Conservation Practices Meeting Set for Friday

A county development meeting for 1958 agricultural conservation practices will be held in the County Court Room Friday afternoon, beginning at 2 p. m., Lynn L. McKown, manager of the local Agricultural Stabilization and Conservation office, announced this week.

The meeting, which is open to all county farmers and others interested in agriculture, will be to formulate the conservation practices to be included in the program for 1958.

In attendance will be members of the County ASC Committee, with Joe Montgomery, chairman, presiding; representatives from Extension Service, Soil Conservation Service, Farmers Home Administration, Soil Conservation District Board, and ASC Community Committees.

McKown explained that the meeting is held to get representatives from all parts of the county and from the various agencies together in order to evaluate the present ACP work and to hear reports as to what other practices might be needed.

He stressed that the meeting is open to the public and anyone interested in the program was urged to attend.

The manager added that the meeting is of a general information nature also in that it provides for an exchange of ideas from representatives of all of the various agencies and committees.

In attendance at the meeting will be County Committeemen Montgomery, T. R. Fuston, and

D. V. Sasser; Charlie Cape, SCS; County Agent W. B. Hooser; Claude Moore, FHA; Ross Gentry and George Colvin, Hall County SCD; and community committees as follows:
Lesley—J. P. Montgomery, Joe N. Berry, Doyle L. Miller; Plaska—Cecil R. Whitten, Alvin W. Mollay, Charlie R. Foster; Estelline—Clinton Richburg, Elam R. Orcutt, Raymond A. Caldwell; Lakeview—Clyde Collins, Lovic P. Alexander, Aubrey Robertson; Memphis—Roy L. Gresham, Felix E. Jarrell, Tom W. Collins; Turkey—William W. Corgill, Lynn C. Davis, Norris D. McCoy.

Memphis Boxers To Hold Meeting Monday Evening

An organizational meeting of all boys who want to participate in boxing this year will be held at the Cyclone Drive Inn Monday evening at 7 p. m., Frank Smith Jr. announced this week.

He urged every person who had a child they wanted to participate in the events to attend the meeting and bring their boys, regardless of whether they have ever engaged in boxing or not.

Coaching the boys this year will be J. P. Godfrey, assisted by J. Henry Ford, Bill George Kesterson and Smith.

"We expect to have 10 or 15 boys out this year," Smith said, "and hope to have our first fight in about three weeks."

Any boy from the third grade through high school is urged to attend the meeting as well as any adult interested in the promotion of amateur boxing, he added.

Several boys back from the team last year will include Jimmy Bounds, George Freelen, Billy Ed Thompson and Chipper Baker.

"We will try to have a tournament here later this year with at least two match fights," Smith concluded.

Cotton Referendum Set For Dec. 10

The 1958 cotton referendum will be held Dec. 10, according to an announcement this week by Lynn McKown, manager of the local Agricultural Stabilization and Conservation office.

The state cotton allotment has been announced as 7,474,661 acres. County allotments have not been announced yet, but McKown stated that they are expected to be about the same as last year.

Memphis Exes Hold Luncheon At School Thurs.

Approximately 50 ex-students of Memphis High School were guests at a luncheon in the high school cafeteria at noon last Friday as part of the homecoming activities scheduled for that day.

The guests were welcomed by Sandy Smith, president of the senior class, in behalf of the student body.

Allen Dunbar, president of the Ex-Student Association, presided over a short business session following the lunch.

The following officers were elected to serve for the coming year: Gene Lindsey, president; Mildred Stephens, vice president; Honoria Helm, secretary-treasurer and Peggy Becker, reporter.

The association voted to contribute \$100.00 toward the purchase of a new curtain for the high school auditorium. A fund for this purpose was started last year by the senior class.

Plans were also made for the annual Ex-Student Banquet to be held the Saturday night preceding Easter, and to be sponsored by the senior class.

Following the luncheon, the guests assembled in the gymnasium with the student body for a pep rally.

Commissioners Meet Tuesday; Business Slow

The Hall County Commissioners Court met Tuesday in one of the quietest sessions in several months.

The only matter of business approved by the members was the usual monthly reports of county officers and payment of bills for the month.

Judge Tracy Davis presided. Commissioners present included Ed Hutcherson, George Blewer, S. E. Winkler, and Leon Lane.

Annual Mothers' Football Banquet To Be Held Nov. 21

The annual football banquet, sponsored by mothers of the boys, will be held at the Travis Cafeteria Thursday night, Nov. 21, according to an announcement released this week.

The banquet, set for 7 p. m., will honor all A and B team boys and their fathers.

Canadian Game Film To Be Shown Tues.

The Memphis Cyclone Booster Club will show the movies of the Canadian football game Tuesday night at 7:30 p. m. at the Cyclone Drive Inn.

Frank Smith Jr., president of the organization, invited all area fans to be on hand for the showing of the last game of the season.

Approximately 30 persons attended the showing of the Clarendon-Memphis game this week. The president also urged all backers of the team to attend a pep rally which will be held Friday noon at 12:30 p. m. in front of the high school building.

The game this week is the last one of the year.

Disaster Committee Applies For \$280,000 Assistance

FOOTBALL QUEEN—Wanda Moore, above, was crowned Football Queen Friday night before the last home game with Clarendon by co-captain Chubby Waddill, left, and Dudley Gillespie, right.

Money Earmarked For Repairing Flood Damage

The Hall County Disaster Committee, in a meeting last Friday, voted to make application for emergency funds to be used to restore terraces damaged by the floods during the spring of 1957, Lynn McKown, secretary of the committee, announced this week.

The group asked for an emergency allocation of \$240,000 to be used on county farms.

If made available, the program would be administered by the local Agricultural Stabilization and Conservation office, McKown said.

"Application has been made to the Department of Agriculture in Washington, through the State ASC office," he said. "However, we will not be able to make any definite commitments under the program until it is approved by Washington," he said.

He explained that the program, although similar to the ACP terracing program, will probably have different technical requirements.

"We don't expect any funds to be available under this program until after Jan. 1, 1958," he continued.

The committee making the application is composed of Joe Montgomery, chairman, W. B. Hooser, L. C. Martin, Claude Moore, and McKown.

During the last session of Congress \$20 million was appropriated to help rehabilitate the land damaged by the great drought and spring floods.

During that period the U. S. Department of Agriculture classified 244 of Texas' 254 counties in a disaster area. It has been estimated that more than five million acres of land was permanently damaged, due to wind or water erosion.

Some delay was encountered in putting the disaster fund use into motion. Deadline for using the fund is June 30, 1958.

Memphis Firemen Sponsor Turkey Shoot Sunday

The Memphis Volunteer Fire Department will sponsor a Turkey Shoot at the rifle range here Sunday, R. A. Massey, member of the committee in charge of arrangements, announced this week.

The event will get underway Sunday morning and will be continued throughout the day. The range is located at the Memphis airport, about one-half mile north-east of Memphis.

Competition during the day will include shotguns, large bore rifles, .22 rim fire rifles, and pistols. Prizes awarded will include dressed turkeys, hams and bacon.

The fire department spokesman stated that refreshments will be available at the range.

"Bring your favorite guns and you may win a Thanksgiving dinner," Massey urged all sportsmen.

Cotton Harvesting Total Now At 9267 Bales

Cotton harvesting totaled 9,267 bales, according to a survey conducted Thursday morning, as area farmers attempted to get back into the fields after almost a three-week delay from wet weather.

No measurable amount of rain fell during the past week but traces were recorded on several days, not allowing the cotton to dry out. Heavy dew each morning also contributed to keeping the 1957 crop in the fields.

County gins reported that the grade of the cotton has been lowered considerably by the wet weather. One ginner stated that most of the cotton would now bring 25 to 28 cents per pound whereas before the wet weather it was bringing 30 to 33 cents per pound.

With less than 10,000 bales now ginned, it means that the other 20 to 30 thousand bales will bring about \$25 or \$30 per bale less. On 20,000 bales this would (Continued on Page Ten)

Former Resident, Mrs. B. C. Wilburn, Dies in Clarendon

Funeral services for Mrs. Bertha C. Wilburn of Clarendon, former Memphis resident, will be held at the First Baptist Church in Clarendon Friday at 3 p. m.

Interment will be at White-wright, Texas, Saturday.

Mrs. Wilburn passed away in her sleep Wednesday morning at the home of her brother, L. E. Thompson, with whom she has resided for the past five years.

Survivors include one daughter, Ann Owen, of Fort Worth; one son, George Carter, of Fort Worth; two sisters, Mrs. J. G. Brown of Tyler and Mrs. Byron Baldwin of Memphis; four brothers, E. P. Thompson of Memphis, L. E. and George Thompson of Clarendon and C. O. Thompson of Breckenridge.

Martin L. Jones Services Held Here Tuesday

Funeral services were held Tuesday at 2:30 p. m. for Martin Luther Jones, county resident for the past 17 years, from the Assembly of God Church here with Rev. Carl Martindale, pastor, officiating.

Mr. Jones, a retired farmer, was born on Jan. 2, 1876, in Little Rock, Ark. He died at a local hospital about 12:45 a. m. Monday (Continued on Page 10)

Cyclone Faces Canadian Friday In Last Conference Game of Year

The Memphis Cyclone football team will play their last conference game of the season Friday night at Canadian in an event which could determine the conference championship.

To date in conference play Memphis has defeated McLean and Clarendon, and lost to Lefors, for a 2-1 record.

Canadian has defeated McLean and Clarendon and also lost to Lefors. On the other hand, Lefors has defeated Memphis and Canadian, but lost to Clarendon.

If McLean should win over Lefors this weekend, then the winner of the Memphis-Canadian game would be the district champion. However, if the Lefors squad wins

over McLean, as they are expected to do, then the Memphis-Canadian winner will be co-champion as far as percentages are concerned, but Lefors will represent the district in higher playoffs.

Many followers of the conference play have stated that the district championship is in a more confused state than it has been in many years.

Last week the Cyclone downed Clarendon here by a smashing 19-6 score before a homecoming crowd. The complete story of the game can be found elsewhere in this issue of The Democrat.

Coach John Jones stated Wednesday that his squad did not receive any serious injuries during

last week's game and will be ready for the clash with Canadian.

"The boys had good workouts Monday and Tuesday, and we expect to play them a real good ball game," he stated.

"Canadian had potentially the best team in the district but so far they have not produced," he added.

The Canadian squad was the pre-season favorite of area sports writers. Most team members are seniors and average about 165 or 170 pounds. Their fullback weighs 190 pounds, one halfback about 180 and the quarterback about 160.

The game at Canadian will begin at 7:30 p. m.

Only two Memphis players are still on the injured list this week. Billy Don Johnson, halfback, underwent an operation on his knee in Amarillo Monday. He is expected to return home about Saturday.

James Davis, who also received an injured knee earlier in the season, had a cast removed from his leg this week.

The starting line-up at Canadian will probably include Davis at quarterback; Adeock, fullback; Long and Binkley or Wheeler, halfbacks; Scott and Dunn, ends; Hartsell and Townsend, tackles; Waddill and Gillespie, guards; and Wooten, center.

Thing Near Hedley Explained As Short Circuit

The strange light, sighted last week by W. V. Bain at his farm about halfway between Hedley and Lelia Lake, was explained this week as a short in a lightning arrester at a transformer.

George Henry, manager of the Greenbelt Electric Co-op at Wellington, explained that "moisture gathers in the arrester, combining with dust or carbon to cause a short. An electrical flash is exaggerated in area and intensity through moisture particles in the area," he said.

Henry said that instruments at his office indicated the short circuit occurred at the same time Bain reported seeing the light about one mile from his home and 30 feet high. The co-op manager said the electrical flash was from 7,200 volts.

BAND SWEETHEART—Audrey Beth Burnett was crowned 1957-58 Band Sweetheart during the half time performances last Friday night at the last home football game. John Lemon, band president, left, was assisted in the ceremonies by Eddie Gable, right.

Gilreath In Lubbock Accident

Gilreath of Lubbock, son of W. B. Gilreath, who was injured in a car collision last Nov. 4, is reported to be recovering nicely.

He was able to return to the home of his sister, Mrs. Hirt Roberts this week.

The accident occurred within blocks of his home as he attempted to turn off Ave. A into West. His car collided with a car driven by a negro, who was injured.

He received a dislocated right breast bone, chipped ribs, and bruises over the chest.

He was returning from Lubbock where he is managing a contracting office, at the time the accident occurred. Gilreath and his sister, Audrey, are in Lubbock to be with him. Other family members, Mrs. Glenn Stargel and Mrs. Stargel, were also in Lubbock last weekend but returned Monday.

Cyclone Downs Clarendon 19-6 Here Friday Night

The Memphis Cyclone rolled over Clarendon here Friday night by an impressive 19-6 score before a large homecoming crowd.

Clarendon scored first on a two-yard keeper play about midway in the first quarter. Memphis scored late in the same quarter and then went on to score again in the second quarter and once more in the third.

First Quarter

Memphis opened the game by kicking to Clarendon who returned to their own 32-yard line. Halfback Keith Hudson was held for no gain on the first play and then, on the second, halfback Carl Evans scampered through right guard for 17 yards and a first down. Quarterback Jerry Behrens attempted to circle right end but was held for no gain again as was Evans on the next play at right tackle.

Clarendon then passed to end Jimmy Johnson, who picked up 8 yards. The Bronchos punted on the fourth down to the Memphis 10-yard line. Cyclone halfback Daryl Long picked up 3 yards on the first play over left guard and the halfback Ted Wheeler another yard over right tackle. Long was held for no gain on the third down and the Cyclone punted to their own 37-yard line.

Broncho halfback Richard Vallance was thrown for a 4-yard loss on the first play but Memphis received a 15-yard penalty, moving the ball to the Memphis 25-yard line. Evans then picked up 1 yard over left tackle and Behrens 3 yards over right tackle. However, Clarendon received a 15-yard penalty, for holding on the second play, moving the ball back to the Memphis 38-yard line.

Evans picked up 5 yards around right end on the first play and a 31-yard pass was completed to Vallance at the 2-yard line on the second down, pushed on across over center. The extra point attempt was blocked, making the score 6-0, Clarendon.

Cyclone David Binkley took the kick on the 21-yard line and returned it to the Memphis 38-yard line. Wheeler picked up 3 yards around right end on the first play, Long 5 yards around left end on the second, and fullback Butch Adcock 10 yards over right guard on the third, for a first down.

Long then hit left guard for 5 yards and Wheeler right guard for 6 yards, and a first down moving the ball to the Clarendon 33-yard line. Quarterback David Davis skirted end on the next play for a 13-yard gain and another first down. Adcock then smashed over left tackle and broke into the clear to go 20 yards needed for the first Cyclone score. Guard

Dudley Gillespie kicked the extra point to make the score 7-6, Memphis.

Clarendon received the kick and moved the ball to their own 33-yard line. On the first play halfback John Morrow picked up 1 yard and then on the second play ran for 14 yards and a first down. Evans was held for no gain at right end on the first play, Vallance for 1 yard at left end on the second, and a third down pass went incomplete. Clarendon then punted to the Memphis 19-yard line.

The Cyclone took over with Wheeler picking up 3 yards at left guard and Davis 2 yards at left end as the first quarter ended.

Second Quarter

Davis skirted left end for 6 yards on the next play for a first down. Adcock ran for 2 yards over right tackle on the first down, Long for 3 yards through the same position on the second, and Adcock picked up 13 yards over right guard for another first.

On the first down, Long smashed over left guard for 5 yards and Binkley, on the second, ran over left tackle for 7 yards and another first, moving the ball to the Clarendon 39-yard line.

Long carried on the next two plays over left guard, first for 9 yards and then for 5 yards more to chalk up another first down on the Clarendon 25-yard line.

Davis ran over right tackle for 3 yards on the first play, fullback Tommie Tucker through the same slot for 2 yards on the second and Long over right guard for 4 yards on the third down. Davis kept the ball on the 4th down and picked up 4 yards over center, more than enough for a first down on the Clarendon 12-yard line. Adcock then ran for 3 yards through right guard, and on the next play, Binkley went through tackle for the 9 needed for the score. The extra point attempt was blocked, making the score 13-6, Memphis.

Clarendon received the Memphis kick on their own 26-yard line. Evans picked up 2 yards on the first carry, Behrens 4 yards on the second and a pass attempt went wide on the third. Clarendon then punted to the Memphis 33-yard line.

Memphis was able to pick up only 7 yards on the first three tries and, on the fourth, a punt attempt was blocked, allowing the Bronchos to take over on the Memphis 29-yard line. Evans picked up 2 yards over left tackle on the first play and Vallance lost 1 yard on the second. Memphis received a 5-yard penalty for offsideline on this play, moving the ball to the Memphis 21-yard line. A pass play then netted the Bronchos 6 yards to the Memphis 15-yard line and

a first down. On the first play the Bronchos fumbled and the Cyclone recovered on their own 15-yard line.

Adcock ran for 5 yards over left guard and then the Bronchos received a 15-yard penalty, moving the ball to the Memphis 35-yard line and giving the Cyclone another first down. Davis lost 2 yards at right end on the first play and then Wheeler skirted left end for 44 yards to the Clarendon 21-yard line.

Long, on the first down, ran over right guard for 6 yards and was thrown for a 16 yard loss on the second as he attempted to pass. The next play was a pass to end Jimmy Dunn who carried for 24 yards to the Clarendon 2-yard line. The gun sounded ending the first half as the play was finished.

Third Quarter

Memphis received the kick after the half on their own 27-yard line. Long ran 5 yards around right end on the first play. A pass to end Dunn was completed on the second play for 10-yards and a first down. Adcock then carried over left tackle for 7 yards on the first play, Wheeler picked up one yard on the second, and Davis was held for no gain on the third. On the fourth down Adcock carried over center for 4 yards for the first down, placing the ball on the Clarendon 46-yard line.

Long then picked up 3 yards around right end and Wheeler 1 yard over left guard. However the Cyclone received a 15-yard penalty on this play moving the ball back to their own 44-yard line. On the next play Davis went around left end and raced 56 yards for the third Cyclone score. The extra point attempt was no good, making the score 19-6.

Clarendon received the kick on their own 33-yard line. Morrow ran through right tackle for 7 yards on the first play and Evans picked up 2 yards on the second over left guard. Behrens ran for 6 yards over right guard on the third for a first down to the Clarendon 48-yard line. Evans picked up 3 yards on the next play but Clarendon was penalized 5 yards for backfield in motion. Behrens then picked up 4 yards around right end and passed to Johnson for 7 yards. Clarendon fumbled on the next play but recovered with a loss of 4 yards. Their kick, on the fourth down went to the Memphis 6-yard line where it rolled out of bounds.

Cyclone Davis ran 1 yard around left end on the first play and Adcock picked up 3 yards over left tackle on the second. Adcock carried again on the third down and raced 13-yards over left guard for a first down to the Mem-

phis 23-yard line. Memphis fumbled on the next play and the Bronchos recovered on the Memphis 32-yard line.

Morrow hit center for 1 yard on the first play and then right guard for another 2 yards on the second. A third down pass attempt was intercepted by Adcock, giving Memphis the ball on their own 16-yard line.

Long ran for 3 yards through left guard on the first play and Davis for 5 yards through the same position on the second. Davis picked up 1 yard over center on the third and then another 11 yards through right guard on the fourth down to chalk up another first down. Adcock was held for no gain on the first play, as the quarter ended.

Fourth Quarter

Davis then ran for 2 yards through left tackle and Adcock picked up 4 yards over left guard. With 4 yards needed for a first, the Cyclone punted to the Clarendon 35-yard line.

On the first play the Bronchos fumbled and the Cyclone recovered on the Clarendon 27-yard line. Long scampered through left guard for a first down, moving the ball to the Clarendon 15-yard line.

Memphis picked up 2 yards on the next play but were penalized 5 yards for offsideline to the Clarendon 20-yard line. Davis carried for 2 yards on the next play around left end and then Tucker picked up 3 yards over right tackle. Davis ran for 3 yards over left guard and on the next play the Cyclone fumbled and Clarendon recovered on their own 9-yard line.

Broncho Morrow was held for no gain on the first down, Behrens ran for 2 yards through center on the second and passed to Johnson for 5 yards on the third. Clarendon punted on the fourth down and the Cyclone returned the punt, behind good blocking to the Clarendon 33-yard line.

Wheeler carried around left end on the first play for 6 yards and Long around right end for 7 yards and a first down on the second play. Long ran over left tackle for 10 yards and another first down on the next play and moved the ball to the Clarendon 10-yard line.

Long ran for 8 yards on the next play but Memphis received a 15-yard penalty, moving the ball back to the Clarendon 17-yard line. Adcock ran for 3 yards through right guard on the first play. Long then carried three times picking up 4, 3 and 4 yards but still leaving the Cyclone 4 yards short of the goal. Clarendon took over at this point and were held for no gain on the first play.

On the second, a pass to Mann was good for 6 yards. The third down saw Behrens pick up 2 yards over left tackle and on the fourth, Morrow ran for 6 yards through left guard.

Vallance then hit left tackle for 3 yards and a pass to Johnson netted 9 yards and another first down. A pass to Evans was good for 20 yards as the game ended with Clarendon in possession of the ball on the 50-yard line.

Memphis picked up 18 first downs during the game and Clarendon 8. Cyclone gained 34 yards on 2 passes while Clarendon gained 94 yards on 8 passes completed, 2 went incomplete and 1 was intercepted.

On the ground the Cyclone chalked up 390 yards while the Bronchos picked up 93 yards. Memphis fumbled twice and lost the ball both times. Clarendon fumbled three times and lost the ball twice.

Memphis punted three times for an average of 21 yards and the Bronchos punted five times for an average of 36 yards.

Clarendon was penalized three times for a total of 35 yards and Memphis was penalized five times for 55 yards.

December Draft Quota Is 340 Men

The state quota for Texas draft boards in December calls for 340 men, Colonel Morris S. Schwartz, state Selective Service director said Friday.

The state's December call of 340 compares with a quota of 346 for November and 338 for October. The December call is the state's share of a national call of 7,000 men.

Colonel Schwartz said no men were scheduled to take pre-induction physical and mental examinations in December except possibly transfers from other states or "isolated special cases in Texas."

Local board quotas for the December induction are scheduled to be mailed by state Selective Service headquarters October 31st.

The December quota will be filled with men who are at least 22 years old on November 1, with the exception for volunteers or delinquents, who may be younger.

A certain species of ant cultivates grass around its hill, harvests the seeds and stores them away for food.

Electric Duck Calls Prohibited

Don't plan to use an electronic duck call or a phonograph record for calling ducks this season, is the warning of the Director of Law Enforcement of the Game & Fish Commission.

Conventional mouth callers are still permissible, however. The standard penalties for taking migratory birds now prohibit the taking of such birds "by use or aid of recorded bird calls or sounds recorded or amplified imitations of bird calls or sounds." The maximum penalties call for a 6-month jail sentence, a fine of \$200 or both.

Report From Washington

By Walter Rogers

Congressman, 18th District

That Price Bickering?

the opinion of quite a few in Washington that Russia's launching of two earth satellites in advance of such an achievement by this country, price paid by our people for inter-service rivalry, congressional bickering between the Navy, and the State, whether or not our failure to equal Russia in this particular achievement is the result of bickering may be a debatable matter. That there has been such bickering within the Defense Department is not debatable. The question in this regard is whether or not the full extent of bickering has been publicized. I do not believe Congress is aware of what has been going on in this regard. It is not a congressional matter on the subject. But it is remembered that the purposes of the Defense Department of this country could be many hiding places for that could not be dug out by surface investigation. The services involved are interested in the Defense Department which is headed by a man of rank. The purpose of the Defense Department is to unify all of the services there could be a full cooperation of effort. The evidence would make it appear that the circumstances, it seems to me that the early coming session of Congress should produce a full, complete thorough investigation, and that the results sought in this act might be a rather than a figure of jealousy of jurisdiction or authorship in an individual group of individuals, a very dangerous thing to the security of a country. If the President, or his Cabinet officer, cannot control such activities, then they must act without delay. The country cannot afford that.

they do good music and other forms of entertainment; however, when the time comes that they want facts, they want the facts in cold, unvarnished truth. They don't want to be misled or lulled into a false sense of security. They want to know, in the briefest, clearest and most concise terms, what the challenge is and what will be required by the way of sacrifice, or otherwise, to meet and overcome it. So long as that spirit prevails and the leaders of this nation have the courage to present the facts in plain, simple and understandable terms, there will always be a strong United States of America.

It is difficult to understand how Russia was able to forge ahead in launching the earth satellites. Tremendous sums of money have been provided for the scientific exploration in this country behind the tightly locked doors of "classified - security reasons". I have always been led to believe that such precautions were necessary and that our scientific advances were keeping up with all other countries in the world. The President's speech is a reaffirmation of the representations which have been made to the Congress - that is, our scientific programs are on schedule and we are ahead of a number of other countries, including Russia in several departments. These reassurances are fine up to a certain point, but we are fast approaching a situation where concrete evidence will be demanded. When that time comes, the Defense Department should certainly be in a position to provide it.

Grain Sorghum Moisture Content
The eligibility requirements of grain sorghums for Commodity Credit Corporation loan, from a moisture content standpoint, poses a very serious problem in our district. The moisture content allowable did not create too much of a problem for some time, simply because we had a drought and

it would have been difficult to have gotten 13 per cent moisture in the grain sorghum. However, this year the rains came and the moisture content jumped. I have had a long conference with one of the officials of the CCC on this subject matter and have advised him that it will be necessary for some changes to be made if the present crop is to be saved. I have also dispatched a letter to Mr. Benson and other officials of the Department of Agriculture on the same subject matter pointing out the problem. As the matter presently stands, wheat with a moisture content of 14 per cent is eligible for a loan. Grain sorghum is not eligible if it has in excess of 13 per cent moisture. It is true that elevator operators can accept mill for CCC loans, if the operator will certify that he will deliver to CCC grain sorghum having a moisture content not in excess of 23 per cent. This simply means the elevator operator must dry the 14 per cent back to 13 per cent or commingle the 14 per cent with a sufficient amount of 12 or 11 per cent to reduce the average moisture content to 13 per cent. This will not suffice for our needs this year, and our every effort will be continued to bring about an increase in the moisture content allowed.

Paula Blevins, Neal Foxhall Are High Salesmen

Paula Blevins and Neal Foxhall were the two high salesmen in the recent magazine subscription drive sponsored by the Cyclone Band, according to an announcement made this week. Paula was awarded a portable record player and Neal was given a clock radio.

Mr. and Mrs. Herschel Combs visited in Wellington Sunday with Mrs. Combs' parents, Mr. and Mrs. L. A. Dickey.

Estelline Cubs Crown Bettye Orcutt 1957 Football Queen in Ceremony Fri.

On Friday evening, Nov. 8, Bettye Orcutt, daughter of Mr. and Mrs. Elam Orcutt of Estelline, was crowned Football Queen of 1957 on Cub Field preceding the game between the Silvertown Owls and the Estelline Cubs.

To begin the ceremony, pep squad leaders Janet Long and Carolyn Hoover led the Silvertown boys and girls down the forty-yard line north of center field. Leaders Julia Richburg and Mary Nell Couch, bearing a large banner with the words, "Bettye Orcutt, Football Queen," marched ahead of the Estelline Cubs and pep squad girls who formed a line

from the south goal posts to the forty-yard line south of center. Davis Contreras drove the Queen's car to position where she was met by Captains Don Ferrel and Burton Lathram and escorted to a dais in the center of Cub Field.

The Estelline groups formed a football formation around the center arrangement. Don Ferrel crowned Miss Orcutt with a new white helmet, a gift of the team. Burton Lathram then presented her with an arm bouquet of white carnations. After the queen's response the groups gave appropriate yells and both schools sang their school songs.

The Estelline groups then marched to form lines leading to the west sideline and the captains escorted the queen to a place of honor there.

Drummers were Linda Altman, Pauline Buchanan, and Wanda Mabry.

Miss Orcutt was beautifully attired in a white ballerina-length net formal with jeweled shoes and rhinestone jewelry. The queen is a member of the 1958 graduating class. She has been a popular leader throughout her school career, participating in chorus, dramatics, basketball, volleyball and F. H. A. She is a member of the annual staff this year and has been a member of the Peppettes for four years.

Atalantean Club Members Enjoy Program on Art

The Atalantean Club met in the home of Mrs. W. C. Dickey at 3 p. m. Nov. 6.

The meeting was called to order by Mrs. Herbert Curry and the invocation was given by Mrs. Frank King. After the reading of the minutes of the previous meeting a short business discussion, the program was introduced by Mrs. Curry.

The program topic was "Live Artistically." A very colorful roll was given as each member answered with "A Picture I Like." A poem "When Earth's Last Picture Is Painted" was given by Mrs. Jack Rose. A delightful and true discussion of "Art—Its Influence on My Life" was given by Mrs. Cecil McCollum. The talk especially interesting as Mrs. McCollum's mother and father are artists and art certainly influenced her life. Mrs. Ralph Williams gave many important and clever suggestions as she discussed "Art in the Party Picture."

A delicious refreshments plate was served to the following members: Mmes. Earl Allen, J. W. Coppedge, Bill Cosby, Herb Curry, Elvia Davenport, H. B. Estes, Ed Hill, Claud Johnson, Frank King, C. W. Kinslow, Cecil McCollum, J. H. Norman, J. A. Odum, Ralph Williams, W. C. Dickey, Myrtis Ebelan, S. B. Palmeyer, Jack Rose, W. R. Scott, Robert Sexauer, Robert Spicer, D. A. Meeley and Miss Imogene King.

Estelline P. T. A. Enjoys Program On Thanksgiving

At the regular meeting of the Estelline P. T. A. in the Estelline High School Auditorium this week, the pupils of the first six grades in school presented a costumed Thanksgiving program.

Mrs. Rabb Holland conducted the business session during which it was reported that the Halloween Carnival, sponsored by the P. T. A., had net proceeds of \$310.83, to be divided between the organization and the class booths. Work has been started on repairing the playground equipment, according to another report.

The next regular meeting night will be December 16 when the senior class will give a Christmas program.

A large crowd was in attendance and enjoyed the visiting hour in the school cafeteria, during which time refreshments were served to all present.

PARNELL

Improvement of Island in County Needed

Business, farm and live-stock organization should throw influence back of pasture and land improvement, and management," County Agent Houser said this week in a report on the need for a grass-land program.

Land improvements will benefit in which the pasture farmers, the people, and as a whole will share the future as well as in which lie further ahead.

County agent then outlined seven-point program for pasture improvement:

- 1. Cheap feed.
- 2. Weeds and get rid of them and other damaging plants.
- 3. More seeding and use the best seed.
- 4. Run-off water on the pasture.
- 5. Insure carrying capacity.
- 6. Be sure that they will carry the weights when sold off of the pasture.
- 7. Insure five to ten acres of improved pasture per farm will be a help. Do not seed productive land for feed reduction.

Rancher should step up improvement and use proper management that will insure beef for the years ahead.

In the home of Mr. and Mrs. Lindsey over the weekend, Mr. and Mrs. Norman Marilyn and Barbara.

Albert, consort of British Victoria, died of typhoid fever in 1861.

NEWLIN

By MRS. ANNIE HAMILTON

Farm Bureau Meet Membership Quota for Year

Archie Shawhart, vice president and Membership Chairman of the Hall County Farm Bureau announced this week that the local organization met its membership quota this year for the first time since its organization.

The county has selected three delegates to attend the State Convention in Dallas on Nov. 17.

Legal Notices

THE STATE OF TEXAS

To: Mildred Melton, greeting: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 30th day of December, A. D., 1957, at or before 10 o'clock A. M., before the Honorable District Court of Hall County, at the Court House in Memphis, Texas.

Said plaintiff's petition was filed on the 13th day of Nov., 1957. The file number of said suit being No. 3804.

The names of the parties in said suit are: John F. Melton, Jr., as Plaintiff, and Mildred Melton as Defendant.

The nature of said suit being substantially as follows, to wit:

Divorce, plaintiff alleging marriage of plaintiff and defendant January 23, 1950, the abandonment of the plaintiff by the defendant on December 27, 1953, without provocation or cause since which time they have not lived together as husband and wife. No children were born, no property accumulated.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 13th day of November, A. D., 1957.

Given under my hand and seal of said Court, at office in Memphis, Texas, this 13th day of November, A. D., 1957.

MILDRED STEPHENS
Clerk, District Court
Hall County, Texas 25-4c

Mr. and Mrs. Rufus Jones of Austin are visiting this week with Mrs. Stella Jones, his mother.

Mr. and Mrs. George C. Dickson of Dallas has been here for the past two weeks visiting with her brothers, W. M., T. E. and L. I. Davis, and other relatives.

Mr. and Mrs. Bill Hall and sons were in Clarendon Sunday to visit Mr. and Mrs. C. A. Wright and family.

Kathryn Wright, student at West Texas State College in Canyon, spent the weekend here with her mother, Mrs. Lucille Wright.

Christine Class Meets in Home of Mrs. Oattie Jones

The Christine Class of the First Baptist Church met in the home of Mrs. Oattie Jones Tuesday evening, Nov. 12. Mrs. Dick Jones and Mrs. Edd McMurry assisted Mrs. Jones with hostess duties.

Mrs. Jones, president, conducted the business session during which reports were given by group leaders. The evening's devotion was brought by Mrs. Theo Swift who used as the theme "Thanksgiving."

As the program, interesting color film was presented on the origin of Thanksgiving. The film was most informative and gave the history of Thanksgiving dating back several centuries. The film was based on Bible history and told of the different ages and customs of the people in observance of Thanksgiving.

Mrs. J. W. Fitzjarrald closed the meeting with prayer.

Delicious refreshments were served to four guests, Mrs. T. L. Rouse, Mrs. Frank Ellis, Mrs. Henry Hays, Mrs. Henry Byrd, and the following members: Mmes. A. J. Fowler, J. W. Smith, Stephens, J. W. Fitzjarrald, J. R. Saunders, J. M. Saunders, R. A. Cooper, Henry Scott, Leonard Wilson, Jean Lamb, Allie Caviness, Theo Swift, Omer Hill, Simpton, T. Bridges, H. H. Lindsey, Ed McMurry, Dick Jones and Oattie Jones.

Pvt. Tom Adamson Completes Training In Reserve Program

Army Pvt. Tom M. Adamson, son of Mr. and Mrs. S. G. Adamson, Hedley, completed eight weeks of basic combat training Nov. 8 under the Reserve Forces Act program at Fort Chaffee, Ark.

Adamson is a graduate of West Texas State College.

Services Held for Artist Tallie Here Monday

Funeral services for Artist Tallie, colored, were held at the Mt. Zion Baptist Church in Memphis Monday at 3 p. m. with Rev. V. R. Gilmore, pastor, officiating.

Mr. Tallie was a veteran of World War I and had been a resident of Hall County since 1923. He was born in Dale, Tex., on Jan. 8, 1892, and died here Saturday.

Survivors include his wife, Rebecca, one daughter, one sister, Berna Wood, and one brother, Jessie Tallie.

Formal Opening Of Estelline Gym To Be Nov. 30

The formal opening of the completely remodeled Estelline Gymnasium will be held the evening of Nov. 30 when the Cub basketball teams will play Lelia Lake.

Both boys and girls teams are scheduled to see action.

Their games will be followed by a game between Clarendon Junior College and Sayre Junior College.

CARD OF THANKS

We wish to express our thanks and appreciation to our many friends and neighbors for their kindness and kindly ministrations to us during the illness and at the time of death of our husband and father. We also want to thank the doctors and nurses of Odom Hospital for their kindness and Rev. Martindale, the Assembly of God pastor, for the lovely service. We deeply appreciate the beautiful floral offering and the food that was served. It is our wish that when this same sadness comes to your home you will have God's richest blessings and the same kindness at the hands of your friends and neighbors.

Mrs. M. L. Jones and Family

Ducks Move Into Texas With Cold

Many more ducks have moved into the Red River Valley, particularly in the Fannin-Lamar County area, according to the Wildlife Biologist of the Game and Fish Commission.

Opening season in the area was disappointing to most of the hunters. Cool, rainy weather since, however, has changed the situation. The Biologist quoted Jake Blocker, old-time hunter of Paris, as saying that many more ducks have moved into the area.

Blocker said he recently saw about as many waterfowl in the Red River lakes as he has seen in the past 25 years. He reported that both mallards and teal are in the flocks.

Mrs. Herman Cross and Annette spent the weekend with her parents, Mr. and Mrs. E. F. Lemons. Other visitors Sunday were Mr. and Mrs. Zeno Lemons and family of Memphis, Mr. and Mrs. M. H. Lemons and family of Amarillo and their daughter and family, Mr. and Mrs. Glenn Chambers and son, who have just returned from a three year stay in England with the Air Force.

Mr. and Mrs. Leon Randolph returned last week from a visit with their daughter and husband, Mr. and Mrs. W. L. Reynolds, at Mt. Vernon, Ky. They report an interesting trip and enjoyable visit.

Jimmy and Ronnie Gowdy have returned to Canyon after spending the weekend at Lakeview with their parents. Jimmy has accepted a position as an accountant with the Shamrock Oil Co. in Amarillo.

Mrs. Blackie Glosson and Kevin, and Mrs. Eva Vaughn were in Childress on business Wednesday. They also visited Mr. and Mrs. Bill Hajek.

Louisa May Alcott's family was neighbor to the Ralph Waldo Emersons.

This Adage May Be "OLD-FASHIONED" But It's Still True Today:

When You Start Saving, You Start HAVING

This advice has been handed down from father to son for over a hundred years. It's the best in the world for a future that is free from financial worry. You've heard of the "Haves and Have-Nots." Which are you? When you start saving—you start HAVING . . . all the things you have been planning on possessing.

The "old-fashioned" advice can be repeated. Make every "Pay Day" a Savings Day. earmark a part of the dollars you make, whether from salary, a business transaction, or sale of products, to be laid side and saved. This "nest egg" will grow faster than you think.

Come in and discuss your plans for the future with one of our officers. They will explain the advantages of a Checking Account or a Savings Account. A confidential discussion may be the solution to your attainment of future plans.

Facts and Fears

The avalanche of publicity regarding ballistic missiles may have obscured the true posture of our air power in the public's mind.

Where do we stand?

First, we have no proof that Russia has intercontinental missiles with operational units. Development of test vehicles is only the first step in a lengthy process of bringing these weapons into military inventories.

Second, defense programs are not carried out on a moratorium basis. We must be prepared today as well as tomorrow. Manned aircraft will continue for many years to be our principal weapon with ballistic missiles being phased into air operations as quickly as they are proven for service. We must not be stampeded into abandoning proven weapon systems before more advanced systems become operationally feasible.

The glamorous reports on ballistic missiles have largely ignored the long, hard step between experimental firings and operational readiness at a base.

An idea of this long, hard step can be obtained from a comparison with a highly advanced manned aircraft. The Air Force estimates that a supersonic aircraft which incorporates all possible technical advances requires an average of nine to ten years to be placed in the inventory with full operational status. However, the prototype of this aircraft can be built and flying within two to three years. The balance of the time is consumed by testing, proving, training, base preparation, establishing communication nets, and production of the aircraft. Finally, after the aircraft is in volume production, more than a year is required for operational squadrons to learn the characteristics and abilities of the aircraft. The numerous problems involved in bringing ballistic missiles to operational status will require at least as much time and probably more.

There are several defenses against the ICBM being pursued. A number of companies are working on an anti-missile missile. The very nature of a ballistic missile—its adherence to a pre-committed course—makes it possible to compute its course, and effect an interception. * * *

An outstanding characteristic of an ICBM warhead—its speed—may provide a solution to its defense. Recent investigations indicate that at very high impact velocities very small "projectiles" have an explosive effect completely out of proportion to the impact effect normally expected. This suggests that the possibility of using a dense cloud of sandlike particles over the approach flight cone of the ICBM to explode the warhead.

Another defense possibility lies in the intense thermal heat generated by the warhead during its re-entry into heavier atmosphere. Devising a nose cone to resist this heat has been one of the knottiest problems in developing an ICBM. The ICBM nose cone would probably operate close to its thermal tolerance, and any material increase in the temperature of the air through which it passes could cause the warhead to consume itself in meteor-like fashion. A nuclear fireball could generate such heat, or a nuclear radiation field case across the flight path could either disarm the warhead or destroy it. And there are other defense schemes against ICBM.

* * * The manned bomber force we possess today is still the world's most potent force for peace. Our bombers are being equipped with an air-surface missile that permits the bomber to approach its target and then release a guided missile with great accuracy from a distance beyond the target defense perimeter. This wedding of the guided missile and the manned bomber, in the long run, may prove to be a more devastating weapon than the ICBM, and less easy to defend against. The manned bomber can attack from any direction around the long, vulnerable Russian boundary.

The ballistic missile is a weapon of great power, but even it is susceptible to the immutable pendulum of offense and defense. The aircraft industry will continue to develop, test and produce ballistic missiles at the greatest possible speed. But for the foreseeable future our reliance must be on a balanced, flexible force of aircraft and missiles with each doing the assignment for which it is best qualified.—Planes, official publication of AIA.

Less for More

A British historian, C. Northcote Parkinson, recently published a book entitled "Parkinson's Law." It is a gently humorous and ironic work, dealing largely with human weaknesses. For instance, according to Parkinson's Law, bureaucracy grows in mathematical proportion to the reduction of the duties it performs. In other words, the less work there is to do, the more people it takes to do it.

This, of course, sounds absurd, but is nevertheless true in some instances. One example is the International Cooperation Administration, the bureau which dispenses foreign aid. The group spent last year about half what it did in 1953 while on the other hand the number of its employees has almost doubled.

There is a natural tendency for the bureaucrat to find need for more and more people. The more people has has working under him the bigger job he has and sometimes the more money he makes. So the bureaucrat continues to build his empire as long as higher-ups will let him hire more people. Of course, these higher-ups also increase their position according to the number of persons working under them, so it is a vicious circle.

There are many of these ever growing bureaus around Washington. If the trend isn't stopped soon there will be more people working for the government than working for themselves. Taxes are already reaching a point where the average citizen spends almost as much time working to pay taxes as he does working for himself.

In this period of tremendous peacetime military spending, we must do our best to cut unnecessary items out of the budget. Last session there was a tremendous move toward economy and the grass roots movement will probably be felt more strongly next session. We only hope that Washington officials cooperate and try to limit spending to only those necessary items.

CRITICAL MOMENT IN HISTORY

Press Paragraphs— QUOTING OUR NEIGHBORS

Education vs Russia
When Ivan blasted a satellite into nowhere this week, it dangled near drew public attention away from the World Series, Saturday football and the State Fair of Texas. As usual, we have under-rated the Russians, and that radio "beep-beep" may remind Americans for some days that it wasn't so ridiculous that the cosacs claimed they invented the telephone. Just being an American is no gilt-edged guarantee of superiority, personal or otherwise. We noted here some months ago that Russia is graduating twice as many engineers each year as the United States. When that happens, it isn't likely that we're going to maintain any technical superiority. Once upon a time we had kids go off to college and study stuffy mundane subjects as medicine, chemistry, physics, biology and engineering. Now we have kids who go off to college to major in fraternity, football, beauty culture and that catch-all for the easiest courses, social science. We have pretty well eliminated everything from our public school curriculum our kids have found difficult, because it bothers them. It even interferes with television gawking. Worse, it consumes endless hours that could be spent speeding along the highways in their own cars, loaded with gin and games. While our youth has been playing patty-cake and learning how to get integrated with their own race and disintegrated with the other races, the Ruckies have been at their books and slide rules. If the \$250,000 a day necessary to keep federal troops in Little Rock to integrate nine colored students were being spent for scholarships for kids who can count to 15 without taking their shoes off, we'd be staking out hamburger locations on the moon inside a year.
—Ralls Banner

ways been a good Republican and they don't want to lose his support.
McClellan personally telephoned each Republican Senator asking him to participate. Only Mundt of South Dakota gave in—reluctantly. But Ives of New York, Goldwater of Arizona and Curtis of Nebraska flatly refused to come to Washington, charging that the hearings were an obvious effort to meddle in Teamsters' politics. Senator Potter, Michigan Republican who is counting on Hoffa's backing for reelection, warned Republican Committee members that Democrat Walter Reuther would dominate Michigan politics if Hoffa was not elected president of the Teamsters.
—Tulia Herald

World Situation
If you don't know what's going on everywhere, then you're in the same "fix" we are. It's hard enough to keep up with what's going on in Granger without going outside the city limits.
And now, just when we think we have names and places on this earth just about straightened out in our mind, off the Russians go into outer space. Well, the Russians haven't gone; that's wishful thinking. They're just sending out "feelers" to see what will happen.
The situation is beyond me. It's just out of this world... and we don't mean heavenly.
—Granger News

GOP Teamster
Senator McClellan is having a little difficulty with some of the GOP members of his Rackets Committee as it investigates Teamsters' James Hoffa. Hoffa has al-

Omer Hill Elevator

"THEY'RE CATCHING ON, BUT THEY CAN'T CATCH UP." That's how lots of people feel about the "new 1958" cars that are trying to match the Dodge Swept-Wing look. These other cars have been lowered some, but still seem high and boxy by comparison. A few are "catching on" to fins, but they're years from

"catching up." And the air suspension offered by some cars (at well over \$100 extra) can't compare with the sway-free, dip-free ride of Dodge Torsion-Aire (standard equipment on all models). So on your way home from someone else's new car showing, stop in and compare it with Swept-Wing 58 by Dodge. You'll see what we mean.

See Swept-Wing Dodge at Hickey Motor Co. 8th & Main, Memphis, Texas

Queen and Band Sweetheart Crowned in Homecoming Ceremonies

Successful pre-game ceremonies took place at the homecoming assembly at the school between Memphis and the Cyclone Band. Wanda Moore, crowned as the Homecoming Queen, and Elaine Clayton, crowned as the Sweetheart, were the center of attention. The band, led by Ed Townsend, presented the queen with a crown and scepter, and the sweetheart with a bouquet of gold mums. The traditional gold football was also presented to the queen.

1913 Study Club Enjoys Panel On 'Education' Wed.

"To Evaluate American Education" was the theme of the panel discussion presented before members of the 1913 Study Club meeting in the home of Mrs. Joe Montgomery on Wednesday afternoon of last week. Hostess for the meeting was Mrs. Paul Montgomery. Moderator for this discussion was Mrs. M. G. Tarver. Panel members included Miss Mary Foreman, Mrs. Joe Montgomery and three high school students, Audrey Beth Burnett, Roger Crooks, and Geo. Stanley. Members of the panel brought most informative information on education. Miss Foreman, as the educator, discussed "Are High School Standards Too Low." The parents' contribution to education was discussed by Mrs. Montgomery and the students discussed educational problems from the teenagers point of view. Preceding the program, a business session was conducted by the president, Mrs. Boyd Rogers. Plans were completed for a guest day program which will be featured on Nov. 26. Guest artist will be Madam Ali Ghitto, former European screen and stage star, and now a teacher in Amarillo.

Gamma Kappa Chapter Holds Luncheon Meet

Gamma Kappa Chapter of Delta Kappa Gamma held a luncheon meeting Saturday, Nov. 9, at the Cyclone Drive Inn. The table arrangements featured the Harvest season. A turkey dinner was served to 22 members. Zady Belle Walker was program leader and the topic was "Our Constitution in a Nut Shell." As she asked questions, members read answers which they found concealed in walnut shells among the table decorations. Hall County chapter members attending were Maxine Cape, Mary Foreman, Anna May Foster, Carrie Belle King, Elizabeth Kennedy, Esta McElrath, Audrey Tribble, Neville Wrenn, Zady Walker and Brunetta Morris.

Miss Sybil Gurley Has Culture Club For Book Review

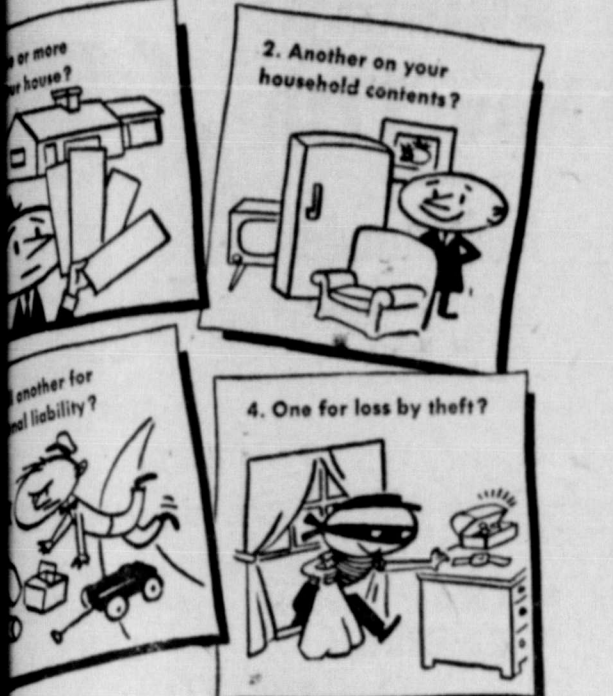

The Woman's Culture Club was entertained with a book review when the regular meeting was held in the home of Miss Sybil Gurley Nov. 6. "The Plums Hang High" by Senores Visitantes

Finney, an inspiring story of an early pioneer family, was presented in a delightful manner by Mrs. W. T. Reed, of Drumright, Okla. Mrs. Reed, the former Beulah Gurley, is a member of the Delphin Club in Drumright, for whom she has reviewed many books. Mrs. Reed is a sister of Ward Gurley and Miss Sybil Gurley.

Mrs. T. E. Whaley returned home last Wednesday after accompanying two of her brothers and three of her sisters to Memphis, Tenn., where they attended the funeral of their brother-in-law, Henry E. Eldridge.

Mrs. Elmer Fisher of Pampa visited here Friday with friends and relatives.

How many premiums do you pay?

Does it seem to you that there's always another insurance policy expiring - another premium to be paid? ... Mr. and Mrs. ... tell you how most, perhaps all, of the insurance you need can be obtained in a single package policy. ... the premium you pay may be less than for several policies covering the same risks. ... combine your insurance with a Stock Company Insurance policy. We recommend it for protection, and full-time service. ... member: if you're not fully insured, it's not enough!

Methodists Remodel Pastor's Home

Newly Redecorated Parsonage Is Shown Sunday During Open House

The Methodist parsonage which has been completely remodeled and redecorated was open for inspection Sunday afternoon when Rev. and Mrs. David Binkley entertained with open house.

Guests calling between the hours of 3:30 and 5:30 o'clock were greeted by a receiving line composed of Rev. and Mrs. Binkley, Mrs. R. C. Lemons and Mrs. Geo. the Board of Stewards, Tomie Potts, Mrs. Mac Tarver, Lee Brown and Allen Dunbar, members of the building committee.

Guests were registered by Mrs. Lee Brown, Mrs. Mary Jameson, Mrs. R. C. Lemons and Mrs. Geo. Greenhaw who alternated at the register.

Featuring a color scheme of pink and brown, the spacious home

was attractively decorated for the occasion with cut flowers. In the dining room the table was laid with a brown organdy cloth and centered with a lovely arrangement of pink mums and daisies flanked by candelabra holding frosted pink candles. Mrs. Frank Foxhall and Mrs. John Fowler alternated at the punch service. Others assisting in serving were Mrs. Mildred Stephens, Mrs. Arthur Gidden, Jr., Mrs. Ed Hutchinson, Mrs. Leo Fields, Mrs. N. A. Hightower and Mrs. J. W. Coppedge.

Other members of the house party included Mmes. Lillie Messer, J. J. McDaniel, Muffett Merrill, W. C. Dickey, Rhupert Wynn, Mary Lou Erwin, Bess Crump, C. E. Morris, Hester Bownds, Myrtil Phelan, H. B. Bennett and Bill Coursey.

Misses Mona June Saye, Walter Smith and Elaine Clayton played musical selections throughout the entertaining hours. Miss Mary Foreman was chairman of the program.

Approximately 90 guests called during the receiving hours.

The parsonage, a seven-room brick structure with two baths, is now modern in every respect. Many improvements have been

made in the building to make the home more liveable. Major improvements include a new bath, two large storage closets, improvement in kitchen cabinet, complete new woodwork and modernizing the fireplace and bookshelves.

Adding to the beauty of the home is the new plastered walls, new paint and new carpet. Walls in the living and dining room are done in a shade of rose while the carpet is a rose beige pattern.

Mrs. J. Coppedge Reviews Book For Estelline Club

At the first November meeting of the 1932 Culture Club, which met in the home of Mrs. R. V. Wood in Estelline, Mrs. J. W. Coppedge of Memphis reviewed the religious novel, "The Gallileans," by Slaughter.

Mrs. Alice Eddins conducted the business meeting in the absence of the president, Mrs. E. F. Kennedy opened the meeting with prayer and members gave the Pledge of Allegiance to the American flag.

Names were drawn for exchanging gifts at Christmas. Two new members, Mrs. Arle Jones and Mrs. Cecil Adams, were also elected.

Mrs. Wood introduced the guest speaker, who in a most interesting review, recalled to the minds of her hearers the advice of Jesus when He said, "Let the man with no sin in his heart cast the first stone."

The hostess served delicious cake with whipped cream, open-faced sandwiches, with tea or coffee.

Members present were Mmes. Raleigh Adams, J. A. Ballard, W. B. Davidson, Alice Eddins, S. T. Hutchins, E. F. Kennedy, Leon Phillips, J. B. Rapp, Walter Whaley, the hostess and her daughter, Sandra. Guests were Mrs. JoEd Cupell, Mrs. Joe Loyd Mothershed, and Mrs. Coppedge.

Mr. and Mrs. J. C. Roberts and son, Denny, of Abilene, visited over the weekend with Mrs. Bob Roberts and Mrs. Ora Denny. Mrs. Roberts returned home with them.

Estelline Students Name Seniors To High Honors

At a recent meeting of the Estelline High School student body, two seniors were unanimously elected to the highest positions of honor the school can bestow.

Carolyn Hoover, daughter of Mr. and Mrs. O. B. Hoover, was chosen as Estelline High School Queen for 1957-1958. Carolyn is an honor student, is Peppertette leader this year, editor of the school paper "The Growl," and an accomplished musician. She participates in chorus, dramatics, basketball, and F. H. A.

Russell Latham, son of Mr. and Mrs. Odell Latham, was chosen as "Mr. E." for 1957-1958. He is a member of F. F. A., football captain, and a member of the annual staff. He has participated in talent shows and has been an active school leader during his four years of high school.

These students will be presented at a formal coronation program on the evening of Dec. 6 in the

Estelline High School auditorium. Attendants elected from the classes are: Wanda Mabry and Loyd Stephens, seniors; Nelda Joe Arnold and Daniel Davidson, juniors; Cathryn Walker and James Barnett, sophomores; Linda Shields and James Pepper, freshmen.

The Estelline Junior High School students elected Elaine Seay of the eighth grade as their Princess and Billy Ferrel as their Prince. Attendants will be Paula Knox and Mike Cox, eighth; Linda Bowman and Tony Stephens, seventh; Jo Williams and Albert Cuppell, sixth; and Jill Cooper and Larry Elliot, fifth.

The primary department of the elementary school elected Lannette Allison and Johnny McCollum as Princess and Prince. Their attendants are Brenda Hood and Larry Browning, second grade; Pam Latham and Robert McCollum, third; and Jane Helm and Jody Rapp, fourth.

Mr. and Mrs. Don Wright and son of Amarillo visited here Friday with his mother, Mrs. Lucille Wright. They also attended the homecoming festivities.

Lakeview P-TA To Meet Monday

The Lakeview Parent-Teacher Association will hold a meeting Monday, Nov. 18, at the grade school auditorium, Mrs. B. B. Gibson, president, announced this week.

The meeting will get underway at 7 p. m. and will feature a film.

Gayle Greene and Power were in Amarillo to attend Spring Meeting. Guests in the home were Mrs. Allen Dunbar, Mrs. Gerald Allen, Colo., Mr. and Mrs. J. and baby, all of N. Mex.

Ralph Yarborough's Report

By RALPH YARBOROUGH
U. S. Senator

Information on how to work with their local agriculture officials to make application for these funds. Soil conservation authorities tell me that if Texas farmers do not rebuild their damaged farmlands, it will be many years before the Texas farm economy can return to normal. I worked on this \$20 million appropriation to help get Texas farmlands back in condition. Those whose land has been damaged should ask their local ASC representative or county agent about making application under the program.

Nurse Positions Open With U. S. Civil Service

The United States Civil Service Commission has announced an examination for filling professional nurse positions in certain Federal hospitals and agencies located throughout the United States and Alaska, in the Canal Zone, and in foreign countries. The salaries range from \$3,670 to \$8,990 a year. To qualify, applicants must have completed appropriate nursing training and must be registered professional nurses. For positions paying \$4,080 and above, progressively responsible professional nursing experience is required. Further information regarding the specific types of positions to be filled and the requirements, and instructions for applying, are contained in Announcement No. 128 which may be obtained from H. C. Pounds located at the Post Office in Memphis or from the U. S. Civil Service Commission, Washington 25, D. C. Applications for most of the positions will be accepted until further notice; however for positions in emergency rooms of Federal agencies, applications must be filed not later than January 3, 1958.

Delter R. Snow Serving in Korea

Army Pvt. Delter R. Snow, son of Mr. and Mrs. Marcus L. Snow Sr., Route 2, Memphis, is a member of the 1st Cavalry Division in Korea.

The division, previously in Japan, has absorbed all units of the 24th Infantry Division in Korea, since the latter's recent deactivation.

Snow, formerly a member of the 24th, is a gunner in Company A of the division's 19th Regiment. He entered the Army in February 1957 and arrived overseas the following July.

The 23-year-old soldier is a 1955 graduate of Centrahoma (Okla.) High School.

Funeral Services For W. C. Tucker Held at Eastland

Funeral services for W. C. (Bill) Tucker, 64, former Memphis resident, were held Tuesday of last week from the Chaney Church of Christ, near Eastland.

Mr. Tucker was a brother-in-law of Bill Kilpatrick and had several other relatives in Memphis including Mrs. Charles Snowdon, a cousin.

He is survived by his wife and one son Billy Alvin of Roscoe and two grandsons.

Attending the service from here were Mr. and Mrs. Bill Kilpatrick and Mr. and Mrs. Charles Snowdon. Also attending the service were Mr. and Mrs. Ansil Adamson of Hedley and Mr. and Mrs. Truett Stovall of Kress.

Mrs. Cecil Galloway and children of Berger visited here Sunday with her parents, Mr. and Mrs. Exie Sweatt.

Mr. and Mrs. M. L. Evans and children of Amarillo were in Memphis over the weekend for the homecoming activities.

Mr. and Mrs. O. M. Gunstream were Wellington visitors Friday. John Binkley, who was home last week because of the flu, returned to Abilene Sunday where he is a student at McMurry College.

Mr. and Mrs. Bennie Dennis and boys of Berger visited here over the weekend with their parents, Mrs. Ed McCreary and Mr. and Mrs. L. C. Dennis.

Mr. and Mrs. Douglas Lawrence of Dumas visited in the home of Mr. and Mrs. Johnnie Brewster over the weekend.

BIBLES AND BOOKS — the most appropriate gifts. We have a brand new stock of the very cream of Christian literature suited young and old. We have too many styles and prices to be enumerated. They must be seen to be appreciated. The prices are right. If your friend is in the Hospital give My HOSPITAL DAYS a splendid inexpensive gift. See our BIBLE DOMINOES AND CHRISTMAS CARDS, with Scripture texts. BIBLE & BOOK STORES, 908 Noel St. Phone 163. 25-1p

Cotton Burs Raise Yield of Land, Experiments Show

Tests on the application of cotton burs to the land at the Lubbock Experiment Station revealed that the first two tons per acre were worth \$12.50 each in extra production...

The test was conducted on a three-year basis and cotton planted on the land without burs produced an average of 491 pounds of lint per acre.

On the land where four tons of burs were added, the production rose to 643 pounds per acre.

With the addition of six tons of burs per acre, the production rose to 717 pounds.

The tests were conducted on dryland soil and received 16 inches of rainfall the first year, 18 inches the second year and 30 inches the third.

The average cost per ton of burs was \$3.00. The value of the burs to the land in increased production was \$12.50 per ton for the first two tons, \$8.62 per ton for the second two tons, and \$8.30 for the third two tons.

The average production of the land was raised from 491 pounds of lint per acre where no burs were added, to 717 pounds per acre where six tons of burs were added, an increase of 226 pounds of lint.

First evidences of algebra are found in Egyptian relics of about 1700 B. C.

Foster Rasco Injured in Auto Accident Saturday

Foster Rasco was injured Saturday afternoon when his car overturned on a dirt road between Plaska and Eli. The road had been freshly graded, and Rasco's car overturned after hitting a soft shoulder.

Thrown from the car, Rasco received a broken leg and bruises. He was carried immediately to Amarillo where surgery was performed on his leg.

His sister, Miss Gertrude Rasco, said Tuesday after returning to Memphis, that he was improving satisfactorily.

Cotton Harvest (Continued from Page 1)

The county feed crop, one of the biggest in many years, has also been damaged by the wet weather.

Temperatures for the past week have been close to the freezing mark most of the time during the nights and below than mark once.

Low temperature this morning was 36 degrees. Other temperatures recorded by John J. McMickin, official weather observer, are as follows: Wednesday 61-43, Tuesday 63-36, Monday 50-32, Sunday 53-31, Saturday 57-32, Friday 53-35.

Memphis Girl's Basketball Team Defeats Kirkland

The Memphis girls' basketball team defeated Kirkland in a game there Tuesday night by a score of 45-25, Coach David Corley said Wednesday.

Peggy Shoekley was high-point girl for the local team with 11 points to her credit.

The team recently elected Miss Shoekley and Frances Wright as co-captains for this year's games.

Mother of Mrs. C. S. Compton Dies in Colorado

Mr. and Mrs. C. S. Compton returned Saturday from Denver, Colo., where they had been called because of the serious illness, and later death, of her mother, Mrs. Winnie Spath.

Mrs. Spath passed away Tuesday, Nov. 5.

Besides Mrs. Compton, she is survived by three sons, all of Denver.

Martin L. Jones (Continued from Page 1)

at the age of 81 years, 10 months and 10 days.

Interment was in the Fairview Cemetery in Memphis under the direction of Spicer Funeral Home.

He was united in marriage with Miss Flossy Ragley in 1900 in Bochita, Okla. The family moved to Lamar County, Tex., in 1903 and then to Hall County in 1940.

They farmed in the Plaska community until about four years ago, moving to Memphis at that time.

Survivors include his wife, Mrs. M. L. Jones of Memphis; five sons, Willie of Enid, Okla., Chaley of Memphis, Lloyd of Amarillo, Hollis of Cimarron, Kan., and Hassel of Newburg, N. C.; five daughters, Mrs. Alva Nolen of Tulla, Mrs. Dale Swindell and Mrs. Elber Haire of Memphis, Mrs. Mamie Swindell of Dumas, Mrs. Helen Doty of Amarillo; 38 grandchildren and 25 great-grandchildren.

Plaska Accident Tuesday Results In Lacerations

Reecy Anderson, Negro, was fined \$20.50 including costs by Justice of Peace J. S. Grimes Tuesday after an automobile he was driving struck Julian Hernandez just east of Plaska.

Anderson was charged with having defective brakes on his automobile.

He was approaching Plaska from the east on the recently completed farm-to-market road when he saw a child playing in the ditch near the road. Anderson pulled over to the left side of the road to allow plenty of clearance for the child.

A truck was parked on the left side of the road and Hernandez was working on the engine. Hernandez stepped away from the front of the truck at the same time Anderson passed his vehicle and was struck by the left front fender of Anderson's car.

Hernandez suffered severe lacerations of his left hand and was released from a local hospital Wednesday morning.

Earliest authenticated sketches of airplane designs were made by Leonardo da Vinci (1452-1519).

Alfalfa is native to Asia, did not reach this country until 1850.

Local Legion Members Attend Dist. Convention

Three Memphis Legionnaires, J. R. Mitchell, Jr., Frank Van Pelt and A. M. Sims, were in Shamrock last Saturday and Sunday where they attended the annual fall convention of the American Legion.

Mitchell announced this week that the annual spring convention of the group will be held in Memphis sometime in April.

"We will need the help of all local citizens if we are to make this convention a success," he stated.

While at the convention, Mitchell served as chairman of the credentials committee.

The main event of the convention was the dedication of the new Shamrock Legion building. Department Commander Warren G. Moore of Tyler and State Auxiliary President Mrs. Virginia Bailey, were the featured speakers at the convention.

Also included in the convention agenda was reports concerning the various youth activities sponsored by the Legion and Auxiliary. These include boys and girls state, Scout work and baseball programs.

Mitchell stated that the Memphis Post is the third largest in the 18th Congressional District. It is led by only Amarillo and Borger.

John Alden, husband of Priscilla, outlived all other male passengers on the Mayflower.

Comments (Continued from Page 1)

movie goes is Irene Dunn Castle. Her home is toward the top of a hill overlooking the city, and is surrounded by trees so that one can see only the front of the house from the valley below.

The Hatchet House, the home of Carrie Nation of hatchet fame, is now a museum and for a small entrance fee one may see the things that made the place a home when she was alive.

About an hour's drive north from E. S. is Roaring River State Park, in the "Shepherd of the Hills" country in southern Missouri. A huge spring, called "Roaring River", rushes out from a large hole at the foot of a solid high rock wall.
