Salisbury Record Book Found

Post Office Book Reveals County History

Hall County's early history came to light this week when a record book found at the post office in Salisbury, discovered an old record book. It was a record of business transacted at the first post office in the county, which was at Salisbury.

The discovery came about when the postmaster was searching through files for other papers, and a Record and Postal Account for the Salisbury office covering the period from 1888, to June 30, 1893.

According to the book, the office was opened on Sept. 8, 1888, with J. R. Matlock as the postmaster. And, according to the book, the office began operation with the following: One set of Postal Laws and Regulations, in good condition and the other in poor condition; one letter scale in good condition; one record book; and one key.

The office received from the Post Office Department 500 one-cent stamps, 500 two-cent stamps, 500 three-cent stamps, 40 ten-cent stamps, \$1.00 worth of special delivery stamps and 500 one-cent stamps.

During the first month of operation the post cancelled \$4.78 of stamps. During the early months the postmaster was paid in advance with the amount of \$1.00. The cancelled stamps were cancelled, Thompson said.

Old records show that during the month of October, 1888, the post office sold \$13.21 worth of stamps and cancelled stamps for \$8.49. They also added 500-cent postage-due stamps; 50-cent postage-due stamps; 50-cent stamped envelopes; 25-cent newspaper wrap-

pers to their stock of supplies. Business continued about the same for the month of November with \$8.25 worth of stamps sold during that period and \$8.46 worth cancelled.

The Christmas rush during December was evident in that stamp sales increased to \$20.09 and cancellations to \$12.42.

J. R. Matlock ceased to be postmaster sometime during the month of January, 1889, and he was replaced by W. P. Jones. Jones continued to be postmaster until July 1, 1889, when he signed the post office supplies over to Price Harris. In October, 1890, the name of J. C. Holmes appeared on the records as postmaster. He continued in this position through the rest of the book, which covered the period to July 1, 1893. The post office was closed on Oct. 31, 1900, and mail was order sent to Memphis.

Salisbury was actually the first town to build up in Hall County. It had its birth when the Fort Worth and Denver City Railway Company began building a line into this area. The railroad company located a construction camp about seven miles north of Red River in 1887, and the town became known as Salisbury.

Memphis and Salisbury became engaged in a battle in 1890 over which town would be the county seat, and Memphis won by 22 votes. Following this, most of the merchants moved from that town to Memphis and in 1893 the railroad closed its office at Salisbury.

The Memphis Scouts of Troop 35 will participate in a Scout Circus at Phillips Saturday evening. Scoutmaster Ted Myers announced this week.

The local Scouts will leave the Carnegie Library at 11:30 a. m. Saturday morning. That afternoon at 3 p. m. they will participate in a full rehearsal of the circus at the high school stadium.

The performance, open to the public, will begin at 8:30 p. m. Saturday evening with the local troop putting up a campsite as their part of the program.

All Scouts planning to go on the trip should be at the Carnegie Library at 11:15 a. m. Myers said. He added that all Cub, Boy and Explorer Scouts and their parents are invited to go on the trip.

Those Scouts participating in the program will receive a Scout sash badge. Myers said that the troop was still in need of some help to furnish transportation for the boys.

Mechanical City Exhibition This Week

One of the most fascinating exhibits of mechanized toys to be exhibited in Memphis this week in the lot next to Coleman's Super Market.

The display, sponsored by the American Guild, will be open to the remainder of this week and should be of special interest to the children of the community.

"Midget City" was built as a toy by Capt. Elton Denham years ago. Included in the exhibit are such things as a tiny steam train that really plays, a motor that smokes a pipe, a clockwork who shoes a horse, and many others.

A small admission fee is charged.

Hedley Boy Scouts Return from Jamboree

Moreman, Don Cox and Bear Stotts of Hedley returned home last week after attending the National Jamboree of the Boy Scouts of America in Valley Forge, Pa.

The Scouts of the Adobe Walls Chapter boarded a special train, Saturday evening, July 27, for Pampa. This train was with the Roswell, N. M., Chapter and the Amarillo Chapter Scouts, making a total of 100 boys.

Monday morning, Troop No. 27 elected an election to choose a patrol leader and a patrol leader while on tour at the Jamboree. The following were elected: Don Moreman, assistant patrol leader.

Controls of eight Scouts and a patrol of nine Scouts were organized.

The group arrived in Washington, D. C., at 6:30 p. m. Congress-

to welcome the boys from the Pampa.

The Scouts took a bus to a cafeteria where they ate the evening meal. About 10:30 p. m. they enjoyed swimming at the Ambassador Hotel, then went back to their train where they spent the night.

On Tuesday, July 9, the Scouts boarded buses for a tour of Washington, D. C. Historic spots and places visited were Arlington National Cemetery, Tomb of the Unknown Soldier, Lincoln Memorial, Mount Vernon, the tomb of General George and Martha Washington, the Potomac River, the capitol building where the Scouts were allowed to sit in on congress for a short time. There they talked with Congressman Walter Rogers and had some pictures made on the capitol steps with him. Also viewed were the Washington Memorial, Jefferson Memorial, Supreme Court Building, the Smithsonian Institute and the White House.

Train No. 903 departed from Memphis at 6:30 p. m. Congress-

ASC Chairman Warns Farmers Of Noxious Weeds

Hall County farmers should check the land they have under Acreage Reserve to be sure it is not helping spread noxious weeds, R. A. Eddleman, chairman of the Hall County Agricultural Stabilization and Conservation Committee, cautioned this week.

He advised farmers to keep in mind the fact that, under their Acreage Reserve agreements, they agreed to control noxious weeds on the land put in the Acreage Reserve. The cost of controlling the weeds must be borne by the farmer.

Eddleman pointed out that the list of weeds designated as "noxious" is compiled by the Texas ASC Committee, and copies of such are available at the County ASC office. Weeds listed locally are Bindweeds, Canadian Thistle, Cocklebur, Morning Glory and Russian Thistle.

The chairman suggested that Hall County farmers who see a noxious weed problem developing on their Acreage Reserve land call at the county office for advice on what action to take.

The Acreage Reserve land in the county at this time consists of 7,000 acres of wheat land and 14,000 acres of cotton land.

Police Chief Guy Wright and Fireman Clifton Neeley returned Saturday from College Station where they attended the annual Texas Firemen's Training School on the campus of Texas A & M College.

A total of 1,038 students attended the school, representing 396 cities, 13 other states and one foreign country. The school is sponsored each year by the State Firemen's and Fire Marshals' Association and is conducted by the Engineering Extension Service of the college.

In addition to the regular fire-fighting courses, special features of this year's school included training in radiation and radio-nuclear monitoring, rescue operations, and field demonstrations of the latest methods of fire control.

Basic courses in firefighting are given to men attending the school for the first time and advanced courses are conducted for experienced firefighters.

Special courses are given for fire marshals, fire officers, and other personnel. Police Chief Wright also serves as fire marshal for the city.

Named a Community Builder

Matthew C. Allen Recognized For Record of Accomplishments

Matthew C. Allen was presented with a certificate naming him as a Community Builder Monday night in a surprise ceremony conducted at the City Park during a picnic held by the Memphis Volunteer Fire Department.

The ceremony was conducted by J. Claude Wells, co-publisher of The Democrat. In his presentation address, Wells outlined many of the projects which Mr. Allen had devoted his time and efforts to in order to make Memphis a "better town in which to live."

This was the first of a new series of Community Builder presentations which will be made in the coming months. It is the result of a poll taken by The Democrat recently.

Mr. Allen was born in Terrell, Texas, on July 9, 1905. After finishing Terrell Public Schools, he attended Terrell Preparation School in Dallas and then later Missouri Military Academy in Mexico, Mo.

After completion of his education, Allen tried many fields before he settled in the compress work in Memphis. His first business in Memphis was in the American National Bank in Terrell with his father. After two years in this position he left the bank and took a job with a railroad company in Grand Saline.

One and one-half years later the young railroad worker shifted to an oil well in Plainview, and then later

Yankees Take Championship of Little League as Season Closes

YANKEES WIN CHAMPIONSHIP—The Yankee Little League team, pictured above, finished up the season this week as the champions of the league by winning 15 of their 19 games. Members of the team are, top row, left to right, Larry Parks, Kenneth Allison, Bill J. Pounds, Teddy J. Barnes, John Lemons, John Ferrel, and Joe Williams, manager; bottom row, left to right, John Nixon, Micky Don Daugherty, Randy Brown, Tony Pounds and Edwin Jones. Members of the team not pictured are Ronnie George, Gayle Koeninger, Joe Williams, Jr. and Joe Koeninger, manager.

Teenagers Drop Tulia 19-3 Here Monday Afternoon

The Memphis Teenage All-Stars defeated the Tulia All-Stars in a baseball game here Monday evening at Estes Park as the two teams met for the second time this year.

Memphis took the game by a one-sided score of 19-3. In their first encounter with the group a couple of weeks ago, Memphis also won by a score of 16-6.

Tommy Tucker handled the pitching job for the Memphis nine. Other members of the team are Jerry Barnett, Jimmy Winters, Thomas Snowden, Eddie Jones, Joe Watkins, Dick Morgan, Allyn Harrison, Jimmy Morris and Charles Massey.

Pee Wee Simmons, manager of the group, said that so far no other games have been scheduled but that the group is trying to get more out-of-town matches.

Team	Won	Lost	Percentage
Yankees	15	4	.789
Braves	15	6	.714
Indians	12	9	.631
Giants	9	14	.391
Tigers	1	19	.050

County Agent Gives Information On Cotton Insect Control Methods

To obtain the best and most economical control of insects it is essential that a close check be kept on the development and distribution of cotton insects during the growing season, County Agent W. B. Hooser stated this week.

Hooser said that counts in some fields in the county have shown that fleahoppers are becoming numerous in some spots.

The county agent said that at times and under certain conditions beneficial insects control or assist in controlling such cotton pests as the bollworm, cotton aphid and spider mites. They are of little or no benefit in controlling other insects such as cotton fleahoppers, lygus bugs, stink bugs and thrips.

One should examine their fields frequently to determine whether or not insecticides are needed, he stated. The cotton grower must learn to make accurate counts at the proper time if he is to use poison profitably, Hooser continued.

He explained that by using poison before it is needed, all of the beneficial insects will be killed and none will be left to combat those insects which hatch out.

The county agent gave the following guide for checking fleahopper infestation in the fields: Examine the main stem terminal "bud" of 100 cotton plants (about three or four inches from the top of the cotton plant), recording the adults (with wings) and nymphs (young, without wings). These examinations should be made at several points in the field and if sufficient hoppers are found, the following poisons can be applied: Toxaphene, or 2-1

Awards Night Set For Tuesday, August 6, at Park

The Yankees became the champions of the Little League here this week as play was completed Tuesday night in the conference events, J. W. Coppedge, chairman of the board announced.

The team, coached by Joe Williams and Gene Koeninger, had held the lead for most of the season and finished with a record of 15 wins and 4 losses. Their nearest contender, the Braves, had the same number of wins but had two more losses.

Percentage-wise, the five teams in the league finished up as follows: Yankees .789 per cent, Braves .714 per cent, Indians .631 per cent, Giants .391 per cent, Tigers .050 per cent.

The awards night will be held Tuesday, Aug. 6, at the City Park beginning at 7:30 p. m., the chairman said.

The winning team will be presented with a trophy and each boy who participated in the program will be given a miniature baseball. The members of the winning team will receive gold baseballs, the second place team silver, and the other three teams bronze.

Uniforms also will be turned in at the event before the presentation of the trophies. Coppedge stressed that each player should bring his uniform, clean and in a condition so that it can be packed immediately for storage until needed again next year. All of the other equipment such as balls, bats, etc., should also be turned in at the park meeting. Coppedge stated that the boys will be allowed to keep their caps, but the rest of the equipment must be turned in Tuesday night.

The awards have already arrived and will be on display this week at Branigan Jewelry.

Although regular play in the

(Continued on Page 12)

Plans were being laid this week for the annual Hall County Electric Cooperative, Inc., annual membership meeting, according to J. W. Coppedge, manager.

The event will be held at the City Park in Memphis August 14 beginning at 7:30 p. m. A short program of entertainment and a melon feast will be furnished to members and their guests prior to a business meeting.

During the business meeting two directors will be elected.

REA Membership Meeting Set For Aug. 14 at Memphis

Plans were being laid this week for the annual Hall County Electric Cooperative, Inc., annual membership meeting, according to J. W. Coppedge, manager.

The event will be held at the City Park in Memphis August 14 beginning at 7:30 p. m. A short program of entertainment and a melon feast will be furnished to members and their guests prior to a business meeting.

During the business meeting two directors will be elected.

Telephone President Visits Memphis

E. H. Danner, president of the General Telephone Company of the Southwest, is in Memphis today (Thursday) meeting with city officials and civic leaders.

Others in the party include Jim King, general rate and revenue manager; C. A. "Mike" Martin Jr., general traffic manager; and Neal Bradshaw, pilot.

The group landed at the Memphis airport about 10:45 a. m. and were feted with a dinner at the Cyclone Drive Inn.

Sheriff W. P. Baten Wins Prize at Houston Convention

Hall County Sheriff W. P. (Bill) Baten returned Saturday from the Texas Sheriffs Association Convention in Houston \$200 richer for his trip.

During the last day at the meeting, July 24, Baten was awarded a prize which consisted of a large ball of silver dollars held together by tape. The family untapped the ball Sunday after arriving home and found 200 silver dollars inside. The ball weighed about 75 pounds, 40 pounds of which was lead shot.

Also included in the ball was a layer of gauze saturated with ether, which delayed the unwrapping somewhat.

His family accompanied him on the trip.

County 4-H Boys Receive Awards In Swine Contest

Six Hall County 4-H Club boys won prizes this week in the Sears Swine Program, according to W. B. Hooser, county agent.

In the boar demonstration contest, Don Molloy won first place with his animal and was awarded a prize of \$30.00.

Donald Wayne Widener placed third in the 1957 Spring Heavy Litter Contest with his six pigs which weighed 361 pounds. He received \$40.00 as an award.

Ronnie George placed 10th in the heavy litter contest; Johnny Livender, 11th; Robert Mack Moss 12th, and Paula Gentry 13th. They each received \$25.00.

The awards will be made in the form of merchandise to further the swine program, Hooser said.

MATTHEW C. ALLEN

er to a compress at Corpus Christi. This was his beginning in the trade which was to be his life's work.

He came to Memphis on Oct. 1, 1926, and took a job in the compress here, working both in the office and outside in the yard. He later went back to the position in Corpus Christi and then to the bank in Terrell.

On Sept. 29, 1928, he was married to Miss Flossie Davis, who

CYCLE TRIO... Bicyclist Tony Romano supports Yvonne of France and Lizi of Denmark in acrobatic act on Copenhagen stage.

Mr. and Mrs. G. D. Stephens of Amarillo visited here Sunday with Mr. and Mrs. Billy Thompson and family.

Carol Thompson left Tuesday for Amarillo where she will accompany Mr. and Mrs. Lester Campbell and Cris on a vacation trip to Denver, Colo. Jay Ed Campbell will visit here with Mr. and Mrs. Billy Thompson while his parents are away.

Helen Madden has returned home after a week's visit in Denver, Colo., with her sister and family, Rev. and Mrs. Jeffrey Hoy.

Mr. and Mrs. Harley Gordon and family of Lubbock visited here over the weekend with her parents, Mr. and Mrs. Louis Goffinet.

Mr. and Mrs. Paul Brewer and Glenda visited here from Tuesday until Thursday of last week with Mr. and Mrs. Herschel Combs and Mrs. Roy McClure.

Mr. and Mrs. M. C. Allen and family have returned home following a vacation in Colorado.

Mrs. Alice Crawford and daughter Mary visited in Lubbock over the weekend with Mr. and Mrs. Ray Crawford.

Mr. and Mrs. W. C. Ferrée and Larry of Oklahoma City were weekend visitors in the home of Mr. and Mrs. Tom Pickard and family.

Mr. and Mrs. Stanley Nixon and children, Emily and Stanley of San Angelo are visiting here this week with Mr. and Mrs. Carl Yancey and children.

Mr. and Mrs. Chester Grimes and son, Gary, of Amarillo visited Saturday and Sunday in the home of his parents, Mr. and Mrs. J. S. Grimes. Gary remained for a visit with his grandparents.

Mr. and Mrs. M. D. Gunstream of Muleshoe visited over the weekend in the home of his parents, Mr. and Mrs. O. M. Gunstream. Their sons, Danny and Tommy, returned home with them after visiting the past few weeks in their grandparents' home.

Joe Alvin Young and Bobby Murdock were weekend visitors in Amarillo.

Mr. and Mrs. Nay Hale and Jimmy and Mr. and Mrs. Joe Guy Smith of Lubbock visited Saturday night and Sunday in the home of Mr. and Mrs. Adrian Odom and family.

Mr. and Mrs. Gayle Greene and family returned Sunday from Cleburne where they visited Mr. and Mrs. Ingram Walker and family.

Mr. and Mrs. J. E. Woodard and family of Roswell, New Mexico; Bobby Jeffries and family of Salt Lake City, Utah; Madelle Jeffries of Coffman were weekend guests in the home of Mrs. Vesta Jeffries.

Marcene Stephens, daughter of Mrs. Mildred Stephens, is visiting in Dallas with relatives.

Mr. Omer Johnsey of the U. S. Army and Mrs. Johnsey of Amarillo visited this week in the home of Mr. and Mrs. Irvin Johnsey. Mr. Johnsey left Wednesday for Kentucky where he will be stationed.

Mr. and Mrs. Leslie Foxhall and Mr. and Mrs. H. H. Montgomery of Dallas spent last weekend in Raton, New Mexico.

Mrs. Alla Boswell and Miss Imogene King left this week for Excelsior Springs, Missouri, for a few weeks vacation.

Mrs. L. W. Stanford left Monday for Lubbock for a visit with her sister.

Kenneth Crawford, member of the U. S. Air Force on leave from the Bermuda Islands, arrived this week for a visit with his sister, Mrs. Roy Rea, and his parents in Hedley.

Mr. and Mrs. Don Lee and daughter of Borger were weekend guests in the home of his parents, Mr. and Mrs. Clyde Lee.

Mr. and Mrs. Dick Fowler and Roge and Paul returned home Friday from a vacation in Estes Park, Colorado Springs, and Denver, Colorado.

Mr. and Mrs. Elmont Branigan visited on Sunday in Hollis, Oklahoma, with Mr. and Mrs. H. T. Branigan. Their nephew, Gary, returned home with them for a visit.

Mr. and Mrs. Gilbert Petty of Fritch visited in the home of Mr. and Mrs. Elmont Branigan on Monday.

Mrs. Bill Crowder vacationed recently with Mr. and Mrs. Glen Crowder in Gallup, New Mexico, and in Arizona. She continued her trip to Bowie where she visited Wednesday through Friday of last week with Mr. and Mrs. John Angove and Mr. and Mrs. Glen Park.

Mrs. G. M. Burnett visited Monday and Tuesday in Amarillo with her mother, Mrs. Claude Betts.

Mrs. Floyd Limer left Wednesday of last week for a week's visit in Odessa with her son and wife, Mr. and Mrs. Ralph Limer.

Those visiting in the home of Mr. and Mrs. H. B. Marks over the weekend were two daughters and families, the H. A. Hodges, Dorothy and Robert Hodges of Alaska; Mrs. Vera Watson and two sons, Jimmy and Keith Stewart of Paducah; a brother of Mrs. Marks', Joe Manley, and a niece, Pauline Manley; Mrs. Dorothy Manley, Mrs. Betty Allison and three daughters, all of Amarillo; H. A. Hodges' nephew, Harold Lindsey of Lubbock; one sister, Mrs. Adcock of Memphis; and a nephew, Thomas Adcock and family of Newlin.

Wayne and Melinda Gerlach, son and daughter of Mr. and Mrs. Jimmy Gerlach of Caddo, Oklahoma, are visiting their grandparents, Mr. and Mrs. Alvis Gerlach.

Mrs. Otho Fitzgerald and daughter Kathryn visited here over the weekend with their mother and grandmother, Mrs. R. H. Wherry, Kay Wines, who had spent last week visiting in Amarillo with Kathryn, accompanied them home.

Skipper Hall returned to his home in Caddo, Oklahoma, after spending five weeks with his grandparents, Mr. and Mrs. Alvis Gerlach. He also spent time in Los Alamos, New Mexico, with his other grandparents, Mr. and Mrs. F. L. Hall, and relatives.

Mrs. Dick Spoon returned Sunday night from an Amarillo hospital where she underwent surgery. Mrs. Spoon is reported recovering nicely.

Questions Answered

Detailed Information on Purposed Greenbelt Water Authority Given

In the past few weeks there have been many questions concerning the proposed Greenbelt Water Authority. The following questions and answers have been compiled from the assistance of W. H. Hedley, representative to the State Board of Water Engineers, appointed by Mayor W. H. Hedley to serve until some organization is set up.

Q. How many years ago did the idea of the Greenbelt Water Authority originate?

A. The idea of the Greenbelt Water Authority originated in 1934 when the State Board of Water Engineers was created.

Q. What is the next procedure in the creation of this authority?

A. The next procedure necessary to preserve the water rights granted to this committee and to complete its legal status is to call what is known as a confirmation election in each member city of the Authority to vote upon the question of whether they do or do not wish to become a member of the Authority. Each city thereby gives expression to its or rejection of such membership.

Q. Is it possible for a city to withdraw from the Authority after the Confirmation Election has been held?

A. H. B. No. 285 of the 55th Legislature amended the original legislation to make it possible for citizens to withdraw from the Authority after the Confirmation Election had been held if those cities found no advantage to their participation.

Q. Who has a right to vote in the Confirmation or other elections of the Authority?

A. All qualified voters who have paid their poll taxes, have the right to vote in the Confirmation Election.

Q. What cities now have definite membership in the Authority?

A. None. Under authorizing legislation, Clarendon, Hedley, Memphis, Wellington, Childress, Paducah, and Quanah may vote themselves into the Authority.

Q. Are the above named seven cities the only ones in which confirmation election is to be held?

A. Yes, these are the only cities named in the legislative act. However, this does not preclude other cities from purchasing water from the Authority or by legal process hereafter becoming a member of the Authority.

Q. By what authority is this Confirmation Election being called?

A. This election is being called and held under the direction of the State Board of Water Engineers.

Q. What are the boundaries of the proposed Authority?

A. The boundaries of the proposed Authority will comprise all the area and property within the corporate limits of each city which votes to become a member thereof.

Q. If our community approves our participation in this Authority by a favorable vote in the Confirmation Election, can that Authority then levy a tax without a vote of the taxpayer?

A. No! No tax can be levied without a vote of the majority of the property-owning taxpayers within the boundaries of the Authority. At this stage of development it is impossible to predict whether it will ever be necessary to levy a tax. When the final engineering data is in, showing the extent of the project and the market for the water that will be available, it may well be that revenue from the sale of water will take care of all financing aspects of the Authority.

Q. How are the Board of Directors to be named to the proposed Authority?

A. The governing body of each city in the district will appoint one property-owning taxpayer who does not hold any other public office as a member of the Board of Directors.

Q. Were the water rights secured from the State Board of Water Engineers?

A. Yes, these water rights were granted by the State Board of Water Engineers under the condition that the program would show definite progress of development before May 12, 1958.

Q. What is the quality of water to be obtained?

A. No reliable information is available because of the very low rate of flow during the drought years. Regular water tests are now being made and will continue to be made. No further steps will be taken, following the creation of the Authority, until complete and reliable information on water quality is obtained.

Q. How are the Board of Directors to be named to the proposed Authority?

A. The governing body of each city in the district will appoint one property-owning taxpayer who does not hold any other public office as a member of the Board of Directors.

Memphis Youth Center News

By Judy Lemon

The Council of the Memphis Youth Center met Monday night at 7:00 in the Cyclone Drive Inn. Those attending the meeting were Addie Lou Wells, Judy Lemons, John Lemmon, Jerry Hooser, Kathy Phillips, Frank Smith, Ted Myers and Mrs. Ross Gentry.

The Council would like to express their appreciation to John Lemmon for serving as president for two months during the absence of Jerry Hooser.

Linda Collins resigned as treasurer of the Youth Center and the governing body appointed John Lemmon to serve as temporary

treasurer.

We would like to thank Mrs. Anna Dickson for donating a set of dishes to the Youth Center.

Any chairs that might be donated to the Youth Center would be appreciated.

The new election of officers will be held September 23.

The dollar membership dues for the coming year will be taken from September 15 through 23.

There were 85 youth present Saturday night. The chaperones were Mr. and Mrs. Alvin Massey, Mr. and Mrs. John Smith, Mr. and Mrs. Frank Smith, Kathy Phillips, and Ted Myers.

There are now 244 members in the Youth Center.

Chief of Police Guy Wright and family this week enjoyed a visit from Mr. and Mrs. E. D. Leggett and daughter, Paula, of Houston. Mrs. Leggett is Mr. Wright's sister. The Wright's are leaving this weekend for a vacation in the Arkansas Ozarks.

Mrs. Blanche Palmer, Former Resident, Honored In California

Mrs. Blanche Palmer, a former Hall County resident, was recently honored with a story in the Santa Ana, Calif., Register concerning her sewing classes. Mrs. Palmer is now conducting private sewing classes at her home in Santa Ana and previously taught classes in the Santa Ana, Garden Grove and Orange schools.

The former Memphis resident graduated in the first class at Memphis High School after the school received state affiliation, and then later taught in the schools in this county until she married Cornelius Palmer here. The family moved to California in the fall of 1921.

Mrs. Blanche stated that it was an unhappy turn of events which brought her into the profession she has followed for the past 25 years. Upon the death of her husband, she was forced to earn a living, and turned to the thing she did best—sewing.

Ages of Mrs. Palmer's pupils have ranged from 6 to past 60 with several women in their 70's studying in her classes for high school credits.

"My youngest pupils were probably my own daughters," she says. "I remember my eldest daughter, now Mrs. Clarine Walton of Orange, making a little white suit and embroidering it for a neighbor's baby when she was not more than 6 years old."

Men as well as women have studied in Mrs. Palmer's classes. She remembers one husband and wife team who enrolled with the idea of making matching shirt and slacks suits. Results? The husband turned out to be a much better seamstress than his wife.

Usually, however, it is women who do the sewing for their men, she says.

Beginners in Mrs. Palmer's sewing classes are not forced to make the usual aprons and pajamas. They begin by making the garments most wanted or needed by themselves or members of their families. One woman who had never sewed a stitch in her life brought material for a winter coat with fur to make a collar and

cuffs to trim it. "I was a little startled when I realized her ambition," Mrs. Palmer says, "but I tried to appear unperturbed." As it turned out she made a coat she could wear anywhere and not feel ashamed.

"Of course I supervised each step of the construction and it did take longer to complete the garment than it would have taken an experienced seamstress," according to the teacher.

"Get acquainted with your sewing machine attachments," Mrs. Palmer advises. "They save time and they often give a garment the smart touch that makes ready-made clothes so popular."

"I feel I have been very lucky," Mrs. Palmer says. "From my father, who was a country doctor, Dr. Temple, I inherited a desire to help people. In teaching I have made many wonderful friends."

"Some of them have been kind enough to tell me that my classes have helped them over rough spots in their lives including grief, inferiority complexes and just plain boredom. So I guess I might say I have, in a measure, achieved my life goal."

Sewing Club Meets Tuesday In Hammond Home

The Friendly Sewing Club met Tuesday afternoon, July 30, in the home of Mrs. Geo. Hammonds for its annual social.

The time was spent in pleasant conversation and reminiscing.

Delicious home-made ice cream and cake was served to Mmes. J. W. Oliver, T. J. Spry, Sr., Jim Webster, Hettie Newman, Estelle Barber, Ora Willingham, Lula McMurry, W. B. Beckham, Amanda Simpson, Lucy Phillips, L. G. Yarbrough and the hostess, Mrs. Hammonds.

Mrs. A. W. Howard returned home Saturday after a few weeks' visit with relatives in Ft. Worth, Dallas, Lubbock and Amarillo.

BOOSTS COFFEE . . . Senorita Amalida Alfaro of Panama was chosen Coffee Queen of South America over candidates from 15 countries. She'll visit U. S. in April.

Locals and Personals

Monday and Tuesday of last week Mr. and Mrs. Virgil Pollard of El Monte, Calif., and Mr. and Mrs. Dick Moser of Krum were guests in the home of Mr. and Mrs. Bud Godfrey. Mrs. Moser is a sister of Mrs. Godfrey and Mr. Pollard is a cousin of theirs.

Mr. and Mrs. Woodrow Barber and children of Arnett, Okla., were visitors on Monday with Mr. and Mrs. Bud Godfrey. They were on vacation and had spent a few days with the Godfrey's children, Mr. and Mrs. John Smith of Denton. They left to spend a week in Colorado.

Misses Peggy and Betty Lowe of Amarillo visited the past week in the homes of their grandparents, Mr. and Mrs. John Molloy and Mr. and Mrs. R. E. Lowe.

Mr. and Mrs. Gromer Jones and his mother, Mrs. Buna Jones, were down from Amarillo Thursday visiting in the home of L. G. Perkins.

Mr. and Mrs. Gerald Hickey and children left Friday for a week's vacation in Ruidoso, N. M.

Around and About

The publishing of facts and data being our job, The Democrat staff enjoyed immensely the examination of the record book of the first post office in the county last week, when Glynn Thompson came by with the record. Glynn explained that the discovery of the record came about when employees of the post office were searching through the old files for other papers and found the record book and postal account book.

As you may know, the first post office was located at Salisbury and the record and postal account book covered the period from Sept. 1, 1888 to June 30, 1893. It was interesting to note that the office began operation with one set of Postal Guides in good condition; two sets of Postal Laws and Regulations, one in good condition and the other bad; one letter scale in good condition; one record book and one mail key.

In those days the postmaster was paid in accordance with the amount of stamps which he cancelled. During the first month of operation, the post cancelled \$4.78 worth of stamps. Seems his pay must have been quite meager that first month.

The book contained the complete record of operations throughout the years 1888 to 1893. If you are interested in more information, a more detailed account is published in this issue.

Thinking of the early days reminded me of a conversation I had some time ago with Mrs. John McMickin. She was recalling some of the early-day incidents. She said she has a black cashmere shawl which belonged to her parents, and was the one in which all the members of her family were wrapped when they were infants including her sister, Lena Memphis Martin, the first white child to be born here. She also recalled it was her mother who made the lye soap used to grease the railroad track many years ago when the citizenry took matters into their own hands to be assured that the train would stop in Memphis.

But back to the present . . . moving from our midst in the very near future will be Mr. and Mrs. Tony Craig and family. We hate to lose citizens like the Craigs and feel that our loss will be San Angelo's gain. We're sure many of you will miss Tony's barbecue. But we do have him to think, along with other leaders of the Lions Club, for the fine barbecue unit at the City Park. This unit, constructed last year, has been much in demand.

Monday night we enjoyed delicious barbecued chicken as guests of the Memphis Volunteer Fire Department at their annual picnic and barbecue for members and their families and guests. Thanks to Mr. and Mrs. Wells who invited us.

As well as the meal, we enjoyed the fellowship of the evening. We have a fine fire department of which the whole town is proud. Well do we remember how we appreciated this fact several months ago when fire broke out in the apartment of Adrian and Carnis. Because of the efficiency of the firemen, the damage was minor.

Again, we enjoyed barbecue as a guest of the Memphis Business and Professional Women's Club at the park recently. This time we have Roselyn Williams to thank for a delicious meal and an entertaining evening. The affair was the club's annual picnic.

Mrs. J. N. Helm, Jr., who lives at Newlin, was delighted with the nice shower they received Monday afternoon. In all, they have received more than an inch of rain in that vicinity the past ten days, she reports.

She said they not only have

Miss Gaynelle Jones Becomes Bride of Gayle Price in Church Rites at Estelline

In a double-ring ceremony, performed Saturday evening, July 27, in the Estelline Methodist Church, Miss Gaynelle Jones, daughter of Mr. and Mrs. Arle Jones of Estelline, became the bride of Gayle Price, son of Mr. and Mrs. C. S. Price of Carey.

Rev. George Clark, pastor of the Carey Baptist Church, read the marriage service before an archway of stephanotis, white carnations and fern. Large white satin bows added to the decor. The archway was flanked by cathedral tapers in branched candelabra.

For a musical prelude, Mrs. C. L. Sloan, pianist, played "Indian Love Call," and "O Promise Me." Misses Betty Orcutt and Janet Long, vocalists, sang "Desert Song" and "I Love You Truly," accompanied by Mrs. Sloan who also played "Traumerel" softly during the ceremony and the traditional wedding marches for the professional and recessional.

Jay Holland and Rita Keel lighted the candles.

Miss Julia Richburg attended the bride as maid of honor. She wore an original frock of pastel pink cotton satin fashioned with sweetheart neckline and bouffant skirt. She wore a matching halo of net and seed pearls and white gloves.

Bridesmaids Karen Roberts and Brenda Bamfield, cousins of the bride, wore identically styled

good prospects for a crop but have a good garden, too . . . and proved the fact by bringing us a big sack of home-grown squash. Thanks, Honoria!

Thought for the day: A smile costs nothing, but it gives much. It enriches all those who receive it without making poorer those who give it. It takes but a moment to smile, but the memory of it sometimes lasts forever.

dresses of deep pink cotton satin and matching net halo bandeaus and white gloves.

Tiny Rita Keel wore a similarly styled dress with wristlet of white carnations and matching net bandeau.

Attending the bridegroom as best man was Beau Hightower of Childress. Groomsmen were Glem Price, brother of the groom, and Lanny Tucker, cousins of the bride. Ushers were Lanny Tucker and Joe Whitten.

Given in marriage by her father, the bride was attired in a white satin taffeta frock designed with layers of net forming an overskirt. The gown was ballerina-length and fashioned with a round off-shoulder yoke made of tiny net ruffles. Her finger-tip veil was stitched to a white satin and tulle halo cap. She carried a white arm bouquet of carnations and Stephanotis, tied with white satin streamers and held over a white Bible.

She carried out the traditional bridal custom of wearing "something old, something new, something borrowed and something blue." The "something borrowed" was a pearl necklace belonging to her aunt, Mrs. L. A. Tucker.

Mrs. Jones, mother of the bride, wore a pink shantung frock with white accessories and corsage. Mrs. Price, mother of the bridegroom, was attired in a pastel blue and white print with white accessories and white carnation corsage.

Immediately following the ceremony, an informal reception was

held in the church parlors, were registered by Miss Nell Couch.

The refreshment table was on a hand-made white lace over pink. The floral arrangement was made of white carnations and fern. The pink napkins were printed "Gay and Gayle," three-tiered cake was topped with a miniature bride and groom standing under a wedding. Decorations were pink and white. Serving iced pink punch were Mmes. Lanny Tucker, George Clark and Brenda Bamfield and Marie Ward.

The bride's bouquet and were displayed on a large table containing a large bouquet flanked by lighted candles. receiving line were the bridegroom with their parents, Lanny Tucker, L. C. Richburg, Emory Masterson, Winkler and Louise Hamilton.

For her going-away she chose a black and white dress. The couple will be at home at Childress where employed. Price is a graduate of 1957 and Mrs. Price is a member of the senior class of Childress High School and plans to attend the 1958 class.

Out-of-town relatives at the wedding were Mrs. Bamfield, Mrs. Thurma M. Jones and Carl Jones of Carolton, Kansas.

LEGAL NOTICES

NUMBER ONE ON THE BALLOT PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to the Constitution of the State of Texas...

Section 1. That Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended...

the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character."

Sec. 2 The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

"AGAINST the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and this Amendment shall be published and the election held as required by the Constitution and laws of this State. 10-4c

NUMBER TWO ON THE BALLOT PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to Article III, Section 51a of the Constitution of Texas...

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 51a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be by the Legislature be deemed expedient for assistance to: (1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one year immediately preceding such application; provided that the maximum payment per month from state funds shall not be more than Twenty-five Dollars (\$25) per person; and provided further that no payment in excess of Twenty-one Dollars (\$21) shall be paid out of state funds to an individual until and unless such additional amounts are matched by the Federal Government.

(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state supported institution, while such inmate, or to any person who shall not have actually resided in Texas at least five (5) years during the nine (9) years immediately preceding the application for such as-

istance and continuously for one (1) year immediately preceding such application. (3) Needy children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that no such assistance shall be paid on account of any child over (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, or on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application.

"The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer not inconsistent with restriction herein set forth; provided however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount so expended out of Federal funds; and provided further, that the total amount of money to be expended out of state funds for the assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Forty-seven Million Dollars (\$47,000,000) per year.

"The Legislature shall enact appropriate laws to make lists of the recipients of aid hereunder available for inspection.

"Supplementing legislative appropriations for assistance payments authorized by this section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning December 1, 1957 and ending August 31, 1959: Four Million, Nine Hundred Thousand Dollars (\$4,900,000) for Old Age Assistance, One Hundred, Seventy-Five Thousand Dollars (\$175,000) for Aid to the Blind, and Five Hundred, Twenty-five Thousand Dollars (\$525,000) for Aid to Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and other wise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at an election to be held throughout the State of Texas on the 5th day of November, 1957, at which election there shall be printed on such ballot the following clauses:

"FOR the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month subject to certain conditions for payment in excess of Twenty-one Dollars (\$21) per month and on the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars (\$42,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year; and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

"AGAINST the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from state funds from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month subject to certain conditions for payment in excess of Twenty-one Dollars (\$21) per month and on the total yearly expenditure of state funds for assistance to needy aged, needy blind, and needy children from Forty-two Million Dollars (\$42,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year; and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

Sec. 3 The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State. 10-4c

of the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State; providing for the payment of such bonds; creating an agency to administer said Funds and to perform other duties prescribed by law; limiting the period during which financial assistance may be granted; and providing for the calling of an election and the publication and issuance of the proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article II of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-c, as follows:

"Section 49-c. There is hereby created as an agency of the State of Texas the Texas Water Development Board to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by law. They shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

"The Texas Water Development Board shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed (\$100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars (\$100,000,000). The bonds authorized herein or permitted to be authorized by the Legislature shall be called 'Texas Water Development Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein.

"All monies received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

"Such fund shall be used only for the purpose of aiding or making funds available upon such terms and conditions as the Legislature may prescribe, to the

various political subdivisions or bodies politic and corporate of the State of Texas including river authorities, conservation and reclamation districts and districts created or organized or authorized to be created or organized under Article XVI, Section 59 or Article III, Section 52, of this Constitution, interstate compact commissions to which the State of Texas is a party and municipal corporations, in the conservation and development of the water resources of this State, including the control, storing and preservation of its storm and flood waters and the waters of its rivers and streams, for all useful and lawful purposes by the acquisition, improvement, extension, or construction of dams, reservoirs and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods.

"Any or all financial assistance as provided herein shall be repaid with interest upon such terms, conditions and manner of repayment as may be provided by law.

"While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the prior fiscal year.

"The Legislature may provide for the investment of moneys available in the Texas Water Development Fund, and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board. Income from such investment shall be used for the purposes prescribed by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board.

"From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or as interest thereon, there shall be deposited in the interest and sinking fund for the bonds authorized by this Section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds

issued under this Section. If any year prior to December 31, 1982 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water Development Fund, and may be used for administrative expenses of the Board and for the same purposes and upon the same terms and conditions prescribed for the proceeds derived from the sale of such State bonds. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1982, and all moneys thereafter received as repayment of principal for financial assistance or as interest thereon shall be deposited in the interest and sinking fund for the State bonds; except that such amount as may be required to meet the administrative expenses of the Board may be annually set aside; and provided, that after all State bonds have been fully paid with interest, or after there are no deposits in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys so received shall be deposited to the General Revenue Fund.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of the State at an election to be held on the 5th day of November, 1957, same being the 1st Tuesday after the 1st Monday in said November, 1957, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars (\$200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-c of Article III, authorizing the issuance and sale of Two Hundred Million Dollars (\$200,000,000) in bonds by the State of Texas to create the Texas Water Development Fund to provide fi-

ancial assistance to certain political subdivisions or bodies politic and corporate of the State of Texas in the conservation and development of the water resources of the State.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expense of publication and election for such amendment shall be paid out of the proper appropriation made by law. 10-4c

IT'S THE LAW in Texas

Seller Remains Liable Henry Jones decided to sell his home for \$15,000 and when a buyer was found, the question arose as to how the buyer should finance the purchase.

Henry had a mortgage on his house, with a balance of \$10,000, and the buyer suggested that Henry permit him to take over the mortgage payments, paying Henry the difference of \$5,000 in cash.

Several years after the deal was closed, Henry received a letter from his bank advising that the payments on the mortgage were far in arrears and that he would have to pay or a lawsuit would be filed.

Henry was surprised to learn that he was still liable on the original obligation, and that if the property could not be sold at foreclosure to bring enough money to pay the mortgage balance and the costs, he would have to pay the difference.

Of course, Henry might have sued his buyer for his loss, but the chances would be that the buyer is insolvent and "judgment-proof," so that Henry could not collect a judgment against him.

When a mortgage is assumed by a purchaser of real estate, the financial institution still holds the original note which was signed by the seller. If Henry had contacted this bank and obtained a release of liability, Henry would, of course, have been cleared of all further responsibility of the obligation.

Henry's bank, however, would have no reason to release Henry and might be reluctant to do so unless the bank's investigation disclosed that the buyer was at least as credit-worthy as Henry. The bank may also have had additional problems concerning releasing Henry from the obligation if the loan was of the FHA or GI type.

The danger of permitting an assumption of your mortgage loan may, therefore, be considerable, especially in view of the fact that real estate markets may fall after a period of years so that the real estate itself may not be of sufficient value to pay the mortgage note in the event of a default by the buyer.

Soil Conservation News

By WILLIAM SWINDEL

H. L. Davenport, a cooperator of the Hall County Soil Conservation District, has just completed some stubble mulching on his farm in the Lakeview community.

Stubble mulching is the practice of leaving as much crop residue on the surface of the soil as possible. This partially covered straw and stubble provides a cover for the land when crops are not growing, increases water intake of the soil, helps prevent serious blowing of dust, as well as providing other benefits.

The practice of stubble mulching is badly needed in this area, according to Soil Conservation Service technicians. Stubble mulching can be done best with sweep type or other equipment that does subsurface tillage, leaving most of the stubble on the surface of the soil. For additional information on stubble mulching, contact the local SCS office.

Texas Tech To Offer New Course In Gin Engineering

The National Cotton Council has chosen Texas Tech as one of two U. S. colleges where it will support a new course in cotton gin engineering.

The other institution chosen is Clemson Agricultural College.

Tech's widely known textile engineering and agricultural engineering departments figured in the selection, Council officials said. Another factor was the institution's proximity to other major cotton research laboratories and a large cotton growing area, they said.

More children under 14 are killed by home accidents than by Farm and Ranch Safety Council warns that all medicines should be labeled and placed out of the reach of children; firearms kept unloaded and stored in a safe place; matches and knives should be out of reach of youngsters, and scissors, pins and sharp tools are no good as playthings for children.

Jury Commission Selected Here

Luther Gribble, judge of the 100th District Court, this week selected the persons who will serve as the Jury Commissioners for the February term.

Those named were J. M. Ferrel, Jr., Memphis; Mrs. Paul Thompson, Lakeview; Carl Hill, Esteline; Mrs. Jack Lacey, Turkey; and J. W. Hatley, Jr., Brice.

The present Jury Commission met on July 24 and selected 16 grand jurors and 120 petit jurors. The fall term of the court will open on Sept. 3, according to Mrs. Mildred Stephens, district clerk.

Memphis Fire Dept. Hold Picnic At Park

The Memphis Fire Department entertained with their annual chicken barbecue at the City Park on Monday evening. Guests were families of the firemen, several out-of-town firemen from Clarendon, Turkey and Childress and local guests.

The menu included, in addition to barbecued chicken, potato salad, beans, onions, home-baked pies, ice cream, bread and soft drinks.

Following the meal, Alvin Massey introduced the guests and then presented Claude J. Wells, co-publisher of The Democrat. Mr. Wells recognized Matthew Allen for his outstanding service to the community and presented him with a certificate naming him a community builder.

Mr. Massey then directed a series of out-door games.

Approximately 75 members and guests enjoyed the affair.

Mrs. Thornton's Brother Dies In Georgia Friday

Mrs. L. M. Thornton received word Friday of the death of her brother, J. C. Laughridge, in Eton, Georgia.

Mr. Laughridge, who was 77 years of age, had been in ill health since suffering a stroke in February. He had visited here numerous times with Mrs. Thornton throughout the past years.

Mrs. Thornton had visited with her brother several weeks ago and did not return for the funeral service.

Possum Kingdom Wardens To Discuss Spear Fishing Mon.

There will be a regional meeting of game wardens in the Possum Kingdom area at Possum Kingdom Monday, to discuss regulations affecting that area in hunting and fishing, it has been announced by the Director of Law Enforcement.

No material changes affect the area, according to the Director. Spear fishing, however, will be discussed at length. The Director believes it will be possible to develop this kind of fishing, where the water is clear enough, to help rid the lakes of guay and carp. He warned, however, that game fish must not be taken by the frogmen.

The director also announced that Max Kluge, long time warden at Corpus Christi, has resigned, effective on the appointment of a successor. Kluge plans to go into business.

Mrs. Bill Vardonian and her sister, Mrs. Annie Crow of Childress, returned this week from a trip to Portales, N. M., where they visited with another sister, Mrs. H. H. Depperman, and her husband. They also enjoyed a visit in Melrose Sunday with a nephew and family.

Mrs. M. L. Evans and children of Amarillo are visiting here this week with her parents, Mr. and Mrs. R. A. Wells and family.

**The Fair To
Feature Aztec,
Mayan Rituals**

Some of the world's most remarkable spectacles will be featured as a free attraction at the State Fair of Texas, Oct. 1-10.

Mysterious rituals of the Aztecs and Mayans of Ancient Mexico will be faithfully recreated by actual descendants of the vanished races.

The Aztec-Mayan Spectacular will be presented twice daily on the Main Stage, climaxed by a dramatic "ceremony of the vanishing."

A awe-inspiring ritual is performed by "The Birdmen of Teotihuacan." Dressed in feathered costumes, these "flying" men climb to the top of a 100-foot pole. To the weird music of a drum, the four fliers one by one go through an intricate ceremony on a tiny platform atop the pole.

Head down, hanging by their heads from ropes wound around the pole. As they glide slowly to earth, the ropes under-ride widening circles.

Outside a few remote pueblos in the jungles of Mexico, a ceremonial of the flying saucers is among the oldest of native rites of that region. Dating back from the time of the Spaniard Conquest, the ceremony has been passed down from the age of the Aztecs to the present.

Colorful dances of the Aztec Spectacular are performed by a troupe of 20, attired in elaborate costumes. In addition to their appearances on the Main Stage, they will be featured in three big free Cotton Shows during the fair. The first will be on Mexico day, Oct. 1.

**Miss Kaye Walker
Honoree On
Anniversary**

Miss Brenda Kay Walker, daughter of Mr. and Mrs. John Walker, was complimented with a party Saturday afternoon at her family home on her 19th anniversary.

Party favors included a birthday cake inscribed with the date, "One Year Old."

Miss Walker received a lovely gift including a rocking chair and toy animals.

Those present were Judy Johnson, Tommy and Wanda Grice, Tacker and Mmes. Ella and Becky Bruce, Gladys and Marcie Lockhart, Marcie and Brenda's grandparent, and Mrs. H. C. Wilcox and the parents, Mr. and Mrs. Walker.

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M.D., Commissioner

Summer-time is barefoot-time. One of the joys of summer vacations for small boys—and small girls, too—is to be able to go about their business sans shoes.

However, shoes are basically a protective item of clothing, and when they are not worn, the protection is removed. For that reason each summer the incidence of foot injuries to children goes up. These injuries are varied, but usually they are abrasions, cuts or punctures.

Prompt action and a hurried trip to the doctor or first aid kit is usually all that is required to set things right.

But oftentimes there is a hidden spectre waiting to complicate what may appear to be a simple little glass cut or nail puncture. This spectre is tetanus, commonly called lockjaw.

Lockjaw is an acute disease of the nervous system caused by poisons from wounds infected with tetanus bacteria. These organisms,

from two to 50 days after contact with the germ. The first signs are often stiffness in the neck and jaw, sometimes preceded by chills, fever and stiffness of the muscles near the original wound.

In time, if left unchecked, tetanus causes severe spasms involving the entire body and may result in death.

Fortunately serious damage from the infection may be avoided through immunization with tetanus toxoid and should be included in the routine vaccinations of children, with an occasional "booster" to insure immunity.

Not a single accident to passengers on Pullman cars has been reported since 1951. The 65 million passengers have travelled 40 billion miles.

Eleven billion dollars have been spent in the last 10 years by the railroads for improvements, new equipment and for research.

YOUR Social Security

Many persons who are filing claims for social security benefits are overlooking the requirement that certain proofs must be submitted before their claims can be certified for payment, according to John R. Sanderson, manager of the Amarillo Social Security office.

Sanderson said that failure to present the necessary proofs at the time the claim is filed causes the claimant to have to make one or more additional trips to the social security office. As a result of these extra trips, people have to wait longer to be interviewed, the processing of claims is slowed up and claimants have to wait longer before they receive their first monthly check.

Sanderson explained that in most cases the claimant must submit proof of his date of birth. He said that the best proof is a birth certificate issued shortly after the date of birth but if one is not available, other proofs, such as a baptismal certificate or a family Bible or an old life insurance policy are generally acceptable. Most delayed birth certificates are not acceptable, he stated. He added that farmers should not overlook bringing along copies of their 1955 and 1956 Federal Income

Senators, Look Behind "Civil Rights"

Congratulations are in order this week for the 52 U. S. Senators who voted to limit the scope of the Civil Rights Bill to the voting provision only. It is indeed gratifying to see that there are still some men in Washington who are intelligent enough to see through the entire scheme as only a vote-getting measure and also one which could be detrimental to the good of the country in the long run by placing too much power in the hands of the attorney general.

The entire civil rights movement was cooked up by Attorney General Herbert Brownell, Jr., in order to capture the votes of a minority group, the city negroes. Brownell was campaign manager for Thomas Dewey during his unsuccessful try for the Presidency and after the voting was over Brownell began to look closely at the statistics. He figured out that if the Negro vote had been in favor of Dewey in the larger cities, then Dewey would have carried the cities by enough majority to pick up those electoral votes, enough to win the election.

Since that time Brownell has remained quiet and in the background but now that the "Great Crusade" seems to be slipping he has pulled the civil rights gimmick out of the bag and is trying to gain support for the Republican candidates by the next election.

The Republicans did not need the civil rights issue in the last election since they had managed to get in the good graces of the corn farmers and were sure of a good vote in the mid-west. However, after the election the Republicans saw how fast they were losing the farm votes by their agricultural policy of constantly downward sliding prices and decided something must be done to stay in power. This was the moment Brownell chose to spring the civil rights idea—right when his party was in need of something to get votes.

Discussion of other provisions of the Civil Rights Bill continues this week and we sincerely hope that the Senators continue to read every part of the bill and realize what it would mean to the country before they cast their vote. We can indeed be thankful that the men who set up our government saw fit to divide the branches of government so that there would be a check balance system among those who are elected. During the past few years there has been a tendency among some of the elected officials to rule instead of serve.

It might be interesting to note that many members of the Republican party have joined with Southern Democrats in order to defeat some of the provisions of the civil rights bill, even though it is an administration bill.

The Right Way to End Tech Incident

The board of Texas Technological College would like to write "case closed" in the recent firing of two members of the school's faculty and elimination of the job of another. It is doubtful that the matter can be disposed of so easily. It is doubtful that a simple act of will on the part of the board will be sufficient to silence the questioning of what to all appearances was a summary dismissal for which no official explanation yet has been offered. The consequences of the board action are still to be met, and they could affect the school in a way that will be of continuing concern to all students and graduates of Tech and to the people of Texas whose funds support the institution.

Certainly the board has a right to run the school. It was appointed for that purpose. But that does not mean that the board has a right to run it without regard to recognized procedures, without regard for rules of fairness, and without the necessity for explanation to the people of Texas whom the members of the board represent. It has the obligation to safeguard the standing, the prestige and the good name of the school in every way possible. By the secrecy of its dismissal action and its continued failure to assign an official reason for it, whether adequate or inadequate, the board runs the risk of damaging the institution.

The only explanation so far offered has come from one member of the board represent. It has the obligation to safeguard the dismissed faculty members did not "measure up to the high intellectual and academic standards set by the administration and the board." No one has confirmed, however, that this is an official statement of the basis of the board's action. In non-board quarters, the firings freely have been attributed to objection to political activities and social views of the professors rather than to their professional incompetence. The return of the board chairman, W. D. Watkins, who was absent when the action was taken, has brought no authoritative explanation, although there is some sign that Mr. Watkins did not fully agree with his fellow board members that nothing more should be done in the matter.

It is quite likely that something more will be done, regardless of the preferences of the board. The Southern Association of Colleges, the accrediting agency for institutions of higher learning in this region, is not apt to write off the incident without investigation. The result could be a loss of the school's accreditation—a matter over which Tech President Jones expresses himself as "gravely concerned" because of its injurious effect upon the standing of the institution.

Letters to the Star-Telegram from graduates of Texas Tech and from others indicate that many of them, too, are gravely concerned. Others may think—and some have so expressed themselves—that the board was justified in its action. The board holds the power to resolve the question by bringing out all the facts involved through a public hearing. If the dismissals were warranted, the board should have no hesitation in revealing the reasons in a public hearing. As things stand, such a hearing is needed in justice both to the board and the affected professors, and this procedure seems the only way to bring the matter to a satisfactory end. —Fort Worth Star-Telegram

THE OL' SWIMMIN' HOLE

Press Paragraphs— QUOTING OUR NEIGHBORS

"If" Is the Big Word
If the legislature had passed one of the bills suggested by the Texas Press Association for the last session, the stink arising from Texas Tech would not smell nearly so bad.

The bill in question is the one which would have prohibited secret meetings of government bodies in the state. No matter what they are called—closed, executive or star chamber—meetings which exclude the public press, the representative of the public, are an abomination which should be eliminated.

Many persons who serve on boards, commissions, councils and what have you feel that their actions are no business of the taxpayer. We have it here in Canyon to a lesser degree, usually on fairly unimportant things.

But in Canyon, most everyone seems to feel that it's quite all right for the school board, the city commission or the county commissioners to do their work privately if they want to. When a board in another place meets secretly, that's a different story.

If the legislature had passed the antisecrecy bill, those professors at Tech might have been fired, but they would have been fired in the full sight of the public. Then we might have griped about them being fired because of the reasons used, but we would have known the reasons.

Presumably, a board of directors of a state college can set up its own standards of acceptability, and can hire and fire on those standards. And the standards can be changed, again by the same board of directors.

But we feel the Tech board, and any other board of any other tax-supported institution in the state, has no right to operate in secret. The Tech board is spending tax money, and it should be held in strict accountability for how it is spent. And that includes the adding to or cutting from the faculty.

We have no quarrel with the action of the Tech board, because we feel the board has the right to hire and fire. But we do have a quarrel with the way the board acted. We do not believe any group of men spending tax money has the right to hold information, including the information about the reasons they took a specific action.

If the legislature had acted on the bill, the Tech mess wouldn't have happened. —Canyon News

What Taxes Mean to a Weekly
A weekly newspaper publisher, Guy T. Ludl, of The Wahoo Democrat in Wahoo, Nebraska, took time out recently to figure up what federal taxes were costing his plant, in terms of what these taxes would buy.

He was astounded to learn what a big item of expense his taxes were.

We did some figuring here at the Herald and also came up with some astounding figures. If you don't think taxes are one of the biggest items of doing business today, consider these facts:

We paid to the Federal Government an average of \$3 per hour for every hour our plant was in operation last year.

It costs the Stewart Printing Co. \$25 in taxes every workday morning just to unlock the front door. And these taxes were paid

whether the door was opened or not.

The amount of Federal Government taxes taken out of this plant last year was equal to one and a quarter page ads each week.

It cost more for taxes than the cost of heat, postage, electricity, water, freight and insurance combined.

What is the answer? We don't know. We know that government spending is too high and going higher. We know that taxes are going up and every time a proposal is made to reduce the federal budget, the area affected immediately develops into a sacred cow that must be untouched.

It is frustrating—this matter of

federal taxing and federal spending. You can't put your finger on any one person or any one thing to blame. All you can do is keep complaining to your elected representatives in Congress and the Senate. We have. Have you?

—Ochiltree Country Herald

In riots in Alexandria, Egypt, U. S. Marines were the first troops to reach the center of the city after the bombardment on July 14, 1882.

Naval Ordnance Laboratory scientists at Silver Spring Md., are developing an instrument called the "Derry," a more accurate thermostat than those now used to regulate home heating plants. The heat of a match 10 feet away will make the sensitive electro-chemical instrument work.

Memories Turning Back Time

From The Democrat Files

40 YEARS AGO
August 2, 1917

German Women Fighting In Russia: When the Russian women's battalion, known officially as the "Command of Death," went into action against the Germans near Smorogn July 25, they captured a number of women from whom it was learned for the first time that German women also were fighting on the battle front in Western Russia. . . . More Bricks For West Side: Contracts have been let for the erection of two new brick buildings on the west side of the square, between the Wilson building and the Henderson building. Dr. C. F. Wilson and Dr. J. M. Ballew will each erect a building. These buildings will make this block solid bricks except fifty feet at each end and will eliminate the small fram shacks that have long been an eyesore to this section. . . . Telephone A Nuisance: Alexander Graham Bell, inventor of the telephone, interviewed in Washington recently, said: "Not for 30 years has the telephone meant anything to me. My interest ceased when it grew to commercial utility. In fact, I won't have one of the things near me if I can help it. They're a nuisance."

30 YEARS AGO

Burglars Enter Local Drug Store Last Friday Night: The Leverett-Williams drug store was entered by burglars last Friday night and the store sustained a loss of approximately \$200 as near as can be ascertained by checking. The thieves gained entrance to the building by tearing off a screen and breaking an upper pane out of a rear window. The loss consisted of watches, pocket knives and jewelry, etc. . . . More Than 2,000 View The Big Mardi Gras Parade Friday: More than 2,000 persons were in Memphis Friday night to view the parade made up of a large percent of the merchants of Memphis in the annual Mardi Gras presented by the Texas Gold Medal Band under the direction of Paul James. Immediately following the parade Miss Annie Ruth Johnsey, Queen of the Mardi Gras, and her party were escorted to the coronation festivities. The maids of honor were

Misses Mildred Cohen, Ellen and Estelle Denis.

Wesleyan Guild Weekend Held At Ceta Canyon

The Wesleyan Service Guild of the Northwest Conference of the Methodist Church held its annual Guild weekend at Ceta Canyon on July 27 and 28. Those attending from Memphis were Mrs. Mildred Stephens, Mrs. Mary Owens, Miss Neville Wrenn, Mrs. Barney Burnett, Mrs. Rupert Wynn, Mrs. Hester Bownds, Mrs. John Fowler, Mrs. George Greenhaw and Mrs. J. W. Coppedge.

Miss Dorothy Peery of Amarillo, Conference Guild president, presided at all meetings beginning on Saturday evening with a song-assembly in the tabernacle. Miss Helen Martin of Seminole sang "Breathe on Me Breath of Life."

The theme of the Conference was to Serve the Present Age.

The main speaker for the evening was Miss Mabel Ruth Nowlin of Independence, Missouri, a retired missionary. Miss Nowlin discussed the call to every woman to interpret the place of the educational institutions in the women's division and world mission of the church. Miss Nowlin told the audience of the nine mission schools in Japan and said, "if the school has 'Jo' or 'Ko' in the end or beginning, you always know that it is a girls' school or co-educational school."

Miss Nowlin was dressed in a Japanese kimono and she explained that the kimono is wrapped from left to right, contains no pins, hooks or buttons, and is held in place with an obi (a wide sash) around the waist. If the sash is wrapped from the right to the left, that is worn by the dead only, she added.

After breakfast, a business session was conducted in the tabernacle followed by workshops. Then Miss Nowlin brought the message of the morning, continuing the thought "To Serve the Present Age" by saying the call is to every woman to confront the local church with the challenge of recruitment for missionary and cleanliness service.

"Ceta Canyon is like Palestine," Miss Nowlin said, "with its beautiful, hot wind in the day time and cold nights, lifting you into heights you had never known before."

Sunday afternoon studies for the ensuing year were presented in reviews by several women. Miss Peery discussed the study of "Christ—the Church—the Race"; Mrs. Harold Soulen of Hutchinson, Kans., talked on "Social Witness"; Mrs. Ethel Terrell, Lubbock, gave a brief of "The Gospel of St. Mark"; and Mrs. E. T. Pittard of Anson, president of the Northwest Texas Conference's Woman's Society of Christian Service, presented leads for the study of Japan.

State Fair To Feature Remote Control Kitchen

A remarkable remote control kitchen which electronically takes over housekeeping duties at the wave of a hand will be demonstrated in the Electric Building at the 1957 State Fair of Texas, Oct. 5-20.

The kitchen's master control panel makes meal planning and preparation, and the tiresome chore of cleaning up afterwards, as easy as twisting a dial.

In the spotless, filtered, air conditioned kitchen, a self-propelled serving cart detaches itself from a dishwashing mechanism in the wall, moves to the dining table, delivers complete table service or receives soiled dishes, then returns to its nest in the wall to dispose of waste and do the dishes.

A "mechanical maid" mobile floor cleaner scrubs, dries, waxes or polishes the floor, functioning automatically on its own.

At the wave of a hand, a refrigerator moves down from a wall cabinet to convenient reach-in level. The frost-free unit dispenses an inexhaustible supply of clear ice, in sizes from large cubes to fine powder.

Meal preparation is simplified by self-cleaning, automatic cooking facilities. A completely automatic meal maker activated by a menu selection control moves selected foods from cold storage to cooling, warming or cooking compartments. A canned food dispenser delivers a can intact or opens it automatically, releases contents and destroys the can. Combination cooking and serving utensils are made so the exterior remains cool while food heats.

The planning center, which is the heart and brain of the Miracle Kitchen, has touch controls for food selection, recipe selection, the mobile dishwashing cart, the floor cleaner and the automatic meal maker. Here a rotating TV monitor shows at a glance activity at the front door, nursery, game room or any other location in the house.

LAFF OF THE WEEK

"About the only thing you can get for a nickel nowadays is five pennies!"

GAME MEN STUDY GOOSE MANAGEMENT

Goose management may be next on the program for wildlife biologists. This was the announcement this week by E. A. Walker, Director of Wildlife Restoration of the Texas Game and Fish Commission. He, with J. R. Singleton, coastal duck biologist, will attend a meeting in Santa Fe on August 1 and 2. Here the Central Flyway Council will discuss duck and goose problems of the central area.

In studying geese the biologists have found that flock management rather than flyway management may be the answer to the goose problem. Geese fly from their nesting areas to the same area in the south each year, the biologists have found. By bringing their young, the same route is followed each year by the flocks.

Visiting in the home of Mr. and Mrs. Joe Vandiver this weekend were her two sisters, Miss Dolly Kemp and Mrs. Forrest Proffitt of Sherman, four brothers, Henry and Paul Kemp of Toga; Gene Kemp of Abernathy and L. C. Kemp of Belle Rise, Ill. It was the first time Mrs. Vandiver had seen Mr. L. C. Kemp for 25 years. Mrs. Vandiver's other sister, Mrs. Maye Barnes was unable to be with them, but she and Miss Dolly Kemp visited here two weeks ago.

Several Farmers Harvest Grass Seed

Several cooperators of the Hall County Soil Conservation District have recently harvested some grass seed.

H. C. Fowler, George Craft, and Q. N. Clark of the Lesley Community have several hundred pounds of Blue Panic seed that they have harvested.

Technicians of the Soil Conservation Service have indicated that all kinds of grass seed will probably be in great demand for the next few years.

Card of Thanks

To our dear friends, we wish to express our sincere gratitude for the many expressions of love during the illness and at the death of our mother and grandmother. We deeply appreciated the beautiful floral offering and the food that was served. May you be blessed and comforted as we were, in our loss, by the devotion of friends.

Mr. and Mrs. Slim Stuart
Mr. and Mrs. E. M. Petrick
Mr. and Mrs. Bennie Williams and grandchildren

Card of Thanks

The kindness and sympathy of our neighbors and friends will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

The W. B. Davidson Family

Railroad passengers travelled 28 and a half billion miles during 1956.

Legal Notices

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Mrs. B. D. Alexander a widow if living and if deceased her heirs known and unknown if living, known and unknown heirs if dead, W. B. Brazelton and C. L. Johnson if living and if deceased their heirs known and unknown if living, known and unknown heirs if dead, and their legal representatives, and all persons claiming any title or interest in Lots Nos. 21, 22 and 23 in Block No. 4, Original town of Memphis, Hall County, Texas, Defendants, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Hall County at the Courthouse thereof, in Memphis, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16th day of September A. D. 1957, to Plaintiff's Petition filed in said court, on the 30th day of July A. D. 1957, in this cause numbered 3784 on the docket of said court and styled H. L. Boren as Plaintiff VS Mrs. B. D. Alexander a widow, W. B. Brazelton and C. L. Johnson if living and if deceased, their heirs known and unknown if living, known and unknown heirs if dead and their legal representatives, and all persons claiming any title or interest in Lots Nos. 21, 22 and 23 in Block No. 4, Original town of Memphis, Hall County, Texas, are defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Suit in statutory trespass to try title, for title and possession of Lots Nos. 21, 22 and 23 in Block No. 4, Original town of Memphis, Hall County, Texas. Plaintiff pleads 10 years adverse possession of said lands and claims title and possession of same by and through said ten years adverse possession as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Memphis, Texas, this 30th day of July, A. D. 1957.

Attest: MILDRED STEPHENS
Clerk, District Court
Hall County, Texas

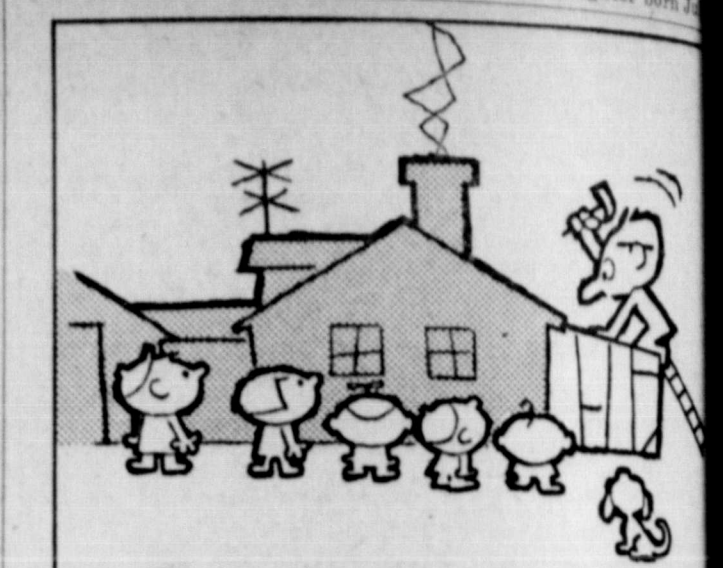

Summer Enrollment At Tech Is 2,456

Texas Tech has a summer term enrollment of 2,456, setting a new record for that period, the Registrar's Office reports.

The old record for the second summer term was 2,384, established only last year. The current enrollment includes 1,771 men and 685 women.

Gentlemen:

We, the players, Managers and Board of Directors of the Memphis Boys Baseball Program, wish to publicly express our thanks and appreciation to you, the sponsors of the program, for your support in making possible this program.

Certainly we feel the program has been a success, with over 100 boys participating in over 120 games of baseball. We feel the program has enough merit to warrant the continuation of the program. It is our desire to have an even better program in the future.

Please accept our sincere thanks and gratitude for making this year's program possible.

Most sincerely,

Report From Washington

By Walter Rogers
Congressman, 18th District

The Hoover Commission has brought many important suggestions concerning the activities of the letters to the government adopted by the Hoover Commission Report...

been unable to find any sound basis for the unsubstantiated estimates of savings claimed by some of the proponents. Even if all the Hoover Commission's recommendations had been found to be of practical application, these estimates are not based on facts and are grossly unfair to the Congress. The American people have every right to expect their representatives in Congress to act with sound judgment regardless of the pressure brought to bear upon them by those who do not have full information as to their impact upon the national welfare."

Subsequently, the Senate Committee on Government Operations issued a report on the second Hoover Commission's activities as follows:

"While these documents prepared by the various study groups form the main basis for the Commission Reports to the Congress, the Commission did not, in all instances, agree with the recommendations of its task forces, subcommittees and study groups. Many of its recommendations are based upon the experience of the members of the Commission plus independent research by the Commission."

"Nor were the 12 members of the Commission, themselves, in complete agreement upon all 20 of the Commission reports. Most of the reports contain dissents, separate statements, or reservations by one or more of the Commissioners. These were directed usually not to a Commission report as a whole, but to specific recommendations therein."

In 1956, Mr. Percival Brundage, Director of the Bureau of the Budget, appeared before the Appropriations Committee of the House of Representatives and was questioned by Chairman Cannon about the statements of one of the Hoover Commission officials that 4 billion dollars could be saved by a change in the budgetary system. The most that Mr. Cannon could get Mr. Brundage to say about this advertised 4 billion dollar savings was the statement that he (Mr. Brundage) felt satisfied such a change would bring about savings of several million dollars. He did not so much as use the term, billion.

You can see from these reports there is a great deal of controversy as to what can and cannot be done should all of the Hoover Commission's recommendations be adopted. Of course, every dime that can be saved should be saved, and will be saved if I have my way.

As of October 15, 1956, the Executive Branch has implemented 22.4 per cent of the Commission's recommendations it has accepted; had 39.3 per cent in process of implementation, and had accepted in substance but not started 29.1.

The 84th Congress enacted 36

laws, 2 House Resolutions and 1 Senate Resolution which put into effect about 55, or about 33 per cent, of the 167 recommendations identified by the Commission as requiring action by the Congress in order to be made effective.

Lloyd W. Brown Leaves on Cruise

Lloyd W. Brown, Eggineman fireman, USN, son of Mrs. R. L. Jordan of Quail Route, Memphis, departed from Alameda, Calif., July 9, on a cruise of the Western Pacific aboard the attack aircraft carrier USS Bon Homme Richard.

In addition to operating with the Seventh Fleet, the "Bonnie Dick" expects to visit ports at Japan as well as Okinawa, Hong Kong, and Subic Bay, P. I.

Bob Fowler returned Wednesday from Dallas where he had gone to bring Mrs. Fowler home.

Mr. and Mrs. Jerry Hayes and Breann of Amarillo and Mr. and Mrs. Henry Hayes visited in Vernon over the weekend with relatives.

Card of Thanks

My most sincere thanks to Dr. Goodall, Dr. Stevenson and all the nurses for their concern and kind attention while in the hospital. I also want to extend this word of thanks to my dear friends for their prayers, beautiful flowers, visits and cards. May God bless you is my prayer.
Mrs. J. B. Burnett

It's the only gasoline containing added Di-isopropyl. It's clean burning! It has extra high octane for smooth power and long mileage. Fill up with new Flite-Fuel at your Phillips 66 Dealer's and discover a new high in performance!

PHILLIPS PETROLEUM COMPANY

It's Performance That Counts!

Insecticides Can Rid Farms of Mesquito Hazard

Mosquitoes can be a severe problem, as well as an annoyance, on the farm. They often cause livestock to lose weight by driving them away from lush pastures and may also cause poultry to lose weight and lay fewer eggs, says W. B. Hooser, County Agent.

To get rid of mosquitoes, the agent suggests that you first look for standing water on or near your property. Mosquitoes breed in such places as temporary rain pools, flooded areas, irrigated pastures, salt marshes, ponds, and in water caught in tin cans, rain gutters, or discarded tires.

Wherever possible eliminate these breeding places by removing the water. In the case of ponds and irrigated pastures, the entire water surface should be sprayed or dusted with an insecticide.

The following sprays are recommended for controlling mesquite larvae in standing water: (1) a one-per-cent emulsion or oil solution of DDT, chlordane, toxaphene, TDE, or methoxychlor; or (2) a 0.5 (five-tenths) percent emulsion or oil solution of lindane, dieldrin, or heptachlor. Each of these should be applied at a rate of 1 ounce per 100 square feet, or about 10 quarts per acre of water surface.

If it is easier to dust the water, a ready-mixed 5 or 10-percent DDT dust may be applied at a rate of 2 to 5 pounds per acre. A very light mist of pyrethrum is recommended to kill mosquito larvae in fishponds and ornamental pools without poisoning fish or plants.

This is available ready for use from insecticide dealers. No more than 1 ounce of spray should be applied per 100 square feet of water surface.

It may be necessary to use a residual spray on areas where adult mosquitoes rest or hide. For this purpose a 5-percent DDT, 2-percent-chlordane, or 1-percent lindane spray, applied to foundations and underparts of buildings, tree trunks, logs and vegetation will be effective for a week or more.

Oil solutions and emulsions should not be used on vegetation because they may burn the leaves.

Mrs. Burl McClellan of Amarillo visited here Wednesday with her father, W. C. Davis, and Mrs. Davis.

Hedley Scouts - (Continued from Page One)

Washington at 4:00 p. m. and arrived in Philadelphia, Pa., at 6:30 p. m. where it took on supplies and supper was served.

The Scouts arrived in Port Kennedy, Pa., about 7:30 p. m. and marched about one and one-half miles to Valley Forge Park. Tents and equipment arrived about 11:30 p. m. The Scouts put up some of their tents and finally got to bed about 2:30 a. m.

They were up at 5:30 a. m. on Wednesday, July 10, and loaded on the buses for New York. They traveled the Pennsylvania Turnpike then joined the New Jersey Turnpike, and on to Manhattan by way of the Lincoln tunnel. The first place for the Scouts to stop was the R. C. A. Music Hall where they attended the premier of Marilyn Monroe's new movie, "The Prince and the Show Girl" followed by a one-hour stage presentation by Radio City.

The Scouts ate lunch at Child's Restaurant then toured Rockefeller Center. At 4:00 p. m., they boarded a sight-seeing yacht and made a 35-mile cruise around Manhattan Island.

While on the cruise, they saw the luxury liner "The Queen Elizabeth," also the "United States" and the "Mayflower the Second." Also viewed was the Statue of Liberty, barges moving freight cars down the Hudson River, the Lincoln tunnel ventilators, the Empire State Building, Ellis Island, the Brooklyn Bridge, Manhattan Bridge, Hellgate Bridge, Columbian Presbyterian Medical Center, Grant's Tomb, U. S. Naval ship yard, Riverside Church, the Hall of Fame and many other points of interest.

The Scouts ate supper then drove down Broadway to see the city lighted at night, and then returned to Valley Forge.

Thursday, July 11, was spent putting up tents, building tables and getting everything ready for the Jamboree.

Friday, July 12, marked the official opening of the National Jamboree. Troop No. 27 as well as hundreds of Scouts made a trip to Philadelphia, where they made a short tour. They visited Independence Hall and stood beside the Liberty Bell. They also viewed the old City Hall Building where the first Supreme Court of the U. S. met for nine years. They saw Benjamin Franklin's grave in Christ Church burial grounds.

The scouts were served box lunches in one of the parkways. After lunch, they marched to the railroad station and returned to the Jamboree to attend the opening session. Across the hills, down the valleys and along every road could be seen some 50,000 Scouts coming to the arena.

Chief Scout Executive Arthur A. Schuck officially opened the Jamboree and set the stage for the story of Washington's stay at Valley Forge. The pages of history rolled back as more than 500 Scouts recreated the real story of Valley Forge. They depicted happy days, hard times, the coming of the Continental Army, the building of huts and redoubts, the arrival of supplies and other scenes took place on the great stage.

The night was ended with a gigantic fireworks display composed of more than 300 aerial bombs and parachute bombs.

Saturday, July 13, was spent swapping patches and horned toads. Some Scouts were swapping alligators, white mice, javalinas, neckerchief slides, bull whips, synthetic rubber and strips of cork.

The boys visited with Scouts from other states and countries, and made many friends. They cooked their own food and cleaned up their campsite daily in the form of patrols.

Sunday morning, July 14, worship services were held at 10:30 a. m. There were more than 30,000 Scouts and leaders attending the United Protestant services in the arena.

While the Protestant service was in progress, other religious services for the Buddhist, Christian Science, Mormon, Catholic Jewish, Eastern Orthodox and others, were being held in various parts of the huge camp. All Scouts and guests worshipped in the spirit of George Washington's prayer for America.

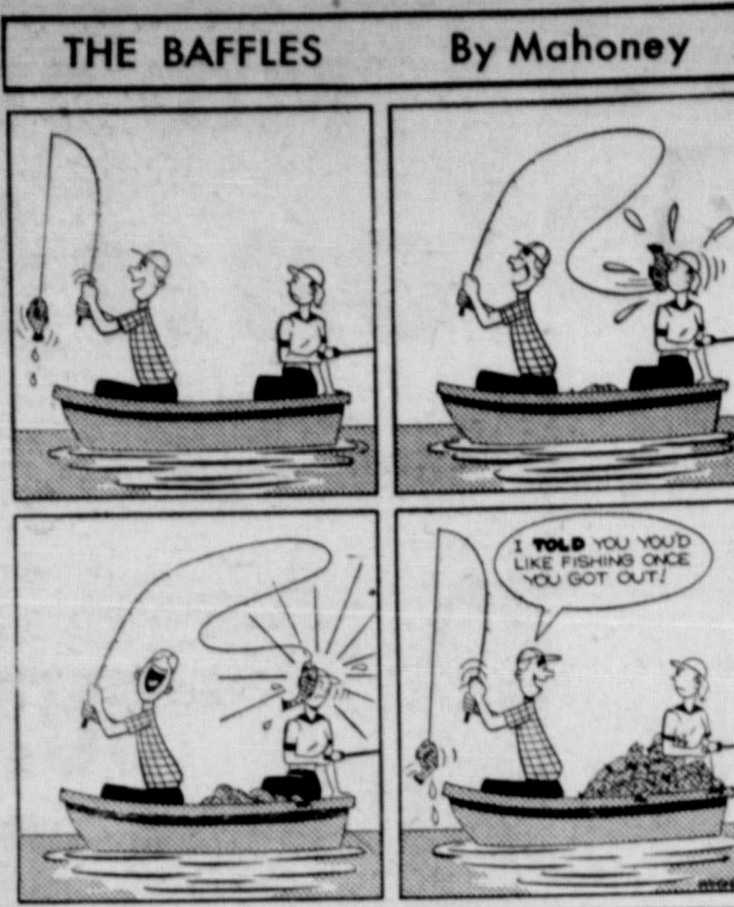

Sunday evening the Scouts visited among other camp sites and shopped at one of the trading posts.

When the boys had finished their breakfast on Monday morning, July 15, and cleaned up their camping area, they were on their way to see the many historical sites at Valley Forge.

The group continued their trip around Valley Forge Tuesday, July 16. While on this tour a group of jet planes put on an aerial show for the benefit of the Scouts.

At 8 p. m., Troop 25 from Webster, Mass., were guests of the Texas troop at the evening campfire. Both troops sang songs and put on various stunts to entertain each other.

Wednesday, July 17, saw the Scouts once more busily engaged in sight-seeing around Valley Forge. They visited one of the

conservation areas, rifle range, physical fitness field, boys' life exhibit tent, Scout literature tent, the Scout exhibit tent with a bird's eye view of all the fun that is crammed into cub scouting, boy scouting, and exploring.

Most of the morning of Thursday, July 18, was spent swapping and visiting. After dinner, the Scouts started breaking camp, packing equipment and cleaning the grounds. By nightfall, all tents and personal equipment was loaded on the truck and carried to the train.

The Farewell Campfire was held in the arena at 8:30 p. m. On the stage before the main show opened were the two Scout bands, a drum and bugle corps, a caliope, a whip cracking team and various specialty acts.

The arena show, based upon the theme of World Friendship, honored scouting's founder, Lord Robert Baden-Powell, whose 100th anniversary is celebrated this year.

Then, climaxing the evening and the Jamboree itself, came the ceremony in which each of the 50,000 Scouts standing on the amphitheater slopes, lighted a candle and rededicated himself to the observance of the Scout Oath.

The Scout Oath was led by a voice coming all the way from the South Pole. The voice was that of Eagle Scout Richard Lee Chapel now serving in "Operation Deep Freeze" in Antarctica. The 50,000 Scouts joined in the solemn pledge.

After breakfast on Friday, July 19, all Scouts riding on Train No. 903, marched to Port Kennedy, Pa., and loaded on the train which headed for Buffalo, N. Y. They arrived there about 6:30 p. m. All boys got off the train and marched in columns of two over to Niagara Falls, Canada, and viewed the falls from the train. After some shopping, they marched to the train station, in Niagara Falls, boarded their train and traveled about 300 miles through Ontario, Canada, to Windsor, Canada, then on to Detroit, Michigan.

The Scouts arrived in Detroit at 7:00 a. m. on Saturday. They marched over to the Barlum Hotel, ate breakfast, and took buses to the Ford Rotunda, toured Greenfield Village, and went through the Ford Museum in Dearborn, Michigan.

They returned to the hotel for supper, then went to movies or bowling.

At 11 p. m., all assembled in front of the hotel and marched to the train station where they departed for Chicago.

All Scouts had breakfast at the

County Agent - (Continued from Page 1)

mixture, 3-4 lb. or DDT, 1-2 lb. per acre. The poison should be applied at seven to ten-day intervals because of the new insects which hatch out.

To check for bollworms the farmer should examine 100 plant terminals and if four to five young worms are found in the small squares or on tender leaves, infestation is high enough to start treatment. When they are first deposited on the plants, bollworm eggs are white and about the size of mustard seed.

The county agent said that past experience has shown that the use of DDT alone for bollworm control greatly increases the possibility of injurious aphid infestation. Any grower who uses DDT alone should be prepared for a "knockout" control of aphids—2-1 mixture, three lbs. per acre.

Endrin, a new insecticide, is used to kill bollworms, thrips, leaf-worms, fleahoppers, and lygus bugs. It will not control pink bollworms, aphids and spider mites, Hooser explained.

Anyone desiring assistance with their insect problem is urged to contact the county agent.

Mr. and Mrs. A. Anisman are in Temple this week where Mr. Anisman went through the clinic. According to their son, Sheldon, Mr. Anisman is to undergo surgery today (Thursday).

Y. M. C. A. in Chicago on Sunday, July 21, at about 8 a. m. Then they attended church services in the auditorium.

Some of the boys made a short trip to the Shedd Aquarium while others enjoyed hot showers.

About 11 a. m. the Scouts boarded their train for the last time, and headed for home. The train arrived on the morning of July 29 at Pampa about 10 a. m.

Dr. and Mrs. D. H. Cox and Susan, Mrs. Ray Moreman and Jane Ray were on hand to carry the Hedley Scouts back home.

M. C. Allen - (Continued from Page 1)

ship in the Lions Club and has been very active in supporting the annual clean-up drive.

The youths of Memphis have counted the compress manager among their friends through the many years. Only recently the Memphis Youth Center presented him with an award thanking him for the assistance he has given the organization.

His activities have not been limited to the local scene, however. He has served as a director of the Southern Compress Association, and has been an alternate delegate to the National Compress Association convention.

In recalling the changes which have taken place in his business during the past 30 years, Mr. Allen stated that the greatest has been the shift to mechanization.

"When I first came here, all of the cotton was handled by hand and moved to the yard by sleds and wagons," he said. "Now we have lift machines to load the bales on special trailers which are pulled in trains by tractors."

The size of the company has also grown as more cotton was produced in the area. The storage capacity in the early years was about 14,000 bales as compared with the 100,000-bale capacity now for the three compresses at Hedley, Turkey and Memphis.

Mr. Allen said that 153,700

bales of cotton in 1949 is largest amount ever handled the smallest was 11,000 in 1934.

Yankees Win - (Continued from Page 1)

league has been completed most of this week. Thursday the Yankees will play a team Lakeview at the City Park the Braves will go to Chicago to meet a team there.

The three other teams league, Giants, Indians and Braves, will combine their Thursday night and go to Oklahoma teams. Friday night Hollis teams will come to Memphis for another double-header at the City Park.

Coppedge, speaking of Little League board of directors extended a most sincere thanks to the many merchants and individuals who made the summer program a success.

"We have gained a lot of experience from the work and hope to have a much better program next summer," the man said.

Coral reefs are skeletal masses formed by the skeletons of animals called polyps.

A cord of wood is a stack of logs, four feet wide and four feet high.

NOW OPEN
We are glad to announce that we have reopened **ALAMO CAFE**, located at 315 South Boykin Drive, want to invite everyone to come in for good food.
Will Open at 5 a. m. — Close at 1 a.
