Make-Up For Type II Polio Vaccine Set For This Sunday

The Memphis Lions Club will give a make-up of the Sabin Oral Polio Vaccine, Type II, Sunday, Nov. 4, from 2 to 3 p. m., on the second floor of the Hall County Courthouse, for those who failed to receive it last Sunday.

Ginning Total Reaches 9,304

Ginning of the 1962 cotton crop in Hall County is progressing steadily. The year's harvest figure reached the 9,304-bale mark, a telephone survey of the 14 county gins revealed Thursday morning.

Last year, on Nov. 2, farmers had harvested 25,967 bales. Damp and rainy weather the past two weeks have slowed the harvest.

K. E. Voelkel, officer in charge of the Cotton Classing Office in Memphis, reported that cotton sample receipts after a slow down due to rains a week earlier, picked up the latter part of last week and have been about the same this week.

Based on about 6,000 samples classed during last week, the quality was not as good as the previous week, he said.

The predominant grade was middling light spotted, with 35 per cent. More than 85 per cent of the grades fell in the light spotted and spotted category, while 14 per cent was white cotton.

Staple lengths ranged from 7-8 inch, and 5 per cent was one inch and longer. The predominant staple length was 15-16 inch, with 72 per cent.

The micronaire readings showed sharp improvement over the week earlier. Only one per cent was wasty cotton. Eighty-seven per cent was 3.5 and higher, with 27 per cent reading 4.5 and higher.

The office has one new classer, Frank Curtiz of Brownfield.

Due to the lateness of the crop and weather conditions, this office has classed 22,085 samples as of Monday. This compares with 58,024 a year ago. It is estimated that about 12 per cent of the 1962 crop has been harvested.

Average prices paid for some of the qualities that entered the trade channels were: strict mid-

dling light spotted, 29-32, 30.45; strict middling light spotted, 15-16, 30.96; middling light spotted, 29-32, 29.61; middling light spotted, 15-16, 30.25.

“Everyone in the Memphis and Hedley areas is invited to take advantage of this immunization program which is aimed at eliminating polio,” Dr. Jack L. Rose, president of the Lions Club, said.

Last Sunday, 2,400 persons took the Type II vaccine. This is far short of the number expected or desired for this program. Last month, well over 4,000 persons took the Type I vaccine, and the sponsors of the program desired the same number to take the Type II vaccine.

The disappointment in the smaller number taking the Type II vaccine was explained. In any mass inoculation program, the more people participating, the more effective the program becomes, it was pointed out.

In closing, Dr. Rose again reminded those who have not taken the Type II vaccines that they can do so from 2 to 3 p. m. Sunday at the courthouse in Memphis.

Legion To Sponsor Family Night Tonite

The Simmons-Noel Post of the American Legion will sponsor a family night gathering tonight beginning at 7:30, according to Bill Ballew, post commander.

The family night which is for Legionnaires and their families, will feature games. Those attending are asked to bring sandwiches for their families. Cold drinks will be furnished by the Legion.

Boy Scout Troop 35 Holds Court of Honor

Boy Scout Troop 35 held a court of honor Monday night. Seven boys advanced in rank.

Asst. Scoutmaster Bob Douthit presented Tenderfoot badges to Nickie Williams, Ronnie Bradshaw, Larry Don Ivy and Mike Bloxom.

Douthit presented second class badges to Walter Linville and Roge Fowler.

Asst. Scoutmaster Lloyd Shirley presented the Life badge to David Douthit.

Dr. Jack L. Rose presented the following merit badges to the Scouts that qualified for them:

Agriculture, Danny Clark and Gaylon Clark; camping, Tony Pate; citizenship in the commu-

ity, David Douthit; first aid, Gaylon Clark; lifesaving, Jerry Hall and Neil Hughs; pioneering, Tony Pate; reading, David Douthit; swimming, Danny Clark, Gaylon Clark, Jerry Hall, Neal Hughs, Bob Tribble; woodwork, Jerry Hall; and safety, Gaylon Clark and Danny Clark.

Cyclone To Play Host To Canadian Wildcats

The Memphis Cyclone will host the Wildcats of Canadian at Cyclone Stadium Friday night. Game time is 7:30 p. m.

The Wildcats lost to Lefors by a score of 18-0 in their first district game and lost last week to Clarendon 14-6, in their second. The Cyclone has a one-one record in district play.

The Wildcats will be out-weighted by the local team, but they are noted for their speed and are very aggressive.

Left HB Lewis, who weighs 150 pounds, No. 24, is their best all-around offensive boy. He can punt, pass and run, and is outstanding on pass defense.

The key to the Canadian defense is centered around Ortega, a 160-pound center linebacker. The Wildcats seem to favor the 4-5 defense.

Offensively, the Wildcats normally run from a straight T formation with their backs setting close to the line of scrimmage. The Cats also run several variations, and like to put men in motion. They are not known as a passing ball club but they do throw.

Memphis Coach Don Lambert said Wednesday following the workout, that he felt pretty good about the game.

“For the first time this season, except for one quarter against Springlake, we will be at full strength,” he said.

The coach said that Jerry Lowe will see action Friday night.

“Lowe has had good workouts this week and is getting his timing back,” the coach said.

Lowe is the team's 185-pound starting left guard.

About workouts this week, the coach said, “we have had three of the best workouts of the entire season.”

However, the Memphis coach was not optimistic about the game with Canadian.

“Every district game is a hard one,” he added.

Friday Is Last Day Residents Can Cast Absentee Vote In Election

County voters have been showing increasing interest in the general election as the date draws nearer, according to political observers. Polls will open at 8 a. m. Tuesday, Nov. 6, and will close at 7 p. m. in the 2 County Precincts.

Tomorrow (Friday) is the last day to vote absentee, it was announced by County Clerk Ruby Goodnight. As of Wednesday afternoon, 23 persons had voted absentee at the County Clerk's office, and five others had taken out ballots, but had not returned them.

Services Held Wednesday For Mrs. McCormick

Funeral services were held Wednesday, Oct. 31, at 3 p. m. in the First Methodist Church for Mrs. M. T. (Dona) McCormick, Memphis resident for 44 years.

Rev. J. B. Thompson, pastor, officiated, assisted by Min. Paul Hancock, pastor of the First Christian Church of Clarendon.

Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mrs. McCormick passed away Oct. 29 at the home of her granddaughter, Mrs. R. W. Zumwalt, in Shreveport, La.

She was born Sept. 18, 1878, in Cooke County, Tex., and had been a member of the Methodist Church since childhood.

Survivors include one daughter, Mrs. Billie Reynolds of Pasadena, Calif.; six grandchildren; nine great-grandchildren; and a brother, Joe Vandiver of Memphis, and a host of friends.

Pall bearers were Johnnie Hancock, W. D. Young, L. B. Snider, Glen Ford, C. J. Wynn and Bob Ayers.

TEC Employee Has Office In Hall Courthouse

Joe B. Browning, an employee of the Texas Employment Commission, announced this week that he has an office in the County Courthouse, next door to the Sheriff's Office.

Office hours are from 10 to 12 a. m. and from 1 to 3 p. m., Browning said.

MHS Names 63 On Honor Roll

C. E. Voyles, principal of Memphis High School, announced this week that 63 members of the senior through the 8th grade classes were named on the honor roll for the first six weeks.

Excellence required for this honor includes, all grades must be in the “A” or “B” level, and the average of all grades must be 90 or above, he said.

The 14 seniors named on the honor roll include: Cathy Bryant, Marilyn Driver, Sara Jo Foxhall, Dwight Gailey, Paula Gentry, Barbara Hancock, Sandra Hansard, Billy Kilgore, Neva Sue Koeninger, Johnnie Lemons, Katie Phillips, Jimmy Reynolds, Carol Smith and Jo Ann Stanley.

Juniors making the honor roll include: Noel Clifton, Suetta Lemmon and Pamela Lindsey.

Twelve sophomores were named. They include: Martha Cleveland, Jay Dunbar, Lynn Foxhall, Tony Monzingo, James Odom, Ronald Pate, Suzanne Sexauer, Minka Sims, Linda Snider, Jimmy Srygley, Doris Ward, and Dawn Ann Yarbrough.

Sixteen freshmen were named on the honor roll. They are: Linda Alwine, David Aronofsky, Marsha Dell, Elmonette Branigan, Glenda Bruce, Diane Gailey, Gary Gentry, Rosemary Harrison, Amy Hillhouse, Regina H. Over.

BAND FAVORITE CANDIDATES — Above is shown the four candidates for MHS Band Favorites. A boy and a girl will be selected as favorites and the boy will crown the girl during a special show Friday night during the Memphis-Canadian football game. From left to right are: R. B. Spruill, Sarah Jo Foxhall, Marilyn Driver and Dale Kilgore.

Interest in this general election developed when the Mayor of Amarillo, Jack Seale, a Republican, challenged Congressman Walter Rogers' seat in the U. S. House of Representatives. Congressman Rogers, a Democrat, has served as Representative in the House from the 18th Congressional District for the past 12 years.

Further interest has developed in the race between the Democrats' choice for Governor, John Connally, and the Republicans' nominee, Jack Cox. County voters will remember that two years ago Cox ran for governor on the Democratic ticket, and was eliminated in the first primary.

Hall County voters will find a full slate of Democrats seeking office; also 11 Republicans and two from the Constitution Party, when they see their ballots next Tuesday.

Also on the ballot will be the 14 proposed constitutional amendments that voters are to consider. They will vote FOR or AGAINST these, depending upon their preference.

Seeking office as members of the Democratic Party, from top to bottom of the ballot, are these nominees: For Governor, John Connally; for Lieutenant Governor, Preston Smith; for Attorney General, Waggoner Carr; for the Congressman-at-Large, Joe Pool; for Associate Justice of the Supreme Court, Place 1, Meade F. Griffin; for Associate Justice of Supreme Court, Place 2, James R. Norvell.

For Associate Justice of Supreme Court, Place 3, Zollie Steakley; for Judge, Court of Criminal Appeals, W. A. Morrison; for Railroad Commissioner, (unexpired term), Ben Ramsey; for Comptroller of Public Accounts, Robert S. Calvert.

For State Treasurer, Jesse James; for Commissioner of General Land Office, Jerry Sadler; for Commissioner of Agriculture, (Continued on Page Eight)

Dan Smoot, who calls himself an arch-conservative, sent a voting sheet which shows that Walter Rogers voted more than 60 per cent of the time, which is better than Republicans Dirkson and Halleck did. . . . We had been so many times that Walter Rogers voted for the farm bill we believed it until we did a little checking and found that one of nine Texas representatives who voted against it. We remember that it was his bill that took the helium program out of the paternal wing of the federal government and turned private enterprise to build helium plants, all of them in this area. Important Election To Be Tuesday

Election is only five days away. It is an election held in a time of national crisis. The eyes of the Kremlin and the world will be upon Texas and every state in the nation, and we cannot get away from our responsibility to vote. Especially is this election important to agricultural counties such as Hall, for the decision made at the polls Tuesday can effect the economy of this and every other agricultural county in the nation.

One question the rulers of Soviet Russia, of communist-ruled China, of Cuba and other satellite-slave states will be keenly interested in is: are Americans going to use fully the privilege of voting that is one of the rights that only free men enjoy? All the others represented in the United Nations, neutral or wavering, will be watching our election returns. A half-hearted turnout of the voters will spell political apathy. Do Americans really value the right to vote, which they want to be extended to the people of all nations as soon as they are ready for it? Popular elections are basic to democracy—but not what the Russians call democracy, which in their language means government of the people by self-chosen and self-perpetuating rulers, for what they tell the people is best for them.

Representative elective government depends for its continued existence, as Thomas Jefferson pointed out, on having "An enlightened electorate." It also depends on the right to vote being used by the most enlightened part of the electorate, who otherwise surrender their privileges of self-government.

So we say: study your opposing candidates' ability, integrity and their platforms. Go to the polls as well informed as you can make yourself. Go and vote as your head, your heart and your conscience tell you to do.

Even in presidential elections, few more than half of American registered voters cast ballots. Of all crucial times, this is not time for indifference. Vote on November Sixth, a red-letter day of our destiny.

Tomorrow is the last day for absentee voting in this county. If you are going to be out of the county or unable to vote next Tuesday, we encourage you, we urge you to vote absentee. Throughout the history of this nation, many men and women have fought and died for your privilege to vote your mind in each election. Do not make a mockery of their sacrifice. Go to the polls Tuesday and vote.

Know Your Texas Motor Vehicle Laws!

Following is one of the many Texas Motor Vehicle Laws with which the driving public should familiarize themselves. "P.C. 1724 Making false, misleading reports to governmental agency.—Section 1. Any person who maliciously and willfully in writing, or orally, or by the use of any telephone, telegraph, radio, or mechanical device or contrivance whatsoever, by any name known, shall make, give, send a report, or communicate any false alarm, false report, or falsely report any act or fact situation initially and voluntarily to any governmental agency for the purpose of causing, or which report or alarm is calculated to cause, the governmental agency to respond thereto or to do or perform some act or do or render some service as a result thereof, or to mislead or malign any officer of such agency, shall be guilty of a misdemeanor and, upon conviction, fined not less than \$25 nor more than \$200. "Sec. 2 The term "governmental agency," as used herein, means any officer, servant, agent, or employee of the State or any county, city, or political subdivision of this State."

Texas — Best in Nation There are more than 700 roadside parks along Texas highways. All offer complete picnicking facilities. Many have drinking water and firewood. No other state is so well blessed with these wonderful facilities to make your traveling more enjoyable. These parks are a mighty welcome sight when you need that restful nap, or that thirst quenching drink of water, or that delicious picnic lunch or dinner. It's often said that there's more to see in Texas! Thanks to Texas highways and roadside parks you can also see it better. Prehistoric Man Had His Pick Along our Rio Grande River, many relics and ruins have been uncovered proving that a prehistoric culture inhabited that part of Texas for centuries. After all, prehistoric men had the whole world to choose from, didn't they? All of which goes to prove that Texas has been a preferred place to live for longer than most of us realized. Who Named Baylor University? Baylor University, at Waco, was named for an outstanding Judge. He was Dr. Robert Bledsoe Baylor. How that came to pass is an interesting story. The man who placed the Baylor name on this great educational institution was William Melton Tryon. He was the second missionary sent to Texas by the American Baptist Home Mission Society. He was a leader in church and state and was the chaplain in the Congress for the Republic of Texas. Tryon, who first organized the idea of a Baptist University in Texas, was made a member of the committee appointed to secure the university charter from the Republic of Texas. Tryon rejected Judge Baylor's suggestion that the school be named Tryon and into the application wrote "Baylor." Tryon then served as the first permanent President of the Board of Trustees of Baylor University. Are You An Amichelian? Although there is some doubt as to who was the first white person to tour Texas, it probably was Alonzo Alvarez de Pineda, the Spanish explorer. Pineda was sent here by the governor of Jamaica to explore the Gulf Coast. Pineda named all the vast Gulf coast land "Amichel." So, Texans came mighty close to being called Amichelians, rather than Texans.

What Other Editors Say

War Scare?

If a person tended to be of the worrying type, the events and actions of nations and leaders around the world this week would probably have given his ulcers something to ache about. The United States, under the leadership of President Kennedy, has stated flat-footed and in no uncertain terms what she was going to do about Cuba. The Russian government, through Mr. Khrushchev, returned somber and threatening words about the action. Nuclear war possibly lurks in the background of all these statements and tension was noticeably mounting over nation. Among these people are those who served in World War I, watched their children fight in World War II, and heard the news of their grandchildren more recently in Korea and other places such as Berlin and Viet Nam. These people know the heartache and terror of war and can envision not only this country or Russia but the entire world after such a war as this crisis could launch us into. These are the people, even after having seen all this, show their American spirit by saying, "If the need is there to pay the price of another war to preserve the freedom we have won in battles on foreign soil in years past, then we will pay that price."

Another Warning To Smokers

If you are one of those who are smoking more and enjoying it less, don't change brands—just quit. This is excellent advice which has been taken by a great many Americans in the past few years since a heavy preponderance of medical research has pointed a finger at cigarettes as a cause of lung cancer, heart trouble and assorted disorders. Still, the addicts puff, puff and puff some more. You smokers probably hurried right on past this news story, but the Air Force this week stopped free distribution of cigarettes to patients in its hospitals and clinics because of "overwhelming evidence" linking smoking and various diseases. The Air Force is being fair minded about this thing. They say that they will listen to the tobacco industry if the industry can come up with proof that cigarettes are not causing lung cancer and cardio-vascular diseases. There has been no immediate comment from the tobacco industry. The anti-smoking order also eliminates the packaging of cigarettes in with lunches given personnel making long flights. The order came out of the Air Force surgeon general's office and so far no similar order has come from the Army or Navy. The order, signed by the surgeon general of the Air Force, says in part: "The ever increasing evidence linking cigarette smoking with lung cancer, pulmonary diseases, cardio-vascular diseases, can no longer be ignored. The surgeon general, United States Air Force, has taken a firm stand on this issue and has informed tobacco companies that gift cigarettes are no longer acceptable. This ought to be another warn-

ing flag to the cigarette smokers. But once an addict, it is hard to get cured. Some day all cigarette smokers may see the light. By then it may be too late. —Ochiltree County Herald

Methodist Observe Week of Prayer

Members of the Woman's Society of Christian Service and the Wesleyan Service Guild met in the Methodist Church Annex Monday evening, Oct. 29, for the Week of Prayer observance.

Mrs. Oliver was the leader for the program.

Rev. B. J. Thompson gave the invocation after which a sacrifice meal was eaten.

Mrs. Clarence Morris gave a most thought-provoking meditation, "What do we mean by self-sacrifice? Do we just give material things, or do we give of our thoughts, speech and ourselves?" Mrs. Morris asked the group.

The worship center represented the missions of Southeast Asia and held a lighted cross on which the world was placed with a compass pointing north, south, east and west.

The following members discussed the fields of service which will benefit from the Week of Prayer offerings:

"Primary Education in Hong Kong," Lucille Burnett; "Holding Institute," Loraine Tarver; "District Dormitories for Korea," Mildred Stephens; "Woman's Work in Okinawa," Hattie Linville; "Boylar-Haven Mather Academy," Juanita McDaniel.

Mildred Hutcherson told about the Navajo Methodist Mission School and showed slides which her family took several years ago when they visited the mission near Farmington, N. M.

Johnnie Hutcherson gave the highlights of the program when she read a letter to the group and showed pictures of a six-year-old

Korean girl the society is sponsoring.

The program was concluded with a prayer for peace throughout the world.

Present were Rev. and Mrs. B. J. Thompson, Mmes. Mildred Stephens, Lucille Burnett, Effie McElreath, Loraine Tarver, Muffett Merrell, Pauline Wynn, Lillie Messer, Mary Baten, Johnnie Hutcherson, Juanita McDaniel, C. D. Morris, Ola Gowan, A. B. Jones, Mildred Hutcherson, Lottie Hightower, Myrtis Phelan, Bess Crump, Guy Cox, Hester Bownds, Hattie Linville, Cy Foxhall, Polly Brown, R. S. Greene, G. I. T. E. L. Class Officers Installed In Impressive Candlelight Service

The T. E. L. Class of the First Baptist Church met in the home of Mrs. J. S. McMurry for the monthly meeting.

The McMurry home was decorated with lovely fall arrangements for the occasion.

Mrs. H. H. Lindsey opened the meeting with prayer. The class song was sung by the group. Mrs. Henry Hays brought a very inspiring devotional.

Mrs. Baskerville, first vice president, presided over the meeting in the absence of the president, Mrs. W. T. Hightower. Officers

and group leaders gave monthly reports and the secretary, Mrs. Alla Boswell, gave a very inspiring yearly report.

Mrs. Lloyd Phillips installed new officers for the coming year in an impressive ceremony using a candle lighting installation service.

Mrs. Phillips lighted a different colored candle for each officer as she instructed them of their duties for the coming year. She closed the service with prayer.

After the installation, Mrs. Mary Bownds, in a clever way, presented Mrs. W. T. Hightower, outgoing president, and Mrs. Alla Boswell with gifts.

The hostess served a delicious refreshment plate to the following members and guests: Mmes. Alla Boswell, Henry Hays, J. W. Good Management Practices Will Insure Investment

The chairman of the Hall County Animal Health Committee has said that livestock producers and sportsmen who have invested in the Southwest Screwworm Eradication Program should now insure their investment through some good management practices.

Paul Montgomery, who has spearheaded the fund drive currently under the way in this county, told producers that the success of the program is dependent not only on the release of sterile screwworm flies, but also on the detection and proper treatment of all screwworm cases and on preventive measures on their part.

Mr. Montgomery said that reports received by officials in charge of the eradication program indicate that some producers are relying on fly release to do the entire job and are not inspecting their animals and treating the screwworm cases. Some livestockmen are even reported to be letting animals with known screwworm infestations go untreated—thinking that fly release makes this chore unnecessary. The officials say this is like installing an electric fence, but failing to keep the gate closed or like buying medical insurance, but not taking any precautions with your health.

"It was never intended for fly release to accomplish complete eradication by itself," the officials said. "It must be accompanied by preventive spraying, wound detection and treatment and control of animal movements from screwworm-infested areas to screwworm-free areas."

Jaycees To Sell Air Cushions At Football Game Fri.

Al Chappell, president of the Memphis Jaycees, announced today that members will sell air cushions at the Memphis-Cyclone football game Friday night.

The cushions will sell for \$1.00 each. Proceeds from the sale will go toward the financing of club projects, President Chappell said.

Mother nature can't jump from summer to winter without a fall, or winter to summer without a spring.

It has been reported that soldiers in New Guinea discovered a tribe of natives in which the bridegroom greased himself from head to foot before the ceremony started... but seldom escaped.

Wesley Tuttle To Give Concert Here Sunday Night

Wesley Tuttle, well-known recording star, who is now devoting his full time to religious work, will be in Memphis Sunday evening to give a Gospel Concert at the First Christian Church, Minister Everett Stevens announced this week.

The concert will begin at 7 o'clock, and the public is cordially invited to attend. There will be no admission charge.

The program will include playing and singing of Gospel hymns and a talk by Mr. Tuttle in which he will tell of leaving night club work to go into full time service for the Lord, the local minister said.

A member of the Valley Christian Church in Pacoima, Calif., Mr. Tuttle started attending services in 1953. Once he was convinced, however, he entered into the church's program with the same enthusiasm he employed in the entertainment work. He has served on the board of trustees of the Valley Christian Church,

is now the minister of music there, in charge of all music activities, sings in the choir and is now chairman of the Board of Elders.

Tuttle started his career in the entertainment world in 1933 when he was only 13 years old with Stuart Hamblen. He worked with him until 1939, and during this period he also worked with the Sons of the Pioneers and the Beverly Hillbillies. It was at this time, also, that he was employed by Walt Disney to do the sound track yodeling for Snow White and the Seven Dwarfs.

In 1944 he signed a record contract with Capitol Records. His fourth record release was "Detour," which sold over a coveted million mark copies and he remained a top attraction name for Capitol Records until 1957, when he gave up his work there to go into full time religious work.

He is married and the couple have two sons, Wesley Jr., seven years old, and Matthew Chas, two years of age. A daughter, Leslie Ann (Wesley's twin) was lost in a drowning accident in 1954.

Mrs. Tuttle works right along with her husband and also assists in the operation of their Bible and Book Store at Pacoima. They offer complete Bible Store supplies including music, Sunday School supplies, records, organs

Gospel Singing To Be Held At Christian Church

The First Christian Church will be the scene of the monthly Gospel Singing Sunday afternoon, 2:30, Minister Everett Stevens announced this week.

The group meets the day afternoon of each various churches in the district. The group meets at the Travis Baptist Church Methodist Church.

A cordial invitation is extended to all those who enjoy Gospel singing.

Gospel singings are also Thursday evenings, two month. The group meets other Thursday night 8 o'clock, once a month at Christian Church, and on Methodist Church.

Singers are also invited and participate in the

and art supplies, the local minister stated.

AN OPEN LETTER TO THE CITIZENS OF THE PANHANDLE

Fellow Voters of the 18th Congressional District:

As you know, Jack Seale, the present Mayor of Amarillo, has challenged incumbent Walter Rogers' seat in the National Congress. Some members of our group have personally known Mr. Seale for several years, and have been closely associated with him, either directly or indirectly, in business. We, as citizens of Amarillo, **CANNOT RECOMMEND** Jack Seale to other area residents for the following reasons:

First of all, the **JOHN BIRCH SOCIETY**, of which Seale proclaims to be a dedicated member, is trying to get political control of the entire Texas Panhandle and thus gain a foothold in our National Congress.

Secondly, it is **UNTHINKABLE** at this time of crisis to substitute an untried, untested and inexperienced person for maturity, experience and judgment.

Finally, under Jack Seale as Mayor, the City of Amarillo has been **WITHOUT LEADERSHIP** during his tenure in office. He has **CONTRIBUTED NOTHING** to the progress of our community.

WALTER ROGERS can "Keep the Panhandle Growing". The past twelve years have proven just that. A vote for Congressman Rogers is a vote for progress!

Harvest Banquet To Be Held At Travis Church

A Harvest Banquet will be held Tuesday evening, Nov. 6, at 7 o'clock at the Travis Baptist Church Annex. Hosts for the occasion will be members of the Ruth Sunday School Class.

Special guests will include deacons of the church and their wives and husbands of members and associate members.

Guest speaker for the evening will be Rev. Joe Allen, pastor of the First Baptist Church in Childress. He will show a film taken last year in the Panama Canal zone while visiting the Mission Field in that area.

Boney-Monzingo Vows Solemnized

With the rays of a fall afternoon sun softly enhancing the candle-lit sanctuary of the First Methodist Church in Gruver, double-ring vows were exchanged Saturday, Oct. 20, by Royce Faye Boney, daughter of Mr. and Mrs. John A. Boney of Gruver, and Terry Ned Monzingo, son of Mr. and Mrs. Allan Monzingo of Memphis.

The Rev. R. L. Kirk read the service before an altar arrangement of baskets of white chrysanthemums and white gladioli, laced with greenery flanking a fan arrangement of white cathedral tapers in white candelabra highlighted by large white satin bows. Lighting the tapers were Bob Charles Bolton, Davidson, Okla., and brides-matrons Mrs. Sunray.

A prelude of organ music was presented by Mrs. Delano Cluck who also accompanied Mrs. Ray Etter as she sang "Because," "Whither Thou Goest" and "The Lord's Prayer," while the couple knelt.

Proceeding the bridal party down the nuptial aisle were young James Walter Ferguson, cousin of the bride, and petite flower girl, Kristy Monzingo, a niece of the

groom from Amarillo. Attending the bride as matron-of-honor was Mrs. Marvin Wilson of Guymon, Okla., and brides-matrons Mrs. Zack Fisher of Spearman, Mrs. John M. Boney of Sunray, sister-in-law of the bride, and bridesmaid Kathryn Peddy of Gruver, who wore street length frocks of deep ocean-green brocade designed with a square neckline and accented by a bustle bow of self material at the back waistline. Completing their costumes were green satin pumps and green double veiled hats accented by velvet bow trim. They each carried hand corsages of white fluff chrysanthemums.

The bride was escorted down the candle-lit aisle to the altar by her father who gave the response "Her mother and I" to the traditional question "Who gives this woman?" Exquisite was her handmade white peau de soie gown, designed with a full skirt accented by sprays of flowers embroidered in sequins and seed pearls and a fitted bodice, a petal neckline embroidered with pearls and sequins and full-length self-buttoned sleeves. The Directorate cathedral train fell from the softly pointed back neckline. She wore a pearl and diamond necklace which was a gift of the groom. Her shoulder-length veil of imported illusion fell from a white pearl encrusted crown. Her corsage was of white pom-poms and lillies of the valley around a white orchid.

Roger Monzingo of Amarillo served his brother as best man. Groomsman were Gayle Mongingo, Jerry Cluck, and Don Monzingo, who are cousins of the groom from Memphis. Ushers included John M. Boney, brother of the bride, from Sunray, and Butch Adcock of Memphis. Miss Linda Fields of Amarillo presided at the bride's book register preceding the ceremony.

Mrs. John A. Boney, mother of the bride, chose a green wool crepe suit for her daughter's wedding and the groom's mother, Mrs. Allan Monzingo, chose a champagne satin sheath. Both mothers wore corsages of bronze mums.

Reception

Immediately following the ceremony, a reception was held in the Fellowship Hall of the church with Mrs. A. D. Reed and Mrs. Barton Wiley, both of Spearman, Miss Dottie Jones of Gruver and Miss Linda Fields of Amarillo presiding at the bride's and groom's tables. Centering the white net-covered bride's table was an arrangement of white gladioli and white chrysanthemums laced with silver fern in a low crystal bowl flanked by two crystal candelabra with white tapers and highlighted by the bride's three-tiered wedding cake, which was a work of pastry art on a clover-leaf cake base, topped by a delicate white archway under which stood miniature figures of a bride and groom. The groom's table was centered by an arrangement of white chrysanthemums in a crystal bowl and highlighted by the traditional groom's cake which was in the design of entwined wedding rings.

Catering the reception was Mrs. Sam Wysong Catering Service, and hosting the reception were Mr. and Mrs. John A. Boney, assisted by Mrs. Gene Cluck and Mrs. J. C. Harris.

For their wedding trip to Dallas and southern Texas, Mrs. Monzingo chose a tangerine wool crepe dress and winter white coat with fox fur trim. She wore the

MR. AND MRS. TERRY MONZINGO

orchid from her bridal bouquet. Following their wedding trip, the Monzingos will be at home in Memphis.

Mrs. Monzingo was a 1960 Gruver High School graduate and attended Texas Christian University, completing her business education at Draughon's College in Amarillo. She has been employed with the Shamrock Oil and Gas Corporation in Amarillo following her graduation. Mr. Monzingo is engaged in farming near Memphis and was a 1956 graduate of Memphis High School and attended West Texas State College.

Attending the wedding from Memphis were: Mrs. F. E. Monzingo, Mrs. Idell Burnett, Mil-

dred Monzingo, Tony Monzingo, Mrs. Claude Betts, Mr. and Mrs. Gayle Monzingo and Matt, Mr. and Mrs. Thurman Widener, Mr. and Mrs. Bill Miller, Mr. and Mrs. Don Monzingo and family, Mr. and Mrs. John Binkley, Jerry Cluck and Mr. and Mrs. Allan Monzingo. Also, among the out-of-town guests were Mr. and Mrs. Butch Adcock, Miss Linda Fields, Mr. and Mrs. Bill Hickey and daughter, Mr. and Mrs. Durwood Henderson, Mr. and Mrs. Roger Monzingo and Mr. and Mrs. Daryl Long, all of Amarillo.

Mr. and Mrs. Allan Monzingo hosted the 40 guests at a rehearsal dinner Friday evening, Oct. 19, in Spearman.

Culture Club Meets In Home Of Mrs. Ward Gurley

The Woman's Culture Club met Oct. 17 in the home of Mrs. Ward Gurley for a regular meeting.

The president, Mrs. Robert Moss, called the meeting to order and led in prayer. She then conducted a short business session.

The program entitled "Your Texas and Mine," was introduced by the program chairman, Mrs. Ward Gurley. She quoted, "The greatest of all human benefits that at least, without which no other benefit can be truly enjoyed, is independence."

Mrs. Theodore Swift told about "Six Flags of Texas." She gave the history of Texas under the flags of Spain, France, Mexico, Texas Confederacy and the United States. She ended her talk by giving a description of her trip to "Six Flags Over Texas" at Dallas.

Miss Alma Bruce told about the work of the Texas State Historical Survey Committee. She said that this committee is placing 1-175 medallions on historic buildings in Texas and marking them so that traveling in Texas will be more interesting to both visitors and residents. One building to be marked at Washington-on-the-Brazos is a replica of the small blacksmith shop where 59 delegates signed the Texas Declaration of Independence.

Members present were Mmes. Nat Bradley, Jeanette Irons, R. E. Clark, Grover Moss, Robert Moss, Clifford Farmer, Theodore Swift, Frank Ellis, L. A. Stilwell, Misses Esta McElrath, Sybil Gurley, Alma Bruce, the hostess, Mrs. Ward Gurley, and one guest, Mrs. W. T. Reed of Drumright, Okla.

WHO'S FOR WHAT?

Less Government . . . More Responsibility . . .

A BETTER WORLD!

Perhaps you're for them, too, as is your present Congressman, Walter Rogers. And he's as strong an anti-communist as you could meet in America today.

But Walter Rogers is NOT for the dictatorial methods of the John Birch Society . . . in which Rogers' opponent says he is "proud" to claim membership. Harrassment of good citizens? Unquestioning obedience to the society's founder and dictator? Sowing the seeds of distrust and hatred of America's leaders?

CONGRESSMAN WALTER ROGERS SAYS "NO THANKS"

RE-ELECT a SENSIBLE Conservative

(Pol. Adv. Paid by TEXANS for RESPONSIBLE GOVERNMENT)

?? ? ? ? ? ? ? ? ? ?

Don't let any old greybeard kid you by saying that fishing was better back in the days when he was young. He's as wrong as he can be and you can prove it.

There are a number of reasons why fishing is much better now than it was in frontier times, and why it's going to keep on improving as the years go by.

These factors are contributing to the angler's joy:

1. Construction of lakes and farm ponds.

2. Introduction of new varieties of fish.

3. Research work done by scientists in the Texas Game and Fish Commission.

When Grandpa was a boy there were relatively few lakes in Texas. Perhaps the most significant was Caddo, where the crappie were to be found.

Now there are lakes all over Texas. They have been created by dams that have been built for water and soil conservation purposes, for irrigation, and for the production of low cost electric power.

These lakes also provide more stable conditions for fish, which formerly suffered (1) when the streams and creeks dried up during drouths and (2) from floods when the rains came.

There were, in the pioneer era, only a few near-ideal places for fresh water fish to live.

When the new artificial lakes came into being, crappie were introduced in them from Caddo.

They flourished . . . thus to provide a new area for the fisherman's pleasure.

White Bass Expansion

Perhaps the most spectacular development has been the spread of white bass in Texas lakes. They were in Caddo Lake, as were the crappie, having reached the lake from the Mississippi drainage system via the Red River.

In 1928, fisheries introduced 28 white bass from Caddo Lake into Lake Dallas. They multiplied fast. From Dallas, they were introduced into other lakes, with the same result.

Except for Texoma, all of the white bass in Texas lakes originated with those original 28 in Lake Dallas. And there were plenty left over to give to our friends in Arizona and California for their stocking purposes.

Texoma's white bass reached there the same way they entered Caddo—from the Mississippi via the Red River.

White crappie are decreasing in numbers, while the black crappie are increasing. That's due to the change in water caused by drainage differences after the construction of Texoma. The water is less alkaline now and more acid.

White crappie like alkaline water. Black crappie thrive in acid water.

While we're on the subject of introducing exotic fish into Texas waters, we'd better mention the carp, although some people

would rather not.

An Asiatic minnow, the carp was imported to this country in the 1870's and spread all over the nation.

It is now an important commercial fish, condemned by some anglers and blessed by others. It depends on the point of view.

Anyhow, the carp, which propagates fantastically, can get out of hand numerically. It thereby endangers the existence of other fish by consuming so much of the food.

Texas Game and Fish Commission scientists came up with an answer to that problem in rotenone.

They worked out a system of poisoning with a rotenone solution that will kill carp and other rough fish—such as shad and buffalo, without destroying the game fish. This process has been followed on several lakes with excellent results.

Killing the shad is a fine idea as far as sports fishermen are concerned. Shad are fine food for bass, which often gorge themselves on these bait fish. Then the bass won't respond to the angler's lure.

Another fish that has moved around some is the Rio Grande perch.

This is a fish that likes warm water. He can live in your lake or pond, unless it gets too cold. Then he gives up the ghost.

POUNDS CARRIES — Pictured above is HB Bill Pounds as he carries to the one yard line during the Cyclone's first scoring drive. Pounds is pictured to the left and is wearing No. 40. Blockers in front of him are No. 61 Larry Wynn, a guard, and FB Mike Crow, No. 41. No. 30, Wayne Leslie, the center, is shown going after McLean's No. 22, Gary Graham. HB Dwight Gailey scored on the next play.

He can live perennially in places where there are springs that give the water a more or less constant temperature.

The Rio Grande perch is another fish about which there is some controversy as to whether he is desirable or not. Personally, I like him. He grows to a decent pan size. He is eminently edible. He will readily grab a worm when he is of such a mind. And he is as full of fight as a bluegill.

Whether we like it or not, he is here to stay—having found his way from the Rio Grande into more northern waters.

Other importations to Texas have found conditions here not much to their liking.

There are a few trout that thrive in the Guadalupe Mountain streams. Smallmouth bass simply won't do in Texas waters. Northern rock bass have been tried and now live happily in one or two isolated places. Walleyes are not for us.

When everything is considered, we are in pretty good shape as far as our fishing business is concerned.

In addition to the species mentioned above, Texas has the gallant largemouth bass, the tasty and often hefty catfish, the hard-fighting, delectable bream, and the rugged, sizeable freshwater drum.

It ought to be enough to make a fisherman happy, just to contemplate his prospects.

But to add to his contemplation, he can think about going to the Gulf Coast, where there are more than 200 kinds of fish. These include the speckled trout, the redfish, the pompano, the drum, the ling, and the mackerel.

Also there are tarpon, sails, and others . . . for the sportsman who wants something really big.

Actually — there are about 450 species of fish in Texas waters, both fresh and salt water. Two hundred or more of these are in the fresh water.

For example, there are 30 species of the sunfish, which include the basses, the crappies, and the bream. There are about eleven different kinds of catfish, including the spoonbill, or paddlefish, which is not properly a catfish at all.

The spoonbill is a relic of prehistoric ages, found in the lowlands of East Texas. It's valued for its roe, which goes into making caviar.

Also in East Texas is the little pickerel, only representative of the pike family in this state.

We haven't mentioned gars, which some fishermen pursue for sport; and we haven't said anything about the minnows, which are part of the picture, and indispensable as bait.

APPLY NOW FOR PUBLIC QUAIL HUNTS

Applications for hunting quail on two North Texas wildlife management areas will be accepted by the Game and Fish Commission in Austin, until 8 a. m. Nov. 16.

Al Springs, wildlife coordinator, has announced that the hunts will be conducted on the Matador Wildlife Management Area in Cottle County, and the Gene Howe Wildlife Management Area in Hemphill County. These hunts are a part of the Game and Fish Commission research program on those areas.

Application for the hunts may be made by writing to the Game and Fish Commission, Walton Bldg., Austin. Dates for the hunts are:

Matador—Dec. 1, 2, 15, 16, 29, 30 and Jan. 12 and 13. A total of 400 permits will be available for the Matador Area (and the

permits will be for a one-day hunt on Dec. 1 and Jan. 5. There will be no permits for this area and be for one day only. Only persons 17 years of age or older can be considered for the hunt. The bag limit will be 12 quail per permit holder. The holder is to take their dogs, cover is rank on both sides of the quail and will be unusually high and not used.

Funeral Services For Lewis Womack Held In Decatur

Lewis C. Womack, brother of Mrs. Leo Koeninger, died Thursday, Oct. 25, at the Veteran's Hospital in McKinney where he had been a patient for only a short time.

Funeral services were held at 2:30 p. m. Saturday from the Methodist Church in Decatur with the Rev. Raymond Corrigan officiating.

Burial was in Paradise Cemetery in Decatur. Graveside services were conducted by the Masonic Lodge.

A retired farmer, Mr. Womack was born May 22, 1892, in Boyd, Tex. He had resided at Decatur for a number of years, but at one time farmed and ranched in the Newlin community for several years. He moved from Newlin to Decatur in 1934.

Mr. and Mrs. Koeninger were in Decatur to attend the service.

Other than his sister here, he is survived by his wife, Mrs. Lela Womack of Decatur; two sons, James of Oklahoma City and Fred of Nebraska; one daughter, Mrs. Burt Smith of Dallas; three brothers and two sisters, and three grandchildren.

Highway Patrol Investigates 5 Fatal Accidents

Highway Patrol investigators are investigating five fatal accidents in Hall County during the month, according to Sergeant D. R. Dowdy, supervisor of this area.

Accidents accounted for one death, three persons injured and an estimated property loss of \$2,880.00.

Accident summary for January through February 1962 shows a total of seven persons injured, seven persons killed and 16 persons injured.

Long shadows and darkness make it increasingly difficult for drivers to spot traffic and stop in time, Sgt. Dowdy said.

It is a habit to turn on headlights at the first dark, and always use them when it is dark.

Who watches the clock is the man of the hour.

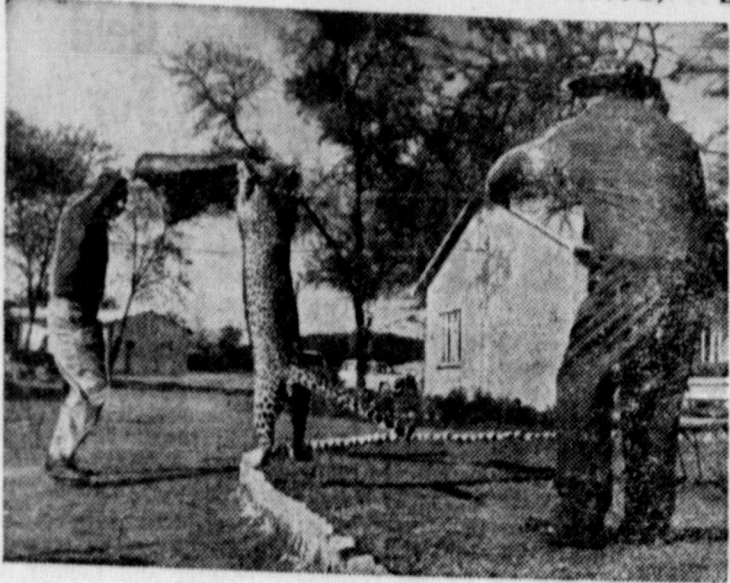

Land Owners Need Preserve License

Before the full swing of the hunting season gets underway, J. B. Phillips, coordinator of law enforcement for the Game and Fish Commission, reminded land owners that they are required to obtain a shooting preserve license if they lease hunting rights to the sportsmen, either by the day or the season.

The license costs five dollars, and application blanks for it are available from the Game and Fish Commission, Austin, or any of the 20 district offices in the state.

Nearest district offices are located at Amarillo or Wichita Falls.

After filling out the application and submitting it with five dollars, the land owner or his agent will receive a license and a shooting preserve record book. Names of the hunters leasing hunting rights, together with their addresses, hunting license numbers and game killed, must be recorded throughout the season and the book returned to the Commission not later than May 1 following the hunting season.

HOLD THAT TIGER! . . . Only in this case, it's a leopard, being leased here by Bechuanaland farmers, who claim the animal has been too much "tamed" to be used as an ordinary "watch dog."

The hard of hearing are not so unfortunate as it might seem. They miss a lot of small talk.

Fall Missionary Institute To Be Held In Childress

A Fall Missionary Institute will be held Thursday, Nov. 8, at King Memorial Methodist Church in Childress, according to an announcement this week.

Beginning at 9 a. m. and continuing until 2:30 p. m., the Institute is set up to provide training for children's workers from all Methodist Churches in the Childress District.

Primary teachers, junior teachers and secretaries of children's work will be given instructions for teaching the Missionary studies in Korea and Hong Kong.

Arts and crafts displayed will be featured. Textbooks and resource books will be on sale. Junior textbooks sell for \$1.75 and the accompanying teacher's guide

is 75 cents. Primary textbooks and teachers' guides are also \$1.75 and 75 cents. Resource books are from 60 cents to \$2.00.

Junior teacher for the institute will be Mrs. Doyle Ragle of Vernon, while the primary teaching team will be composed of Mrs. Frank Foxhall and Mrs. J. W. Coppedge of Memphis and Mrs. R. V. Wood of Estelline.

Each person attending is asked to bring a sack lunch.

S. A. Ellis Attend Relative's Funeral Tuesday

Mr. and Mrs. S. A. Ellis were in Wellington Tuesday to attend funeral services for their brother-in-law, Bob Holtzclaw. The service was held at the West Side Church of Christ.

Mr. Holtzclaw, 68, was a barber. He died in his sleep Sunday night after suffering a heart attack. Mrs. Holtzclaw found him about 6:30 Monday morning.

Also attending the service from here were Richard Ellis, Mr. and Mrs. Rex Rae and Mrs. W. C. Whitfield.

Claude's Comments -

(Continued From Page One)

do this, but if Mayor Jack Seale of Amarillo should be elected he would fall far short, I fear.

Jack Seale has been a young man in a hurry. The fact is that he was in such a hurry at a critical juncture in his life that he failed in a basic. He failed to take time out for a college education. This omission was not the result of a monetary pinch. Our mayor and his sisters were heirs to one of the better established home building operations in the Panhandle. He simply chose to skip this four or five-year chore and cruise through on his manly appearance, his fine smile, his native intellect and his easy charm.

Not having had a college education isn't necessarily fatal to men in business or public life, but the successful under-educated man in these fields is a rarity these days. They have, in the main, been men who have continued their education in an informal way past high school. They have stayed with the mainstream of American thought and action. Has Jack Seale been one of these?

He cruised into a job on the city commission, he cruised into the mayor's job and, while his ship may be bobbing a bit and degrees off course, he is cruising in the general direction of the shoaly waters of the Potomac.

And how well equipped is this congressional candidate to deal with these shoals?

Another thing, in his cruise toward the Potomac, he must sink the ship of Congressman Walter Rogers, incumbent, who is generally highly regarded in both the Potomac waters and back here in his own district.

Does Jack Seale have more integrity than Walter Rogers? In his brief stint as mayor of Amarillo, does he have a better record than Walter Rogers has in Congress?

Does he have more judgment, more maturity, more moral courage?

Jack Seale is running for a job in Congress. Congress is the nation's lawmaking body. Is Jack Seale learned in the law? Has he made preparation? Would his measurable qualifications be below or above par when compared with those of the average congressman?

He inherited a going business and he never had to look for a job, never had to qualify for a job in competition with others. But say that his business went broke—and this could happen to any of us—for what kind of work could he qualify?

Right now Jack Seale is asking for the vote of about 4,000 public school teachers in the Panhandle, several hundred college instructors, hundreds of lawyers, doctors, accountants, engineers, farmers who have endured the tedium of college education.

If Jack Seale weren't in such a hurry he should take a few years off and go back to school or at least avail himself of our adult educational program.

Jack Seale is the rarity.

Most young men propelled by ambition have painstakingly prepared themselves for leadership, whether they are in the field of government, science or business. For example, the hot pilot doesn't qualify as an astronaut. To fly the space vehicle the pilot must be an engineer. This is the day of the fine-tuned mind.

As it is, there might be just a few people around who think Jack Seale's candidacy for Congress is presumptuous.

The Mikado Is Acclaimed Success

Acclaimed as one of the best performances ever seen in the Memphis High School auditorium, "The Mikago" was presented on Monday and Tuesday evenings by the members of the Cyclone Band and the Theatrical Society.

Suzanne Sexauer as Yum-Yum, Noel Clifton as Nanki-Poo, Bill Cosby as K-K, supported by a large cast of effective actors and singers brought to the stage the magic of the clever lines of Gilbert and Sullivan.

On both evenings the audiences were exceptionally responsive and complimentary. An enthusiastic appeal for a musical drama for next year was voiced.

Services Held Tuesday For Albert A. Jones

Rites were held in Spicer Funeral Chapel at 3 p. m. Tuesday, Oct. 30, for Albert Andrew Jones, 85, Rev. J. B. Thompson, pastor of the First Methodist Church, officiated.

Mr. Jones passed away at the home of his nephew, T. E. Gibson, at 1320 N. 16th, where he was residing.

Born Aug. 13, 1877, in Jackson County, Tenn., he was a retired carpenter and former Wellington resident. Mr. Jones was a member of the Methodist Church.

He passed away Monday morning, Oct. 29, at Northwest Texas Hospital in Amarillo.

Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Other than Mr. Gibson, Mr. Jones is survived by several other nieces and nephews.

Pall bearers were J. C. Ledford, Louis Edwards, C. J. Wynn, Jr., W. D. Young, Virgil C. Sparks and Andrew Womack.

Postex Company Official Visits Local Plant Here

Charley Gibson of Greenville, S. C., president of Burlington Industries, Inc., Cotton Division, and Mrs. Gibson were in Memphis Sunday and Monday for a short visit.

VOTE FOR

Cong. Walter Rogers

DEFENDER and CHAMPION

of the Ex-Servicemen

By his voting record, and by personal efforts in behalf of the Veterans of the 18th Congressional District, he has proven to be a FRIEND OF THE EX-SERVICEMEN.

We, the undersigned veterans of the Estelline Community, endorse the candidacy of WALTER ROGERS, Democratic nominee for re-election to the House of Representatives in Washington. Sign-Up Begins For 1963 Wheat Stabilization Program

The sign-up under the special voluntary 1963 Wheat Program opened in Hall County this week, Joe C. Montgomery, chairman of the Hall County ASC Committee, announced today.

Under the 1963 Wheat Stabilization Program, farmers will be able to divert from 20 to 50 per cent of their wheat acreage for which a diversion payment for Hall County will average \$18.30 per acre for acreage diverted, plus a price support payment of \$3.60 per acre on the acreage of wheat seeded for harvest. These payments supplement the regular price support loans of \$1.82 per bushel which will be available to all farmers who comply with their farm acreage allotment.

Mr. Montgomery reminded farmers that the sign-up for the 1963 wheat program will continue through Dec. 14, 1962, and that all farmers who produce wheat should visit the ASCS office before the closing date for a detailed explanation of the program.

Forecast Is Good For Texas Hunting Season

Everyone wants to know what the hunting outlook for Texas is for the coming season. According to Curtis Carpenter, publications chief for the Texas Game and Fish Commission, Texans can expect some exciting action. Carpenter says that reports coming in from Regional I&E officers tell a promising story of some fine hunting in Texas this year.

From L. D. Nuckles, I&E officer of Region V, comes a prediction of average or better hunting in that South Texas region. The deer population in most Region V counties will be about the same as last year. A few counties, according to biologist surveys will have less deer, while in contrast a number of counties will have a better crop of deer than last year. Nuckles reports that generally the turkey hatch this year was very low. Consequently, hunters may find the turkey hunt this year to be below par, and not quite what it was last year. In some counties the turkey populations will be from 40 to 50 per cent below that of last year.

Quail hunting in Region V this year will average out about the same as last year, with some counties reporting less birds and others reporting more. As an example, Dimmit, Zavala, San Antonio, Kinney, Maverick, Frio and Uvalde had a decrease in quail, while others showed an increase. There will be a very slight change in the forecast for javelina hunting in Region V. Some counties report a poor situation, and others report it to be fair.

Norrell Wallace, Region I officer, reports that hunting in that West Texas area will be about the same as last year in most counties except on the western fringe of the Edwards Plateau where there has been a slight decrease in all game populations except the javelina.

The quail population in the high plains of the Panhandle, according to Wallace, is up 10-20 per cent. A similar condition exists in the lower plains counties. The deer and turkey populations are stable, about the same as last year. So hunters can look for a good quail hunt in the Panhandle and an average deer hunt, about equal to that of last year. The pheasant crop has remained stable.

Over the Mid-land-Odessa area of the Trans-Pecos, the hunting outlook appears to be about the

Local Squad Gets Revenge With 21-19 Victory Over District Rivals Friday

In an all-out effort to stay alive in District 2-A play, the Memphis Cyclone and the McLean Tigers battled it out last Friday night; and when the gun sounded ending the game, the score was 21-19 in the local team's favor.

The McLean team, playing catch-up football all night, threw everything they had at the Cyclone, only to come up short on the scoreboard. The McLean team opened district play very weak against Clarendon, and were defeated soundly.

For the first time this season, the Cyclone dominated action in the first half, scoring twice and racking up nine first downs to their opponent's four. However, the Tigers staged a determined effort in the final stanza to try and overcome the Cyclone's 21-7 lead, but fell two points short when they tried for a tie.

Bill Pounds carried the ball 19 times for 102 yards for a 5.4 yd. average, while Mike Crow was the second high ground gainer picking up 47 yards on 11 carries for 4.2 yards per carry. Dwight Gailey carried 13 times for 22 yards, Bill Thompson carried one time for two yards, and Toby Crooks made six yards in two carries.

The Cyclone kicked off to McLean who took over the ball on their own 32. A 12-yard carry by HB Dickie Crockett made a first down on the McLean 45. A 15-yard penalty was stepped off against McLean in the next series. They punted from their 49 on a fourth down, and Memphis took over on their 25.

The Cyclone, with the aid of a 15-yard roughing the kicker penalty, marched down the field to score, covering 75 yards in 19 plays. The drive started off with two good carries, the first by FB Crow who made 9 yards, and then Dwight Gailey made two more. Two carries by Gailey and Crow netted 11 yards to the Memphis 57. Here the Cyclone made six yards in three plays, and Pounds went back to punt. However, just after Pounds got the punt away, while he was still in the air, an over-zealous McLean lad, who was trying to block the kick, hit him and the official threw the red flag. This penalty established a first down and 10 on the McLean 30.

Pounds and Crow put together five and six-yard carries to move the ball to the 19. Gailey made three yards, and Pounds added three more. Then Crow carried for two. Pounds swept end for six more, giving Memphis a first and goal on the four-yard line. Gailey made one yard, Pounds made two, and then Gailey dove over for the score. Dale Sexton place-kicked the extra point, and the score was 7-0.

Memphis kicked off to McLean who took over on their 45. Three plays netted them a first to the Cyclone 40, and the first quarter ended. The Tigers, a very determined team, concentrated most of their carries in the off-tackle areas of the Cyclone defense, moved the ball to the Memphis 26. However, here, four downs netted them only nine yards, and Memphis took over on their 17.

A fumble by a Cyclone back gave McLean the ball on the 19-yard line. This sparked the Tigers on to a touchdown. The quarterback carried over from the eight. A red flag was thrown, but the ruling was off-sides against Memphis, which was refused. Bob Patton place-kicked the extra point, to make the score 7-7.

The Tigers kicked off to Memphis and Bill Pounds returned the ball to the Cyclone 30. Memphis drew an off-sides penalty which created a second and 11 situation. Then HB Gailey hit End Jim Odom down the sideline, and Odom raced to the McLean 27 before being pulled down. But this drive

lost its speed on the next series, due to a 15-yard penalty. On the fourth down, Pounds punted deep into Tiger territory, and Odom slapped the ball down on the McLean one-yard line.

The Cyclone defensive unit held the Tigers to only five yards in three plays, and they punted out. However, Jacky Bridges returned the punt to the McLean 30, setting up the Cyclone's second TD drive.

Four carries, by Crow, Pounds, Gailey and Pounds, moved the ball to the 20. Then, three fine carries by Crow moved the ball to the McLean 6.

With only seconds left on the clock, and dispensing with the huddle, Cyclone Halfback Pounds plunged into the line only to be stopped at the line of scrimmage. Then, FB Crow plunged for a three-yard gain to the three. On the next play, HB Pounds plunged into the end zone for the score. A pass from Gailey to End Bridges netted two more points, and the score was 15-6. The half ended one play later.

Second Half Action

The Tigers kicked off to the Cyclone who took over on their 36. Pounds, Gailey and Crow picked up necessary yardage for a first to the 46. Then, on a half-back dive play, HB Pounds broke into the secondary, sidestepped a defensive halfback and raced 54 yards for the Cyclone's final score of the night. Dale Sexton tried a place-kick for the extra point. However, the ball hit the lower bar of the goal post and bounced back. The score was 21-7.

McLean took over the ball on their 44 after the kickoff. Two carries netted them 17 yards to the Memphis 39, and a 15-yard penalty gave them a first on the Memphis 20. Three good carries took the ball to the Cyclone 4.

Here, the Cyclone got tough, and held McLean for no yardage for two downs. Then McLean was penalized five yards for off-sides. McLean Quarterback Don Woods made three on the third down, and then he passed to HB G. Graham for a score. The place kick was no good, and the score was 21-13.

Memphis received the kickoff, and Crow returned to the 22.

Both teams drew five-yard penalties, and then, on the third down, Gailey passed to End Bridges for 18 yards and a first on the Cyclone 40. Memphis made only six yards on three plays, and Pounds punted to the McLean 19.

With the aid of a 15-yard penalty, and three good carries by Crockett, the Tigers got to the midfield stripe before they had to punt.

Memphis took over on their 26, threw three incomplete passes and Pounds punted on the fourth. McLean took over on the 38, and the third quarter ended following one play.

The Tigers made a first down on the Cyclone 40 following a completed pass. They were held for two downs, and then on the third down, Defensive Linebacker Wayne Sweatt intercepted a McLean pass, and scampered to the Tiger 25 before being tackled. However, the next four downs netted the Cyclone negative yardage, and McLean took over on their 34. They were held, and got off a 12-yard punt, giving Memphis the ball on the McLean 42.

The Cyclone made nine yards to the McLean 33, and went for it on the fourth down. HB Gailey carried and was stopped inches away, and McLean took over.

This started the Tigers' longest scoring drive of the night. They covered 67 yards in 13 plays and had to go for the first on fourth down twice during the drive which paid off. The scoring punch came on a fourth down plunge by Bob Patton. The Tigers passed for two points was wide, and Memphis was on top by a score of 21-19, with only a minute and 38 seconds left in the game.

The Cyclone took over after the kickoff on their 48 when a short kick was fielded by Wayne Sweatt. Memphis went for a first down to the 40, and the clock ran out following a quarterback sneak by Jimmy Sturdevant.

B3R Exhibits Grand Champion Female At Show

The Bradley 3 Ranch exhibited the grand champion female at the "all state" Angus show this week. The show was held in conjunction with the South Texas State Fair in Beaumont.

B3R Marguarite 1173, an early junior yearling, was named junior champion and grand champion of the highly ranked state show. Previously she had been named the reserve grand champion female at the Tri-State Fair in Am-

arillo. Her half-brother, B3R Bandolier 107, in his first outing on the tanbark won first in the early junior yearling bull class.

The highly prized get-of-sire award also went to the Bradleys on their get by their senior herd sire, Bandolier of Orchard Hill 75.

Bill Bradley and herdsman, Richard Stotts, will return home with the cattle late in the week and will begin readying the champion female and bull for the International Livestock Show that will be staged the latter part of November in Chicago.

Mr. and Mrs. Hubert Jones have returned from Denver, Colo., on a business trip.

Mrs. E. Branigan Attends Quivira Council Meet Mon.

Mrs. Elmont Branigan and Michael attended a Quivira Council meeting in Pampa Monday evening at the Fellowship Hall of the First Methodist Church.
"A most interesting meeting was held following group singing, and a delicious meal was served," Mrs. Branigan reported.
Mrs. Vaden Fowler of Borger, Council president, presided over the meeting. Mrs. Fowler announced that one of the senior troops of Borger was planning a trip to Hawaii.

Of most importance to the Memphis Girl Scout program was the passage of the recommendation that all of Hall County be included in the Quivira Council. Mrs. Branigan said. This recommendation came about by a formal application made by the lone troop of Turkey, and carried by a unanimous vote.

The present by-laws of the Council were abolished, and a set of recommended by-laws of the executive board were accepted as those to be used by the Council. A brief report of the Council work was reviewed by Marion Osborne of Pampa, executive director.

Natalie Skelly, senior scout of Pampa, presented slides made at the Girl Scout Round-up, held at Button Bay, Vermont, Niagara Falls and Canada. Special programs were held to celebrate the Golden Anniversary of the Girl Scout program.

A rededication ceremony was led by Mrs. Osborne with the entire group participating. Shirley Hutchinson and Cynthia Holmes, intermediate scouts, and Natalie Skelly served as color guard for the rites.

Approximately 75 adult leaders from the three districts of Quivira Council attended the meeting. Mrs. Branigan acted as delegate from Memphis.

Orders Can Now Be Placed For Cyclone Annuals

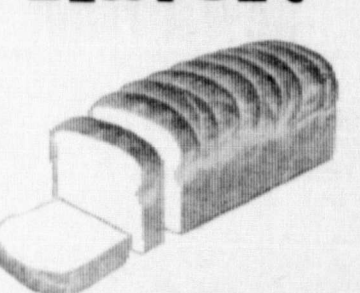

The 1962-63 Cyclone annuals are now on sale, according to an announcement made this week by members of the annual staff.

Those who wish to order an annual may contact Noel Clifton, Paula Gentry or Neva Sue Koeninger.

Miss Koeninger was named editor-in-chief this week after the resignation of Jo Ann Stanley, senior. Miss Koeninger, who had been serving as copy editor, was replaced in that position by Miss Sara Jo Forhall.
Other members of the staff include Noel Clifton, junior, assistant editor; Suetta Lemmon, junior, picture editor; Barbara Hancock, senior, art editor; Jimmy Harrison, junior, photographer; Ronald Pate, sophomore, typist; Paula Gentry, senior, business manager; Carol Voyles, freshman editor; David Douthit, 9th grade editor, and Lometa Pate, 8th grade editor.

Mrs. W. M. Davis, Jr., visited in Childress Tuesday with her mother-in-law, Mrs. Jim Smith. Mrs. Smith, who fell on Sept. 14 and broke her hip, is doing nicely and is now able to be up in a walker.

Greenbelt MIWA Is Supporting Amendment No. 4

Directors of the Greenbelt Municipal and Industrial Water Authority went on record in support of Amendment No. 4 to the Texas Constitution.

Meeting in Childress recently, directors discussed the amendment and its effects toward water conservation and future development of Texas water resources.

Directors voted unanimously to urge all voters to cast their ballots in favor of the amendment.

The amendment, along with 13 others, will be considered by voters at the General Election on Nov. 6.

Amendment 4 would encourage maximum development of water resources in Texas. No new tax requirements are anticipated since funds would come from revenue bonds that have already been approved by the state.

It also gives the state permission to purchase surplus water. Dr. S. H. Townsend, president of the Authority, said, "It is extremely important to the Greenbelt because we will not need all of the water the dam will impound when it is first built and it will help a great deal if the state is given permission to purchase the surplus water."

Carroll Knorpp, director from Clarendon, and Roland Walden, director from Quanah, were appointed by Townsend to study various ways the Authority should seek in financing the Greenbelt project.

Additional core drilling at the dam site is to be done by engineers in preparing final preliminary studies. However, work has been delayed, awaiting permission to gain entrance to the land from landowners.

Estelline Cub Scouts Meet In Nivens Home

Estelline Cub Scouts met Monday, Oct. 26, for an organizational meeting in the home of Mrs. Joe Bob Nivens, den mother.

During the brief business session, Doug Fowler was chosen "denner" for the month of November.

The group will meet every Monday afternoon in the Nivens home.

Popsicles were served to the following Cub Scouts: Doug Fowler, Gary Morrison, Richard Holland, Steve Diggs, Paul Bryant, Jackie Dunn, Huey Lockeby, Terry Longbine and Glen Longbine.

Diverted Acreage May Be Grazed Beginning Nov. 1

Acreage designated as diverted acreage under the 1962 Feed Grain and Wheat Stabilization Program may be grazed effective Nov. 1, 1962, it was announced this week by Lynn L. McKown, ASCS office manager.

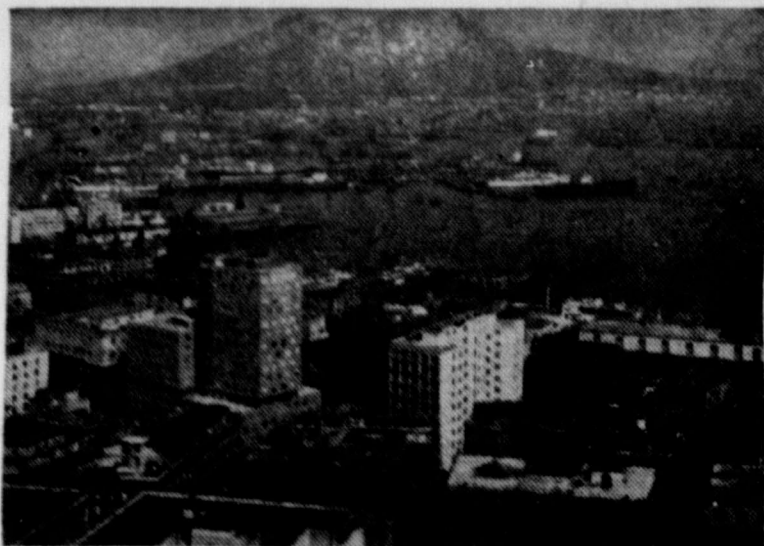

This applies primarily to small grain seeded on diverted acreage for cover or harvest in 1962. Diverted acreage on which grain crops have matured in 1962 cannot be grazed, he said.

The modern girl does not pursue a man; nor a mousetrap a mouse.

Hall County Soil Conservation District News

Next week in the Hall County Conservation District the Soil Conservation Service will be conducting a final field review of the new standard soil survey of Hall County.

The review will be conducted by Earl Blakley, SCS, Childress, Bob Kider and Jim Coover, soil scientists from Temple, Tex. The soil scientists will be checking all of the different soil types in Hall County to see if the soils are named and mapped in accordance with the national survey standards.

The survey is a cooperative one of the Soil Conservation Service and the Extension Service. The purpose of the survey is to get a complete land and soils inventory of each county in the United States. When the survey is completed farmers and ranchers will have access to the results of this information. The information will be written into a county survey report. The report will consist of a soils map of each farm and ranch in the county. All of the soils will be grouped into different capability units and range sites. Also, the report will contain a section on yield estimates of each type of cultivated soils in the county with suggested treatments and managements. One section will be devoted to the agricultural history of the county and the climate and its influence on farming and ranching in this area.

When the survey report is complete, farmers and ranchers may obtain this information from their Congressman in Washington or from the Hall County Soil Conservation District.

LOW COST of Prescribed MEDICINE

An outstanding example of the low cost of prescribed medicine is the prescription used in combating pneumonia. In 1931 the cost of the disease usually exceeded \$400 when all medical costs were considered. Today, with a prescription for antibiotic costing about \$17, the total cost of pneumonia, including the doctor's fee, could be under \$50.

Today colds rarely keep a person from work if treated at the onset. Medicine enables most arthritic patients to go about work with little discomfort. These are but a few examples of progress in the amazing advances in medicine.

Thousands live today because of the greater knowledge medicine and pharmacy have gained. Prescribed drugs are your best buy.

In 1900 the average life expectancy was about 42 years. Today, life expectancy has increased to 67. Yes, 25 years of normal, productive life have been added to the life span of the average American.

The Doctor and the Pharmacist and their colleagues in allied professions have contributed greatly to longer and healthier lives for us... through new drugs, surgical techniques, new diagnostic tests and many other advances.

For example, not so long ago a diabetic faced a two-to-one chance of an early death. Now, he can live a normal life expectancy on a drug whose daily cost is less than the price of a pack of cigarettes.

Consider an epileptic who can now be a productive, self-supporting citizen because medical research has produced a drug costing only pennies a day.

Research finds the many new drugs which have lengthened our life expectancy.

BAYLOR MEETS TEXAS on friendly terms in this picture. Dr. Abner V. McCall, president of Baylor University, is shown shaking hands with John Connally, a former president of the University of Texas student council, and now the Democratic nominee for governor. When Connally appeared before Baylor students recently, Dr. McCall introduced him, saying "I am pleased to give John Connally my personal endorsement for the office he seeks." This blessing from one of Texas' most prominent conservative Democrats set off a wave of student applause.

Sept. Savings Bond Purchase Totals \$9,731

O. L. Helm, chairman of the Hall County Savings Bond Committee, has announced that Savings Bond sales in the county totaled \$9,731.00 during September.

Texas Savings Bond sales for the first nine months of 1962 totaled \$111,734,186. This figure represents 67.7 per cent of the state's 1962 goal of \$165.1 million.

"I have been happy to note that sales of Series E Savings Bonds in the \$25, \$50, \$100 and \$200 denominations continue to rise," Chairman Helm said. "These are the bonds purchased primarily by employees."

Relatives Attend McCormick Funeral

Out-of-town relatives here to attend the funeral of Mrs. M. T. McCormick on Wednesday were: her daughter, Mrs. Billie Reynolds of Pasadena, Calif.; her granddaughter and husband, Mr. and Mrs. R. W. Zumwalt of Shreveport, La.; another granddaughter, Mrs. E. P. Anastasio of Spokane, Wash.; a daughter-in-law, Mrs.

Alma Ford of Tyler; a grandson, Glen Ford of Dallas; Mrs. Helene Pittman of Dallas, and Mr. and Mrs. Harold Vandiver of Amarillo.

Mrs. Alvis Gerlach returned home Monday after spending the past three weeks in Caddo, Okla., with her children, Mr. and Mrs. Jimmy Gerlach and family and Mr. and Mrs. Len Ruyle. While there Mrs. Gerlach accompanied Mr. and Mrs. Ruyle to Fort Leonard Wood, Mo., where they visited with Skipper Hall, who is doing reserve training there with the U. S. Army. Skipper accompanied them and they enjoyed visiting several interesting points in that state. Skipper will complete his training Nov. 17, and plans to enter college in January.

Cotton Moisture Is Good For Quality Indication

At present the only reliable method of checking the quality of cotton on the farm or at the ginning point is grade and staple length. But, according to Beverly G. Reeves, cotton ginning and mechanization specialist, Texas A & M College, the cotton moisture meter can be used as a good indicator of quality.

This device makes it possible to determine the proper time for harvesting and the way to conduct the ginning operation to preserve cotton quality, the specialist said. The moisture content of the cotton fiber when harvested and when in storage prior to ginning and during ginning is definitely correlated with spinning quality.

The fiber strength, the length uniformity of the fibers, and the amount of tangled fibers or neps in the cotton affect its spinning quality, and the fiber moisture level in turn affects these. Research has shown that moisture levels above 8 per cent make more drying necessary in the ginning operation and cotton with excess moisture tends to deteriorate in storage prior to ginning, Reeves stated.

Cotton moisture level is also affected by the amount of trash in the harvested fiber. When trashy cotton is stored for long periods moisture moves from the trash into the cotton, it was explained. Therefore, dry, careful harvesting is needed to produce quality cotton and a moisture meter can help achieve this.

Reeves recommended that farmers buy a moisture meter if their operations justify it, or have the moisture content checked at the gin.

"Take advantage of this aid to quality cotton production, he said.

That Washington Fishbowl

or

Jack Seale vs The Facts

During the current congressional campaign, Republican Jack Seale, the admitted John Birch, and candidate of the John Birch Society, has repeatedly accused Congressman Walter Rogers of voting for a "fish pond" for Washington, D. C. The implication has been that this was some useless trill, and a waste of the taxpayers money.

What Are The Facts?

Editor Tommy Thompson of the Amarillo Globe-Times writes: "I thought Walter Rogers did a proper job of squelching the 'fish bowl' jering on the part of his opponent. Congressman Rogers told the group last week that 'had the opposition investigated the matter it would not have appeared so comical.'"

The bill is for the purpose of authorizing a national fishery center and aquarium for scientific research and development, similar to the soil research center at Bushland.

The purpose of the bill is to help pump some life into our "decaying fish industry." As Walter Rogers explained, "our fishing industry has been going down hill for a long time. Almost one-half of the fish consumed in the U. S. is imported from foreign nations. Our fishing fleet is old and obsolete. Other nations are fishing adjacent to our shores, processing the produce overseas and re-shipping it to us. The national fishery center and aquarium is for the purpose of saving an industry that could mean several billion dollars a year to our national product. It is an investment that will pay for itself and make the nation self-sufficient in obtaining an additional one billion tons of fish that will be needed by 1980."

And, while we are quoting Editor Thompson, here is another interesting paragraph:

The New York Times said in a Washington dateline story that 46 conservative candidates for Congress are receiving assistance in one form or another from the Americans for Constitution Action.

Admiral Morrell, board chairman of the group, said that "publicity might jeopardize the candidates." Texas congressional candidates receiving aid from the ACA group include, John Dowdy, Bruce Alger, Desmond A. Barry, William A. Steger, Edd Foreman, and Jack Seale. The retired admiral told the New York Times that his group had been linked unfairly in the press with the John Birch Society.

Why is Mr. Seale distorting the facts?

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

The Rules Committee has past experience, it is safe to assume that one of the first things the new Congress will do is to change the age-old battle to the membership of the Rules Committee. Some of the lawmakers who knew of the change were enlisting my support before I came home. Nearly every-where I recall the controversy in the House of Representatives will recall the proposed increase in membership of this important committee; a battle that caused a delay of several weeks before the Congress could conduct its business. When the matter had cleared, there were additional members on the committee. The Resolution was adopted applied only to the 87th Congress, however, the new 88th Congress will continue the increase in membership, the Rules Committee will revert to its original composition of 12 members. Although the additional membership did not accomplish what its advocates had counted on, it is expected that a determined effort will be made to convince the Congress that its Rules Committee should have 15 members. Hence, I thought it would be of interest to again discuss the subject in a newsletter to the House of Representatives through committees. The

bills introduced in the Congress by the members on different subject matters are assigned by the Speaker to the respective committee having jurisdiction of the subject matter. These bills are considered by that committee, and, if approved, are referred to the House of Representatives with the recommendation that the bill become law. However, instead of going directly to the House of Representatives, these bills must first pass through the Rules Committee and obtain approval by that Committee for hearing before the House of Representatives. In other words, most bills are not considered by the House unless they pass through the Rules Committee. Prior to the 87th Congress, the Rules Committee consisted of 12 members—8 Democrats and 4 Republicans. If all Members were present and voting, a bill, in order to receive approval to be debated before the House, had to receive at least 7 votes. If a bill received only 6 votes for it and 6 against it, the motion to report the bill failed. During recent years on several highly controversial measures, the division in the Rules Committee had been a tie of 6 and 6. This meant that the highly controversial legislation could not receive a rule to be debated before the House. This is what caused the big hue and cry to change the Rules Committee or the Rules of the House. It was the cause of the caustic and bitter criticism that was directed against Congressman Howard Smith of Virginia and Congressman William Colmer of Mississippi—unfair and unjust criticism, in my opinion, but nevertheless, criticism that formed the basis of the battle against the Rules Committee.

Laugh Of The Week

many varied and diversified interests. The National Congress is supposed to be representative of all of those several interests. It is supposed to pass laws that are fair and just to all of the people. Just as there must be laws for all of the people to live by in fairness and justice to each other, the lawmaking body itself must have rules and regulations in order to properly conduct its business. That is the primary reason for the Committee on Rules in the first place, its jurisdiction including "(a) the rules, joint rules and order of business of the House . . ." Good government requires a sharp division of opinion, sound presentation and expression of all facets of the problem or issue involved and a thorough screening of the proposed final result. This is the process that has made this country great, that has made it strong and will keep it strong. Any policy or process of permitting a simple majority to shove through any and all kinds of laws on emotional dictates or other pressures would soon result in the destruction of any government. There is no doubt that the Rules Committee has on occasion created frustration in the

Granddaughter Of Local Resident Receives Honor

Miss Joybeth Stanley, 15-year-old granddaughter of Mrs. I. T. Hoggatt, 309 N. 11th St., Memphis, was saluted as the "outstanding citizen of Denton, Texas," on Friday, Oct. 26, by the Raney-White Insurance Co. of Denton.

This is a weekly salutation through The Denton Record-Chronicle to a resident of the city. Joybeth was selected upon her election to the presidency of the "Candy Stripper Organization" of Flow Memorial Hospital. This is a volunteer youth organization, and is made up of 30 high school girls who give of their free time assisting in the hospital facility.

Joybeth is a freshman in Denton Junior High School and holds the office of presidency in the Science Club which is an extracurricular club for those students with an interest in science. She plays first chair flute in the Broncho Band, and is active in the youth group of the First Presbyterian Church where her family are members. She is a daughter of Mr. and Mrs. Jasper Stanley, who also have a son, Paul, who is 11 years of age.

W. C. Whitten, Retired Farmer, Buried Here

Funeral services for William Collins Whitten, 72, were held at 2:30 p. m. Sunday, Oct. 21, in the First Baptist Church, Memphis, with Rev. H. H. Hill, pastor of the Lakeview Baptist Church, officiating, assisted by Rev. Fern Miller, pastor.

Mr. Whitten died at his home, 1122 Robertson, Thursday.

Interment was in Fairview Cemetery with services under the direction of Spicer Funeral Home. A retired farmer, Mr. Whitten was born April 3, 1890, in Louisville, Ky.

He was united in marriage to Shirley Audrey Wilhite on July 30, 1908, at Howe, Texas. The family moved to Hall County in 1915.

He was a member of the Baptist Church of Colbert, Okla.

Survivors include his wife, Mrs. W. C. Whitten of Memphis; five daughters, Mrs. Dovie Templeton of Memphis, Veoda Weger of Colbert, Okla., Bertha Herzog of Hereford and Shirley McDowell of Wellton, Ariz., Betty Lou Zeigler of Goldsmith; five sons, Ar-

ected against Congressman Howard Smith of Virginia and Congressman William Colmer of Mississippi—unfair and unjust criticism, in my opinion, but nevertheless, criticism that formed the basis of the battle against the Rules Committee.

In the opinion of the writer the Rules Committee, as previously constituted (i. e. 12 members), is necessary for the proper dispatch of the business of the House of Representatives. It could not and did not thwart the majority rule of the House. There are four ways of bringing a bill before the House of Representatives. The first is through the Rules Committee; the second is by a suspension of the rules which require a two-thirds majority; the third is by a discharge petition which, if signed by a majority of the House of Representatives, will discharge the Committee in which the bill is pending and make the bill a privileged matter before the House; the fourth method would be by following the usual procedure under the rules of the House on Calendar Wednesday.

? - Why Take A Chance - ?

IF YOU BELIEVE:

- Good Government begins at home
- That strong and effective local and state government is the best answer for less Federal control.

Andy Rogers — Your State Senator receiving oath of office as President Pro-Tempore of our Texas Senate. Oath administered by Lt. Gov. Ben Ramsey.

This is the highest office, honor and recognition that can be bestowed upon a Senator by his colleagues. The duties of the office include presiding over the Senate and acting as Lt. Governor and Governor, when one or both are absent from their office or state.

Andy had the honor of serving in each of these capacities.

Andy has ACTED and REPRESENTED

FOR:

- Right to work law.
- Private ownership and control of underground water
- Bill that outlawed Jimmy Hoffa's operations in Texas
- Resolution to PREVENT Red China's admission to U. N.
- More Representation for West Texas
- More competitive free enterprise

AGAINST:

- 80% of new State taxing and spending of last 14 years
- More government and monopoly controls
- Income taxes in Texas
- Deficit spending
- Pari-mutuel race horse gambling

In 1951 Andy (then a member of the House of Representatives) and others achieved the impossible . . . a 50% increase for our area in representation in the Senate. The entire South Plains Panhandle Area had only 2 Senate seats. Redistricting occurred. East Texas lost (1) Senate seat. The South Plains Panhandle area gained this seat — "Our 30th Senatorial District".

ANDY has employed every practical means (often at his own expense) to keep his record and that of your legislature open and available to the public for inspection and judgement.

There has never been any large or responsible group or element who could claim that Andy Rogers has not represented, with vigor and integrity, the principles, ideals and interests of our Senate district, State and Nation.

- 37 Years Old - Democrat
- Wife, 2 daughters, 1 son
- Stock Farming & Businessman
- 7 Years College
- 14 Years Seniority (4 Years in House of Representatives, 10 Years as your State Senator)
