Court Names Temporary Hospital Board Monday

In a busy session Monday morning the Hall County Commissioners Court appointed a temporary board of managers for the County Hospital, and approved the borrowing of the money for the purchase of the site.

In a motion made by W. F. Brittain of Turkey and seconded by Ed Hutcherson, the court voted unanimously for the following six men to be named as a temporary board:

to be elected consists of three regular members and two alternates. The chairman and vice chairman of the elected committee will serve as delegate and alternate to the county convention where the county ASC committee will be chosen.

The county convention is scheduled for Friday, Sept. 29, at 2 p. m., at the ASCS Office, Memphis.

Any person may vote in the community election who is of legal voting age, who has an interest in a farm as an owner, tenant, or sharecropper, and who is eligible to take part in one of the farm programs administered by the committee. Also any person not of legal voting age, but who is in charge of the supervision and conduct of the farming operations on an entire farm, is eligible to vote.

Programs administered by the ASC county and community committees include acreage allotments, marketing quotas, commodity loans, the feed grain program, the national wool program, farm storage facility loans, Conservation Reserve program, and others as assigned by the Secretary of Agriculture.

The burglar entered the store through a hole in the roof, which was cut out by a brace-and-bit. He left the store through the same opening, Sheriff W. P. Baten, Jr., said.

The burglar left behind approximately \$175 in change in a box which he had taken from a smaller safe. The box, containing the change, was covered up by the safe's door. Sheriff Baten said that apparently the burglar forgot the change.

Signs around the safe indicated that only one man was involved in the burglary, according to Sheriff Baten. A crow-bar was left behind by the burglar.

Sheriff Baten reported Tuesday that his office has been unable to name a likely suspect. However, his office is working with a Texas Ranger out of Pampa on the case.

Hedley received its first bale of 1961 cotton on Wednesday, Sept. 6. The cotton was grown by John Farris on the Woodrow Farris farm, located about five miles east of Hedley.

Last year's first bale was ginned Sept. 17.

It will be used to advertise the 10th Annual Cotton Festival at Hedley.

There are some limitations on voting. Each voter is entitled to only one vote on any one ballot. If a voter has an interest in a farm, or farms in more than one community in a county, he or she may select the community in which he or she wishes to vote, but the vote may be cast in only one community of the county.

Vallance Food Store Is Burglarized Friday

The safe in the Vallance Food Store was cracked between 1:30 and 4:30 a. m. Friday morning, and the burglar made away with approximately \$800.

The safe was finally opened when the hinges were knocked loose from their mount. The burglar's attempt to open the safe by knocking off the knob and prying off the door failed.

The burglary was discovered Friday morning by Dutch Vallance, long-time employee of the grocery store, which is owned by J. W. and Herman Vallance.

The burglar entered the store through a hole in the roof, which was cut out by a brace-and-bit. He left the store through the same opening, Sheriff W. P. Baten, Jr., said.

The burglar left behind approximately \$175 in change in a box which he had taken from a smaller safe. The box, containing the change, was covered up by the safe's door. Sheriff Baten said that apparently the burglar forgot the change.

Memphis-Wellington Continue Gridiron Contest Friday There

The Memphis Cyclone and the Wellington Skyrockets will resume their long-standing gridiron conflict Friday night when the Wellington team plays host to the local 11 at Powell Field. Game time is 8 p. m.

The game promises to be one of the best this season, with Wellington relying on the exceptional speed and the Cyclone relying on a well-balanced squad, capable of consistent ground gains and passing.

Coach Don Lambert stated, "don't forget the Rockets are a Class AA hall club and are preparing for a Class AA district."

The Cyclone will have a slight weight advantage, with the Memphis line averaging 180 pounds while the Rocket line averages 170. The Rocket backfield averages 165 while that of Memphis averages 169.

The Skyrockets will attack from what is called a W formation. Also, the squad uses a modification of the spread, with the ends split out and the halfbacks setting in the gap.

The Wellington quarterback, Mauldon proved his passing arm against Hollis last week by tossing two touchdown passes.

"The Wellington squad is 50 per cent improved over last year," Coach Lambert said, "and they are fast, with good, hard-running backs that like to swing wide."

ending game of the season without the services of the starting quarterback, Bunky Adcock. The Cyclone can pass to either end or to any back, and they have a hard blocking line.

As far as substitutions, both benches are lean. Any serious injuries will hurt the performance of either team.

The Cyclone will go into the game with Defensive Lineman James Carroll on the doubtful list. He is suffering from a leg injury. Freshman Back Mike Crow received a wrist injury in Tuesday's workout, and will be out for the rest of the season. The wrist was placed in a cast.

The Memphis-Wellington game will be a grudge contest, with the Skyrockets seeking revenge from last year's defeat. Memphis will be trying to chalk up its second win over Wellington in 35 years of play.

Cyclone Downs Estelline 36-0

Memphis Scores During First Two Minutes

The Memphis Cyclone last Friday night before a good crowd of county football fans rolled past the Estelline Bear Cubs, 36-0 in ideal football weather.

The Cyclone's first score came only two minutes deep in the first period after a Cyclone lineman recovered a fumble on the Estelline 16 yard line to set up the score. Three plays later the Cyclone 180 lb. FB Eddie Jones plunged over for six points. HB Doug Peters carried for extra points but fell short.

On the next series of downs following a 28-yard punt by Estelline's RT Billy Bowman, the Cyclone started their second TD drive which covered 70 yards on the gridiron. The scoring play came on the third down from the three-yard line when Bunky Adcock pitched out to HB Bill J. Pounds who fumbled the ball and fell on it behind the Estelline goal line. Pounds received credit for the TD, and QB Adcock carried for two points on the quarterback option play.

The Cyclone third TD came in the closing minutes of the 1st period when the Cyclone took possession of the ball on the Estelline 25 when a pass was slapped down and End Dwight Gailey snatched it up. The Cyclone drew a five-yard penalty and then QB Adcock dropped back and passed to HB Pounds on the goal line for a TD. Eddie Jones picked up two more points on a dive play and the Cyclone led 22-0.

The second quarter was scoreless. After the half Estelline's KO was run back to the Cyclone 47. On the first play after the half, HB Bill J. Pounds carried for 11 yards for a first to the Estelline 41, and then on the next play, Pounds carried behind good blocking, out-ran and out-manuevered the Estelline secondary to scamper 41 yards for a TD. Jones again raked up two more points and Memphis led 30-0.

The Cyclone kicked off to Estelline and held them shy of a first down, after they suffered a 15-yard penalty. On their punt try, Freshman lineman John Lemons blocked their punt and Memphis took over on the two yard line. On the next play, Freshman HB Jack Stargel carried over to score. The try for extra points was fumbled and the score was 36-0.

Estelline started two drives, one in the last part of the third period and the other in the middle of the fourth quarter. The third period drive began on the Estelline 19 yard line and ended on the Memphis 31 when a wide pitchout was fumbled and Linebacker Don Gailey recovered on the Cyclone 24.

The second drive got started on the Estelline 25 and moved to the Cyclone 20 when it was stopped.

First Quarter Play
Freshman kickoff specialist Bill Ellis of the Cyclone started the game off with a kick which was fumbled deep in Estelline territory, resulting in only a five-yard runback. On the first play from scrimmage, Memphis recovered a fumble and took over the ball on the 16 yard line.

HB Pounds carried for 4 yards and FB Jones plunged through for 9 more to make it first and ten on the three. On the next play Jones plunged over to score.

POUND'S TOUCHDOWN — HB Bill J. Pounds is shown above carrying for 41 yards and a TD against Estelline on the second play after the half last Friday night. To the right of Pounds is pictured Frankie Longbine of Estelline, and on Rex Grisham of Memphis. Pounds was the leading ground gainer, carrying 6 times for 93 yards for an average of 15.5 yards per carry.

Peters carry for extra points was no good.

Ellis kicked off to the Estelline 22 yard line and Mike Cox returned the ball to the 32. Memphis drew two 5-yard penalties to give Estelline a first and ten on the 44. At this point they were held and forced to punt. A 28-yard punt gave Memphis the ball on the Cyclone 30.

Estelline was penalized 5 yards and carried for 3. Then a pass to End Jacky Bridges gave Memphis a first and 10 on the Estelline 35. Eddie Jones raked up 11 more yards moving the ball to the 23. Perry Wright blasted through for another first down moving the ball to the 6 yard line. Then after two plays failed to net a score, QB Adcock called a quarterback option pitch around left end and Bill Pounds recovered behind the goal for the score. Adcock carried for the extras, making the score 14-0 with 3:55 minutes left in the first quarter.

Ellis again kicked off for the Cyclone and Estelline took over the ball on their 24. Two plays netted 7 yards and then Estelline's QB was rushed and an attempted pass was slapped out of his hand and End Dwight Gailey intercepted the ball for Memphis.

On the first play from the Estelline 25, the Cyclone drew a 5-yard penalty to the 30. On the next play, Adcock dropped a pass over the shoulder of HB Pounds who stepped across the goal for a TD. Jones carried for two points and Memphis led in the game 22-0.

Estelline took over the ball on their own 35 as the first quarter ended.

Second Quarter Play
The Bear Cubs were unable to find running room and were forced to punt giving Memphis the ball on the Cyclone 35. Bill Pounds carried 29 yards on a reverse to the Cyclone 36. On the next play, QB Perry Wright hit End Bridges in the flat and he raced all the way, however, a 15-yard holding penalty was called against the Cyclone which nullified the play. The Cyclone was held and Adcock punted the ball out-of-bounds on the Estelline 11.

Estelline was held and punted to the 50. After an 18-yard runback by Perry Wright, Memphis took over on the Estelline 32. A pass to Freshman End Bill Ellis netted 9 yards, and HB Stargel picked

up 1 more for a first to the 22. In the next series, Estelline was penalized 15-yards on a personal foul, and the Cyclone had a first and goal to go on the 7. On the next play a Memphis back fumbled and Estelline recovered on their own 1 yard line.

Estelline elected to punt out on the third down and Memphis took over on the Bear Cub's 20. Two carries by Memphis backs put the ball down to the four yard line, but then Estelline's line rose up to throw Memphis for a 7 and an 8 yard loss on the two plays before the half ended.

Third Quarter Play
RT Bowman kicked off for Estelline and Perry Wright scampered 40 yards up the middle to the Cyclone 47. HB Pounds carried for 11 yards to the Estelline 41, and then, on the next play, he broke loose and ran 41 yards to score. Jones added two more points to the scoreboard and Memphis led 30-0.

Ellis kicked off to the Estelline 30. Estelline was penalized 15 yards and were unable to make a first down. Bowman went back to punt and Lineman John Lemons blocked the punt and Memphis took over on the Estelline two. On the next play, No. 42, Stargel, carried over to score the Cyclone's last TD of the night with 10:32 seconds left on the clock. The extra points try was fumbled and the score was 36-0.

Ellis kicked the ball into an Estelline lineman and Dwight Gailey recovered it for the Cyclone. Memphis drew two, 5-yard penalties and Adcock punted to the Estelline 34. Estelline fumbled the ball on their second play and Dwight Gailey again recovered the ball for Memphis.

Memphis, taking over the ball on the Estelline 25, drew a 5-yard penalty, and were unable to pick up a first down on a completed pass to End Dwight Gailey.

Estelline took over on their own 19. Estelline began their first drive at this point. Estelline back Freddie Futch broke loose around left end and scampered 32 yards before being puled down by the shirttail by a Cyclone safety man.

Then two completed passes from QB Jesse Corona to RE Tony Stephens netted 16 more yards and Estelline was on the Cyclone 31. Then on the next play, attempting to go wide around left end, the pitchout was fumbled and No. 60, Don Gailey fell on the ball.

On the first down from scrimmage from the Cyclone 24, Eddie Jones danced and side-stepped his way for 18 yards to the Memphis 42. The Cyclone drew a 15-yard penalty and Estelline drew a 5-yarder, giving Memphis a first and 20. Then Bunky Adcock rolled out on a quarterback keeper for 21 yards giving Memphis a first down on the Estelline 43. Another 15-yard penalty stopped the Cyclone at this point and Adcock punted to the Estelline 25.

Estelline QB Corona completed two passes in a row, one to End Stephens and the other to HB Futch which moved the ball to the Cyclone 45. Corona carried on a roll out to the Cyclone 34, and Estelline had another first down. A 5-yard penalty against Memphis moved the ball to the Memphis 20 where it was first and ten.

Then, a fumble, which was recovered by Estelline, an incomplete pass, a carry by back Futch and another incomplete pass, saw Estelline still on the 20 yard line.

Memphis took over the ball and on the first play, Peters carried for 12 more to the 42. Jones added 5 more on a dive and a completed pass to Bridges picked up a first on the Estelline 46. The next four plays netted the Cyclone a negative 20 yards in the closing seconds of the game. The game end-

ed one play later with Estelline in possession.

Bill Pounds was the Cyclone leading ground gainer, carrying 6 times for 93 yards for an average of 15.5 yards per carry. Doug Peters carried 8 times for 24 yds. Perry Wright carried 3 times for 8 yards, Adcock carried 6 times for 21 yards, and Eddie Jones carried 2 times for 58 yards. Freshman backs carrying averages include: Mike Crow, 2 times for 15 yards, Stargel 3 times for a minus four yards.

Turks Drop Game To Kress, 26-7

The Turkey Turks were downed last Friday night by the Kress Kangaroos, 26-7. This was Turkey's second defeat of the season, since they lost to Happy 22-0.

Turkey's only score came in the second quarter when a pass from Don Guest to Derrell Fuston, 165-pound sophomore end, covered 35 yards for the TD. Don Guest place kicked the extra point for Turkey. Kress scored all of their touchdowns on runs, one in each of the quarters. This was the Kangaroos' second win, downing Anton, 29-6, the week before.

Turkey has 29 boys out for football this year under the direction of Coach U. F. Coker. The six seniors on the squad are HB Jerry Weatherly, Guard Johnny Fuston, Guard Ronnie Richmond, Tackle Billy Lane, Tackle Dwan Wilkinson, and Tackle Roy Landry.

The Turks have nine juniors, five sophomores and eight freshmen on their squad. Turkey can field a backfield averaging 165 pounds and an offensive line averaging 175.

The Turkey Turks and the Memphis Cyclone will meet at 8 p. m. Friday, Oct. 6, at Cyclone Stadium.

Rockets Down Hollis, 38-0

The Wellington Skyrockets showed an amazing display of speed in downing the Hollis Tigers last Friday night, 38-0, in openings games for both teams.

The secret of the Skyrockets' success over their long time rivals was the speed of the backfield, mainly their HB Gary West and QB Richard Mauldin, who dominated the scoring.

The Cyclone's next opponent shows a 50 per cent improvement over last year's squad which the local team downed by one touchdown.

Hollis' squad, another of the Cyclone's opponents, is fielding a heavier team than last year. However, with the exception of one or two backs, they are not as fast. The Skyrocket was able to get outside the Hollis squad for many long runs.

Also showing much improvement this year for the Rockets is the passing of their quarterback, Richard Mauldin, who threw for two touchdowns against Hollis.

For persons over 65 years, leading causes of accidental death in a recent typical year were burns from hot substances, 250; exposure to heat and cold, 200; and obstruction by food objects, 150.

Football spectators who attended the Memphis-Estelline game probably noticed the new yard markers on the Cyclone Field. These markers will help all concerned to know where the ball is on the playing field. They were supplied by the Memphis Booster Club under the directions of Pres. T. O. Pounds. Another thing which the Booster Club purchased is a big, tumbler-type washer, water extractor, and dryer for the Allen Field House. The washer proved to be too large to go through the door, but this didn't stop T. O. With the aid of C. T. Snowden, T. O. disassembled it and carried it piece-by-piece into the building. Soapy Tribble helped T. O. assemble the machine, and it was ready for operation by this past weekend.

However, when Coach Lambert was doing his laundry over the weekend, he discovered that the wood of the tumbler had swelled during the washing of several of the loads, and he could not get the door closed. The coaches, be-

ing ingenious fellows, put a cover over the fan in the whirlpool, and completed their washing in it. It was rather a make-shift affair, but it did a pretty good job of washing the workout uniforms.

For those who may not be familiar with the numbering system on football uniforms, a short explanation might be in order. In the backfield, most teams number their quarterbacks with numbers from 10 to 19. Example: Adcock has No. 12 and Wright wears No. 10. Fullbacks and Halfbacks wear numbers in the 20's, 30 and 40's. Example: Jones wears 30, and Pounds wears 40. In the line, the ends wear numbers in the 80's, tackles wear numbers in the 70's, guards wear numbers in the 60's, and centers' numbers are in the 50's. Not all ball clubs wear these number designations, but most do.

If you like a good football game, Friday night's conflict between the Wellington Skyrockets and the Memphis Cyclone promises to be one of the best. The Cyclone

will be trying to do something that hasn't been done in the 35 years—beat Wellington in a row. In fact, the Cyclone only one win and one tie on record in the past 35 years play. Wellington's coach feels is a must game for the Cyclone win, and Coach Lambert feels as strongly about the game needing the win. The game will be wide open, with both capable of scoring any play of the line of scrimmage. Game will be 8 p. m. at the Sports stadium in Wellington.

Dove hunters report that there is a fairly plentiful if you know where to hunt. However, it is right after a rain makes it hard to find targets.

The first bowling league, Men's Monday Night League, get underway at the Memphis Bowl next Monday night beginning at 9 p. m. A women's league which is complete, will begin at 6:30 p. m. Tuesday night. Bowling leagues are being formed at present; so those who are not a team and want to participate should make arrangements as soon as possible.

Half of all fatal fire accidents occur in the home.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

To The Statue Of Liberty
Several days ago I inserted an
item in the Congressional Record
I think will be of interest
to many people in our District.
Your permission, I am going
to print it here as my newsletter
this week.

Extension of Remarks
of
WALTER ROGERS
of Texas

House of Representatives
Speaker, I was recently
visited by a man from an old
mine from Alanreed,
Alanreed is located on
Highway 66 in the southern part
of Comanche County, Texas. Just north
of Alanreed my good friend, Paul
Bruce, has long maintained a
place. He has dedicated his life
to the soil and the things that
grow. His wonderful
work is well known through
the hands of Texas and the
west.

Several months, he came to
New York to visit his brother and
to come by the Nation's
Statue of Liberty. While so doing,
I picked up a conversation with
a man by the name of John
Walker of Scranton, Pennsylv-
ania. Mr. Walker very kindly
sent him by my office, as he

was well acquainted and familiar
with Washington.

Subsequently Mr. Bruce wrote
to Johnny Walker thanking him
for his courtesies and enclosing in
that letter his thoughts as he view-
ed the Statue of Liberty. Mr.
Walker was so deeply impressed
with these two documents that he
forwarded them to his Congress-
man, the Honorable William W.
Scranton of the 10th District of
Pennsylvania. Congressman Scranton
very kindly forwarded these
documents to me, and I am taking
the liberty of inserting them in
the Record. I think that the state-
ments of Paul M. Bruce, of Alan-
reed, Texas, should be read by
every American, and I hope that
this will be possible. The letter
from Mr. Bruce I insert first and
his "Ode to the Statue of Liberty"
immediately following:

August 12, 1961

Dear Johnny Walker: I don't
have words to express my thanks
to you for being so very nice to
me in the District of Columbia.

My Representative, Walter Rog-
ers, was wonderful, also seeing
that I was well cared for while
in the District of Columbia. I saw
many beautiful sights. God has
made us a wonderful nation.
When I left Walter's office, I
was just a little lost. A very nice

CANDY by Tom Dorr

lady started past me. She said,
"Aren't you a little lost here in
the District of Columbia? I might
help you." "Sure," I said. "I
would like to get out in the open."
She was from New Mexico. I
never have had so many wonder-
ful experiences in all my life.
Every time I needed help, some-
one was right there to help the
Texan. I hope I can be helpful to
others as they were to me.

realize what she really meant to
me — liberty, freedom, love, and
the pursuit of happiness. In fact,
everything, all the virtues of life.
Man has no greater gifts than
these except eternal life in heaven
with his Maker. She stands there
in the harbor, facing the ocean,
to welcome the weary traveler on
his long voyage home across the
deep blue sea, or the one seeking
a new home on her beautiful and
peaceful shores.

"Ode to Statue of Liberty"
(By Paul Bruce, Alanreed, Texas)
I fell in love with her — the
Statue of Liberty.
We boarded a helicopter at Idle-
wild Airport near New York City.
It was a beautiful evening. A fine
old gentleman sat beside. He was
born in New York City and he be-
gan to tell me about the different
beautiful sights. "I hope the pilot
flies us by the Statue of Liberty."
"Wonderful," I said. We could
see her at a distance. The pilot
headed our plane directly toward
her; we passed just above and to
my side. I was next to the window
as we faced her. She is the most
beautiful statue I have ever seen.
Standing there in the harbor,
facing the ocean, calm, beautiful,
poised and serene. That's when I
fell in love with her. I waved my
hand and blew a kiss to her. Some-
thing was telling me she under-
stood. It all happened so quickly,
she didn't have time to wave or
smile back at me. Then I began to

We pray to our God in whom we
trust, that she will always remain
there, beautiful, serene and un-
matched, as she stands today and
that the peoples of the world will
fall in love with her as I have.
Please do.
I am wondering if all who have
gazed upon her lovely face fully
realize what she means to them
and what she stands for — let's
not forget. We are truly indebted
to all who had a part in erecting
this beautiful Statue of Liberty.
I pray that all who view her or
learn of her wonderful ways will
fall in love with her as I have.
Although I live many miles from
her, I will always love her and
cherish the memory of her. Won't
you?
Everyone in the United States of
America that's old enough has
heard about her. She is cherished
and loved by millions, and not
enough millions have looked into
her beautiful face — still not
enough. You should see her. To
see her is to appreciate her more.
Her name is Liberty because she
stands for every principle that we
know as a free, liberty loving
people and nation. We should do
our very best to live the principles
of life she stands for. Liberty has
cost us much since the birth of
our Nation. Let's be brave and not
cowards. Let's preserve it, love
and keep it. God gave it to us
because he loved us.
Let's love and trust Him more. He
is the giver of all our blessings.
Won't you love Him more? Let
Him be your first love.

Hall County Soil Conservation District News

There are many conservation
practices that farmers can apply
to control wind erosion this fall
and spring, says Charley B. Cape
of the Soil Conservation Service.

One good way to control erosion
is to plant a cover crop such as
rye or winter peas. The Hall
County Soil Conservation District
has equipment that farmers can
use to seed cover crops. The Dis-
trict has an inter-row seeder at
Memphis that can be used to seed
rye or winter peas in cotton mid-
dles. Also Lee Scrivner, SCD
Board Supervisor, at Turkey has
ordered three new Cyclone seed-
ers for the district. These seeders
can be attached to the front of a
farm tractor for easy seeding of
rye or winter peas. These new
seeders should be available to
farmers at Memphis and Turkey
within the next few days. To ob-
tain these seeders contact the Vo-
cational Agriculture Teacher at
Turkey or Wayne Hutcherson at
Memphis.

A good cover crop will help
protect the soil from blowing this
fall and spring. A cover crop will
also help prevent water erosion,
will help prevent nitrogen from
leaching from the soil, increase
the water intake of the soil, and
add needed organic matter to the
soil.

Now is the time of the year to
call a halt to next year's dust
storms. The Soil Conservation Ser-
vice Technicians will be glad to
help you get a cover cropping
program started on your farm.
If you need information on what,

when, how much, and how to hesitate to contact your SCS in

Mrs. Wyley Whitley Nears 30-Year Mark As Memphis Beauty Operator

By HELEN COMBS

A new front in one of those attractive shades of blue has added a bright spot in the decorating scheme used by Mrs. Wyley Whitley in her beauty shop on the west side of the square, where she has been serving her customers for more than 25 years.

Maudie, as she is known to her friends here, came to Memphis in 1932. She opened a shop on the east side of the square, but in 1936 moved to her present location.

In turning back the pages of time, Mrs. Whitley recalled that it was during the depression days when she first set up business in Memphis. Those were the days when money was hard to get and sometimes merchandise exchanges were made. Permanents were \$1 and \$2, and then most times she received only half that amount in money with the balance in gas, food, cooking utensils, etc.

"Why, I think I traded for just about any item you could mention," Mrs. Whitley said.

"I did not spend all my time in Memphis, either. I went regularly to Turkey, Lakeview and Quitaque to give permanents when there were no shops in those towns.

"Later I established a shop in Hedley and one in Wellington. But later sold both to other operators.

"During the 30 years I have worked as an operator I have had people come to me for beauty

work from most every state in the union. It is not at all unusual for a tourist to stop in for a shampoo," she said.

Thinking of the '30's, Mrs. Whitley said all her customers were not women in that period. She recalled that it was most fashionable for men to wear curls and tinted hair. The young men from the deep South who came to Texas to pick cotton during the fall harvest liked to go home with wavy locks, she said.

Mrs. Whitley was born in Oklahoma, but moved to Wellington with her parents in 1911. She lived there until moving to Memphis in 1932.

Mrs. Whitley is noted for her artistic ability. Among her hobbies are flower arrangements, decorations and ceramics.

Woman's Society of Christian Service Has Morning Coffee In DeBerry Home

The Woman's Society of Christian Service of the First Methodist Church met for a morning coffee Sept. 11, at 9 a. m., in the home of Mrs. L. G. DeBerry with Mmes. Guy Smith and F. W. Foxhall as co-hostesses.

The guests and members were served coffee, cookies, sandwiches and fruit tid-bits from a table decorated with an autumn centerpiece of varicolored grapes and brown magnolia leaves.

After a time of fellowship and a welcome to the guests by the president, the meeting opened with the group singing the quadrennial theme song, "The Church's One Foundation." Mrs. M. G. Tarter gave an inspiring meditation prepared by her for a program this summer at Mt. Sequoyah, Ark., entitled, "Under Orders To Christ."

Mrs. Ed Hutcherson, program chairman, presented the members with their new year books, and discussed the year's work. She also introduced the guest speaker and District President of the Society, Mrs. J. A. McDonald of Childress, who gave an interesting talk on the society's coming of age, being 21 years old in October. She asked that the members give a love offering at this time to Joyce Hill, Naomi Hare and Patricia Dillon, who are conference daughters working as missionaries.

Mrs. J. W. Oliver, as spiritual life leader, gave out prayer cards for all to sign for "The Fellowship of Intercession," stating that prayer is the greatest resource of power in the world.

Those present besides the above

named were: Mmes. R. C. Lemmons, Bess Crump, T. J. Hampton, M. L. Erwin, O. M. Gunstream, J. J. McDaniel, Nettie Beach, S. E. Hill, Dink Miller, R. S. Greene, Sam Moore, Bob Hutcherson, M. R. Mrs. R. Sexauer Is Hostess To Atalantean Club

The Atalantean Club held its first meeting of the club year at 3 o'clock in the lovely ranch home of Mrs. Robert Sexauer on Wednesday, Sept. 6.

Mrs. D. H. Aronofsky called the meeting to order. Mrs. J. W. Coppedge gave the invocation, followed by the pledge to the flag.

Mrs. Aronofsky then introduced the club president, Mrs. Eddie Foxhall, and called on her to "Open the Door and See What Lies Beyond."

Mrs. Foxhall said that when she peeped through the 4-key hole, she saw great opportunities to expand "our knowledge, increase our skills, enlarge our capacity for influence, strengthen our faith, and bring more happiness to people around us and to ourselves." She stated that "it depends upon us whether we will accept our responsibilities as burdens or privileges." She challenged the members to accept their duties and responsibilities cheerfully, to make it not a good, but the best club year. She quoted Ruskin to say, "Where love and skill work together, expect a masterpiece."

Her closing remarks were: "Although we may feel we have done enough, we have a tribute to the past, a responsibility to the present, and a legacy to give to the future. The door is open—together let us find what lies beyond."

Following Mrs. Foxhall's address, Mrs. Aronofsky, program chairman, presented the yearbooks and program year; the course of study being "Open the Door;" the object, "Learning for Living."

A business meeting was conducted by Mrs. Foxhall. A lovely refreshment plate was served to the following members: Mmes. Earl Allen, D. H. Aronofsky, Milton Beasley, J. W. Coppedge, Bill Cosby, Herbert Curry, W. C. Dickey, H. B. Estes, Eddie Foxhall, Orville Goodpasture, L. C. Martin, Claud Johnson, Myrtle Phelan, W. R. Scott, Robert Spicer, C. W. Kinslow, J. A. Odom and the hostess, Mrs. Robert Sexauer.

MINUTE MEDITATION

Here are ten commandments for a lively church.

1. Thou shalt have no selfish pleasure before thy duty to God.
2. Thou shalt not make unto thee any personal engagements nor trifling excuses for being away from the services.
3. Thou shalt not take the responsibility of the Christian life in vain.
4. Remember all the church services to keep them alive and growing.
5. Honor God's word that thy days may be long upon the earth.
6. Thou shalt not kill or hurt the good name of influence of thy neighbor.
7. Thou shalt not steal away the Lord's day for thine own selfish use.
8. Thou shalt not commit any act in business which might reflect upon the church of the Lord.
9. Thou shalt not bear false witness before the Lord by wearing his name while not following His teaching.
10. Thou shalt not covet authority in the church which belongs only to God.

Future of Farm-To-Market Roads

Rural people and County Commissioners all over Texas are wondering what the future holds for the long-established Farm-to-Market road program. The raised eyebrows came about when Governor Price Daniel recently vetoed the earmarked construction funds for the second year of the new biennium, which represented some \$15 million.

This week the Texas Highway Department, through the office of the state highway engineer, D. C. Greer, issued a statement to give their official position. The commission "expressed the belief and hope that the Texas Legislature would see fit to reinstate the 1962 Farm-to-Market (Colson-Briscoe Bill) appropriation, together with the urgently needed flexibility in the use of Farm-to-Market Road funds to cope with the increasing problem of maintenance as recommended by Governor Price Daniel."

The Commission went on to urge that the action be taken at the forthcoming special session, adding that the appropriation is vital if the department is to continue the Farm-to-Market program at the current pace.

The picture is complicated, but it appears the governor wants more maintenance of existing Farm-to-Market roads. On the other hand, the Commission recognizes the need for expensive maintenance, but at the same time wants to continue to build needed rural roads.

It remains to be seen what the Commissioners Courts, farm organizations and other interested groups have to say. To bring it closer to home, what do the citizens of Hall County think about certain dirt roads which should be paved, and which have been labeled by this county's Commissioners to come up soon for consideration.

The Texas Highway Commission rates at the top when compared to that of other states. Under the guidance of able and dedicated Commissioners, and with the talents of Engineer Greer and an excellent group of district engineers, Texas roads have come to the front by tremendous strides since the end of World War II. They have done a tremendous job in a big state, and the motoring public is appreciative of the results.

Hall County can be proud of its system of fine paved roads, but there still remains many miles of lateral roads which should be paved. They are well-traveled, and over them go school buses, mail, etc., as well as the citizens who provide food and fiber.

It is our hope that the Commissioners Court of Hall County will make its wishes known to the governor and members of the Legislature. When all primary lateral roads of this county and others in the state are paved, then it will be time to start curtailing the Colson-Briscoe appropriations, and begin to earmark money to keep them maintained.

What Other Editors Say

Politics, Favorite Topic

B. M. NELSON in The Castro County News (Dimmitt): Politics was my favorite topic in this column, and it still is in private conversation. I haven't changed my mind. I am still a brass-collar Democrat despite the fact that I read the Amarillo, Lubbock and Fort Worth daily papers. Politics is a part of our way of life, in fact it determines the course of human events. The subject is so broad that only small facets can be dealt with at this time with any hope of clarity. Given time, columnists, such as write our regional daily papers, wield an alarming amount of influence on their readers. It is not a coincidence that the Panhandle of Texas, with the exception of three counties have consistently voted Republican for the past several years. People have been influenced by the day to day pounding they have undergone by the regional Republican press, with a very small voice speaking up for the Democrats in a very few of the timid weeklies.

During two terms under a golf playing Republican regime, we saw a healthy agricultural economy turn sour, unemployment cripple the purchasing power of the nation, crime and graft in the ranks of labor unions, and industry at an unprecedented peak, defense posture of the nation weakened dangerously, and an all-time low in world prestige of the mightiest nation on earth.

Already the Republicans papers of the area are blaming the new Democratic administration, still in its infancy, with all of the ills that it inherited from the ill-fated Republican administration. Our domestic economy is sick, our public morale very low, and in the matter of world prestige we have fallen to the lowest level in the history of our nation.

A young, earnest and dedicated Democratic administration building from scratch, has already begun to reverse the tide. Despite back-biting from the news media of the nation, we will again see a sound national economy that will regain and maintain our nation in its role as leader of the industrial nations of the world. We must have a strong, healthy domestic economy if we are to win the ideological battle that means the difference between freedom and slavery throughout the world.

Friendliness, Town Builder

JACK McCARTY in The Cross Plains Review: Nothing builds a town quite as well as friendliness. It will attract more business, yield greater profit and afford more genuine pleasure than any merchandising event advertising geniuses have ever dreamed up.

A hotel clerk many years ago was nearing the end of a hectic day. A convention was in progress in his town and every room in the hotel taken. "We're as crowded as was Bethlehem the night

Christ was born", he lamented to himself.

Nevertheless, to his desk came an old man and his wife seeking lodging for the night. The situation was courteously explained. There simply was no more room.

The old couple understood but looked exhausted.

"The only thing I could possibly do for you", ejaculated the clerk, "would be to let you use my room. I could lie down on a sofa in the back side of the lobby".

"My wife is very tired", the old man said, "I regret to inconvenience you but if you really mean it, we'll use your room for the night".

Linen were changed and the elderly couple retired to the small room. Early the next morning the slumbering clerk was aroused from his improvised bed in the lobby by a tapping on the shoulder. His arouser was the man whom he'd accommodated the night before.

"Young man", he said, "I want to build you the greatest hotel in America".

The old man's name was Jacob Astor, who built the Waldorf Astoria Hotel. The clerk's name was George Boldt, who for 20 years was its manager.

Kindness pays off.

Mike Benidum was a young man from the South, riding a train northward in search of a job. All seats were filled, when into his car came a much older man looking for a place to sit down.

The procedure was followed and before they'd ridden 50 miles Benidum had a job leasing land for oil and gas drilling. He went on from that to become the greatest individual oil operator this

The tradition of something old, something new, something borrowed and blue was carried out and a silver six-pence was in her shoe. She wore a 75-year-old blue-velvet necklace with earrings, a gift of the groom. She carried a bouquet of gardenias with satin and lace streamers on top of a white Bible.

Maid of honor was Miss Betty Sue Lewis of Amarillo, a friend of the bride. She wore a white chiffon dress with criss-cross front of bodice, full skirt and red cummerbund. She carried a bouquet of red carnations.

Fatal Falls in Home Are Cause Of Most Accidents

Falls are the main cause of accidental deaths in the home.

Fatal home falls in a recent typical year totaled 13,400, according to T. J. Bridges, Lone Star Gas Company local manager. Lone Star and The Memphis Democrat are co-sponsors of the 1961 Home Safety Program in Memphis.

"The 13,400 fatal home falls," Mr. Bridges said this week, "represented 47.9 per cent of all home accidents."

"From year to year," Bridges said, "Only motor vehicle accidents outrank falls as an accidental killer, and approximately 64 1/2 per cent of all falls occur in the home."

The greatest number of fatal falls occur in the bedroom. Falls on the stairs and in the yard and kitchen follow in that order. Fatal falls in fewer numbers occur in the living room, bathroom, dining room, hall, basement, garage and on the porch.

Approximately 86 per cent of the victims of fatal falls are more than 65 years old. Eight per cent are in the 45-64 age group. The remaining 6 per cent are spread through the 0-44 age group.

A majority of fatal falls occur while victims are walking on a level surface. However, they also occur while the victims are standing still, ascending or descending stairs, working, sitting, playing, eating, drinking, climbing and reclining. Some occur while the victims are sleeping!

Particular attention must be given to the problem of protecting the older people. Lighting, particularly on stairs, must be adequate. Do not leave loose objects in the middle of the floor. This particularly endangers an older person. His sight may not be able

Miss Roberta Hash of Childress presided at the wedding guest register.

As the couple left on their wedding trip, the bride wore a royal blue velvet dress with a full skirt. The bodice was enhanced by a scooped neckline and three quarter length sleeves. Her hat was of various shades of blue velvet accented with seed pearls. Other accessories were of black and white. Her corsage was a white orchid.

Upon returning, the couple will be at home at 1919 14th Street in Lubbock.

The bride is a graduate of Wellington High School, while the groom is a graduate of Comanche High School. They both received their Associate in Science Degrees last May from Tarleton State College in Stephenville. They will both enroll in Texas Tech in Lubbock this fall. Her major is home economics while he is majoring in agriculture education.

Miss Tommy Noel of Denton arrived here Monday to visit with relatives. Mr. and Mrs. T. E. Noel of Denton will join her here on the weekend and they will all attend the Hall County Picnic.

to detect the objects. If he trips, he is less likely than a young person to recover his balance.

Keep an orderly home. Arrange furniture so that it does not prevent free passage around the room. Do not let beds, vanity benches and other furnishings in the bedroom jut into the middle of the room. Keep doors closed. Close dresser drawers when not in use. Do not leave shoes in the middle of the floor.

"When a person gets out of bed in the middle of the night of the night and tries to make his way to the bathroom or kitchen in the dark, he is more than likely to fall over any improperly placed object. This danger can be eliminated by keeping the house in order and by having a light located within reach of the bed and at the entrance to all of the principal rooms," Mr. Bridges concluded.

Mr. and Mrs. Jim Smallwood of Denton.

Mrs. Herb Blackmon and Kay of Amarillo, former Memphis residents, were here Monday visiting with friends.

Forrest Hall visited over the weekend in Amarillo with his daughter and husband, Mr. and Mrs. Clois McGuire, and grand-

"Welcome" Sign Is Out For You
To Attend The
Hall County Picnic
SUNDAY, SEPT. 17th

From the action of many, many persons here in Hall County, the "Welcome" sign is certainly in evidence for every one to attend the Annual Picnic, which will be held Sunday afternoon in the Memphis City Park. So, make your plans to be among the huge crowd which will be gathering at the Park as soon as Church is over.

A fine barbecue is in store for you, as well as an afternoon of visiting and entertainment. Four beeves will be barbecued, and all the trimmings will be available for the hungry citizens who formerly lived in this county as well as hundreds of persons who still call this their home. You'll certainly enjoy this county homecoming and celebration.

We, too, will be in attendance, for this organization is one of the "old timers" of Hall County. Through all the years we have worked with our farmer friends, the gins, cotton buyers, and the business firms. We have always recognized our responsibility in helping our schools, churches, and all organizations. We have tried, in our small way, to help in promoting the progress of our county during all the years since our modest beginning.

As in the past, we will continue to work for the betterment of our community. We shall continue to help in promoting the future of COTTON, which is still the financial backbone of this county.

ASC Committee

(Continued From Page One) Voting by proxy is not allowable. In the case of partnership farms, the vote may be cast by either partner, and a corporation's vote may be cast by any authorized officer of the corporation.

Throughout Hall County, local elections will be held by mail. Ballots must be postmarked or returned to the county office in person by Sept. 14, 1961 to be eligible for tabulation.

Voted ballots shall be tabulated publicly by the county committee at 2 p. m. Friday, Sept. 15, at the ASC office in Memphis. Any interested person may witness the tabulation process.

Ballots have been mailed to all known eligible voters. Other eligible voters who did not receive a ballot or who are eligible to vote in a different community (other than the ballot received) may procure a ballot at the county office.

Because of the vital part that the ASC community and county committees play in the farming affairs of the county, it is important that each farmer give serious consideration to the men elected to these posts.

Local Telephone Works Go To Aid Of Disaster Area

A crew of workmen from Memphis and three emergency generators have been sent from here to aid in restoring service to the 65 exchanges serving 62,700 telephones in the area affected by Hurricane Carla, Mills Roberts, division manager, said today.

Other workmen may be needed later, but already dispatched to the scene from here are S. B. Sellers, J. L. Howell, C. R. Morgan and Danny Lee.

It is expected that 25 exchanges will be severely damaged or perhaps completely destroyed. Monday some exchanges were completely under water and others were isolated, Roberts said.

Plans are being made to set up three emergency offices in the Southern Division as soon as the storm subsides, and men and equipment can enter the storm area, according to information issued by the San Angelo office.

Emergency offices will be located at Dickson, Aransas Pass and Port LaVaca. All available employees, trucks, equipment and supplies from areas not affected by the storm have been alerted and will be moved into the tornado area at the earliest possible moment, Roberts stated.

"Crews will be working around the clock as soon as possible," he said, "and in the meantime all attended offices which are operable are being manned to handle incoming and outgoing long distance calls."

Two former Memphis families are among the telephone employees living in coastal cities affected by the storm. The W. A. Leigon family lives at Robestown, where he is serving as division manager, and the Dick Coles live at Baytown. He is plant supervisor there.

thorized to obtain a \$5800 loan from the First State Bank payable on or before October, 1961. The borrowing of the money was necessary, it was explained, because the option of the site expires within a few weeks and most of the county's hospital funds are tied up in short term bonds which will not expire until October, 1961.

Following a survey of the Thompson site, it was discovered that it contained 12.89 acres which the court approved the payment of \$500 per acre for the tract of land. This made the site cost the county \$6445.

The court also passed an order to borrow \$10,000 from the First State Bank to reimburse the General Fund to be paid on or before Dec. 15, 1961.

County Budget
The Commissioners Court approved the 1962 budget for the county at their Monday meeting. The budget contains an estimated expenditure of \$315,760.50, and an estimated total resources of \$350,450.00.

The budget contained a total tax rate of 95 cents on \$100 valuation. The county's assessed valuation for 1961 was estimated at \$12,500,000. The 1960 assessed valuation totaled \$12,562,153.00 and the 1959 assessed valuation was \$10,366,897.00.

The budget contained the following breakdown of total resources in the separate funds: jury, \$3,800; road and bridge, \$154,900; general, \$83,000; property improvement, \$38,850; officers salary, \$46,600; interest and sinking, \$22,500; for a total of \$350,450.

Other Business
In other business before the court, the commissioners approved the annual tax roll.

Commissioner Hutchinson's motion that Attorney Paul Spillman be dismissed as legal advisor on the hospital issue was unanimously passed. The court also approved a bill of \$102.46 for Attorneys

Spillman and Goodall for traveling expenses to Austin.

The court also passed an order establishing a new road in Precinct No. 1 and accepted the easements on the road. The road will be on the O. E. Simmons, O. R. Goodall, and J. W. Crisman lands south of Friendship.

The court handled several routine matters such as the extending of a rental contract on an International crawler tractor for road and bridge No. 2 from the Plains Machinery Co., paying the
