1988-89

Honor Roll

FIRST SEMESTER RESULTS

FIRST SEMESTER BETA ACHIEVEMENT: (Seated) David Buchanan, Rachel Romero, Cody Stone, Kristin Monger, Shara Dee Woodward, Shayne Hess, and Kristin Kilmer. (Back Row) Chris Kilmer, Elvira Balaque, Kate Phinizy, Amy Lewis, Shane Kemper, Eric Lusk, Randell Hollis, and Kristi Adcock. (Not pictured: Julie Harris and Amanda Anderson)

The following named elementary and junior high students, grades 5-8, have achieved academic honors for the First Semester:

HIGH HONORS

Roy Clayton Gr. 5

The above student achieved an academic evaluation of 90 or above in each subject.

HONOR ROLL

Brandon Adcock Gr. 7
Kurt Hess Gr. 6
Laura Hensley Gr. 5

The above students achieved an academic average of 90, with no evaluation less than 85 in a subject.

FIRST SEMESTER HIGH HONORS: Roy Clayton.

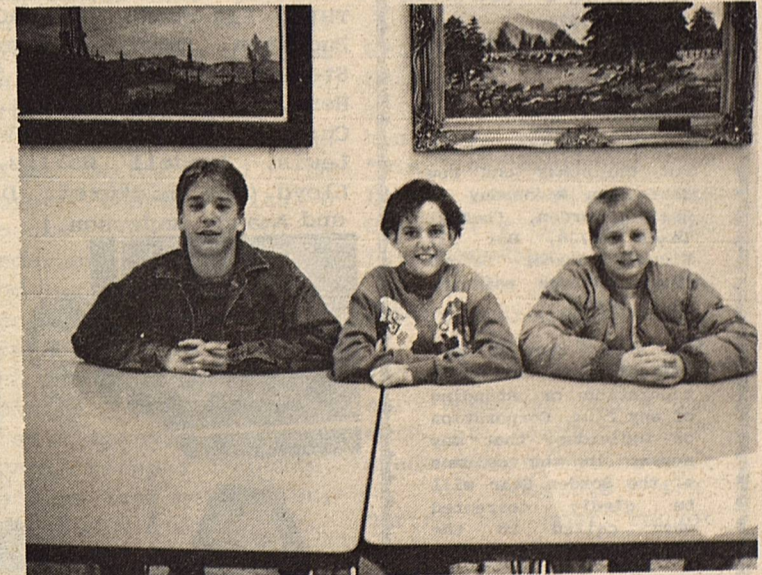

FIRST SEMESTER HONOR ROLL: (Seated) Randi Woodward, A'Lise Lloyd, and Elana Himes. (Standing) M'Lys Lloyd. (Not pictured: D'Lyn Lloyd, Kate Porter, Patrick Herridge, and Paul Sturdivant.)

The following named high school students, grade 9-12, have achieved academic honors for the First Semester:

BETA ACHIEVEMENT

Elvira Balaque Gr. 12
Randell Hollis Gr. 12
Chris Kilmer Gr. 12
Kate Phinizy Gr. 12
Kristi Adcock Gr. 11
Julie Harris Gr. 11
Amy Lewis Gr. 11
Rachel Romero Gr. 11
Cody Stone Gr. 11
Shane Kemper Gr. 10
Eric Lusk Gr. 10
David Buchanan Gr. 9
Amanda Anderson Gr. 9
Shayne Hess Gr. 9
Kristin Kilmer Gr. 9

FIRST SEMESTER HONOR ROLL: Brandon Adcock, Laura Hensley, and Kurt Hess.

NEW POLICY

As of January 1, 1989, there will be a \$7.50 charge for all Thank You notes, Birth Announcements, Birthday Greetings and Personal Messages.

Thank you

LADY COYOTE BI-DISTRICT GAME SET

Borden County's Bi-District game has been set between the Lady Coyotes and the Grandfalls-Royalty Cowgirls. The game will be played at 6:30, Thursday, February 16. The site will be the Chapparral Center on the campus of Midland College in Midland. Grandfalls-Royalty is the runner-up of District 15A behind Rankin. They defeated Buena-Vista Friday night, 76-34, to capture their playoff spot. The Borden County-Grandfalls Royalty game will be the first of a double header, followed by Rankin and the District 16A runner-up, O'Donnell at 8:00.

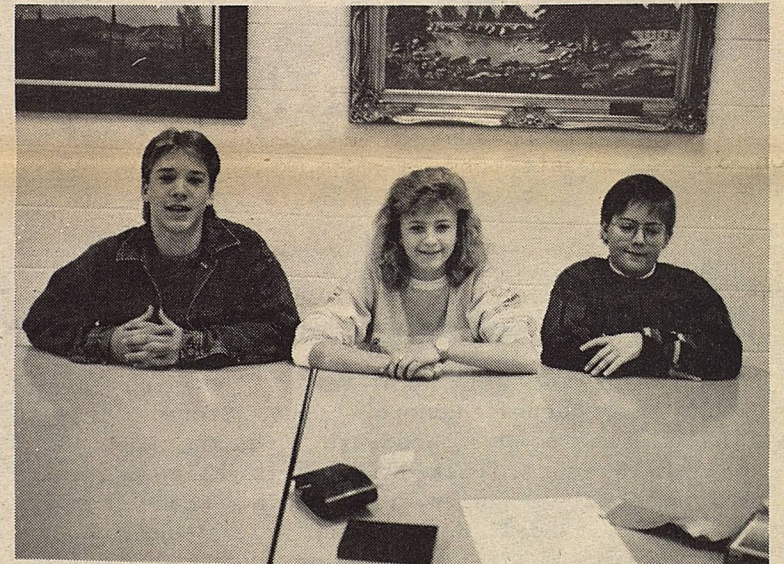

COACHES' CORNER

Bill May

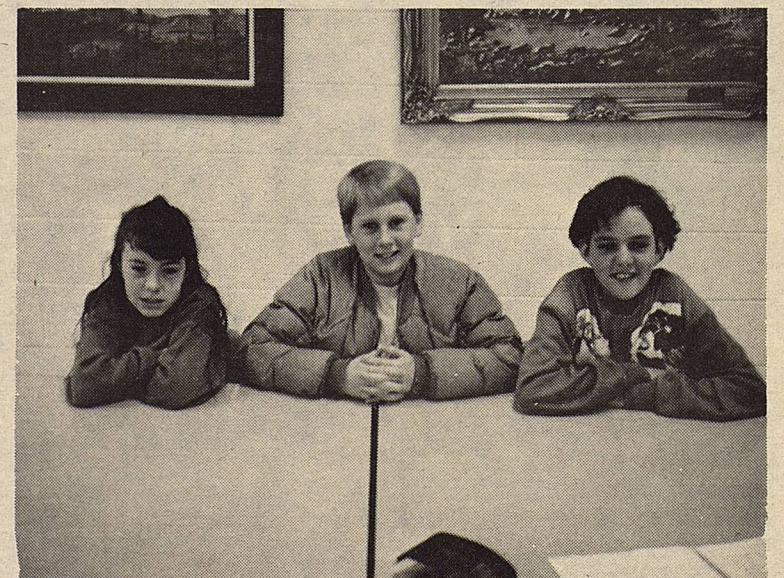

It seems like after each game, some player makes a comment in the dressing room about how great our fans were that night! As any coach will tell you, its awfully hard to motivate players game after game without the enthusiasm and backing from a good crowd. On behalf of the Lady Coyotes, we would like

to thank the community of Borden County for their tremendous support of our team! As we continue on into the playoffs, we hope that your backing will be there as usual. We couldn't have gotten this far without you and we want you to be there with us as it continues.

Again, THANKS!!!

THIRD SIX-WEEKS HIGH HONORS: Brandon Adcock, Melody Harrison, and Roy Clayton.

THIRD SIX-WEEKS HONOR ROLL: Mandi Herring, Kurt Hess, and Laura Hensley.

Basketball News

COYOTES SKIN WILDCATS

The Borden County Coyotes improved their season and district record with a 75 to 52 win over the Grady Wildcats. This was the second meeting between the two teams, and if you saw the first one, you would not believe the outcome of the second game. Well, everyone has heard of the home team advantage theory, but does it account for a 53 point swing. That's right a 53 point swing between the two games. At Grady the Coyotes suffered a 30 point loss after falling behind 30-10 in the first quarter. At home the Coyotes got off to a much better start with a 14 to 9 lead thanks to hot shooting and tough defense. Each quarter the Coyotes continued to build on their lead.

The Coyotes shot a blazing 55% from the field as they connected on 31 of 56 attempts. The high shooting percentage was due mainly to the shots taken. Many of them were either for layups or very short jump

COYOTES SLAY DRAGON

The Borden County Coyotes traveled to Dawson and defeated the Dragons 46-43 in a low scoring game. The Coyotes jumped to a quick lead, but poor shooting allowed the Dragons to take a 13 to 11 lead at the end of the first quarter. In the second quarter, the Coyotes fell further behind while shooting only 25% from the field. In the second half the Coyote's shooting improved to almost 50% from the field. As a result of the improved shooting and better defensive pressure, the Coyotes began to chip away at the Dragon's lead. They had a slim 1 point lead when Jimmy Rios went to the free-throw line and made 2 freethrows. With only 9 seconds remaining in

shots. These shots came as a result of beating the Wildcats press. The Coyotes also had a good night on both the offensive and defensive boards. The Coyotes had a total of 38 rebounds and a season high 21 assists.

Brian Bond was the games leading scorer with 29 points. He also had 2 steals, 15 rebounds, and 3 assists. Shane Kemper scored his season's best with 20 points. He also had 6 steals, 6 rebounds, and 5 assists. Paul Sturdivant scored 10 points. He also had a steal, 5 rebounds, and 3 assists. Lance Telchik had 10 points, a steal, and 3 rebounds. Jimmy Rios had 4 points, 5 steals, 4 rebounds, and 4 assists. Lance Latimer scored 2 points and had a rebound. Cody Stone didn't score, but he had a very good defensive game. He had 3 steals, 4 rebounds, and 5 assist. Eric Lusk also had an assist. Cole Vestal sat out this game after injuring his foot in the game against O'Donnell.

the game, they used a timeout to set up their final attempts to score. The Coyote's full court pressure forced a poor shot from the corner which rebounded off a Dragon out of bounds. With the ball and only 1 second on the clock, all the Coyotes had to do was get the ball inbounds without the Dragons intercepting the inbound pass. The pass was good and the Coyotes even got off another shot.

Cole Vestal was the game's leading scorer with 19 points. He also had a good game on the boards with 12 rebounds and an assist. Brian Bond scored 13 points. He also had 2 steals, 7 rebounds, and 4 assists. Jimmy Rios scored 6 points and 5 steals, 6 rebounds, and 2 assists.

LADY COYOTES CAPTURE DISTRICT CHAMPIONSHIP

Last Tuesday night's win over Grady, coupled with Friday's forfeit win over Dawson, gave the Borden County Lady Coyotes the 1988-89 District 16A basketball championship! This marked the second straight district championship for the girls and their third consecutive playoff appearance.

In Tuesday night's 56-46 victory over Grady, Borden held a slim 13-8 first quarter lead but expanded it to 36-21 at half-time. Elana Himes was almost unstoppable in the two quarters as she hit 10 of 12 from the field for 20 points, 14 coming in the second period. Borden built up as much as a 20 point lead before Grady made a small comeback to close the gap to 10 by game's end.

Elana led in scoring with a season high 26 points followed in double figures by Vida

Balague and Lisha Sternadel with 11 and 10 points respectively. They were followed by Kate Phinizy and Kristi Adcock with 3 points each, Julie Harris with 2, and Rachel Romero with 1. Elana led in field goal percentage with 68% followed by Vida with 40%. Lisha and Julie tied for honors in free throw percentage as each hit 100%. Lisha hit 6 of 6 and Julie made 2 of 2. Kate led in steals with 6 followed by Elana and Vida with 5. Elana also led in rebounds with 13 followed by Kate with 6 and Kristi with 4. Kristi led in assists with 4 and Kate had 3.

The Grady and Dawson wins raise the Lady Coyotes season record to 24-1 and the district record to 9-0. Congratulations to the Borden County Lady Coyotes, 1988-89 District 16A Basketball Champions!

JR HIGH COYOTES BURNED BY DRAGONS

The Borden County Jr. High Coyotes traveled to Dawson last week and they were defeated by the Dragons 39-28. The Coyotes had defeated the Dragons in the season, but the Dragon's improved defense proved to be too much for the Coyotes. With the exception of the second quarter, the Dragons outscored the Coyotes. The Coyotes had trouble in getting their offense untracked. The first quarter only yielded 4 points for the Coyotes. The third and fourth only produced 6 points per quarter. Foul trouble also forced some starters to sit

☆☆☆☆☆☆☆☆

Paul Sturdivant also scored 6 points and had a steal and 5 rebounds. Shane Kemper scored 2 points and had 2 rebounds and 2 assists. Cody Stone had a steal, 3 rebounds, and 4 assists.

out several minutes of action. The thing that proved to be a turning point was the Coyotes inability to make their freethrows. The Coyotes only made 6 out of 21 freethrow attempts.

John Paul Harris and Clint Wills led the Coyote scorers with 6 points each. Clint Anderson, Clint Kemper, and J.J. Kincheloe scored 5 points each. Brandon Adcock rounded out the scoring with 1 point. Shawn Lewis, Ross Hatawaya, Kirk Jones, Richard Buchanan, and Guy Zant saw action, but they did not score.

JR HIGH DROPS GAME TO DAWSON

Two slow quarters spelled doom for the Jr. High girls basketball team Monday night. Borden could only manage two points in the first quarter to fall behind 6-2. Matching their opponents output in the second quarter, 10-10, the little Coyotes again trailed by four at half-time, 16-12. The third quarter seemed to be the longest for the Gail crew as Dawson outscored them 9-1, for a 25-13 lead entering the last stanza. There, Borden managed a small comeback to close the gap to 25-20 with two minutes remaining, but could get no closer in their 29-20 lose. Free throws hampered the Coyotes the most where they were only able to connect on 2 of 11.

Melody Harrison was Borden's top gunner as she hit 11 points. Following Melody was Leslie Fryar with 6 points and Jacquelyn McPhaul with 2. Mandi Herring hit one of two free throws, Borden's only point in the third period. Also playing were Mendy Hensley, Jana Kincheloe, Bobbie Armstrong, Erica Nance, and Gloria Protalles.

DISTINGUISHED STUDENT

COLLEGE-STATION--Gerry E. Smith, a sophomore animal science major has been named to the "Distinguished Students" list at Texas A&M University for the 1988 fall semester.

In order to be named a "Distinguished Student," a student must be registered for 15 or more semester hours and earn at least a 3.25 grade point ratio, out of a possible 4.0, during the most recent grading period.

Gerry is a Borden County ISD graduate. He is the son of Mr. and Mrs. Edward Smith of Gail.

THE LADY COYOTES J.V. TEAM: (Seated) Kandy Belew, Kelly Jo Ogden, and Shara Dee Woodward. (Standing) A'Lise Lloyd, Randi Woodward, Kristin Monger, Heather Armstrong, Betsy Breeden (Manager) and M'Lys Lloyd. (Not pictured: Kristin Kilmer)

J.V. GIRLS DOMINATE FIELD AT FORSAN TOURNAMENT

Borden County's girls traveled to Forsan Saturday for the Forsan Tournament and walked away with the championship by an average margin of more than twenty points per game. Borden received one of two byes in the first round and met Sterling City in the semi-finals Saturday morning. Sterling City defeated Sands on Thursday. The Lady Eagles got a surprise awakening, especially in the first where Randi Woodward drilled them for 19 points. Holding a 21-12 lead the first quarter, the Lady Coyote defense held Sterling City scoreless in the second quarter and held a 28-12 lead at half. Borden outscored Sterling City by 3, 11-8, in the third stanza for a 39-20 lead entering the last period. There Borden hit two field goals and 8 of 9 free throws to ice down the win 51-27, sending them into the finals. Randi was almost unstoppable as she ripped the nets for a personal high 35 points. She was followed by Kelly Jo Ogden with 6 points, Shara Dee Woodward and Kandy Belew each had 4, and Kristin Kilmer added 2. In the finals, Borden

met Forsan, a semi-final winner over Irion County. In the 41-21 win, Borden got off to a slow start, trailing 7-8 the first stanza. In the second period, Borden hit two field goals and nine free throws to hold an 18-12 lead at half-time. The Lady Coyotes more than doubled Forsan in the third period, outscoring the Queens 15-7 to hold a comfortable 33-19 lead entering the last quarter. There, Shara Dee and Kandy controlled the ball working time off the clock, while still outscoring Forsan 8-2. Foul trouble was nearly a problem for the Coyotes as Kelly Jo fouled out early in the third quarter and Kristin Monger fouled out early in the fourth. But Forsan could not take advantage of the situation, making only 3 of 16 free throws. A'Lise Lloyd, M'Lys Lloyd and Heather Armstrong came off the bench to give good support and help the Lady Coyotes hold on to the championship. Randi again led Borden in scoring with 19 points followed by her sister, Shara Dee, with 12. Kandy was next with 6 points followed by Kelly Jo with 4.

HEY KIDS!!!

DAWSON McALLISTER STUDENT CONFERENCE

The Dawson McAllister Student Conference will be held at the San Jacinto Baptist Church, in Amarillo, Friday and Saturday, March 3rd and 4th.

We will leave Gail immediately after school on Friday, and return home on Sunday afternoon.

We will be spending Friday and Saturday nights in the Gym of the Second Baptist Church in Amarillo, along with another youth group. So bring

your sleeping bags and pillows and plan on having lots of Fun!

The cost is \$20.00 per person plus your meals and spending money. (For T shirts, tapes and etc. if you

want to buy them.)

For more information contact Janine Williams at 399-4525, or Susan Stephens at 39-4511.

COME PREPARED FOR FUN AND FELLOWSHIP!

Strong value system at home helps child say 'No' to peers

Q.

Will the values taught at home make it easier for my child to say "No" to peer pressure to use tobacco, alcohol or other drugs?

A.

Values, of course, are the things we believe in and the standards that seem right and important to us. Even young children are old enough to have ideas about right and wrong and to make decisions based on standards that matter to them. A strong value system can help children refuse to smoke, drink, and use other drugs because it gives them a basis for weighing the facts.

Every parent has different values, and there is no one way to apply them to preventing alcohol and other drug use. Most likely, your child will observe how family values affect your behavior, and he or she will adopt your attitudes and beliefs.

Some of the family values that may relate to preventing alcohol and other drug use among children are the following:

- Having personal or religious beliefs that reject alcohol or other drug use.

- Valuing your freedom to make your own decisions, without having to "follow the crowd."

- Respecting the human body and desiring a healthy lifestyle.

- Believing that it is important to be in control of your own behavior at all times.

Whatever your values, the key is helping your child have standards that he or she believes are good and important. And when the pressure to use alcohol or other drugs increases, your child will have strong family values to help guide his or her actions.

Each year the American Hereford Association of Kansas City lists the number of cattle sales held in the United States. They then rate the different sales according to the number of head sold.

This year, out of 218 sales, in the 76-99 head of cattle category, the Youngblood Ranch of Lamesa, was in the top ten.

1. Courtney Hereford, Alzada, MT.

2. CK Ranch, Brookville, KA.
3. Loosli Hereford, Ashdon, Idaho
4. Largent & Sons, Caycee, WY.
5. Yellowhawk Cattle Co Wallawalla, Wash.
6. Youngblood Ranch Lamesa, TX.

This is the tenth year that the ranch has been in the top ten.

Q. My daughter is in college on a scholarship. Will any part of the scholarship funds be taxable to her?

A. Scholarship funds are generally not taxable to the recipient if the student is a degree candidate and the grant must be used for tuition, course-related fees, books, supplies and equipment. A grant that covers room, board and other incidentals is not excludable.

Q. My wife bought a new car in 1988. Can we deduct the state and local sales taxes on the purchase?

A. No. State and local sales taxes are not deductible for federal tax purposes.

Q. In 1987, my husband and I filed separate federal income tax returns. We have since discovered we could have saved had we filed jointly. Can we do anything about that now?

A. Yes, you may change to a joint return for 1987. If you filed the original returns on time, you have until April 15, 1991 to make the change. It is recommended that you use Form 1040X as the amended return.

AT&T ANNOUNCES PRICE CHANGES FOR LONG DISTANCE CALLS WITHIN TEXAS

AT&T announces April 1, 1989, price changes for Long Distance Service (MTS) within Texas. AT&T's prices for long distance calling within Texas will be increased by two cents per minute for calls under 82 miles in distance and one cent per minute for calls that are 82 miles or greater in distance. AT&T's current discounts of 25% for evening calls and 40% for night and weekend calls will remain in effect. The price increases are expected to produce approximately \$22.8 million, which is nearly 2.9% of AT&T's annual revenues for Texas Long Distance Service.

This represents the first AT&T price increase for long distance calls within Texas. AT&T's long distance prices for calls within Texas have been reduced overall by about 12% since 1986.

The Long Distance Service price changes will also impact AT&T's PROSM WATS Texas offering, which offers subscribers a 10% discount on all long distance calls within Texas. These price changes are expected to produce approximately \$661,000, or about 3.5% of the annual revenues for AT&T's PROSM WATS Texas offering.

Prices for AT&T's REACH OUTSM Texas offering will also change. The price for initial hour usage will increase from \$12.55 to \$12.95; the additional hour price will increase from \$11.40 to \$12.00. These price increases are expected to produce approximately \$364,000, or about 2.1% of the annual revenues for AT&T's REACH OUTSM Texas offering.

AT&T's tariffs implementing these changes will be filed with the Public Utility Commission of Texas on March 1, 1989, with an effective date of April 1, 1989. The combined price increases are expected to produce approximately \$23.9 million, which is approximately 2.4% of AT&T's annual revenues for all Texas intrastate services.

If you have questions regarding these price changes please call AT&T's service consultants at 1-800-222-0300 for residential customers or 1-800-222-0400 for business customers. Persons who have questions regarding this tariff filing may also contact the Public Utility Commission of Texas in writing, at 7800 Shoal Creek Blvd., Suite 450N, Austin, Texas 78757, or by calling the Public Information Office at 512-458-0223, or 512-458-0227, or 512-458-0221 teletypewriter for the deaf.

ASCS NEWS BY Jerry Stone

USDA ANNOUNCES FINAL DEFICIENCY PAYMENT FOR 1988 CROP UPLAND COTTON

The U.S. Department of Agriculture announced that eligible upland cotton producers will receive final deficiency payments of \$725 million for the 1988 crop in February.

Payments will be based on a rate of 19.4 cents per pound. Producers that participated in the 1988 Upland Cotton Program may have received an advance payment of 6.4 cents per pound leaving a balance of 13 cents per pound to be paid in cash.

The 1988 deficiency payment rate is the difference between the national established target price of 75.9 cents per pound and the higher of the national average market price received by producers of upland cotton during the 1988 calendar year, or the loan rate for Strict Low Middling 1-1/16-inch cotton, micronaire 3.5-4.9, at average U.S. locations.

The 1988 calendar year national average market price is 56.50 cents per pound. Since this is above the loan rate of 51.80 cents per pound, the deficiency payment rate is the difference between the target price and the 1988 calendar year national average market price.

EIGHTH CRP SIGN-UP

The eighth Conservation Reserve Program sign-up began February 6th and will end February 24th.

Highly erodible acres that enter the program will be ineligible for farming for 10 years and must be planted to trees or other permanent vegetative cover.

To compensate producers for retiring this land from crop production, the CRP authorizes annual rental payments and one half the cost of planting trees or grass on the acreage placed in the program. To enroll, farmers submit offers stating the rental payment they would accept to convert their highly erodible cropland to permanent vegetative cover, and provide a cropping history for 1981 through 1985. Rental rates can not exceed the rental rate determined by the ASC County Committee for an acre of comparable land in Borden County.

The designated area will be devoted to a conserving use during the life of the contract. Harvesting, grazing, or other commercial use of forage is not allowed. Maintenance measures, such as weed control will also be required.

Interested farmers should submit offers to the local ASCS office before the February 24th sign-up deadline.

DISASTER PAYMENT PROGRAM

Applications for the 1988 Disaster Payment Program may still be filed at the Borden County ASCS Office. Farmers have until March 31, 1989, to apply for the disaster assistance.

To be eligible for a payment, a producer must have suffered more than a 35 percent loss of production in 1988 because of drought, hail, excessive moisture, or conditions caused by these perils.

The program provides payments to eligible producers for all commercially-grown crops. Crop and livestock benefits may not exceed \$100,000.

Producers who apply for disaster assistance must furnish ASCS with acreage and crop production reports for 1988. To expedite payments, ASCS advises farmers to organize their production records and evidence before submitting claims for

payment.

FARM PROGRAM SIGN-UP

Farmers have until April 14, 1989 to sign up for the 1989 wheat, feed grain, and cotton acreage reduction programs.

The programs offer price support loans and deficiency payments with a portion of the deficiency payments available in advance.

Acreage reduction requirements are: 10 percent for wheat, corn, sorghum and barley, 5 percent for oats, and 25 percent for upland cotton.

CONSERVATION PLANS

Producers who plan to plant a program crop for harvest in 1990 crop year, must have a conservation plan. Planting without an approved conservation plan prepared by the Soil Conservation Service (SCS) would make you ineligible for all USDA program benefits for that year.

If you have any highly erodible land and plan to plant a fall seeded crop in 1989 or a spring seeded crop for 1990 and participate in any government supported program, you need a conservation plan in effect before planting the crop.

HOLIDAY

This office will be closed Monday, February 20, in observance of President's Day.

FOOD SECURITY ACT

By now most farm operators in Borden County will have received a SCS-CPA-26 "HIGHLY ERODIBLE LAND DETERMINATION" from the Soil Conservation Service. This form will show if any fields you operate are classed as highly erodible. Recently the Estacado Clay Loam soil was reclassified as Non Highly Erodible. We are in the process of making new determinations on fields that contain this soil. In most cases, fields that contain a high percentage of Estacado are now being called Non Highly Erodible. If this change affects your determination we will visit with you about this. To remain eligible for program benefits, any highly erodible field must be included in a conservation plan. The deadline for developing a plan, December 31, 1989, is just a year away. Some conservation treatment alternatives that you may choose will have to begin during the 1989 crop year to be eligible on January 1, 1990. Now is the time to find out what alternatives you have and which alternative best fits your farming operation. You can receive assistance in developing a conservation plan by visiting with the SCS office which issued the CPA-26. I am in the Borden Range Conservationist

Co. ASCS office Tuesday of every week and can assist you in developing your plan. If you are coming in to the ASCS office to sign up in the 1989 programs, you may want to ask the staff to set up a time on Tuesdays so that we can go over your planning needs. In most cases we can complete you plan in about 30 minutes although if you are operating several farms you may want to allow about an hour for the planning.

Public Notice

On November 9, Southwestern Bell Telephone Company filed a tariff which proposes to prevent local exchange calling over interstate, unrestricted, multi-jurisdictional, WATS Access Lines (UWALS) and intrastate WATS Access Lines (WALS).

UWALS are provided to interexchange carriers for their use in the provision of interexchange interstate and intrastate long-distance and WATS-type services. Similarly, WALS are designed for use in the provision of interLATA and intraLATA WATS services. The UWALS and WALS were not intended to allow local exchange calling.

If these proposed tariff changes are approved, the blocking of local exchange calls over intrastate WATS access lines and UWALS will take place within 30 days. This proposed tariff change will not result in the blocking of local calls placed to an 800 Service number.

The Public Utility Commission (PUC) of Texas has assigned this matter to Docket 8421. A hearing on the merits of these proposed tariff changes is scheduled for March 13, 1989.

Persons who wish to intervene or otherwise participate in these proceedings should mail a request to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757 by February 27, 1989. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0223 or (512) 458-0221, teletypewriter for the deaf.

A GRANDFATHER BLEATS HIS APPRECIATION ABOUT THE GOAT SHOW

Hockley County Clerk Raymond Dennis of Levelland, president of the County and District Clerks Association, which is made up of 36 West Texas counties; was one of the featured guests at a district meeting of the group at the Snyder County Club. Also present was Borden County Clerk Dorothy Browne, a director of Area II of the association.

Well, the Borden County Stock Show has come and gone! It brought anticipation, just pure thrills, smiles, and even looks of sadness at times to a host of young participants.

New little pink faces were there also; this being their very first time to show in competition. The new ones are easy to pick out; those quick glances in the direction of Momma and Daddy to see if they were meeting with their approval; and then, of course, it seems that every nine year old has places that need to be scratched at the most crucial judging time. You can bet they will scratch where it itches, no matter where.

You know, it was a good show; the visiting, eating, the competition and the whole nine yards! Producing a stock show is not just hot dogs and blue ribbons, as most of you know. Many competitors, parents, and other individuals sure did a big part and what about a set of young directors that certainly weighed heavily on Borden County having a quality show. I feel that a large majority of our community will echo these sentiments.

How about the goat show! Wasn't that a ripper! As sweet as Sue Smith is and as

sorry as Rube is, I don't understand how they came up with anything as exciting as a "Kid's Goat Show," but it's for real.

Did you see the smiles on those little faces? The many grandparents that came out of the woodwork were especially interesting to watch. The judges favor can sure change the countenance of a grandma (or grandpa) in a hurry if things are looking up for their little darling. I'm no different! If the Lord delays his coming another year, my little princess and I will be back in competition. Next time we are going to try a little harder for a blue ribbon. If

things don't go our way, a new judge might need to be considered!

Sure was a lot of fun and again I say "Thanks" to everyone that had a part and a whole bunch of you fit in that category.

THANK YOU

We would like to thank the Borden County Junior Livestock Association and the following people for helping with this year's goat show:

C. W. Berryman	Doug & Debbie Isaacs
Frank Currey	Alana Smith
Pat Hensley	Jarrold Rimes
Kirt Hess	Justin Cox
Kelly Jo Ogden	John Brummett
Dennis Poole	Buddy Wallace
Dan Stone	

Our thanks to these children and their families for making the show such fun to watch:

La Shae Johnson	Tanner Poole
Clay John Anderson	Micah Hensley
Sterling Miller	Jade HARRIS
Trent May	Ky May
Cassidy Ogden	Stacy Braswell
Phillip Payne	Tanner Miller
Rebecca Hensley	Mikanna Herring
Ryan Jordan	Lindsay Smith
Kaci Poole	Shana Isaacs
Hailey Adcock	John Harding
Carey Cox	Corey Cox
Charla Miller	Dana Parks

Finally, thanks to Jim Judah, whose time and interest in each child while judging was appreciated by everyone.

We thank you one and all.

Rube & Sue Smith

We are having a HOUSEWARMING and EVERYBODY'S invited!!!!!!

WHERE: Craig and Nona Woodward's new home
1 mile east of the Midway Community, then
1 mile north

WHEN: Sunday, February 12th
2:00 p.m.--4:00 p.m.

Everyone please bring a fingerfood and come help

CRAIG, NONA, RANDI and SHARA DEE

enjoy their new home!!!

BREAST CANCER DETECTION UNIT available to area women!

that over 37% of women will die from breast cancer. Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate. (The cost is only \$50.00) A mammogram can detect a cancer this small, even before it can be felt.
