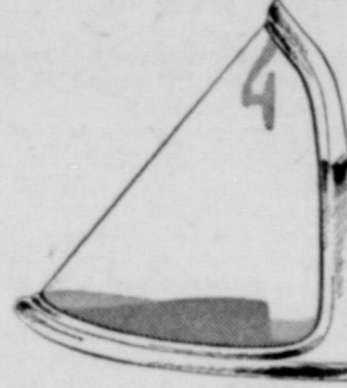

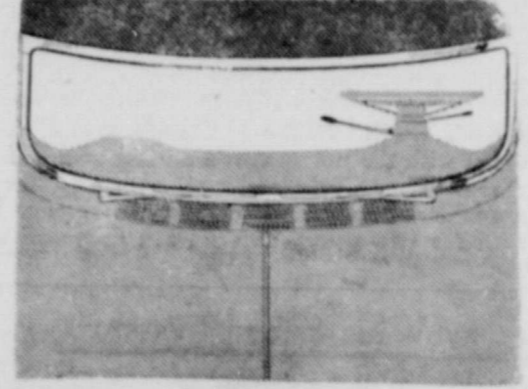

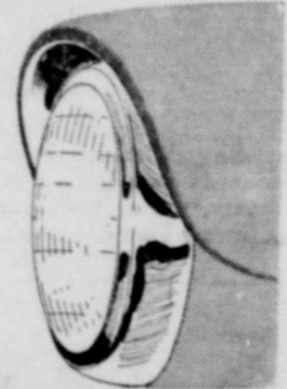

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line . . . but they are up there where they can be seen for safety's sake, and as convenient guides in parking. So, too, with the jutting peaks over the headlights.

The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

City Federation Of Women's Club Disbanded Sat.

Individual club delegates voted at Saturday's meeting to discontinue the City Federation of Women's Clubs for the present time, Mrs. Glynn Thompson, president of the organization, announced today.

Organized in 1948, the City Federation was in charge of the District Federation convention which met here in 1950. Later the organization helped with other worthwhile projects including the Red Cross drive, March of Dimes, Chest X-ray, youth program and park improvement project.

The organization was made up of Women's Clubs of the city and included the five federated study clubs, 1913 Study Club, Pathfinders' Council, Delphian Club, Atlantean Club, and Woman's Culture Club; Business and Professional Women Club, American Legion Auxiliary, Little Theatre, Harmony Club and United Daughters of the Confederacy.

PARNELL

Mr. and Mrs. Willie Hawkins and children of Turkey visited over the weekend with Mr. and Mrs. Zeb Lathram.

Mr. and Mrs. Harold Wheeler are visiting relatives in Antler, Okla., this week.

Mrs. Cat Hill of Pecos was a Parnell visitor Monday.

Mrs. Jip Burk had as her guest over the weekend, Mr. and Mrs. Don Davis and children of Shamrock and Mr. and Mrs. Bill Mullin and sons of Turkey.

Visiting with the A. T. Freeze family over the weekend were Mr. and Mrs. Neal Smith of Plainview, Ben Osburn of Clarendon and June and Thina Nelson of Memphis.

Mrs. Zeb Lathram, Mary Lou and Pamela were guests in the home of Mr. and Mrs. Tom Orcutt in Tell last Thursday.

Mr. and Mrs. Bill Orcutt visited in Amarillo last week.

Mr. and Mrs. I. D. Mullin, Jr., and son attended a birthday dinner Sunday in the W. E. Helm home in Childress honoring Mrs. I. D. Mullin, Sr., of Memphis.

Mr. and Mrs. Jimmie Weatherly and children visited Sunday in Turkey with the Charley Lipscomb family.

Mr. and Mrs. T. W. Potts visited last week in Amarillo with their son and family, Mr. and Mrs. Tommy Potts. The Potts' have a new son, Eddie Noel born Feb. 19. His maternal grandparents are Mrs. Bula Travis of Estelline and the late Damon Ellis Travis.

Mr. and Mrs. Leroy Hutcheson visited in Amarillo last Sunday night with relatives.

We want to say Happy Birthday to Kay House.

On our sick list this week we have Weldon Couch, A. T. Freeze and Zach Hood.

Mrs. Mary Price of Hollis, Okla., visited her parents, Mr. and Mrs. J. R. Morehead here last Thursday.

Mr. and Mrs. Harold Wheeler entertained with a fish supper last Friday night for Mr. and Mrs. Parge Winn and Mr. and Mrs. Grant Wheeler of Turkey.

BRICE

Mr. and Mrs. A. C. Hartzag of Panhandle visited Sunday with their daughter, Mrs. J. C. Johnson and family.

Mrs. Cleo Ellrod was called last week to East Texas to be with her mother, who is ill.

Mr. and Mrs. Gus Rasco and Jerry of Childress visited Sunday

with her sister and family, Mr. and Mrs. David Hudgins.

Mrs. Bray Cook came home Saturday from a local hospital and is reported to be much improved.

Mr. and Mrs. Clements and children of Canyon and Mrs. W. P. Carlile who is teaching in New Mexico, spent the weekend with their parents, the Granville Selmons.

Rev. and Mrs. Bob Bonner were dinner guests in the Bill Salmon

home Sunday.

Sarah Lou Williamson had as her guest Sunday evening, Doris Arnold, Fay Hubbard and Thelda Smith, all of Lesley.

Elizabeth Dee Johnson of Memphis spent Friday night here with relatives.

Linda Campbell suffered slight injury to a foot Sunday evening when the car driven by Jimmie Bownds in which she was riding overturned.

Mr. and Mrs. Cal Holland and

Mr. and Mrs. Starr Johnson visited Sunday evening at Quitaque.

Mr. and Mrs. Joe Mayo visited Sunday in Childress with her mother, Mrs. W. A. Carter.

Mr. and Mrs. Raymond Morris and baby visited in Floydada Sunday.

Mr. and Mrs. J. L. Bain of Pampa and Mrs. J. L. Bain, Sr., of Clarendon visited Mrs. George Bass Sunday.

CORLEY PLEDGES TECH CLUB

LUBBOCK—Donald G. Corley, a Memphis student at Texas Tech, was one of the 249 men pledging social fraternities this week at the close of spring rush activities, James Whitehead, assistant dean of student life, announced. Corley pledged Phi Kappa Sigma.

Former Parnell Girl Complimented With Miscellaneous Bridal Shower Saturday

Mrs. Royce Billington, the former Alma Ann Bruce of Amarillo, was honored with a miscellaneous bridal shower on Saturday evening at the Parnell Club house.

A color scheme of white and green was noted in party decorations.

The refreshment table was laid with a white cloth and bordered with green Shamrocks. Angel food cake and lime punch were served.

Mrs. Travis Bruce presided at the bride's book.

As the program, Reta Hedrick and Frances Wheeler sang "Peg O My Heart", accompanied by Mrs. Carl Hill at the piano and Mrs. Potts read "Hubby's Hobby."

A lovely array of gifts were presented to the honoree by Reta Hedrick and Frances Wheeler.

Attending the affair were Mrs. Bill Vardeman of Memphis, Thelma Brady of Amarillo, Mrs. Bill Mullin and Josephine of Turkey, Colleen Burk and Carolyn Teas and Mrs. Andy Anderson of Amarillo, Mrs. J. H. Cagle of Tulia. Also Meses. Slick Johnson, Carl

Estelline Club Enjoys Program On Texas Tuesday

A Texas program was featured at the regular meeting of the 1932 Culture Club of Estelline on Tuesday, March 1. The meeting was held in the home of Mrs. J. A. Ballard.

Mrs. J. B. Rapp conducted a short business session after which each member responded to roll call with a Texas Brag.

Mrs. Hulien Clifton and Mrs. Raleigh Adams discussed "Texas Industries" and "Texas Vacation Spots."

The hostess, Mrs. J. A. Ballard, served frosty orange ice with angel food cake. Guests were Mrs. F. E. Leary and Mrs. R. A. Eddleman. Members present were: Mesdames A. H. Bailey, H. E. Clifton, W. B. Davidson, D. T. Edkins, Rabb Holland, S. T. Hutchins, B. T. Jackson, E. F. Kennedy, J. L. Mothershed, L. E. Phillips, J. B. Rapp, W. M. Whaley, Raleigh Adams, and John Chaudoin.

1913 Study Club Enjoys Texas Day Program Wed.

For its Texas Day program, March 2, The 1913 Study Club chose the banner heading, "Stabilizing Our Security Through Preservation of Our Texas Heritage."

As guest speaker, Lynn McKown, stressed the importance of "Conserving Our National Resources" in general, and soil and water in particular. The information contained in his talk as to the damage to the land of soil erosion by wind and water together with suggestions and practices of control was both interesting and enlightening.

Mrs. Rufus Grisham emphasized the importance of "Preserving Our Texas Heritage," citing the various spots of historical interest and monuments commemorating events that were instrumental in building our great state of Texas. Her talk was punctuated at intervals with bits of lively humor.

Stressing the need for "Developing Our Potentials," Mrs. T. J. Dunbar gave some interesting facts concerning The Dow Chemical Plant at Freeport. Her listeners were amazed to learn of the great number of products manufactured by this plant from sea water, some 600 in all.

A vocal solo by Mrs. Bluford Walker, "Have You Ever Been To Texas In The Spring" and "Texas Our Texas," sung in unison, added a delightful musical touch to the program.

During the business portion of the meeting, it was decided that the club should send a box of sweets and sundries to Wyman Battise, the Alabama-Coushatta Indian boy, now in A&M College through a scholarship made possible by The Texas Women's Federated Clubs. Also, plans were made to send some needed supplies to The Psychopathic Home for the aged in Claude, Texas.

Fifteen members and one associate member were served a tasty refreshment plate by hostess, Mrs. L. G. DeBerry.

Present were Meses. L. G. DeBerry, hostess, T. J. Dunbar, Frank Foxhall, H. A. Finch, Rufus Grisham, Allen Grundy, Clyde Milam, Joe Montgomery, Boyd Rogers, Mills Roberts, M. G. Tarver, Bluford Walker, R. C. Walker and E. M. Wilson. Also Miss Mary Foreman, an associate member.

Vota Vita Class Meets In Monthly Session Tuesday

The Vota Vita Sunday School Class of the First Baptist Church met for the monthly meeting Tuesday evening, March 1, in the home of Mrs. Billie Ruth Parker.

The meeting was opened with a prayer by Mrs. Joyce Bloxom, president of the class. Following a short business session, the devotional was given by Mrs. Henrietta Wiley. Her subject was "Worth of the Individual."

Several games were enjoyed and then refreshments were served.

Present were Miss Laverne Rollins, a guest, and the following members: Meses. Janice Lockhart, Henrietta Wiley, Joyce Bloxom, June Glossom, Pauline Kilpatrick, Patsy Jester, Sue Hutcherson, and Mrs. Smith and hostess, Mrs. Parker.

Margie Roberts Becomes Bride Of Billy T. Brewer

Miss Margie Ann Roberts, daughter of Mr. and Mrs. Reid Roberts of Stanfield, Ariz., became the bride of Billy Travis Brewer, son of Mr. and Mrs. Johnnie Brewer of Memphis, in a simple single-ring ceremony performed February 25 in the study of the Church of Christ in Memphis with Jere Via, minister, officiating.

Their only attendants were Gene and Barbara Sasser.

Immediately following the ceremony, a reception was held in the home of Mrs. Douglas Lawrence, sister of the bride-groom. Only members of the family and a few close friends were in attendance.

The newlyweds are at home on North 12th Street, Memphis.

Mrs. Roy Patton, Jr., and Keith, of Odessa are visiting in the home of her mother, Mrs. Ida Hutcherson and Mr. and Mrs. Roy Patton, Sr. Roy is in Evanston, Ill., where he is attending a traffic engineering seminar at Northwestern University. He is a traffic engineer for the city of Odessa.

Wesleyan Guild Meets For Study In Fowler Home

The Wesleyan Service Guild held its regular meeting in the home of Mrs. John Fowler Monday night.

This was the third session of the Bible Study, "The Master Callest For Thee." Mrs. Elsie Gidden opened the meeting with prayer.

Mrs. Mary Owens gave the introduction to Chapter 7, "Compassion," she said, is surely one of the loveliest words in any tongue. We, in our generation, take it too much for granted that Jesus would feel loving sympathy towards the wretched and sad. Otherwise, for us, he could be neither son of man nor son of God. But the people of Palestine did not see things in such a way; indeed, the Gospel writers were so amazed that they wrote it down over and over again that Jesus had compassion. This thought runs through, like a thread of gold all the stories told by these members. Meses. Herschel Bennett, Clyde Morris, A. O. Gidden, Mary Jameson and W. V. Coursey.

The meditation was a story of Anne Lutton, an early day Methodist, given by Mrs. R. T. Tiner.

The business meeting was conducted by Mrs. A. O. Gidden, president.

Mrs. Mary Owens, Mrs. Mary Baten and Mrs. A. O. Gidden were chosen to attend the Guild Conference in Vernon on March 20. The nominating committee to select the new officers was appointed. Mrs. Barney Burnett, Mrs. Herschel Bennett and Miss Neville Wrenn will serve on this committee.

After the benediction, tasty refreshments were served by the hostess, Mrs. John Fowler to the following: Meses. Mary Jameson, Louie Merrell, W. P. Baten, Robert Spicer, Elsie Gidden, Clyde Morris, George Greenhaw, Ruby Compton, R. T. Tiner, Herschel Bennett, Mary Owens, A. O. Gidden, Barney Burnett and W. V. Coursey.

Mrs. J. H. Norman spent the past week in Matador with her son, Jack Norman and family.

Methodist WSCS Meets For Study In Church Parlor

The Woman's Society of Christian Service of the First Methodist Church met in regular session Monday, March 7, in the church parlor.

Mrs. M. G. Tarver, president, conducted a business session which included reports from the secretaries of the different lines of work.

The spiritual life secretary reported the World Day of Prayer offering had been sent in, and secretary of promotion gave detailed report from her connectional officer. The president also called attention to the spring conference which will be held in Childress March 16, 17 and 18th. A number of the women expect to attend.

Mrs. Myrtis Phelan was leader for afternoon program, and Mrs.

C. T. Vickers was in charge of worship service. Others who took part in the program were Mrs. Neeley, Mrs. O. M. Gidden, Mrs. Lou Erwin and Mrs. Giddens. The subject matter was the responsibility of the woman going to the city of God and it's responsibility toward the young woman who chooses her vocation in life. Phelan concluded the program with prayer. 15 members in attendance.

Mr. and Mrs. Douglas Lawrence and son are moving to Amarillo, Tex. Mr. Lawrence is employed with Smith and Son Agency.

Dr. and Mrs. L. B. Giddens and son are moving to Amarillo with Mr. and Mrs. Giddens. Dr. Cooper is a brother of Thompson and is an instructor at Texas Tech College. He will be on a program at the school Tuesday afternoon.

Who Is at Fault?

Of course, since you are a careful driver, in an accident the "other fellow" is at fault. We feel the same way, too, but if the jury disagrees it may cost you your money. Make sure your automobile insurance is complete. If it is not, better call

Report From Washington

By Walter Rogers

Congressman, 18th District

of medicine. Whether or not these accusations are true will, of course, depend upon what develops in the hearings. Mrs. Hobby takes the position that this is the voluntary approach. In answer to a direct question of mine, she advised the committee that neither she nor the administration had had any plans or discussion to move into the field of compulsory health insurance should the proposed voluntary plan be unsuccessful. Her statement concerning this feature was "The objective of this proposal is to accelerate the extension of voluntary health insurance." In other words, this bill would create a situation where the federal government would give certain guarantees to health insurance companies so that these companies would write health insurance that they now refuse to write. That is, the federal government would protect them to a certain degree against any loss they might suffer because of the policies they had written. It is a very complex situation and involves several other features besides the re-insurance feature.

One of the alarming things that was pointed out in Secretary Hobby's testimony was her statement that "There are an estimated 9 million persons in the United States with serious mental disorders, most of them untreated, and those who are receiving institutional care or treatment occupy nearly half of the nation's hospital beds." I say "alarming", because this figure constitutes approximately six per cent of the population of this country. Many of these mental disorders are the direct result of nervous disorders traceable to war service. It occurs to me that the Task Force of the Hoover Commission might do well to discuss some of these matters with the Secretary of Health.

Visiting in the Mack Graham home this weekend were Mrs. Paul Cooper of Buckeye, N. M., Mr. and Mrs. Jack Monzingo and Rocky of Pine Springs, N. M., Miss Gereta Graham of Canyon, and Mr. and Mrs. Bill Monzingo and Tanya of Denver, Colo.

Mr. Darrell Childress of Claude spent the weekend in Memphis.

Mr. Jack Knight of Borger spent the weekend with his mother, Mrs. Pauline Knight.

Parasites Cause Large Stock Loss

COLLEGE STATION—External and internal parasites are claimants for one dollar in 20, and are costing farmers about one billion dollars annually, Dr. W. M. Fuller, extension entomologist, reports.

That's a loss of five cents on every dollar invested in livestock. The entomologist says these figures, which are termed conservative, show that livestock raisers are not realizing full returns from their operations.

Ironically, says Dr. Fuller, modern research has found practical ways to control most of today's parasite enemies.

Few, if any, livestock are completely free of parasites, says Dr. Fuller. Even the best-looking animal may harbor a dozen or more different parasite species.

Heavy losses in cattle come from external parasites, hornflies and gnats. However, internal parasites likewise are a major problem.

For every eight animals shipped to market, the value of one is lost to parasitism, Dr. Fuller emphasizes. This means cattlemen are "giving away" each year an additional two billion pounds of meat.

Studies show that losses from parasites exceed 10 per cent in poultry. One battery in 10 is wasting space, feed and labor and equipment.

Parasites are robbing swine producers of the value of one pig in every 12, and sheepmen face the problem of combating a 25 per cent annual parasite loss.

They also are believed responsible for many disease outbreaks because their infestation leads an animal into a weakened condition. Steps to help curb most of the troubling parasites of Texas livestock require nominal time and expense, Dr. Fuller adds. Livestockmen who follow regularly recommended parasite controls usually bring home the highest profits from their livestock.

Memphis Senior's Poem Published In PTA Magazine

David Duncan, son of Mr. and Mrs. Robert Duncan of 510 South Ninth St., and a senior in High School, had a poem entitled "Teachers" published in this month's "Texas Parent-Teacher" magazine.

Duncan is a member of the Cyclone Tennis squad and had one of the outstanding parts in this year's senior play.

According to Mrs. Roy Guthrie, high school English teacher, Duncan wrote the poem and sent it to the magazine on his own initiative.

The poem is quoted as follows:

TEACHERS
By David Duncan
She stands for that which is good,
For her country, as all of us should.
She tells of the nicer things in life,
Of the price of freedom, paid with strife.
She teaches us how to talk and think,
To fight communism and never sink.
She says, "Fight for the good and never give in,
For with God, Our Maker,
you'll always win."
Their salaries are low, but mor-

als high.
With people like this, our country can't die.
Little credit they get in the great U. S. A.,
But think where we'd be without them today.

With a reckless driver at the wheel, any car is likely to last a lifetime.

Delphians Celebrate Independence Day Of Texas With Special Program

The Travis Cafetorium was the site for the Delphian Club's program commemorating Texas Independence Day on Tuesday, March 1, at 4:00 p. m.

About 40 members of the Quail Public School Music Department, under the direction of Mrs. Lowell Wells, brought a most interesting program about Texas. They were accompanied by Supt. and Mrs. Herman Mosley, and Mrs. Maybell Morris, principal of the elementary school at Quail. A sextette of girl tap-dancers, a sextette of boy vocal music, a horn duet by boys, pantomimes, and a group of chorus girls high-lighted the occasion.

Seniors of the local Memphis Schools were guests for the special occasion, as well as the local teachers, and several other guests invited by individual members of the club.

Delicious refreshments were

Hall Soldiers In Atomic War Tests

FORT HOOD, TEX. (AHTNC)—Two Hall County soldiers, Cpl. James O. Jones, son of Mrs. Lula S. Tyler, of Memphis and Cpl. Don K. Byars, whose wife Nancie lives in Lakeview, recently participated in a special Army test exercise here.

Purpose of the exercise was to test combat command experimental formations organized by the 1st Armored Division to adapt to the latest concepts of atomic-age ground warfare.

Son of Emmett S. Byars, Lakeview, the 23-year-old corporal is a messenger in Company B of the division's 634th Armored Infantry Battalion. He entered the Army in April, 1953 and completed basic training at Fort Hood.

Corporal Byars was graduated from Midwestern University in 1953.

Corporal Jones, a tank driver with Battery D of the 27th Armored Field Artillery Battalion, received basic training at Camp Rucker, Ala., and Fort Bliss, Tex. He attended Memphis High School and was a farmer before entering the Army.

Mr. and Mrs. Adrian Combs of Baltimore, Md., arrived Monday to visit his parents, Mr. and Mrs. Herschel Combs.

served to approximately 100 people, including the following club members: Mesdames A. Anisman, Sidney Baker, J. L. Barnes, Jack Boone, Robert Clark, W. C. Dickson, Henry Hayes, C. C. Hodges, Lynn McKown, Weldon McCreary, J. S. McMurry, J. K. Porter, Hershel Potts, J. W. Stokes, Leon Taylor, Leon Thomas, B. J. Thomson and R. H. Wherry.

Proper Tire Care Will Prolong Life

COLLEGE STATION—Farmers are advised to check for proper tractor tire mounting and inflation before the busy spring planting season begins. A tire with proper pressure gives longer life, better operation and means an operational saving, says W. L. Ulich, extension agricultural engineer.

Rough or careless use will shorten greatly the life of all farm tires. Under-inflation causes bruise breaks, buckling and uneven wear, Ulich says. If pressure is too low, the tire will be crushed against the rim, or the cords in the tire will be stretched by hitting such sharp objects as stumps or rocks. Tires with too little pressure usually are more easily punctured.

Over-inflation leads to "impact breaks" and faster tread wear, he points out. High pressure combined with too little wheel weight reduces traction, causing excessive slippage and rapid wear.

Check for the right inflation pressure at the beginning of each season and follow with regular inspection throughout the season.

A tire filled too full of water has the same effect as over-inflation, Ulich says. Fill only three-fourths full, then add enough air to reach the recommended pressure. A good "rule-of-thumb" is to turn the tire so the valve is on top, open the valve, and let water above this point run out.

Five Men Inducted Into Army March 9

Local draft board No. 20 located in Childress forwarded five men to the Armed Forces Induction Station on March 9, it was announced today.

Those being inducted were: Harry Traylor, Turkey; Richard Ray Hyatt, Silverton; Jimmie E. Pegram, Quail; Billy J. Richardson, Childress; and Ben E. Wiley, Parnell.

Draft board No. 20 serves Childress, Cottle, Collingsworth, Hall and Briscoe Counties.

Homemakers Class Meets In Home Of Mrs. Coy Beckham

The Homemakers Class of the First Baptist Church met for its monthly business meeting in the home of Mrs. Coy Beckham.

Mrs. Carl Wood brought the devotional and Baptist Doctrine was discussed.

The hostess served coffee and cake to the following members: Mesdames Billie Faye Odell, Irene Reed, Mary Johnson, Wanda Webster, Lou Alice Nilo, Lenora Wood, Olene Taylor, Owen Lindsey, S. M. Watts and one visitor, Mrs. M. L. Harris.

Mrs. Roy Guthrie visited in Tulsa Friday night with Mr. and Mrs. Tommy Hulsey and daughter.

April Draft Will Induct 432 Texans

AUSTIN—The state draft quota for April is 432 men for the army, Brigadier General Paul L. Wakefield, state Selective Service director, said Friday.

This is the Texas share of a national quota of 8,000 men.

The state draft headquarters is currently figuring breakdown of the April quota for 137 draft boards and plans to mail these local board quotas on March 8th.

The April quota of 432 compares with a March quota of 584 and a February quota of 597.

There will be no men called up for pre-induction mental and physical examinations in April, General Wakefield said. With calls no higher than they are, he said he doubted if any examinations would be held before June or July.

With the exception of volunteers, the April call will be filled only with registrants who on April 1st are at least 20 years and one month of age.

The average age of men now being inducted in Texas is past 21. Draft board quotas are being filled to a great extent with volunteers, General Wakefield said, and many of these volunteers are under the age of 20.

Mr. and Mrs. Pete McCanne and Kim of Pecos and Mr. and Mrs. Oran Adcock and boys spent Sunday in Parnell visiting Mr. and Mrs. Kenneth Hawkins and children.

A reputation as a careful driver can be your best asset.

Social Security Representative Here March 21

J. R. Sanderson, manager of the Amarillo Social Security Office, states that N. H. Houston, Field Representative, will be in Memphis Monday afternoon, March 21. He can be contacted at the Commissioners' Court Room in the Court House at 1:00 p. m., on that date.

Persons desiring information concerning the Old-Age and Survivors Insurance program under the Federal Social Security Act should contact this representative. He does not, however, have anything to do with the State Old Age Assistance or Unemployment Compensation programs.

Schedules showing the dates of the regular twice a month service to Memphis are posted at the Court House and at the Post Office.

Funeral Rites Held For W. W. Breeding

Funeral services were held Friday morning at 10 o'clock in the Dozier Church of Christ for W. W. Breeding, brother-in-law to Will McQueen of Memphis, and former resident of Hall County.

Burial was in the Dozier cemetery.

Relatives from Memphis attending the services were: Mr. and Mrs. Arvan McQueen, Mr. and Mrs. Ira McQueen and family, Mr. and Mrs. E. L. McQueen and family, Mr. and Mrs. W. B. McQueen, Mr. and Mrs. W. B. McQueen, Jr., Mr. and Mrs. Larry McQueen and family.

Cyclones Meet Hedley Today

With three games, two one loss, behind them, the Memphis Cyclones tangle with another pre-season game at Estes Field today.

Last Thursday the Cyclones defeated Carey with a score of 33-21. Later in the Lakeview avenging the defeat by tripping the local team.

Terry Monzingo started the Cyclones and blanketed the five innings. The Cyclones scored three runs on the starter in the opening inning he was relieved by Frank Sahagun.

Childress lifted Monzingo fifth and Lakeview scored for six runs. It was pitching, but fielding that beat us, Children said.

Jerry McQueen got on three times at bat and two for three at the plate them being a home run.

Mr. and Mrs. Earl Price Miss Ruby Thornton were in Amarillo Sunday.

Authority Gives Advice On Control Of Grain Insects

COLLEGE STATION—When does it pay to spray for small grain insects?

That's a common question among farmers now since many small grain pests—greenbugs, winter grain mites and brown wheat mites—are on the move.

Control measures against greenbugs in fall-seeded grain are warranted when 100 or more are counted per linear foot, advises Dr. F. M. Fuller, extension entomologist.

An infestation count will give the insect population. A minimum of five counts consisting of one running foot each, should be made at random diagonally across the field, Fuller says.

In spring-seeded grain an average population of 25 to 50 greenbugs may warrant chemical control.

Use one-fourth to one-half pound of actual parathion in emulsion form to the acre, he recommends. If the emulsion concentrate contains two pounds actual parathion per gallon, apply at a rate of one to two pints per acre in at least two gallons of water. Application should be made when the temperature is above 50 degrees.

Winter grain mites.—These pests are difficult to detect and usually first noticed when grain takes on a silvery appearance. The entomologist says infested plants are stunted but it's doubtful whether grain yields will be increased if the insects are controlled.

Chemical control is advisable when additional grazing is desired or when stands of very young grain are seriously threatened.

Either parathion or TEPP at a rate of one-fourth pound of actual material to the acre will kill the insects.

Brown wheat mites.—Research indicates control measures will not always increase the yield. But under severe attacks chemical control may be profitable. Use one-third to one-half pound actual parathion to the acre.

Fuller adds a note of caution. Parathion and TEPP are poisonous and should be handled with care. Livestock should not be permitted to graze grain for five days after being treated with TEPP and 21 days after a dose of parathion.

Mrs. H. H. Lindsey and Mrs. Claud Johnson returned home Monday after spending the weekend in Lubbock with relatives. Mrs. Lindsey visited her daughter, Mrs. Norman Heath and family, and attended the opening of the new Methodist Church building. Mrs. Johnson visited with her sister, Mrs. Guy Wright.

Mrs. Myrtle Crabb returned Monday after visiting the past few days in Dimmitt with relatives.

(a) a child or stepchild of the
taxpayer under the age of 12; or
(b) a person who is mentally or
physically incapable of caring for
himself regardless of age.
The deduction is not allowable
to the extent that payments are
made to an individual whom the
taxpayer claims as a dependent.
If you itemize deductions on a
Long-Form 1040, you can deduct
interest you paid during 1954 on
your personal debts, such as bank
loans and home mortgages.
Interest paid on business debts
should be reported in separate
Schedule C or Schedule F, Page 2,
of Form 1040.
In figuring the interest charges on
a mortgage on your home or on an
installment contract for goods for
your personal use, eliminate such
items as carrying charges and in-
surance. These are not deductible.
The law for 1954 returns dif-
fers from the law for prior years
in regard to interest deductions
arising from purchasing personal
property on the installment plan.
Under the new law, you can de-
duct interest paid for purchasing
personal property (such as auto-
mobiles, radios, TVs, etc.) even
though the interest charges are
not separately set out from other
carrying charges. This deduction
is equal to 6 per cent of the aver-
age unpaid monthly balance un-
der the contract but may not ex-
ceed the portion of the total car-
rying charges attributable to the
taxable year.
You CAN deduct interest on:
Your personal note to a bank
or an individual.
A mortgage on your home.
A life insurance loan if you pay
the interest in cash.
Delinquent taxes.
You CANNOT deduct interest on:
Indebtedness of another person,
when you are not legally liable
for payment of the interest.
A gambling debt.
A life insurance loan, if interest
is added to the loan and you re-
port on the cash basis.

Counties Red Cross fund solici-
tors have passed the one quarter
mark in Hall County's drive for
\$2,036, Lloyd Martin, county fund
chairman announced Tuesday
morning.
Martin said that \$557.95 had
been donated so far and several
communities have not reported on
the progress of their drives.
Estelline and Turkey are still
conducting their initial drives and
had not reported to Martin as of
Tuesday morning.
This year's goal is not too big
for a county the size of Hall, Mar-
tin said. We should make it with-
out too much trouble, he added.
In 1954, one of the worst hur-
ricane years of the 20th century,
more Americans were in the path
of disaster than at any time since
big Ohio-Mississippi flood of 1937.
In these disaster areas the Red
Cross provided emergency care to
44,450 persons and long term aid
to over 3,000 families.
No change is ever made for
Red Cross relief supplies or ser-
vices. All help to disaster victims
is an outright gift of the Ameri-
can people. It is granted on the
basis of need to victims who can-
not get back on their feet without
help.
In 1953-54 the organization
conducted 318 relief operations in
47 states and gave mass care to
62,000 people and long term aid
in the weeks that followed the
disasters to 7,100 people.
In the same period of time the

Red Cross spent more than 11 and
a half million dollars in financial
assistance to servicemen and de-
pendents. For veterans and sur-
viving dependents the amount used
was almost eight million dollars.
These are just two of the many
services provided each year by the
American Red Cross whose 1955
campaign slogan is "You Are Not
Alone."

Chronic Violator Will Pay Penalty

COLLEGE STATION—No one
can continually violate traffic
laws without paying the penalty—
either a fine or involvement in an
accident. If you don't know the
laws, learn them, advises the Tex-
as Farm and Ranch Safety Com-
mittee, and then obey them.
The committee has figures from
the National Safety Council
which show that records of fatal
accidents in 1953 involved 75 traf-
fic violations per 100 drivers.
Speeding, nearly 3 out of 10 driv-
ers in fatal accidents were violat-
ing a speed law. The percentage
in rural areas was even higher,
slightly over 10 per cent above
the rate for cities.
Among drivers involved in fatal
traffic accidents, 18 out of 100
had been drinking. Seven out of
100 drivers in fatal accidents did
not have the right-of-way. The
city rate exceeds by almost three
times the rural rate in this clas-
sification. Improper passing involv-
ed 3 out of each 100 drivers in
fatal accidents and 9 out of 100
drivers failed to keep to the right
of the center line of the highway.
Disregarding a traffic sign, sig-
nal or officer was the violation
involving 6 out of 100 drivers in
fatal accidents. The committee
points out here that rural drivers
were more frequently guilty of
disregarding stop and warning
signs while their city cousins more
often disregarded a signal or of-
ficer.
Statistics show 8,600 pedest-
rian fatalities in 1953 with 36
per cent caused from crossing be-
tween intersections; more than
1,800 of the 6,650 adult pedes-
trian deaths were attributed to al-
cohol while crossing against the
signal accounted for 5 per cent
of those killed.
Playing in the roadway account-
ed for 26 per cent of the child
pedestrians under 5 years of age.

Trains don't whistle because
they're scared.
A hand out is a good turn.

No New Candidates In City Election As Deadline Passes

The filing deadline for the
Memphis city election passed Sat-
urday with no new candidates en-
tering the race for mayor and
city alderman. The election will
be held Tuesday, April 5.
In the race for mayor, E. P.
Thompson is opposing Mayor Pro-
tem O. L. Helm.
L. W. Stanford is unopposed
for alderman of Ward No. 1. In
Ward No. 2, Jim Beeson is oppos-
ing O. M. Gunstream for the alder-
man post.
Ward 3 had a two-man race be-
tween Lloyd Ward, who is seek-
ing re-election, and C. E. Lindsey
for alderman. The unopposed can-
didate for alderman in Ward No.
4 is E. C. Rice.

Travis Burglar Is Caught In Arizona

Sheriff Bill Baten was notified
today that city police of Kingman,
Arizona, had arrested Donald
Wesley Smith, address unknown,
Feb. 26, and solved the William
B. Travis burglary here in Mem-
phis.
The Federal Bureau of Investi-
gation told Baten that Smith was
arrested in a car stolen in Hous-
ton by the Kingman police. He
then admitted the Memphis burg-
lary.
The man is being held by the
FBI on the Dyer Act, transport-
ing a stolen car across a state
line.
Smith shattered a window on
the east side of Travis school,
gained entrance to the office of
Principal L. L. Thomas, and took
about \$35 from a small floor safe.

West Texas C. C. Annual Meeting Slated March 27

LUBBOCK—The West Texas
Chamber of Commerce will meet
here March 27-29 in its 37th an-
nual convention, John A. Couch
of Haskell, president of the re-
gional chamber, has announced.
Registration begins on March
27.
A "West Texas Congressional
Forum" will be the big event on
the morning of March 28, Couch
said.
Nine U. S. Congressmen whose
districts include territory within
the sprawling 132-county terri-
tory of the WTCC, and the Texas
Congressman-at-Large, Martin
Dies of Lufkin, have been invited
to participate in the forum.
The general public is welcome

to participate along with members
of the West Texas Chamber in
direction questions to this panel
of Congressmen, Couch said. The
forum will be presented from 9:00
a. m. to 12:00 noon in the Lind-
sey Theater here.

West Texas Congressman who
have been asked to appear include
George Mahon of Colorado City,
Frank Ikard of Wichita Falls, Wal-
ter Rogers, of Pampa, J. T. Ruth-
erford of Odessa, Clark Fisher of
San Angelo, Omar Burlinson of
Anson, W. R. Poage of Waco, Jim
Wright of Weatherford, and Olin
Teague of College Station.

Committees of the regional
chamber will meet during the af-
ternoon following the forum to re-
view activity reports of the year
and to make recommendations for
work during the next year.
Sand is almost never used for
sandpaper. The chief substance
used is garnet abrasive.

THINK

BEFORE YOU BUY A TV SET

Any salesman can give you a good line about his set being the best, but you can decide for yourself if you will just put two sets side by side and see the difference.

There is as much difference in some sets as there is between leather and cloth shoes. I would appreciate a chance to set the PHILCO or G. E. by any set and let you decide which is best.

There is also a great difference in ANTENNAS, which range in price from \$25.00 to \$75.00. So, inquire from all the dealers before you buy as it is to your interest to get the most for your money.

I believe that I can give the best service on my sets also. Let me tell you why.

Friendship Organized

Third in a series of guest editorials presented by the Rotary Club
of Memphis in commemoration of the Golden Anniversary of
Rotary.

If nations are persons, as has been argued, and interna-
tional understanding can be approached on a person-to-per-
son basis, how should we go about it here in Memphis?

At first sight, the possibility of really influencing interna-
tional relations through this approach seems rather remote.
Personal acquaintance with someone of another country, how-
ever intimate and exciting it may be, is like a drop of water
in the ocean of events—a grain of sand in the great dune of
history. Only the accumulation of drops and grains can pro-
duce results.

To get results, international friendships must be multiplied.

But at this point, most of us may be inclined to throw up
our hands. For most, the opportunity of personal acquaintance
with persons of another country is rare and fleeting if it exists
at all. At least so it seems until the possibilities are examined.

Travel to other countries may be outside our personal
scope, but travel for livelihood or enjoyment is very general.
We might be surprised to learn how many people of different
nationalities visit Memphis in the course of a year. Should we
pass one such traveler on the street and know him for what he
is, there is a possibility for personal acquaintance. Without in-
trusion, a friendly greeting as from a host can be given him.
It may lead to many things; a snatch of conversation, a proffer
of assistance, an invitation to your home, introduction to
your friends, and, perhaps, a lasting and fruitful friendship.

Obviously, casual encounters of this kind are as rare as
they are delightful. International friendship can only be culti-
vated widely if it is organized. In our community, there should
be many groups organized to foster acquaintance for visitors
from abroad. One such group is our local Rotary club. Indeed
Rotary has been defined by one observer as Friendship
Organized.

In Australia, Canada, and other countries of large-scale
immigration, Rotary clubs have organized a warm welcome
for refugees and others who come to start life afresh in their
country. The description of such people as "New Australians"
originated with a Rotary club and came into general use. Friendly
efforts to make them feel at home and to share their cultural
heritage have been greatly appreciated not only by the stran-
gers themselves, but also by their friends and relatives "back
home." Such friendly gestures are recognized as a definite con-
tribution to international understanding.

Rotary clubs in the neighborhood of international bound-
aries are finding manifold opportunities to develop personal
friendships across national lines. There is much visiting back
and forth. School children are brought over to mingle with
each other for a day or even a week. Joint projects like the
great international peace park instituted by Canadian and
American Rotarians cultivate the deeper satisfaction of work-
ing together.

In communities which never or very seldom see visitors
from abroad, the need for supplying such international con-
tacts is often recognized. Rotary clubs and similar groups in-
vite consuls, business men, teachers or students from other
countries to come and stay a few days. The cultural horizons
of the community are consequently enlarged through acquain-
tance with the views and personalities of its guests.

Nor is personal acquaintance limited to face-to-face con-
tacts. Many a fine friendship has been organized around a cor-
respondence enriched by common interests, exchange of photo-
graphs and magazines and an earnest desire to improve under-
standing. Among the hundreds of Rotarians who enjoy such
postal acquaintances, there is a Brazilian who has addressed no
less than seven thousand letters to pen friends in other coun-
tries. Sequel to his efforts was an invitation to travel which
brought him face to face with many of them.

Deep are the roots that personal acquaintance projects
into the lives of nations. Often it has been the decisive factor
in shaping history. But to achieve enduring results in interna-
tional understanding, such friendship needs to be multiplied
by conscious effort and organization.

National 4-H Club Week

This is National 4-H Club Week throughout the United
States, and Hall County's 4-H clubbers will be a part of the
2,058,144 members in the United States observing this cele-
bration.

You, the readers of this paper, need no introduction to
the 4-H clubs. This organization has been a vital and important
part of Hall county for many years. Under the direction of
County Agricultural Agent, W. B. (Bonnie) Hooser, the hard
working men and women of the local 4-H clubs have brought
home many trophies and prizes for their outstanding projects
in national, state, and local competitions.

These young men and women have advertised to the na-
tion that Hall County is a progressive agricultural area. They
also tell the nation that this county will have a forceful agri-
cultural program of the future, because lessons learned in 4-H
work will be carried ahead in years to come, when today's
club members become Hall county's farmers, ranchers, agricul-
ture teachers and leaders of the very near tomorrow.

In the past the Democrat has been proud to publish the
stories about the Hall County 4-H Club work. In our plans for
future editions there are big spaces allotted for stories about
awards and honors that are to be won by Hall County 4-H
club members.

We, the owners and employees of the Democrat, tip our
Stetsons this week to you 4-H clubbers, to W. B. (Bonnie)
Hooser, and all other adult advisors who have made Hall
County a leader in national 4-H club work.

"THIS PRESENT-DAY WOMAN

Press Paragraphs—
QUOTING OUR NEIGHBORS

USING CREDIT

Credit is a vitalizing force in the
nation's economy and a primary
factor for the high living standard
of the people. As a result, much
that the consumer owns is being
acquired on an installment basis,
and strictly speaking he holds an
equity in rather than clear title
to most that is in his name.

The workings of credit, the
manipulation of the fiscal struc-
ture, all combined to get the U.
S. out of the depression so the ex-
perts say. The late Franklin D.
Roosevelt found early in his pres-
idential career that when the na-
tion spent more than it took in,
"deficit financing," that this put
money into circulation, created
some credit, and started things
working toward more prosperity.

The largest single item deduct-
ed from the regular pay checks of
millions of workers is for income
taxes, which may be regarded as
being partly an investment in na-
tional security. Most workers,
however, don't look at it this way,
feeling that their check after taxes
is what their employer is paying
them.

Federal Reserve estimates show
that in early 1934 half of the fam-
ily spending units paid out more
than 23 per cent of their incomes
on fixed monthly charges. Families
with annual incomes from \$3,000
to \$5,000 usually have the largest
fixed commitments in relation to
their incomes.

The procedure is mortgaging
future pay for present enjoyments
and credit is to be used with wis-
dom despite its blessings.

The wise use of credit may be
illustrated by the story of the

man who asked his banker for a
loan, to buy an automobile. The
banker admitted he was carrying a
heavy mortgage on his house and
had recently gone in debt to find
enough money to buy gasoline. In
the event he borrowed enough
for the new car. Seems to me a
man who owns his own house, gar-
age, and automobile should be
able to find credit for his gaso-
line," the borrowed replied with
dignity.

—Ochiltree County Herald
(Perryton)

DEMAGOGERY

One of the crosses which democ-
racies must bear is the irrespon-
sibility of politicians who put
party welfare above the nation's
welfare.

The present demagogic effort to
decrease federal income taxes by
another two million is certainly ir-
responsible. With the budget still
unbalanced, these same lawmak-
ers are protesting every effort to
reduce expenditures and clamour-
ing instead for increased spending
all along the line—including a
huge increase in their own salar-
ies.

To plump for increased ex-
penditures and lower taxes at the
same time is dishonest and cer-
tainly not good for America. It is
simply asking for more inflation.
And inflation is the worst thing
that can happen to the wage ear-
ner and pensioner. It is not good
for anyone. In fact, it is flirting
with economic disaster.

Taxes were reduced substantial-
ly last year—much more than the
\$20 per person now proposed—but
expenditures were reduced even
more. That made some sense. But

this attempt to masquerade as tax
reducers while also attempting to
spend more and more is contemp-
tible.

—County Wide News (Littlefield)

BIRTH RATE RISES

Recent figures show that the
number of babies born in 1934
set a new record in the United
States. Tentative figures show over
4,100,000 1934 births.

The significance of this record
crop of babies is further increas-
ed by the fact that it represents
the fifteenth year of successive
increase in the U. S. birth rate.

The long-term economic result
of this trend is to be felt within
five years. There seems to be lit-
tle doubt but that the babies born
in the early forties will begin to

25 YEARS AGO
1930 CENSUS FIGURES GIVE
TO HALL COUNTY POPULA-
TION OF 16,961—The population
of Hall County as shown by a
preliminary count of the Fifteenth
Census as of April 1, 1930, is
16,961, according to an announce-
ment Monday by O. M. Unger,
supervisor of the census of Dis-
trict No. 2, with headquarters at
Plainview. This compares with
11,137 on January 1, 1920, an
increase during the period of 5,
824 or 17.17 per cent. A total of
1,832 farms were enumerated in
the Fifteenth Census.

FIRE DESTROYS NEWLIN
HOME ON MONDAY NIGHT —
A house belonging to Mrs. J. A.
Powell burned Monday night at
Newlin. Occupants of the dwell-
ing were asleep and did not know
of the fire until neighbors gave
the alarm. All escaped safely, al-
though the structure was com-
pletely destroyed and very few
of the furnishings were saved.

THREE MEN ESCAPE FROM
GUARD HOUSE—Three men es-
caped from the county road guard
house here last Thursday night
after sawing their way through
an iron door in the front of the
building. The men are believed to
have received an iron saw earlier
that night from the wife of one
of the prisoners, while she was
visiting him. However, evidence
to support this assumption has not
been uncovered. Another man
who was confined in the guard

earn salaries and wages increas-
ingly in the next five years. By
1960, the number of students en-
tering college and entering the job
market will be rapidly rising and,
thereafter, the effects will be felt
on a very broad economic front.

These figures have led many
experts to be optimistic about the
future in the United States. There
seems little doubt that the soaring
birth rate in the United States
will increase the demands for
goods and services and education
in this country to a prosperous
high in the coming years, barring
some economic catastrophe.

Wedding Of Mrs. John L. Burnett Is Scene Of Bridal Shower Honoring Miss Brewer

Miss Nancy M. Brewer, bride-elect of Billy Burnett, had a lovely pre-nuptial shower given Saturday evening at the home of Mrs. John L. Burnett. The occasion was a calling between the bride and her friends and a 9 p. m. were greeted by the bride and groom, Mr. and Mrs. Burnett and the bride's mother, Mrs. John L. Burnett. The bride's sister, Miss Marie Burnett, presided at the shower. The bride's friends and relatives in the city and nearby counties were invited. The bride's chosen colors of white and pink were noted in the decorations. In the dining room a table was laid with a white cloth and centered with a miniature wedding scene. The bride, dressed in a white wedding gown, was standing beneath a canopy of greenery and flowers. The miniature bridesmaids were dressed in pink. Form-

P. L. Vardy Party Honoree 79th Birthday

P. L. Vardy, pioneer citizen, was honored with a party on her 79th birthday, March 1, in the home of Mrs. F. E. Leary. A red dish luncheon was served at the noon hour. The hostess served a large birthday cake. Gifts were presented to the honoree.

Thomas Party Honoree 79th Birthday

Thomas was honored with a birthday party given in the home of Mrs. and Mr. Thomas on Saturday, March 5, at 8 p. m. Inside games were played by the children, after which refreshments were served to the children: Collin and Elaine Woods, Cathy Dale, Elaine David Lee May, Larry Mary and Ann McCreary, Porter, Mike Pounds, Pat George Wilson Child, Regina Hoover, Rosemary Gary Gentry, Stephen Thomas, and the honoree, Mrs. Thomas.

Easter Seal Fund Starts Today

Olin Culberson, Austin, member of the Texas Railroad Commission and prominent civic leader of the State, was today named Chairman of the 1955 Easter Seal Campaign to help crippled children. The announcement was made by Harlan Powell of Dallas, president of the Texas Society for Crippled Children.

The Easter Seal Campaign will open March 10, and continue through Easter Sunday, April 10. The object of the campaign is to raise funds for the care and treatment of dependent crippled children of Texas, providing treatments and such material aid as wheel chairs, braces, corrective surgery and other services.

Gertrude Rasco To Present Pupils In Costume Recital

Gertrude Rasco will present a group of students in a Costume Recital Sunday afternoon, March 13, at 3:30 o'clock in the First Presbyterian Church. The program will include Indian, Spanish, Chinese, Negro, Persian and other numbers.

Jacky Gilbert Is Publicity Chairman For Texas U. T. V.

AUSTIN—Jacky Gilbert of Memphis was publicity chairman for the University of Texas Television Workshop program in Italy. The series of programs on which foreign students are questioned by groups of Austin high school students is presented over the commercial television station in Austin.

Legion Auxiliary To Meet Tuesday Night

The Ladies' Auxiliary of the local American Legion will meet in the American Legion Hall on South Sixth Street, Tuesday night, March 15, at 7:30.

Amino Triazole Shows Promise As Cotton Defoliant

COLLEGE STATION—Amino Triazole (AT), a new cotton defoliant, may prove as revolutionary as DDT to the field of insect control, says Dr. Wayne C. Hall, professor of plant physiology and pathology at Texas A&M College.

And, Texas cotton growers will be among the first to test it. AT is the first defoliant with true systemic action. It works through the plant sap stream to reach the leaves. All other defoliants are the contact-type.

commercially this year only to growers in Texas, the Delta region of Mississippi and irrigated areas of Arizona. The promising new defoliant should make its initial Texas appearance in the Lower Rio Grande Valley.

In greenhouse studies, Hall sprayed potted cotton plants with AT and obtained 90.4 per cent defoliation and no regrowth after a period of 35 days.

In field tests, he reports 90.6 per cent defoliation and regrowth of 20 per cent upon the application of one pound AT an acre. At rates of 1.5 pounds per acre AT gave 80 per cent defoliation and 10 per cent regrowth. (Most standard defoliants give about 80 per cent leaf drops.)

laco. Johnson grass sprayed in July now shows no signs of life. AT first exhibited defoliating properties during 1952 cotton tests conducted by the Texas Agricultural Experiment Station. Since that time greenhouse, laboratory and field tests of AT have been underway.

CARD OF THANKS
We wish to express our heartfelt thanks to our friends and neighbors for your kindness to us in our sad hour.

We are indeed grateful for the beautiful floral offerings, and for the food that was served. May God's blessing be upon you, in our prayer.
Mr. and Mrs. J. C. Bowman
Mr. and Mrs. Valta D. Bowman
Mr. and Mrs. Glen Bowman

MORE PEOPLE BOUGHT FORD CARS IN 1954 than any other make!

Ford passenger-car sales to customers outnumbered those of any other make by thousands*

AND IT'S EASY TO SEE WHY!

Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines—more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as a most modern Six—all with the split-second response of Trigger-Torque power!

Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. For '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Angle-Poised Ride.

FORD IS THE LEADER IN ALL THE FEATURES THAT MAKE YOUR CAR WORTH MORE WHEN YOU BUY IT - WORTH MORE WHEN YOU SELL IT

Just like flying—
with NEW Shamrock CLOUD MASTER

MADE WITH AVIATION COMPONENTS

For driving that feels like flying, try Shamrock's new Cloud Master gasoline. And that comparison is more than accidental because the octane rating of new Cloud Master is way up and the octane is raised with the same aviation alkylate that was heretofore used only in the highest grade aviation fuels. This means an octane rating that exceeds the requirements of your car (no matter what car you drive). And it means that you get and keep getting power you paid for because new Cloud Master burns with fewer deposits. For new speed, new power, for all around top performance from your car, try Shamrock's new Cloud Master gasoline for 1955.

New Cloud Master gasoline, like all Shamrock products . . .

W. J. Payne, Lakeview Man, Observes 86th Birthday Anniversary With Dinner

W. J. Payne, a Lakeview resident for a number of years, was honored at a birthday dinner Sunday in the home of Mr. and Mrs. Troy Payne. The occasion was Mr. Payne's 86th birthday anniversary.

At the present time Mr. Payne is making his home with a son, Russell Payne. Mr. Payne is the father of a large family and four of his children were unable to be present Sunday. He is a member of the Methodist Church.

Guests arrived at noon Sunday after attending church. Each family brought a well-filled basket and a bountiful meal was served buffet style.

In the afternoon group pictures were made, games played and visiting enjoyed.

Those present were the honoree, W. J. Payne, Mr. and Mrs. Erwin Payne, Mr. and Mrs. George Payne, Mrs. Donald Payne, Mr. and Mrs. Troy Payne, N. A. Payne, Mr. and Mrs. Russell Payne and Tommie and Judy, Mr. and Mrs. Alvin Payne and June and Land Kay, Mr. and Mrs. Bill Gowdy and Jerry, Mr. and Mrs. W. M. Gowdy, Jr. and Gayle, Ronda and Pat, Mr. and Mrs. James Richburg and Joyce and Lewis, Mr. and Mrs. R. L. Nivens and Teresa and Shirley, Mr. and Mrs. Hall Nelson of Memphis and Miss Pat Hamilton of Tullia.

Woman's Culture Club Has Program on Texas Wed.

"Texas, Our Texas" was the theme of the program presented on Wednesday afternoon, March 2, before members of the Woman's Culture Club meeting in the home of Mrs. W. E. Leslie.

Mrs. Frank Ellis conducted the business session. Mrs. W. E. Leslie read the club collect after which each member quoted a favorite scripture. Mrs. R. E. Clark offered prayer.

Miss Alma Bruce gave the history of "Texas, Our Texas" and the club then sang the song, "Mrs. Brode Hoover discussed "Texas Under Six Flags." Mrs. Robert Moss told of some of Texas heritage that we are especially proud of.

Tasty refreshments were served during the tea hour to Miss Alma Bruce, Mrs. R. E. Clark, Mrs. Frank Ellis, Mrs. Ward Gurley, Mrs. Jeannette Irons, Mrs. Grover Moss, Mrs. Robert Moss, Mrs. L. A. Stilwell, Mrs. Brode Hoover and the hostess, Mrs. W. E. Leslie.

Two sons and two daughters and a number of grandchildren were unable to attend the celebration. Three grandsons are in the Armed Forces and include Jimmy Ray Gowdy, who is in Japan, Gerald Payne of Panama and Donald Payne of Frankfurt, Germany.

Mrs. J. R. Saunders Hostess To Members Of Christine Class

Mrs. J. R. Saunders was hostess to members of the Christine Sunday School Class of the First Baptist Church on Tuesday evening at her home on South Noel St.

The meeting opened with the group singing "What a Friend We Have in Jesus." Mrs. Sam Foxhall gave the devotional reading from John 4:19.

After the regular business session was conducted and reports given by class officers, a program on "Friendship" was presented.

Quotations on Friendship by noted authors were given by various members of the class. Sentence prayers followed.

"Love of Friendship" was given by Mrs. Foxhall and Mrs. Julia Smith discussed "Sympathy of Friendship." "Influence of Friendship" was given by Mrs. Claud Betts and Mrs. Jim McMurry gave a paper on "Divine Friendship."

Mrs. Saunders, assisted by Mrs. Berl Smith, served a tasty refreshment plate to the following members: Mmes. Claud Betts, Emma Baekerville, H. H. Lindsey, Buri Smith, Frank Smith, J. M. Saunders, Sam Foxhall, W. T. Hightower, Jim McMurry, Henry Hayes and hostess, Mrs. Saunders.

Estelline Students Give PTA Program

The Freshman girls of Estelline school, under the direction of Mrs. J. A. Ballard, presented the program when the Estelline Parent-Teacher Association met in regular session on Tuesday afternoon, March 1.

The girls sang two popular songs, and did two novelty folk dances. Linda Crisman read a humorous monologue and Wanda Mabry gave the invocation.

Mr. and Mrs. Earl Funk of Des Moines, N. M., visited here over the weekend with his parents, Mr. and Mrs. W. B. Funk.

Mrs. Hester Bowns and Mrs. Anna H. Dickson visited in Carlsbad, N. M., over the weekend with their daughters, Mrs. Andy DeWees and Mrs. Jack Sitton. Enroute home Monday, Mrs. Bowns visited in Hereford with her son and family, Mr. and Mrs. Jimmy Bowns and Mrs. Dickson visited a niece, Mrs. Vivian Major.

Good Length Remnants 4 yds. for **1.00**

FINE WOVEN CHAMBRAYS!
EVERGLAZE SHEER PRINTS!
YARN-DYED COTTON TWEEDS!
SPORT DENIM
PLISSE PRINTS AND SOLIDS!

These are the big-season fabrics, beautiful long piece remnants fashion-right for Spring sewing! Think of what you'd ordinarily pay for these, think how much you can save when you come to Penney's and scoop these up at 25c yd.

Look high and low...

1. You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes!

2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

Biggest car at its price (122" and 124" wheelbase) - Most powerful car at its price (180 horsepower) - Only car at any price with distinctive Vogue Tone Styling and the riding and driving ease of the torsion-free, Shock-proof Chassis.

The most enthusiastic Pontiac owners are those who have taken this advice. They've looked the field over from top to bottom—and here's what they learned:

Pontiac is way up there with costly cars in wheelbase, roominess and riding ease. It's big and comfortable, yet handles with expensive sports car nimbleness. The exciting

dash and compelling drive of the Strato-Streak V-8 produce the richest thrills in motoring. And Pontiac is America's most distinctive car in styling as in action.

Come in for the facts about this "all-time" value leader and our generous appraisal of your present car! Find out how little it takes to switch to modern motoring.

and you'll go Pontiac!

Comedy Best

Whiskers Defeat Memphis 90-77

ough staff the plan of both teams, the House outscored the Memphis Basketball team here Friday night in the high 90-77.

With the bearded cagers in ballgame, it was Nolan Independents that stole the part of the game with the ballplayer, McLaughlin, Tacoma, Washington.

McLaughlin and another import from the Vagabond team, Ausmus, had a traveling professional club was disbanded in a car-wreck a week before.

Half time after the David had presented a baseball skit, McLaughlin acted in a act in which he spinning basketball ball on top of his head, spike held in his mouth, his knee, one on his toe, balanced on the forehead.

One time out the Independent secured a large section of

the fans by heaving what the fans thought was a bucket of water into the south stands.

During the time out while the Independents were supposedly drinking water from the bucket one of the players poured a dipper of water on a teammate. The offended player grabbed the bucket and chased the output into the stands, then he threw the contents of the bucket at the player and fans—it was torn bits of paper.

On the court the House of David held lead all the way, but never by a wide margin until the final quarter when the Memphis defense began to sag. It was then that the team play developed by the House of David in more than 300 games a year began to pay off.

It was the three small men of the House of David that carried the offensive load. "Jumping" Joe Grist pumped in 36 points, Bobby Roth, manager for the five men, scored 21, and Roy Cunningham 16.

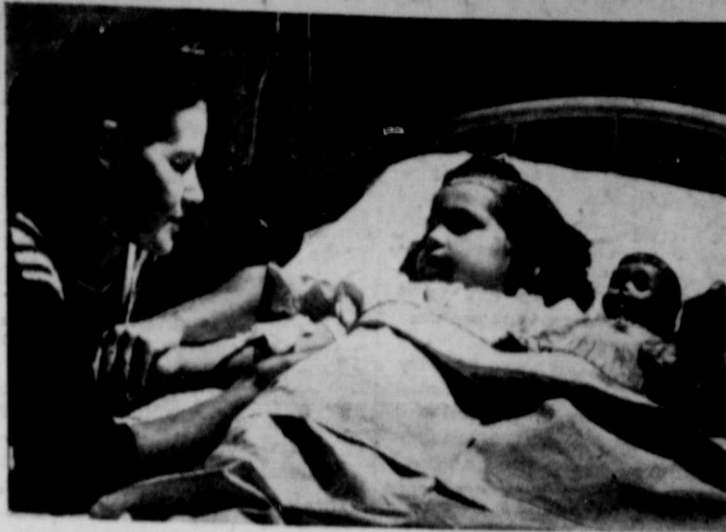

Seven foot "Goose" Gordon only hit for 10, most of them rebounds and 6' 5" Bill Reeder only tipped in seven.

Leading scorers for Memphis were: Poteet with 23, McLaughlin 17, and Ausmus 19. Poteet had one soft underhanded pivot shot to roll up on the back basket, stop and roll back off as everyone in the gym held their breath.

Not only did McLaughlin entertain the fans during the half but he kept them entertained all evening with his tricky passing and ability to fake a one handed pass, yet hold on to the ball to the confusion of the man trying to guard him.

It was reported that after the game the House of David five hired McLaughlin as a member of their team.

It takes some persons about three and a half cars to learn to drive.

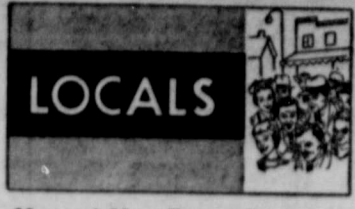

BLOOD GIVES LIFE . . . Mrs. Fague Springman of Washington, D. C., watches while daughter Pamela, 4, gets 115th pint of blood since birth with rare illness. American Red Cross supplied most of transfusions free.

Pvt. Stanley Bailey In Army Exercise

Army Pfc Stanley D. Bailey, son of Mr. and Mrs. Elmore Bailey of Hedley is participating with 5,000 soldiers of the 74th Regimental Combat Team in the First Army's Exercise Shoe-String at Camp Edwards, Mass.

The exercise is an experiment in maintaining high training standards on a "shoe-string" budget. During the exercise, men of the combat team will be attacked by an aggressor force which will simulate raids and strikes at outposts.

Private Bailey is a fire direction computer in Headquarters Battery of the team's 76th Field Artillery Battalion. He entered the Army in April and completed basic training at Fort Bliss, Tex.

Mr. and Mrs. Benny Pyeatt and daughters, Gathy and Owen of Levelland visited over the weekend in Memphis.

Mrs. Dick Spoon spent Tuesday and Wednesday in Amarillo visiting her daughter and son-in-law, Mr. and Mrs. D. C. Rosson.

Mr. and Mrs. M. L. McCanne and daughter, Kimberlee, of Pecos spent the weekend with friends and relatives in Memphis.

Mrs. Dutch Davis and Denny of Amarillo were in Memphis over the weekend.

Helicopter Lands At Memphis Airport

The easy routine of life in Memphis was stirred Friday morning when a helicopter from Bell Aircraft in Fort Worth, stopped at the local airport for fuel and oil.

The "whirly bird" was enroute to Colorado Springs, Colo., from Fort Worth. It was piloted by Roland Barton and Art Fornoff

sales representatives for Bell Aircraft. Both men were from Glendale, Calif.

After the craft had been serviced by Morris Odom, local Phillips 66 dealer, it took off and backed away from the crowd of 20 or 25 onlookers. The small sandstorm created by the ten feet long rotor-blades sent everyone scrambling for cover.

A red light doesn't stop a car — It takes brakes!

Mr. and Mrs. Ellis Veteto and family of Panhandle spent Sunday with Mr. and Mrs. E. L. McQueen. Mrs. Veteto remained here to visit a few days with her mother, Mrs. R. A. Hutcherson and sister, Mrs. R. O. Kelley.

Is the car of your dreams on this page?

"This luxurious Lincoln Capri teams new high-torque V-8 power and Turbo-Drive for instantly responsive performance in all driving ranges."

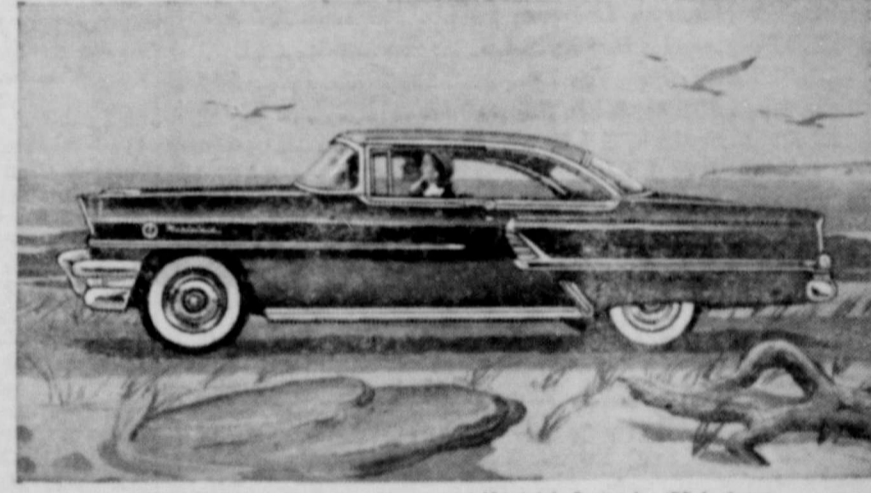

"The beautiful Imperial four-door sedan for 1955, with world's most powerful engine design: hemispherical-combustion FirePower V-8."

Read why it deserves Conoco Super Gasoline with TCP

...the fuel designed for today's hi-compression engines!

"1955 Nash Ambassador Country Club highlights Pinin Farina sports car styling and new 208-hp Jetfire V-8 engine."

"Mercury's low silhouette, ultra-smart Montclair Series for '55 features a new 198-hp Super-Torque V-8 engine and dual exhausts."

Regardless of make or year, your car will benefit from Conoco Super Gasoline, the fuel that combines a controlled higher-octane rating with all the power benefits of TCP!

Whether you're the proud owner of one of these 1955 beauties . . . or are still getting dependable service from your present car . . . isn't it time you benefited from Conoco Super Gasoline with TCP? Make no mistake about it! Here is no ordinary fuel, but an astonishing new kind of gasoline that sets free every ounce of power packed into today's wonderful high-compression engines. . . a gasoline that virtually tunes up any engine by the time you've finished your second tankful!

Feel that powerful difference today! This week, start using Conoco Super Gasoline with TCP. . . after two tankfuls, you'll see why the greatest gasoline development in 31 years became the greatest success in gasoline history!

Conoco Super Gasoline with TCP

...makes a powerful difference in your car's engine!

- THE BENEFITS OF TCP**
PROVED BY OVER 8 MILLION USERS!
1. TCP boosts your car's power as much as 15% (because it neutralizes power-robbing lead deposits in your car's engine).
 2. TCP gives you extra gas mileage (motorists report up to 3 miles more per gallon).
 3. TCP is just like an engine tune-up (because you enjoy all your car's built-in power).
 4. TCP increases spark-plug life up to 150% (because it actually fireproofs your spark plugs).
 5. TCP is your guarantee of Top Car Performance (because it brings out all the extra performance of Conoco Super's higher-octane rating).

Millions have proved it—now prove it in your car CONOCO Super GASOLINE WITH TCP
