J. W. Vallance To Celebrate Fortieth Year In Grocery Store Business Here

J. W. Vallance this week is celebrating his fortieth anniversary in the grocery business. Highlighting the celebration will be a store-wide selling event at Vallance Food Store here. J. W. and son, Herman Vallance, who now own and operate the store, have recently been expanding the building and market facilities.

The elder Vallance started in the grocery business in 1919 when he and his brother, J. H. Vallance, purchased the store at Plaska from D. S. Peden. The two men operated this business as partners until December, 1924, when Mr. Vallance purchased the Walker Bros. Grocery in Memphis. J. W. operated the Memphis store, and J. H. became owner and operator of the store at Plaska.

In June of 1925, Mr. Vallance changed the store's name and manner of merchandising. At that time it became known as the "M" System Store. The grocery operated in the location on the north side of the square until January, 1933, when it was moved to the Whaley Building, on the east side of the square.

Herman Vallance became asso-

ciated with his father in the operation of the two stores they now own in 1946, following his discharge from the U. S. Air Force.

They completed construction of their new Memphis store building in 1948, in which it has been operated from that date to the present. It is located on the southeast corner of the square. At that time the name was changed to Vallance Food Stores.

Recently this building was enlarged to cover the entire two lots, which makes it 140 feet long and 50 feet wide.

The first store Mr. Vallance owned in Clarendon was the one he established there in 1926. Three years ago, they built a new building, located on Highway 287 in the west part of Clarendon, and began operating a super market at this location.

Seven Hall County 4-Hers Attend Dist. Encampment

Seven Hall County 4-H Club boys and girls returned this past weekend from the Joint District 4-H Leadership Encampment held June 15, 16 and 17 at Buffalo Gap, near Abilene.

County Agent W. B. Hooser and Mrs. Glenn Bruce accompanied the four boys and three girls on the trip. Boys attending were Carl Houston, Perry Ray Thomas, and Larry Moore of Memphis and Johnny Fuston of Turkey.

Girls attending were Bobby Lacy of Turkey, Glenda Bruce and Elmonette Branigan of Memphis.

The quota for each county was three boys and three girls; however Hall County was allowed to bring another boy because Johnny Fuston was camp treasurer.

Registration at the 4-H Leadership Training Camp for District 3 was held June 15 from 10 to 11 a. m. Following the registration, the camp was organized and work groups studied entomology, safety, plant life, and wild life. Those attending enjoyed swimming and other activities.

Skits, stunts, and group and special singing numbers were held throughout the camp.

At the general assembly, on June 17, Johnny Fuston presided over the 45-minute program.

The Hall County 4-Hers were broken down into two work groups. These groups were assigned these activities: safety, entomology, plant life, 4-H records and leaders, wild life, recreation, foods, swimming and vespers.

Hall County Teachers to Attend WTSC Conference

Five Hall County teachers are planning to attend the one-day conference on Improving Instruction for the Gifted, sponsored by the West Texas State College, on June 27, in Canyon.

Attending the meeting will be Mrs. Roy Guthrie, head of the English department in Memphis High School; Miss Bonnie Willis, supervisor for county schools; Mrs. Homer Tribble, librarian for county schools; Mrs. Lorean Hart, English teacher in Turkey High School; and Mrs. Jess Whittington, Lakeview teacher.

Registration will be held in the foyer of the Fine Arts Building from 8 to 10 a. m. At 9 a. m. planning sessions for group leaders will take place in Room 101A of the Education Building.

Dr. James P. Cornette, president of WTSC, will welcome the group at 10 a. m. Dr. L. V. McNamee, assistant superintendent of schools, Waco, will speak on "Challenging the Gifted."

A luncheon will be featured at the noon hour in the West Side of College Cafeteria. Dr. Thomas MacOwan will preside and the address will be given by Dr. Claude E. Boatman, professor of chemistry, WTSC. He will speak on "Science Instruction for the Gifted."

From 2 until 4 p. m. clinics will be featured.

Delegation From Hall County, Cities Deliver Disaster Relief Request Thurs.

PROUD RANGER — Pictured above is Texas Ranger J. P. Lynch of Memphis with the trophies he and his team won at the Texas Department of Public Safety Defensive Pistol match last Thursday. In his hand is the 357 Colt Python revolver he won for being the state's top shooter on three courses. The trophy on the left is also part of the prize for the best total score shooter. The trophy on the right is given to the pistol team which has the best total score. Ranger Lynch was the captain of the Lubbock Division team which won the event.

Ranger J. P. Lynch Is State's Top Pistol Shot

Texas Ranger J. P. Lynch of Memphis returned home last weekend with the honor of the Texas Department of Public Safety's top shooter. This is the second time Ranger Lynch has won this honor.

He won the honor Thursday, June 16, at Zilder Park Pistol Range in Austin when he fired the top total score in the Second Annual Department of Public Safety Defensive Revolver Match.

The five events of the competition include slow fire, timed fire, and rapid fire; total of these three, and team match total.

Ranger Lynch fired a 197 out of a possible 200 on the slow fire

range, 190 on the timed fire range and 184 on the rapid fire range, to give him a total score of 571, which was two points higher than the second place winner.

He explained that he didn't win any of the three matches, however, his total was good enough to let him keep the total aggregate trophy which he won last year. The trophy is a floating one.

A 357 Colt Python was also presented to him by the Colt Firearms Co. as an added prize, which went to the top shooter. The Colt company will also present a plaque to Ranger Lynch as soon as it is engraved. The revolver has a six-inch barrel and fires a .357 magnum cartridge. Lynch explained that it is the highest priced pistol which the company manufactures.

"I went to the matches this year with only one hope in mind, and that was to win the pistol," Ranger Lynch said.

Also, the four-man pistol team, which Ranger Lynch is the captain, won the team competition. The team is composed of five men, four team members and an alternate, from the Lubbock Division. The team captain said he will take the team trophy to Lubbock where it will be kept until next year.

In last year's competition, Ranger Lynch fired a total score of 584, which was 13 points better than his score this year. In the 1959 shoot he won all the trophies offered.

Lynch explained that the contest is open to all commissioned members of the department, which includes the Rangers, the narcotic section, the intelligence section, the Highway Patrol, the license and weight section, and the motor vehicle inspection section. He added that the 30 men who competed were the top five shooters from each of the divisions of the state. Each division held qualifying competition.

Floods Uncover Ancient Bones In Parker Creek

A giant tooth and a section of leg bone from some kind of prehistoric animal were discovered Saturday by young Dan Davis of Turkey. The ancient pieces were found on Parker Creek, approximately one-quarter of a mile above the City Park Bridge, at a point where flood waters had caused much caving of the banks.

The tooth and jawbone fragment measured 13 inches, and was about five inches across. The leg bone averaged about seven inches in diameter and was three feet long. The tooth portion had deteriorated very little.

The two ancient pieces of a skeleton were being displayed Saturday by Dan and his grandfather, Judge Tracy Davis. The youngster is the son of Mr. and Mrs. Laverna Mullin of Turkey.

121,300 Bushels of Wheat Are Harvested In County's '60 Crop

As far as figures can be compiled, there has been 121,300 bushels of wheat delivered to the three grain companies in the county so far.

This is slightly below the 150,000 bushels estimated by the ASC office three weeks ago. However, the heavy rains and hail cut yields as much as 50 to 75 per cent in some fields, it was reported.

Highest yields over the county were reported as 35 bushels per acre from some fields. However, these yields are spotted. Overall averaged yields were between 10 and 20 bushels per acre.

Harvest of the wheat is from 75 to 80 per cent completed on this side of the river, and 90-95 per cent on the south side. In an area south of Turkey, yields of 30-35 bushels per acre were recorded; however, in the immediate area around Turkey fields yielded from 6 to 20 bushels, depending on how much they were damaged by rain and hail.

The quality of the grain was very good for that which was cut prior to the rains; however, the quality was damaged by the two weeks of wet weather.

The county had 8,183.3 acres planted in wheat, according to a report from Lynn McKown, manager of the Agricultural Soil Con-

Ask For \$429,000 To Repair Roads And City Streets

A delegation from this county was in Austin last Thursday to deliver the Hall County, City of Memphis, and City of Lakeview request for Disaster Relief funds to the State Defense and Disaster Relief Committee.

The delegation carried a request for a total of \$429,000 for the county and the two towns. This is broken down into \$230,000 for Precinct No. 2, \$139,000 for Precinct No. 1, \$12,000 for City of Lakeview, and \$48,000 for the City of Memphis.

After the delegation presented the request to the office of the state co-ordinator, James Garner, they drove to Denton to present their plea at the federal office of Defense and Disaster Relief.

There they met with Welcome Wilson, federal administrator of Southwestern division, and with Mr. Warren, assistant administrator for the office.

They were informed that a federal engineer will arrive in the county later this week to survey the damage for that office.

Those making the trip to Austin and Denton were Mayor H. J. Howell, O. E. Bevers, and Paul Spillman, advisor for the towns and county.

A report Wednesday from the office of Lynn McKown, indicated that the Hall County Agriculture request for \$400,000 would go before the state committee for approval or rejection. This request was made to repair dams and terraces on county farms. No word had been received at press time regarding the state committee's action.

Girl Scout Day Camp To Be Held June 27 To July 1

A Girl Scout Day Camp will be held here from June 27 through July 1. Mrs. Brode Hoover, camp director, announced this week. The camp will be held at the Giles Picnic grounds, north of Memphis on the Lowell Houston Ranch.

The camp will begin at 8:30 a. m. and girls will return home at 3:30 p. m. each day. Forty-three girls have registered for the camp, Mrs. Hoover said.

Other than the camp director, the personnel will consist of a camp nurse, Mrs. W. H. Goodnight, Jr.; a business manager, Mrs. Elmont Branigan; Mmes. C. T. Snowdon, W. R. Scott, Y. Z. Taylor, W. E. Shepherd, Jr., and Les Sims, volunteer workers.

All girls are requested to bring sack lunches on Monday, Tuesday and Friday. Wednesday will be the day of a cook-out, and Thursday is visitation day with camp beginning at 2 p. m. and visitation beginning at 5:30 p. m.

The girls will leave from the Carnegie Library Park at 8:30 a. m. and return from camp at 3 p. m. each day with the exception of Wednesday.

CEILING DAMAGE — Pictured above is part of the ceiling of the Memphis Frozen Food Locker which was damaged by fire Sunday afternoon. Firemen spent an hour battling the blaze.

Fire Damages Memphis Frozen Food Locker Here Sunday Afternoon

Memphis volunteer firemen battled a blaze for an hour Sunday afternoon at the Memphis Frozen Food Locker. The fire damaged the ceiling and portions of the wooden walls of the brick building.

The firemen were summoned about 3:30 p. m. to put out the fire, which had burned into rafters. Fire Marshal Guy Wright said that the fire was caused by an electrical short-circuit in the compressor, located in the southeast corner near the locker boxes.

Most of the building was damaged by smoke and water. The building is owned by Ansil Adamson of Hedley.

The meat, which was being stored there, was removed Sunday night, part being taken to Hedley, and the rest being taken by different individuals.

Firemen, after cutting off most of the sheetrock, were able to extinguish the blaze by about 4:30 Sunday. However, the fire department kept a truck at the site until 5:30, Wright said.

MRS. RODNEY HARGROVE

Nuptial Vows Solemnized in Hedley For Brenda White and Rodney Hargrove

Nuptial vows were solemnized David Peters of Wellington. Two at six o'clock Saturday evening, June 11, in the First Baptist Church in Hedley for Miss Brenda White of Memphis and Rodney Allen Hargrove of Childress.

The bride is the daughter of Mrs. Ocie White of Memphis and the late Mr. White, while the bridegroom's parents are Mr. and Mrs. Frank Hargrove of Jacksonville, Ark., and his grandparents, with whom he made his home are Mr. and Mrs. W. W. Wiggins of Hedley.

Alfred White, minister of the Church of Christ at Bovina and a cousin of the bride, performed the double ring ceremony.

Wedding selections were sung a capella by a quartet composed of Mrs. Les White, Mrs. Bill Tartar, Mrs. C. E. Killingsworth and Mrs. Miss Betty Moseley and Miss La-

Rita Paterson. They wore identical dresses of sheer pink designed with high midriff, scoop necklines and full street-length skirts of unpressed pleats. Their coronets of lace medallions held nose-length veils and they carried pink carnations on lace and satin fans.

Billy Wiggins of Hedley, cousin of the bridegroom, was best man. Ushers were Billy Fred Maddox, Pearlie Butler and Bobby Roland of Hedley.

Immediately following the wedding a reception was held in the fellowship hall of the church. The bride's table was covered with a white linen cut-work cloth and centered with bride's bouquet and candles in crystal holders.

Miss Wilson and Miss Tabitha Saunders of Hedley served the guests.

As the couple left on a short wedding trip, the bride chose for traveling a dress of pink cotton and eyelet with pink and white accessories. Her corsage was the orchid from her bridal bouquet.

The bride attended Quail school until mid-term, when she enrolled in the Memphis schools. She will continue her studies in Childress High School. In Quail she was a member of the chorus and basketball team. She was active in Future Homemaking Chapter and was Area I PHA song leader.

Mr. Hargrove was graduated from Hedley high school, where he was an outstanding athlete, and attended Clarendon Junior College. He is now employed by Lone Star Gas Company, and the couple will make their home in Childress.

Mr. and Mrs. Buren Carr of Denver, Colo., visited here Monday with Mr. and Mrs. C. S. Compton. The Carrs are former Memphis residents having taught here in the local schools a number of years ago.

Report From Washington

By **WALTER ROGERS**
Representative, 18th
Congressional District

Payola
The House Commerce Committee, after months of sifting through some disheartening abuses in the radio-television industry, has reported legislation designed to eliminate payola, rigged programs, and so forth. Although the Committee's proposed amendments to the Communications Act provides fines and jail terms for those who accept payola or participate in rigged programs, the legislation does not include provisions for the licensing of national networks. This, in my mind, is fortunate, for I do not believe that federal control necessarily needs to be further extended in this area. But I do feel that the radio and television media need to be provided with a clearer outline of their responsibilities to the people, and there is reason to believe that the proposed amendments will be of some help in this regard. Broadcasting stations are public utilities, similar to a bus line or a telephone company. These utilities are expected to make a fair profit, but not at the expense of the general good of everyone. For example, you expect the electric power companies to provide alternating current, upon which almost all American equipment operates. It would be an abuse for such a power company to begin producing direct current when no other electricity is available. And it would be a deception for a company to deliver direct current when the people expect alternating current. This, in essence, is what had occurred in a part of the radio-television industry. As these media mature, I believe their role in our society will become sharper and more generally understood. And I think the Congress can help by sketching—not the exact steps—but at least the general direction which should be taken.

The Asian Trip

The Japanese government has withdrawn an invitation asking the President to visit there this week. This news, of course, followed several weeks of rioting and demonstrations perpetuated by left-wing elements opposed to the bilateral defense treaty and the pro-Western policy followed by the Kishi government. Whatever the motive or impetus, it is all clear that unrest in Japan generally and repudiation of the treaty specifically would be advantageous to the Kremlin. But it would not only be an advantage for world communism. A failure of the treaty or mob rule in the Japanese Islands would be a positive disadvantage to United States foreign policy. Our position in Asia, and the position of the free world, is precarious at best. The stark, grim, and fanatical figure of Red China casts its greedy eye across that vast crescent running from China to India, and it would be foolish to suppose that Japan has escaped communist dreams of control in the area. It might be totally unnecessary for our President to subject himself to a Tokyo street mob in the first place if whoever has control of our foreign policy moves to regain the initiative from communist maneuvering. We can only hope that it is not too late, for the free world's entire defense perimeter is in danger.

Washington Vote

A proposed constitutional amendment permitting people in the District of Columbia to vote for President and Vice President has passed the House of Representatives. The measure now proceeds to the Senate, and if approved there then must be accepted by three-fourth of the state legislatures. This proposal has a connection with home rule measures, in that it is a foot in the door. Established as the seat of our federal government, the District is Constitutionally prevented from participation in the election of a Chief Executive. The Chief Executive is supposed to be elected by the several States. The District of Columbia is the Federal District, not a State.

Adjournment

As the Congress pushes toward adjournment before the national nominating conventions get underway next month, the usual fears are voiced that a number of things may be left undone. Since there are so many curious fixations about "getting things done," the drive to adjournment is always a harrowing time. So-called "must" legislation, much of it designed to further the influence of the federal government in many areas, is pressed with a frenzy of activity. Those of us who are not so certain that this giveaway or that program is really a "must" always are little wary than ever of this time. And there is no indication that the situation will be any different as the deadline date draws nearer.

Kenneth Casteel Volunteers For Service In Army

Kenneth Casteel, son of Mr. and Mrs. Coone Casteel, volunteered for service in the U. S. Army. The local Army Recruiter, Sergeant Lewallen, states that Kenneth plans to take advantage of the educational opportunities the Army has to offer.

The recruiter said that Kenneth will return, on furlough, in August.

Kenneth and his parents resided in Lakeview until last January, when they moved to Clarendon. "Kenneth's foresight and patriotism are praiseworthy and our best wishes are with him during his tour of service for our country," the recruiter concluded.

Mrs. Allen Grundy Listed on WTSC Dean's Honor Roll

Mrs. Allen Grundy, Memphis senior, has been listed as one of the six students in the undergraduate level to have all "A's" for the spring semester at West Texas State College, according to Dr. Walter H. Juniper, dean of the college.

Mrs. Grundy has been placed on the Dean's Honor Roll composed of the top five per cent of the entire undergraduate student body. She is a history major.

Mrs. Durwood Henderson of Canyon visited with her parents, Mr. and Mrs. Claude Hickey over the weekend.

Jerry Burnett Is Assigned To West Team at Greenbelt Classic, August 13

Jerry Burnett, MHS 1960 graduate, has been selected to be one of the four ends for the West Team at the Greenbelt Bowl football classic at Childress, Aug. 13. It was announced this week by Vernon Eubanks, chairman of the selection committee.

Sondra Stargel, daughter of Mr. and Mrs. Cecil Stargel, will represent Memphis in the Greenbelt Queen Contest, and Priscilla Wright, daughter of Mr. and Mrs. Guy Wright, will be one of the cheerleaders. Priscilla served as high school cheerleader for three years, and "B" squad cheerleader her freshman year.

More than a hundred towns submitted players for consideration, and the task of matching and cross-matching the players became a very difficult task, Eubanks said. The committee has to select the same number of boys to play to each team from each classification of schoolboy football played in the two states.

Burnett is listed on the roster as being 17 years old, 165, 6 ft., and selected on the All-District team and the All-Regional team.

The limited time that the teams have to practice makes it imperative that they be as evenly matched as possible before they report for practice. Selected players will be expected to report on Monday morning and they will draw their uniforms and equipment and report to the coaches to have their pictures made for the souvenir program. They will start two-day workouts on Tuesday morning.

The two teams will be coached

S. E. Lanes To Attend Assembly In Fort Worth

Mr. and Mrs. S. E. Lane of 507 N. 8th, Memphis, will attend a four-day "Peace Pursuing District Assembly" for Jehovah's Witnesses at the Will Rogers Memorial Coliseum in Fort Worth June 23-26.

The four-day assembly in Fort Worth reaches its climax on Sunday when F. W. Franz, vice president of the Watchtower Society, traveler and lecturer, will deliver the main talk on "Security During the War of the Great Day of God and the Almighty."

Hall County Soil Conservation District News

During the heavy rains of last week, most of the farm and ranch ponds in the Hall County Soil Conservation District were filled to overflowing or almost so.

Several cooperators of the District have already been requesting information on stocking ponds with fish. Some want information on management of old ponds for increased production of fish.

A pond that is to be stocked should be large enough and deep enough to be considered permanent water. Two to three surface acres is a good size pond and they should have about one-third of area over 12 feet deep.

If an old pond is to be stocked, it should have the present population of stunted and rough fish killed out. This can be done by using rotenone to kill out these fish. Three pounds of 5 per cent rotenone per surface acre will do the job. The pond should not be restocked for at least three weeks after the application of the rotenone.

Fish for stocking ponds can be obtained from the U. S. Fish and Wildlife Service or from the Texas Game and Fish Commission. Also it is possible to get fish from private fish hatcheries. The application forms for these fish can be obtained from the local game warden, county agent, or Soil Conservation Service office.

Kinds of fish that are available for stocking farm and ranch ponds are largemouth black bass, crappie, bluegill sunfish, redear sunfish, and channel catfish. Suggested combinations and numbers of fish for fertilized ponds are:

- (a) 100 channel catfish per surface acre; 100 redear sunfish per surface acre.
- (b) 100 channel catfish per surface acre.
- (c) 100 black bass per surface acre; 100 redear sunfish per surface acre.
- (d) 200 black bass per surface acre.
- (e) 100 black bass per surface acre; 100 redear sunfish per surface acre; 75 channel catfish per surface acre.

Other combinations and other

COOL—Smart styling plus coolness and comfort characterize this cotton mesh pull-over with its striped inset and tiny decorative emblem. A Beautit Mills fabric is used in the shirt by Garan Sportswear.

fish may be used.

A pond can easily become overstocked with fish. The thing to do after a pond has been properly stocked is to fertilize it. A properly fertilized pond will support 300 to 500 pounds of fish per surface acre. Fertilizers that can be used are commercial fertilizers, cottonseed meal, barnyard manure, or poultry droppings. The same commercial fertilizers that are used on the cropland in an area can be used in ponds. Around 300 pounds of fertilizer per surface acre per year is usually sufficient. Put one-half of the fertilizer on in one application in March or April, then divide the rest of the fertilizer into three applications, about 30 days apart.

Your game warden, county agent, or Soil Conservation Service technicians can give you further information on stocking your pond and fertilizing it, and also information on other management practices such as clearing up muddy water and aquatic weed control.

Parents To Attend Special Programs At Camp Kiowah

The Adobe Walls Council Camp Kiowah, located near Lake Marvin, will have special camp programs for parents and campers each Friday night for the next five weeks. This announcement was made Tuesday by Jay Lee Scout executive.

The campfire program will start at 8 p. m. each Friday night and will be conducted by the Kiowah Campers Association, "The Order of the Arrow."

Arrowmen will stage a spectacular fire lighting opening, including dancing, legend, tap-out ceremony, where candidates elect by their troop as an outstanding camper or leader are recognized as future members of the Order of the Arrow.

The public is invited to attend the Camp on Friday nights and attend the campfire program. Leath added. These campfires formerly were conducted on Thursday nights.

County Residents Give No Opposition To Hunting Change

Game Warden Walter Hicks announced this week that following the meetings on proposed hunting, fishing, and trapping regulations, the four listed below were approved in the county.

1. Provide two weekends deer and turkey hunting by extending season from Nov. 16 to Nov. 27, both dates inclusive.
2. Return to quail bag limit 12 with possession limit 36 at one time, and not more than in any one week.
3. Change dates on pheasant season to Dec. 10-11 and Dec. 18. Open season above dates Dallam, Sherman, Moore, and O'ham Counties.
4. Antelope season Oct. 14-16 in Dallam, Hartley, O'ham, Moore Counties. Season dates Roberts, Hutchinson and Potter Counties to be Oct. 18-20.

The meeting was held here June 15 to discuss these proposed changes, Hicks said, and no one gave any opposition to them.

David Duncan Wins Winner At Writers Meeting

David Duncan won honorable mention in the West Texas Writers Conference with his essay entitled "Forty Days and Forty Nights." More than 100 residents participated throughout the area entering the contest.

Winners were named at a banquet Friday evening, June 17, in the Blue Room of the Student Union Building in Canyon. The contest featured three divisions, Fiction and Essays.

Duncan, a graduate of the local school, is the son of Mr. and Mrs. Robert Duncan. He recently returned to Memphis after serving two years with the U. S. Army, and is presently operating Old Fashion Freeze.

He is a graduate of Clarendon College and plans to enroll at West Texas State College in the fall semester.

Winners in the poetry division were John S. Gibson, Jr., of Lubbock, first; Erma Altman, Amarillo, second; and Bonnie Scott, Amarillo, third.

Fiction writing honors went to Cheryl Morris, Canyon, first; and Ricks, Canyon, second.

In the essay division, Edith Woodward of Amarillo won first

Mrs. J. R. Mitchell Hurt in Power Mower Accident

Mrs. J. R. Mitchell lost the index finger on her right hand and two other fingers were severely cut and bruised in a power mower accident at her home Friday morning.

Mrs. Mitchell was mowing the lawn when the accident occurred. She was trying to remove a twig from the mower when her hand was pulled into the blades.

Mrs. Mitchell was rushed to a local hospital by her daughter, Jan. She is recovering nicely.

ESN. HAROLD ASPGREN

Harold Aspgren Serving Aboard USS Saint Paul

Ensign Harold R. Aspgren is now serving on the staff of Vice Admiral Charles D. Griffin, commander of the Seventh Fleet, aboard the heavy cruiser U. S. S. Saint Paul, based in Japan.

Ensign Aspgren was commissioned during graduation ceremonies at U. S. Naval School, Officer Candidate, Newport, Rhode Island on April 8, 1959, after completion of a 16-week course. He is the son of Mr. and Mrs. Harry Aspgren.

Following a 10-day leave here, he reported to Fleet Training Center, U. S. Naval Station, in San Diego, for three weeks training and left San Francisco on May 24 for Yokosuka, Japan, base with headquarters for the Seventh Fleet.

Aspgren graduated from Memphis High School with the class of 1955, and attended Texas Christian University in Fort Worth, where he graduated with a bachelor of science in commerce degree in June, 1959. He served as vice president of the Accountant's Society and was selected for "Who's Who Among Students in American Colleges and Universities" while attending TCU. He is a Kappa Sigma, national social fraternity and Alpha Chi, honorary society.

Following graduation from TCU Aspgren was employed by the firm of Arthur Anderson & Co., accountants and auditors, in Denver, Colo., where he remained until he left to report to the U. S. Naval School in Nov., of 1959.

The USS St. Paul figures prominently in news of the day, being the ship which President Eisenhower boarded in Manila for his voyage to Taipei, Formosa. It is the flagship of the Seventh Fleet.

Locals and Personals

Mr. and Mrs. Phaeton Alexander visited in Quanah with their daughter, Mrs. Andy Gardenhire, and family over the weekend. Dana and Shella Gardenhire returned home after a week's visit with their grandparents, Mr. and Mrs. Alexander.

Jimmy Hill left Monday for Boulder, Colo. where he will attend summer school at the University of Colorado. His mother, Mrs. Omer Hill, accompanied him to Las Vegas, N. M., where she visited with her sister, Mrs. Don Biggerstaff. Mrs. Biggerstaff returned home with Mrs. Hill on Wednesday for a visit here.

Mrs. C. R. Lewis and Sherry and Ray Neil of Lakeview visited in Lubbock last week with her mother, Mrs. J. H. Atchley. Also visiting in the Atchley home was Mrs. Lewis' sister, Mrs. E. O. Taunton and son Chris of Osaka, Japan. The Tauntons have lived in Japan for 12 years where Mr. Taunton serves as the foreign representative for the McFaden Cotton Co., of Memphis, Tenn. A former teacher in the Lakeview school, Mrs. Taunton will be remembered by friends here as Miss Frieda Atchley.

Mrs. J. S. Alexander returned last Thursday from a vacation trip. While gone she visited with

her daughter, Mrs. Dick Ferrell in Casper, Wyo., in Muleshoe with another daughter, Mrs. J. W. Thompson and family, in Lubbock with her daughter-in-law, Mrs. Jim Alexander and daughter and with Bill Cooper in Lajara, Colo.

Mr. and Mrs. Adrian Combs enjoyed vacationing in Red River and other points in New Mexico last week.

Mrs. R. E. Clark and two Dallas friends left last week for a vacation in California.

Freddie Starr Johnson, Pat Goodnight and Oleta Hawthorne left Saturday for a two-weeks vacation in Cheyenne, Wyo.

Electric Kitchen

Symbol of Modern Living

The touch-of-a-button magic of an electric kitchen brings the whole world of tomorrow to today's homemaker. The modern electric food preparation center is a decorator-designed dream of beauty, comfort and convenience. Here's why...

CLEAN In your electric kitchen everything stays sparkling clean. Walls, ceilings, curtains, pots and pans testify to the fact that your electric range gives efficient, controlled heat without the dingy by-products of flame-type cooking.

COOL Electric heat is transmitted directly to the pots and pans, and not out into the room. Your kitchen stays cool and comfortable... and so do you!

CONVENIENT .. Push a button or twist a dial for automatic, carefree cooking, clothes washing and drying, dish cleaning and garbage disposing. It's as simple as that!

ECONOMICAL .. Costs less than 3¢ to cook an average meal electrically in this area. And, a penny's worth of electricity does an equally big job in washing and drying your clothes, preserving your food, parking your coffee, toasting your bread, or disposing of your garbage.

SAFE Enjoy odorless, flameless security in your electric kitchen. Breezes can't blow out this heat. And, you can safeguard youngsters by throwing away the matches forever!

SURE In your electric kitchen you know the heat will remain constant; you know it will be the same tomorrow and the next day; you know it is the proper temperature for each dish you prepare; you know all this because you know you can depend on electricity!

Commissioners Want Full Parity Income

Southern Commissioners of Agriculture have emphatically called for full parity income for American farmers. This action came about recently when the 14 commissioners held their 1960 meeting in San Antonio, and adopted several resolutions dealing with the farmers' problems.

The resolution urgently requested the National Congress to enact legislation which would enable the farmer to achieve 100 per cent parity income. It was emphasized that "in past several years net farm income has shown a rapid decline from \$15 billion to \$11.5 billion, and farm mortgage indebtedness has increased from \$7 billion to \$11 billion, and farmers are not receiving their share of the national wealth."

The Southern farm leaders also made it clear that, in their opinion, "present farm programs are obviously inadequate to meet farm needs."

The resolution was sent to Rep. Chester A. Bowles, who is chairman of the platform committee for the 1960 Democratic National Convention, which meets July 11 in Los Angeles, Calif. Also receiving it was Sen. Lyndon Johnson, and other national leaders who had expressed interest in getting a full report from the commissioners.

The sentiment expressed at the San Antonio convention will be approved by the vast majority of this nation's farmers. But the school of thought, as propounded by Secretary of Agriculture Benson, will continue the pressure to keep lowering parity for those engaged in agriculture. The declining profits from farming should be recognized for what they are, and the two major parties, along with Congress, should begin to place more emphasis on this problem.

Stone houses over 500 years old in Texas? Yep, in our Texas Panhandle. Nope they don't build 'em like they used to any more. These were built by the Pueblo Indians and were discovered in 1907. You can see them today just 18 miles south-east of Perryton.

A life-sized statue of Popeye, the sailorman of newspaper cartoon fame, stands at Crystal City, south of Uvalde, in Southwest Texas.

Why is it there? You guessed it. Crystal City is the spinach capital of the world.

Not only is there more to see in Texas, but Texas also provides the best avenues to get there.

Texas has more private roads than any state in the Union. Today there are 1,591 miles of superb divided concrete highways.

The total will reach 2,700 by 1975.

Curious Kind of Adjustment

In 1958, when much of the nation was experiencing a "recession," it was noted that while there was some unemployment and some slowing down of business, prices declined not one whit.

Right now, business across the country has slowed down, with inventories of most goods at a peak. The supply of automobiles, appliances, food, clothing, everything else is at an all-time high. Retailers are making vigorous efforts to move these supplies, and there is price cutting at the retail level.

At the manufacturer level, prices are steady, and even rising, because of one built-in factor placed there by organized labor, with the full support of the federal government.

Organized labor has secured automatic wage increases tied to the cost of living. As the cost of living goes up, their wages go up, the costs to the manufacturer go up and his products go up. This works down to the retail level, where the higher prices are reflected in the higher cost of living, and wages go up again.

This sort of thing has been going on for some time.

This week, the news has spotlighted several labor disputes where organized labor may be in for a surprise. At Chance Vought Aircraft at Grand Prairie, Texas, a strike is threatened because of demands for a wage increase. The company is holding firm, because it is battling to stay alive. Maker of planes and missiles, with the U. S. Navy as its principal customer, Chance Vought suffered recently by losing one vital Navy contract and has seen its operations cut down by the switch from airplanes to missiles.

The company has even gone into the house trailer business to diversify and stay in business. Last year they laid off 8,000 workers and have tried to build business back to the point where they have taken many back on the payroll.

It would be fair to surmise that Chance Vought management is in

no mood to discuss higher wages to the remaining employees now that the cost-plus government work has been slashed.

In California, much the same situation exists at Lockheed Aircraft, where the company is trying to stay in business and has seen its government contracts reduced. Workers are threatening to strike for higher wages.

The aircraft industry is a poor place to call a strike right now.

The steel workers found out that they suffered as much as the management over last year's strike. The steel industry is not yet producing 60 per cent of capacity and thousands of steel workers are not back on the payroll yet. Imported steel, at lower prices, flooded the market and built up inventories until it appears that the only ones that gained from the steel strike

were foreign producers.

American labor has a curious way of adjusting things when the pace begins to slacken—strike for higher wages. This is a curious method of adjustment, and works only during a period of full employment and rising economy. When things begin to tighten down, it will be interesting to see how things work out.

When organized labor reaches the point where the things they have to sell (their labor) goes down while the things they have to buy (the essentials of living) go up, then they can sympathize with the American farmer who has been in exactly that position for about a decade.—Ochiltree County Herald.

CARD OF THANKS

We want to express our appreciation to Dr. Goodall and his staff for the interest taken in our children following their car accident. Our thanks to the many who assisted at the scene of the accident.

Again, we appreciate all our friends who remembered them with flowers, cards, and calls. May God bless all of you. Mr. and Mrs. B. E. Davenport

Round and About

By HELEN COMBS

It is customary this time of year that travel is the order of the day. Seems each year when the summer arrives, people in general head for the roads. The air conditioning and comfort of present-day cars has added much to the pleasure and actually comfort of travel. . . but actually comfort has nothing to do with a vacation.

Many leave the comfort of an air-conditioned home to spend a few roughing it at some summer resort. While others spend time touring the country and enjoying the scenic views the vacation states have to offer. What is the goal—a deeper appreciation for the comforts and joys of our own home.

At our house, we enjoyed trout supper Sunday evening. Carver and Adrian spent the week vacationing at Red River, N. M., and took the trouble to bring back a fish for those of us who were behind.

Mr. C. R. Lewis of Lakeview enjoyed a visit with her sister, Mrs. E. O. Taunton, in Lubbock the weekend. Mrs. Taunton made her home in Osaka, Japan, for the past 12 years where her husband is a representative of the McPherson Cotton Co., of Memphis. Mrs. Taunton is a former teacher in the Lakeview school and will be remembered by her friends as Miss Frieda Atchley.

Dr. and Mrs. H. R. Stevenson visited from Florida where they enjoyed vacationing. While there Stevenson also attended a dental meeting.

For the Fitzjarrald family, Dr. and Mrs. J. W. Fitzjarrald and daughter, Mrs. Reba Stroehlein, has been a three-week vacation in Midland with their daughter and granddaughter, Mrs. Margaret Smith and Mr. Smith. While there Mrs. Reba spent two weeks in reserve training with the U. S. Army.

In speaking of her recent vacation trip, Mrs. Anna Dickson related, "Did you know it just took me 2 hours and 32 minutes to fly from El Paso to Los Angeles." She enjoyed a two month vacation in Lubbock, Carlsbad, N. M., and California.

At home, the mixed Scotch golf tournament at the Country Club is creating some excitement this week. It's the first tournament of this kind to be held, and from comments those who have participated have thoroughly enjoyed it. Quite a few non-golfers, like myself, have tried their hand at the game for the first time. . . or practicality!

Among friends who are ill and receiving treatment in the hospital are Mrs. Florence Fitzjarrald of Amarillo, who underwent surgery here this week; Mrs. J. R. Mitchell who was injured in a

Kathy Phillips Visits Here After Stay In Okinawa

Miss Kathy Phillips, former band instructor in the Memphis High School, arrived here Tuesday for a visit with friends.

Miss Phillips has spent the past two years at Okinawa where she taught algebra and chorus in the public schools. She left Okinawa June 12 and spent five days vacationing in Hawaii en route to the states.

"I certainly enjoyed my stay in the Far East," Miss Phillips said, "but was ready to return to the states."

While there she enjoyed extensive travels, spending a month in Japan last summer. She also visited Hong Kong, Manila, Thailand, Cambodia and other points of interest.

power mower accident at her home early Friday morning; and Mrs. Vera Smith, daughter of Mr. and Mrs. D. A. Neeley, who is receiving treatment in a Dallas hospital. We understand Mrs. Smith is gravely ill. Her parents are in Dallas with her.

Mrs. Paul Blevins, who broke her arm some time ago, is now recovered and is operating her Sweet Shop again. We are also happy to see Mrs. W. J. Goffinett out again. She, too, suffered a broken arm recently in a fall.

Back to the golf tournament—a friend said she saw a cartoon which could be used to match our situation to a T. The cartoon showed a gentleman out playing golf. He'd hit a perfectly beautiful shot, and then a "lousy" one. When asked by a friend what he was doing, he explained, "I am getting ready for a Scotch tournament. . . with my wife as a partner." Had our husband done a little practicing likewise—he might not have come out on the losing side!

Then there's another story: "When the wife and I got married," one man was telling another, "We agreed that I would make all the major decisions and she would decide all the minor issues."

"How did it work out?" the friend asked. "Great. She decided on the little things like what kind of car we will buy, how the house is built, what job I will work at, where we will spend our vacations, and such as that."

"My gosh, man," said the friend. "What are these major decisions that you make?" "Oh, I decide on whether to admit Red China to the UN; where we should have Summit conferences; how much rocket research should be done—and things like that."

Mr. and Mrs. J. L. Billingsley and girls visited with their grandfather, J. L. Marcum in Sayre, Okla., Saturday.

SHIP SHAPE . . . Before Freda Jones can go boating she'll have to find a yacht to go with that ship's wheel. Any offers?

Mrs. Tomlinson, Recent Bride, Is Shower Honoree

The home of Mrs. Robert Jackson was the scene for a lovely bridal shower on Monday evening, June 13, honoring Mrs. Nathan Tomlinson, the former Linda Sue Jones.

Guests calling between the hours of 8 and 10 o'clock were greeted by Mrs. Jackson and presented to the honoree, Mrs. Tomlinson; the bride's mother, Mrs. Walter Jones and the mother of the groom, Mrs. N. A. Tomlinson.

Miss Margie Jackson and Miss Virginia Haire presided at the tea table where refreshments were served. The bride's chosen colors of blue and white were noted in party decorations.

A lovely array of gifts were on display.

Hostesses for the occasion were Mrs. Robert Jackson, Mrs. Oliver Rogers and Misses Bettye Fields, Margie Jackson, Virginia Ruth Haire, Rose Mary Archer, Mary Lee Melton and Mary Hall.

J. E. Gurley Family Enjoys Reunion Sunday

Members of the J. E. Gurley family met in the family home Sunday, June 19, for a reunion. The occasion was in celebration of Father's Day and of Mr. and Mrs. Gurley's birthdays. All members of the family were present except a great-grandson and wife, Mr. and Mrs. Eddie Bart May, Shawnee, Okla.

Those present were their four children: Miss Sybil Gurley, Mr. and Mrs. Ward Gurley of Memphis, Okla., Mr. and Mrs. W. T. Reed, Drumright, Okla.; their two granddaughters and families, Mr. and Mrs. H. B. May and son, Larry, Shawnee, Okla., and Mr. and Mrs. Keith Seay and children, Reed, Norma Louise and Tommy Cliff, of Tulsa, Okla.

Mrs. Derrell Taylor and daughter, Kathleen, arrived here Monday for a visit with her parents, Mr. and Mrs. Perry Hale, and other relatives and friends. Rita Jo Hale of Amarillo spent Wednesday and Thursday here visiting with her sister and parents. Mrs. Taylor and daughter will leave July 15 to join Sgt. Taylor for a visit in Oklahoma and from there they will return to their home at Panama City, Fla., where Taylor is stationed with the U. S. Air Force.

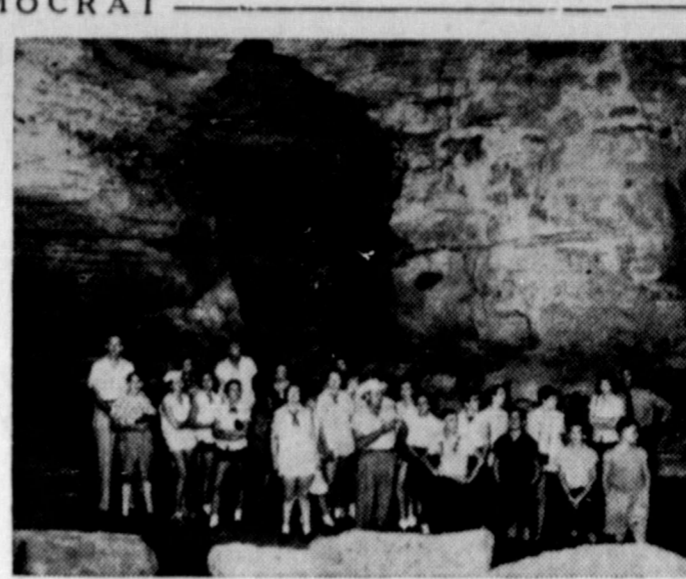

Mrs. Emma Baskerville had as guests over the weekend Mrs. Charles Champion and son, Jackie, Mrs. Virgil Gordon and daughter, Tam, and Bill Cumby, all of Midland.

J. L. Marcums Are Honorees On Father's Day

A buffet dinner reunion honoring Mr. and Mrs. J. L. Marcum Sr., on Father's Day was held in the home of the Marcums in Sayre, Okla. All ten children were there to enjoy the reunion. They were: Mr. and Mrs. L. E. Marcum of Estelline, Mr. and Mrs. Joe Marcum of Amarillo, Maudie Billingsley of Memphis, Mr. and Mrs. F. H. Curtis and Mr. and Mrs. E. L. Spradlin and son, of Vernon, Mrs. Lois Reagan and son of Hobbs, N. M., Mr. and Mrs. W. R. Weatherly and Kay of Amarillo, Mr. and Mrs. J. L. Marcum Jr., and son of Hereford, Mr. and Mrs. Clarence Marcum and son of Harlington, Mrs. Mary Richburg and children of Fort Worth, and Mr. and Mrs. J. W. Marcum and son of Sayre, Okla., brother of J. L. Marcum Sr. A number of grandchildren were present and included Mrs. Naomi Campbell and children of Holiday, Mr. and Mrs. Larry Rozzelle and daughter of Wichita Falls, Wayland Marcum and Mr. and Mrs. Fred Meadow and daughters of Amarillo, Gene and Donna Curtis and Edward Spradlin of Vernon.

FARM ACCIDENTS COSTLY

There is no profit in farm accidents. It is often hard to place a dollar value on a farm accident, points out the Texas Farm and Ranch Safety Council, because of the indirect as well as the direct costs which must be taken into account. But, they add, most accidents are preventable and farm profits can be increased by keeping accidents from happening.

ESTELLINE NEWS

Petite Holly Hutchins is in Amarillo this week, the guest of her grandmother, Mrs. Phil Carlson. Mrs. Carlson came down Sunday to visit in the home of her daughter, Mrs. Jim Hutchins, and family and took Holly home with her.

Sarah Holland accompanied her cousin, Jeri Vogler, to Amarillo on the Zephyr last week. Jeri and her sister, Susan, had been guests of their grandmother, Mrs. D. T. Eddins, and aunts, Mrs. Rab Holland and Mrs. R. V. Wood.

Mrs. Ted Bruce of Childress is reported much improved after being in a car wreck near Wichita Falls last Saturday. She has been released from the hospital and is now back in Childress at her home.

Mrs. J. A. Ballard and mother, Mrs. F. E. Leary, have returned from an extensive trip. They motored to Dallas and picked up a sister, Mrs. Guy Leatherwood. From there they went to Fairfield, Illinois to visit another sister, Mrs. Max Nail. From there they visited a niece, Mrs. Charles

Anderson, in Chicago. They returned to Estelline where Guy Leatherwood came to accompany his wife back to Dallas.

Mr. and Mrs. Mike Mason of Amarillo were guests in the home of her parents, Mr. and Mrs. C. T. Jarvis, Sunday.

Baptist Class Enjoys Social In Clark Home

Members of the Mary Martha Sunday School Class of the First Baptist Church were entertained in the home of Mrs. R. E. Clark for the regular business session.

At the noon hour, members were served from the large dining table which was laid with a cut work linen cloth and an arrangement of spring flowers were used as the centerpiece. The quartet tables were laid with yellow cloths and the center pieces were bud vases with blue flowers.

Mrs. Theodore Swift gave the invocation after which members enjoyed the tasty meal. Mrs. Henry Foster gave the devotional. Mrs. Henry Hays led the group in prayer.

Mrs. Henry Scott, president,

presided over the short business meeting.

Mrs. Leonard Wilson, secretary, read the minutes and gave the monthly reports.

The group leaders, Mrs. A. J. Fowler, Mrs. H. H. Lindsey, Mrs. Ottie Jones, and Mrs. Ed McMurry, gave their reports following the benevolence chairman, Mrs. J. W. Smith, who gave her report.

The meeting closed with a prayer given by Mrs. Loyd Phillips, and the class song was sung, "What a Friend We Have in Jesus," by the group.

Members enjoying the luncheon were: Mmes. Tessie Anderson, J. W. Smith, Henry Scott, Leonard Wilson, A. J. Fowler, Ida Hutcherson, J. R. Saunders, El McMurry, Belle Shults, and W. B. McQueen. Guests were Mrs. Henry Hays, Emma Baskerville, Henry Foster, Loyd Phillips, Byron Baldwin, Theodore Swift and Leon Randolph. Hostesses were Mmes. R. E. Clark, Ottie Jones, H. H. Lindsey and T. J. Bridges.

Sodalitan Class Meets in Home of Mrs. Ralph Williams

The Sodalitan Sunday School Class of the First Baptist Church met in the home of Mrs. Ralph Williams on Thursday, June 16, at 8 p. m. Mrs. Clara Pritchett served as co-hostess.

Mrs. Bill Merrell presided over the business session, which opened with a prayer given by Mrs. Henry Hays. Mrs. L. O. Dennis gave the devotional using as her subject "Sunbeams That Would Not Shine." The minutes were read and approved and the officers gave their reports.

The meeting adjourned with the class song, "Bless Be the Tie."

Miss Fredna Brown is Honoree at Pre-Nuptial Shower in Kinard Home

Complimenting Miss Fredna Brown, bride-elect of Jimmy Winters, a group of hostesses entertained with a lovely pre-nuptial shower on Thursday evening in the home of Mrs. Dwight Kinard, 915 North Sixteenth Street.

Guests who called between the hours of 7:30 and 9 o'clock were greeted by Mrs. Kinard and presented to the receiving line composed of the honoree, Miss Brown; the bride-elect's mother, Mrs. Lee Brown and Mrs. Alvin Winters, mother of the groom-to-be.

The bride-elect's chosen colors of blue and white were noted in party decorations. The table was laid with a white linen cut work cloth and centered with a heart flanked by blue tapers.

The heart, entwined with blue net, was decorated with white carnations and tied with blue satin streamers. Appointments were in crystal and silver.

Miss Bettye Gidden poured punch and was assisted in serving by Miss Jan Mitchell, Mrs. Kathy Bryant and Miss Ernestine Young.

Mrs. Randall Brice, sister of the groom-to-be, presided at the register to secure signatures of the guests.

Appropriate organ selections were played throughout the entertaining hours by Miss Bettye Lemons.

A lovely array of gifts were on display.

Hostesses for the courtesy included, other than Mrs. Kinard, Mrs. Coy Beckham, Mrs. Arthur Gidden, and Bettye, and Mrs.

Young Texan 'Cites' Missourians

Tomie Michael Tucker, son of Mr. and Mrs. Homer Tucker, pitched a shut-out baseball game Friday, June 17, at Miller, Missouri.

This information was received here Sunday in a telephone conversation. Tucker is attending the Mickey Owen Baseball School, which is being held in Miller.

He pitched the shut-out game against the Springfield, Mo., Kiwanis team, hurling all nine innings. The scorebook shows that Tucker held his opponents to only two hits, no runs, and allowed no walks. He struck out 12 of the 29 men who faced him. Also, in six times at bat, he got three hits.

Final score: Kiwanis Team 0, Mickey Owen Team 27.

Tucker enrolled in the baseball school at Miller on Monday, June 6, and will finish the course Saturday, June 25. He will return home Sunday.

Billy Ray Jones Is New Production Credit Employee

Billy Ray Jones, former Memphis resident, will return here July 1 to assume duties as assistant manager of the Memphis Production Credit Association, James Van Pelt, manager of the organization, announced this week.

Both Mr. and Mrs. Jones are former Memphis residents. He was employed here for several years with J. C. Penney Co. and then later for about three years with the First State Bank.

For the past three years Jones has held a position with the Seagraves bank, where he was head cashier and assistant vice president.

He will assume the position recently vacated when Joyce Webster resigned to devote his full time to his farming operations.

Clyde Lee Smith Wins Trip To Las Vegas, N. M.

Clyde Lee Smith, owner of Smith's Auto Store, attended a convention for television dealers in Las Vegas, Nev., over the weekend. He was awarded the trip by the Admiral Company.

Mr. Smith reported a most enjoyable trip and brought home with him a colored TV set, a gift he received while at the meeting.

Ladies Swimming

vited to come to the pool each Wednesday morning between the hours of 9 and 11 o'clock. Free instruction in swimming will be available for all those who do not know how to swim and would like to learn, Dennis said.

Beginning Tuesday, July 5, free instruction in beginners swimming will be held for the children. The class for boys will be from 9 to 10 each Tuesday and for girls from 10 to 11 a. m.

The series will include 10 lessons. All youths of the area are invited to participate in the group instruction, Dennis said. There is no charge for the lesson; however, the regular admission price is charged for swimming.

Girl Scout

(Continued from Page One)

All girls are required to bring a drinking cup, sit-upon, canteen, shorts and jeans, sack lunch, towel, clothes pin to hang their lunches, white blouse for visitors night, hat and long-sleeve blouse for those who may blister easily.

The camp program will offer opportunity for experience in the out-of-doors, in group government, campcraft, singing, hikes, dramatics, cooking and many other adventures appropriate for each age level. The girls will also learn to build fires, lay trails, find directions and in general make themselves safe and comfortable in the open with the natural materials at hand, Mrs. Hoover explained.

Mrs. Hoover said, "Plans have been carefully prepared for the camp with the experienced help furnished by the Quivera Council, and we are looking forward to a very successful camp-out."

Scout Troop 131 Returns Home From Camp Kiowa

Fourteen boys of Boy Scout Troop 131 of Memphis returned home last weekend from a six-day camp at Camp Kiowa, located near at Canadian.

While at camp, the following Scouts earned awards:

Donnie Aronofsky and Mike Linder, first class Scout; Kenneth McKown, star Scout; David Aronofsky, Kenneth McKown, Jack Stargel, Gary Gentry and Jerry Moss earned merit badges in first aid.

Billy Cosby and Larry Helm earned merit badges in canoeing.

Dana Gibson earned a merit badge in life saving; Larry Helm, Billy Cosby and Mike Branigan were taped out and became candidates for Order of the Arrow.

The following Scouts did work on merit badges for canoeing, pioneering, nature, rifle and first aid: Mike Branigan, Lowell McKown, Larry Helm, Billy Cosby, Wayne Wheeler, Mike Linder and Kenneth McKown.

Property Re-Evaluated: "Industrial Committee Renews Efforts," and several other local interest items. All these and items of interest as well as invitations from merchants appeared throughout nine other pages of the paper. If such things do not make a good local newspaper, then what more would it take?

Hall County's disaster of two weeks ago rated front page news all over Texas (according to many newsmen we met in Houston), and well it might for the county's part of loss in roads and bridges runs to one-fourth million or more, and damages to farms and agriculture amounts to nearly one-half million. Add to the above the damages received in Lakeview and Memphis, for which relief application has been made also, results in a staggering total.

A forward step is being made by City and School in starting a movement to re-evaluate property for taxation purposes. Citizens have known for years that such action should be made due to the many inequities that have crept in during depression years and down the line. It is possible that taxes will not have to be raised any higher when the lower brackets are brought up to the level of others.

It is indeed encouraging to note that the C. C. Industrial Committee has decided to get action in trying to obtain industries for Memphis. True, the entire citizenship will have to co-operate in making Memphis more attractive, provide better facilities for all the citizenship, improve and bring business houses up-to-date, paint and clean up the residential section, and otherwise show that Memphis is not yet ready to have a tombstone erected over the town.

Let's all unite in trying to attract more people to our city, and cultivate a friendlier attitude. It will pay off in the long run.

Tues., June 28 Is Last Day To Vote Absentee

June 28 is the last day for county residents to vote absentee in the special election to decide whether or not Hall County would retain the office of Tax Assessor-collector.

Only one person so far has voted absentee in the election, according to a report from the office of Mrs. Ruby Goodnight, county clerk.

The wording upon the official ballot is as follows: FOR adding an Assessor-Collector of Taxes to the list of authorized county officials. AGAINST adding an Assessor-Collector of Taxes to the list of authorized county officials.

Polls will open in the regular balloting places throughout the county on July 2.

Rainbow Girls Will Wash Cars To Raise Funds

Members of the Memphis Assembly LT, Order of the Rainbow Girls, will do car washing four days next week, Mrs. Mary Jane Thompson announced Tuesday.

Through the courtesy of the Continental Oil Company, the Conoco Service Station, located on the corner of Main and 01th Streets, will be turned over to the Rainbow Girls for their money-raising effort. The station was formerly operated by the late Jerry Wright.

Days set aside for the special car washing program are Monday, Tuesday, Wednesday and Thursday, June 27, 28, 29, and 30. The girls will open the station at 7 a. m. each day, and close it at 1 p. m.

They will charge local residents \$1.00 per car.

All money which they receive will be retained by the Rainbow Girls, and will go into their activity fund, Mrs. Thompson said.

Miss Celia Leslie is worthy advisor of the girls group.

Locals and Personals

Betsy Walker arrived Wednesday morning from Seattle, Wash., for a visit with her grandmother, Mrs. E. E. Walker. She will be joined later in the summer by her parents, Mr. and Mrs. Chesty Walker, and sister, Penny Walker, of Los Angeles. Betsy graduated June 9 from Roosevelt High School in Seattle and will enter the University of Washington in September.

Mrs. Alice Crawford and Mary of Lubbock visited Wednesday and Thursday with their mother-in-law and grandmother, Mrs. C. W. Crawford, and friends.

Visiting in the home of Mr. and Mrs. Floyd Houdashell and family in Amarillo Sunday were her parents, Mr. and Mrs. J. W. Driver and family of Lakeview, her grandfather, O. L. Anthony of Memphis, and her brother, Floyd Lee Driver and family of Hereford. Lester L. Driver and O. L. Anthony attended the ball game.

Mr. and Mrs. Ed Duncan visited with Mr. and Mrs. Brown Lamb in Lubbock Monday and Tuesday.

Carroll Foxhall of Lubbock visited with friends and relatives here over the weekend.

Estelle Guthrie and Mrs. Ralph Howard and Kelly of Lubbock visited with Mr. and Mrs. John Dennis over the weekend.

Mrs. Estelle Barber spent the weekend in Grand Prairie and attended a reunion of her brothers and sisters and their families at Gainesville Sunday.

Bobby Pat Young of Midland visited here over the weekend with his parents, Mr. and Mrs. W. D. Young.

FARMER GETS 38 PER CENT

Economists say about 38 cents out of each dollar paid by consumers of food gets back to the farmer. The remaining 62 cents goes for the costs of getting the food in the form the housewife wants it, at the time and place she wants it. It is estimated that food costs less now than ever before, in terms of minutes of work necessary to buy what is needed.

You'll never be popular if you spend all your time taking advantage of your right of free speech. The time to get primed for the future is when you're still in your prime.

SENATOR YARBOROUGH'S REPORT

Communist led riots in Japan, which forced President Eisenhower to cancel his goodwill visit, dramatically emphasize how vital it is that we keep America in fighting trim and her guard up.

We must have a military preparedness program that will be ready for, and can more than handle, anything the Communists can throw at us.

The blunt fact is: As a nation and leader of the free world, we need to pass a number of programs to vastly strengthen our defense efforts. We must not listen to those timid and frightened souls who say we can't do this, or the nation cannot afford this scientific research, or to produce some kinds of weapons.

This liberty we have bought with honor and courage and blood, not with fear nor timidity nor dollars. On Memorial Day I had occasion to go to Arlington National Cemetery. As I paid homage at the tomb of the Unknown Soldier, I could not help thinking that I didn't know who they were or where their homes were, but I did know this: They didn't put a dollar sign over the flag; they didn't balance the budget of their lives; they paid the supreme price for the idea of human liberty in their time. But today, we find "summer soldiers and sunshine patriots" haggling over preparedness and jeopardizing that same blood-bought freedom. It is a sad spectacle.

The hard fact is that we have been losing ground in the arms race. We are moving into the unwarranted and dangerous position of a second class power and there is no excuse for it. The \$41-billion military budget is big. But it is not big enough so long as there remains the slightest shadow of a doubt as to whether America is so strong that Russia will never dare attack.

Steps which I believe we must immediately take to strengthen our security include:

- (1) Modernize and strengthen our military forces and develop full airlift capacity so they can be placed anywhere necessary to stop aggression.
- (2) Provide funds to put Strategic Air Command planes in the air on 24-hour alert so that they can be kept there during periods of tension. This is essential to offset Russian missile power.
- (3) Restoration to full-scale of the B-70 development program and speedup our Polaris and ICBM missile programs.

Every American should be pleased the Senate late last week voted funds and gave the President authority to carry out the three steps just outlined in order to immediately strengthen our defenses.

Those who have opposed these programs or failed to get them moving have generally given the excuse that, "we can't afford it," or that, "we must balance the budget." I recognize the need for, and want us to have, a balanced budget as much as anyone. But this is no time or place for a bargain-basement, second-rate preparedness program. Unless we have absolute military invincibility, a balanced budget won't make the slightest difference to any of us.

If we continue to build our military strength, I have complete confidence that we will avoid a nuclear battle. The totalitarian bosses can throw down the iron dice of war, but they cannot foretell the outcome. They dare not risk the loss of their own power so long as we stay strong.

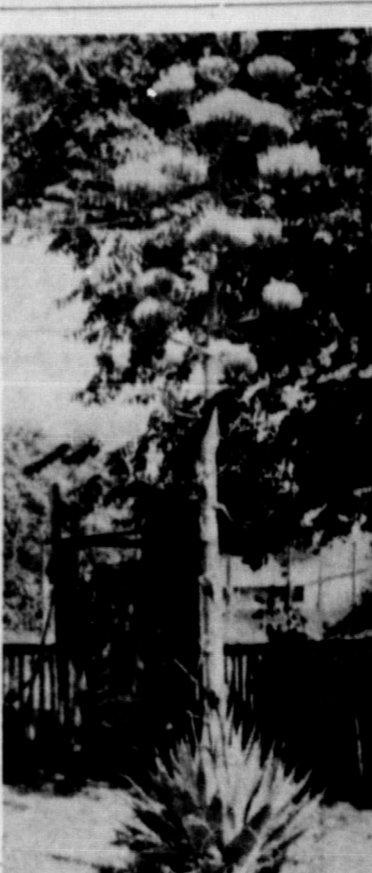

Thud of Slugs In Pay Telephones To Be Eliminated

The thud of slugs in pay telephones is about to be eliminated, according to General Telephone Company's district manager, Roy Brewer.

The new "swindle-proof" device is being used in all new paystations being produced by Automatic Electric Company, manufacturing subsidiary of General Telephone & Electronics Corporation. In addition, AE has developed an anti-slug conversion kit which can be installed on paystations presently in use.

"This is welcome news to the telephone company which wages a continuous battle against slugs," Brewer said. "Slugs representing approximately \$2,500 per year are illegally deposited in paystation telephones operated by General Telephone Company. Various devices have been developed and each time losses from slugs have been cut to a greater extent."

Mr. and Mrs. Sam Brown had as guests Wednesday friends of long standing from Peonia, Colo. They were Mr. and Mrs. Grady King. The two couples homesteaded land in the 20's at Kim, Colo.

Weekend Playoffs In Man-Woman Tourney Planned

Final playoffs in the Memphis Country Club Man-Woman partnership tournament will be held today and tomorrow in all three flights, it was announced this week by Jack Norman, tournament chairman.

The team composed of Mackie Allen and Sue Layne Brown will play Mr. and Mrs. M. E. McNally Jr. Friday morning for championship of the First Flight. Mr. and Mrs. Jack Norman defeated Mr. and Mrs. Bill Combs Thursday morning for consolation honors of the first flight.

The Sam Goodnight, Toni Davis team will play Frank and Mary Frank Garrett in the finals of the Second Flight. Consolation matches in this flight have not been played off so far.

In the third flight, Mr. and Mrs. Gene Lindsey will be matched with J. D. Duck and Kay Norman for the finals. Consolation finals in this flight will be decided between Mr. and Mrs. T. H. Deaver Jr. and the team composed of Tony Craig and Mrs. H. R. Stevenson.

Norman said that considerable interest has been displayed by the women of the club during the tournament.

Cattlemen Told To Be On Alert For Screw-Worms

Hall County stockmen were advised this week to look out for screw-worms and to treat all livestock wounds to prevent worm infestation.

Mild winters, similar to the one just past, induce an early worm build up, said W. B. Hooser, county agent.

To prevent and curb infection, Hooser recommends EQ335 smear. It contains lindane which gives a lasting killing effect. One application a week, except in severe cases, will do the job.

Screw-worms increase rapidly once present. If headed off from the start, a lot of trouble can be avoided, the county agent stated.

Summer Weather Sends Temperatures Above 100 Mark

Typical summer weather was enjoyed this week by county residents with temperatures in the 90's being reported almost every day.

Rainfall Wednesday night measured .27 of an inch, J. J. McMick-in, local weather observer, reported.

Low temperature last night was 70. Other temperatures over the week were: Wednesday 91-66, Tuesday 96-72, Monday 101-70, Sunday 98-70, Saturday 98-66, Friday 91-60, and Thursday high, 89 degrees.

Floyd Houdashell Jr. and Karen are spending the week with their grandparents, Mr. and Mrs. J. W. Driver, of Lesley.

New Pension Law To Make Available Benefits for Widows, Children of Vet

Several thousand widows and children of deceased veterans of World War II and the Korean Conflict will become eligible to receive pension benefits on July 1. These dependents will be entitled to these benefits as the result of a new pension law enacted by Congress last year, according to Hubert Dennis, Hall County Service Officer.

Prior to passage of the new law, known as the Veterans Pension Act of 1959, dependents of deceased World War II and Korean Conflict veterans were entitled to pension only if the veteran had a disability which resulted from his active military service. The new law provides benefits to the dependents of deceased veterans of World War II and the Korean Conflict if the dependents meet certain limitations with regard to income and the size of their estate.

Dennis said that a very small percentage of the widows and children in Texas who could benefit from this new law have applied to the Veterans Administration

for the benefits to which they are entitled. Dennis pointed out that the children of deceased World War II and Korean Conflict veterans who are eligible to receive pension, though their mother may have married since the death of her husband, and even though the mother's new husband has died, are eligible to receive pension while they are unmarried and under the age of eight. They may continue to receive pension until age twenty-one, if they become physically or mentally incapable of self-support before their eighteenth birthday.

Unremarried widows and custodians of dependent children may receive further information and assistance in obtaining benefits by contacting Hubert Dennis at his home located at N. 15th, phone CL 9-2560 or any office of the Veterans Affairs Commission of Texas.

Miss Wilma Martin Is Honoree At Pre-Nuptial Shower in Aronofsky Home

A sextet of hostesses entertained on Tuesday afternoon with a lovely pre-nuptial shower honoring Miss Wilma Martin, bride-elect of Jimmy Sexton.

The social was held in the home of Mrs. David Aronofsky with Mrs. John Fowler, Mrs. Allen Dunbar, Mrs. Ralph Williams, Mrs. W. C. Dickey and Mrs. Robert Sexauer as co-hostesses.

Guests called between the hours of 4 to 6 o'clock to be greeted by Mrs. Aronofsky and presented to the honoree, Miss Martin, her mother, Mrs. Lloyd Martin and Mrs. S. M. Zeigler, mother of the groom-to-be. Members of the receiving line wore glamellia corsets.

Party decorations emphasized

the bride-elect's chosen colors of pink and white. The refreshment table was lovely with a cloth of pink net centered with bride's doll holding a shower bell. The doll was flanked either side by pink tapers. Appointments were in Mrs. W. C. Dickey and Mrs. Robert Sexauer alternated at punch service.

An arrangement of double-aided daisies and pink gladioli on the podium where guests received completed the decorations. Judith Evans presided at the register to secure signatures of the guests.

A lovely array of gifts were displayed in the den. Gifts shown by Mrs. Williams and Dunbar.

Miss Martin and Mr. Sexton were married at 6 p. m. Saturday, July 16 in the home of the bride-elect's parents.

Dan True Is New Weathercaster For Channel 10

KFDA-TV, Channel 10 in Amarillo, this week announced the appointment of Dan True as "weathercaster" for their station. True, known throughout the area for his uncanny sense of weather and equally uncanny sense of humor—is popular with radio listeners and television viewers of the Panhandle.

He was reared in Oklahoma, and attended Kansas State Teachers College and the University of Illinois. He is the father of two boys and three girls. His hobby is Panhandle wildlife.

To give area people more complete weather information, True will be presenting the weathercasts three times daily on Channel 10 in the future. He will be on the air any time there are tornado or severe weather warnings.

When asked to define a weather forecaster, True said, "He's an individual with \$30,000 worth of scientific equipment . . . and a strong hunch."

Mr. and Mrs. Sam Brown attended the golden wedding anniversary celebration of Mrs. Brown's brother and wife, Mr. and Mrs. Willie Biffle in Hedley Sunday. Open house was held honoring the couple at the Baptist Church Sunday afternoon.
