Miss Hall County Contest Is Set For Friday Night

Approximately 20 girls from all over Hall County are expected to be on hand at 8 p. m. Friday, June 5, in the Community Center in Memphis to compete in the Annual Miss Hall County Beauty Contest sponsored by the Memphis Jaycees.

Phil Wooten, chairman of the contest, said that entries will be accepted until 3 p. m. Friday afternoon. Entry blanks can be obtained and turned in to either Phil Wooten, Bill Lockhart or 1963 Miss Hall County, Janie Hutcherson.

"We've already had over a dozen entries turned in," the Chairman said.

The emcee for the program will be a newcomer to Memphis, Gary Lusk, who is the assistant manager of Perry Bros. Variety Store in Memphis. Wooten said that Lusk should make an ideal emcee since he has only been in Memphis a week and does not know any of the contestants.

The contest will be run similar to the way it was last year; however, with one big exception. There will be no names used in the contest, only numbers. Out-of-town judges will be used to determine who will represent Hall County for 1964 in the Miss Grain Sorghum and Miss Wheatheart Contests.

Entertainment will be furnished by the "Starfires," a band composed of Mike Nabers, Phil (Continued on Page 10)

EARLY ENTRIES—Shown above are a few of the early entries in the Miss Hall County Contest set for Friday night. On the front row from left to right are Gayle Widener, Lynn Foxhall and Minka Sims. On the second row are Kay Lynn Martin and Nikki Clements of Lakeview. On the back is pictured Jaycee Chairman Phil Wooten and Miss Hall County Janie Hutcherson. Janie is shown holding the crown and assisting Phil in holding the trophy.

Watershed Planning Meet To Be Tues. At Lakeview

A watershed planning meeting will be held in the Lakeview Grade School Auditorium, Tuesday, June 9, at 8:00 p. m.

The meeting has been called by Bob Gordon of the Soil Conservation Service to discuss the possibility of reactivating the Hall and Donley Counties Water Con-

trol and Improvement District No. One.

This watershed has been on the inactive list for sometime now and it is hoped that the project can again be put in an active status.

Under the small watershed program, projects such as this one

must be initiated by the local people who will help plan, build, operate and maintain the structures. Without the support of the people in the watershed, the project cannot be carried out.

According to Gordon, this project is one of the better projects in the state in terms of benefits from cost expended. It is a project that would mean thousands of dollars to the economy of the community by affording protection to soil, crops, roads and bridges from flood damage.

This meeting is of vital concern to every landowner in the watershed and all are cordially invited to attend, Gordon said.

Four Persons Picked Up On Whiskey Charges

Four persons were charged with selling alcoholic beverage in a dry area Monday morning and were brought before County Judge E. (Gip) McMurtry, where three pled not guilty and one pled guilty.

Pleading guilty to the sale of whiskey was Leota King, a Negro female. She was fined \$100 and court costs by the County Judge.

Pleading not guilty was John Williams, Alonzo Smith and O. D. Mathews, all Negro males.

Bond was set at \$2,000 on John Williams. Alonzo Smith was charged with two counts of selling whiskey in a dry area, and bond was set at \$2,000 on each count.

Also, O. D. Mathews was charged with two counts of selling whiskey and bond was set at \$2,000 each count by the County Judge.

County Sheriff Elmer Neel said the four Negroes were picked up Saturday night and Sunday through the aid and assistance of a Liquor Control Agent.

A. J. Welch Receives Doctor's Degree From Rice

A. J. Welch was one of 48 candidates receiving his Doctor of Philosophy Degree at Rice University's fifty-first Commencement Exercise Saturday, May 30, in Houston. His degree was in the field of Electrical Engineering and is the third such degree to be awarded by the university.

Charles H. Townes, Ph.D., D. Litt., Provost, Massachusetts Institute of Technology, gave the commencement address.

The Baccalaureate Service was held Friday evening, May 29, at the east side of Lovett Hall with William Muehl, professor of Practical Theology, Yale Divinity School, Yale University, giving the sermon.

Welch was one of 18 graduate and undergraduate students to receive recognition at the awards presentation on Friday afternoon in the Library Building at the (Continued on Page Ten)

Drivers Ed. Class Draws 37 Students

The first class for the Drivers Education course got underway Wednesday morning at 9 a. m. in the Vocational Ag. building at Memphis High School.

Charley Chambliss is the instructor for the class. Classroom work will be held every day from 9 to 11:30 a. m. until the driving sessions begin, then the vehicle will be operated from 7 a. m. to 7 p. m., Chambliss said.

Houston's Chrysler-Plymouth has volunteered to furnish a Plymouth automobile for the use of the students in the course, Instructor Chambliss said.

Thirty-seven students were on hand for the first class Wednesday.

These include: Dwight Alewine, Kirk Anderson, Donnie Aronofsky, Donna Beckham, Landa Berry, Judy Bruce, Teresa Carson, Ruth Cox, Margory Dixon, James Edwards, Cynthia Evans, Sheila Fowler, Don Fronterhouse, Nina Glover, Candy Gresham, Carol Greene, Jane Hoover, Neal Hughes, Carol Hutcherson, Brenda Lowe, Suzan Moreman, Gary Murdock, Pat McCravy, Mickie Nabers.

Also, Tony Pate, Sam Putts, Gary Rea, Joyce Richburg, Sandy Saye, Jimmy Shults, Paul Smith, Sandra Smith, L. B. Snider, Suzan Stevenson, Belina Wells, Linda Whitten and Renee Woods.

The instructor said that if plans go well, the class should be completed around June 20.

Funeral Services Held Monday For Merlin Summers

Funeral services for Merlin Summers, who passed away May 29 in the Veterans' Hospital in Waco, were held at 2 p. m. Monday, June 1, from the Lesley Baptist Church with Rev. C. A. Butler, pastor, officiating.

Interment was in Lakeview Cemetery with services under the direction of Spicer Funeral Home.

Mr. Summers was born Dec. 25, 1921, in Flora County, Okla. He had farmed in the Lakeview Community for a number of years.

He was a veteran of World War II.

Surviving are his father and step-mother, Mr. and Mrs. J. R. Summers of Estelline; two sons, Doyce and Lonnie, both of Los Angeles, Calif.; two brothers, S. W. of Fritch and Arland of Lakeview; five sisters, Mrs. G. H. Hubbs of Portersville, Calif., Mrs. Viola Adams of Los Angeles, Calif., Mrs. Lois Taylor of Stockton, Calif., Mrs. Robbie Crowder of Elmirage, Colo., and Mrs. Ada Campion of Seattle, Wash.

Pall bearers were W. M. Hughes, Joe N. Berry, J. O. Adams, D. C. Hall, Quilla Clark and Don Hancock.

C. E. Stribling, Estelline Resident, Buried Sunday

Claude Elmer Stribling, 74, long-time Estelline resident, died at his home in Estelline May 29. A city employee until his retirement several years ago, he had resided in Estelline for 35 years.

Funeral services were conducted at 2 p. m. Sunday from the Estelline Church of Christ with Raymond West, minister, officiating.

Burial was in Estelline Cemetery with services under the direction of Spicer Funeral Home.

Mr. Stribling was born Dec. 31, 1889, in Cooke County. He moved to Estelline in May, 1929.

His wife and one son preceded him in death.

Surviving are one daughter, Mrs. Lloyd Williams of Estelline; one granddaughter, Jo Williams of Estelline; two sisters, Mrs. (Continued on Page 10)

League Make-Up Games Tonight

The Memphis Little League games were rained out Friday night and a scheduled make-up was set for tonight, Coordinator Milton Miller said this week.

Tuesday night, the Giants defeated the Indians 11-8, in the first game. Larry Moss was the winning pitcher, going all six innings and giving up only two walks.

Joe Edd Godfrey was the losing pitcher. He pitched three innings and was relieved by Spencer Gilliam. Carroll Bland racked up his second home run for the Indians. The Giants made 11 runs on 10 hits and the Indians made 8 runs on 11 hits. The Giants and Indians have one and one records.

The Tigers defeated the Yankees in the second game, 5 to 2. This gives the Tigers a two win record and the Yankees a two loss record.

The Tigers scored five runs on two hits and the Yankees scored two runs on five hits. Terry Wansley was the winning pitcher, giving up six walks, and Steve Pardue was the losing pitcher, giving up six walks.

Methodist Bible School To Close With Supper Fri.

The Family Night Supper to close the Vacation Bible School at the First Methodist Church will be held Friday at 7:30 p. m.

This is the regular monthly Fellowship Supper and is changed from Wednesday to Friday to feature the school closing.

More than sixty are in attendance at the school which is under the direction of Mrs. Harold Smith and a staff of adult leaders and young people.

City Council Adopts 1964-65 Budget Tues.

The Memphis City Council adopted the 1964-65 budget Tuesday night at their regular monthly meeting. The planned expenditure for the City of Memphis was set at \$109,967.38, which is slightly over \$5,000 above last year's budget.

The 1964-65 budget was raised the \$5,000 due to the fact that the estimated receipts from taxes, etc., will be up \$5,295.92 over last year.

The possible necessity of raising the tax rate for the City of Memphis was discussed along with the budget, due to increasing demands for additions; however, the Council agree to remain with the present tax structure and keep the budget within the estimated receipts which were announced at \$110,046.78. An estimated surplus for reserve was set at \$79.40.

A budget summary showed the following totals for the different departments:

School, \$20,195.00; Police, \$13,670.00; Fire, \$14,590.00; Health and Sanitation, \$7,685.00; City Park, \$3,130.00; Carnegie Library, \$1,953.00; Fairview Cemetery, \$4,845.00; Swimming Pool, \$4,895.00; General Administration, \$21,105.00; and Interest and Sinking Fund, \$18,099.38.

One of the largest increases was seen in the General administrative expenses which jumped from \$16,640 to \$21,105, primarily due to the addition of a Community Building section.

Also showing slight increases were the Street, Police and City Park departments, while the Health and Sanitation, Swimming Pool, Cemetery and Carnegie Library showed slight decreases.

The budget is set up each year by examining the expenditures for each department for the past 12 months and examining this against the previous budgeted figure.

Four Polling Places Announced For 2nd Democratic Primary

There will be only four voting boxes for Hall County in the Second Democratic Primary Saturday, June 6, according to Clyde

Fowler, chairman of the County Democratic Executive Committee.

Fowler made the announcement this week, after a decision had been reached by members of the committee.

All persons residing in voting Precincts No. 1 and No. 13, Memphis, and Newlin, will vote in the courthouse in Memphis.

Residents of Estelline, Parnell and Baylor voting precincts will vote at Estelline.

Turkey voters will cast their ballots at the regular polling place in Turkey.

Voters of Lakeview, Lesley and Bruce will vote at Lakeview.

It was explained that this combination of voting precincts was made due to the fact that there was only one run-off race on the Second Democratic Primary ballot. The combination of voting precincts was determined by tax boundaries of the commissioner precincts of the county.

On the ballot will appear the names of Robert W. Baker and Joe Pool, candidates for Congress man-at-large.

Judges of the Memphis box are D. C. Meevick and Jim Vallance. Judge at Estelline will be Joe Allen Ballard; at Lakeview, V. C. Durrett; and at Turkey, Elmer Lacy.

MEMORIAL SERVICES—Pictured above, left, is Rev. Fern Miller, of the First Baptist Church, who delivered a short Memorial service message to those present early Saturday morning at Fairview Cemetery. The American Legion, the Boy Scouts and the Cub Scouts participated in the Memorial Services.

Comments
Nationalism is a risky occupation. Its newspaper is a thousand years old, and reported that during that time its editors lost their heads for criticizing authorities. During the 30's, another newspaper man got bad when he used small letter on words that were required to be capitalized. The item printed: Lenge of this community in Stakes, the long hollow teacher, were married last ... During those bad all kinds of accommodations expected of newspaper by people. I remember the first was asked to print an item. When asked what it cost, the party flared and said, "I won't pay it; it's come free as an added along with the subscription to the paper." And a newspaper's principal source of revenues from advertising!

city is beginning a great more consistent era of ... We know that a city is only as far as the spirit is—that it can progress as much as the citizens that it—and that the citizens make it anything that they like. Knowing these things, let us go forward in a sincere way to build and promote our city, to secure the better for ourselves and our citizens, to keep abreast of times and march forward to better things. We are proud of this and that we can call it individually and collectively pledge to continue to do for Memphis.

Inch Of Rainfall Is Measured Here

A total of .98 of an inch of rain was recorded this morning at the Memphis office of J. J. McMickin, official rain gauge observer, on June 3, May 30.

Last weekend were fairly good over the Hall County area. The amount from .80 to .90 was reported. Farmers report that in some areas the rains are sufficient to plant this season crop. However, in some areas, farmers have planted late.

Under shower Wednesday over Memphis 17 of an inch of rain was reported. The same system gave good rains some hail to the Clarksville area. Week's temperatures were normal, McMickin said. The temperature spread in the Memphis area was: Wednesday 95-75, Tuesday 90-70, Monday 80-60, Sunday 80-60, Saturday 80-60, Friday 80-60, and Thursday 72-58.

What Makes A Community Grow?

What will make a community grow?
The answer is . . . basic employment.
For every five new people added to basic employment, seven and a half new people are required for service employment, and these 12½ workers support at least 23 non-working people which are, of course, the families of the workers.
That's a total population growth of 35½ — 12½ plus 23. Farms and ranches offer this basic employment.
So do business firms that take raw products and manufacture or produce a product for sale or consumption.
Oil companies that produce wealth in the form of oil products add to basic employment.
Dairies, cattle feed lots, grain mills, processors, machine shops and other types of business enterprises add to basic employment and cause cities like Memphis to grow.
If we are to continue to grow, in population and total business—then more basic employment must be provided.
Industry that converts raw materials to finished products will add to basic employment and efforts are being made to land permanent industry here.
A livestock feed lot, while calling for a big outlay of capital, would certainly add to basic employment and add to the economic stability of this area.
If we can put 50 men in basic employment, they will support 78 people in service industries and this combined employment will support an additional non-working population of 225 people.
Memphis has begun to experience growth since the late 1950's and it is due to this basic employment. Permanent jobs will open up as the population grows in the service fields, however, if the growth is to continue, new jobs will have to be found in industry, agriculture and business.
Continued efforts must be made to secure more permanent types of industry to utilize the raw materials we have.
The future of Memphis, as we look back on its three-fourths of a century thus far, depends to a great extent upon the vision and faith of the people that have made it what it is today.

Baker Can Win The Nomination

Robert W. Baker of Houston can win the Democratic nomination for congressman-at-large in the run-off primary although he ran second to the incumbent, Rep. Joe Pool of Dallas, in the May 2 election.
In that five-man race, Pool polled considerably less than half the votes and Baker was a strong second.
The fact that the Houstonian would support the administration—at least most of the time—as a congressman, whereas the incumbent has one of the most anti-administration voting records of any Democratic member of Congress, will help Baker. Pool cannot expect any reward from Republican voters because they will be deciding a hot runoff race for senatorial nominee on the same day.
Runoff elections for state representative in Harris County should help bring out a good vote here where Baker is best known, and is strongly favored over Pool by the majority of Democrats. Also, fortunately for Baker's chances, there are runoff elections in other sections where he is stronger than Pool.
A measure of Baker's support in this county is the fact that all the state legislative delegation who were renominated this month are for him and two members, Reps. J. Charles Whitfield and Paul Floyd, are his Harris County campaign managers.

Your Future And Water
Distillation of sea water at a reasonable cost through the use of nuclear energy should be regarded as an essential investment for the future.
A recently-concluded study dispels any doubt that the salty waters of the world's oceans can be converted at a cost which compares favorably with that of obtaining potable water from other sources.
That such efforts are needed can be seen by the growing requirement for water and the substantial drop of ground water tables in almost every part of the country.
The study, made by the University of California for the office of Science and Technology, shows that a publicly financed nuclear powered plant with a daily capacity of 620 million gallons per day can produce water at a cost of 30 cents per thousand gallons, including conveyance to a reservoir.
The plant could also provide 1.4 million kilowatts of electricity daily, sufficient power to meet the needs of nearly two million people at the cost of 2.4 mills per kilowatt hour.
Cost of constructing such a plant is estimated at 840 million. But the future saving and critical need for such plants make such investment a necessity for the country future growth.—The Shamrock Texan.

Dan True, weatherman from KFDA-TV of Amarillo, spoke to about 100 members of the Young Farmers Chapter of Lakeview at Family Night Monday night.

He flew in to Memphis Airport, arriving at 7:15 after his 6:15 broadcast.

True spoke about one hour on weather, and answered numerous questions asked by members of the organization.

He was taken to Memphis and boarded his plane, arriving in Amarillo in time for the 10:15 weather show.

One of the big questions raised was whether Red River effects rain clouds. He told those present that the river bed did not have any effect on clouds, and if a rain stopped on one side of the

river and did not cross it, this is just the normal action of the cloud. River beds have no effect, whatsoever, on rain clouds, he said. He is going to set up instruments to record weather along the river and have the report on one of his programs in a few months to prove the statement.

Those present enjoyed homemade ice cream after the meeting was over.

Pick a Chevrolet and fill in the spaces

Now's the time to see the great outdoors in a great Chevrolet buy!

Here you are on the brink of vacation time. There's your Chevrolet dealer in the midst of Trade 'N' Travel Time. You two should get together! Object—celebrating the joys of summer in a new Chevrolet.

Why a Chevrolet? Well, with 15 models in four series, what possible reason is there to look further?

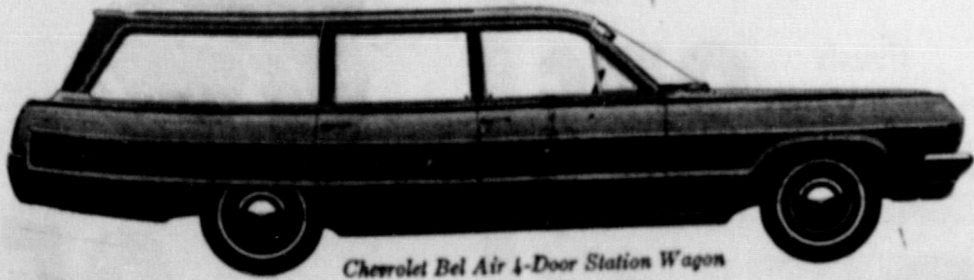

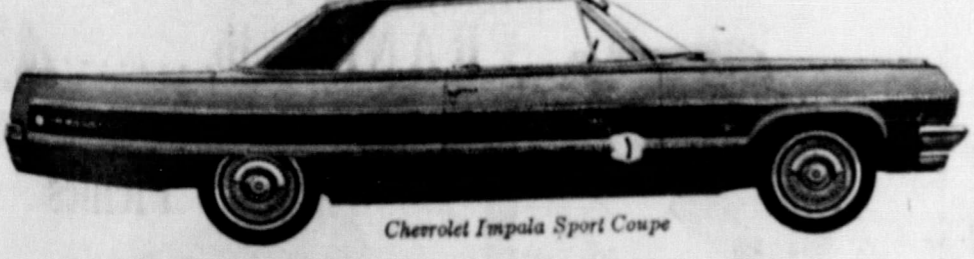

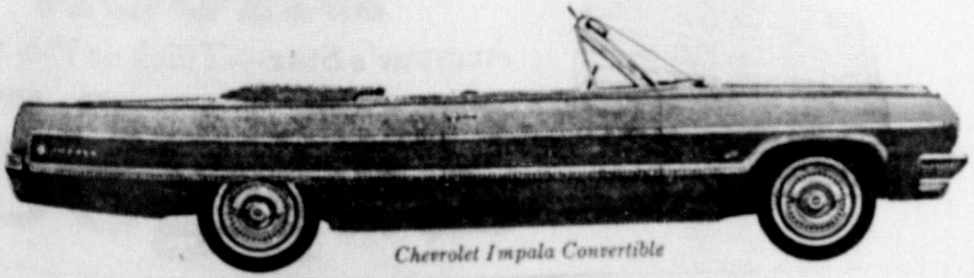

Take the Impala Super Sport (and a lot of people do just that). Comes as a Sport Coupe or Convertible. Has trimmings like front bucket seats, center console, special trim—all as standard equipment. And offers a

typically Chevrolet array of extra-cost options.

Plain Impalas are anything but. They come in all popular body styles, including wagons. They're dressed up to a fare-thee-well: fully carpeted interiors, upholstery as durable as it is attractive.

Bel Airs and Biscaynes, the lower priced Chevrolets, make a practice of hiding it. All the conveniences, no sacrificing comfort or style.

Did we mention that Trade 'N' Travel Time won't last forever? It won't. So see your Chevrolet dealer. Then go fill in the spaces.

More Than 500 Persons Attend Giles Picnic; Johnson Is Mayor

More than 200 persons signed the register and cast a vote for Lowell Houston or Blackie Johnson for Mayor of Giles at the annual picnic on old Buck Creek Saturday, May 30. However, at least 500 people attend The Giles Picnic.

The festivities began with the singing of "America", accompanied by Mrs. Malcolm Glass at the piano, followed by a prayer led by Rev. Cook from Ft. Worth. The Hall County Singers entertained the picnickers with an old-fashioned "hymn singing" and various musicians supplied further entertainment until time for lunch.

Bob Ayers, as "master of ceremonies", kept the ball rolling, urging folks to vote for their choice of mayor. In fact, the mayor's race was one of the features of the day's activities with the campaign managers (Bob Ayers for Blackie and Mrs. Gerald Knight for Lowell) touting their candidate's intermittently.

Following a delicious noon meal with barbecue prepared by Flip Breedlove and Pete Land, corsages and boutonniers were awarded to those traveling the farthest distance to the picnic and the oldest attendants. Mr. A. S. Pierce of Amarillo, in his nineties, was the eldest man and Mrs. W. H. Moreman the eldest woman present.

As donor of the beef this year and because he is such "a jolly good fellow," Marcus Gist of Odessa was given a momento of the picnic. Mr. Gist's father, John Gist, was one of the first to bring good Hereford cattle to this area and was a resident of Giles in an early day. Marcus has missed only two of the nine annual picnics since 1965 and the past two years Mrs. Gist has come with him. They are always welcome visitors, come home to Giles.

One of the featured events of the day was The Fiddlers' Contest. Richard Stotts, G. W. Weddell, and J. E. Miller served as judges. First prize money of \$30 was won by Jack Prichard of Hedley; second place and \$20 went to Glen Studebaker of Pampa, and \$10 to Ray David of Clarendon. Other contestants were: Frank McWhorter from the Tyson Ranch at Higgins, L. G. Rinkle, Sam Highsmith of Vernon, James Lewis of Memphis, Joe David of Clarendon, Elmo Hughes

of Vernon, and Dale Hendrick from Spearman. We appreciated their participation.

Of course, the hilarious feature was the election of mayor of Giles. When the votes were tallied, Blackie Johnson had won the race by a wide margin. In the future, Lowell Houston will be known only as "a Country Squire".

The fact that Blackie had multi-colored hand bills probably influenced the voters in his favor, but Lowell was a good loser and conceded the election with no hard feelings.

A cool, damp breeze blew in about four o'clock and folks began to drift toward home after a happy day of visiting and feasting at the country picnic on Buck Creek.

Among those enjoying the celebration were: FROM GILES, Dave and Pearl Browder, Ruby and Malcolm Glass, Walter and Gladys Johnson, Blackie and Shirley Johnson, Mrs. G. F. Foster, Charlie and Audrie Foster.

FROM HEDLEY: Mr. and Mrs. Herlie Moreman, Maie Autry, Mrs. A. M. Hoggard, Mr. and Mrs. Clyde Hoggard, Mr. and Mrs. Cullen Taylor, Tonie McLaughlin, W. M. WEATHER-RESISTANT INSECTICIDE:

New Bidrin® Insecticide penetrates cotton leaves, kills insects from inside out. Control lasts 7 to 21 days—rain or shine.

BIDRIN is a powerful new kind of cotton insecticide. It gives an honest week's control of thrips, aphids, spider mites and fleahoppers. Resistant strains of fleahoppers are also controlled. Bidrin not only kills insects on contact—like ordinary insecticides—but also in a completely new way.

Is absorbed by leaves

Soon after spraying, most of the Bidrin you apply is absorbed into your cotton's foliage. Inside the leaves, where it is protected from rain and sun, Bidrin keeps on controlling insects for a full 7 to 21 days.

Result: Bidrin Insecticide gives you long residual control of the insects that stunt young cotton plants and delay fruiting—and protects itself against

Magness-Wright Nuptials Are Read in Pretty Church Service

In a pretty church ceremony performed at 7:30 p. m. May 16 in the First Methodist Church in Sand Springs, Okla., Miss Mildred E. Magness, daughter of Mr. and Mrs. Kent Magness of Memphis, became the bride of Thomas Duane Wright son of Mr. and Mrs. Tex Wright of Sand Springs, Okla.

The Rev. Quitman McCory, pastor, read the double ring ceremony before a nuptial space decorated with floor baskets of white gladioli, palms and candelabra holding lighted tapers.

Nuptial selections were provided by Mrs. Joyce Hill at the organ.

Given in marriage by her father, the bride wore a floor-length wedding gown of bridal satin with overskirt of lace. Her fingertip veil of illusion fell from a crown of satin and pearls and she carried a bouquet of carnations and gardenias tied with streamers of white satin ribbon showered with Stephanotis atop a satin-covered Bible.

Mrs. Raymond Panter of Kingfisher, Okla., sister of the bride, was matron of honor and bridesmaid was Miss Kathy Wright of Sand Springs, Okla., sister of the groom.

They wore identical dresses of white lace over blue polished cotton and carried bouquets of white and blue daisies surrounded with white ribbon and net.

Carolyn Rae and Marilyn Kae Panter, both of Kingfisher, Okla., served as flower girls and Johnathon Street of Dallas was ring bearer.

Cheryl Stephens, cousin of the bride, served as candle lighter. Jay Horn served as best man and groomsman was Raymond Panter.

Immediately following the wedding, Mr. and Mrs. Magness were hosts at a reception in the church parlor.

The bride's table was covered with a white net cloth over satin and centered with a three-tiered wedding cake topped with a miniature bride and groom. Daisies formed a circle around the cake which was placed on a mirror.

For a wedding trip to Western Hills Lodge, Mrs. Wright checked for travel an off-white lace dress complemented with blue accessories and the corsage from her bridal bouquet.

The bride was a member of the 1964 graduating class from Memphis High School while the groom attended school in Sand Springs, Okla. Mrs. Wright was also a student in the Sand Springs high school before entering school here in September.

The newlyweds are now at home in Freeport, where the groom is employed.

Lakeview Seniors Return Sunday From 3,700 Mile Trip To Miami Beach, Florida

Members of the Lakeview Senior class returned Sunday afternoon from a senior trip which took them 3,700 miles to Miami Beach, Fla., and back, traveling through five states.

Taking the trip were Mr. and Mrs. J. W. Hatley, Sponsor Barney Bevers, and seniors, Sandy Verden, Cheryl Craighead, Joyce Baker, Clenton Pierce and Connie Mack Moore.

The seniors used an Oldsmobile station wagon to make the trip. Leaving Lakeview after graduation exercises Friday, May 22, at 10 p. m., the students traveled to New Orleans, La., arriving at 5 p. m. the next day. Spending the night there, they stayed at The Town House Motel.

The next day they traveled all day to High Springs, Fla., where they spent the night. The next day, they traveled to Miami Beach.

They went swimming, attended an aquarium show and Seminole Village where they saw a zoo and alligator wrestling. They stayed at the Golden Sands Motel and stayed in Miami Beach three days and two nights, before starting back.

Leaving Wednesday morning, they returned by way of the Florida Everglades and the west coast seeing Tampa and spending the night at Crystal River.

Thursday, they drove to New Orleans, La., and stayed there Thursday and Friday nights at the Sands Motel. They saw Jackson Square, Pontchartrain Beach, and took a tour on "The President" up and down the Mississippi.

Saturday morning, they drove to Dallas where they stayed at the Tower Motel.

Early Sunday morning, they left for home, loaded with souvenirs and memories of the nine-day trip.

Sponsor Barney Bevers said that the trip was made possible due to the small class and the station wagon. "We had plenty of room with our luggage on top, and the air conditioned car made the trip very enjoyable," he said. Club Lake, and visiting with his mother, Mrs. Geo. Greenhaw.

Mrs. Grace Foxhall, who underwent surgery in Amarillo last week after falling and breaking her hip, was returned to Hall County Hospital last Saturday. She is reported to be recovering nicely.

Clarendon Jr. College Adds Two Additions

Mr. Weldon Day, Dean of Clarendon Junior College, has announced two major additions to the curriculum and facilities of the College, effective this September, which will be of special interest to the young ladies of the area.

Homemaking courses will be available for the first time and will include courses in elementary clothing, textiles, food preparation, elementary nutrition, meal planning and serving, and consumer problems.

A Home Economics scholarship for tuition, books, and fees has been awarded to a freshman girl for the academic year 1964-65, and another scholarship will be offered to a sophomore student for the academic year, 1965-66.

The other added convenience of the college will be the opening of a Girl's Dorm. Girls who wish to stay in the dorm this fall should contact Dean Day as soon as possible to make reservations. Dorm facilities for boys are also available again as they have been in the past.

Mr. and Mrs. Cecil Heckman and children of Holley, Colo., spent the weekend here with her parents, the Red Stephens. Mr. Heckman returned home Sunday evening while Mrs. Heckman and the children went to Canyon where she will be in school this summer.

Kathie Hommel of Memphis spent the weekend here with her grandparents, the C. A. Hightowers.

Liz Johnson of Memphis and her grandmother, Mrs. Starr Johnson of Brice spent the weekend in Dumas in the home of the Buck Johnsons. They also attended the graduation exercises of Jerry Starr (Johnson) French.

Mr. and Mrs. J. W. Hatley, who sponsored the Lakeview seniors on their trip, returned home Sunday. They visited places of interest in New Orleans and Florida. They reported a very enjoyable trip. Tonda and Jaci Hatley also return from Clarendon where they spent the week with their grandparents, the Clarks.

Mr. and Mrs. C. V. Murff visited Sunday in Clarendon with her parents, the Howards.

Visiting in the home of Miss Patricia Cole and her parents, the Arthur Coles of Quannah over the weekend was Peggy Ashford, who was taken to Quannah by her parents, Mr. and Mrs. Henry Ashford. Miss Cole accompanied the Ashfords home and returned to Quannah Monday.

Mrs. Kinard Is Home Form TU Graduation

Mrs. D. L. C. Kinard has returned home from Abilene and Austin where she attended graduation exercises for her granddaughter and grandson at Cooper High School and the University of Texas.

Mrs. Kinard's granddaughter, Janet Kinard, graduated from Cooper High School. She plans to enter Southern Methodist University in the fall.

From Abilene, Mrs. Kinard accompanied her son, Charley R. Kinard and family, to Austin where they attended graduation exercises at the University of Texas.

James Cearley Kinard was among the 2,000 graduate receiving degrees in various schools of the University. He graduated with honors, receiving a degree in business administration. He plans to serve as an assistant teacher at the University next fall and work toward his master's degree.

President Lyndon Johnson gave the commencement address to the graduating class. The President and Mrs. Johnson both received honorary doctorate degrees on this occasion.

Janet and Jimmy are the daughter and son of Mr. and Mrs. Cearley R. Kinard of Abilene.

CARD OF THANKS

We wish to express our thanks and appreciation to Dr. Odom and the staff of Odom's Hospital for their help and kindness during the recent illness and death of our loved ones.

NEWLIN

The rains came, just in time for the Memorial Day celebration, which makes us know that we have one, who knows best even if we, sometimes, become over-anxious about the drought.

Mr. and Mrs. Carroll Benyman, Zoe and Donna of Lubbock came down Saturday. Carroll stayed at Estelline to visit with his parents, Mr. and Mrs. John Benyman, while Bee and the girls came to Newlin to visit with relatives.

Mrs. Vera Jones returned to Amarillo one day last week after spending several days with her parents, Mr. and Mrs. Will Smith.

Mr. and Mrs. Dean Stewart are the parents of a new baby boy, born May 31.

Mr. and Mrs. J. N. Helm, Sr., visited in Fort Worth with their son and family, Mr. and Mrs. Ralph Helm and Ralph, Jr., week before last.

Mrs. Bobby Helm and children of Pampa came last Monday to visit Mr. and Mrs. J. N. Helm, Sr.

Mrs. O. B. Hoover, Laynette and Chalones left Tuesday with the group who went from Estelline Baptist Church to see "Six Flags Over Texas"

EXTRA WHIPPED CREAM

When you whip more cream than you can use, freeze what's left over. The handiest way is to place a layer of aluminum foil on a small cookie sheet. Then drop mounds of whipped cream on it...and freeze uncovered. When firm, quickly remove each mound of frozen whipped cream; place in moisture-proof container. Return to freezer. Use these individual servings of whipped cream within a month to top desserts. It melts fast!

Savings Bonds Reach 50% Of Goal

Helm, Chairman of Hall Savings Bonds Committee that Series E and H Bond sales in Hall County reached \$4,225 in April. Sales for the first four months in 1964 total \$21,272 and 42.5 per cent of the state's 1964 goal has been achieved.

Annual sales in Texas total \$100,000,000. Sales for the first four months of the year were \$28,783 which represented 28.8 per cent of the state's 1964 goal.

Many people are buying the last minute graduation gifts, and our committee would like to recommend that Savings Bonds make wonderful gifts for any occasion. Local banks have special displays to be used when Savings Bonds are given as gifts, and give the gift that keeps giving—U. S. Savings Bonds. Chairman Helm stated.

LESTER CAMPBELL

Lester Campbell Associated With Insurance Agency

Announcement has been made of the association of Lester H. Les Campbell with the Wilson Insurance and Realty Co., located in the Memphis Hotel Building. The change was effective June 1.

Campbell has acquired an interest in the general insurance agency from W. B. Wilson. Wilson will continue to be active in the operation of the business in the future.

A former resident of Memphis, Campbell worked as reported for the Memphis Democrat two years prior to World War II, and for one year following the war after serving in the U. S. Navy for four years. He was born in Hollis, Okla., and was reared in Wellington.

After he left Memphis in 1946, Campbell served as editor of the McLean News for nine years. He left McLean in 1955 and has been engaged in the insurance business in Amarillo since that time.

While living in Memphis, Campbell was married to the former Martha Thompson, daughter of Mrs. E. P. Thompson of Memphis. Mr. and Mrs. Campbell have two children, a daughter, Chris, 15, and a son, Jay Ed, 8. They are members of the Methodist church, and have been attending St. Paul Methodist Church in Amarillo.

Mrs. R. Davidson Graduates With Honors From LRU

Mrs. Ronald Davidson, the former Judy Lemons, graduated from Magna Cum Laude from the Little Rock University last week. She received her B. A. degree with a major in English.

In addition to graduating with honors, Mrs. Davidson received the Gladys K. Brown English award as the highest ranking English major in the school. She was a member of the Sword and Shield National Honor Society.

Prior to entering Little Rock University, Mrs. Davidson attended McMurry College, Abilene. She is the daughter of M. and Mrs. R. C. Lemons. Mrs. Lemons and Mary were in Little Rock for the graduation exercises at the college.

Mrs. Davidson accompanied them home and visited here until Tuesday.

GIRL SCOUTING

Mary Hubbard, leader of Cadette Troop No. 195, is recuperating nicely following surgery last week.

Mrs. Rita Sherman of Turkey was in Memphis Monday to discuss plans for the Day Camp program June 22. Mrs. Sherman stated tentative plans were made to transport the Girl Scouts from Turkey by school bus which will be easier than using private cars. To date, approximately 34 Girl Scouts will attend the 1965 Day Camp from Turkey. Volunteer workers as troop leaders are needed as the number of girls attending the camp this year will be larger than any of the four previous years. Mrs. Sherman reports that three mothers will be on hand from Turkey. To date, Mrs. Kenneth Bachman has been the only volunteer worker to definitely attend camp from Memphis.

Plans are made to have a short meeting at the Giles campsite one day soon to acquaint the ladies with the surroundings. Anyone interested in this program is asked to contact Mrs. Elmont Branigan or Mrs. Brode Hoover.

Band Volunteers Hoe Practice Field This Week

Members of the Cyclone Band have exchanged their instruments for the old-fashioned hoe and rake this week as the "big push" was on to clear the weeds out of the newly sprigged practice field west of Junior High School.

A project by the Band Booster Club and the Cyclone Band has gotten the football size field sprigged with Midland Bermuda grass and the band has undertaken the big chore of watering and weeding the field.

Beginning at 8 a. m. Monday morning, volunteers began the big job, and by noon Tuesday, many of the weeds had been cut and raked into piles.

Volunteers helping with the project included: Jay Dunbar, Linda Alewine, Elmonette Branigan, Regina Hoover, Lometa Pate, Minka Sims, Lowell McKown, Suzanne Sexauer, Kenneth McKown, Carol Voyles, Lynn Philpot.

Also, Carl and Sammy Houston, Paul, Bill and Fred Durham, C. J. Goodnight, Jerry Burleson, Sue Watson, Laurel Pounds, Carol Thompson, Cheryl Foster, Randy Driver, Suzette Smithee, Laura Sue Moss, Lynn Foxhall, Hubert Dennis, Boneta Miller, Linda Miller and Jim Ed Wines.

Jay Dunbar, spokesman for the group, said that it looked like the job would have to be done again next week.

RUN-OFF CANDIDATES—Shown above are the two candidates whose names will appear on the Second Democratic Primary Election ballot, which will be marked by county voters Saturday, June 6. At left is Robert W. Baker of Harris County, former State Representative and State Senator. At right is Joe Pool of Dallas County, incumbent and former State Representative. The office they seek is Congressman-at-Large.

Panhandle. For several years I sought approval for new, needed construction work at the dam to preserve the recreational benefits provided by the lake and to protect property below the dam from occasional flash flooding. In my capacity as chairman of the Subcommittee on Irrigation and Reclamation of the House Interior Committee, I have long advocated that it is just as necessary to maintain existing water projects as to build new ones. I had felt that Lake McClellan was being neglected; recurrent floods proved it.

I am glad to say that the U. S. Forest Service, which has administered Lake McClellan since 1954, will open bids June 11 in Albuquerque to provide the needed work on the dam and spillway. The project, to be completed in 300 days after a contract is awarded, will include construction of a new, enlarged concrete spillway and extending the dam across the existing emergency spillway. Since 1959, the Forest Service has improved facilities at Lake McClellan by adding 49 "family units" (fireplace, table, and benches), two boat camps, two miles of improved road, a rehabilitated concession building, among others. In the current fiscal year, the Forest Service began a project to add additional picnic tables and fireplaces, sanitary facilities, a boat trailer parking area, boat ramps, and another mile and a half of roadway. Use Safety Tape

If you use the same jacket for hunting both deer and ducks, you've got a problem.

Wear a red or yellow jacket and you'll spook ducks two miles away. Wear an olive-drab one and you're apt to get blasted by a cross-eyed deer hunter.

Here's the solution: Buy the olive-drab jacket for duck hunting, then when you go after deer, mark the back and sleeves with industrial adhesive tape.

These stripes of bright yellow will distinguish you from the deer.

Forest Service, approximately 110,000 visits are made to the lake each year. When projects planned or underway are completed, the goal of upgrading facilities at Lake McClellan will be attained.

Stan Musial, the former St. Louis Cardinals star who is now Consultant to the President on Physical Fitness, has sent me copies of "Vim" and "Vigor," the two new booklets prepared by the President's Council on Physical Fitness to promote physical well-being among our young people. "Vigor" presents a complete exercise plan for boy of ages 12-18. "Vim" presents a complete exercise for girls of that age bracket. Mr. Musial said that more than 34,000 copies of the two booklets were sold in the first week after publication—and they may rival in popularity the 1963 booklet "Adult Physical Fitness" as best-sellers. Not available for free distribution, the booklets may be ordered by writing the Superintendent of Documents, U. S. Government Printing Office. "Vim" and "Vigor" are each 25 cents a copy. "Adult Physical Fitness" costs 35 cents. Prices are lower for quantity orders.

COOK Electrically WITH PLANNED FLAMELESS STORED HEAT

If dinner is cooking, and you're running late (to pick up the children at school, hubby at work, or attend a club meeting) flameless electric cooking allows you to leave home earlier.

A flameless electric oven is insulated on SIX sides, and uses current only 15 minutes out of each hour to maintain pre-set temperature. You can turn it off completely, and food will continue to cook at pre-set temperature for 30 minutes. A flameless electric surface unit maintains pre-set temperature 5 minutes after electric energy is turned off.

Contestants will appear before the audience in evening gowns and bathing suits, and each will

talk briefly with the emcee.

The winner will receive the Miss Hall County title, the crown, and a trophy. All single girls living in Hall County who are 17 before June 31 and under 22 years of age are eligible to enter.

A. J. Welch

(Continued from Page 1)

Welch received the Ralph Budd Award for the best thesis, which was entitled "A Mathematical Model for Relating EEG to Certain Stimulus Fields." Working on a Fellowship, he had spent the past year compiling data and doing research on the project.

Welch, who is married to the former Fatsy Nell Combs, daughter of Mr. and Mrs. Herschel Combs, holds his B. S. degree from Texas Technological College and M. S. degree from Southern Methodist University. The couple have three daughters, Susan, age 8; Carolyn, 6, and Diane, 3.

Salt Box Bait Box

A one-pound salt box makes a perfect container for carrying crickets and grasshoppers. Punch in a few breathing holes, pull out the spout and slip in the insects. When you are ready to fish, open up the spout and drop 'em out, one at a time.

Wrap Pork Rinds in Foil

Here's a way to carry pork rind without having any bottles to break. Simply place some pork rinds in petroleum jelly and wrap in aluminum foil. There's nothing to spill and a lot less weight to lug around.

The earth is not exactly spherical, it is pear-shaped.
