HONORABLE JOE HATCHER

## IOOF Grand Master To Visit Here Tuesday

The Honorable Joe Hatcher, Grand Master of the State of Texas for the IOOF, will visit Memphis next Tuesday, according to an announcement this week.

The event will be the annual visit of the Grand Master of Districts Nos. 5 and 7 with Memphis serving as the host city.

Hatcher is from Fort Worth, and the meeting will begin at 8 p. m. Tuesday evening at the Memphis Lodge No. 444 Hall.

Also scheduled for the program is the conferring of Past Grand and Grand Lodge degrees.

Towns in District 5 are Wellington, Childress, Estelline, Clarendon, Lakeview and Memphis. District 7 includes Matador and other towns in that area, south of here.

All IOOF members in the area are urged to be present for the meeting.

## Funeral Services Held Wednesday For Hedley Woman

Funeral services for Mrs. Allie Mae Bailey, 56, Hedley resident, were held at 3:30 p. m. Wednesday from the Church of Christ in Hedley with Dixon Latham, minister, officiating.

Interment was in Rowe Cemetery with services under the direction of Spicer Funeral Home.

Mrs. Bailey died Monday in Baylor Hospital in Dallas where she had been a patient for the past three weeks.

She was born Nov. 26, 1905, in Hugo, Okla.

The former Allie Mae Matlock, Mrs. Bailey was united in marriage to C. M. Bailey Aug. 28, 1927, at Paris, Tex. The family moved to Donkey County in Oct., 1944, where Mr. Bailey is engaged in farming.

Mrs. Bailey was a member of the Church of Christ.

Survivors include her husband, C. M. Bailey of Hedley; two sons, Robert M. and Curtis Dean, both of Amarillo; three daughters, Mrs. Homer Crawford, Jr., of Amarillo, Mrs. J. R. Howell of Amarillo and Mrs. B. H. Browne of Plainview; 12 grandchildren; her father, Ed Matlock of Bakersfield, Calif., and one sister, Mrs. Bertha Muse of Bakersfield, Calif.

Pall bearers were Charlie Johnson, Joe Kennedy, Joe Adams, Connie DeBoard, Eugene Brown and Newburn Simmons.

## New Wheat Farm Applications Must Be Made Soen

All farmers who wish to be considered for a new wheat farm allotment should get in touch with the ASCS County Office right away.

This announcement was made early this week by Joe C. Montgomery, chairman of the Hall County ASCS Committee. The deadline for filing applications will be July 2, 1962.

Under the wheat allotment-marketing quota program, a "new farm" is a farm on which there is no wheat acreage history for any of the years 1960, 1961, or 1962.

If either the operator or owner operates any other farm with a wheat allotment, the farm is ineligible. Other requirements are that the farm must be suitable for production of wheat, the operator must have facilities for the production of wheat, and 50 percent or more of his income must

## H. W. Hart, Pioneer Farmer, Dies Monday

Hugh William Hart, 78, long-time county resident, died about 1:15 p. m. Monday at his home six miles southeast of Estelline shortly after suffering a heart attack. Mr. Hart had lived in Hall County for 50 years.

Funeral services were held at 2 p. m. Wednesday from the Spicer Funeral Chapel with Rev. James J. Futch, pastor of the Estelline Methodist Church, officiating.

Burial was in Fairview Cemetery with services under the direction of Spicer Funeral Home.

Mr. Hart was born Feb. 28, 1884, in Birmingham, Ala. He was married to Miss Sue Pearl Gee Dec. 5, 1906, at Hulver.

He was a member of the Methodist Church.

Survivors include his wife, Mrs. Sue Pearl Hart of Estelline, one son, Bill D. Hart of Memphis; one daughter, Mrs. Frankie Mann of Oklahoma City; three grandchildren and four great-grandchildren; and one brother, Ross Hart of Plainview.

Pallbearers were S. E. Winkler, Ivan Knox, Jim Clements, Ted Shields, B. F. Winkler and Joe Eddins.

## Movie To Be Shown Sunday At First Christian

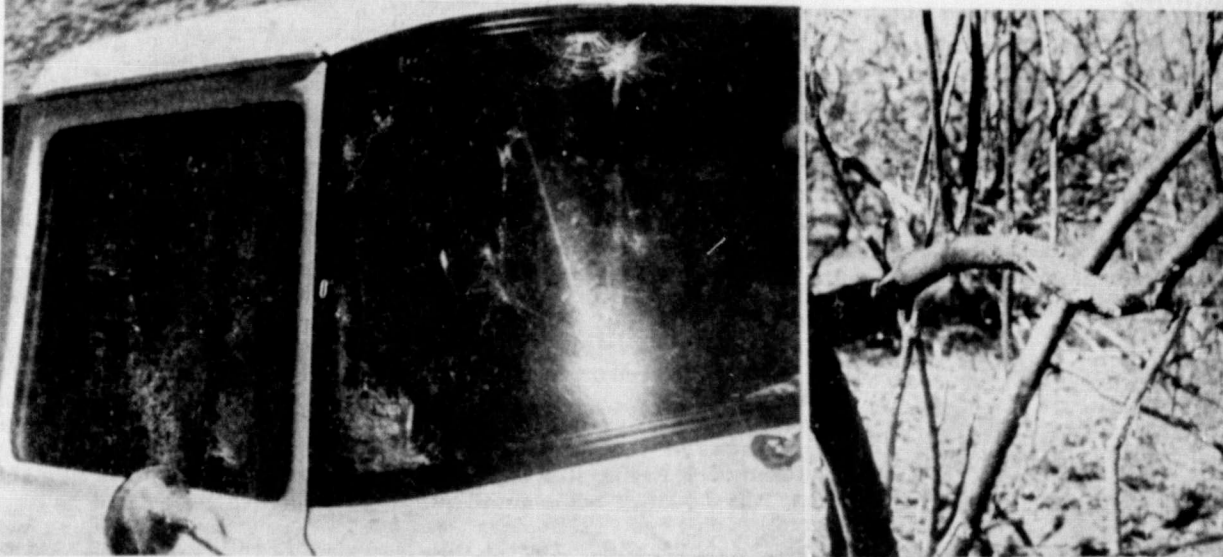

In the absence of Minister Everett Stevens, the full-length movie, "Martin Luther," will be presented at the First Christian Church on Sunday evening, it was announced this week.

A documented story, the play gives historical facts in the life of Martin Luther.

"I have seen the picture several times, and it contains some most informative material," Minister Stevens said.

The movie will begin at 7 p. m. The public is cordially invited to attend.

# Storms Destroy 60-70% Of Cotton

**STORM DAMAGE** — Pictured above are some of the results of the storm Monday night. In the top picture is shown some irrigation pipe belonging to Becker and Dean on the McDaniel farm south of Plaska. The wind stacked the pipe up like "pick-up-sticks," and the hail put dents all over the pipe. In the picture at bottom left is the McDaniel pickup which was caught out in the hail, resulting in broken glasses and dented body. At bottom right is shown a tree limb which had the bark knocked off it. Other trees were completely stripped of their leaves and small branches were broken.

## Possibility Of Planting Grain On Cotton Land Is Explained

This week here have been many people talking about the possibility of planting grain sorghum if weather conditions should be such that cotton cannot be planted. In answer to questions, Lynn McKown, manager of the ASCS office here, explained the grain sorghum program as follows:

The 1962 Feed Grain Program is a volunteer program with no penalty for violation. There is no regulation or control to prevent a producer from planting all his land to grain sorghum even though he has not planted grain sorghum in the past 10 years.

The signing of the form, Intention to Participate in the 1962 Feed Grain Program, obligates a producer in no way to comply

with the program. Only producers who comply will receive rental payments and support price for their grain sorghum. Producers who do not comply will be required to repay any advance payment and will receive no price support on grain sorghum.

The planting of excess grain sorghum will in no way affect the price support for cotton and wheat. These crops operate under different programs.

The planting of land to cotton will preserve the cotton history for a farm even though the cotton is destroyed by natural causes and the land is replanted to grain sorghum. All land planted to cotton will be measured and the producer will be given cotton history for the acreage even though it may have a crop of

grain sorghum growing on it at the time of the reporter's visit.

## Local Team Wins Bowling Tourney

Final play in the Memphis Invitational Bowling Tournament was held here Sunday afternoon, Cletus Lebow announced this week. Teams from Plainview, Tulia, Childress and Memphis entered the tournament.

The Memphis bowling team won first place in the tournament. Team members were George Ferris, Joe Bob Browning, James Bray, Cletus Lebow and Percy Edwards.

First place in doubles went to Glen Caraway and Cletus Lebow of Memphis.

Second place went to Scotty Davis and Coye Hutchinson, both of Childress.

First place in singles went to Scotty Davis of Childress. Cletus Lebow of Memphis took second.

## Mrs. Roy Guthrie Attends English Workshop At TWU

Mrs. Roy L. Guthrie, Memphis High School English teacher, was in Denton last week to attend a workshop at the Texas Woman's University.

Established in 1949, the English workshop at the college is conducted as a seminar for experienced teachers interested in the improvement of the teaching of English in the elementary grades, high school and college, Mrs. Guthrie said.

Members of the 1962 workshop concentrated on composition, language and literature in anticipation of NDEA developments. Lectures, group discussions, and individual projects were related to the most recent proposals from English instruction coming from such sources as Basic Issues Conferences, the NCTE surveys and projects, and the Commission on

### A Safe Trip

The American Way has brought us many good things; among them the ability of almost every family to own a motor car, to have the leisure to visit resorts and vacation land, and to travel great highway networks to reach them.

But these advantages bring them responsibilities. If we think about these responsibilities today, they won't become worries tomorrow. According to research, many motor vehicle accidents are caused by fatigue. Long hours of driving at night can easily make a driver tired. When headaches, strained eyes, or stiff muscles occur, a wise driver will stop and rest. If your trip is planned for leisurely comfort, and it should be, avoid evening and night driving as far as possible.

Hot dry conditions and wide open spaces induce drowsiness and long flat stretches play tricks on the eyes. Moderate speed, additional allowances for passing, and a refresher break occasionally, will make the trip safer and more enjoyable. Avoid the chance of running short of gasoline, oil or water on desert stretches by checking regularly — and carry a spare five gallons of water.

To avoid overheating the engine while idling in heavy stop-and-go traffic, place the transmission in neutral and race the engine several times for 30 seconds at two minute intervals. Ventilation systems which draw fresh air from the front of the car should not be used in close or heavy traffic since dangerous carbon monoxide fumes may be drawn in.

Most principal routes are marked to control passing, usually a solid line on your side means "no passing" while the broken line permits passing if it is safe to do so. These markings are determined by engineering methods; they are much more reliable than any on-the-spot judgements, so should be scrupulously observed.

And always remember that a highway is a cooperative, not a competitive matter. When you encounter the uncooperative, do not compete — he will meet one of his own later on. The twelve leading causes of automobile accidents resulting in death and injury are:

- Insisting on the right-of-way
- Exceeding Posted Speed Limits
- On Wrong Side of Road
- Inattention
- Driving Off Roadway
- Failing to Signal or Improper Signaling
- Weaving and Cutting In
- Passing on Wrong Side
- Passing on Curve or Hill
- Passing Standing Passenger-Carrying Vehicles
- Tailgating — Following Too Closely
- Defective Brakes.

### Passing Parade

Two fools had cars they thought perfection. They met one day at an intersection. Tooted their horns and made connection. Police car came and made an inspection. Ambulance came and made a collection. All that is left is a recollection — And two fewer voters in the next election.

## ACROSS THE DESK

What Other Editors Say

### Why Obligated? It Was OUR Country

A reader asks: Why should we pay for war damage to Filipino property inflicted during the process of our liberation of the Philippines? Suppose a man breaks down a door in response to a woman's screams for help. Is he then responsible for replacing the door?

To this we reply: When World War II broke out in the Pacific, the Philippines were an American possession.

Because of that, and in consequence of declaring war on America, the Japanese made an all-out attack on the Philippines on Dec. 8 (Manila time), just as they did on Pearl Harbor. If the Philippines had not been an American possession, the Japanese very likely would have let them off easy, as they did Indochina, Indonesia and Thailand.

Our Filipino friends fought hard for the American side from the beginning in face of a potential choice of rejecting our help and becoming collaborators with the Japanese. They continued to fight to the best of their ability, as guerrillas, even during the long Japanese occupation. In September, 1945, the American forces under General MacArthur regained possession of the Philippines, but only after heavy artillery attacks on the strongly resisting Japanese and necessarily Filipino property.

All told, as a result of nearly four years of war, Philippines property was badly damaged. A congressional report called it "The most devastated area in the world." Thus it was the Philippines that bore the brunt of this destruction, at a time when mainland United States was not touched by hostile action.

On July 4, 1946 (the date was chosen because it coincided with our national holiday) we granted that this new nation could not get on its feet as a free country without considerable monetary help from the United States, especially to restore war-damaged factories,

homes and property. Congress readily saw the justice of this, also the logic of recompensation for a dependency and afterward an ally that was geographically under the guns of a ruthless enemy.

But it was immediately obvious. So the same year, 1946, Congress passed The Philippines Rehabilitation Act, which included the promise to pay for damaged property after claims had been fairly reviewed. A commission sent out from Washington worked five years at this job. The original \$400 million appropriated to pay for this property damage, as we promised, was not enough. We still owe \$73 million-and in the struggle that did the damage, we weren't liberating only the Philippines.

We were liberating ourselves. — The Fort Worth Press

Nixon's Problem: Coolness on the Right

Richard Nixon, former Vice President and now the Republican candidate for governor of California, has a general election problem something like that which he might face if he again became the Republican candidate for President. He needs the votes of most of the Republicans and some of the Democrats to defeat Gov. Edmund G. Brown, the Democratic candidate.

Mr. Nixon won the Republican nomination by a healthy margin, but there was a large number of Republicans who voted for the more conservative Joseph C. Shell. Mr. Nixon will need their support to win in the general election, and he already has begun to appeal

for solidarity in the party. But there are more Democrats than Republicans in California, and the Republican candidate needs support from some of the Democrats, too. He will, therefore, face the problem of appealing to both groups and the danger of getting lost in the middle. Mr. Nixon has said that he will not be a candidate for Republican nomination for the presidency in 1954. Many political observers doubt that he would turn down a draft movement by the party.

In another national contest also Mr. Nixon would find a large number of his own party to his right and a considerable bloc of Democrats in the same direction. He would be between them and the Democratic candidate if that candidate is President Kennedy.

California politics has its own peculiar situations, local issues and local personalities that does not concern the rest of the nation. But Mr. Nixon is a national figure whose successes or failures at home will be watched in the light of their bearing on the future politics of the nation.

At home as well as nationally, it seems that his strength is on the right. The further he goes toward seeking more liberal support the more reluctant will be his conservative backing. — Fort Worth Star-Telegram

# Pre-Nuptial Shower Honors Miss Lemons

The A. L. Gailey home, 602 South Sixth Street, was the setting for a lovely pre-nuptial shower on Friday evening honoring Miss Judy Lemons, bride-elect of Rondel Van Davidson.

Guests who called between the hours of 7:30 to 9:00 o'clock were greeted by the hostess and presented to the receiving line composed of the honoree, Miss Lemons, her mother, Mrs. R. C. Lemons, and the mother of the groom-to-be, Mrs. Don R. Davidson of Abilene.

Carrying out the bride-elect's chosen colors of yellow and white the entertaining rooms were attractively decorated with arrangements of daisies. In the dining room, the table was laid with a white satin cloth and centered

with Majestic daisies in a silver bowl flanked by silver candelabra holding yellow candles.

Miss Bobbie Lemons, sister of the bride-elect, served punch from the crystal bowl. She was assisted in serving by Misses Leslie Helm, Marcene Stephens, Celia Leslie and Carleen Harrison.

Miss Mary Ann Lemons, sister of the bride-to-be, and Miss Linda Fields alternated at the guest book to secure signatures of the guests.

A lovely array of useful and beautiful gifts presented to the honoree were on display.

Hostesses for the courtesy, other than Mrs. Gailey, were Meses Herbert Estes, H. R. Crawford, R. L. Duncan, Mildred Stephens, Frank W. Foxhall, O. L. Helm, Wendell Harrison, L. W. Stanford, Bill Miller, Edd Hutcherson, Carl Harrison, Leo Fields, Rhupert Wynn, Barney Burnett, Jack Boone, W. E. Leslie, Lee Brown, M. G. Tarver, J. P. Godfrey and A. Anisman.

## Truth Seekers Class Meets In Snowdon Home

The Truth Seekers Sunday School Class met Thursday, June 14, in the home of Mrs. Chas. Snowdon, with Mrs. Jessie Baker as hostess.

The meeting was opened with the class song, "What a Friend We Have in Jesus," Mrs. Baker led the prayer and Mrs. A. B. Jones presided over a short business session.

Mrs. Pearl Massey brought the devotional. Mrs. Jones gave a reading and the Lord's Prayer was repeated in unison by the group.

Members voted to dispense with meetings until the second Thursday in September.

Members present were Mrs. C. E. Gowan, Mrs. A. B. Jones, Mrs. Guy Kercheville, Mrs. Pearl Massey, Mrs. J. J. Evans, Mrs. Anna Dickson, Mrs. W. L. Glosson, Mrs. J. W. Oliver, Mrs. L. G. Yarbrough, and hostess, Mrs. Baker.

## Former Residents Of Hall County Observe 50th Wedding Anniversary

Mr. and Mrs. Cliff L. Wheeler, former residents of Lakeview, celebrated their Golden Wedding anniversary Sunday, June 17, with open house from 3 to 5 p. m. in their new home in Windom, Texas.

The house party included Mr. and Mrs. C. L. Wheeler, Mr. and Mrs. William Wheeler and nieces of the couple assisted throughout the house.

The refreshment table was laid with a white linen cloth embroidered in gold and centered with an arrangement of large mums of gold, complimented with smaller ones of the same hue, a gift from his sister, Mrs. Mattie Cleveland of Lamesa, who was unable to attend.

The three-tiered cake was decorated with rose buds and wedding bells of gold and was topped with a miniature "50" in color. The crystal punch bowl was at the opposite end of the table.

Displayed in one room was the wedding dress and accessories of the bride of 50 years ago. Also displayed was a gold handle umbrella, a gift of the groom to the bride of more than 50 years ago.

In another room were the many useful and beautiful gifts received by the couple.

Approximately 100 friends of the couple called during the afternoon.

## Newlin Mother's Club Meets In Ellis Home

The Newlin Mother's Club met at 2 p. m. Thursday, June 14, in the home of Mrs. Frank Ellis.

The meeting was called to order by the president after which minutes of the previous meeting were read by Mrs. Frank Ellis. Mrs. Louis Hamilton gave the devotional. Mrs. Otis Cobb read the minutes of the previous meeting.

Members answered roll call with "Something I Saw in the Newspaper."

The afternoon was spent playing games and visiting.

Jello cake, cheese sandwiches and Dr. Peppers were served by the hostess to Meses. Ott Misenhimer, Otis Cobb, Elmer Gardsenhire, Louis Hamilton, Ted Barnes, and Frank Ellis, members and Meses. Leo Koeninger, Edwin Gilliam and Miss Cindy Bell, guests.

Gilbert from Louisville, Ky.

## Around and About

By HELEN COMBS

Each season of the year has its advantages and disadvantages . . . and for those of us who live in the rich farming area the days of May and June are most important. Those are the days when the seed are put into the ground . . . the days when the weather plays such an important part in our lives! Year after year, it seems our crops are washed out, blown out or hailed out, but folks in our area are not easily discouraged—they come from hale and hearty stock. So they plant again!

That is just what farmers of this county are doing this week after the devastating rain and hail storm Monday evening. One farmer friend told us he estimated that 90 per cent of the cotton was gone, and another 5 per cent looked "pretty sick." But, in all the years we have lived here, we cannot remember missing a single crop—although some of them were short.

Despite the growing weeds and dirty clothes, we like the summer season. We like to see the plants grow . . . in fact, you might say we have a "green thumb." We cannot resist planting something in the spring and we find it hard to thin out the plants which are too thick.

Another nice feature of the summer season is that long anticipated vacation. For many this year it will be a trip to the World Fair in Seattle, Wash. Already several from Memphis have made the trip.

And, speaking of the Fair, it seems Memphis might become the crossroads to the Fair. Among visitors at the Baptist Church Sunday were four women from Louisiana en route to the Fair, and two women from Mississippi who had already attended, and were returning home. In addition to those two states, three other states, Idaho, Georgia and Arkansas, were represented at Sunday morning services, Byron Baldwin said Monday.

Six charming Memphis girls have been invited to model for an Amarillo store Saturday. They are Misses Leslie Helm, Sondra Stargel, Carol Smith, Deeda Hickory, Celia Leslie and Nancy Motherhead. We are proud of our girls and agree with the Amarillo firm that they will make beautiful models.

Mr. and Mrs. T. J. Bridges moved to Vernon Wednesday and will reside at 2029 Cumberland St. Their many friends here are sorry to see them leave, but hope they will return for visits often.

An invitation has been extended the public by Minister Everett Stevens to see the film, "Martin Luther," at the Christian Church on Sunday evening at 7 p. m. Minister Stevens said this is a documented film and is most factual and informative.

Speaking of vacationers: we lost ours over the weekend. Susan and Carolyn, granddaughters from Houston, who had been with us for two weeks, returned home. Needless to say it's quiet around our house!

LOUANNA BENNETT

## Louanna Bennett Receives Music Scholarship

Louanna Bennett, a junior at Tascosa High School, Amarillo, and granddaughter of Mr. and Mrs. Zack Salmon of Brice, has received a scholarship and will attend the National Music Camp at Interlocken, Mich.

She will leave Amarillo June 21 and will be gone two months. Students from 50 states and several foreign countries will attend the camp.

Louanna plays the flute.

traveled from Houston to Leesville, La., for a short visit with Billy and Tanya. We were impressed with the beauty of the pine trees in that section of the state as well as the general beauty of the countryside. Of course, you'd have to like shrubs and trees to be impressed as very little else can be seen, especially in some sections.

One of the most picturesque spots we saw was the Angelina River crossing with two houseboats making their way up stream. The bridge was narrow, the trees beautiful, and the fishing looked good! We didn't have time to stop and find out about that.

Leesville is just 15 miles from the Texas border, but we could easily distinguish a difference. As soon as we crossed the bridge we noticed the highway was not so good, and saw the sign "Cattle at Large . . ." and they were! Actually it seems in Louisiana cattle have preference over motorists. Even at Fort Polk the cows are running loose.

In Leesville, we accidently met Cleve and Betty Evans. Cleve is now stationed with the U. S. Army at New Orleans, and had come to Leesville to meet Betty who is joining him in New Orleans. They were visiting in the home of Betty's aunt and uncle. He is serving with the 49th Division.

We understand the men in the 49th will be leaving for their homes early in August. Billy and Tanya will be here shortly after the first of August, and Tanya has assigned me the task of finding a place for them to live. So, if you know of a house that will be for rent about that time, would appreciate a ring.

Thought for the day: Life itself can't give you joy. Unless you really will it; Life just gives you time and space— It's up to you to fill it.

**WEDDING** — Mr. and Mrs. Joe Long of New York announce the engagement and approaching marriage of their daughter, Carol Jo, to Owen Oscar Maddox, son of Mr. and Mrs. Henry Maddox of Memphis. The wedding will be an event of Saturday, July 7, at 5 p. m. in the Pentecostal Church in Memphis. Friends and relatives of the couple are cordially invited to attend.

## Local Girls Are Attending Bluebonnet Girls State In Austin

Three Memphis girls, Betty Marilyn Driver, Neva Sue Koeninger and Sara Foxhall, are in Austin this week attending the American Legion Auxiliary Bluebonnet Girls State. The girls were sponsored to Girls State by the Simmons-Noel Legion Post of Memphis.

The meeting is being held at the Texas School for the Blind.

In elections held early in the week, Miss Driver was elected as precinct chairman, Federal Party, in the County of Sure. Miss Koeninger was a Federalist candidate for tax-assessor collector of Serious County while Miss Foxhall was the Federalist nominee for tax assessor and collector in Out County.

Girls State was organized as a national Americanism activity in 1937 by the American Legion Auxiliary. Non-partisan and non-political, the purpose of the Girls State program is to provide citizenship training for girls of high school age, to afford them an opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights and responsibilities which they will assume when they become adults. They learn the problems of government by performing the same duties as real office holders in everyday world.

This year, 800 girls are in attendance, making a total of more than 5,800 girls in Texas who have participated in this citizenship program. Citizens are selected at local levels principally on a basis of character and leadership from students who have just completed their junior year in high school each year.

Climaxing the sessions will be the selection of two outstanding Citizens of 1962, who will be sent to Girls Nation in Washington, D. C., by the American Legion Auxiliary, where the two young representatives will continue their study in the responsibilities of the Republic. The election of a president of Girls Nation will highlight the Girls Nation program.

Marilyn is the daughter of Mr. and Mrs. Warren D. Driver. Sara is the daughter of Mr. and Mrs. J. L. Foxhall, while Neva Sue is the daughter of Mr. and Mrs. Leo L. Koeninger.

# C. E. STILWELL GIVES HIGHLIGHTS OF VACATION IN HAWAII

(Editor's Note: C. E. Stilwell has returned home following a six-week vacation in Los Angeles, Calif., with his daughters. While there the group enjoyed a 10-day trip to the Hawaiian Islands. A colorful account of the trip is printed below.)

On June 1 we boarded the Royal Hawaiian Skyliner and flew to Honolulu's International Airport on the Island of Oahu. There we received a real Hawaiian Aloha welcome. We stayed at the Princess Hatulani Hotel in the heart of Waikiki Beach.

The first day we saw Washington Place, the Queen's home, which is now the governor's mansion, went to the top of Punch Bowl Mountain, and had a good view of Koko Head to the east, Honolulu at the foot of the mountain, Pearl Harbor in a distance. Within Punch Bowl crater is the National Cemetery for the dead of World War II and Korea. From there we drove down Mt.

Tantalus to Monoo Ualey, legendary home of the Rainbow Goddess, and saw Robert Lewis Stephenson's grass hut, on to the University of Hawaii and back to Waikiki along the Ala Wai Canal. In the evening we went to a Lua Lu at the Royal Hawaiian Hotel. After a feast of roasted pig, chicken, baked bananas, fish and yams we were entertained by Hawaiian hula and Polynesian dancers.

The second day we went on an industry tour. We drove to downtown Honolulu via of Chinatown, and on Maunakea Street saw the lei sellers and on to Hawaii's chief industries where we saw the entire process of pineapple preparation and canning in demonstration from arrival of fruit at cannery off the fields to the time it leaves the plant canned and boxed for shipment. The Dole pineapple plant employs about 7,000 people. Our next stop was the perfume factory, and last was a wood carving factory, where we saw the native craftsmen create

out of "monkey pad" a wide array of lovely and useful articles. The remainder of the afternoon was spent on Waikiki Beach riding surf boards, outriggers and swimming. That evening we went to Na Kapuna night at Mona Hotel Banyon Courts. This in what we in the States would call Gay Nineties.

The third day, due to sunburned backs and legs, we slowed down. We did manage to go to Kapiolani Park and see Kodak hula show by the sea. The remainder of the day was spent at the hotel around the swimming pool rubbing oil on backs.

The fourth day we took a plane and toured four of the other Islands. First we flew over the Island of Malakai, which is about 53 miles from Oahu. This island is 260 square miles with a population of 4744. Malakai is known as the friendly island and is inhabited by Polynesians. Flying low, we had a good view of the numerous waterfalls, and the leper colony. Continuing on toward the Island of Maui we climbed to about 10,000 feet to circle around Hialekala, a dormant volcano. The highest elevation is 10,025 feet above sea level, and is 3,000 feet deep and 20 miles from rim to rim. The natives call this Little Grand Canyon. Descending close to sea level we flew along the coast and then to the big Island of Hawaii. We landed at Hilo which is called the Orchid City. We then boarded a bus and drove through the orchid plantations. We stopped for a brief visit with one of the major flower operators for a guided tour through his establishment. His plants and flowers are sent all over the world. Traveling on about 30 miles, we came to the heart of Volcano Island. Here we had lunch at the Volcano House. We then walked around some of the volcanos and

**GREENBELT PLAYERS** — Two Memphis boys, Don Gailey and Eddie Jones, have been selected to participate in the annual Greenbelt Bowl football game which will be held at the Fair Park Stadium in Childress Aug. 4. The two boys were co-captains of the Cyclone squad last year with Jones playing fullback and Gailey playing guard.

through the lava beds. We could feel the hot steam coming from the ground.

From here we saw the fern forest, and then returned back to Hilo airport. We flew over Hamakua coast and Parker Ranch. This ranch is the second largest cattle ranch under the American flag. We then flew over the Island of Lanai. Here we had a complete view of the Pineapple Island. On back to Oahu and the hotel for a rest.

The fifth day was spent at the beach and shopping. In the evening we went to the La Ronde, Hawaii's revolving restaurant. It makes a complete circle every 60 minutes.

On the sixth day we rented a car and drove completely around the Island of Oahu. Saw Pearl Harbor, Hickman Air Force Base, Fort Shafter Military Reservation, Mormon Tabernacle and Diamond Head.

On the seventh day we visited the International Market Square and saw a Polynesian show. We spent the remainder of the day at the beach.

Our last day was spent at leisure. At 10 o'clock that evening, we boarded the Royal Hawaiian,

### In Memphis Hospitals

#### New Arrivals

Mr. and Mrs. Clois Cobb, Jr., of Lubbock announce the birth of a daughter, Dee Ann, born June 14. She weighed 8 pounds, 4 ounces. The maternal grandparents are Mr. and Mrs. Odell Anthony of Vernon and the paternal grandparents are Mr. and Mrs. Clois Cobb, Sr., of Vernon. Mrs. Cobb is the former Pat Anthony.

Mr. and Mrs. Martin Sepulveda are the parents of a daughter, Lupe, born on June 13.

Mr. and Mrs. Eddie Calfy announce the birth of a son, Doyle Wayne, born on June 13.

#### Si Wood Dies Sunday at Home in San Diego

V. C. (Si) Wood, former Memphis resident, died quietly in his sleep at his home in San Diego, Calif., Sunday night. The message of his death was received here Monday by his mother, Mrs. Leora Wood, and his sister, Mrs. E. E. Rice.

Mr. and Mrs. Wood moved to California in 1941. He was a mechanic.

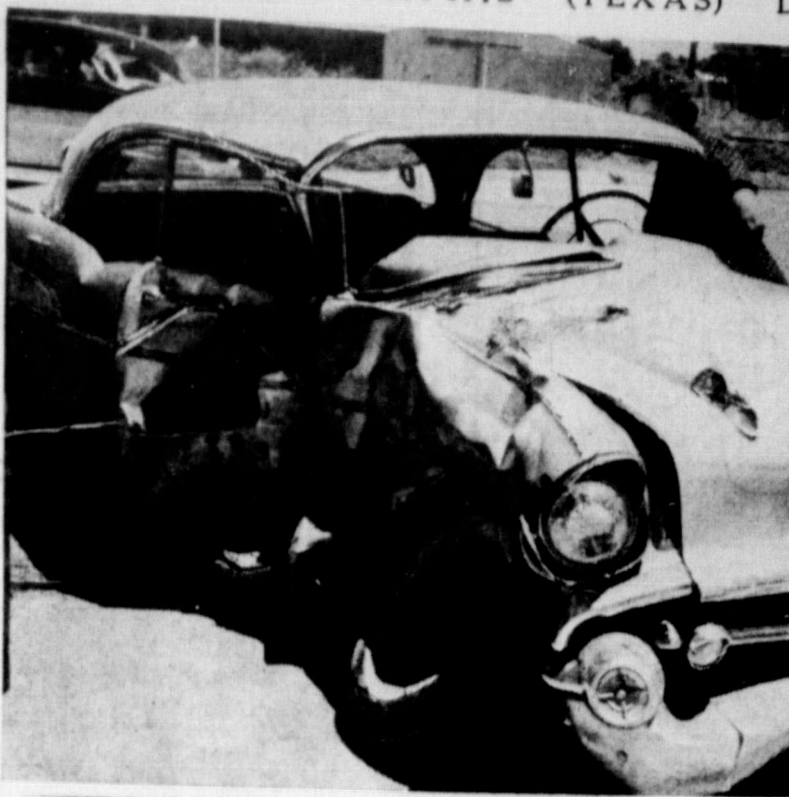

Funeral services will be held Friday morning, June 22, and burial will be in a cemetery for veterans at San Diego.

#### Golf Tournament Is Now Underway At Country Club

A handicap golf tournament is now underway at the Memphis Country Club, it was announced this week.

Both men and women are entering the competition. The tournament will be played off this weekend.

Mrs. Vi McQueen said today women could still enter the tournament. They will play only 18 holes.

**CAR ACCIDENT**—Pictured above are two vehicles which collided at the corner of Main and Highway 287 in Memphis Tuesday about noon. None of the occupants were seriously hurt.

#### Charles Barton Receives BS Degree From Rice University

Charles Emory Barton, grandson of the late Mr. and Mrs. Charles R. Webster, and son of Mr. and Mrs. J. Emory Barton, 816 Sherman Drive, Denton, recently received his Bachelor of Arts degree at Rice University, and received the Howell Instruments Scholarship.

Both last summer and this summer, Charles has been employed with the Allegheny Ballistics Laboratory in West Virginia. These laboratories do design, research, and testing on solid fuel rockets. This is the field in which Charles intends to specialize.

During high school, Charles was a member of the Honor Society, and received the Kiwanis Achievement Award. He was the district winner in the Science Fair, and won a trip to the National Fair in Flint, Mich.

He intends to continue his work at Rice for one more year, at least, according to reports received here.

#### Warning Given On Bagworms

Bagworms are now occurring in rather large numbers on trees and other plants in many parts of the state. This insect is a general feeder and can cause serious damage to certain trees, especially evergreens, points out W. B. Hooser, Hall County Agent.

At this time, the worms are small and can be successfully controlled by proper spraying or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage, adds Hooser.

He suggests a check of all plants around the home, especially evergreens for the spindle-shaped sacks which may be hanging from the twigs, leaves and branches.

#### Locals and Personals

Mr. and Mrs. Boyd Allison of Sherman, former Memphis residents, visited here Saturday with Mr. and Mrs. Hubert Jones. Their daughter, Trudy, who visited here last week, accompanied them home.

Mr. and Mrs. M. D. Gunstream and Tommy and Danny of Mule-shoe and Mr. and Mrs. Arvel Lowrie and family of Dodson visited here Sunday with their parents, Mr. and Mrs. O. M. Gunstream. The Gunstreams also visited her parents, Mr. and Mrs. Ott Dress. Tommy remained in Memphis for a longer visit with his grandparents.

#### CARD OF THANKS

We wish to express our thanks and appreciation to our many friends and neighbors for their kindness to us during the illness and at the time of the death of our loved one, and those who sent the beautiful floral offerings. It is our wish that when this same sadness comes to your home you will have God's richest blessings and the same kindness at the hands of your friends and neighbors.

Mrs. J. J. Evans  
Aubrey K. Evans  
Frank R. Evans  
Mrs. Mary McAnear  
Luke Evans  
Clint Evans

The following insecticides are recommended for bagworm control. Malathion (50% emulsifiable concentrate 1 to 1 1/2 ounces per 5 gallons water, or lead arsenate (2 1/2 to 3 ounces per 5 gallons water.)

In addition to these materials there are several brands of combination sprays (two or more insecticides combined together) on the market which will give good control of bagworms as well as other pests. One of the common combination sprays contains malathion plus DDT. Combination sprays and other insecticides can be purchased from any store or business establishment which handles household or agricultural chemicals, says the County Agent.

Sprays are preferred over dusts and the label instructions should be followed for mixing insecticides, cautions Hooser.

Several different types of hand sprayers are available which can be used for applying the sprays. The common types are the compressed air sprayers, trombone sprayers and garden hose attachment sprayers.

Insecticides are poisons and should be handled with caution. Follow safety directions listed on the label and keep children and pets out of the treated area. After spraying, wash the grass to remove the chemical residue, advises Hooser.

"Faith builds a bridge across the gulf . . ."

# WITH FAITH — you're never alone

There was a man who trembled at the frowns of Fortune . . . until, reaching up, he touched a guiding hand.

There was a child who used to cry against the unknown terrors of the night . . . until an ever-shining light dispelled them.

There was a wrinkled woman wracked with anguish at her numbered days . . . who found warmth and comfort in the shawl of prayer.

Despair comes easily in solitude. But with Faith, you're never alone. God is your constant companion. He helps you find the courage, security and hope you need to bridge your trials.

His help is yours for the asking. You have reason to ask. So worship with your family at your church.

By Mrs. Tom Scoggins

Those visiting Tuesday in the Tom Scoggins home were Mrs. Melvin Hill, Mrs. Herman Armstrong and Mrs. Andrew Fisher of Pampa, all cousins of Mrs. Scoggins. Also visiting were Mrs. W. C. Skinner and Mrs. E. S. Byars.

Mrs. F. D. Adkins of Amarillo spent the weekend with Mr. and Mrs. Tom Scoggins and Nannie Scoggins. Mrs. Adkins and Mrs. Scoggins are sisters.

Bro. Kenneth Lowry and boys, David and Danny, visited Thursday afternoon with Katie and Nannie Scoggins.

Claude Scoggins and James Edward Watts visited Thursday morning with Nannie Scoggins.

Mrs. E. S. Watson and granddaughter visited Monday afternoon with Katie and Nannie Scoggins.

Howdy, folks: By the time you read this my family and I will have returned from Houston on our vacation. Wednesday week the Lord blessed us with a very spiritual ordination service as Bro. D. C. Hall was ordained into the service of deacon by the Lesley Baptist Church. Bro. Raymond Earl Hall preached the charge to his "Daddy" and then to the church. Bro. W. R. Lawrence, pastor of the First Baptist Church in Clarendon, served as "questioner," and Bro. George Arthur, pastor of the Brice Baptist Church, served as "clerk." I served as "moderator." The ordained deacons who served along with us in the presbytery were Bro. Cap Byars and Bro.

## Duane Foard Is Promoted To Airman First

Duane Foard of Memphis has been promoted to Airman First Class in the United States Air Force.

Airman Foard, who enlisted in April of 1960, is assigned to Amarillo Air Force Base as a musician. He is the son of Mr. and Mrs. D. P. Foard of Memphis.

A graduate of Memphis High School, the airman attended North Texas State University majoring in journalism.

Joe Woods. Since I was gone Sunday, we had a guest speaker from the faculty of Wayland Baptist College in Plainview. Monday at 5:30 p. m. some of our people went to Associational Conference at Lelia Lake. Wednesday at 7:30 p. m. Bro. James Moss brought the S. S. highlights for next week's Sunday School lesson. At 8 p. m. the brotherhood and W. M. S. meet for their program. See you all next week. God bless you.

Sincerely,  
Kenneth Lowry

## Paula Blevins Listed On WTSC Honor Roll

Miss Paula Blevins of Memphis is one of 81 students listed on the honor roll for the spring semester at West Texas State College, according to Dr. Walter H. Juniper, dean of the college.

The dean's list is composed of undergraduate students who earned at least a 2.50 grade average or higher for a completed semester load in residence of at least 15 semester hours. Grade averages are figured on the basis of 1.00 for a "C"; 2.00 for a "B"; and 3.00 for an "A".

Miss Blevins is a sophomore business education major. She is a member of Phi Gamma Nu, professional business fraternity; Mary E. Hudspeth Honor Society, and Baptist Student Union, and Delta Zeta, national social sorority.

She is the daughter of Mr. and Mrs. Paul Blevins, 910 Montgomery in Memphis.

### CARD OF THANKS

I would like to express my thanks and appreciation to all who were so kind to me during my stay in the hospital. I appreciated the beautiful flowers, gifts and the many cards, letters and also the visits from my friends. Especially would I like to thank Dr. Stevenson and the staff of the Goodall Hospital. May God bless each of you.

Mrs. O. B. Rampy

Henry L. Vallance, disbursing clerk first class, USN, son of A. R. Vallance of Memphis, was advanced to the above rate May 16 while serving aboard the training carrier USS Antietam, operating out of Pensacola, Fla., in the Gulf of Mexico.

Advancement is the result of passing a fleet-wide competitive examination administered last February.

The ship operates as a training carrier for student Navy and Marine Corps aviators.

## Elaine Clayton Attends Workshop At Denton School

Mary Elaine Clayton of Memphis was enrolled last week in a workshop at Texas Woman's University in Denton.

The workshop deals with Child Development Problems, and is being directed by Dr. Michael Zunic, assistant professor of child development and family relations at TWU.

Miss Clayton will be a student at the college this fall.

Mr. and Mrs. Dwain Ellerd went to Plainview last Thursday to attend the wedding of Miss Cheryl Jameson and Lynn Yarbrough. The wedding was held at the First Christian Church. The groom is the son of Mr. and Mrs. Howard Yarbrough, former Memphis residents. Mr. Ellerd served as one of the groomsmen.

## Game Commission Issues Report On Area Lakes

The Texas Game and Fish Commission this week released the results of reports they have been compiling on the condition of lakes in the state. The report on the lakes in this area is below:

**BAYLOR LAKE** — 9 miles NW Childress, 600 surface acres. Boats, camping areas, bait available. A very good black bass lake with good promise for 1962. This spring an eleven pound, 2 ounce bass was caught in this lake.

**BUFFALO LAKE** — 9 miles West of Canyon, 1,900 surface acres. Boats, bait, camping facilities and cafe. Good channel catfishing should begin early in June with most catches weighing 2 to 4 pounds. Murky water inhibits plug fishing, but the lake has a good black bass population in the 1 to 3 pound class. White bass fishing will be excellent this fall.

**BUFFALO SPRINGS LAKE** — 10 miles SE Lubbock, 4,730 acre-foot capacity. Cabin sites, boats for rent, and bait available. In the beautifully clear water, excellent bass fishing is expected although bass will be small. Channel catfish and crappie fishing will be fair this summer, and very good by Oct.

**CHILDRESS LAKE** — 7 miles NW of Childress, 100 surface acres. Boats, camping areas and bait available. Excellent prospects are forecast for crappie and channel cat fishing this summer.

**McCLELLAN LAKE** — 25 miles South of Pampa, 5,005 acre-foot capacity. Boats, bait, camping areas. McClellan is noted for its fine channel catfish. Except for stunted crappie populations, game fish species are in good condition. White bass populations are fair with some reaching three lbs.

**MARVIN LAKE** — 17 miles East of Canadian, 533 acre-foot capacity. Cabins, boats, camping areas. Fishing will be better than during the past years. Many large bass should be caught this summer.

**PAULINE LAKE** — 5 miles SE of Quanah, 7,000 acre-foot capacity. Concession, bait available. Should provide fair black bass, crappie, channel cat and white bass fishing this year, but could be vastly improved by complete control of rough fish populations.

### Report From Washington

By WALTER ROGERS  
Representative, 18th  
Congressional District

#### WHERE WE GO AGAIN—

May 13, 1962, I wrote a letter about the Sugar Act which I stated that there would be others in the future... previous ones are coming... The House of Representatives advised on the afternoon of the 14 that the Sugar Act would be presented to the House of Representatives for passage... as a formality. In other words, the duly elected Members of Congress are again being victimized by parliamentary procedure... In holding the meetings at which these decisions are made, the producer of sugar in the United States is not consulted, but is advised as to what he will be allowed to have. This has progressed to the point that in recent years some of the present sugar producers areas of this Country have been reduced to the status of mendicants at the table of international sugar trade. Complexities are built into the law that totally discourage the average person who is unfamiliar with what is going on. For instance, the 3 million tons of sugar that were taken away from Communist Cuba have been divided up between other foreign countries, with not one pound being allocated to the American farmer.

sugar industry (perhaps a better name would be the sugar trust), utter chaos will result and many will go bankrupt. The fact is that the small compact groups that have a monopolistic stranglehold on the sugar business in this Country are not going bankrupt, for the reason that they have made money at the expense of the American farmer, the American consumer and the American taxpayer, that it would take many many more things than the expiration of the Sugar law to even dent their assets. Each and every year the industry gets together and decides what the law will be. In holding the meetings at which these decisions are made, the producer of sugar in the United States is not consulted, but is advised as to what he will be allowed to have. This has progressed to the point that in recent years some of the present sugar producers areas of this Country have been reduced to the status of mendicants at the table of international sugar trade. Complexities are built into the law that totally discourage the average person who is unfamiliar with what is going on. For instance, the 3 million tons of sugar that were taken away from Communist Cuba have been divided up between other foreign countries, with not one pound being allocated to the American farmer.

## CANDY by Tom Dorr

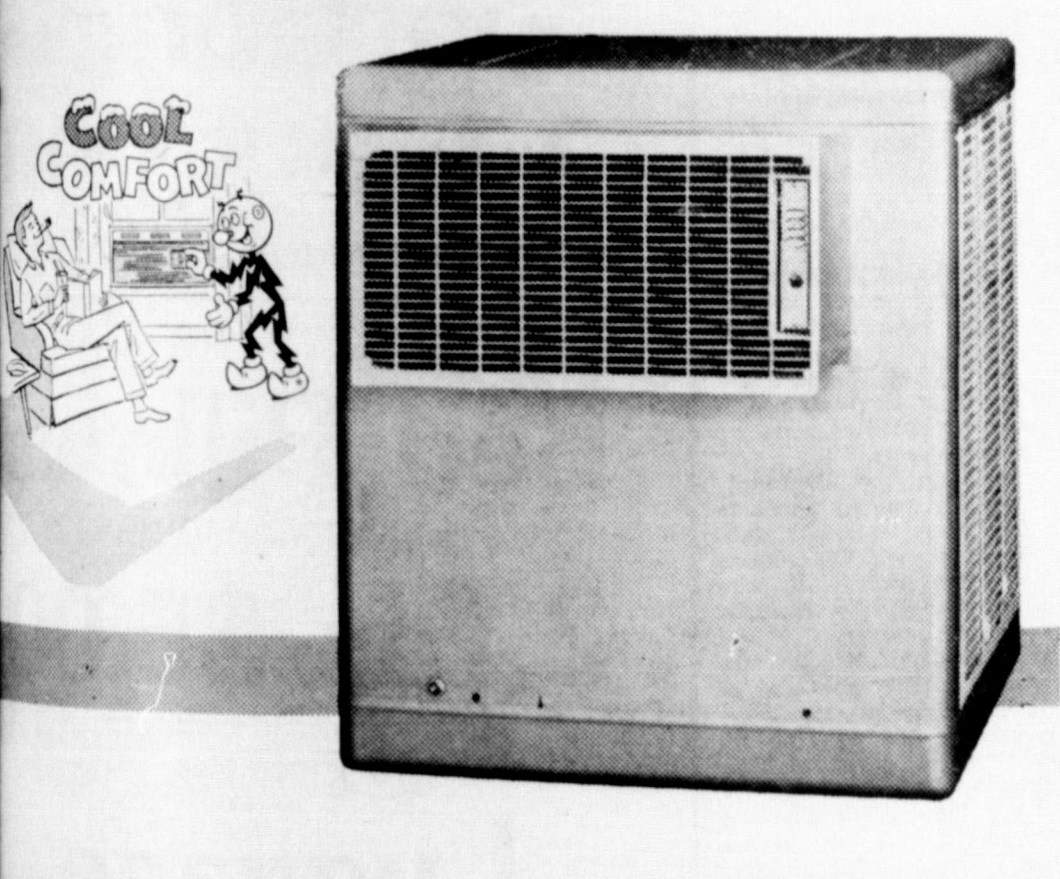

It is this gimmick in the bill that is being used at this time to argue that the bill should not be opened for amendment before the House of Representatives. In other words, the industry has written the bill, has handed it to a committee of the Congress of the United States of America with instructions that this is the bill that was agreed upon. This bill, in turn, is handed over to the duly elected members of the House of Representatives with the advice to take it or leave it. That is, permit the sugar industry to write their own legislation, deny the duly elected representatives of the people of this country under the representative form of government from changing one letter or punctuation point. And the members of the House are told that unless they take this legislation, as the industry has written it, the alternative is utter chaos in the sugar business. The arrogance of these people in their refusal to agree to open and free debate on a matter so vital to this Nation is ample evidence to me that the whole matter would stand a thorough airing.

sugar allotment taken away from Communist Cuba, could take out of production of surplus crops over 400 thousand acres. Yet, deaf ears turned to every plea that this be done. It has been argued that the importation of sugar was necessary for consumer protection. When argument was shown up as false, it was then argued that the foreign policy of this Country required importation of 45% of our sugar needs. When this argument was effectively countered by facts figures, the proponents of the sugar industry began to argue that it was necessary to continue this practice in order to prevent these countries from which it was being imported going communistic. It was while this argument was being so freely used, our neighbors to the south under the leadership of Mr. Castro, went communistic. At that time we were buying one third of the sugar requirements of this Country from Cuba. In other words, the sugar used on the cereal of every man, woman and child of this Country every third day came from Cuba—yet Cuba went Communistic. How long are we going to continue to be duped by this fantastic practice? I can only say that my efforts will be continued to correct it and I sincerely hope that enough Members can become acquainted with the true facts in this matter. When they do the playhouse of the sugar trust will collapse.

### TWICE AS MUCH COOLING

With the patented features of Paramount Coolers

Yes! This famous Paramount 5000 c.f.m. evaporative cooler gives you up to twice as much cooling because of these patented features:

- Many coolers lose as much as 70% of cooling efficiency because dust, dirt and salts clog the filters. Patented No-Clog Sta-Fresh Filters are guaranteed clog-proof, assuring 100% cooling efficiency all summer long.
- Filters saturated with water become heavy and often sag and settle from the top, drawing hot, unfiltered, uncooled air into the cooler which may create as much as a 70% cooling loss. Patented Grip-Lock Filter Holders are guaranteed to prevent sagging and settling of filters assuring 100% cool, clean, filtered air.
- Without correct water trough adjustment, sections of the filters remain dry, resulting in substantial cooling loss and costly service expense. Patented Free-Flo Visible Water Troughs with external adjustment assure 100% saturation, and 100% cooling for the entire life of the cooler.
- Added feature — Patented Window Closing Attachment lets you close and lock your window. Eliminates entry of dust, rain and drafts into your home.

**Hall County Soil Conservation District News**

Cooperators with the Hall County Soil Conservation District have recently completed various kinds of soil and water conservation measures on their farms and ranches.

Completing ponds for livestock water are Robert Clark, Crump Ferrel, Vest Ranch and the Shoe Nail Ranch.

Installing underground pipelines for irrigation water are Roland Salmon, John Capp, Jack Case, F. D. Barnhill, L. E. Hughes, Joe Montgomery, Paul Montgomery, Gladys Smith, George Craft, H. C. Fowler, Woodrow Mullins, J. B. Adams and Rhubert Wynn.

Constructing diversion terraces are Ira Davis, and L. F. McElreath. Constructing new or rebuilding terraces are Mabel Meacham, Elam Orcutt, O. M. Hancock, Ben Johnson, Palmer and Shawhart, Guy Smith, Raymond Foster, O. L. Helm and W. W. George.

Stripping Midland Bermuda Grass for pasture - Spry Brothers Wayne Hutcherson, Clyde Reed, J. J. McDaniel, Cecil Stargel, Lynn Davis, Aubrey Martin, and Bill Montgomery.

If you have a soil or water conservation problem on your farm or ranch contact your local Soil Conservation Service personnel at the Court House in Memphis.

Have you heard the people in the Hall County Soil Conservation District say that we get more runoff from rain than we used to? Well the statements are probably true.

Organic matter makes the difference. Organic matter holds the soil open and acts like a sponge. It drinks up the water and gives the water up to plants upon demand. In other words organic matter is like a bank and the plants are the check writers on the water that it holds.

When the soil loses part of its organic matter it also loses part of its fertility and water holding capacity, when it does this the soil particles lay closer together and therefore less water can get into the soil - causing more runoff and possibly floods.

The soil does not have to lose all of its organic matter to make a big difference in the runoff. In other words a small percentage reduction may make a big difference.

**Swimming Classes To Begin At City Pool Monday**

Swimming classes for beginners will open Monday morning at 9 a. m. at the City Swimming Pool, Hubert Dennis, instructor, announced this week. The classes will last 10 days.

The class is for both boys and girls, and is free of charge. The only charge will be the regular admission price for swimming.

Instruction for those learning to swim will be given in a group class. The class is for all age groups, Dennis said.

Students who are interested in the class are asked to be at the pool Monday morning.

ence in runoff water. To show that organic matter makes a big difference, try weighing a given amount of soil from your field, and then weigh the same amount of soil from a pasture or an odd area that has not been grazed. You will find that the soil from your field weighs several pounds more. This means that the pasture sod has a lot more organic matter and holds the soil particles apart, therefore there isn't as many soil particles and they don't weigh as much.

Also to be considered is the fact that the more organic matter you have the more production and less hazardous conditions exists from wind and water erosion. We can hardly afford to let our soil move at this rate when it takes nature from 500 to 1000 years to replace an inch of topsoil.

Technicians of the Soil Conservation Service are available to help you work out a complete Conservation Cropping System for your farm for soil protection and improvement.

**GIRL SCOUT DAY CAMP**—Approximately 45 Girl Scouts are attending Day Camp at the Giles Picnic grounds, north-east of the city, this week. Mrs. Brode Hoover, camp director, is shown in the above scene directing the Scouts in the making of bird nests, one of the project the girls will participate in during the five day camp. In the bottom scene, the Scouts are busy making sand casts.

**Girl Scouts Hold Camp This Week**

Approximately 45 Girl Scouts from Memphis and Clarendon participated in the Day Camp held this week at the Giles Picnic area, Mrs. Brode Hoover, camp director, said this week.

The event included 35 girls from Memphis and 10 from Clarendon. There were seven adult leaders associated with the program and 10 junior leaders.

The theme for the day camp was "The Wonderful World of Nature." Included in the activities were a study of nature, as well as the making of sand casts, bird houses and other projects.

The Girl Scouts have been leaving each morning at 8 a. m., and returning at 4 p. m. However, today, the group left after lunch, and are spending the afternoon preparing the camp for a visitors program this evening at 6 p. m.

Everyone is invited to be present at the Giles Picnic area at that time to view the displays which the girls have constructed.

**Meeting To Be Held To Organize Garden Club**

H. E. "Tony" Craig, chairman of the C. C. Civic Affairs Committee, has called for a meeting at 7:30 p. m. Monday, July 2, at which time everyone interested in organizing a men's and women's garden club are invited to attend.

Men's Garden Clubs of America, Southwest Region, held its annual conference in Amarillo two weeks ago. Mr. and Mrs. Paul Morris of the Robinson Plant Farm attended from Memphis, and report a most interesting and informative meeting. Below are listed some of the things the Morris learned at the meeting.

There are 250 men's garden clubs in the U. S. with more than 10,000 members.

Objectives of the clubs are gardening education, services to members in gardening information, horticultural programs, civic and industrial landscape projects, plant study, hybridizing, residential landscaping, sponsorship of junior garden clubs, and other such activities; lend support to all forms of conservation of natural resources, and beautification of homes, towns, highways.

These objectives are also pertinent for both and or either men and women's clubs. Participating by either or both men and women brings good fellowship, and the inspiration of association with others of the same interests who enjoy seeing things grow and gardens and areas made beautiful for the enjoyment of all, are the real values of membership.

Some of the leaders attending told the Morris they would like to come to Memphis and help get a garden club established, and advise only one club should be established, with both men and women as members.

foreign born persons who are admitted to the United States under a temporary visa are covered if they meet the agricultural employment tests."

A farm or ranch worker is covered by social security if he is paid \$150 or more cash wages in a year by one employer or if he works for one employer on 20 or more days in the year for cash wages figured on a time basis.

Geldon emphasized that employers are required by law to keep accurate payroll records in order to report the employee's name and social security number as it appears on his social security card along with the amount of wages paid during the year.

Misses Leroy Roper and Gary Roper of Palo Alto, Miss., and Mrs. Marshall Allen of Amory, Miss., are visiting here this week with Mr. and Mrs. J. E. Roper.

**Comments - -**

(Continued from page 1) got? Isn't it time we laid out a campaign to support and promote the industries which already operate here? In building them we can add payrolls and new money in our economy, too!—Editorial in Fort Worth Press.

**WHY DO MANY PEOPLE ACT AS THEY OFTEN DO?**

W. Jene Miller in The Midlothian Mirror:

I often wonder: Why people want the most expensive casket they can afford and the cheapest religion;

Why people will invest their money to live on, and not invest their lives to make the life worth living;

Why parents who never take the church seriously wonder why their children never take the church seriously;

Why people will break their necks to get their children in organizations which they will outgrow in four to six years; but don't bother to get them in church which they will need all their lives.

I often wonder:

Why men think that because they are "patriots" they can break the laws against liquor, gambling, pornographic movies to which they are supposed to be loyal;

Why it is that people who condemn religious fanatics and screwballs will flock after political fanatics, screwballs and demagogues;

If the reason that Heaven has enough gold to pave its streets is not that more people will give money to the church than time;

If more homes wouldn't be happier if the members treated each other like total strangers instead of like relatives.

I often wonder:

If there is any intelligence in a nation which will urge people to drive with their lights on in the day time to cut down accidents, and legalize liquor which causes more accidents in the day time than faulty vision;

If you don't go to church on Sunday when you do go.

**AN ASSET TO MEMPHIS AND THE PANHANDLE**

A fund drive is going on across the Panhandle right now to build an outdoor theater in Palo Duro State Park near Canyon where Symphonic Drama will be presented for years to come.

There is a drive in Hall County, seeking contributions to this project. Admittedly, it takes some selling this far away from Palo Duro Park and Canyon.

There are some good reasons for this area supporting this Symphonic Drama project. In time it will become an outstanding tourist attraction and a place where residents of the Panhandle can go with their families for top notch entertainment.

This drama is a great play about the men and women who had the strength and ingenuity to settle and stay in this country and make it what it is today. The play is a tribute to them and our people need to be reminded of what we owe our forebearers.

If people in the Panhandle would give an amount equal to what they would spend to take their family to see this drama about the Panhandle if it were playing in Dallas, the financial troubles would be over.

It will take \$350,000 for the project and about one-third of this amount has been raised.

Sometime in the not too far distant future a paved highway will traverse Red River for the Palo Duro State Park eastward to intersect the highway between Brice and Turkey—thus giving a scenic route from Memphis to the City of Canyon. The Park Theater will add much to attracting more visitors and many more tourists not only to the Park but to Memphis. Those wishing to donate to the theater may turn their donations to Virginia Browder, Hall County director of the project.

**REACH... DON'T RUN**

When you've spotted your first Scissor-Tailed Flycatcher, there's no need to budge with a phone near at hand. Go ahead and call Audubon. And telephoning for any purpose is more fun with a cute STARLITE® phone, color-matched to your living room or rumpus room. Remember — a second or third phone in the home costs far less than the first.

**Yankees Still Held Lead In Little League**

The Yankees are still in the lead in the Little League baseball play, Perry Burnett, co-ordinator of the program, said this week.

Friday night the Yankees downed the Giants 15 to 0 and the Tigers lost out to the Indians 12 to 13.

Saturday night in the make-up games the Giants won over the Indians 17 to 7 and the Yankees beat the Tigers 13 to 0.

In the regular games Tuesday night the Tigers beat the Giants 11 to 3 and the Indians forfeited to the Yankees due to a lack of players.

Friday night the Indians and the Yankees will battle each other and then the Tigers and Giants will tangle.

Next Tuesday night the Yankees will meet the Tigers and the Indians will face the Giants.

**YOUR Social Security**

Hal Geldon, manager of the Amarillo Social Security district office, has announced that there has been some misunderstanding by farmers and ranchers as to which foreign born agricultural employees are covered by social security.

"If you are a farmer or rancher and contract with a foreign government for specific temporary agricultural workers, then wages paid to these employees are not taxable wages under the Social Security Act," Geldon said. "However, wages paid to other
