Anything But Dull!

City people sometimes have the tendency of looking down their nose at those of us in small towns, and the more sophisticated city slickers talk about a visit to a small town as a trip to "dullsville."

The city folks point to the flocking of people from farms and small towns into cities as a natural reaction away from boredom, hick entertainment, lack of opportunity and other drawbacks that we have out here in "dullsville."

But then, the city boys have some things that we don't want. Let's compare a list of "don'ts" for Washington, D. C., citizens as published in their newspaper as compared with our list of don'ts.

For example, in Washington, D. C., if you value your carcass, your scalp and your pocketbook, don't walk around alone at night. Don't fail to lock your doors to anyone and, if out driving don't forget to lock all doors and windows in your family automobile lest some thug take advantage of your stopping at a red light and jump inside your car.

This sounds like real exciting living, doesn't it? No wonder city people often slash their wrists, jump out of tall buildings, gulp bottles of sleeping pills or bite a cyanide capsule, to some it seems easier to end it all on a slab than endure this exciting living.

Can you imagine jumping in terror every time the cat strums the screen door or a dog runs across the lawn?

Walking alone, even at night, is a relatively safe experience in Memphis, providing you can cope with dogs that had just as soon bay at you as the moon.

The very idea of having to tote a pistol, tear gas pen, black-jack, knife, and be versed in a course in judo to be able to take a walk in your own neighborhood is something that we don't think much about out here in Memphis but to the folks in Washington, D. C., it must be indeed a serious problem.

Small towns don't usually attract the thugs, the crooks, the stickup artists and the other criminal parasites that infest city streets and alleys.

That's too bad, really. While the city people furtively peer into the gloom, wondering if they are going to get a knife between their ribs, we who are doomed to dullsville can whistle as we walk along the streets, worrying about nothing except perhaps meeting someone we might not be able to call by name.

It may not be exciting out here in dullsville, but it is a darned sight healthier.

What Other Editors Say

Thoughts for Thursday

While in an out-of-town office recently, we noted a framed motto on the wall, the gist of which was this, "Fools laugh at things they don't understand."

We recalled listening to a professional performance of Handel's "Messiah" when we were a child. Many of the listeners who were having a first experience with good music giggled at arias.

The motto might also have added that fools reach in other ways to things they don't understand. Sometimes they react with prejudice and hatred to those things not known, not understood. Racial hatred is at its peak when there is no knowledge, no understanding of each other. Sectional hate was at its peak in the United States in the era when there was little fraternization between the North

and South.

Northerners eyed cornbread like a calf eyeing a new gate. And the Southerners wouldn't have touched clam chowder with a 10-foot pole!

Tulla's experience with the Foreign Exchange Student program has been that association with persons from other countries tends to break down barriers, prejudices, mistrust.

Even in Religion, humans overcome many prejudices and hatreds simply by knowledge of what the other person is doing, what he believes.

As a class project, a Sunday school lesson recently suggested

that the teacher take a sheet of white paper and make a black dot in the center. The sheet was to be held before the class with the teacher asking, "What do you see?" Obviously, the answer would be "a black dot."

Although perhaps 99.9999 per cent of the object was white paper, the class saw only that .0001 per cent which was black. So it is we tend to emphasize differences instead of those broad areas of agreement.

The Bible consistently places a premium on study... knowledge... enlightenment. The alternative is ignorance... darkness... superstition... prejudice.

How different our world would be if all people genuinely pursued truth, knowledge, understanding!

Short Course For Farmers Held In Estelline Nov. 11-14

Short course for adult farmers will be held November 11-14 at Estelline, Texas. Arrangements for the adult education short course in swine husbandry and in other fields are made through Mr. Labay's office. The short course at Estelline is scheduled to begin November 11 at 7:30 p. m. in the vocational agriculture building. Other meetings in the series of 4 will be held Nov. 12, 13 and 14. During the dates the short course is in progress Mr. Toquigny will be available to assist students with individual problems and to provide on-the-farm instruction, according to Seay.

Farmers interested in attending the short course should write or call the superintendent of schools, Mr. JoEd Cupell, or the teacher of vocational agriculture, T. H. Seay. An entry fee of \$2.00 will be charged. Swine Production Short Course Certificates are to be presented to each student who attends all the training session. Mr. Toquigny states that the short course will be adjusted to wishes and interests of farmers enrolled, but that he expects to cover such subjects as selecting and breeding, feeding and feeding requirements, management, disease and parasites, housing and equipment, and marketing.

JOE TOQUIGNY

Jo Beth Barnes Wins Panhellenic Scholarship

Three Texas Tech students have received scholarships from City Panhellenic, awarded on the basis of scholarship, leadership and service to the college.

They are Jo Beth Barnes, junior from Memphis, Mary Caskin, senior from Roswell, N. M., and Linda Hill, senior from Cleburne. The girls received \$150 each to apply toward their studies at Tech. Miss Barnes, Homecoming Queen finalist, is a home economics education major. She is a member of the Student Council, has been a dorm legislator and is parliamentarian of Gamma Phi Beta social sorority. She is historian of Phi Upsilon Omnicron, national honorary professional home economics fraternity.

Lubbock's City Panhellenic awards the scholarships to deserving students on a yearly basis. To qualify, applicants must have a 3.0 grade point average, out of a possible 4.0, and be of junior classification. Two scholarships are available for women in the School of Arts and Sciences and one is available in Home Economics.

for the twelve months period were Lake Brownwood, Palo Duro Canyon, Possum Kingdom and Tyler. "Our last year's attendance of 7,291,062 set an all time high," said Watson. "It's indicative of what we can expect in the future and challenges all Texans with our need to move forward with a well-planned park development and improvement program."

Mrs. Frank Smith received a message from Holbrook, Ariz., Tuesday stating her brother, Turner Hutcherson, 77, had suffered a stroke. Mr. Hutcherson is seriously ill in the Holbrook Hospital.

Most of the visitors were Texans, however 112,932 of the 2,262,211 automobiles checked in the parks were out-of-state registration.

Top park in number of visitors was McKenzie, near Lubbock, with 1,891,334, closely followed by Garner with 1,047,166 and Huntsville with 614,335.

Garner Park was first in campers with 172,683 followed by Huntsville with 93,310 and Inks Lake with 38,811. Other parks with more than 25,000 campers

Mrs. Stanley Nelson Is Shower Honoree

Mrs. Stanley Nelson, the former Frances Rigsby, was honoree at a bridal shower held on Saturday afternoon at 3 p. m. in the parlors of the Church of Christ in Estelline.

Hostesses for the courtesy were Meses. Joe Eddins, N. T. James, John Chaudoin, S. E. Winkler, Loyd Williams, Loyd Fowler, Glen Bowman, Claude Fowler, D. T. Walker, Odell Latham, Doc Rogers, Jake Longbine, Buster Morrison and Denton Anthony.

The bride's chosen colors of pink and white were carried out in party decorations.

The serving table was laid with

a white lace cloth and centered with an arrangement of pink dahlias flanked by white candles. Punch and cookies were served by Jo Williams, Dianne Fowler and Barbara Diggs.

Miss Sandra Kay Rogers presided at the register to secure signatures of the guests. The registry table was covered with a white lace cloth and decorated with a miniature bride and groom and little white house.

As the program, Barbara Diggs gave a reading entitled "The Mother-in-Law."

Among the many beautiful and useful gifts was a starter set of dishes, a gift of the hostess group.

Mrs. Nelson is the daughter of Mr. and Mrs. Lloyd Price of Childress, while her husband is the son of Mr. and Mrs. Jack Nelson.

Loyd Elliott Is New Operator Of Humble Station

Loyd Elliott recently took over as Humble dealer and operator of the service station, located at the corner of Main and Boykin Drive. He succeeded Jim Matthews, who had operated the station since it was established here about a year ago.

Elliott and his family moved to Memphis from Albany. He had been with the Humble Company for the past 11 years, and served as a member of a seismograph crew.

He and Mrs. Elliott are the parents of two children, Brenda Jane, age eight, and Suzanne, age four. They reside at 1521 Walden Street, and are members of the Baptist Church.

He extended an invitation to the people of the area to drive in and get acquainted.

Bill Cosby Is Guest Speaker at Atalantean Club

The Atalantean Club met Wednesday, Oct. 16, at 3 p. m. in the home of Mrs. O. M. Cosby, Jr.

During the business session, plans were made for co-operating with the Women's Forum in sponsoring a bingo booth at the Halloween carnival. The club voted to sell tickets on a 15-month old Hereford heifer donated by Mrs. W. C. Dickey, the proceeds to be used on the Community Building and the Hospital. Winner will be announced Dec. 21.

Members were reminded to remember the Save-A-Life Fund. Although the cardiac monitor has been purchased, there are other items of equipment needed, it was announced.

In introducing the program, the chairman, Mrs. L. E. Barrett, stated the program for the day was on "youth." Mrs. W. R. Scott read a timely article on "What Our Youth Has a Right To Expect of Adults," and Mrs. J. W. Coppedge read a poem on "Youth."

Bill Cosby was guest speaker. He showed slides and commented on his tour this past summer with the U. S. Band which was made up of 128 band students from all over the United States. His comments were very revealing and interesting, the reporter stated.

A delicious salad plate was served to the following members: Meses. Earl Allen, L. E. Barrett, Milton Beasley, Jr., Fred Byerly, J. W. Coppedge, O. M. Cosby, Jr., H. B. Estes, Eddie Foxhall, N. A. Hightower, Roy Jewell, Claud Johnson, Kent Magness, Robert Philpot, W. R. Scott, Robert Sexauer, Glynn Thompson, Ralph Williams, J. A. Odom, W. C. Dickey, Miss Imogene King, and guest speaker, Bill Cosby.

The next meeting is slated for Nov. 6 at 3 p. m. in the home of Mrs. Roy Jewell in Hedley.

Members enjoyed refreshments served by Doris Bruce and Lottie Buchanan. Members present were Lucille Cope, Nelda Ferrel, Lena Hill, Gussie Mothershed, Annie Belle Boney, LaWayne Boney, Nelda Burk, Myrtle Dunn, Cordye Hood, Beagle Lathram, Bertha Morehead and Opal Winn.

Methodist WSCS and Wesleyan Guild Hold Joint Meeting Monday Evening

The Woman's Society of Christian Service and the Wesleyan Service Guild met in the Methodist Church Annex Monday, Oct. 28, at 7 p. m. for the call to prayer and self-denial and a sacrificial supper.

Mrs. C. D. Morris led the invocation preceding the supper when the members enjoyed a time of fellowship.

Mmes. C. D. Morris and J. W. Oliver as secretaries of Spiritual Life were leaders of the program.

Mrs. M. G. Tarver led the opening and closing hymns accompanied by Mrs. Barney Burnett at the piano.

Mrs. Oliver introduced the program announcing the projects designated for prayer and self-denial gifts and emphasizing faith and love for other races with quotations from the Bible. She mentioned Campbell Settlement House at Gary, Ind., as one of the U. S. projects for which she led the group in prayer.

Mrs. C. D. Morris gave an informative discussion on the Wesleyan Community House of Fort Worth for Spanish-speaking people in need of a new building in a new location.

Mrs. L. B. Merrell gave a splendid talk on the Susannah Wesley Community Center of Honolulu, Hawaii, requiring a new building for expansion.

Mrs. Lee Brown discussed in an interesting manner the needs of the Medical College and Training Schools for nurses, the educational fund for the upgrading of institutions and the development of the Christian Literature program. All of these projects are in India where there is a shortage of doctors and nurses and only 24 per cent of the people are literate.

Mrs. W. J. McMaster explained fully the retirement fund for national women in charge of work and the educational subsidy fund for national women on Sabbatical leave within Asia.

Prayers were led for the project by each woman on the program.

Mrs. J. B. Thompson prepared an inspiring worship setting relating to the program on a table covered with maroon silk she had placed an open Bible on which lay spectacles. In back of it she put a coaloil lamp which was lit. A placard for the background bore the inscription from Psalms by

David, "thy word is a lamp unto my feet and a light unto my path."

Those present other than the above mentioned were Meses. R. C. Lemons, Geo. Greenhaw, C. E. Gowan, Sarah Hill, Bess Crump, Mary Lou Erwin, Hester Bownds, John Fowler, Ed Hutcherson, Mable Lavender, F. W. Foxhall and Miss Dorothy Gowan.

Cyclone, Wildcats Battle to 38-38 Standoff Fri.

district clash between the Cyclone and the Canadian ended in a 38-38 tie Friday night in Canadian. The offensive units for both teams were quick and hard hitting while the defensive units of the Cyclone were caught off-guard at times.

The game became a scoring contest from the opening kickoff. The Cyclone took over the ball on the 22 yard line. Two carries by James Waites gave Memphis a lead on the 32 and a halfback Toby Crooks set for the longest run of the game for 63 yards, to the Canadian 47. Two plays later, Crooks carried for the TD. An extra point was not made.

The Cyclone took over a short drive on their own 49. They took a 35-yard kick return in the drive they used three times. Their drive was a fourth down play by Quarterback Ben Arnold. A pass from Eckles to Arnold was good for two yards and a 35-yard kick return by Waites, Memphis took

over on their own 46. One carry by Jack Stargel gave Memphis a first on the Canadian 38. Here, however, two penalties nullified good gains, and Memphis punted to the Canadian 12. Canadian lost three yards, to the 10, then went to the air, and End Jim Odom intercepted the pass and returned the ball to the 9 yard line before being tackled. Two plays later Jack Stargel carried over for the score. A pass from QB Jimmy Sturdevant to HB Toby Crooks was good and the score was 14-14. Memphis kicked off, and David Cook, No. 22 for Canadian, went 80 yards up the field to score. The PAT attempt was no good and the score was 20-14.

Canadian's inside kick attempt was successful on the kickoff, however, they couldn't get a drive started and Memphis took over on their own 36.

A pass from Sturdevant to Waites was good for 8 yards, and a carry by Jack Stargel went for 8 more to the 48 of Canadian.

Don Craig carried for 7 yards, and Canadian was given 15 yards for piling on, giving Memphis the ball on the 27. On a third and 13 situation, Toby Crooks broke loose and went 28 yards to the 2 yard line before being tackled.

On the next play, HB Jack Stargel carried over. Don Craig's kick attempt was wide and the score was 20-20.

Canadian took over on the Memphis 48. For three downs, Memphis defense held, but on the fourth, a pass interference was called, giving Canadian a first on the Memphis 32.

Canadian made a first down, and a 15-yard penalty against Memphis set up another first on the Memphis 5. The Memphis defense held for three downs, but on the fourth, Eckles dove over for the score. The PAT was no good, the score was 20-26.

Canadian kicked off, and Waites returned it 20 yards to the Memphis 32. On a second down, HB Don Craig broke loose and scamp-

ered 57 yards to the Canadian 11 before being downed.

Four plays picked up a first to the one yard line. Then, Stargel carried over for the score. The PAT was not good and the score was 26-26.

Neither team scored again until after the half.

Second Half

Canadian received the kickoff from Memphis. They lost the ball on downs on the Memphis 32.

Memphis moved for one first down on a pass to End Odom who was downed on the Memphis 42. Then carries by Sturdevant and Waites made another first to the Canadian 47.

On the next play, HB Stargel broke loose up the center of the field and outran the defenders to the goal line. The PAT pass attempt was wide and the score was 32-26.

Canadian came back and drove 65 yards for a score. Arnold carried over from the 23 yard line for the scoring punch. The place kick was no good and the score was tied again.

Memphis was held due to a penalty, after the kickoff, and Odom got off a short punt.

Canadian returned the ball to the Memphis 38. Ten plays later, the Wildcats' Joe Schaefer carried over from the 4 yard line. The PAT attempt was missed; Canadian lead 38-32.

Memphis took over after the kickoff on their own 35. Crooks made 33 yards on one carry to the Canadian 32. Then, on a third down, he carried again for the TD. The scoring play covered 23 yards. The EP attempt was missed, and the score was tied 38-38.

The rest of the game was taken up with drives by both teams. Canadian drove down the field, losing the ball on downs to Memphis on the Memphis 10.

Memphis drove back down field and lost the ball to Canadian on a fumble on the Canadian 10.

Canadian drove back down the field, but James Waites intercepted one of their passes on the Memphis 24. Memphis had the ball when the final gun sounded.

Hall County Soil Conservation District News

The disposition of outside runoff water is an ever increasing problem to farmers and ranchers of the Hall County Soil Conservation District. Many terrace systems have been damaged by this problem according to Soil Conservation technicians. Waterways along natural water courses could be one answer to this hazard.

A waterway is a means of conducting runoff water from an area to a safe point of release with a minimum of erosion. Waterways are designed and treated, either with vegetation or by mechanical means or both, so that outside water can be moved along at a velocity which is non-erosive. Waterways usually function as a collective outlet for diversion terraces or regular terraces but may be used to move water concentrated by other means to a safe point of release.

Usually the establishment of some type of vegetation is desirable in a waterway. In some cases, plantings of sudan or cane in drilled rows will prevent erosion within the waterway. If permanent type grasses are desired, then the stubble from these crops would be ideal in which to plant the grasses.

After the vegetation has been

established in the waterway, it can be utilized in several ways. Vegetation in waterways can be used for controlling erosion, seed production, hay or some grazing or for a wildlife refuge.

Cost-share can be obtained through the local county Agriculture Stabilization Committee or the Great Plains Conservation Program. Your local Soil Conservation Service technicians will be glad to help you with any question you might have.

The most bankrupt man in the world is he who has lost his enthusiasm.

NEW CHEVELLE! BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the

way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Most fishermen have old lures around which might well fit into a collection now being assembled in Dallas.

Jeff W. Moore, superintendent of the Dallas Aquarium, is developing a museum of old lures. He asks that people who own some of these old-timers send them to him.

Nearly everyone who has been to the State Fair of Texas has visited the Dallas Aquarium. If you haven't, you should. It is one of the finest in the U. S. Operated by the Dallas Park Department, it is open (free of charge) to the general public . . . year in and year out.

In this building Superintendent Moore hopes to establish a museum of old plugs. All plugs sent in will be properly identified and mounted. However, because of limited time and funds, it will be impossible for him to acknowledge receipt of the lures. But they will be placed on proper display.

If you have an old lure or a box full, this would be a good place to send them. Address your package to Jeff Moore, Superintendent, Dallas Aquarium, 963 Rustic Circle, Dallas 18, Texas.

Then put the aquarium on your "must visit" list. It is open Mondays through Saturday from 8 to 5 and on Sundays and holidays from 12 noon until 6. Feeding time is 3 p. m. on Mondays and Thursdays.

This famous aquarium was built in 1935-36 as a part of the Texas Centennial Celebration, which means it actually is a Texas heritage.

Displays are divided into three general classifications.

In division 1 are fishes native to Texas waters. Here the water temperature is kept at a constant 68 degrees throughout the year. This constant temperature has helped keep the fish in a better state of health and substantially has reduced diseases.

Division 2 consists of fishes from mountain lakes and streams. Refrigeration equipment maintains a constant temperature of 50. In this section will be found northern pike, five species of trout, blackfish from Alaska, muskies, walleyes and saugers.

In division 3, water is kept at 80 degrees for the benefit of tropical fish from around the world. Displayed are more than 3,500

With the new gas Cook 'n' Keep oven control you can go shopping and still be at your own party without a last minute rush. Just set the time and temperature controls as your recipe requires. When it's done the way you want it, 'n' Keep oven turns itself down to exact the right temperature for serving. An hour later — or two, three or four — food's moist, tender and serving hot! No overcooking. No drying out. Because of this automatic oven control and the many gas cooking conveniences, you'll want to trade in your old range. Now's the time the new ones are on sale at Gas Appliance Dealers and Lone Star Gas.

Gov. Connally Is In Favor Of Proposition No. 2

Governor John Connally said this week that "Texans will be better able to meet a vital responsibility of helping the neediest of our citizens" if the public welfare Constitutional Amendment is adopted November 9.

The amendment is proposition number 2 on the ballot.

"This is a sound proposal which should be approved by the voters," Connally said. "It will provide much needed flexibility in the program for Old Age Assistance, Aid to the Needy Blind, Aid to the Permanently and Totally Disabled and Aid to Families with Dependent Children."

There is presently a \$54.5 million Constitutional limitation on the amount of state funds used each year for the state-federal programs. The amendment raises this floor to \$60 million and also removes the present limitation of \$25 per month which can be paid to an OAA recipient from state funds and the \$10 limitation from state funds for a person receiving aid to the disabled.

The Governor said: "This amendment will allow more realistic utilization of federal matching funds, which account for 70 per cent of the program. Fewer than 17 per cent of those on the Old Age Assistance rolls are receiving the maximum grant of \$83 monthly and fewer than 40 per cent of those drawing aid to the disabled are at the maximum level of \$69. These are among the neediest of our citizens and it is obvious that some of them need more help in taking care of minimum living requirements. This amendment will give the Legislature authority to do this."

"It should be remembered that these public welfare programs are

designed for people who urgently need assistance and must rely on this help. This is a long recognized responsibility shared jointly by the state and federal governments and Texas has had a tightly administered system ably directed by Public Welfare Commissioner John Winters. However, there is a definite need for more flexibility and this amendment is intended to accomplish this."

Travis School Extends Thanks To Business Firms

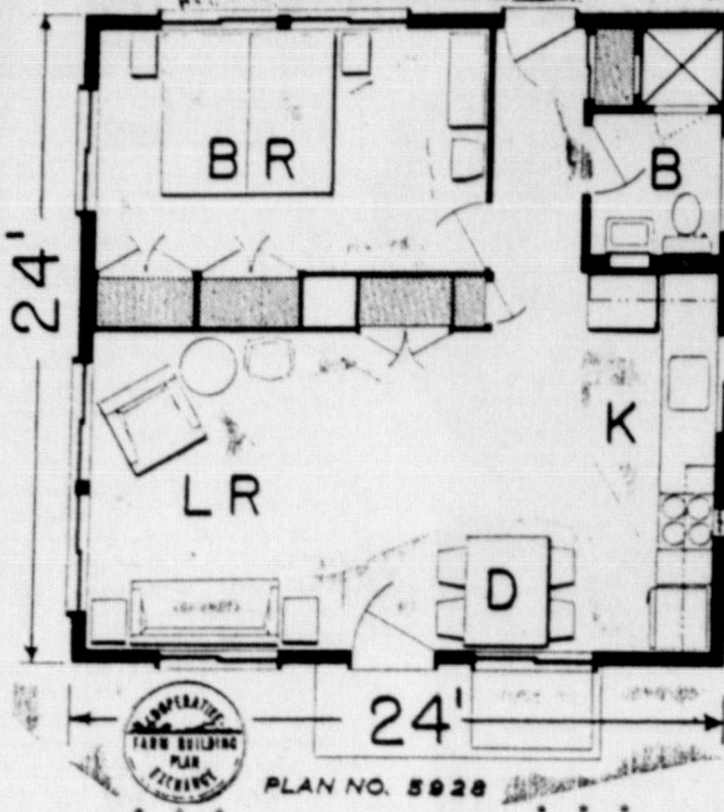

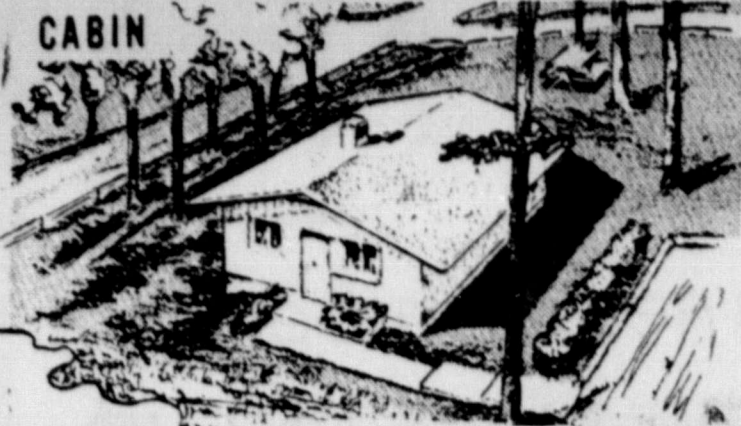

The Travis school wishes to thank the following business men of Memphis for their efforts in connection with the Guild Child Safety Council and the booklets which they provided. The merchants are: Memphis Compress Company, First State Bank, Cook Grain and Storage, Potts Chevrolet Company, Memphis Lumber Company, Vallance Food Store, and Kinard - Gailey Agency.

The school also wishes to express their thanks to the Memphis Police Department and Chief of Police Guy Wright for their cooperation in the pupils' study of safety at home and out-of-doors.

The booklets were issued to grades one through five and are illustrated for easier understanding. It is the purpose of these booklets to inform all pupils of ways to avoid costly accidents of all kinds and to warn them of many common dangers.

The children were taught the value of watching for danger and knowing what to do when it occurs and it is hoped that this study of the Guild Child Safety Council will be of benefit to all who take part in the course.

A significant part of the nation's medical research is accomplished in Veterans Administration hospitals when one-third of the nation's new physicians are receiving resident training.

Hall County Agent Can Supply You With These Small House Plans

Need a small house or vacation cabin?

The one pictured above was designed by the U. S. Department of Agriculture, is of frame construction, 24 feet square and easily expandable to three bedrooms.

Any person can construct the exterior walls, then finish the inside or add on at his convenience. The wall between the living area and the bedroom is a movable

storage wall. The bedroom partitions may be removed or rearranged with a minimum of refinishing.

Although the working drawings show concrete foundation walls and slab, the owner may find it more economical to use a wooden floor and masonry, concrete or creosoted pole piers if the site is steeply sloping.

Thirteen students were listed on the honor roll for the first six weeks semester at Estelline High School, according to JoEd Cupell, superintendent.

The following students were listed: seniors, Albert Cupell, Larry Moore and Joe Williams; juniors, Darlene Bragg; freshmen, Lynette Hoover, Jay Holland and Sherry Angell; eighth grade, Rosalinda Rodriguez and Cheri Rapp, and seventh grade, Challones Hoover, Anne Rapp, Anne Hughes and Billy Collier.

Supervisors Get L. D. Training

"If a man answers, don't hang up." So announced R. L. Brewer, district manager for General Telephone Company of the Southwest today. Brewer said that the majority of supervisors—both men and women—are given long distance operator training at intervals in order to be able to assist in providing customers with telephone service under all types of operating conditions.

"It is always the company's goal to provide customers with the best possible service and training supervisors to handle long distance calls is just one of many ways in which our people are constantly training in order to accomplish this objective," the district manager said.

on the season use intended. The plan is well adapted for either hot air, or electrical heat.

This cabin may also be used as low-cost living quarters while a family constructs a permanent home. Later, it may be converted to a garage. If this is the plan, the exterior walls should be built with a lintel over the future garage door so the wall can be removed without requiring special support.

For a copy of this plan, No. 5928, contact W. B. Hooser, county agent, Memphis.

Band News

By Lowell McKown
This week the "A" band has been trying to elect the 10 best marchers and the person with the best marching spirit. Candidates for best marchers are: Linda Alewine, La Quitta Baten, Elmonette Branigan, Ann Coleman, Lynn Foxhall, Diane Gailey, Amy Hillhouse, Janie Hutcherson, Velma Jo Hutcherson, Vivian Maddox, David Moore, Ronald Pate, Suzanne Sexauer, Lana Waites, and Suetta Lemmon.

Candidates for marching spirit are: Velma Jo Hutcherson and Suetta Lemmon. The winners will be announced at the Enchilada Supper on November 16.

The half-time show at Canadian was a set of routines to: Salutation, Marching the Blues, and Cheerio. The game was a good, outstanding and different.

The Band Boosters tried in vain to organize a bus to go to the game at Canadian Friday. The chairman was Mrs. Wayne Hutcherson. The bus was to be supplied by Continental Trailways. Due to prospective inclement weather conditions the number signed to go was too small to charter the bus.

Memphis FFA Students Make Field Day Tour

By Frances Myers
The Vocational Agriculture students attended the Field Day tour that assembled and studied the demonstration plots of seven fields. All of the personnel who planned to accompany W. B. Hooser and Clifford Farmer on the tour assembled at the court house lawn. The group left Memphis at 9:00 A. M.

The FFA students visited Roscoe Eller's farm where there was a Cotton Fertilizer Demonstration Plot. Mr. Hooser explained the amounts of fertilizer used in this particular plot and then called on one of the personnel from the North West Texas Research Demonstration Program.

They then visited each of the other plots on the use of alfalfa preceding a crop, hybrid grain sorghum, bindweed control, varieties of cotton, Johnson grass control with Caterol and spot oiling, and last a cotton fertilizer testing demonstration.

Besides Roscoe Eller's farm, they also visited the farms of Brown Smith, Harold Hodges, Mrs. L. M. Thornton, Wayne Hutcherson and Crump Ferrel.

The Memphis Future Farmers of America would like to thank everyone connected with the tour for making it possible for them to attend.

Whirlwinds Are Downed By Turkey 26-18 Thursday

The Turkey Junior High football team defeated the Memphis Whirlwinds last Thursday night at Turkey in a high scoring contest.

Turkey led the first half by a score of 20-12.

After the half, Memphis came back strong and kept the ball the entire third quarter before scoring, which made the score 20-18.

The Turkey team, however, scored again in the fourth quarter to lead 26-18. In the closing stanza of the game, Memphis drove to the Turkey 5 yardline before losing the ball on a fumble.

Coach Rert Glascock said, "it was the best team effort of the season."

They are easier to get at ball games.

Travis News

By Tony Monzingo
The fifth and sixth grades of Austin and Travis were busy this past week collecting funds for the UNICEF (United Nations International Children's Educational Fund) drive. These funds will be used to further the cause of education in one manner or another in many places throughout the world.

The two grades that collect these funds should be commended for their efforts in trying to help other people their own age. The two schools netted \$106.57 for UNICEF, which is a considerable amount for this type of program on the local level with so few involved.

Travis Elementary collected \$70.11 on the drive, the sixth grade collecting \$26.00 with the fifth grade collecting \$44.11.

Austin collected \$36.46 for UNICEF of which the sixth grade collected \$20.92 and the fifth grade \$15.54.

The drive was sponsored locally by the 1913 Study Club.

From Austin comes the word that little Tammy La Varta, a kindergarten pupil, suffered a broken arm this week from a fall on the playground slide. Everyone at the school wishes Tammy a speedy recovery and also hopes that Mrs. Crawford, who has been ill, will be out of the hospital soon.

Mrs. Hicks' first graders enjoyed making and decorating their own Halloween masks. The pupils have also worked on a mural which was displayed in their room. The theme was "Trick or Treaters on the March."

Rita Collins and Ruby Thomas were the birthday honorees for the month of October. There are 38 members in the first grade class at the present time, stated Mrs. Hicks.

Mrs. Stroeble's third grade class has just finished a chapter on weather in their science study and as a final experiment made a cloud by condensation.

The third grade class also has a new pupil whose name is Francisca Alvarado.

Mrs. Beth Lemons' fifth grade class at Travis has been studying the geography of the United States and the class wishes to express their appreciation to the First State Bank for supplying the class with maps of the U. S. that are to be assembled by the pupils.

Problems

Kay Stinson
Our Cyclonian staff is well aware of the problems of our youth. To atone for these problems we are going to run a column each week in which we will answer the questions concerning your problems. Write your letters to:
"Cyc"
c/o Cyclonian Staff
Memphis High School
Memphis, Texas
All problems will be given the utmost attention and consideration. We want to be your shoulder to cry on.

Dear "CYC"
What do I do when I really like this certain boy that is somewhat older than I am, and he continually kids me about being too young and not smart enough to know what I am doing. This boy is very sensible and very sincere in all that he tells me, but should I still go with him or does age make enough difference to stop me from going with him?
Too Young

Too Young,
Birds of a feather flock together. Clip his wings and make him fly right or find another BIRD.

Dear "CYC"
I went with a boy for two years. We broke-up a few months ago and now he acts like he hates me. When I try to talk to him about it, we always get into an argument. All I want is to be friends. What should I do?
Confused

Confused,
If the boy is not mature enough to forget old wounds, don't worry about his friendship. There is more than one fish in the pond.

Dear "CYC"
I have been with this boy for a couple of times and I would like to be with him more, but many people think he is too young and not my type. One time he is a "snob" and the next a very nice person. Please tell me if I should continue to go with him.
Misunderstood

Misunderstood,
Stop and examine yourself. Maybe he is not to blame for the misunderstanding.

When we came in late the other night and told the wife she could never guess where we had been, she said she could, but to go on and tell our story anyway.

Student Council Elects Officers 1963-64 Term

By Jimmie Ward
The first official meeting of the Student Council Officers were elected to the 1963-64 school year. Harrison, president, presided at the meeting. Officers elected were Diane Secretary; Velma Hutcherson; and Jimmie Ward,

Members were discussed. First vice president for the student council. The vice president must be held by a member of the Junior class. Second, the Thanksgiving Assembly will be held Nov. 28.

Chosen as Ideal

Beavers was chosen as Future Homemakers of America in a meeting which was held on Oct. 28.

Members of the Juniors and the Cyclone Band. Members of the F. H. A. expressed congratulations to him.

Officers Elect Wednesday Meet

By Jimmie Ward
National Thespian Society met on Wednesday, Oct. 30, to elect officers. Following officers were elected: Jimmy Srygley, vice president; Suetta Lemmon, secretary; Linda Baten, treasurer; Billy Maddox, reporter; Vivian Maddox, reporter; Noel Clifton, who served as president last year will be president this year. Business concerning the club was discussed.

FHA Club Meets In Regular Session

The members of the 1963-64 Future Homemakers of America met October 19 in the Home Economics room.

After the meeting was called to order by President Linda Snider, vice president Ann Coleman briefly discussed the plans for the coming year which include a Mother-Daughter banquet next February. The organization also plans to make individual visits to Cousins' Home and to send a box of small Christmas gifts to the State Hospital in Wichita Falls.

Opinion Poll

This week the students of M.H.S. were asked to give their opinion on homework. The Students filled out the questionnaire and below are the questions and tabulations:

Should homework be given on weekends? Sixty percent of the students reported no.

Should homework be given as punishment? Sixty per cent of the students reported no.

Do you feel that homework is at all necessary? Eighty per cent of the students reported yes.

Should homework be given when the topic has not been covered in class? One-hundred percent reported no.

Do you do your homework yourself? Eighty per cent of the students reported yes.

If you do not understand the assignment, to whom do you refer? Eighty per cent reported friend or teacher.

Do you often have to use reference material? Sixty per cent of the students reported yes.

Jimmy Srygley said, "Homework is a good way of broadening your knowledge . . . is necessary . . . helps educate you. Teachers expect you to give their subject the same amount of time. They say they are asking only one or two hours a night, but it usually takes longer. Then there isn't enough time for other subjects. Homework, in my opinion is necessary if the teachers do not try to educate the students in one night".

Views On Teenage Marriage Given By Students, Teacher

What is your opinion on teenage marriages? This week a survey was taken to find out what the Memphis students think of teenage marriages. SUETTA LEMMON — I definitely would not want to be a married teenager. It would mean being married the rest of my life, and I would not have the opportunity to know all the pleasures of growing to maturity. Those who feel marriage is so right for them, never realize what they will miss until afterwards.

KAY WINES—If marriage is what the couple wants then it's fine, but I do not envy them in anyway. I wouldn't trade my high school life of fun and activities for a life of ironing, washing, and cleaning. I do want to get married someday but not until I have accomplished my goals, and not until I am ready to settle down and be satisfied with that kind of life.

BILLY MOSTER — Teenagers who marry miss the very best days of their school life. I wouldn't trade my good times that I'm having now for some job that has little pay and little chance for advancement; without an education this type of job is all that you can get.

COACH CHAMBLESS — Marriage is fine, but I do not think teenagers are old enough to know what they want of life.

MISS ROUNDTREE — I feel that on the whole, teenagers marriage is not good. The teenager should at least wait until they complete high school. It is even better for them to wait until they complete college.

PTA TALENT SHOW Monday night at 7:30 in the High School Auditorium everyone be sure and come. November 11th is the date.

Also remember the Pep Squad game at the school gym on Saturday night at 7:30. This should be hilarious. Come out and help the Pep Squad. This money goes to send our Cheer Leaders to their school next August at SMU. PLEASE HELP!!!! November 9th Among those known to have been on the sick list this week were: Judy Rogers, Rene Pardue, Billy Ferrel (from a wreck at Lubbock).

Did you know that Neal Allen (aged about 2 months or less) spent Monday with Bobbie and Dude Fowler and all day Tuesday also? He is the son of Rev. Joe (and Laurie) Allen. The parents went to Lubbock Tuesday for a Methodist meeting.

Final football game of the season will be Friday night here when the Senior High School boys play Turkey. Game time is at 7:30 p. m.

According to the school calendar, the 9th grade will have an assembly on Wednesday, November 6th at 10 a. m. High School Basketball games will start next week, November 12th and 15th.

Family night dinner at the Methodist Church on Wednesday night.

Saw Shana Summerour of Dalhart with her grandparents, Sal and Weldon Couch last week. Where were Mary Nell and Buz, her parents?

Mrs. Barney Cannon (Lu Laverne) and 3 children, David, Gail, and Gene of Pratt Kansas visited in the home of her parents, Mr. and Mrs. A. D. Britt last week.

College students seen at home this past weekend were: Darrell Collins, Gene Nelson, Rusty Rol-

fe Wooten, and Mike Cope, all from West Texas University.

Clyde and Louise Smallwood and Judy from Liberal, Kansas and a girl friend of Judy's spent the weekend with the George Helm family.

Ernest and Zel Purl, Sammy and David of Amarillo spent the weekend in the Jerrel Rapp home.

Class favorites were chosen last Friday and their pictures were made for the school annual Monday. Also both pep squads pictures were taken, as well as the football teams.

Mrs. Gerald Fowler and Mrs. Gayle Fowler were Amarillo shoppers last Saturday.

Albert Cupell, Senior football Captain, had an appendectomy last Wednesday night in a Memphis hospital. He is the son of Superintendent & Mrs. JoEd Cupell.

Aunt Mat Rigsby fell at her General store last Thursday late and broke her hip. She is at present in the Childress hospital and would enjoy cards or visits from all of her Estelline friends. And we were in Estelline wish her a speedy recovery.

New cars seen here belong to Anne Whaley. New pick-up to Joe Kent Eddins.

They are laying the foundation for Buke and Eula Adams' home now. This will be between Mrs. Nelson's and Mrs. McClendon's home. I tell you, the city of Estelline is growing and certainly becoming more attractive with all these new homes.

Mike Mahan (all of 16 months) spent a whole week with his grandparents, Lester and Eli Phillips. Archie and Peggy, Cindy and Phillip came down over the weekend. Cindy and Phillip stayed over until Tuesday when they returned to their home in Canyon.

Seventh and 8th grade classes enjoyed a tour of the gypsum mill at Acme and the electric plant at Lake Pauline last Wednesday. They made the trip via School bus with their teacher, Principal, R. V. Wood.

Nettie Henry of Haskell spent the weekend with her sister, Anne Whaley and husband.

(Last Week's News)

Pete Wood was in Fort Worth Thursday and Friday attending the State Teachers Convention. He was a delegate from this region. Mrs. Wood, Mike, Bob, and Mrs. D. T. Eddins went down Friday afternoon and spent the rest of the weekend.

Aunt Mary Vardy of Slaton spent the weekend here with relatives and homefolks. Surely good to see her in church and back here again.

Among those known to be on the sick list this week were: Rita Delaney home from a Childress hospital; Rab Holland (the Together Class questions this tho.)

PTA Carnival Thursday, Oct. 31, at the High School. A full course meal—complete with drink and dessert for \$1 per adult. A child's plate will be 50 cents. Serving in the cafeteria will start at 5:30 p. m. The gym will open for business at 6:30 with booths and tricks galone. Everyone come out for the school carnival! C. M. Wooten and Mrs. Joe Bob Nivens are in charge of the carnival.

College students home for the weekend were: Noel Long, Donna Sue Eddins, Sandra Kay Rogers, all from Texas Tech; Darrell Collins and Gene Nelson from West Texas University.

Mr. and Mrs. A. D. Britt were in Canyon over the weekend attending the Homecoming activities at West Texas University.

Kim and Kelly Hutchins of Amarillo spent the weekend with their father, Jim Hutchins, and grandparents, Winnie and Thurman Hutchins.

Tom and Karen Corbourn and son, Rod, of Canyon spent the weekend with her parents, Mr. and Mrs. Joe Eddins.

Mary Sue Holland, Mark and Richard spent the weekend in Amarillo with her two sisters, Annie Carol Bright and family and Bette Vogler and family.

I nominate Pap Orcutt as the

NICEST man in Estelline last week. Did you know he bought a brand new car for Lu Ellen?

Iva Wright came home Wednesday after visiting her son, Major and Mrs. Lee E. Wright, in San Antonio several days.

Mrs. S. D. Powers (Pet) of Canyon visited recently in the

home of Little One and Leon Phillips and her other many friends here.

According to the school calendar, the Junior High football team will close out its season Tuesday night when they host Turkey at 7 p. m. The Senior High football boys will journey to Matador Fri-

day night for their game.

Rev. Joe D. Allen of the First Methodist Church says there will be a Hymn Festival at the church Sunday, Nov. 3, at 3 p. m. Anyone who likes to sing, be sure and show up. Been a long time since Estelline has had one of these. Everyone is invited. Come and

sing. You'd be surprised to help your feelings.

W.S.C.S. observed Prayer Wednesday, Oct. 28. Meeting started at 11 a. m. with a Book Study. A sack lunch served at noon. Prayer was held in the afternoon.

INTRODUCING THE DEPENDABLES FOR '64

We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500. You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Sill-to-sill carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it.

With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our walloping, all-out 426 cu. in. Ramcharger V8. Compromise? Nope. We just feel that a freedom of choice is the surest road to your approval.

That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with.

Perhaps our approach to power will further illustrate the point.

Your Dodge Dealer will be glad to demonstrate the point.

5.9 percent; 1961, 719 percent; 1962, 10.6 percent. The Agriculture Department says that more than four-fourths of the beef and veal imported is of fairly low quality and is used in the production of processed meat products rather than sold as fresh meat.

But cattlemen say that regardless of quality, imports have come along to take a steadily increasing share of business over the meat counters. It is well known that substitution by consumers of one meat product for another has important effects on the prices of both.

The Department of Agriculture contends that supply is the major factor affecting the price of fed cattle at market. A recent statement by the department said, "Year-to-year changes in fed cattle prices now seem to be as fully explained by changes in domestic fed cattle production as were price movements in earlier years. The sharp drop in fed cattle prices over the past several months has been associated with an upturn in fed cattle slaughter and continued heavy marketings of certain competing products."

American farms and ranches produce one-fifth of our total export volume. Approximately \$300 million of our \$5 billion in agricultural exports last year was in beef and other livestock products. Most Americans believe that it is wise policy for us to seek to expand our exports, and 1963 promises to be a record year across the board. But at the same time we should not, while pursuing aggressive trade policies, become an international dumping ground for the meat products of other nations. Supporting the con-

Mrs. Mary Graham Visits With Girl Scout Leaders

Leaders and committee members of the Memphis Girl Scout Neighborhood met in the home of Mrs. L. C. Martin for the first regular monthly meeting of the new year.

Mrs. Mary Graham, district advisor, of Pampa, showed an interesting film, "To Be a Leader."

Throughout the session, Mrs. Graham answered various questions of the leaders as well as offering helpful suggestions to interested Girl Scouts.

Attending the meeting were Meses. Jim Lamberson, Kenneth Bachman, J. F. Chappell, W. R. Herndon, D. R. Reddell, Elmont Branigan, and L. C. Martin.

Mrs. Graham was accompanied by her daughter, Mary Nell Graham.

The next Neighborhood meeting will be Nov. 21, it was announced.

Rev., Mrs. Thompson Attend Lubbock Church Session

Rev. and Mrs. J. B. Thompson were in Lubbock Monday and Tuesday attending church meetings at the First Methodist Church.

On Monday night Rev. Thompson attended a meeting of the board of trustees of the King's Manor which is a Methodist home for the aged located at Hereford.

On Tuesday a called session of the Annual Conference was held and Rev. and Mrs. Thompson were in attendance. Also attending from here was R. C. Lemons.

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD

Jaycees Extend Thanks For Aid At Halloween

Carrol Gardenhire, president of the Memphis Jaycees issued the following statement this week in connection with the Halloween Festival, held here last weekend. In making the announcement the president said:

"On behalf of the Memphis Jaycees, I would like to thank the different clubs that helped to make the Halloween Carnival a success: the Women's Forum for the bingo, the Austin PTA for a food booth, the Boy Scouts for a food booth, and the Girl Scouts for the spook house and fortune-telling booth. Also we would like to thank the wives of the Jaycees for the cakes in the cake walk.

"The Jaycees would like to express their gratitude for the co-operation of Judge McMurry, Mayor Howell, and the City Council for making the rides on the square possible. Also, Hollis Boren for the donation of the building for the Halloween Carnival on Thursday night.

"We would also like to thank you, the people, who came to the Halloween Carnival and to ride on the square, and sincerely hope you enjoyed yourselves."

the citizens of the community with the knowledge and organization techniques they need in order to offer the Girl Scout program to the girls of the community. Thus, through the council, the community is served with an informal educational program, devoted to the character development and civic training of its future citizens.

Helping others, giving service whenever and wherever it is needed, working with the group toward a common goal, developing qualities of leadership, and learning to work under another's leadership are all packed into the Girl Scout program.

The girls discover that playing the role of an active citizen of the community can be stimulating and they grow into maturity accepting their responsibilities as wives and mothers and as leaders of their community.

erans of any land not taken by qualified veterans. We recommend a long hard look at any amendment which would extend its life or increase its holdings."

(Commentor's Note—Ben could be entirely right about No. 4, but there has been so much controversy throughout the years concerning the issue, it is a question for the individual voters to answer.)

"Amendment No. 1 on the ballot would repeal the poll tax as a requirement for voting in Texas, and permit the Legislature to set up a voter registration system—something the Legislature has already done in anticipation of passage. An amendment to the national constitution already well on the way to ratification seems likely to do away with the poll tax anyway—and it's probably well for Texas to get in line with the rest of the nation before it's forced to. Approval of this amendment would certainly relieve a lot of confusion right now.

"Amendment No. 2 would increase the ceiling on state participation in programs of aid to the needy aged, aid to the disabled, and aid to needy children . . . boosting the total state participation to a maximum of \$60 million, provided that state contributions should not exceed matching federal funds. This omnibus amendment lumps all these funds together and adds \$5.5 million to the total ceiling. Since we are committed, as a state, to care for our needy citizens this way, we should care for them adequately. A 'yes' vote is indicated."

be available on curb-side service only. This is due to the fact that sufficient curbs, paving and sidewalks are not available for use of postmen. It will be necessary for rural-type mail boxes to be erected on the curbs at each place in the new delivery zone.

All persons are requested to notify personnel at the local post office of their new addresses in the new delivery area, Thompson added.

The definite date for starting delivery is not known at this time, Thompson pointed out.

Tentative date for starting delivery is Monday, December 2.

cent was reduced because of preparation.

The average staple length was 15-16 inch for the week with 63 per cent in this category. Ninety-four per cent of the cotton classified stapled less than 1 inch, and 6 per cent stapled 1 inch and longer. The staple length range was 13-16 inch to 1 5-32 inches. It was significant to note the almost absence of Wasty cotton this week, which has been the case all season.

Micronaire readings have been high all season, and this week

good quality continued to be reflected in the 10,500 samples classed. Ninety-nine per cent read 3.5 and higher. The prevalent group, 4.5-4.9, made up 46 per cent of the total.

The fiber strength of cotton as tested by the Pressley instrument continued to show high readings. The groupings for the week were as follows: 70,000-74,000 (fair), 6 per cent; 75,000-84,000 (average), 56 per cent; 85,000-94,000 (strong), 29 per cent; and 95,000 and above (very strong), 9 per cent.

Cottonseed prices at gin points ranged from \$53.00 to \$55.00 per ton. Hand labor for pulling cotton was \$1.75 to \$2.00 cwt., delivered to the gin.
