

A. M. Chappell Joins Telephone Co. As Sales Rep.

The General Telephone Company of the Southwest has announced the appointment of A. M. "Al" Chappell as marketing and sales representative for the Memphis District which includes the City of Memphis.

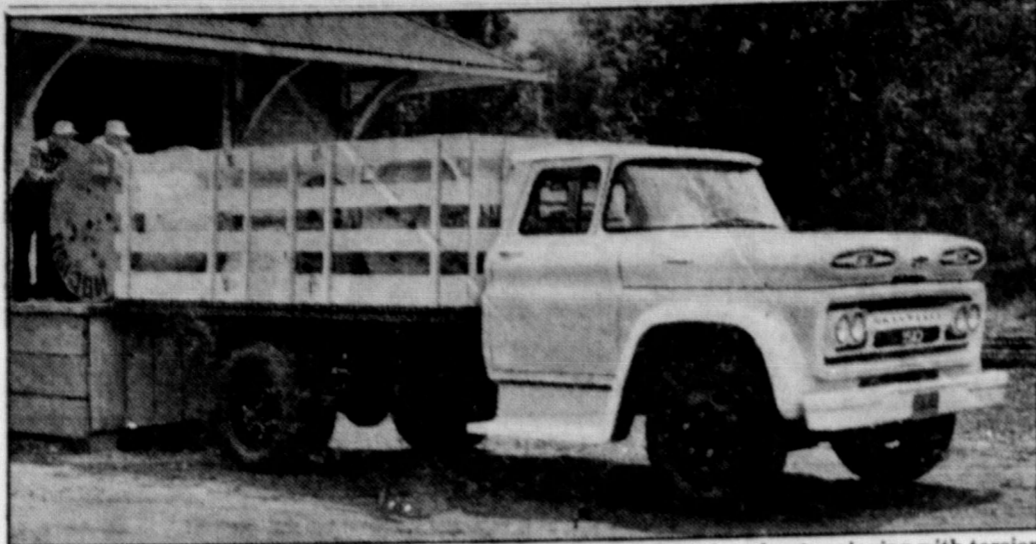

Chappell joined the General Telephone Company staff in February, 1960, after having had previous experience in the telephone industry as local manager of the Bryan exchange of the Southwestern States Telephone Company.

Chappell attended high school in Memphis and was graduated from Texas A & M College with a degree in journalism. He is 26, married and has two children. The family resides at 1110 Noel Street in Memphis.

Mr. and Mrs. Bernie Davis and son, Randy, of Paducah were week-end visitors in the home of her parents, Mr. and Mrs. J. G. Gardner.

Mrs. Jude Gable, Mrs. Dick Spoon, and Mrs. Frank Goffinett were in Amarillo last week.

Mrs. Bill Crowder and Mrs. Robert Bredlove were Amarillo visitors Wednesday.

Continuation of the highly successful suspension system introduced last year, moderate front style changes, and refinements in chassis and cabs mark the 1961 Chevrolet truck line. Proved by one full year of customer use, the suspension features independent front springing with torsion bars and rear coil or variable rate springs. Cab improvements include a smaller floor tunnel in some models for increased leg and foot room, and an optional six-inch thick foam rubber seat.

New 1961 Chevrolet Truck Line To Be Shown Upon Arrival Here This Week

Refinements in the highly successful chassis design introduced a year ago, further expansion of models, and styling identification changes mark the Chevrolet truck line for 1961, which will arrive in dealer showrooms this week.

"The wide acceptance of our 1960 chassis redesign, featuring

independent front suspension with torsion bar springing and significant innovations in rear suspensions, confirms our conviction that truck owners approve extensive design changes which translate into economic benefits for them," according to Tomie M. Potts and Homer Tucker, local dealers.

"This highly successful design is continued in our 1961 trucks, with evolutionary refinements throughout the line to enhance the ride, handling, durability, comfort, and hauling efficiency," they added.

New car features for 1961 emphasize a lower and narrower floor tunnel on most light-duty models for improved foot and leg room with the 3-speed or Powerglide transmission. New optional equipment includes a windshield wiper-washer combination with 2-speed electric wipers, and a comfort package which includes a six-inch foam rubber seat and special body insulation.

Included in the 1961 line are three new 4-wheel drive models for light-duty, maximum traction application. All 4-wheel drive units feature a new 10-inch diameter clutch, standard 3-speed transmission, and 7.10 by 15-inch tires on the one-half ton models.

Higher net engine power, fast warmup, and increased economy result from a new, optional temperature-controlled hydraulic fan drive for light-duty models with the V8 engine. The fan is disengaged unless it is actually required by radiator air temperature.

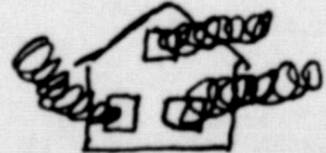

Among modifications made late in the 1960 model run on certain models and now incorporated across the entire line are: Revisions in heaters to provide cab temperatures up to 10 degrees warmer at the normal operation speeds; increased capacity torsion bars for most medium and heavy-duty trucks for normal, severe and extra-severe service; new optional heavy-duty 12-leaf rear springs with ground capacity of 19,500 pounds each for tandem axle models, and redesigned 4-wheel drive lockout hubs to withstand greater torque.

The 261 cubic inch and 283 cubic inch engine cylinder heads have been improved for heavy-duty service by increasing the chrome content of the metal. This change in specifications results in a less ductile material, improving valve seat durability.

Rachael Crow of El Paso is vacationing here with her parents, Mr. and Mrs. C. A. Crow.

Sunday visitors in the C. J. Wynn, Jr., home were Mr. and Mrs. Darwin Bauman of Pampa, and Mrs. Wynn's parents, Mr. and Mrs. M. L. Dunn of Estelline.

Mr. and Mrs. Roy Guthrie had as Sunday visitors Mr. and Mrs. Kenneth Jones of Richardson; Mrs. J. Webb Nelson, Doyle Nelson and Mr. and Mrs. Levi Corruth of McKinney.

NEW DODGE — Above is pictured a 1961 Dodge Dart 4-door sedan which area residents can see at Hickey Motor Co. today. The Dart was first introduced last year, and this year models are a new style, it was reported by the Dodge Company.

New Style 1961 Dodge Dart To Go On Display Here September 29

The 1961 Dodge Dart models will go on sale at Hickey Motor Co. in Memphis, Thursday, Sept. 29, it was announced this week. The Dodge Dart, a newcomer last fall, began its second year Sept. 20 with completely new styling, and a host of engineering improvements and a wider selection of engines.

Patterson stated that "even greater economy of operation and maintenance" is expected after the mechanical modifications were made. "We are firmly convinced that our new models are the best-engineered and the most carefully built cars ever to leave the Dodge plants," he said. "In 1961, the Dodge Dart will be the quality car

in the low-priced field."

The Dodge general manager said the '61 Dart, freshly styled on the outside, is also new on the inside. The interior of the car features new nylon and rayon fabrics, a distinctive interest panel, a new door trim design, color-keyed steering wheels, and new, contemporary color combinations.

The 118-inch wheelbase Dart will again be available in three series—the lowest price Seneca, the Pioneer, and the deluxe Phoenix. Twenty-nine sedan, hardtop, station wagon, convertible and fleet models will be offered.

A choice of six different engines will be offered to Dodge Dart buyers in 1961. All standard six- and eight-cylinder engines perform efficiently and economically on regular grades of gasoline.

The Economy Slant Six, an advanced design six-cylinder engine which was introduced last year, will again be available on all new Dart models.

The standard eight-cylinder engine on the new Dart is a 230-horsepower, 318 cubic-inch V-8 which also provides adequate power for every driving need on regular gasoline.

Three high-performance V-8 engines are also offered: the 305-horsepower D-500; a 325-horsepower Police Special; and a 330-horsepower V-8 with special ram induction manifold.

There is a choice in transmissions, too. The Dart offers a three-speed automatic which was designed to match the output of the V-8 engines, and a Torqueflite-six three-speed automatic transmission for the Slant Six engine.

There is a two-speed automatic Powerflite transmission for use with the standard V-8. A new manual transmission is standard on the 361 and 383-cubic-inch engines.

One of the most significant advances in the 1961 Dodge Dart, and a real boon to the motorist, is the alternator, which replaces the conventional direct-current generator. The alternator is a three-phase, alternating-current generator which is capable of delivering up to 10 amperes of electricity to the battery while the engine is idling. The conventional DC generator has no idling output. The Dart continues to offer a

wide range of convenience and safety accessories; new, molded-rayon carpeting with double the life of conventional floor covering; new, more efficient, rectangular air conditioning vents; a deep-dish steering wheel; front vent windows that pull open easily; quiet outside door latches that open with fingertip ease.

"Dodge dealers are offering a brand new car to continue the success they started in 1960," Patterson said. "They should do even better in 1961."

A. J. Welch Listed Among Rice Faculty

A. J. Welch, husband of the former Pat Combs, daughter of Mr. and Mrs. Herschel Combs of Memphis, was among the 20 new faculty members appointed at Rice University, according to an announcement made this week by the college.

Of the 20 newly-appointed faculty members, 14 hold doctorates and four will study for that degree while teaching part time.

Welch, one of the part-time instructors, is working on his doctorate in electrical engineering. He is a graduate of Texas Technological College and received his master's degree from Southern Methodist University.

Mr. and Mrs. Welch and their two daughters, Susan and Carolyn, moved to Houston the middle of July, and reside at 4138 Sarong Drive.

Presbyterians Meet For Study Monday Evening

The United Presbyterian Women's Group met Sept. 19 in the home of Mrs. S. S. Montgomery. The meeting was called to order by the president, Mrs. Mills Roberts.

Mrs. Conley Ward led the opening prayer and a meditation, "Spiritual Maturity" was given by Mrs. Virginia Browder.

Those present answered roll call and during the business session the members voted to hold a "Prayer Retreat" at the City Park Oct. 3

in place of the regular meeting. The time was set for six o'clock.

Mrs. Carl Harrison presented Chapter 6 from "Hymnbook of the Ages" which is a study of the Psalms. Mrs. Bill Leslie gave "Conversations of Ecumenical Missions." The meeting concluded with the "Mizpah Benediction" recited in unison.

During the social hour refreshments were served to the following members: Sue Avery, Virginia Browder, Ruth Harrison, Elsie Hoover, Wilma Leslie, Agnes Nelson, Gladys Power, Ila Roberts, Pearle Ward, Mary Noel, Mozelle Wright and hostess Mrs. Montgomery.

Mrs. Roy L. Guthrie, president of the Hall County Unit of the Texas State Teachers Association, announced the local unit would entertain teachers of the four county schools, Lakeview, Memphis, Estelline and Turkey; trustees and their wives, county board members and wives, Parent-Teacher officials and other guests at a tea Sunday, Oct. 2, at 3 o'clock in the American Legion Hall in Memphis.

Loran Denton, superintendent of the Turkey School, will lead the sing-song with Mrs. Donal Gilstrap at the piano. Rev. Richard Avery, pastor of the Presbyterian Church of Memphis, will give the invocation.

Mrs. Mikey McDonald, national director of American Beauty Charm Club, Amarillo, will discuss the topic, "Teachers Can Be Charming, Too."

Mrs. Reba Stroehle, Travis Elementary School; Mrs. Linda Estes, Austin Elementary School; Mrs. Lorean Hart, Turkey School; Mrs. A. D. Britt, Estelline School; and Mrs. Gordon Gilliam, Lakeview School, will greet the guests.

Mrs. Joe Allen Ballard of Estelline will be in charge of registration.

Serving as hosts will be Paul Kitchens, Lakeview School; Pete Wood, Estelline School; U. F. Coker, Jr., Turkey School, and B. J. Thomson, Memphis School.

Presiding at the tea table will be Mrs. Frances Bruce, Travis Elementary; Mrs. W. C. Davis, Austin Elementary; Mrs. Jan Turner, Turkey; Mrs. C. M. Wooten, Estelline, and Miss Margaret McElreath, Lakeview.

The following committee members were in charge of arrangements: Mrs. Jess Whittington, Lakeview; Mrs. Pansy Srygley, Memphis; Mrs. Lorean Hart, Turkey; and Mrs. C. D. Morris, Memphis.

Federated Club Women Attend Vernon Meeting

Several local Federated Club women were in Vernon Monday where they attended the Santa Rosa District Meeting.

Going from here were Mrs. Ed Foxhall, Mrs. M. G. Tarver, Mrs. L. G. DeBerry, Mrs. D. L. C. Kinard, Mrs. Virginia Browder, Mrs. W. C. Davis and Mrs. Herschel Combs.

This was the first district meeting to be held since the new district was organized in Memphis several months ago.

Mrs. Phillip A. Carpenter of Burk Burnett, president, presided at the all-day session.

Mrs. Frank Long of Vernon, first vice president, served as toastmistress at the noon luncheon. Principal speaker was Miss Eudora Hawkins of Abilene, who is a state board member of the Texas Federation of Women's Clubs.

During the morning session, one-minute reports were given by club presidents and board members also were recognized and tribute paid to several pioneer club women.

The district convention will be held in Wichita Falls April 12 and 13 while the state convention will be in Midland on May 1, 2 and 3.

LeTourneau To Be Speaker At Baptist Meeting

Principal speaker at the District 10 Brotherhood Meeting of Baptist Churches in Borger at 7:30 p. m. Oct. 4 at the First Baptist Church will be Robert G. LeTourneau.

Mr. LeTourneau is outstanding in the field of developing transportation equipment and received the 1959 National Defense Transportation Association Award.

Atalantean Club Meets In Home Of Myrtis Phelan

The Atalantean Club met Sept. 21 in the home of Mrs. Myrtis Phelan at 3 p. m.

The meditation was given by Mrs. N. A. Hightower.

The president, Mrs. J. W. Coppedge, presided over the business session.

Mrs. Eddie Foxhall, program chairman, introduced the program entitled "Treasure of the World."

Mrs. Robert Spicer gave a talk on "Federation Souvenirs."

Mrs. W. R. Scott gave a poem, "The Wonderful World," by W. B. Rands.

A film, "The Wonderful World" was shown by Carl Allman of Clarendon. The picture, in excellent color, showed that practically all the countries of the world have similar recreational amusements and educational treasures. The rivers, mountains, libraries, industries, colleges, universities, the people and their customs show that all nations are basically the same under God.

Delicious refreshments were served to the following members: Mmes. D. H. Aronofsky, J. L. Bates, J. W. Coppedge, Bill Cosby, Herbert Curry, W. C. Dickey, Ed Foxhall, N. A. Hightower, Claud Johnson, C. W. Kinslow, L. C. Martin, J. H. Norman, J. A. Odum, Jack Rose, W. R. Scott, Robert Spicer and the hostess, Mrs. Myrtis Phelan.

Sewing Club Has Meeting With Mrs. Moreman

The Friendly Sewing Club met for its regular meeting on Tuesday afternoon in the home of Mrs. W. H. Moreman. The business session was conducted by Mrs. Jerry Foster, president.

"Blest Be the Tie" was sung, closing with prayer by Mrs. Lula McMurry.

Mrs. A. B. Jones brought a timely "Thought for the Day."

The afternoon was spent in hemming cup towels for the hostess.

Lovely refreshments were served to: Mmes. L. A. Bray, J. B. Wrenn, Ola Willingham, Jim Webster, J. N. Longshore, Sam Alexander, C. E. Hankins, Jerry Foster, A. B. Jones, George Hammonds, Lula McMurry and the hostess, Mrs. Moreman.

The next meeting will be with Mrs. J. W. Molloy on Oct. 11.

Study Club Enjoys Brunch M.G. Tarver Home Wednesday

During the fall season, members of the 1913 Study Club had a brunch at 9:30 a. m. in the home of Mrs. M. G. Tarver. Assisting Mrs. Tarver with hostess duties was Mrs. J. C. Davis.

The dining room was attractively decorated with fall flowers and a table with gold and white cutwork cloth and center with gold mums. Coffee served with tasty apricot and tea rings, cocktail sausages, crackers, burning bush and

W. C. Davis, president of the club, conducted a short business session after which she gave president's message entitled "The Future of Our New Decade." She is thinking into the future of our new decade with high hopes. Let's make this grand year for us all. "It is the individual, nor the army as a whole, but the everlasting work of every living soul," Davis concluded.

Year books were then distributed by Mrs. Carl Yancey, chairman, who gave a review of the year's program in an interesting manner.

Visiting the meeting were Mrs. T. E. Noel and Tommy Noel of Denton, C. W. Kinslow and the following members: Mmes. Richard Virginia Browder, Herschel Bray Cook, L. G. DeBerry, Davis, F. W. Foxhall, R. S. T. M. Harrison, A. H. Ed Hutcherson, Hubert D. L. C. Kinard, R. C. Lem-Clyde Milam, Mills Roberts, Tarver, Carl Yancey, Adams, and O. L. Helm.

Senior Students May Apply For F.S. Program
 E. D. McKay, district representative of American Field Service, will be in Memphis Monday, Oct. 3, to meet with interested members of the Junior Class and their parents. Mrs. David Aroy, president of the local club, announced Wednesday.

The meeting will be held at the school auditorium at 4:30 p. m. accompanying Mrs. McKay to this will be Miss Susan Shaw of Amarillo. She was the "American Abroad" student to Germany last summer.

Interested members of the Junior Class and their parents are urged to attend the meeting. "Can We Bridge the Gap," a booklet giving information on

the "American Abroad" program was distributed to the Junior Class last week. Wednesday questionnaires which actually consist of a preliminary application form were distributed to the Junior Class.

Allen Dunbar, co-ordinator for the "American Abroad" program, has announced the following people will serve on the committee: Neal Hindman, faculty representative; Mrs. Wendell Harrison, secretary; J. W. Coppedge, business representative; Lacy Montgomery, student representative; Clinton Voyles, Mrs. Aronofsky and Dunbar.

If one of the Memphis students is selected, he will spend six to seven weeks during the summer of 1961 living with a family abroad. The cost of sending a Memphis student is approximately \$575.00 plus travel from Memphis to point of embarkation. The Atalantean Club has donated \$350.00 of the amount needed.

At the present time, the chapter is sponsoring a German student who is attending the local high school. Various organizations in the city contributed to the chapter in order to bring the student here.

An Announcement By HENRY FORD II
 Of Importance To Every Buyer Of A 1961 Automobile...
The warranty on all 1961 Ford Motor Company Cars is being extended to 12,000 miles or one full year.
 The 1961 line of all Ford Motor Company passenger cars will bring to the American market the finest automobiles ever produced by this company.
 Every Ford, Falcon, Thunderbird, Mercury, Comet, and Lincoln-Continental has been styled, designed, engineered and manufactured with three primary goals in mind: (1) Finest quality; (2) Greatest durability; (3) Most reliable operation.
 So confident are we of the success of our efforts to achieve these goals that the written warranty on all 1961 Ford Motor Company cars is being extended to 12,000 miles or one full year, whichever comes first.
 No other American automobile carries a warranty like this. The previous Ford warranty, traditional in the industry, was for 4,000 miles or three months.
 We urge every prospective purchaser of a 1961 car to visit his Ford Motor Company dealer and learn all about the dealer's new 12,000-mile or one-full-year warranty.
Henry Ford II
 President
 Ford Motor Company
 Arrival dates
 SEPTEMBER 29: The new Ford line, sixteen all-new, full-size models with the classic Ford look, ranging from the value-leader Fairlanes to six new trend-setting Galaxies.
 OCTOBER 6: The 1961 Falcons and Comets, America's most successful compact car combination from America's largest producer of compact cars.
 OCTOBER 6: The new Mercury line, with completely new styling and wider range of models.
 NOVEMBER 3: Lincoln-Continental for 1961, America's completely new, distinctive luxury car.
 NOVEMBER 10: Thunderbird. Unmistakably new for 1961. Yet unmistakably Thunderbird.

Farm Production Is Still Accelerating

In spite of being caught in one of the most drastic cost-price squeezes in history, American farmers have increased their production efficiency at a rate far ahead of workers in industry.

If American farmers were no more efficient than those of the Soviet Union, 22,500,000 Americans who now work in manufacturing, construction, mining, the trades, transportation and other non-farm business would be required to produce the essential needs in food, clothing and forest products.

The average income per capita of those who live on farms in the United States in 1959 was \$965 for the year — \$644 from farming plus \$321 from non-farm sources such as outside employment.

The net income for one hour of farm work in 1959 was \$1.29. One hour of work in a factory averaged \$2.22. Hourly earnings of food marketing workers, those engaged in food processing, wholesale trade and retail food stores, averaged \$2.10.

Farm incomes have continued to go down steadily during most of the period since World War II, while non-farm workers have had an almost steady increase in income.

All indications seem to point to even more efficiency in the farming industry in the future, to off set the declining price gap.

Investments In Plants Abroad

The increasing rate at which American manufacturing companies are investing in plants abroad is a trend that justifies considerable concern on the part of the American people.

This means, of course, that goods will be manufactured abroad that would otherwise be made in this country, and American workers will not be employed who would be were the money invested in plants here.

Due to the combination of lowered American tariffs on foreign goods, lower production costs abroad, stemming primarily from labor costs a fraction of the American, and the reinvigoration of foreign industry with transfusions of American foreign aid, first one American industry and then another finds that it simply can no longer compete unless it transfers the scene of at least part of its operations to other countries.

If this trend continues, a growing percentage of American industrial production will be priced out of the market and unemployment will rise.

An American Medical Association news release deals with the "anatomy of apathy."

"Anatomy of Apathy"

It's about polio. It recalls the days of terrible epidemics, when victims were struck down on a mass scale.

Then, as the release puts it, "We all went to sleep." The number of paralytic polio cases has steadily increased.

Does this mean that the vaccine has failed? Dr. Alexander Langmuir, chief of Epidemiology in the Government's Communicable Disease Center, has the answer to that question.

He says: "It's not a failure of the vaccine. It's a failure of the people to use it. Eighty per cent of the paralytic cases are in the unvaccinated or incompletely vaccinated group."

The vaccine is still 90 per cent effective. But that doesn't help the 85 million people who have failed to take advantage of it.

Crime on Increase

Thirty years ago, at the request of the International Association of Chiefs of Police, the Federal Bureau of Investigation set up a division within its organization for the collection and classification of data on the incidence and nature of crime in the United States.

The annual bulletin covering the past year has just been issued and, despite all that may have been achieved in the battle on crime, the net showing is dreary.

Some of the figures are shocking. For example, there were 8580 lives snuffed out last year by murderers and attempts made on the lives of 119,610 others.

There is no attempt to explain these facts nor any suggestion as to how they can be altered in the future.

Spies Should Be Publicized

What probably gripes most Americans most is the fact that the Russians capture one of our men spying over the Soviet Union, and they make a world spectacle out of his trial.

It's high time our State Department stopped hushing up the activities of these red agents, and began telling the facts abroad so other countries in the world will know the United States has to practice counter espionage, if the free world is to stay free.

Hall County Soil Conservation District News

The Great Plains Conservation Program has assisted 65 farmers and ranchers in the Hall County Soil Conservation District, to begin carrying out a complete conservation program on their farms and ranches.

Some of the conservation measures that have been carried out under the Great Plains Conservation Program are brush control, grass seeding, terracing, diversion terrace construction, pond construction, construction of livestock water wells and storage facilities, and cross fencing for better distribution of grazing. These are only a few of the many conservation measures that are carried out by farmers and ranchers that are cooperating with the Great Plains Conservation Program.

Here are some of the reasons any farmer or rancher may find helpful from this program:

1. A farmer or rancher with cost-share help can apply a complete farm or ranch conservation plan at a stepped up pace. This will give the best drought defense service that can be had.
2. Any farmer or rancher will have a long-term contract that guarantees cost sharing to complete the conservation program. It is especially suited to those who depend entirely on farming and ranching as a livelihood.
3. A farmer or rancher can get an average of \$2500 a year as the program contribution in cost-share payments for work on the farm or ranch. The minimum contract period is three years. The maximum is 10 years.
4. The contract can be modified

to meet changing operations and conditions.

The program is a voluntary one based on a complete soil and water conservation plan. Local Soil Conservation Service technicians or members of the Soil Conservation District board of supervisors can give further information on the Great Plains Conservation Program.

Mr. and Mrs. Ben Wilson, Jr., and Pat attended the Ice Capades in Amarillo Friday.

One of the out-of-town visitors who returned to Memphis especially to attend the Hall County Picnic was Mrs. J. B. Landis of Ivanhoe, Calif. Mrs. Landis said Friday she had had a wonderful time visiting her with friends and in Wellington with a cousin, Edna Messer. Mrs. Landis left here in 1941 to go to California. Her husband was the late J. B. Landis who served as county treasurer from 1927 to 1933.

Mr. and Mrs. Harold Jennings and children, Joe and Mary, Miss

es Glenda and Suzanne Jennings of Duncan, Okla., visited during the weekend with Mrs. Jennings' mother and sister, Mrs. John C. Wilson and Miss Grace Wilson and other relatives and friends.

Mr. and Mrs. Wayne Ewing of Borger visited recently with Mr. and Mrs. B. O. Shankle. The Ewing and the Shankles went to Breckenridge where they visited with Mrs. Shankle's mother, Mrs. W. F. Ewing. Mrs. Ewing returned with the Shankles to Memphis.

LETTERS TO THE EDITOR

Dear Friends,
 Jeff and I feel that you folks did a wonderful job of putting on a very successful reunion and picnic. We know you have spent many hours of thought and work on it and just want you to know that we did enjoy it very much. It's always nice to greet and visit with old friends. We would like to have you visit us and hope you will.
 Jeff and Elizabeth Watson
 2513 21st, Lubbock

Dear Byron,
 Thanks for the picture of the cake. We think it is very good. We want you to know we thought the picnic was swell. Everything went off just like clock work. You and your co-workers did a wonderful job and we congratulate you. The food was so very good. We were sorry we had to leave before the program started. We were anxious to hear the Memphis Band again but our time was limited as we wanted to get home before dark.
 Versa and P. B. Dyer

Byron,
 I am sending you an enclosed check as my contribution to the

picnic expense fund. If you don't need it for this year, put it in the fund for next year.
 We had dinner this year rather unexpectedly and, therefore, took nothing. It was a good dinner, served with efficiency, and I think all had a good, enjoyable time. We congratulate you, and others, on the great success.
 H. A. Finch

Dear Mr. Wells,
 We were very sorry we did not have the pleasure of meeting you and your staff while in your city. We fully intended to drop by and say hello but time just did not permit, but hope to meet you and your staff next time we are in your city. We want you to know we enjoy the Democrat each week; it lets us keep in touch with our friends and our home town which is very dear to us.
 Mrs. P. E. Dyer
 2701 Ryan Place Dr.
 Fort Worth, Tex.

Dear Byron,
 I'm sorry that I will be unable to attend the Gold Medal Band reunion, but as I told you in August, it's just that time of year that I can't get away. Working up football bands and shows for two schools gets pretty thick.
 The bands, both at Rice and Jeff Davis High School are looking good. You likely won't hear Jeff Davis on the radio, but I hope that I can still impart, instill and produce some of the Old Memphis Gold Medal Band spirit and character into the Rice Owl Band that will be evident on the field and radio this fall.
 I feel most fortunate in having had the privilege of Membership in the Memphis C. of C. Gold Medal Band. I certainly feel sorry for these poor (not financially) kids that grow up in these city school bands. The band program in the city schools is most valuable, but cannot compare in the "realness" of living, participation and service of a small town band, especially one like the Gold Medal Band.

When our family discussed moving from Memphis to Lubbock about 1922 or 23, one of the main factors in staying was the Gold Medal Band.
 Yes, I hate to miss that drum duel by Jet and Harry and all the rest as mentioned in The Democrat. I expect there'll be much more than just a duel take place.
 Looking forward to hearing from you and getting the Democrat.

Holmes McNeely
 Rice Institute,
 Houston, Texas

Dear Mr. Wells,
 Thanks to you and every one who helped in any way that was from other towns and cities could enjoy such a happy reunion. Friends of yesterday, some in braces, on crutches, walking canes, silver threads that once were gold, faces lined yet not old, their smiles and warm welcome made us feel we were made better by having visited with them once again.
 The message at church, those home baked pies, cakes and cobblers were most delicious. The barbecue, we never ate any better.
 Thank you too Mrs. Dickey, Mrs. Stokes and Mr. and Mrs. Boren. Good beef always makes good barbecue. The spirit of doing for others instead of self was truly manifested and we thank the Lord for everyone of you.
 Mr. and Mrs. Jack Brumley
 3400 Bowie Street
 Amarillo, Texas

Dear Claude,
 I want to write and try to tell you, Byron Baldwin, and the many others who helped plan the Reunion just how we enjoyed Sunday, the 18th. Of course, I came as a member of the Gold Medal Band, I also came to Hall County in 1908 and was leader of the Memphis Band in 1920 and '21.
 Everyone cannot understand why this event was one in a life time for members of the Band, but I'm sure everyone of the

small number present will always remember it as just that.

It was nice to see, not only the Band again, but also to see other friends that we knew well in 1920 and before.

We came home yesterday after visiting my family in Memphis, Estelline and Parnell. So you can see that because of my relatives there, Memphis will always be my second home.

Didn't get to see Jet Fore after leaving the Park. Understand he went to Lubbock, but hope he did not lose his voice entirely.

It was a pleasure, Claude, and I'm sorry more of the Band could not attend.

Cheers for Byron, yourself and all others that helped make the day a big success.

Yours,
 Gus B. Stephenson and wife
 Tucumcari, N. Mex.

(Below is an excerpt from a letter written after the storm in Florida to Mr. and Mrs. Joe Vandiver by their son, Ralph, who has retired after serving over 20 years in the Navy, and at present holds a civil service position at the Naval Ordnance Test Laboratories.)

Dear Mom and Dad,
 We weathered the hurricane all right, but it looked for a while like it would be touch and go. As we had winds of 75 to 85 miles per hour for 12 hours and over 100 miles for 5 hours on the rear of the house, we rolled up the rug and moved everything out of the living room as it looked like our 15-foot glass window and door in back would go out any time but they held up fine.

Our line, tangelo, banana trees, shrubs and hedges were blown over but got them back up the next day and I think they will survive. The largest trees around town were the worst beaten and hundreds were blown down. Our power was off 18 hours. Miami took it very well, but the Keys were almost wiped out. Most people lost everything down there. The property loss over the state ran over a billion dollars and the worst ever for Florida. Had it not been for the building code, the loss of life would have been the biggest ever also, but the only type of building allowed is concrete block and steel with roof and other construction

under very strict law as to how they can be built and constructed, and this sure paid off.

Mr. and Mrs. J. M. Ferrel and son, John, and Buster McQueen were in Amarillo Friday to attend a toy show and the Fair.

Dear Byron,
 I want to write and try to tell you, Byron Baldwin, and the many others who helped plan the Reunion just how we enjoyed Sunday, the 18th. Of course, I came as a member of the Gold Medal Band, I also came to Hall County in 1908 and was leader of the Memphis Band in 1920 and '21.
 Everyone cannot understand why this event was one in a life time for members of the Band, but I'm sure everyone of the

1961 Fords Introduced Here Foxhall Motor Company Today

New Fords for 1961 were introduced to citizens of this area today as they were placed on display in the showroom at Foxhall Motor Company in Memphis. The showroom will consist of 16 models, including Fairlane, Fairlane four-door, Fairlane station wagon, Galaxie and station wagon, Club Victoria and a six-cylinder Country Squire station wagon. The new models have been added to the line, according to Eddie Foxhall,

Thunderbird 351 Special and the Thunderbird 292 V-8's, as well as the Mileage Maker Six, all are designed to deliver greater economy on regular grade fuels.

Ford has improved all four transmissions for 1961—the manual, overdrive, two-speed Fordomatic and dual-range Cruise-O-Matic.

The shorter, narrower dimensions and easier steering of the 1961 Ford result in greater parking ease and maneuverability.

The extended lubrication interval on the new Fords is possible through use of new, tough plastic seals and liners plus a special grease having a molybdenum-disulfide base. Even with this grease purposely wiped off, a tenacious film clings to the surface, preventing metal-to-metal contact.

Ford's brakes adjust automatically to compensate for lining wear. The self-adjusting mechanism is actuated when the brakes are applied while backing.

1961 Ford features crisp styling, new dimensions for maneuverability, and major engineering improvements such as 1000-mile lubrication, that result in lower maintenance and more carefree operation. The new Ford, nearly two inches shorter and two inches narrower than in 1960, will be a completely new, fresh face in the classic Ford line of straight-line design.

Advanced engineering and design improvements in the 1961 Ford include a car that virtually takes care of itself. Improvements include new grease and lubrication that extends the normal lubrication interval to 30,000 miles.

New, heavier brakes that adjust themselves.

Specially processed underparts, including galvanized panels below the doors, that resist rust and corrosion. Rust-inhibiting mufflers that are wrapped for three times their life.

A 250 per cent increase in the thickness of anodizing on aluminum surfaces for brighter, longer-lasting grille, headlamp and bumper trim.

These features," Foxhall said, "combined with Ford's Diamond Finish that never needs repainting and the Full-Flow oil filter system that permits a 4,000-mile oil change interval, will make 1961 Ford a more convenient service and more savings with the new Fords."

The six station wagon models, the two-door Ranch Wagon, the nine-passenger, four-door Country Squire with simulated wood paneling, have a new roll-over window in the tailgate. The new 390-cu.-in. Thunderbird Special V-8 in 1961 that is designed for effortless performance. The

The 1961 Ford Galaxie Club Victoria, a new model in the Ford line that will be introduced to the public on September 29, features crisp, new styling that has been honored by an international fashion authority in Rome for its "functional expression of classic beauty." The new Fords are nearly four inches shorter and two inches narrower for greater maneuverability, and introduce 30,000-mile lubrication. Other engineering features include self-adjusting brakes, double-wrapped aluminized muffler, longer-lasting bright trim and underbody parts, and a 4,000-mile oil change interval. A new optional 390-cubic-inch high performance engine also is available.

Mary Martha Class Meets Sept. 13 In Wilson Home

The Mary Martha Class of the First Baptist Church met Tuesday evening, Sept. 13, in the home of Mrs. Leonard Wilson with Mrs. Roy Patton, Mrs. Larry Simpson and Mrs. Henry Scott as co-hostesses.

The meeting was opened with prayer by Mrs. Loyd Phillips. After which a very inspiring devotional was given by Mrs. J. W. Fitzjarrald.

Mrs. Henry Scott, president, had charge of a short business session at which time the secretary and group leaders gave reports of the previous month. The benevolence chairman also gave her report. Mrs. Bill Billington offered prayer.

Mrs. R. E. Clark, vice president, had charge of the social hour. She conducted a very clever Bible

quiz. The meeting was closed by singing the class song, "What a Friend We Have in Jesus." The closing prayer was offered by Mrs. Omer Hill.

Members and guests enjoyed a refreshment plate consisting of pumpkin pie topped with whipped cream, and hot punch.

Members present were: Mmes. Ottie Jones, Lottie Kinard (teacher), Henry Scott, J. W. Smith, Bill Billington, H. H. Lindsey, Larry Simpson, T. J. Bridges, R. E. Clark, Omer Hill, A. J. Fowler, Ida Hutcherson, J. R. Saunders, Edd McMurry, and the hostesses, Mrs. Wilson. Guests included: Mrs. J. W. Fitzjarrald, Mrs. Loyd Phillips and Mrs. Jean Lamb.

Pat Davis, daughter of Mr. and Mrs. Ira Davis, visited this weekend with her parents. Also visiting in the Davis home was Mr. Davis' nephew, Billy Davis, wife and son, Jeffrey, of Lubbock.

Mr. and Mrs. Frank Sanders of Hart visited Saturday in the home of Mr. and Mrs. Jude Gable.

Harmony Club Has First Meeting In L. G. Rasco Home

Members of the Harmony Club held their first meeting for the year in the home of Mrs. L. G. Rasco with Mrs. Gordon Gilliam and Miss Esta McElrath as co-hostesses on Sept. 14.

Miss McElrath, president, presided during the business session.

To introduce the year of work, Miss McElrath used musical poems and a clever poem of introduction woven about the members' names. The members also enjoyed a musical game with Miss McElrath as leader.

The program consisted of a vocal duet, "One Kiss" by Romberg, sung by Mrs. Bob Fowler and Mrs. A. H. Hull. Mrs. Carl Smith and Mrs. Bill Combs played a two-piano arrangement of "The Blue Danube" by Strauss-Schultz. Lovely refreshments were served

ed to the following members: Mmes. L. G. DeBerry, Bob Fowler, Dick Fowler, R. S. Greene, A. H. Hull, Clyde Milam, Cliff Pedersen, Carl Smith, L. B. Madden, Bill Combs, Miss Mary Foreman, and the hostesses, Mmes. L. G. Rasco, Gordon Gilliam, and Miss Esta McElrath.

Mr. and Mrs. Jimmy McElrath and family of Phillips were weekend visitors in the Ivan McElrath home.

Visitors in the Floyd Liner home last weekend were Mr. and Mrs. George Blackmon of Tulare, Calif. Mrs. Blackman is Mr. Liner's sister.

Friendly Club Meets Sept. 13 In Jones Home

The Friendly Sewing Club met Sept. 13 in the home of Mrs. Jones for its regular meeting.

In the absence of the president, Mrs. Jerry Foster, and the vice president, Mrs. Jean Lamb, Mrs. Lula McMurry presided during the business meeting and opened with prayer.

"Blest Be the Tie" was sung. The thought for the day, "Cheap Advice," was also given by Mrs. McMurry.

The Lord's Prayer was repeated in unison in closing the business meeting.

The afternoon was spent in doing needle work for the hostesses.

Lovely refreshments of ice cream, cake and a cold drink were served to Mmes. Willingham, Webster, Beckham, Bray, Simpson, Dickson, Wrenn, Phillips, Moreman, Molloy, Hammonds, McMurry, and guests, Mrs. Ethel Johnson of Los Angeles, Calif., and Mrs. Ola Mae Ward; and hostess, Mrs. Jones.

The next meeting will be in the home of Mrs. W. H. Moreman, Sept. 27.

Announcing the 1961 Ford...

Beautifully proportioned to the

CLASSIC FORD LOOK

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per l'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. It cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford... beautifully proportioned to the Classic Ford Look... beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford

mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.
