## Water Extension Survey Approved

The City Council in their regular meeting Tuesday night approved a survey for a sewer extension project in the southwest sections of the city. A city official said if the work is approved, it will begin in about 60 days or less. The sooner the work can be done, the better, the official said, for it will need to be completed before winter and the local labor situation could use a boost during the summer, also. The council also agreed to have the city's chemical fogging machine start on the first night that the wind is calm enough to allow the chemicals to settle. Mayor O. L. Helm said that the council had hoped that the people would get rid of most of their weeds before the fogging started, but they could not wait any longer to begin. The mayor added that the chemicals would be more effective where the insects didn't have the weeds to hide in, but that bad weather and street work has delayed the program too long already. The city budget was another item passed by the City Council. It was brought before the council for approval, and as there was no one present who wished to contest the budget, it stood as filed.

## Secretary Rehired as Principal

One of the big problems facing the Memphis School Board was in a special meeting last night, when Weldon McCreary withdrew his resignation and agreed to remain in Memphis as school principal. McCreary resigned just before he was out in order to become principal of the New Deal School, located near Lubbock. He had been a member of the school faculty since 1946 and came here as agriculture teacher as principal for one year, before being named to the post in March, 1952. The school board asked McCreary to reconsider his resignation and remain here as principal. McCreary said that after he reviewed all the factors involved in changing jobs, he decided to stay here in Memphis. According to the principal, his family for staying is that he and his family are very happy in Memphis, and he enjoys working in the administration, school faculty and the student body. Since he has decided to stay, he is looking forward to a very successful school year.

## FHA Approves Loans During First Fiscal Year

Approximately 211 loan applications from Hall County Farmers were approved during the first fiscal year ending June 30, 1955 by the Farmers Home Administration committee county supervisor, J. E. Eddins, Jr., said this week. The approved total \$608,655. Credit has been advanced to equipment and livestock needs on small farms on an efficient operating basis, for other farm expenses, and to buy improved family-type farms. He also has been advanced for water conservation and to meet emergency needs. Loan applications must be approved by the Farmers Home Administration county committee funds can be advanced. Members of the Hall County Committee are Del E. Wells, Mr. L. Davis, and Joe W. Eddins. Mr. Pete W. Davis is newly elected this year succeeding J. Eddins whose 3-year term ended at the end of the fiscal year.

## Baten Warns Stores About Bogus Checks

The Hall County sheriff's department this week put out a warning to all merchants to be careful when cashing checks for strangers. Sheriff Bill Baten said the city has been flooded in the past month or so with bad checks and all of these have been passed by strangers and written on banks in this area. This past week four checks were passed here and judging from the handwriting, the sheriff thinks they were all written by the same person. The checks were on the Hedley bank. Baten said a different name was used on all of the checks and each one was written for \$25.00. The checks were taken by Fowlers Drug, Durham's Pharmacy, J. C. Penney Co., and Wood Bros. Super Market. The sheriff said that all of these stores reported that the person who passed the checks was a man about 29 years old. Unless there is a record of a person's handwriting in Austin or Washington, the sheriff said that he had very little to go on in attempting to apprehend the man. Baten said that when a person

## New Officers Take Over Service Clubs

New officers assumed the leadership of the Lions and Rotary Clubs for the coming year at the meetings of the two organizations this week. Ben Parks assumed the presidency of the Rotary Club and Gene Lindsey was installed as president of the Lions Club at the annual installation banquet last Thursday night. The other officers installed in the Lions Club that night were O. L. Helm, first vice president; Bob Ayers, second vice president; Elmont Branigan, third vice president; Bill Leslie, secretary; Lynn McKown, treasurer; Doyle Fowler, Lion tamer; and H. E. Craig, tail twister. Lions Club directors for the coming year are Jack Rose, Arlis McBee, Dick Fowler and M. D. Gunstream was elected, but vacated the post when he moved to Muleshoe. No director has been named to replace him. These officers were installed by Boyd Meador of McLean, a past district governor and a Lions International councillor. Entertainment for the program was provided by a girls' quartet from the Clarendon Lions Club. The girls were Shirley Bulman, Ruby Mann, Jane Mosley, Shirley Baker, and the accompanist was Mrs. D. Williams. Outgoing president, J. W. Coppedge, presented perfect attendance pins to 12 Lions at the banquet. The Rotary Club officers took office without any formal installation service. Besides Parks, Thomas Clayton became vice president; W. A. (Dub) Leigon assumed the job of secretary. Club directors are Clayton, Leigon, Parks, B. J. Walker, Dwight Kinard and Rufus Grisham.

## Hooser Urges War On Grasshoppers

Farmers of Hall County urged this week by County Agent W. B. Hooser to start fighting grasshoppers while they are small and easy to kill. Hooser said the weather has been in the grasshoppers' favor. Proper timing is a very important factor in fighting grasshoppers; and, Hooser said, now is the time to kill them. The agent recommended that farmers use a toxaphene or chlorodane poison, and apply from one and one-half to three pounds per acre as a spray. As a dust, use of 20 per cent toxaphene-40 per cent sulphur, or 10 per cent chlorodane-sulphur, and apply between 15 and 20 pounds per acre. According to Hooser, the government is discontinuing its program of providing sodium fluosulfate bran and bait material. The toxaphene and chlorodane are much more effective while the grasshoppers are small. When the hoppers are grown, the dose must be tripled before it is effective, Hooser said. The only way for the campaign against the hopper to be effective, according to the county agent, is for each farmer and rancher to cooperate and kill his insects. No progress will be made against the grasshopper, if only one or two farmers poison at a time. The grasshoppers cost the farmers of Hall County thousands of dollars every year. "We should really do something about this menace," Hooser said.

## Thompson Receives Honorary Award

Glynn L. Thompson of Memphis has been awarded the designation of Knight of the York Cross of Honour, it was reported today. This honorary degree, highest in the York Rite of Freemasonry, is conferred only on those who have held the highest office in each of the four bodies of the rite. Thompson becomes the 5,540th to have received this award in the past 26 years in North America, although there are nearly four million members of the fraternity. He has served as Master of the Memphis Lodge of Masons, in 1934; High Priest of Memphis Chapter, Royal Arch Masons, in 1945; Master of Memphis Council, Royal & Select Masters, in 1945; Commander of Memphis Commandery, Knights Templar, in 1955. He was elected to membership in Texas Priory and his election was confirmed by the Convent General of the order on June 13. A certificate of membership has been mailed him. There are 51 Priorities of the order in North America with a present membership of 4,500.

## Ex-Resident Dies In Abilene Friday

Funeral services were held at Cookville Baptist Church Sunday, July 3, for Mrs. Millie Mae Smith Rees, 77 a former resident and school teacher of Hall County, who died Friday in an Abilene hospital. The services were conducted by Rev. S. H. Maples of Gilmer and burial was in the Cookville cemetery. Mrs. Rees was born in Titus County and lived there until about 30 years ago when she and her family moved to Hall County. Her husband, Will Rees, died in Memphis Feb. 13, 1926. She moved to Abilene about ten years ago. She taught for several years in county schools around Turkey, and after retiring she collaborated with Dr. Austin W. Smith, dean of Tennessee Polytechnic College in tracing their family history. They worked out the family trees of over 5,000 relatives back to the 1600's in England. Her father and grandfather were pioneer Baptist ministers who helped establish Baptist churches in Northeast Texas before the state won its independence from Mexico. The youngest of 14 children, she was a member of the Daughters of the American Revolution, Daughters of the Republic of Texas, United Daughters of the Confederacy, United Daughters of 1812, Colonial Dames of the 17th Century, and was eligible for membership in the First Families of Virginia and of the Mayflower Club. Mrs. G. R. Hanna of Memphis is Mrs. Rees' niece and was one of the more than 100 relatives who attended the funeral. She is survived by two sons, W. Smith Rees of Turkey, and Loy Rees of Abilene; a daughter, Mrs. Fannie May Rees Parsley of Rottan, and three grandchildren.

## Lakeview Cemetery Clean-up This Week

The Lakeview cemetery is being worked now, but it will be impossible to clean each individual lot this time, Miss Beulah Black, secretary, said this week. Everyone, Miss Black said, is urged to work their lots real soon, because the heavy rains have caused the vegetation to grow very fast. Everyone's cooperation will be highly appreciated, she added.

## Huge Fireworks Display Entertains 3,000 People Here Monday Night

Chief of Police Guy Wright said that the show caused the biggest collection of cars that he had seen since being in Memphis. The baseball field was full of cars and the highway was blocked at times by the cars of people passing through Memphis who stopped to watch the show. Many people who live in the area of the football stadium saw the show from their front lawns. And many others sat in their automobiles on the streets close to the field and watched. Before the hour-long fireworks show began, a color guard of American Legion members presented the national ensign and then the Memphis summer band, under the direction of Miss Kathy Phillips, played the National Anthem. Frank Smith then presented 14 of his outstanding boys in a tumbling and trampoline show. As an extra treat for the packed stands, Jackie Boone gave an exhibition of trampoline tumbling. L. B. Snider, president of the Memphis Jaycees, said that during the firing of the aerial salutes the three-inch mortars became so hot that the crews had to stop and let them cool. At the City Park the crowd didn't start gathering until nearly noon, Smith said, but by then most of the picnic areas were taken. According to Smith, the most popular thing in the park, other than the swimming pool, was the trampoline which was set up all day. An estimated 300 people watched the water races for kids and the penny dive, and life saving demonstrations. Winners and second and third place finishers in the races are as follows: Sprint races for girls under 12: Mary McCreary, Neva Sue Koeninger, and Ann McCreary. Sprint races for boys under 12: Allyn Harrison, Bunky Adcock and Chubby Lamkins. Sprint races for girls over 12: Carleen Harrison, Alice Young, Carolyn Montgomery. Sprint races for boys 13-15: Charles Massey, Tommy Tucker and Tommy Brewer.

## Man Held In Custody On Swindling Charge

Leo Frank White, 67, of 1103 Oak Street, Sweetwater, was taken into custody Monday by the Hall County sheriff's department and charged with swindling. White was arrested by the Lubbock sheriff's department and then turned over to Sheriff Bill Baten, Monday. Charges were filed against White after he allegedly sold Dr. J. A. Odum of Memphis \$275 worth of stock in the Commercial Security Insurance Co. of Houston on Nov. 15, 1954. The company went into receivership on Aug. 4, 1954, County Attorney Bill Teague said. As of Thursday morning White was still being held in jail awaiting bond. His bond was set at \$1,000 by Judge J. S. Grimes, Tuesday.

## Scott Grundy Named To Tech Honor Roll

Scott M. Grundy, son of Mrs. Allen Grundy of Memphis, has been named to the Texas Tech Honor Roll, according to information released by W. P. Clement, Tech registrar. Grundy's grade average for the spring semester was 2.82. The list contains the names of students enrolled for 12 semester hours or more during the spring semester who maintain a grade average of 2.48 or better. Thirty-four students out of the 268 on the list maintained a perfect 3.0 grade point average. A senior in the arts and sciences division of Tech, Grundy was an outstanding student and basketball player in Memphis High School. He is a 1950 Memphis graduate, and is now a pre-medical major at Tech.

## Potts Attends Tech Farm Short Courses

Hershel Potts, agriculture teacher for Memphis, recently attended a two-day short course at Texas Tech for all agriculture teachers of Future Farmers of America Areas One and Two. Potts said the course covered the use of fertilizers on cotton and grain sorghums, diseases of plants, Texas seed laws, and problems pertaining to phases of irrigation.

## Cotton Measuring Will Start Monday

After a month's delay due to floods and replanting, the measuring of the 1955 cotton acreage will start Monday, July 11, L. L. McKown, county ASC office manager, said Wednesday. Due to the late start and the conditions under which this year's crop was planted, complete cooperation of all persons concerned will be required to complete the measuring of cotton by harvest time, McKown stated. This cotton crop is of primary interest to everyone, the office manager said, and it is of personal interest to every farmer to see that his cotton is measured as correctly and as soon as humanly possible. The Hall County ASC Committee hopes to have 12 reporters in (Continued on Page 8, Sec. 1)

## Highway Opening Monday July 14

The program and basket dinner at "Inspiration Point" to celebrate the completion of state highway 256 and 70 will be held at 6 p. m. Thursday, July 14, according to Clifford Farmer, manager of the Memphis Chamber of Commerce. This celebration is being sponsored jointly by Hall, Donley and Briscoe County officials and is for the purpose of celebrating the completion of a project which all three counties worked on for several years. "Inspiration Point," Farmer pointed out, is the roadside park at the top of the Caprock on highway 256. People planning to attend the program should get there early enough to have time to view the beautiful country from the point, he added. Marshall Formby of the Texas Highway Commission will represent the commission on the program. Formby is from Plainview. Herb C. Petry another member of the commission, State Highway engineer may attend the affair. The district highway engineer, Palmer Massey, of Childress has accepted an invitation, as has all the officials from the three counties. In a letter to the program planners, E. H. Thornton, chairman of the highway commission said, "The commission is very proud of the fact that the final gaps in highways 256 and 70 have been completed and we are very grateful to the citizenry and county officials of Hall, Donley, and Briscoe Counties for the cooperation which made completion of these projects possible." The Memphis Chamber of Commerce highway committee and a special committee, appointed for Hall County by Briscoe County Judge J. W. Lyons, met this week to make final plans for the county's participation in the program. M. O. Goodpasture went to Turkey Wednesday to talk to city officials about taking part in the program. That town was not represented at the planning meeting held two weeks ago at the intersections of Highways 256 and 70 by officials of Memphis, Clarendon and Silvertown.

## TRAFFIC BLOCKS HIGHWAY 287 AS TRAVELERS WATCH NIGHT SHOW

An estimated 3,000 people took an active part or watched parts of Memphis' all day Fourth of July celebration Monday and Monday night. Frank Smith and Hubert Dennis who had charge of day long program in the park and at the swimming pool said they had about 300 people taking part in the day's activities or watching. The biggest attraction of the entire program was the Junior Chamber of Commerce's big traffic-stopping fireworks show at the football field Monday night. There was no way of knowing the exact number of people that attended the program, but estimates put it at between 2,500 and 3,000 who were in the stands and sitting on the field during the show. Chief of Police Guy Wright said that the show caused the biggest collection of cars that he had seen since being in Memphis. The baseball field was full of cars and the highway was blocked at times by the cars of people passing through Memphis who stopped to watch the show. Many people who live in the area of the football stadium saw the show from their front lawns. And many others sat in their automobiles on the streets close to the field and watched. Before the hour-long fireworks show began, a color guard of American Legion members presented the national ensign and then the Memphis summer band, under the direction of Miss Kathy Phillips, played the National Anthem. Frank Smith then presented 14 of his outstanding boys in a tumbling and trampoline show. As an extra treat for the packed stands, Jackie Boone gave an exhibition of trampoline tumbling. L. B. Snider, president of the Memphis Jaycees, said that during the firing of the aerial salutes the three-inch mortars became so hot that the crews had to stop and let them cool. At the City Park the crowd didn't start gathering until nearly noon, Smith said, but by then most of the picnic areas were taken. According to Smith, the most popular thing in the park, other than the swimming pool, was the trampoline which was set up all day. AUSTIN.—School-age children of Texas will be given a second round of polio inoculations before the month ends.

Assurance has been given State Health Officer Henry A. Holle, by the National Foundation for Infantile Paralysis, that manufacturers of the vaccine will have completed production and safety testing of enough vaccine to permit another round of inoculations and booster shots by the end of July.

Fifty-five new cases of polio were reported for the latest reporting period, which ended June 25. It brought the state total to 509.

Austin has had 12 cases to date. **Draft Evader Sentenced**

Two years in the federal penitentiary face Fred D. Jackson of Comanche.

He was sentenced by Federal Judge Ben H. Rice, Jr., when convicted of draft evasion. Jackson handled his own defense. Asst. U. S. Dist. Atty. Lonny Zwiener, said that the Jehovah Witness minister refused to work in the Austin State Hospital when ordered to by his draft board—in lieu of military service. Yet he admitted working in a Fort Worth plant that manufactured military aircraft.

**Adrian Case Delayed**  
Federal Judge Ben H. Rice, Jr., has postponed until next January a hearing to determine if 75-year-old John Cass Adrian of Austin is "mentally incompetent."

Adrian is a retired Austin mail carrier and Spanish-American War veteran.

He is charged with writing a

BABY STORK . . . Japanese lad uses chopsticks to feed 10-day-old stork in Tokyo zoo. The little bird grows 5 inches each week.

ANTI-JAP RIOT . . . Korean war vets in Seoul demand ROK government protest Japan's trade with Communists, particularly North Koreans.

### FHA Places Davis On Hall Committee

Pete W. Davis of Estelline is the new member of the Hall County Committee for the Farmers Home Administration. His appointment became effective July 1, 1954, the agency's county supervisor has announced.

Davis succeeds Joe W. Eddins whose term on the three-member committee expired this year.

Davis operates a farm and ranch south of Estelline.

The other two members of the committee are Del E. Wells and Lucion I. Davis.

There is a Farmers Home Administration county committee in every agricultural county in the country. The committee determines the eligibility of applicants and helps the county supervisor adapt the agency's loan policies and services to local conditions. Each member is named for a three-year term, and one appointment expires each year. A member completing his three-year term cannot succeed himself. At least two of the members must be farmers.

The Farmers Home Administration makes loans to farmers to buy, improve, enlarge, or operate efficient family-type farms. It also lends money to farmers or their nonprofit associations to

### School Squabble

A 1000-name petition was presented to Dr. J. W. Edgar, State Commissioner of Education, urging him to cancel certificates of the 110 teachers who struck in the recent school row in Irving.

Filing the petition were Clifford J. Moore and Donald O. Starrett, president and director, respectively, of the Council of Public Affairs at Irving.

They were advised by Dr. Edgar to have an attorney file a brief, supporting their contention, and if he decides he has jurisdiction, then each of the teachers involved will be granted individual public hearings.

Irving teachers struck in protest against the firing of Dr. John L. Beard as superintendent of the Irving school board. When the district was abolished, and a new one created, the new board rehired Beard.

Dr. Edgar ruled earlier that the Irving school board did not have proper cause for canceling Dr. Beard's contract as superintendent.

**Patrolmen-Guards Needed**  
Two types of openings exist on the state's payroll.

Homer Garrison, head of the Department of Public Safety, needs 200 patrolmen and O. B. Ellis, general manager of the Texas Prison System wants additional guards.

Applicants must be high school graduates in excellent physical condition. Patrolmen must be between the ages of 21 and 25; guards 21 to 50.

Starting salary for guards is \$2700 a year. Patrolmen are paid \$275 a month during training; \$304 at the end of school; and \$315 after six months employment.

Application blanks may be obtained for the prison jobs by writing the General Manager's Office, Texas Prison System, Huntsville; and for patrol jobs by writing to W. J. Elliott, Chief of the Texas Highway Patrol, Department of Public Safety, Austin, or any Highway Patrol District Office.

**Facts About Texas**  
Texas had 397 drownings last year, most of them from failure to take sensible precautions, says Dr. Henry Holle, State Health Officer . . . State cigarette tax income in June dropped off \$38,021 and liquor taxes \$32,808, compared with the same month last year, reports State Treasurer Jesse James . . . May building construction in Austin showed a gain of 15 per cent over April, or more than double the 7 per cent increase shown throughout the 11th Federal Reserve District. Austin construction also showed a gain of 20 per cent over May, 1954.

establish and carry on approved soil and water conservation practices. Purposes include establishing and improving permanent pastures, terracing, soil erosion practices, and many other conservation measures, as well as irrigation and farmstead water improvements. Most of the soil and water conservation loans and loans to buy, improve, or enlarge farms are made from funds advanced by private lenders and

insured by the agency. The agency makes emergency loans, but only in areas designated by the Secretary of Agriculture as being in need of emergency loans due to some calamity. Hall County is designated for emergency loans because of drought over the county the past four years.

Before the agency can make any loan, the applicant must have the approval of the county com-

mittee. In the case of a ownership loan, the farm must also be approved by the committee, Mr. Roan explained. The agency does not make loans of any type to an applicant whose credit needs can be met by other credit sources.

Robert E. Lee was ordered at Fort Clark, Brackett, Texas.

## LAFF OF THE WEEK

"A little more 'pucker' and a little less 'pop' please!"

## Farms Have Most Accidental Deaths

COLLEGE STATION.—"More accidental deaths occur in farming than in any other major industry in the nation.

Texas, with its widespread farming and ranching operations, is in a position to help reduce the toll taken by such accidents," said Governor Allan Shivers in his proclamation designating July 24-30 as Farm Safety Week.

Earlier President Eisenhower had proclaimed the same period as National Farm Safety Week. He requested organizations and leaders interested in farm life to join in the continuing drive to reduce needless injuries and deaths to farm people.

The week is sponsored jointly by the National Safety Council and the U. S. Department of Agriculture and has been observed each year since 1944. The Texas Farm and Ranch Safety Committee working with the sponsors and farm organizations and leaders of the state report much progress during the past several years. The committee has called on farm organizations and rural youth groups to assist with carrying the message on safe rural living to farm and ranch families. Four-H club members not only conduct individual demonstrations involving farm safety but compete as teams for county, district and state hon-

ished at Lake Kemp over the weekend.

Mrs. Del Wells visited Mrs. Paul Smith Sunday afternoon.

Mr. and Mrs. Burt Spelch of Honey Grove were here last week-

end visiting relatives.

Mr. and Mrs. M. D. Kennard left Monday for a vacation trip to Coldwater.

## THE BAFFLES

By Mahoney

ors in a farm and home safety demonstration contest.

It is the hope of the Texas Committee that farm families in every community will participate in activities which may be planned for their protection. The theme of the 1955 week is "Your Safety Is in Your Hands... Be Careful—Avoid Accidents."

Nebraska is the only state in the Union with a unicameral or one-house legislature.

Charles Darwin is credited with the theory of "the survival of the fittest."

Pins were not invented until the 14th century.

## Five Women Coming For Caravan Week In Lakeview MYF

Four girls and a woman counselor are coming to the Lakeview Methodist Youth Fellowship's caravan week scheduled to open July 16 and run through July 23.

The four girls are Dorothy Bengtson of Winsboro, La., Sue Wynore of Ames, Iowa, Mary Elizabeth Estes of Cape Girardeau, Mo., and Agnes Beard of Dyersburg, Tenn.

The counselor is Treva Ely of Dalhart and a graduate of McMurry College. All the girls have either just finished college or are students.

Louisiana's state capitol building at Baton Rouge, is the tallest in the nation.

## Vic Vet says

PERSONS ENTERING THE ARMED FORCES ON AND AFTER FEB. 1, 1955 FOR THE FIRST TIME WILL BE PEACETIME VETS WHEN THEY LEAVE SERVICE AS SUCH, THEY WILL BE ENTITLED ONLY TO PEACETIME BENEFITS.

# Atomic Energy Sites Produce Boom Towns

(The following is the first of a series of articles disclosing the highlights and sidelights which have accompanied the nation's development of atomic energy. Prepared at the Hanford atomic energy plant, the series will deal with the human things which followed in the wake of the first historic announcement that man had harnessed the atom. It will touch upon the things which lie ahead.)

By BILL JURY

Seldom in American history have three neighboring villages seen such violent changes as Hanford, White Bluffs and Richland in southeastern Washington during the infancy of the Atomic Age.

One of the tiny communities billowed almost overnight into a sprawling boom town and quickly faded away and was lost to the desert wind and sand.

The second village was swallowed up, its value as a potential orchard center overshadowed by the need for an atomic energy plant site.

The third outlived the roaring boom period and since has grown into an unincorporated city of 27,000 persons, its future secure as a business and residential area for atomic plant personnel.

Deep inside the barricaded boundaries of the Hanford atomic energy project today lies the remnants of the town which once was given great promise of becoming a leading producer of orchard crops. The town was White Bluffs.

Once a small orchard community on the banks of the majestic Columbia, it since has been absorbed by the sprawling, bustling Hanford project. Now it is a

crossroad in the center of a 600-square-mile government reservation where General Electric Company operates the Hanford plutonium plant for the Atomic Energy Commission.

The town which gave its name to the Hanford project also was a quiet community of 300 persons before its selection as a site for the huge atomic energy plant turned it into one of the biggest boom towns the West has ever known.

More than 50,000 persons, comprising workers and their families, moved into the area early in 1943 to help construct giant facilities. They were people from all over the country, recruited from wartime labor markets to build the original Hanford works. When their job was completed, most of them moved on. Those who stayed behind to operate the atomic energy plant moved to little Richland village, some 25 miles away from the nearest plant area.

Today, the town of Hanford is a ghost town, its blacktopped streets and windswept wooden frame skeletons offering only slight evidence of its sprawling past.

Richland, village of 250 persons which stood 30 miles downriver from Hanford and White Bluffs, survived its sister communities and fickle prosperity of the era. It expanded and absorbed its new people until today it is one of the largest cities in Eastern Washington.

Because of the almost complete absence of facilities for caring for its increased population in the early days of the Hanford project, the responsibility of providing the necessities of a big town was placed with the plant contractor, in those days, E. I. du

Pont de Nemours, prime contractor to the Army Engineers.

The essential activities of a municipality—police and fire protection, supplying the necessary utilities and recreational facilities—are now provided by the Community Services Section of GE. This group covers all normal departments of most cities in the nation; everything from public works and safety, to parks and library boards. In addition, it manages most of the town real estate rentals and operates the plant administrative area.

The communities of Hanford and White Bluffs now are chapters in American history, but Richland—a child of the Atomic

Age—is making history as this nation's first atomic city. (Next week: "Desert Miracle")

Mrs. G. K. Wilkinson and children, and Kenneth Oren of Pacoima, Calif., are visiting with their parents, Mr. and Mrs. Chas. Oren.

Mr. and Mrs. Bennie Dennis and children of Borger, spent the weekend here with their parents, Mrs. Ed McCreary and Mr. and Mrs. L. O. Dennis.

P. H. Wyatt of Frederick, Okla., came Saturday for a few days visit with his brother, A. M. Wyatt. He will also visit a brother in Carey before returning home.

## NEWLIN

Mrs. Don Sweatt and children of Memphis visited last Wednesday night in the home of Mr. and Mrs. Bill Diggs.

COMBINE YOUR NEW CHEVROLET PURCHASE WITH YOUR VACATION PLANS!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive your home. Chances are, you'll save a substantial share of your vacation travel cost!

*Twin Pipes that play sweet music!*

## Chevrolet's "Super Turbo-Fire V8" with 180 hp.

You can spot this one by the twin tail-pipes. No matter what you drive, you're going to see twin-exhaust Chevrolets pulling away—in traffic, on the toughest hills, on the long straightaways.

Unless you have a "Super Turbo-Fire V8" of your own. And then you'll know what it's like to pilot the car that sets the pace for everything else—and doesn't pause to read the price tags!

What makes the Super seat? Chevrolet's superb valve-in-head V8, with the shortest stroke in the industry, the most power per pound, and the only 12-volt electrical system in its field—all this plus a four-barrel carburetor and free-breathing twin exhausts.

Want to sample this silk-lined cyclone? Just give us a call, any day this week, and we'll be proud to show you just how hot a V8 can be.

*\*Optional at extra cost.  
†Station wagon models have single exhaust pipes.*

Mr. and Mrs. J. R. Morehead had as guests last weekend, Mr. and Mrs. Bill Reed and children of El Paso, and June Mullin and children of Amarillo.

Mr. and Mrs. Paul Phillips visited Mr. and Mrs. Morehead Sunday afternoon.

### 69 Toxic Plants On Texas Ranges

Bitterweed, milkweeds, loco weeds and the groundsel are among range plants most common and poisonous to livestock in Texas.

These plants are among 69 listed as poisonous to livestock in "Texas Range Plants Poisonous"

**Chas. Oren, O. D.**  
OPTOMETRIST  
We Buy Old Gold  
612 W. Noel Phone 264-J

to Livestock," a new joint publication of the Texas Agricultural Experiment Station and Extension Service.

Thirty-four plants are recognized as "most hazardous" to livestock, 22 are listed as having low toxicity but not frequently grazed and 13 are toxic but usually not hazardous.

A complete description of each plant, a list of animals commonly affected, and the management and control of each is given in the bulletin. It also contains a map showing statewide distribution and a picture of each specie.

Overgrazing and periodical drouths, says the publication, mainly are responsible for the decrease of more desirable plants and consequent increase of toxic and less desirable brush and weeds.

Copies of the informative 48-page bulletin, 796, are available from local county agricultural agents or from the Agricultural Information Office, College Station, Texas.

The farthest points in Great Britain are from Land's End, England, to John O'Croats, Scotland.

### Ex-Memphis Girl In Dallas Hospital

Mary Louise Brawley, daughter of Mr. and Mrs. H. E. Brawley of Dumas and formerly of Memphis, is in the Childrens Hospital in Dallas suffering from an extremely rare heart disease, and the many doctors already familiar with her case say she has only a few weeks to live.

The little girl was flown from Dumas to Dallas, two weeks ago, as a guest of the U. S. Air Force. She was accompanied on the trip by her mother, an Air Force flight crew, flight surgeon and a military trained anesthetist.

Her father, brothers and sisters drove to Dallas in the family car. A Dumas physician, assisting other doctors with the case, said the child has a congenital disease of the heart and blood vessels which result in high blood pressure. The child's small heart simply can't carry the load of increased pressure in her lungs.

She has been in poor health all of her life and wasn't able to complete her school work last year. She had been under an oxygen tent at Memorial Hospital in Dumas for several days before going to Dallas.

In Dallas, Mary is again having her unusual case studied by heart specialists there. Her case now has reached all major heart surgeons in the United States. All, unfortunately, must relay the news to Mary's parents that to date they are unable to do a thing for the child.

"There just aren't enough cases like her's on record for us to know what to do," one doctor said.

According to the Dumas newspaper, the little girl will probably remain in the Children's Hospital in Dallas for the remainder of her young life.

The little girl is the granddaughter of Mr. and Mrs. W. A. Lattrell of Memphis and the niece of Melvin Brawley, also of Memphis.

Her parents moved to Dumas from Memphis in February of 1954, after living here since 1942.

Jack Johnson was the last Negro heavyweight boxing champion before Joe Louis.

"Balanced Rock" near Fredericksburg, Tex., weighs more than 100 tons and is balanced on two small projections.

### Richards Resigns As FB Secretary; Durrett Appointed

In a called meeting of the board of directors of the Hall County Farm Bureau Saturday night, the resignation of Earl Richards as secretary was accepted.

V. C. (Zip) Durrett of Lakeview was named to replace Richards who is going to move to Muleshoe to manage a gin.

President Harold Hodges said Wednesday that the bureau will hold its regular meeting Monday evening, July 18, in Memphis. The exact location and time will be announced later.

Plans were also made at the called meeting for each chairman of each committee to attend the state institute in Mineral Wells the last of July.

Another matter brought up was the county Farm Bureau's Queen Contest, which will be held in August. Any farm girl wishing to enter the county contest should contact Mrs. Brown Smith or Harold Hodges for the contest details.

The three branches of government in the U. S. are the Legislative, Executive and Judicial.

### Engineers Finish Oaks Creek Study

The Army Engineers have completed their preliminary survey of the flood damage to farms from the Oaks Creek overflow, according to Harold Hodges, president of the county Farm Bureau.

It is the local unit of the Farm Bureau that has been working through state disaster channels to get something done about prohibiting a recurrence of this spring's floods along the creek.

According to Hodges, more than 4,800 acres of farm lands have been damaged from the overflow of the creek since the rains started in May.

The Army representative from Tulsa, Mr. Cox, spent three days going over the area, making pictures and collecting all types of data. After he had completed the survey, he told Hodges that the situation was bad and that he would do everything he could to get some aid, but it would have to go through channels and he didn't know how long that would take.

Hodges stated that Cox said that there were two different control projects which already have money appropriated, and will not need approval of Congress before they can be put into operation.

One of these projects calls for the building of a dam, Hodges stated. "However," he added, "we hope to get in on the other project, since we need levees more than a dam."

### Cotton Measuring

(Continued From Page 1) the field by July 13, with two reporters working in each of the six communities. With sufficient office personnel to keep office work up to date and with the full cooperation of the cotton farmers, there is no reason why the cotton cannot be measured satisfactorily to all concerned, he said.

Only the first measurement will be paid by the government, McKown said. Any additional trips back must be paid for by the individual.

Checking destroyed excess cotton, \$5.00 per farm plus \$1.00 for each plot over one. Re-measuring (at the request of the farmer) \$5.00 per farm, plus \$1.00 for each plot over one. Staking and checking excess before cotton is destroyed, \$5.00 per farm, plus \$2.00 for each plot over one. McKown said all excess cotton must be destroyed within 20 days of the notice of excess acreage and all fees must be paid before the excess acreage can be checked.

### Methodist Plan Big Youth Week

The week of July 10 through July 15 has been designated as Youth Activities Week by the MYF of the First Methodist Church. The youth have chosen the theme for the week, which will be: "Finding Life in the Will of God." The activities, which will include worship, discussion groups and recreation, will be centered around this theme.

The speaker for the week is to be Rev. Charles Kelly of Estelline. Rev. Kelly is the district director of youth work, and is a former member of the MYF Council for the Northwest Texas Conference. The program will begin each evening at 7:30 p. m., with the worship service, followed by discussion groups, and concluding with recreation and refreshment time.

Special activities have been planned which include: Morning Watch on Monday at 7:30 a. m., Operation Dragnet (youth visitation program) on Tuesday at 5:30 p. m., a Box Supper on Wednesday at 6:30 p. m., and a Hay Ride followed by a worship service around the campfire for Thursday night. The week of activities will conclude with a prayer vigil on Friday night.

All of the youth of the community are cordially invited to attend and participate in the activities.

"JUST WAIT AND SEE!" — Tiny Timmie Lee Brashear, three-week-old patient at the Texas Scottish Rite Hospital for Crippled Children at Dallas, looks confident he will be on the "first string." The son of Mr. and Mrs. Billie Ray Brashear of Sadler, Texas, he was born with congenital club feet but the crippling condition will soon be corrected and he will be able to lead a normal boy's life. Holding him above is Mrs. Lucille Covington, a nurse's aid at the hospital. Timmie, like thousands of other Texas children, will be a member of the Scottish Rite Hospital until he is 15 years old and will be eligible for treatment until that time.

Mr. and Mrs. R. H. Wherry, returned from a small brick house opposite Ford's Theatre on Tenth Street in Washington, D. C.

Abraham Lincoln died in a small brick house opposite Ford's Theatre on Tenth Street in Washington, D. C.

### Miss Beryle Ann Davis, Bride-elect, Honoree At Tea Shower Friday Evening

Complimenting Miss Beryle Ann Davis, popular Bride-elect of Burl McClellan, a group of hostesses entertained with a lovely tea shower on Friday evening in the home of Miss Mary Foreman, 501 South Sixth Street.

Guests calling between the hours of 7:30 and 9 o'clock were greeted by the hostess and the honoree.

The Foreman home was attrac-

tively decorated for the occasion with a profusion of garden flowers carrying out the bride-elect's chosen color scheme of aqua and silver.

In the dining room, the table was laid with a white linen cloth which featured a miniature bride standing in a bed of white carnations backed by a double wedding ring. The arrangement was flanked by lighted candles.

Mrs. Henry Foster, Mrs. Opal Curry and Misses Esta McElrath and Frankye Lynn Srygley alternated at the crystal punch service. A lovely assortment of gifts were on display. Mrs. Tom Posey and Mrs. W. C. Dickey served as hostesses in the display rooms. The hostess' gift for the honoree was an electric mixer and Rotisserie.

Miss Ann Spoon presided at the Bride's book and registered those who called during the receiving hours.

Hostesses for the courtesy were Miss Foreman, Miss Esta McElrath, and Misses Herb Curry, Harry Aspgren, Lloyd Phillips, W. C. Dickey, Henry Foster, S. J. King, Herschel Combe, Herbert Estes E. E. Roberts, Howard Randall, J. A. Odum T. T. Posey, Gerald Knight Roy Coleman, Clyde Milam, J. W. Stokes, A. W. Howard, Cecil Stargel, Seth Pailmeyer, T. B. Rogers, Jack Boone, Douglas Shelton, L. W. Stanford, O. S. Callahan, Dick Spoon and Clenton Srygley.

### Shower in Quanah Honors Former Memphis Girl

A large collection of beautiful gifts was presented to Miss Sherry Trulove, popular bride-elect of Billy Jack Cromartie, during an informal tea given Saturday evening, June 25, at the home of Mrs. L. V. Moore in Quanah.

A former resident of Memphis, Miss Trulove is the granddaughter of Mr. and Mrs. J. J. McMickin of this city.

Guests were greeted by Miss Jo Ann Moore and presented to Miss Trulove, her mother, Mrs. T. R. Trulove of Lubbock, and Mrs. Jack Cromartie.

A spot of radiant beauty was the centerpiece flanked by lighted white tapers in crystal holders on the refreshment table. The board was covered with a white lace cloth and centered with an artistic arrangement of blue carnations. A miniature bride and groom completed this lovely centerpiece. Misses Eva Jo Kyle and Janette Risinger presided at the crystal punch service.

Miss Juanita Cromartie, sister of the groom-to-be, secured signatures for the guest register while Miss Margaret Boynton presided in the gift display room.

The bride's chosen colors of blue and white were emphasized in the dainty refreshments. Each member of the house party wore white carnation corsages trimmed with blue ribbon.

Approximately fifty guests were registered during the receiving hours of 7 to 8:30 o'clock.

Mr. and Mrs. A. Anisman visited in Borger Tuesday.

Mr. and Mrs. Ralph Howard and son and Mrs. Estelle Guthrie of Lubbock spent the weekend here with relatives.

Mr. and Mrs. Ernest McMurry spent the weekend in Amarillo with relatives.

Mr. and Mrs. Billy J. Hall and family spent the weekend in Stamford with relatives.

### Pamela Lathram Party Honoree On 6th Birthday

Miss Pamela Lathram was complimented with a birthday party on Tuesday, June 28, at the home of her paternal grandmother, Mrs. Zeb. Lathram, at Parnell. Pamela was celebrating her 6th birthday anniversary.

The children enjoyed games and then were served white birthday cake decorated with six pink candles and "Happy Birthday," ice cream and soda pop.

Those present were Candy and Mickey Weatherly, Charles Bruce, Brenda Hood, Linda Kay Weatherly, Cathy Burk, Jeanie Young, Jake Damron, Ronald Mullins, Melreen Long, Sandra Hansford, Steve Hawkins.

Mothers present were Mrs. Willie Hawkin, Mrs. Jimmie Weatherly, Mrs. Travis Bruce, Mrs. Bruce Damron, Mrs. Harold Burk. Sharing hostess duties were Mrs. Zeb Lathram, Mrs. Bill Orcutt and Mrs. Jack Lathram.

Katherine Hawthorn of Abilene, and Mrs. John Ward of Aspermont, spent the weekend with their mother, Mrs. Estelle Barber.

### Shower Honors Estelline Couple Friday Evening

Shower Compliments

A miscellaneous shower complimenting Mr. and Mrs. Harvey Tallon was given in the Baptist Church parlor in Estelline on Friday evening, July 1.

The reception rooms were attractively arranged and garden flowers were used on tables.

Mrs. E. F. Kennedy registered the guests in the bride's book, a gift of the hostesses. Miss Pauline Buchanan served iced punch and cookies from crystal service. The punch bowl was made beautiful by a large pink rose which was frozen into the ice.

The hostess gift was a service for four, a platter and bowl in Desert Rose pottery. The honorees received an array of useful and beautiful gifts.

Miss Barbara Smith played several piano selections and Mrs. Kennedy read two poems, "To the Bride and Groom" and "Our Wish for You."

Hostesses were: Mesdames Paul Buchanan, Marshall Lang, Fred Berry, Fred Nivens, Claude Arnold, Aris Crump, E. F. Kennedy, Jim Longbine, D. T. Walker, Bessie Coppedge, John Staggs, Dock Rogers, Clyde Rogers, R. B. Phillips, Barney Russell, Joe Jouett, Elam Orcutt, Leon Phillips, and Finis Richerson.

Before her marriage Mrs. Tallon was Jimmie Nell Hayes, daughter of Mrs. J. H. Hayes. She and her husband now live in Amarillo. They went from Estelline to Terrell, Okla., where they were complimented at a tea on Saturday night.

### Local Women Visit In California

Mrs. Mildred Stephens and Mrs. Alvin Massey returned Saturday after visiting friends and relatives for two weeks in California. Mrs. Massey visited her son, Roy Alvin, and Mrs. R. E. Martin, and Rubin E. Martin in Los Angeles. Mrs. Stephens visited her sister, Mrs. Billy Johnson and husband and Billy Alvin of Sherman Oaks.

Mrs. Stephens also visited a number of former Memphians including Bonnie Cohen of Gordena, Isidore Cohen of Sherman Oaks, Miss Rose Cohen of Los Angeles, Mrs. Maxine Temple Bradford of Los Angeles, Mr. and Mrs. John Dudas (Mrs. Dudas is the great granddaughter of the late Mr. and Mrs. Henry Stephens and the granddaughter of the late Mr. and Mrs. Max Temple) of Santa Monica, Mr. and Mrs. Forrest Leake (the former Miss Blanche Temple) of Long Beach, Mrs. Blanche Temple Palmer of Santa Ana, Mr. and Mrs. Howell Stephens of North Hollywood, and Mrs. Verdine Moreman Cagle of Marveta, Calif.

Mr. and Mrs. E. I. Blades of Rush Springs, Okla., visited his sister, Mrs. A. B. Jones, last week.

Mr. and Mrs. Oris Gilbert left Friday for a vacation in California.

Lt. and Mrs. Vernon Goldston were dinner guest in the Gene Chamberlain home Tuesday. They were en route to Pensacola, Florida where he will be stationed as a flight instructor for two years.

Mr. and Mrs. Evan E. Roberts and children of Lubbock, spent the week-end with his parents Mr. and Mrs. E. E. Roberts.

Mr. and Mrs. W. C. Davis left early Tuesday morning for Temple where Mrs. Davis will go through the clinic.

Mr. and Mrs. Rufus Grisham and family spent the 4th of July weekend in Salida, Colo.

Mr. and Mrs. Herschel Montgomery of Dallas visited here over the holidays with her parents, Mr. and Mrs. Ed Thompson.

Olyse and Anna Beth Oren of Gatesville are visiting here this week with their grandparents, Mr. and Mrs. Chas. Oren, and Mr. and Mrs. Joe Weathersbee.

MR. AND MRS. JIMMY MORRISON

### Miller-Morrison Nuptial Vows Read In Pretty Church Services Saturday

Nuptial vows were solemnized at 6 p. m. Saturday, June 25, in the First Baptist Church to unite in marriage Miss Sue Miller, daughter of Mr. and Mrs. Bill Miller and Jimmy Morrison, son of Mr. and Mrs. E. S. Morrison. Rev. Fern Miller, pastor, read the candle-light service.

Music for the occasion was furnished by Kathryn Wright, organist, and Paul Hancock, vocalist, who sang "Always," "Because of You" and "The Lord's Prayer."

Judy Miller, sister of the bride, was maid of honor. Bridesmaids were Majorie Morrison, sister of the groom; Edwyna Crews of Childress and Mrs. Johnnie Hutchinson.

They wore identical dresses of pastel crystalline with white picture hats and tulle mitts. Their bouquets were nosegays of pink carnations on a frame of white lace with pastel streamers.

Charles Morrison served as his brother's best man and ushers were Davey Corley, Mickey Allen and Johnny Harrell.

The bride, given in marriage by her father, wore a ballerina length dress of Chantilly lace over white satin. A tiny lace stand-up collar topped a tulle yoke, and long sleeves came to points at the hands. The bouffant skirt was of lace panels, separated by tiered cascades of tulle ruffles. Her finger-tip illusion veil fell from a Juliet cap of lace and seed pearls.

She carried a nosegay of white gladioli, encircled by tiny pink rosebuds and white lace, with white streamers. For something old, she wore a gold bar pin that her grandmother had worn on her wedding dress. Something new was her bridal dress and something borrowed her veil which belonged to a cousin, Mrs. Ray Henderson of Tyler. She wore a blue barter and a six pence in her shoe.

Mrs. Miller, mother of the bride chose a beige line lace dress with pink accessories and a corsage of pink carnations. The groom's mother, Mrs. Morrison, wore a frock of navy sheer acetate.

Mr. and Mrs. Gene Chamberlain and Mr. and Mrs. Edwin Eanes of Clarendon entertained with a picnic at Brookhollow Lake Sunday evening.

Enjoying this affair were Mr. and Mrs. Dan A. Keller and sons of San Diego, Calif., Lt. and Mrs. Vernon Goldston of Pensacola, Fla., Mr. and Mrs. Floyd Naylor and Jerry of Wichita Falls and Mrs. John Goldston of Clarendon.

Mr. and Mrs. Gene Chamberlain and Mr. and Mrs. Edwin Eanes of Clarendon entertained with a picnic at Brookhollow Lake Sunday evening.

Enjoying this affair were Mr. and Mrs. Dan A. Keller and sons of San Diego, Calif., Lt. and Mrs. Vernon Goldston of Pensacola, Fla., Mr. and Mrs. Floyd Naylor and Jerry of Wichita Falls and Mrs. John Goldston of Clarendon.

cented by white accessories and a white carnation corsage.

Immediately following the ceremony a reception was held in the Church Annex. Mrs. Raymond Welch of Canyon, cousin of the bride, presided at the register. Yvonne Sturdevant and Peggy Evans served the wedding cake and Elizabeth Grundy and Billie Jean Stroebel alternated at the punch bowl. The white satin and net covered table was centered with pink carnations banked around a crystal candelabra holding white tapers.

Mary Frank Garrett, Tanya Kay Fletcher and Janice Smith furnished background music throughout the reception.

For a wedding trip to Mineral Wells, the bride wore a light blue linen suit with white accessories and a white corsage.

The newlyweds are now at home at 501 N. Avenue, Lubbock, where the groom is employed.

Mr. and Mrs. Morrison are both graduates of the local high school. Mr. Morrison graduated in 1953 and Mrs. Morrison with the class of '54. She was a student at Texas Tech last year.

Roy Coleman Home Scene For Annual Reunion

The Roy Coleman home was the scene for a family reunion on July 2, 3 and 4. Mrs. Coleman and Mrs. T. E. Harrell were hostesses for the occasion which is an annual affair.

Those attending were Mr. and Mrs. Marvin Hartman of Lawton, Okla., Mr. and Mrs. Lester Hartman of Austin, Mrs. Viola Smith and Audine of Austin, Mr. and Mrs. Marvin Wise of Quitaque, Mrs. Buelah McLendon and Leonard Hartman of Dallas, Mr. and Mrs. Curtis Harrell and children, Gil, Charles and Lee of Lubbock, Eddie Harrell of Roswell, N. M., Johnny Harrell, Adelle Harrell, Mr. and Mrs. T. E. Harrell, Mr. and Mrs. Roy Coleman and Roy Don and Jon Carroll of Memphis.

Mr. and Mrs. Alton Harrell and Barry of Houston and Mr. and Mrs. Alton Harrell and Barry of Houston and Mr. and Mrs. J. R. Harrell of Memphis visited in the afternoon Sunday.

Mrs. C. C. Tuel of Gilmer was unable to attend.

Jerry Hill, Dickie Craig and John Chamberlain spent from Thursday evening to Monday at Lake Texhoma, and visited with Jerry's grandmother Mrs. Robinson of Bonham. Mrs. Edd Hill accompanied them to Bonham to get Kay, who had been visiting there.

AGEMENT REVEALED — Mr. and Mrs. Johnnie R. of McLean announce the engagement of their daughter, Mary Ann, to John Thomas Hale, son of Mr. and Mrs. Sam Hale of Memphis. The wedding will take place August 14 at a home of Mrs. J. J. McMickin of Memphis. Miss Back is a graduate of McLean High School Abilene Christian College. Mr. Hale is a student in the Simmons University at Abilene.

### Smith Vows Are Read Tuesday At Christian Church In Lubbock

First Christian Church in Lubbock was the scene at 7:30 p. m. Tuesday, June 28, of the marriage of Miss Lynn Hale, daughter of Mr. and Mrs. Sam Hale of Lubbock, and Mr. Roy Smith, son of Mr. and Mrs. Guy Smith, also of Lubbock.

Rev. Dudley Strain read the nuptial vows before the bride and groom entered and flanked by bridesmaids of white gladioli and groomsmen of emerald and tulle. The couple were accompanied by a quartet of vocalists and a string quartet.

Harry Mayes played traditional wedding music and accompanied Miss Sharon Poterfield, who sang "The Lord's Prayer."

The marriage by her father, Roy Smith, was an original white imported Chantilly lace over net and taffeta dress with a portrait neckline and a wide scalloped hem. The dress was accented by lace appliques and a fitted waist.

The bride wore a white imported Chantilly lace over net and taffeta dress with a portrait neckline and a wide scalloped hem. The dress was accented by lace appliques and a fitted waist.

Attending the wedding from Memphis were Dr. and Mrs. Odum and Mr. and Mrs. Adrian Odum and Jo Ann and James Adrian.

Mr. and Mrs. E. M. Murphy have returned home following a two-week vacation trip. They visited the first week in Waco with Mr. and Mrs. John Carroll and Mr. and Mrs. W. P. Jones. The second week of their vacation they enjoyed fishing at Bull Shoals in Arkansas.

Miss Bettie Lou Wells of Amarillo, is here visiting with Miss Linda Fields.

Mr. and Mrs. Elmont Branigan and family visited in Colorado Springs, Colo., over the holidays.

Mrs. Raymond Brumley of Austin arrived Tuesday to visit with her mother, Mrs. A. B. Jones, and sister, Mrs. Mildred Stephens, and Mrs. Lloyd Ward.

Carl Ray Brumley of Dallas visited his grandmother, Mrs. A. B. Jones, and other relatives last weekend.

Curry Stephens of Corpus Christi is visiting his mother, Mrs. Mildred Stephens, and sister, Marcene, his grandmother, Mrs. A. B. Jones, and other relatives.

EUROPE BOUND—Maid of Cotton Le Lois Faulkner of Sallisaw, Okla., waves goodbye at New York's Idlewild Airport before boarding a British Overseas Airways airliner to London for the start of a four-week European tour as good will and fashion ambassador of the American cotton industry. The trip to Europe will conclude a seven-month journey for King Cotton's young emissary.

Smith served his brother-in-law and ushers were Bob Lyndell Ross, Wayne Noel Jolly of Pampa, and Jolly were candle-

### Farm Cash Income Up During First 4 Months Of 1955

Austin—Cash income of Texas farmers' has risen 4% during the January-April period of this year, compared with the same four months of 1954. The University of Texas Bureau of Business Research reports that nearly all farm commodities accounted for increases in income, with wheat soaring at a 53% increase, followed by oats (-30%), corn (-20%), fruits and vegetables (-20%), mohair (-17%), and peanuts (-16%). Only hogs (-11%), wool (-6%), and cotton (-4%) registered decreases for the year-to-year comparison.

Although cash income has risen Texas farmers found that prices paid for their commodities during April dropped slightly (-1%) from April 1954. Livestock and livestock products registered a 6% decrease in prices, followed closely by a 4% decrease in food grains.

The seasonal upswing in marketing activity which occurs each spring nearly doubled railcar shipments of livestock during April from March. Cattle shipments increased 101% and calves 149%. These sharp rises are only seasonal in nature, as evidenced by a comparison with April 1954 shipments, which were only 2% below this April's.

The U. S. Department of Agriculture reported that Texas' 1954 cotton crop exceeded the previous 10-year average of 3,239,000 bales by 21%. The revised estimates were based on final ginnings, as reported to the Bureau of the Census.

The recent heavy rains which fell over much of the state were greeted enthusiastically by farmers and ranchers. After an extensive tour of the drought area, Agriculture Commissioner White stated that the rains did not mark an end to the drought although they could be classified as "drought denters." He predicted it would take a wet year, maybe two, before farmers could breathe easily. Yet, some areas of the state have already received as much rain this year as they did for the full year of 1954.

Carload shipments of fruits and vegetables were down 7% for the period January-April of this year compared with the same four-month period of 1954. Late spring frosts which wrought heavy damage to many fruit and vegetable growing areas might well account for this decrease in shipments, as well as the 43% increase in prices received by farmers for fruit.

### New Killer Found For Johnson Grass

College Station—Farmers can now get rid of Johnson grass completely without swinging a hoe.

Spot application of diesel and naphtha-type oil sprays is proving a practical answer to row crop control of Johnson grass. At College Station four treatments of such oils killed 99 percent of all Johnson grass in cotton stands in one season. Four trips over a similar field with hand hoes eliminated only 44 percent of the grass.

Homer E. Rea, agronomist for the Texas Agricultural Experiment Station who has been working with various Johnson grass killers, believes that successful spot oiling of Johnson grass is highly significant.

"It does away with intensive hand labor methods which few farmers can afford these days," Rea says.

Varsol 1, Lightfoot 25, No-weed Oil, Lion 1 and Flit 38 are among commercial preparations to use. An ordinary knapsack sprayer, applying a halfand half mixture of one of these oils and diesel fuel will do the job, Rea explained. About one-third of a teaspoon of oil mixture on the stem near the base of each plant is sufficient for results. Best kills are obtained on young grass.

Within hours after the initial treatment Johnson grass usually is shriveled and killed to ground level. To completely eradicate the roots and prevent later resprout-

SWEDISH CUSTOM . . . Anne Marie Tistler, Swedish model, enroute to Mexico City job, exhibits unique spot for carrying her passport.

ing repeated oilings at intervals of seven to 10 days maybe necessary. This usually means four to six treatments.

Rea has the cost of application figured at \$14.10 an acre, counting oil and labor. The cost, of course, will vary with the amount of oil used and the intensity of Johnson grass infestation.

A penny and a cannon ball, dropped from a high place, would reach the ground at the same time.

### Legal Notices

#### CONTRACTOR'S NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 0.132 miles of Indian Creek Bridges and Approx.

Located at Indian Creek, southwest of Memphis on Highway No. SH256, covered by C 541-2-4, in Hall County, will be received at the Highway Department, Austin, until 9:00 A. M., July 20, 1955, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates. Plans and specifications available at the office of W. O. Ham, Resident Engineer, Texas Highway Department, Austin. Usual rights reserved.

### Ed Kennedy Sells Estelline Business

On July 1, Ed Kennedy, who had owned and operated the Texaco Service Station and Cafe in Estelline for eighteen years turned over active operation of the business to Joe Nivens and Jack Moor.

B. J. Walker, owner of the Texas Company Wholesale business in Memphis, purchased the business several months ago but Kennedy had continued to operate the business until July 1.

Mrs. Orville Bryant is operating the Texaco Cafe. Mr. Kennedy expresses grateful

appreciation to all of his loyal customers. He has no plans for the immediate future beyond a vacation trip to Colorado and Wyoming.

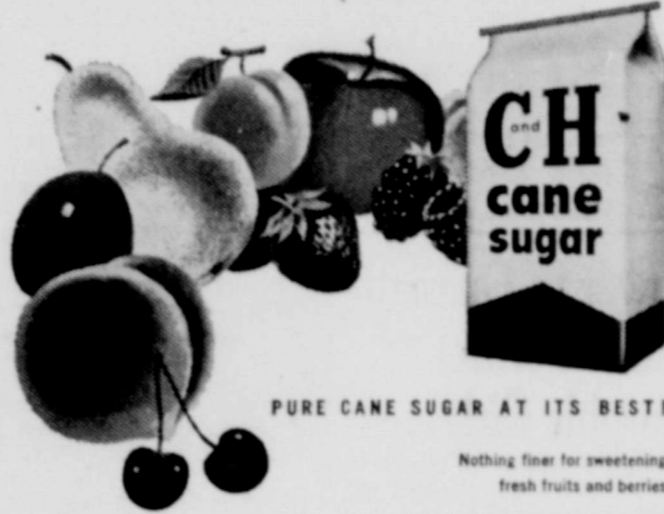

### Earl Richards Move to Muleshoe

Mrs. Earl Richards and children, Rosemary and Shirley, plan to leave the latter part of the week to join their husband and father in Muleshoe.

Mr. Richards has accepted a position as manager of the Muleshoe Co-op Gin and began his new duties on July 5. He has been associated with Co-op Gins here for a number of years, managing the Plaska Gin and serving as book-keeper of the Farmers Co-op Gin during the summer months.

The word "taxicab" originated from cabriolet, a carriage that "bounces like a goat."

### Report From Washington

By Walter Rogers

Congressman, 18th District

Belgrade, Tito, dictator of Yugoslavia, openly and flagrantly brags that he has a communist country that is more communist than Russia. He, too, has recently completed some visits to Moscow. Both India and Yugoslavia were included in the foreign aid bill for sizeable sums. Many of the Members called the attention of the House to the actions of both Nehru and Tito. The proponents of the bill did not defend either of them, but took the position that we had to give them money to help keep them from joining up with Russia. If this logic is correct, then it must follow that it would be to the best interest of Nehru and Tito to perpetuate a fuss and cold war between the Soviet and the United States, simply because any settlement of the differences would mean an end to the millions of dollars flowing to India and Yugoslavia out of the pockets of the taxpayers of this country. The same logic would lead us to the conclusion that we are paying tribute to these governments because of the threat that they will go communist if we fail to pay up. This might not be international blackmail, but it comes pretty close to it. It simply means that the grand old phrase "Millions for defense, but not one cent for tribute," that has long thrilled the crowd at the 4th of July gatherings, seems to be passe.

**Adjournment:**  
The guesses about adjournment are all the way from July 15th to the guess that Congress will never adjourn. Neither appear to be correct. The present consensus is that August 10th will see Congress out of session. I sincerely hope so. It would be good for Congress and the country.

Hershel Ledford and Mike of Wichita Falls and Mr. and Mrs. J. C. Ledford visited in Colorado Springs, Colo., last weekend. Agnes Hayes of Amarillo visited here Tuesday.

Mr. and Mrs. Cordeff Goodpasture of Amarillo spent the weekend with Mr. and Mrs. Orville Goodpasture, and his father, M. O. Goodpasture.

Mr. and Mrs. Bob Myers and Cindy of McLeen visited over the weekend here with his parents, Mr. and Mrs. Dewey Myers.

Mr. and Mrs. J. E. Miller and daughter, Shirley, visited with Mr. and Mrs. B. A. Determan in Oklahoma City over the holidays.

**International Blackmail**  
"Blackmail" is a bad word and is deeply frowned upon in polite circles. However, if you follow the logic that is being used in arguing for the foreign aid bill to the tune of \$3 thousand million from every man, woman and child in the U. S., and reach the inevitable conclusion that Uncle Sam is being provided for expenditures of \$1.3 billion dollars to foreign countries. It is termed "Mutual Security Act". But a member tried to have his unemployed constituents included in the benefits, because the constituents of this State citizens and was confined to foreign of us wonder why it is the "MUTUAL" Security expenditure is approximately the difference between a budget and deficits. Only a few days ago, Secretary Humphrey received an extension of the debt ceiling for a year. The ceiling was \$275 billion dollars. Last administration asked for a one dollar temporary increase for one year, which was granted. This temporary increase was extended for another year just the other day. Like most temporary government matters, it appears that this increase will be with us for a long time. We have several temporary agencies that have been in existence for a number of years. In fact, the foreign aid program was supposed to be temporary. The only thing temporary has been the name. The name of the program and the name of the agency handling it have been changed several times, but the expenditures go on and on.

It was repeatedly argued that the measure was a defense measure and could not be justified on any other ground; that it was a defense measure against Russia and communism, and that if it was not for the threat of communism, the expenditures could not, under any circumstances, be justified. In other words, the proponents were saying that so long as Russia was a threat to this country, we should continue to pay money to several countries mentioned in the foreign aid bill. It would logically follow that if Russia ceased to be a threat to this country, then these payments should cease. As all of you know, Nehru, of India, has frequently expressed contempt for our government and has recently completed a visit to Moscow and

Mrs. Kay Auty of Lake Waco, is visiting here this week with her mother and family, Mr. and Mrs. Herb Blackmon.

July gatherings, seems to be passe.

**Adjournment:**  
The guesses about adjournment are all the way from July 15th to the guess that Congress will never adjourn. Neither appear to be correct. The present consensus is that August 10th will see Congress out of session. I sincerely hope so. It would be good for Congress and the country.

Mrs. O. L. Hammond and Mrs. Charlie McBee returned Monday from a visit in Corpus Christi and Plainview. In Corpus Christi they visited with Mrs. Hammond's two sons, Johnny and Wesley Hammond. Wesley, who was seriously injured in a car wreck about a year ago, is now able to be up and around. L. J. McBee and son of Plainview accompanied Mrs. Hammond and Mrs. McBee to Memphis and are visiting here this week.

Hershel Ledford and Mike of Wichita Falls and Mr. and Mrs. J. C. Ledford visited in Colorado Springs, Colo., last weekend.

Mr. and Mrs. Cordeff Goodpasture of Amarillo spent the weekend with Mr. and Mrs. Orville Goodpasture, and his father, M. O. Goodpasture.

**IT'S THE LAW**  
in Texas

Defense Lawyers Brave Undue Criticism

One of the cardinal principles of American law is that a man is considered innocent until proven guilty by proper legal proceedings. Practically everyone pays lip service to this ideal, but many fail to realize that the right to be represented by counsel is a logical and essential corollary of that theory of justice. There is a good deal of criticism of attorneys representing defendants in criminal cases. Much of this criticism is unjust. Should lawyers defend in court persons whom they know or have good reason to believe are guilty of the crimes charged against

them? A recent scientific sampling of the attitude of the public in Texas toward lawyers and law problems shows that more than half of all persons interviewed thought it was wrong for a lawyer to defend such a person.

Such an attitude is rather startling to thinking citizens and members of the Bar. Surely the guiltiest criminal has a right to a fair trial by the law of the land. Such a trial he cannot have without a competent attorney to see that a fair jury is selected and that only lawful evidence is introduced against him.

With reference to this feeling on the part of a sizeable portion of the public, a certain District Judge who tries many criminal cases, and who served 18 years as a prosecuting attorney before his election to the Bench, recently offered the following comment:

"The result of this survey is no surprise to me, in that during my 18 years of prosecuting, this feeling has been made known to me by hundreds of persons.

"The feeling on the part of the general public in this regard is brought about to a great extent by the sincere efforts on the part of the defense counsel to see that his client receives the benefit of

every legal safeguard to which he is entitled. These legal maneuvers are often misunderstood by the layman as an unethical effort to defeat justice, by delay of the trial, and by taking advantage of certain defenses that to the layman appear to be trivial technicalities.

"Attorneys are the only ones who can correct the erroneous feeling of the general public regarding the defense of one who appears to be guilty as charged. We attorneys should emphatically state to the inquiring person that it is one of the cardinal rights of the individual in a democratic society to be considered innocent until his guilt is established beyond a reasonable doubt by legal and competent evidence.

"The public must be brought to the realization that all who are charged with crime are entitled to the expert counsel and aid of an attorney, and that the sworn duty of such attorney is to see that each protective legal right, to which the accused is entitled, is afforded him."

Now and then a lawyer will overstep the bounds of his duty in defending those charged with crime. When that happens, the legal profession is even more in-

**Texas Has Bumper Crop Of Infants**

Austin—1954 baby crop turned out to be the biggest on record, the State Health Department's Bureau of Vital Statistics reported Thursday.

The 240,209 live births registered for the year was an all-time high rate of 28.4 births for every 1000 population, bureau statisticians said.

Most of the new babies were boys—104 for every 100 girls—the summary said, but 881 more male babies than females died during their first year.

"The attrition against the male sex goes on steadily through infancy, childhood, adolescence, maturity, and old age," a statistician commented.

How many mothers of 1954 babies were residents of Texas at the time of blessed event is not yet known, but every one of the babies are bona fide Lone Star citizens by virtue of state law.

While birth rates were soaring to unprecedented high levels, deaths from selected causes were being cut to the lowest point in

history.

"Last year saw the total death rate (7.7 per 1000 pop.), the infant mortality rate (31.0 per 1000 live births), the maternal mortality rate (0.6 per 1000 live births), and the stillbirth ratio (17.3 per 1000 live births) at new all-time lows," the report indicated.

In addition to the reductions noted in infant and maternal deaths, the report said the past two decades have witnessed drastic reductions in deaths from diseases affecting the general population.

There were 99 percent fewer deaths from each of typhoid fever, diphtheria, malaria, and pellagra last year than in 1934. Scarlet fever rates have been cut by

98 percent from the rate 20 years ago. Ninety-six fewer deaths each of whooping cough and measles are occurring today than occurred in 1934.

Influenza is claiming 86 fewer victims today than 20 years ago, while tuberculosis killing 84 percent fewer than the 1934 rate. Syphilis has been cut 81 percent. Pneumonia, including pneumonia of the newborn, and the newborn, including diseases less of a threat to life than they were two brief ago

Arizona is known as the entire State.

**STAR Agriculture**  
Released by The Texas Department of Agriculture

...are somewhat bright... towards curtailing any spread of two of Texas' crop-destroying noxious weeds... Texas Legislature in its session passed a measure... containing traces of grass or field bindweed... East Texas fields for years... its spread across the state... unknown in Texas 20 years... has crept into the state... interstate seed sales from New Mexico. It has rendered thousands of acres productive land useless... new seed provisions... the Texas Seed Act, allow the permissive presence of many other weeds in seed lots... These noxious weeds are divided into two "primary" and "secondary" noxious weeds... of 200 weeds per pound... of 100 weed seed per... of 200 weeds per pound... presence in seed of more than... of fodder, black, blueweed, Canada... or Johnson grass—all... makes such seed... However, crops con-

...aining Johnson grass in excessive quantities may be sold when labeled "Pasture Mixture." Secondary noxious weeds, or weeds that can be controlled by good cultural practice in spite of their objectionability, include such familiar species as Russian thistle, Bermuda grass, wild oats, wild onion and garlic, wild carrots, wild mustard, goat grass, puncturevine (goat head), cocklebur, and wild radish. Their prohibition in excess of 200 weed seed per pound of commercial crop seed does not of course, entail prohibition of cultivation of any one for domestic purposes, such as the use of Bermuda grass as a lawn covering. These new seed law provisions, now in effect, also provide that seed offered for sale must be tested every nine months, instead of once a year as required by previous statutes. This further tightening of Texas seed laws is aimed primarily at making Texas seed restrictions conform to those of surrounding states and to keep our crops free from unnecessary pollution.

**Chevron Macaroni Casserole**  
(Makes 4-6 servings)

- 1 tablespoon salt
- 3 quarts boiling water
- 2 cups elbow macaroni (8 ounces)
- 1 10 1/2-ounce can condensed cream of mushroom soup
- 1 cup milk
- 1 cup grated processed Cheddar cheese (about 1/2 pound)
- 1 teaspoon Worcestershire sauce
- Freshly ground pepper
- 1 12-ounce can luncheon meat, cut in 1/4-inch strips

Add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Combine soup, milk, cheese, Worcestershire sauce and pepper; place over low heat and cook, stirring occasionally, until cheese is melted. Add macaroni and luncheon meat, reserving 6 strips luncheon meat for garnish. Turn into a greased 1 1/2 quart casserole and place meat strips on top of casserole to form chevrons. Place under broiler about 3 inches from heat for 10 minutes, or until lightly browned and sauce is bubbly.

### Everyone Buying In Memphis

An interesting idea was put forth by someone who dropped in the office last week. This person said he just wondered how much business would be done in this town if everyone who lives in Memphis and the surrounding trade area would spend every penny they spend for services, merchandise and entertainment here in Memphis.

It is hard to visualize just what that figure would be. It is quite possible that it would boost sales figures several notches. However, there is no way to "make" the buyers spend their money here. If we are going to get any more than we are receiving now, we are going to have to do some smart merchandizing to make them want to trade here. This type of merchandizing is going to take more work than just setting the stuff out and sitting back and waiting for a buyer.

With the increased and guaranteed wages to automobile workers and the increase wage to steel workers forcing the price of that metal sky-high, the solid gold carriages of the fairy tales will be cheap in comparison with the new gas buggies.

### The Promise Of Automation

A short time ago the word automation was virtually unknown. Then, almost overnight, it became a major topic of argument and discussion. In various quarters there is a fear that the continued development of electronic devices which make possible increased production with decreased labor may produce widespread unemployment.

Automation is evolutionary—not revolutionary. It is simply another step forward in applying mechanical power to tasks that once were done by human or animal power. Every advance in that direction has benefited humanity. A chart prepared by the Wilkie Foundation tells the story. In 1850, the average worker's real income was about 8 cents an hour, which would be the equivalent of 40 cents in current money. Now production workers average \$1.84 an hour—and a principal reason for that enormous gain is that mechanization has sent man-hour output soaring. A century ago the work week was 70 hours, as against 40 today—again, mechanization was responsible. And in that century the working population increased almost as fast as the total population—even though child labor was abolished, and people live longer and retire earlier. Mechanization made jobs instead of destroying them.

What, then, does automation promise? History supplies the answer—greater opportunity for all, better working conditions, more leisure, and higher living standards.

### Remember Those Hats?

It has been observed that the possibility of soaking rich to pay the cost of government went out with prohibition and Empress Eugenie hats.

If the federal government took every nickle of individual taxable income above \$10,000 a year, the amount collected wouldn't pay its bills for one month. If it took all taxable income above \$4,000, it would get only a fifth of what it is spending each year.

We just haven't got enough rich or middle income people to soak, and those we have are soaked to the hilt already. So the lower income must carry a great part of the burden.

## THE EVER HOPEFUL DOVE

### Press Paragraphs— QUOTING OUR NEIGHBORS

Tornado Something We . . . . .  
Don't Want To See

A fellow who has followed in the wake of a tornado and witnessed such sights with his own eyes as "chickens wandering around with their feathers blown off . . . trucks blown from under box cars and they toppled over in the railroad yards . . . tickle grass sticking into telephone poles . . . human bodies wrapped in barbed wire blown from fences . . . two-by-fours blown from lumber yards and driven into brick walls of business houses . . . bodies of the dead and injured carried into improvised morgues and hospitals . . . his word for truthfulness should be given measures of credence what can happen if a tornado strikes a community.

All this havoc wrought by a tornado the writer saw with his own eyes when he visited the site shortly after the twister visited Snyder, Okla., many years ago. There were some 300 people injured in that storm and many killed outright. Snyder boasted a population of about 1500 people. The people felt safe from tornadoes. It had been said no one had ever seen one in that section. But an Indian, living on his allotment on Otter Creek near Snyder, settled that heresy when he said there was no one living in the country—it was a country supporting only Indians living on their allotments in the Kiowa, Comanche and Apache reservation. The Indian said that 20 years before the Snyder twister one just like it made a path through the same territory, but there were no pale faces living there at the time to tell it.

Persons taking refuge in the scant few storm cellars at Snyder escaped injury or death. This little account of the destructive power of a tornado, is not published to scare any Martin County citizens to the point he will grab a pick and a shovel and start working to build a storm cellar to protect his family in the event a tornado strikes. But it may serve as a good warning to those who haven't a storm cellar, wise is he who will provide himself with one.

An inspection of the homes in Stanton reveals there are a very few provided with storm cellars. And don't entertain the idea that Stanton is immune from the strike of a tornado like the people of Snyder thought. When one did strike it came near killing or injuring every inhabitant in the town.—Stanton Reporter.

#### About Bicycles

Parents, if your children own bicycles, we need to have a serious talk with you. Are you aware that your children are scaring Dumas drivers out of their wits?

In the past few months, we have become increasingly concerned about the children who ride bicycles in town. It's pretty shattering to have a bicycle loaded with two and sometimes three riders dart or wobble out in front of you.

As their parents, we hope you'll make it your business to see that children know and observe safety rules when riding bicycles. The same rules that govern your driving apply to the youngster on a bicycle.

Why not have a serious talk with your kiddo tonight and find out just how much he knows

about the way to ride a bicycle. Remind him that bicycle riders should observe stop signs, signal lights, hand signals and should drive on the right side of the road.

If they ride at night (we don't advise it), they should have a light and red reflector light in back. Make sure their bicycle is in good repair and safe for them to be riding.

We've heard it said that Dumas is a small town where you watch out for kids and dogs because they always have the right of way. That's alright with us if we have a chance to drive down the street without running over half-a-dozen kids.

Teach your children how to

cross the street on a bicycle. The schools teach them quite a lot, but the parents must see that the child uses what he learns. We think most of our kids know the proper way to ride. They're just not thinking of the hazards they are creating when they dart across the street without glancing in either direction or stack three riders on a vehicle intended to carry one.—Moore County News.

The practice of basting is unnecessary. Place meat in the pan with the fat side up, then as it cooks, the fat melts and does the basting.

Jamestown, Va., founded in 1607, was the first permanent English settlement in North America.

**CITY COUNCIL FAILS TO PASS STANDARD MILK ORDINANCE.** Agitation for a standard milk ordinance for Memphis which has been on for some time evidently failed to impress members of the city council sufficiently and the measure was voted down at the meeting held Tuesday night. Two representatives of the State Department of Health were present. At the request of the council, Mr. Hargis of the health department, explained the ordinance in detail.

**COUNCIL PASSES RESOLUTION FOR SANITARY PIT TOILETS.** The city council voted Tuesday night to pass a resolution sponsoring uniform sanitary pit toilets for Memphis. Representatives of the State Health Department spoke at length on this subject, discussing the sanitary conditions in Memphis and pointing out the need for toilets to be constructed according to uniform plans and specifications. The city council of Wellington has accepted the plan.

**RITZ WILL HAVE OPENING JULY 8.** The formal opening of the Ritz Theatre, formerly known as the Gem, will take place Wednesday night of next week according to Max L. McClure, Manager. Mr. McClure stated that one of the latest Paramount releases will be shown as the feature picture. In addition there will be a two reel comedy and news.

**FOURTH OF JULY TO BE QUIET AFFAIR IN CITY.** The fourth of July in Memphis promises to be a quiet affair. Practically all of the stores will remain open this year as the fourth falls on Saturday. Despite the fact that business will go on, a number of people have signified their intentions of going to the celebration in Clarendon. Several fishbait trips are planned.

**STRICTLY PERSONAL.** Mr. and Mrs. Hal Goodnight and Olin Cooper of Estelline will leave Friday for Denver Colo. They will spend their vacation visiting Mrs. Goodnight's sister, Mrs. Paul McCanne left Sunday to spend a few days with her parents, Mr. and Mrs. Lee Risinger at Littlefield. Miss Mary Batson returned Thurs-
