TRACK TEAM — Pictured above is the Memphis High track team which competed in District 2-A competition Tuesday at Panhandle. From left to right, front row are: Tommie Lacy, Lacy Montgomery, Robert Gardner, and Eddie Jones; back row: Larry Craig, Thomas Snowdon, Jerry Burnett, Jerry Montgomery, and Swayne McCauley. Not shown is the team's pole vaulter.

Students Qualify For Region Tennis, Golf And Track

Members of the Memphis School track and tennis teams qualified, and the golf team qualified, to enter the Class A Athletic League region competition which will be held in Lubbock, Texas, April 22-23. The high school track team competed in district competition at Lubbock Tuesday. The team's points were 66, which placed them in fourth place in district points as a team. Coach John Decker said the school was well represented, and the MHS entries were able to get points in all field events. Swayne McCauley, winner last Friday in the Sandy Relay, set a new record by hurling the discus 10 feet and 7 inches. This surpassed his winning toss at Amarillo by two feet. The Bridges also qualified by taking second place in pole vault by clearing the 10 feet and 4 inches. Decker picked up points for the team by placing fifth in the shot, and Dale Sexton won first place in the junior high shot with a toss of 46 feet. Bunky Adcock, also in high competition, tied for first place with two other entries in high jump of 5 feet. 7 inches. In track events, the sprint team placed second to qualify for region. Their time was 46.2 seconds. The team is composed of Jerry Burnett, Eddie Jones, Tommie Tucker and Larry Craig. Coach Howle said the MHS mile relay team missed going to region by only a fraction, turning in a time of 3 minutes, 50.5 seconds. The team placed third. It is composed of Jerry Burnett, Robert Gardner, Jerry and Lacy Montgomery. In sprint races, Eddie Jones, Larry Craig and Jerry Burnett placed 4th, 5th and 6th respectively in the 100-yard dash; Jerry Montgomery placed 4 with 57.4 seconds in the 440-yard race; and in the 220-yard race, Craig, Thomas Snowdon and Tommie Tucker placed 4th, 5th and 6th respectively.

Tennis Team Winners
The high school tennis team walked away with half of the top places in district competition at Clarendon yesterday. Coach Bob Martin said that everyone of the school's entries came home with a ribbon. The team points totaled 80, which took first place. White Deer was second with 40 points, and McLean, Canadian and Clarendon each had 30 points for a third place tie. In high school competition, the boys' doubles team composed of Sam Goodnight and Reggie Curry won first place and will go to region. Trilby Townsend and Bettye Gidden, the girls' doubles team, (Continued on Page Ten)

ORVAL MORGAN

Orval Morgan To Be Evangelist At Christian Revival

Brother Orval M. Morgan, dean of Midwest Christian College at Oklahoma City, Okla., will be the evangelist at a revival meeting at the Memphis Christian Church, Charles R. Hamilton, local minister, said this week. The revival meeting will begin Sunday morning, April 10, and will continue through Easter Sunday, April 17. Services will be held nightly except Saturday at 7:45 p. m. Friday night, April 15, will be youth night at the church, Brother Hamilton said. Brother Hamilton will be in charge of the song services and Mrs. Hamilton will bring special music. Brother Morgan is nationally famous as an evangelist, and he was a full-time evangelist before accepting the position as dean of Midwest Christian College. "We are very fortunate to have such a distinguished evangelist to hold our meeting since Brother Morgan is very much in demand," Brother Hamilton said. The local minister extended an invitation to everyone to be present at any or all of the services.

Hedley Baptists Plan Singing

A quarterly hymn singing will be held Sunday, April 10, from 3 to 4 p. m. in the First Baptist Church in Hedley, it was announced this week. Each of the churches in the district will bring special music. The public has been invited to attend. James Smith is associational music director, and Mrs. Williams is associational pianist.

No Write-Ins Cast In School, City Elections

There were no write-in votes cast at either of the two elections held in Memphis this week. Only 46 persons voted in the school trustee election Saturday, and 44 cast ballots in the city election Tuesday.

H. E. Craig received 45 votes and W. A. Smith received 46 votes in the school trustee election.

E. E. Roberts was re-elected to the City Council as alderman of Ward 1 by 10 votes, which were cast Tuesday. L. E. Hughes received four votes from Ward 2, Gayle Greene received 22 votes from Ward 3, and Pete Shankle received eight votes from Ward 4. Shankle and Hughes also were incumbents. Greene will replace Eddie Foxhall.

The city aldermen elected Tuesday will be officially installed at the City Council meeting next Monday evening at 7:30 o'clock.

Heavy Vote Seen In Estelline City Election

A very heavy turnout of voters cast ballots in the Estelline city election Tuesday to determine which of seven candidates would fill three posts on the city council.

A total of 109 citizens went to the polls. Last year, in comparison, only 24 votes were cast in the Estelline city election. The Estelline City Council met last night (Wednesday) and canvassed the votes. Paul Buchanan received 62 votes and Noel Clifton received 61. Both men were elected.

However, J. C. Richerson and Jim B. Hutchins each received 42 votes, which makes a tie for the third position on the council. Jack Kinard received 41 votes, Elem Orcutt 38, and Jack Nelson 34. Buchanan, Richerson and Orcutt were running for re-election.

REV. O. B. HERRING

Methodist Church Revival To Begin Here Sunday

Pre-Easter revival services will be conducted at the First Methodist Church beginning Sunday, April 10, Rev. O. B. Herring, pastor, announced this week. Services will be held each evening at 7:30 p. m. during the week preceding Easter Sunday. Rev. Herring will do the preaching. "We extend a cordial invitation to the public to come worship with us," Rev. Herring said.

New Lone Star Gas Rate Schedule

Next	24,400 Cu. Ft.	@ \$8.433	per MCF gross;	\$7.590 net
Next	25,000 Cu. Ft.	@ \$7.433	per MCF gross;	\$6.690 net
Next	25,000 Cu. Ft.	@ \$6.433	per MCF gross;	\$5.790 net
Over	75,000 Cu. Ft.	@ \$5.433	per MCF gross;	\$4.890 net

(Minimum Monthly Bill \$1.00)

Legon: CCF—one hundred cu. ft.; MCF—thousand cu. ft.; Net—net rate shall apply to all bills paid within ten days from monthly billing date. The above rate is applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

Bill Morgan To Speak At Local Exes Banquet

W. E. (Bill) Morgan, president of Colorado State University, will be the principal speaker at the annual ex-student banquet of Memphis schools, 7 p. m., Saturday, April 16, in the Travis Cafeteria, Jack Norman, president of the Ex-Student Association, said Tuesday. President Morgan was raised on a farm located a few miles southeast of Memphis just over the line in Childress County. He was born in Fort Worth May 30, 1909, the next to the youngest in a family of nine children.

His father was a Baptist preacher. The family moved to the farm near Memphis due to Morgan's father's ill health. They lived there from 1911 until 1926. In 1926, President Morgan and Leslie Foxhall enrolled at Texas A. & M., and were roommates throughout the four years in attendance at that institution. They graduated in 1930. Morgan said in a letter to Norman, "The great depression which was just getting underway that year had a significant influence on the career of just about every one of our classmates. It certainly had something to do with my winding up in college work instead of coming back to the farm in Childress County." The years from 1930 to 1940, Morgan spent working in college jobs and finishing up his graduate work. He took his finals in the spring of 1940 during the week that France fell.

A few days after Pearl Harbor, Morgan said, he was called to active duty under his reserve commission contract and was assigned to the Headquarters of the old Army Air Force. He spent two years in India, Burma and China. Following the war, he served as president of Arkansas A&M College for several years, then, in 1948, he moved with his family to France where he was deputy chief (Continued on Page Ten)

JACK MERRITT

Rev. Jack Merritt To Preach Revival At First Baptist

Rev. Jack Merritt, pastor of the First Baptist Church, Vernon, will be the evangelist for a revival which will begin at the First Baptist Church in Memphis next Sunday. The revival will continue through April 17. Services will be conducted daily at 10 a. m. and at 7:30 p. m. Music for the revival will be under the direction of C. D. Pedersen, local music and education director. Prayer meetings will precede the evening services. Everyone is cordially invited to attend all services of the revival. Fern A. Miller, pastor of the church, stated that the people of Memphis are indeed fortunate in having a dynamic preacher such as Brother Merritt for the revival.

County School Census Shows Increase Of 46

A report from Miss Tops Gilreath, county superintendent, shows the county has 46 more students registered this year than last year. The annual county school census report is compiled by the County Superintendent's office each year and includes all students of school age living in the county as of Feb. 1. However, the same report shows that the total of white students is less than last year and the number of colored students increased by 76. The 1960-61 census of school children included Memphis, Estelline, Turkey and Lakeview. The census by schools include: Memphis, whites, 725; Negro 197 for a total of 922; Estelline, white, 186; Negro, 25; total 211; Lakeview, white 251, Negro, 84, total 335; Turkey, white 290, Negro, 54, total 344. A ten-year report of school cen-

sus findings show a steady decline in white students and a slight increase in Negro students. However, as far as the total count is concerned, there the 782 less students in our county schools this year than there were in 1950-51. However, the smallest year's count was in 1958-59 when only 1694 students were registered in this county's schools. The ten-year totals are as follows: 1950-51, 2582; 1951-52, 2333; 1952-53, 2327; 1953-54, 2123; 1954-55, 1997; 1955-56, 2056; 1956-57, 1920; 1958-59, 1694; 1959-60 1754; and 1960-61, 1800. In the same ten year period, the report shows a steady decline in white students while there is a slight rise in colored students. In 1950-51, there were 2346 white students registered. In 1960-61 there are 1446 white students. The same two-year figures for

Council Grants 5.4c Per MCF Rate Increase

The Memphis City Council at its regular monthly meeting Tuesday night approved the Lone Star Gas Company's application for a rate increase of 5.4 cents per thousand cubic feet in each step of its rate schedule for residential and commercial service.

The new rate will become effective June 1, 1960. The increase to the average residential user would amount to slightly more than one cent per day, it was pointed out by Lone Star's Local Manager T. J. Bridges. The council took the action following an hour and a half discussion with Bridges and District Manager D. C. McKinney of Childress.

District Manager McKinney told the councilmen that on Feb. 15, 1960, the Railroad Commission of Texas authorized an increase in the city gas charge of 5.4 cents per 1,000 cu. ft. The rate revision requested by Lone Star and authorized by the council is the exact amount of the increase in the charge at the city gate ordered by the Railroad Commission.

"The rate increase in effect in Memphis prior to the council's action was based on our 1951 cost of service," Bridges said, "yet the costs of serving our customers had increased continually since that year."

In other business before the (Continued on Page Ten)

Six Rotarians Attend District Meeting Friday

Six Rotarians from Memphis attended the Rotary International District 573 conference held last weekend in Plainview. The conference began Thursday afternoon with registration, and the governor's reception that evening.

Friday, those attending enjoyed breakfast meetings, sessions, the luncheon meetings, and the governor's banquet that evening.

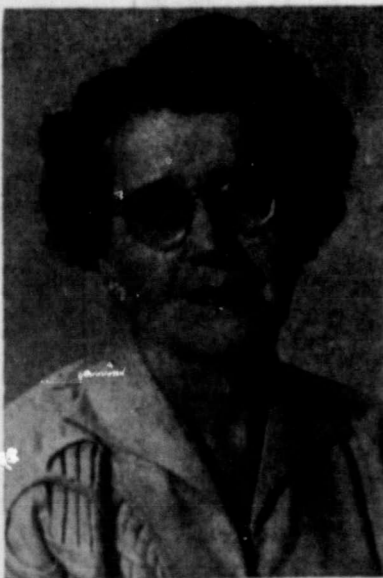

Saturday's schedule of events included breakfast meetings, the third plenary session and an all-conference luncheon. Special for the Rotary Annas was a breakfast Friday morning, and a style show luncheon Friday at noon.

Local Rotarians attending included: President John Fowler, President-Elect Mills Roberts, T. J. Bridges, Bob Fowler, Sim Goodall and Thomas Clayton.

Rotary Annas attending were: Mrs. John Fowler, Mrs. Mills Roberts, Mrs. Bob Fowler, and Mrs. Sim Goodall.

100 Expected at TFWC Meet

Fifty Federated Clubs of Memphis will be hosts to approximately 100 clubwomen here on Friday, April 12, at a meeting to organize the district. The meeting will be held at the Memphis Country Club, beginning at 10 a. m. D. L. C. Kinard, who has been named chairman of the session, will preside at the meeting. The purpose of the meeting is to elect new officers and select a new district which is composed of 14 new Texas Federation of Women's Clubs districts, which were formed that day. The state is being divided and re-divided to make 14 districts. The arrival guests and delegates will be served coffee and tea. The business session will begin at 10 a. m. A luncheon will be served at 12:30 p. m. The menu will include Turkey Thermidor, Bing Salad, Lemon fluff desert, beans, rolls, and coffee. Tickets are \$2.00 each. Names and guests are expected from 72 Federated Clubs in districts from the counties of Wichita, Archer, Baylor, Garret, Knox, Foard, Harding, Cottle, Childress, Dickinson and Hall. The meeting will adjourn at 2:30 p. m.

If we made Gladiola Flour for Santa Claus, Ind... the quality wouldn't be so important

...but we make it for you

Gladiola Flour is tailor-made for one special group of homemakers. They live in Texas (or right next door) and they bake the best biscuits, pies and cakes in the U.S.A.

These ladies are flour experts. They know what they want, and nothing else is good enough. So far (for 47 years) we've kept them satisfied. Today and every day, Gladiola Flour is outselling every other brand.

As for Santa Claus, Ind., women, they've never dreamed there's a flour like snow-white Gladiola. And they'll never know, as you know, that Gladiola quality is your best bargain in flour. Surprisingly, it costs the average family only about 1/2¢ a day more than the cheapest flour made.

Bake and be Glad—with **GLADIOLA FLOUR**

The best-selling flour in the Southwest

(Of course there's a Santa Claus—down in Spencer County near the Ohio River.)

Report From Washington

By **WALTER ROGERS**
 Representative, 18th
 Congressional District

Foreign Aid
 Congress will soon come to an issue that bids to be controversial this year than other time. It is the bill which will be designed for the carrying out of the request of President Eisenhower for new authority for foreign aid. The amount of \$4,175 million is an increase of \$949 million over the amount provided in 1960. The President's request for 1961 is \$3,450 million, an increase of \$100 million over the amount provided in 1960.

Most of you know, the foreign program has traveled numerous aliases. Most recently it has been called the Mutual Security Program, and the National Cooperation Administration. There are many arms to the program, having names very different from the major title. However, any name it is an aid program by the taxpayers of the country for the purpose of grants, gifts, and loans to governments. The controversy of such a program continues through the program through the cause many Members press to take some long what is going on. Hence, appear that this year the aid of the foreign aid program will have a much tougher time in obtaining the passage of appropriations expenditures of \$4,175 million of the taxpayers' money for aid purposes. The long which has been taken by the Congressmen has some startling facts, which yet been fully documented. This will be brought out in a debate on the subject matter.

Chairman of the Foreign Aid Subcommittee on Appropriations is Congressman Otto Passman of Louisiana. He has done an outstanding job

in the past in cutting down the requests which come to Congress for these foreign aid appropriations. He has done a magnificent job in trying to dig out much of the fat in these programs and will no doubt produce a lot of good results this year. He has just furnished me with a schedule of mutual security funds, by program and amount, available for expenditure during Fiscal Year 1960. That is, funds which are presently in the so-called foreign aid pipeline. Unexpended funds on June 30, 1959 amounted to \$4,437,708,750. New funds appropriated for Fiscal 1960 amounted to \$3,225,813,000. New funds from other sources available for Fiscal 1960 amounted to \$3,225,813,000. New funds from other sources available for Fiscal 1960 amounted to \$48 million. Therefore, the total amount available for Fiscal Year 1960, which ends on June 30, 1960, was \$8,111,521,750.

Notwithstanding that this amount was available, foreign aid advocates have come back to Congress this year for \$4,175 million additional. Mr. Passman has very kindly furnished the Members of Congress with a breakdown of the funds which were available for Fiscal Year 1960 and has pointed out the vast amount of work which must be done by the Subcommittee this year in view of the request for additional funds. He especially points out that the Subcommittee is being subjected to tremendous pressure and propaganda from many quarters, especially from the 43,000 employees and 10,000 trainees of the Mutual Security Program, who are scattered in 76 nations of the world. He also says that much pressure is coming from the White House and its prestige, the State Department and its prestige, the Defense Department and its power, and scores of large manufacturers who make big profits from the foreign aid program; also, many colleges and universities and literally hundreds of other

organizations hoping to participate in this \$12 billion-plus pork barrel. He reassures the Congress, however, that the Subcommittee will continue to resist the unwarranted propaganda and pressure for exclusive amounts for foreign aid and will try to provide only funds based upon actual need and not desire. Congressman Passman and his Subcommittee are entitled to the plaudits of all American taxpayers for their tireless work in trying to protect the American tax money. They are doing a good job.

The Comptroller General of the United States has been quoted as stating that the weakness of the program is too much money, not too little.

I Give You Texas

By **BOYCE HOUSE**

I'm a small-town guy (which is scarcely news to anyone who knows me.)

The pace of life is such in smaller communities that people have time to sit and visit — or at least stop long enough on the street for a little conversation.

For a year, I had an office in a building in Dallas. Every now and then, I'd ride in the elevator with another tenant. All I knew about him was his name and that he was an attorney. One day, his obituary appeared in the paper and there was the information that he had been the private secretary of Governor Colquitt and of Senator Culberson. What a wealth of political incidents was lost when he died! In a small town, I would have known his background and would have obtained some of those stories.

In one town where I used to live, there was an attorney who had served in the War with Spain. There was another lawyer who was so old that he had held county office as a Populist. The county judge-at-law had graduated from Cumberland Law School in Lebanon, Tenn. The county attorney had played in the line for the University of Texas in a Thanksgiving Day Victory over A&M.

Then there was an oil man who, years before, had drilled on the famous 101 Ranch in Oklahoma; a justice of the peace who was a Confederate veteran; and a sturdy

LAFF OF THE WEEK

"I never saw such an optimist—he thinks the world is going to the dogs!"

farmer who didn't look within 20 years of his age and had taken part in the last Indian fight in the county. The founder of the town had been a surveyor and had made surveys in far West Texas when one would do well to keep on the lookout for bands of redskins.

The sheriff was a former cowboy. The uncle of the football team's star player had once carried a bale of cotton on his back across a street. The owner of an electric shop had been a professional baseball pitcher. The proprietor of the confectionary, a naturalized citizen who was a native of Greece, had appeared as a "rustler" and as a deputy in Western pictures in "silent" days. Two brothers had a brother who was a commander of the United States Marine Corps and their father was a Congressman. They were Quakers.

There was one man who had a hobby: It was killing rattlesnakes by hitting them with rocks. The driver of a laundry-wagon had a superb tenor voice and was the singing star of the annual Elks minstrels; and the quiet manager of the light company office would never have been suspected by a stranger of having a talent which made him a "riot" as a blackface comedian in that same show.

The manager of the gas company's office was struck by lightning and survived. An oil operator had been a career army man, having served in the Philippines, in China, on the Mexican border and, during World War I, in France. A doctor had owned a large sugar plantation in Mexico but one night bandits made an attack and burned his home, so he and his family

returned to the United States.

Interesting, weren't they? A really gifted writer could take almost any one of them and write a novel about him. Very likely, I rub elbows in the city with people just as interesting — if there were only the opportunity of find out.

Mr. and Mrs. Don Kinard of Plainview visited with friends and relatives over the weekend.

WTU Executive Staff Changes Given This Week

Changes in the executive staff of the West Texas Utilities Company General Office at Abilene were announced this week.

Cal Young, WTU President, announced the retirement of F. W. Schroeder, Executive Vice President, and the promotions of J. F. Longley to Vice President and General Superintendent, and John A. Hutcherson, Jr., to Chief Engineer.

Longley spoke recently to the local Rotary Club.

Schroeder has been with West Texas Utilities for more than 41 years, and will serve as a consultant to the executive staff. He joined WTU as a Line Superintendent in 1919.

Longley has since 1955 had the title and responsibility of Vice President of Engineering and Production. He is a native of Baylor County and valedictorian of Texas A & M grad class of 1924. He joined the company in 1926.

As Chief Engineer, John Hutcherson Jr. will assume responsibility

for the company's engineering and power production. He has been employed by WTU since 1936. WTU's new Chief Engineer is a registered Professional Engineer in Texas, a member of the Texas Society of Professional Engineers, the American Institute of Electrical Engineers, and AIEE's National Committee on Distribution.

Mr. and Mrs. Holmes Posey and Mrs. Albert Gerlach were Wellington visitors last Wednesday.

Mrs. Cecil Stargel visited with her sisters in Los Angeles, Corona Del Mar and San Diego, Calif., and returned home last Tuesday.

Mr. and Mrs. Earl Miller left Sunday for a week's visit with relatives in Vernon, Fort Worth, Dallas and Pasadena.

The length of a cotton fiber ranges from a thousand to four thousand times that of its width.

TEXAS INDUSTRIAL WEEK
 April 1-7

Texas Industry and Reddy Kilowatt are old friends. The West Texas Utilities Company, itself a growing West Texas industry, is starting the "Soaring Sixties" with construction of new power plants, transmission and distribution lines, and other facilities to provide more and more power to spark the industrial development of West Texas.

Industry in West Texas means more people, more jobs, and more payrolls, which mean more business and a better living for all of us. West Texas Utilities is building ahead to provide the power for a growing industrial West Texas.

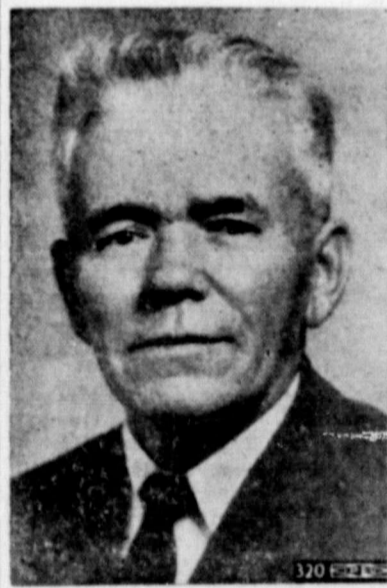

CHEAPER BY THE DOZEN...

Your electric service—the more you use it, the bigger the bargain—as you use more and more electricity to work your home, you actually pay less per kilowatt hour.

While today, you are getting more work saving, time saving conveniences out of your electric service than before,

your bill is likely to be higher than it used to be. But, remember while you are using so much more electric service, the cost per kilowatt hour is actually 18% less than it was in 1950.

IN A FULL-SIZE WAGON! You'd never know it by looking, but this is America's lowest-priced full-size wagon! Its 97 cubic feet of loadspace is the biggest in its field. Extra-wide rear gates open easily, with one hand, to make loading a cinch. And this Ford Ranch Wagon is built for people. You get a foam-padded front seat, plus leg, hip and head room to spare. And it's built for savings, too. It thrives on low-cost regular gas. A Full-Flow oil filter lets you go 4,000 miles without an oil change. The aluminized muffler normally lasts twice as long as conventional types. And its Diamond Lustre Finish never needs waxing.

Mrs. Lillie Cooper Celebrates 80th Birthday March 30

Neighbors and friends gathered at the home of Mrs. Nellie Leary in Estelline March 30 to celebrate the 80th birthday of one of the community's most beloved oldtimers, Mrs. Lillie Cooper, who moved there in 1901.

The birthday cake, decorated with pink rosebuds and candles, was placed at one end of the table while at the opposite end was a money tree decorated with coins wrapped in gold paper. The money tree is to be used for purchase of a gift of Mrs. Cooper's own choosing. Other gifts surrounded the tree.

After the luncheon, games of dominoes were enjoyed by those attending.

Guests included Meses. W. L. Rigsby, Bess Coppedge, Lillie Bagwell, P. L. Vardy, J. A. Ballard, L. A. Tucker, S. K. Jones, Albert Bailey, J. L. Darby, Eula Adams, Lura Marcum, R. L. Nelson, M. E. Chandler, R. V. Wood, L. C. Richburg, Sandy Rucker, Lula Huffmaster, Walter Whaley, Ben Jackson, F. E. Leary, Alice Eddins and Mrs. J. L. Richburg of Memphis.

Sending gifts were Mrs. S. T. Hutchins, Mrs. Elem Orcutt, Mrs. Billy B. Holland and Mr. and Mrs. C. L. Sloan.

Sgt. Charles C. Guy Now Stationed In Korea With Army

Army Sergeant First Class Charles C. Guy, son of Mrs. Liddie A. Guy, Route 1, Hedley, recently arrived in Korea and is now assigned to the 1st Cavalry Division.

Sergeant Guy entered the army in 1940 and was last stationed at Fort Hood, Tex. He is a platoon sergeant in Company A of the division's 7th Cavalry.

The sergeant attended Elmore City, Okla., High School.

Mr. and Mrs. M. F. McKinney were in Wellington last week to attend funeral services for Ed Blain, pioneer Collingsworth County resident and banker. Other relatives who accompanied Mr. and Mrs. McKinney to the services were Mr. and Mrs. Grady C. Brooke and son, Grady, and daughter of Wolforth, and Mrs. Delyle Blackman of Lubbock.

MR. AND MRS. RANDALL BRICE

Pretty Home Services Unite In Marriage Miss Barbara Winters and Randall Brice

In a pretty home wedding solemnized at 3 p. m. Saturday, Mar. 19, Miss Barbara Winters, daughter of Mr. and Mrs. Alvin Winters, became the bride of Randall Brice, son of Mr. and Mrs. I. L. Brice of Tulia.

Rev. Fern Miller, pastor of the First Baptist Church, read the ceremony in the home of the bride's parents, 1100 Robertson, before the fireplace which was

decorated with greenery, branched candelabra holding white tapers and floor baskets of gladioli.

Miss Fredna Brown served as maid-of-honor while Jimmy Winters, brother of the bride, was best man.

Miss Brown wore a street-length dress of red chiffon complemented with matching accessories and a wristlet of red carnations and

NEWLIN

Mrs. G. E. Nelson has returned home after a two-weeks visit with

Hedley Senior Day Held Last Friday

Last Friday, April 1, was Senior Day at Hedley High School, Don Cox, class reporter, announced this week.

The morning classes were taught by seniors. They included: Colleen Younger, Mrs. Ed Bolivar's first grade; Jean Ward, Mrs. Shaller's second grade; Nelda Stotts, Mrs. J. S. Hinds' third grade.

Mary Baker, Miss Hazel Coursey's fourth and fifth grades; Douglas Owens took Supt. J. S. Hinds' place; Billy Wiggins, Don Haskins' boys basketball; Buddy Jones, Billy White's girls basketball; Kenneth Proctor, Connie DeBord's science class; LeRoy Pullum, Doyle Messer's agriculture classes; James Hook, J. M. Baker's mathematics classes; Don Cox, Mrs. Alice Lacy's English Classes; Monte Rogers, Miss Massey's home economics classes; Betty Saunders, Mrs. Doyle Messer's commercial subjects.

In the assembly program at 1 p. m. the seniors gave an imitation of their respective teachers. After the assembly there were two intramural basketball games, Cox concluded.

stephonitis.

Given in marriage by her father, the bride was attired in a princess style dress of lace over white taffeta styled with lace jacket, standup collar and petal point sleeves. Her finger-tip veil of illusion fell from a headpiece studded with seed pearls and she carried a bouquet of red sweetheart roses and stephonitis atop a white Bible.

Immediately following the ceremony, Mr. and Mrs. Winters were hosts at a reception to members of the wedding party and relatives and close friends.

A three-tiered wedding cake and punch was served from an attractively laid table decorated with an arrangement of red carnations.

For a wedding trip to San Antonio, the bride chose for travel a white linen dress accented with red accessories.

The bride is a graduate of Memphis High School and Draughon's Business College in Amarillo.

The bridegroom is a graduate of Turkey High School. He is presently employed with the Harris Trucking Company in Tulia.

Mr. and Mrs. Brice are at home in Tulia.

Blue Bonnet Needle Club Takes Trip To Amarillo

Members of the Blue Bonnet Needle Club enjoyed an out-of-town outing Friday. They drove to Amarillo where they dined at the Colonial Restaurant.

Enjoying the trip were Meses. Emma Hill, Iva Smith, Gussie Jones, Mary Bownds, Floy Hightower, Eula Boren, Hucie Lindsey, Margaret Phillips, Winnie Johnson, Idell Burnett, Fern Boone, Betty Goodall and two guests, Mrs. Oma Jean Parr and Mrs. Nettie Betts.

Editorial

Highway Courtesy

Many of the urban centers of this Nation for many years have been engaged in one of the biggest propaganda, brain washing campaigns we've seen since Nazism or the Big Red Scare. This is severe criticism of the nation's farmers. Much of this propaganda had its beginning with the big industries which dominate the large cities. Many of these severe critics fail to realize that this businessman in the blue-denim or khaki suit not only produces more than enough food and fiber at bargain prices to satisfy a growing America, but he also comprises one of industry's biggest markets.

For example, recent figures from the U. S. Department of Agriculture show that there are 12 million tractors, trucks, and cars on the nation's farms. The farmer provides a market for 6 and one-half million tons of steel for these and other tools of production each year — enough to manufacture four and one-half million new automobiles. On addition, 16 per cent of the gross freight revenue comes from agricultural products, and farm supplies shipped to the farmer account for an even higher percentage.

The farmer uses enough rubber each year to put tires on six million cars. In addition, agriculture consumes more petroleum each year than any other industry — 17 and one-half billion gallons. American agriculture consumes 50 million tons of chemicals annually, which includes approximately 23 million tons of fertilizer. Each year, the farm family uses about 22 billion kilowatt hours of electrical power — more than Chicago, Detroit, Houston, Baltimore, and Boston combined.

The farmer is a key member of the economic family and actually helps support other segments of the economy. In fact, four out of ten workers in the U. S. are employed in agriculture and allied industries. Of the total working force of 62 million, about 25 million are in agriculture and related industries. Breaking this down further, about 7 million work on farms; another 7 million workers produce for or service the farmer; and 11 million process, distribute, and merchandise farm products. In addition, approximately 250,000 scientists are currently working on projects related to agriculture.

Farming will become an even more mechanized and efficient business. Thus, agriculture will continue to be an integral part of the great complex of the Nation's industrial scene and a major contributor to its economy.

Agriculture Is Best Customer

Now that Highway 287 both north and south of Memphis has been enlarged, drivers in this area should stop and take stock in the added responsibilities this enlargement places in their every day life.

The better the highway, the more traffic will be on it. However, big wide highways will not cure all traffic accidents which occur. Drivers on wide highways have an additional courtesy or responsibility that is not present on narrower roads.

This courtesy is simply this: if a driver of a vehicle desires to drive faster than you, on a road which will allow him to pass you without crossing the center line, then move over and let him pass. Don't make him follow behind for miles and miles waiting for a chance to pass.

There is a reason why it would be safer for you to let the faster driver pass, especially on a road with lots of hills. Usually the driver who maintains a fast pace is also quite irritable when he (or she) has to slow down. Because of this irritation, they will take unnecessary chances, like passing on a hill, curve, or other such places. Remember, if they run into another car, your car will also probably be involved in the accident.

This policy should especially be practiced by drivers of trucks, farm machinery and other vehicles which do not travel as fast as the flow of traffic. Pulling over on the paved shoulder of the road to let faster drivers pass may keep a serious accident from happening.

Also, remember how irritated you were the last time you were on one of those narrow highways and had to follow behind a 30-mph vehicle for 15 miles before you were able to pass.

Now that Highway 287 is wide enough for cars to pass safely around slower traffic, if you are the slow driver, use the paved shoulder of the road.

By following this simple rule of courtesy, drivers will be able to use the wide highway much safer, and with much less irritation. And there is always a chance that the life you save may be your own!

THE THINKER

ACROSS the DESK

What Other Editors Say

Maybe We Should Copy Kansas

Most of us gripe about paying taxes, but we don't mind it as much if everybody else is taxed on the same basis. When we pay taxes that our neighbors don't pay when the situation looks unjust.

We have a long way to go before taxes are assessed on an equal basis in Ochiltree County, for example. Farm land is not assessed at the same per cent of market value as is city residential property. Business inventories and equipment are soaked harder than personal property. Despite attempts to be equal, some houses are taxed a bigger per cent of their worth than are others.

But the thing that draws the most inequities are personal taxes. Personal taxes assessed against cars and house trailers can go unpaid and very little seems to be done about it. If a person owns no real estate, the personal property tax put on his car by the school and city often goes ignored. When the car leaves town, so does the tax. It costs more to try and collect it than the tax is worth.

But Kansas has a way of collecting these taxes. This device, which virtually guarantees the eventual collection of ad valorem taxes on personal property and motor vehicles, is the requirement that all, or at least half, of personal taxes must be paid on schedule before an applicant can qualify for new license plates.

Since there is no question but that license plates are required every year, it follows that the school and city tax must be paid every year. It makes no difference if the person moves — he still must present a personal property tax receipt from somewhere before he can get his tags.

Owners of cars and house trailers who move a lot don't like this way of collecting taxes in Kansas. But Kansas lawmakers hold to the idea that if an owner of a house and lot must pay a personal tax on his car, so should the fellow who owns a house on wheels. It makes sense to us, and we don't think anyone would object seriously. We could learn something from these Kansans.

Babel Revisited

The national highway program initiated by Congress in 1956 is not, as frequently represented, the most ambitious public works undertaking of all time. The most ambitious public works undertaking of all time was the Tower of Babel. Its designers means for it to reach from the earth to heaven.

No doubt they claimed that this project was scientifically planned and perfectly feasible if their recommendations were followed, step by step. The same claims were made for the national highway program, and were used to answer any skeptics who questioned the fairness of its financing or objected to the 50 per cent increase in the federal gasoline tax with which it was inaugurated.

How smoothly initial work on the Tower of Babel progressed the Bible does not record. But the national highway program was in deep trouble within the space of two years.

The estimated cost of completing the heart of the program — the 41,000 mile Interstate system

people insist on an end to the confusion — and the habit of covering up mistakes with gasoline tax increases.

A problem that is the direct outgrowth of irresponsible estimates and irresponsible tax policies can only be saved by adherence to firm figures and fair methods of financing. We can't get to heaven, or drive our cars, either, on a Babel of confusion.

—The Graham Leader

Isn't It Funny?

When the other fellow takes a long time to do something, he's slow. But when I take a long time to do something I'm thorough. When the other fellow doesn't do it, he's lazy. But when I don't do it, I'm too busy. When the other fellow goes ahead and does something without being told, he's overstepping his bounds. But when I go ahead and do something without being told, that's initiative!

When the other fellow states his side of a question strongly, he's bullheaded. But when I state a side of a question strongly, I'm being firm. When the other fellow overlooks a few of the rules of etiquette, he's rude. But when I skip a few of the rules, I'm original. When the other fellow does something that pleases the boss, he's polishing the brass. But if I do something that pleases the boss that's cooperation. When the other fellow gets ahead he sure had the lucky breaks. But when I manage to get ahead, Man, hard work did that! Funny isn't it—or is it!

Mrs. Tommy Hulsey Gives Book Review At UDC Guest Day Tea Wed.

amid a setting of spring flow-
the Winnie Davis Chapter of
United Daughters of the Con-
eracy entertained with a guest
tea and book review on Wed-
ay afternoon, March 30, in
Memphis Country Club.

Mrs. Bray Cook, program chair-
welcomed the guests and in-
duced Mrs. Tommy Hulsey of
rillo who reviewed in a most
rming and interesting manner
book, "The Gallant Mrs. Stone-
" by Barnett T. Kane, a for-
New Orleans newspaper man
one of the most prolific his-
cal writers of any section of

the country. Mrs. Hulsey is the
former Sue Lynn Guthrie, daugh-
ter of Mr. and Mrs. Roy Guthrie.

Mrs. Hulsey, in speaking of
Kane, said that the pattern for
biographical novels is more or less
fixed particularly where there are
ample research sources. Conse-
quently, the result must depend on
the author's approach, especially
if no controversial elements are
involved.

To Kane, Mary Anna Morrison
Jackson, as she revealed herself
in correspondence and as con-
temporaries saw her, could be
characterized in one word; hence

the title, "The Gallant Mrs. Stone-
wall."
The elements of romantic fic-
tion are contained in the story of
Anna Morrison's devotion to
Thomas Jackson and her belief in
his capabilities, Mrs. Hulsey said.

"The handsome, gently reared
North Carolina girl met the some-
what ungainly professor of mili-
tary tactics at Virginia Military
Institute, while she was visiting a
sister whose husband was an in-
structor at Washington College.
A graduate of West Point, who
had risen to major in the field
during the Mexican War, Jackson
had quit the army to teach in the
new VMI. He was serious, much
concerned with his health, and
deeply religious. The cadets poked
fun at him frequently, and many
of his elders didn't find him too
attractive. This much was history,"
Mrs. Hulsey continued.

"The novelist-biographer has
taken the historic frame and built
a story that establishes Anna Mor-
rison Jackson's indubitable right
to the title 'gallant.' Jackson was
already engaged when she met
him, to Ellie Junkin, daughter of
a Presbyterian minister. Ellie died
a little more than a year after
their marriage," she added.

"Three years later Anna Mor-
rison had her first direct word
from Thomas Jackson. After the
correct formalities, they were mar-
ried in 1857.

"The book is the story of six
years they had together before
General Jackson died from pneu-
monia contracted after he had
been seriously wounded by his
own troops in one of the major
tragedies of the Civil War. A
daughter was born and died and
a second daughter was only a
few months old when Stonewall
died.

Mrs. Jackson was not quite 32
when her husband died, in 1863.
She lived until 1915. Her means
were slight, but when the North
Carolina Legislature voted her a
pension of \$100 a month, she di-
rected that it go to a welfare
program. The result was the Jackson
Training School at Concord,
N. C."

At the conclusion of the book
review, tasty decorated cookies,
mints, mixed nuts and punch were

Local Rainbow Girls Observe Anniversary

In observance of the anniver-
sary of the founding of the Order
of the Rainbow for Girls, the
Memphis Assembly and the Advi-
sory Board Members attended
church services in a group at the
First Christian Church, followed
by lunch at the Cyclone Drive Inn
on Sunday, April 3.

The first Order of the Rainbow
for Girls was sponsored in 1922

by the South McAlester Chapter
No. 149, Order of the Eastern
Star. During the first World War,
every organization had been speed-
ed up one hundred per cent and
after its close there was need for
some group organization to take
care of the young people. With
this thought in the minds of the
members of the Chapter, they
formed the first Rainbow Assem-
bly, little thinking at that time
that they were writing a Fraternal
history which in years to come
would mean more to their chapter
than anything they have ever
done, said Mrs. Glynn Thompson,
local chapter sponsor.

From the local organization of
171 girls organized April 6, 1922,
the Order has grown until it has
reached every part of our coun-
try. It has been received by Chap-

ters and Lodges in Canada, Alaska,
Australia, Cuba, Okinawa, Hawaii,
Mexico, the Philippine Islands,
Guam, Japan and the Canal Zone,
and is today the avenue through
which the lives of thousands of
girls have been touched and in-
fluenced. It furnishes its sponsors
with an opportunity to lift the
standard of girlhood higher and
make the world a more gentle and
kind place in which to live. No one
person takes credit for the develop-
ment of this great movement.
However, W. Mark Sexton, a First
Christian Minister, should be given
more credit than any one living
person for its promotion and for
the development of its vast
program.

The following girls and board
members attended: Joy Baten,
Lynn Foxhall, LaQuita Baten,

Sarah Jo Foxhall, Paula Gentry,
Sue Gidden, Wanda Grice, Barbara
Hancock, Ginger Hancock, Neva
Sue Koeninger, Pamela Lindsey,
Kay Lynn Martin, Sarah Beth
Montgomery, Susan Mothershed,
Nancy Mothershed, Janice Pounds,
Sue Pounds, Mary Sue Scott, Carol
Smith, Jo Ann Stanley, Doris
Ward, Jimmie Ward, Jone Ward,
Marcene Stephens, Dawn Ann Yar-
brough, Betty Evans, Mrs. Beth
Lemons, Mr. and Mrs. W. R.
Scott, Mr. and Mrs. Harold Fox-
hall, Mr. and Mrs. Glynn Thomp-
son and Mr. and Mrs. Johnny Han-
cock. This was considered one
hundred per cent attendance as
Celia Leslie was out of town and
Kay Wines was ill and unable to
attend.

Mizpah Guild Meets in Hoover Home Monday

The Mizpah Guild of the Pres-
byterian Church held its regular
meeting April 4 in the home of
Mrs. Brode Hoover.

The meeting was called to or-
der by the president, Mrs. Ila Rob-
erts, and the opening meditation
entitled "Discouragement" was
given by Agnes Nelson.

Following the business session
the program "When Man is Right,
the World is Right" was presented
by Gladys Power.

During the social hour refresh-
ments were served to the follow-
ing members: Virginia Browder,
Glen Cosby, Emma Deaver, Ruth
Harrison, Elsie Hoover, Minnie
Kinslow, Wilma Leslie, Agnes Nel-
son, Mary Noel, Gladys Power,
Ila Roberts, Mildred Voyles, Pearle
Ward, Mozelle Wright, Virgie
Montgomery and one guest, Mrs.
J. B. Puckett of Sayre, Okla., and
hostess, Mrs. Hoover.

served to about 60 guests from
an attractive tea table with a
cream Maderia cut-work cloth
over yellow satin. The center bou-
quet was an arrangement of yel-
low jonquils, Forsythia and wedg-
wood iris. At each end of the table
were crystal candle holders with
yellow candles.

Always a phone at hand in a home that's Telephone-Planned!

State Capital NEWS

By Vern Sanford

Texas leads all other states in the building of new interstate highways since the beginning of the program four years ago.

To date, 562 miles have been completed in Texas, says State Highway Engineer DeWitt C. Greer, and 355 more miles are under construction. Cost so far: \$460,400,000.

Target for the State is to have 3,030 miles in this main, heavy-duty trunk system.

These roads, Greer points out, have built-in safety features and are three times as safe as ordinary highways.

Features that enable these roads to cut the traffic toll by one death a year for each 10 miles of length are:

1. Dividing of traffic to eliminate head-on collisions.
2. Grade separations to cut out intersection accidents.
3. Wide lanes with surfaced shoulders to provide ample room for passing.
4. Controlled access entrances and exits to ease cars on and off the highway.

But the super-roads are only a fraction of the program in the state with more miles of public

roads than any other in the country.

In the less elaborate divided highways not in the interstate system, Greer says the state now has 1,029 miles of divided highways, with a goal of at least 2,700 miles by 1975.

Most Texas mileage is in the farm-to-market system, now up to 30,156 miles.

NEW INDUSTRY SEEKING — Reorganized Texas Industrial Commission is setting out toward some tall goals with a short stick.

Commission, with a staff of one man plus a secretary, is after a Texas-sized share of new industries for the state. Its appropriation for the year is only \$23,750.

Other agencies of government have assisted, however, with research. Questionnaires already have been sent to Texas cities to build up a permanent file of data on potential sites.

NO WIDE OPEN SPACES — As Texas prairie gives way to subdivisions, more and more Texans are getting in each other's way.

Problems growing out of the population explosion and rapid urbanization of Texas were the subject of a two-day Austin confer-

ence for newspapermen, civic leaders and planners.

Texas newspapers were commended by Steve Matthews, executive director of the Texas Municipal League, for their efforts in keeping the reading public informed on complex and changing city problems.

Conferees pondered how to plan orderly, pleasant communities for the two million additional residents expected to be added to Texas cities in the next ten years. Also, how to correct the all-too-prevalent bane of "acres of hot asphalt and cold stone," congested streets and the "grotesque suburban sprawl."

ONE WORD MAKES DIFFERENCE — Because of a slip of the tongue or typewriter in Potter County, Court of Criminal Appeals dismissed appeals in three cases mistakenly addressed to the Court of Civil Appeal.

A court order from the district court in Amarillo said the defendants had given notice of appeal to the Court of Civil Appeals, Austin.

Since the cases were criminal cases — driving while intoxicated, contributing to the delinquency of a minor — the civil court could not handle them.

And since they were appealed to the civil court, the criminal court could not handle them.

TRINITY PERMIT GRANTED — After the longest and probably the most patience-straining hearing in State Water Board history,

Mrs. Randall Brice, Nee Barbara Winters, Is Honoree At Bridal Shower

The home of Mrs. Lee Brown was the scene of a lovely bridal shower on Tuesday evening, March 15, honoring Mrs. Randall Brice, nee Barbara Winters.

Guests who called during the receiving hours were greeted by Mrs. Lee Brown and presented to the receiving line composed of the honoree, her mother, Mrs. Alvin Winters and her grandmother, Mrs. Katie Mae Stone.

Guests were registered by Miss Barbara Widener.

The bride's chosen colors of red and white were featured in party decorations. The refreshment table was laid with a white linen cloth. Centering the table was a bridal arrangement of wedding bells, red carnations and greenery flanked by red candles in crystal holders.

Misses Shirley Reed and Linda

Sturdevant alternated at the punch service.

Miss Fredna Brown showed the lovely array of gifts which were on display in two rooms of the party suite.

Serving as hostesses were: Mmes F. A. Liner, Claude Hickey, T. O. Pounds, O. M. Perkins, Gene Corley, Richard Liner, Lee Brown, W. H. Reed, Lois McCulloch, W. A. Smithee, Joyce Webster, Charlie Weir, Linda Sturdevant, Shirley Reed, Barbara Widener, and Fredna Brown.

Dr. and Mrs. J. A. Odom plan to leave Saturday for Fort Worth where they will attend the state medical meeting. They plan to return to Memphis on Tuesday.

Virginia Chappell Chosen Candidate For Posture Queen

Virginia Chappel, daughter of Mrs. J. W. Chappel, was recently chosen Posture Queen Candidate on the Texas Woman's University campus. Candidates were elected by the students, subject to the approval of the Dean of Women.

A nominee must have a good grade average, and a good citizenship record. Virginia, one of thirty-nine girls chosen from the entire campus, was elected on the basis of gracefulness, poise, and correctness in walking, sitting, standing, ascending and descending stairs. In an impressive program in the ballroom of the Student Union Building the evening of March 12, the candidates modeled bathing

suits, school clothes, and afternoon dresses. The Posture Queen Contest was held in conjunction with campus Self-Development Week (March 12-19). Virginia is a freshman sociology major.

Travis PTA To Meet Thursday

The Travis Parent-Teachers Association will meet Thursday, April 7, at 2:30 p. m. in the Cafeteria.

The program theme will be "Meeting Community Challenges with United Effort." Representatives from Community youth programs and the City Council will make up the informative program.

Jack Holcomb and son, Jim, of Amarillo visited their mother and grandmother, Mrs. M. Holcomb last weekend.

"...the most significant engineering advance of 1960"

Motor Trend Magazine

Corvair named "CAR OF THE YEAR"

"Four-wheel independent suspension totally unlike any other U.S.-built car" . . . "air-cooled aluminum engine . . . not dependent on the properties of a liquid coolant" . . . a rear-mounted transaxle "allowing a flatter floor and a lower roofline. . . ." These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award.

Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue. But, unless you have personally driven a Corvair, you can't appreciate what this engineering achievement really means in combining compact car economy and agility with big for economical transportation car ride, room and sure-footedness. Drop down to your dealer's, take a trial drive and then judge the Car of the Year for yourself!

See your local authorized Chevrolet dealer for fast delivery, favorable deals!

Memphis, Texas

Phone CL 9-2641

Trinity River Authority and the City of Houston were granted permission to build a \$400,000,000 dam at Livingston.

Also authorized was a \$5,000,000 salt water barrier at nearby Wallisville.

Conclusion of the matter was a near-miracle of compromise and appeasement. Initially Houston alone had sought the permit with stiff opposition from the Trinity people. They got together and agreed on a joint project with a 70-30 split on costs and water use, with Houston taking the larger portion.

But when the hearing came before the Water Board, the San Jacinto River Authority, North Texas Municipal Water District and affected landowners protested.

SJRA dropped its opposition when Houston agreed to use Trinity water for industry only and to step up buying San Jacinto water for domestic use. Water Board order provided that the rights of upstream users in North Texas should not be cut into by the new dam. That left only the landowners to satisfy — probably in court. HOME HELD UP — Highly controversial \$100,000-plus home for the Sam Houston State College president will not be built unless the governor and legislative budget board give the green light.

Henry Sears, chairman of the board of regents for teachers' colleges, made this promise to the Senate cost of government committee. If budget board opinion follows that of many legislators' recent comments, it will take a dim view of the project.

Senators told Sears they were irked with the teachers' college board for what they regarded as a "complete breach of faith" and an apparent by-passing of legislative intent to keep a check-rein on college building programs.

TOURIST REVENUE FALLS — Texas had a \$100,000,000 slip in tourist spending between 1957 and 1959.

State Highway Department's 1959 Tourist Industry report shows: for 1957, 10,300,000 visitors, \$531,000,000 spent; for 1959, 9,600,000 visitors, \$431,000,000 spent.

Highway Commission Chairman Herbert C. Petry Jr. said competition for tourists is strenuous. He said he hoped new state advertising program, due to begin soon, would help to expand the crop.

CARD OF THANKS

We wish to express our thanks and appreciation to our many friends and neighbors for their kindness and kindly ministrations to us during the illness and at the time of the death of our loved one, and those who sent the beautiful floral offerings, cards and visits. We wish to thank Dr. Goodall and the entire nursing staff. It is our wish that when this same sadness comes to your home you will have God's richest blessings and the same kindness at the hands of your friends and neighbors.

Hall County Soil Conservation District News

did a good job as a cash crop throughout West and Southwestern Oklahoma. Here in the Hall County Conservation District, Ross who farms near Plaska, 35 acres of guar as a cash crop and says that guar promising crop to substitute in sorghums. There is a market for the seed. The price is approximately \$4 per bushel. Guar will yield from 300 to 800 pounds per acre on the average.

is a multi-purpose crop of importance that it serves as a conservation crop in an agricultural rotation is voiced by growers and cotton ginners where guar is now established and paying its way through yields of higher quality and more profit to farmers processors alike.

is not an expensive crop to plant and is adapted to all soils in Hall County Soil Conservation District. Guar grows from 3 to 4 feet high and produces beans all up the stalk. As well as being a cash crop, cover crop, manure crop it also offers the following benefits. It increases the water holding capacity of the soil, is drought resistant and thrives in hot weather. It requires no special equipment to plant, cultivate or harvest, it can be planted like grain and harvested with a combine, and guar reduces the effect of insect damage to cotton followed in.

may be planted from May 15 at a rate of 5 pounds per acre in a regular spaced row. It needs no special preparation other than what is prepared for cotton and milo. Since guar seed should be planted before planting for best

Acting Students At Estelline Receive Honors

Jo Beth Barnes, daughter of Mr. and Mrs. Ted Barnes of Estelline, was named best actress of this area for her portrayal of a girl in "This Night Shall Pass," the entry by Estelline High School.

Larry Braidfoot, son of Mr. and Mrs. L. D. Braidfoot of Estelline was named on the all-star cast.

The Estelline entry placed second in the Interscholastic League contest, being down by Happy High Schools "Fantasia".

Larry and Jo Beth were awarded certificates of merit in recognition of excellence in ability and achievement.

Mrs. Henry Scott returned home Sunday after a 10-day visit in Fort Worth and Wichita Falls. She visited in Wichita Falls with her daughters and their families, Mr. and Mrs. C. E. Tension and Robert and Mrs. D. Jack Battle and Tana, and in Fort Worth with her sister and brother and other relatives.

City Council

(Continued on Page Ten)

council, the election results were canvassed and the election orders read.

Fire Chief Red Ward thanked the council for the city's aid in repairing the lounge and dormitory room for the firemen. The room has been remodeled. Mayor H. J. Howell thanked the firemen for the work they had done on the room.

Aldermen discussed the street problems, and the traffic problems in Memphis. Also, the regular monthly bills were read and approved. Alderman Eddie Foxhall discussed Boykin Memorial with the council.

City Attorney's Opinion
City Secretary Dwight Kinard read City Attorney Sam Hamilton's opinion on the petition presented to the council last month.

The questions the council asked Attorney Hamilton to answer were: 1. Can the council zone just one section or addition without any regulations or restrictions as to other sections of town; and, 2. Can the council restrict the nature, type and kind of structure as to provide a minimum cost-value of such structure; or restrict the improvements to new structures altogether and prohibit the moving in of previously constructed or partially constructed

LAKEVIEW QUEEN — Pictured above is Miss Kay Barclay, daughter of Mr. and Mrs. W. W. Barclay of Lakeview, who was elected Queen of the Lakeview Lions Club. She will represent the club in the Queen Contest at the Lions 2T-1 District Convention in Borger April 22-24.

HEDLEY LIONS QUEEN — Pictured above is Susan Cox who will represent the Hedley Lions Club in the District 2T-1 Lions Club Queen contest to be held in Borger April 22. She is 16 and the daughter of Dr. and Mrs. D. H. Cox of Hedley. Susan is a sophomore in Hedley High School.

Temperature Hits 93-Degree Mark

Area residents sweltered under a blazing sun which drove the temperature up to 93 degrees yesterday, it was reported this morning by J. J. McMickin, official weather observer.

Temperatures the past week include: Thursday morning 48; Wednesday, 93-50; Tuesday, 81-48; Monday, 78-34; Sunday, 72-30; Saturday, 65-49; Friday, 60-48; and Thursday high was 89 degrees.

Bill Morgan

for Food and Agriculture on the Marshall Plan staff in Paris.

Morgan is now completing his eleventh year as president of the Colorado State University at Fort Collins, Colo.

Tickets to the banquet will be \$2.00 per plate. Reservations can be obtained by contacting Senior class sponsors Belle Shults, or Don Lambert, or any member of the following Senior ticket selling committee: Wilma Martin, Gene Newton, Swayne McCauley, Brenda Duncan, or Tomie Tucker.

The senior class of 1960 is in charge of serving and preparing the food with the help of the mothers and class sponsors. The class is sponsoring the annual banquet as has been the practice in the past.

Students Qualify

will go to region again this year. They won first place.

Perry Wright placed third in the senior boys' singles. He will serve as an alternate for the boys' doubles at region.

In junior high competition, Bill Pounds won first in boys' singles, and Sue Gidden won third in the girls' singles.

In grade competition, Ronnie Pate won first in boys' singles, Johnny Foster and R. B. Spruill won second in boys' doubles.

Coach Martin said that it was beautiful tennis weather in Clarendon, and the team brought home three cans of tennis balls as first place prizes.

Golf Team To Region
The MHS golf team, being the only entry in this district, will represent the district in regional competition at Lubbock.

The team will be host to the Tullia golfers Saturday at the local Country Club course. The high school team dropped their match to Quannah yesterday and the junior high team won.

Two Local Teams Win Lakeview Volleyball Meet

The local "Memphis Fina Girls" took first place in the Lakeview Volleyball Tournament last weekend in games played in the Lakeview gymnasium.

The local team will compete in the Lelia Lake volleyball tournament beginning tonight (Thursday) and continue through Saturday.

The team won their first game Thursday night against the Security State Bank team from Hedley, and in Friday night's play they defeated the Lelia Lake women. Saturday night the team won their first game against the Hedley girls, and defeated the Lakeview Seniors in their second match.

The Lakeview Senior girls took second place, and the Security

State Bank team placed third. Winners in the men's bracket of the volleyball tournament were the local boys, sponsored by the 287 Cafe, first; and the Hedley boys, second.

Members of the local girls team are: Jean Baten, June Glosion, Helen Cole, Barbara Widener, Shirley Reed, Priscilla Wright, JoAnn Widener and Tribby Townsend.

New Trap To Be In Use At Match Sunday Afternoon

Members of the Memphis Rifle and Pistol Club will hold a trapshoot Sunday, April 9, according to C. T. Snowden, president.

The shoot will be open to everyone, members and non-members alike, who will be firing over the regulation course. Prizes will be given to winners of each contest.

The club recently purchased a new trap, which will be in action

Sunday if plans materialize, president added. This new layout is under construction. Future tournaments, shooters will have the opportunity of firing from either of two layouts.

The range is located on Memphis airport, about one mile northeast of the city.

Hard of Hearing Now Benefit from Scientific Study of Human Eardrum!

An entirely new hearing concept, known as "Tympano Technique," now enables thousands of people who suffer hearing loss to hear clearly and distinctly again with NOTHING IN EITHER EAR!

No ear plugs, tubes or wires are needed. The patented hearing invention is as inconspicuous as a pair of glasses—and as quick and easy to put on and take off. Good hearing results the instant it touches the head. Sound vibrations pass through the mastoid process, by passing the defective portion of the ear, and go directly to the healthy inner ear and Auditory Nerve. Patented "Tympano Technique" is the result of 25 years of study of the human eardrum, plus advanced electronic engineering.

ments to find out how new "Tympano Technique" now makes it possible for thousands of people formerly called "deaf," to enjoy normal family, business, religious and social life. You can use it from morning 'til night—or whenever you wish. Developed by Listener Laboratories, originator of hearing glasses, this new Listener may be carried in pocket or purse and put on or removed instantly—without fear of being stared at. Works the instant it touches the head. No one need know you are using it unless you tell them.
