City Council Sells Bonds To Memphis FNB Tues.

The Memphis City Council Tuesday night passed an ordinance authorizing the issuance of \$135,000.00 municipal building bonds.

The Council also opened bids on the bonds, and the First National Bank of Memphis outbid by \$2,937.50 five investment firms of Texas, and was awarded purchase of \$135,000.00 bonds. The bonds will be issued for the construction of a new municipal building at the meeting Tuesday.

"We are quite pleased that we were able to pass this savings on to the people of Memphis," T. H. Deaver, president of the bank, stated when results of the bids were announced by the Council. "The people have been good to us, and this is one way of saying thanks."

Mayor H. J. Howell announced that he was well pleased that the effective bond interest rate was slightly less than three and one-half per cent. The exact rate figures at 3.44945 per cent.

"This means that the actual cost of the new municipal building will be considerably less than was anticipated, as the original bond petition called for a rate of four per cent," the mayor said.

Joe Smith, representing First Southwest Company of Dallas, which was recently awarded the contract for sale of the bonds, said that the sale was one of the most successful that he had seen in recent years, and that the actual interest rate was favorable with present low rates in Houston, Dallas and larger cities of Texas.

"This speaks very highly of your community, and the very enviable financial position it is in," he said.

Judge Periman Speaks At Rotarians' Banquet

"The purpose of the Court of Domestic Relations is to handle the great volume of domestic problems," Judge Carl Periman of the Court of Domestic Relations, Amarillo, told an assemblage of Rotarians and Rotary Anns Monday night.

Judge Periman was the principal speaker at the Annual Ladies' Night Banquet of the Memphis

Rotary Club held in the Travis Cafeteria.

Judge Periman, a former resident and lawyer in Memphis, was introduced to the group by Program Chairman R. C. Lemons. Judge Periman told the group that he moved to Memphis 30 years ago and 30 days ago, in February, 1933, and he was fresh out of Law School.

He said he lived in Memphis six years, and during that period, Memphis had 10 lawyers. "It was always my ambition in life to be a Justice of Peace," he said. Periman served 20 years as a member of the FBI.

The Judge, who is a member of the National Council of Juvenile Court Judges, said that his court dealt primarily with divorce cases in which children were involved, also ruling on support of children and custody of children of broken homes. He said that the court handled all juvenile cases in the Amarillo area.

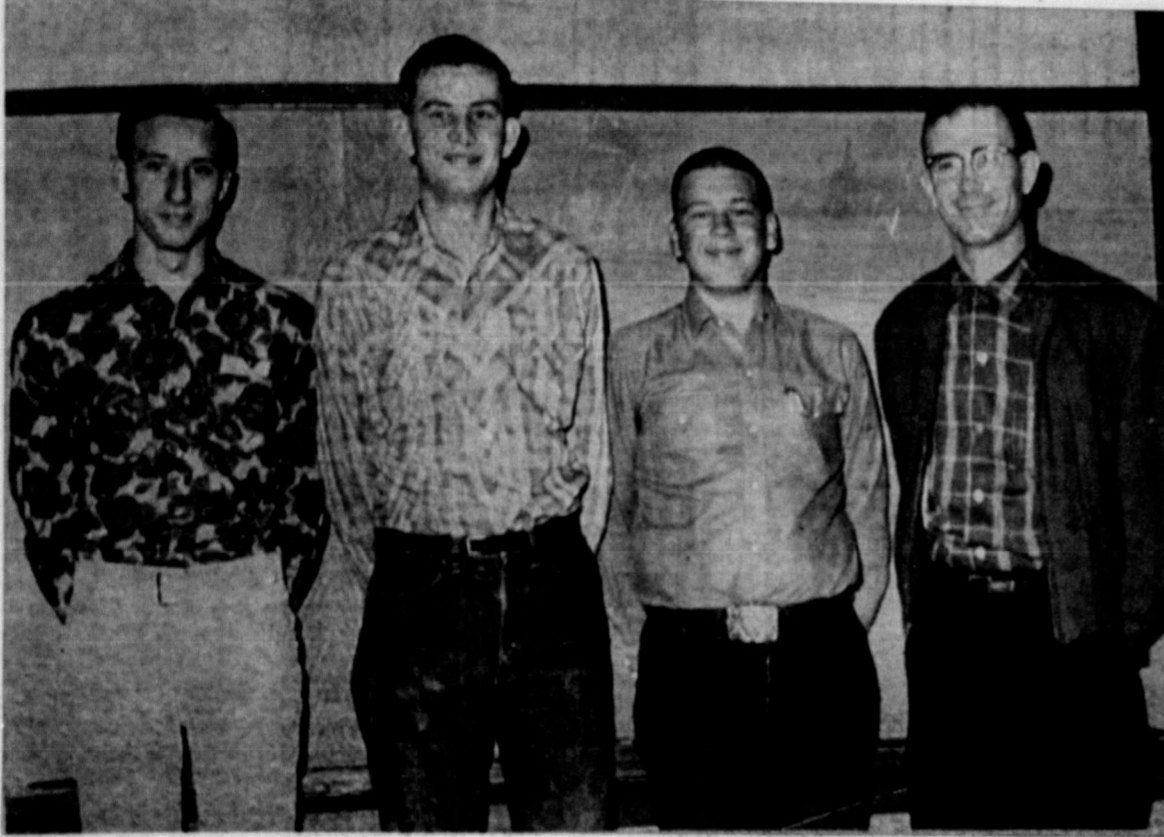

The Judge said that during 1962, he handed down 1,200 judgements. In drawing a comparison, Periman said that in 1952, the court was overseeing child support payments in the amount of \$16,000, and in 1962 the child support payments under the court's jurisdiction amounted to \$349,000.

The Judge said his court was begun by a special act of the State Legislature in 1950, and is one of fifteen in the State of Texas.

Special guests, Mrs. Carl Periman, Mrs. C. W. Kinslow, Mr. and Mrs. W. B. Coursey, Mr. and Mrs. E. E. Cudd, and Mr. Robert Sexauer, were recognized.

Rotary President Jim Beeson gave his vote of appreciation to Rotary Sweetheart Suzanne Sexauer, Mrs. Estelle Barber for the preparation of the meal, Rotary Secretary Marvin Duren and Chairman of Rotary Program Committee, Ed Foxhall.

President-Elect Richard Avery led the group in a dismissal prayer.

Citizens Urged To Lock Cars!

The United States Department of Justice, Federal Bureau of Investigation, this month, asked citizens to take the ignition keys out of their parked automobiles and take the precaution of locking their car doors when they leave their vehicles.

John Edgar Hoover, Chief of FBI, said, "American Automobile owners operate what amounts to a 'Red Carpet' service for car thieves. Perhaps in no other violation does negligence by the victim contribute more to the criminal act than it does to larceny, including auto theft. Much of the time, the thief merely enters the unlocked car, starts the motor with the key found in the ignition, and drives away. It is not surprising, therefore, that the total number of auto thefts in 1962 was nine per cent greater than the 1961 figure."

Here in Hall County, very few cases of auto theft are reported each year to law enforcement officers. Due to this fact, many residents here have gotten into the habit of leaving their vehicles unlocked and the ignition key in the lock. It is a well known fact that habits established, are followed almost without exception.

The locking of Automobiles would help cure one big problem in Hall County and that is theft of personal items from vehicles. This winter, several vehicles were looted of articles of clothing, groceries, and other items left in unattended, unlocked vehicles. Few of these items were ever recovered due to the hard job of identification of the items. Thieves are constantly on the lookout for items with resale value, such as guns, cameras, radios, portable typewriters, musical instruments, etc.

Hoover continued to make his appeal clear by stating that in 1962 an all-time high record of some 350,000 automobiles, valued at \$290 million, were stolen. An alarming percentage of these cars were left with keys in the ignition. For example, two 13-year-old youths recently went on an interstate car-stealing spree, stealing eight motor vehicles in two days. In each instance, the keys had been left in the ignition.

Last year, Hoover said, persons under 25 years of age made up about 86 per cent of all arrests for auto thefts. Significantly, approximately 54 per cent of all persons charged with auto theft were referred to juvenile courts. Who is to say where the major fault lies for these shameful figures involving American youth? What are the causes of such folly? One indisputable fact stands clear. Careless and lazy drivers who fail to properly secure their automobiles are inviting young people to break the law.

Joy rides and neighborhood jaunts by young people in stolen cars are not pranks of restless youth. They are crimes — costly, dangerous and senseless violations. To the law enforcement officers, they represent even more. From experience, he recognizes the problem as a prelude to more violent crimes and the launching of criminal careers.

The ease with which automobiles are stolen is astonishing. To hoodlums and professional gangs, who rely heavily on "hot" cars for their nefarious activities, appropriating a suitable vehicle is considered a very minor phase of otherwise elaborate and complicated criminal schemes. Most veteran bank robbers use stolen cars to aid their escape from crime scenes. Thrill thieves and juvenile gangs which steal cars for stripping and resale of parts are increasing. Car theft rings continue to flourish.

The first step in the solution of any problem is the recognition of its existence. With a little diligence, American automobile owners could strike a great blow for crime prevention. By the simple acts of removing ignition keys and locking unattended cars, an amazing reduction in auto thefts could be realized.

On Brotherhood and Freedom

Abraham Lincoln had a very keen insight into the relationship between brotherhood and freedom. His words, "As I would not be a slave, so I would not be a master," have as much significance today as they did when they were first spoken.

Between these two extremes Lincoln saw the true meaning of freedom and brotherhood. "In giving freedom to the slaves," he said, "we insure freedom to the free — honorablike in what we give and what we preserve." To be a master implies superiority and domination; to be a slave implies degradation and inequality. Both deny the concept of equality and the dignity of man.

One man cannot be free while others around him are in bondage, and if we insist upon denying freedom to another, we must deny it to ourselves to the same degree. If we choose to keep another human being down, we will stay there with him. If we choose to give him a lift, we will lift ourselves as well.

Only when we are able to see this as clearly as Abraham Lincoln saw it will we be able to proclaim to all mankind, as he did, "This nation, under God, shall have a new birth of freedom." Certainly we ought to give ourselves that much of a chance.

What Other Editors Say

TEENAGER DISCUSSES AMERICA'S PROBLEM

The Wheeler Times selects a theme written by a teenager, Bobby Ely, as one worthy of reading. It is reproduced below:

Walt Whitman, a great American poet, once said that one of the greatest evils of freedom is the way we take it for granted and abuse it. As I see it this statement holds very true.

I do not believe that we Americans realize what we are doing when we do take our beloved freedom so lightly. If we did, I believe that we would be less prone to do so.

My generation has never had to fight and die for its liberty as have those in the past. We do not really know anything of strife, hunger and the heavy iron fist of dictatorship. To me, it is hard to imagine how people could begin to disregard the very principle and beliefs for which many of them died to preserve.

Once the wars are over, and peace comes, people are too quick to forget what had to be sacrificed in order that there would be a peaceful world. They get selfish and material minded, and these are the very things which breed turmoil and new conflicts.

The primary trouble with America today is not that it takes its freedom too much for granted, but that it has forgotten all about the basic principles which it claims to hold highest. God and the Church. Freedom today does not seem to be the same word that it was two hundred years ago.

It seems that nowadays all freedom means to people is the guarantee that no one will interfere with the so-called pleasures and luxuries that most of us are so interested in obtaining.

People are so deathly afraid of Communism, and yet nothing is thought of being enslaved by "things" and possessions.

I am not saying that Communism is not a menace because it is by all means, but I am saying that it is not by itself.

I do not believe that Communism would be near the menace it is today if Americans sincerely believed in and lived up to Christian ideals which we profess.

It is my firm belief that unless we Americans wake up to the fact that we are on the wrong road, and that our only hope lies with God, then the freedom which we take for granted, will disappear from the earth.

—The Wheeler Times

... This Is How It Happens

A few days ago the editor received a letter from one of his newspaper's readers and advertisers, a substantial booster of this country.

The letter said its author believed in supporting a newspaper that takes a stand on the issues of the times, but that a recent editorial expression differed so far from his thinking that he, in good conscience, could no longer support this newspaper. He ordered his advertising stopped.

This is a prime example of how freedom of expression and the exchange of frank opinion has all but ceased in the hometown press of America. This is why so few smalltown newspaper editors hazard to express editorial opinion on controversial matters.

They simply cannot afford to irritate and offend advertisers, because there are so few of them left.

It is a sad reflection of the times we are in and of the sincerity of purpose of so many self-proclaimed disciples of press freedom.

It all boils down to one simple fact. Many people approve of freedom of expression so long as it coincides with their own thinking. But once the views expressed become contrary to their own they find that freedom of the press is a burden far too hard and costly to bear.

By this individual's own action he has contributed further to the destruction of a valuable freedom he professes to cherish as if, indeed, it would be possible for one person to see eye to eye with every other person on every issue.

It's like economy. Everybody's for it—especially if it affects somebody else.

Writing thought-provoking editorials is hard work. Trying to achieve peace of mind with some of the things you've felt compelled to put down on paper is not a simple task. Trying to maintain a newspaper in which the community can take pride in the face of rural decline and decay; fighting people who do not really want an editor but a polly-parrot trained to make change, has taken most of the fun out of being a smalltown publisher.

When the time comes that this editor can no longer write how and what he feels about conditions in his own community, without worrying too much about where

the money is coming from to meet the bills, a Golden Era will have come to an end in Gallatin. It is an era which has already ended in far too many communities in this land.

Further, if the time ever comes when a Gallatin editor has to prostitute the principles of freedom of expression to keep advertising in the paper, we hope he chooses to dig ditches.

THIS is the Center of the Southwest.

The Center of the Southwest is our service area. It is called the Center of the Southwest because it is in the very heart of one of the Nation's fastest growing regions. For many months we have been engaged in an extensive expansion program throughout our service area, enlarging both generating capacity and distribution facilities. It is a far-sighted, long-range program based on one simple fact. We are convinced that the Center of the Southwest faces GROWTH UNLIMITED. Current conditions confirm the belief. Population is increasing, more businesses are moving in, new industry is coming our way, natural resources are being developed, bank deposits, spendable income and business construction all are on the way up. That is why we are investing millions to meet the present growth of the Center of the Southwest, and to be prepared for its continued development in the months and years ahead.

Greenbelt District Of RRA Has Monthly Meeting In Estelline

Thirty-four persons were present Tuesday, Feb. 26, in Estelline for the monthly meeting of the Greenbelt District of City Water and Sewage Engineers of the Red River Authority of Texas, Pollution Division. Attending were men from Vernon, Quanah, Estelline, Memphis, Paducah and from other towns in the area.

A chicken dinner was served at the Fina Restaurant sponsored by Paul Buchanan.

C. O. Glenn, pollution officer of the Pollution Division of the Red River Authority of Texas, of Nocona, presented an interesting report of the work being done by the RRA in the control of man-made pollution in the watershed of the Red River.

He explained that the Red River Authority was created by the Acts of the 56th Legislature, in 1959 and comprising parts and all of 36 counties; a watershed of 22,000 square miles with an annual run-off of 2,376,517 acre feet of water. The eastern boundary is Fannin County, and the western boundary of Deaf Smith County.

Mr. Glenn stated that of the 36 counties, 24 of them are oil pro-

ducing counties, and one of the hardest jobs facing the Authority is the checking of the disposal of salt water taken from oil and gas wells.

At the start of the pollution program of the Red River Authority, there were 1,365,000 bbls. of salt water produced with oil and gas from the approximately 35,000 wells within the Red River watershed. Most of this salt water was stored in pits. At present, Glenn said, 96 per cent or approximately 1,359,000 bbls. is now being returned underground into the horizons from which it came, or to underground formations as approved by the Texas Water Commission and the Railroad Commission. This leaves approximately 5,700 bbls. of salt water being pumped into surface pits.

"One of the biggest problems we now face before us is the disposing of salt water through old depleted oil wells. Many of these old wells have casings that were not properly cemented, and with the salt water being pumped into them under high pressure, it escapes around the casing into our fresh water sands," he said. Mr. Glenn told the group that

STUDY OF CONTRASTS . . . Two-faced house in Williamsport, Pa., shows owner at right puts up a brave front but next door, there's no attempt to "keep up with the Joneses."

the Authority was responsible for man-made pollution while the Corps of Engineers was responsible for the natural pollution in Red River, like the Estelline Salt Hole.

Directors for the RRA include: Tom Foley, president, Wichita Falls, John Anderson, vice president, Denison, William A. Bond, Vernon, Dick Fowler, Memphis, Harry Frye, Shamrock, C. O. Glenn, Nocona, Jerry Johnson, secretary-treasurer, Amarillo, Joe Leonard, Jr., Gainesville, and V. E. Dodson, Hereford.

Stephens-Martin Nuptials Are Read In Quail Rites Feb 24

The Quail Church of Christ was the setting for the wedding of Miss Jerri Stephens and Tommie James Martin at three o'clock Sunday afternoon, February 24. Minister Grandol Forehand of Wellington officiated.

The bride is the daughter of Mr. and Mrs. G. T. Stephens of Quail, while the bridegroom's parents are Mr. and Mrs. Howard Martin of Lakeview.

Centering the altar area was an arch of foliage, and behind it a sunburst arrangement of pink gladioli in a pedestal basket. White tapers in wrought iron candelabras were at each side.

Wedding music was provided by Miss Almeda Tidwell, pianist, and Miss Rosemary Horton and Miss Shirley Horton, vocalists.

Mr. Stephens gave his daughter in marriage.

The bride's gown was of imported Chantilly lace over taffeta, made with a round scalloped neckline accented with seed pearls, and sequins, and long tapered sleeves.

The bouffant floor length skirt of lace was caught up at the hem over net ruffles.

Her elbow length veil, edged in lace, was attached to a crown of seed pearls and she carried a bouquet of white carnations on a white Bible.

Miss Barbara Tyler was the maid of honor. She wore a pink satin dress with a fitted bodice and full matching lace coverskirt. A short pink veil was attached to her headband and she carried a bouquet of pink carnations.

James Stephens of Odessa, brother of the bride, was the best man, and ushers were Eddie Poteet of Lubbock and Stevie Miller of Canyon, nephews of the bride. Bylina Miller of Canyon and Rae Nell Martin of Lakeview were the flower girls, while Mike Poteet of Lubbock was ring bearer.

Candles were lighted by Sherry Leigh Stephens of Spearman and Pat Blum of Lakeview. The little girls wore dresses identical to that of the maid of honor.

Mr. and Mrs. Stephens were hosts at the wedding reception held in the home economics cottage of the Quail school.

The bride's table was laid with a hand-crocheted tablecloth over pink, and centered with the bride's bouquet. Mrs. George W. Stephens of Spearman, sister-in-law of the bride, served the wedding cake and Mrs. Lawson Holton poured. Mrs. Freddy Poteet of Lubbock, sister of the bride, registered the guests.

The bride was graduated from Quail high school where she was school queen and received other honors. She attended West Texas State College at Canyon, and Clarendon Junior College.

The bridegroom is a graduate of Lakeview high school.

The couple will make their home near Lakeview, where the bridegroom is farming and is employed by Hall county.

Delta Kappa Gamma Meets In Childress

"Challenging Women in a Changing Social World" was the program theme for the luncheon meeting of Delta Kappa Gamma Chapter of Delta Kappa Gamma on Saturday, March 2, at Gay's Cafe in Childress.

Miss Inez Blankenship of Clarendon, chairman, introduced the program. Miss Bonnie Willis of Wellington, Mrs. Marjorie Bain of Turkey and Miss Margaret McElreath of Memphis presented the program, using material from John Gurboj, public relations representative for Trans World Airways.

"The twentieth century has seen the emergence of two thirds of the world's population from an uncivilized state, making the great leap from the Stone Age to the Space Age in one generation. Isolation, which kept them uncivilized, has ended with modern communication and travel. A hunger and thirst for knowledge is characteristic of the people of the new nations. The challenge to Americans is to sell them on the free world ideas as opposed to those of Communism. Time is running out for us and we must sell hard and fast. These emerging nations hold the fate of the world and we can never go back to the world we once knew," they stated.

Mrs. Velma Weaver of Clarendon, music chairman, led the members in singing Delta Kappa Gamma songs. Miss Inez Blankenship was accompanist.

Mrs. L. C. Sweatt of Wellington, president, conducted the business meeting. The chapter members voted to send subscriptions to "U. S. News and World Report" and "Reader's Digest" as a part of the magazine project of the Philippines project of the committee on Personal Growth and Services. Mrs. Reba Stroehle of Memphis, chairman, stated. It was voted to send gifts to the state hospital in Wichita Falls in April.

Mrs. Brunetta Morris, chairman of the committee on Professional Affairs, was authorized to send a telegram to Senator Andy Rogers expressing the chapter's support of current legislation revising the teacher retirement system.

The next chapter meeting will be held in Wellington on April 6 when future and retired teachers will be honored at a tea. Mrs. Charlotte Word of Clarendon, honorary member of Gamma Kappa Chapter, will present "A Musical Tribute" of her compositions for the piano.

Hostesses from Childress were Mrs. Lola White and Mrs. Lillie Castleberry who used the theme of Texas Independence Day in table and room decorations.

Attending from Hall County were Mrs. Brunetta Morris, Misses Alma Bruce, Esteta McElrath, Margaret McElreath and Zady Belle Walker of Memphis, and Mrs. Marjorie Bain of Turkey.

Mr. and Mrs. R. B. McMurry returned from Wichita Falls Wednesday. Mr. McMurry has been a patient in General Hospital there for the past two weeks, where he underwent surgery. He is doing nicely, Mrs. McMurry said.

Timmons, song leader; and Nancy Rea, pianist.

Darlene Bragg was elected state voting delegate. She and Marilyn May will attend the state meeting in Dallas in the spring.

Mrs. R. Galloway Is Hostess To Pathfinders Wed.

The business meeting was opened by silent prayer followed by the salute to the flag by the president, Mrs. Clyde Smith. The minutes of the previous meeting were read and approved. It was reported that the club voted to donate \$25.00 to the Band Student Fund at the meeting of Feb. 5.

The subject for the afternoon was "Literature." For the program, Mrs. A. Anisman presented Cotton John's picture, "Follow the Bamboo," which was very interesting. The group was taken on a tour of many beautiful places including the gorgeous Hawaiian landscapes and cities; the rice paddies and buffalo in Japan, in India, the Taj Maha; at Bangkok, Thailand, the Temple of Dawn, also the Grand Palace, former palace of the Grand King of Siam. The picture also showed Hong Kong around which the waters were crowded with sampans which housed many, many people. Interesting musical instruments of different countries were also shown.

The scenes of the "Golden Spread" were quite beautiful, members stated. They showed the harvest in full swing with bountiful crops of grain sorghums and cotton. The great contrast was noted between the Golden Spread and the foreign countries shown.

The hostess served a dainty refreshment plate to the following members: Mmes. Reeves, Dickey, Keith, Hays, Stephens, McMurry, Barnes, Hodges, Smith, Wherry, Anisman, McKown, Thompson, Morris and Miss Maud Milam.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

Our Texas Heritage
At this time each year we Texans mark two fateful events in the history of our great State, the Declaration of Texas Independence and the immortal sacrifice of the Alamo defenders. Independence was declared on March 2, 1836, as delegates to a convention to replace the quarrelsome Provisional Government were in the second day of their meeting at Wash-

ington-on-the-Brazos, some 150 miles east of the tiny mission town of San Antonio de Bejar. The delegates were still in session when Col. James Barrett Travis and his heroic band of 183 Texas patriots fell March 6 to the massed onslaught of Santa Anna's Army. The ringing words of the Texas Declaration of Independence have been memorized by generations of Texas school children: "We, there-

Laff Of The Week

"Sorry, Bud—we're closed on Monday nights!"

fore, the delegates, with plenary powers, of the people of Texas, in solemn convention assembled, appealing to a candid world for the necessities of our condition, do hereby resolve and declare that our political connection with the Mexican nation has forever ended, and that the people of Texas do now constitute a free, sovereign and independent Republic . . .

Names on our Panhandle land reflect those glorious days of Texas history. All 28 counties of the 18th Congressional District bear the names of distinguished sons of Texas, men whose sacrifices shall forever earn the respect of their countrymen. As we remember the Alamo again this year, we remember George Washington Cottle, one of the Alamo defenders, who gave his name to Cottle County. As we mark the Independence anniversary, we pay our respects to nine signers of the document whose names were later

to be given to Panhandle counties: George C. Childress, who as committee chairman was the principal author; James Collingsworth, later to become the first chief justice of the Republic of Texas; Dr. Junius William Motley, killed a month later in the Battle of San Jacinto; Samuel P. Carson, secretary of the state for the Republic in the cabinet of the first president, David G. Burnet; Andrew Briscoe, who fought at San Jacinto; and Robert Potter, John S. Roberts, Martin Parmer, and James G. Swisher, four others among the 59 signers of the Declaration. When Collingsworth and Motley Counties were established by an Act of the Legislature Aug. 21, 1876, careless writing of the bill added a letter "g" to James Collingsworth's name and dropped a letter "t" from Motley's. Despite these errors, many residents of Collingsworth County omit the "g" in pronouncing the name of their county and in Motley County you'll never hear a resident call it "Mote-ly," the pronunciation the spelling error might indicate to a newcomer. The proper names live on.

Other counties in the 18th Congressional District are named for men who played important roles in the days of the Republic of Texas. Erastus (Deaf) Smith was commander of Sam Houston's scouts. Commodore Edwin Ward Moore led the Texas Navy. William Beck Ochiltree served in the cabinet of the Republic. Sidney Sherman was an officer with Houston at San Jacinto. Judge Anderson Hutchinson was a district judge in the Republic. Warren D. C. Hall was adjutant general under President Burnet. Henri Castro was a native of France who came to America, established a colony in Southwest Texas, and later served the Republic as consul to Paris. Abner S. Lipscomb was secretary of state under President Lamar. Judge John Hemphill (whose great-great nephew, Robert W. Hemphill, is a colleague of mine as a Member of Congress from South Carolina) was chief justice under the Republic of Texas and U. S. Senator after annexation. These are other men whose names our counties bear: Royal T. Wheeler, chief justice of the Texas Supreme Court in the 1850's; Oliver C. and Rufus Hartley and John M. Hansford and James W. Dallam and Stockton P. Donley, pioneer Texas attorneys all; Gen. Horace Randall, killed in the Civil War; Willis Simpson Oldham, member of the Confederate Senate from Texas. Armstrong County, in the words of the 1876 Act, was named for

"several early Texas pioneers of that name." Peter Gray, for whom my home county was named, was a member of the first Texas legislature.

In 1836, the population of Texas was about 40,000, including Indians. The American armed force that wrested Texas from Mexico numbered the 183 men who died at the Alamo, some 400 men massacred at Goliad, the 783 who triumphed at San Jacinto. There were probably no more than 2,000 other Texans under arms between the Colorado and the Sabine. Against them was a Mexican force numbering 10,000 to 25,000 men. It is no wonder that the victory of Texas is of continuing inspiration to all America.

Now, the population of Texas is more than 10,116,000 persons, according to the July, 1962, estimate of the Census Bureau. And my friend John Lyle, former Congressman from Corpus Christi, points out that Texas people are still outnumbered by Texas cattle. He reports that the Texas Crop and Livestock Service in Austin claims a total of 10.3 million head of cattle in Texas.

Texas history has always been an inspiration to me. I often wonder why it isn't taught in other states.

Highway 287's 'Golden Caravan' Leaves Early Monday From Childress

The "Golden Caravan" of Highway 287 Association left right after breakfast Monday, March 4, from Childress, and traveled down Highway 287 to an end in Biloxi, Miss., on Saturday, March 9.

President Rod Knudtson, Kit Carson, Colo., and members of the board of directors of U. S. Highway 287 Assn., have announced that 1963 is the 50th Anniversary of their organization.

The "Golden Caravan" cars will have signs which will be printed in gold. Chamber of Commerce Manager Clifford Farmer, a past president of the association, stated that approximately four men, including himself attended a dinner meeting at 6 p. m. Sunday at the American Legion Hut in Childress. He said that so far, no one from Memphis has indicated they are going on the South tour.

It is fitting that the 50th Anniversary Caravan leave from Childress, since that was the starting place of the 1913 Highway Caravan, the first caravan of the association. A picture hung in the office of Dr. J. H. Jernigan, which was made in 1913 by Mark Hanna, shows the first Highway Caravan forming in Childress. In the picture is a sign that states: "Colorado to Gulf Highway—Auto Road Along the Denver;" the "Denver" having reference to the Fort Worth & Denver Railroad. Also in the picture is a band from Memphis, known as the "Gold Medal Band."

The association officials decided to have a coin struck for distribution to members along the highway, and 2,500 have been ordered for the same number of miles on Highway 287. The coins will sell for 50 cents each. Also, 100,000 maps will be distributed by the caravan.

When the Caravan goes north, \$2.00 bills will be used as the medium of exchange, and the south tour will use silver dollars,

George Gresham of Clarendon.

Mr. and Mrs. Clyde Collins had a family get-together Sunday. Mr. and Mrs. Doyle Collins of Amarillo, and we surmise perhaps Mr. and Mrs. Archie Collins, also of Amarillo, Estell Collins of Estelline and who else we don't know, but they certainly had a crowd.

Mr. and Mrs. W. D. Stewart and Brenda visited their daughter and family, Mr. and Mrs. Vernon Edwards, in Amarillo Sunday.

which will be encased in folders, stating that this is the association's 50th year of highway promotion.

The association will again pay three cents per mile, one way, from the individual's home if it is along the highway to the final destination, and if the route is completed. This year's Caravan will include people from Northern Montana and Canada.

Visiting recently in the home of Mrs. Nell Curtis of Estelline were Dow Curtis of Rockwall; Mr. and Mrs. Finnis Curtis of Vernon; Mr. and Mrs. J. L. Richburg of Memphis; Mrs. J. H. Wright, Mr. and Mrs. Clinton Richburg and Saunders, Lonnie Richburg, all of Estelline. Mrs. Lura Marcum and Mrs. Cecil Adams called in the afternoon. Mr. and Mrs. Weldon Couch Parnell also visited in the afternoon.

Locals and Personals

Mr. and Mrs. J. M. Saunders and Mrs. Lawrence Kennon shopped in Amarillo Friday of last week and visited with Mrs. Saunders' daughter, Mrs. Earl Robertson, and family.

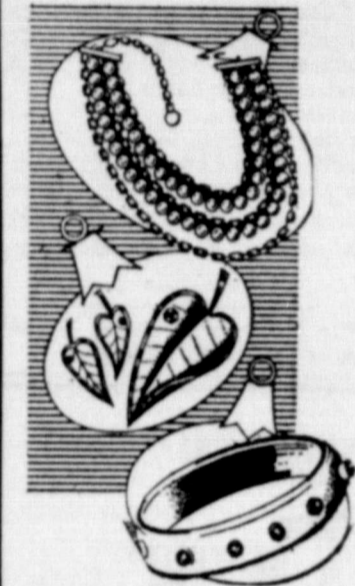

Miss Sondra Stargel and Mr. and Mrs. T. J. Stargel of Oklahoma City, Okla., were guests in the Cecil Stargel home over the weekend. Sondra is a student at Texas Tech College, Lubbock.

Bob Alewine, who is a student at Texas Tech, Lubbock, spent the weekend here visiting with his parents, Mr. and Mrs. Monty Alewine.

The Lakeview girls basketball team under Coach Leon Van Alstine last Thursday night, overcame a first half deficit to defeat the Matador girls team, and walk away with the District 10-B championship. After Matador had won the Round-Robin portion of district play, the Lakeview girls team looked destined to have to settle for second place, however, the Lakeview girls came back in the District Tournament to defeat Matador, forcing the district into a playoff. Lakeview then last Thursday night at Silverton, outplayed the Matador girls to win the district trophy.

But Monday night, the Lakeview girls found the going too rough when they met the Claude girls, a team which is making another bid to go the State Tournament. Claude defeated Lakeview Monday night 52-42 at Tulla in Bi-District.

Coach Don Lambert announced this week that the Memphis Golf team will have their first match against Shamrock at the Memphis Country Club course Thursday afternoon. The Coach said the top four boys have not been selected as yet, and there are a number of boys competing for the positions. The Coach also said he was well pleased so far with the work the track team has been putting out. The squad is going to Gruver Saturday, leaving at around 6 a. m., for their first meet. The mile relay team has been organized and includes Wayne Sweatt, Donnie Bridges, Richard Ellis and James Waites. Looking good on the 100-yard dash has been Jack Stargel and Toby Crooks. An amazing thing about the MHS track team this year is that most of the boys are sophomores. Last Thursday, Memphis, Turkey and Morning-side held a practice meet at Memphis. All three coaches felt the meet was very beneficial. Turkey's Dave Hudnick pole vaulted 11 ft.

"The Case of the Disappearing Rabbits!"

Once Upon A Time...

...pneumonia was treated with serum... and there were 26 varieties of that infection... so one manufacturer of drugs used rabbits to test the serum... in fact he used thousands of rabbits... and he had more rabbit pens than anybody... in fact he had millions of dollars invested in his research...

This manufacturer was going to be the first to develop a serum that would whip pneumonia... But, lo! and behold! somebody discovered the sulfa drugs, a much better way to treat that terrible respiratory disease... and, as a result, thousands of rabbits were unemployed...

The manufacturer wrote off the huge investment in research as one of the hazards of the business and hoped that the next time his company would be the first to come up with the better product. Part of your prescription price paid for the discovery of the sulfas... Aren't You Glad?

Spring Sports Get Underway At MHS

The Memphis High Track Coach Don Lambert announced this week that the local track team will compete in the Gruber Invitational Meet Saturday. The team will leave at around 6 a. m. and return about 10 p. m., the coach said.

"A new thing for us this year," the coach said, "we plan to film the track meet."

The coach explained that they had received a 100-foot roll of motion picture film from a company to try out, and decided to film the local boys running in the Gruber meet.

Coach Lambert said that he felt this will help the boys see some of their mistakes, especially those on the relay teams.

The coach also announced this week that the following boys will compose the mile relay team: Wayne Sweatt, Richard Ellis, Donnie Bridges and James Waites. This will be the team's first track meet.

Coach Lambert also announced that Thursday afternoon the Memphis golf team will host the team from Shamrock at the Memphis Country Club course.

"The boys are still trying out for the top four positions. However, I will select four boys to compete against Shamrock's top four," the coach said.

Coach Bob Martin announced Wednesday that the Memphis tennis team has been unable to find

a suitable day to play matches with several schools which have indicated they want them.

"We will probably begin having matches next week," the coach said.

Martin announced that the district's tennis tournament for A and B teams will be held the first week in April at Wellington. The Junior High tennis tournament is set for the same week in Lefors, he said. This is the same week the district track meet is scheduled.

The Memphis City Council is to be commended for handling the sale of municipal bonds at a very reasonable price and rate of interest. Taxpayers of the city will not have to pay an exorbitant rate of interest in paying off the bonds. Also, the First National Bank of Memphis, by purchasing the bonds and keeping the same in Memphis, thereby eliminating extra handling charges by outsiders, is also to be commended.

At a meeting of the Abilene Lions Club recently, the guest speaker was Dr. Joe C. Humphrey, academic dean of McMurry College. He suggested five things that would contribute something constructive toward the welfare of the nation, the state, the community, and the family, as follows:

1. Do not criticize the nation—acknowledge its achievements, do not destroy faith in America.

2. There is need for everyone to toil, work, save—"there is a future in saying, I do not subscribe to the philosophy that 'The more you spend the more you save'."

3. Search for truth—"seek it out, find it and it shall keep us free. Be objective in your thinking."

4. Pull together. There is need for cooperation at all levels, from the family unit on up to the national unit.

5. Continue to strengthen morals. "This is God's world. It was made by His blueprint. We need to strengthen our spiritual faith; to join hands as a Christian nation" and to strengthen the spiritual foundations upon which the nation was built.

Some kind of organization had pickets at the White House this week asking Jackie Kennedy to start a craze for clothing animals. Since when have animals been considered naked? They are clothed with fur or hair. Adam and Eve had to wear fig leaves, is why people have to wear clothing.

Charley Allen Is Injured In One-Car Wreck

A one-car accident early Tuesday evening on a curve on FM 1041, 10 miles southwest of Memphis (east of Plaska) resulted in serious injuries to the passenger, Charley Allen, and considerable damage to the car, a 1957 Ford, owned and being driven by Panfilo Rodriguez.

Rodriguez was not injured in the accident, which occurred about 6:45 p. m. Highway Patrolman Don Collins, the investigating officer, stated that the car left the highway before entering the curve, hit a highway sign when it got to the curve, went into a broadside skid, then overturned one and a half times, and came to rest on its top.

Allen and Rodriguez were taken to Goodall Hospital in Memphis by Spicer Funeral Home ambulance. Allen was treated for a broken hip, and Wednesday he was flown to Oklahoma City for further treatment.

Patrolman Collins stated Thursday morning that no charges have been brought against Rodriguez.

Two File For Local School Board Positions

Two men have filed for school board positions for the Memphis Independent School District, it was announced Thursday, following the deadline Wednesday.

Dr. Jack L. Rose is seeking election to the school board and Billy J. Hall is seeking re-election to the board. H. E. Craig announced earlier that he would not seek re-election to the board.

Absentee balloting for the April 6 election will begin as soon as the ballots are printed, and will be held in the Hall County and District Clerk's office in the court house.

The election will be held from 8 a. m. until 7 p. m. Saturday, April 6, in the City Hall with Thomas Clayton serving as election judge, and Mrs. Claud Johnson, Mrs. Jack Boone, Mrs. A. H. Miller and Mrs. Lloyd Phillips as clerks.

appointment of a planning committee to work with Evan Roberts, architect, in formulating final plans and specifications for the new municipal building. The committee is composed of Mayor Howell, chairman, Alderman E. E. Roberts, Alderman Pete Shankle, Lloyd Martin, Tony Craig, and Mrs. Roy L. Guthrie.

The committee has met once with the architect, and is scheduled to meet with him again Friday to finalize specifications before the final plans are drawn by the architect firm of Stiles, Roberts and Messersmith of Lubbock.

It is anticipated that actual contract on the construction would be let about May 1. Plans call for the building to be constructed on the city's property, located east of the First Presbyterian Church.

Alderman E. E. Roberts stated that some minor changes have already been made in the plans, especially in the location of certain rooms and offices. Also, he said, the stage portion of the auditorium has been changed.

The Council leased the city's lot on the corner of 9th and Boykin Drive to Claude Ferrel for

T. C. Stevens Returns Home From Amarillo Hospital

T. C. Stevens, who has been receiving medical treatment at Northwest Texas Hospital in Amarillo since Feb. 19, returned home Saturday.

Mr. Stevens, who is nightwatchman at Memphis Compress, was injured in a car-tractor accident last month. The accident occurred on Highway 287. Mr. Stevens was riding a tractor and was en route to the compress from a cotton yard on Grundy Street, when the accident occurred.

The car struck the tractor from the rear, throwing Mr. Stevens off, his wife stated. He received bruises and a neck injury, she added.

The members discussed several other problems, such as the paving of a run-way at the Memphis Air Port, and the possibility of establishing a building code for Memphis. However, no action was taken.

Other business conducted at the meeting was routine, including the receipt of collections for the month.

Memphis Jaycees Elect Gardenhire New President

At a special meeting of the Memphis Jaycees Tuesday night, Carrol Gardenhire was elected president of that organization by the 17 members present.

Other officers elected were Steve Watts, vice president; Joe Bob Browning, inter-club relations; Keith Cunningham, treasurer; Terry Monizgo, parliamentary, and Al Chappell, secretary.

Prior to the election of officers, four men were elected to serve as board members. Elected were Steve Watts, David Duncan, Joe Bob Browning and Carrol Gardenhire.

Holdover directors include: Al Chappell, Keith Cunningham, Neal Hindman and Terry Monizgo.

Other business transacted by the group included the changing of the organization's meeting time from noon Monday to 7:30 p. m. Tuesday night. Members will receive letters this week stating where the next meeting will be held, it was announced.
