LL All-Star Team Named Tues. Night

Charley Grice, president of the Memphis Little League Assn., Tuesday night between ball games, announced the list of the 1964 Little League All-Stars.

The Memphis All-Stars will compete the weekend of July 23 at Clarendon in the Area All-Stars play-off. Memphis will play the Carson County All-Stars at 6 p. m. Thursday night, July 23.

If Memphis wins this game, the team will advance to the finals, where they will meet either Childress, Amarillo AF Base LL or Clarendon LL.

Managers for the All-Stars named Tuesday will be Tony Monzingo, manager, and Charley Johnson, assistant manager.

Named on the team were the following: Alan McNally, Carol Bland, Joe Edd, Godfrey, Jake Dammron, Stevon Pardue, Ronnie Phillips, Ronald Bradshaw, Skipper Murdock, Robert Mack Richards, Bill McQueen, Merle Kilpatrick, Eugene McElreath, Thomas Greene. Alternates named were Greenwar and Long.

The All-Stars had their first workout Wednesday in preparation for the big play-off at Clarendon.

Comments
Through the years, Memphis has been noted throughout the State and Texas for having fine bands, such as the Gold Medal Band, and having been others who have won their marks down to the state—the kind of band the Memphis likes. Last week, Huck, a former Gold Medal Band member and a worker at J. C. Lumber Yard for several years, spent several hours visiting former friends and picking up as to how many of the old band members are living where they live. Huck still plays and plays a band wind instrument.

C. Lemons, on his way to school last week, stopped near to visit a former friend, businessman, W. B. Funk, who (Continued on Page 8)

Lakeview Plans Large Tennis Tournney Soon

The Lakeview Invitational Tennis tournament will begin Wednesday, July 22, it was announced this week by Barney Bevers, manager.

Bevers said that the two old courts at the Lakeview High School have been refinished by M. C. Allen of the Memphis Compress Company, and the four courts are in better shape than in a number of years.

Funeral Services Held Sunday For Mrs. John Wilson

Funeral services for Mrs. John C. Wilson were conducted at 4 p. m. Sunday from the Presbyterian Church with the Rev. Richard Avery, pastor, officiating, assisted by Tom Posey, minister of the First Christian Church.

Burial was in Fairview Cemetery beside her husband, John C. Wilson, who passed away in May, 1948. Services were under the direction of Spicer Funeral Home.

Mrs. Wilson, a resident of Memphis for 62 years, died at 5:25 p. m. Friday in Hall County Hospital. She was born May 21, 1878, in Marshall Co., Tenn.

She was the former Dorcas Clementine Leonard and was married to Mr. Wilson on Sept. 25, 1901, in Tennessee.

Mrs. Wilson was a life long member of the First Presbyterian Church.

Survivors include three daughters, Grace Wilson of Memphis, Mrs. Dorcas Ruth Foster of Amarillo and Mrs. Willie C. Jennings of Ratcliff City, Okla.; two sons, (Continued on Page 8)

J. C. Moore Dies In Dallas, Services Here Mon.

James C. Moore, 73, former Memphis resident, died July 4th at his home, 310 S. Ervey St., Dallas.

Funeral services for Mr. Moore were held at 2:30 p. m. Monday from the Spicer Funeral Home Chapel with the Rev. Robert H. Knight of Wellington officiating.

Interment was in Newlin Cemetery with services under the direction of Spicer Funeral Home.

Mr. Moore, who was a broker in oil and real estate, moved to Memphis in 1907. He lived here until 1955 when he moved to Dallas.

He was born Aug. 28, 1890, at Cooper, Texas.

Surviving are two daughters, Mrs. Lelia Bentley and Mrs. Deedie Lewis, both of Houston; two grandchildren; four brothers, Lonnie P. of Wichita Falls, Rella and Debs of Ontario, Calif., and Murphy of San Francisco; two sisters, Mrs. Etta Bewley of Eugene, Ore., and Ola Mae Moore of San Jose, Calif.

Pall bearers were Ed Hutcherson, Mac Tarver, Gip McMurry, J. M. Ferrel, Jr., Cecil McCollum and Roy Guthrie.

'The Music Man' To Be Presented On July 16, 17

GESTURES GIVE EMPHASIS—Ronald Pate, who plays the part of "Professor" Harold Hill, the fast-talking salesman, in "Music Man" to be presented July 16 and 17 at the Community Center is shown above singing "Sadder But Wiser Girl For Me" to Orville Waddell, who plays the part of Marcellus Washburn, the Music Man's side-kick. The Musical comedy is being presented by the Thespian Society and Cyclone Band.

"The Music Man", popular Broadway play and one of the best musical comedies of our time, will be presented in the Community Auditorium July 16 and 17 by the Thespian Society and Memphis Cyclone Band. Curtain time is 8 p. m.

Rehearsals have been in progress for several weeks, under the direction of Mrs. Roy Guthrie, Kerry Moore of Muleshoe and Bill Bradley.

Reserve seat tickets have been on sale for the past two weeks. General admission tickets will be sold at the door the nights of the performance and plenty of good seats will be available in that section. Tickets are \$1.00 for adults; 75 cents for students over 12, and 50 cents for students under that age.

Music for the performance will be furnished by an orchestra made up of band students with the exception of Betty Stewart, talented musician and teacher, who will play the piano. Other members of the orchestra will include Rosemary Harrison, Glenna Bruce, Kathy Jones, Judy Bruce, Vivian Maddox, Jim Edd Wines, Donnie Aronofsky, Sandy McQueen and Lewis Foxhall.

The story opens as "Professor" Harold Hill (Ronald Pate) a fast-talking salesman arrives in the little Iowa town of River City. His "con-man" formula is classic and concise. He promises to organize a town band, sells the townsfolk uniforms and instruments, then skips out, leaving them equipped but untrained.

However, two problems face the con-man in River City: he must convince the town it needs a brass band; and he must distract the town's suspicious librarian—the "stuck up" music teacher, Marlan Paroo (Lynn Foxhall)—to avoid exposure.

Many complications arise as the fast talking salesman sets about to accomplish his purpose. The money has been collected, the uniforms are about to arrive and it is time—according to his formula—for "Professor" Hill to skip town.

But, the fast-travelling Hill has "got his foot caught in the door" for the first time in his life.

Why can't "Professor" Hill leave town? All of this will be revealed to those who have not read (Continued on Page Four)

Four Memphis Boy Scouts To Attend National Jamboree At Valley Forge

Boy Scouts of Memphis left Thursday morning on their way to the National Jamboree at Valley Forge, Pa. Attending the Jamboree from here are Mike Branigan, Neill Tribble, David Lemons and William Neal McQueen.

Mike Branigan is traveling with Gerald Cole of Midland, Mr. Cole and Mike are to report into the Jamboree July 12 to make preparations for the arrival of those Scouts coming in as troops.

Other Memphis Scouts are traveling by chartered buses from Pampa which will carry three troops of scouts and adult leaders to the Jamboree. Each troop has an adult scout master and an assistant scout master.

Homer Tribble and Zeno Lemons took the boys to Pampa, related to America.

En route to the Jamboree, the Scouts will visit historic sites related to American heritage.

Three troops of scouts from Pampa with a total of 120 boys. Each troop has an adult leader and an assistant scout master. These troops are traveling by chartered buses.

The first night will be spent in Fort Smith Arkansas. From Fort Smith, they will travel to Jackson, Tenn. On Saturday the scouts will leave Jackson and travel on to Bristol, Tenn. On July 12, they will reach Washington, D. C., and stay overnight at the Stratford Hotel. The next day will be spent touring Washington, D. C., and the scouts will leave in time to go to New York City to spend the night. On the 14th, the boys will tour New York City, the World's Fair, Radio City, etc., and spend the night.

From New York City, the boys will travel to Valley Forge on (Continued on Page 8)

Little League Games Go To Wire This Week

The Memphis Little League second half play-off is hotly contested this week with each ball game going to the wire.

The last four games played by the teams, only one or two runs separated the winner.

Climaxing the week's play was when the last place Tigers defeated the front running Indians in a 8-7 game Tuesday night. Then, the Yankees had the second place Giants with their back to the wall, 11 to 7, going into the bottom of the sixth, however, the Giants got a rally going and won the game 12 to 11 in an exciting finish.

As it stands now, the Indians and the Giants are in a first place tie, each with a three win, one loss record. The Tigers and the Yankees support a one win, three loss record.

Thursday Night
Thursday night's games were every bit as exciting as Tuesday night's games.

The Yankees and the Indians had fine pitching in a three to one game. The Indians winning the game with Godfrey pitching and Pardue was the losing pitcher, Godfrey gave up one hit and Pardue gave up three hits.

The Giants squeaked out a 7 to 6 victory over the Tigers. The winning pitcher was Moss for the Giants while Wansley was the losing pitcher. Wansley and Kilpatrick with home runs added much to their team's scoring.

Tuesday Night
The Tigers' 8 to 7 victory over the Indians was one of the most exciting games of the season. The Tigers came up with nine hits (Continued on Page 8)

Lloyd Phillips, Pioneer Resident, Buried Monday

Funeral services for William Lloyd Phillips, 66, were held at 10:30 a. m. Monday from the First Baptist Church with the Rev. Fern A. Miller, pastor, officiating.

Mr. Phillips died Friday in Cimarron, N. M., where he and Mrs. Phillips were vacationing.

Interment was in Fairview Cemetery under the direction of Spicer Funeral Home.

A native of Hall County, Mr. Phillips was born Oct. 12, 1897, in Hulver. He served as bookkeeper for Western Cotton Oil Co. for 37 years, retiring several months ago.

He was united in marriage to Margaret Patton Feb. 18, 1934, in Memphis.

Mr. Phillips was a member of the First Baptist Church.

Surviving are his wife of the home; one son, Barry of Memphis; a sister, Mrs. Lena Chapman of Stonyford, Calif.; three brothers, Leon and Lester of Esteline and Lacy of Denver, Colo., one grandson. One daughter preceded him in death.

Pall bearers were Harold Hodges, Si Rice, J. M. Ferrel, Jr., Jack Boone, Cecil Whitten, E. D. Watson, Dug Burgess and Orville Goodpasture.

Honorary pall bearers were H. H. Lindsey, L. W. Stanford, Mac Tarver, Theo. Swift, Claud Johnson, Ollie Jones, Temple Deaver, Sr., and Dr. O. R. Goodall.

ASHAMED OF HIS LISP—Winthrop Paroo, played by Gary Sims, shown to the left, plays the part of the "problem child" in "The Music Man". He is pictured above with his mother, Mrs. Paroo, seated, played by Sandra Schults girlfriend, Amayllis, played by Jenifer Pate, and older sister, Marion Paroo, Lynn Foxhall, who plays the female lead in the play.

EDITORIAL

Deeds As Well As Words

Suppose the drafters of the Declaration of Independence had neglected to add this paragraph to their document:

"And for the support of the Declaration, with firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes, and our Sacred Honor."

It would have been remarkable if any revolution could have been made.

But, of course, the delegates to the Continental Congress of 1776 added that final paragraph, stuck their necks under the shadow of King George's hangman and set to work to make their fine vision an accomplished fact. The Declaration of Independence did not create the Revolution; men did.

One hundred and eighty-eight years have passed since that hot summer day in Philadelphia. That historic bit of parchment, faded and scarred, is still a part of mid-twentieth century America. Sometimes, however, we act as though we would like to forget about the acts and deeds of the men which gave meaning to the Declaration.

We have a tendency to assume that once we have made the right sort of speeches and passed the proper kind of resolutions, nothing more needs to be done.

We have some lovely sets of words. But sometimes we seem not to know how to fit action to them. We can sign declarations of independence, but we don't stick around for Valley Forge and Saratoga.

There are plenty of good examples: Within the last few years, Americans innumerable have voiced ringing declarations about the irony of permitting poverty to exist in a land of unrivaled plenty; about our need for an effective campaign to wipe out city slums; about the criminal folly of allowing Americans to kill themselves on the highways; about the necessity to conserve our great natural resources; about the unalienable right of all people to freedom, justice and opportunity; about the absolute mandate for peace.

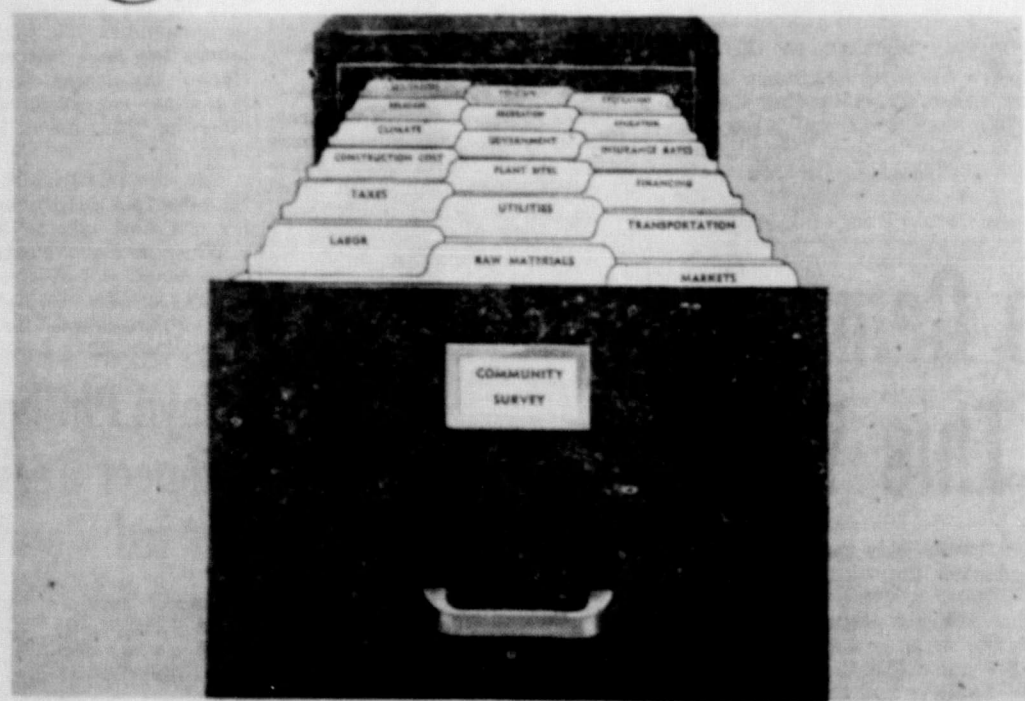

But have we done enough to translate any of these declarations into fact? We have talked and resolved and deplored and condemned—and the targets of our resolving and condemning still loom large and frightening.

We could take a hint from the men of 1776. They spoke their minds about the iniquity of Tyranny—and then, with their own hands, went out and delivered themselves from it.

—Robert Cochran, Dalhart Texan

PATTERNS FOR PROGRESS

A Community Survey can chart the road to community development

Community development is one of the fastest growing activities in America today. Many communities, both large and small, are attacking the problems with new vigor and vitality.

While there is no easy road to success, no simple formula to follow, one thing is certain . . . a community must start with a thoughtfully planned and soundly developed Community Survey. It assesses and evaluates both favorable and unfavorable economic and civic factors which affect community growth, and discloses factors which can be used to solicit new business and industry.

To be fully effective it must be a continuing study, since conditions change as economic handicaps are eliminated and economic advantages multiply. The survey has the added value of helping to clarify a community's aims and objectives in the field of improvement, growth and development.

Such a community survey then becomes the PATTERN FOR PROGRESS.

WTU's area development representatives will assist growth-conscious communities in planning a continuing community survey for economic development. This service is available on request through your WTU local manager.

Take Courtesy Along

Courtesy and consideration—these're wonderful!

They're especially wonderful in public places where thoughtlessness and selfish rudeness can be not only annoying but also downright dangerous.

Think how pleasant it would be during the summer vacation season, for instance, if all of us picked up after ourselves in the picnic areas, in the parks.

Think how much nicer the highways and adjoining ground would look if we didn't throw wrapper and cans and bottles and all manner of things out the car windows to litter the roads and landscapes.

Think how many lives would be saved on these same highways if we drove with courtesy and consideration for those who share the road with us and whose lives literally depend on the way we drive.

A basic resolution for every vacationer might well be to act courteously, thoughtfully, carefully and with regard for the convenience, pleasure and safety of others. Why not try it?—Pampa Daily News.

Coincidences

Strange coincidences link the assassinations of President Abraham Lincoln and John F. Kennedy. The startling parallels include:

1. Lincoln was elected in 1860 and Kennedy was elected in 1960
2. Both were slain on a Friday and in the presence of their wives.
3. Their successors, both named Johnson, were Southerners, Democrats, and had previously served in the U. S. Senate.
4. Andrew Johnson was born in 1808—Lyndon B. Johnson in 1908.
5. John Wilkes Booth was born in 1839—Lee Harvey Oswald in 1939.
6. Both Booth and Oswald were slain before trial could be held.
7. Booth and Oswald were both Southerners favoring unpopular ideas.
8. Both Presidents' wives lost children through death while residing in the White House.
9. Lincoln's secretary, whose name was Kennedy, advised him not to go to the theater the night he was killed.—Copied.

Twenty Years Ago

Recent anniversary observances at Normandy beaches, and in other places, bring to mind a great climax of World War II. They also remind those who remember that World War II is fast dropping back into ancient history. All those Americans who died invading France, to defeat Germany, and all those who died before and after them in the war against the Nazis, were swept up in an emotional wave against dictatorship and fascist tyranny. That generation was also the one that had gone through the Great Depression.

In other words, those among us today who are in the age group of 40 plus are the ones who remember not only the greatest of all years but the greatest of depression (which produced World War II in the final analysis).

This generation paid the price of the folly of Versailles, the World War II. Since World War II we have been paying the price of communist victory, in dollars and sometimes blood (Korea) of

that war.

As we think back to the fight on the Normandy beaches, which kept our hearts in our throats in the summer of 1944, we must realize that great wars leave in their wake problems and situations which are usually worse than the problem or situation which caused them.

World War I solved little and left the West on the road to World War II. We checked Hitlerism in that second world war and strengthened communism, an even greater threat to the free enterprise system.

Wars, then, do not solve our problems or remove the dangers confronting Western society and that lesson we should always keep fresh in our minds.—The Shamrock Texan.

CARD OF THANKS

We wish to express our thanks and appreciation to our many friends and neighbors for their kindnesses and kindly administrations to us during the illness and at the time of the death of our loved one, and those who sent food and the beautiful floral offerings. It is our wish that when this same sadness comes to your home you will have God's richest blessings and the same kindness at the hands of your friends and neighbors.

CARD OF THANKS

I want to take this opportunity to express my sincere thanks to all of you who sent get-well cards, flowers, phone calls, visits, or who helped in any way to make my stay in the hospital more pleasant. I also want to express my thanks to Dr. Goodall and the nurses for their many kindnesses. May God bless each of you.

Topdressing Is Essential With Forage Crops

To get maximum yields from high producing forage crops like Middling Bermuda and hybrid sorghum-sudan, topdressing after each harvest is a necessity, reports W. B. Hooser, County Agent of Hall County.

Nitrogen is the main element required when topdressing grasses, although some soils also need an application of phosphorus after the second harvest. Hooser said topdressing is needed by crops that are grazed as well as for those cut for hay. The amount of nitrogen to use for each topdressing varies from 30 to 100 pounds per acre. "If you were shooting for a five or six ton per acre hay yield when you fertilize this spring, 40 to 50 pounds of nitrogen per acre will be about right."

Soil test is the only source for finding the exact amount to apply. When the testing lab knows what grass crop is being used, they give fertilized recommendations for managing the crop for the following two years.

Hall County farmers really believe in having their soil sampled in order to grow cotton, grass and any other crop. The County Agent has assisted the Hall County farmers test more soil in 1964 than any other year. If you need your soil sampled and sent to the soil testing lab, you may see your County Agent.

Topdressing not only increases yield, it also increases the protein content of the hay. The soil is just like a "bank account". If you do not put money in the bank, you will finally run out of money.

We had the following Cotton Fertilizer Result Demonstrations in Hall County this year: Clyde Collings, Memphis, located 1/2 mile south of Memphis on Highway 287. One of Crump Ferrell's farms three miles west of Estelina, and one on Mr. R. A. Eddleman's farm one mile south of Estelina.

One of the best Cotton Fertilizer Result Demonstrations in Hall County this year was on Mr. Roscoe Ellerd's farm located 1 1/2 miles south of the Eli Store and 7 1/2 miles from Memphis. This land has been devoted to cotton for the last four years, and the soil test showed that it needed 30-0-0. The soil texture was a calcareous brown sandy

loam. This fertilizer was added April 2.

The following treatment was received, including treatment of N-P-K, lint pounds per acre, and net profit due to fertilizer:

0-0-0, 515 pounds, none; 20-0-0, 515 pounds, none; 40-0-0, 655 pounds, \$30.00; 40-20-0, 668 pounds, \$31.00; 60-24-0, 614 pounds, \$13.00; 80-40-0, 588 pounds, \$4.65; 100-60-0, 614 pounds, \$6.75.

Draft Boards To Call More Men In August

State draft boards will forward 2,762 18-year-old males for Army mental-physical examinations in August, compared to 1,816 scheduled for July, Colonel Morris S. Schwartz, state Selective Service director, has announced.

These tests are the result of President Johnson's action early this year which ordered the Director of Selective Service and the Secretary of Defense to examine all newly-registered men who are out of school and available for service.

Colonel Schwartz stressed that these youths will not be considered for armed forces service at this time. Normally, a man is not reached for draft induction until about age 22.

Only about 225 of the older males will be sent for the examinations in August, and only 119 men are scheduled for induction in that month. This is the lowest induction call the state has received since April 1961, when the quota was only 65. The highest monthly induction call since then was 1,112 in September 1961, as a result of the Berlin crisis.

Males married at age 18 and those known to be continuing in school currently will not be examined. Also, high school graduates whose draft files show they intend to enter college this fall will not be ordered. If a high school graduate plans to enter college this fall, he should notify his draft board immediately.

The 18-year-olds going for the examination in August will be those who registered at boards during the first part of the year.

"The 18-year-olds scheduled for examination in August," Colonel Schwartz said, "are those in class I-A, I-A-O, and I-O who became 18 this year, the oldest going

first. The same rule is scheduled to apply in succeeding months."

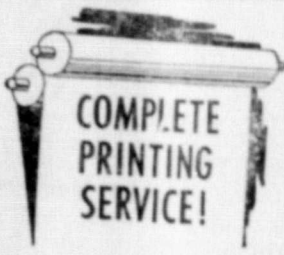

The examination of these youths is a part of the President's actions on manpower conservation, generally referred to as the "war on poverty." The men who fail the examination will be referred by draft board letters to local offices of the Texas Employment Commission, where they will receive advice and counsel on jobs and preparation for jobs.

The youths who get these letters will be under no compulsion to visit the TEC offices, but may go if they feel the government's offer of possible help will benefit them.

Music Man— (Continued from Page 1)

"The Music Man" at the performance Thursday and Friday nights.

In additions to the two main characters in the play, there are many interesting townspeople who will be portrayed by local talent. Then, there will be the Wa Tan Ye girls, the dancers, and the band boys.

All and all, the play will feature two hours of musical entertainment.

Dress rehearsals will be held on Monday and Tuesday nights of next week.

Last season, working together, the Thespians and Cyclone Band presented a most successful two-night performance of "The Wizard of Oz".

"The Music Man" promises to be even more successful than last year's play. A capacity crowd is expected to attend both nights of the performance.

This will be the first play to be presented in the new community auditorium and persons attending will get a first view of the new stage curtains, flats and other stage equipment which has been purchased recently by donations made by firms and individuals.

Miss Janie Hutcherson Becomes Bride Of Jimmy Fields Friday

MRS. JIMMY FIELDS

In a double ring ceremony solemnized at 6:30 p. m. Friday, July 3, in the Travis Baptist Church, Miss Janie Rue Hutcherson, daughter of Mr. and Mrs. Wayne Hutcherson of Memphis, became the bride of Jimmy Ray Fields, son of Mr. and Mrs. Leo Fields, also of Memphis.

The Rev. Fern Miller, pastor of the First Baptist Church, read the marriage vows before a nuptial space decorated with greenery, floor baskets of white gladioli and lighted tapers in branched candelabra.

Music for the wedding was provided by Mrs. Gloria Wilson, organist, and Mrs. A. L. Gailey, vocalist. Mrs. Wilson played the traditional wedding marches for the processional and recessional and also accompanied Mrs. Gailey as she sang "Always" and "The Wedding Prayer" as the benediction.

Attendants

Maid of honor was Miss Carolyn Sue Hutcherson, sister of the bride, and bridesmaid was Miss Louise Shawhart.

The attendants wore identical dresses of pink brocade with matching shoes and carried bouquets of white carnations, showered with ribbons. They wore crowns studded with sequins to which were attached short circular Tulle veils, also in pink.

Serving the groom as best man was Don Gailey and Dick Morgan was groomsman. Ushers were Bunky Adcock and Jimmy Roden, who also lighted the candles.

Given in marriage by her father, the bride wore a formal wedding gown of Chantilly lace and tucked organza. The gown, which featured a bouffant, floor-length skirt of tucked organza was caught up at the hem-line to reveal insets of tulle ruffles. The fitted bodice of Chantilly lace was styled with long sleeves which came to points over the hands and a scalloped neckline.

Her shoulder-tip veil of bridal illusion fell from a crown studded with seed pearls and she carried a bouquet of white orchids and featured carnations showered with ribbons tied in love knots atop a white Bible.

The bride observed the traditional custom of wearing "something old, something new, something borrowed and something blue."

Mrs. Hutcherson chose for her daughter's wedding a two-piece dress of blue lace complemented with white accessories while Mrs. Fields, the groom's mother, wore a white lace dress over blue with matching blue shoes and white hat. Both wore corsages of white carnations.

For a wedding trip to points in Oklahoma and Texas, the bride chose for travel a jacket dress of printed whipped creme accented with beige accessories and the orchids from her bridal bouquet.

Mr. and Mrs. Fields are at home at 821 South 10th Street.

Both the bride and groom are well-known here having attended the local schools. Mrs. Fields was a popular member of the Junior Class this past year while the groom was a member of the 1963 graduating class. He is now engaged in farming with his father near Memphis.

Among out-of-town guests attending the wedding were Mr. and Mrs. Jim Sparboe of Corpus Christi, D. S. McDowell of Lefors, Miss Barbara McDowell of Lefors, Miss Pam Bearden of Amarillo, Mr. and Mrs. J. J. Simons of Amarillo, Mr. and Mrs. C. J. Purdom of Amarillo, Larry Craig of Guymon, Okla., Mrs. Bettye Walling of Lubbock, Miss Marilyn Shirley of Muskogee, Okla., and Mr. and Mrs. Kinch Leathers of Clarendon.

Gleaners Class Meets In Home Of Mrs. Yarbrough

The Gleaners S. S. Class of the First Baptist Church met in the home of Mrs. Bess Yarbrough on Monday, July 6, with Maria Gresham serving as co-hostess.

A short business meeting was held discussing plans for a family picnic to be held August 3 at the park.

The devotional was given by Jo Barbee entitled "I'm Going to Be Just Like You."

Those present were Bess Yarbrough, Dorothy Thompson, Ruth Jones, Louise Jones, Louise Howell, Maria Gresham, Jo Carmen, Jo Barbee, and Deane Bradshaw.

E. L. Moore Home Is Scene For Reunion

The home of Mr. and Mrs. E. L. Moore was the scene Sunday for a family reunion.

Enjoying the occasion were Mr. and Mrs. Bill Moore and son of Amarillo, Mr. and Mrs. Leon Youree and Denise and LeAnne of Amarillo, Mr. and Mrs. Bill Johnson and Sheryl and Barbara of Buffalo, N. Y., and Mr. and Mrs. Wayne Bailey and Cindy and Gary of Tulsa, Okla.

Sons No Longer Follow Father In Occupations

In a nation where boys have traditionally following in their father's footsteps in business or a profession, we now observe a change trend, say W. B. Hooser, County Agricultural Agent of County.

This may be a good change, but why has it taken place?

Today's youngsters have more freedom of choice about occupations. Often more important is the fact that children no longer really know what kind of work their father does. To say that he goes to the office or factory means little to a small child with no experience at these places. With the excellent news of the astronauts' flights, some children probably know more about this work than the kind of work his parents do.

Parents—even of pre-schoolers—can arrange for them to visit their place of work. Summer vacation may be the best time to arrange these experiences for the school child. Short visits to offices, factories, construction projects, retail stores, and other business will help the youngster to understand the surroundings and some of the activities of these occupations.

As youngsters enter the teen years, summer jobs can be valuable to them. As a child gains in experience, his interest may change occupations several times in a life-time, and these changes may be accelerated in the future.

It is important that youngsters have an opportunity to learn about various occupations. With summer approaching, now's a good time to help your child learn about some of the occupations in your community.

MRS. DAVID RAY HOWELL

Formal Church Wedding Unites Miss Cook, David R. Howell

Miss Drusilla Elizabeth (Drubette) Cook and David Ray Howell were united in marriage in a formal ceremony at 8 p. m. Saturday, July 4, in the Church of Christ in Memphis. The bride is the daughter of Mrs. Bray Cook of Memphis, and the late Mr. Cook, while Mr. Howell is the son of Mr. and Mrs. Ray Howell of Breckenridge.

Mr. Tom Anderson, minister of the Memphis Church of Christ, read the double ring ceremony. The beautiful setting for the wedding party was arranged with three arched candelabra with fan shaped arrangements of white gladioli and leather leaf greenery at the altar and smaller candelabra at either side with gladioli and greenery. The altar was backed with a white lattice screen with greenery, and covered with a white altar cloth, and centered with a satin covered prie dieu. The windows had arrangements of greenery and white gladioli. The aisles were marked with white fans and bows at the ends of the pews and were covered with white aisle clothes just before the bridal party entered.

An A Capella Chorus from Abilene sang "Bless This House" was sung by the group and "I Pledge My Love" featured soloist Martha Mahurn. Bill Reese sang "Oh Perfect Love". The traditional processional was sung by the group, followed by "One Hand, One Heart" sung by John Preetwood after the wedding party reached the altar. The prayer "Be With Us, Lord" was sung as the couple knelt at the conclusion of the ceremony, and the traditional recessional as the wedding party left the altar.

Attendants

Maid of honor was Miss Mary Williams of Dallas and matron of honor was Mrs. David Rose of Abilene. Bridesmaids were Miss Carolyn Montgomery of Memphis, Miss Mary Ann Lipps, Colorado City, Miss Nancy Thompson, Abilene, and Miss Jeanne Bond, Kansas City, Kansas.

The six attendants were resplendent in matching floor length gowns of silk taffeta. A cool and pretty two-toned effect was achieved by the use of a deep celso blue under a frosty sea-mist blue for translucence. They were fashioned with a fitted bodice, scoop neckline, and tiny sleeves. A double-cuffed band of the two colors encircled their slightly raised waistlines, while pleated back panels swayed gracefully as they proceeded down the aisle. The four bridesmaids wore elbow length mantillas from Belgium draped over tall imported Spanish combs, duplicating the

theme of the bride. The maid and matron of honor wore elbow length mantillas draped over the traditional high comb from Spain. Their veils were lavishly applied with roses which is a true symbol of love.

The honor attendants carried white fans with cascading bouquets of Rome Glory roses. The bridesmaids carried sandalwood fans with cascading bouquets of white butterfly roses.

Candlelighters were young Misses Dana Kesterson and Susan Goodnight of Memphis. They wore identical floor length dresses of rose brocade cotton, fashioned on Empire lines, with white velvet sashes and headpieces of white elegance carnations.

The flower girl, Tracy McGlothlin, and ringbearer, Kelly McGlothlin, wore identical dresses of white taffeta with bertha collars scalloped with lace. The flower girl carried a white fan shaped basket filled with Rome Glory rose petals. The tiny ring bearer carried the ring in the heart of a Rome Glory rose. They each wore headpieces of turquoise elegance carnations.

Best man was Phillip Basham, Breckenridge, and groomsmen were B. H. Cook, brother of the bride, Randy Howell, cousin of the groom, and David Rose, Lee Thompson and Don Sharp, all of Abilene.

Ushers were Exie Hughes and Reggie Curry, Memphis, and Gary Smith and Richard Patterson, Abilene.

Given in marriage by her uncle, Farris Lipps, the bride was regally attired in a traditional gown of pure silk peau de soie. A shaped inset midriff hand accented her tiny waist, while the bateau neckline and long tapered sleeves complemented her loveliness. The gentle contour of the slightly belled skirt had concentrated back fullness falling from soft pleats into a chapel train. Beautiful appliques of Alencon lace, re-embroidered with tiny seed pearls, further enhanced the bodice, skirt front, and train. She indeed looked the part of a lovely Spanish lady dramatically capturing the pomp and splendor of a by-gone era.

In keeping with the impressive Spanish motif, the bride wore an authentic mantilla exquisitely wrought of handmade lace imported from Belgium extending gracefully in a diaphanous full chapel length. This was attached to a headpiece of lace and pearls in the form of a wedding ring. The chapel train proper was deftly re-embroidered in appliques of apple blossoms (a symbol meaning "the forsaking of all others"). It flew

into a peacock train. She carried a Bible beautifully bound in heavy white satin with the insignia of Kappa Chi inscribed in tiny seed pearls. Her bouquet was a crescent arrangement of phalaenopsis orchids and stephanotis attached to the Bible. The Bible was her "something borrowed" as all Kappa Chi brides have carried it since the beginning of the chapter. Her "something old" was a pair of Victorian gold earrings that had belonged to her paternal grandmother. She wore the traditional "something blue" and a penny minted in the year of her birth in her shoe.

The mother of the bride wore a soft gown of muted jade green silk chiffon, softly draped through the bodice, with a jeweled pin at the waist. The deeply squared neckline and short sleeves emphasized the elegant simplicity of the styling. The concentrated back fullness of the gown floated into a floor length panel, giving gracefulness as she moved. Her hat was fashioned from the same fabric as the dress, and she wore matching shoes and long white kid gloves. Her corsage was of beige cymbidium orchids. The mother of the groom wore dusty rose silk chiffon, styled with a fitted bodice and full skirt. The beaded detail on the bodice added interest and she wore a matching veiled hat. Her corsage was of white cymbidium orchids.

Reception

Following the ceremony, the reception was held in the new Memphis Community building. Decorations in the building carried out the bride's chosen colors of antique ivory and turquoise. The five-tiered wedding cake was iced in ivory and decorated with turquoise bells and roses. It was topped with a bride and groom standing before a trellis of tiny fans. The cake was flanked by cupid candle sticks holding turquoise tapers and arrangements of tallis-man roses. The table cloth was of ivory satin. Cake was served by Mrs. Joe Corbin of Abilene, who wore a champagne chiffon formal gown, with head encrusted bodice. She was assisted by Miss Mary Ann Lipps, Colorado City. The punch table was covered with a white net and satin cloth, appliqued with satin and beads. Silver candelabra held white tapers and centerpiece was of white stock and white roses. Each end of the table held a silver punch bowl. Punch was served by Misses Barbara Bowles of Garland and Mrs. Phillip Basham of Breckenridge. They wore floorlength formals of pink and rose, fashioned on Empire lines. Mrs. Farris Lipps, aunt of the bride, was or-

Rogers Bill To Require Labeling Of Foreign Meat

Congressman Walter Rogers of Pampa last week introduced a bill to require that imported meat and meat products bear labels showing the countries of origin.

The Congressman called for enactment of the bill so that American consumers can make "a clear choice" between competing products, domestic and foreign. Except in a small number of cities where local ordinances have been passed to require the labeling, there is no way for a housewife to know whether the meat she buys was produced in the United States or abroad," the Congressman said.

On March 11, Congressman Rogers introduced a bill to impose import limitations on certain meat and meat products. The bill, along with others of a similar nature, is before the House Ways and Means Committee but the Committee has not yet acted to refer the matter to the full House of Representatives.

The bill introduced by Congressman Rogers today will be referred to the House Committee on Interstate and Foreign Commerce, of which he is a member.

Congressman Rogers said the bill did not place an undue burden on merchants. "It provisions are temperate and enforceable," he said.

The Act, entitled the "Imported Meat and Meat Food Products Labeling Act," would empower the Federal Trade Commission to enforce labeling requirements on meat and meat products moving in interstate commerce.

Mr. and Mrs. Henry Ashford and Peggy, accompanied by Ruth Hodges and Pam of Quana, visited Mr. Ashford's sister and brother, Mrs. Madge Johnson and Jimmie Ashford. The Ashford's son, Louis Ashford and wife, Vicki, of Paducah were also in Crowell.

Bud Hammon Is Guest Speaker At Church of Christ

Bud Hammon, who has served as a missionary to Japan for the past three years, was guest speaker at the Church of Christ Sunday morning. Minister Hammon brought some interesting information to the local congregation pertaining to the work being done in Japan, and also showed colored slides.

Minister Hammon's work was supported in part by the church here, along with other churches of the area.

Mr. and Mrs. Hammon and children were weekend guests in the home of Mr. and Mrs. W. M. Davis, Jr., and family.

Mrs. Elmer Murdock, Edith, Ellen, and Jesse spent last week visiting relatives in Oklahoma and East Texas.

Enjoying the rodeo in Clarendon July 4th were Mr. and Mrs. J. N. Helm, Jr., and Jane, Mr. and Mrs. George Helm and Marsha, Mike, Rhonda and Mark.

MRS BAIRD'S BREAD
PRETTY CUBES FOR DRINKS
Next time you serve punch or tall fruit drinks to guests... try one of these refreshing ice cube ideas. Fill your ice cube trays two-thirds full with any fresh or frozen fruit juice. Or use cooled, boiled water. It freezes more clearly than tap water. Freeze. Then top each ice cube with a sprig of mint, a strawberry, cherry halves or a pineapple chunk. Cover with more water or juice and return to the freezer. Float the pretty cubes in your punch bowl or fruit drink glasses.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

For "Clean" Mail the right of privacy and refuge in one's home is a fundamental right. Still sound law today is the one laid down by an English statute more than 400 years ago: the house of everyone is to him as castle and fortress, as well as his defense against injury and his refuge as for his repose. Our Constitution bars search and seizure without a warrant and guarantees each citizen the right to privacy and deny unauthorized entry into his home. Certainly implicit, if not explicit, in the Constitution is the right of privacy in the home of each individual as well as the right of each individual to be free from the intrusion of the government into his home and his children's lives, both in reason and in law, over the right of another to send morally offensive mail into that home or to those therein.

nized authorities presented overwhelming evidence that a multi-million-dollar traffic in obscene and immoral products is still growing. Much of it is directed to debasement of the morals of the young and impressionable. Disguised as "art" or "literature" or "culture" or "education," unsolicited obscene material will go through the mails this year to more than a million school children, according to a Post Office Department estimate.

While stepping up their campaign of distribution, the traffickers in absence have marshaled their high-paid legal staffs in a massive assault on penal statutes. While the so-called "hard-core" of peddlers in smut can be successfully prosecuted, the public is now confronted by the threat of damage from the "gray areas" of indecent mailings. Recently enacted postal obscenity laws have provided only partial protection. As the Committee observed in its report on H. R. 319, "Gray can be a very dirty color." It was the Committee's conviction that what is now needed is a new law applied from a different direction—with a preventive rather than a punitive purpose—a law enabling the public to participate in protecting its own interests.

Among the many groups and organizations in this country supporting "clean mail" legislation are employees and leaders of the great national postal organizations, whose members must act as unwitting and unwilling messengers of offensive material. Said Jerome J. Keating, President of the National Association of Letter Carriers, "There must be some way to prevent the purveyors of filth from forcing their wares upon innocent victims. We know the dangers of censorship and the need of free speech. We believe in freedom of thought; however, there is such a thing as licentiousness."

The new proposed law would give any person the right, when

Laff Of The Week

"Got anyone specifically in mind?"

he or his child receives mail which, in his opinion, is morally offensive, to ask the Postmaster General to notify the sender to send no more mail to him or any child of his which he himself has not solicited. The Postmaster General then must give the sender notice of the request and its content, and direct the sender and anyone acting for him to send no more mail in violation of the request. If the notice is violated, the Postmaster General may then serve a formal complaint, then request the Attorney General to apply to a district court for an order directing compliance. Failure to obey such orders may be punished as contempt of court.

It is my opinion that this law could be strengthened further if persons violating its provisions were made subject to punishment

by fine or imprisonment as well as by that section punishing them for contempt of court. I have long campaigned with stronger, more effective laws against morally offensive matter conveyed by mail or distributed in interstate commerce by any medium.

Hall County Soil Conservation District News

For a number of years investigators have made intensive studies to determine the relationship between various degrees of leaf removal and root development on native grasses. It has been found that too much top removal results in a decreased root system. The reduction in number of roots developed, as well as the length of the root system, occurs before it is apparent in the size and vigor of the plant. Any reduction in the number of roots of the grass plant reduces the number of "pipelines" that transport water and minerals from the soil to the plant. If the root system becomes short as a result of excessive top growth, the plant cannot pump water from the deep moisture, which is necessary during drought periods. When this occurs, the plant goes dormant or even may die due to a lack of water supply.

It has been found that about 50 per cent, by weight, of a yearly growth of grass plants can be grazed without serious damage to the root system. Stubble height can be used to some extent in determining when a plant is properly used. However, due to changing climate conditions, grass production varies considerably from year to year and stubble height alone cannot be used as a measuring stick for proper range use.

On all rangeland there are key grasses that can tell you when the range is being grazed properly. This grass is usually the high producer, the most used by livestock. It is your best grass. Keep an eye on it. Proper use of key grasses result in range improvement and more livestock production.

The Soil Conservation Service personnel assisting the Hall County Soil Conservation District will

FOR BETTER HEALTH

AUSTIN—Call them red bugs. Call them harvest mites. Call them chiggers. By whatever name, they mean sleepless nights and ceaseless spasms of itching misery. It will last from now until cold weather cuts into their ranks. A few people have an apparent immunity to chigger attacks, but the vast majority of us are oh-so-susceptible.

The chiggers, have a special affinity for low, damp places covered with vegetation. Bermuda grass harbors them well, but for some unexplainable reasons they are not usually found in carpet grass.

Just for the record, it's the larvae which do the damage, attaching themselves with their mouthparts and sucking blood until they become engorged and fall off. The fiery itching is caused by an anti-coagulant material they inject into their victims.

Although adult chiggers—large, red and velvety—are probably harmless to humans, their way-

ward offspring can be serious as well as annoying. Not that they spread any specific disease—at least not in this country, but their bites demand scratching which frequently causes secondary infections in the form of sores and boils.

To find out if your back yard or your picnic areas is infested with chiggers, stand a piece of black cardboard on end where you suspect they might be. If after a few moments you see tiny yellowish or pinkish mites accumulating on the upper edge, you'll know its time to check your supply of insect repellent.

Chiggers attack lizards, snakes, birds, and rodents with the same vigor and resourcefulness they display in attacking humans. They draw no distinction between mankind and lesser animal species.

Light applications of sulphur dust on lawns and low branches of shrubs have been successfully for years to control chiggers. Insecticides such as chlordane and lindane are very effective when used strictly according to directions.

But perhaps the biggest gun in the arsenal of chigger control are the repellent products which can be applied directly to exposed skin surfaces and to clothing. They come in spray, liquid and stick form, and when properly used will keep most insects at arms' length.

The early Greeks drank their wine mixed with water.

Country Club Announces Two Tourney Dates

The Memphis Country Club tournament committee announced Wednesday that the club will sponsor a golf tournament Sunday.

Entry fee will be \$2.00 per man and the deadline for entering is 9 a. m. Sunday morning.

The 18-hole tournament will be conducted the same way as the last tournament, Dink Miller, spokesman for the committee, said.

The first nine holes of play will be match play for the flights and the last nine holes, medal (stroke) play. Those entering will be divided into eight-man flights according to the golfer's handicap.

Also, the tournament committee announced the dates for the Annual City Tournament this week. The weekend of July 24-26 has been selected, Miller said.

The City Tournament is a closed tournament limited to golfers in the Memphis area for the purpose of determining the City Champion. Frank Foxhall presently holds the title which he won last year.

Later this summer the club is making plans to have an invitational tournament which is open to all golfers.

Usually, each Thursday afternoon The Democrat is in the post office and in some business centers, so the people can get the paper as they leave for their homes, where the wives immediately say "Gimmie here". That is like the publishers want it. The waiting happened to be several minutes longer last Thursday. Breakdown of some of the printing machinery caused the delay. The average man never knows or thinks of the days and nights of threat, worry, trials, tribulations, all the work getting the newspaper printed so the subscribers may get their paper on time. The main reason we like to please the people is so that you may realize, as we do, that we want our community to keep going forward.

and the Indians had eight hits. Kilpatrick was the winning pitcher and Godfrey was the losing pitcher for the Indians.

The high scoring contest between the Giants and the Yankees saw Murdock hitting a home run for the Giants and Pardue hitting a homer for the Yankees. The Giants won the contest in the last inning, 12 to 11. The losing pitcher was McElreath, who relieved Pardue in the last inning, and the winning pitcher was McNally who pitched in the last stanza.

The second half play-off has two, or possibly three weeks left. If the Indians win the second half they will be the season winners. However, if the Giants win, a play-off will be held. The Indians won the first half of play.

Winds Thursday Cause Damage In Turkey Area

The weather picture over most of Hall County has been hot and dry this week.

One system moved across Turkey last Thursday night causing wind damage and giving portions of the area some rainfall.

The Turkey Compress was in the process of building a wood frame, metal covered shed. The frame was about one-half erected when the wind storm hit about 10 p. m. Thursday night. The frame was completely torn down.

Roofs and coverings of other buildings in Turkey were damaged by the high winds, it was reported.

Hot, dry weather prevailed throughout the week as temperatures climbed about the 100 degree mark each day, according to J. J. McMickin, official weather observer.

Temperatures recorded were as follows: Wednesday 107-70, Tuesday 105-72, Monday 103-71, Sunday 102-72, Saturday 105-70, Friday 103-69, and Thursday 104-71.

Goodnight, Memphis, clad in a bouffant formal gown, registered the guests at a table holding an arrangement of white roses which backed a tiny wedding party of ceramic angels. The house-party corsages were of white elegance carnations.

For her wedding trip, the bride chose a white and black plaid cape suit, accented with black patent accessories. She wore a white chip straw roller and her corsage was of red sweetheart roses.

After a short wedding trip, the couple will be at home in Abilene, where both are seniors at Abilene Christian College.

BILL COSBY

Area Residents To Be Guests Of Three Owners

Final plans were completed this week for Open House at De Ville Motel and Restaurant, according to an announcement Wednesday afternoon by the owners. Citizens of Memphis and this area are invited to visit the motel and restaurant as guests of Homer Tucker, Bill Cosby and J. W. Coppedge between the hours of 2 p. m. and 4 p. m. Saturday, July 11. The motel and restaurant are located on Highway 287 north, adjoining the General Telephone Co. division office building.

"The cordial manner in which you have given De Ville since we opened for business two weeks ago is very gratifying," the owners stated. "Now that we have our operations under way, we want you to visit us during our Open House."

Checking all equipment in both the restaurant and motel has been completed, and umbrellas, tables and chairs for the swimming pool area arrived here Tuesday, it was announced.

Construction started on the motel in January. It was stopped twice due to storm damage to the walls of the building, which caused a delay of approximately one month in the opening.

The motel is a two-story building in an L shape. There are 37 rental units, 36 of which are double-double guest rooms. All rooms are equipped with individual refrigerated air cooling units, as well as individual heating units for winter use.

De Ville Motel and Restaurant occupies a triangular block fronting on the Memphis-Amarillo highway. Guest rooms face the north and east, and the front space is almost entirely of glass. The glass expanse is covered by drapes, which are closed and opened as guests desire.

Five colors were used for drapes and carpets in the rooms of De Ville Motel, including blue, avocado, tangerine, red and purple.

In the blue and purple rooms are seen white French provincial furniture. The tangerine rooms feature Italian fruitwood. Chinese black furniture has been placed in the red rooms, and furniture of Danish modern design can be seen in the avocado rooms.

Each room is equipped with a television set, and guests have a choice of channels. Also, a telephone has been installed in each room.

A broad expanse of parking area is provided in front of the guest rooms as well as on the south side of the restaurant building. Additional parking space is available on the north side of the motel area proper.

A low decorative pierced concrete block wall circles the swimming pool. In the area are colorful umbrellas, tables and chairs. Water in the pool is processed by a modern filtering system and heater.

"Come on out Saturday afternoon and inspect our facility," the owners urged local citizens.

Gaylon Clark To Attend Aquatics Camp

Gaylon Clark, a Life Scout, will attend the Aquatics Camp of the Adobe Walls Council at Camp Kiowa, out of Canadian, which will start at 2 p. m. Saturday, July 11.

The camp will continue through 1 p. m. Saturday, July 18.

Scoutmaster Les Sims said that Clark will attend the camp to finish up his waterfront work to complete his Eagle Scout rank requirements.

Scouts at the camp may work on and complete the merit badges of swimming life saving, rowing and canoeing, along with Scout Life Guard.

The entire cost of the Aquatics Camp is \$16, with \$5 of this fee paid to the Council office now as a reservation. Reservations should be mailed to the Adobe Walls Council, P. O. Box 2479, Pampa.

Participants may attend on an individual basis, tentage will be furnished and all meals will be served from the dining lodge.

NE FURNITURE—Pictured above is a piece of the lovely Italian fruitwood furniture to be found in the guest rooms of De Ville Motel. This is one of four types of furniture used in furnishing the rooms. Other than the pieces shown above, each room has two double beds, companion chairs in front of the picture window, matching tables and lamps.

Children in One Year

Jaycees To Give Benefits Program To Aid Davises

Extending a helping hand to fellow Memphians—the Tommy Davis family of Amarillo—the Memphis Jaycees will entertain with a benefit Jubilee Program on Friday night, July 10, at 8 p. m. in the City Park in Memphis.

All proceeds from the Program will be given to the Davis family. Members of the Jaycees will be on duty during the intermission. Tickets are 50 cents to \$1.00. All tickets will be appreciated, David family stated. Those who cannot attend the program and would

like to make a donation may leave their donations in jars placed at local business houses about town, Duncan said.

A most entertaining program is being planned and will include a musical program featuring a variety of Hall County talent.

Need for assistance came about for the former Memphis family at the birth of their second set of twins within a year. Their financial problem was complicated

when the new babies, both born on June 14, both developed spinal meningitis. Tommy and Johnnie have two other children.

Mr. and Mrs. Davis, who have been married three years, grew up and attended school together in Memphis. Mrs. Davis was the former Johnnie Clark, whose family operated the Cedar Room here for a number of years.

Their first set of twins, Rita Gay and Nita Fay, were born June 17, 1963, and the new twins were born on June 14 and 15 and are a boy and a girl.

The other two children are Charles Edward King, 9, David's stepson, and William Thomas, who was 3 on June 26.

Davis, a mechanic at Reed's Service Station in Amarillo, is himself a triplet. His wife's mother was a twin and he has a cousin at Portales, N. M., who has twin boys.

Davis, who is the son of Mrs. Wilma Davis, formerly of Memphis and now of Amarillo, is the grandson of Mrs. Rhonda Davis and has many other friends and relatives residing here. He suffered an attack of polio while a child from which he did not completely recover.

Four children in less than a year can be a shock to anyone. But they are taking it very well. "We didn't plan it this way, but it's just one of those things," Davis stated.

WILL HALL

Open House At Restaurant Set For Saturday

De Ville Restaurant will be included in the Open House celebration Saturday afternoon along with the motel. Local people have been invited to inspect the new restaurant from the hours of 2 until 4 p. m.

Free coffee, Coca-Cola and doughnuts will be served to visitors from 2 to 4 p. m. Saturday. Low calorie lemonade will be served to those who desire it.

The restaurant opened for business Tuesday, June 23, under the management of Will Hall. It is familiar to many area people who have patronized it since that date.

The owners, J. W. Coppedge, Homer Tucker and Bill Cosby, leased the restaurant to Gene Miller of Amarillo, who retained Mr. Hall as manager.

A total of 72 persons can be seated in the restaurant, and there are 36 seats at tables in the adjoining De Ville Steak Room. The room can accommodate private parties of up to 50 persons, Manager Hall stated.

In the restaurant, aqua color ices featured. It is seen in the booths, which have padded seats, as well as at the four-square tables. The counter consists of six individual service centers which are connected in a modern design. Colors seen here are green, gold and orange.

Personnel employed in De Ville Restaurant are: Mary E. Smith, head cook; Nora A. Perkins and Bessie Jones, cooks; Faye Carson, Margie Richardson, Jimmy Wheeler and Helen Tucker, waitresses; Ovie Faye Smith, cashier and hostess; Jim Edd Wines, William McPalls and Mike Pounds, kitchen aides.

Cosby Receives Broken Elbow In Freak Accident

O. M. (Bill) Cosby received a broken bone in his elbow Monday night in a freakish accident near Austin Elementary School.

He and his son were shooting Roman candles west of the building, and Cosby fell down the sidewalk steps near 10th Street, pulling his son down on top. His elbow landed on a rock in the bar ditch, which cracked one of the bones. He will be wearing a cast for two or three weeks, according to the attending physician.

Beth Lemons, R. C. Lemons Installed Worthy Matron, Patron of OES Chapter

Memphis Chapter 351, Order of the Eastern Star, met at 7:30 p. m. June 20 for the purpose of installing officers for the term of 1964-1965.

The elected and appointed officers were installed in a very impressive ceremony. Beth Lemons introduced the installing officers which included Dorothea Clements, installing officer; Bess Mooreland, installing marshal; Vera Gunstream, installing chaplain; Gloria Wilson, installing organist; Imogene King, installing secretary; W. R. Scott, installing warder; John Hancock, installing

sentinel. Elected and appointed officers installed for 1964-1965 included Beth Lemons, worthy matron; R. C. Lemons, worthy patron; Christine Calloway, associate matron; Robert Calloway, associate patron; Margaret Hancock, secretary; Wilma Leslie, treasurer; Esther Cofer, conductress; Bettye Browning, associate conductress; Estelle Barber, chaplain; Mable Lavender, organist; Gloria Wilson, organist; Ruth Fowler, Adah; Dixie Barbee, Ruth; Karen Clements, Esther; Vera Gunstream, Martha; Patsy Lamberson, Electa; Mary Leila Scott, warden, and Mary Gene Hicks, sentinel.

Beth Lemons was presented a scrap book from the retiring officers. W. R. Scott was presented an Eastern Star Bible for serving as worthy patron of the chapter. Each of the installing officers was presented a gift as "thanks" from the worthy matron.

Refreshments of cake and coffee were served in the West Room to members and guests for the evening.

Working Students Need Social Security Cards

Students who plan to work this summer should get social security cards now, according to Hal Geldon, social security district manager in Amarillo. All employers require that you have a social security card before they will put you on their payroll, Geldon said.

Employers must have these numbers for their quarterly social security returns. Any student who has never had an account number or who has lost his card should write the social security office at 1006 Adams Street, Amarillo, Texas.

The Social Security Administration makes no charge for a new card or a replacement for a lost card. Students living away from Amarillo can get an application form at their post office.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

AUSTIN.—Your eyes are your window to the world. But, even if you are able to read this, your vision may still be defective.

Chances are slightly more than one out of two that something is wrong with your eyes, on the basis of statistics.

Close to 80 million Americans wear glasses. At least two million of these have inadequate vision even with glasses. About one million persons are blind. Another 30,000 Americans become blind each year.

Take eye strain, for example. Ophthalmologists—physicians who specialize in eye care—usually agree that there is no such thing as eye strain. Those pains and discomforts that sometime follow long hours of watching a jumpy television screen actually are due to eye fatigue. Your eyes need to rest, too.

Children do not outgrow crossed eyes, and this condition should be treated as early as possible. Otherwise, some loss of sight could result.

Good vision is important to safe driving of an auto, but perfect vision is by no means required. The driver who has a few drinks under his belt is much more dangerous than the nearsighted driver whose defect is reasonably well corrected with glasses.

You've probably heard that eating plenty of carrots is good for your eyes. Eating carrots, however, does not necessarily improve vision. Carrots do contain vitamin A, but only a very small amount of it is needed. And it is found in many of the foods we eat, as well as carrots.

Glaucoma—the most common of the serious eye diseases—cannot be cured. But it can usually be arrested by treatment, and further loss of vision can be prevented. Regular checkups for glaucoma are most important, particularly to those past 40.

Children should have their first medical examination at the age of three or four, and should be re-examined each year. The small child may have grossly defective vision and not know it.

What can you do to protect your eyes and vision? Make sure that you and everyone in your family—especially the children—have regular checkups. Any noticeable change in vision is a definite tip-off that an examination is needed.

R. A. Wells, Jr., and sons, Russell and Roger, spent Sunday night with his father, Robert A. Wells. Roger stayed over for a week with his grandparents.

OPEN HOUSE SATURDAY—Pictured above is the newly constructed De Ville Motel and Restaurant which will have its open house Saturday from 2 to 4 p. m. The modern motel facilities, located on Highway 287 north, contains 36 rooms, a restaurant, and swimming pool. The above picture was taken from the center of the highway, looking south, and shows the offices (far left), the swimming area and the two-story room accommodations.

Making the trip with the netters will be Mrs. J. B. Rapp of Estelline, Mrs. Arvil Setliff of Abilene and the Johnny Masons of Abilene.

Stage Curtain, Drapes Added to Comm. Center

The new stage curtain at the City Auditorium will be used for the first time July 16 and 17 when the Thespian Club and Cyclone Band presents "The Music Man."

Mrs. Roy Guthrie announced this week that the new curtain has been installed as well as draperies for the eight windows in the auditorium. All were purchased from the Texas Scenic Company in San Antonio.

Draperies for the auditorium were first visualized when Mrs.

Lee Thornton, 1022 Main Street, suggested that she would give a cyclorama for the community building, Mrs. Guthrie stated. This set into motion plans which at the time seemed far-fetched, she stated.

When Mrs. Thornton's son-in-law and daughter, Mr. and Mrs. T. M. Paulsel of Fort Worth, contributed the price of a concert curtain, a group of people interested in draping the auditorium contacted Bill Keith of the Texas Scenic Company, San Antonio, she stated. After numerous contributions from local residents the stage curtains and draperies were purchased and were recently installed by the Texas Company, she said.

A list of items purchased and the cost as well as those who contributed were released this week and include the following:

A rear cyclorama made of silver-gray "Andante" flameproofed material at a cost of \$300.00; a concert curtain of silver-gray flameproofed "Skidmore" plush at a cost of \$300.00; a proscenium curtain of flameproofed "Saluda" turquoise velour at a cost of

\$600.00, a side cyclorama rotadraperies at a cost of \$350.00; borders and headers at a cost of \$200.00, and window drapes made of turquoise colored Dupont's Pontine stage curtain material of the "Seine" pattern.

The proscenium curtain was purchased by the following: M. C. Allen, \$200.00; Junior Chamber of Commerce, \$100.00; 1913 Study Club, \$100.00; First State Bank, \$100.00 and First National Bank, \$100.00.

The window drapes were purchased by the Goodnight family, Hal, W. H., Jr., Mrs. Jack Knight, Jack Knight, Jr., Mrs. Austin McDavitt in memory of their parents, Mr. and Mrs. W. H. Goodnight; Mrs. T. J. Hampton in memory of her husband, T. J. Hampton; the Memphis Water Works in memory of W. V. Coursey; Mr. and Mrs. Roy L. Guthrie in memory of their parents, Mr. and Mrs. Lee Guthrie and Mr. and Mrs. George Bass and Mrs. W. C. Dickey.

Other contributions were made by Hollis Boren, Mrs. W. F. McElreath, Mrs. A. B. Jones and O. V. Alexander, W. H. Reed, Jr.

The Jim Bos Family Moves To Dell City, Okla.

Jim Bos, who was involved in a two car accident in Oklahoma City, July 2 escaped with only minor bruises, he stated this week.

The accident occurred at the West Reno and Hudson intersection in Oklahoma City. Extensive damage was done to the 1962 Chevrolet driven by Mr. Bos.

Mr. Bos and family moved from Lakeview to Dell City, Okla., this week.

Memphis Country Club To Hold Dance Saturday

A dance will be held at the Memphis Country Club Saturday night beginning at 9 o'clock, members of the dance committee announced this week. All club members are invited to attend.

Around and About

By HELEN COMBS

July is supposed to be the "slump" month—but not so in Memphis this year. There are all sorts of activities going on.

Perhaps one of the busiest groups in town are members of the Thespian Club and Cyclone Band who have been rehearsing day and night for the production of "The Music Man," which will be presented July 16 and 17 in the Community Building.

This group of youngsters did a fine job last year in "The Wizard of Oz" and we are sure their production of "The Music Man" will be even finer. Directing the play are Bill Bradley, Mrs. Roy Guthrie and Kerry Moore, speech teacher in the Muleshoe School. Kerry is a former Memphian and a graduate of the local high school himself.

We have not checked in the past few days, but feel sure most, if not all, reserve seat tickets have been sold . . . but there are plenty of good seats left in the general admission section. So, make your plans now to attend either Thursday or Friday evening.

Then, on Saturday Memphis will display its newest business establishment—the De Ville Motel and Restaurant. The owners—Homer Tucker, J. W. Coppedge and Bill Cosby, have extended an invitation to everyone to call and inspect the new establishment between the hours of 2 and 4 p. m. Saturday.

We cannot resist an impulse at this point to "brag" a bit about this fine new addition to our city. We have inspected the motel and restaurant and can proudly state it's one of the finest we have seen anywhere including the highly advertised "Vic Mon" in Amarillo.

An array of brilliant colors were used in the decorative scheme . . . and there's nothing drab or uninteresting in sight. In fact, the colors of royal blue, avocado, tangerine, red and purple are combined to lend a most cheerful and pleasing atmosphere to both the motel and restaurant.

All motel rooms overlook the attractive swimming pool area and restaurant. The swimming pool area is set off from the parking area by an attractive decorative brick wall, which also serves as a street divider from the front of the motel.

Picture windows in the two-story motel are draped with alternate curtains in the five colors. Carpets in the rooms match the drapes and all walls are white. But the owners did not stop with this . . . furniture was carefully selected which blended in with the color decor.

For example, there is French provincial furniture in the purple and royal blue rooms . . . Black Chinese furniture was selected for the red rooms. . . Italian fruitwood was used in the tangerine rooms and Danish modern in the avocado rooms. All rooms have baths with dressing room.

The rooms are furnished with two double beds, a desk-dressing table combination, matching chairs, attractive table lamps and tables. In fact, you'll have to see it all at the open house Saturday afternoon.

On Friday night, the Memphis Jaycees are lending a helping hand to a former Memphis couple, Mr. and Mrs. Tommy Davis of Amarillo, with a benefit show at the City Park. A variety musical program will be presented and a special collection will be taken for the Davis family during the evening. All donations will be on a volunteer basis.

In case you haven't heard about the Davis family . . . they are in need of a little help. Their second set of twins, born June 14, hardly a year after the first twins, have developed spinal meningitis. With the addition of two set of twins in one year, they now

have six children. Tommy is the son of Mrs. Wilma Davis of Amarillo, formerly of Memphis and grandson of Mrs. Rhoda Davis. Mrs. Davis is the former Johnnie Clark, also formerly of Memphis. Those of you who can not attend the benefit program and would like to give a donation may leave your money in jars in business houses about town, David Duncan said.

Swimming lessons for beginners are in progress at the City Pool this week and will continue through next week . . . makes a busy week for young mothers, but, oh, so much fun for the youngsters!

And, speaking of youngsters,

we are expecting our grandchildren, Debbie and Kent, of El Paso to arrive Friday. Of course, they will be accompanied by their mom and dad, Carnis and Adrain. We are looking forward to having them spend a week with us. And they are looking forward to seeing the newest member of our family, little Bret Allen, who is now three weeks old and growing very day it seems! Bret is Bill's and Tanya's first child and our second grandson.

Today's Thought:
The three acid tests of an "educated man" are:
Can you entertain a new idea?
Can you entertain another person?
Can you entertain yourself?

Early Spanish soldiers in Texas, regarded as employees of government, were required to furnish their own uniforms, shoes, arms and feed.

Australians were not the only aborigines to use boomerangs. They have also been found in India, Africa and North America, as well as Egypt and Europe.

Much Progress Is Made In Medical Research During Past 50 Years

There have been more medical advances made in the past 50 years than in all the previous years of recorded history. Many diseases have been conquered and many more brought under control. Yet even in this "Golden Age of Medicine" the American public is still being victimized by fakes and swindles in the health field. The older American makes up a substantial proportion of that part of the general population which is duped in this manner.

It's easy to believe in medical fakes when you're sick, frightened, or alone. And it's just as easy to fall for phony cosmetics that promise to restore youth and beauty.

The Food and Drug Administration, whose mission it is to enforce the Federal Food, Drug, and Cosmetic Act, has this to say about the phone remedies promoted for some of the ailments which affect older people:

Arthritis and Rheumatism. The severe pain of these diseases makes the sufferer an easy target for the charlatan. Early treatment by a competent doctor is a "must," since it can help prevent crippling. The doctor will also prescribe the most effective pain relievers. But there are, as yet, no drugs which truthfully can be labeled as a cure. Be wary of weasel-worded promotions that don't actually promise a cure—but nevertheless imply it.

A source of authoritative information: The Arthritis and Rheumatism Foundation, 10 Columbus Circle, New York 9, New York.

Cancer Surgery. X-ray, and radiation cure many cases of cancer when it is diagnosed and treated in the early stages. Loss of time can have tragic consequences.

Cancer research is making great progress—but beware of unproved remedies. Beware, too, of the phony who promotes his product to the public and claims the medical profession is against it and him. He will lead you only to blasted hopes, wasted savings, and disaster.

Your doctor keeps up with what is being done in cancer research and will refer you to a specialist, if necessary. An authoritative source of cancer information is: The American Cancer Society, 219 East 42nd Street, New York,

New York, 10017.

Heart Disease. There are many kinds of heart disease—now often called cardiovascular disease. Proper diagnosis is essential to proper treatment. There is no single treatment for all heart conditions.

One good rule for preventing a heart attack is to avoid overweight. Your doctor will help you choose a diet suited to your needs. Garlic is not good for high blood pressure, nor are safflower oil capsules a preventative for heart diseases and strokes. An authoritative source of information is: The American Heart Association, 44 East 23rd Street, New York 10, New York.

"Lost Manhood." This type of cure has been with us as long as sex, and is one of the oldest swindles in the book. Vitamin E is an example of one type of worthless product that has been promoted for sexual rejuvenation. Here again your best bet is to consult your doctor.

Wrinkles. These are an unwelcome but inevitable gift of time. There are many good, inexpensive creams and lotions on the market today to help lubricate the skin and alleviate dryness. But, there are no creams, lotions, masks, or plasters that will prevent, correct, or remove wrinkles. Beware of products that have such extravagant names—or slogans—as "Eternal Youth Oil," "Magic Wrinkle-Remover," or "Miracle Hormone Cream for an Ageless You."

Baldness. The most common form of baldness is hereditary. There are no drugs or treatments that can bring dead cells back to life—or that "feed" hair roots and scalp. Be particularly skeptical of advertisements that present case histories and testimonials.

How do you recognize quackery? Here are some pertinent questions to guide you:

Is the formula or treatment something "exclusive" or "secret"?

Does it promise a quick cure? Is it advertised by case histories or testimonials?

Does the sponsor clamor for medical investigation and recognition?

Does the sponsor claim medical men are persecuting him or fear his competition?

Are the recognized treatments

AUSTIN—Through April 4, an aggregate of 27,384 cases of measles (rubeola) had been reported from all parts of Texas. Compare that figure to 7,541 cases reported for the same period in 1963, and it is clear that the State, in general, has indeed experienced an epidemic.

Measles epidemics can be predicted with a fair degree of certainty. In metropolitan areas, a mild form of the disease can be anticipated to reach epidemic proportions every other year. In rural areas, outbreaks are usually somewhat more severe.

Outbreaks occur in keeping with population growths—that is, the

belittled?

If the answer to any of these is "yes"—be wary. Investigate before you invest! Save your money—and maybe your life!

may be procured from the Police, Sheriff's Dept., Highway Patrol,

birth of new babies who are immunized, and who are thus susceptible when the community is "seeded" with the virus.

Measles comes in two different varieties. Rubella—often called 3-day measles—or German measles—is of shorter duration than rubeola. Normally, rubeola is considered more serious in nature, with one exception. When rubella occurs during the first four months of pregnancy, it is thought to trigger malformation of the unborn child.

In any case, measles may not be lightly dismissed as a harmless childhood disease. Measles (rubeola) claims 34 lives per year, half of which are under two years of age.

Quarantining a measles patient—of either variety—doesn't help the situation. A person is most contagious before the tell-tale red spots appear when symptoms simply resemble a cold.

Recently, a vaccine for rubeola was put on the market. The American Academy of Pediatrics recommends that any child over nine months of age, who has no history of the disease, be given the vaccine.

New Law Tightens Hot Check Prosecutions

The 58th Texas Legislature passed H. B. No. 457 dealing with the use of worthless checks to defraud. It has practical aspects for both the collection of such checks and the prosecution of offenders that were not available before.

It makes it unlawful for any person or firm to make, draw or deliver a check with intent to defraud, knowing that the maker does not have sufficient funds on deposit to cover its payment. It is no longer required that the check be given in exchange for property in order to subject the maker or drawer to punishment.

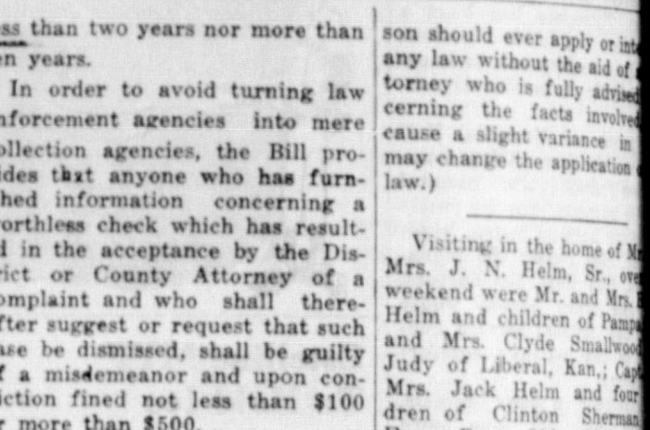

The new Act, similar to the old law, provides that the refusal of payment by the bank shall be prima facie evidence of intent to defraud and of knowledge of insufficient funds, "provided such maker . . . shall not have paid the holder thereof the amount due thereon within ten (10) days after giving of such notice that such check . . . has not been paid."

New notice provisions state that notice shall be given in writing by registered or certified mail or telegram to the place listed on the check.

Penalties are provided which increase with each offense and depend upon the size of the check. First conviction on a check under \$50 shall be punishment in the county jail for not to exceed two years and by fine not to exceed \$1,000.

If the check is over \$50 the penalty can be fixed at confinement in the penitentiary for not

CANDY by Tom Dorr

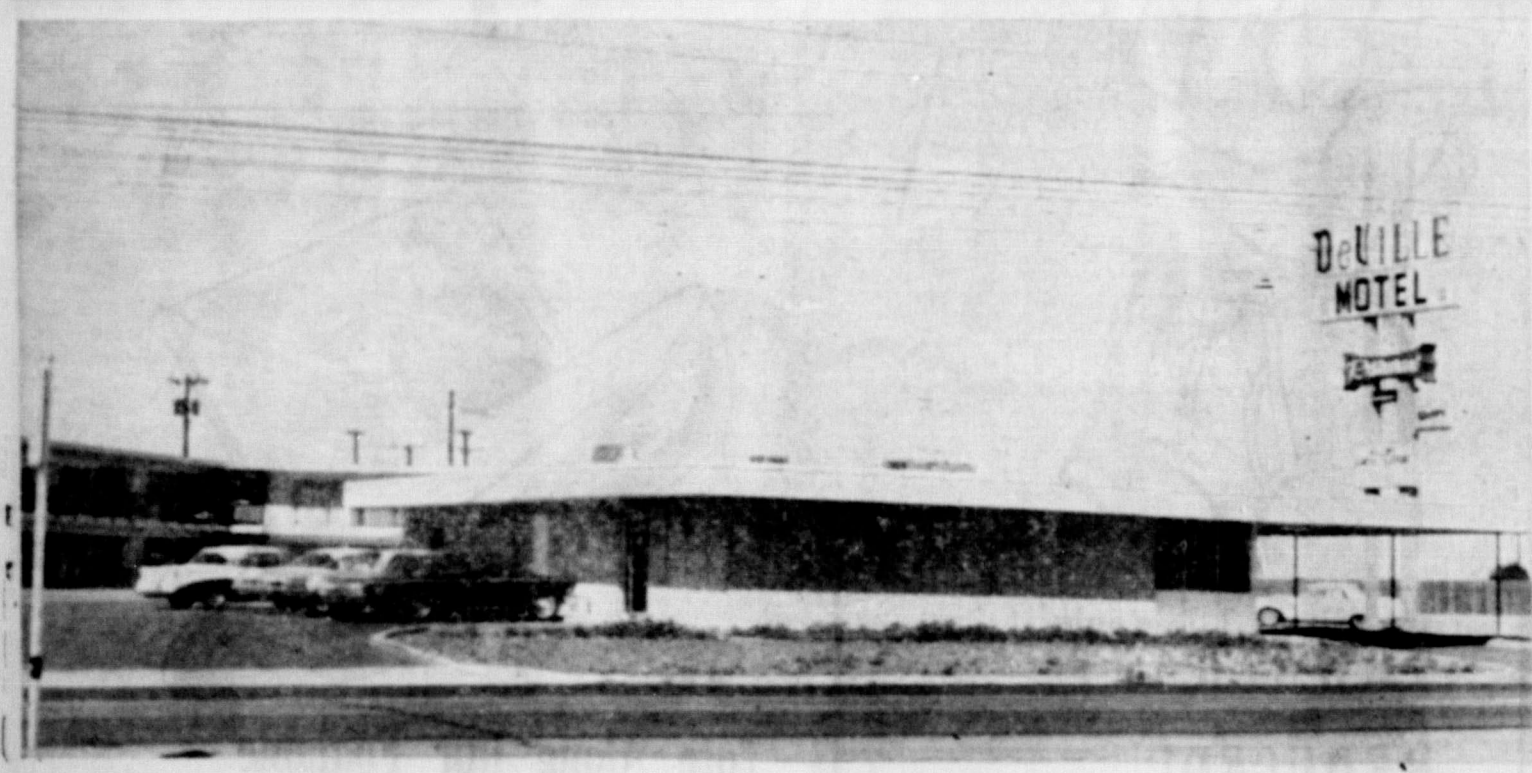

less than two years nor more than ten years.

In order to avoid turning law enforcement agencies into mere collection agencies, the Bill provides that anyone who has furnished information concerning a worthless check which has resulted in the acceptance by the District or County Attorney of a complaint and who shall thereafter suggest or request that such case be dismissed, shall be guilty of a misdemeanor and upon conviction fined not less than \$100 or more than \$500.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No per-

son should ever apply or rely on any law without the aid of a lawyer who is fully advised concerning the facts involved, cause a slight variance in law.)

Visiting in the home of Mrs. J. N. Helm, Sr., over the weekend were Mr. and Mrs. Helm and children of Pampa and Mrs. Clyde Smallwood, Judy of Liberal, Kan., Capt. Mrs. Jack Helm and four children of Clinton Sherman Force Base, Okla.; Mr. and Mrs. Leon Helm and Mike, and Mrs. Joyce Monroe and children of Lubbock.

Memphis Welcomes You!

It is with pride that we welcome De Ville Motel and Restaurant into the Memphis business community, and congratulate the owners on their enterprise and foresight.

We encourage the development of business by those who live within the community, or whose ties are close to it, as are all members of this group. Answers to a community's needs are best given this way.

Just as the builders of De Ville Motel and Restaurant answer a community need, so does your insurance agent. This has already been demonstrated in a convincing way, as Kinard-Gailey Agency paid \$19,901.92 in windstorm losses to the builders of De Ville on windstorm damages while under construction.

Our aim is insurance tailored to one's needs, and serviced by an agency that is interested in seeing Memphis grow.

Legal Notice

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 2342
 Notice is hereby given to whom concerned that the application of R. E. WARD the post-office address of whom is Route 2, Memphis, Texas, was received on the 18th day of May, 1964, in the office of the Texas Water Commission. Applicant seeks a permit to appropriate 144 acre-feet of water annually from Indian Creek, tributary of Prairie Dog Town Fork of the Red River, for the irrigation of two tracts of land totaling 144 acres of land (69 acres are in the S. P. RR Co. Survey, Section 52, Block 1, A-1072, and 75 acres in the B. F. Stokes Survey No. 1, Block "S", A-629) in Hall County, Texas, approximately 9 1/2 miles southwest of Memphis, Texas, all being more fully set out in said application.

Pumping plant No. 1 is located N 74° 00' W, 850 feet from the northeast corner of the B. F. Stokes Survey No. 1, Block "S", A-269, and Pump No. 2 is located S 120 33' W, 1,500 feet from the northwest corner of B. F. Stokes Survey No. 1, Block "S", A-629, Hall County, Texas.

Said application was accepted for filing by the Texas Water Commission on the 29th day of June, 1964, as Application No. 2342, and a hearing thereon will be held by the Texas Water Commission, in the office of the Commission at Austin, Texas, on MONDAY, AUGUST 24, 1964, be-

ginning at ten o'clock a. m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Commission and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Commission Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Texas Water Commission may deem right, equitable and proper.

Given under and by virtue of an order of the Texas Water Commission, at the office of said Commission at Austin, Texas, this the 29th day of June, 1964.

GIRL SCOUTING

Senior Girl Scout Troop No. 187 met with Florita Branigan July 8 to discuss plans for encampment in August. An Invitation was extended to the troop to attend a "Lauau" in honor of the Senior Troop of Borger which is leaving for Hawaii.

Also on the agenda for the meeting were the completion of forms to be sent in by each scout in application for the 1965 Girl Scout Round-up to be held in Idaho, as well as application to the Girl Scouts All-States encampment to be in North Carolina in 1965.

The girls plan a bake-sale to help pay expenses for groceries to be used in August.

CARD OF THANKS

I wish to take this opportunity to express my thanks to my friends and neighbors, to those that sent cards, flowers and came to visit me during my stay in the hospital.

I also want to say thanks to Dr. Clark and the nurses for their many kindnesses while I was in the hospital.

Tennis Tournament July 2-5 Attracts Approximately 70 Entries

Tennis tournament weekend at the Turkey drew approximately 70 entrants. Denton, coordinator, several persons entered an event, he said. The largest division of the tournament was the High School which attracted over 30 entries.

Clements of Lakeview defeated Cheri Rapp of Estelline 6-0 to win the girls high school division. In the girls doubles finals, Cheri and Ann Rapp of Estelline defeated Tommie Payne and Clements, Lakeview, 6-2, to win this event.

In the high school boys singles division, Setliff of Turkey defeated Dana Gibson of Lakeview, 6-4, 6-4. In the boys doubles, Setliff and Case of Turkey defeated Gibson and Sams of Lakeview, 8-7, 8-6.

In mixed doubles, Clements and Sams of Lakeview defeated Gibson and Payne of Lakeview 7-5, 8-6.

In the grade school matches, Ann Rapp won the girls singles and Rod Setliff of Turkey won the boys singles. Rapp and Setliff joined together to win the mixed doubles. Williams and Setliff of Turkey won boys doubles.

In the open division, Johnny Lacy of Turkey defeated James Starky to win men's singles. In women's open doubles, Nikki and Karen Clements defeated Sandy Verden and Tommie Payne in the finals.

FHA Makes 100th Water Distribution Association Loan

L. J. Cappelmann, state director of the Farmers Home Administration, Temple, Texas, announced last week that "the 100th Water Distribution Association Loan has been made to the rural people of Texas."

The Green Valley Water Supply Corporation received this loan for \$696,000. This water system will service 518 families; over 2,000 individuals.

Mr. Cappelmann said, "These 100 loans total \$9,905,770. Over 9,047 families are now enjoying good water for home use and for livestock, gardens, etc. This number of families includes over 36,000 individuals."

"These loans have had a great impact on the economy of the community and the county. The installation of bathrooms, kitchen facilities, landscaping of lawns and the building of new homes has increased business for merchants, increased tax payments, and contributions to churches."

One community, since turning on the water, has 20 new homes financed by private enterprise; seven homes moved into the community. It has completed construction of the first new church building in 60 years at a cost of \$30,000.

Visiting in the home of the O. M. Gunstream Tuesday were Eva Gammage and Mr. and Mrs. Ruby Patterson and boys of Wellington.

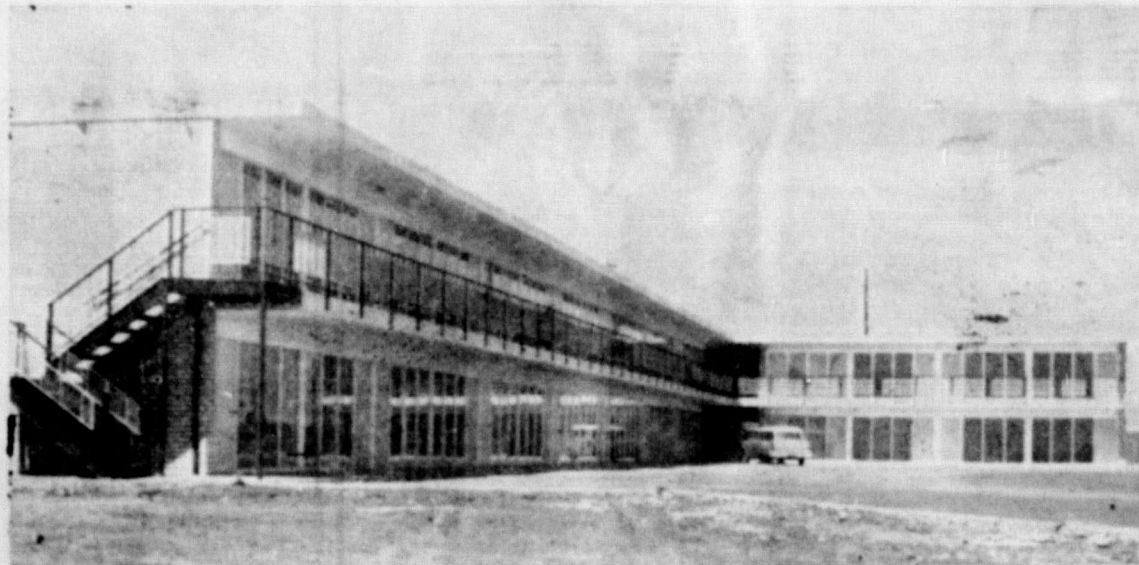

Door Odor Not Fatal

While fishing and camping trip points the fact, all outdoor odors aren't exactly as pleasant as honeysuckle or magnolia. A few pungent odors are more correctly called "rotten" odors.

Remembered solutions to common problems are offered by W. R. Long, information officer for the Texas headquarters of the Texas Wildlife Department and a veteran outdoorsman. A family dog, or the house, get involved with the odor, he says, "there's no despair. The sickening odor may be removed by a sponge soaked in tomato juice. Rubbing the liquid will neutralize the scent. Follow with a soap and water bath. Rotten odors that cling to clothing may be eliminated by a general application of any ordinary soap."

A sleeping bag that was left in a car will probably have a musty odor when unfolded next year. Freshen it with a liberal application of household deodorant. The treatment will make it fresh again."

Welcome To OPEN HOUSE

Of the New and Beautiful
DE VILLE MOTEL
 and
RESTAURANT
 on Highway 287 North

Saturday, July 11 - 2 to 4 P. M.

This beautiful and modern motel and restaurant, in a choice location in the Southeast Panhandle, is a fine example of community growth, sparked by the people who live in Memphis—who know the needs of their community and who, by their own initiative, provide it. Local citizens should be proud of the new De Ville and its owners.

NOR-TEX CONTRACTORS, Inc., Borger, Tex., is also proud to have been selected as general contractors for the construction of this fine facility. We are doing our part, working with far-sighted men in the Panhandle, in helping to meet the needs of this growing area. Our firm specializes in commercial construction, commercial re-modeling and erection.

Congratulations TO THE OWNERS OF De Ville Motel

WE JOIN IN INVITING THE PUBLIC TO ATTEND

Open House Saturday

The new De Ville Motel can be described as a purveyor among Motels in the Panhandle, serving the growing tourist industry of this region. It should be a source of pride to the Memphis community.

When you visit the motel Saturday at its Open House we invite your attention to the guest rooms. Here you will see beautiful furniture which should be a credit to any motel. We are proud to have been selected to supply this fine furniture which enhances the beauty of each guest room.
