PLANNING STRATEGY for the coming season is Cyclone head coach D. C. Andrews (right) and his assistant Kenneth Miller. Their wives, Marcine Andrews (right) and Jeanett Miller and the Andrews' daughter, Dwana Kay, are discussion household problems while the coaches work.

Football Workouts Commence Monday

At almost the first light of dawn on Monday, Aug. 22, the candidates for the 1955 Memphis Cyclone football team will take the field for their first workouts of the season.

The new head coach, D. C. Andrews, said this week that the squad will begin workouts at six o'clock each morning and afternoon work-outs at five or five-thirty until school starts.

The Cyclones open a rugged 10 games schedule on Sept. 9, the first Friday after school opens, against Tulsa there.

Andrews said he was expecting about 60 candidates for both the A and B squads to draw equipment Monday morning.

There are 12 lettermen returning this season and several squadmen from last year's team which Andrews expects to build his team around.

The returning lettermen are Billy Cheek, Dickie Craig, Cleve Evans, Jimmy Jenkins, Jerry McQueen, Terry Monzingo, Dean Sustaire, Sherman Clemons, Tommy Foster, Campbell Morris, Paul Wilson, and Keith Adcock.

Two new coaches will be directing the force of the Cyclones this coming season. D. C. Andrews has been hired to replace George Childress as head coach and his assistant will be Kenneth Miller. Coaching the B team will be Nolan Poteot, athletic director for the high school.

Andrews is a graduate of Hardin Simmons University and played four years of football for the Cowboys. He was an all-border conference end his senior year and captain of the team.

Last year he was sweat coach under Pat Gerald at Sweetwater High School and this spring was line coach at Sweetwater under Edwood Turner.

He and his wife, Marcine were

Lakeview Students Start School Sept. 5

Students of the Lakeview school district begin their nine months of scholastic labors on Labor Day, Monday, Sept. 5, Superintendent Loran Denton announced this week.

The students enroll Friday, Sept. 3, and classes begin Monday morning. Denton said there would be a faculty meeting for all teachers Friday after the enrolling of the students is completed.

According to the superintendent, an estimated 300 students will be enrolled. The elementary grades will have about 210 students and the high school will have approximately 90 students.

Denton said his faculty was

CONGRESSMAN WALTER ROGERS TO SPEAK HERE IN AMPHITHEATER MONDAY NIGHT

TALK TO COVER FARM PROGRAM AND ACTIONS OF 84TH CONGRESS

Congressman Walter Rogers will speak before a public gathering of Hall County citizens Monday evening, Aug. 22, when he gives a "Report from Washington."

The announcement was made late Tuesday afternoon in a telephone conversation with Congressman Rogers. The meeting will be held in the amphitheater of the City Park, and will begin at 8 p. m. The 18th District Representative, speaking from his home in Pampa, accepted the invitation of Hall County friends, and said that he had a full report he wanted to make.

"I want to give a report of what happened in the first session of the 84th Congress, which was recessed only a couple of weeks ago," he stated. "Especially am I anxious to discuss the farm program—its present status, and what the future might bring."

Congressman Rogers and his wife and six children arrived in the Panhandle Sunday night from Washington. They plan to return to the nation's capital within two weeks, in order for the children to enroll in school.

Congressman Rogers stated that he would arrive in Memphis at noon Monday, and would visit with friends during the afternoon. He did not know whether Mrs. Rogers or the children would accompany him to Hall County or not.

Details of the program at the City Park were not complete early Thursday morning. It was announced that music would be furnished prior to Congressman Rogers' speech, either by a string band or the Memphis High School Band.

R. A. Eddleman of Estelline, chairman of the Hall County ASC Committee, will serve as master of ceremonies.

Claude's Comments

Clean-Up Week ended Thursday with an all-out participation on the part of citizens and businesses. It was a demonstration of co-operation and the result has been all that the most optimistic people expected and more. Practically all the business and residential sections of Memphis have been cleaned and tidied. Only a few vacant residential homes and lots remain untouched. Most of the alleys in town can be seen from end to end. Only a few spots in some of the other alleys could be made presentable if the property owners in those blocks would put in a few minutes with hoes, rakes and fire.

At the suggestion of several Hall Countians, we are asking you readers if Sunday, September 18, would be a good time to have a Hall County Homecoming and Old Settlers Picnic? Would like to hear from a lot of you right away whether you want such an event, and if September 18 is a suitable time.

Mercury Hits 100 Only Once In Week

The temperatures during the past seven days have been in the 90's, except for Wednesday's high of 100 degrees, according to the records of J. J. McMickin, local weather recorder.

A small amount of rain fell during the first part of the week, but not enough to measure, McMickin said.

The high and low temperatures for the past seven days have been as follows: Thursday, 93-79; Friday, 92-65; Saturday, 95-64; Sunday, 95-64; Monday, 94-62; Tuesday, 93-64, and Wednesday, 100-69.

Annual City Golf Tournament To Start Aug. 30th

Qualifying by local golfers, who plan to enter the annual City Golf Tournament will start Friday, Aug. 19, and continue through Sunday, Aug. 28.

J. W. Coppedge, chairman of the tournament committee of the Memphis Country Club, said that matches will start on the local course Tuesday, Aug. 30, after the qualifying rounds are fired.

Entry fees have been set at \$4.00 per golfer, which also pays for the meal at the lunch and stag party, scheduled for Monday night, Aug. 29.

The members of the tournament committee decided Wednesday to have eight-man flights this year. In each flight, prizes will go (Continued on Page 7)

Ex-Hall Residents Having Reunion In Lubbock Sunday

The eleventh annual Reunion of Former Residents and Old Settlers of Hall County will be held in Mackenzie Park in Lubbock, Sunday, Aug. 21, Lewis B. Cooper, President of the organization has announced.

Cooper said Mackenzie State Park is located in Northeast Lubbock and after one gets to the park, just look for the Hall County sign.

It is an all day affair, he said, but the main events will be between 11 a. m. and 4 p. m., when everyone will be an actor in a colored film, and a KUBU-TV news feature. The film and sound telecast will be made available to any one present for home movie projection for friends.

Other entertainment, the president said, would include some movie and TV acts.

Cooper urged everyone from Hall County to meet at the reunion ground and help bring together the greatest gathering of former Hall County Residents and Old Settlers that has every been at the reunion.

Lakeview Baptist Revival Begins Sunday, Aug 21

The Lakeview Baptist Church will begin its annual revival meeting Sunday Aug. 21, and will be concluded two weeks later on Sept. 4.

Evangelist for the 14-day meeting will be Dr. Eugene T. Moore, pastor of the First Baptist Church in Commerce, Texas.

Rev. F. A. Allen, pastor of the church, said that Dr. Moore would preach two services daily. One at 10 o'clock each morning and the evening services will begin at 8 o'clock.

There will be prayer meeting before each evening service and there will be youth fellowship after the night services.

Although the revival doesn't open until Sunday, the young people (Continued on Page Seven)

MAURICE NIXON

Maurice Nixon Is New Mill Manager

Maurice Nixon, a native of Ballinger, became manager of the Western Cottonmill here on August 1.

Nixon replaces Rufus Grisham, who was transferred to the Lubbock plant after being here for five years.

The new manager and his wife, Lucy, and two sons, John, 6, and Jeffrey, 5, have already moved to Memphis and are living at 609 N. 10th.

Starting as a scales clerk in 1940, Nixon has been with the Anderson-Clayton concern since that time, except for a three year hitch in the Army Air Force during World War II. While in the service, he worked in the communications branch of the Air (Continued on Page Seven)

Christian Church Opens Revival On Monday, Aug. 22

The annual summer revival at the First Christian Church will open August 22 and continue through Sept. 4. Meetings will begin at 7:30 nightly except Saturday.

Charles Gresham, of Dallas Christian College is the evangelist. He is a professor in Greek at the school.

Paul Hancock, of Memphis a student of Dallas Christian College, will conduct the singing and bring special music.

Minister of the Church, Tom Posey, extends a cordial invitation to everyone to attend each meeting.

Estelline Schools Begin Labor Day

Estelline Schools open on Monday, Sept. 5, according to W. M. Roberts, superintendent of the Estelline Schools.

Juniors and Seniors are asked to be at the High School on Thursday morning, Sept. 1, at 9 o'clock to enroll. Soph. and Freshmen will enroll at 9 o'clock on Tuesday morning, Sept. 2.

Buses will not run on these mornings, but all students are urged to be present so that enrollment may be completed and that regular class schedules can be followed on Monday, Sept. 5.

Students in grades 1 through 8 will enroll on the first day of school, Sept. 5.

W. M. Roberts, High School Principal at Parwell for the past six years will be superintendent of Estelline Schools.

Returning members of the faculty include, principals, J. A. Ballard, high school, and C. M. Wooten, elementary. High School teachers returning are Mrs. Gladys Ballard and Mrs. Elizabeth Kennedy. Elementary teachers returning this year are Mrs. Trudie Britt, Mrs. Velma Tucker, Mrs. Lena Fay Nivens, Mrs. Margaret Wooten, and Miss Carrie Buchanan.

Traffic Deaths Cut By Safety Campaign

The summer-long Slow Down and Live traffic safety campaign is achieving good results in spite of the heaviest traffic volume in the history of transportation, according to William M. Greene, chairman of the National Conference of State Safety Coordinators, sponsors of the 101-day highway safety program.

According to virtually complete figures released today by J. O. Musick of Austin, state safety coordinator, there were 409 traffic fatalities over the 78-hour July Fourth weekend accounting for a 3.8 percent increase over the 394 deaths experienced during the July Fourth weekend last year. These figures are based on reports from all 48 states and the District of Columbia.

Fatality results for Memorial Day and July Fourth, the two holidays encompassed thus far in the 1956 program, show a slight increase of only seven-tenths of one percent over the same periods last year.

"This small increase is particularly gratifying in view of our tremendous increase in traffic volume this year," Mr. Greene said. "If we can continue to hold our fatality experience to this level we can count the 1956 Slow Down and Live campaign a success measurable by several score living human beings."

By regions, the July Fourth results showed a 4.2 per cent reduction in the mid-west and 3.1 per cent reduction in the south central area of the United States over last year's experience. The southeast area held even and there were increases of 10.4 percent in the far west and 29 percent in the northeast section.

Fourteen states made substantial reductions. They were led by

North Dakota and Vermont which reduced fatalities 100 per cent. Other states with decreases were Nebraska, 83.3 percent; Arizona, 72.2 percent; Montana, 66.0 percent; West Virginia, 60.0 percent; Florida, 54.5 percent; Delaware, 50.0 per cent; Texas, 50.0 percent; Ohio, 40.9 percent; Indiana, 40.0 percent; Michigan, 38.8 percent; Wisconsin, 36.3 percent and Alabama, 21.4 percent.

There were no deaths in Vermont, North Dakota or the District of Columbia, and seven states held exactly even: Connecticut, Maryland, New Hampshire, Rhode Island, Kentucky, Mississippi and Oklahoma.

Commenting on the record for Texas, Coordinator Musick said "Although the record for Texas is incomplete covering traffic fatalities during the Fourth of July holidays, we estimate that a substantial reduction will have been effected over the same period last year."

Musick added that when the final death figure for the period is tabulated that it is expected to reflect a decrease of about one-third over last year.

Raw Garbage Fed Hogs Barred From Interstate Trade

COLLEGE STATION — Effective January 1, 1956, swine that have been fed raw garbage at any time in their life and products derived from them will not be permitted to move to interstate unless given special processing. The special processing reduces the value of hogs in some cases as

much as 50 percent, says the announcement from the U. S. Department of Agriculture.

This regulation in effect since July 1953 was relaxed to permit garbage feeding establishments to obtain the necessary cooking equipment. It is now available. Since January 1954, hogs, and products derived from them, had at some time been fed raw garbage could be shipped interstate for any purpose, if for 20 days preceding shipment they had been fed cooked garbage or feed other than raw garbage. uary 1, 1956.

Vesicular exanthema is caused from a virus and in recent years was a threat to the nation's swine industry. Infections are limited now to isolated premises in 39 counties of six states. Forty-six states, including Texas, have passed laws prohibiting the feeding of hogs uncooked garbage . . . the chief cause of the spread of the disease.

Department officials point out that about 83 percent of the 14,700 garbage feeding plants, and more than 80 percent of the hogs fed garbage in the United States do not get it cooked. But, experience indicates, they say, that cooking garbage 100 percent for complete sterilization is necessary.

Rev. H. W. Barnett of Childress visited here last week in the W. B. Funk home. Also visiting in the Funk home was Mrs. Funk's niece, Mrs. Edith Gossett, and three children of Big Spring. Rev. Barnett is a brother-in-law of Mrs. Funk. Mrs. Funk has been confined to the bed for several weeks.

Cooper and daughter, Sarah Sue, of Plainview.

Mrs. N. A. Hightower visited in Wichita Falls over the weekend with Mrs. Ray Snider.

it's only a pill that saved a life

As little as 6 to 8 grains in weight, a pill can give you enough germ-fighting power to turn the tide against disease and save a life. In medicine, most of all, big results come in little packages. After diagnosing the exact nature of an illness, your doctor has the knowledge to demand the best remedy, the best power to start your ward recovery.

When your doctor prescribes these potent pills, your job is to translate his orders into medical action specifically for your aid. In placing our skills at your service, we never forget our first obligation — to fill a prescription swiftly and accurately.

Radiation Danger Will Be Controlled

By BILL JURY

In the industrial world of the next decade, radiation from the widespread use of radioactive materials for peaceful purposes may exceed by tens of millions of times the world's present supply of radium.

But radiation hazards on any foreseeable scale are controllable, according to one of the nation's foremost experts on radiation, and eventually workers should be able to protect themselves from "normal" radiation in an atomic plant just as they now guard themselves from acids in other industries.

Dr. Herbert M. Parker, General Electric company scientist at the Hanford atomic energy plant near Richland, Washington, has said that people working in future power plants of factories using radioactive materials easily can be protected from external radiation. Harm from radioactive materials deposited inside the bodies of human beings also can be prevented, but this may involve imposing excessively high safety standards, at least until some of the present unknowns have been solved.

Dr. Parker, who has been working on radiation protection ever since the beginning of the nation's atomic efforts 12 years ago, points out that the atomic energy in-

dustry was spawned in safety—at the expense of considerable investments in radiation protection.

Safety precautions at the plutonium-manufacturing works at Hanford by necessity are all-encompassing, and some of the protective clothing worn by employees are grotesque and weird by today's fashion standards. But much of the paraphernalia is just as vital to safety of the Hanford employee as the diving helmet and the air hose are to the salvage diver.

The plastic, man-shaped radiation barriers developed at Hanford and later copied by other nuclear research industries here and abroad enable a man to enter a contaminated area, operate instruments, perform maintenance and repair work, or accomplish other tasks that must be done remotely from the outside.

Since termed the "plastic man" outfit, the suit is connected to the outside by means of a tunnel which serves as an entrance and exit for an employee and also provides him with a means of obtaining clean air from the outside. In effect, it provides a little island of safe space in the midst of an area contaminated with deadly radioactive material.

At present, there still is a considerable monitoring force at Hanford and other atomic plants

whose duty it is to "make sure" for thousands of workers that an area is safe and to prescribe precautions. 1955 Retail Sales Well Above 1954

AUSTIN — Texas' 1955 retail economy is booming along at a pace above the national average and well above 1954, considered a good business year, the University of Texas Bureau of Business Research report.

That includes farm - products sales. Eleven of 12 Texas crop reporting districts bettered the first half of 1954 by 7 to 34 per cent.

Texas retail sales in the first six months of 1955 were up 12 per cent over the comparable 1954 period. The national increase ranged from 8 to 10 per cent.

Record business in June and early July was reported across the nation. Sales of new and used automobiles slowed from earlier weeks but still held well above last year. Food sales kept a moderate lead over 1954 except in resort areas, which were doing an all-time record business in many lines.

House furnishings sold well above last year with sudden strong demand for air conditioners, heavy appliances and outdoor equipment and supplies.

Customers continued to purchase on installment credit at near-record rates. Debt on automobiles alone has peaked at \$12 1-4 billion. Payments on installment debts also are running high.

Report From Washington

By Walter Rogers

Congressman, 18th District

Washington

Rogers family pulls out for the Panhandle, as quiet and calm as I have seen it. The fanfare that always accompanies a session of Congress all leveled off and peace prevailed. The highly controversial issues and the first session of the general talk on both sides of the aisle that this was history's toughest sessions. The pressure from the extreme left and extreme right during the session in committee meetings and House sessions. This builds up a strain on an individual that is not noticeable until it is probably the last day out of Washington. The Rogers family would not be in the same area of time, but it takes a week to gather the children from around the neighborhood.

fluenced by the earth's magnetic and geomagnetic poles. Evidence is inconclusive that the observed responses are similar at both poles, and it is scientifically desirable to make simultaneous observations for comparative and analytic reasons and to check theories based on unipolar evidence.

You can see from this clear and concise treatment of the matter that all is not yet known. Incidentally, such portions of Antarctica as would be claimed by the USA, would be under the jurisdiction of the Department of Interior as public lands. This, of course, would come under the jurisdiction on one of my committees, to wit, the Committee on Interior and Insular Affairs. After viewing some of the pictures of this continent and hearing of the hardships encountered by the men, I advised Admiral Byrd that I did not think he need expect any Congressional visitors in that area until things warm up a bit. He told me that the discoveries proved that this area was at one time tropical, and that present indications point toward a warming up cycle. However, this will require quite a few years, say several thousand.

A Friend Of Man

The nation came off the loser when Bob Anderson, Deputy Secretary of Defense, terminated his government service. I have known Bob for many years. He is an outstanding fellow who has been blessed with a brilliant mind and many qualities for the betterment and benefit of his fellow man and not his own personal purposes. We were sorry to see Bob leave and wish him the great success in his personal life that we know he is entitled to enjoy.

Something To Keep In Mind

Oliver Wendell Holmes once said, "To be seventy years young is sometimes more cheerful and hopeful than to be forty years old." This sounds like a good old Panhandle saying to me.

17 FFA Members Take 4 Day Trip

Seventeen Future Farmers of America members from Memphis and their sponsor, Hershel Potts, returned Sunday from a four-day trip through New Mexico.

The boys left Wednesday in a school bus and their first stop was at Lubbock where they toured the Tech campus and agriculture plant.

From Lubbock they went to Carlsbad, N. M., and toured Carlsbad Caverns and spent one day swimming in the pool at the hotel where they stayed.

After Carlsbad, the trip included stops at Roswell and Artesia. Near Artesia the boys toured several irrigated farms which produced from two to three bales of cotton per acre each year.

At Ruidoso, N. M., the group visited a sheep ranch and inspected several orchard farms.

Saturday the FFA members and their sponsor went to the horse races at Ruidoso Downs.

The boys making the trip were Billy Don Johnson, Coy Johnson, David Davis, James Davis, Keith Adcock, C. L. Wynn, Leroy Hodges, George Freelan, Eddie Gable, Sandy Smith, Denny Lee, Warren Whitten, Kenny Hartman, Bobby Scott, Don Townsend, Royce Young and Daryl Long.

GIANTS AND YANKEES EVEN SERIES: EAGLES WIN 2ND FROM RATTLERS

The Giants and Yankees of the Peeewe Summer League have evened their series at one win each. The Yankees defeated the Giants by a close 19 to 18 score Tues. night, Aug. 16, at the City Park.

The Yankees started their well earned victory by decisive hitting in every inning to win the game. Leading the Yankees were: Jimmy Sturdevant, Hoot Jones with 3 runs each, followed by Buster McQueen, Don Craig, Owen and Billy Aaron with 2 each and Bob-

by Brister and Butch Baykon with one each.

Hitting for the Giants were Jimmy Harrison, Billy Thompson, Mike Simmons with 3 runs each, followed by Jack Stargel, Robert Noah, Gary Simmons, Jay Dunbar and Randy Brown with 2 runs each. Hitting home runs for the peeewe teams were Jay Dunbar, Mike Simmons, Hoot Jones, Owen and Billy Aaron.

In the Junior League of the City Tournament the Eagles swamped the Rattlers by a walloping 29 to 17 score in their second straight win in the tournament. The Eagles big inning was the 4th when they scored 13 runs and let them coast to victory easily thereafter.

Heading the Eagles in the decisive win were: Teddy Barnes and Bunky Adcock with 5 runs each and Dan Goffinet and Don Watts with 4 runs each. Larry Craig and Benny Spear each had 3 runs, Perry Wright, Kenneth Allison, 2 runs and Gordon Newton, 1 run.

Heading the Rattlers were Don Gailey with 4 runs, Henry Foster,

3 runs, Allyn Harrison, Robert Gardner, Donnie Spicer, and Phil Howard with 2 runs each and Jimmy Fields and Ernest Wilson with 1 run each.

The third game of the Tournament Play for the Peeewe and Junior Leagues will be Friday, Aug. 19. Everyone is welcome to come down and see the boys play.

Youth Rally Slated By Lakeview Church

The young people of the Lakeview Baptist Church are initiating the church's two week revival, which begins Sunday, with a youth rally Saturday night.

A group of Christian athletes from Howard Payne College will present their testimony for Christ in a program, "Jackets for Jesus."

Royce Denton, a student at Howard Payne, will have charge of the program, which will be concluded in the Lakeview school cafeteria with the showing of one of Howard Payne's football games.

Rev. F. E. Allen, pastor of the church, extended an invitation to all young people to attend this rally.

4-H Swine Show Set For Sept. 10

The Hall County 4-H Swine Show will be held in Memphis on September 10, at either the Memphis Compress or Sam Brown's barn, County Agent W. B. Hooser said this week.

The show will include all the swine won by 4-H members in the Sears swine contest and the Memphis businessmen's swine contest. The businessmen's contest is sponsored by the Memphis Chamber of Commerce, O. K. (Doc) Saye and Durham Pharmacy.

There will be five gilts won in the businessmen's contest and eight Sears gilts and one boar shown at the show.

There will be two divisions in the show. The businessmen's swine will be judged in one division, and the Sears swine in the other.

The best of the animals will be entered in the Tri-State Fair Swine Show on Sept. 19, Hooser said.

The swine will be entered in either the Junior or Open classes at the fair.

Club members who will enter Sears swine in the local show are Tony Molloy, Maurice Hood, Daryl Long, Phil Howard, Shari Gentry, Paul A. Thompson, Donald Wayne Widener, and Mike Widener.

Businessmen swine entries will be Ronnie and Clifford Edwards, Don House, Roy Alvin Molloy and Ronny George.

Jimmie Don Molloy will show the Sears boar. His brother, Roy

LETTERS TO THE EDITOR

WOMEN LEADERS

I see from the papers that Memphis women are fast coming into public service as leaders: in church work and they are organizing great clubs all over the country in the interest of better work politically. I saw in the papers sometime ago women were organizing world-wide for Democracy. Women of our wonderful nation are fast coming to know their wash days are about over and their days of hot slavery in the kitchen for men who are in authority rubbing their backs against the sacred walls of congress fighting for laws that will butter both sides of his bread and millions of people with half enough to eat in a nation of plenty. With a rating as the richest nation in the world.

Our American women would correct such bad management if in authority in majority. We are bound to face facts. Women have more love for humankind entrenched in their hearts and minds than men. Women fight for justice, men fight for profit and political power. Women have a majority in the population of our nation and sometime may know their strength. Women are wonderful

Alvin, has shown the grand champion Sears boar at the Tri-State Fair for the last two years, Hooser said.

soul winners. All churches denominations ought to greet Christian women the people. There is one woman who could and would if elected as good president as any woman whom I have in mind for her denominational God is blessing her work. Bless the women of Memphis are keeping the letters bright on the sign posts that set up along the highway that guide us to the eternal. Thanks for reading. I am to exercise my mind.

Bob Hanna Pitcher For Ft. Bliss Team

Bob Hanna, son of Mr. and Mrs. G. R. Hanna, and a Memphis School graduate, has pitched team to an Army League championship at Fort Bliss.

Hanna is also pitching Church League in El Paso one game struck-out 17 batters his team won 7-3.

In the Army League Hanna run up a long list of strikes and has several shut-outs and hit performances to his credit. The graduate of Hardmons University pitched a straight win and the league championship, then came back the night with another one-hit ball his team to an undefeated season.

Hanna, a fireballing righter played for local teams several seasons here in Memphis before he entered the Army.

Local People Visit Injured Relatives In Dallas Hospital

Mr. and Mrs. Kenneth Hawkins, Mrs. Oran Adcock, and Mr. and Mrs. Ed Murock are in Dallas with Mr. and Mrs. Dewey Hawkins of Dallas, who were in a car accident last week.

Mr. and Mrs. Hawkins, former residents of Memphis, were involved in a head-on collision in Dallas last Thursday.

Mrs. Hawkins is in Baylor Hospital with serious head injuries, and injuries to both legs. Her husband has severe cuts and bruises about his face and neck.

Dewey Hawkins is a brother of Mrs. Oran Adcock of Memphis, and Kenneth Hawkins of Farnell.

Memphian's Brother Dies At Levelland

Funeral services were held Tuesday for W. H. Brown, 65, of Levelland, the only brother of Sam H. Brown of Memphis, in the First Baptist Church of that city.

The services were conducted at 2 o'clock Tuesday afternoon by Rev. Hicks of Abernathy and Rev. Wright, pastor of the church.

Brown was raised in Collingsworth County and lived in Levelland 12 years ago. He married the former Miss Mable Starkey of Wellington.

He had been a cotton buyer and ginner most of his life.

Besides his brother, he is survived by his wife, two sons, and one daughter.

Promoting Memphis

A visitor in Memphis from an outlying Hall County Com-
munity dropped by The Democrat the other day and made a
statement that caused us to pull up short and take a look
around.

This person stated that Memphis is dying and the people
are doing nothing to make it take on new life. We can't agree
with the person, for although Memphis is not booming, it is
still holding its own.

The four years of drouth have taken some businesses, and
caused some people to move elsewhere seeking employment
and better jobs, but the hard core of Memphis citizens is still
here and still have faith in the future of this town.

The second statement made by this person is the one to
cause business people to sit up and take notice. This statement
was that a big percentage, more than one fourth, of the money
spent by the people in his community is spent outside of Hall
County.

As the fall season approaches, we should take steps to try
and remedy this spending outside the county situation. As we
have said before, there is no way to make people trade in
Memphis. We have to make them want to buy here. We are
going to have to do an outstanding job of promoting our busi-
nesses in order to make the people want to come and buy
from us.

One merchant had the right idea about building business
when he said that he liked to see stores in his line and other
businesses promote their own stores, for it helped his own
promotion program by bringing more and more people into town.
He added that every person who comes to Memphis is a pro-
spective customer for his store, no matter whether his promot-
ing or someone else's brought them to town.

By providing the people in the trade area of Memphis
with the things they want and need, we don't have to worry
about them going somewhere else to trade, for they will buy
where their wants and needs are satisfied by quality and price.

Mass Distribution In Action

It is reported that the nation's department and specialty
stores experienced an excellent first quarter, and that there was
no letup in the improvement noted in the last three months of
1954. The most important aspect the report says, is found
in an increase in profits.

From this it might be judged that each time we spend a
dollar in one of these stores, a large amount sticks in the hands
of the owners. That is hardly the case. For, even with the im-
provement, the stores' profit amounted to but 1.4 per cent of
sales, after taxes. In the same period last year it was 1.1
per cent.

This is mass distribution in action. A good total profit is
made by selling a vast amount of goods at a very moderate
unit profit.

Delightful Pet To Dangerous Beast

This paragraph, from an editorial in Christian Economics,
could be profitably read and memorized by all of us: "There
is little danger the people of our country will ever adopt
communism. We know it for what it is and we do not want it.
Our danger arises from the fact that most of our citizens are
not yet aware that socialism, when fully developed, becomes
communism or some form of totalitarianism. Baby tigers are
said to be delightful pets but they grow into dangerous beasts."

Keep that in mind when you hear it argued that govern-
ment should operate some business or other, or steadily en-
large its authority over the lives and destinies of individuals
and enterprises. Look out for the dangerous beast!

LITTLE GUY WHO CARRIES THE LOAD

Press Paragraphs—
QUOTING OUR NEIGHBORS

Is This Appeasement?

The bandits from Red China and the American ambassadors, with French and English representatives sitting in, have been holding their "conferences" in Geneva, to us a dangerous procedure. But we are inclined to think the high men in the administration realize they must "appease" the people here at home who want peace in their time and are willing for the next generation to pay any price for it. It seems to us that especially the "good" people have this attitude. It appears they think you can talk sweetness and light to a murderer. For instance, in the talks now going on at Geneva the only thing we ask for, so it is said, on our side, is the release of the Americans being held captive, except that we may sound them out on a cease-fire on Formosa, where no firing is going on.

The Reds, on the other hand, may bring up any subject they desire, including their yen for Formosa, a seat on the United Nations and the Security Council. The president knows more about all of this than anybody, of course. Perhaps he looks at it this way, that he can make the people here at home happy who want peace above all else, and serve America's purpose better at the same time by letting the Reds have all the rope they want to hang themselves. And he may know he can do it that way, because he "leads" from strength. We can only hope his "ambassadors" do not fall into the trap of making promises subrosa, which the people find out about 10 years later, and have to live up to.

Exit The Texans

Texas — a key state in Presidential elections — has come into the political spotlight in recent months. One of the reasons for this is the resignation of several prominent Texans from President Eisenhower's administration.

The second man in the Defense Department, Robert Anderson, recently left his post in that establishment and came home to Texas. Shortly afterwards, Secretary of Health, Education and Welfare, Oveta Culp Hobby, also left her post. Mrs. Hobby was a prominent Eisenhower Democrat from Texas, of which there were millions in 1952.

Other events have also transpired. Democratic National Committee chairman Paul Butler recently journeyed to Texas to visit John Nance Garner and much publicity was given this meeting. It seemed to be a tacit reminder to Democrats that a Texan had been Vice-President for eight years with Franklin Delano Roosevelt. There seems to be no doubt but that the National Democratic Party is wooing Texas and there are indications that Governor Allan Shivers is not "in the bag" for Eisenhower again in 1956.

It will be remembered that President Eisenhower split the Solid South wide open in 1952, carrying four of the eleven Southern States and almost carrying South Carolina, another of the eleven and getting sizable votes in nearly all of these states. Whether he can achieve such a result again is problematical, but it seems that he is still very popular.

Even so, one must concede that the President's Administration has stirred up a considerable ruckus in many portions of the Deep South with its anti-segregation policies and whether this will have much

effect on Mr. Eisenhower's vote totals in 1956 is a good question. About all that can be predicted at this moment is that the fight over Texas in 1956 is going to be a spirited one.

The Presidential Bug

Texas U. S. Senator Lyndon Johnson suffered a severe heart attack, but that evidently does not prevent him from having the presidential bug.

Johnson, now in his seventh year as U. S. senator, is Democratic leader and has been mentioned occasionally as a possible nominee of the party.

Many years ago Martin Anderson was an Austin newspaper publisher, but now is publisher of the

Orlando, Fla., Sentinel. Just about the day that Johnson was stricken, Anderson had a feature story. Front page editorial and front page colored cartoon endorsing the Texan for president.

Undoubtedly, this outstanding boost from a former fellow Texan must have pleased Senator Johnson and his staff. Senator Smathers of Florida had the material placed in the Congressional Record.

Booth Mooney, executive assistant to Johnson, obtained reprints and has sent them to newspaper men including the Panhandle Herald.

It is seldom that a man becomes ill to run for president. Despite his years of illness, President Roosevelt ran four times and died in office.

Senator Johnson has been ill for several weeks and it is expected he will rest as much as possible

NOW YOU CAN MAKE FRESH DRESSING IN SECONDS!

IGA

Here's a new idea... and the simplest way yet to make expertly seasoned home-made dressing. Just follow the 3 easy steps, to the right, for a taste treat that won't be beat!

- You empty Good Seasons Salad Dressing Mix into the Self-Measuring Bottle. Each envelope of this new mix contains the salad dressing secrets of a famous chef - his own original blend of rare herbs and spices.
- Next add your favorite vinegar - and a little water to make the dressing mix smoothly.
- Then add mild pure Wesson Oil. Delicate Wesson Oil - America's favorite - is the freshest salad oil you can buy. It coaxes out the fine flavor of all the spices and herbs in Good Seasons Mix. Just shake for a few seconds and you have a wonderful salad dressing - the kind you'd expect to be served in celebrated restaurants.

Miss Merlene Burks Is Complimented With Lovely Pre-Nuptial Shower Thurs.

Honoring Miss Merlene Burks of Shamrock, who became the bride of Warren Withman of Gloucester, Mass., on Saturday evening at the First Christ Church here, a group of Memphis friends entertained with a pre-nuptial shower on Thursday evening.

The courtesy, a seated affair, was in the form of a lawn party at the home of Mrs. Herbert Curry.

The bride-elect's chosen colors of blue and white were featured in party decorations.

An appropriate program was presented and included a reading by Myrtle Howard, and varied party games.

A lovely assortment of gifts were presented to the honoree, who opened them and displayed them for the group.

Guests were registered by Miss Roselyn Williams. Out-of-town guests included Mrs. Eli Smith, Mrs. Johnny Sherrod, Mrs. Lonnie

Burks, and Mrs. Frankie Goeing, all of Shamrock.

The hostess group included in addition to Mrs. Curry, the following: Meses. Orville Goodpasture, R. E. Crooks, Maudie Billingsley, Dick Spoon, Lloyd Ward, Coy Davis, R. A. Lemon, Irvin Johnson, Julius Gable, Frank Smith, Jr., J. G. Gardner, Harry Aspgren, E. E. Roberts, Arvor McQueen, Grover Kesterson, Seth Palmmeier and Miss Roselyn Williams.

Womack Family Meets Here For Picnic And Reunion

Members of the Womack family met for a reunion and picnic at the City Park on Sunday, August 14. Four of the five brothers and sisters were present for the affair. One sister, Mrs. P. Hicks Daniel of Galveston was unable to attend.

Brothers and sisters present were Mrs. Gordon Maddox, Mrs. M. A. Beasley, Sr., Mrs. Sloan Baker and O. N. Womack.

Enjoying this affair were Mr. and Mrs. Gordon Maddox and Vivian Faye and Gordon Douglas, Mr. and Mrs. M. A. Beasley and Don and Jerry, Mr. and Mrs. Milton Beasley, Jr., all of Memphis, Mr. and Mrs. Sloan Baker and Bobby of Houston, Larry Snellings of Humble, Mr. and Mrs. O. N. Womack, Richard and Joe Bob of Amarillo and Glenna Ann Widener of Lubbock.

CARD OF THANKS

During the illness and death of our loved one, Ed Bourland, we wish to express our thanks and appreciation to each relative, neighbor, friend, doctors and staff of Goodall Hospital; to the boys of the Memphis Fire Department. We appreciate the kind words of Rev. Fern Miller and Rev. Tom Posey. For each kind thought, deed and the many floral offerings, we say thanks.

Mother's Club Of Newlin Meets With Mrs. Wyman Davis

Newlin Mother's Club met Thursday afternoon, August 11, in the home of Mrs. Wyman Davis. The afternoon was spent piecing quilts for the hostess.

Mrs. T. E. Davis was in charge of the business meeting.

Refreshments were served to Meses. Trilton Davis, T. E. Davis, R. V. Sweatt, Ott Misenhimer, P. E. Gardshire, D. C. Messick, Tom Sweatt, D. W. Lawrence, Fred Hemphill and Miss Isabelle Walker and the hostess. Children present were Barbara Diggs, Jan Davis, Wayne Sweatt and Jimmie Diggs.

The club will meet on Thursday, August 19, in the home of Mrs. D. W. Lawrence for a covered dish luncheon to quilt for Boys' Ranch.

The next regular meeting will be in the home of Mrs. Trilton Davis with Mrs. Fred Hemphill as co-hostess.

Hobby Named Texas' First Woman of Year

Oveta Culp Hobby of Dallas, who is possibly Texas' "honored" native daughter, will receive the first Woman of Year award of the State Fair. It has been announced by Fair President R. L. Hobby was selected as the outstanding woman of a committee representing large Texas women's organizations. The award is being inducted at the 1955 State Fair in

recognition of the contributions of women to the growth of America's largest annual exposition, Mr. Thornton said.

"This award is not limited to native Texans," Mr. Thornton explained, "but in the case of Mrs. Hobby, who was born in Killeen, it makes us all very proud that a Texas woman should be the stand-out nominee for this first annual award."

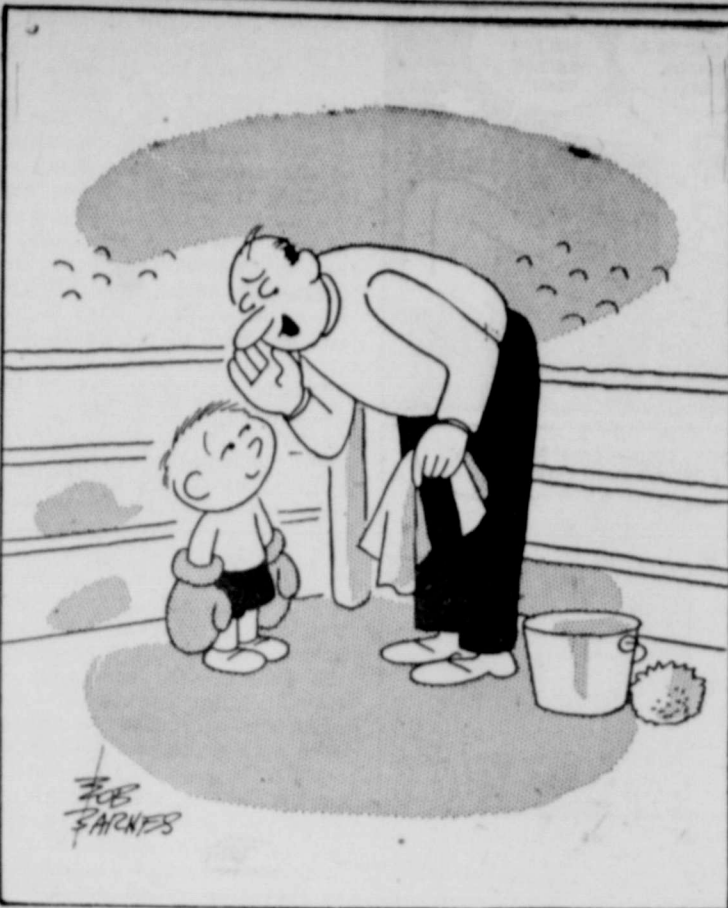

The award will be presented in State Fair Auditorium Oct. 19, Women's Day at the Fair. Mrs. Hobby will be the principal speaker at the ceremonies, which will be open to the public.

Regional, national and international honors have been showered upon Mrs. Hobby, one of the best known women in the U. S. She has served since April, 1953, as the nation's first secretary of Health, Education and Welfare, a post she recently resigned. She has been the only woman in President Eisenhower's cabinet, and is the second woman ever to hold cabinet rank. During World War II, Mrs. Hobby commanded the Women's Army Corps, with the rank of colonel.

Before being called to Washington in January 1953, as Federal Security Administrator, Mrs. Hobby was editor and publisher of the Houston Post. She now becomes president of the Houston Post Publishing Company, succeeding her husband, ex-Governor William F. Hobby, who will be chairman of the board.

President Eisenhower has praised her for devoting her talents in the cabinet to benefit the country "most effectively" and for her "calm competence in the face of every kind of difficulty." The senator

LAFF OF THE WEEK

"Hit him below the belt! . . . Remember, you're a little kid and don't know any better!"

Price Daniel declared that the nation "owes a debt of gratitude to Mrs. Hobby for the service she has rendered both in war and peace," and House Speaker Sam Rayburn lauded her as a "very capable, fine lady."

Mr. and Mrs. E. E. Roberts have returned home following a visit in Fort Worth with their daughter, Mrs. E. L. Derr, and family and in Denton with other relatives.

Mrs. Dorce Rogers and son, Bill, of Goree arrived in Memphis Tuesday for a visit in the home of Mr. and Mrs. E. E. Roberts. Mrs. Rogers is a cousin of Mrs. Roberts.

Mrs. Don Wright visited in Wichita Falls over the weekend with relatives. Mr. and Mrs. Don Wright of Lubbock also visited in Wichita Falls over the weekend.

Mr. and Mrs. C. L. Odom visited here Sunday with his parents, Dr. and Mrs. J. A. Odom. They were enroute to their home in Portales, N. M. after a business trip to Dallas.

R. C. Lemons and son John left Monday for Fort Smith, Ark., where they will attend furniture market.

Mrs. D. G. Childress of Borger was a week-end guest in Memphis. She visited in the home of Mr. and Mrs. Eldred Childress and Mrs. Ott Childress.

New F. H. A. Program For Credit Announced

Details of a new credit program tailored to the needs of farmers and ranchers in the Great Plains area, combining established real estate and production loan programs of the Farmers Home Administration with a greatly expanded emergency loan program, was announced this week by Claude Moore, acting county supervisor.

The loans will be available in Hall County and applications can be filed at the Farmers Home Administration office at Memphis. The program is an outgrowth of recommendations made at the Great Plains Agricultural Conference called by Secretary Benson, and held May 30-June 2 in Denver.

Loans will be made for reseedling and the establishment of grasslands and other approved conservation and land use practices including soil and water erosion control measures; development and improvement of domestic and irrigation water supplies, repair and improvement of existing farm buildings, and the purchase of additional land needed to enlarge a farm to a family-type size.

Loans also may be made to purchase livestock, farm equipment, farm equipment repairs, seed, fertilizer, feed, insecticides, farm supplies, and for payment of interest and taxes.

A carefully developed Farm and Home Plan will be a part of the processing of each loan. It is not intended that loans shall be made prior to proper classification of the land involved, and the Farm and Home Plan will take into consideration such things as the type of farming best suited to the land, and borrowers will be required to follow farm management practices recognized as best for their particular type of land.

The regular production loans will bear 5 per cent interest, which is fixed by law; real estate loans on family-sized farms are 4 1/2 per cent, and the special emergency loans will be at 3 per cent. Terms in all instances will be geared to the expected repayment ability of the applicant.

Previously, emergency loans were limited to credit needed annually by farmers or ranchers to carry on normal operations. The

expanded emergency loans, which will continue to supplement credit supplied by regular lending programs, are expected to help farmers and ranchers finance major reorganizations when that is necessary to stabilize their operations.

In addition to the expanded credit program, assistance will be available through the Farmers Home Administration to both the creditors and debtors in effecting voluntary adjustments of existing debts, when necessary, in order that the debt load on the farmer or rancher be held to a point within his ability to repay.

In cases where it is necessary in order to enable the farmer or rancher to continue his operations the Farmers Home Administration may include funds in the loan to refinance his indebtedness.

A loan may be made to a farm owner, farm operator, or stockman, including a partnership or corporation, if the applicant:

Is an established operator and is primarily engaged in farming or livestock operations.

Is unable to obtain the necessary credit elsewhere.

Can be expected to carry on farming operations that are consistent with proper land use for the area and will have reasonable prospects of success with the assistance of the loan.

County committees of the Farmers Home Administration will determine the eligibility of applicants.

Shawhart Arraigned On Liquor Violation

Woodrow Shawhart was arraigned before County Judge Tracy Davis Wednesday on a charge of the possession of alcoholic beverages for the purpose of sale in a dry county.

Shawhart pleaded not guilty, and Davis set his bond at \$500. He made the bond and was released.

Sheriff Bill Baten said that he and Chief of Police Guy Wright arrested Shawhart Saturday after raiding his home and finding a quantity of whiskey.

Hale Has Operation In Amarillo Aug. 10

Perry Hale of Memphis is operated on in Northwest Texas Hospital in Amarillo last Wednesday and had a three inch bone graft removed from his left leg.

Mrs. Hale said the doctors told her that the bone graft had refused to heal and that it had to be removed.

She said that she visited him Sunday and he was resting well. Hale was injured three years ago when a truck turned over and pinned his leg under an open door.

His left leg was amputated below the knee about two years ago, Mrs. Hale said.

THE BAFFLES By Mahoney

Homemakers Have Many Activities

The Homemaking department of Memphis High School has conducted a variety of activities throughout the summer, reaching approximately forty persons including adults and high school students.

Part of the students enrolled in regular summer homemaking for which they earned one-half a credit. Classes were held during June at the high school with the Homemaking II girls refinishing and reupholstering the living room suit for the department and the Homemaking I girls sewing extras, in which they made several novelty aprons.

Samples of each girl's work will be on display at the "Get Acquainted Party" for the new freshmen at the school the last week in August.

The remainder of the high school students were the old and new officers of the Future Homemakers of America, who met for a three day workshop the latter part of June, to make a skeleton plan of the new year's activities.

The F. H. A. purposes this year to further the local department to extend this to school and community by planting red rose cuttings, the official F. H. A. flower; to make full size flags of the state of Texas in co-operation with a state wide program for this year. (In a recent survey, it was found that there is a shortage of our state flags and a lack of knowledge concerning where they can be purchased.) It is hoped that these carefully thought out plans will portray a full, wholesome pro-

gram for the Memphis Future Homemakers of 1955-56.

This summer, for the third time, a class in furniture renovation for adults was offered. Mrs. Zula Ann Huckaby, Mrs. Roy L. Guthrie, Miss Ethyl Hillhouse, Mrs. Ben Parks and Joy Parks, Mrs. Gene Craig and Miss Clara Pyeatt completed a number of pieces of furniture. Mr. Melvin Blum of Memphis Upholstry kindly furnished tools and equipment for the course.

Mrs. Mary Sue Beasley, local Home and Family Living teacher, recently attended the State In-Service Education Conference for homemaking teachers, in Fort Worth. Purposes of the conference were to gain information and resource material for carrying on local homemaking programs, and to further develop a State Guide for Curriculum of Homemaking courses which was started in 1947 and will probably be completed in 1955.

The Newlin Baptist Church will begin its summer revival meeting Sunday, Aug. 21, a church spokesman said Monday.

The evangelist for the meeting will be Elder R. F. Pepper. He will conduct one service each evening beginning at 7:30, the church officials said.

January River is the English meaning of Rio de Janerio.

Comments (Continued From Page One)

similar picnic will be held at Thompson Park in Amarillo Sunday, August 28. All over the plains country are former Hall County picnics at the above places. These same people would enjoy coming to Memphis for a homecoming where they could meet and mingle with those of us who are still living here. They know about Mackenzie Park and Thompson Park, but do they know that the swellest park in the Panhandle is in Memphis, Hall County? A Homecoming picnic where each family brings a basket of food, spreads it in true picnic style, and eats with old neighbors and friends, would not work a hardship on any one financially, physically, or any other way. All other counties in the Panhandle — or practically so — have an annual event that attracts the general public and brings homefolks together. Hall County for years had old settlers day annually, but abandoned the affair several years ago. The only event so far this year open to the public here was the fireworks on July 4, sponsored by the Jaycees, and enjoyed by a large crowd. This event was paid for by public subscription. A homecoming picnic would not be as expensive as that event.

If we expect Memphis to hold its own, we must come out of our exclusive shell and consider our neighbors and our visitors. Let's try to develop a smile and cordial greeting to be used on each one we meet. Let's keep Memphis on the map as the Friendly City. Let's finish cleaning up and then be known once again as the Clean City. Let's add to what has been done and become the City Beautiful. Just a little more attention to small details and all this can be ours.

Friday night at the City Hall, 7:30 o'clock, a permanent civic improvement organization will be perfected by the election of directors. All the heads, or representatives, of the various clubs, and groups, are urged to be present at this meeting. It will be the aim of this organization to continue the clean-up throughout the year, promote improvement and beautification wherever it can be done with the co-operation of the citizenship, assist in any movement that has for its goal the betterment of the city. Many of the citizens will be called upon to act in various capacities to carry on the work of civic improvement, and it is hoped that no one will shirk the responsibility placed upon him. If a homecoming picnic is held here next month, it would be a feather in Memphis' cap to have the entire city spotlessly clean, so why not continue the clean-up without a recess? Homefolks should all want the town to look its best when former citizens attend the homecoming, just like the housewife who expects com-

Scott Montgomery Grundy and Mrs. Patsy Combs Welch are two of the more than 320 Texas Tech students scheduled to receive degrees at summer commencement exercises Friday, August 26, President E. N. Jones announced today.

This year's exercises will be held on the Administration Building green, beginning at 7:15 p. m.

Scott M. Grundy is the son of Mrs. Allen Grundy of Memphis and Mrs. Welch is the daughter of Mr. and Mrs. H. A. Combs of Memphis.

Grundy is receiving his degree in Chemistry and Mrs. Welch is a General Home Economics major. Both students are 1951 graduates of Memphis High School.

Mrs. Welch was a majorette for the Cyclone Band and Grundy was an outstanding center for the Cyclone basketball team.

"Memphis Beautiful (unlimited)" is a name submitted by a citizen for the civic improvement organization. He saw this name on a letterhead in a vivid dream he had about 4 a. m. Wednesday.

Leaving the appearance of Memphis for awhile, aren't the fourth-time planted cotton and feed looking promising all over the area? Crops are holding up well, with only a few hot spots showing up. Cotton is fruiting and with a late fall should yield abundantly. Very few insects have been noted in the fields. Most farmers would like to have some good showers to keep crops growing and maturing.

America's gone Ford!

HERE ARE A FEW DOWN-TO-EARTH REASONS WHY FORD SALES HAVE SKYROCKETED 25% IN JUST ONE YEAR!

Last year, Ford won 284,173 new friends . . . more new friends than all other cars combined! When one maker sells a whopping 284,173 more cars . . . in a year when competitive makes barely held their own or sold fewer cars . . . that make must be worth more. And Ford's 1955 model, introduced last November, stepped up the sales pace to an even higher tempo!

Only Ford drew its styling from the years-ahead Thunderbird. Unlike other 1955 cars, Ford turned to the totally new, years-ahead Thunderbird for its styling inspiration. The 1955 Ford is styled to stay in style.
