

The Memphis Democrat

VOLUME LXXI *** NWNS SERVICE *** MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, APRIL 5, 1962 *** TEN CENTS *** NUMBER 46

...has been springing back forth and winter has been in and out—anybody's as to what will take place Easter. However, most yards showing some green and some lately. Some change Wednesday when thunder rolled and drops fell—enough to run the gutters.

...this Thursday morning, gauges showed around .60 an inch, and in other parts of the county, rains were had varying from .60 to more than an inch. Now, that the path has been broken, more of greater quantity may be expected during the next few days.

...increased activity in various projects is noted in improvements in Memphis, and still more are being made for additional improvements. We understand that long last the deal has been made for the site for the new hospital, and work should start soon. All indications that Memphis is on the go-go road of rolling back down the hill. If there ever was a time in the history of Memphis when cooperation of all the citizenship is needed, that time is now.

...an indication of cooperation demonstrated in obtaining a plastic plant for Memphis. The industry obtained makes it easier, by proper work on the part of local people, to obtain national industries.

...ally, the City Park is one of the best attractions recreation in this area. Small and large groups find that rest-room facilities do not provide adequate service. The general public will make suggestions to the rest-room funds, and the City of Memphis will match funds and the ample rest-rooms will be built. Several clubs and a few individuals have made donations. Otherwise the checks returned. Are you, people of this area, waiting for someone to take time out from their business to visit you and ask you for a donation, when you can more easily write a check and mail it to Mildred Stephens or to the Secretary.

...The Fladada Hesperian says: the administration's new farm sounds good. We enjoyed listening to a representative of the government explain how they expect to get the ball rolling—in particular getting the farm surplus off the minds of the metropolitan residents who keep reading the slick magazines and the big newspapers about having to carry the farm burden.

...large bouquet of flowers to Robert Bridges, who resigned as manager of the Lone Star Gas Co. and Lakeview after serving the company for nearly 36 years and years with the local office. In evidence of his standing with the company, an appreciation party was held for him in Childress last week. In addition to being a business man, Bridges, during his stay in Memphis, actively participated in all community activities as well as church work. He was criticized, but at all times he depended on to support community movements. He was a kind of citizen that all the population of Memphis will sorely miss when he moves from here in a few months.

...And a cordial welcome to Robert Philpot who succeeds Bridges as manager of the gas company. Mr. Philpot, his wife and three children, moved to Memphis a few weeks ago.

...We have all more or less grown the habit of withholding sympathy and encouragement when folks are greatly in need of same, even withholding a good-bye to people when they move to some other town, spending years here doing community work and helping hold things together. In recent years we have known folks, who had lived their lives in Memphis and had taken part in all the community activities, leave

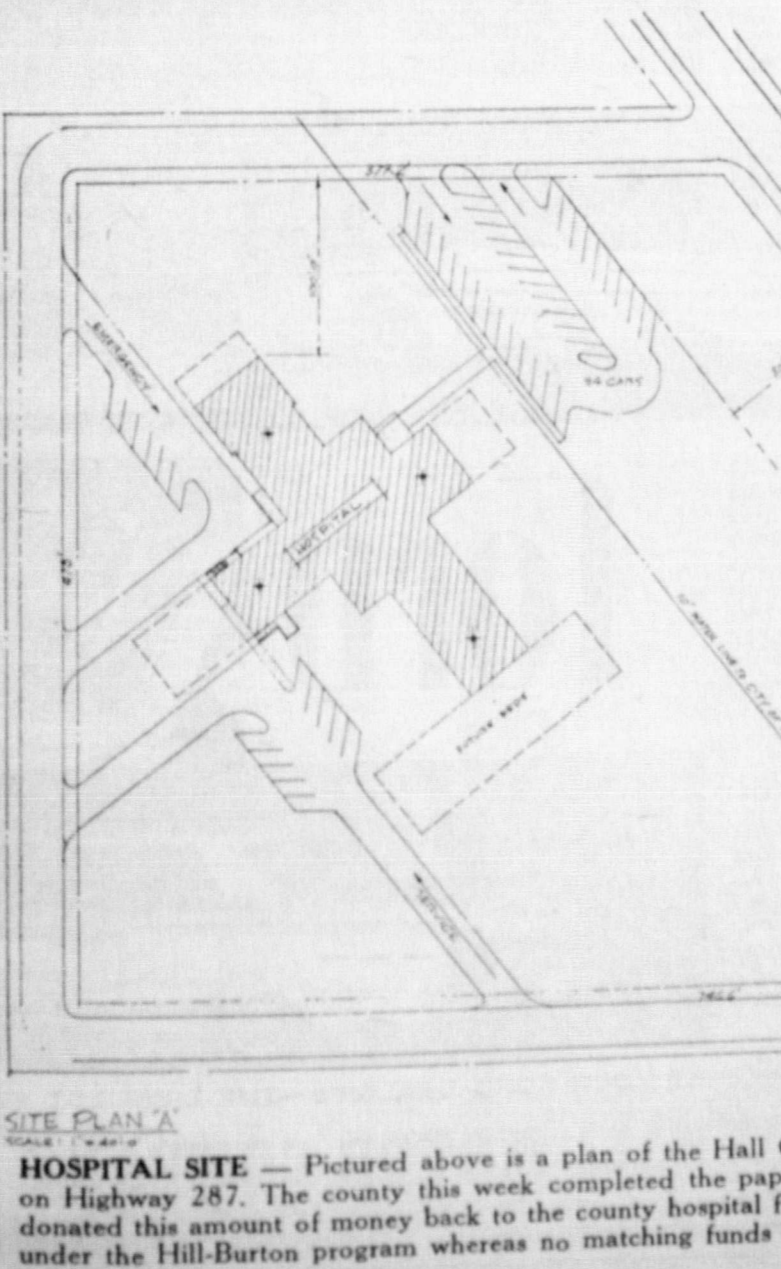

TENNIS CHAMPIONS — Winnie Nabers, left, and Karen Clements of Lakeview won the annual girls doubles tennis event at the Amarillo Relays last weekend. The Girls defeated the Memphis girls, Leslie Helm and Deeda Hickey, in the final match of the tournament, 3-6, 6-0, 9-7. This is the second year that the two Lakeview girls have won the event. Both the Lakeview and Memphis girls won their district this year and will compete in the regional meet at Lubbock.

Rain Measures .60 To 1.7 In.

Memphis received a total of .60 of an inch of moisture Wednesday and Thursday as the first precipitation in several weeks dampened the dry soil. Various amounts were reported from over the county with 1.5 inches to 1.7 inches reported in the Parnell area south of Red River. Estelline received .8 of an inch

Cub Scouts To Sponsor Pancake Supper Tonight

A pancake supper, sponsored by Cub Scouts of Pack 35, will be held tonight (Thursday, from 6 to 8 o'clock in the Travis Cafeteria, J. O. Dixon, Cubmaster, reminded citizens this week. Tickets for the event may be purchased at the door. The menu will include pancakes, pan-sausage, bacon, syrup, coffee and milk. The Cub Scouts will use the money to finance various events of the group during the coming year. Included will be the annual camp-out as well as other activities.

HOSPITAL SITE — Pictured above is a plan of the Hall County Hospital and the Hampton site located north of Memphis on Highway 287. The county this week completed the paper work on purchasing the site for \$2500 and the family has donated this amount of money back to the county hospital fund. By this donation of money, matching funds can be secured under the Hill-Burton program whereas no matching funds could be given for a land donation.

Annual Exes Banquet Will Be Held April 21

The Memphis Annual Ex-Students banquet will be held April 21 at the Travis Cafeteria, Hubert Dennis, president of the organization, said this week. The speaker for the occasion will be Mrs. Lee Foster Canyon, who has won recognition for her success as an English, speech and drama instructor in Amarillo and Canyon. Mrs. Foster's students have won Interscholastic League honors for three years in succession. The Memphis senior class is sponsoring the event as in the past. At present the class is preparing letters, which will be sent to all ex-students. They have a list of addresses from previous years. However, in several instances the exes have moved. The class asks that anyone knowing of change of addresses of exes since last year to please notify the senior class at Memphis High School in order that the corrections can be made immediately.

Troop 34 To Hold Hamburger Event

The Boy Scouts of Troop 34 will hold Hamburger Supper at the Memphis City Park on the evening of April 13, Al Chappell, scoutmaster of the group announced this week. Tickets for the event are now on sale from the scouts of the troop.

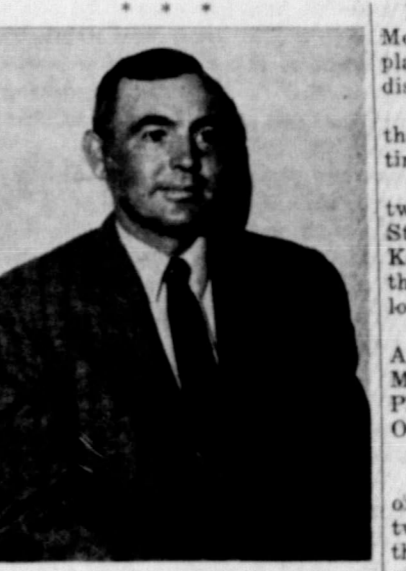

Funeral Services Held Sunday For L. E. Hill

Funeral services for Lindsey E. Hill, 70, were held at 2 p. m. Sunday from the Spicer Funeral Chapel with Everett Stevens, minister of the First Christian Church, officiating, assisted by Cecil Hadaway, minister of the Church of Christ. Interment was in Dreamland Cemetery in Turkey with services under the direction of Spicer Funeral Home. A former sheriff of Hall County, Mr. Hill died Friday in Morgan Rest Home in Wellington. He was born Dec. 21, 1891, at Derks, Ark., and moved to Turkey in 1921. Mr. Hill moved to Memphis in 1937, and served for three years as sheriff. He later moved to Amarillo where he lived until 1956 when he returned to Memphis. Mr. Hill was a member of the Church of Christ. Survivors are two daughters, (Continued on Page Twelve)

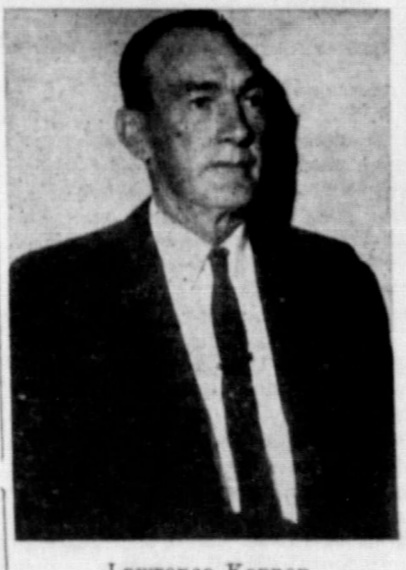

School Election Scheduled For Saturday at City Hall

Joyce Webster

R. B. Phillips

Lawrence Kennon

Dr. H. R. Stevenson

Election of two trustees for the Memphis School Board will take place Saturday as citizens of this district go to the polls. Balloting will get underway at the City Hall at 8 a. m. and continue until 7 p. m. There are four men seeking the two positions. They are Dr. H. R. Stevenson, R. B. Phillips, L. J. Kennon and Joyce Webster, and the names will appear on the ballot in that order. Election judge will be O. V. Alexander. He will be assisted by Mrs. Claude Johnson, Mrs. Lloyd Phillips, Mrs. Art Miller and Mrs. O. V. Alexander.

Stevenson
Stevenson has been a resident of Memphis since 1950, excluding two years when he served with the U. S. Army. He is a graduate of TCU and Southwestern Medical School. He is the present president of the Memphis Lions Club, is a Mason and a member of the Memphis Chamber of Commerce. He is a member of the First Christian Church, and has two children in the Memphis schools.

Phillips
Phillips lives in the Harrell Chapel community southeast of Memphis and has made his home there all his life. He has three children in the Memphis schools now, and both he and his wife graduated from Memphis High School in 1942. He is a member of the Baptist Church at Estelline and at present is Brotherhood Association president for this area. He is also a member of the Memphis IOOF Lodge No. 444.

Kennon
Kennon has made his home in Memphis since 1918, and has been in the construction business here since 1942. Four of his children have graduated from Memphis High School and he has two other children in school at present. He is a member of the Baptist Church, and IOOF Lodge No. 444.

Webster
Webster has called Memphis his home all of his life and lives a few miles east of town. He graduated from Texas Tech and worked several years here with the Memphis Production Credit Association. In addition to his farming interests he is a past president of the Lions Club, and past commander of the American Legion Post. His 15-year-old son is in school here. The Websters are members of the Baptist Church.

Estelline Winners
W. M. Gowdy, Jr., Paul Buchanan and E. A. Ward won the election at Estelline Tuesday in balloting for places on the city council. Others on the ballot were Jack Kinard, J. C. Richerson, and Elam Orcutt.

Drive Underway for Additional Equip.

Public spirited local club members started a drive this week to raise approximately \$500 to purchase additional tables and dinner sponsored by the Atalantean Club. Those who would like to contribute are asked to call Mrs. Ralph Williams or Mrs. L. C. Martin as soon as possible. This equipment will belong to the community and at such time as a community building is acquired, it will be moved to that structure. In the meantime, it will be stored in the Travis Cafeteria for use at community functions. Under conditions now, when a large event is held in the Travis Cafeteria, it is necessary to move tables, dishes and other equipment from other parts of town to that location.

Salvation Army To Begin Fund Raising Drive

The Hall County Service Unit of the Salvation Army will begin its annual fund raising drive with a kick-off breakfast at the Cyclone Drive Inn next Wednesday, April 11, according to an announcement this week by Rev. Richard Avery, campaign chairman. The goal for the county this year is \$1200. One-third of all funds collected will remain in the county for use with the program here. The Hall County Service Unit is a committee made up of several persons over the county. Dick Fowler is chairman, H. J. Howell, vice chairman, and Bill Jones, treasurer. Other members of the committee include W. P. Baten, Jr., Adrian Combs, Rev. Richard Avery, Jack Nelson at Estelline, JoEd Cupell at Estelline, Clyde Rogers at Turkey, and R. C. Clements at Lakeview. The local unit of the Salvation Army has assisted many persons in the past four years that it has been established. The breakfast will get underway at 7 p. m. and approximately 30 persons are expected to help with the drive. Last year during the Hurricane Carla disaster the Salvation Army spent over \$1,700,000 in the Gulf Coast area. There are still a large number of personnel from the organization at work in the area helping with various problems which have not been completely solved to this date. As a result of the large amount spent helping with the disaster, the state Salvation Army funds are almost depleted. The statewide budget of the Salvation Army shows that 90 per cent of all funds contributed are used for welfare work. Nine per cent is used for administration work and one per cent is used for division administrative work, and one per cent for national administrative work. In addition to giving assistance on a local level, the Salvation Army also operates a hospital for unwed mothers, gives assistance to parolees, has a missing persons inquiry service, assists service men and women, provides low-cost

Needed Improvements

Memphis, during the past months, has been hard at work on Community development and have made some real progress in that direction with the establishment of the Hol-Par Corporation, Inc., here last week. However, this is only the beginning in the real battle for survival between the small towns and the metropolitan areas.

As was described in last week's paper, Highway 287 in Memphis will undergo some change in the years ahead and is expected to carry a greater number of vehicles. This will be an economic boom because the more cars which travel through here, the more money we will be able to pick up from an outside source. Tourist money will always stimulate the economy but it will not necessarily make a good town of all communities located on a well-traveled route.

During the past months there has been a great increase in the number of service stations located on the highway. This will help us to stop part of the tourist money, as does our eating places and motels.

However, the community must remember that the good, wide highways run two ways. These same roads which make it so convenient for other people to get to Memphis, also make it easy for Memphians to go to other cities and towns. There was a time when it was an all-day trip to drive to Amarillo over the dirt roads, but now the trip can be accomplished in about an hour and a half. This will become even less in the months and years to come.

If Memphis is to hold its business and people, we must continue to be alert to all types of real progress. One area where we could show some progress is in the appearance of some of the downtown buildings. It is true that a few of these buildings are empty. However, they might be rentable if they were in a better condition. Several persons who have been in Memphis recently have mentioned that the worst thing about the town in their opinion, was the "ghost town" appearance of part of the square, and main streets off the square.

It will take some time to remedy this situation, but if we don't start working toward that end, then it will never be better.

As the months go by consider the things which will improve our community. If we don't give the problem some thought, then there will be no real progress.

Vote Saturday

This Saturday there will be a school board election in Memphis, as well as over most of the state. Four persons here have offered themselves for the two positions open, and it will be up to the qualified voters of the school district to decide which two men will become members of the school board.

We would like to urge all voters to consider the men carefully, and then be sure and vote Saturday. One of the responsibilities of a free society is that the citizens have to make the choices themselves. Every qualified voter should vote in every election. It is his or her moral duty and the price each must pay for living in a land where every qualified person has the choice to vote for whoever they want to serve as public officials.

Oddities -

of the Lone Star State—

Some true and some just made up

From the Texas Parade

The wackiest publicity stunt ever staged in Texas was the crash of two train locomotives near West in 1896. The staged event attracted 30,000 customers. Several were killed as spectators pressed too close despite the efforts of 200 special policemen to hold them back. Several hundred were injured by sputtering showers of hot metal as the engines collided at speeds of 90 miles per hour. The nearest MKT signal stop has been renamed "Cruch" in honor of the event.

The comic career of the fabulous Marx Brothers started in Nacogdoches. Harpo, Gummo and Groucho were appearing with a Janie O'Riley as the "Four Nightingales" and composed a serious singing combo. The audience at Nacogdoches failed to appreciate their efforts and the disgusted Groucho stepped to the footlights and recited his own verse starting "The town of Nacogdoches is full of human roaches." The audience howled and at the next stop, Denison, Groucho donned thick eyebrows, mustache, long frock coat and assumed his famous stooped gait.

Texas history brings out many a humorous incident, such as the official verdict of United States Army "experts" who carefully appraised a Texan's invention in 1865. The backers of Jacob Brodbeck, a Fredericksburg school teacher, insisted that his ingenious product would prove of great military value. The "experts" watched its demonstration, then decided that it would serve no good purpose in military strategy.

The invention was an airplane. Brodbeck's machine, powered by coiled springs, could soar over treetops and be handled easily. The Texas inventor toured the United States trying to interest capital in his product, then returned to his small farm near the community of Luckenbach.

Farm Vote Is On Downgrade

These days you hear and read much about farms, farm subsidies, soil bank and over-production, but the latest infringement on the farmer is a propaganda series centered around the dwindling farm vote — and we are afraid it contains a lot of truth.

Once the most powerful vote bloc in the United States, farm population has consistently dropped to the point that the politicians no longer woo the farm vote with the vigor they once displayed. Growing urban centers and stronger labor unions are claiming political attention more and more, even in agricultural Texas.

Like industry, the farmer is fast finding himself in the minority—although his income is fortunately much improved over former years. Like industry, again, the farmer is turning more and more to lobby methods and personal appearances in Austin and in Washington. So far these methods have been quite effective, especially when coupled with the still sizeable farm vote in Texas.

Greater centralization of government creates a tendency for recognition of powerful voting blocs in Washington, the results of which can best be cited in this area's efforts to secure additional sugar beet acreage — and the continued denial of this acreage, despite practical and justified reasoning presented by area delegations. Farmers, we fear, are doomed to run into this sort of thing more and more. Democrats and Republicans, alike flat told the farm belt that they would no longer tolerate racial segregation, and they made the ultimatum stick.

In the past people have always held that farmers could not and would not organize, but, as we pointed out previously, farms and farming have undergone tremendous changes in recent years. The farmer, it seems to us, along with all of the people directly connected with his prosperity, is about to see the time when some sort of organization is inevitable if he is to survive, and continue to be prosperous.

—The Hereford Brand

America's moving, and . . . The Direction is a Good One

His critics of the Far Right who can detect a tint of red in the greenest grass on the White House lawn aren't going to be impressed, but an awful lot of the rest of us were by President Kennedy's plain talk a few days ago on the subject of atomic testing and this nation's determination to defend itself and the free world.

This is the kind of plain speaking which both Khrushchev and Nehru . . . and all the Communists in between . . . can hardly misconstrue.

And it is the kind of plain-speaking leadership which this nation, and the people of the free world who look to America for guidance, have been needing to hear.

It isn't necessary to agree with all of President Kennedy's domestic policies for conservative but Patriotic Americans to applaud wholeheartedly his leadership in the field of national defense and security.

Mr. Kennedy is a young man who is giving every indication of living up to a campaign promise "to get America moving again," in

"They couldn't do that!" when someone brought up the subject of income tax on private homes.

This is how it would work. The federal government would have your home appraised and then a "fair" rental value would be set on it. If you live in a \$20,000 home, for instance, you probably would be set at \$200 a month or \$2,400 a year. Say you are in the 25 per cent income tax bracket, you would have to pay the internal bureau of revenue \$600 for living in your own home.

The "fair" rental value plan already has been advanced by the treasury department as one of the income tax loopholes often referred to by the administration.

this area at least, and we think his sense of direction is excellent.

Tax for Rent?

Troy Martin, Editor of The Canyon News, gives us some serious food for thought last week when he wrote:

How many times in the past week we have heard the statement,

Live it up!

Presenting the cars for the lively life: 3 New Lively Ones from Ford!

New Galaxie 500 XL!

Start this one and you really start something. Available with Thunderbird V-8 power up to 405 hp (coupled to a 4-speed stick shift), the XL outperforms America's most expensive cars. Standard features include all-new bucket seats with a Thunderbird-style console in between. The XL needs service only twice a year, or every 6,000 miles. Hardtop or convertible. Definitely not for pedestrian tastes!

New Falcon Sports Futura!

Here's a hot new number from the compact leader. The tempo starts fast with foam-padded bucket seats and a handy console in between . . . hits a new high note with a stylish new Thunderbird roof (vinyl-covered if you want it) . . . then goes into the lively melody of an optional 170 Special Six engine. Economy with a flair is the Sports Futura idea . . . it's priced below many standard compacts.

New Fairlane 500 Sports Coupe!

Don't flirt with this one unless you mean it. It has foam-padded bucket seats with a console in between . . . and an all-new optional "2600" Challenger V-8 that packs 164 hp. Fairlane's room, ride and performance are bigger in every way, but this new fine car costs less than many compacts.

Memories Turning Back Time From The Democrat Files

20 YEARS AGO April 9, 1942

Three groups of conservation checks for Hall County farmers, aggregation \$26,423.88, arrived and were distributed during the month of March, it is reported by Millard P. Brown, county ACA secretary. There were 364 checks in the three shipments. These checks added to the previous total of \$30,777.18 brings the total of conservation payments received by county farmers to \$57,201.06, Brown said.

Lowery Johnson, superintendent of the Memphis Cotton Oil Mill, was guest speaker at Rotary Luncheon Tuesday. He gave facts and figures about cottonseed for planting, declaring that seed should be treated and delinted if good results are to be obtained. Johnson gave a comprehensive statement of the different chemicals contained in seed and the resultant effect of the chemicals upon germination of seed and the growth of the plant. Leslie Foxhall was in charge of the program and introduced the speaker. W. B. Hooser was introduced as a new member of the Rotary Club.

A total of 92 votes were cast in the municipal election Tuesday, in which four new members of the city council were chosen without an opposing vote. By Wards the vote was as follows: Ward No. 1, M. J. Draper, 21; Ward No. 2, H. B. Estes, 20; Ward No. 3, Morgan Baker, 35; Ward No. 4, J. W. Johnson, 16.

Forty Teachers at Conference Here Wednesday Night: Despite inclement weather, more than 40 teachers attended the Hall County Elementary Conference held Wednesday night in the Memphis High School auditorium. Miss Tops Gilreath reports. J. C. Jernigan, deputy state superintendent, and Miss Edgar Ellen Wilson, director of elementary education of the State Department of Education, were

The move probably can be made under existing law and without reference to congress.

10 YEARS AGO April 3, 1952

Farmers who have planted rye last fall under the ACP program for this year are requested to report their acreages to the Hall County PMA. R. A. Edelman, Estelline, Chairman of the County PMA committee, said today. The farmers who have qualified for this soil saving program will receive \$2.00 for every acre sown to rye. Lynn L. McKown said that about 2,000 acres had been sown under this year's program. In all, there are some 5,000 acres in rye in the county.

Nearly \$1,500 has been collected from all over the county to help pay the hospital expense for Joe Booth, 17 year old Lesley youth who was critically injured March 25, in a car-tractor accident near Lakeview. This was announced yesterday by M. D. Kennard, Lesley, who said that \$1,480.50 had been received as of noon on that day. Kennard, friend and neighbor of the boy and his family, said that the money had been deposited in the "Joe Booth Fund" which has been set up in the First State Bank in Memphis. Booth suffered a brain concussion when a car driven by Lane Spear, 44, of Lakeview, smashed into the tractor he was driving on Highway 256 near Lakeview. He has been unconscious since then in a local hospital. His mother said yesterday that he had shown improvement since last week.

G. D. Hall is Party Honoree at 89th Birthday: G. D. Hall, who has lived in Hall County, near Lakeview, for almost half a century, celebrated his 89th birthday last weekend at the home of a son, Homer of Comanche. All of Mr. Hall's children, with the exception of one daughter, were present to help him celebrate this gala occasion. One of the early day settlers of this county, Mr. Hall moved here in 1907 and has done much toward the growth and development of the county to which he lives.

Texas Farmers Repay \$39,146,268 To Farmers Home Administration

Texas farm families repaid \$39,146,268 in principal and interest on U. S. Farmers Home Administration loans last year, L. J. Cappelman, the agency's state director, announced in Temple early this week. This was 39.9 per cent above collections of the previous year in the state.

A total of 3,078 Texas families completely repaid their loans in 1961.

Cappelman said the Farmers Home Administration loan program is an outstanding example of those USDA activities producing large returns to the U. S. Treasury which nearly balance out initial cost.

Cappelman said the repayment record of Texas farm families demonstrates their willingness to make sacrifices now in order to develop sound and efficient farms for the future.

Farmers Home Administration makes loans to young farmers, small farmers attempting to improve their operations, farmers whose equities have been wiped out by low returns of recent years and those hard hit by natural disaster. Loans are made to both part-time and full-time farmers. Before these borrowers come to the Farmers Home Administration they were unable to obtain credit from any other source.

During the past 25 years, nationally, about two million farm families have borrowed \$55 billion from the Farmers Home Administration and its predecessors. To date they've repaid more than \$4 billion of this. Most of the amount outstanding has not fallen due. Interest collections far exceed losses on principal.

A major reason for the excellent repayment performance of FHA borrowers in Texas, Mr. Cappelman said, is the management aid supplied by the agency to all of its borrowers.

"The Farmers Home Administration programs include guidance and technical aid as well as credit. The aim is not only to produce better farmers but also to provide the entire farm family greater opportunities to develop their ability to manage farm and home resources, including capital available to them," Cappelman said.

He reported that in 1961 Farmers Home Administration advanced over \$40 million in supervised loans to Texas families. Following are some highlights of the agency's lending program last year in the state:

Operating loans for equipment,

livestock and other expenses totaled \$40,301,000 to 3,531 farmers.

A total of 140 farmers received \$2,631,940 to buy, develop or enlarge farms or refinance debts. \$1,619,870 of this was advanced by private lenders under the agency's insured loan program.

Approximately 648 loans totaling \$5,849,030 were made to farm families and others to build or repair dwellings and other buildings.

About 19 individuals and four associations received soil and water conservation loans totaling \$613,038. Watershed loans totaled \$1,485,000.

Emergency loans, amounting to approximately \$9,505,558 assisted 781 farmers hard hit by floods, droughts and other natural disasters.

Due to the increased number of requests from farmers and eligible applicants for Operating Loans and Rural Housing Loans, all of these funds for the fiscal year of 1962, ending June 30, 1962, have been obligated.

There are funds, however, for Emergency Loans, Farm Ownership Loans, Soil and Water Loans, for individuals and associations, as well as Watershed Loans.

Linda Campbell Named To Position At West Texas

Linda Campbell, daughter of Mr. and Mrs. Perry Campbell of Lakeview, was recently elected to serve as personnel director of the Student Union Board at West Texas State College.

Miss Campbell served as executive secretary of this board this year. Her term of office will begin in April, and continue through April of 1963.

She is also a member of Chi Omega social sorority and is a 1960 graduate of Lakeview High School.

Wildcat Staked In Childress County North of Red River

A wildcat oil test on the Anderson Mitchell land 11 miles north and five miles east of Childress and north of Red River was staked and equipment moved in this week.

The test will be drilled by the

Methodist Church To Hold Worship Service at 9:45

Morning worship services will be held at 9:45 a. m. Sunday at the First Methodist Church, Rev. O. B. Herring, pastor, announced this week. Sunday School classes will follow the morning worship service.

The service is being changed in order for Rev. Herring to be in Estelina at 11 a. m. where he is conducting revival services at the Methodist Church.

There is no change scheduled for the evening service which will be held at the usual time, 7 p. m.

Agency To Hold Hearing Friday On Greenbelt Loan

The Federal Housing and Home Finance Agency at Fort Worth will hold a hearing on the application by the Greenbelt Municipal and Industrial Water Authority for a loan of \$154,000 on April 6, according to a story in the Childress Index this week.

The money is to be used to make final engineering surveys on the proposed dam and pipelines.

West Texas Drilling Co. of Abilene, according to reports.

It will be drilled to the Ellenberger formation, which is expected to be located around 6,200 feet.

In latest drilling in 1950 by Stanolin a mile and a half north and east of the new location, the Ellenberger was found at about 6,500 feet. The Stanolin test was drilled to 7,384 feet.

The wildcat is located 669 feet north and 660 feet east of the southeast corner of Sec. 27, N. C. Cox, Block S.

Jo Beth Barnes To Head Texas Tech Style Show

Miss Jo Beth Barnes, daughter of Mr. and Mrs. Ted Barnes, was named narrator of the 25th annual style show at Texas Technological College.

The event will be held April 13 and 14.

Miss Barnes, an attractive freshman, is a home economics education and arts major at the college.

10 through 13, and Senior Girl Scouts aged 14 through 17.

The sequence of names, according to Mrs. Culmer, has been selected to give a feeling of progression through the entire Girl Scout age range of 7 through 17 years. "Brownies" is the popular name for the youngest members of the Girl Scout movement. "Junior" indicates that the girls just beyond Brownie age look forward to moving on into the more advanced levels within the program. "Cadette" is an adaptation of the word "cadet" used in its historic sense to describe a younger son of a great family. The Cadette Girl Scout is the second oldest daughter or sister in the Girl Scout family is training herself for her future. "Senior" clearly identifies the status of high school age group as the oldest girl members in Scouting.

The background for program change was supplied in part by two studies conducted for the Girl Scouts of the U. S. A. by the Survey Research Center, University of Michigan, 1955-1958. The first study dealt with needs and interests of adolescent girls, both within and outside the Girl Scout organizations, and the second study dealt with attitudes of Girl Scouts and their leaders toward the existing program.

There will be no change in the fundamental elements of the Girl Scout program, which were shown by the University of Michigan study to be as valid today as they were 50 years ago. The entire structure will be streamlined, however, and a careful design for progression will be built on the development pattern of girls growing up in the United States in the

Girl Scout Program To Have Four Age Levels

Names for four age levels within the Girl Scout program, to replace the three-level structure that the organization has used since 1938, were announced this week by Mrs. Charles U. Culmer, president, Girl Scouts of the USA.

Beginning in September 1963, age groupings for the 2,685,000 girls in Girl Scouting will be as follows:

Brownie Girl Scouts, age 7 and 8 years.

Junior Girl Scouts, aged 9, 10, and 11 years.

Cadette Girl Scouts, aged 12, 13, and 14 years.

Senior Girl Scouts, aged 15, 16, and 17 years.

Until that time, troops will continue in the present pattern of Brownie Scouts, aged 7 through 9, Intermediate Girl Scouts aged

Your TEXAS Department Of Public Safety

The Drivers license Field Service of the Texas Department of Public Safety is dedicated to the purpose of preserving one of the most vital privileges in our American way of life—that of driving an automobile.

Drivers license patrolman and drivers license hearing officers are in a sense, working in the front lines to protect the citizens of Texas on our streets and highways.

To carry out their work, these trained patrolmen and hearing officers in the last two year period performed such service as follows: Examined and re-examined as necessary some 900,000 applicants or a drivers license, aiding all who could to quality, and finally rejecting those who were unable to achieve sufficient safe driving ability.

Re-examined some 70,000 drivers in an effort to diagnose, call to the attention of the driver, and aid in correcting developing driving deficiencies, before they became critical.

Interviewed in confidential confidence some 30,000 drivers who had not responded to earlier attempts to correct their deficiencies and ways and means to correct them, and recommended suspension action in those cases when no other feasible solution could be found to protect the individuals and the general public.

Provided necessary records, evidence and information for administrative hearings in 16,000 drivers license cases conducted by Justice of the Peace and Corporation Courts.

Renewed thousands of licenses daily for citizens who contacted local drivers license offices for renewals and answered many questions from citizens seeking information on traffic laws and related matters.

The Drivers License Field Service is, thus, in a very real sense, a personal and local service to keep it this way—to keep the phase of government close to the people and close to an understanding of their problems and needs—the drivers license field employee, as a part of the Department of Public Safety, responsible to one of the six regional commanders. Acting with the benefit of and in full cooperation with the staff services of the Austin headquarters and the drivers license patrolmen and hearing officers in the field, a local officer, is able to serve and protect the citizens of Texas.

Douthit Takes County Spelling Championship

David Douthit, son of Mr. and Mrs. Bob Douthit, won the annual County Spelling Bee last Friday in competition at the Memphis School auditorium.

Douthit edged out David Aronofsky, last year's champion, on spelling of "adverbal" to take the crown.

The new champion will represent the county in the area event held in Amarillo in the near future. The winner of that event will earn a trip to Washington to compete in the national spelling bee.

Douthit is a seventh grade student at Travis Elementary School, competes in the band and is a student.

Aronofsky, son of Dr. and Mrs. Aronofsky, is an eighth grade student at the same school. Other entries in the senior division included Cathy Dale, of Memphis; Glenda Hanna and Norbert, both of Turkey.

Junior Division
The winner of the junior division was Melvin "Chuck" Jennings, son of Mr. and Mrs. Melvin Jennings. He is a sixth grade student at Austin Elementary and competes in athletics and band.

Jennings defeated Chalones Estelline, to win the event. Estelline, the daughter of Mr. and Mrs. D. B. Hoover.

Other entries in the junior division included Jondel McCauley, Moore, and Cynthia Evans of Memphis; Rosalinda Rodriguez of Estelline; Bobby Hill and Howhouse of Turkey.

Former Resident, C. Messick, Honored at Vernon
C. Messick, Jr., son of D. C. Messick of Memphis, was recently honored in Vernon with presentation of the "Key Award" by the Jaycees of the city.

Messick is the incoming president of the organization there. He has been active in a great number of community projects during the past year, including annual Easter Egg Hunt, Turkey Shoot, Christmas decorations, and club poll tax among other things.

JUNIOR WINNERS — Melvin "Chuck" Jennings, left, was the winner in the junior division of the spelling bee last Friday with Chalones Hoover, right taking second place in the event.

Annual Drive For Cancer Society To Be Held Here

The local chapter of the American Cancer Society will join with other chapters throughout the state to raise funds for the fight against cancer during April, Ben Parks, president, announced this week.

Mrs. Herschel Combs will again serve as Crusade chairman for the county, Mr. Parks stated. Assisting with the drive in Memphis will be members of the five Federated Clubs, who have helped with the project for the past three years.

A house-to-house canvass is planned for Tuesday evening, Apr. 17, beginning at 5 p. m., Mrs. Combs stated.

The workers will meet at the American Legion Hall and will be assigned various sections of the city where they will work. Donations are made on a voluntary basis. Workers will be identified by badges and will leave pamphlets, which will give the latest information on cancer.

"In 1960 nine persons in Hall County died of cancer," Mr. Parks said. "And in District 3, South, which includes 18 counties in our area more than 11,000 persons died from cancer."

"Unless progress in cancer control continues, 45,000,000 Americans now alive will develop the disease. Our primary purpose is to save these lives."

"The Crusade program has a two-fold purpose, to make face-to-face contact with everyone in the community, urging alertness to Cancer's Seven Danger Signals and stressing the importance of regular health checkups. Secondly, we are concerned with raising more funds to speed up the fight against cancer," he added.

Lakeview Farmers To Hold Meeting Monday Night

Farmers in the Lakeview area announced this week that a meeting will be held at the Grade School Auditorium there Monday night to discuss the establishment of a farmers butane cooperative organization.

The meeting will get underway at 8 p. m. and all interested persons are invited to attend.

Highway Dept. Announces Seal Coat Work in Area

The Texas Highway Commission announced this week that a contract had been awarded to J. H. Strain and Sons, Inc., of Abilene for seal coat work on highways in this county.

The contract calls for 14.6 miles of seal coat on State Highway 86 and 5.5 miles on State Highway 70.

Also included in the contract, totaling \$41,246, was other seal coat projects in Briscoe, Childress, Cottle, Hardeman and Wheeler Counties.

In all, there will be 120 miles of seal coat and District Engineer Palmer Massey of Childress said that the projects are expected to take about 60 working days.

Arville Coyle of Childress will be the Highway Department engineer in active charge of the projects.

Jaycees To Offer Transportation For Voting Sat.

As a service to the community, members of the local Junior Chamber of Commerce are offering free transportation to the polls on Saturday, April 7, at the annual school trustee election. Al Chappell, president of the organization, announced today.

Any person who needs transportation to the polls should call 259-9997, Chappell said, and a member of the Jaycees will take the voter to the City Hall.

Telephone Co. Now Has 97% Dial Operation

During 1961, General Telephone Company of the Southwest, sixth largest telephone subsidiary of General Telephone & Electronics Corporation, gained 19,304 telephones, increased the percentage of dial operated telephones from 95.1 to 97.3 per cent and increased plant investment to a record-breaking total of \$128,868,450, according to the company's 1961 annual report just released.

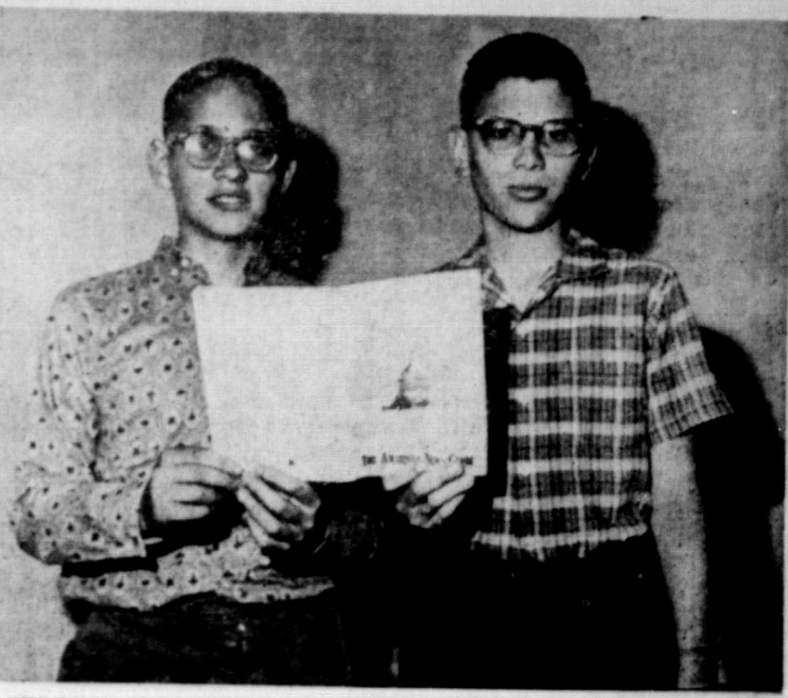

Total telephones in the company's five state area of operation at the end of 1961 was 334,250, with approximately 18,600 of the total having access to Direct Distance Dialing (DDD) which permits customers to dial their own station-to-station long distance calls.

Total operating revenues during 1961 amounted to \$35,666,000, a 7.22 per cent increase over 1960 revenues, while total operating expenses and taxes in 1961 amounted to \$29,451,100, a 6.08 per cent increase over 1960. Operating taxes per average main station during 1961 amounted to \$29.56 compared to \$28.19 in 1960.

Expansion and improvement during 1961 included the conversion of 11 exchanges from manual to dial operation, replacing dial equipment in 13 offices, establishing one new dial office and one new microwave system, and construction or modeling of 20 buildings of various types.

Gross plant additions for 1961 totaled \$15,436,000. The report pointed out that salaries and wages for the company's 3,274 employees during 1961 totaled \$14,193,755 and that employees and retired employees received employment benefits and pensions totaling \$1,343,858.

Continued expansion and im-

SENIOR SPELLERS — David Douthit, left, won the senior spelling bee conducted here at the Memphis High School last Friday. He dethroned David Aronofsky, last year's winner, to take the event and earn the right to represent the county in the Amarillo contest.

provements are planned, according to the report, which states that gross additions totaling \$17,766,000 have been budgeted for 1962. The 1962 program of expansion includes the start and completion of conversion of five exchanges from manual to dial operations and the acquisition of all teletype writer equipment in General's territory now owned by Bell System companies. Also scheduled are the conversion to dial operation for completion in 1963, of two manual exchanges.

It is anticipated that 21,500 telephones will be gained by the company during 1962.

Memphis Takes Doubles Tennis Championships

The Memphis boys and girls doubles teams won in the district tennis tournament at Lefors Monday. Coach Bob Martin announced this week.

The local girls team, made up of Leslie Helm and Deeda Hickey, beat McLean in the first match, 6-0, 6-0 and then downed Clarendon, 6-1, 6-2 in the finals. Perry Wright and Bill Jay Pounds beat McLean in the first event, 6-0, 6-0. In their final match, a three-out-of-five contest, they defeated Canadian 6-0, 6-0, 6-1.

In the singles boys competition, Ronald Pate lost to Jim Watson of McLean, 2-6, 4-6. Carol Smith, representing Memphis in the girls singles plan, won her first match 6-2, 5-7, 6-4 from McLean. She lost out in the second match to Lefors, 3-6, 0-6.

Estelline, Lakeview Split Dist. Tennis

Lakeview took first place in the district doubles tennis for girls, while Estelline took the boys crown in play at Turkey last Thursday, March 29.

Karen Clements and Winnie Nabers of Lakeview defeated Elane Seay and Linda Bowman of Estelline, 6-0, 6-1, to take the girls championship.

In the boys doubles play, Rolfe Wooten and Teddy Jay Barnes of Estelline won over Jerry Clements and Connie Mack Moore of Lakeview, 6-3, 6-2, to take that division.

James Starkey of Quitaque won the boys single crown by downing Tony Sahagun of Lakeview, 7-5, 6-4, 6-2.

Freshman Division

In the freshman division, Nickie Clements and Tommie Lou Payne of Lakeview won over Jan Davis and Barbara Diggs of Estelline, 6-2, 6-0.

Dana Gibson of Lakeview won in the boys singles, 6-0, 6-2, over

Estelline Wins Several Places At Dist. Track

Last week at the district track meet at Turkey Estelline picked up several places.

Rolfe Wooten won second in the 100-yard dash and the broad jump. The 440-yard relay team, composed of Bennie Longbine, Larry Elliott, Freddy Futch and Rusty Wood, placed fourth. They also competed in the mile relay with the same placing.

Frankie Longbine tied for 4th in the pole vault as did Rusty Wood in the 440-yard dash.

In the freshman division, Larry Elliott placed second in the high jump and third in the 75-yard dash.

In the junior boys track meet, David Walker won first in the 50-yard dash while Melvin Long took third. Walker ran second in the 100-yard dash, the same placing he received in the high jump.

The 440-yard relay team, composed of Melvin Long, Danny Longbine, Tommy Adcock and David Walker, took second.

Jodie Rapp placed fifth in the shot put while Gary Walker, Danny Longbine and Lynn Knox all tied for third in the pole vault.

Triston Mabry won second in the 60-yard high hurdles, while Jodie Rapp placed fourth in the 100-yard low hurdles.

A Quitaque girl won the girls singles in the freshman division with Nancy Fowler taking second by a score of 6-4, 6-3.

The Turkey boys took the doubles event by downing Matador.

Dana Gibson is also the district winner in medalist golf play and will represent the class B district in the regional at Lubbock on April 13 and 14.

The Estelline girls volleyball team tied for third place in the district.

RE-ENLISTS IN NAVY — Leo K. Kaulkner, electrician's mate first class USN, son of Mrs. Ida Y. Kaulkner of Turkey, is congratulated by Lt. (jg) J. E. Cartwright, personnel officer, upon reenlisting for six years, March 8, while serving at the Chase Field Naval Auxiliary Air Station, Beeville, Tex. Before entering the Navy in July 1951, Kaulkner was graduated from Turkey High School.

Lakeview, Memphis Split Amarillo Honors

The Memphis and Lakeview girls fought it out last weekend for top honors in the doubles tennis event at the Amarillo relays, with Lakeview girls finally winning the contest.

The Lakeview girls team, composed of Karen Clements and Winnie Nabers, won their first game with Palo Duro of Amarillo, 6-0, 6-0. In the second match they defeated Pampa 6-0, 6-2. Their match, against Tascosa of Amarillo, was hard fought with Lakeview finally winning the first set 16-14. They went on to take the second set 6-2, Coach Barney Bevers reported.

In the final match against Memphis the Lakeview girls lost the first set, 3-6 and then won the second one 6-0. The third set finally ended 9-7, with the Lakeview girls as champs.

Both of the teams received

medals for their achievements. This is the second year in succession that the Lakeview girls have won the tournament.

The Memphis girls downed Spearman in the first match 6-1, 6-0. In the second event they beat Tom S. Lubbock High School 6-2, 6-3. Their semi-final game was with Capitol Hill of Oklahoma City and they won 6-0, 6-1.

The Memphis boys doubles team, Perry Wright and Bill Jay Pounds, won over Tascosa of Amarillo 6-0, 6-0, and then lost to Pampa 9-11, 3-6.

Ronald Pate of Memphis competed in the singles event and won the first game from Wheeler by default, 6-0, 6-0, and then lost out to Capitol Hill of Oklahoma City in the quarter finals, 3-6, 4-6.

The Lakeview freshmen girls, Nickie Clements and Tommie Lou Payne, entered another division of the tournament and beat Dumas in the first match 8-6, 6-4, and then lost the second match to Lubbock.

The Lakeview boys team, Jerry Clements and Connie Mack Moore, lost their first match to Lubbock, 6-4, 4-6, 3-6. In boys singles competition, Sandy Verden of Lakeview lost to an Amarillo boy, 6-2, 4-6, 4-6. Tony Sahagun also of Lakeview lost out in the first round, 2-6, 0-6, to a boy from Albuquerque, who went on to win the singles crown, losing only two other games in the entire tournament.

New Class For Beginners Starts Wednesday Morning

Ten women were present Wednesday morning at the opening Beginner's Class for bowlers, Pop Standish, instructor, stated.

Much enthusiasm was shown by those attending and each indicated they would bring a friend to the class next Wednesday morning, Mr. Standish stated.

Both the bowling and instruction are free, and the class is open to anyone who is interested in learning to bowl.

The class meets each Wednesday morning at 9:30 a. m.

First Printing Of Texas Bird Book Almost All Sold

Only 3500 copies of Roger Tory Peterson's "A Field Guide to the Birds of Texas" now remain on hand in the Game and Fish Commission office in Austin, according to H. D. Dodgen, executive secretary.

There were 25,000 copies of this book published two years ago, under the agreement for sale at \$3 each. A 2 per cent sales tax also is now required on this book, which brings the price to \$3.06 each net.

When the current supply is exhausted, they will be available only from the publisher or distributors, and price based on other books of the type, which will be considerably more, according to Dodgen.

"A Field Guide to the Birds of Texas" was compiled by Mr. Peterson after several years of intensive study. It contains color plates showing all of the principal birds of the state, with means of identifying the birds. It is first choice of the bird watchers and teachers of classes in ornithology.

The books may be ordered directly from the Game and Fish Commission in Austin.

Local Volleyball Teams Win At Quail Tournament

Two womens volleyball teams from Memphis brought home trophies after playing in the Quail Tournament, sponsored by the F.F.A. boys, last weekend.

The Memphis Fina Girls received a first place trophy by defeating the Memphis Corvets, who received a second place trophy.

The Lakeview women won the Clarendon women, for the consolation trophy.

In the mens bracket, the Mart of Wellington won while the Lakeview Men won second, with the Wellington National Guard Cooks winning consolation.

Rex Bell Remains "Bull of the Hills" Champion for Third Straight Week

Rex Bell defeated Cletus Lebow in the roll-offs Sunday afternoon at the local Bowl to retain his title in the "Bull of the Hills" bowling contest.

This is the third consecutive week Bell has managed to hold on to the coveted title.

The "Bull of the Hills" event is held each Saturday afternoon at 2 p. m. The winner of this event will then bowl against Bell at 3 p. m. Sunday afternoon in an attempt to capture the crown.

Anyone interested in entering the event should contact the Memphis Bowl and fill out an application form, Pop Standish stated.

Volleyball Event To Be At Lelia Lake this Weekend

The Lelia Lake Volleyball Tournament will get underway this weekend, Thursday, Friday and Saturday, in the gymnasium there.

Teams from the surrounding area are entering the tournament. Eleven womens teams and 16 mens and boys teams will be competing.

The first game will start at 5 p. m. Thursday evening, between the Cliffords, Inc., of Hedley and Darnell's Machinery of Clarendon. The last game Thursday night is scheduled at 11 p. m. between the Sheriff's Dept. and the Hedley Fire Department.

The games for Friday night will begin at 5:30 p. m. between the winners of Estlack Machinery and Memphis O. K. Tire, and Household Supply and AAA Motor Co., for the mens bracket. For the womens bracket, the first game is scheduled at 6 p. m. Friday between A. R. Henson (Twisters) and Vallance, or Lakeview Women and the Memphis Corvets.

Trophies will be given to first, second and consolation.

The names of the teams entering are as follows: Women—Cliffords, Inc., Darnell's Machinery, Lelia Lake Women, First National Bank, Lakeview, A. R. Henson (Twisters), Lakeview Women, Vallance, Memphis Corvets, Frank White Bronchoetts, Boone's Fina, and Security State Bank. The mens teams are: Hommels, Untouchables, West Texas Gin, Lakeview Men, Estlack Machinery, Memphis O. K. Rubber, Household Supply, AAA Motor Co., Sheriff's Dept., Hedley Fire Dept., Memphis Compress, Cyclones, H. H. Hall, Clarendon Fire Dept., Banadois, and the Cook Grain.

Possum Kingdom Figures Released On Deer Hunting

There were 3567 antlerless deer taken in the 1961 season in the eight county section making up the Possum Kingdom Game Management Area, according to a report released this week by Clyde Holt, wildlife biologist in the area.

Only 42.56 per cent of the antlerless deer permits issued were used by hunters. In Bosque County there were 170 bonus deer tags issued. However, only 43 of the bonus tags were used.

In Brown County, there were 819 antlerless deer permits issued to 80 landowners on 57,330 acres. This represented an antlerless deer permit for each 70 acres in the county. There were 445 antlerless deer harvested in the county, which represented an antlerless deer kill of one to each 128.8 acres.

In the eight county area, made up of Bosque, Brown, Ellis, Erath, Hood, Jack, Palo Pinto, and Stephens counties, there was a total of 8380 antlerless deer permits issued to 1048 landowners on 1,138,416 acres. Most of the permits were in Jack County, which received 2653 antlerless permits.

ALEX SAIED
A DEMOCRAT FOR
State Representative

FOR:

1. A sensible & workable fair tax program for Texas
2. Economy in Government.
3. Equal rights for women.
4. Increased Old Age Assistance.

AGAINST:

1. State Income Tax
2. Further spread of Socialistic government.
3. Sale and distribution of Filthy Literature and Narcotics.
4. Present unfair auto insurance law.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

Which Problem
The people of the world are confronted with a choice between two basic philosophies of government — the Communist philosophy on the one hand, and the philosophy of the free world on the other. These two philosophies are diametrically opposed as two opposites could be. One can be brought into clear focus by its application to the world. If those people who are to make a choice at this time should simply direct their attention to specifics, their decision would be easy. It makes little difference as to what segment of the world or other area is used for comparative purposes as between these two ideologies.

The purpose of example, let us take one of our most troublesome problems and compare it to the segment of the economy in the Communist world. I have referred to the farm problem. At present time, the Agriculture Committee of the Congress is engaged with this gigantic undertaking, and soon the Congress will enact legislation designed to solve the problems and difficulties which have occurred because of the absence of certain programs, and the ingenuity of Man in the free enterprise system has solved other problems. The problem involved is that since that we in this country, the incentive theory, a free economy, and the ingenuity of a free mind, are able to produce more food and fiber than our markets can absorb. The problem of the Soviet countries — Russia, Red China, and all of their satellites — is the complete opposite of our problem. They have been wholly unable to produce enough food and fiber to meet the needs of their people. Summed up in one word, our problem is "feast"; theirs is "famine." With all of the technology and advancements in farming practices in this country, which have been available to the other people all over the world, and to which the Soviets had access, they have not been able to find even a beginning of the solution of their problem. Last year their production goals fell short by 16.3 million tons of grain, 16 million tons of milk, and 3 million tons of wheat. The per capita meat consumption in the Soviet Union is less than half of the American level. Just the other day, word came that Canada had agreed to sell 39 million bushels of wheat to Red China at an estimated price of \$75 million. It was alleged in the story that this wheat was for the purpose of feeding the Red army and the high officials in Red China. This has great significance, because anyone who has ever been in a Communist country readily recognizes the fact that the first to sit down at the table are the Soviet officials and the second is the military. The people are mendicants at the table of the officials and the military.

HALF-PAST TEEN

IT'S YOUR DECISION. IF YOU'D RATHER NOT GO TO THE FALL DANCE TONIGHT WE JUST WON'T GO, THAT'S ALL. IT'S UP TO YOU.

If there is no food for them, then the people don't eat. Hence, it can be concluded that the food situation in Red China is probably more serious than many have believed. The Chinese can turn to Russia, but they will receive no help because Russia is in the same plight. Their problem is one that must be solved, or at least alleviated, promptly because Man cannot live without food and fiber. If all the grass crops should fail for one year, every living creature on earth would perish. There is a problem the solution of which cannot be delayed if their people are to live. Of course, our effort must be made toward its solution. However, by comparison ours fades into insignificance. If we fail to solve it this year, we can be assured that there will be plenty to eat and plenty to wear while we continue to work on it. As problems go, I think we would all prefer the one that seems to be plaguing us.

citizens. The Virgin Islanders and the Guamanians have also been granted citizenship. The question was asked why the Samoans were not made citizens. The explanation seemed to be that the Samoans prefer to live under their traditional clan system known as the Matai system, where the property is held by the head of the clan, or Matai. The question is whether or not this system should be broken up and the Samoans made citizens, or whether they should be permitted to live along in their present status without determining the Constitutionality of granting them citizenship and permitting them to perpetuate their particular protective land tenure system.

Johnny Cofer To Arrive Here From U. S. Navy

Fireman First Class Johnny Mack Cofer will arrive home this weekend for a leave with his parents, Mr. and Mrs. Mack Cofer, from Vallejo, Calif., where he is stationed at Mare Island Naval Base.

Cofer entered the U. S. Navy in August of 1960. He will spend approximately 20 days vacationing here.

Mrs. J. H. McManus of Sulphur Springs is visiting here with her brothers and sisters, John Dennis and family, Mr. and Mrs. Jess Dennis, Mrs. T. J. Hampton and Mrs. Pearl Massey and other relatives and friends.

LOCALS & PERSONALS

Mrs. H. C. Hall of Bangs is visiting here with Mr. and Mrs. Bill Hall and family while Mrs. Hall is recuperating from recent surgery.

B. O. Shankle spent the weekend in Breckenridge with his wife, Mrs. Shankle, who is there to be with her mother, Mrs. Ewing who is seriously ill.

Mr. and Mrs. Don Morrison and children of Amarillo visited here over the weekend with his uncle, Mr. and Mrs. John Smith and other relatives and friends.

Mr. and Mrs. Charlie Morrison and children of Hart spent the weekend here with his parents, Mr. and Mrs. P. E. Morrison, and other relatives.

Weldon Voss of Waco was a house guest in the home of Mr. and Mrs. W. D. Young the first of the week.

Mr. and Mrs. A. J. Fowler visited in Lubbock over the weekend with her daughter and family Mr. and Mrs. Sam Martines and granddaughter Linda.

Mrs. Ruth Day of Tulsa, Mr.

and Mrs. Fred Boone of Blackwell and Mrs. Pearl Vallance of Memphis were guests in the home of Mr. and Mrs. Bert Boone over the weekend.

Mr. and Mrs. J. O. Webster and family of Amarillo visited in the Jim Webster home.

Gene Newton, a student at West Texas State in Canyon visited over the weekend with his mother and brother, Mrs. Bessie Newton and Gordon.

Mr. and Mrs. W. H. Reed and Neita were Amarillo visitors Saturday.

They returned home Saturday afternoon.

Mr. and Mrs. Jess Dennis, Mrs. J. H. McManus, Mrs. T. J. Hampton and Mrs. Pearl Massey visited in Childress Monday afternoon with Mrs. Martin Gravely.

Mr. and Mrs. Phaeton Alexander visited in Plainview over the weekend with their daughter, Mrs. Andy Gardenhire and family.

Misses Bobby and Judy Lemons, who are students at McMurry College, Abilene, spent the weekend here with their parents, Mr. and Mrs. R. C. Lemons.

Mr. and Mrs. Carl Denny of Childress were visitors here on

Sunday afternoon and evening in the home of Mr. and Mrs. R. C. Lemons.

Mr. and Mrs. Grover Cole and Sherman Nichols of Crowell were weekend guests in the home of Mr. and Mrs. Lynn McKown. On Sunday Mr. Cole visited with W. T. Hightower.

Mr. and Mrs. Delmar Jones of Childress visited Mr. and Mrs. Blackie Johnson Wednesday night.

Mr. and Mrs. Arthur Smith and son, Sterling, of Denton and Guy Smith, who is a student at McMurry College, Abilene, spent the weekend here with their parents, Mr. and Mrs. Guy Smith.

A FIGHTER FOR TEXAS AND THE PEOPLE AGAINST DOMINATION BY SPECIAL INTERESTS, LOBBYISTS AND PRESSURE GROUPS.

U.S. CHOICE: GAS BROILING

It's smokeless! No wonder 85 out of 100 women prefer cooking with gas! Gas cooks cooler, cleaner. Broils smokelessly with the broiler door closed. You never suffer with a heat-or spatter-filled kitchen. The clean blue flame consumes the smoke. Save on your glamorous new gas range now.

SPRING GAS RANGE SALE AT GAS APPLIANCE DEALERS AND LONE STAR GAS COMPANY

Sign Up For Feed Program Extended

The sign up for intention to participate in the 1962 Feed Grain Program has been extended until April 16, 1962, Lynn McKown, manager of the Agricultural Stabilization and Conservation Service office here, announced this week.

The original sign up was to have ended March 30 but the time has been extended two weeks.

Through March 30, a total of 421 Hall County farms had signed intentions to participate in the 1962 Feed Grain Program.

Since 505 farms participated in the 1961 program, this was over 83 per cent of last year's participating farms.

The sign up of intention to participate is not a binding agreement on the farmer, it was explained. The program is voluntary,

and a final field check in the summer will determine participation in the program.

Unless a farmer files his intention with the ASCS office by April 16, 1962, he will have no later choice. The sign up period is not expected to be further extended.

Comments —

(Continued from page 1)

here without public acknowledgment or praise, but, "like the Arabs folded their tents and silently stole away." Let's change such habits.

One hears a good many people fussing about the federal government trying to be Santa Claus and taking away some of the freedoms enjoyed since America was started. "Too much help to the underdogs—the unfortunates—the old folks—et cetera," objectors say. Perhaps so, and especially the give-away to other nations. But, occasionally some worthy cause not federally supported has to quit functioning because freedom-loving people withhold support. Such an institution is the Gonzales Warm Springs Foundation which is likely to close up the Rehabilitation Center, because public support is being withheld. Why not put the money where the mouth is and send a check to Texas Rehabilitation Center, Box No. 58, Gonzales, Texas.

Salvation Army —

(Continued from Page One)

housing for young women, helps hospitalized veterans and operates rehabilitation centers.

Another phase of their work is a boys camp near Dallas where over 200 boys per week enjoy the thrills of camping in modern facilities during the 13-week summer sessions. Last year two boys from this county attended the camp, and this year plans are being made to send four boys. The youths attend the camp at no expense.

The camp, Hobbitzelle, is located on a beautiful tract of 340 acres, seven miles south of Midlothian and eight miles west of Maxahachie. At the camp are well-arranged, well-equipped playgrounds for all boys' sports, a swimming pool, a lake for boating and fishing, organized sports under the direction of experienced coaches.

The boys are housed in attractive brick and redwood cabins. The camp is operated for the benefit of boys who would not otherwise have the opportunity to enjoy the wholesome atmosphere of camp life.

If crookedness and thievery continue, the life insurance companies had better be selling fire insurance policies to some people, because they will sure need them where they are going.

You can judge a man as well by his foes as by his friends.

"TWO LITTLE BEARS" — Butch Patrick stands by while his brother (that's what we said) helps himself to a midnight snack in the 20th Century - Fox Cinemascope production about two boys who can turn themselves into bears, in "The Two Little Bears," co-starring Eddie Albert, Jane Wyatt and introducing Brenda Lee, beginning Friday at the Palace Theater.

"The Two Little Bears" Coming To Palace Theater Friday and Saturday

Eddie Albert, whose flexibility in acting has taken him through screen roles ranging from a photographer in "Roman Holiday" for which he received an Oscar nomination, to the earth-loving psychiatrist in "Teahouse of the August Moon," continues his long list of film successes in the 20th Century-Fox Cinemascope fantasy-comedy "The Two Little Bears," co-starring Jane Wyatt and introducing Brenda Lee, on view Friday and Saturday, April 6 and 7, at the Palace Theater.

Eddie plays a respected and sedate grammar school principal. He is the epitome of the satisfied male. His lovely wife (Jane Wyatt), his teen-age daughter (Brenda Lee) and his two highly imaginative sons (Donnie Carter and Butch Patrick) all make "growing older" a pleasure.

Suddenly, peace is disputed, Donnie and Butch calmly announce that they can turn themselves, at will, into bears! Albert witnessing their astonishing sleight of hand, has to believe them. But the rest of the town is confused when he starts talking about his sons' powers and he becomes the logical candidate for psychiatric observation. It takes a public performance by the boys to convince the town that Eddie is not a lunatic.

Born Eddie Albert Heimberger, he worked his way through college by singing at amateur nights for five dollars a show. Garson Kanin enjoyed Eddie's performance and gave him a lead role in the show "Brother Rat" establishing Albert on Broadway.

Memphis Voting Light In City Elections Tuesday

Voting in the city election here Tuesday was light with all of the men seeking office unopposed.

City Secretary A. L. Gailey reported that E. E. Roberts received 17 votes to represent Ward No. 1, Coy Davis 6 votes in No. 2, Gayle Greene 16 votes in No. 3 and B. O. Shankle 8 votes in No. 4.

There were no write-ins on the ballots.

The City Council will meet Monday night and canvass the ballots. Following this the Council will be organized for the coming year with committees appointed.

In a regular meeting Tuesday night, the Council appointed J. W. Coppedge, Oren Jones and Jack Norman to sit as a board of equalization.

The Council also voted to purchase a truck load of sewer pipe to be used for sewer extension in the Whaley and Elem Grove Additions to Memphis. The city plans about 1500 feet of extension on the sewers in these areas.

At the time the work is undertaken the city will furnish materials and ask for bids from local plumbers on the labor.

Disaster Aid

The city this week received a check for \$1,615.38 from the federal government for disaster aid growing out of the damage from heavy rain here two years ago. This is a partial payment for assistance on projects in the city and some additional payment is expected in the future, Gailey said.

Envy is a madness which cannot endure the good of others.

We'd rather have a wart on our nose than a debt on our hands.

Political Announcements

The Memphis Democrat is authorized to announce the following as candidates for public office, subject to the action of the Democratic primary in May.

Hol-Par Corporation Moves Into Building

The Hol-Par Corporation moved in their first equipment Sunday and began work setting up the plastic and fiberglass business here.

Sunday afternoon six members of the firm arrived here with a truck and two pickup loads of supplies and equipment.

During this week work has been started on the construction of office space and rest rooms in the building. As soon as the offices are completed other equipment will be moved in and set up.

Bert Holster, president of the business, said that they hoped and planned to be delivering orders within the next 45 days.

The firm is located on North 5th Street next door to Foxhall Cotton Co.

Their first production will be devoted to building materials of fiberglass such as counter topping and paneling.

Six persons are working at present on the remodeling of the building and the company will be engaged in production as soon as

this project is completed. After the firm is in operation, other employees will be added as the production demands increase.

Young Farmers To Present Cotton Insect Program

Memphis Young Farmers this week announced that a special program on cotton insects will be presented Tuesday, April 10, with all interested persons invited.

The speaker for the occasion will be John Hunter of Texas Technological College. The program will be presented at the Agriculture Building at Memphis High School, getting underway at 7:30 p. m.

Atalantean Club Style Show To Be Held Tues.

"Keys to Fashion" will be the theme of the annual Fashion Show and Dinner to be held Tuesday evening, April 10, at 7 o'clock in the Travis Cafeterium. A social highlight of the year season the social is sponsored each year by the Atalantean Club.

Robert Sexauer will serve as emcee for the style show. He will give a vivid description of the garments worn by the models as they style the latest in local stores. All styles in the show can be found in local stores, Mrs. Eddie Foxall, president of the club, said. The show will feature bathing suits, evening dresses, two-piece suits, street dresses and casual wear for the summer months ahead.

Around and About

By HELEN COMBS

If you are not talented, then your best thing we know is to be a friend to those who are! And there are indeed many such persons in Memphis.

The annual Atalantean Club style show, which will be held on Tuesday night of next week, has been a highlight of the Spring season. The members work hard to make this a success and they become so successful that they no longer have to ask people for money. More people want to buy the clothes than space is available. Their problem now is trying to get a ticket for the "husband" and sometimes that ticket is to a friend!

This year, we marvel at the script written by the narrator, Mrs. Helen Sexauer, as she describes the beautiful models by the model, and times with a bit of humor. This year, for the first time we will enjoy the entire show from our seat in the auditorium in a relaxed manner. But I will be thinking of the girls who are crowded dressing room, and madly about trying to get the right accessories for the costume! The show must go on. . . and most times change from one costume to another in a limited amount of time.

You do not think the prettiest in Texas can be found here in our own local stores, attend the annual Atalantean style show on Tuesday night. You can't doubt agree with us.

Friday afternoon the Memphis Little Theater is presenting three local artists in a program at the Methodist Church. Mrs. T. M. Harrison will give a review of the musical play, "The Sound of Music," with music by Rodgers and Hammerstein.

The first thing we remember attending upon arriving in Memphis many years ago was thought as we sat and listened to her sing that it must be to be blessed with such a beautiful voice. . . and it's wonderful when you share talents with your friends!

E. S. Foote of Fisco, Colo., friends here she is learn to use her crutches after being confined to a wheelchair since her husband made her hip. Foote makes her home with Bob, and wife, and she says she is up with friends here by the hometown paper. In Mrs. Foote became a grandmother.

You need a ride to the polls to vote in the school election, then just dial 259-9997, member of the Jaycees will pick you up and take the polling place. The Jaycees newly formed organization of men, aims to serve the

Little Theater Members Enjoy Musical Review

For the Little Theater meeting of March 28, Mrs. T. M. Harrison reviewed "The Sound of Music," a play by Lindsey and Crowse, with music by Rodgers and Hammerstein. At intervals during the review, Mrs. Robert Sexauer sang four songs from the musical. These were the theme song, "The Sound of Music," and "My Favorite Things," "Do-Re-Me" and "Climb Every Mountain."

The program was held at the First Presbyterian Church. At its conclusion, members and their guests gathered at the home of Mrs. Robert Roark where she and Virginia Browder were hostesses and served refreshments to the following:

Mmes. Leo Fields, John Deaver, A. Anisman, George Ferris, Jim Beeson, Herschel Combs, Adrian Combs, Clyde Milam, R. S. Greene, Robert Sexauer, T. M. Harrison, Mildred Stephens, L. G. DeBerry and Miss Helen Boswell.

Family Reunion Held Sunday In Pratt Foard Home

Two brothers, six sisters and their families enjoyed a reunion on Sunday in the home of Mr. and Mrs. Pratt Foard. Visiting was enjoyed throughout the day and a bountiful meal was enjoyed at the noon hour.

Among those present were Mr. and Mrs. J. H. Gravelly, Mr. and Mrs. D. C. Ritchie, all of Quanah, Mrs. Watt Foard, Mr. and Mrs. Bob Foard, Mr. and Mrs. Mayland Foard and Rhonda Raye, all of Childress; Mr. and Mrs. J. R. Beard, Mr. and Mrs. C. P. Foard of Hollis, Okla., Mr. and Mrs. John E. Forbis and Rommie of Wellington, Mr. and Mrs. R. E. McNutt of Weatherford, Mr. and Mrs. Linton Gardenhire and Sidney and Mark of Lakeview, and A/2C Duane Foard of Amarillo AFB.

community and help promote worthwhile projects for Memphis.

One of the most active women's clubs in the county is the Ophelia Club at Estelline. Last year, with money raised from the annual spring Revue, the club beautified the town square. This year, the annual Revue will be held April 12, and the money will be used to purchase a water cooler for the school. For the past three years the club has sponsored the Cancer Drive in Estelline, and far exceeded their goal. This is just a few of the things the club has accomplished in the way of community service. So, remember the date for the Spring Revue and give the members a hand!

We're sorry we're unable to attend the pansake supper sponsored by the Cub Scouts Thursday evening; also the candidate speaking at Lakeview this week-end. . . but the annual Panhandle Press Association meeting is taking

Ellerd, Minka Sims and Mrs. Elmont Branigan.

Popular Dry Goods: Mrs. Joe Montgomery, Mrs. Hubert Jones and Jo Ann Stanley.

Neva's Shoppe: Sondra Stargel, Elmonette Branigan and Mrs. Richard Linder.

Greene Dry Goods: Mrs. A. H. Hull, Leslie Helm and Carol Greene.

Modeling hair styles will be the following: Vogue Beauty Salon: Mrs. A. H. Hull, Mrs. Joe Montgomery and Mrs. Charlie Grice.

Greenhaw Beauty Shop: Mrs. Jack Rose and Mrs. Allen Dunbar.

Whitley Beauty Shop: Mrs. Sherman Clemons.

Mrs. John Deaver Is Hostess To Mizpah Guild

The Mizpah Guild of the Presbyterian Church met in the home of Mrs. John Deaver April 7 at 7:30 p. m. The meeting was called to order by the president, Mrs. Guy Wright. Mrs. C. W. Kinslow gave the meditation, entitled "The Abundant Life." Following roll call, a business session was held.

Mrs. Virginia Browder gave the second part of the Mission Study of Latin American Countries, which was based on the book, "Land of Eldorado—Its Heritage and Faith," by Dante Umberto Bardieri.

The meeting closed with the Mizpah Benediction. During the social hour, refreshments were served to the following members: Virginia Browder, Glen Cosby, Ruth Harrison, Elsie Hoover, Minnie Kinslow, Wilma Leslie, Agnes Nelson, Mary Noel, Gladys Power, Ila Roberts, Pearl Ward, Moselle Wright and the hostess, Emma Deaver.

Mrs. Bobby Scott Honoree at Pink And Blue Shower

Friends of Mrs. Bobby Scott honored her with a pink and blue shower Saturday night, March 24, in the Lakeview School cafeteria. The serving table was laid with a white lace cloth over blue and was centered with a honeycombed stork. Napkins matched the centerpiece. Pink punch, pastel mints and decorated cookies were served. Table appointments were in crystal.

Names of the guests were written in white and blue baby book by Mrs. Doyle Fowler. The honoree was assisted in opening the many tissue-wrapped gifts by her mother, Mrs. H. A. Holt and Mrs. W. L. Scott, mother of Bobby.

Hostesses for the occasion were Mmes. R. C. Clements, W. L. Pate, Olin Neighbors, Floyd Aleman, Pete Ariola, Woodrow Floyd, Ar-

vin Orr, Billy Hancock, Perry Campbell, Aubrey Robertson, Lupe Sahagan, George Pierce, Gene Crone, Edd Slough, R. D. Revell, Mann Gable, Clyde Davidsen, W. H. Hill, Charles Guthrie, Doyle Fowler, A. C. Sams, C. B. Craighead, Hubert Hall and Emma Re Nabers.

While making a call in a local store, a friend of mine (female) graciously called to my attention a clipping in their trade journal. Because it is so aptly and flatteringly fights the battle of the advertising representative, we reprint it here. However, to keep the record straight, we have never received the answer given by the man in the story.

Are you a "Paradox?" A "Paradox" is a person who throws a "Florsheim" shoe at his under his "G.E." electric blanket, hops into his "B.V.D.'s," runs his "Gillette" razor over his "Mennen-Lather" face, has a hurried bowl of "Shredded Wheat" and a cup of "Maxwell House" coffee, enjoys the social were Mr. and Mrs. R. A. Eddleman, Mr. and Mrs. L. J. Halford, Mr. and Mrs. Ben Jackson and hosts, Mr. and Mrs. Johnson.

Memphis Little Theater To Present Three Local Artist In Program Sun.

The Memphis Little Theater will present three local artists in a review of the musical, "The Sound of Music," Sunday afternoon at 3 p. m. in the Methodist Church.

A play by Lindsey and Brouse with music by Rodgers and Hammerstein, the musical was presented last year at the State Fair in Dallas.

Mrs. T. M. Harrison, who has taught Speech Arts classes in Memphis for more than 20 years, will give the review. Music will be presented by Mrs. Robert Sexauer, vocalist, accompanied by Mrs. George Ferris, at the piano.

Mrs. Sexauer will sing "The Sound of Music," "My Favorite Things," "Do-Re-Me," "Climb Every Mountain" and "Sixteen Going on Seventeen."

In addition to her teaching, Mrs. Harrison has done much work in the dramatic field throughout the years and is noted for her ability as a reviewer. She studied at the Cooke School of Expression in Dallas, at Boulder University and later at the Oliver Hinsvell Dramatic Studios in Los Angeles under Oliver Hinsvell. She has been an active member of the Memphis Little Theater for many years and has participated in public performances as both director and actress.

Mrs. Sexauer, who is a graduate of West Texas State College, is one of the most talented vocalists in this area. Also a member of the Memphis Little Theater, Mrs. Sexauer is an accomplished musician and is interested in all phases of fine arts. As a member of the Harmony Club, she has appeared in many musical programs as well as having given numerous individual recitals.

Also a talented musician, Mrs. Ferris studied music at Northwest Texas State College and is a graduate of Texas Technological College. She began her career as pianist for the local high school and won recognition for her ability while still a teenager.

She is a member of the Harmony Club and is presently teaching piano. Following the program, members of the social committee under the direction of the chairman, Helen Boswell, will serve refreshments in the church annex.

More than 100 guests are expected to attend the program, Mrs. R. S. Greene, president of the club, said.

Ft. Worth Honors Former Hall County Teacher

Mrs. Ruby Lee Henry, principal of the Primary Department of Castleberry Elementary School in Fort Worth, was honored recently by the Castleberry Pre-School P.T.A. with a surprise "This Is Your Life" type program. The various highlights of Mrs. Henry's life were depicted on stage by children.

Her parents are Mr. and Mrs. J. B. Baker of Mineral Wells, formerly residents of Hall County. Her sisters are Mmes. W. R. Adams of Fort Worth, T. O. Neely of Dallas, Charles Smith of Dallas, F. J. Gardenhire of Mineral Wells, S. S. Cowan of Plainview and Max L. Tunnell of Wichita Falls.

A love and devoted interest in working with children prompted her teaching career which began at Deep Lake in 1932. She taught 10 years in Hall County. During these years she was volleyball coach (this was enacted by a group of fellow-workers) and elementary teacher.

Mrs. Henry graduated from Denton High School with a high scholastic record, attended North Texas State Teachers College for two years, did other work at West Texas State Teachers College at Canyon, Texas Technological College at Lubbock, and Southern Methodist University at Dallas. She received her bachelor of science degree from East Texas State Teachers College at Commerce in 1941 and her master of arts degree from Texas Christian University in 1952.

She married Delvin Curtis Henry in May, 1933, at Lakeview. They have one son, Donald Curtis, who is a pre-med major at North Texas State University. She moved to Fort Worth in 1943 when Mr. Henry went to work at Convoir and she began teaching the fourth grade at Castleberry, but has been principal for the last six years. She was presented a life membership in the Castleberry Elementary P.T.A. in 1958.

Tour of Homes To Be Held In Wellington Sun.

An invitation to local residents to attend a "Home Tour" in Wellington on Sunday afternoon, April 8, from 1 p. m. until 5 p. m. was extended this week by the American Legion Auxiliary of that city, the sponsoring organization.

Admission is \$1.00 per person, and proceeds will be used to send two girls to Girls State this summer, Mrs. Troy March, president of the organization, said.

Included in the tour will be 10 homes in Wellington including the new home of Mr. and Mrs. Roy Tisdale.

The tour will start at the D. C. Lacy home, located at 1700 So. Graham Street. Tickets may be purchased in advance or admission may be paid at the first home.

Refreshments and entertainment will end the tour at the Barney Glenn home east of Wellington on the Dodson highway.

Rebekah Lodge To Hold Easter Supper April 16

An Easter supper is being planned by the Rebekah Lodge for Monday evening, April 16, in the Odd Fellow Hall, it was announced this week.

Tickets are \$1.00 each and may be purchased at the door, members of the lodge said.

A cordial invitation is extended the public to come and enjoy the dinner, which will be served buffet style.

service to the families of River Oaks, Castleberry Pre-School P.T.A. 1962." Mrs. Henry gives credit for her success as classroom teacher to Mrs. R. L. Guthrie, her first county superintendent.

1932 Culture Club Entertains With Social

Members of the 1932 Culture Club of Estelline entertained their husbands with a salad supper at the country home of Mr. and Mrs. A. W. Johnson last week.

The menu included baked ham, a variety of salads, assorted cakes and pies, ice tea or coffee.

Following the dinner, the group enjoyed games of forty-two.

Registration will get underway at 8 a. m. Thursday followed by a coffee. The convention will open at 9

LOCAL ARTISTS — The Memphis Little Theater is presenting three local artists in a program Sunday afternoon at the Methodist Church. Shown above are Mrs. T. M. Harrison, right, who will review the musical play, "The Sound of Music"; Mrs. Robert Sexauer, center, will sing the songs written by Roger and Hammerstein for the play with accompaniment by Mrs. George Ferris at the piano.

Ophelia Club To Sponsor Annual Spring Revue Thursday Evening

The Ophelia Club of Estelline is sponsoring a Spring Revue on Thursday evening, April 12, at 8 p. m. in the Estelline High School Auditorium. This is an annual event and proceeds from the social are always used for a worthwhile community project. This year the club will purchase a water cooler for the school.

Girl Scouts Hold Neighborhood Meeting Thurs.

An entertaining program is being planned for the evening, with a combined style show and variety program. All pre-school children in the community are being invited to participate in the Style Revue. Pre-school children who are not contacted and would like to model in the show are asked to call Juanita Welch, phone 2126; Patti Nivens, phone 2751, or Suzy Rapp, 2501.

The program will be presented by students of the six elementary grades of Estelline School. A variety program will be given with several vocal numbers. Rehearsal will be at 2:30 Tuesday, April 10, in the High School auditorium.

Tommy Adcock Party Honoree On 14th Birthday

Tommy Adcock celebrated his 14th birthday with a party at the family home on Saturday. Guests attending were Danny Longbine, David Longbine, Tristan Mabry, Melvin Long, Jodie Rapp, Janie Helm, Sarah Holland, Jan Davis, Jeanette May, Larry Wynn, Eddie Bragg, Gayland Bragg, Cleta Angell, Sherry Angell, Wanda Longbine, Bennie Longbine, Jimmy Thomas, Frankie Longbine, Cynthia Gresham, Lynn Knox, Sandra Richburg, Willie Rodriguez, Jesse Roderquez, Jim-

Mrs. Doug Burgess and Mrs. Brode Hoover. The next neighborhood meeting will be held in the same place April 19, and a film on camping will be shown to the group.

Santa Rosa Convention To Be Held in Childress April 13-14

The annual convention of Santa Rosa District, Texas Federation of Women's Clubs, will be held in Childress on April 12 and 13, Mrs. Philip Carpenter of Burkburnett, president, has announced.

Attending from Memphis will be delegates from the five federated clubs and numerous other club members. Local club members are assisting with table decorations and plate favors for the dinner, which will be held on Thursday evening. Serving as chairman of the committee is Virginia Browder, who is third vice president of the district.

Pre-convention activities will begin on Wednesday afternoon at 4 p. m. with registration in the Childress Hotel. At 6 p. m. an art exhibit will be held in the departmental club building followed by the annual board dinner and business session at 7:15 p. m.

Thursday Activities Registration will get underway at 8 a. m. Thursday followed by a coffee. The convention will open at 9

I Give You Texas

By Boyce House

How does one go about producing a best seller? Luck, pure luck.

At least, that was my experience. In the spring of 1943, I was in Austin as a newspaperman covering the session of the legislature.

The lawmakers recessed for the weekend so I thought it would be pleasant to visit San Antonio and bask in the romantic atmosphere of sunshine and palm trees.

But when the bus arrived in San Antonio, rain was pouring down. "When does the next bus leave for Austin?" I asked and the ticket agent replied, "It'll be two hours."

Wondering what I could do during that interval, I thought of Joe Naylor, the book publisher. I had heard him speak at a State Historical Association meeting in Austin but had never met him.

If you are a writer (I had at that time written one book and it was out-of-print), it comes in handy to know a publisher.

So I phoned. Naylor was in and invited me to come by. I had nothing in mind — just wanted to get acquainted but when I was about to leave the office after a pleasant visit, I thought of a manuscript of mine.

Now this manuscript had really gone the rounds. Ten big Eastern publishing houses had rejected it. The manuscript was so soiled from

so much handling that I had re-typed it. Finally, a publisher accepted it and then changed his mind. I had about given up, deciding that the manuscript was jinxed.

But when I described the contents, Naylor said, "Send it on; I'll be glad to look at it." When I returned to my home in Fort Worth, I mailed it. After several months, he wrote a letter saying, in substance, "I am inclined to publish your book."

So we met for luncheon and a conference in the St. Anthony coffee shop.

"How many copies do you think I should print, if I print it?" he asked.

"A thousand copies are a lot of books but you couldn't very well print any less if you printed it at all" was the anxious author's reply.

He nodded in agreement. But he had not definitely said he was going to publish it. So I did a little mental arithmetic. There were relatives and business associates to whom I should send a copy and perhaps, occasionally, someone, happening to hear of the book, would order a copy from me—so eventually I could use a goodly number.

"Joe," I said, "if you'll print the book, I'll buy a hundred copies."

"Boyce," he said, "I'll print the book."

The first edition was 2,000 copies and his supply was gone in a week. A second printing of 2,000

ART OF BROTHERHOOD... Boys and girls of Children's Aid Society of New York City express their appreciation to President Kennedy for serving as honorary chairman of Brotherhood Week.

lasted only a week. Parents, wives and sweethearts were buying the little book to send to Texans in the armed forces all over the world. As the sales of "I Give You Texas" soared, the two most surprised men in Texas were the author and the publisher. It was months before I received my 100 copies but you may be sure there was no complaint at the delay.

The total on "I Give You Texas" has reached 200,000 copies and every now and then somebody goes into a book store, even yet, and buys one.

That about tells the story. Suppose it hadn't been raining in San Antonio that day or there had been a return bus to Austin in just a few minutes?

It's just luck, that's all.

Hollis Morrow Injured In Car Collision in Dallas

Hollis Morrow, 21, of Dallas, grandson of Mr. and Mrs. Hollis Boren, was seriously injured in a two-car collision in Dallas Friday.

He suffered a broken neck and fractured skull when he was thrown from the back seat through the windshield of the car, Mrs. Bill Boren said Wednesday. Two friends riding in the car with young Morrow were uninjured. The two occupants in the other car also were not injured.

Morrow underwent surgery in Parkland Hospital in Dallas Saturday. Mr. and Mrs. Boren left Monday for Dallas. He is the son of Mrs. Tommy Baker of Dallas.

Past - President Of Gamma Kappa Chapter Dies

Mrs. Franke Eva Jefferies, long-time Childress teacher and past president of Gamma Kappa Chapter of Delta Kappa Gamma, died Monday at her home in Childress. Funeral rites for Mrs. Jefferies were held at 4 p. m. Tuesday from the First Methodist Church in Childress.

Mrs. Jefferies had been teaching American History and govern-

District News

OUR SOIL ★ OUR STRENGTH

Hall County Soil Conservation

There is considerable interest in the Hall County Soil Conservation District in the establishment of bermuda grass pastures.

There are several improved strains of bermuda grass that are adapted to this area.

They are Costal, Midland, and NK-37. Costal and Midland bermuda grass do not produce seed and have to be sprigged or sodded. NK-37 can be seeded.

These grasses can be sprigged or seeded from the present time until around May 15. Under irrigation this planting date can be extended until June 15.

To receive maximum growth and forage yields from bermuda grass, it needs to be irrigated, if not on subirrigated land. Also, it should be fertilized according to soils analysis or tests. A grazing program should be set up so as to keep it grazed off evenly. If this cannot be done thru rotation grazing, shredding or mowing may be necessary occasionally thru the growing season.

If more forage is grown than ment at Childress High School since 1942 when she transferred there from elementary school classroom duties.

Attending the service were members of the Delta Kappa Gamma Chapter from Memphis, Wellington and Clarendon.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

Insects have bothered man since the beginning of recorded history. They have stung him, bitten him, destroyed his home and his food and carried germs that brought sickness and death. Entomologists report that they can identify some 10,000 insects that do \$4 billion damage annually.

For thousands of years man probably did little but swat and squash the insects to defend himself against them, but by 1,000 B. C. Homer was writing about sulphur as a fumigant. Since that time insecticides have steadily improved. One, DDT, was developed in 1942, and gave promise of providing the knockout punch against insect hordes. However, many insects, including flies, salt marsh mosquitoes, roaches, and lice quickly developed resistance to the chemical. Other insects including Mexican beetles, spider mites and many aphids were not affected by it.

can be grazed off, bermuda grass makes good hay.

Your Soil Conservation Service technicians, assisting the District, are available to assist you in planning the establishment of bermuda grass pastures, and in setting up a grazing program.

The Real McCoys By Ace Gailey

IF AN OUNCE WEAR THESE AN'LL GIT MAH FEET INSURED WITH

Kinard-Gailey Agency

MEMPHIS, TEXAS

Even today there is still only one sure defense against insects. A simple but complete program of community and home sanitation. Start this program at home by clearing the weeds around the garage, stock ponds and fence corners. These are ideal breeding places for mosquitoes and flies.

Check your garbage cans for leaks and corrosion, replacing those that are worn or misshapen. Garbage cans should be washed weekly to keep clean and dry.

Always replace the lid when depositing refuse. If the lid doesn't fit, fix it or get a new one.

Inspect the house and grounds carefully for stagnant water containers. Vases and flower pots in the house are frequent offenders. Cans and empty jars in the yard. Use a good residual spray on shrubbery and eliminate stagnant water areas.

Empty and refill all stock and pet water troughs at least once a week.

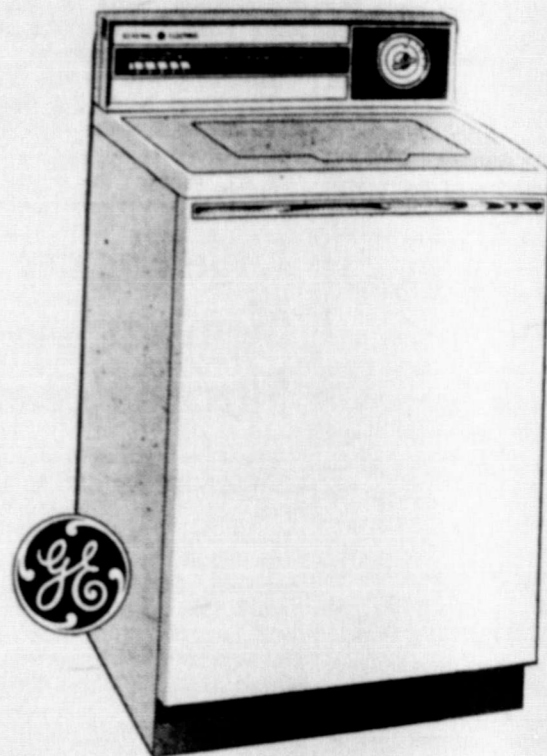

Finally, repair or replace worn or damaged screens and use a space spray or aerosol bomb to rid the house of flying pests. Inspect particularly carefully for foods and eating ware.

Take the precautions now and keep them up through the summer and the fly and mosquito population will be the only loser.

Mrs. Elmer Fisher of Memphis visited Mrs. C. E. Gowan and her family Saturday.

MINUTE MEDITATION

Jesus said, "Except ye be converted and become as little children, ye shall not enter into the kingdom of heaven" (Matthew 18:3.)

The child comes in at the close of the day; his mother prepares him for bed; he folds his hands to pray. In his dear little heart, there is no thought of human pride, envy, doubt or care, or anxiety about the things of this world.

The humble child with his simple words and his mountain of faith, his complete trust in God, he takes hold of the Father's hand and lies down to sleep.

A mother was prompting her young daughter in her bed time prayer. "Pray the Lord," the words came faintly, fainter still, "My soul to keep." Then the tired head fairly nodded, and the child was fast asleep. But the dewy eyes half opened when the mother clasped the child to her breast, and the dear voice softly whispered, "Mamma, God knows all the rest."

O Merciful God, give us the trusting, sweet confidence the unwavering faith and the untroubled heart of a child. Let us make haste to fill our cup at thy fountain until it is overflowing with grace for pardon, strength for our journey, counsel for guidance. When the day grows dark and shadows deepen, may we lie down to sleep in blissful peace as a little child saying, "Pray the Lord, My soul to keep."

SENATOR ★★★ Yarborough's Report

Our State of Texas knows the importance of good relations with American countries. Texas is at stake — not only because of our large import-export trade — but because of our historical, cultural, and political understanding, and the major effort of the United States in Latin America today is being made through the Alliance for Progress, a ten-year program of cooperation among the American Republics — from which Communist Fidel Castro's captive Cuba has been excluded, and branded a mouthpiece for Communism. Cuba has excluded itself from the ranks of American nations seeking a better way of life in peace and in freedom. Castro and his Communist supporters have chosen instead a bitter path of hunger, hardship and peril for the people to whom they promise much.

Castro is like a little feist trot along behind the Russian band Khrushchev. The delegation of the Organization of American States met in January at Punta del Este in Uruguay and declared that the American Republics would stop dealing with Cuba in arms and the elements of war.

President Kennedy on February announced an embargo on United States trade with Cuba except for certain medicines and staffs for humanitarian reasons. On March 23, the United States declared to the world

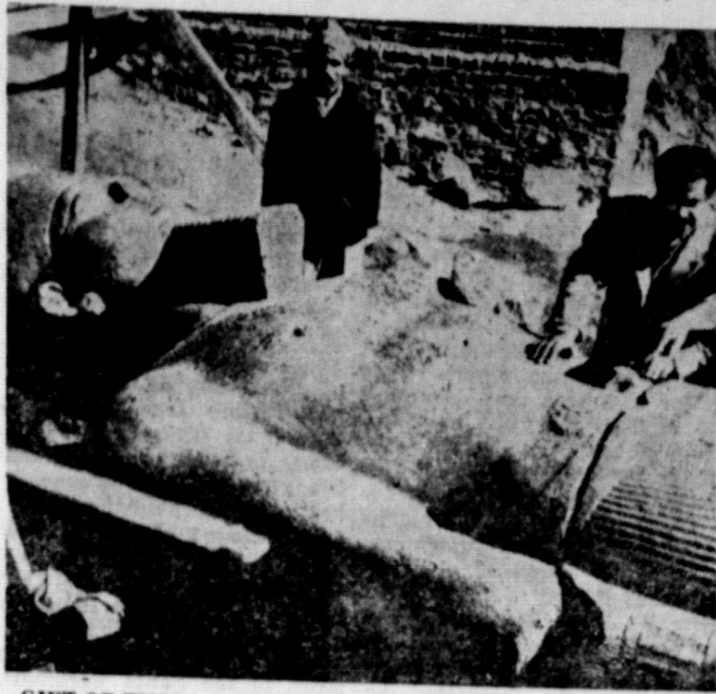

that it would not allow Cuba to use other countries as fronts through which to move its tobacco and other products into the United States by trickery.

These are steps in the right direction, but the United States and the rest of the Free World must, in my opinion, take even stronger action against the Communists in Cuba.

The Cuban economy is falling fast. Managerial and technical talent has fled Cuba. The State Department informs me that 150,000 to 175,000 people have fled from Cuba since Castro took over. About 125,000 of these Cubans came to the United States in a dramatic repetition of the many hundreds of thousands who fled Communist rule in East Germany to come to the freedom of West Germany.

Castro's bayonets and the shark-infested waters of the Strait of Florida are all that are keeping hundreds of thousands more Cubans from fleeing Castro's Communist regime.

Castro is offering excuses to the Cuban people for rigid rationing of basic food like rice and black beans. The sugar cane crop is off 25 per cent and Cuba is short of cash. They recently sold three planes to get a little money. Many of their field workers are in the Cuba militia; they drill in the second largest army in the Western Hemisphere while the Cuban children cry from hunger. The dismay of the Cuban people with

GIFT OF TIME . . . Statue of Ramesses II of Egypt was unearthed by accident near Sakkara, U.A.R., the find of a laborer who was digging a hole for foundation of a tourist rest-house.

Castro's false promises is held back only by bayonets.

This is the time for the United States to call on every nation receiving foreign aid from the United States to cut off prohibited trade with Cuba. Stronger measures are demanded if the virus of Castro's Communism is to be stopped from spreading. The American taxpayer is opposed to sending money to countries that help through trade with Cuba in materials that sustain the Communist Castro regime. Now is the time for all Free nations to cut off aid to Communist Cuba.

The measure I propose might bring temporary hardship to Cuba, but would quicken freedom for the hungry people of Cuba who are being fed on a diet of hatred of the United States by Fidel Castro. But the end result—the quick removal of Castro Communist chains from the Cuban people — is the kindest thing we can do for them.

Pvt. G. D. Kennard Assigned To 1st Armored at Ft. Hood

Army Pvt. Gurvis D. Kennard, 23, whose wife, Carolyn, lives on Brice Route, Clarendon, recently was assigned to the newly activated 1st Armored Division at Ft. Hood.

The 1st Armored Division is one of two new active Army divisions created last February to raise the Regular Army division strength to 16. The division is organized as a ROAD (Reorganization of Army Divisions) mechanized division, one of the first ROAD divisions to be created. The ROAD concept was developed to meet the need for greater flexibility and combat power in modern Army divisions.

Kennard, an automatic rifleman in Company C of the division's 46th Infantry at the fort, received basic combat training at Fort Carson, Colo. Kennard, son of Mr. and Mrs.

NEWLIN

By MRS. ANNIE HAMILTON

Nelse Helm was taken to the Goodall Hospital the latter part of the week, we hope he has a speedy recovery.

Carolyn Hoover was home from West Texas over the weekend with home folks. She returned back to school Sunday.

Mrs. G. E. Nelson spent Monday night with Mrs. Sally Nelson in Estelline, on Tuesday the ladies went to Childress to see Benny Nelson who is a patient in the Childress General Hospital.

Joe Beth Barnes, a student at Texas Tech in Lubbock came home Friday for spring vacation. She returned to school Sunday afternoon.

Mr. and Mrs. F. O. Hodges of Clarendon were Sunday visitors of her sister and family, Mr. and Mrs. Ted Barnes and children.

Mr. and Mrs. I. R. Harrison of Lubbock visited her brother and wife Mr. and Mrs. Will Smith this past week.

Mr. and Mrs. Lee Cole and Mr. and Mrs. Billy Cole and children of Hollis, Okla., visited with Mr.

Jim E. Thomas Move Here From Little Rock, Ark.

Among new residents in Memphis are Mr. and Mrs. Jim E. Thomas of Little Rock, Ark. Mr. Thomas, who is a pilot, will be employed with a local defoliating firm.

The Thomas have one daughter, Jamie, who is 10 years of age. She remained in Little Rock with her grandparents and will come here at the close of the school year.

Marcus D. Kennard, Route 1, Lakeview, was graduated from Lakeview High School in 1956 and Clarendon Junior College in 1958. He also attended West Texas State College.

and Mrs. Endell Kazy and girls over the weekend.

Visitors of Mr. and Mrs. D. W. Lawrence the past week were Mr. Jim Berryman of Estelline and Mrs. J. O. Cobb.

Visitors in the home of Mrs. Lelia Hughs the past week were Mr. and Mrs. Jack Hughs of Lubbock, Mrs. W. F. Broadstreet, Hedley; Mr. and Mrs. Bill Longshore, Memphis; Mrs. J. N. Helm, Mrs. Laura Davis, and Mr. and Mrs. D. W. Lawrence.

Mrs. J. O. Cobb and Mrs. A. M. Sims visited with Mrs. Bill Rose in Childress Friday.

Friends of Mrs. B. E. Rushing of Childress, a former Newlin resident will be interested to know that she is in Childress General Hospital suffering from a broken hip. Surely hope she can be up and around soon.

Mrs. Hubert Wells of Quanah stopped by for a short visit Thursday and to attend to her farming interest. She also visited Mr. and Mrs. Edd Ward.

Mr. and Mrs. Clyde Smallwood and Judy, Mr. and Mrs. Auery Helm and children all of Liberal, Kansas came to visit their parents, Mr. and Mrs. J. N. Helm Sr. and to help Mr. Helm Sr. during his stay in the hospital.

After careful and thorough examination, the Baptist Church at

Newlin is impossible of being repaired as the foundation is rotted out. It was voted by the church board to tear it down and rebuild it. Anyone who can and who is interested and cares to donate labor and funds will be greatly appreciated as the work will be done by local people and the help of one able carpenter. Work was started April 3 of this week.

There will be a covered dish luncheon at Mrs. P. E. Gardenhire's home the second Thursday in this month for all ex members who care to come. Time to meet: 10:30 A. M.

Visiting here over the weekend with Mrs. M. W. Paschall and Mrs. Boyce Bruce and family were Mrs. Howard Bryant and girls and Mike King, all of Amarillo, and Mr. and Mrs. W. G. Adams and children and Pamela Scott of Amarillo.

Mrs. R. E. Clark visited in Dallas the first of last week with her son, John Clark.

Mr. and Mrs. Henry Hays visited in Dallas over the weekend. The daughter, Mrs. John Clark, and children, who had visited here last week, accompanied them home.

Texas Farming Compared to That In Russia, China

By JAMES D. GORDON
Research Assistant
University of Texas

The Texas farmer, lamenting over his wheat allotment, would do well to consider the plight of his rural counterpart in either of this nation's two chief socio-economic rivals.

In all three, Texas, Russia and China, there exist what seem to be chronic maladjustments preventing the attainment of an optimal supply of agricultural products. In each instance, administrators have been perplexed by the problem of manipulating farm output.

In this country, the farmer is encouraged to limit his output since super-abundance has an unfavorable effect upon the market function. At the other pole, the peasants of both Russia and China have been regimented in a desperate effort to marshal productive power on the farms. Yet, despite the severe shortages of foodstuffs in these two huge countries, neither has been able to devise a method of insuring a sufficient output of agricultural commodities.

The farmer of this state provides a remarkable and noteworthy contrast to the soil tiller of China or Russia. The sole similarity, and the one that permits a comparison, is that many of the same crops and livestock occupy the surfaces of these three lands. But with regard to agricultural administration, mechanization, labor requirements, and yields, any affinity ceases.

It would seem that agricultural proficiency, while commonly subordinate to industrial growth as an indicator of economic development, is actually a more suitable basis for comparison of national economies, since it comprises the dominant activity in most areas. Moreover, the objective of industry are very much more complex and frequently preclude comparisons between dissimilar environments. Finally, it is virtually impossible to contrast per capita achievements in industry.

Agricultural Resources Per Farmer
Sown cropland: Texas 90 acres; Russia 20 acres; China 1 acre.
Tractors: Texas 1.1 units; Russia .04 unit; China .0001 unit.
Grain combines: Texas .2 unit; Russia .02 unit; China .0001 unit.
Motor trucks: Texas .8 unit;

HALF-PAST TEEN

Russia .03 unit; China (not available).
Commercial fertilizer applied annually: Texas 2.5 tons; Russia .1 ton; China .005 ton.
Consumption of electricity: Texas 3,600 kwh; Russia 170 kwh; China (not available).
Yields Per Acre
Wheat: Texas 24 bushels; Russia 11.4 bushels; China 12 bushels (estimated).
Rice: Texas 2,800 pounds; Russia 1,324 pounds; China 2,200 pounds (estimated).
Corn: Texas 30 bushels; Russia 21.7 bushels; China (not available).
Oats: Texas 27 bushels; Russia 23.7 bushels; China (not available).
Barley: Texas 24 bushels; Russia 18.7 bushels; China (not available).
Rye: Texas 17 bushels; Russia 12.6 bushels; China (not available).
Grain sorghums: Texas 45 bushels; Russia and China (not available).
Cotton lint: Texas 348 pounds; Russia 610 pounds; China (not available).
Livestock Per Farmer
Cattle: Texas 38 head; Russia 3 head; China .26 head.
Hogs: Texas 5 head; Russia 2.2 head; China .6 head.
Sheep: Texas 27 head; Russia 5.6 head; China 25 head.
Horses: Texas 1 head; Russia .4 head; China (not available).
Chickens: Texas 75 head; Russia and China (not available).
The disparity currently existing

Unique Hats Are Displayed At Pathfinder's Meet

The Pathfinders Council met Tuesday, March 23, in the home of Mrs. A. Gidden. Mrs. W. F. Ritchie, president, opened the meeting with a patriotic poem.

Mrs. Mary Lou Erwin, correspondence secretary, reported that a letter had been sent endorsing Mrs. Mildred Stephens as Clubwoman of the Year.

After the business meeting, Mrs. J. J. McDaniel opened the program on Texas. Following the recitation of the Pledge of Allegiance, the members answered roll call with Texas Brags.

Mrs. W. F. McElreath gave a short review of Texas history under six flags. She said that Texans seem particularly fascinated by their own history, and that although the Spanish Mission Era produced an enormous literature, the modern history of Texas began in 1821 with the emigration of Anglo-Saxons from the U. S. Mention was made of the Texas Revolution's famous battles and the Republic that followed, the tragedy of the Civil War, and the reconstruction era.

After the review, members showed novel hats which they had contrived to represent various bits

is enormous. The Texas farmer now provides 38 persons with an abundance of produce, and there remains a surplus. The Russian peasant supplies about 7 persons, and the Chinese barely manages to sustain himself and one other. But what are the prospects? What will be the situation if current trends are projected to the year 1975 or even 2000?

To pursue this prophecy several initial presumptions are necessary. First, it is reasonable to assume that cropland will not be extended appreciably in any of these three states. In Texas, the quantity of soil cultivated has remained static during the past 50 years. Though the Soviet Union has for the past decade actively pursued a land reclamation program, the point has been reached at which any further extension will hardly be worth the cost. This has been indicated by the Soviet press. In China, a most ambitious reclamation plan recently resulted in an annual average increase to cultivated land of a scant 1 per cent. Thus, land reclamation has been deleted from the current operating program. Aside from its relative ineffectiveness, the cost incurred was enormous. Farming new lands necessitates new storage and transportation facilities, additional labor power, housing, and so on.

Yet while the producing lands will remain about the same, the populations will not. This being the case, there will necessarily be a growing dependence upon each acre of fertile soil. Today in Texas every acre of cultivated land must provide sufficient food and fiber to feed and cloth 0.4 persons. The figure for the Soviet Union is identical. An acre of Chinese soil has 2.5 persons dependent upon it. If the population continues to mushroom, by the year 2000 the same unit of land in Texas will be responsible for sustaining 0.91 persons; in Russia, 0.82 persons; and in China, 6 persons. In other words, the productivity of each unit of soil in all three areas must at least double to provide for that generation a supply of food comparable to that existing for the present population.

Local Dealer To Demonstrate New Tractors Apr. 7

A field demonstration of two Farmall tractors will be held Saturday, April 7, at the Larry McQueen farm. The demonstration will be sponsored by Driver Implement Company, local dealer.

of Texas lore or history. A hat representing Texas as the Lone Star State depicted cotton and wheat as two important commodities grown in our own area. A bonnet represented the hardy pioneer woman and also the modern Texas woman who likes to fish and garden. One hat traced ranching history from the famed longhorn, which descended from the breeds brought by the early Spaniards, to the Santa Gertrudis, a native U. S. breed developed on the King Ranch. There was a hat depicting Spindletop, the first producing Texas oil well, as well as the huge industry into which it has grown. Another hat represented the old Chisholm Trail along which early ranchers drove cattle to market. A replica of a Spanish helmet served as a reminder of early Spanish heritage.

Following the program, Mrs. A. Gidden served refreshments to the following members: Mmes. W. F. Ritchie, J. J. McDaniel, A. O. Gidden, Robert Galloway, W. F. McElreath, G. M. Duren, J. R. Mitchell, O. M. Gunstream, Mary Lou Erwin and Carl Morris.

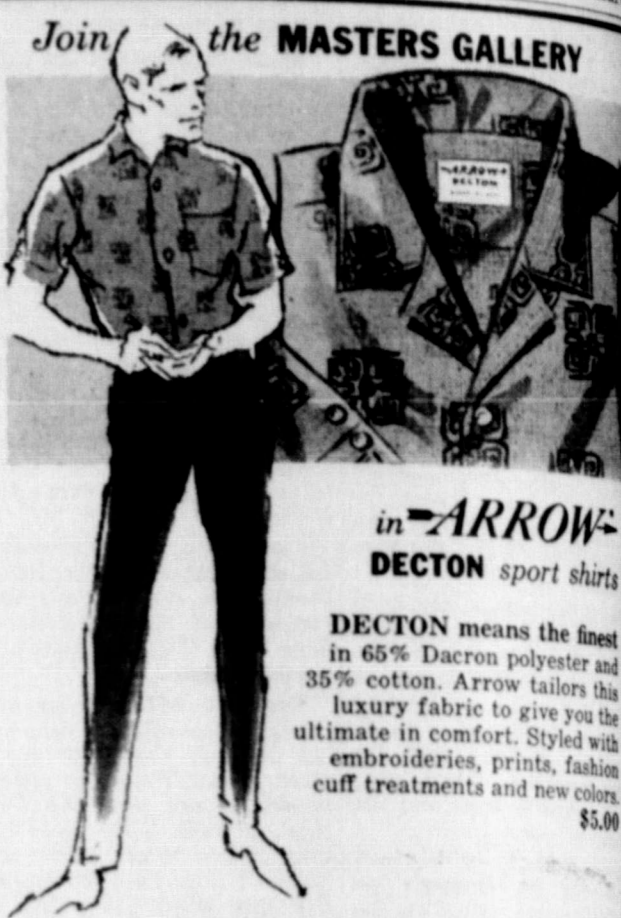

pendent upon it. If the population continues to mushroom, by the year 2000 the same unit of land in Texas will be responsible for sustaining 0.91 persons; in Russia, 0.82 persons; and in China, 6 persons. In other words, the productivity of each unit of soil in all three areas must at least double to provide for that generation a supply of food comparable to that existing for the present population.

The farm is located three and one-half miles southeast of Memphis on Highway 287. It will start promptly at 1:30 p. m.

To be demonstrated will be two new Farmall tractors, known as the B-450 and the 504, Warren Driver announced. He explained that the B-450 is a 4-row, diesel powered tractor, which is rated at 50 drawbar horsepower. The 504 is a 4-row butane powered tractor with 45 horsepower rating.

"There are many features which we want to show the members of this area incorporated in these two new tractors," Driver stated. "An invitation is extended to the general public to see the farm in the field at the Larry McQueen farm."

Recently Driver attended a day sales meeting in Chicago where he witnessed the production of new products just introduced by International Harvester.

Favorite Womanly Tips
Bands of eyelet sewed on three sides of a blanket make a pretty thing of it. Attach the embroidery to top edge rather than bottom so you can still tuck the blanket properly.
Buying fine toilet soap at a sale? Unwrap and store in your linen closet where it will harden (thus giving longer life to each bar) and where it will delicately perfume the linens.
Have a fine old wood cabinet? Store small glasses of water on the shelves to keep the wood moist and thus keep it from cracking.

Helen's Favorite: Ice Cream Special (Serves 6)
1 No. 2 can Bing cherries
1/2 cup sugar
1 teaspoon cornstarch
Dash of salt
Few drops almond extract
1 quart vanilla ice cream
Drain juice from cherries, measuring 1/2 cup into saucepan. Blend sugar, cornstarch and salt; add to boiling juice, stirring constantly until thickened. Remove from heat, add almond extract and 1 cup pitted cherries. Cool. Spoon over ice cream.

Old but good overstuffed furniture can be covered and used all over again in your new decorating scheme.
Christmas-shop for gift wrappings all the year 'round. Keep a box with bows, feathers, flowers and wrappings and then it will be ready no matter how early you do that holiday shopping.
Want to brighten the dressing table? Attach ceramic flowers to the mirror with a glass-type glue. Add a ruffle to match to the dressing table skirt.

Highlights and Sidelights FROM Your CAPITOL

A joint meeting of the Gov. Highway Safety Conference and the Texas Safety Association, Gov. Price Daniel said good traffic safety legislation is lacking because citizens "have never taken enough trouble to tell their legislators exactly what they want."

He said that five bills which failed to pass will be introduced in the January session. "The essence of the identity of your governor." These concern: State financing to pay the cost of driver-education teaching in public schools. Complete revision of the licensing law. A chemical test law for use in cases of driving while intoxicated—designed to free the innocent and provide medical evidence against the guilty. Adequate city and county courts of record to handle the cases with efficiency and speed.

Authorization for additional highway patrolmen and additional personnel for Department of Public Safety.

Although the Legislature lately passed 51 additional highway patrolmen, a \$300 increase in pay set a floor of \$4,947 annually, the governor reported the state still is 150 men short of authorized strength of 804. He

CANDY by Tom Dorr

feels the pay hike was in sufficient.

Voters List

Comptroller Bob Calvert added up the poll taxes and exemptions sent in by the counties and found 2,355,159 Texans qualified to vote.

This is an increase of 300,000 from 1958, the last non-presidential election year. But it is virtually the same as the number of qualified voters in 1952.

Teachers Quizzed

Texas school teachers are pre-

ty good at answering their examinations.

Texas Education Agency sent out questionnaires to about 95,000 school people. They expected a 30 per cent return but 92,000 answered.

Questions were part of a Texas Legislative Council study of teacher training. Results will be fed through computers to give lawmakers an idea of what school people think about the way public schools are run and how teachers are trained.

Water Loans Hit

The state will borrow another \$15,000,000 on April 19 to help local water districts, river authorities and cities on their water projects.

The Texas Water Development Board has the authority to borrow up to \$100,000,000 for this purpose. Its first bond issue of \$10,000,000 is nearly used up in four loans. So another \$15,000,000 worth of bonds will be sold.

Major project helped so far by this state program is the Toledo Bend reservoir on the Sabine River near Newton. It will get a \$15,000,000 loan over the next four years.

Padre Study

Herb Petry, chairman of a special committee to study the various proposals for making Padre Island a recreation area, said the committee will have a meeting in April to decide on its recommendations.

Governor Daniel appointed the

Brenda Duncan To Begin Tour With NTSU Band

Brenda Marie Duncan of Memphis is a member of the North Texas State University Concert Band, which began its 15th annual spring tour March 25.

The 87-piece band, directed by Maurice McAdow of the NTSC School of Music, was scheduled to appear in 11 cities in seven days. Concerts were booked for six Texas cities—Burnet, Lampasas, Palestine, White Oak, Perryton and Vernon; two Arkansas cities—Texarkana and Fort Smith; and for Beaver, Sapulpa and Blackwell, Okla.

The tour program features several marches, new compositions for concert band and a number of semi-classical works.

Also featured on the program are a cornet trio, a clarinet solo and the entire flute section of the band.

Miss Duncan, a junior music major, is the daughter of Mr. and Mrs. Robert L. Duncan of Memphis. She is a member of Mu Phi Epsilon, national professional music sorority.

Women have many faults, but men have only two—everything they say and everything they do.

To do his job right the surgeon must have the very latest inside information.

He who thinks himself more cunning than others is merely deceiving himself.

committee after differences developed as to whether Padre Island should be turned into a recreation area by the federal or state government.

A bill in Congress has authorized federal purchase of a large part of the island as a national seashore area. But the bill has not passed the House of Representatives because South Texas Congressmen favor a smaller area, if any at all.

GI Farms

Veterans Land Board has sold 20 repossessed GI farms for \$19,000 more than it had invested in them.

But it turned down bids on a Grayson County tract which drew 33 bidders.

Board tried, but failed, to put a block deal back together by advertising for bids on an 860 farm in Zavala County. Board had set the minimum bid at \$150,000 but nobody bid.

Only qualified veterans who have not made GI land loans were eligible to bid on the tracts.

Professors Pay

Two University of Texas de-

Methodist WSCS Concludes Study At Monday Meet

The Woman's Society of Christian Service met April 2 at 3 p. m. in the Methodist Church Annex to conclude the Bible study, "The Meaning of Suffering." Mrs. J. W. Oliver, the leader, gave a brief review of the leader, reviewing the subject so far, and told a comforting story entitled, "Say a Prayer With Me Before You Go."

Mrs. Bob Hutcherson discussed the first part of chapter five concerning how to accept death. One of the statements of her interesting discussion was that of Dr. E. Wilson, Antarctic explorer, who wrote his wife with calm courage when he knew the end was near. "We will all meet after death so it hath no terrors—all is for the best to those who have loved God."

Mrs. Lee Brown concluded chapter five by telling how to help the bereaved and accept the death of a loved one. Her informative talk was highlighted by a statement from John Morley, the English statesman, who said: "The great business of life is to be (as God planned), to do (making the world better places), to do without (to be able to lose without losing heart), and to depart (with grace, knowing what we can take with us)."

Mrs. M. G. Tarver gave the final chapter "The Fellowship of Suffering." Her excellent discussion can be summarized by saying that, as Christians, we must deny ourselves and lead lives of

partment heads told their troubles as they moved into a new \$4,000,000 business and economics building.

Dr. Carey C. Thompson, chairman of the economics department, said he recently lost a good faculty member to the University of Rochester which bid up his salary from \$7,800 to \$13,000 a year.

Dr. John Arch White of the College of Business Administration said his college had not had a full staff since the end of World War II. Last year he needed to hire 12 young instructors but could only find eight and then lost four of them. Other employers outbid his salary limits.

The two departments have a fine new building but are hard-pressed for professors for their growing number of students.

Sunday Sales Atty. Gen. Will Wilson has held that the new law which prohibits car-house sales on Sunday or Saturday does not prohibit the sale of mobile homes (house trailers).

New law requires retailers in many lines to close either on Saturday or Sunday.

compassion, bearing another's burdens to fulfill the law of Christ with his as our guide toward perfection.

As a meditation, Mrs. R. C. Lemons gave an inspirational talk on the "Circumstantial Will of God."

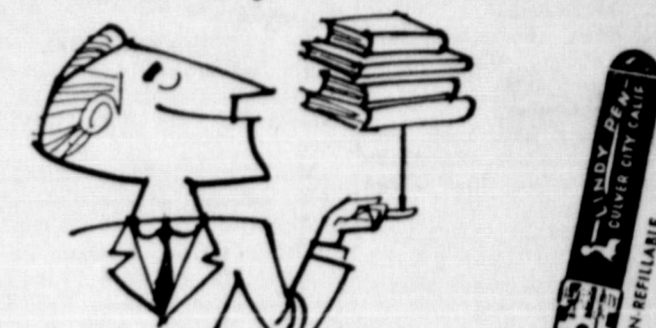

Mrs. O. M. Gunstream conducted the World Bank Dedication

Service, an offering for the work of the Woman's Division.

Mrs. Louis Goffinett led the benediction.

Those present, besides the ones already mentioned, were: Mmes. J. M. Baker, R. S. Greene, O. B. Herring, Myrtis Phelan, W. I. Glosson, J. J. McDaniel, Ed Hutcherson and F. W. Foxhall.

Mrs. R. N. Clark, Mrs. M. D. Kennard also Mrs. Gervis Kennard spent the weekend in Fort Worth. Miss Retha June Kennard is to return home with them.

Mr. and Mrs. Harrison Scoggins of Wills Point spent the weekend with Mr. and Mrs. Tom Scoggins and with Nannie Scoggins in the Odum Hospital.

Mr. and Mrs. D. C. Hall visited in the J. J. Hunter home Saturday night.

Mrs. Kenneth Lowry and boys returned home Saturday afternoon after spending several days with her parents in Hereford, Mr. and Mrs. C. R. Gandy.

Miss Mary Hubbard of Perryton spent Friday with her parents, Mr. and Mrs. John Hubbard and Bud.

Mr. and Mrs. J. O. Scoggins and son Sidney of Idalou spent Sunday with Mr. and Mrs. Tom Scoggins and with Nannie Scoggins in the hospital. Glad to report Nannie doing fine.

Mr. B. B. Adams of Ralls visited Tuesday with his parents Mr. and Mrs. J. B. Adams.

Mrs. O. B. Rampy spent Saturday with her mother and sister, Mrs. S. D. Churchman and Mona of Clarendon.

Mrs. E. H. Watson visited Mr. and Mrs. Tom Scoggins Sunday afternoon.

Mr. and Mrs. E. H. Saunders visited in Amarillo over the weekend.

Mrs. E. D. Watson, Gary and Janie had dinner Sunday with Mr. and Mrs. B. P. Watson.

Glad to report Mr. M. M. Kennard is feeling much better. Congratulations to those having birthdays. Mrs. Stella Baggett, Joe Booth, Mr. Mozell McMillian. Wedding anniversary, Mr. and Mrs. J. B. Adams.

Mr. and Mrs. E. H. Watson visited Tuesday night in Clarendon to enjoy supper with Mr. and Mrs. W. C. Ragan to celebrate Mr. Ragan and Mrs. Watson birthdays.

Mrs. E. S. Byars and Mrs. Tom Scoggins visited Tuesday afternoon with Mrs. Milford and Mrs. Sherman Clemons and children.

Mrs. Q. N. Clark and Mrs. Clemons of Lakeview visited Tuesday afternoon with Mrs. Lee Skinner.

Howdy folks,

The revival meeting is over but the spiritual experience lingers in our hearts and minds. The Lord poured down his approval on us in a glorious way. I personally feel that the effects of this meeting will be long remembered by the folks here at Lesley. Mrs. Perry Lambert united with us by letter last Thursday; Janie Fowler came for baptism Sunday morning along with Mrs. Orvella Evans who joined by letter. This Tuesday the W. M. S. met at 3:00 P. M. Wednesday at 7:00 P. M. the church met for prayer and the monthly business conference. Let's all remember the Brice Baptist Church's revival which is now in progress. Bro. Wayne Huchaby, Lesley's former pastor is holding the meeting. The Brice-Lesley Negro Mission is holding its own. There were 40 people present. Pray for work. God bless you all.

Income Tax on Profit From Sale of Home

Completing your income tax you are required to include in your gross income the profit made on the sale of your personal property. This profit is normally the difference between sales price and the commission and the price of the house when you bought it.

Additional income can be postponed in the situation where you buy a new residence within a one-year period before the date on which you sold your old home. However, you must report the sale of your old home as income only if your new home is worth more than the amount you received for your old home after deducting the agent's commission, selling expenses and the amount you spent to fix up the house during the 90-day period before which the house was sold.

For example, if you paid \$10,000 for your old house and sold it for \$15,000, you made a profit of \$5,000 on the sale. If you buy a new house within a year for \$12,000, you report no profit on the sale of the old house. You must, however, reduce the cost of your new home for later sale purposes by the amount of untaxed profit you received on the old house. Thus, your new house cost you \$12,000, but you can deduct the \$5,000 profit from the old house, so the house is valued at \$11,000 for tax purposes.

The same facts except you spend \$500 fixing up the house for sale within 90

days before selling it, and bought your new house for \$13,000 rather than the \$16,000 figure used in the example above. You would deduct from the \$15,000 sales price to obtain the adjusted sales price. Inasmuch as the purchase price of the new house was less than the adjusted sales price of the old home, you would have to include the net difference of \$1,500 as capital gain in your gross income.

The value of your new house for subsequent sale purposes would then be reduced by \$3,500 which is the difference between the total profit made on the sale of your old residence, (\$5,000) and the amount you showed as income when you bought the new residence (\$1,500).

Often you sell your old house in one year and don't buy a new one until the subsequent year. Where this occurs, you should show the fact of sale in your tax return for the year of sale and indicate that you intend to buy a new house within the one-year period.

When you later purchase a new house and have gain to report because it cost you less than the adjusted sales price of the old house, you should amend your return for the year in which the old house was sold and report the proper amount of gain includible in income as a capital gain.

Where you desire to build a new house to replace the old house sold, you are entitled to these tax benefits as long as construction begins within the one year period after the date of sale of the old residence, and is completed within 18 months after the same date.

STILTED LIFE . . . Village of fishermen—Ganvie, Dahomey—is built entirely on stilts in the middle of a lake in the center of a large swampy plain.

Local Freshmen Rated Well At Texas University

Memphis High School Principal C. E. Voyles this week received a letter from the University of Texas stating that students from this school had an excellent record there for their freshman year.

The average for students from Texas high schools for the freshman year is 1.157 grade points. The grade point average for freshmen from Memphis High School was 2.625.

Grade points are awarded for each hour of credit on a basis of three points for A, two points for B and one point for C.

Mr. and Mrs. Roscoe Eller and Mrs. B.J. Eller have returned following a 10-day vacation trip. While gone Mr. and Mrs. Roscoe vacationed at Falcon Lake, Mexico and Port Aransas and Galveston and other points on the coast. Mrs. Eller visited in Taylor with her daughter, Mrs. F. E. Wilks.

swimmers — wonderful for skin divers!

And what a boat for children! Fishermen rave about it too! They like it for many reasons, in addition to those already mentioned.

First, they can stand up and fish with absolutely no worry about tipping over.

Second, its low slung body makes it easy to flip a fish over the side and into the boat.

Third, the Whaler has a special compartment in the rear that holds water — serving both as a spill-over well for lake and a place to keep the catch alive without your having to hang a stringer over the side.

There are several other interesting features about the Boston Whaler—such as the adaptability of the steering wheel; and a storage compartment under the bow seat for icing down the fish or cold drinks, or for stowing extra gear.

Then there is a built-in bow light; three time-saving tie-up bits; a handy, yet out-of-the-way, channel in which to lay the oars when not in use; and oar lock sockets.

Too — there's ample room to hang a Sportsman's electric trolling motor or a 7 1/2 h. p. Scott on the transom alongside a larger powerplant . . . like the 25 h. p. Gale. Either one of these will fit nicely.

Another delightful feature of the Boston Whaler is the time it saves you in housecleaning. Just douse a few suds inside the boat, turn on the hose . . . and let the wash drain out through the transom.

You can flush out the boat while it's on the trailer or even in the water.

Speaking of the trailer—despite the Whaler's unusual three-point hull, the boat fits neatly on any standard trailer.

It's a sturdy, non-sinkable, fiberglass boat — with mahogany seat tops.

All in all it's a beautiful, practical rig. Seldom do you find a boat so ideally built . . . designed efficiently for the fisherman, the skier, and all around family use. But here's one that all can use and will enjoy.

Only a few Boston Whalers are to be seen on Texas waters — as yet. But they are beginning to appear here and there.

Wherever one is found, you'll find an admiring crowd gathered around it.

This is that time of the year when people who don't have a boat get the yearns. And those who have a boat want a new one!

So, whether you're a boat owner or an owner to be — read on. We want to tell you about the newest sensation to his Texas market.

It's not a large boat — in fact only a little over 13 feet in length. Big enough for a small family outing — yet small enough for ideal lake fishing. And it can be used for skiing if equipped with a 25 h.p. or larger motor.

So, it has a three fold usefulness—family, fishing and skiing.

What appeals to everyone is its unsinkable features. You can saw it in half, right across the middle, from gunwale to gunwale, and she'll still float.

Now you know that we're talking about the new Boston Whaler.

At least you do if you've seen the demonstration pictures which show a man at the bow rowing off with the fore part of the boat, while another cranked up the motor in the stern and speeds away with the aft portion.

Reason it's unsinkable is this — it has an outside and an inside hull. Between the two is four (4) inches of liquid polyurethane foam flotation.

Flotation is not just in the bottom either. It extends two inches thick up the sides.

With the Boston Whaler, the flotation is poured in, in liquid form. When the liquid cools, it solidifies, and expands . . . to fill all the space between the two hulls. This helps strengthen the boat as well as keep it afloat.

Ever forget to re-insert the drain plug in your boat . . . and have it sink while launching?

Ever have rain fill your boat 'til it sinks?

These things do happen! But not with the Boston Whaler. Its great buoyancy will keep it afloat even if both drain plugs are out — and a heavy motor hangs on the transom.

Smooth riding is assured with the Whaler's triple V bottom — which also makes it virtually impossible to tip over. Great for

Travel Division Completes New Texas Pamphlet

The Texas Calendar of Events for spring and summer, largest and most complete in the 21-year history of the publication, was released this week by the Travel & Information Division of the Texas Highway Department.

Included in the 12-page pamphlet are 351 special events in 138 Texas communities between April 1 and September 30. They run the gamut from fiestas to flower shows, from rodeos to stage productions.

Among the more unique are Luling's Watermelon Thump, Junction's Hill Country Race Meet and Billy Sale and Boerne's Saengerfest. Included is the Metropolitan Opera's spring program in Dallas, Houston's Bluebonnet Train and the colorful Fiesta San Antonio in the Alamo City.

Like the kaleidoscope of interests Texans themselves represent, the publication mirrors their pageants both for their own benefit and that of the out-of-state visitor. Last year 30,000 copies of the calendar were requested through the eight Tourist Bureaus the Highway Department operates at major highway entrances into Texas, through local chambers of commerce and through the mail.

The Highway Department issued its first calendar in 1941, a booklet-type affair naming 140 events occurring between June and December. In subsequent years the publication became a quarterly issue, then reverted to a semi-annual pamphlet in the late 1950s.

From the outset, Texas chambers of commerce have cooperated with the Highway Department by

Premium List For State Fair Is Now Available

The premium list for the Women's Department for the 1962 State Fair of Texas is now available, Mrs. Leah Jarrett, department chairman, has announced.

Dates of the 1962 "Exposition of Nations" will be Oct. 6-21. A grand total of \$11,091 is offered in 804 classifications and three contests.

Premium lists may be obtained by sending a request to Mrs. Leah Jarrett, Women's Dept., State Fair of Texas, Dallas 26.

supplying lists of events in their areas felt of more than purely local interest.

Morningside Win Track Meet Sat. At Plainview

The Morningside Panthers weekend won an invitational meet at Plainview by defeating a total of 142 points, Coach Berry announced this week.

Memphis brought home a place trophy for their effort to Plainview with 132 points. Sudan took third with 88 points. Other teams competing included Wellington, Hale Center and Petersburg.

Saturday the Panthers met to the district track meet at dress. The Interscholastic Literary Events will also be there on that date.

"We have won the district meet for the last four years. We hope to win it again this year," Berry said.

Estelline Places In Literary Events At Contest

The Estelline typing team won first place in the district events, according to an announcement this week. The team is composed of Bennie Longbine and Jo Williams.

Bennie was the highest scoring individual in the district and Jo ranked fourth, with their combined average winning the event.

Donna Sue Eddins placed second in poetry interpretation.

The one-act play cast placed fourth. The cast was composed of Jan Davis, Barbara Diggs, Darlene Gragg and Jerry Johnson. The group presented "Strange Road."

They thought he was so kind to send his wife away for a rest, until he said: "Goodness knows I needed it."

Notices Posted Here Concerning New Escheat Bill

Hall County Sheriff W. P. Batten Jr. this week received two notices to post on the bulletin board in the court house concerning funds of persons whose addresses are not known.

Under the new Escheat Bill passed by the Legislature, these funds are turned over to the state after seven years.

The first one received concerned Roy D. Starkey whose last address was North 5th Street, Memphis, Texas, and concerned money left with the Central Power and Light Co. of Corpus Christi, Tex.

The second notice concerned the Hall County Cotton Imp. Association and concerns funds left with the Texas Planting Seed Association in Bryan, Tex.

Anyone knowing these persons and anyone associated with the firm should have them contact Jesse James, State Treasurer of Texas, Drawer X, Capitol Station, Austin 11, Texas.
