NWNS SERVICE

MEMPHIS, HALL COUNTY, TEXAS, THURSDAY AFTERNOON, SEPTEMBER 20, 1962 *** TEN CENTS *** NUMBER 15

These Northerners already in Memphis, and before press time...

These Fall mornings, with dew on the grass, and prospects, really make life...

Everybody in Memphis, and I know in Hall County, and outside...

People of all ages from near and far found an ideal picnic spot...

No matter which group of people stopped to listen for a moment...

We have at The Democrat several utensils that were used in the desert tables at the picnic...

She is a wonderful woman, who has been the picnic for the first time...

Tonight at the Big O, the Memphis Garden Club members...

One of the most pleasant parts of my program I ever had in my life...

Thought for the day by Rev. C. C. Carroll, Atlanta, Ga. (Dedicated to Hall County friends):

Our race on Earth is but a brief sojourn beyond the Shades of Night...

ENJOYS PICNIC—Among the many out-of-town visitors at the Hall County Picnic last Sunday was the Paulsel and Thornton families. From left to right around the table are: Mr. and Mrs. Tim Paulsel of Ft. Worth, Mr. and Mrs. Ivan Thornton of Ft. Worth, Mrs. L. M. Thornton of Memphis, Mr. and Mrs. Chas. Whitacre of Lubbock and Mr. and Mrs. J. Claude Wells of Memphis. Miss Ruby Thornton was absent from the table at the time the picture was taken.

1963 ASC Community Committeemen Named

The names of farmers who were elected by their friends and neighbors, to serve on the ASC Community Committee for 1963 were announced this week.

The committee elections were held by mail this year. The last day to mail the ballots was Wednesday, Sept. 12. Through that date 541 producers had mailed their ballots to the county office, this being 30 per cent of all eligible voters, which compares favorably with other elections.

The chairmen of the community committees will be delegates to the county convention, to elect the county committee for 1963. The convention will be held at 2 p. m. on Sept. 28 in the County Courtroom.

The following is a list of the Community Committeemen for 1963:

Lesley: J. W. Hatley, Jr., chairman; Joe N. Berry, vice chairman; Thomas U. Hughes, member; Mack R. Cofer, first alternate; B. H. Neal, second alternate. Lakeview: Clifton R. Lewis,

Rebekah Lodge To Serve Supper Monday Night

Members of the Rebekah's will serve supper from 6:30 to 7 p. m. Monday night, Sept. 24, at the I. O. O. F. Hall on the corner of 5th Street and Bradford, according to an announcement this week.

Every one is welcome to attend, members stated.

Memphis, Estelline To Tangle Here Friday

Fielding an all-sophomore backfield, the Memphis Cyclone under Coach Don Lambert will tangle with the Estelline Bear Cubs, coached by Jimmy Don Adams, at Cyclone Stadium Friday night. Game time is 8 p. m.

Both teams are seeking their first victory of the season, and for the Cyclone, they will be going for their first score.

Senior Quarterback Dwight Gailey will not see action Friday night; also Bill Pounds. Both boys are out of the lineup with shoulder injuries.

Coach Lambert said that further changes in the Cyclone team may be made Friday night. With Gailey out of the lineup, the quarterbacking chore will be handled by Jimmy Sturdevant. Don Craig and Bill Thompson will see action in the right halfback slot, while James Waites will be in the left halfback position, and Mike Crow at fullback.

Coach Lambert reported that the Cyclone has been working hard this week to try and find a solution to their offensive problem as well as bone up on their defense.

The Memphis team, although they are the favorites over Class B Estelline, have not shown any

signs of over-confidence in this week's workouts.

Coach Adams' Bear Cubs have been out-scored in their only game so far this season, but they were able to score first in the Estelline-Vega contest.

Although one of the lightest teams Estelline has fielded, the group appears to have good speed. The game Friday night may turn into a contest between speed and weight. Estelline's backs are capable of long gains and breakaway runs.

Seniors Bruce Richerson and Darrell Collins are the Cubs' team captains. Freddy Futch and Gayland Simpson are the squad's other seniors.

Juniors on the team include: Albert Cupell, Bennie Longbine, Brian Welch, Frankie Longbine and Larry Moore. Sophomores include: Ricky Futch, Larry Elliott and Berry Thomas.

The team carries eight freshmen on their lineup. They are: Jody Rapp, Melvin Long, Tommy Adcock, Larry Wynn, Lynn Knox, Danny Longbine and David Longbine.

In the last three contests between Estelline and Memphis, the Cyclone has been victorious twice and the Bear Cubs won one game.

Funeral services were held at 5 p. m. Sunday, Sept. 16, at the Lakeview Baptist Church with the Rev. H. W. Hill, pastor, officiating.

Burial was in Odd Fellows Cemetery in Lakeview under the direction of Spicer Funeral Home.

Mr. Capp is survived by his wife, Mary Elizabeth; one brother, John Capp of Lakeview, and five sisters, Mrs. W. G. Worley of Portales, N. M., Mrs. T. H. Ashcraft of Olton, Mrs. F. B. Butler of Lelia Lake, Mrs. J. H. Scoggins of Morton and Mrs. O. C. Taylor of Las Lunas, N. M.

Pall bearers were Troy Payne, H. W. Spear, Carrol Hignight, George Blewer, Russell Payne and Raymond Moore.

Funeral services were held at 2 p. m. at the Travis Baptist Church for Edward J. Galloway, 73, of 719 N. Pierce St., Amarillo. Rev. L. J. Crawford of Hedley and Rev. L. E. Barrett, pastor of the local church, officiated.

Interment was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mr. Galloway died at Odum Hospital at 3 a. m. Sept. 14.

Born Nov. 30, 1888, in Gilmer, Mr. Galloway was a retired farmer. He had resided in the Plaska Community and engaged in farming from 1912 until 1956 when he moved to Amarillo. He was a World War I veteran, a member of the Masonic Lodge and of the Baptist Church.

Survivors include his wife, Nona Edita Galloway of Amarillo; four sons, Cecil W. and Charles Eugene, both of Borger, Robert of Memphis, Jerry, US Navy, (Continued on Page 12)

Polio Vaccine To Be Given Again Sunday

The Hall County Medical Society and the Memphis Lions Club will sponsor a "make-up" distribution of the Sabin Oral Polio Vaccine Sunday afternoon, Dr. Jack Rose, president of the club, announced this week.

It was explained that the vaccine to be given will be the same kind, Type I, as was given two weeks ago. At that time about 4,000 area residents took the vaccine on the sugar cubes.

Local doctors this week pointed out that the make-up Sunday will be for those persons who were unable to come and get the vaccine two weeks ago. The event will be held at the Hall County Courthouse from 2 until 3 p. m. The doctors also pointed out

New Dates Given For Sewing Tests Here By TEC

W. M. Cross, office manager of the Texas Employment Commission office in Childress, announced this week that sewing machine tests will be given every other Tuesday, instead of every Tuesday here.

Mr. Cross said that the next scheduled testing will be at 8:30 a. m. Tuesday, Oct. 2, in the City Council Room at the City Hall.

After that, tests will be given on Oct. 16, Oct. 30, Nov. 13 and Nov. 27, he said.

Memphis Cotton Classing Office Opens Here Wed.

To give cotton farmers in this area more convenient and faster classing service, the U. S. Department of Agriculture opened its Memphis cotton classing office Wednesday, Sept. 19.

Kermit E. Voelkel, who has been with the cotton division of USDA's Agricultural Marketing Service for 31 years, is in charge of the Memphis office again this season.

Operating now for the fourth season, the Memphis cotton classing office serves 56 gins in Armstrong, Briscoe, Carson, Childress, Collingsworth, Cottle, Donley, Gray, Hall, King, Motley and Wheeler counties.

Officer in Charge Voelkel said the office last year classed in the neighborhood of 240,000 samples from the 56 gins.

During the peak ginning season,

that this was Type I vaccine, and that it has been recommended by the U. S. Department of Public Health, Education and Welfare, that this type vaccine be given to all persons.

It is the Type III which has received national publicity recently.

Services Held Mon. For William Butler Estelline Citizen

William Paul Butler, 67, of Estelline died at 6:45 a. m. Friday in the Veteran's Hospital at Amarillo after an illness of two months.

Funeral services were held at 10 a. m. Monday in Estelline's First Baptist Church with the pastor, Rev. C. T. Jordan, and Rev. E. G. Jordan officiating. Burial was in Estelline Cemetery under the direction of Spicer Funeral Home.

Pall bearers were Carl Hill, N. T. James, Barney Russell, O. R. Lambert, Nolan McClendon and A. P. Bumpas.

Mr. Butler was a retired Hall County employee, coming to the county in 1903. He was born May 5, 1895, in Waco and was married May 17, 1920, at Estelline to Miss Opal Cook.

He was a member of the Baptist Church, the Woodmen of the World, and was an infantryman (Continued on Page 12)

The 8th Annual Hall County Picnic, under the guidance of President Roy Coleman, attracted over 3,000 persons to the City Park Sunday.

Registration figures were over 1,600; however, 2,250 plates were used in the serving lines, and many people arrived for the picnic in the afternoon.

For the third consecutive year, the barbecue, prepared by Pete Land and his crew, assisted by the Memphis Fire Department and Lions Club, along with the beans and other trimmings, plus the desserts brought by the ladies attending the picnic, made a fine meal for those present.

Opening the program at the picnic was Mayor H. J. Howell's welcome address.

J. Claude Wells recognized Tim and Cora Ethel Paulsel, and Ivan and Margaret Thornton, of the Paulsel Lumber Co. of Fort Worth, who donated lumber for 50 picnic tables with seats, for Memphis City Park, and gave a list of the many contributions that are being consistently made by Tim Paulsel and associates all over West Texas. "Due to the contribution made to Memphis, and many public improvements have been made, more cooperation of local people and a GO GO spirit has been manifest in Memphis ever since," Wells said in his address.

After reciting many of the new improvements that have put Memphis to growing rapidly, Wells told the honored guests that he had been delegated to bestow upon them the title, "Honorary Citizens No. 1 of Memphis for life." He also, on behalf of The Memphis Democrat, named them, "Community Builders."

The invocation was given by Rev. Fern Miller, pastor of the First Baptist Church in Memphis.

After the meal was served, a sing-song was conducted by Mrs. Virginia Browder, accompanied on the piano by Miss Gertrude Rasco. (Continued on Page 12)

SERVING LINE—Above is pictured one of the three serving lines at the Hall County Picnic last Sunday. This line was manned by employees of General Telephone Company. The other two lines were manned by the Lions Club and the Memphis Fire Department. Around 2,250 persons were served.

New Way To Collect Vehicle Tax

Much interest is being shown by school, county and city officials over the state in a proposal to change the method of collecting an ad valorem tax on motor vehicles.

This is coming about due to a proposal by the Texas Commission on State and Local Tax Policy, and is based upon a recent study. According to information released in Austin recently, nearly 80 per cent of the vehicles operating in the state go untaxed. Some counties, cities and school districts tax them, but the majority do not attempt to collect the tax.

An amendment to the constitution is the recommendation which the tax policy commission is recommending. The members of the commission recommend that an amendment be passed exempting all motor vehicles from the property tax, but allowing the Legislature to tax them.

The plan, as advocated, would have the State Legislature set up a procedure by which a state board would determine the value of all makes and models of motor vehicles. Then the county tax assessor-collector would collect a tax at the rate of \$1.50 per \$100 of the market value when license tags are purchased.

Under this "suggestion," 40 per cent of the \$52,000.00 annual take would be divided among the school districts of the counties. The balance would go to the cities in accordance with their populations. The share going to the counties would be that portion represented by population outside the cities.

Under the plan, counties and cities would be required to spend the money only on road and street work.

Sometime this fall a public hearing will be held by the commission. This is the next step before the idea will be recommended to the Legislature.

School Traffic Safety

Last week the death of a small school girl at Quail served as a grim reminder to most area residents to be especially careful when children are departing from a school bus.

We all know that the state law requires that vehicle operators stop, when approaching from either direction, a stopped school bus. We should all be especially careful now that the days are getting shorter and before long some of youths will be arriving home about dusk, the most difficult time to see when driving.

And while speaking of safety we might remark that the Memphis area has already had more than its share of the wrecks for this year. It is always a grim reminder to those of us who see these tragedies that a person should always drive on the defensive.

What Other Editors Say

WEALTH!

Wealth is a term often heard in discussing this country's great advantage as a leader of the free nation of the world. George Carry, editor and publisher of the Meade (Kansas) Globe Press, a weekly published in a town about the size of Panhandle, made these comments on wealth in a recent editorial.

Our Senators, Representatives and our President have lost the meaning of the word wealth. There is only one true wealth on the face of the earth, and that wealth is something that man can put into his belly.

Only true wealth of the world comes from the farmer and or rancher. Those in high governmental places have lost the meaning of this wealth. Wealth comes only from the soil.

True the soil produces gold, oil, precious stones and many other forms of what modern-day worldlings call wealth. But is it truly wealth? Can you eat it, can it sustain you, make you strong and healthy? Of course the answer is no, but it can buy that food that you need.

Yes, it can buy that food you need if some other person has produced that food. If some other nation has that food, another nation can arrange purchase of the food for dollars, rubles, florins, pence or kopeks.

But what made America strong? It was because America became the top food producer of the world. America was and is the greatest agricultural nation on the face of the universe. We should arrange to keep it that way.

The farmer is the backbone of America and the bulwark of strength. Only when production of food reaches a point where a few can produce the food necessary to feed the millions, can the millions turn to other pursuits such as manufacturing, drilling for oil and - waging war!

One of the reasons that Russia has not attacked the U. S. before now is that the Russians are busily engaged in furnishing food to their hordes. It is the same with China. When these countries reach the point where they can produce more than enough food to feed the hungry natives, then these natives can be used for other means, and one of those means is the waging of war.

Money can be produced by any man or nation. It is not a true measure of wealth because it cannot in itself be consumed. It must be used to secure wealth (food).

Present tendency it trying to turn the United States from any agricultural world power to an industrial world power. And, we cite England as an example of industry. England does not produce

enough food to keep one-tenth of the population. Ninety per cent of the food consumed in England must be imported. What would happen if those imports were shut off? If the rest of the world did not need or could not use the things manufactured in England, what would happen to that country?

England's colony, the Dominion of Canada, has become far stronger and richer than England, because Canada is producing the food, a large part of which is consumed in England. The same is true of Australia. These satellites are keeping England going.

So, let's keep America strong by keeping the farmers producing food, the only true wealth of the world!

Free Speech Conflict

Britain, motherland of modern democracy, is faced with a nettlesome problem:

How to preserve free speech while squelching the activities of certain fascist fanatics whose goal is the destruction of this and all other liberties.

Most prominent among these neo-Nazis is Sir Oswald Mosley, leader of the Union Movement, whose recent right-wing meetings have been turned into riots by an outraged public.

British Home Secretary Henry Brooke has stated that he will not move to ban these meetings. His reason was that the riots did not result from any words uttered by the organizers, "but from the determination of others to prevent the meetings from being held.

There is talk, however, of amending the law covering the situation, and Britain has already denied entrance to a number of foreign fascists and racists who had been invited to a conference.

Among them is American Nazi leader George Lincoln Rockwell, who ran into similar trouble when he scheduled a rally previously in New York's Madison Square Garden. His license was withdrawn when various groups complained and threatened violence if he was permitted to speak.

Other groups, such as the American Civil Liberties Union, then sprang to the defense—not of Rockwell—but of freedom of speech. Rockwell was eventually allowed to go ahead with his meet-

ing. There has been no apparent erosion of American ideals because of that.

It is a lesson the British public might learn. As greatly as they suffered from the Nazis, as deeply as they love liberty and decency, that love must not be twisted into the very kind of hatred the rightists preach.

By lowering themselves to violence, by possibly forcing the authorities to deny the right of free speech to extremists, these people—both in Britain and America—who are on the side of good are accomplishing the very thing the fascists would do if they had the power.

As long as men like Mosley and Rockwell engage in no outright acts of violence or sabotage or subversion, they should be allowed to speak. Their own obscenities brand them for what they are.

A Mosley with blood streaming down his face from a kick in the head incites pity, even sympathy. Men like him should be ignored, not given the honor of becoming martyrs.

Here's why Martha puts laundry in the freezer

A woman's work, especially the ironing, is never done. Sometimes Martha just has to take time out for shopping or visiting during the day. But sprinkled clothes can't be left to sour or mildew! So Martha pops them into a plastic bag and into the freezer they go. When she gets back, they'll be ready for her to start ironing again. Isn't it amazing how many ways women have learned to use flameless electricity to make living better . . . and, it costs so little, you can use lots of it.

Crowell OVERRUNS Memphis, 46-0

The Memphis Cyclone Friday night fell before the offensive attack of the Crowell Wildcats, spearheaded by fine runs by FB Dale Doyal, Crowell's All-State back.

Doyal was called on time and time again to pickup necessary yardage in the first half, and his ability to run through would-be tacklers gave the Wildcats a comfortable lead of 30-0 at halftime. Final score was 46-0.

Although the Cyclone did not score in the ball game, they were able to start several drives, only to have the ball lost on fumbles or intercepted passes, both of which lost them the ball three times each during the game.

First Half Play
The Cyclone opened play by running the kickoff back 20 yards to their own 36. On the next play, defensive holding was called on Crowell which moved the ball to the Crowell 43.

HB James Waites carried for seven yards on the first down. On the second a fumble in the Cyclone backfield gave the ball to Crowell on their own 47.

Utilizing the fine running of Doyal, Crowell marched down the

field to score. Doyal carried over from the one for the score and also for the two points after.

The Cyclone received the kickoff, and on the first play from their own 22 they fumbled again, losing the ball to Crowell.

The Wildcats scored on the next play, a jump pass from Dan Bird to Larry Henry for 16 yards. Bob Borchardt carried for the two points making the score 16-0.

On the kickoff return, Don Craig of Memphis fumbled the ball on the Cyclone 25 and the Wildcats recovered. Doyal supplied the 10-yard scoring run to make the score 22-0. He attempted the two points after but was stopped on the line of scrimmage.

The Cyclone received the kickoff and moved the ball for one first down to their 35. They were held there and Jacky Bridges punted.

Crowell marched down the field but a fumble on the Cyclone one yard line was recovered by the Cyclone and their scoring drive was stopped.

On the first play, HB Waites tore through the line for 10 yards

ABOVE—HB James Waites shows fine running ability in this 16-yard gain Friday night against Crowell. Waites carried the ball 12 times for 48 yards averaging 4 yards per carry.

BELOW—End Jacky Bridges is shown above catching a pass from No. 12, Dwight Gailey in the game Friday. The play went for 18 yards. Bridges caught four of the teams six completed passes.

giving the Cyclone some running room.

Then an 18-yard pass from QB Dwight Gailey to End Richard Ellis picked up another first to the home 29. In the next series, a jump pass attempt was intercepted by Crowell to halt the drive.

The ball exchanged hands twice, once on a Crowell fumble and once when the Cyclone punted. Crowell took over on the Cyclone 44 and started their next TD drive.

Doyal added the scoring punch from the eight yard line and Harry Henry made the two-point try good to make the halftime score 30-0.

Second Half Play
The Cyclone kickoff and Henry returned the ball to the Crowell 40. From here, carries by Doyal and Borchardt in seven plays moved the ball to the Cyclone 10. Henry added the scoring punch,

and also carried for the two points.

For the rest of the third period, neither the Wildcats nor the Cyclone could start a drive and both teams punted twice.

On the first play of the last period, Crowell intercepted a Cyclone pass at mid-field. On the next play, they fumbled and Dale Sexton recovered for Memphis.

On the fourth down, Bridges punted the ball deep into Crowell territory, but Henry raced 80 yards down the sideline to score the last TD for Crowell. Borchardt carried for the points after to make the score 46-0.

The Cyclone took the ball on the kickoff on their own 29. A carry for 11 yards by HB Waites moved for a first down to the 40, then an 18-yard pass from QB Gailey to End Jacky Bridges, plus a 15-yard piling penalty moved the ball to the Crowell 26. Here the Crowell defense stopped

Last Friday night the Turkey Turks showed much power in defeating the Kress squad, 18-6. The Turks will prove a strong opponent for Memphis Oct. 5. The Turks are the Cyclone's next opponent, after Estelline Friday night.

The Lakeview Eagles romped over the Mobeetic team last Friday night and are scheduled to host a Nazareth team nicknamed the Swift. Coach Leon Van Alstine said the Eagles played a full game of hard football, making most of their yardage on the ground. He said guard-fullback Dana Gibson got a full workout during the game. Game time Friday is 8 p.m.

The Estelline Bear Cubs under Coach Jimmy Don Adams did not play a game last Friday night but will be hosted by the Cyclone at Cyclone Stadium this Friday. Game time 8 p.m. Area fans should see a good game.

The Memphis Cyclone suffered another injury blow Monday when QB Dwight Gailey received a muscle injury to his left shoulder. The injury is expected to take two or three weeks to heal. Coach Don Lambert said that against Estelline the Cyclone will start an all sophomore backfield. Jack Stargel, a 150-lb. sophomore half back is scheduled to have his foot taken out of the cast this week and may see limited action Friday. I was well pleased with the showing of converted end James Waites Friday night and the pass catching ability of Ends Jacky Bridges and Richard Ellis. In Friday night's game with Crowell, several Cyclone linemen said that

the drive and they took over after a fourth down incomplete pass. The Crowell backs used eight downs to move the ball to the mid-field stripe before they were stopped short. On a fourth down punt, HB Waites returned the ball to the Cyclone 28.

A 3-yard carry by FB Mike Crow and a 9-yard plunge by Waites moved the ball to the 40. Two carries of 7 yards each by Waites and Don Craig moved the ball to the Crowell 44. The game ended two plays later.

Game Night To Be Held Saturday At Country Club

Members of the Memphis Country Club will enjoy a game night at 7:30 p. m. on Saturday, Sept. 22, at the club house.

Games of "42", bridge, and dominos will be among the attractions. Prizes will be given and refreshments will be served.

Frank Garrett, chairman of the game night committee, stated that they would like to welcome all new members and use this as a means of acquainting the new members with the old members. He invited all members to attend and enjoy the fun and refreshments.

Lakeview FHA Elects Club Mothers, Ideal

The Lakeview Future Homemakers met the week preceding the opening of school to elect club mothers. Chosen were Mrs. Joe Neal Berry, Mrs. Matt Ponder, Mrs. Houston Neal and Mrs. Mack Cofer.

On Sept. 17, the FHA Ideal, Dwight Hubbard, was selected. Dwight is a senior in the Lakeview High School. Rodney Sams and Mike Nabors were also candidates.

Announcement was made that members of the FHA and FFA of Lakeview plan to attend the Tri-State Fair in Amarillo on Saturday, Sept. 22. Mr. Beavers and Mrs. Baker will accompany the group.

Senior Class Elects Officers

The officers for the Senior class of 1962-'63 are: President - Dale Kilgore, Vice-President - Wayne Sweett, Secretary - Paula Gentry, Treasurer - Cathy Bryant Reporter - Marcene Stephens, and Student Council - Representative - Marilyn Driver. The sponsors for the class are, Mrs. Emily Hillhouse and Clifford Bradshaw.

Fund-raising plans were discussed, but no definite dates were made.

The Senior class is traditionally selling ribbons for each football game. Ribbons may be purchased from any class member.

Crowell's big fullback, Dale Doyal certainly deserved his all-state recognition.
Memphis viewers of Vumore Co. television at 8:30 p.m. our time next Tuesday, Sept. 25, will see the Championship fight between Floyd Patterson and Challenger Sonny Liston. Champion Patterson will be giving away 13 inches in reach and 23 pounds in weight to Liston. Patterson and Liston rank No. 3 and No. 5 respectively on the list of all-time weight knockout punches. Liston has kayoed 29 in 34 bouts. Rocky stopped 43 of his 49 fights. Boxing fans will remember in June, 1960, Patterson out Johansson in the fifth to become the first man to gain the title.

'63 Chevrolet Trucks Are Now On Display at Potts Chevrolet Here

Lighter weight, more efficient six-cylinder power, addition of economical four-cylinder engine, significant suspension re-visions for most favorable ride, load capacity, and designs tailored for requirements, headlight load improvements of the 1963 Chevrolet truck line, Tomie M. Potts and Homer Potts, local Chevrolet Dealers,

These advances represent the most extensive chassis changes in the history and combine the best of the time tested and proved Chevrolet features with the latest design innovations," Potts is announcing the new line, including new developments in the 1963 truck line, Potts cited: New 230 cu. in. and 292 in. six-cylinder, six-cylinder engines and 165 horsepower.

Availability of the proved 120 cu. in. economical 90 horsepower, five-bearing, four-cylinder engine in 1/2-ton forward-control models, the first Chevrolet six-cylinder truck engine since 1954.

Coil spring independent front suspension torsion bars on most models. Two-stage coil rear springs regional cantilever leaf type rear springs in conventional 1/2- and 3/4-ton models. New front suspension in 1/2- and heavy-duty sedies offering the excellent ride characteristics of variable-rate leaf springs with the load capacity and stability of I-beam axles.

Ladder-type, channel section frame on most 1-2- and 3-4-ton models. Throughout the frame gauge thickness and member strength and precise

tailoring to load requirements. 7. Over-all width of most medium and heavy-duty models reduced more than seven inches for better maneuverability in narrow roads or alleys. 8. Shear-type sheet metal and rear body mounts on most models to provide softer over-all ride and improve durability of cabs and components. 9. Alternating current generators standard equipment on all but Corvair 95 series. 10. Self-adjusting brakes on all Corvair 95 series. 11. Positive crankcase ventilation system and improved exhaust system durability on all models. 12. Fuller Roadranger transmission available on heavy-duty diesels and all models with 409 cu. in. gas engine.

The new engines are of overhead-valve design, precision cast for reduced weight and with internal reinforcements to assure rigidity and durability. A particularly important feature is use of main bearings between each crankshaft arm, resulting in exceptional rigidity, durability, smoothness and quiet operation.

W. S. Rees To Head CJC Chemistry Dept.

W. S. Rees whose permanent address is on rural route out of Turkey in Hall County, 40 miles south of Clarendon, has been named Head of the Chemistry Department at Clarendon Junior College.

The college is fortunate in securing the services of Mr. Rees who has lived in this area since 1925, has a wide acquaintance throughout the schools the col-

Two new, modern, more efficient six-cylinder engines lead a long list of improvements in the 1963 Chevrolet truck line. Other features include a new front axle and spring design in medium- and heavy-duty series for excellent ride and durability; generally heavier frames; easy-riding independent front wheel coil spring-easier handling in close quarters on many models and improved body and sheet metal mounts for softer ride.

lege serves, is familiar with our local problems, and highly qualified both from training and experience to head the College's Science Program.

Mr. Rees received his B. S. Degree from West Texas State College at Canyon in 1933 and his Master's degree from the same school in 1954. Since receiving his Master's Degree in 1954, he has completed 27 hours of post-graduate work.

He has had 15 years teaching experience. He is the former Principal of Quitaque Elementary School and the Turkey High School where he served six years. He was also head of the Science Department of Childress High School for two years.

He was selected for and attended the National Science Foundation Summer Institute for three months during the summer of 1959.

Mr. Rees has served one year as the President of the Lions Club, also Past Master of the Turkey Masonic Lodge. He is a member of the Khiva Shrine of Amabillo, as well as the Scottish Rite and York bodies.

Mrs. Reese has taught school 10 years. She received her Bachelor's Degree from East Texas Baptist College, Marshall, Texas, in 1949, and her Master's Degree in 1954 from East Texas State Commerce.

Mr. and Mrs. Rees are members of the Eastern Star, and Mr. Rees has served twice as Worthy Patron at Turkey.

They are Baptist, and he was Sunday School Superintendent at

Turkey before moving to Clarendon last week.

They have one child, Will, who will be three November 2, 1962. Clarendon Junior College is looking forward to an excellent Science Program under Mr. W. S. Rees.

Pfc C. B. Sherrill Participates In Hood's 'Iron Fist'

Army PFC Claude B. Sherrill, 26, son of Mr. and Mrs. C. B. Sherrill, Route 1, Lakeview, was one of 3,500 "Aggressors" who recently tested the combat readiness of the 1st Armored Division at Fort Hood, Texas, in Exercise "Iron Fist".

During the six-day maneuver Sherrill and other "Aggressors" selected from Fort Hood's 2nd Armored Division subjected the 1st Division's personnel to simulated attacks with chemical, biological and nuclear weapons as well as with conventional armaments.

Sherrill, a mechanic in Headquarters Battery of the division's 3rd Artillery, entered the Army in July 1961.

His wife, Dorothy, lives in Killeen.

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Round trip from Detroit to the end of the Baja Peninsula is over 9,000 miles.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico. These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them. The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles. All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty. Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

Miss Spoon, Mr. Molesworth Wed In Amarillo Sept. 14

MRS. FRED MOLESWORTH

In an impressive candlelight ceremony at 7:30 p. m., Friday, Sept. 14, in the chapel of the West Amarillo Christian Church, Miss Ann Spoon became the bride of Fred Molesworth of Clarendon.

The bride is the daughter of Mr. and Mrs. Richard A. Spoon of Memphis and the bridegroom is the son of Mr. and Mrs. Jack Molesworth of Junction.

Double ring vows were directed by Minister Jack Cox before an altar arrangement of greenery and standards of white gladioli. Flanking the arrangement were branched candelabra bearing white tapers.

Candles were lighted by Reggie Curry of Memphis and Donald C. Rosson of Amarillo, brother-in-laws of the bride.

A medley of nuptial selections was presented by Mrs. George Gray of Amarillo who also played the traditional wedding marches.

Mrs. Donald C. Rosson attended her sister as matron of honor. She wore a grey wool dress designed with a pleated skirt in graduating shades of grey. Her accessories were of black patent and her hat of black feathers. She wore a corsage of white frenched carnations.

Escorted to the altar and given in marriage by her father, the bride was radiant in a waltz length gown of chantilly lace over silk peau de soie. The fitted bodice was designed with a scalloped Sabrina neckline and long fitted sleeves which tapered to points over the hands. The bodice dipped to a point in back and was fastened with tiny self-covered buttons. Hand clipped lace edged the bouffant skirt.

Her veil of imported silk illusion fell from a Juliet cap of irridescent and seed pearls and she carried a colonial nosegay of white rosebuds and stephanotis tied with white satin ribbons and maline. Her only jewelry was a single strand of pearls, a gift of the groom.

Mrs. Spoon chose for her daughter's wedding a dress of royal blue floral silk chiffon over crepe designed with a demi-jacket. Her hat was of matching velvet and her accessories were of bone color. She wore a white carnation corsage.

J. W. Adams, uncle of the bridegroom, was best man. Ushers were Donald C. Rosson and Jim Goldston, both of Amarillo.

Reception

Immediately following the ceremony, the bride's parents were hosts at a reception in Fellowship Hall of the church.

The bride's table was laid with an imported white cut work linen cloth and centered with the bride's bouquet. The three tiered wedding confection was decorated with lovebirds and tallman rosebuds and topped with a miniature bride and bridegroom. Nuts, mints and pale apricot colored punch were served from the table which was appointed in silver and crystal.

Presiding at the table were Miss Frankye Lynn Srygley of Amarillo and Mrs. Burl G. McClellan of Spearman. Mrs. Clenton F. Srygley of Memphis was at the guest register where wedding guests were registered in a white leather bound bride's book. A bouquet of multi-colored blossoms was placed at the registration table and other multi-colored flowers were noted throughout the room.

For her wedding trip, Mrs. Molesworth chose a grey double knit woolen suit in a Chanel design, edged with black. Her accessories were also of black.

"Americans influenced by French, Spanish, Italian, Irish and other musical cultures, by Negro spirituals and blues sang and played their way through life in an new world", she said. "Today new songs are springing up from the hearts of the people and America finds it is the greatest musical country in the world."

In conclusion, Mrs. Farmer said, "Music, any kind of honest and sincere music will continue in the future as it has in the past to play an increasingly important part in the lives of human beings."

The following members were present: Meses. Richard Avery, Clifford Farmer, Bob Fowler, Dick Fowler, D. L. C. Kinard, Clyde Milam, T. L. Rouse, Robert Sexauer, Conley Ward, Miss Esta McElrath, Miss Gertrude Rasco and the hostesses, Mrs. DeBerry and Mrs. Milam.

FEDERATION TEA—Mrs. Grover Johnson of Wichita Falls, president of Santa Rosa District, Texas Federation of Women's Clubs, was honoree at a seated tea held on Wednesday afternoon, Sept. 12, at the Memphis Country Club. Mrs. Robert Moss, president of the Women's Culture Club, is shown serving tea to the honored guest. Also shown in the picture are Mrs. Jeanette Irons, to the left, third vice president of the district and Mrs. D. L. C. Kinard, district parliamentarian.

Mrs. Johnson, TFWC District President, Visits Local Clubs

Mrs. Grover Johnson of Wichita Falls, president of Santa Rosa District, Texas Federation of Women's Clubs, made her first official visit since taking office to the Memphis Clubs Wednesday afternoon of last week.

Mrs. Johnson came to Memphis at the invitation of the Woman's Culture Club with the other four Federated Clubs, the Delphian, Pathfinders, the 1913 Study Club and the Atalntean Club assisting with hostess duties.

Approximately 60 club members attended the seated tea which was held at 3 o'clock at the Memphis Country Club.

The club room was attractively decorated for the occasion with a color scheme of blue and white. The fireplace mantel bore the inscription "Santa Rosa" in letter formed of Styrofoam.

The refreshment table was laid with a white cloth and centered with an arrangement of ivy sprayed in blue. Mrs. Robert Moss,

president of the Woman's Culture Club, presided at the crystal punch service.

Mrs. George Ferris played appropriate piano selections as the guests assembled.

Mrs. Robert Moss welcomed the group and presented Mrs. Jeanette Irons, second vice president of Santa Rosa District, who led the group in the Collect.

Mrs. D. L. C. Kinard, district parliamentarian, introduced the guest speaker, Mrs. Johnson.

Mrs. Johnson gave a most informative talk pertaining to Federation work. She said that she had worked with the Federation for 40 years at the District and State level. Last year, Mrs. Johnson served as state chairman of Education, which won first in the General Federation. The Federated Clubs made such an outstanding contribution in this field of

endeavor that Shell Oil Company rewarded their efforts with a \$50,000 grant to be used by the Federation, Mrs. Johnson said.

At the beginning of her talk, Mrs. Johnson recognized the Memphis women who will serve on the district board for the coming two-year term. They included Mrs. D. L. C. Kinard, life member and parliamentarian and procedure and revisions chairman; Mrs. W. C. Dickey, member of the President's special guidance committee; Virginia Browder and Mrs. Herschel Combs, press relations committee; Mrs. Robert Sexauer, member of the Fine Arts Dept.; Mrs. Robert Moss, Mother of the Year chairman; Mrs. Lloyd C. Martin, Public Affairs chairman; Mrs. David Aronofsky, member of District Endowment Committee and president of the five federated clubs, who can sit in on board meetings.

Harmony Club Has Opening Breakfast

Harmony Club members had a lovely breakfast in the home of Mrs. L. G. DeBerry with Miss Milam as co-hostess on Sunday, Sept. 12, for the first meeting of the club year.

Mrs. L. G. DeBerry (475-524 A. D.) said, "It is so bound up with our memories that we could not do without it even if we wished to."

Not only were these words spoken, but we find that the spirit is even more truthful. "The city of Memphis has always been the city of its soul"; and it is the organization of the Harmony Club in 1910, the club has been active in the study and promotion of good music."

"The Harmony Club since 1962-1963" was written and compiled by Miss Esta McElrath; she also wrote for the interesting book a lovely thought for each meeting.

Clifford Farmer, the club's president, was in charge of the business meeting and gave an interesting and inspiring message.

Farmer called the meeting to order by ringing an attractive bell and announcing that he was bringing calling teachers to school; church members calling all people to worship; and women calling women's attention to the beginning of a new year.

Mrs. Farmer continued, "Today new songs are springing up from the hearts of the people and America finds it is the greatest musical country in the world."

In conclusion, Mrs. Farmer said, "Music, any kind of honest and sincere music will continue in the future as it has in the past to play an increasingly important part in the lives of human beings."

The following members were present: Meses. Richard Avery, Clifford Farmer, Bob Fowler, Dick Fowler, D. L. C. Kinard, Clyde Milam, T. L. Rouse, Robert Sexauer, Conley Ward, Miss Esta McElrath, Miss Gertrude Rasco and the hostesses, Mrs. DeBerry and Mrs. Milam.

B&PW CLUB OFFICERS—Mrs. Ethel Coleman of Wellington, director of District 10, Mrs. Mary Baten, president of the local club, will be among distinguished B&PW members participating in the annual conference program here this weekend. Mrs. Baten, shown to the left, has a long record of achievements in B&PW club work, the national award last year for her club as chairman of the Safety Committee. She will preside over all business sessions during the conference. Under the leadership of Mrs. Coleman, the local club is enjoying a most successful year. Mrs. Baten will preside at the banquet Saturday evening.

Two Accidents Occur in Hall During August

The Highway Patrol investigated two rural accidents in Hall County during the month of August according to Sergeant D. R. Dowdy, Patrol Supervisor of this area.

These wrecks accounted for two persons injured and an estimated property damage of \$1,625.00.

The rural traffic accident summary of Hall County from January through August of 1962

shows a total of 21 crashes. As a result of these crashes there were 6 persons killed and 13 persons injured. The estimated property damage amounted to \$18,437.00.

The veteran patrol supervisor stated, "With fall and winter approaching, now is the time to have vehicles checked in preparation for the cold winter ahead."

The Vehicle Inspection Program in Texas has proved itself to be a valuable tool in reducing accidents on Texas streets and highways. All vehicles registered in this state are required to be inspected once a year, he added.

The new motor vehicle inspection year began September 1. However, the only thing new is the sticker itself. The Sergeant pointed out, that this new sticker dry mount decal which will adhere regardless of conditions.

Hall County Soil Conservation District News

Farmers and Ranchers of the Hall County Soil Conservation District may be interested to know that the Texas Agricultural Extension Service soil testing laboratory initiated a new soil and water testing service on August 16, 1962. The purpose of this service is to offer farmers and ranchers an opportunity to determine quality of their irrigator water and salinity level of their soils.

Most irrigation water in Texas contains 0.1 to 5 tons of salt per acre foot. By comparison, ocean water contains 3 per cent salt, or approximately 40 tons per acre foot. Irrigation water differs greatly in the kinds of salts present. Some are relatively high in sodium salts while others contain mostly calcium or magnesium salts. Kinds of salts and their relative proportions influence management practices and determine the need for soil amendments.

Since crops vary widely in their tolerance to salts, a water analysis can help the farmer decide what crops to plant. Generally, cotton, Bermuda grass and most other grasses are salt tolerant. Quality of irrigation water gives an important clue to the frequency of water application. For example it may be necessary to irrigate often to accelerate leaching of salts from the topsoil. Finally, tests of both soil and water indicate if soil amendments can be used profitably to correct undesirable levels of sodium salts.

Information sheets are available from local County Agents on how when and where to send the water and soil analysis. Among things that a soil chemist must know before he can make proper interpretations are the source of irrigation water, crops to be grown and how long the land has been irrigated. He also needs an accurate description of the soil.

The Technicians of the Soil Conservation Service will be glad to assist any farmer or rancher in obtaining more information about his water or soil analysis.

Dord Fitz To Begin Art Classes In Memphis Thurs.

Dord Fitz, nationally known painter and very well known art teacher of the whole Panhandle area, is starting a class in oil painting in Memphis for all interested persons. The class will meet on Thursday mornings at the high school cafeteria from 9:30 until 12 noon.

Mr. Fitz has done much to stimulate art interest in the Panhandle of Texas. He has large classes in Childress, Borger, Pampa, Spearman and Liberal, even going to Dallas twice monthly for students who want him there. He also maintains large classes in Amarillo at the Dord Fitz gallery, 1709 Polk, besides handling the works of famous painters and

sculptors from all of America. For many years, Mr. Fitz was professor of art at the University of Kentucky. About 10 years ago he decided to return to the land

he grew up in, loved best and set up his own art school and gallery. Persons desiring to study with Mr. Fitz are invited to contact him on the Thursday morning classes.

SOMETHING TO THINK ABOUT WHEN YOU BUILD A HOUSE

Some builders are selling built in appliances with the house. And usually they buy the cheapest appliances. Now we are having some people with new houses trying to get us to get parts or service that we can't get for them.

If you will patronize the home dealers in appliances and plumbing fixtures, you will be able to get service when wanted. The best is the cheapest in the long run.

RAYMOND BALLEW
The House of Quality

P. S. New firms may come and they may go but you will always have some of the old lines of appliances sold in Memphis on which you can get service.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

of the government. Since the first efforts in the early 1800's to use Federal funds for the improvement of waterways for navigation, there has been a distinct reversal and the Executive branch today frequently finds the legislative body reluctant to bring the Federal government further into the various phases of water resources development.

In 1820 funds were appropriated for a navigation survey of tributaries of the Mississippi and Ohio Rivers. Later Congress adopted the general policy of appropriating Federal funds to carry out improvement of rivers and harbors, work which had previously been considered to be the responsibility of the States. A number of the early river and harbor bills were vetoed, based on the strict construction theory of constitutional interpretation. Next activity was expanded to take in flood control. In 1879 the Mississippi River Commission was created, one of the first steps toward a national flood control policy. But it was only 26 years ago that such a policy was developed, in the Flood Control Act of 1936.

Multiple-purpose water resources development in the Western States had been initiated earlier, under the Federal Reclamation Act of 1902. Boulder Dam, authorized in 1928 was the first of the massive multiple-purpose water development projects that have characterized the more recent development of the West. It was followed by the Bonneville, Grand Coulee, Central Valley, and other large projects. The great depression gave impetus to this movement and saw creation of the Tennessee Valley Authority.

In the years since World War II, Congress has expanded Federal activity in the field of water re-

sources into many areas. Recreational developments were authorized, funds were appropriated for the preservation and propagation of fish and wildlife. The Water Pollution Control Act of 1948 furnished planning, research, and assistance to the States, and expanded later to include grants to the States and municipalities for construction of sewage treatment works.

Thus, over the years, Federal activity has expanded to encompass almost every phase of water resources development, with annual expenditures of about one and one-third billion dollars in recent years. With programs of this magnitude, and always, it seems, increasing, conflicts brought about by the dual Federal-State sovereignty over water have been on the increase. In a future newsletter I will discuss the nature of these conflicts.

Delegates Join Harmony Move at State Convention

Delegates from Hall County joined in a harmony move at the State Democratic Convention Tuesday in El Paso, placing one of their members on the Resolutions Committee.

Heading the group was Joe Allen Ballard, chairman. Others who attended were Mrs. Ballard, Clyde Fowler, Mr. and Mrs. V. C. Durrett and Mr. and Mrs. Herschel Combs.

In the district caucus, held Monday night, Democrats from this 15-county district elected Chairman Ballard to serve on the important resolutions committee. Also named at the caucus were Glenn Batson of Littlefield as the district committeeman and Mrs. Wylie Bullock of Lubbock as district committeewoman. The two members of the State Executive Committee replaced Frank Moore of Plainview and Mrs. Pat Bobo of Muleshoe.

Keynote speaker of the convention was the Democratic nominee for governor, John Conally. Other party nominees appeared briefly on the program.

Don Kaplan Wins Memphis Tournery Sun.

Don Kaplan of Childress, firing a remarkable three-under-par 99 Sunday, walked away for the field of golfers in the championship flight to win the Memphis Invitational by a comfortable lead of 11 strokes.

Kaplan closed out the 54-hole tournament with a total of 203, two strokes better than his total last year.

Kaplan's best effort was his final round when he finished his last three holes, birdy, par, birdy, to give him a 32 on the par 34 course. Kaplan shot rounds of 33, 37, 34, 34, 33, and 32, to win the tournament.

Runner-up in the tournament was Max Hickey of Pampa who defeated Kenneth Bailey of Amarillo in sudden death playoff with a par 3 on No. 1 after both golfers finished with totals of 214.

Winner of the president's flight was Bob Baker of Amarillo who was only one stroke behind Kaplan on his last day's effort, but was deep in the pack after bad rounds his first day.

Winner of the first flight was L. L. Carren who shot a 9-over par 77 in the playoffs. Dink Milner was runner-up. Louis Saied was winner in the consolation flight.

Second flight winner was Lewis Foxhall who shot a 78 in the final match. C. M. Barton Jr. was runner-up with an 83, while Tommy Tucker won the consolation.

Winners in all the flights were awarded 1963 model Ben Hogan irons. Runners-up received Ben Hogan woods, and consolation winners received golf bags.

The tournament medalist was Billy Henderson who won a dozen golf balls. He shot a 71 qualifying round.

Local Jaycees To Sponsor Sells Bros. Three-Ring Circus Here Thurs., Oct. 11

Al Chappell, President of the Jaycees today announced that they plan to sponsor the famous Sells Bros. Circus in Memphis on Thursday, Oct. 11.

The show, a genuine old time 3 Ring Circus "under the big top" and the largest to play in this area in many years, will give performances at 4 and 8 p. m. The location will be announced later, chairman Roy Don Coleman said.

Sells Bros. 3 Ring Circus, "the oldest and proudest name in the circus world", presents over 30 feature acts in 3 rings, bringing all the thrills of Circus Day to young and old alike. The tented circus is not dead, and the Sells Bros. prove it with an outstanding array of talent from the four corners of the world. Aerial artists and wire walkers share the spot light with jugglers, tumblers and funny old clowns; while amazing animal actors cavort in all three rings to show that Circus Day is still the happiest holiday of the year. Dogs, ponies, monkeys, bears lions, and many more will hold the attention of the small fry, while the entire family will marvel at the performing herds of elephants.

Travelling on two vast convoys of motorized equipment, Sells Bros. famous 3 Ring Circus presents an all new show for the 1962 season. They boast a huge big top, with comfortable seating for thousands. No games of chance or gambling devices are carried with the show, and the sponsor draws attention to the fact that the Sells Bros. Circus is good, clean entertainment for the entire family.

Tickets are on sale now from any member of the Jaycees, and

the Jaycees urges everyone to buy their tickets early to avoid the line at the box office on Circus Day. All proceeds will go to local activities of the sponsor.

Gospel Singing To Be Held At Christian Church

An informal community gospel singing will be held tonight at 7:30 p. m. at the First Christian Church, according to Min. Everett Stevens.

The schedule for the song services will be the same as last year alternating every two weeks between the Methodist Church and the First Christian Church. Also these meetings will be held at the various churches the first Sunday of each month.

Min. Stevens encourages all who enjoy singing or listening to gospel songs to plan to attend.

Hall Has 92,797 Acres Of Cotton To Harvest In '62

The final acreage of cotton for harvest for 1962, in Hall County will be 92,797 acres, according to the final acreage determination made this week.

The county cotton allotment was 104,588 acres, which included 3,063 acres obtained under release and reapportionment from other counties, Lynn McKown, office manager, Hall County ASCS, said.

The 92,797 acres of cotton left standing for 1962 is 2,486 acres less than the 95,493 acres harvested last year. The 11,791 acres of allotted cotton which was not seeded for 1962, is due primarily to the skip-row planting. The actual acreage covered by cotton in Hall County, will exceed 125,000 acres, McKown said.
