Sheriff Neel Charges Ex-Con. With Burglary

Two charges were filed Tuesday against Edward Jack Bezek by Sheriff Elmer Neel after the Sheriff returned from Jasper, Texas, late Monday night.

Bezek was charged with burglary and felony theft of the Hall County tax office in Mem-phis. The burglary took place at noon, Thursday, March 21, and 1936.23 in checks, bills and change and approximately \$50 in postage stamps were taken.

Bezek was picked up by Jasper County Sheriff Saturday and was held on suspicion of the burglary of the Jasper County tax office recently. Several months earlier, he had been released from the Fort Wayne, Ind., state peniten-tiary. Sheriff Neel said he had served time in three state peni-tentiaries and a federal prison.

Following his apprehension, Sheriff Neel and Texas Ranger E. G. (Butch) Albers of Canyon drove to Jasper Sunday to ques-tion Bezek.

When he was apprehended, Bezek had a highway map in his possession which showed circles around 48 Texas towns. The tax offices in five of the 48 towns had been burglarized, Sheriff Neel said.

Neel said that he brought back \$50 worth of stamps, which were taken from the Memphis office.

The charges will be taken before the Hall County Grand Jury April 15, the sheriff stated.

Thompson said.

Rev. Lloyd Hearn, pastor of the Methodist Church at Tell will lead the singing and help with special music.

Voting Is Light In City Election

A light vote of 107 was cast in the Memphis City Election Tuesday.

Ward 3 residents voted 47 to 21 in favor of Olton Pate over James E. Matthews for alderman on the City Council from that ward.

Mayor H. J. Howell was re-elected. He received 85 votes. Two men were named in writes-in for mayor. They were M. C. Allen and Ben Parks who received 3 and 2 votes respectively.

In other ward elections, Allen Dunbar received 19 votes in Ward 1, Elmont Branigan was re-elected with 12 votes from Ward 4, and Ward 2 voters cast 8 ballots for Clenton Srygley to re-elect him.

Tuesday night the City Council canvassed the votes in the election, and reported that 107 persons voted.

Tuesday night, City Attorney Sam Hamilton swore in Mayor Howell, Aldermen Branigan, Pate and Srygley, and City Secretary A. L. Gailey. Alderman-elect Allen Dunbar was not present at the meeting.

The Councilmen discussed sev-eral projects including a paving program, traffic control, and im-provements of the livestock show grounds. Members of the Memphis School Board were present to discuss the show barn project, and plans were discussed but no action was taken.

The Council named Oren Jones, Ottilie Jones and Thomas Clayton to serve as the Equalization Board for the city.

Members then approved the re-ports and ordered bills to be paid.

Mrs. Perry Hale Wins Cotton Contest

Mrs. Perry Hale of Memphis is top winner in the 1962 Cotton Ginning Contest, sponsored by The Memphis Democrat, it was an-nounced this week after official ginning figures were released by the Bureau of Census, Department of Commerce.

Mrs. Hale's guess was 61,512 bales, coming within 79 bales of the official report, which lists Hall County's cotton yield for 1962 at 61,433.

Second place goes to Mrs. M. A. Wiley of Lakeview, whose guess was 61,135 bales.

Third place winner is W. D. Young, who takes the honors with a guess of 61,111 bales.

Mrs. Hale will be awarded a three-year subscription to The Democrat for coming closest to the number of bales produced in the county. The second place win-ner, Mrs. Wiley, will receive a two-year subscription, and Mr. Young will get a one-year sub-scription.

Others listing guesses, who with the top three, comprise the ten closest, are: C. S. Compton, Mem-phis, 61,080; June Kennard, Am-arillo, 61,033; Mrs. B. E. Daven-port, Lakeview, 61,005; Barney Joe Bevers, Lakeview, 61,000; Mrs. Melvin Blum, Memphis, 61,000; Mrs. Bob Douthit, 60,949; Doug Burgess, 61,950.

A total of 270 entries were made in the 1962 contest.

According to the cotton ginning report from the Bureau of Cen-sus, Briscoe County produced 20,032; Childress, 22,899; Collings-worth, 37,680; Donley, 11,766; Motley, 15,906.

The financial statements of condition of the four Hall County banks at the close of business March 18, 1963, revealed that Hall County is in better shape finan-cially than has been reported in many years.

The figures also indicate that the county is in even better shape than it was at the close of busi-ness Dec. 31, 1962. The total as-sets of county banks rose to \$13,625,594.27 as of March 18, while the total assets figure Dec. 31 was \$13,141,378.18, an increase of approximately \$500,000.

To give a two-year comparison, the total assets figure this year is \$3,096,795.63 above the spring figure as reported in March, 1961.

Showing the largest substantial increase is the loans and discounts figures released by the four banks. The March 18 figure climbed to \$7,592,274.86, which is slightly over two million dollars larger than the Dec. 31, 1962, figure, and over four million dollars higher than the March, 1961, figure.

Total deposits in the four banks also showed an increase to \$12,499,163.97, which is approximat-ely \$500,000 higher than the De-cember total. This is also three million dollars higher than the 1961 figure.

The only figure lower than last December's report, was the de-mand deposits total as of March 18, which was \$9,577,146.41. The demand deposits totaled \$10,693,028.50 at the close of 1962.

One of the principal reasons for the better financial report this spring is that many of the far-mers in Hall County sold much of their 1962 cotton after Dec. 31, 1962. Also adding to the increase were the payrolls from building crews working on the Hall Coun-ty Hospital, the Postex Sewing Plant building, the Travis Dis-trict Church auditorium, and the many homes being constructed.

The confidence shown by resi-dents in Hall County is seen in the marked increase in the loans and discounts figures.

The 1963 economic picture so far is one of the best in recent years.

The Truth About Mr. Clark Wood!

Mr. G. J. Parkhill, Jr., chairman of the Crosby County ASC Committee, has written an answer to Mr. Clark Wood's letter and donation to the Republican National Committee. Mr. Wood's letter was well publicized in the daily newspapers throughout this area of Texas.

The background on the issue is that Wood, a rancher, sent a government check for \$13.44 to Senator John Tower, Texas Republican, and asked that it be donated to the GOP committee as a protest against the government agriculture giveaway program. In the letter, he explained the check arrived one day recently out of the clear, Texas sky, unsolicited and unwanted.

In the letter the rancher wondered about the contribution especially since he had previously turned down Agriculture Department requests "to go in on all sorts of conservation programs, telling me how much the government will pay me." Wood said he favored conservation, pointing out that he spent \$13,000 of his own money to kill mesquite on his land to improve the property in 1958. He went on to say that it cost him \$1,500 in attorney's fees to go before the IRS and defend his claim to list this on his tax returns as deductions.

Wood went on to say that by virtue of years of experience he was more capable of determining what is good for his land than a bunch of boys that have learned their ranching and farming out of a book.

In answer to Mr. Wood's letter, Mr. Parkhill, Jr., Crosby County ASC Committee Chairman, stated that he did not take issue with Mr. Clark on the gift to the GOP, however, that it would appear that Mr. Wood has used antics that has "taken in" many of the best newspapers. "It is inconceivable that a person, who owns and operates a farm and ranch containing approximately 14,000 acres, would make a contribution of only \$13.44 to further the efforts of his chosen political party. We feel sure he is gloating over the recognition he has received in the papers for a mere \$13.44," Mr. Parkhill said.

Then, in answer, Mr. Parkhill quoted the records. "The records of the Crosby County ASCs Office indicate that Mr. Wood signed his 'Intention to Participate' in the 1962 Wheat Stabilization Program on Nov. 13, 1961. He signed an 'Application for Final Payment' on Jan. 29, 1963, making claim in the amount of \$13.44 as his share of the payment for reducing the wheat acreage by 3.2 acres. Therefore, from the records, Mr. Wood was entirely wrong when he stated that the check arrived one day recently out of the clear Texas sky, unsolicited and unwanted.

"The records further indicate that Mr. Wood was paid \$350.00 as cost-shares for carrying out the practice of controlling mesquite on 70 acres of his rangeland in 1958. In 1954, \$239.30 was paid in cost-shares for the practice of constructing terraces on cropland. Under the 1956 Emergency Feed Program, in late 1956 and early 1957, Mr. Wood received government assistance in the amount of \$4852.20 toward the purchase of livestock feed.

"Mr. Wood admitted that he wasn't too smart but it's a pretty good bet that he was smart enough to get the publicity he desired for a mere \$13.44 and kept the \$5441.50 for his own benefit," Mr. Parkhill stated.

"We know of no one representing the ASCs who has visited Mr. Wood's ranch to tell him how to handle cattle and cannot believe anyone from another agency has done so. It is pathetic to read that Mr. Wood believes he has learned everything there is to know concerning the care of his land by virtue of his years of experience and resents all advice offered by trained college USDA technicians. Their training and education is for naught as far as Mr. Wood is concerned," Mr. Parkhill said.

It is apparent that both men took different sides in their political point of view. One, however, used common sense and good judgment, the other uses a selfish motive for his action. It is always advisable to know the facts in a matter before forming and voicing an opinion. We feel Mr. Parkhill is justified in his criticism of Mr. Wood's stand in this issue.

What Other Editors Say

Who's Afraid of a Bigger Vote?

Who is afraid of bigger voter turnout? Thousands of Texans are deprived of their right to vote in local, state and national elections by the present outmoded voter qualification laws which limits the time for voter qualification to four months, ending January 31.

This arbitrary deadline is one of the biggest obstacles to voting participation still being effected by any state, including others having the poll tax. It is usually months ahead of any election. The average voter, not being election-conscious at this time of the year, is inclined to put off registering until the last minute and, too often, lets that "last minute" slip by and loses his right to vote.

A year-round system where the voter registers only once and re-registers by voting, is the subject of a bill now in subcommittees of the State Legislature. Sponsored by Senator Franklin Spears and Representatives Malcolm McGregor, Bob Eckhardt, Ronald Bridges and Travis A. Peeler, the bill is an attempt to modernize the state's voter registration. The poll tax would be repealed also to put the bill into effect.

The bill would make it possible for a voter to register once and remain on the registration list as long as he resides in the same county and votes at least once during a four year period.

States using this re-registration by voting system show a definite increase in the size of the vote. Texas ranks 44th in the nation in percentage of people over 21 years old voting in the last presidential election.

Not Buried—But Bored

It is astonishing how often the word "boredom" pops up in efforts to get at the ills of our scientific-industrial society.

Educators say the school dropouts are bored.

Specialists say boredom is a big factor in juveniles' search for "kicks", a quest that sometimes leads them into crime so vicious that it staggers veteran criminologists.

Scholar Erich Fromm comes along now and says it may be that 20th-century man has helped to construct a civilization whose crucial elements largely bore him to tears.

Countless factory and office workers find little interest in their work, which often is so beautifully organized and routinized that the juices are squeezed out of it.

Untold numbers of Americans are dulled, if not irritated, by tedious hours of commuting by rail, bus or bumper-to-bumper private car.

All this is not a new problem, except perhaps in magnitude. Many people feel they make no personal imprint on life. They are engulfed, bowled along like chips in a millrace. There is little they can conquer.

The experts on life adjustment tell them, and their youngsters, to get busy beyond the school ground or the office. Develop a hobby, take a trip, engage in some enterprise, create something.

For some people this works. But for many it does not. They cannot quite reconcile themselves to the tedium of working and getting to and from work. It takes too big a slice of their day.

Efforts to stir interest in active, creative sidelines seem to many a patch on life that does not stick.

So, as the kids seek "kicks," the adults chase excitements. They collect experiences, to offset the dullness and fill out the day. They move about just for the sake of moving. They congregate for dinners and parties, at which food and drink abound. They stare transfixed at a television screen rerunning last year's excitements.

It is no wonder some of the sturdier and more energetic plunge into politics. There a man conquers, gets a grip on something solid—power. He can make an imprint. Reward is personal.

The question is big. Have we gone far toward removing the drudgery from scratching a living on this earth, only to leave man without the hard stimulus, the test of soul, which that effort provided? Have we mechanized and automated ourselves into a condition of physical and mental freedom that we don't know how to use?

We'd better turn up some answers. The hobbies and vacation spins are not enough. It is work, with the hands, and the brain, that must be creative—and fully challenging. Today too little of it is.

A Success Story!

The 15-year-old youngster stood sheepishly before the headmaster of a Munich school who was "reading the riot act" to him. The boy was soundly censured for lack of interest in his studies and was asked to leave school.

"Your presence in the class destroys the respect of the students," the headmaster said.

The youngster, who felt he had a bent toward mathematics, took an examination to enter the Swiss Federal Polytechnic School in Zurich, but he failed to pass.

He entered another school, finished his training, and then hopeful of becoming a teacher—applied for an assistantship at the

Polytechnic.

Again he was rejected.

He finally secured a position as a tutor for boys in a Zurich boarding house, but soon he was fired from that job. Finally, through political contacts of his family, he managed to obtain a job in the patent office in Bern.

The man who compiled this string of failures was none other than Albert Einstein.

HOOT! MON!

Your Prescription is still your **Best Bargain**

Some people say prescription prices are too high . . .

It may seem they are too high . . . but not after a careful study of the facts. In the 'forties the price of penicillin was high, but only because it was little more than laboratory curiosity. All the penicillin made those days would treat only a few hundred persons.

Now look at the price of penicillin! Since its discovery it has dropped 99 per cent in price . . . and, because of better research and production, enough is produced yearly to treat 570-million patients.

Millions of Americans are alive today who might have died of tuberculosis, influenza, appendicitis and many other afflictions were it not for the sulfas, antibiotics and other "wonder drugs" that came after years of costly research.

What price should we put on the lives of these living Americans? Can we guess the value of just their economic contribution alone which would otherwise have been lost? Was it the life of a loved one saved? How much is 25 more years of life expectancy worth to you because of pharmaceutical research? Answer these questions and you will find **YOUR PRESCRIPTION IS STILL YOUR BEST BARGAIN!**

dustrial production, economics and military needs. In my judgement, no Secretary of Defense during my tenure as Your Congressman has discharged his duties as capably as has Secretary McNamara.

The losing bidder in the TFX case, Boeing Aircraft Corporation, has an outstanding record in designing and manufacturing nuclear-age aircraft and weapons systems. Boeing's major error came in its failure to meet the TFX requirements that General Dynamics met well—the requirements set by Secretary McNamara for a tactical fighter aircraft that would serve both the Air Force and Navy. As could be expected, many uniformed officers in the two services favored the Boeing designs because Boeing, in effect, designed two planes—one for the Air Force and one for the Navy. Secretary McNamara sought a single-design aircraft, one that he estimates will save the taxpayers \$1 billion, one that will meet the nation's defense needs for years to come. It is the Defense Secretary's job to see that our defenses are maintained in proper balance. Too often, military leaders become locked blindly in positions that would be of advantage only to their single service, not to the general needs of

the defense establishment. Too often, they do not give sufficient weight to costs involved.

Too much is being made of the fact that the TFX contract went to a firm that will build the plane, in Texas, in Fort Worth. Employment at the Convair plant in Fort Worth will about double to approximately 15,000 workers. But building modern aircraft is a highly complex manufacturing job and thousands of component parts are needed from suppliers far from the assembly point. When the Convair people at Fort Worth built the B-36 bomber, items for the plane were manufactured in some 40 of the then 48 states. Convair's TFX subcontracts will be similarly diversified. Had Boeing won the

job for its plant at Wichita, it too would have spread subcontracts across the nation.

We in the Panhandle have a special interest in the TFX, which the Air Force will designate the F-111 if and when it is approved for full production. I have every reason to believe that the Technical Training School at Amarillo Air Force Base will be assigned the mission of training mechanics and technicians needed to service the new aircraft. This would be in line with the present mission at the Amarillo base.

Washington Notes:

At this writing, twenty-seven state legislatures have ratified the anti-poll tax amendment. The 87th Congress submitted it to the states last August, and thirty-eight states must ratify it before it can become the Twenty-Fourth Amendment to the U. S. Constitution. It would cancel the requirement of five states, including Texas, that voters pay a poll tax or other tax before voting for President, Vice President, electors for President or Vice President or for Senators or Representatives in Congress. It is quite possible that ratification will be completed this year so that poll taxes won't be required in 1964 elections.

I was aware, as President Kennedy noted in a recent speech in Chicago, that "the crest of the postwar baby flood has swept through our elementary and secondary schools and is now about to engulf the labor force." But the statistics supporting the point are startling: Last year, 2.8 million young Americans reached the age of 16. In the 1960's, 26 million new young workers will enter the labor market. Workers under the age of 25 now constitute more than one-third of our unemployed—although they number less than one-fifth of the labor force. Urge young people you know to stay in school until they are properly trained; the jobless rate is highest among the unskilled.

A resolution introduced in the Congress would set terms of office for Members of the House at four years instead of two years. It's true that the two-year term places a heavy responsibility on Members, some of whom have little opportunity to make a real legislative contribution before their service ends. But I can't support this resolution to amend the Constitution and lengthen the term, and I doubt that very many of my House colleagues will vote for it. Members of the House are close to the people in their districts; they must remain close, and responsive to the will of the people they represent. It is proper that voters have the opportunity every two years to appraise the records of their representatives.

MHS Band Is Awarded Two Division I Ratings

The Memphis High School Band participated in the Band Festival in Borger on Tuesday, April 2, according to Bill Bradley, director.

The band received a Division I in concert and a Division I in sight-reading. The winning of a first division in both sight-reading and concert entitled the band to a special award.

Only four bands out of the 29 entered received the special award. Other than Memphis, these were Perryton, Robert E. Lee Junior High of Pampa and Pampa High School.

Memphis was the only Class A School to receive a Division I in concert, Director Bradley said.

Concert numbers presented by the band were: the march, "Diamond Jim" by Everett Maxwell; "Thendara Overture" by Whitney; and "Overture for Winds" by Carter.

Concert judges were Bill Dean, Odessa High School; Gene Smith,

Denver City High School; and Dean Killion, Texas Tech. Sight-reading judge was Chief Davidson of Plainview High School.

The Memphis Band will participate in the Interscholastic League Contest which will be held April 24th in Canyon.

1913 Study Club and Guests Enjoy Film on Africa Safari

Members of the 1913 Study Club and their guests were highly entertained at the Memphis County Club house the evening of March 26 when Mr. and Mrs. Ralph Wheeler from Edmondson showed a film of their tour through Africa.

Acting as the hostesses, Meses. Bray Cook and Richard Avery assisted by the social committee served a delicious dinner to the guests soon after arrival.

Amid a setting of potted palms, wild (paper) animals, and tinkling fountains, the diners enjoyed the food and fellowship of friends. Before the tables were cleared away, the chairs arranged for a vantage view of the Wheeler's film strip.

Mr. and Mrs. Wheeler, now considered "seasoned travelers," have been members of Cotton John Smith's tours to Alaska, Hawaii, and around the world. Also, they have made trips to Africa and hope to return there in the near future. Mr. Wheeler, equipped with the finest camera and an eye for a perfect "shot," is a "shutter-bug" par excellence. . . . nor does he fall far short of being expert as a narrator.

His colored movie of the country, the people, and their way of life was beautiful and enlightening for the audience each of whom felt, when the picture was finished, as if he and she had actually been on an African safari. The magnificent Victoria Falls, the wild animals roaming at will, the regal Watutsi natives, the market places humming with activity,

and the snow-capped mountain peaks held the viewers spell bound for some forty minutes.

Monday, April 1, Is Meeting Date For WSCS

The Woman's Society of Christian Service met Monday, April 1, at 3 p.m. in the Methodist Church Annex to complete the study on "Dimensions of Prayer" by Douglas V. Steere.

The opening song by the group was "O Jesus I Have Promised," after which Mrs. J. W. Oliver, as leader, gave the introduction which included one of John Wesley's early prayers.

Mrs. F. W. Foxhall gave the meditation on "A Tree of Prayer" illustrated by the worship setting including a picture of Christ, the Bible and the bare limbs of a flower pot tree representing human beings. Mrs. R. S. Greene played "Sweet Hour of Prayer" as background music. As Mrs. Foxhall told about people being introduced to God and the Bible and building their prayer life

with prayers, Mrs. Louis Goffinett added leaves to the tree. Then she added different fruits representing fruits of prayer which are patience, love, charity, hope, kindness, faith and forgiveness.

Mrs. Tarver presented a meaningful discussion on prayer based on the classics and "The Advance for Christ and the Church." She stated that few people find prayer to be such an undergirding force in their lives that it becomes second nature.

Mrs. Lee Brown summarized the last chapter of the study, "The Dialogue of Prayer and Action," supplementing it with "Letters of a Modern Mystic" by Frank Laubach. She gave many inspiring statements from Laubach as "Bread for myself is an economic problem, bread for my brother is a spiritual problem." She also quoted from Muriel Lester's "Ways of Praying," the following statement, "How much time should we spend in prayer? Enough time to forget time."

Those present were: Meses. R. S. Greene, Louis Goffinett, M. G. Tarver, Lee Brown, J. B. Thompson, Ed Hutcherson, J. J.

Thank You, Friends For Giving Me Your Patronage For The Past 34 Years!

According to an announcement last week, I have sold my store, Foster's Food Market in Memphis, to Hubert Jones. With this transaction comes to an end 34 years of operating a food store in Hall County.

It is with all sincerity that I extend my heartfelt thanks to all you people who have patronized my stores in Plaska and Memphis. You have been good to me for 34 years, and for this I am grateful. During these years I, have made many friends who have been loyal to me and my family. It is my hope that I may have helped you in a small way as I operated the two stores. For my part, I shall never forget your patronage and your goodwill.

The time has come when I have decided to devote my time to my farming interests completely. As I move out of the picture as a food merchant, it is my wish that all my friends shall continue to patronize my former store, which will be known as SUPER SAVE MARKET, and will be operated by Mr. Jones. I have known Hubert for a long time, and I know him to be an honest and progressive man. He knows the food merchandising business from top to bottom, and will give you fine foods at prices which will fit into your budget. I sincerely wish him well in the future.

Thanks, again, for all you have done for me and my family during all these years. I shall never forget your decisions to give me your business.

NOTICE TO MY FRIENDS WHO HAVE CARRIED CHARGE ACCOUNTS:
As you know, many of you still have unpaid bills which have been charged by FOSTER'S FOOD MARKET. These accounts are due to me, and I will appreciate prompt payment of all. Records and bills have been left at the store, Super Save Market, and the personnel there will take care of all details as you make your payments. Naturally, if you wish to pay me, I will take your money.

Hubert Jones Purchases Store From H. Foster

Monday, April 1, Hubert Jones became owner of Super Save Mkt. in Memphis and took over the operation of the food store. The store, formerly owned and operated by Henry Foster at the corner of 8th and Noel Streets, was known as Foster's Food Market.

The new owner was born and reared in Memphis, and is now 36 years of age. He is the son of Mr. and Mrs. O. T. Jones. After graduating from Memphis High School, he attended Baylor University and Texas Tech. During World War II he served in the Pacific Theatre as a member of the U. S. Army.

Prior to purchasing the store, Jones was employed by Waples-Platter Company for approximately 20 years. He had served as truck driver, office manager, salesman and branch manager of the company. Recently J. D. Gamill, W-P president, offered him the position of residential manager of this district.

Jones is married to the former Kathryn Baker, daughter of Mr. and Mrs. J. M. Baker of Hedley. They have two children, Hoot, age 15, and Kathy, age 14.

No change in personnel will be made. Robert Galloway is in charge of the meat department, and Don Lee is in charge of the vegetable department. Hoot Jones will work at the store after school hours and Saturdays.

According to Jones, he will install new equipment soon. Included will be a 20-foot frozen food case, and a 12-foot service meat case. Other improvements are contemplated. The store is offering delivery service to customers. Nationally advertised brands will be featured.

Don Wright Decorates For Shamrock Dinner

Don Wright, former Memphis resident who is now employed with Shamrock Gas and Oil Corp., in Amarillo was recently in charge of decoration for the annual party of Shamrock employees.

The party was held at the Commercial Exhibit Building at Fair Park with approximately 800 employees in attendance.

Interior decorations has been a hobby of Wright's for several years. He has assisted with the party in the past, but this is the first year he had assumed the duty under contract, his mother, Mrs. Lucile Wright said.

The auditorium was decorated with blue and white and had as the theme "Outer Space". As the group entered the building a man in a Space Ship proclaimed "Welcome to Planet Shamrock." Decorations throughout the auditorium carried out the theme in a most artistic manner.

Estelline Senior Class To Present Annual Class Play "Finders Creepers"

The Senior Class of Estelline High School will present the annual class play, "Finder Creepers," on Thursday evening, April 11, at 7:30 p.m. in the high school auditorium.

A cordial invitation is extended to the public to attend. Admission is 50 cents for adults and 25 cents for students.

A hilarious comedy, the play takes place in the Nelson Home, a mortuary. The Nelson's adult nephew comes to visit them and brings his pal. The boys are terrified when they find out they will be staying in a funeral home. They are all ready to go home pronto, especially when they find there is another guest in the house, who just "ran out of gas." His funeral is to be Monday. The boys decide to stay after the Nelson's young daughter steps into the picture.

This is just part of the problems that meet the two young men as the play progresses. Members of the class invite the public to "come and see what happens."

Members of the cast are as follows: Freddy Futch, who plays the part of Wilbur Maxwell, a 15 year old and Hercules pal; Darrell Collins, who plays the part of Hercules Nelson, 15 year old nephew of the Nelsons; Donna Sue Eddins, as Celeste, a cousin of Hercules; Linda Bowman, who plays the part of Nina Quigley, Mr. Quigley's great grand-daughter.

Frankie, Celeste's little sister, is played by Jo Williams and Henrietta Ward is Aunt Mary. Hercules' aunt; Teddy Jay Barnes plays the part of Uncle Bob, a mortician; Janie Buchanan is Bob's Grandmother and quite a hep cat; James Merrel plays the part of Mr. Quigley who is 75 years old and also quite a hep cat; Gayland Simpson plays the part of Dr. Brown; Sandra Rogers is Madeline, Mr. Quigley's sister; Gene Nelson portrays the part of Harry Schuster, a friend of Madeline and a lawyer; Carolyn Lambert is Daphine, the maid and Mike Cox is Claude, the caretaker.

Shortly before the parade, which is scheduled for 5 p.m., the Texas Governor will speak briefly to the public, then join mounted show officials at the head of the western movement.

The invitation was extended the governor by Rep. W. S. (Bill) Healy on behalf of the Cattle-King Livestock and Rodeo Association and the Paducah Chamber of Commerce and Agriculture Development.

Two days of western atmosphere will be centered in Paducah on Friday and Saturday, April 26 and 27.

CRIPPLE CHILDREN VOLUNTEER WORKERS—This group of high school girls have volunteered to sell Easter Lilies for the Society of Crippled Children downtown Saturday, April 13. Local residents are asked by the local chapter to assist in this worthwhile project by buying lilies on this day. Shown, left to right, are Carol Voyles, Glenda Bruce, Elmonette Branigan, Amy Hillhouse, Susan McQueen, Diane Gaily, Regina Hoover, and Laural Pounds. Ginger Greene, who will also assist in the sale, is not shown. The girls will work under the direction of Mrs. Brode Hoover.

Reservations To Exes Banquet Can Now Be Made

Approximately 300 ex-students are expected in Memphis Easter weekend to attend the annual Ex-Student banquet which will be held at the Travis School Cafeteria Saturday evening, April 13.

Response to ticket sales is very good. Mrs. Emily Hillhouse, senior class sponsor, said today. An outstanding program has been arranged for this year's banquet under the direction of Virginia Browder, president of the Ex-Student Association.

Principal speaker will be W. W. (Bill) Swift, a former Memphis graduate who is now vice-president and director of White Stores, Inc., in Wichita Falls.

Special recognition will be given students who graduated with the classes of 1923, 1933, 1943, and 1953.

A coffee is planned for Saturday afternoon at the Memphis Country Club from 5:30 to 7:00 p. m. This is planned in order that former classmates may have time to visit preceding the banquet. Following the banquet that evening, old friends and classmates

will meet at the Memphis Country Club for a meal.
