Manager Gayle Gilreath, Ernest Parker, Gary Burleson, Mike Woods, Bill Smith, and Bobby Cosby. Charlie Johnson is the Manager of the team.

## Commissioners Receive Committee Reports Mon.

Hall County Commissioners in their regular monthly meeting Monday heard the reading of several reports from committees and voted unanimously to file them and to allow the committees the opportunity to make their reports at a later date.

The last order passed by the committee was the setting of another meeting Monday, July 17, at 10 a. m.

The committee chairmen, or representatives, making reports to the Commissioners Court were: J. W. Blevins, chairman of Committee No. 1; Rev. Richard H. R. Stevenson, chairman of the original six-man plan committee.

A detailed report of the findings of these committees was found elsewhere in this issue of The Democrat. A separate story is devoted to each committee.

and establish a hospital district by late 1962 or early 1963.

He pointed out that the bonds were voted as county-wide hospital bonds and that creation of a hospital district would not decrease the cost to the taxpayers in paying off these bonds. A hospital district can levy up to 75 cents on each 100 valuation, he said.

In discussing the figures published he stated that the total cost of \$916,000 was ridiculous, because the total would be \$380,025.00, (the sum of the bonds, \$250,000 and the interest, \$130,025.00). He said, "It doesn't seem to me that these (figures) are quite accurate."

Prior to hearing Mr. Hamilton's report, the commissioners approved the paying of the bills and receiving the reports. They discussed the putting of steel on the walls in the County Jail to keep prisoners from digging the bricks out of the walls.

Following this, Commissioner Ed Hutcherson made a motion to request Attorney Paul Spillman to submit a bill at each court meeting and that his statement must be itemized. Commissioner W. F. (Continued on Page Ten)

## Three-Year-Old Dies Of Shock Saturday

Beth Ariola, three-year-old daughter of Mr. and Mrs. James Ariola, was killed by an electric shock Saturday afternoon at 6 p. m. in Lakeview.

She was at the home of her father, cousin to the family, when the accident occurred.

Funeral services were held Monday at 2 p. m. from the First Methodist Church in Lakeview with Rev. Meneff officiating.

Survivors were Rev. Cleby Patter, Rev. H. W. Hill.

Beth was in Lakeview Cemetery under the direction of Spicer Home.

She was killed when she fell off the porch and caught in a TV antenna which was in the corner of the porch. Perforated the house and across the street saw the girl fall and outside.

She fell in a puddle of water at the corner of the house by the TV antenna. About two inches of rain fell prior to the accident.

Family turned off the current inside the house and began artificial respiration.

Dr. A. doctor was summoned.

ed but efforts to revive her failed.

Investigation after the accident revealed that a wire at the back of the house, going out to a small building in the rear, was against the tin gutter and wind blowing the wire had worn the insulation off.

The roof of the house was of metal and passed the current to the TV antenna at the front of the house, and thence to the ground.

Approximately 100 volts were measured from the antenna to the ground.

Survivors include: her parents, Mr. and Mrs. Marion James Ariola of Lakeview; one brother, Royce Dale Ariola of Lakeview; paternal grandparents, Mr. and Mrs. Tom Ariola of Lakeview; maternal grandparents, Mr. and Mrs. Harvey Spurlock of Sunray; great-grandmother, Mrs. J. K. Fitzpatrick of Pasadena and Anna C. Spurlock of Sunray; great-grandparents, Mr. and Mrs. Arthur Folsom of Stratford.

Pall bearers were Bruce Ariola, Charles Ariola, Jerry Byars, Robert Hodges, Dudley Gillespie and W. A. Spurlock.

## Treasurer's Report Of City's Bonds Presented

City Secretary A. L. Gailey released the Annual Report of the Treasurer for the City of Memphis, showing a summary of bonds and warrants outstanding and the condition of the sinking funds as of June 30, this week.

The report, given by Sec. Gailey at the City Council meeting, Tuesday, showed that the Airport bonds, 1946 issue, has an outstanding indebtedness of \$4,500. The original bond of \$15,000. Cash on hand in the Interest and Sinking Fund for this bond totals \$1,692.92, the report showed. From the period of July 1, 1960 to June 30, 1961, the city paid \$750 in the principal and \$121.88 on the interest.

The Street Improvement Bond, 1953 Series, the report showed, has an outstanding indebtedness of \$54,000. In the Interest and Sinking Fund for this bond the city has \$1,235.94. The original city bond election called for the selling of \$65,000 worth of bonds at an interest of three and a half per cent. During the fiscal year the city paid \$2,000 on the principal and \$1,945.00 on the interest.

The outstanding indebtedness on the Park Improvement Bonds, 1953 Series, totaled \$47,000, the report showed. Cash in the Interest and Sinking Fund for this bond totals \$1,036.79. The bond was for \$55,000. The city paid

\$1,500 on the principal and \$1,668.76 on the interest during the past fiscal year.

The Street Improvement Warrants, 1959 Issue, have an outstanding indebtedness of \$21,350. The cash in the Interest and Sinking Fund totaled \$3,894.17. The original issue was for \$24,000 at an interest of five per cent. The city paid \$2,650 on the principal and \$1,123.33 on the interest.

The city's total outstanding indebtedness of the four issues is \$126,850. Cash in the four Interest and Sinking Funds total \$7,859.82. The City of Memphis paid \$11,758.97 in principal and \$1,123.33 on the four issues. This is broken down into \$6,900 on the principal and \$4,858.97 interest.

### Swim Class Starts Mon. At Fowler's Pool For Beginners

A beginners swimming class will start Monday at 9:30 a. m. for all ages, adult and children, men and women, at the Fowler's Swimming pool.

Doyle Fowler, instructor, stated there would be no charge for the students. He explained that there would be no pool charge or instructor's charge. The class will be conducted each morning, Monday through Friday, for one hour.

## Leslie Presents Minority Report To Commissioners

W. E. Leslie, member of Hospital Committee No. 1, read what he termed a "minority report" to the Commissioners Court in Memphis Monday morning. The report, addressed to the County Judge and Commissioners Court, was then placed in the record. In addition to Leslie, the report was signed by Del E. Wells, another member of the five-man committee.

Leslie said the minority report was submitted to pass on all the information which had been gathered to date by the members. He said he and Wells had urged visits to other hospitals but that committee members were not called to make them—only to those shown on the partial report.

In their report, Leslie and Wells said: "Use of Hill-Burton funds entails no federal controls in the operation of the hospital." They cited reasons for rigid construction standards and equipment by state and federal agencies.

"All information gathered points up the fact that cooperation of doctors in a community, good facilities and good management are the only requirements for the success of a hospital," the report stated.

The report added: "The Hill-Burton program will pay for 50 per cent of the total construction and equipment costs. If the county wants to establish a hospital that is completely modern and meets the accepted good standards of construction and equipment, that total cost will be the same regardless of whether or not Hill-Burton funds are used."

"It is the recommendation of the undersigned that the Commissioners Court proceed with the necessary steps for the establishment of a modern hospital that will meet the existing and future needs of Hall County, using Hill-Burton funds."

R. C. Clements, chairman of the committee, Jim Hutchins and Jess Meacham, members, issued a joint statement early Thursday morning regarding the committee's work.

"We are continuing our investigation into the assignment given us by the Commissioners Court," Chairman Clements stated. "It is hoped that our committee might complete its work within the next few weeks. We are aiming to have this full report ready to be filed with the Court at their next regular meeting if at all possible. At that time we shall make our recommendations."

He added that the committee "had a job to do" for Hall County, and that they would do it.

## Heavy Rains Reported In County This Week; Turkey Gets 8 Inches

### Playoffs Begin Today In Lakeview Tourney

Playoffs began today in the Annual Lakeview Tennis Tourney between a field of 82 participants in the nine brackets.

In the men's doubles bracket, Browning and Spear of Memphis will meet O. R. Stark and James Starky of Quitaque at 10:45 p. m. Thursday. At 10 p. m. Thursday, Lawrence and Clements of Lakeview will play Goodnight and Curry of Memphis. At 7:45, James and Wayne of Panhandle will play Barnes and Wooten of Estelline. Friday at 10 p. m. Blume and Lacy of Turkey will play Thrash of Littlefield and Hutcherson of Memphis. At 6:15 p. m. Friday, Sparks and Williams of Lakeview will play Morrison and Baird of Quitaque.

In the men's singles, first contests will be, Thursday: 5:30 p. m., Bevers vs. Hutcherson of Memphis; 9:15 p. m. Blume of Turkey vs. Spear of Memphis; 7 p. m. Sparks of Lakeview vs. Browning; 8:30 p. m. Goodnight of Memphis vs. Morrison of Quitaque; 10 p. m. Lacy of Turkey vs. Thrash of Littlefield.

In the high school girls singles

first matches: Thursday, 7:45 p. m. Nabers of Lakeview vs. Howard of Panhandle; 10:45 p. m. Verden of Lakeview vs. Hickey of Memphis; 5 p. m. Helm of Memphis vs. Payne of Lakeview; 5 p. m. Goodnight of Memphis vs. Clements of Lakeview.

In the high school girls doubles to be played Saturday: Helm and Hickey vs. Verden and Payne; 3:15 p. m. Goodnight and Watson vs. Clements and Nabers.

First matches in the high school boys singles will be: Thursday, 7 p. m. Clements of Lakeview vs. Moore of Memphis; 9:30 p. m. Moore of Lakeview vs. Lacy of Turkey; 11 p. m. Pounds of Memphis vs. Sahagun of Lakeview; 11 p. m. James of Panhandle vs. Campbell of Lakeview. Friday, 7 p. m. Johnson of Quitaque vs. Hurst of Lakeview.

In high school boys doubles Saturday, at 11 a. m., Wright and Pounds of Memphis will play Starkey and Johnson of Quitaque; and on the other court Clements and Moore of Lakeview will play Barnes and Wooten of Estelline. Saturday at 10:15 a. m. Sahagun and Campbell of Lakeview will meet Guest and Lacy of Turkey.

In mixed doubles play Friday: 9:15 p. m. Browning and Monzingo of Memphis vs. Goodnight and Hickey of Memphis; 10 p. m. Williams and Durrett of Lakeview vs. Mr. and Mrs. Hutcherson of Memphis; 10 p. m. Bell and Wayne of Panhandle vs. Lawrence and Clements of Lakeview; 7:45 p. m. Duncan and Baten of Memphis vs. Helm and Currin of Memphis.

In the Men's Has Beens at 6:15 Thursday, Hatley and Lewis of Lakeview will play Fowler and Cofer of Lakeview. At 6:15 Thursday, Mullin and Sams of Lakeview meet Orcutt of Lakeview and Harrell of Memphis.

In the Women's Has Beens, Thursday: 5:30 p. m. Rice and Cofer of Lakeview vs. Durrett and Martin of Lakeview; 9:15 p. m. Hutcherson and Monzingo vs. Pate and Payne.

Barney Joe Bevers stated that the concession stand will be open at all times throughout the tournament with proceeds going to help pay for the tournament.

Trophies and pins will be presented to the winners at the concluding of final matches Sunday. Finals are scheduled to begin at 1 p. m. Sunday afternoon.

The Turkey area was hardest hit of any part of the county by rain this week. Reports from there stated that up to seven inches of rain fell Sunday, and one inch more Tuesday. There was some hail damage to cotton crops in the Turkey area.

The Tell community received light showers Sunday and one inch or more Tuesday.

Here in Memphis, J. J. McMicklin, official weather observer, reported .38 of an inch of rain fell Tuesday night, and .15 of an inch earlier in the week.

At Brice, T. H. Gattis reported 1.2 inches of rain Sunday morning and around 1.5 inches Tuesday night; Adams Grocery at Leslie reported 1.5 inches to 2.5 inches Sunday, and 1.4 inches Tuesday night.

John Campbell, one mile west of the paved road running south toward Oxbow and one mile south of Lakeview-Bridge road on the Oren Jones farm, said 5.5 inches fell Sunday, and about 1.5 inches Tuesday night.

Jerry Byars, who operates a grocery store in Lakeview, reported 1.7 inches Tuesday night, and 4.2 inches Sunday; Ariola Grocery at Plaska recorded 1.4 inches Tuesday and 1.5 inches over Sunday. Areas west of Plaska reported up to five inches.

Jim Hutchins of Estelline said they received .6 to .7 of an inch Tuesday night and that Hulver received 1.6 inches that night, with light rains around the first of the week. Carl Hill of Parnell reported 1.2 inches Tuesday night.

The southeast area of Precinct No. 1 had light rains on both night, of about one-half inch each time.

Reports from the areas receiving heavy rains showed that some crop damage occurred due to washing. However, the improved crop picture due to the abundance of moisture offset most of the damage.

At this time, reports show that the county cotton crop is showing up to be one of the better ones.

## AVERY PRESENTS COMM. REPORT TO COURT MON.

Richard Avery, chairman of Committee No. 3, reported to the Hall County Commissioners, Monday at their regular session, and read the findings of the committee to study the requirements set up by the state to be met by a county-owned hospital and make recommendations.

The report read by Chairman Avery was signed by himself, Mrs. David Guest, Joye Barnett, Joyce Webster and Ernest Rea.

The report stated that the committee met on Friday, July 7, at 9 a. m. in the Minister's office of the First Presbyterian Church of Memphis. Present were Mrs. David Guest, Joye Barnett, Joyce Webster and Richard Avery.

The three page report was taken from Vernon's Annotated Revised Civil Statutes of the State of Texas, Volume 12A, Title 71, Chapter 5.

An excerpt of the report follows: "We find that the Commissioners Court, having been given the authority at a special election must now set up an orderly process in establishing a County hospital. The court shall establish and maintain such hospital and shall have the following powers:

"1. To purchase and lease real property therefor, or acquire such real property, and easements therein, by condemnation proceedings.

"2. To purchase or erect all necessary buildings, make all necessary improvements and repairs and alter any existing buildings, for the use of said hospital. The plans for such erection, alteration, or repair shall first be approved by the State Health Officer, if his approval is requested by the said commissioners court.

"3. To cause to be assessed, levied and collected, such taxes upon the real and personal property owned in the county as it shall deem necessary to provide the funds for the maintenance thereof, and for all other necessary expenditures therefor.

"4. To issue county bonds to provide funds for the establishing, enlarging and equipping of said hospital and for all other necessary permanent improvements in connection therewith; to do all other things that may be required by law in order to render said bonds valid.

"5. To appoint a board of managers for said hospital.

"6. To accept and hold in trust for the county, any grant or bequest of land, or any gift or bequest

## Funeral Services For Mrs. Setliff Are Held Today

Funeral services for Mrs. Minnie Mae Setliff, 77, Hall County resident for 27 years, of Turkey, were held today at 3 p. m. in the Turkey Church of Christ.

Jack Hutton, minister, Herbert Gibson, minister of the West Amabillo Church of Christ, and G. M. Civington, minister of the Tulia Church of Christ, officiated.

Burial was in Dreamland Cemetery. (Continued on Page Ten)

## Giants Still Lead In League Playoffs

The Little League Giants still lead in the second half of play this week by splitting games with the Yankees.

In a close game Friday, the Giants downed the Indians 17-15. The Tigers defeated the Yankees in a close match Friday 8-7.

Tuesday night, the Yankees defeated the Giants 5-2. The game between the Tigers and Indians was called after the first inning because of high winds and rain.

Secretary of the Little League board, Charlie Grice, announced this week that the Memphis Little League All-Stars team will enter Area III playoffs against Panhandle Thursday, July 20, beginning at 8 p. m. at Pampa. The all-star team will be announced Friday at the half-time between the two games, he said.

## Hospital Comm. No. 2 Reports To Commissioners

The following is the committee report submitted to the Commissioners Court Monday by Chairman J. W. Coppedge, of Hospital Committee No. 2, Hall County.

The subject of the report is "Recommendations and information relative to the proposed construction of hospital facilities." The report was signed by Bill Cosby, H. D. Payne, W. B. Mullin, and Chairman J. W. Coppedge.

The report follows: "A meeting of the committee was called to order at 7 p. m. in the City Hall (in Turkey) with the following committee members noted as present: Bill Mullin, Lawson Halford, H. D. Payne, Bill Cosby and J. W. Coppedge, this group constituting the entire committee.

"First, the committee reviewed (Continued on Page Ten)

## Second Half Play

NEWLIN

(Intended for last week) Mrs. Claud Fowler, Gwen, and Diana went to Oklahoma City, Okla., recently to visit her father, W. Tomlinson. Mr. Tomlinson has been in ill health. Mrs. Fowler's brother and family, Mr. and Mrs. Pratt Tomlinson of Los Angeles, Calif. were also there to visit with their father, sister and other relatives. Mrs. Fowler, Gwen and Diana were also in Dallas recently to visit their daughter and family, Mr. and Mrs. W. R. McClendon and children. Roy Don McClendon came home with them to visit for a few days with his grandmother. While in Dallas they also visited with Mrs. Marie Hart, Mrs. Louise McClendon and Patsy, former residents of Estelline. Mrs. McClendon has suffered a severe back injury and is not doing so well. Visitors in the Ted Barnes home this week were Mr. and Mrs. Bob Paris and Stevie of Borger and Mr. and Mrs. N. W. Raines and children of North Hollywood, Calif. Mrs. Raines is a sister of Mrs. Barnes. Rev. and Mrs. Pitts of Wellington visited with Mr. and Mrs. Will Smith recently. Visitors in the D. W. Lawrence home were Mr. and Mrs. Arvil Burnett and daughter of Cotton Center. Mrs. D. W. Lawrence visited Mrs. J. D. Bice in Memphis and

Mrs. D. C. Messick this week. Visitors in the J. N. Helm home over the fourth of July holidays were their children, Mr. and Mrs. Ralph Helm of Fort Worth, Ralph Jr. returned home with them; Mr. and Mrs. Bobby Helm and daughter of Pampa; Mr. and Mrs. Aubrey Helm and children, Mr. and Mrs. Clyde Smallwood and daughter Judy of Liberal, Kan., also Mr. and Mrs. Leon Helm and Mike, Mr. and Mrs. Dude Helm and Judy, Mr. and Mrs. George Helm and Marsha and Mrs. L. P. Blevins. Mr. and Mrs. John T. Hoover and son of Sunray were here over the weekend to see his mother, Mrs. John Hoover. Mrs. Loyd Angell, Judy, Marsha, Clea and Sherry, Mrs. Clyde Sexton, aunt and uncle of Tulla, and Mrs. Angell of Malcoff all went to Lake Texoma over the weekend holidays for a fishing trip. Mr. and Mrs. Hollis George of Amarillo came by for Inez McCraw and they all went to Dallas to see Mrs. Faye Calhoun. All three ladies are sisters. Mr. and Mrs. George Helm and Marsha have gone to Amarillo to take Mrs. L. P. Blevins back to her home and to see Mrs. Helm's brother and family, Mr. and Mrs. Melvin Blevins and children. They plan to return home Thursday. Mr. and Mrs. Worth Howard, Mr. and Mrs. F. J. Gardenhire of Memphis were recent guests of Mr. and Mrs. O. S. Misenhimer.

Sherrill Henry went to Roswell, N. M., to visit her mother and step-father, Mr. and Mrs. Lee Daniels, while there her step-father had an accident and was drowned in a surface tank when he attempted to get to a calf, Mr. Daniels was foreman for the Spool Cattle Co. of Amarillo. So sorry Sherrill. Mrs. Will Smith has gone to Amarillo to visit a few days with her daughter and granddaughter. Mr. and Mrs. D. C. Messick Jr., and girls of Vernon were guests of his parents, Mr. and Mrs. D. C. Messick over the weekend. Mr. and Mrs. Maunel Burnett and Mrs. John Burnett of Childress were Newlin visitors this last Sunday. Sunday guests in the home of Mr. and Mrs. W. S. Smith were Mrs. Mattie Eastland and Jackie Lee, Mrs. Vera Jones and Mrs. Athelene Hamilton and Melonia all of Amarillo and Janie and Mike Helm of Newlin.

CARD OF THANKS

We wish to extend our sincere thanks to our many friends and neighbors who were so kind and helpful to us during the loss of our loved one. Your prayers, sympathy and kind deeds we will not forget. While our homes are lonely and our hearts sad because of his absence, your friendship still lingers. Again thanking each and everyone of you, we are your sincere friends. Mr. and Mrs. Tom Tate and Children

Officers Of Rebekah Lodge Installed July 3

Officers of Memphis Rebekah Lodge No. 346 were installed on Monday evening, July 3, by the District Deputy President of the Rebekah Assembly of District No. 5, Mrs. Estelle Barber. The Noble Grand, Mrs. Mona Robertson, presided over the installing team were past Noble Grand, Mrs. Leta Gerlach, Mrs. Jerry Foster, Mrs. Florence Paschell, Mrs. Marguerite Smith and Mrs. Margurite Snowden. Mrs. Snowden escorted the District Deputy and her staff to the altar where Mrs. Barber presented the out-going Noble Grand, Mrs. Robertson, with the Past Noble Grand Jewel.

B&PW Club Enjoys Annual Picnic Supper

Members of the Business and Professional Women's Club enjoyed the annual picnic and lawn party at the home of Mrs. Orville Goodpasture on Thursday evening, July 6. The patio was attractively decorated with hanging Japanese lanterns. Members and several guests enjoyed a tasty picnic meal after which a program was presented under the direction of Nell Beeson. Presented in panel form, the program was entitled "I've Got a Secret." Attending were Wilma Martin, Joan Edwards, Roselyn Williams, Inez Mason, Nell Beeson, Nell Messer, Molly Carlos, Flo Branigan, Tops Gilreath, Wilma Leslie, Louise Howell, members and four guests, Gladys Power, Ora Denny, Mrs. Mac Graham and Mrs. H. E. Bennett.

Roll call was answered with "My Favorite Picture." There was no old or new business. Announcement was made that the cemetery had been mowed. Pollyannes were exchanged. Mrs. Ruth Misenhimer gave the recreation for the evening. Angel food cake, sandwiches and punch were served to Mrs. D. W. Lawrence, Lewis Hamilton, Ott Misenhimer, Ted Barnes, Claud Fowler and the hostess, Mrs. Cobb. One guest, Mrs. Edith Sims was present. The next meeting will be held July 18 at 2 p. m. in the home of Mrs. Claud Fowler.

### Miss Judith Evans Is Honoree At Bridal Shower In A. L. Gailey Home

Bridal shower honoring Miss Judith Evans, fiancée of Bill Morison, was given on Friday evening, July 12, at the home of Mrs. A. L. Gailey.

Guests were greeted at the door by Mrs. Judy Lemons and were seated by Mrs. Gailey. Miss Evans, Mrs. Cleve Evans, mother of the bride, Mrs. Hiram Crawford, mother of the groom-to-be, and other guests were registered by Miss Winters at a table decorated with a standing pale blue and white floral arrangement. The bride's chosen colors, pale blue and white, were also featured on the refreshment table, which was covered with a floor-length white cloth. A floral arrangement of white daisies and fern leaves, flanked by blue

candles in silver holders, formed the centerpiece.

Frothy white punch was served from a crystal bowl by Miss Jan Mitchell. Miss Lera Kate Hutcherson assisted by serving salted nuts and dainty cakes in pale blue and decorated with small white flowers.

Guests enjoyed seeing the array of attractive and useful gifts sent by friends and relatives of the engaged couple.

Hostesses for the shower were Mrs. A. L. Gailey, Lee Brown, Jimmie Winters, R. C. Lemons, Brown Smith, Tomie Tucker, Ruth Harrison, Pauline Knight, Dick Fowler, O. L. Helm, Hal Goodnight, Joyce Webster, N. A. Hightower, Noel Clifton, Wendell Harrison, and Lesley Foxhall.

## CANDY by Tom Dorr

### Crawford Family Meet For Reunion Park July 1

The family of the late Elder Crawford, Sr., met at the Park Saturday, July 1, for the first time in 10 years.

The day of fellowship was enjoyed by the following families: Mrs. L. J. Crawford, Mrs. M. L. Porter, Fort Worth; Mr. and Mrs. W. M. Hart, Lockney; Mr. and Mrs. J. W. Hant, Henderson; Mr. and Mrs. G. Spencer, El Paso; Moss, Fort Worth; Mr. and Mrs. S. Crawford, Jr., Frisco; and Mrs. Luther Crawford, Rev. and Mrs. David Tye; and Mrs. E. J. Tell.

### S. Spencer Family Reunion July 2

Members of the J. S. Spencer family enjoyed a reunion on July 2.

Those attending were: Mr. and Mrs. S. Spencer of Memphis; Mrs. A. H. Orr, Carolyn of Plaska; Mr. and Mrs. SeMassey, Asa Nath of McAllister; Mr. and Mrs. Leo W. Lubbock; their daughter, Mrs. Herb Lubbock; Mr. and Mrs. M. S. Spencer, son Max of M/Sgt. and Mrs. Rutherford Spencer, son, Rutherford, Jr., and daughter, Lydia of El Paso; Mr. and Mrs. Bill Spencer, son, David, and daughter, Amy, of Lawton, Okla.; and Mrs. James Spencer, son, and daughters, Lydia and...

## Locals and Personals

Mr. and Mrs. Bill Wheeler and family of Fellows, Calif., visited over the 4th of July with his grandparents, Mr. and Mrs. T. J. Brock.

Capt. and Mrs. Douglas Barber and children, Katherine Ann, Thomas and Douglas, Jr., left for Colorado after spending two weeks with their monthr, Mrs. Estelle Barber.

Mrs. Jhn Ward of Aspermont and Katherine Hawthorn have been visiting their mother, Mrs. Estelle Barber.

R. C. Lemons left Friday night for Dallas where he is attending furniture market this week.

Mr. and Mrs. Benzy Estes and family of El Paso are here visiting with his sister and family, Mr. and Mrs. Hiram Crawford and Dick Morgan.

Miss Mildred Meyer of Liberty, Mo., is visiting here this week with her sister and family, Mr. and Mrs. Gayle Greene and family.

Mrs. W. W. Dunn and daughter Billie Kay, of Amarillo visited Thursday with her sister, Mrs. Felix Jarrell, and other relatives.

Ruby Leggett of Ralls is visiting here this week.

Mr. and Mrs. E. H. Crisler and son, Courtney, visited Sunday with his mother, Mrs. C. D. Denney, and Gladys Power.

Visiting Tuesday in the home of Mr. and Mrs. O. M. Gunstream were Mr. Gunstream's sister, Mrs. Eva Cornelius of Wellington and Mrs. Gunstream's brother, E. C. Crawley of Levelland.

Lois Smith of Gilbert, Ariz., is visiting here this week.

Sheldon Anisman of Fort Worth spent the weekend here with his parents, Mr. and Mrs. A. Anisman.

Mr. and Mrs. Henry Hays spent the fourth of July at Quartz Mountain Lodgt and Mdicine Park in Oklahoma.

Terri Shadid returned Monday after visiting a week in Wellington with her aunts and uncle, Rose Shadid, Marie Shadid and George Shadid.

Mr. and Mrs. Johnny Brewer returned Friday from a two-week visit in Salinas, Calif., with his brother, H. Glen Brewer and family.

Idelle Burnett, Myrtle Howard, Nettie Betts, Mary Lenore and Mary Bownds visited in Clarendon Sunday.

Visiting in the home of Mrs. R. H. Wherry over the weekend were her daughter, Florence Fitzjarrald, and granddaughter, Kathryn, of Amarillo and Dale Alexander.

### Delta Kappa Gamma Society To Hold Workshop

A summer workshop for members of the Delta Kappa Gamma Society will be held on Tuesday, July 18, at the Y.W.C.A. in Amarillo. Members of the fourteen chapters in the Panhandle and South Plains areas are expected to participate in planning for chapter programs and committee activities for the school year 1961-1962.

Registration will start at 9:30 a. m. and Zeta Seta Chapter of Amarillo will be host at a coffee until 10 a. m.

Mrs. Alma Perkins of Canyon, president of Zeta Seta Chapter, will extend a welcome in the opening assembly. Mrs. Velma Weaver of Clarendon, state chairman of the committee on music, will conduct a sing-song. Miss Mildred Hulse of Tulsa, immediate past state first vice-president and chairman of the committee on Selective Recruitment, will discuss proposals made by Miss Ola B. Hiller, past international president, at the last International convention in Miami. A strawman proposal is to be ready for the Regional Conference in Phoenix in August, and a final plan to be presented to the 1962 International Convention in Philadelphia.

The members will be divided into four special interest groups. Mrs. Marie Ward of Aspermont, state recording secretary, will be in charge of committees on program, music, legislation, constitution, and selective recruitment.

Miss Jewel Foster of Dumas, past state chairman of the committee on pioneer women, will be will lead the group on membership, scholarship and organization and expansion.

Mrs. Faun Welker of Dimmitt, past state chairman of the committee on pioneer women, will be the leader for committees on teacher welfare and morale, intercultural relations, pioneer women and publications and publicity.

Mrs. Velma Weaver will meet with the presidents of the partici-

pating chapters for planning chapter work.

A luncheon at the Y.W.C.A. will be close to the workshop. Mrs. Mildred Sullivan of Pampa, past state chairman of the committee on music, will be the speaker. Reports will be given by recorders from the four group meetings.

Reservations are to be sent to Mrs. Alma Perkins, 1007 3rd Ave., Canyon, Texas, by July 14. The

### Widows Should Apply For SS At Age 62

"Widows should apply for social security benefits as soon as they are 62," Hal Geldon, Social Security Manager advised today. "It would even be better if they applied a month or two before they are 62."

Of course no one should delay, but widows in particular should be careful to apply for benefits promptly.

A woman's benefit based on her own account, or on the account of a living husband is reduced if she applies before age 65, but a widow's benefit is different. Widows benefits are not reduced and the full amount is paid at age 62.

"So, if you are a widow," Geldon explained, "And you were once paid a lump-sum or monthly benefits, you should apply again when you are 62. In fact, you can speed your first check by applying thirty or sixty days before."

Larry Helm left Friday for a visit in Denton over the weekend with relatives.

A. W. Ferguson returned last Friday from Stamford where he attended the Rodeo. While there he visited with several old friends.

Winnie Cassels is in Fort Worth this week attending market and visiting with her sister and husband, Mr. and Mrs. Spencer White

Mr. and Mrs. Martin Johnson and daughter, Debbie, returned recently from a six-day visit in Arkansas with relatives.

Mrs. O. L. Helm, and daughter, Leslie, Sondra Stargel, Deeda Hickey and Celia Leslie enjoyed a weekend at Lake Dallas.

**COLEMAN'S SUPER MARKET**  
ROY L. COLEMAN, Owner  
Across From Post Office PHONE 259-3571

**To Seal Canned Milk**  
Campers often would like to re-seal the can of condensed milk used as coffee cream. To do so, cut off label, dab with milk, and slap over the openings. When dry, the can is tightly sealed.

**Stops Splash of Gas**  
Ever have gasoline splash violently over the funnel when filling outboard motors, gas lamps, or stoves?  
You can prevent this by placing a small piece of steel wool in the funnel.

**Keeps Canteen Cooler**  
To insulate your canteen and keep the water much cooler, carefully wrap the canteen with one thickness of tire tape.  
The tape makes the canteen easier to handle, yet it will slip in and out of the cover easily.

**A Cold Weather Trick**  
Dawn hunters can, on a cold day, get their legs mighty wet walking through dewy grass. Not only are wet legs uncomfortable, but they're apt to give you a cold.  
Next time, before venturing out, slip into a pair of old overalls, the legs of which have sometime previously been coated with house paint or varnish.

**Handy Refresher**  
On a hike, or sitting all day in a deer blind, you can keep up your energy by dissolving in your mouth now and then a pepper-upper made by mixing a teaspoon of instant coffee with a teaspoon of sugar.

**Select Fire Stones With Care**  
Don't ring a fire, or build a fireplace, with limestone, or other porous rock. Porous stones are liable to explode when over-heated.

**Let Rabbits Cool**  
Never shoot a rabbit or squirrel and stuff the warm carcass immediately into your bag or game pocket.  
Ten to one the critter is alive

with fleas.  
Protect yourself by hanging the game in a tree. As soon as the body cools, the fleas leave it like rats from a sinking ship.

**To Remove Burrs**  
Grass burrs and stickers are hard to get off hunting clothes.  
Remove them easily by wrapping surgical tape around your hand, sticky side out. Stroke cloth with hand, and off come burrs and stickers.

**Gun Cleaning Caution**  
When coming in from a hunt on a cold day, don't sit down at once to clean, oil and put away your gun.  
Wait until after supper so the gun will have time to warm up to room temperature. This will prevent moisture from collecting on the cold metal, causing it to rust later.

**Whose Bird Is It?**  
Who has the rightful claim to game shot by more than one hunter?  
This question has plagued sportsmen since time began.  
There is no single answer. Proper etiquette is observed differently according to the section of the country.

Most widely accepted is that the deer, bird, or other animal belongs to the one who first wounds it. Other shots are supposed to kill but only to prevent waste or suffering.

**Hound Dog Philosophy**  
Don't expect your hound dog to obey your commands as well as a bird dog does.  
Hounds are more independent. You hunt with them—they don't hunt with you.  
So, don't ruin a good dog by too much punishment. Just be glad your dog is a good one.

**Cutting Up the Rabbit**  
There is little usable meat on a rabbit close to the back. So, when cleaning and trimming one, trim the ribs and abdomen close and throw the back away.  
This will improve your cuts and make for better cooking.

### Childress County Old-Settlers Reunion July 18

The Childress County Old Settlers Reunion will be held at the Childress Fair Park on Tuesday, July 18, W. H. Tippett, president of the organization, announced this week.

Registration will get underway at 8 a. m. followed by a parade at 10:30 o'clock. Those who plan to enter the parade are requested to gather at the Fair park at 9:30 a. m. Prizes will be given to the most typical old-time cowboy and cowgirl on horseback and to the youngest boy or girl rider.

A free barbecue with all the trimmings will be served at the noon hour.  
Beginning at 1:30 p. m. a program will be featured including speaking, a memorial service and at 2:30 a business session will be held.

At 3 p. m. a rodeo will be held and will feature roping, children's flag race, match roping and jack-pot roping.

That evening a western dance will be held at the auditorium beginning at 8:30 p. m. Everyone is invited to attend.

**Treat Bacon With Vinegar**  
That unappetizing mold that so often appears on bacon, in camp, can be prevented by wetting a cloth with vinegar and thoroughly washing the meat before leaving home.  
The vinegar makes the bacon taste better, too!

**Ever Lose Your Car Keys?**  
Be on the safe side and give your hunting companions each a key to your car.  
This way, nobody gets stranded and these extra keys come in mighty handy, should you lose your own.

**Patch Boots on Inside**  
Boot and wader patches aer unsightly when applied to the outside. So why not patch your footwear from the inside?  
Then the patches are invisible from the outside. And they wear 50 per cent longer!

Mr. and Mrs. Lynn Wormer and Alet Wormer of State College, Pa., left Wednesday morning after visiting here with Mr. and Mrs. John McMickin. Alice Wormer is a sister of Mr. McMickin.

### Hall County Soil Conservation District News

Management of newly seeded areas of grass is very important, with control of competitive annual grasses and weeds being one of the most important management measures.

There are several ways of controlling these competitive grasses and weeds. Spraying with a low volatile weed killer is probably the best control for weeds, but there is some danger from drifting to other crops. The safest method of weed control is by mowing or shredding. Mowing or shredding may need to be done several times, depending on the growth of the weeds.

For control of annual or undesirable grasses, mowing or shredding is about the only means for cutting down competition.

Several good examples of grass seedings that have done well following weed and competitive grass control, in this area, are on the following farms: Temple Deaver, Jr., 2 miles southwest of Lakeview, Ed Foxhall, 5 miles southwest of Lakeview, Roy Russell, 2 miles west of Turkey, Jack Case, 12 miles southeast of Turkey, C. L. Benson, 2 miles northwest of Brice, and Roland Salmon, 3 miles southwest of Lesley.

Grass seedings should always be deferred the first growing season after seeding, and possible the next growing season, if necessary for further development of the grasses. It may be necessary to control weeds the second year, too.

There are about 60,000 acres of cropland in the Hall County portion of the Hall County Soil Conservation District that is being planted to row crops that is unsuitable for cropping. This acreage should be returned to native or permanent grasses, so that the land will have the needed cover on it at all times. For the best methods of establishing grass, adapted species, and management of seeded areas, contact your local Soil Conservation Service technicians.

Mr. and Mrs. Zeb A. Moore of Amarillo were Memphis visitors Monday.

### Corona To Play On Sodbusters At Amarillo

Frank Hodnik, general chairman of the Annual Panhandle Grid Classic, announced the members of the Sodbuster squad, made up from the outstanding football players from Classes AA, A, and B schools of the Panhandle area.

Paul Corona of Estelline was listed as one of the two fullbacks on the 1961 Sodbuster Squad.

The Panhandle Grid Classic is the annual all-star football game which is played between the stars of the larger high schools (City Slickers) and the stars from the smaller high schools (Sodbusters). Price College Stadium in Amarillo is the site of the Fourth annual game to be held at 8 p. m. Saturday, August 19.

Mail orders for tickets are now being accepted. Write to Panhandle Grid Classic, P. O. Box 2193, Amarillo.

#### CARD OF THANKS

We wish to sincerely thank each and everyone for the kindness shown during the illness and death of our father and grandfather. Especially do we thank Dr. Stevenson and Dr. Goodall for services rendered, for words of kindness, cards of sympathy, beautiful flowers and the abundance of food. We appreciate all things done for us more than these few words can express.  
The W. J. Payne Family

### It's the Law in TEXAS

**Idea For A Law**  
A bill before Congress is an idea for a law.

Who thinks it up? A congressman, the home folks, the President, almost anybody.

How does it become a law?  
1. The congressman calls on the Congressional Legislative Service to cast the idea into legal language.

2. He drops his bill into a legislative hopper. The clerk numbers and passes it to the Speaker of the House of Representatives. He refers it to a committee. There it may "die" unless the sponsor asks for action.

3. If he does, the committee may consider the bill or assign it to a subcommittee to consider the bill. Usually, either the committee of the subcommittee will hold hearings, study the merits of the bill, and prepare a report on it to be submitted to the House.

4. At long last the committee votes on it. If most members support it, it goes "out of committee" to the House.

5. It gets on the calendar and the House Rules Committee says how, when, and for how long the

House may review the bill.  
6. The Speaker sets a time debate with equal time to both sides.  
7. Afterwards the House "acts" and goes to the Senate.  
8. The Senate President acts the act once again to a committee which may "table" it, or report out with or without changes.  
9. The Majority Policy Committee sets the time for debate on the bill, and a member asks have the act considered. If motion is carried, it calls for debate, perhaps amendments, and vote.  
10. Often, if the Senate (or House) amends the bill, it goes back to the House (or Senate) another vote. Failing that, it goes to a "conference committee" of both houses (as a rule, members from each) to iron differences. Result: often a compromise. Should the conference committee disagree, the bill dies.  
11. If it agrees, the Act goes back to both houses for a vote.  
12. If approved, the Act goes to the President. He may (1) sign it and make it a law; (2) veto two-thirds of both houses may override his veto; or (3) he may sign nor veto it.  
13. If he does not sign it, Act becomes law in 10 days unless Congress is still meeting. If Congress has gone home, the Act is "pocket veto."  
14. Bills starting in the Senate must go to the House of Representatives and thence to the President.

### H. R. Stevenson Reads Report Original Committee To Court

H. R. Stevenson, chairman of the original six-man planning committee, read a brief resume of oral reports, information, and recommendations made by the committee at the Hall County meeting of the Hall County Commissioners Court.

The report, filed in the official record of the court, was signed by Stevenson, but not signed by other members of his committee.

The report follows:

"In accordance with your request, this is a brief resume of several reports, information, and recommendations made by members of this committee at various meetings of this court during the past year and a half. I am sure you will recall most of them as I recall them.

"After the bond election in April, all 4 physicians in Memphis met with the architect hired by the county to design a County Hospital. The size and design of a hospital that could render adequate and safe service to the people of the county and still be without a deficit.

"Determine what was required to obtain Hill-Burton matching funds, which are—A. Approver supply, B. A suitable site, C. A location with easy access, good drainage, public utility and paved streets approachable. D. The site should be near center of population of the county. E. The county have it's funds available.

"We determined that acceptance of Hill-Burton funds entails risk of Federal intervention in operation of the hospital.

"With these points in mind at the meeting and also at a subsequent meeting called by your attorney, Mr. Paul Spillman, it was determined that a hospital of 30 beds built with sufficient single rooms that capacity of the hospital could be rapidly increased by adding an additional 20 beds. This would be inexpensive since the existing central core would already be in place.

"We also recommended that the building be of safe fire proof construction that would meet the needs of the Hospital Licensure Board.

"Recommendations were also made concerning some of the special equipment needed in the hospital. With these recommendations the architects drew up tentative plans for the hospital and presented them to the State Board of Health for their recommendations for revisions of these plans. Physicians also agreed that no hospital would be made in the county for either doctor's offices or a pharmacy.

"It was also noted that several physicians had moved from Hall County because of lack of adequate hospital facilities and that perhaps adequate hospital would be an inducement for more physicians to locate here.

"Knowing that an approved water supply was essential to obtain Hill-Burton funds, several members of this committee were active in trying to get this approval and the court was informed orally of the progress being made. Accordingly the court was informed that local water company officials reported that the local system was inspected and approved by an official of the State Health Department on May 2, 1961, and that a certificate of approval was received by the City of Memphis on June 5, 1961.

"As you will recall, we were instructed by you to find and secure options on suitable sites for the hospital. Using Hill-Burton requirements as a standard, several sites were picked and then examined by an official of the State Health Department. He approved six of these sites in Memphis and stated that no sites in any other part of the county would be considered. Options were then obtained on these six sites at no cost of the county. Two of these sites will be donated to the county, probably a third one will be donated.

"After seeing all the sites, five members of this committee, myself, Allen Dunbar, Harold Hodges, Dick Fowler and Arville Setliff agreed that the Hampton property was the number one choice because of its accessibility and nearness to motels and a restaurant. One member of the committee, Joe A. Ballard did not indicate a preference. Therefore, 5 of the 6 committeemen recommended that the court designate the Hampton property as the site for the Hospital and acquire this property.

"The fiscal year for the Hill-Burton agency starts with July first each year. For projects getting approval, they usually receive their funds at the regular meeting of the board in September. Members of this committee have been interested in seeing what progress our application to this board was making, and we have been informed that the Hall County project is number one on the list for the September meeting if our application is completed by that time. What has been done in regard to our application since the dismissal of this committee, I do not know, however, I do know that at the March, 1961, meeting of the State Hospital Board in Austin, Texas, Dick Fowler and I appeared before this board at this same meeting was another delegation of citizens of Hall County accompanied by State Representative Will Ehrlich. This other delegation consisted of commissioners H. W. Spear, O. R. Lambert, and Pat Brittain, O. E. Bevers, R. C. Clements, V. C. Durrett, Clinton Richburg, Jim Hutchins, Joe A. Ballard, Harry Barnhill, Jess Meacham, Jack Case and Jack Lacey.

"We were told by the chairman of the Board that this delegation had told the Board that Hall County did not need a County Hospital and did not want the Board to grant Hill-Burton funds to Hall County. The chairman of the Board also stated that this was the first time that such a request had been made to the Board. It is interesting to note that six of the above mentioned delegation were appointed by this court to the fact finding committees at your special meeting of May 23, 1961."

The report was signed by Dr. H. R. Stevenson.

Mrs. Ira Foster has returned to her home in Amarillo after spending 10 weeks here with her mother, Mrs. Clementine Wilson, and sister, Grace Wilson. Mrs. Foster had suffered a broken leg, but is now doing fine and has returned to work.

### Draft Boards To Call Doctors To Active Duty

State Selective Service will call its share of 185 doctors of medicine for the Air Force and Navy in July, Colonel Morris Schwartz, state Selective Service director, said.

The call on the state specified no exact quota. Physicians selected will be non-fathers who are examined, acceptable, and available, and who on July 1 are 25 years of age but not yet 26.

Texas has nine of these now. This number may increase by the time of the call date in July,

as other local boards may have qualified doctors by that time, also.

Local boards will issue orders to report for induction to the qualified physicians with a reporting date of July 28, notwithstanding the fact they may already have applied for commissions as medical officers.

Doctors receiving the orders who present evidence of application will be postponed until applications are acted upon.

"This call was made necessary by the failure of the Military Medical Services to obtain from this year's intern group sufficient volunteers for commissions and active duty beginning in July," Lt. General Lewis B. Hershey, director of Selective Service, said in an official bulletin to Texas state headquarters.

**Tax Man — SAM SEZ**

The Texas A & M Extension Service has been working with Internal Revenue to hold fifteen to twenty schools every year. If plans work out County Agents will attend a short school conducted by the tax folks on how to teach a simple Income Tax training course for farmers. The county agents will in turn hold tax schools in their local communities. Over the state county agents will probably hold several hundred farm tax schools this year.

Watch out for an enforcement drive on so-called sub-contractors by our tax people. There has been a growing practice among many

employers to say their employees are contractors or sub-contractors. This avoids social security tax on the part of both employer and employee. Most of these so-called contractors don't file a self-employment tax return to pay their social security taxes. In many cases they don't even file an income tax return or else they claim business expenses not allowed an employee on their income tax return. Social Security taxes are not optional and they must be paid the same as any other tax.

Visiting their sister and aunt, Mrs. J. C. Wells last weekend were John O. Vineyard Sr., with the Midland (Texas) Nursery and Landscaping Company, and his son, J. O. Jr., who is with California University at Berkeley, and his wife and two sons.

### "Slow Down And Live"

J. O. Musick, General Manager of the Texas Safety Association and Coordinator for the Annual Slow Down and Live Program, made a tragic comparison concerning summer month driving in Texas.

He pointed out that when John Jacob Astor donned his formal evening clothes, and the eight-piece band played the melodious strains of "Autumn," none on the ill-fated ship, the unsinkable "Titanic," could know that within a few hours they would be a part of one of the three greatest "natural" disasters ever experienced by United States Citizens. That night in the ice-filled Atlantic, the safest ship afloat sank, taking with her 1,517 souls.

"The world rocked with recriminations, hearings, accusations and almost universal grief. Maritime laws were changed. Famous men committed suicide. Widows, widowers and orphans filled the newspapers with poignant pictures and stories of the irreparable loss," Musick pointed out.

Yet a greater, ever-recurring and ever-growing, predictable, disaster strikes this country every year. Ironically it goes without notice—with no national gnashing of teeth—no headlines—no remedial laws. Each summer month—June, July and August, for the past five years we have killed more than twice as many people as died on the Titanic. They die not from "natural" disasters, but through man-made mistakes and carelessness on our streets and highways . . . crushed beneath the wheels of trucks, trapped in flaming cars . . . mangled by searing, suddenly accordion-pleated metal. Traffic accidents in the United States in June, July, and August of 1950 took the identical number of lives attributed to three of our most dreadful disasters . . . the Titanic, the Galveston tidal wave, and the Johnstown flood: 9,726 men, women and children perished in the three "natural" disasters. Ironically, 9,726 men, women and children lost their lives in traffic accidents in those months.

Governor Daniel and local officials and enforcement agencies and citizens have joined hands in support of an international traffic campaign, "Slow Down and Live." It is the duty of every motorist—of every pedestrian to join in this effort.

"If we all work together, Musick said, if we all slow down and if we carry the slow down and live message to our motorist by word of mouth and, most of all, by example, we can eliminate disaster from our highways!"

It has also been pointed out that approximately 50 per cent of all traffic accidents involve drinking or intoxicated drivers. If drink and excessive speed, the two major causes of traffic accidents were eliminated, many more Americans would live normal, useful lives instead of becoming statistics in the traffic toll.

What Other Editors Say

### National Cotton Council

From a source that speaks generally for the farmer, only in terms of "You're going to lose your freedom" because of farm programs, comes this unexpected word: Edward Lipscomb of the National Cotton Council said Tuesday, "It is time punbists, politicians and farm critics in general get off the farmer's back."

Farmers, he said, are getting a "country bellyful" of criticisms of the farm program, including criticism published in newspapers and magazines.

Lipscomb of Memphis, Tenn., spoke at one of the final sessions of the Texas Cotton Ginners Association's annual convention.

"The farmers are fed up with being blamed for high retail prices

when their income is going steadily down and city workers, haulers, packagers, precookers who have never produced a calorie of food in their mortal lives are getting most of the cash that goes over the grocery counter," he said.

"The farmers are fed up with erudite typewriter jockeys who blare forth with sensational columns containing droplets of truth the cause excitable readers to gulp in gallons of exaggeration and insinuation."

Lipscomb said he saw only two solutions to the problem as far as farmers are concerned: Press relations to refute the critics' attacks or "peasantry."

"Farmers admit in a minute that the farm laws are a patchwork, even as are the laws on labor and manufacturing," he

said.

"They further admit that farm laws contain absurdities and abuses," he continued, "but so do the laws that permit multimillion dollar overcharges on military contracts, payment of honorary salaries to congressmen's kinfolks, strangulation of consumers by union monopolies, and use of tax money to pay half the cost of luxury liners."

He said the farm program has become a national whipping-boy because:

"Every apartment-dwelling, desk-sitting, short-week working high-wage-earning Tom, Dick and Mrs. Harry is looking for an excuse for his own extravagance."

Visiting the first of the week with Mrs. R. H. Werry were two nephews and families, Mr. and Mrs. J. H. Beasley of Corpus and Hadley Beasley of Crockett and a niece and husband, Mr. and Mrs. Oscar Matheson of Fort Worth.

Helen Boswell left Monday to spend the week visiting in Dallas with Mrs. Herschel Montgomery.

### Gaylon B. Wiley To Receive Degree On July 21

Gaylon B. Wiley, son of M. A. Wiley of Lakeview, will receive the Bachelor of Divinity degree during summer commencement ceremonies at Southwestern Baptist Theological Seminary in Fort Worth July 21 at 10 a. m. in Truett Auditorium.  
 Robert E. Naylor, president of the seminary, will award 114 diplomas and degrees, 13 in the School of Church Music, 26 in religious education, and 75 in the School of Theology.  
 Frank K. Means, secretary for Latin America, Southern Baptist Foreign Mission Board, will deliver the commencement address. He assumed his present position in 1954 after serving as professor of missions at Southwestern where he received the doctor of theology degree in 1945.

### 'Joseph' To Be Dramatized At The Holy City

"Joseph and his Brothers" one of the oldest and most inspiring stories of the Bible, will be dramatized Saturday, July 15 at the Holy City in the Wichita Mountains Wildlife Refuge.  
 "Joseph" will be performed from 9 to 10:30 p. m. by members of the Wichita Mountains Easter Service association, the organization responsible for the world-famed Easter pageant.  
 The religious dramas are presented on a half-mile-long outdoor stage in a natural amphitheater. Worshippers at the dramatized religious service are seated on Audience Hill while scenes are performed on a permanent building on the opposite side of the amphitheater.  
 A reading cast of six will provide voices for an acting cast of about 40 for "Joseph," David F. Sandstrom, director, revealed.  
 Acting cast members pantomime scenes of the Biblical plays as reading cast members speak from a soundproof control booth.  
 All persons working on the non-denominational services at the Holy City are volunteers.  
 The 1961 summer service will retell the story of Joseph, favorite son of the patriarch Jacob, whose jealous brothers sold him into slavery in Egypt.  
 There the selfish boy learned reliance on God, and, through his talent for interpreting dream, rose to become governor of the country.  
 When his brothers, now repentant for their actions toward their younger brother, come to buy grain in Egypt they fail to recognize the responsible ruler as the selfish boy they once knew.  
 After testing their repentance and love for one another, Joseph reveals his identity to them.  
 The part of Joseph will be taken by Skip Coody, Lawton, a student at Oklahoma State university, while Sp4 Norman Nelson, stationed at Fort Sill, will read Joseph's lines.

Vernon L. Hawthorne is receiving treatment in the Veterans Hospital in Amarillo. His mother, Mrs. W. C. Hawthorne, said she was not sure how long he would be required to remain in Amarillo, probably for some time and would enjoy receiving cards and letters from friends. Cards may be addressed to V. A. Hospital, 2nd Floor, Ward 2-B.

Poseys. He is a brother of Mr. Posey and Mrs. Hales.  
 Mr. and Mrs. Homer Jones and family of Guymon, Okla., visited here Sunday.

While cutting weeds with a yoyo on the north side of the Memphis Country Club building Monday, a lad brought up a rattlesnake with the yoyo, but the snake managed to get away. This is the second such snake found on the club grounds lately.

**FORMER TEACHERS ARE VISITORS HERE**  
 Mr. and Mrs. Henry J. Gore of Freeport are house guests of Mrs. C. W. Kinslow. He was principal of

Memphis High and she was a teacher in the schools here from 1926 to 1938. They are enjoying meeting many of their former students as well as many friends and acquaintances they made during the 12 years of their residence here.

The Gores brought a bottle of desalted sea water to The Democrat. This was from the newly established U. S. Plant at Shreveport, the dedication ceremonies being held June 21 at which time President Kennedy pressed the button in Washington that started the flow of fresh water produced from the sea. Vice President Lyndon Johnson made the dedicatory speech, and Congressman Walter Rogers and other government officials were present.

### Bridges, Collins To Leave This Weekend For Calif.

Tommy J. Bridges and Walter B. Collins of Memphis will leave this weekend as members of the 4th Anti-Tank Company of the U. S. Marine Corps Reserve Unit of Amarillo for their annual two weeks training at Camp Pendleton, Calif.  
 Approximately 115 men from the Panhandle Area will participate in the training with the Anti-Tank Battalion.  
 The training will be intensive, under the most realistic combat conditions possible, so that, as always, the Marine Reserves will be battle ready in case of an emergency.

### Mrs. Nova Gibson Dies In Childress

Funeral services for Mrs. Nova Lee Gibson, 74, were held at 2 p. m. Wednesday, July 5, from the First Baptist Church in Childress with Rev. Joe Allen officiating assisted by Rev. Gordon Highfill of Calvary Baptist Church and Rev. Homer Sheets of Hilland Assembly of God in Lubbock.  
 She was an aunt of Mrs. W. C. Davis of Memphis. Mrs. Davis' father, Mr. Sheets, attended the service from Calif. and she accompanied him home.  
 Burial was at Childress.

Funeral services for Mrs. Nova Lee Gibson, 74, were held at 2 p. m. Wednesday, July 5, from the First Baptist Church in Childress with Rev. Joe Allen officiating assisted by Rev. Gordon Highfill of Calvary Baptist Church and Rev. Homer Sheets of Hilland Assembly of God in Lubbock.  
 She was an aunt of Mrs. W. C. Davis of Memphis. Mrs. Davis' father, Mr. Sheets, attended the service from Calif. and she accompanied him home.  
 Burial was at Childress.

Mr. and Mrs. Herschel Combs returned home Sunday following a visit in Houston with their daughter and family, Mr. and Mrs. A. J. Welch and daughters. Accompanied by the Welch family they enjoyed a weekend stay at Corpus Christi.

Gertrude Rasco, Virginia Browder, Boodie Grundy and Mrs. Richard Avery were in Canyon Sunday to attend the Palo Duro Theatre meeting.

Tana Battle returned to her home in Wichita Falls last weekend after visiting 10 days with her grandparents, Mr. and Mrs. Henry Scott.

Mrs. J. W. Forbis of Long Beach, Calif., is enjoying an extended visit here with her sister, Mrs. George Greenhaw.

Mr. and Mrs. Jim Walker of Lubbock spent the weekend here visiting with her parents, Mr. and Mrs. Frank Garrett. Mrs. Walker remained to visit the rest of the week with the Garretts.

Mr. and Mrs. S. D. Posey, accompanied by Mr. Posey's sister, Mrs. Eleanor Hales, of Oklahoma City, returned Tuesday from a vacation in the mountains in Colorado and Utah. While in Colorado, they spent a weekend in Grand Junction in the home of the O. E.

### Judy Saunders Becomes Bride Of Doyle Clendennen In Hedley Rites

Miss Judy Saunders, daughter of Mr. and Mrs. R. M. Saunders of Hedley, and Doyle Clendennen, son of Mr. and Mrs. W. W. Clendennen, also of Hedley, were united in marriage Saturday evening, July 8, at the First Baptist Church in Hedley.

Rev. J. S. Tipton of Carter, Okla., former Hedley pastor, performed the double ring ceremony in a setting of pink and white gladiolas, greenery, and pink candles, carrying out the bride's chosen colors of pink and white.

Miss Carolyn Stephens furnished the traditional wedding music. Miss Sue Alexander sang "Because."

Given in marriage by her father, the bride wore a ballerina length wedding dress of white silk organza over taffeta. The fitted bodice featured a sweetheart neckline and three quarter length sleeves of French illusion lace, which continued to a point at the waistline. Her elbow length veil of illusion fell from a white tiara of orange blossoms accented with seed pearls. For something old and borrowed she carried a handkerchief belonging to her great-grandmother Lide; for something new, her dress; and the something blue was her garter. Her bridal bouquet was of white carnations with satin streamers bearing miniature flowers.

Maid of honor was Miss Saundra Saunders, sister of the bride, who wore a dress of pink silk with pink accessories, and a corsage of pink and white carnations.

The bride's mother, Mrs. Saunders, wore a dress of white silk with orchid accent, white accessories, and a corsage of white carnations.

The groom's mother, Mrs. Clendennen, wore a white linen sheath dress with blue embroidery, white accessories, and a blue carnation corsage.

Merle Owens, brother-in-law of the groom, was best man. Ushers included Jerry Finchum, Danny Davis, Lyd Dean Messer and Billy Wiggins.

Immediately following the ceremony, a reception was held in the Fellowship Hall of the church. In the receiving line were the bride and groom, Mr. and Mrs. R. M. Saunders and Mr. and Mrs. W. W. Clendennen.

Mrs. Merle Owens, sister of the groom, presided at the register. Miss Sharn Davis poured the

pink punch, and Mrs. L. O. Thompson served the lovely three tiered wedding cake of pink and white, topped with a miniature bride and groom. Miss Carolyn Stephens furnished music for the reception.

For going away the bride chose a dress of orchid cotton with full skirt and white accessories, and a corsage of white carnations taken from her bridal bouquet.

Both bride and groom are graduates of Hedley High School. After a short wedding trip to Pampa, they are at home in Amarillo, where both are employed.

Out-of-town guests attending the wedding included Mrs. C. H. Messer, Mrs. Neil Landrum, Jimmy, Janie and Garon, Mr. and Mrs. Wayman Messer, Kelly and Dae Lynn, and Mrs. Marvin Webster and Doris, all of Littlefield; Mr. and Mrs. L. A. Davis and Danny of Wellington; Mr. and Mrs. J. R. Saunders, Dot Webster, Mrs. Ora Willingham, Mrs. C. C. Hodges, Camilla Lemons, Mrs. Jim Webster and Mrs. W. M. Tipton, all of Memphis; Mr. and Mrs. Wayne Saunders of Amarillo; Rev. and Mrs. J. S. Tipton of Carter, Okla.; Mrs. Lee Thompson of Samnorwood; and Jeannie Ann Ktneddy of Quail.

### Mrs. Billingsley, W. T. DeShazo Marry In Denton

Mrs. Maudie Billingsley and W. T. DeShazo of Childress were united in marriage on July 1, at the home of the bride's son and wife, Mr. and Mrs. James L. Billingsley, in Denton.

The ceremony was performed at 4:30 p. m. by Rev. Don Waterston, pastor of Temple Baptist Church in Denton.

Mrs. DeShazo was attractively attired for her wedding in a dress of light blue brocaded silk, worn with white accessories. Her corsage was of variegated pink and white carnations.

Mr. and Mrs. Billingsley were the couple's attendants. Mrs. Billingsley was wearing a blue silk shantung dress with white accessories.

Following a wedding trip to Spokane, Wash., Mr. and Mrs. DeShazo will reside at 1103 Avenue C, Childress.

### Reapers Class Meets In Home of Mrs. Theo. Swift

The Reapers Class of the First Baptist Church met in the lovely country home of Mrs. Theodore Swift Tuesday afternoon, July 11, for the regular business and social meeting.

Mrs. R. H. Wherry, president, presided. Mrs. L. M. Thornton led the opening prayer and the class song, "Bringing in the Sheaves" was sung.

Minutes of the previous meeting were read and approved after which reports were given by the group captains and a general report was given by the secretary.

Mrs. T. T. Loard gave an inspiring devotional on "Faith" reading a portion of the 11th chapter of Hebrew for the scripture text. She concluded by reading a poem entitled "Your Load and His."

Mrs. Willingham read an article, "Be in the Business of Staying Young," and Mrs. Henderson Smith read two poems, "The Lord's Hand Is Not Shortened" and "No Shadow of Turning."

Mrs. Swift and Mrs. Bownds gave helpful talks, after which Mrs. Crabb led the closing prayer.

The hostess served delicious German chocolate cake and punch to the following members: Mmes. Loard, Kilgore, Holcomb, Swift, Crabb, Martin, Tribble, Wherry, Crawford, Stewart, Watson, Adams, Moreman, Thornton, Beckham, Willingham, and two guests, Mrs. Mary Bownds and Mrs. Henderson Smith.

### Floyd Family To Hold Reunion In Childress

Children of the late Mr. and Mrs. T. B. Floyd will meet in Childress on August 4th and 5th for a family reunion. The reunion will be held at Childress Park and friends of the family from Memphis are invited to attend.

Among the children who are expected to be present with their families are Parker Floyd, Barney Floyd of Lazbuddie, Shorty Floyd of Lelia Lake, Bill Floyd of Hedley, Virgil Floyd of California, Mrs. Ham Smith of Floydada, Mrs. V. O. Blankenship of Naples.

Mr. and Mrs. Tony Craig and son, Don, returned Tuesday after a two-week visit in Albuquerque, N. M., with Mrs. Craig's sister, Mrs. Joe Farinelli.

## State Capital NEWS

By Vern Sanford

Within a few weeks the tourists and school children who flock to Austin will be able to get a lesson in Texas history by visiting the most beautiful of all the new buildings on the state capitol grounds.

It is the State Library and Archives Building, now nearing completion on a site directly east of the Capitol.

For many years history-minded Texans decried the fact that the priceless early documents of the state had no real home. Finally these documents were moved from a mouldy basement to a Quonset hut. There many feared for their safety.

Now, the new edifice provides the state's historic documents with a magnificent home. In addition there are quarters for the State Library and the General Land Office.

More interesting to the visitor will be the way in which Texas history is dramatized in the architectural decor of the building. On each side of the entrance are six large flagpoles. From them will fly the flags of the nations which have ruled Texas—France, Spain, Mexico, the Republic of Texas, the Confederate States of America and the United States.

Embedded in the stone of the front are bright colored mosaic shields. These also represent the same six nations. Smaller bronze emblems decorate the heavy metal doors at the front. Across the back of the structure, even larger shields, bearing the six nations' seals in colored ceramics, are mounted on the face of the building.

Pink granite, the "official" stone for state buildings, is used for the entire exterior. Carved in the granite across the left front are these words:

"The People of Texas do now constitute a free, sovereign and independent republic and . . . we fearlessly and confidentially commit the issue to the decision of the Supreme Arbiter of the destinies of nations." (Texas Declaration of Independence, 1836)

On the right front side is carved: "All political power is inherent in the people and all free governments are founded on their authority and instituted for their benefit." (First Constitution of Texas, 1845.)

Although the building has four floors, there are seven "stack floors" where the building is divided for storage of books and documents.

One end of the main floor will be devoted to the library. There you will find a charge desk and a large reading room.

Another large room will house the archives. In it there will be a large work room where researchers may look at old papers.

Land Office, to be on the third and fourth floors, will have a separate entrance at the south end of the building. Building faces west.

First floor lobby, like the Capitol rotunda, will be a Texas showcase. In its terrazzo floor it the familiar wreath and star emblem of Texas. Main walls are polished granite and upper wall is sandstone. Above the center of the area is a huge, spectacular oval light fixture of red, white and blue colored glass in a sunburst design with a border of 50 stars.

Museum cases, recessed and lighted, are built into the walls around the lobby. Opposite the lobby entrance is a large bronze screen with 15 blocks on which are wrought designs that present a panorama of Texas development. There's an Indian with tomahawk, branding irons, dueling pistols, the first Capitol (a small frame house), an early locomotive, and a windmill on the prairie. Last

block shows a gushing oil well.

Building of the State Library and Archives Building was authorized by the Legislature in 1957 with an appropriation of \$2,500,000. Project has been carried through by the State Building Commission for which E. E. MeAdams is chairman and Gov. Price

Daniel and Atty. Gen. Will Wilson are members.

Admiral H. R. Neiman is director of the Building Commission.

State Archives Building is the fourth of the new edifices erected since the building program began in 1957. It is neither the largest nor the most expensive, but because of the historical designs, it is attracting the most attention. Those who have had an advance peek believe that it will, as intended, be a fitting residence for the heritage of Texas' 125 years.

**TOLEDO BEND DAM STUDIED**—Texas Water Development Board has given tentative approval to a \$15,000,000 state loan for the building of a \$60,000,000 Toledo Bend Dam on the Sabine River.

The dam will create the largest man-made lake in the south and supply water and power for resi-

dents of both Southeast Texas and Louisiana.

One of the first obstacles faced is obtaining a permit from the State Board of Water Engineers. In this, the Sabine River authority is opposed by the state of timberland which would be flooded by the reservoir.

Louisiana will be a partner in the project, if it materializes. Louisiana voters already have approved a \$15,000,000 loan to meet its share of the cost. **END OF AN ERA**—One of the most colorful and controversial names in 20th century Texas politics passed from the scene with the death of Mrs. Miriam A. Ferguson.

Though she preferred keeping and flower raising, Ferguson was the first (and only) woman governor of Texas, one of the only two women errors ever to be elected to nation.

### MINUTE MEDITATION

There are loyal hearts, there are spirits brave,  
There are souls that are pure and true;  
Then give to the world the best you have,  
And the best will come back to you.

Give love and love to your life will flow,  
A strength to your utmost need;  
Have faith and a score of hearts will show  
Their faith in your word and deed.

Give truth and your gift will be paid in kind,  
And honor will honor meet;  
And a smile that is sweet will surely find,  
A smile that is just as sweet.

For life is a mirror of king and slave,  
'Tis just what we are and do;  
Then give to the world the best that you have,  
And the best will come back to you.

For there is a destiny that makes us brothers,  
None goes his way alone;  
And all that we send into the lives of others,  
Comes back into our own.

### SOIL ★ OUR STRENGTH

## Hall County Soil Conservation District News

The main objective of the Hall County Soil Conservation District is to have a complete soil and conservation plan in effect on every farm or ranch within the county. As each user takes his own acres the goal of soil wide conservation is achieved.

Hall County Soil Conservation District enters into agreement with farmers and ranchers to participate in such a plan. The farmer or rancher is prepared for using his land to its capabilities and treating it according to its needs.

Hall County SCD agrees to provide a soil and land capability survey, technical assistance, and other services and information as available to help the farmer or rancher start his plan as soon as he becomes a disoperator. He may proceed slowly or as slowly as he wishes.

The Hall County SCD program of his land, prepared by the Soil Conservation Service, shows the kinds of soil in each acre and the capability of each acre for agricultural use. If there are any special conditions, the Soil Conservation Service provides information on the different ways each acre of land can be used.

As a farmer or rancher decides you will do with each acre of land. If you do not have a water conservation plan for your farm or ranch or do not have a current plan—contact your Soil Conservation Service office at the court house in Amarillo.

## Watson Family Reunion Held In Thompson Park

The descendants of the John Will, R. W. Watson, Sr., and Mrs. Molly Watson Odell families held their annual family reunion recently at Thompson Park in Amarillo.

A picnic lunch and games were enjoyed by Mr. and Mrs. J. A. Henry and Johnnie Turner of Borger; Mrs. James W. Turner and sons, Merlene and Ivey; Mr. and Mrs. Jack McDonald and children; Mr. and Mrs. Clay Fortenberry, Mr. and Mrs. Clayton Fortenberry, Mr. and Mrs. A. C. Buchanan and children, Mr. and Mrs. Harold Smallwood and family, Rilda Smallwood, Mr. and Mrs. O. L. Herrin, Mr. and Mrs. Delbert J. Watson and family, Mr. and Mrs. Leon Forvour and family, Mr. and Mrs. Earl Watson and Johnny, Mr. and Mrs. C. E. Meyer, Mr. and Mrs. H. W. Watson, Garry Hugh, Mr. and Mrs. Jerry Shannon and Kim, Mr. and Mrs. E. H. Watson, Mr. and Mrs. Johnny Wells and family, Mr. and Mrs. Bob Spray and family, Mr. and Mrs. Maurice McLaughlin and family, all of Amarillo.

Mr. and Mrs. A. Jerry Bowling and daughter, Gladys Watson, Mr. and Mrs. Tom Jones, Mr. and Mrs. Jeff Melton and family, Mr. and Mrs. Reginal Robertson and family, al of Spearman; Mr. and Mrs. Jess Watson of Lakeview; Mr. and Mrs. Jess Ivey of Clarendon; Mr. and Mrs. Bonnie Hatfield and family of Dumas; Mr. and Mrs. Bobby Angeley and family of Earth; Mrs. J. E. Black, Mrs. Annie Hillman of Petersburg; Royce Hillman and daughter of Lockney; Mr. and Mrs. Elmer Watson and family, Mr. and Mrs. R. W. Watson, Jr., and family, Mrs. R. W. Watson, Sr., all of Plainview.

Guests attending were: Pat Jones, Delle Townes, Diana Mansfield and Jimmy Jones all of Amarillo; Donnie Poole of Spearman, Jerry Hubbard of Fairbanks, Alaska.

## New Arrivals

Mr. and Mrs. James Belk of Plainview are the parents of a son, Gary Mack. He was born June 10 and weighed 7 pounds, 2 ounces.

Mr. and Mrs. Joe B. Fuller of Clarendon announce the arrival of a daughter on June 13. She has been named Kena Marie and weighed 5 pounds, 11 ounces.

Mr. and Mrs. J. R. Petty of Hedley announce the birth of a son, Sammy Lee. Born June 23, he weighed 6 pounds, 14 ounces.

Born to Mr. and Mrs. R. L. Parish of Clarendon was a son on June 27. Weighing 6 pounds, 7 ounces, he has been named David Dean.

Mr. and Mrs. Kenneth Backman are the parents of a daughter born June 28. Weighing 6 pounds, 15 ounces at birth, she has been named Kimberly Kay.

Mr. and Mrs. Calvin Auston of Quitaque announce the arrival of a son, Rickey Lee. He weighed 9 pounds, 9 ounces at birth on July 3.

Born to Mr. and Mrs. E. H. Boone was a daughter, Teddie Elizabeth, on June 16. She weighed 6 pounds, 15 ounces.

Sandy Kay Hindman, daughter of Mr. and Mrs. L. N. Hindman, was born June 22. She weighed 6 pounds, 3 ounces.

Mr. and Mrs. E. D. Thomas announce the birth of a daughter on June 29. She has been named Jenette Faye and weighed 4 pounds, 15 ounces.

## Fleahoppers In Hall County Are On Increase

Fleahopper population continues to increase in fruiting cotton over the county, observed the county agent, with medium to heavy damage reported in Hall County.

The terminal area of squaring cotton should be checked closely to prevent large build-ups and serious loss of small forms, cautioned W. B. Hooser, Hall County Agent.

Bollworm infestations have remained static during the past week, reports Hooser, but careful observations should be made frequently to prevent a sudden build-up causing serious damage.

"Are you satisfied with results from insecticide applications? If not, you should check to see that the spray nozzles, operating pressure and insecticidal dosage are as recommended for effective insect control," Hooser said.

The following suggestions have been made in checking ground equipment:

"All nozzles should be checked for wear and stoppage to insure an even distribution of insecticide over the plant. A single, cone-type nozzle per row has given as good, or better, results than the fan-type nozzle or a large number of nozzles per row up until cotton begins to overlap in the middles.

"For effective ground applications, insecticides should be applied at 60 pounds pressure. At higher pressures, insecticides tend to drift or evaporate more readily (due to smaller droplet size) and, in many cases, never reach the cotton plant. At pressures below 60 psi., the larger droplets often run off the plant surface on to the ground.

"A quick check of a ground sprayer rig may save the farmer many dollars in insecticide costs or in cotton yields. In order to apply the recommended amount of insecticide, the spray equipment must be calibrated. A quick check on the output of your spray

## DOVE SEASON DATE PROBABLY WILL BE SEPT. 1

The Texas dove season in 1961 probably will be about the same as last year, according to H. D. Dodgen, executive secretary of the Game and Fish Commission. The date will be set at a Commission meeting in Austin July 7.

P. B. Uzzell, assistant director of wildlife restoration, returned from Washington this week where he attended a dove conference. It was agreed at this conference with the U. S. Fish and Wildlife Service that a 60 day season could be set in Texas. Opening date of the North Zone is expected to be Sept. 1. Opening of the South Zone season will be decided by the Commission.

The bag limit probably will be 15 per day or 30 in possession of mourning doves.

There is strong indication, according to Dodgen, that the white-winged season in the Valley will be set to open Sept. 8. Whether or not it will be a three or five day season is still open.

Last year, the limit on white-wings for the three-day season was 10 per day and 10 in possession. However, there was an aggregate possession of 30 doves, with not more than 10 white-wings.

equipment will give you the information needed to apply the required amount of insecticide for the most efficient and economical insect control."

### Dr. Goodall Files Offer With Comm.; Refuses Use Of Remodeled Hospital

In a letter addressed to Ben Parks, a member of the County Hospital Committee No. 4 which is studying the possibility of purchasing existing hospital facilities, Dr. O. R. Goodall stated, "If a modern hospital is not constructed by the County, I do not feel that I should be expected nor do I intend to close my hospital."

A copy of the letter, containing Dr. Goodall's statement along with an offer to sell his hospital, was presented at the Monday Commissioners Court meeting but was not read aloud at the session. The letter was entered into the files of the Commissioners Court.

"If existing structures are bought I intend to remodel and enlarge my present hospital and with the assistance of Dr. H. R. Stevenson and other physicians continue to operate this institution. In such instance, instead of absorbing a large part of the cost on charity patients as I am presently doing, I would be glad to refer all charity patients to the County Hospital for hospitalization, where I will continue to contribute my services as I have in the past," Dr. Goodall stated in the letter.

The last four paragraphs of the letter were devoted to the submitting of an offer to sell to the County the Goodall Hospital.

Dr. Goodall stated: "I hereby submit this offer to the county, as requested by the committee appointed by the County Commissioners. Not because I am interested in having the County purchase this property to relieve me or my family of the financial loss which is usually incurred in the sale of a private hospital upon the death of the owner."

The next paragraph of the letter was devoted to a description of the lots, a building description including basement, rooms, square feet, baths, etc.

In the next paragraph Goodall stated: "I will sell the hospital alone and the property it is situated on for \$25,000.00 to the county. I will sell the hospital, the residence, all lots and out buildings at the hospital for a total consideration of \$50,000. The prices quoted here do not include any of the medical office equipment, instruments and supplies, business office equipment, files,

medical library, X-Ray equipment, files and records, laboratory equipment and records, or the medical supplies and medicine that I presently have on hand.

"The hospital building is brick, plastered inside and covered with stucco outside. The residence is residence is of frame construction, covered with stucco. They are both open for your inspection at any reasonable time."

The first two paragraphs of Dr. Goodall's letter stated: "In 1959, when application for Hill Burton funds were being made, I signed a statement that if Hill County wanted to obtain the Hill-Burton funds and build a new and adequate hospital, I would close my hospital and give my full support and co-operation to the successful operation of the County Hospital. This is still my intention. However, it is my opinion that no existing facilities in Memphis would be suitable, nor could be made to comply with Hill-Burton requirements, or be operated except at an abnormal overhead, all of which would either result in an excessive charge to the patients or a large operating loss, or both. This would result in an unnecessary (sic) loss to the taxpayers, while at the same time offering only inferior and antiquated facilities to the people of Hall County.

"The citizens of Hall County should receive and have available the most modern facilities and equipment for the treatment, care and comfort of the sick and injured, and their friends and relatives who are required through devotion or necessity to be present. I feel with modern facilities and equipment, many of those cases where the services of a medical specialist is required could be treated in this county in the County Hospital, by the specialist coming here, resulting in a saving in expense and inconvenience to the family and friends as well as to the patient."

### Odom Offers Hospital For Sale At \$50,000

An offer of \$50,000 was presented to the Hall County Commissioners Court Monday as the purchase price of the Odom Clinic Hospital by County Judge Tracy Davis in the form of a six-paragraph document which was entered into the Court's records.

The document read: "The Odom Clinic Hospital, 721 W. Main St., Memphis, Texas, is a single story, concrete block, lathe and plaster building with partial basement.

"The main floor contains approximately 8,000 square feet of floor space, with the basement containing approximately 850 square feet.

"The building contains two lobbies and 40 rooms, which could be used as follows: Lobby, nursery, kitchen, dining room, doctor's nurses' work room, X-ray, operating room, delivery room, laboratory, linen room, store room, lounge, manager's office and 28 bedrooms. (Lobby includes business office.) The building also includes 10 toilets and one bathroom with tub and shower, as well as a number of linen closets, etc. It is equipped with five heating units and five evaporative type air conditioners, with both heat and air ducted to rooms.

"The building is situated on a 100 x 140 foot lot, which provides adequate room for expansion that was once planned—the addition of a new major and minor operating room and two recovery rooms.

"The building was constructed over a period from 1945 to 1950, with building and equipment costing approximately \$90,000, (present replacement cost not less than \$150,000).

"Dr. Odom has offered to sell the entire lay-out, with the exception of his personal examining equipment and private office furnishings, for \$50,000, or he would lease the same lay-out for a 10-year period at \$5,000 per year to the County, provided the County would maintain and insure the hospital in such a way as to leave Dr. Odom free from obligation during the 10-year period, at the end of which he would deed it over to the County."

The document was on Odom Clinic Hospital stationery but was not signed.

Rev. and Mrs. Richard Avery and young son, David, left this morning for Honey Grove where they will visit her parents. Rev. Avery will return for Sunday service at the Presbyterian Church and go back to Honey Grove first of next week.

A. J. Nabers and family of Valmeyer, Ill., arrived Wednesday for a visit with his father, Luther Nabers. They drove the entire distance during daylight hours and report the trip was pleasant throughout.

REAL SQUARE, MAN . . . The squares in this swimsuit don't hide the curves on this young lady, who gives a preview of what can be expected on the beaches come summer.

### Commissioners

(Continued From Page One)

Britain seconded the motion and the motion carried three for, one commissioner not voting.

Following Hamilton's report to the commissioners, they heard reports from J. W. Coppedge, Bill Leslie, Rev. Richard Avery, and Dr. H. R. Stevenson.

When Attorney Spillman, who arrived at the meeting during the reading of the committee reports came forward to report to the commissioners concerning a trip he had taken to Austin concerning a hospital district, County Judge Tracy Davis told him that the commissioners had already heard a report by Hamilton on this subject and that they did not need to hear any report from him.

Commissioner Hutcherson asked Atty. Spillman if he had a bill to submit to the county, and Spillman answered that he did not have one worked up yet. Hutcherson ask him how long it would take to work one up and Spillman said he would have to go to Wellington and check his daily journal. Atty. Spillman stated he would turn in a regular lawyers bill next month.

At this time Dr. Stevenson presented a report of the activities of the original planning committee which was discharged in May.

Following the reading of Dr. Stevenson's report, Commissioner Hutcherson made several motions that were not seconded. The motions the commissioner made were: that the Hampton property be selected as the site for the County Hospital; that Atty. Paul Spillman be dismissed; that the reports of the committees be accepted and the committees dismissed; that the original six-man planning committee be reinstated to pick a site.

The County Judge reported to the commissioners very briefly that bids of \$50,000 for Odom's Clinic Hospital, and \$25,000 for Goodall Hospital had been received.

Then Commissioner Hutcherson asked Atty. Spillman if he had any suggestions. Spillman said he thought the Commissioners should make a motion receiving . . . and was then stopped by the County Judge who said, "Paul, we don't need any motions from you. You came over here and tore up our county; you are not going to take over my court; you shut up."

Spillman answered, "I wasn't going to make a motion; the Commissioner asked if I had any suggestions, and I was just going to suggest that the court should receive these reports and have them filed in the minutes of the court."

At this point Rev. Richard Avery stated that he wanted the court to receive his committee's report or to tell them what else they need in the report.

Commissioner O. R. Lambert made a motion the court receive the committee's report and it be filed in the official minutes of the county, and that the incomplete reports be allowed to be filed. Commissioner Spear seconded the motion and it carried unanimously.

Another order was passed that the court meet again next Monday morning to hear Atty. Spillman's recommendations.

The judge also said in effect that they have had enough delaying tactics.

Spillman asked the judge how much progress had been made during the two years prior to the time when he came over here and how much progress had been made since he had been employed.

Spillman stated that the Commissioners had appointed committees that had gone out and had done a lot of work and brought in a lot of documented data.

"If Hall County doesn't get the hospital it needs and deserves, the people can blame you (Davis)," he said.

### Committee No. 1 Gives Incomplete Report To Court

Will E. Leslie, a member of Hospital Committee No. 1, read a partial report of this group to the Hall County Commissioners Monday.

The incomplete report was signed by Jess Meacham, W. E. Leslie, R. C. Clements, chairman, Jim Hutchins and Del Wells.

The report stated: "This is the partial report of Committee number 1, as we only visited two hospitals we are unable at this time to make a complete report."

"The report this is attached is one of the two hospitals that we visited June 22, 1961. It was our intention to visit several more before making a complete report."

The following is taken from the report:

"Swisher County Hospital, original portion built prior to 1930; 12 bed addition completed 11-1-50. Total construction and equipment cost of new portion—\$153,498.35. Local share, \$102,332.23 from county general tax revenues; federal share \$51,166.12, Hill-Burton funds.

"Committee visited with Swisher County Judge Jack Driskill in his office. He told committee that their hospital had an operating deficit of approximately \$27,000 per year, that the county had voted a 30c tax levy to cover this expense (in addition to an existing 10c levy for hospital purposes that was already in effect). He showed us copy of current operating statements (one copy included in this report). Various figures on report were discussed. The judge then gave his explanation for the cause of the deficit. Theirs is a three story building with patients on all floors. They like to have an R.N., etc. on each floor which causes their nursing help to cost almost three times what it would if they had more efficient building design. As further explanation, the judge stated as the reason for the excessive number of nurses a possible instance that if a patient on 3rd floor should die from lack of attention while the nurse was busy on the 1st floor, it might reflect on the Board and County Officials that they had been negligent in properly staffing the hospital. The Administrator, with advice and suggestions from the Board and Doctors using the hospital for their patients, control the personnel problem."

The report mentioned that the Hospital Board operates the facility; then gave figures from an operating report.

"Six doctors operate out of hospital. Doctors can make or break a hospital project. Judge stated that many people from that area went to hospital in Amarillo and Plainview, mostly in instances where a specialist is involved, and implied that doctors could exercise beneficial or harmful influences in this as related to the successful operation of hospital.

Judge was asked how Hill-Burton affected their operations—if they were subject to any federal controls and regulations. His replies included that there were no federal controls or regulations. Hospital is not inspected by a federal agency (only by State Health Department, as are all public and private hospitals in Texas). They make no report to any federal agency. The Administrator and Board establishes and enforces all practices and procedures. No trouble with race problem. Administrator puts patients where she thinks they should be. They do not refuse anyone (in an emergency) regardless of race, ability to pay, etc. and the judge stated he thought this was policy of any hospital whether or not they were built with Hill-Burton funds. They have recently adopted—and doing their best to enforce (big sign in lobby of hospital) a policy of requiring a \$50 deposit before admission in cases covered with adequate insurance.

"Judge was asked if he knew of any County Hospitals that were making money. He answered, 'Yes, Hereford is making money.' He mentioned several others about which he had heard, some making money, others losing money—including Dimmitt, Castro County.

"The judge stated that the people of the county wanted the hospital and weren't complaining about the deficit and had voted the increased tax levy to offset the deficit.

"The judge was asked if he thought it would be wise to go the Hill-Burton route. He replied that he didn't see how you could go any other way, that Hill-Burton funds were a welcome gift, an outright grant with no strings attached.

"Judge stated their hospital had had seven different managers since he had been connected with it. They formerly operated their own laundry but have taken the equipment out. Salaries only, for laundry help was \$400.00 per month. Said a pharmacy (they do not have one) would provide a very profitable source of income, but later stated it would not be practical because of a pharmacist's salary which would be, as he suggested, about \$600 per month. They have contemplated closing

### Around and About

By HELEN COMBS

Our 10-day vacation trip came to an end Sunday as we made our way homeward from Brady through intermittent light showers and downpours of rain. As we neared Childress the rain lessened. To our disappointment, we found only a light sprinkle had fallen in Memphis. But later we learned they had received good rains to the west of town; and since that date we have had rain in most parts of the county.

We enjoyed a delightful visit in Houston with our daughter and son-in-law, Pat and A. J., and their three daughters. On Saturday we went out to visit the San Jacinto monument and the Battleship Texas. As this was our first time on board ship, we found it fascinating . . . and our admiration increased for the men of the Navy who lived aboard the ship. We learned our education as to shipboard life was very limited as we had assumed the men slept in cabins or rooms and not out in the open hall-way with their bed swung from the side of the wall.

A weekend in Corpus Christi enlightened us to the beauty of that resort coastal city. We spent our time there on the beach, fishing a little, and did some sight-seeing. The drive down the ocean front is the prettiest we have seen anywhere; the homes are magnificent, the grounds spacious and the shrubbery unusual and beautiful.

Corpus Christi has spent a lot of money in making their city beautiful and we wonder why they have not spent more money advertising it as a resort city. It is our opinion they could compete favorably with Florida with much more reasonable rates.

We went out to inspect the boat talked about Padre Island, returning to Corpus via Aransas Pass where we crossed over on the ferry boat.

Amid the vacation fever, we return home to find our friend, Mary Helen Sexauer, had spent her time to very good advantage. She delighted friends with a perfectly beautiful program of songs at the American Legion Hall on Wednesday afternoon. A soprano, Mary Helen is gifted with a lovely voice, and she has had extensive training. She was accompanied by Miss Lilly Larsen at the piano. We marveled that Mary Helen had energy in the summer heat to prepare for such a program. As we marveled we were delighted that she had found the time because we derived so much pleasure and enjoyment from the program and we know others did too.

Among out-of-town visitors at

of money or other personal property or any donation to be applied, principal or income or both for the benefit of said hospital, and apply the same in accordance with the terms of the gift."

The report also consists of excerpts from Art. 4480 to Art. 4488 concerning: board of managers, power of the board of managers, clinics, health bulletins, records, superintendent, admission of patients, support of patients, inspection, and personnel.

The committee's recommendation was, "Our only recommendation is that the Commissioners Court proceed in an orderly fashion, and that they keep in mind the rules and procedures set up by the laws of the State of Texas."

### Mrs. Setliff

(Continued From Page One)

tery in Turkey under the direction of Eudy-Seale Funeral Home. Mrs. Setliff was born in Tennessee, March 9, 1884. She married G. W. Setliff in DeQueen, Ark., on May 26, 1901. She was a long-time member of the Church of Christ.

Survivors include five daughters, Mrs. Ruby Mitchell of Yuma, Ariz., Mrs. Evelyn Sterling of Mesa, Ariz., Mrs. Chloe Walker of Spearman, Mrs. Marlene Boyce of Quail and Mrs. Doris Bobb of Altus, Okla.; four sons, George, Odell and Arville of Turkey and Hubert of Plainview; five sisters and four brothers; 36 grandchildren and 37 great-grandchildren.

the recital was Mary Helen Sexauer, Mrs. Hardin, and Mrs. Crews, both of Childress. An out-of-town visitor, Mrs. Gore of Freeport, was greeting former friends and acquaintances. Mr. and Mrs. Kinslow this week. They were merely taught in the Memphis School system. While from Memphis friends were glad to see Meyer, sister of Charlene Meyer who has visited here in the past, and Wilma Sexton of Memphis who is spending the week with parents, the Lloyd Martins.

Our thought for today is entitled "Success", author known:

Success is speaking words of praise, In cheering other people's joy. In doing just the best you can. With every task and every day. It's silence when your speech would hurt. Politeness when your neighbor's curt. It's deafness when the world flows, And sympathy with others' pain. It's loyalty when duty calls. It's courage when disaster falls. It's patience when the hours long, It's found in laughter and joy. It's in the silent time of prayer. In happiness and in despair. In all of life and nothing less. We find the thing we call success.

### SPORTS AFIELD

By Ted Kesing

No matter how many safe devices man can devise to prevent gun from firing accidentally, problem can never be eliminated. Says Col. Jim Crossman, Consulting Editor of Sports Magazine.

Many guns go off by accident because of a broken part, works, bad primer, careless strange causes. If this can happen when you've got to assume it is likely to fire any time you touch the action. The only safe thing to do is to keep it pointed to hurt anyone if it does fire. Long as you do this, it doesn't matter whether the gun really does off.

For example, it has been reported that an M1 in perfect condition may fire when the bolt is home. The cause of this may have been that there were pieces of unammunition used. But it is not necessarily take a second primer to give you this trouble. It happens that a broken firing pin is jammed so it sticks out of the bolt face, many guns may fire accidentally.

With many sporting guns, firing pin jammed in the forward position can fire a cartridge as soon as the action closes. This is especially possible if you use a chamber by hand. Repeating actions which slide the base of the cartridge across the face of the bolt may merely hang up the protruding firing pin.

Handguns are a fertile field of accidents because many people have these weapons around for protection but don't use them often enough to become familiar with them. One common fault with an automatic pistol is to pull out the magazine and pull the trigger, ignoring the fact that moving the magazine does take the round out of the chamber.
