**HOMECOMING QUEEN**—Crowned Friday night at the Memphis-Clarendon football game was Miss Paula Gentry, daughter of Mr. and Mrs. Ross Gentry. Miss Gentry is shown in the center of the picture seated with the bouquet of mums. Attendants shown are on the left, Miss Susan Mothershed, daughter of Mr. and Mrs. Joe Mothershed, and on the right, Miss Carol Smith, daughter of Mr. and Mrs. Clyde Smith. Miss Gentry was crowned with a gold helmet by Captain Dwight Gailey, who escorted her during the pre-game crowning ceremonies. Captain Rex Grisham escorted Miss Mothershed and Captain Jacky Bridges escorted Miss Smith.

## 27 MHS Boys Report For Basketball Workout Tues.

Twenty-seven boys in Memphis High School reported for workouts Tuesday, and drew their equipment as the 1962-63 basketball season got underway for Cyclone athletes.

Basketball Coach Bob Martin said that Memphis has 17 of the 22 boys who came out last year who are back again trying to make the team.

"We have four of the first eight, or six of the first 10 boys back from last season," Coach Martin said.

Starters back from last year are Jacky Bridges, Dwight Gailey, Dale Sexton and Bill Pounds.

The Cyclone A and B cagers will open their season play next Tuesday, Nov. 27, with the first game beginning at 7 p. m. Coach Martin said. The game will be in the local gymnasium and the Cyclone will host Dodson.

Work began Monday on the erection of two glass backboards for the gymnasium, courtesy of the Cyclone Booster Club.

Reporting for workouts Tuesday were: Larry Helm, Donnie Bridges, Jacky Bridges, Dwight Gailey, Dale Sexton, Wayne Lesley, Bill Pounds, James Waites, Keith Graham, Mickey Daugherty, Roy Graham, Jimmie Widener, "Hoot" Jones, Jim Odum, Ronald Pate, Mike Pounds, Paul Carrol, Noel Clifton, Jimmy Harrison, R. B. Spruill, Jerry Moss, Gary Gra-

ham, Randy Brown, Larry Parks, Jay Dunbar, David Dillon and Tony Monzingo.

The concession stand at the gym will be under the management of the Senior Class.

Coach Martin said that at the district meeting Monday night, Memphis got the nod as being the top contender for the championship. He added that this presented a challenge the local cagers have not faced before.

"I just can't find a weak team in the district," the coach said.

Martin stated that the boys will begin working on their wrists and legs to prepare themselves for their first game next Tuesday.

The Cyclone cager schedule will be released next week.

The former Cordelia Shirey, Mrs. Patrick was born Feb. 14, 1877, in Birmingham, Ala. She was united in marriage to John Wade Patrick on Nov. 10, 1903, in Quitman, Tex.

Mrs. Patrick preceded her in death in 1958.

## Early Snow Saturday Stops Harvest Of '62 Cotton Crop

An unusually early snow which contained a water content of one-half inch, fell on Hall County Saturday, and brought the harvest of 1962 cotton crop to a halt.

The snow, which began around dawn Saturday morning and continued until the afternoon, was not accompanied by wind, and most of it melted as soon as it hit the ground.

The unusual aspect of the snow was that it fell in most instances on green leaves, since the county had not received a hard freeze or even a killing frost until the snow fell.

The heaviest frost the county has received occurred Tuesday morning when the temperature plunged to 28 degrees, the coldest recorded temperature of the year, J. J. McMickin, official weather observer, said Wednesday.

**Ginning Slow**  
A report from the 14 county gins Wednesday morning showed that 19,305 bales of cotton had been ginned this year. This is an increase of slightly under 2,000 bales since last Thursday.

Ginners reported Wednesday that only a few bales had been harvested since the snow Saturday; however, they forecast that more strippers will begin tomorrow, if dry weather holds.

**Green Cotton**  
Ginners in the Turkey area reported that there are still a lot of green leaves in their cotton fields, even after the snow and Tuesday's frost. There is still some scattered green leaves in some fields in the Memphis and Estelline areas.

K. E. Voelkel, officer in charge of the Cotton Classing Office in Memphis, Wednesday morning reported that receipts of samples was the heaviest last week.

"We classed 14,514 samples last week," he said.

So far this year, the office has classed 62,233 samples as compared to 126,307 at this time last year.

Mr. Voelkel said the office would be closed Thanksgiving Day but would be open again Friday.

The micronaire readings of the cotton still continues to be high, with 92 per cent reading 3.5 or above, he said.

The staple length is still predominantly 15-16 of an inch, he said, and the grade is just about the same as it was reported last week. There was a 3 per cent decrease in the light spotted bracket and a 3 per cent increase in the spotted bracket, he added. The predominant staple is middling light spotted.

## Winners Are Named In Estelline PTA Talent Show Monday Night

The talent show at Estelline, which was sponsored by the Parent-Teacher Association Monday night, netted about \$83.50. Mrs. Jerrel Rapp reported Tuesday.

The show was divided into four divisions with first place winners selected in each. Donna Sue Eddins served as mistress of ceremony for the evening.

First place division included students from the first through the fourth grades. A miscellaneous program presented by students of Mrs. L. A. Tucker and Mrs. Dewey Britt in the first and second grades was awarded first place.

Second division was made up of students from the fifth through the eighth grades. A skit, "My Name Is Mildred," presented by eighth grade students, was awarded first place in this division.

Mrs. O. F. Myers was director. Honorable mention was given to students of the sixth grade who tied for first place. They presented a musical number.

In the third division, made up of students from the ninth through twelfth grades, a Senior boys' entry won first place. A humorous number, known as the Cheer Leaders and Drummers, the characters were senior boys who were dressed in pep squad skirts and sweaters.

In the fourth division, which was composed of adult talent, first place was awarded to a musical trio composed of Jerrel Rapp, Zipp Durrett and Ted Bruce.

Class Favorites have been recently chosen at the Estelline School, and were presented during the program by Darrell Collins, vice president of the Student Council.

They included: seniors, Linda Kay Bowman and Gene Nelson; juniors, Jo Williams and Larry Moore; sophomores, Nancy Rea and Ronald Mullin; freshmen, Glenda Jo Morrow and Larry Wynn; eighth grade, Cindy Gresham and Gary Walker; and seventh grade, Carolyn Knox and Randy Collins.

Oscar Aguilar pleaded guilty before District Judge Luther Gribble and was put on adult probation for three years in District Court here Monday.

He pleaded guilty to a charge of removing mortgaged property.

Aguilar was returned to Hall County jail two weeks ago by Sheriff W. P. Baten Jr. Sheriff Baten made a trip to Glendale, Ariz., and brought him back for trial.

## Mrs. Wade Patrick Dies Wednesday

Mrs. Wade Patrick, who had resided in Memphis for the past 42 years, died Wednesday morning in a local hospital. Mrs. Patrick resided at 820 Davis St.

Funeral services will be held at 2 p. m. Friday at the First Baptist Church with Rev. Fern Miller, pastor, officiating.

The former Cordelia Shirey, Mrs. Patrick was born Feb. 14, 1877, in Birmingham, Ala. She was united in marriage to John Wade Patrick on Nov. 10, 1903, in Quitman, Tex.

Mrs. Patrick preceded her in death in 1958.

Mrs. Patrick was a member of the First Baptist Church.

Surviving are four daughters, Mrs. Lillie Harper of Memphis, Mrs. W. T. Corley of Lake Charles, La., Mrs. J. B. Mack of Port Arthur, Mrs. Joe Markman of San Benito; four sons, W. T. of Port Arthur, R. T. of Pencil Bluff, Ark., R. S. of Memphis and W. R. of Corpus Christi; 16 grandchildren, 25 great-grandchildren and one great-great-grandchild.

Workers will meet at the American Legion Hall at 4 p. m. Thursday, which will serve as headquarters for the campaign.

Campaign workers will make a house-to-house canvass asking local residents for donations to help carry on Red Cross work.

Several people have already consented to help with the drive, Fowler said. Anyone wishing to assist with the work is asked to contact either Mr. Fowler or Mrs. Coppedge.

## Virginia Browder Is President Of MHS Exes

The Memphis Ex-Students organization met Friday at noon as guests of the local school district, and elected officers for the coming year.

Virginia Browder was elected president of the organization, and David Hudgins was named vice president.

Miss Tony Davis was named secretary-treasurer, and Bill Combs was elected reporter.

Superintendent of Schools W. C. Davis welcomed the exes and extended an invitation for them to attend the pep rally and football game.

No other business was before the organization, so the meeting was adjourned.

Reporting for workouts Tuesday were: Larry Helm, Donnie Bridges, Jacky Bridges, Dwight Gailey, Dale Sexton, Wayne Lesley, Bill Pounds, James Waites, Keith Graham, Mickey Daugherty, Roy Graham, Jimmie Widener, "Hoot" Jones, Jim Odum, Ronald Pate, Mike Pounds, Paul Carrol, Noel Clifton, Jimmy Harrison, R. ### The American Thanksgiving

Residents of Memphis and Hall County will join with citizens all over the United States Thursday (today) to partake of the traditional Thanksgiving Holiday dinner with members of the immediate family and relatives from out-of-town whom they have not seen in several months. The cares of the day will be forgotten. The day will be spent in exchanging small talk about the events in the past by the grown-ups while the children will take advantage of the opportunity to pass the time by playing games with their cousins or friends.

The Pilgrims were joining some strange company when they declared a Thanksgiving celebration in 1621. For the practice of giving thanks for a plentiful harvest goes back almost to the time when man first gave up wandering and hitched himself to a plow. Along the Mediterranean, ancient peoples held festivals at harvest time in honor of a mother goddess. The Seminites called her Astarte, while the Phrygians named her Semele.

The Romans honored Ceres, the goddess of agriculture, in a celebration called the Cerealia, and the Greeks paid tribute to Demeter in secret rites called the Eleusinian Mysteries.

Christianity put an end to many of these festivals, but a pagan-inspired belief in the Corn Mother, or the Mother of Crains, survived among some peasants in the British Isles and Europe. Her spirit was thought to live in the last sheaf of grain left standing in the field.

In Northern England, the last handful of corn was the "girn," and sometimes it was fashioned into a "kirm doll." In Australia it was shaped into a wreath and placed on the head of a girl who became the harvest queen.

During the Middle Ages the most common thanksgiving and harvest festival was held on the Feast of Saint Martin of Tours, or Martinmas, on November 11. People throughout Europe still celebrate the day with feasts and new wine.

The Pilgrims probably became familiar with this celebration when they went to Holland to escape persecution in England, and it may have been the remembrance of this holiday that inspired them to hold a thanksgiving feast after their first prosperous year in the New World.

Since the Pilgrims introduced the day in the New World, it has become a very important day. The first president of the United States, George Washington, at the close of the War of Independence, asked that the day be observed as a thanksgiving for peace, as did President Madison in 1915, after the War of 1812. It was observed annually throughout the New England States, but not nationally until 1863, when President Abraham Lincoln issued a proclamation appointing the last Thursday in November as Thanksgiving Day. Every President since that time has issued the same proclamation each year.

Thanksgiving Day is deeply seated in the history of this nation. It is a time set aside for citizens to take time out from the harvesting of crops, the operation of businesses and other pursuits of life, to give thanks for the blessings of living in a free nation and in a country so richly blessed with natural resources and rich fertile land.

### How Not To Compete

One of the problems facing this country is how to compete in world markets with nations whose wage and other costs are, for the most part, far lower than ours. The expanding European Common Market is one example of the tough competition we are up against.

Yet, in mid-August, the executive council of the AFL-CIO announced a drive to make the 35-hour week general throughout organized industry, with no reduction in take-home pay, and with double-time pay for all additional hours worked.

The reason given for this is unemployment. The labor leaders say that employers would take on more workers in order to avoid heavy overtime penalties.

But what they fail to discuss is the increase in costs that would certainly result, and that would find their way into the swelling prices of U. S. goods in world markets as well as the home market. Thus, our competitive ability would be further weakened. Then there would be reduced demand less unemployment. This would be a classic and tragic example of cutting off one's nose to spite one's face.

### Communist Economics

Throughout the free world, most economies have suffered a mild recession. This is true in the more powerful free world countries, such as the United States, Great Britain and West Germany. The stock markets in each of these countries have somewhat reflected this economic recession.

Extra business they bring in. In New Jersey a service station chain says: "The gimmick is gone in trading stamps; everybody gives them and they don't do anything but cost money."

Less than a third of Colorado's service stations give trading stamps compared with 95 per cent last year. New discount grocery stores cash in on their no-stamp policy by advertising that their prices are as much as 15 per cent under conventional supermarkets which hand out trading stamps.

This may be a trend—maybe not. The habit of getting something for nothing is deeply ingrained in the American tradition. Of course, trading stamps don't actually give something for nothing, because the merchant who gives out the stamps has to pay for them, and the stamps don't come cheap.

In many stores, the annual stamp bill is far more than the profit made on the sale of merchandise and some owners are becoming unhappy as they see the stamp companies getting richer and richer while the profit squeeze on the retailer is getting tighter and tighter.

### Trading Stamps On Decline?

The Wall Street Journal says that trading stamps are losing favor among merchants in some regions.

In the Communist countries, the problem is entirely different but even more acute. The Communist countries face severe shortages of supplies, and the most basic of all supplies — food.

Inside Russia there is a clear indication that Soviet economists are now going through a period of re-regimentation of ideas in Communist economics. It is reported that attention is being given to a proposal that detailed central planning be dropped for most aspects of the Communist industrial operation. In its place would be substituted a system of incentive payments, based upon profits.

As we look at these Soviet proposals, and see them backtracking from their original theories, it could give us some gratification. It would give us more gratification if we could feel they were losing their quest to conquer the rest of the world with their faulty system. We realize as they come to the profit method, their economy will improve and may prove an even formidable competitor in the future than it has in the past.

### 1963 Cyclone Prospects Include Experience, Speed, Less Weight

By Bill Combs

As the 1963 football season is over, football fans are asking what is in store for the 1963 Cyclone squad. The picture, according to several sources, can be summed up in a few words. Next year the Cyclone will have experience, and it will be considerably better than the ball clubs Memphis folded in the past three years.

The Cyclone, who has employed several tactics of running behind the line, will not have big tackles. However, opinion is, that what is lacking in size, it should make up for in speed and experience. The Cyclone loses tackle Carroll, 200 lbs., tackle Carroll, 228 lbs., Guard Rex, 195 lbs., End Jacky, 185 lbs., back Dwight, 180 lbs., and defensive end Wayne Sweatt and Keith Jones.

The 1963 edition of the Memphis Cyclone will prove to be an excellent ball club except for the loss of Bill Pounds, Jerry Lowe, and Mickey Daugherty.

It will be the first time the Cyclone will have speed in the line backfield too.

Experienced backs on the 1963 Cyclone will include: Senior Bill Pounds and Juniors, Jimmy Sturdivant, Toby Crooks, Mike Crow, Bill Whites, Bill Thompson, Don "Foot" Jones and Jack Jones.

Others will include Donny Lebow, both at

center, guards Jerry Lowe and Larry Wynn, tackles Jerry Beasley, Mike Branigan, Johnny Edwards, Mickey Daugherty, B. H. Cook. Ends will include Richard Ellis, Larry Helm, Jimmy Harrison, and Jim Odom. Gary Graham, a sophomore, will also be a good addition in the defensive department.

With an experienced backfield, the Cyclone offense should be improved. However, the Cyclone will have a job of putting together an effective defense for next season.

### Lakeview Cagers Lose Games To Samnorwood Fri.

The Lakeview High School boys and girls lost their second game of the season to Samnorwood last Friday night.

The boys was a scrimmage game, Coach Leon Van Alstine said.

The Lakeview girls lost to the Samnorwood girls, 70-55. A Samnorwood girl was high point scorer with 43 points. Sandy Verden scored 24 points for Lakeview to be their high scoring girl. Karen Clements scored 20 points and Tommie Lou Payne scored 11 points.

Coach Van Alstine said that the Lakeview Jr. High boys defeated the Jr. High boys of Matador while the Jr. High girls lost to Matador. Kerby Hatley was high point boy for Lakeview.

The next basketball game between Lakeview and Hedley teams will be held next Tuesday, Nov.

All interested bowlers this week were invited to attend a meeting here Friday evening, Nov. 23, to form a Mixed Doubles League. The announcement was made Tuesday by Leonard Ashley, owner of the Memphis Bowl.

The meeting will be held at Memphis Bowl, and will start at 8 p. m.

"All persons of this area who are interested in mixed bowling are urged to be present at this meeting," Ashley said.

### Amos Weddel Breaks Foot At Garage Wednesday

Amos Weddel, owner of City Garage, received a broken foot last Wednesday at his garage when a motor fell on it. He was working on the motor when the chain hoist released, allowing it to fall.

His left foot was broken, and is now in a cast. Mrs. Weddel said Tuesday that he is doing fine.

## County Sports

By BILL COMBS

Quite a lot of excitement has sprung up here this week over the 20-6 victory of the local team over Clarendon Friday night. Many of the Clarendon sports fans have said some bitter things about the game, according to reports. However, as I see it, it's not often you see a team trail by six points until eight minutes is left in the last quarter, and then explode for three quick TDs. But this has been the record of the Cyclone's scoring this season. The Memphis team played catch-up ball at Springlake with only a minute left in the game when they scored their last touchdown. It was in the closing minutes of the Canadian game, with the score 14-14 when the Cyclone hit pay dirt with a pass. A passing team is an exciting team to watch, and when you get a team whose ends score almost as much as the backs, then you have a passing team.

Congratulations to you football players who made the All-District teams, or who were given honorable mention.

Lefors and Sunray will play Friday night at Pampa, I am told, in bi-district. Since I wrote sports for Sunray in 1959, I got to know Clarence Whittenburg of Sunray pretty well, so I may find time to go to that game. It should be a good one.

The Cyclone Booster Club is installing new glass backboards in the Memphis gymnasium. The club, under President T. O. Pounds, has done much to further the athletic cause in Memphis for which a vote of thanks is in order. The glass backboards were ex-

pensive, but since most of the schools in the district are playing on glass backboards, this was a very necessary step. As Coach Bob Martin said, it is hard for a team, who is used to playing on the softer wooden boards, to get used to taking rebounds off the harder glass boards since the ball bounces further out on the court.

Basketball is here now. Memphis teams began working out this week as did the Turkey team. The Lakeview and Estelline squads began working out last week. Memphis will play Dodson next Tuesday night here. Estelline will travel to Quail next Tuesday. The two Lakeview teams will host the two teams from Hedley Tuesday.

### Irregular Cotton Costs Farmers Loss Of Money

Farmers lose money each year because of special condition or irregular cotton. Most of these special condition bales that create problems in classing and marketing can either be avoided or corrected, says K. E. Voelkel of the U. S. D. A.'s Cotton Classing Office in Memphis.

As the name implies, a special condition bale is different from an ordinary bale and it requires special attention. In most cases it is necessary to correct these conditions before the farmer can sell his cotton advantageously.

Preparation is the term used to describe the degree of smoothness with which the lint is ginned, and the relative neppiness or nappiness of the ginned lint. Rough and very rough preparation reduces the value of cotton one and two grades respectively.

Gin-out is cotton that shows damage to the fiber to an extent that the value of the cotton is reduced by more than two grades.

Below normal preparation is caused chiefly by ginning green, immature or wet cotton. Farmers should be careful not to harvest when the cotton is not in proper condition. Cotton driers in the gins are not always the solution to ginning this kind of cotton.

Wasty Staple is cotton that has a weak, irregular or immature staple. Any sample that is tested and has a Micronaire reading of 2.6 or lower will be designated "Wasty." For any sample with a

reading of more than 2.6 the classer uses his judgment as to the weakness or irregularity in the staple of the sample.

Mixed-Packed Cotton is cotton in a bale which, in the sample taken therefrom, shows (1) a difference of three or more grades, or (2) a difference of three or more color groups, or a difference in length of staple of one-tenth inch or more.

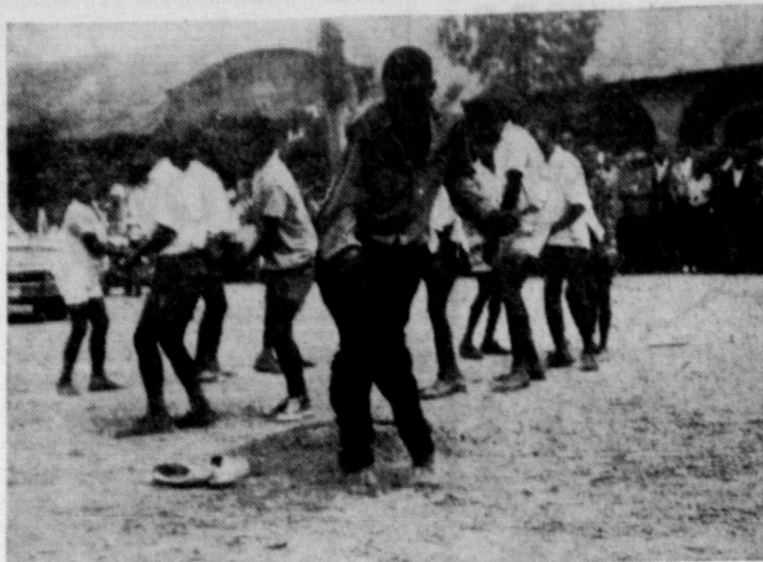

Fire-Damaged Cotton is cotton that has been on fire or damaged by fire or smoke.

Repacked Bale is composed of loose or miscellaneous lots collected and rebaled, or cotton in a bale which is composed of cotton from two or more smaller bales or parts of bales. When a bale is made by combining two or more bales, or parts of bales, the bale will be considered repacked. This includes the so-called "married" bales and light weight bales that have been opened for the purpose of adding cotton.

Reworked Bale is a bale that has been opened after the initial ginning and baling for the purpose of removing a plate of cotton, removing damaged cotton, or reworking or reconditioning the bale in any way.

Small plates of inferior cotton on one side of a bale is very common. These "plates" may be caused in several ways, but the most common is the turning of the gin press too quickly or before the cotton from the bale has been completely ginned out. Any time the last few pounds of lint from the bale ahead is put into the following bale, chances are that a two-sided or plated bale of cotton will result.

When samples from special condition or irregular bales are sub-

mitted to the U. S. D. A.'s Cotton Classing Office, the Form 1 Classification Cards returned to the farmer will show such a condition. These bales may then be reworked by the ginner or warehouse by removing the inferior portion of the bale. Not all bales can be "reworked." They may be damaged beyond repair. Remember, when a bale is reworked cotton cannot be added—only removed.

#### CARD OF THANKS

To say thank you seems such small words to say to all those who came to us in our time of sorrow, at the loss of our beloved husband, father and grandpa. Your visits, telephone calls and words of comfort helped to brighten our hours of sorrow. God bless everyone who had a part in the offering of beautiful flowers and food. We would like to say a special thanks to both Dr. Odom and Dr. Clark and all the staff at Odom Hospital for the tender care given our loved one. Also to Rev. V. C. Sparks and Rev. L. E. Barrett for your words of comfort; to those who sang, your songs and music seemed to bring a rainbow to the sorrow that overshadowed us. Thank you, Mr. Spicer, for the beautiful service rendered to our loved one. Again, may we say God Bless you.

### Report From Washington

By WALTER ROGERS  
Representative, 18th  
Congressional District

**The Farm Decline**  
Revealing facts were made recently by the Department of Agriculture. They were the results of a study that has been developed to show the change that has taken place in rural America. The population, as such, is declining for a number of reasons. Some have said that this is a transition and nothing to be alarmed about. Perhaps this is correct, but I am sure that one of the reasons for the decline of life has been the loss of the family farm. Not alone does the farm constitute the hallmark of rural America and free enterprise and free enterprise produces the food and fiber necessary to sustain its economy but more so because of its integrity, and un-

derstanding that it instills in the boys and girls there brought up. Big cities are fine, but to me the real strength of our nation has always been in the small towns and rural communities where people know each other and one another's problems. It is in these areas that one knows and better understands the workings of nature and the responsibilities that each human being must assume in being as self-sufficient as possible and in lending assistance to others in temporary need.

It seems to me that history records congested areas as fertile fields for socialism, communism, and other ideologies contrary to individualism. Perhaps I am in error, but I think not. If I am correct, and I think history will bear me out, our responsibility would

seem to be to curtail the off-farm migration, and to take such measures as necessary to keep the population spread out; to avoid congestion of human beings and the resulting demands for socialistic practices and measures.

The report to which I refer reflects that there are only five states presently relying on farming for 15 percent or more of their employment. In 1860, there were 31 million people in the United States. Today, there are 188 million. Yet, the farm labor force is no larger now than it was 100 years ago in 1860. Fifty percent of the nation's remaining farms are too small to provide an adequate living for the people living on them. Since 1944 the farm population increased during that period by some 50 million persons, the farm population decreased by some 5 million.

It might be noted that there is a difference between farm America and rural America. There is a total of 5.5 million skilled and semi-skilled blue collar workers living in rural areas, compared with 3.5 million farmers and farm workers. In this connection, it might be pointed out that many of the non-farm rural inhabitants live in close proximity to metropolitan areas in which they find employment. The statistics show a total of 999 counties in this country having no town with more than 2,500 people, and 1,196 counties having no town larger than 10,000. Hence, being a rural American does not by any means refer to a farmer or farm worker. A great number of those counted in the rural population and actually residing in close proximity to the metropolitan areas contribute to the congestion that continues to breed demands for government welfare programs that could prove much more costly than farm programs.

# Thanksgiving Day

1962 . . . We Have So Much To Be Thankful For

Not only the food on our table, but the freedoms of our nation!

Thanksgiving is a day for family gatherings about the festive board . . . a day for turkey and fixins' and pumpkin pie and all the rest. But, above all, Thanksgiving is a day to stop and think about a lot of things that we take for granted the rest of the year. Such things as the blessing of abundance, far beyond the rosiest dreams of our forefathers, who so courageously wrested a foothold in a New World.

Such things as the blessing of freedom . . . for us in this nation not a distant hope, but an ever-present reality. Also the freedom to worship in the church of our choice . . . and to take an active part in selecting those who will represent us in the different facets of our government.

On Thanksgiving Day, let us humbly bow our heads in a prayer of gratitude to Almighty God for all that we have, all that we are, all that we hope to be. Let us reaffirm our faith in our free way of life and solemnly pledge ourselves to preserve it unblemished for the generations still to come.

### Methodist WSCS Meets For Study At Church Monday

The Woman's Society of Christian Service met Monday, Nov. 19, at 3 p. m. in the Methodist Church annex with Mrs. Ed Hutcherson as leader, who attended the annual meeting of the Conference of the Woman's Society in Lubbock last March. The program was based on this meeting. Mrs. M. G. Tarver also attended.

The opening song was the theme hymn, "O Zion Haste," to correlate the theme of the meeting, "To Tell to All the World."

Following Mrs. Hutcherson's introduction, the group joined her in a responsive reading. Then each of the 13 local officers and secretaries of lines of work gave her conference officer's and secretary's report which was given at the annual meeting. Included in the reports was the local business.

Mrs. M. L. Hines, the conference president, closed her message with these thoughts: "Let us be Methodist, Protestant, Christian—above all, Christian in our approach to the ideal of estab-

## B&PW Club Lists Outstanding Student and Woman of Month

Miss Roselyn Williams, a long-time employee of the First National Bank, was chosen as Business and Professional Woman of the Month, and Miss Katie Phillips, Memphis High School senior, was selected as the outstanding Commercial Student for October. The two were named at the regular luncheon meeting of the Business and Professional Women's Club Thursday at noon.

Miss Williams was named by popular vote of the membership by secret ballot, and was presented an engraved disc for a charm bracelet by the club president, Mary Baten. Miss Phillips was introduced by Miss Williams, chairman of the committee to select outstanding students. She, too, was presented with an engraved disc.

### Miss Williams

Miss Williams has been associated with the First National Bank for the past 20 years and has lived in Hall County practically all her life. At present she is serving as assistant cashier.

A charter member of the local Business and Professional Women's Club, Miss Williams served as president during two terms, and has held every office in the club. She was elected to the State B&PW board in 1955-56 as treasurer and again as treasurer in 1956-57. She served as second vice president of Texas Federation of Business and Professional Women's Clubs during 1957-58.

Active in community, church and civic affairs, Miss Williams is a member of the First Baptist Church where she has served in many capacities. At present she is serving as Adult II Sunday School Superintendent.

She helped organize the Hall

County Chapter for Infantile Paralysis, serving on the board for 10 years. For a number of years she has assisted with the Heart and Cancer Drives here as well as other worthwhile community projects.

Members of the club listed the following as some of the qualifications on which Miss Williams was selected as the Outstanding Woman of the Month: Qualified and capable of doing a good job of anything she undertakes. Thoughtful and understanding. She is an outstanding leader in civic affairs and knows how to work for and with people. She is very capable in all capacities concerning B&PW work. She is one on whom everyone can depend for guidance as well as one who does her part of any program.

### Katie Phillips

Daughter of Mr. and Mrs. R. B. Phillips, Katie is a popular member of the senior class. She is an honor student, an active Thespian and an all-around-type of girl.

In recognizing her as the Commercial Student of the Month,

## Mrs. Jack Boney Entertains Ophelia Club Members

The Ophelia Club met Tuesday, Nov. 13, for its regular meeting in the home of Mrs. Jack Boney, Jr.

Mrs. Leon Helm, president, presided over the business session. The club collect was repeated in unison. After the business session, roll call was given on "What I Am Thankful For."

Mrs. Joe Bob Nivens brought the program on "Thanksgiving" by Harriett Beecher Stowe, and concluded with a prayer by Abraham Lincoln.

Delicious refreshments of meat and macaroni salad, crackers, coconut pie, iced tea or coffee were served the following members: Mmes. Gerald Fowler, R. V. Wood, Leon Helm, George Helm, Joe Bob Nivens, Rayford Jones, Joe Kent Eddins, Eddie Braidfoot, Don Ferrel, Billy Joe Rothwell, William Collier, Claudia Welch, Jerrel Rapp, Paul Collins and hostess, Mrs. Boney.

## Sodalitan Class Meets In Home Of Miss Thornton

The Sodalitan Class of the First Baptist Church met in the home of Miss Ruby Thornton Thursday evening, Nov. 15, with Mrs. Clara Pritchett as co-hostess.

Mrs. Ethel Kilpatrick, president, presided during the meeting. Mrs. Frank Ellis led in prayer and Mrs. Melissa Anderson gave the devotional and led in thankful testimonies for the year. Minutes of the previous meeting were read and group captains gave their reports.

The social hour was enjoyed with a "tacky" party.

Refreshments were served to the following members: Mmes. H. Byrd, Nat Bradley, Mary Bownds, Roy Patton, S. A. Ellis, Elmer Gardenhire, Melissa Anderson, G. R. Hanna, Bill Merrell, Ralph Williams, Frank Ellis, Sabra Rice, Katie Parks and Jack Peabody.

## Estelline FHA Girls Entertains With Dad's Night

The FHA girls of Estelline School entertained with a "Daddy Date Night" Monday, Nov. 12.

The meeting opened with the formal opening ceremony. The program consisted of the conferment of the Junior Degree of Achievement to Donna Sue Edrington, Sandra Kay Rogers, Henrietta Ward, Jo Williams, Doanne Fowler, Jo Anne Adcock, Sandra Richburg, Nancy Rea, Darlene Bragg, Shirley Dunlap, Marilyn Way, Shirley Ward and Judy Cruz.

The group then enjoyed refreshments and bingo.

Fathers present were Glen Bowman, Paul Buchanan, Doc Rogers, Albert Ward, Ben Gragg, Rab Holland, Loyd Angell, Bill Diggs, Oscar Lambert, Dick Delaney, Glen Timmons, Dude Helm, Wyman Davis, Thomas Adcock, Joe Eddins, Clinton Richburg, Ernest Rea and Supt. JoEd Cupell.

Miss Williams said, "Katie is a person who carries her share of the load at all times and will carry the load as a leader cooperating with those who may be leaders. She is a fine student who does not push forward. She is a Christian girl and comes from a Christian home."

"The Memphis Business and Professional Women's Club is most happy and proud to recognize her as the Outstanding Commercial Student of Memphis High School for the month of November."

Teachers in the school paid her a nice compliment by saying: "Katie is the type of student we like to see walking down the halls of Memphis High School."

Among guests at the Thursday luncheon were Mrs. Ethel Coleman of Wellington, district director, and Suetta Lemmon.

## Pathfinder's Meet In Home Of Mrs. A. Gidden

The Pathfinder's Council met Tuesday, Nov. 13, in the home of Mrs. A. Gidden.

Mrs. W. F. McElreath, president, presided over the business session. Members responded to roll call with various thoughts on the responsibilities of a citizen. It was brought out that a good citizen has responsibilities to home, community and country and also fellow people of the world. A good citizen today, as never before, must keep himself well informed, it was pointed out.

In recognition of the Thanksgiving season, Mrs. Mary Lou Erwin's meditation consisted of reading the 100th Psalm followed by a short prayer.

Mrs. J. J. McDaniel presented a discussion of Tactical Nuclear Warfare. She explained that although at present the United States must be able to come to the aid of "little nations" in guerilla warfare, this nation tries to be prepared for many eventualities.

Mrs. McDaniel told something about the army Niki-Zeus missile, and the use of small mobile atomic arms. She also discussed missiles of the ICBM range, such as the Atlas, and explained the workings and control of the silo missiles such as the Minute Man and Titan II.

Mrs. McDaniel said that in nuclear warfare the manned bombers and interceptors are not obsolete. Their mobility makes them important since the mobile missiles such as Niki have a short range and their radar operates on a line of sight, and the intermediate and inter-continental range missiles are aimed at a pre-assigned target.

Mrs. W. F. Ritchie told about the U. S. Savannah, the world's first nuclear powered merchant ship. This is one of the most revolutionary vessels since the steamship. Its 20,000 horsepower engine is run by an atomic reactor, Mrs. Ritchie said. The basic plant is the same as those in the atomic submarine. The ship consumes only 125 pounds of uranium 235 fuel in a six-month period while an ordinary ship might consume that many tons in a single day, she continued. At present such a nuclear ship is ex-

## Karen Masterson Is Worthy Advisor Of Rainbow Girls

Mrs. J. E. Masterson of Estelline went to Las Cruces, N. M., recently to attend initiation services for the Order of Rainbow for Girls at which time her granddaughter, Karen, was installed as worthy advisor and her daughter-in-law, Mrs. James Masterson, as the new mother advisor.

The formal initiation was held on Nov. 11 in the Masonic Temple. Mrs. Masterson formerly taught music in the local high school and is known to numerous people here.

Her daughter, Karen, is a senior at Las Cruces High School. She is a cruces representative to the Student Council, treasurer of Girls Athletic Association, concert orchestra string ensemble and gymnastics. She was selected for all-state orchestra during her junior year.

Mr. and Mrs. L. A. Bray returned home Tuesday from Oklahoma. They visited with Mr. Bray's two brothers, D. E. Bray and wife of Ada, Okla., and C. L. Bray and wife at Seminole, Okla.

## Tabor-Morehead Vows Read Friday

Shirley Tabor, daughter of Mr. and Mrs. P. L. Sisk of Lakeview, and Jack Moorehead, son of Mr. and Mrs. A. A. Moorehead of Dumas were united in marriage Friday afternoon, Nov. 16, at 4:30 o'clock in the First Baptist Church in Lakeview with the Rev. H. W. Hill, pastor, officiating.

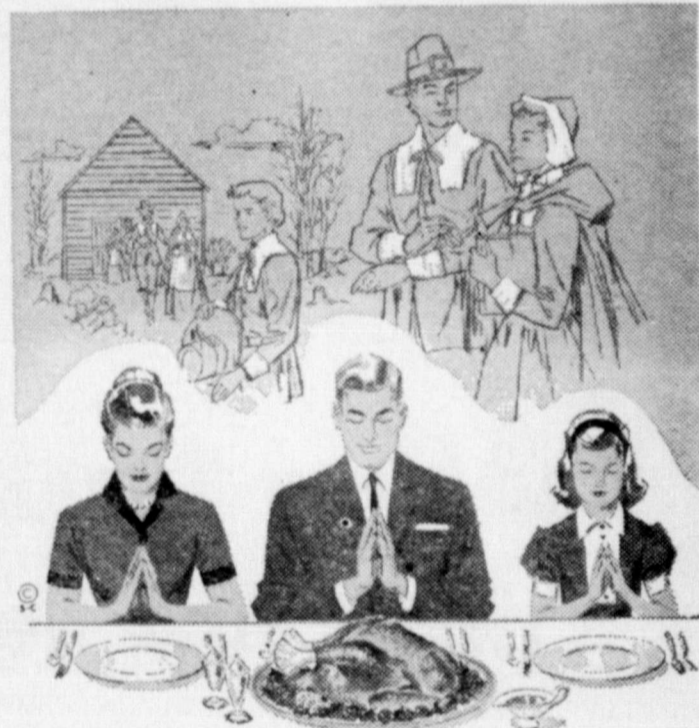

Given in marriage by her stepfather, the bride chose for her wedding a white brocaded jacket dress styled with white fur trim. She wore matching accessories and a corsage of white carnations.

Mrs. Patsy Rickmon served as matron-of-honor. She was attired in a brown dress accented with a corsage of white carnations.

A friend from Dumas served the groom as best man. Immediately following the wedding, the newlyweds left for a wedding trip to Tulsa.

The bride attended the Lakeview School and at the time of her marriage was attending the Fashion Form Beauty School in Amarillo.

The bridegroom attended the Dumas Schools and is employed with the C. R. Anthony Co. in Amarillo.

# Fourth Quarter Rally Gives Local Team 20-6 Victory Over Bronchos

The Memphis Cyclone knocked the Clarendon Bronchos out of a District co-championship and cinched a tie for second place Friday night when the Cyclone's passing game got rolling late in the fourth quarter and the local squad upset the favored Bronchos 20-6.

When the final gun sounded the action on the Cyclone field was not over, because on the last play, the speedy halfback of the Cyclone squad, Toby Crooks had carried over for the Cyclone's final score. With no time left on the clock, QB Jimmy Sturdevant turned what was a fumbled center on a place kick attempt into a 2 point conversion. Dale Sexton threw the key block to spring Sturdevant.

The scoring heroes of the Cyclone team were passer Dwight Gailey who chucked two TD tosses and End Jacky Bridges and Jim Odom, and HB Crooks who scored the last TD and averaged 5.7 yards per carry on 15 carries during the game.

Overcoming mistakes which kept the Cyclone out of pay dirt during the first three quarters of the game, the Cyclone scored three quick TDs in the fourth quarter and staved off a determined Clarendon drive early in the fourth quarter.

Statistics		Memphis	Clarendon
Yards Rushing		82	234
Yards Passing		60	102
Total Yardage		142	336
First Downs		7	21
Int. Passes		4	5
Int. Pass		1	1
Yards Penalized		35	102
Fumbles Lost		2	3
Punt		5 for 34	2 for 25

Toby Crooks was the Cyclone's leading ground gainer and had the best per-carry average for the team. Crooks made 86 yards on 15 carries, averaging 5.7 yards per carry. Dwight Gailey was close behind. Gailey, running out of the fullback slot this game, carried 18 times for 83 yards for a fine average of 4.6. Bill Pounds also made a good showing for himself by carrying 13 times and making 58 yards for a 4.5-yard per carry average. Gailey and Jimmy Sturdevant completed 7 of their 13 passes, two of which were for TDs.

### First Half Play

Memphis received the opening kickoff which went into the end zone and was brought out to the Memphis 20. This started one of the games longest drives. Cyclone backs Crooks, Pounds and Gailey showed their ball carrying ability in finding the holes knocked in the Bronchos defense by Cyclone linemen and moved the ball down the field for four first downs and made the game's first penetration to the Clarendon 18 yardline before the drive was stopped.

Clarendon took over the ball on downs on their 33. The Bronchos ran three plays and

made four yards. On the fourth down they punted to the Memphis 20. A 16-yard punt return by Bridges was nullified by a 15-yard penalty against Memphis setting up a 1-21 situation. The Cyclone stayed on the ground and marched down to the Clarendon 46 before another 15-yard penalty set up a punting situation. Jacky Bridges went back and punted to the Clarendon 33. The Bronchos moved for one first down, and then were stopped, and Memphis took over on downs on their own 45.

The local team moved the ball down the field to the Bronchos 36 before losing the ball on downs.

The Bronchos had the ball for four downs. They punted a 42. Memphis took over on their own 42. Again the Cyclone marched down the field, however, this time the Cyclone lost the ball on a fumble to Clarendon on the Bronchos 23.

However, here, the Bronchos showed their speed when HB John Grady took a screen pass toss from QB Dwight McAnear and raced 54 yards to the Cyclone 23 before being knocked out-of-bounds by Defensive HB Crooks. Five plays later, Wingback Campbell carried over for the Bronchos lone tally. McAnear's place kick was wide, making the score 6-0.

In the closing minutes of the first half, the Cyclone went to the air and began moving the ball, however the half ended before they could threaten.

### Second Half Play

Memphis kicked off to Clarendon and they took over on their own 27. Three downs netted them 6 yards so they punted to the Memphis 36.

The Cyclone was held and punted to the Clarendon 40. A penalty gave Clarendon a first down on the Memphis 45. Two plays netted them one yard, and then, the Bronchos ran a pass pattern that caught the Cyclone defenders off guard, and the Clarendon receiver scampered across the goal-line; however, the officials ruled the Bronchos had an ineligible receiver down field which was costly to the Bronchos. The Cyclone took

over after the punt on their own 15 yardline.

The Cyclone moved for one first down, then was held and Bridges punted to the Clarendon 49.

The Bronchos, determined to put the game on ice, began one of their most determined efforts to score. A 15-yard penalty moved the ball to the Memphis 29. From here, a 17 yard run by Campbell moved the ball to the Memphis 12. Grady carried for 4 yards to the Memphis 8, and then Campbell moved for 2 more to the six. On the third down, the last play in the third quarter, McAnear dropped back for a pass, and in vain, tried to evade the hard rushing line lead by Cyclone Defensive End Dale Sexton and was dropped for an 8-yard loss.

On the fourth down, the Bronchos tried a screen pass, which was complete, but Rex Grisham rose to the challenge and downed the ball carrier four yards shy of the necessary yardage for a first down.

Running from their own six, Bill Pounds carried around left end for 28 yards before he was tackled setting up a first down on the Memphis 34. The Cyclone, after making two yards on the first down, fumbled the ball on the second down and Clarendon recovered.

This time however, the Cyclone defense would not give up a yard so Clarendon punted on the fourth down. The punt went out of bounds on the Memphis 24. This began the Cyclone's first scoring drive.

A five-yard penalty on the first down set up a 1-15-19. A pass from Gailey to End Odom moved the ball to the Memphis 30. Then Dwight Gailey plowed over right tackle for 16 yards to the Memphis 46.

Toby Crooks was trapped behind the line of scrimmage on the next down, however the officials ruled piling on and face guard tackling, so 15 yards were stepped off against Clarendon.

From the Clarendon 41, Pounds carried for one yard, and then Crooks carried on a reverse and scampered 28 yards to the Clarendon 12 before being driven out of bounds.

The Clarendon defense got tough on two plays allowing Cyclone ball carriers only one yard. Gailey carried on an off-tackle power play and made 5 yards to the Clarendon six. On the fourth down, Gailey passed to End Bridges who was open in the end zone for the TD. Dale Sexton's PAC was wide and the score was all tied up, 6-6.

Memphis kicked off to Clarendon, but the receiver fumbled the catch and the hard rushing Cyclone squad recovered the ball on the Clarendon 23. The Cyclone drew a 15-yard holding penalty on the first down, and on the second, they fumbled and Clarendon recovered.

However, on the next down, a Clarendon back was shaken loose from the ball and Memphis recovered on the Clarendon 37.

Gailey made three yards on the first down and threw an incomplete pass on the second, stopping the clock.

On the third down, Gailey passed to Pounds on the screen pass

## End Jacky Bridges Is Cyclone's Leading Scorer With Fifty Points

Cyclone End Jacky Bridges, 195 lb. senior and one of the Tri-Captains of the Cyclone squad, was the leading scorer for the Cyclone this year.

Bridges caught six TD passes, four from Dwight Gailey and two from Jimmy Sturdevant, four two-point pass conversions, and carried one punt back all the way to put 50 points on the scoreboard during the 10-game season. Because of the threat Bridges was on offense, Coach Don Lambert said that almost every ball club Memphis played this season, put two defensive backs on Bridges to guard him.

The Cyclone's second high scorer for the season was HB Bill Pounds, who scored 24 points. Pounds did not play in the first three ball games of the season due to a shoulder injury, however, he did yeoman work late in the season.

The team's quarterbacks, Dwight Gailey and Jimmy Sturdevant, besides being given half credit for tossing the TD passes Bridges caught, scored 12 points and 14 points respectively during the season.

Other Cyclone members scoring during the season were Don Craig,

and Pounds scampered 11 yards to the Clarendon 23 before being tackled.

On the second down, from the 23, Gailey dropped back and passed to End Jim Odom in the end zone. Two Clarendon defenders were covering Odom and one of them deflected the ball, but while Odom was in the air, he wrapped his arms around the ball, in one of the most spectacular catches of the season. For the first time, the Cyclone was out front on the scoreboard. A fake place kick was broken up when Gailey was tackled before he could pass.

The Cyclone kicked off to Clarendon, and their ball carrier, one blocker and one official were all driven out of bounds by Mike Crow on the Clarendon 25.

On the first down, Crow intercepted a Broncho pass giving

Memphis the ball on the Clarendon 47. Off sides penalties, one on each team, set up a second down from the mid field stripe. Then, QB Gailey passed to HB Sturdevant for 24 yards to the Clarendon 25.

QB Gailey with only a minute left on the clock, handed off to End Jacky Bridges on an end around play and Bridges picked up 14 yards to the Clarendon 11.

From here, guard Jerry Lowe made no yards on a hidden ball play. Sturdevant carried for five yards to the Clarendon 6. Then, Bill Pounds carried for three more to the three yardline. Time out was signaled with four seconds left on the clock. Then Toby Crooks carried over for the score. Jimmy Sturdevant carried for the two point conversion, and the score was 20-6.

6, James Waites, 6, Wayne 6, and Toby Crooks 6.

Memphis fans Friday night the Memphis-Clarendon game a real surprise when Odom caught a TD pass fenders all over him. Clarendon doing that all season in. This was not the only Odom has caught this season pass catching ability mental in defeating the "B" team early in the season.

This accounts for 133 points scored by the Cyclone. The points were put on the board by Dale Sexton on place.

The Cyclone scored 293 points to their opponents 293. Cyclone had a four win record for the season with Clarendon, and Memphis second place in district.

The Cyclone's victory ended knocked them out of District Co-Championship since McLean defeated Pirates last Friday night.

### Girl Scout Fund Drive Launched Monday With Kick-off Coffee

A "kick-off" coffee at the Cyclone Drive Inn was held Monday, Nov. 12, for the annual Girl Scout Fund Drive. Approximately 30 workers were present.

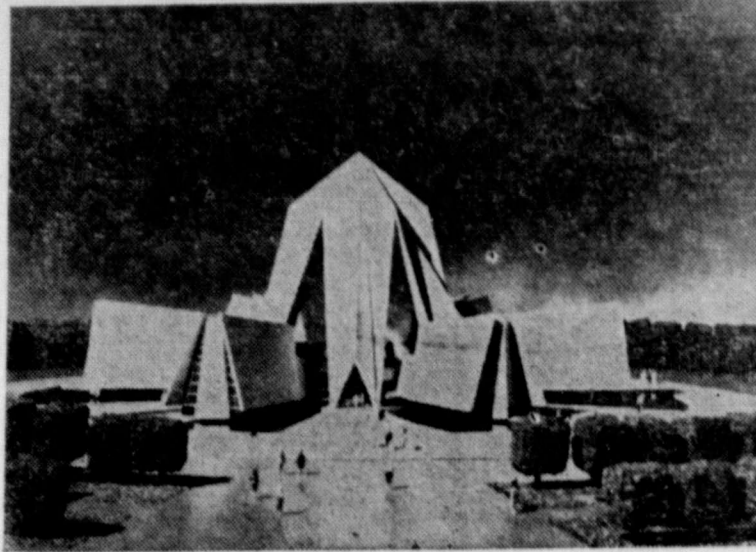

Florida Branigan, Drive chairman, distributed envelopes with name cards and instructions to the following: Charlene Greene, Becky Bruce, Syvilla Lemons, Connie Saye, Mrs. J. D. Evans, Tops Gilreath, Joan Edwards, Wilma Leslie, Louise Howell, Roselyn Williams, Nita Coppedge, Mildred Williams, Billy Foxhall, Marcelaine Johnson, Grayce Aronofsky, Martha Boren, Mary Hanvey, Peggy Williams, Bobbie Pate, Pug Scott, Mrs. W. M. Kilpatrick, Mrs. Lamberson, Jane Taylor, Anne Richards, Ima Lee Gilchrest, Mrs. Faymond Foster, Mrs. Ronald

Wilson, Betty Morgan, Janice Lockhart and Frances Bruce.

Les Sims and J. W. Coppedge are working on the drive, it was announced.

To date, the community has been cooperative in this drive, Mrs. Coppedge said.

At this meeting several leaders stated they have Brownies and young Intermediates who are in need of uniforms. If there may be someone who has outgrown a uniform and would like to let a younger Scout have it, they may contact any of the leaders, according to the announcement.

TEMPLE OF UNDERSTANDING... Artist's conception is of building which is to stand as a symbol of the brotherhood of man and to be constructed in Washington, D. C. if \$5 million fund drive is successful.

### Large Crowd Attend Rebekah Dinner Monday

A large crowd attended the Rebekah's Thanksgiving dinner on Monday evening, members of the organization said Tuesday.

"In fact, it was the largest attendance we have had thus far, and an abundance of food was brought by the membership, the reporter said.

### Hall County Soil Conservation District News

According to the 1960 Bureau of Census report, Texas has 418,000 big game hunters. These hunters spent 2,262,000 man days

hunting for an average of five days per hunter per year. These hunters traveled a total of 125,818,000 miles. At eight cents per mile cost, they spent \$10,065,440 for travel. In addition, they spent \$28,884,000.00 for license, guns, ammunition, eating and lodging. This combines to make a staggering total of \$38,949,440.00 spent annually for big game hunting in Texas.

A Texas farmer has developed the area around a seven acre pond for boating, water skiing, picnicking, fishing and camping on a fee basis. The owner manages and maintains the recreation area in conjunction with his farming operation. Many farm ponds are open to the public in Texas for fishing at a small daily fee.

The need for more is great. There are opportunities for such developments in the Hall County Soil Conservation District. The average American family prefers simple recreational pleasures like swimming and fishing. Elaborate facilities are not needed to meet these preferences. A well stocked fish pond or lake is all that is needed, plus imagination.

Some farmers throughout the state are turning to recreation as an alternate use for cropland. Many have already found recreation to be a new and profitable farm crop. The new farm enterprises range from a few acres to several hundred acres. The crops harvested include fish, ducks, and quail. You as a farmer or rancher in the Hall County Soil Conservation District should look into the possibility of increasing your farm or ranch income with the use of recreation facilities on your farm or ranch.

Mr. and Mrs. Byron Baldwin and Mrs. T. L. Rouse visited in the Quail Community Sunday afternoon in the homes of Mr. and Mrs. Tom Wilson and Mr. and Mrs. Earl Allen.

### Senior Class To Have Concessions At Cager Games

The Memphis High School senior class will have the concession stand at the Memphis basketball games this season, it was announced this week by Class Reporter Marcene Stephens.

The class will work Monday night repairing, painting and cleaning the concession booth, located on the east end of the gymnasium, it was announced.

Offered for sale at the stand will be cokes, coffee, and orange drink, home made sandwiches, cake and pop corn.

Miss Stephens said the class will be divided into five working teams and a tally will be kept on how much each team sells. At the end of the season, the team which sells the most out of the booth will be hosted at a party by the members of the other four teams.

The man at the top is usually someone who has been going to the bottom of things.

*There's "food for thought" in a Thanksgiving Day visit to your house of worship*

Today far too many of us think of Thanksgiving in terms of food and football—overlooking the fact that there is so much more food offered than that which is placed on the family table. For there is much "food for thought" as well.

Thanksgiving is a time to take stock of life's blessings . . . to take a bright-eyed child on your knee and talk to him quietly of things that really matter . . . of his great American heritage and the

promise it holds for him. It's a time to think about your church and offer a prayer and thanks for everything.

True, our lives are far removed from those of the Pilgrim Fathers. We live in the uncertainty of the Atomic Age. Has any one of us so much or so little that he cannot find room or time in his heart for thanks?

Wherever you are . . . whatever your beliefs may be . . . take time to offer your word of thanks.

### Boosters Erect New Backboards At MHS Gym

President T. O. Pounds of the Cyclone Booster Club, other club members and several employees of the Memphis High School have been busy this week erecting two new glass backboards in the Memphis gymnasium.

The two new backboards cost in the vicinity of \$500. One was purchased by the Booster Club and the other by individual supporters.

Due to the increased weight of the new backboards, the supporting frames had to be remodeled and repositioned. One of the backboards is expected to be erected before Thanksgiving Day and the other one erected this weekend.

Pres. Pounds reminded basketball fans in this area that the first home basketball game is next Tuesday night.

"Attendance at home basketball games is very important," he said, "because all the gate receipts for home games stay in Memphis, and are not divided between participating schools, as they are during football season."

### Western Village Food Mart Burns Sunday At Noon

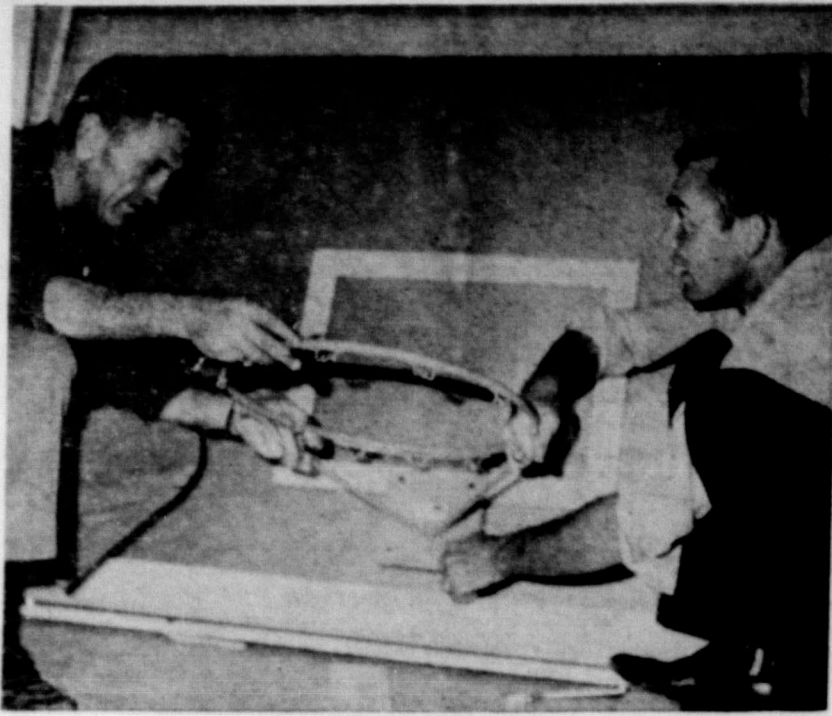

The Memphis Volunteer Fire Department was called at noon Sunday to the Western Village Stop and Shop Food Mart on Highway 287 to extinguish a fire that did considerable damage to the new structure.

The food store is owned by Walter Hicks, who had just returned from church when he was summoned to his store by a telephone call. The fire department had already arrived on the scene when the owner arrived.

Hicks said that the fire, the origin of which has not been determined as yet, damaged the ceiling, rafters, and the back wall of the building, and smoke damage was considerable.

The owner stated that he has not received an estimate of the damage as yet, but it is expected to be high.

The Fire Department was summoned to the scene by a telephone call from Highway 287 Cafe, which is located near the store.

GLASS BACKBOARDS—President T. O. Pounds of the Memphis Booster Club (left) and Basketball Coach Bob Martin (right) are shown above examining one of the two new glass backboards being erected in the Memphis Gymnasium this week. The boards were purchased by the Cyclone Booster Club and supporters of the schools athletic program.

### Senior Play To Be Presented Fri., Nov. 30

"Cheaper by the Dozen," the classic favorite of hosts of Americans, is the play selected by the senior class of the Memphis High School for presentation on Friday evening, Nov. 30, at 7:30 in the high school auditorium.

The heart-warming comedy portrays skits from the lives of the merry, cooperative Gilbreth family, headed by the father, who realizes that "time is important."

Frank Gilbreth, played by Dwight Gailey, and his wife, Lillie, played by Johnnie Lemons, have "teamed up" to rear the most efficient family in the country. Their nine children, played by Wayne Sweatt, Sara Jo Foxhall, Paula Gentry, Betty Young, Mark Phillips, Joe Parker, Randy Robertson, Marilyn Driver, and Jim Reynolds; the housekeeper, played by Nancy Mothershed; the high school yell leader, Donnie Cook, a boy friend, Dale Sexton, the examiner, Jone Ward, and the family doctor, Harvey McMurry, complete the cast. Katie Phillips and Barbara Haynes are

student directors.

The production staff will be: master of ceremonies, Dale Kilgore; stage manager, J. N. Jeffers; stage crew, Rex Grisham, George Miller and Hurshel Wolfe; lighting crew, J. N. Jeffers, Hurshel Wolfe and George Miller; curtain, Rex Grisham; business manager, John Miller; ticket office, Dean Yarbrough and Roy Graham; house manager, Wayland Fronterhouse; floater, Keith Graham; first floor host, David Dillon; first floor hostess, Neva Koeninger; second floor host, Jacky Bridges; second floor hostess, Sandra Hansard; ushers, Jerry Scott, Barbara Hancock, Montie Hartsell, Marcene Stephens, Carol Smith; strike party, Marcene Stephens, Carol Smith, Carole Kennon, Dan Goffinett; posters, Marcene Stephens, Carol Smith; printing of tickets, Sandra Hansard; reserved seat tickets, Suz-Beth Stinson and Carole Kennon; general admission tickets, Cathy Bryant; publicity, Mary Murdock.

Mr. and Mrs. Clyde Grayson, Jr., of Chaddoch, Okla., visited here over the weekend with Mrs. Grayson's parents, Mr. and Mrs. V. S. Reynolds.

### Baptist Churches Holds School Of Missions

Schools of Missions were held the first of the week at churches throughout the Panhandle Baptist Association, Cliff Pedersen, educational director of the First Baptist Church here, said this week.

Churches participating in the School of Missions program were Brice, Lesley, Clarendon, Hedley, Turkey, Estelline, Memphis First Baptist Church, Travis Baptist Church and Lakeview.

The school embraced three phases of mission work: foreign missions, home missions and state missions.

Speakers included James Crane, missionary to Mexico; W. B. McNeely, missionary to Brazil, and Leon Mitchell, missionary to Indonesia.

Speaking on Home Missions were R. H. Cagle of Colorado, M. D. Oats of California and W. K. Wood of Kentucky.

Hoyt Welch, pastor of the First Baptist Church of Phillips, represented state missions as did Rudy Snachez.

The school opened on Sunday and continued through Wednesday night.

Misses Priscilla Wright and Doris Eikner of Amarillo were in Memphis for homecoming and to visit with Priscilla's parents, Mr. and Mrs. Guy Wright.

brown, yellow or red. As it dies, these other colors predominate. Some of the foods, such as sugars, may be trapped in the leaves when this activity ceases. These give rise to additional colors, such as reds, purples and blues. This process adds further hues to leaves and brings about a riot of autumn colors. The effect of leaf fall is to prepare the tree for winter sleep or inactivity. Also, the fallen leaves make a blanket over the ground. As spring comes the leaves decay and put back into the soil some of the nutrients taken up by the roots during the past growing season. Decayed leaves help to make a soft spongy soil which rapidly takes up rain-fall.

Adding to Smith above article, cotton burrs will do the same kind of beneficial work when added to farms.

### Memphis Firms To Be Closed For Thanksgiving

Almost all Memphis firms will be closed for the Thanksgiving holiday Thursday, it was announced this week by Chamber of Commerce officials. Thanksgiving is one of the six recognized holidays in the year.

Also, the Chamber of Commerce announced this week that Christmas lights are being installed and plans are for them to be turned on Thanksgiving night.

## For Those COLD Spots In Your Home—

place a portable **flameless** ELECTRIC HEATER for that cozy warm feeling

Remember those Cold Spots in your home last winter. You just seem to never be comfortable. This year, before winter comes, why don't you eliminate the discomforts of cold spots once and for all, by purchasing a portable "flameless" Electric Heater. Just plug it in and it's warm. Clean heat will give you that good cozy feeling in a jiffy — and so safe that we call it "Baby Safe."

Go see your Electric Appliance Dealer. He has a "flameless" Electric Heater to fit every room in the house.
