Candidates For Memphis School Board Announce

R. C. Lemons and Worth Howard have authorized the Memphis School Board to place their names on the ballot for re-election; and Dick Fowler, as a candidate, to be elected and serve as a board member for the first time. John L. Burnett will not seek re-election. "Mr. Burnett has served the Memphis Schools faithfully for the past several years. He has been loyal and understanding in helping to form policies for the Memphis Schools. Mr. Burnett will be missed by all board members and friends that have worked with him as a board member," Supt. W. C. Davis said. Candidates must file applications for the school board election 30 days prior to the date of the election in order to get their names on the ballot.

Local FFA Salutes National FFA Week

The Future Farmers of America is a national organization composed of approximately 370,000 members. About one-tenth of these members are from Texas. This information was issued by Neil Hindman, vocational agriculture instructor of Memphis High School in conjunction with National FFA Week. The Memphis High School vocational agriculture department at the present time is made up of 55 members. The V. A. Class III, which is composed of junior and senior students, constitutes the largest class with an enrollment of 23. The V. A. II group, made up primarily of sophomores, is the second largest class with an enrollment of 18 members; while the V. A. I, or freshman group, has an enrollment of 14. This is one of the largest, if not the largest, group of students to take the subjects at Memphis, Hindman stated. In explaining the program, the instructor said that each student enrolled in vocational agriculture must have a production project, which involves the production of some type of crop or livestock. During the school year 1959-60, Memphis V. A. students cleared \$2,131.45 from their production projects. These projects have two definite purposes. They allow the student to gain experience and to make a profit. "Since agriculture is such a large field, courses in vocational agriculture offer quite a variation in subject matter," Hindman said. Students are not limited to classroom studies. The shop is put to full use while much instruction takes place in the field or on the ranch. The FFA motto gives a good picture of the content of a course in vocational agriculture, it was pointed. It is: "Learning to do, Doing to learn, Earning to live, Living to serve." The local chapter is led by a capable set of officers. They are: Bunky Adcock, president; Dick Morgan, vice president; Dwight Gailey, secretary; Jimmy Fields, treasurer; Robert Moss, reporter; and Don Gailey, sentinel. Offices of the Greenhand Chapter are: Billy Foster, president; Dale Hall, vice president; Mike Webster, reporter; Randy Brown, treasurer; Marvin Spencer, secretary; and Earnest Neel, sentinel. The FFA Chapter Sweetheart is Miss Teresa Beckham.

Progressive Plans Made By Local School Board

Co-Op Gin Is Being Planned at Estelline

Approximately 40 farmers attended a meeting Friday, Feb. 17, at 2 p. m. in the Estelline High School auditorium to organize plans for a Co-Op gin for that area. At the meeting, a tentative board of directors was chosen, which includes: Jerrel Rapp, Jim Hutchins, Joe Eddins, Clinton Richburg, Jack Boney, Ted Barnes and Carl Hill. The speaker for the meeting was C. E. Bowles of Lubbock, from the Plains Cotton Co-Operative Association. Mr. Bowles explained that this Co-Op bought over 400,000 bales of cotton this last year. He stated after the meeting that he gave Estelline an excellent chance to put a good gin organization over. A meeting will be held in the near future to carry out plans for the gin.

Memphis Downs Lefors in Last Basketball Game

The Memphis Cyclone and Cyclonette finished their season Friday night at Lefors. The Cyclone won their first district conference game over Lefors, 42-37. Coach Bob Martin said the boys game was one of the best defensive games his team has played all season. The local team was never behind on the scoreboard with the exception of the first two points, which were racked up by Lefors. The local team scored 9 points the first quarter, 10 points the second, 11 in the third, and 12 more in the fourth quarter. Quarter scores were 9-4, 19-9, 30-25, and 42-37. Don Gailey was high scorer for the local squad with 12 points. Ronald Ables made 10, and Jackie Bridges and Bunky Adcock each scored 9 points. Burres of Lefors hit for 16 points, while Fitch added 11. Lefors' low score was attributed to the good defense of the local team. Fifty per cent of the Pirates' score was from the free-throw line. The Cyclonette lost its last game to the Lefors girls 43-31. Lewis of Lefors made 24 points to be the game's high scorer, while Sondra Stargel made 13 points and Jo Ann Widener made 11 for the local team.

W. C. Whitfield, Retired Farmer, Dies Saturday

Funeral services for W. C. Whitfield, 77, retired farmer and long-time county resident, were held at 3 p. m. Monday from the Travis Baptist Church with Rev. L. E. Barrett, pastor, officiating. He was assisted by Rev. M. O. Evans, pastor of the Holiday Baptist Church, and Rev. V. C. Sparks pastor of the Assembly of God Church. Interment was in Fairview Cemetery with services under the direction of Spicer Funeral Home. Mr. Whitfield passed away Saturday at his home, 706 North 11th Street. William Charles Whitfield was born Sept. 6, 1883, at Cave Springs, Ga. He was united in marriage to Miss Cilla Sassel in 1904 in McLennan County, Tex. The couple moved to Hall County in 1915 from Waco. They settled in the Plaska community where they were engaged in farming for approximately 40 years. Mr. Whitfield retired five years ago and the couple moved to Memphis. Mr. Whitfield was an active member of the Travis Baptist Church and was serving on the board of deacons at the time of his death. He was also a member of the Plaska IOOF Lodge. He is survived by his wife, Mrs. W. C. Whitfield of Memphis; five daughters, Mrs. Clara Rea of Memphis, Mrs. Florence Evans of Arlington, Mrs. Iona Ramsey of Santa Maria, Calif., Mrs. Aileen Holt of Lakeview and Mrs. Katherine McLain of Borger; two (Continued on Page Ten)

An expanded curriculum will provide students of Memphis High School with more subjects to explore next year, it was announced this week by school officials.

The following subjects have been approved by the Memphis School Board, and will be offered next year: solid geometry, trigonometry, Spanish, auto-mechanics, and a woodworking shop.

Another program for the summer session this year was approved. This is a drivers education class to be taught by Donal Gilstrap this summer. It was announced that 60 students of the local school will take the course, which calls for 30 classroom hours, six hours driving with the instructor and six additional hours of driving.

Since more students are driving cars to school, a parking problem has been created the past few years, Supt. W. C. Davis stated. The school board has approved a new parking lot, which will be located on the southeast corner of the high school grounds. This school area will be converted into a modern, hard-surfaced, black-topped parking zone properly lined to accommodate 75 cars. This will also relieve the congestion of parking for all school activities and will add comfort, safety and convenience to all school patrons, it was explained.

Trees around the Memphis schools are now receiving a good trimming. This necessity is the result of splitting limbs, overgrowth and age.

Also approved by the board was the making of a practice field south of Cyclone Stadium. The fence on the south end of the football field will be moved to make way for a practice field. The practice field is necessary to preserve the turf of the playing field.

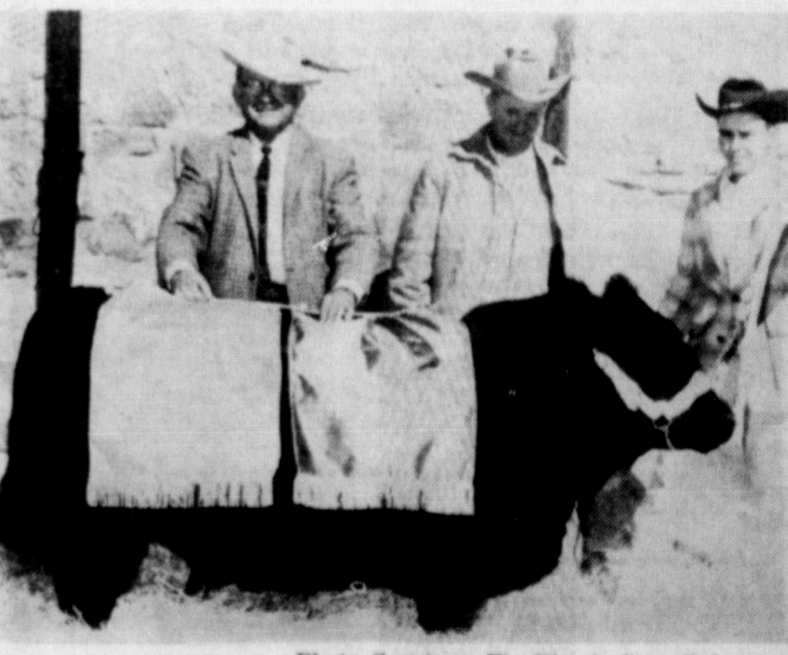

For safety and fire prevention, new fire incinerators will be constructed for Austin Elementary, Travis Elementary, and Morning-side Schools.

At the last meeting of the school board, the following listed personnel were awarded new contracts: W. C. Davis, three years; Clinton Voyles, two years; B. J. Thomson, two years; Ethel Hillhouse, two years; and Mrs. C. D. Morris, two years. Coach Don Lambert, Robert Martin, Donal Gilstrap and Miss Maurice Berry were awarded one year contracts.

School Board Election
The Memphis School Board has called an election Saturday, April 1, for the purpose of electing three members to the board. R. C. Lemons, Worth Howard and John L. Burnett are the three members whose terms are expiring.

GRAND CHAMPION—Pictured above is the Hereford steer which won Grand Champion honors of the Southwestern Livestock Show at El Paso recently. Pictured with the steer are from left to right: James Potts, H. M. Breedlove, Donley County Agent, and Tracy Sanders of Hedley. The steer was bred by Tommie Potts, sired by T. P. Husker Mischief and the dam was Tamora 164. The steer had been showed in three other shows, placing high in each of them.

GRAND CHAMPION ANGUS—Pictured above is the Grand Champion Angus and the Reserve Champion of the El Paso Southwestern Livestock Show. Pictured with the steer from left to right are County Agent W. B. Hooser, Lowell Houston, and Johnny Fuston. The steer was bred by Mr. and Mrs. Bill Bradley, sired by O. F. Envious Blackcap 15, and the dam was Blackcap of Green Pasture. The steer made the required gain for the 140-day feeding test and is registered in the Performance Registry International.

Report From Washington
By WALTER ROGERS

THE AFRICAN PROBLEM
The recent death of Patrice Lumumba has brought into clear focus the fact that there are many, many problems associated with the continent of Africa, and that there will be many, many more not readily discernible. Africa is attempting to do in a very few years what it has taken this country since 1492 to accomplish. In other words, the task of bringing Africa to modern day American standards is equivalent to the task that would have faced Christopher Columbus in 1492 when he stepped off his ship onto the virgin new world. This task may not be impossible to accomplish, but it is highly improbable, even with the modern day methods, unless the people of that continent are able to face the problem involved and fully appreciate what must be done to solve it. This is most difficult in a country that is 95 percent completely illiterate; a country which is rich in natural resources, but wholly lacking in human knowledge; a country in which the government is primarily tribal and the chief political divisions are tribal; a continent inhabited by some 220 million people, as best estimated, who generally pursue a day-to-day existence with no understanding of modern day economics.

equal to that of the United States. These new nations must choose between two ideologies; either freedom under the philosophies of western democracy, or a regimented and restricted existence under the communistic doctrines of the Soviet philosophies. In order to make the proper choice, it is essential that these people have the advice and counsel of an educated and well-trained mind; preferably an educated and well-trained mind of their own people, in whom they can place definite trust.

The difficulty is that very few of their people have an education, and fewer have any training or experience at all in government matters. There are only ten universities in tropical Africa, and some of these have just started to function, such as Lovanium University in the Congo, which graduated its first students in 1959. Only about 7,000 African students were enrolled at African institutions in 1958. Several thousand were studying in the United Kingdom, France, Italy, and other countries. There were some 1,165 Africans studying in American institutions in 1960. But these numbers are infinitesimal when compared with the populations of the countries in Africa and the number of people who have not the slightest education of any kind, outside of nature. Efforts are being made by many universities and groups in this country to afford educational opportunities to these peoples from these new nations of the world. We in this country are always willing to help our fellow men. But, it is most difficult to be helpful when those who need the help refuse to recognize the fact that independence and freedom have corresponding responsibilities. It would seem that those Africans who have been so fortunate as to be afforded educational opportunities would be trying to explain to their own people the responsibilities which must be assumed. It would seem that those of their own race who

live in this country and enjoy the benefits of western democracy would see the great opportunity to counsel with those in Africa. It is an unlimited opportunity to strike telling blows against communism. Certainly these new nations in this world cannot make headway toward the full exercise of freedom and independence employing the tactics which were used at the meeting of the Security Council in New York on Wednesday, February 15th and at the Belgian Embassy in Washington, D. C. on that same date. I do not know the nationality or the make-up of the groups causing the disturbance at the United Nations, but those who moved against the Belgian Embassy in Washington were listed in the police records as natives of Nigeria, Tanganyika, Kenya, Uganda, Ethiopia, and Sierra Leone. They were students in this country, enjoying the hospitality of this country. They attacked the property of another nation, in violation of the laws of this land and with a total disregard for diplomatic ethics. The newspapers in Washington listed the 25 students who engaged in this unlawful demonstration.

This conduct and that of the demonstrators in New York undoubtedly caused chuckles of glee to Mr. Khrushchev and other communist leaders. It would behoove all who participated in these activities to carefully analyze their behavior and ask themselves what contribution they think they have made to the future welfare of

these newborn nations. It would be well for them to remember that the only reason they were not lined up against a wall and shot is because they were in a country governed by laws, not men.

Estelle Guthrie and Mrs. Ralph Howard and family of Lubbock visited here this week with relatives.

Mr. and Mrs. J. N. Helm, Jr., visited the first of the week in Lubbock with relatives.

Mrs. Charles Pullen of Berger and her daughter were weekend visitors in the home of Mrs. Henry Scott.

UDC Enjoys Book Review By Mrs. Moreman

Mrs. Herlie Moreman reviewed "The War Years" by Lt. Col. W. W. Blackford, C. S. A., at the Feb. 12 meeting of the United Daughters of the Confederacy. Miss Sybil Gurley was hostess for the meeting.

"The lively reminiscences of the War Between the States were set down by the author during the 90's and are now published for the first time," according to Mrs. Moreman. Stories are centered around J. E. B. Stewart and his activities and are most interestingly related.

Mrs. Emma Baskerville accompanied Mrs. L. G. DeBerry as she sang "Ol' Man River."

The president, Mrs. Baskerville, then conducted a brief business session.

Delicious refreshments were served to Meses. Baskerville, R. E. Clark, L. G. DeBerry, O. R. Goodman, T. J. Hampton, Herlie Moreman, J. H. Norman, Mrs. Gurley and Miss Gurley.

Mrs. J. A. Odom was hostess to the chapter for the January meeting at which time a covered dish luncheon was enjoyed by the members.

The next meeting will be held in the home of Mrs. J. H. Norman March 14.

Atalanteans Enjoy International Affairs Program

Members of the Atalantean Club met Wednesday afternoon, Feb. 15, at 3 p. m. in the home of Mrs. Ralph Williams.

Mrs. J. W. Coppedge, president, conducted the regular business meeting.

Mrs. Eddie Foxhall, program chairman, introduced the program entitled "Treasures of Truth" (International Affairs). Mrs. Martin discussed "International News."

She stated that "we have gone far afield from the early standards of the founding fathers. The American Legion is thoroughly American in its belief. It is on record as opposing federal financing of schools to replace local and state support. We are led to believe that federal financing of schools will finally lead to federal control of schools. We cannot doubt that our schools will be better if

responsibility for their improvement rests with local communities."

Mrs. Norman presented a discussion on "Farming Around the World." She brought out the fact that Russia's biggest problem in farming is inefficiency.

"Fifty-five per cent of the work is done by women. Agriculture in China is very crude. China has a big tax in order to feed 400 million people daily," she said.

She spoke on the Dutch concentrating on the growth of flowers and potatoes while England is developing outstanding apple orchards. Her discussion included farming in other countries such as Mexico, Norway and Denmark.

Mrs. Odom spoke on "Treasures of the Late Dr. Tom Dooley." She brought out his accomplishments, especially his contributions of time, effort, etc., to the jungle and primitive areas. Dr. Dooley was one of the most famous physicians up to the time of his death in January, 1960, she stated.

According to Mrs. Odom, Dr. Dooley rated seventh among ten of the most capable doctors, was leader in the medical field, espe-

cially in Southwestern America. American Pharmaceutical Association offered him their award and so did the Medical Association. Delicious refreshments were served to the following: Earl Allen, L. E. Barrett, Coppedge, Herbert Curry, Dickey, H. B. Estes, Edna Hall, Claud Johnson, L. G. Cecil McCollum, J. H. Norman, A. Odom, Myrtis Phelan, Boone, Ralph Williams, Eugene King, and two guests, Jimmy Sexton of Canyon and Sam Judd of Denver, Colo.

Scout Leaders Meet Feb. 16 At Drive-In

The leaders of the Girl Scout Troops of Memphis met at the Cyclone Drive Inn on Feb. 16 to discuss, with Miss Kay Howell of Pampa, plans for a Girl Scout Fair to be held in Memphis during Girl Scout Week, March 11 through March 18.

Miss Howell announced that there would be a council meeting April 16 at Clarendon and she urged all girls of eighth grade or over to attend in order to see how a council meeting is held.

According to Miss Powell, the council had decided that Brownies would not participate in the cookie or the magazine sales. The Girl Scouts will be selling magazines, that only members of intermediate troops will be allowed to sell subscriptions under the direction of Mrs. Les Sims, Mrs. Brode Hoover, Mrs. Doyle Fowler, and Mrs. Glenn Bruce.

The announcement was made by Miss Howell of the program "Honor Our Leader" to be held at the

Paula Blevins Is Named On WTSC Honor Roll

Paula Blevins was among students listed on the West Texas State College honor roll for the first semester, according to dean of the college. To qualify for the honor roll a student must be in the upper 5 percent of undergraduate students. All students on the list compiled a scholastic grade point average of 2.37 or above.

A freshman student majoring in business, Paula is the daughter of Mr. and Mrs. Paul Blevins and an honor graduate of Memphis High School with the 1960 graduating class.

Coronado Inn in Pampa April 14 from 9:30 a. m. to 2:00 p. m., and she urged all leaders to attend this day of honor for them.

The leaders present at the meeting gave reports of the activities in their troops. Those attending were Mrs. Boyce Bruce, Mrs. Y. Z. Taylor, Mrs. Doyle Fowler, Mrs. Doug Burgess and Mrs. Henry Ford.

Soil Conservation District News Hall County

Do you recall how scarce the quail were during the past hunting season? There were very few locations that had their usual number of birds.

There are things we can be doing now to maintain and improve our bird population. These same activities will also influence and help other wildlife as well. This is the time of year when wildlife needs for cover and food are most critical.

Cover for wildlife can be developed and maintained through planting of brush, proper grazing of pastures so that ample native cover such as grass and weeds remain, leaving stubble standing in fields as long as possible. These types of cover provide protection from the weather and predatory birds and animals. This same cover and protection will be available for the wildlife during the mating and nesting season.

Burning off pastures, fence rows and fields destroy cover and food. Not only is burning harmful to wildlife, it is the worst thing a person can do to the soil. It destroys organic material and leaves the land bare to the ravages of wind and water erosion.

As our population increases there are more and more sportsmen wanting places to hunt and fish. By properly managing all of our land we can help the wildlife

Mizpah Guild Meets in Home of Mrs. W. E. Leslie

The Mizpah Guild of the Presbyterian Church met Monday, Feb. 20, in the home of Mrs. W. E. Leslie.

The meeting was called to order by the president, Mrs. Mills Roberts, after which Mrs. Bill Cosby gave the opening prayer. The group recited the 23rd Psalm in unison and Mrs. Courtney Denny presented a devotional "The Shepherd's Psalm."

Members answered roll call and a short business session was held. The program, Chapter 2 of "One Calling", was prepared by Mrs. Richard Avery and given by Mrs. Carl Harrison assisted by Mrs. Mills Roberts and Mrs. Allen Grandy.

The meeting closed with the Mizpah benediction.

During the social hour refreshments were served to the following members: Meses Virginia Browder, Glen Cosby, Ora Denny, Boodie Grundy, Ruth Harrison, Elsie Hoover, Jimmie Montgomery, Agnes Nelson, Gladys Power, Ila Roberts, Mossie Wright and hostess, Wilma Leslie.

Will Writes from Austin

By WILL EHRLÉ
State Representative
59th District

Methods of handling our state deficits are still looming large in the session as members of the Legislature are taking long looks at the three major tax proposals.

At this early stage it would appear either a sales, payroll, or state income tax will be necessary to defray our costs and "balance the books."

It is unfortunate, as I am not enthusiastic about any of the three, but additional taxes on oil and gas won't be enough to handle the \$250,000,000 estimate of new money needed by Texas for the next two years.

Rural representatives in the House were pleased this week as we passed the House Bill 59, relating to agricultural trailers, which corrects what we believe is unfair license and registration fees.

cultural trailers for use on highways up to a gross weight of 14,000 pounds so long as a farmer is hauling his own products.

It seems inequitable to us that a farmer should have to register and license his trailer for a full year when he needs it for only a limited time each year. This bill will greatly benefit the cotton farmers in our district.

University of Houston

Among other important matters, the University of Houston is pressing the Legislature for state aid this year. Officials from that school appeared this week before the House and Senate presenting their case.

Bills are now being considered in the House and Senate proposing state aid, contending that increased tuition has forced many students in the Houston area to bypass higher education.

Water Program

An important step in our water program passed the House this week. It would allow the Texas Water Development Board to loan a city or water authority up to 15 million dollars for financing.

This program, if passed by the Senate, would allow Texas to loan the Greenbelt Water Authority the full amount to finance this project; the money to be paid back over a 40-year period.

Please let me have your views on the important question of taxes.

ESTELLINE NEWS

Rev. and Mrs. Joe Allison and girls recently visited in the home of Mr. and Mrs. Waldo Cox in Abernathy.

Mrs. Claude Welch and James were Amarillo visitors the first of the week.

Mr. and Mrs. E. A. Knox of Amarillo visited in the home of their son, Ivan Knox, and family last week.

All district teams in basketball for District 11-B were announced recently. Boys: Paul Corona and Teddy Barnes of Estelline; Conroy Lacy of Turkey; Johnston, Starkey, and Morrison of Quitaque. Girls were: Campbell and Barton of Matador; C. Woods, and W. Woods of Quitaque; Clements and Barclay of Lakeview; and Degan of Turkey.

Mrs. J. L. Darby has returned home from a Quannah hospital.

Mr. and Mrs. Cecil Adams visited their son, Bobby Adams, and wife at Windthorst last weekend.

Mrs. Rab Holland has been on the sick list this week.

The Estelline Junior High basketball teams played in Estelline last Thursday night, and the return game was in Lakeview Monday night. The Lakeview girls won both contests by a large score. The boys split the decisions with Estelline taking the first game 26-12, and losing the last 18-20. David Walker was high point man for the juniors in their game.

Rene Pardue is home with the chicken pox this week.

Mr. and Mrs. J. H. Helm, Jr., were Lubbock visitors the first of the week.

The Intermediate Class of the First Methodist Church had a bowling party last week. Those attending were: Noel Clifton, Jr., Ricky and Freddie Futch, Sarah and Jay Holland, and Janie Helm along with their sponsors, Rev. and Mrs. James Futch.

Mrs. Carl Bowman of Parnell who recently underwent surgery at Northwest Texas Hospital in Amarillo has returned home, and is reported to be doing fine.

Mrs. George McMinn and Mrs. Ben Jackson attended the Baptist Worker's conference in Lakeview Tuesday.

Guests in the Ben Jackson home over the weekend were her two sisters, Mrs. J. W. Green of Childress and Mrs. A. A. Vermilion of Wichita Falls.

County Line Club Meets February 17

The County Line Club met February 17 in the home of Mrs. R. L. Nelson.

The meeting was called to order by the president, Mrs. J. E. Masterson. A devotional reading was given by Mrs. S. E. Winkler, and roll call was answered with "My Favorite Color Combination". A report was given on the council meeting, and leaders were appointed for all club activities. A demonstration was given on recovering old lamp shades.

Five new members came into the club during the month of February.

Refreshments were served to five guests, Meses, Ted Barnes, Wynman Davis, Lillie Bagwell, S. S. Cooper, J. H. Wright; and the following members: Meses, Ben Jackson, E. R. Orcutt, R. A. Eddleman, Clinton Richburg, Jack Gresham, J. E. Masterson, Lester Phillips, S. E. Winkler and the hostess, Mrs. R. L. Nelson.

The next meeting will be held March 3 in the home of Mrs. E. R. Orcutt.

Kelly Hutchins Has Ninth Birthday Party

Kelly Hutchins of Estelline entertained with a party on his ninth birthday Feb. 21.

Refreshments were served the third grade in school by his mother, Mrs. Jim Hutchins, assisted by his sister Holly (age two) and Kim (seven years old).

Refreshments included white cup cakes with white icing, a red life saver with a miniature flag in it (for Washington's birthday), ice cream sticks and bubble gum. Red napkins were used to complete the color scheme.

Afterwards, eight of the boys went bowling to Childress. They included Steve Pardue, Ted Jones, Frankie Welch, Mike Wood, Doug Fowler, Gary Morrison, Kelly and Kim Hutchins.

MINUTE MEDITATION

O Jehovah, the God of our fathers, In thee do we trust for thou cannot fail. In this hour we ask thy wisdom to counsel us and thy strength to help us through the day.

O God, lift up the heads that are bowed down in sorrow and soothe the aching hearts that are bleeding and sore.

Grant us strength in the hour of trial and give us courage to face the tomorrows.

Endow us with wisdom to understand the great mystery of life and help us to see the purpose in death.

And now O Merciful God, We thank thee for the riches of thy love, and for the unspeakable gift of thy son, and for the promises of the life that now is, and the life that is to come

Through Christ the Lord, Amen

OLD AND NEW SITES — Pictured above are the old and new sites of the proposed Greenbelt Municipal and Industrial Water Authority are shown above. The old site is titled Whitefish Creek Dam Site. This site was abandoned when drilling proved there would be no red clay onto which the ends of the earthen dam could be connected and eventually would develop. The new proposed dam site, shown on the map as the Alternate Dam Site, is down river and in Collingsworth County. Both are north of Hedley. The alternate Dam Site has not been core-drilled but visible clay banks indicate a solid foundation for the dam. The old lake would have covered 4,690 acres and impounded 153,400 acre feet of water while the new dam, according to engineers, will cover 5,212 acres and hold 158,850 acre feet of water. The map shows that water impounded would back above the site of the Whitefish dam site.

Step-Mother Of G. D. Stevens Dies

Mrs. Robert Slusser, 88, step-mother of G. D. Stevens, passed away Sunday, February 19, in Louisville, Indiana. Survivors, other than Mr. Stevens, include two daughters. Mr. Stevens was unable to at-

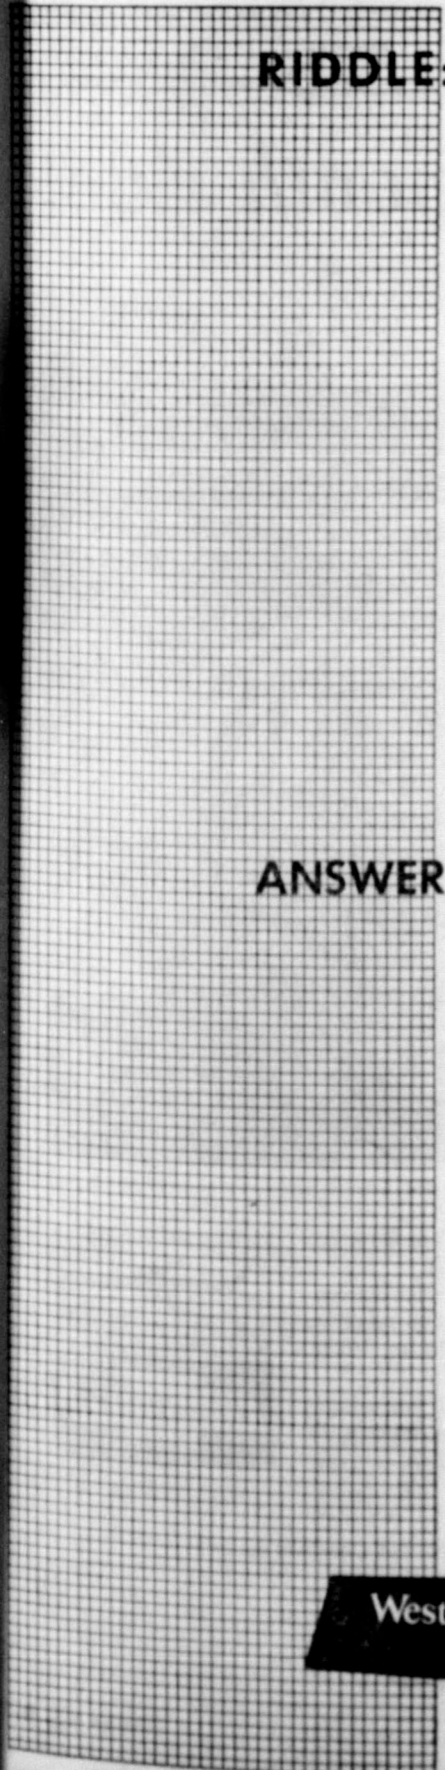

tend services due to inability to make plane reservations because of the air line strike.

Mrs. W. D. Young returned recently from a two-week visit with her daughter in Brownfield, Mrs. R. B. Sampson and family; with her son, Bob Young, in Midland; with her sister and husband in Monahans, Mr. and Mrs. J. C.

Young; and in Odessa with Mr. and Mrs. Bill Monzingo.

Weekend visitors in the Robert Stewart home were Bobbie Stewart and Delores Johnston, both of Amarillo, and Mr. and Mrs. Gene Stewart and Kathy of Childress.

Mary Foreman of Big Spring visited here this week with friends.

RIDDLE: What costs less the more you use it?

ANSWER: The electricity

that serves you in your home. The more of it you use, the bigger the bargain... the less you pay per kilowatt-hour for it. In fact, in homes served by WTU the average cost of electricity is 22% less than it was 10 years ago.

Think how many new uses you have for electricity these days... from your TV to your work-saving appliances for cleaning and washing. This is why your over-all bill may be a little higher than in the old days.

But what else in your home can give you so much value yet cost so little?

Tax Delinquency Also a Problem

One of the big problems facing any taxing unit, whether it be a school district, a city, or county, is the problem of delinquent taxes.

Each year, without exception, there are those who fail to pay their taxes. The reason for this failure, is many times attributed to lack of funds, during a lean year.

It was reported by tax assessor-collectors here that in the past two years, many due back taxes have been collected, and the delinquency list has been reduced to about two and one-half per cent.

Considering the fact that many counties have a delinquency figure of five, six and seven per cent, Hall County tax officers are not facing such a critical problem. However, two and five-tenths per cent still amounts to near \$3,000 for the county, and a lesser amount for the city and school.

Considering the figures that only 10 per cent of the delinquencies are redeemed within the year, this means that each year \$2,700 is not collected.

Taxes are broken down into personal property taxes and real property taxes. Delinquent real property taxes are never written off the tax role. As in the past, tax suits can be brought against owners for delinquent taxes.

However, personal property taxes are carried for a few years and then dropped from the tax role if they are delinquent.

It is the duty of all citizens to render and pay personal property taxes, and it is to real property owners an advantage to keep their property clear of delinquent taxes. No real property can be sold unless the taxes on that property have been paid.

President's Broad, Vigorous Program to Halt Gold Drain

President Kennedy's message on protecting gold reserve is a vigorous one. He points out that our situation is one that justifies concern but not panic and adds that the United States has a special responsibility to maintain the dollar as a principal currency of the free world. This requires that the dollar be considered as good as gold.

His program calls for an increase in exports, a reduction in imports, and an increase in productivity to make exports competitive. He further points out that the government of the United States and its citizens hold large assets abroad which stand behind the dollar.

The official dollar price of gold will be maintained at \$35 an ounce, the President said. Those who hope to profit by an increase in the price of gold will be disappointed.

The United States has never made use of its drawing rights under the international monetary fund to meet deficits in its balance of payments. These rights should and will be exercised.

The following program designed to stop the outflow of gold was outlined:

Permit the United States banks to pay high interest on foreign deposits in this country to check the outflow of dollars and gold abroad.

Increase United States industrial productivity and make this country's goods increasingly competitive in world markets prices.

Encourage foreign travel in the United States to bring back more of the \$2 billion now spent abroad by Americans.

Reduce from \$500 to \$100 the total of goods Americans may bring home from abroad before import duties begin.

Seek abolishment of quota restrictions some foreign countries still enforce against this country's goods.

Enact legislation to prevent Americans from using foreign "tax havens" to escape United States taxes.

Curb expenditures abroad by military personnel for "tourism and the purchase of durable goods."

Urge the purchase of newer weapons and weapons systems by allies able to do so.

Expand farm exports and promptly remove restrictions against American exports.

The program is one that few people can quarrel with. Since the war, Europe has recovered principally because of our aid. Today European nations are more prosperous than they have ever been and the President is determined to see that they accept the responsibilities which they are now able to assume and that the United States be relieved of some burdens which it is no longer necessary for this country to carry. If this program is put through speedily and with intelligence, it should have a very beneficial effect on our entire economy.

What Other Editors Say

Are We Educating Adults?

The telephone promotion scheme being worked in Perryton for the past couple of weeks has used an ultra simple question as bait—'Who was Roosevelt's vice president at the time he died in office? If you can answer that, you get a prize for being so smart.'

At least, this question seems simple, but we've been told that not everybody knows it was Harry Truman. It would be interesting to learn how many incorrect answers were given by the hundreds of Perryton citizens thus queried.

We noted the other day that a major steel company ran a quiz among 3,500 of their management personnel, people who are supposed to keep up on things, and the results were most revealing. In fact, these results were quite shocking.

1.87 per cent had no clear idea what kind of government the Constitution sets up.

2.75 per cent could not pick an outstanding Republican from among five men, four of whom were Democrats.

3.79 per cent did not know the Supreme Court is independent of our Constitutional system.

4.66 per cent had no idea what is meant by separation of powers.

5.55 per cent did not know how federal laws are passed.

6.43 per cent had the wrong idea of what the Hoover Commission was or did.

7.49 per cent did not know why balanced budgets are important.

8.47 per cent think Capitol Hill is the location of the White House.

9.34 per cent did not know that the Vice President acts as President of the Senate.

10.32 per cent think that Sam Rayburn is a Republican, a thought that would curl that gentleman's hair if he had any.

We have been concerned with modern education's failure to emphasize the "three R's" of reading, writing and arithmetic, but this sort of survey seems to emphasize that there is a certain lack of knowledge about civics.

We need to be concerned about educating adults as well as children, if adults don't know any more about our governmental processes than shown on this survey.

George Washington A Texan?

George Washington, whose birthday we celebrate next month, was a most remarkable Texan. Since Texans don't like to brag, few know that George was a native son of the Lone Star State. Most folks think he hailed from Virginia, but here is the properly documented truth: George lived with his folks at Washington-on-the-Brazos. They had a big cotton farm with one of those ante-bellum mansions and a big mesquite tree in the front yard. Papa Washington was right proud of that mesquite. So you can imagine his ire when one morn-

ing he awoke to find nothing but a stump.

"Son," he asks George, "did you cut down my mesquite?"

You know the rest of the story. George couldn't tell a lie. After all, he was the father of his country.

"Well Son," Papa Washington said, "if you can't tell a lie, we ain't got no business in Texas." So they moved lock, stock and barrel to Virginia and, like Ike, George got to be president.

In Texas, you know, lying isn't a sin, it's an art.

Somebody asked a friend of mine in Oklahoma how to tell when a Texan was lying. An Old Sooner wise in the ways of the folks south of the Red River, gave this advice:

"If he slaps his thigh, it don't mean nothing except maybe he's swatting a mosquito. If he scratches his head that don't necessarily mean anything either, less'n he's shaking the dust out of his hair."

"Don't pay no 'tention if he rolls his eyeball around like a moonin' calf. But the minute his lips move, be kerful—HE'S LYING!"

A group of about one hundred Kivans Club members of Fort Worth will pause 20 minutes in Memphis next Thursday afternoon February 27, on their annual goodwill tour in the interest of the Fort Worth fat stock show. More than one hundred beef calves, 75 swine, and some lambs will be exhibited at the annual 4-H and FFA fat stock show, to be held in Memphis, March 1. County Agent W. B. Hooser said this week as plans for the show became further advanced. The City of Turkey will be 48 years old right away, and so the citizens have set aside two days, Friday, February 28, and Saturday, March 1, to celebrate the occasion. The celebration will begin Friday night with an "Oldtimey dance at Hedrick's Hall and will continue on through Saturday when old settlers living in the three-county area comprising the Turkey trade territory come to town to register. Mr. and Mrs. T. W. Harrison, Mrs. S. T. Harrison, and Pearle Hague were Sunday visitors in Mangum, Okla., with Mrs. E. N. Clabaugh. Mrs. S. T. Harrison remained for a few days' visit.

New '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan—Jet-smooth traveler that rivals the luxury cars in everything but price

The '61 Chevy loves to go because it goes so well. Purrs along pavements like a happy tabby. Takes rough roads in stride and all roads in style.

Just why does a Jet-smooth Chevy treat riders as royally as the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb Body by Fisher insulated to hush away road sounds. All this adds

up to less sway, less jounce, less dip, less dive, less tilt, less noise, less... well you name it.

Now combine this Jet-smooth ride with conveniences to pamper you and roominess to relax in. Add a full measure of quiet good looks. Voila, you've got Chevy's formula.

And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.

Robert Mann Singing With In Germany

Robert F. Mann, 20, and Mrs. Hubert P. Hedley, participated in the personnel from the German Company in Exchange Shield II at the Hohenfels training camp recently. The camp closed Feb. 8.

Heiner was provided training in simulated combat conditions by the individual soldier at all command levels. He also received intensive training in the employment of advanced supply clerk in the Karlsruhe, entered August, 1959, and arrived overseas in the year.

Heiner was a graduate of Lelia School and was employed as a handle Appliance Salesman, Amarillo, before Army.

Heiner Ludemann Speaks To Estelline Lions

The Estelline Lions Club and the junior and senior classes of Estelline were privileged to hear Heiner Ludemann, German exchange student from Memphis, as he spoke to them Wednesday.

Heiner was sent to Memphis through the American Field Service program, and is studying in Memphis High School this year. The senior student is living in the home of Mr. and Mrs. Ace Gailey.

He said that all Americans were rich in comparison to the Germans. Heiner stated that there are over 500 people per square mile in Germany while there are only nine people per square mile in Hall County; only the very rich in Germany live in houses the like of which most of the people in America reside. He also brought out the political life in the country and the schools in Germany today. He said he enjoyed studying agriculture the most here in America because he would not have had the opportunity in Germany.

Rainfall Measures 1.30 Inches Here

Slow rains here this week measured 1.30 inches according to J. J. McMickin, official weather observer.

Temperatures have been mild for February, with the highest reaching 67 degrees Wednesday and in the high 70's on Friday and Saturday last week.

High-low temperature spread as recorded by McMickin included: Wednesday 38-67, Tuesday 33-50, Monday 33-43, Sunday 25-48, Saturday 18-79, Friday 51-78, and Thursday 44-75.

The Bloomin' News

There's still time to apply that dormant spray to your rose bushes, etc. NOW is the best time to control disease and insects and we have the special deal on ORTHO spray, only \$1.98. Remember too, we have a wide selection of both standard and patented rose bushes in pots, ready to set out now or any time before hot weather but it might be well for you to reserve the quantities and varieties you want now.

Remember the swell gift to our community of the lumber for park tables? The building of these tables is now well under way by the Fire Department. We are getting some mighty valuable help from other interested citizens and nobody is barred from helping on the project. Some of us are working most every Tuesday and Thursday night. We don't especially need any more supervisory help but if you can wield a paint brush or drive a nail, then you will be welcome.

We are going to have some mighty nice lawns in town this summer because lots of people have already applied PAX on theirs. This not only takes care of the Crab Grass and pest problem but it also gives lawns an ideal feeding. We still have plenty of it in stock and will loan you our spreader. Use it before your lawn—and the Crab Grass—gets green.

Mr. Ribicoff finally let the cat out of the bag—that the only way the federal government can do all of these things for all of these people is to collect a few taxes from you and me. Personally, if I'm going to have to support my brother, I would rather give it to him direct than to have it go thru Washington.

Let's all try to become better informed citizens concerning subjects that affect the future of our community, our State, our Nation and our World. Currently, my project of becoming better informed is about the local waterworks proposition.

State Plans To Enlarge Highway Building Here

The Texas Highway Department is accepting sealed proposals for the construction of a Material and Equipment Warehouse Building here, Palmer Massey, district engineer, announced this week.

The project will consist of constructing a 6,000 sq. ft. building adjoining the existing metal warehouse. The new construction will be light-weight concrete masonry walls with steel joist roof construction. The project also includes addition of a service station canopy and alternations to the existing metal warehouse building.

Sealed bids for the proposal, listed as State Project MC-25-1-6, Hall County, Texas, will be received at the office of the State Highway Engineer, Austin, until 2 p. m. March 10.

Proposals, plans and specifications will be furnished to any contractor desiring to submit a bid and must be secured from the Chief Engineer, Maintenance Operations, Texas Highway Dept., Austin, or from Palmer Massey, district engineer, at Childress.

Mrs. Lura Marcum Is Hostess To WSCS

The Estelline W. S. C. S. met Monday, Feb. 20, at 2 p. m. in the home of Mrs. Lura Marcum.

The opening prayer was given by Mrs. James Futch. Mrs. Cecil Adams, president, conducted the business meeting.

It was announced that there would be a youth Rally at the First Methodist Church March 10, 11 and 12. The youth will conduct the services March 12. Committees were designated to provide food for each session.
