JOHNSON CARRIES HALL COUNTY BY 1118 VOTES

Johnson 1,785
Goldwater 667

The majority of the citizens of Hall County, the state of Texas, and the United States voted Tuesday to elect President Lyndon B. Johnson as President of the United States and elected Hubert Humphrey Vice President.

Hall County, one of the 20 Panhandle counties to vote Democratic in this election, maintained its record of not having voted for a Republican for President since 1928.

The county voted 1785 for Johnson-Humphrey and 667 for Goldwater-Miller. Only one of the 11 boxes in the county carried for the Republican ticket. This was Parnell box No. 7 which voted 24 for the Republican standard bearers and 20 for the Democrats.

At Lesley, with 57 votes cast in the presidential race, 51 went to Johnson-Humphrey while six were cast for Goldwater-Miller. This is the heaviest Democratic vote which was cast in any county box, figuring better than 8 to 1.

Vote in the county than 1960 by 321 votes, but it was not record setting.

Major races balloting by precincts may be seen on Page Seven of this issue.

In the Panhandle district, Johnson-Humphrey carried by 56,183 to 49,484 for Goldwater-Miller. The Republicans carried 8 counties including: Gray, Hansford, Hutchinson, Lipscomb, Ochiltree, Randall, Roberts and Sherman. Considering that in the 1960 election, only six counties voted in the Democratic column, the Democratic party selection of Lyndon Johnson as standard bearer was much more popular.

In Texas, the Johnson-Humphrey team, as of 5 p. m. Wednesday, polled 1,633,117 to 944,873 for Goldwater-Miller.

In the nation, with 98 percent of the voting units reporting, Johnson received 41,688,418 or 61.3 percent, while Goldwater received 26,269,391 of the popular vote. Johnson victory is considered one of the most lopsided victories in the history of the United States, even surpassing FDR's 60.8 percent in the 1930's.

Electoral vote: Johnson carried 44 states and the District of Columbia with 468 electoral votes, Goldwater carried 6 states with 52.

District 5-B Trophy On Line At Estelline

When the final whistle closes the Estelline-Guthrie game Friday night at Estelline, the winning of District 5-B will pretty well be known.

Guthrie, undefeated this season, and Estelling losing only their first game, will battle it out in a game beginning at 7:30 at Estelline field.

Coach Jimmie Don Adam's Bear Cubs are ready for the contest with no injuries. Their job will be to stop the Guthrie speed and passing, and muster enough offense to win the contest.

Coach Adams said Guthrie is the finest team the Bear Cubs have met and it will take good blocking and tackling, as well as sound defensive play, to win the contest.

Estelline ripped past Roaring Springs last week in a second half comeback, 42-6. Scoring were Ronald Mullins, two TDs, Melvin Long, two TDs, Jerry Cosper, and Tristin Mabry. Long carried a two-point conversion, Jodie Rapp carried a conversion and passed to Long for the other. Mabry was

cited for his defensive play as center linebacker by Coach Adams.

Guthrie has a fine backfield composed of Dennis Ratliff, Lloyd Coppedge and QB Ronnie Flowers, an excellent passer.

The game will be the battle between the powers in District 5-B. Although it isn't the last game of the season, for the two clubs, it is a must game for a district championship.

Austin PTA To Sponsor Disney Movie Here Fri.

"The Three Lives of Thomasina" will be shown at the Palace Theater at 1 p. m. Friday under the sponsorship of the Austin Parent-Teacher Association, Mrs. Dick Fowler, publicity Chairman, has announced.

Admission will be 20 cents for students and 50 cents for adults. Proceeds from the project will be used for worthwhile PTA projects during the year.

Classes at both the Austin and Travis Elementary schools will be dismissed for the afternoon in order for the students to see the movie, Mrs. Fowler said.

One of Walt Disney's heartwarming live-action features about animals and children, the movie is taken from the best-selling novel "The Three Lives of Thomasina" by Paul Gallico.

Directed by Don Chaffey and filmed in Technicolor against remarkably faithful Scottish background, the pictures tell its story through the eyes of Thomasina, a marmalade cat, that is the pet of the little daughter of a veterinary surgeon. Karen Dotrice, a seven-year-old blonde, does nicely but it is cute six-year-old Matthew Garber, who will win the hearts of all the ladies in the audience.

Vincent Winter, who won a special Academy Award in 1955 for his juvenile performance in "The Little Kidnappers," is now a likable teenager. The adults include Patrick McGoohan, as the handsome widowed veterinarian, and Susan Hampshire, as a lovely young healer.

WALTER ROGERS IS RE-ELECTED

After a final tabulation of votes in the 18th Congressional District, Democratic Rep. Walter Rogers won over his Republican opponent, Bob Price of Pampa, 58,976 to 48,152.

Rep. Rogers will start his eighth term in office next January. He is a member of two powerful House committees: Interior and Insular Affairs and Interstate and Foreign Commerce.

Hall County voted almost 3 to 1 in favor of Rogers with a total vote cast of 1800 for Rogers and 678 for Price. Rogers also carried all the counties with the exception of a block in the northern part of the Panhandle composed of Gray, Hansford, Hutchinson, Ochiltree, Roberts, Sherman, Randall and Lipscomb.

Counties giving Congressman Rogers his heaviest vote, besides Hall, were Castro, Childress, Briscoe, Collingsworth, Donley, Swisher and Motley. In these counties, he carried by approximately three-to-one.

Memphis To Play Clarendon Friday

The Memphis Cyclone will travel to Clarendon Friday night where the longtime rival will be continued and another District 2-A contest will be decided.

Also the contest will be Homecoming for Clarendon High School, and should prove to be a scrapping contest.

The Bronchos, rated as having one of their best teams in years, defeated the Canadian Wildcats in their first district game and lost 24-14 to White Deer and 36-24 to McLean.

Coach Charley Chambless said

the Bronchos have a small team but are all scrappers and since this is their homecoming they can be expected to go all out for a victory.

The Bronchos will be trying to revenge the 28-8 loss to the Cyclone last season, which spoiled their homecoming.

Clarendon's key offensive is running backs Grady and Bell and their passing attack. They pass about 50 percent of the time and hit hard, Chambless said. They run from a winged T with a balanced line.

The Cyclone, after dropping their second district game to Canadian 42-14, will try to get back in the winning column. HB Jack Stargel should be back in running shape after suffering a pulled muscle and Mike Branigan may be back in the line, Coach Chambless said.

"Our boys know they are in for a tough contest and it will take team effort to win," Chambless said.

Traditionally, the Memphis-Clarendon contest is a spirited affair and this year should be no different.

O-T Singers To Hold Convention Here In 1965

Bill Leslie, chairman of the Memphis Chamber of Commerce convention committee, this week announced that the Oklahoma-Texas Singers Association will hold its annual convention in Memphis next year. The dates for the two-day convention will be Oct. 9 and 10, 1965.

Plans for the date were completed when the local C. of C. committee met with Elmo Hudgins of Pampa, president of the association, here Sunday afternoon. Mr. Hudgins was in Memphis to attend the Hall County Singing Assn. monthly meeting.

"More than 2,000 delegates will attend the meeting in 1965. We feel fortunate in having the facilities in Memphis to serve this large number," Leslie stated.

Plans for the convention will be worked out through the Chamber of Commerce and local business firms. Individuals will be called upon to make the convention a memorable one for out-of-town delegates, Leslie stated.

MHS Names 43 On Honor Roll

Forty-three students from approximately 250 enrolled in Memphis High School were named to the honor roll, Principal C. E. Voyles said this week.

The standard of excellence required for this honor is as follows: 1. All grades (solid subjects) must be in the "A" or "B" level. 2. The average of all grades must be 90 or above.

Heading the list are 22 seniors.

Listed included: Jerry Beasley, Gayle Cleveland, Bill Cosby, Toby Crooks, Jay Dunbar, Lynn Foxhall, Dalton Freeman, Larry Helm.

Also Sarabelle Houston, Linda Miller, Tony Monzingo, Jim Odum, Ronald Pate, Mary Sue Scott, Suzanne Sexauer, Sandra Shults, Minka Sims, Linda Snider, Jimmy Srygley, Doris Ward, Sue Watson, and Dawn Ann Yarbrough.

The 11 juniors named were: Linda Kay Alewine, Glendna Brue, Diane Gailley, Rosemary Harrison, Amy Hillhouse, Regina Hoover, Susan McQueen, Larry Parks, Linda Simpson, Anita Snowdon, and Carol Ann Voyles.

Six sophomores were named to the honor roll. They included: Donna Beckham, Cathy Dale, Eva Ann Glosston, Sandra Ivy, Suzette Smithree and Rita Yarbrough.

The four freshmen named to the honor roll included: Cynthia (Continued on Page 12)

Mrs. Meacham Dies In Amarillo; Services at Parnell

Funeral services for Mrs. Wanda Joe Meacham, 38, will be conducted at 10:30 a. m. Friday in the Parnell Community Church with the Rev. Royce Denton, pastor of the Estelline Baptist Church, officiating.

Burial will be in the Dreamland Cemetery at Turkey with services under the direction of Spicer Funeral Home.

Mrs. Meacham died Wednesday morning in her home at 909 Pierce, Amarillo.

A resident of Amarillo for four years, Mrs. Meacham was born in the Parnell Community. She was a graduate of Estelline High School and had been employed as a waitress in Amarillo.

Survivors include a son, Randy of the home in Amarillo; her mother, Mrs. Lillian Hutcheson of Parnell; her father, Joe Marcum of Amarillo; a brother, Wayland Marcum of Amarillo and her grandfather, James Lewis Marcum of Sayre, Okla.

Cotton Harvest In Low Gear, Fields Wet

A report from over the county showed that the 1964 cotton harvest is in low gear, and since the rains Tuesday and Wednesday nights, no harvesting has been done.

J. J. McMickin, official weather observer for Memphis, reported his rain gauge measured .25 of an inch Wednesday morning and .15 of an inch this morning.

Rural areas over the county also have received rains of comparable amounts. Temperatures have not been below freezing; so cotton fields are still green.

Unfavorable weather prevailing the past two weeks has not been the chief reason for the slow movement of the cotton crop, according to K. E. Voelkel, USDA's Agricultural Marketing Service official in Memphis.

Most farmers are waiting for a killing frost which occurred in this area last season on Monday, Nov. 18. Rain, heavy fog and dew have put farmers farther behind in what is considered the latest harvesting season in a number of years, he said.

Last week, 3,400 samples were classed at the Memphis Cotton Classing Office, which brings the season's total to about 9400. This compares with nearly 23,000 samples (Continued on Page Twelve)

District Scout Banquet Set For Next Monday

The annual district banquet of the Comanche District of the Adobe Walls Council will be held in Clarendon on Monday, November 9, according to Elmont Branigan, Council Executive Board member.

At this yearly district Scouting Banquet, the district officers will

be installed and recognition made of the Scouts reaching the Eagle Rank during the year. Unit leaders will be recognized if they have completed their Round Up objectives for membership by this date.

Each year the district leaders endeavor to secure an outstanding speaker for this yearly meeting. The speaker, this year, will be Dr. Floyd D. Golden, Amarillo. Dr. Golden is widely known throughout the educational field in the Southwest and is the former president of East Mexico University, Portales, N. M. Also, he has been associated with Scouting and has been awarded the Silver Beaver Award for outstanding service to youth. Dr. Golden is an active lay-leader in the Baptist Church and is in demand as a speaker to lay groups.

During the time Dr. Golden was president of Eastern New Mexico University he was selected to tour Russia with a group of educators to evaluate the schools of Russia with the schools of the United States.

Scouters and friends of Scouting may secure tickets to attend the annual district banquet from Elmont Branigan and Woody Prazier. Tickets must be purchased before November 5.

DR. FLOYD GOLDEN

Tickets On Sale Now For Hillbilly Play Nov. 9-10

The Mountain Boys are Gus Orcutt and K. D. Nabers and the Sunbonnet Girls are Letha Springer and Patsy Morris.

Present to help the Sunbonnet Girls with the musical trimmings will be the Snuff Dipper Jug Band and the Mountain Boys Duet.

Seated, left to right, are Annette Boswell (Sally Mander), Gary Sims, Pat Wilson, Trudy Clem. Standing, left to right, are Skipper Murdock, Morris Odum, who plays the part of Zeke Whiffle; Carl Wood, Jr., Patsy Morris as Trudy Wilkes and the Sheriff, Carl Baker.

Yarborough Carries County To 801

Senator Ralph Yarborough was re-elected by Texas Tuesday, and both men Hall County by almost 800.

Yarborough polled 1655 in Hall County to George Goldwater's 854, a little better than a two-to-one margin.

Senator Yarborough polled 1,649,102 to Goldwater's 809,390, a two-to-one margin. He carried Hall County to 695, a three-to-one margin.

Senator Pool was re-elected by voters 1,649,102 to Goldwater's 809,390, a two-to-one margin. He carried Hall County to 695, a three-to-one margin.

State Races
Democratic candidates were elected in the state races, and all Hall County by about a two-to-one margin.

John Connally received 1,649,102 to Goldwater's 809,390, a two-to-one margin. He carried Hall County to 695, a three-to-one margin.

General Waggoner Carr, Commr. John White, Jerry Sadler, Comp. Robert S. Calvert, Treasurer James, Railroad Commr. Jim Langdon and State Justice Jack Pope.

Constitutional Amendments
Three of the constitutional amendments carried in Hall County by the State of Texas.

Proposition 1: approval 783,243, 59,183 school fund.

Proposition 2: approval 1,826,015, 48,379; medical care.

Proposition 3: approval 928,721, 17,944.

Proposition 4: approval 928,721, 17,944.

Proposition 5: approval 928,721, 17,944.

Proposition 6: approval 928,721, 17,944.

Proposition 7: approval 928,721, 17,944.

Proposition 8: approval 928,721, 17,944.

Proposition 9: approval 928,721, 17,944.

Proposition 10: approval 928,721, 17,944.

Proposition 11: approval 928,721, 17,944.

Proposition 12: approval 928,721, 17,944.

Proposition 13: approval 928,721, 17,944.

Proposition 14: approval 928,721, 17,944.

Proposition 15: approval 928,721, 17,944.

Proposition 16: approval 928,721, 17,944.

Proposition 17: approval 928,721, 17,944.

Proposition 18: approval 928,721, 17,944.

Proposition 19: approval 928,721, 17,944.

Proposition 20: approval 928,721, 17,944.

Proposition 21: approval 928,721, 17,944.

Proposition 22: approval 928,721, 17,944.

EDITORIAL

It's All Over Now!

We read the other day an old axiom in the law business, reportedly having been said by an attorney friend of an editor, which says that if the law favors your client, build your case around the law; if the facts favor your client, build your case around the facts . . . but if neither the law nor the facts are on your side, then attack your opponent.

Using this bit of logic as a thumbnail rule, apply it to the recent political campaign waged to unseat Democratic incumbents, and you learn a wealth of insight into the thinking of the high paid public relations boys who write the speeches and direct the behind-the-scenes strategy.

Most of us are well versed in the letter of the law of our nation, because we are a nation governed by laws, and most of us, at last those of voting age, know the basic facts in the national picture. Where some get confused is in recognizing the signs of the offensive . . . the attack stage of a campaign.

The American people, during the last 50 years, have come to regard things of a technical nature highly desirable, while neglecting the things of a spiritual and literary nature as being less important. However, this can be most dangerous because this is exactly the same state of affairs that Adolf Hitler found in Germany when he made his push for power, which proved to be most successful.

The first thing that must be done when a political party goes to the offensive is to divide, sow discontent, doubt, suspicion. If this step is successfully completed, the job must be undertaken to offer solutions to the problems, (it makes little difference whether the problems are real or imaginary). And, if things go as planned, you are in power.

Glenn Shelton, columnist of the Wichita Falls Record News, wrote before the election: "Don't look now, but this blessed campaign is about over. The political sands of time are running out. You have little better than a week to hear what's lousy about our country, how morally decadent we are individually, how disloyal our leadership, how corrupt our institutions . . . Better turn on your radio, your television set, and open your newspaper. You just might be naive enough to think there is something right about our country . . . Why don't you listen and read? Don't you know you can't properly exercise your responsibilities of citizenship if you sleep well in this crucial time?"

"If you are gullible enough to believe the red in Old Glory stands for blood anyone was foolish enough to shed for this rotten country, that the white stands for any possible purity, that blue means anyone is loyal, then you are indeed out of touch with the times. If you think the stars stand for fifty cohesive and indivisible states, under God, then you haven't been listening. Don't you realize, that each star, each state stands alone in a selfish firmament, and that the great American galaxy is a chauvinistic pipedream of Thomas Jefferson? Don't you know the American Flag is flying over a country of sin with a leadership soft on Communism? Wake up, man! It's later than you think. You've got a scant ten days to learn of America's depravity."

Columnist Shelton points out adequately what some have attempted to do; however, it is obvious that he does not further their cause for he writes with contempt.

The Election of 1964 will go down in history as one of the unsuccessful examples of men trying to seek power in the United States by "divide and conquer". "If neither the law nor the facts are on your side, then attack your opponent."

HOW TO GET THE MOST OUT OF YOUR INSURANCE MAN

(or why Campbell-Wilson is an Independent Agent)

1. Give one agent all your insurance to take care of. (Even if one of your present agents is your own brother-in-law.) This is sound business practice. Ask any millionaire.
It relieves you of detail. It means a better balanced program for you. And if one agent bears the entire responsibility for your insurance program, he feels that responsibility more than if he's a part of the crowd. Wouldn't you?
2. Get an Independent Agent, to feel sure you're getting the policy best suited to your needs. He can select policies for you from a wide variety of insurance companies, not just one (Are we crazy? Not a bit. Campbell-Wilson represents companies that deliver real

value for your dollar, and we're sincerely confident that our policies will win their share of the value races. After all, the only thing you buy when you buy an insurance policy is service . . . and that is our specialty).
3. Tell your agent you expect a phone call if he finds a better buy for you than what you've got.
4. Expect him to put your needs ahead of his commissions. This is easy for the Independent Agent . . . he needs you.
5. Leave your bundle of insurance problems on his shoulders. That is, when to pay, whom to pay, when to renew . . . all that. If he appears to be staggering under the burden, get another agent.

REMEMBER—

We're big enough to serve you—
And small enough to want to.

What Other Editors Say

Thoughts For Thursday

Up in New England lives a professor of sociology in a college who for 30 years has also been a garbage collector. For three decades he has donned his work clothes two mornings a week and made his rounds before slipping into his business suit and stepping into his college classroom.

He acquired this strange second job at a time no one else would do it. Finding that it gave him diversion from his classroom duties, that he was able to make friends and chat with people he otherwise never would have known, he has refused to give up his job.

We were interested in hearing this man talk recently. He was asked if this menial job resulted in loss of respect, and his answer was in the negative. Those who had known him for years held him in high esteem, however, newcom-

ers to the community sometimes registered a different reaction.

He said he always greeted everybody he saw with a cheery "Good morning."

Quite often newcomers, unaware of his background, would elevate their noses, refusing to return his greeting. They just couldn't lower themselves to speak to a garbage collector! But usually by the second or third visit the word got around, and they went out of their way to chirp, "Good morning, Dr. . . .!"

Being a sociologist, he was quite interested in why an educated garbage collector should rate more respect than an uneducated one. He felt that this proved the saying, "clothes make the man."

How unfortunate is the person unable to see past the thin veneer of personal appearance, who ex-

tends greetings only on the basis of employment level, who is unable to recognize culture and worth unless it wears a label saying in bold black letters, "This is culture."

How unfortunate is the person who associates an expensive home in an exclusive district with human worth and a lowly hut with something to be despised.

How unfortunate is the person unable to recognize a diamond outside Tiffany's or who must join the leading church in town rather than a suburban one in order to establish herself.

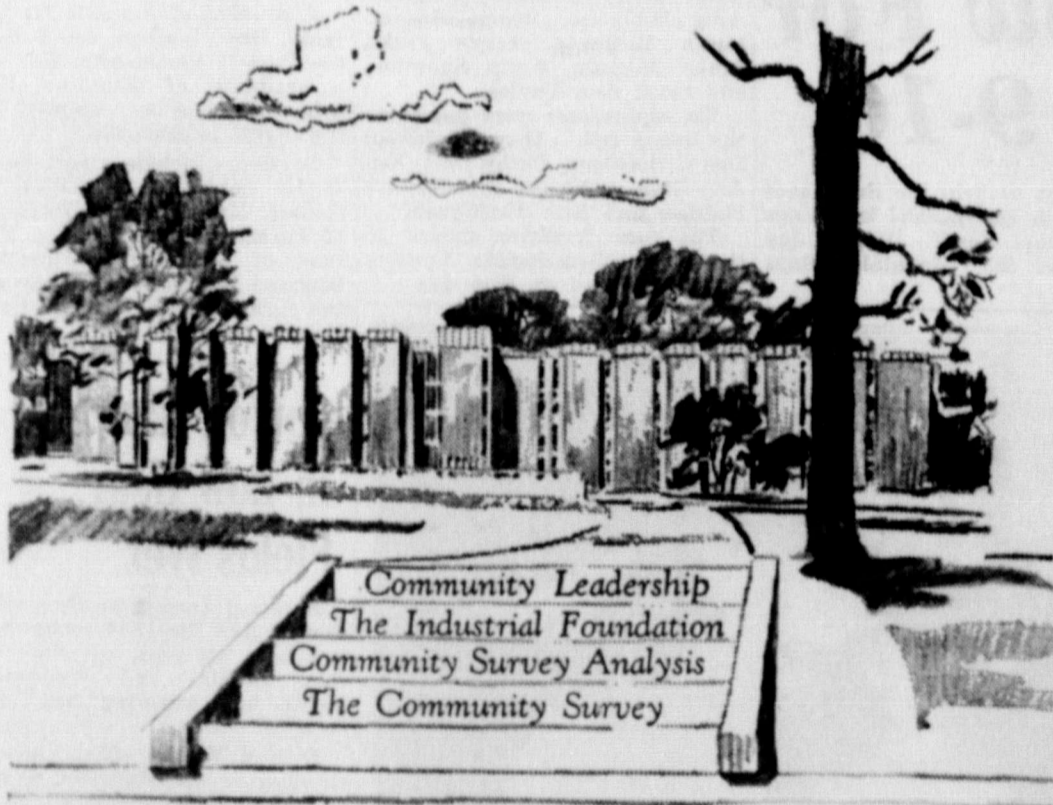

Fortunate is he who can associate with his intellectual, social or financial inferiors and still not lose his identity. Fortunate is he who doesn't have to live in the finest house or drive the longest car in order to demand respect.

A minister can visit Skid Row without tainting his reputation. A drunkard can't.—H. M. Baggarly, Tulsa Herald.

About the only thin on TV nowadays, that hasn't been played before, is a football game. And a good many of them are replays.

PATTERNS FOR PROGRESS

Does your Community Development Program include these basic steps?

Recent WTU advertising has outlined some of the basic community development elements which are widely considered essential in community growth. They are summarized here again to give communities an opportunity to check their local development plans.

- ... The Community Survey, an inventory of both favorable and unfavorable community resources and growth factors.
- ... Community Survey Analysis, where growth factors are continually being assessed and evaluated.
- ... The Industrial Foundation, which provides community-wide financing for the land, brick and mortar required for new industry.
- ... Community Leadership, the organized energy, effort and manpower essential for sound economic growth and development.

WTU Area Representatives will provide growth-conscious communities with information about these elements or about a complete development program. Request this service through your local WTU manager.

Ensign Crooks, Carol Mitchon Marry In Baltimore, Md., Rites

Carol Elizabeth Mitchon of Memphis and Ensign Roger Ervin of Memphis were united in marriage Friday, Nov. 23, in Baltimore, Md., with Chaplain E. Davis officiating at the wedding ceremony.

The bride is the daughter of Mrs. August J. Mitchon, of Austin while the groom is son of Mr. and Mrs. R. E. Crooks of Memphis.

For her wedding the bride chose a pink suit of cohama material. The jacket had three-quarter sleeves and the front panels of the jacket were two inches. Her veil of pink material was fastened to a large bow of crystal pink material.

The bride, a graduate of McCall High School in Austin, is now at the University of Tennessee in chemistry.

The groom attended the University of Kansas, West Texas University and is a graduate of the University of Texas where he majored in psychology. He is presently serving aboard the USS Norton at Baltimore, Md., as a commissary officer.

The newlyweds are at home at 1200 Pharnace Branch, Apt. B, Memphis, Md.

Parnell Club Meets In Regular Session Oct. 28

The Parnell club met on Oct. 28 in the club house with several members, one guest, and children present.

The meeting was opened with "The Prayer", led by Bettye Morrison. After each member answered the roll call with "What Our Means to Me", the minutes of the last meeting were read by the club secretary. The club had 78 sick calls. After the prayer was given by Dorothea Morrison, the club was dismissed.

Present for the meeting were the following: La Wayne Bruce, Doris Bruce, Nell Burk, Doris Burk, Dorothea Braidfoot, L. A. Dunn, Dorothy Damron, E. L. Cordye Hood, Classie Bessie Latham, Nelda Bettye Ferrel, Gussie Morrison.

Mrs. Lowrie Is New OES Deputy Grand Matron

Mrs. A. V. Lowrie of Dodson was appointed Deputy Grand Matron of District 2 Section 5 of the Grand Chapter of Texas, Order of Eastern Star, by Mrs. Amy Goebel, Worthy Grand Matron of the Grand Chapter of Texas. She was appointed at the Eighty-Second Session which convenes in the Municipal Auditorium of San Antonio, October 26-29. Mrs. Lowrie is the daughter of Mr. and Mrs. O. M. Gunstream of Memphis.

She will make her official visits to Clarendon, Hedley, Memphis, Estelline, Wellington, Dodson, Paducah, Spur, Roaring Springs, Matador, Turkey, Quitaque, and Childress.

Mrs. Lowrie became a member of the Dodson Chapter July 17, 1944. She has served as Worthy Matron in 1956 and 1962. She was secretary of the Chapter in 1963.

Mrs. Lowrie will open the Order of the Eastern Star School of Instruction on Tuesday, November 10, at 8:45 a. m. in the Masonic Hall at Matador. Other Grand Chapter officers instructing this school will be Worthy Grand Matron, Mrs. Amy Goebel of Waco; Worthy Grand Patron Dr. James H. Goettee of Houston; Grand Examiner, Mrs. Katherine Harbour of Shamrock; and District Deputy Grand Matron of District 2, Mrs. Margaret Jackson of Lubbock.

The members of District 2 Section 5 that were attending Grand Chapter gathered at the River Room of the El Trapicana in San Antonio for a breakfast honoring Mrs. Erma Lee Lowrey Thursday, October 29. A gift from those attending was presented to the honoree by the hostess, Mrs. Susie Crawford, Worthy Matron of Dodson Chapter and a resident of Wellington. Other members were:

Sarah Montgomery Elected Wing Rep. At WST

Sarah Beth Montgomery, daughter of Mr. and Mrs. Joe Montgomery, who is presently attending Wichita State University in Wichita, Kans., has been elected wing representative in the dormitory where she is residing.

The duty entails being on the dormitory council and assisting the floor director in managing the girls. Sara Beth is a graduate of the local high school and is a freshman at the University.

Mr. and Mrs. Charles E. Bairfield of Clarendon; Mrs. Dortha Clements of Lakeview, Mrs. Christine Galloway, Mrs. Wilma Leslie of Memphis; Mr. and Mrs. G. C. Pettett, Mr. and Mrs. Rosco Land, Mrs. Ethel Lowrie of Wellington; Mrs. Mozelle Boren, Mrs. Roxie Brooks, Mrs. Ruth Richards of Paducah; Mrs. Agatha Eudy of Turkey; Mr. and Mrs. Buford Hobbs, and Mrs. Etoile Stanley of Matador.

MRS. ROGER ERVIN CROOKS

MRS. A. V. LOWRIE

ENGAGEMENT REVEALED—Mr. and Mrs. Joe Motherhead announce the engagement and approaching marriage of their daughter, Nancy Ann, to James H. Ekerberg, son of Rev. and Mrs. H. R. Ekerberg of Axtell, Neb. The wedding will be an event of December 29 at 6 p. m. at the Travis Baptist Church. Friends of the families are cordially invited to attend.

Ladies, here's our platform:
Easier cooking 4 ways!

Vote for automatic gas

- 1** GRIDDLE-IN-THE-MIDDLE—For pancakes, bacon, toasted sandwiches... has self-regulating temperature control... converts to extra burner.
- 2** AUTOMATIC-ROTISSERIE—It's smokeless... clean... brings meat to full flavor by holding the juices in... keeps meat moist and tender... done to perfection.
- 3** BURNER-WITH-A-BRAIN—Set it, forget it... makes every pot and pan automatic... controls temperature so food can't scorch, burn or boil over.
- 4** COOK 'N' KEEP OVEN—Just set desired time and temperature... when food is done, automatic oven turns itself down... food stays serving hot for hours without over-cooking.

Hop on the bandwagon, elect a modern automatic gas range for your kitchen (don't wait for a ballot—do it today).

PINE WOOD DERBY—Barry Lynn Simmons, shown to the right, won first place in the Pine Wood Derby held on Tuesday evening at the Travis Cafetorium. Second place went to John Deaver, shown to the left. A Cub Scout project, the boys carved the small cars from blocks of wood. Barry is the son of Mr. and Mrs. Dewey Simmons while John is the son of Mr. and Mrs. Temple Deaver, Sr.

Several County Men Attend SCD Meeting

Several men from Hall County were in Sherman last week for the annual meeting of the Texas Association of Soil Conservation District Supervisors.

Lt. Governor Preston Smith was among the speakers at the big SCD session, held for the first time in North Texas, and attracting 750 to 1,000 district officials.

Attending from the Hall County area were Lee Scrivner of Turkey, Kenneth Ellis of Kirkland, Ernest Rea of Tell, and Robert Gorden of Memphis, of the Hall County Soil Conservation District.

The lieutenant governor addressed the supervisors the final night of the conference, at the annual banquet in Sherman's Municipal Auditorium, site of all activities connected with the meeting.

Other speakers addressing the

supervisors were: J. Earl Laney, association president; W. Lewis David, state executive director of the Agricultural Stabilization and Conservation Service, and Jack Garrett, supervisor of the Southmost SCD. Also, Dr. Rex Johnston of the USDA Agricultural Research Service and State Senator Walter Ritcher.

The Texas association comprises supervisors from 182 SCD districts embracing 99 percent of the land in the state. A board of five supervisors, all volunteers elected for five-year terms, governs each district. More than 200,000 farmers and ranchers in Texas are SCD "cooperators" who are applying coordinated soil, water and plant conservation programs on more than 100 million acres of land.

Skipper Hall of Dallas, who is studying to be an X-ray technician at the Highland Park General Hospital, Miss Ruby Ardans and Herman Ardans of Albuquerque, N. M., visited over the weekend with Mrs. Alvis Gerlach.

GIRL SCOUTING

A gala Hallowe'en party was enjoyed Saturday evening by all the Brownie Scouts in Troop No. 165. Mrs. Kenneth Bachman and Mrs. C. T. Chappell, Troop leaders, provided a great deal of Jack-o-lanterns, corn shocks, a 7-foot skeleton and all the trimmings.

The girls enjoyed bobbing for apples, which they carneled later, and the highlight of the evening was the breaking of the huge Jack-O-Lantern pinata filled with goodies. All the Brownies came costumed for the occasion. Special guests were Phil Chappell, Andrea, Kenneth and Kimberly Bachman and Brownies Ramona Ballew, Charlotte Carroll, Caron Chambless, Susan Chick, Diane Clayton, Meredith Douthit, Susan Godfrey, Kathy Hall, Brenda Jarrell, Kay Posey, Beth Reddell, Terri Rogers and Debra Watson. Mr. and Mrs. Kenneth Bachman and Mr. and Mrs. C. T. Chappell were hosts for the party.

A pre-Hallowe'en Trick or Treat party was enjoyed Oct. 29 by the first year Brownie troop of which Mrs. Keith Cunningham and Mrs. D. A. Collins are leaders. Each Brownie came in costumes and the leaders took them from house to house of each of their parents where they were given treats to fill their Hallowe'en sacks. The leaders had furnished the spooks with the sacks and noise makers. Brownies attending the party were: Andrea Bachman, Dana Coldiron, Rita Collins, Melaine Cunningham, Shari Davis, Barbara Haire, Lee Ann Hamill, Debbie Johnson, Debbie Maddox, Connie Miller, Debbie Rode, Shari Rosey, Maria Torres and one guest, Becky Cunningham.

Four Millionth Tractor Sets National Record

Warren Driver, owner of Driver Implement Co. in Memphis, this week announced that a new tractor production record was established recently when the four millionth tractor was produced by International Harvester Co.

He said that IH was the only manufacturer in the world to accomplish this feat. The company produced the first tractor in 1906. The 1906 model was identified as a "gasoline traction engine," later shortened to "tractor." Total production the first year was 14 tractors, nine of which were only 12 horsepower. In comparison, the four millionth tractor was a Farmall 806 with 94.9 hp.

Driver made another comparison when he pointed out the fact that the 1906 model weighed 13,500 pounds. The Farmall 806 weighed only 9,125 pounds.

Some people never hit the mark because they never pull the trigger.

NOT FLYING—Senior Larry Wynn is shown above in the process of getting dunked in the Seniors dunking booth at the Halloween Carnival Saturday night. He appears to be trying to fly out of the tank of water but this is far from the situation. The booth provided a lot of entertainment and splashes. Senior boys reported the dunkings weren't so bad, it was sitting on that cold board out of the water that was so uncomfortable.

County Agent Reminds Farmers To Prepare Records For Ag. Census

All farmers (and ranchers) in Hall County will need this year's business records to help answer questions on a form scheduled for mailing in early November to start the nationwide Census of Agriculture, County Agent W. B. Hooser said today.

The Census of Agriculture is taken every five years by the Bureau of the Census, and agency of the U. S. Department of Commerce, in years ending in "4" and "9". It provides information of vital importance about the nation's agricultural resources and production. Such information is needed in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, number of persons living on farms, acreage and harvest of crops, a livestock and poultry inventory, and information on farm equipment and facilities, and on income and some production expenditures.

The job of taking the farm cen-

sus will be in three stages, the county agent said. The first stage organizing a team of local citizens in each county to take the census — is already underway. Crew leaders to supervise the census in each county are being selected and trained. They will have the responsibility of recruiting and training enough enumerators to count the farms (and ranches) in their counties. Each enumerator will visit about 150 farms during three weeks of temporary employment.

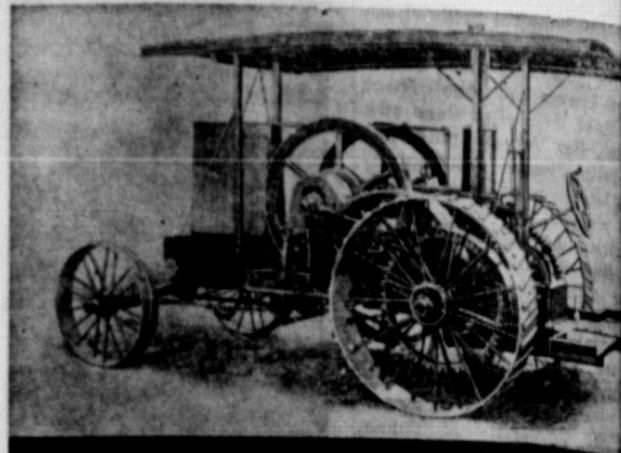

Shortly after November 1, the Census Bureau will open stage two by mailing out census questionnaires to all rural boxholders in the county, the county agent continued. Farm operators will then have a period of time to consult their records (or best estimates for the year) and answer the questions on the forms.

In the final stage, enumerators will visit each farm in the county to collect the questionnaires, the county agent added. At the time

of this visit, the enumerators will help farmers complete answers to any questions the farmers may not have been able to answer. Enumerator visits, which will take about three weeks to complete, will start on Nov. 9 in the following states: New England, New York, New Jersey, Delaware, Pennsylvania, Michigan, Wisconsin, Minnesota, Nebraska, the Dakotas, Colorado, Utah, Wyoming, Montana, Idaho, Nevada, Oregon, Washington, and the citrus areas of Florida and Texas.

IH Makes Four Millionth Tractor

A new tractor production record was set recently when International Harvester Company became the first firm in the world to produce four million tractors. According to Warren Driver, owner of Driver Implement Co. in Memphis, International Harvester produced its first tractor in 1906, with production run of 14 units for the entire year. One of the early units is shown above in comparison with the four millionth IH Tractor, a Farmall 806—one of the most powerful farm tractors in the field today.

Wildcats Claw Cyclone 42-14 Fri.

Memphis Cyclone's chances of holding on to the District 2-A championship were dimmed when the underdog team of Canadian Wildcats of Memphis and claws and trounced the local squad 42-14 before a crowd of predominately local fans here Friday night.

Wildcats, who have been steadily improving all season, turned an 8-6 deficit at the end of the first quarter, into a 14-0 lead at halftime.

On the other hand, the Cyclone, after a disappointing evening, suffered four lost fumbles and two interceptions.

The wide open offensive battle between the two schools got underway with the Cyclone receiving the opening kickoff and being stopped by the Canadian 5 yard before they were stopped.

The drive went from the Memphis to the Canadian 1 foot before the ball was lost on

SETTING SAIL—No. 30, Toby Crooks for Memphis rilled up 115 yards on 13 carries against Canadian Friday night and above he is shown making and eight-yard gain. No. 70 is Bobby Carroll, a sophomore tackle, who takes Canadian's No. 33, Keith Yarnold out of the play. No. 50 for Memphis is Donnie Bridges. Making the tackle is No. 80 for Canadian, Sandy Fiel (shown on the far right).

Canadian's coach Dwain Currie after the game that the Memphis sideline stand at the first half was what he felt the game was what he felt the squad his confidence.

Carries by Toby Crooks and the Crow, as well as a pretense from QB Hoot Jones to books were the highlights of the game.

Canadian went over to Canadian Jones was knocked out on the Canadian one-half on the fourth down.

Cyclone held Canadian and they pointed out to their yardline. On the first from this point, HB Jim Sturdevant fumbled the ball Canadian recovered.

He sparked the Wildcats and long carries by Keith No. 33 for Canadian, the got to the Cyclone 24 plays later they made a to the 14. From here, Yarnold up the middle and across the goal line. The was so good.

Canadian kicked off and Sturdevant returned the ball to the Memphis 48. On the next play Memphis drew a 15-yard penalty. Then, Jack Stargel made three yards. On the next play, HB Jimmy Sturdevant passed down the field to End Jim Odom who ran under the ball, tucked it under his arm and raced over. The play covered 60 yards. Sturdevant carried on an end sweep for the two-point conversion and Memphis led 8-6.

After Canadian received the kickoff, near the midfield strip, Defensive back James Waites intercepted a Canadian pass and raced deep into the Wildcats territory.

Much of the yardage was nullified due to a clipping penalty, however.

From near midfield, a pass from QB Jones to FB Crow netted good yardage to the Canadian 25. Continuing the drive, a fine carry by Sturdevant to the Canadian 5 yardline brought fans to their feet, however, after the whistle, a foul was committed by Memphis and 15 yards was stepped off, placing the ball on the 20 where it was first and goal. The Cyclone couldn't muster a scoring effort and Canadian took over.

Canadian went for a fourth down and two needed, but fell short in the next series and Memphis came up with the ball on the Wildcats 25. Again the Cyclone moved for over nine yards, making their third penetration, only to lose the ball on downs when the chain was about one-inch too long.

From here, the Wildcats marched 85 yards down the field and scored. Carrying over from the 19 yardline was Yarnold. He attempted the two-point conversion only to fall short.

Canadian kicked off and Toby Crooks returned the ball to the

Cyclone 72. Again, disaster struck the local squad, this time in the form of a fumble, which Canadian recovered on the Cyclone 20.

In the closing minute of the half, Canadian QB Benny Eckles passed to End Kenneth Harrell to the Cyclone three. On the next play, Eckles carried over.

The Wildcats scored midway in the third period on a 54 yard drive. The scoring play was an 8-yard carry by David Cook.

The third quarter ended with a 24-8 score.

Canadian scored early in the fourth period on a 45-yard pass from QB Eckles to End Harrell. The PAT was no good making the score 30 to 8.

The Cyclone scored next, after Sturdevant returned a punt to the Canadian 24. A pass from Sturdevant to End Jim Odom covered the remaining 24 yards.

Canadian's last two scores came in the closing minutes of the game

Hints Offered On Cotton Gin Fire Prevention

Careful planning and preparation can reduce losses from gin fires this fall, believes Beverly G. Reeves, cotton ginning and mechanization specialist, Texas Agricultural Extension Service.

Keep fire extinguishers available in all parts of the gin house, says the specialist. Be sure they are ready for use—properly filled and tagged with a dated refill card.

At least three covered barrels filled with water should be placed in the gin house in strategic points along with several buckets. The buckets, Reeves points out, should be labeled for fire use only so they will be available if they are needed.

He suggests checking water lines to insure they are large enough to furnish adequate pressure. A two-inch line with two-inch

Hall County Soil Conservation

New terracing techniques are being introduced to the farmers in the Hall County Soil Conservation District. Many farmers who need to terrace their land because of erosion or water loss will be interested in some new terrace layout and construction methods offered

by technicians of the Soil Conservator is preferable.

Sufficient hose, preferably one and one-half inches in size, to reach any part of any building on the gin lot, plus an extra 25 feet, should be available, says Reeves. The hose should be hung on racks and used only for fire purposes.

Gin owners and managers should find it profitable to train their personnel in fire fighting methods and familiarize them with equipment available for fighting fires. A properly equipped and trained gin crew can play a major role, the specialist says, not only in holding gin fire losses to a minimum, but their alertness can also prevent fires.

Each piece of gin machinery should be checked before the rush season hits to make sure it is properly grounded as a preventive measure. Good housekeeping in and around the gin during the ginning season can also be a big help in fire prevention, Reeves concludes.

ervation Service.

A system of terraces run parallel to each other is fast gaining popularity among farmers who have seen them in operation. While these terraces are fairly new to the farmers in the Panhandle they have been thoroughly tried in other parts of the State. The main advantage to the farmers is that parallel terraces eliminates point rows and they are spaced so that 4 row equipment will fit the terrace layout.

In some cases farmers have gone to the expense of eliminating some minor depressions by filling them in before the terraces are laid out. In more extreme cases they have even gone as far as leveling between terraces. Often the expense of this operation is well justified. Leveling between terraces on land from 0.5 to 2.0 per cent slope greatly improve moisture penetration and more uniform distribution of the water that falls on the land. Not all fields can be terraced parallel. Some fields have slopes that break in different directions, or even have several knolls within the field. It can be readily seen that these fields cannot be all parallel terraced, but it is possible that a portion of the field can be paralleled and the rest of the terraces standard.

Each field needing terraces will have to be individually evaluated as to its suitability for parallel terraces. For additional information concerning parallel terraces, farmers in the District should contact their local Soil Conservation office.

Keeping the son's picture on your office desk will help you along the ladder to success—especially if it's the boss' son.

and both on passes thrown by Benny Eckles. Receiving the first TD pass was Kenneth Harrell. The second TD pass was from the nine yardline to Tommy Hyatt.

Coach Charley Chambliss said the Cyclone had poor team effort in the ball game but he cited Center Donnie Bridges, End Jim Odom, HB Toby Crooks and QB Jim Sturdevant and FB Mike Crow for their individual efforts.

Statistics	
Memphis	Canadian
17 First Downs	20
146 Yards Rushing	261
6 for 154 Yards passing	5 for 117
12 Inc. Passes	5
2 Int. Passes	1
4 Fumbles Lost	1
0 for 0 Punt Ave.	3 for 25
75 Yards Penalized	105

Toby Crooks led the local squad with a remarkable 9 yards per carry average carrying the ball 13 times for 115 yards. Mike Crow carried seven times for 21 yards for a three yard average; Jack Stargel carried 4 times for 9 yards for a 2.3 yard average. Hoot Jones carried twice for a minus one yard and Jimmy Sturdevant carried 13 times for two yards.

Memphis Steam Laundry Has New Owners

Announcement was made this week that Mrs. A. B. Jones and Mrs. Etthe Jones Johnson have purchased Memphis Steam Laundry, formerly owned and operated by Mr. and Mrs. Ross Gentry.

Mrs. Jones and Mrs. Johnson moved to Memphis in 1923, and Mrs. Jones has lived here continuously since that time. Mrs. Johnson, her husband Billy Johnson and Billy Alvin have lived in California since 1943. Mrs. Johnson now lives in Garland, Billy Alvin is a native of Memphis.

Billy Alvin has worked in and around laundries and dry cleaning plants since he was 12 years old. He is a grandson of the late J. W. Johnson. Also, Bill will be local manager of Memphis Laundry and Cleaners.

The owners stated that all laundry and cleaning will have personal attention by experienced operators. Under the new ownership, a rental service on linens, aprons, towels and uniforms will be offered.

Those attending the funeral of John Stephenson in Wichita Falls Saturday were Mrs. Ed McCreary, Lorean Saunders, Mr. and Mrs. Thurman Ellerd, Oren Adeock, Mr. and Mrs. Benny Dennis and boys of Berger, Mr. and Mrs. W. B. McCreary of Paducah, and Charles McCreary of Houston.

Miss Patricia Cole visited in Quannah Monday with her parents, Mr. and Mrs. Arthur Cole.

Trouble that looks like a mountain from a distance, usually is only a hill when you get to it.

NEWLIN

Mr. and Mrs. Jim Nelson of Spade visited with Mrs. G. E. Nelson Sunday afternoon. Mrs. R. O. Nelson of Estelline was also a visitor.

Marvin Wasson of Childress was in Newlin visiting friends Sunday.

Mr. and Mrs. A. M. Sims visited their daughter and family, Mr. and Mrs. E. A. Nelson and Guy Lynn.

Mr. and Mrs. Jack Gresham and Ricky of Estelline visited with Mr. and Mrs. Louis Hamilton and Inez McCraw Sunday afternoon.

Jim Swift of Clarendon visited in Newlin Sunday afternoon.

Mr. and Mrs. Dean Stewart and boys and Mr. and Mrs. W. D. Stewart visited in Amarillo over the weekend with their daughter and sister and family, Mr. and Mrs. Vernon Edwards.

Mike Kilgore To Appear Over KGNC Sunday

Mike Kilgore, grandson of Mr. and Mrs. P. E. Gardenhire and Mrs. Ruth Kilgore of Memphis, will be one of nine Explorer Scouts from Los Alamos, N. M. who will appear in a 30-minute naturalist program entitled "Wild Kingdom," to be shown Sunday afternoon at 4 p. m. over KGNC.

Stars of the show are Marlin Perkins, director of the St. Louis Zoo, and Jim Fowler, world renowned naturalist.

The picture was filmed at Philmont Ranch, near Cimarron, which is open every summer for Boy Scouts and Explorer Troops throughout the United States.

Newcomers Club To Meet Nov. 10 In Curl Home

The Newcomers Club will meet Tuesday, Nov. 10 in the home of Mrs. Don Curl, 711 Harrison.

The meeting will begin at 1 p. m. and all members are urged to attend. Newcomers to the city are also cordially invited to attend the meeting.

Lydia SS Class Meets In Home Of Mrs. J. S. McMurry

The Lydia Sunday School Class of the First Baptist Church met on October 29 with Mrs. J. S. McMurry for the social and election of officers.

Mrs. Fitzjarrald brought an interesting devotional on "Faith and Fear", reading several scriptures in the Bible. The prayer was led by Mrs. Joe Weathersbee. The class song, "My Jesus I Love Thee", was sung by Mrs. Lottie Kinard, Mrs. Bessie Spencer and Mrs. Ethel Smith.

Officers elected were the following: president, teacher, Mrs. Lottie Kinard; assistant teacher and vice-president, Mrs. Maudie Bell Fitzjarrald; president, Mrs. J. S. McMurry; secretary and treasurer, Mrs. Estella Barber; reporter, Mrs. Lee Thornton; No. 1 group captain, Mrs. Grace Duke; No. 2 group captain, Mrs. J. H. Smith.

Dainty refreshments were served to Mrs. Lottie Kinard, Maudie Bell Fitzjarrald, Mary Bownds, Grace Duke, Ethel Smith, Bessie Spencer, Lula Wiley, Nettie Weathersbee, Eunice Thornton, and Mrs. Ara McMurry, hostess.

The next meeting will be in the home of Mrs. Lottie Kinard. Co-hostesses for the Christmas meeting will be Mrs. Maudie Bell Fitzjarrald, Mrs. Grace Duke, and Mrs. Eunice Thornton.

Vota Vita SS Class Meets For Study Tuesday

The Vota Vita Sunday School Class of the First Baptist Church met Tuesday evening, November 3 in the home of Mrs. Dub Parker.

Mrs. Melvin Jennings brought a thought provoking devotional entitled, "Home". Mrs. Robert Gordon led the group in prayer. A short business meeting was conducted by the president, Ann Richards.

Refreshments were served to the following members: Jean Chick, Rita Hall, Pat Gordon, Flo Henderson, Nancy Elliott, Nell Rita Godfrey, Angie Jennings, Glenna Rae Posey, Rebecca Clark, Nadine Archer, and the hostess, Billie Parker.

The next social will be on December 1 in the home of Ann Richards.

Home, to a small boy, is merely a filling station.

The happiness of your life depends upon the quality of your thoughts.

Mrs. Greenhaw Is Guest Speaker At 1913 Study Club

The 1913 Study Club met in the home of Mrs. O. L. Helm on Oct. 21.

The club members enjoyed viewing colored slides of a cruise of the West Indies. Mrs. George Greenhaw was the traveler and narrator. After seeing the Islands of the Caribbean, a business session was held, in which the projects for Halloween and the Carnival were discussed. The club sponsored and participated in a food booth and a balloon game at the carnival.

The following members were served refreshments of strawberry shortcake and coffee: Virginia Browder, Mmes. W. C. Davis, L. G. DeBerry, T. J. Dunbar, F. W. Foxhall, R. S. Greene, T. M. Harrison, Ed Hutcherson, D. L. C. Kinard, Joe Montgomery, Lacy Montgomery, Paul Montgomery, R. E. Roark, M. G. Tarver. Associate members present were Mrs. Gayle Greene and Mrs. R. C. Lemmons. Guests were Mrs. R. H. Wherry, Mrs. Reed of California, sister of Mrs. Kinard, and Mrs. K. E. Voelkel.

The hostesses were Mrs. O. L. Helm and Mrs. Richard Avery.

All three of the constitutional amendments carried Hall County. No. 1 passed by 793 to 510, No. Two 765 to 474, and No. Three 975 to 440.

Around and About

By HELEN COMBS
The election is over, and as far as Texas is concerned, the people have solidly behind their native son, Lyndon B. Johnson—as did the rest of the nation with the exception of the "solid" South.

To us this is strange indeed. For years we have heard that no man from the South could be nominated or elected president and then when the day did arrive it was the South that voted against the Southern nominee. Up until recent months, it was a recognized fact that the deep South would show a united front behind its own.

Religious prejudices, racial prejudices and other types of prejudices can make people blind to all other aspects of an issue at times. This was manifested as never before in this year's election in the South.

Have you driven over Memphis in the past couple of weeks? If not, do so by all means before "the man weather" comes down from the north with freezing wind to kill the fall flowers. Never have we seen such beautiful chrysanthemums and roses as can be found this fall. Fifth Street is a blaze of glory . . . nearly every home has either chrysanthemums or roses, and some have both.

If you would like to purchase a good home-baked cake for the weekend, you may do so Saturday morning. The sale will be held in front of Branigan Jewelry and Hattie Dem Thompson and they will have about 40 cakes—all home-baked and delicious.

Be sure to remember the Hill play Monday and Tuesday evenings at the Community Center. Reserve seat tickets are \$1, and may be purchased at The Democrat office. All proceeds from the play will go toward the debt assumed by the Woman's Forum for additional work on the Municipal Building.

Virginia Browder, who is directing the play, has worked diligently for many months as well as have many other members of the Woman's Forum. Already many projects have been sponsored to raise money. The debt has been reduced from nearly \$6,000 to about \$1,400.

Make plans now to attend the play and enjoy an evening of fun (family style) and at the same time give the women a hand in paying off their debt.

Mr. Sanders of San Antonio visited the office this week concerning a friend of his and former Memphis resident and editor

of this paper, Wm. Russell Clark. Mr. Clark is now a patient in the Veterans Hospital in Houston and would enjoy hearing from friends here. Cards should be addressed to Veterans Hospital, Ward 114, Bed 33, 2002 Holcomb Blvd., Houston, Texas.

Many of the long-time residents here will remember both Mr. Sanders and Mr. Clark. Sanders graduated from the local high school in 1933 and it was at that time that Mr. Clark was news editor of the paper here.

Friends of the Lakeview community are planning a Housewarming for Mr. and Mrs. O. E. (Ott) Bevers and son, Barney, who will move into their new home in Lakeview next week. The Housewarming will be from 2 to 5 p. m. Sunday, Nov. 15, and all friends of the area are cordially invited to attend.

Junior High students are to be commended for the house-to-house canvass made on Halloween for the UNICEF. The young people in Estelline also participated in this project.

Jaycees Announce 'Toys For Tots' Plans This Week

The Memphis Junior Chamber of Commerce announced this week that they are beginning plans for their annual "toys for tots" drive, a project where toys are given to needy children in the area at Christmas time.

Chairman of the project, Bill Lockart, said the Jaycees are asking families with broken damaged toys, or even toys that their children have no need for now. "We will repair, repaint, and fix up these toys before they will be used to brighten the Christmas of boys and girls," he said.

Citizens are being asked to place their toy donations in boxes which will be set up in the near future in several Memphis business firms.

Lockhart said that if citizens would like to donate before the boxes are set up they can bring their toys by Parson-Lockhart Pharmacy. "We would like to have all our toys in by the first week in December so it will give the Jaycees a few weeks to repair them," he said. This is the third year for the project and the local Jaycees have found citizens to be most helpful and the project very rewarding, it was explained.

Even a tombstone will say good things about a guy when he's down.

Spend more time with people you like least and you'll find them very likable

Spring Market Held In Dallas New Apparel Mart

Several local merchants were in Dallas recently attending the spring market and the Grand Opening of the Apparel Mart at 2300 Stemmons Freeway. Among those going from here were Mrs. A. Anisman, Mrs. Claude Hickey and John Shaddid.

Approximately 15,000 buyers were in Dallas to find that business and pleasure do mix as Kodak-Eastman Chemical Products Division unwrapped the \$1-million Great Hall with "Starville, U. S. A." on Saturday night, Oct. 24. The evening show featured a musical revue and concluded with a seated dinner for 8,000, the seating capacity of Great Hall.

Sunday night, DuPont presented its third and most unusual "Show of the Year" when Miss Rise Stevens, Metropolitan Opera diva, joined Donald Johanson and his Dallas Symphony Orchestra as the two made their debuts in the fashion field.

Breakfast fashion shows started the buyers' days early Sunday, Monday and Tuesday. On Sunday, Oct. 25, a children's show in the Fashion Theatre on the third floor of the Apparel Mart, featured special guest, Mrs. Jacqueline Gonnet, associate editor of Vogue Children's Fashions.

Taking center stage at the Monday morning Luau Sportswear Breakfast was Mrs. Rosemary McMurtry, fashion director of "Seventeen." Mrs. McMurtry, a graduate of the famed Tober-Coburn School of Fashion Careers, spoke briefly on the potential of the teen-age market in the fashion industry.

"Fashions a la Carte" set the pace for luncheon in the Apparel Mart's Terrace Restaurant Monday through Thursday, with informal modeling between 11:30 and 2:30 p. m.

The Apparel Mart was designed and built for the purpose of providing the fashion industry with a suitable background for showing its designs. In addition to Great Hall, the Apparel Mart also provides fashion show facilities in the Fashion Theatre and in the Theatre Galerie.

Visiting with Mr. and Mrs. Waller Diggins over the weekend were their son Mike, and Charley Ellis of Colorado. The boys are attending Hardin-Simmons University in Abilene.

Rev. and Mrs. Richard Avery and two children went to Honey Grove, Monday to visit his parents and from there they went to Arkadelphia, Ark., to visit Mrs. Avery's parents.

A. E. Wells Receives Architect Award In Abilene

A. E. Wells of Abilene has been chosen by the Abilene Chapter of the American Institute of Architects as the layman who has made the greatest contribution in creating an atmosphere in which good design is possible in the Abilene area.

Wells is superintendent of schools for the Abilene Independent School District and has been since 1951. Mrs. Wells, who is a former Memphis resident, is the sister of Mrs. Gip McMurry and Mrs. Myrtle Howard.

The announcement of the award which was the first of its kind in Abilene, was made by Richard Buzard, president of the Abilene Chapter. Buzard said that the award in Abilene and similar awards in each of the other 16

chapters of the A. I. A. in Texas, has been set up "to call attention to good design and to combat the dismal ugliness of the urban environment which we are creating for ourselves."

"This award will be made to Mr. Wells for both the direct and the indirect contributions which he has made in creating an atmosphere in which good design in architecture is not only permissible but desirable," Buzard said. "We recognize him as a man with a sound sense of aesthetics and a desire to seek quality and economy. His influence has been a determinant for the high standard of design and economical construction of the school buildings in this area. In addition to quality, he has always insisted on creating an environment that is conducive to learning."

Wells will also be recognized on Nov. 6 during the 25th Annual Convention of the Texas Society of Architects at the Sheraton Dallas Hotel. In addition to the above honor,

Memphis Students Collect \$85.00 For UNICEF

The 1913 Study Club wishes to thank Coach Chambliss, the teachers of the Junior High School, the students and the Methodist Youth Fellowship with their leaders for their work and cooperation in behalf of the UNICEF "Trick or Treat" fund.

The grades, teachers and collections made by their students were as follows: 9th grade, Miss Pyeatt, \$23.89; Miss Clara Pyeatt and Mrs. Wendell Harrison, \$21.29; 8th grade, Mrs. R. C. Lemons, \$20.29; Coach Bain, \$4.49; 7th grade, Hubert Dennis, \$6.53; Coach Glascock, \$2.43. A sum of \$3.53 was added as last minute collections of students. The Methodist Youth Fellowship, under the

Supt. Wells has been selected for a tour of Europe within the next few months.

direction of Mmes. Lee Brown and J. W. Coppedge gave an offering of \$2.18 making the amount stand at \$85.00.

The money has been sent to the United States Committee for UNICEF in New York.

If you contributed, we are grateful that you now have a part in an organization that devotes its entire resources to help the world's children grow strong and healthy and to become useful, productive adults.

Mrs. Alvin Massey of Dumas visited here Monday and Tuesday with Mrs. Pearl Massey.

Mrs. Minnie Kinslow has returned from a visit with her son and family in Eldorado, Ark.

Always do right. This will gratify some people, and will astonish the rest.

No reason for doing it is good reason for not doing it.

County Sports

By BILL COMBS
The upcoming game in the county sports picture will be played on the Estelline football field beginning at 7:30 p. m. Hanging in the balance is the District 5-B championship. Invading the Bear Cub field will be the undefeated team from Guthrie who were early season favorites to win the championship in the 8-man district.

Estelline's coach Jimmie Don Adams stated that his squad is ready. Guthrie has a fast team with the best backfield the Bear Cubs have faced. They have good receivers and an excellent passer in QB Ronnie Flowers. Lloyd Coppedge, a 150 lb. halfback, is the team's workhorse and FB Dennis Ratliff, 165 pounder, is their utility back. The Bear Cubs have better than average team speed and a well balanced ball club. Their ground game has been most effective all season due to the effective passing of QB Jodie Rapp.

Last week the Bear Cubs overcame Roaring Springs with a second half explosive attack 42-6. The score was 6-0 at halftime.

Coach Adams and the Estelline school officials invited all football fans in this area to see the Estelline-Guthrie contest because it should prove to be an exciting affair.

The Turkey Turks will begin District play Friday night when they play host to the Rule team in Class B football. This is the Turks last home game and will be homecoming for Turkey fans. Coach Jim Wood stated that the boys are in shape and ready for

their first district game at the Turkey Quarterback club meeting Monday night. The club served coffee and donuts to those present and discussed plans for fund raising projects. The Quarterback club has undertaken the project to see that all deserving football boys receive jackets. A Chili supper plus drinks has been set for 6 p. m. Saturday, Nov. 14 in the Turkey school cafeteria sponsored by the club. All you can eat for 50 cents is what the Quarterback club promises and those attending can play bingo beginning at 7:30 p. m.

The traditional Memphis-Clarendon football game will be played at Bronco stadium in Clarendon tomorrow night and promises to be a real scrapping contest. Many coaches whose teams have played the Clarendon team this season have stated the Broncos are as scrappy a team as they have played. Clarendon played Canadian off their feet, soundly defeating them, and played White Deer and McLean tough ballgames. It is reported that Clarendon has the best team they have had in years, and to top it all off, the Memphis-Clarendon game will be homecoming for the Broncos and they are looking for revenge over the Cyclone from last year's spoiled homecoming.

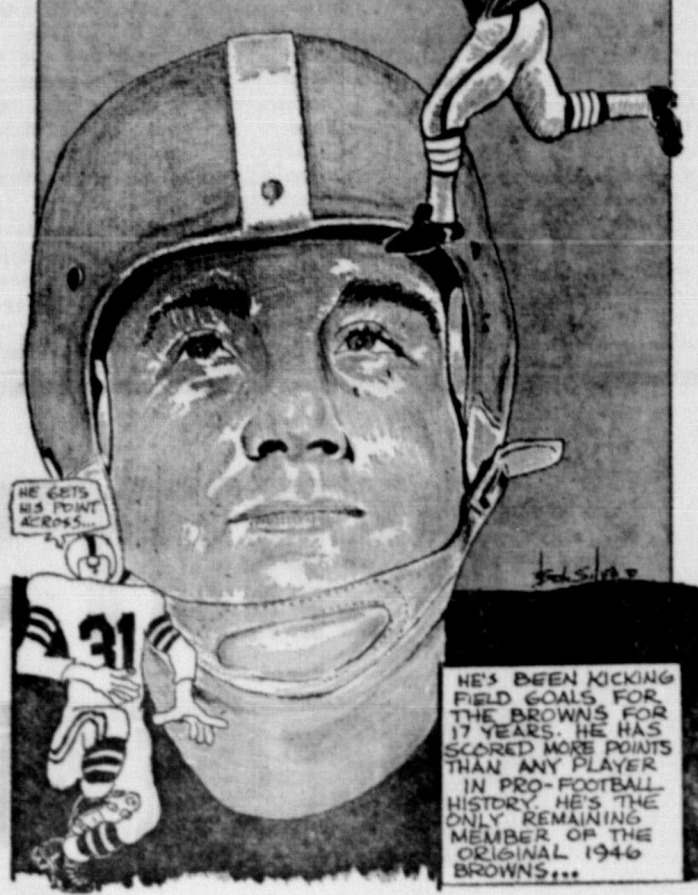

The Cyclone, who had a bad night against Canadian losing the ball four times on fumbles and twice on interceptions, should be back in playing shape against the Broncos. Jack Stargel who was hampered by a pulled muscle in the Canadian game, received on last Wednesday's workout, and Mike Branigan, who had a knocked down shoulder in the McLean contest, should be back in the lineup.

About the Canadian game, Coach Charley Chambless said the local squad did not play as a team very well, but had several outstanding individual efforts and these boys deserve praise. He cited Center Donnie Bridges, End Jim Odom, HB Toby Crooks, QB-HB Jim Sturdevant and FB Mike Crow for their showing. Odom caught two TD passes from Sturdevant. Toby Crooks carried the ball 13 times for an outstanding 115 yard gain, averaging a 9 yards per carry. Coach Chambless said 'he local lads couldn't take advantage of their opportunities in the early minutes of the game, which figured heavily in the final outcome.

Mr. and Mrs. Dewey Simmons has as visitors over the weekend Mr. and Mrs. Frances Simmons of Berger. Sunday visitors were Mrs. Jarma Evans and Rita and Larry and Mr. and Mrs. Larry Cramer, all of Childress.

Social Security Booklets Are Now Available

Don't rely on a well-meaning friend's or neighbor's advice about social security—it may prove very costly. Chances are that such advisors are not aware of the most recent changes in the social security law.

Hal Geldon, social security district manager in Amarillo, said today that two of the most important services of the social security office are to provide up-to-date information and to answer any questions for all residents of the twenty-six counties of the Northern Panhandle.

The local district office also has films and speakers available for any interested group and booklets which give up-to-date facts about social security. These services are free.

You may write to the Amarillo social security office for the two most popular free publications which will help you understand the types of protection you have under social security.

Booklet 35—Your Social Security—explains in plain language the main facts of the program.

Leaflet 855—Social Security Benefits—tells how many credits a person needs to be eligible for benefits and how to estimate the amount of the benefit.

Ida Mae Long Retires After 40 Years With General Tel.

Ida Mae Long, who is retiring after serving 40 years as an operator with the local office of General Telephone Company, was honored at a reception on Monday evening at the Community Center. The guests for the social were Mrs. Tina Hendrix and Mrs. Wayne Goodrum, Mrs. Bob Foy Young, Mrs. J. H. Bar-

PARTY HONOREE—Ida Mae Long, who is retiring after 40 years as an operator with the local office of General Telephone Company, was honored with a reception on Monday evening. Mills Roberts, to the left, presented Miss Long with a 40-year service pin set with four diamonds while an engraved wrist watch, a gift of company employees, was presented to her by Wayne Goodrum, district manager. Mr. Roberts is Division manager.

in need. Always she was busy throughout the years, Miss Long still found time to do many errands for elderly friends and neighbors.

Ora Denney and Mrs. D. M. Jarrell. She is a member of the Presbyterian Church.

Among out-of-town friends who were here for the reception Monday were Mrs. Walter Jameson, the former Mary Beckham, Mrs. Carl Rye, the former Janice Anthony, and Mrs. Leo Daniels, the former Maurien Ward, all of Amarillo and Mrs. Alvin Massey of Dumas. All of the above were formerly employed with the local office of General Telephone and co-workers with Miss Long.

It's no longer something special when the Texas legislature has a special session. Fact is, it's getting rather routine.

Little Theatre Meets In Sexauer Home

The Little Theatre enjoyed the second meeting of the fall season in the beautiful country home of Mary Helen Sexauer with Nell Beeson as co-hostess, Wednesday afternoon.

Annette Boswell, president, opened the business meeting. Members discussed a public performance by Little Theater members and voted to do three one act plays in February.

Mrs. Sexauer introduced the program and Peaches Harrison reviewed a Broadway play.

One of Thornton Wilder's plays, "The Matchmaker," is a Pulitzer prize winner. This play was originally entitled "The Merchant of Yonkers," then titled "The Matchmaker," and currently having a very successful run in New York as "Hello Dolly."

The time is the late 80's, the locale is New York, a Yonker's store. Merchant Vandergelder is quite a miser, living above his store, with none of the comforts of home. His appearance is as slovenly as his home.

In the barber shop, Vandergelder tells his niece's suitor that he has not a chance, that he should be a merchant and not an artist. Ambrose Kemper declares that he can support Ermingarde.

Ermingarde is sent to New York to Miss Van Huysen's and she is to receive no callers or letters except from Vandergelder. Ambrose suggests that he and Ermingarde elope and she is astounded that he would suggest such a thing. Mrs. Levi saunters in to offer her free advice, arranging a rendezvous at the Harmonica Gardens Restaurant with a ruse to get Vandergelder there to meet Ernestina Simple, an excellent cook, but he is wondering how he will escape marrying Irene Molloy, a milliner.

Barnaby and Cornelius, employees of Vandergelder, enter Mrs. Molloy's store to avoid Vandergelder, when he enters the store, the boys hide under the table and in a large cupboard. Mrs. Levi describes the outings the boys have in New York, infuriat-

will soon end. You two will be married tomorrow," to Barnaby she says, "My dear, you look just like I did at your age, and your sufferings have been as mine. While you're bathing, I'll come and tell you the story of my life."

Barnaby replied, "Oh, I don't want to take a bath. I always catch cold."

Miss Van Huysen, "No, dear, you want catch a cold. I'll slap you all over."

The boys feel their situation is becoming increasingly desperate.

Left alone, except for the swigging pair in the hall, Ambrose tells Ermingarde that he'd better go before Vandergelder arrives. "You can't leave me in this crazy house with these drunken men in the hall," she answers.

The door bell rings and adds to the commotion: Malchi and the cabman fall on the floor. Miss Van Huysen tells the men that she will see that Vandergelder lets his niece marry both of them, but it is only Mrs. Levi as she climbs over the drunks to get in. Minnie is in a trance and Irene is tipsy from the champagne.

Mrs. Levi announces as soon as Vandergelder pays for the cab without money (he had lost his purse in the restaurant) he will be right up. Mrs. Molloy turns the lost purse upside down, scattering money everywhere, offers to pay for the cab.

Vandergelder roars in like a lion, but Miss Van Huysen bids him either shake hands with everyone or get out. "Mr. Vandergelder," says Mrs. Levi, "you've had a hard day. You don't want to go out in the rain now. Just for forms sake, shake hands with them. Start quarrelling again tomorrow." He barely offers a finger to Cornelius, and refuses to shake the finger of Ambrose.

Money, money, money, it's like the sun we walk under: it can kill and it can cure. If you accept human beings and are willing to live among them you must acknowledge that every man has a right to his own mistakes."

Vandergelder and Mrs. Levi begin making up to one another, she tells him she has his purse and he tells her to keep it, she exclaims, "Horace, I never thought . . . I'd hear you say a thing like that."

Miss Van Huysen straightens out her kitchen and everybody, there are now three couples getting married.

Mrs. Levi asks Barnaby to tell the audience of the play, "Oh, I think it's about adventure. The test of the adventure is that when you're in the middle of it, you say to yourself, "Oh, I've got myself into an awful mess: I wish I were sitting quietly at home." . . . So that now we want to thank all of you for coming tonight, and we hope that in all your lives you have just the right amount of adventure."

A delicious salad refreshment course was served to Emma Deaver, Lottie Kinard, Verna DeBerry, Virginia Browder, Nell Beeson, Jim Roark, Tomacile Greene, Katherine Jones, JoAnn Crawford, Gail Yancey, Mary Lee Fields, Linda Sparboe, Mildred Stephens, Annette Boswell, Peaches Harrison, Charlene Greene and the hostesses.

Mrs. R. B. McMurry left Thursday for Windom, Tex., where she visited with relatives. She returned on Monday. While she was gone Mr. Peters stayed with Mr. McMurry.

Women like to look into a mirror, except when pulling away from a parking place.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

Space Sovereignty
Space science has been in the news again recently. The increasing momentum behind U. S. and Soviet manned space activities brings stronger focus on one of the unsolved problems affecting these great adventures: The position nations, particularly our own, should take in defining the upper boundaries of their territorial airspace and their sovereign rights involving it.

In the Air Commerce Act of 1926, a provision was included stating: "that the Government of the United States has to the exclusion of all foreign nations, complete sovereignty of the airspace over the lands and waters above the United States." The legal status of national airspace as part of our territory is not subject to question. However, in the dawn of the space age, the concept of airspace existing in 1926 is no longer applicable. Where now does it end?

The United States has the same right to control movement within its airspace as it has to control movement on its land and waters. But Congress has not acted to establish the upper boundary of our national airspace territory. This unresolved matter becomes important in determining whether foreign spacecraft are to be permitted to fly within 25 miles, or 50 miles, or 100 miles above the U. S. From a technological standpoint, 25 miles above sea level is approximately the maximum height at which aircraft requiring aerodynamic support can sustain flight by air-breathing motive power. Fifty miles above sea level is approximately the maximum height at which the atmosphere is sufficiently dense to provide any appreciable aerodynamic lift. A point somewhere between 75 and 90

miles is the lowest point of practical orbital unpowered flight, the beginning limit of "outer space."

Where precisely does outer space begin? It is an important question, because the United States has supported a United Nations resolution declaring that outer space is a highway remaining open to all nations, free of any claim or rights of sovereign control by any nation.

The flight of spacecraft through national airspace in taking off or landing poses one part of the problem calling for an early decision on what constitutes the sovereign territory. Experts say that up to now flights have been confined to U. S. and Russian airspace in their ascent and descents. As orbital flights become more frequent and diverse, we must make a determination whether or not foreign spacecraft should be permitted to use our territorial airspace in ascending and descending. We will need to know whether we will be permitted the same privileges in the airspace of other countries.

Treaties and other international agreements are now required if an aircraft is to enter and use our airspace. There are no general rights of passage. An airplane approaching our shores and intending to land here cannot proceed past the outer boundary of the airspace above our territorial waters unless it has specific authority to do so. Free passage is permitted aircraft over the high seas as it is ships sailing on them. Up to now, our sovereign position in control of our airspace has not been questioned because atmospheric factors limit the altitude at which conventional aircraft may operate. The new problem is posed by spacecraft able to operate beyond limits of the atmosphere. The legal status of space needs

Laff Of The Week

"I've got bad news for you — I'm hooked on Ice Cream Sodas."

to be clearly defined not only for reasons of national sovereignty but also in order to avoid the possibility of armed conflict over territorial rights to outer space. It is possible that in the absence of clear definitions, the space race could become one in which military development of spacecraft and weaponry is emphasized and exploration and peaceful scientific advancement are minimized. Up to now, man's main concern with space has been getting to it, surviving there, and returning. These will continue to be problems, and billions of dollars will be spent in improving space technology. At the same time we move forward scientifically, we must seek answers to legal questions posed by the space age.

Dick Fowler Attends TU Pharmacy Course

Mr. and Mrs. Dick Fowler and Rodge and Paul were in Austin over the weekend where Mr. Fowler attended the annual Pharmacy refresher course at the University of Texas.

Mr. Fowler said one of the largest groups in recent years attended the school this year. Trends in Pharmacy as related to hospitals, nursing homes and communications in relation to patient to pharmacist and doctor to pharmacist were discussed.

A salesman who can propose nothing better is just a nuisance

YOUR COUNTY AGENT SAYS

Safe use of household chemicals and drugs has been the main emphasis this year of the National 4-H Safety program, reports the National 4-H Safety Development Committee, says W. B. Hooser, Hall County Agricultural Agent.

Throughout the state, 4-H Club members and leaders have alerted families and communities to the dangers that misuse of common household products can cause.

There are at least 250,000 chemicals and drugs for home use that would be harmful if improperly used, they warn. These include everyday items such as cleaning aids, cosmetics, medicines, paints and insecticides.

They point out that in one year more than 1,300 deaths resulted from accidental home poisoning, of which 30 per cent were children under 5 years of age. Another 200,000 persons suffered disabling illnesses.

Ever since the 4-H safety program was launched 20 years ago under the sponsorship of General Motors, hundreds of clubs and thousands of boys and girls have been cited for conducting life-saving and accident-preventing projects.

More than a half-million youths are currently enrolled in the safety program according to the committee.

The 4-Her selected for the best project in the entire state will be the 1964 safety delegate to the National 4-H Club Congress in Chicago in November, and will then be eligible for national competition. Eight members will be judged for national scholarship awards of \$500 each.

Information about the 1965 enrollment can be obtained from the county extension office. Boys and girls between 10 and 19 years of age can join a 4-H Club.

Improving traffic safety will be the main goal of the 1965 program, says the committee, but projects in other areas of safety for community, home and farm also will be planned.

"Save With Suspension Fencing" is the title of a new leaflet now at the County agent's office. The leaflet tells how suspension fencing can cut fence costs in half and describes constructions of this type of fencing, says W. B. Hooser, County Agent of Hall County.

Suspension fences are similar to other types of fences except distances between posts is about 100 feet. Such fences work well for boundary, interior and cross-fences, the county agent adds.

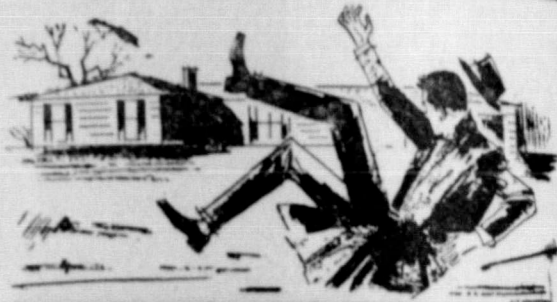

Another advantage of suspension fencing is its swaying action. This keeps cattle from becoming

mixed between pastures and encourages fighting bulls.

The County Agent also says fences are easy to repair. A section he torn down. With suspension fences, only one or two posts need to be replaced, with conventional fences, only or two posts need to be replaced.

A suspension fence is an excellent way to keep livestock in temporary or improved pastures. Native grasses are being developed, Hooser says.

About Your HEALTH

This is about your last chance to get a flu shot this year. Of course, you can get one almost any time, but if it is to protect you and your family during the rapidly approaching flu season, it must be given in advance of the season.

Flu season is the time of the year when the greatest majority of the illness occurs. And this invariably corresponds on medical records with cold weather records.

If you've experienced the fever, chills, headache, sore throat, cough, soreness and aches that accompany a case of the flu, you probably want to have nothing more to do with the disease.

Influenza, as the disease is properly called, is caused by a virus, one that can only be seen with powerful electron microscopes. A person who has, or is com-

Machines Must Be Prepared Before Storage

Whether you own a two-horse-power lawnmower or a 20-foot combine, a good job of preparing the machine for storage will pay off in longer service and lower repair bills, according to an agricultural engineer at Texas A&M University.

"Parking the machine in a building is just a small part of good winter storage," says Beverly Reeves, Extension agricultural engineer. "You need to make sure it won't rust or deteriorate while it sits idle."

No matter what kind of a machine you store, Reeves says there are three things you need to do to get it ready for storage: Clean it. Lubricate it. And eliminate any stress on parts.

- The agricultural engineer suggests removing trash, dirt and dried grease either by washing the machine with kerosene and rinsing it with water or by steam cleaning.
- The machine should be lubricated and then run a few minutes. Chains and adjustment bolts should be coated with a rust preventive oil.
- Motor preparation takes eight steps according to Reeves.
1. Clean the air cleaner and fill the oil cup to the proper level with new oil.
 2. Change the oil and oil filter; then idle the engine for 15 minutes.
 3. Add permanent anti-freeze or drain the radiator and engine block. If you drain the motor, leave the radiator cap loose and the drains open to let condensation drain. Reeves also suggests putting a tag on the machine that says, "Don't use."
 4. Drain the gas tank to avoid buildup of gum and residue in the fuel line and carburetor jets and passages. Flush diesel tanks with a diesel flushing oil and white kerosene. All fuel tanks except LP Gas should be left empty during storage.
 5. Put two tablespoons of oil

Influenza vaccine is recommended particularly for those over 45, expectant mothers and persons of any age who have chronic diseases — heart disease, kidney disease, diabetes, tuberculosis and other chronic lung and bronchial disorders.

Now is the time to see your physician about a flu shot. If you wait until an influenza epidemic strikes your community, you'll be too late.

"Safety Magic" Show Presented To Memphis Students by Sgt. Carl Pike

Feats of magic added fascination to rules of traffic safety in a "Safety Magic" show presented at Memphis High School on Tuesday, Oct. 27.

The show featured Traffic Sgt. Carl S. Pike, currently on leave from the Kent County Sheriff's Department in Grand Rapids, Mich. The sergeant is now on a nationwide tour under the sponsorship of American Trucking Associations, Washington, D. C. While in Memphis, Sgt. Pike's local sponsors were the Texas Department of Public Safety and the Texas Motor Transportation Association.

Sgt. Pike, a professional magician prior to entering police work, combines his knowledge of magic with a keen sense of humor and experience gained as a traffic officer to get across his message of traffic safety to high school pupils.

In the show, Sgt. Pike made safety banners appear out of no-

where, colorful scarfs pop up from an empty purse, and an apparently endless stream of water, pour from a small jug. These are just a few of Sgt. Pike's tricks, each illustrating an important traffic safety rule.

In emphasizing that "Safety Is No Accident", the slogan of the safety magic show, Sgt. Pike recalls his experience with reckless drivers and tells how many accidents can be avoided. Throughout his talk, the sergeant used a teenage jargon to hold the attention of the students while they learned about traffic safety.

Actually Sergeant Pike is a lieutenant. Several years ago, in recognition of his fine work with teenagers, he was officially promoted to lieutenant by his department. However, because he has been known so long to thousands by his old title, he prefers to be called "sergeant".

More than 3,500,000 students have seen the safety magic show, which has appeared in 48 states. The program has been endorsed by educators and civic leaders and organizations throughout the nation, including the New York University Driver Education and Safety Institute and the Michigan Association of Insurance.

Sgt. Pike has also received commendations for his work in safety education from many state governments and police departments.

Remember the good ol' days—when charity was a virtue, not an industry?

Memphis B Team To Host Childress Here Tonight

Local fans are invited to attend the Memphis B and Childress B team football game at Cyclone Stadium tonight, Coach Bert Glascock said today. There will be an admission charge of 50 cents for adults and 25 cents for students, according to school officials.

The Memphis B team will be seeking revenge against the Childress B squad which won at Childress 8-6 recently. The Memphis team is supporting a four win, three loss, one tie record for the season.

Last Thursday, the B team defeated Clarendon 38 to 12. Coach Glascock said it was the team's best offensive effort of the year. Clarendon B team has fine personnel, Coach Glascock said, and is a real scrappy bunch. When the local B team played at Clarendon, the game ended in a narrow margin of 28 to 26 in Memphis' favor.

Coach Glascock said that Clarendon had some bad breaks which account for the victory. About the Memphis-Childress game, Coach Glascock said Childress has good personnel and a lot of depth on their B team; so the game tonight should prove to be a real contest.

This is the first time for Memphis to charge for their B team games this season, while other schools have been charging; so it was decided that tonight, the last game, a charge would be made.

Suggestions Are Made For Winterizing Cars

AUSTIN, TEX.—"Winterizing" your car now is an investment that will pay off in big dividends during the coming months of cold weather hazards. J. O. Musick, general manager of the Texas Safety Association, said this week.

"Today's inspection is tomorrow's protection," he said. "The car owner who neglects his preventive maintenance duties eventually finds himself in trouble—stranded far from a service station, stalled in heavy traffic, or involved in an accident."

The safety director made the following recommendations for getting cars ready for safe and convenient winter driving.

Anti-freeze—Have it tested or put in before the first freeze. Check the cooling system for leaks, and follow manufacturer's recommendation for flushing.

Tune-up—Temperature and humidity changes alter engine performance. A winter tune-up will help start and prevent stalls.

Battery—Cold weather greatly lowers battery power, so have it tested, and charged or replaced if necessary. A new battery is cheaper than frequent service calls.

Brakes—Brakes should be checked and adjusted before bad weather begins. Have them relined if necessary. They need all the help they can get in winter.

Muffler—Fumes from a faulty muffler or exhaust pipe can kill you, especially in "windows-up" weather. Have muffler and pipes checked for leaks.

Windshield—Make sure your defroster can clear away ice and fog. Wipers should work without streaking. Washers must have the proper antifreeze or you can blind yourself with a sheet of ice.

Lights—All lights, including including brake and directional signals, should be in top condition for winter's long period of darkness. Clean your lights frequently.

Seat Belts—Winter or summer, seat belts in use are a sign of a smart driver. Research studies show the use of seat belts can save lives and prevent or minimize injuries in case of an accident.

Tires—You need good tread to get a bite on snow and ice. Snow tires, unless they are too worn, grip better than regular tires.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

JURY DUTY

Jury duty is an experience everybody ought to have. In a criminal case twelve jurors have a duty to do justice as each one sees it, and yet be unanimous. In most trials both sides have much to say, and the evidence is conflicting. The twelve jurors vary in their ability, temperament, character, education, and their experience in the world, and in the question at stake.

Yet a jury made up of both sexes, with wide age and educational differences, jobs and origins must all come up with the same verdict. Upon their verdict much depends—the life or liberty of others, and the public good. So it may take days of talking among themselves, all to agree.

Jury duty calls for insight, common sense, courage, tact, fairness, patience, (especially toward the jurors who disagree with you), good humor, tolerance, balance, willingness to hear others out and change one's mind, readiness to go over and over the facts to find something to bring agreement. In short, jury duty demands a "decent respect for the opinions" of others.

More and more women share civic duties, especially as jurors.

Time was in Texas when women could not serve on juries. They still cannot in four states.

A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law—the legislature does; and the judge "charges" or instructs the jury concerning the law applicable to the particular case it is considering.

The judge will tell you not to find the accused guilty until he is proved so under strict rules of evidence. If you have any "reasonable doubt,"—not imaginary or far-fetched—acquit the accused.

Civil cases do not demand a moral certainty, merely the "preponderance" of what you regard as reliable and believable evidence.

Sen. Yarborough

(Continued from Page 1, Sec. 1)

by a 45-vote margin. Tom Collins received 137 votes in a write-in drive, while Lambert received 182. A complete tabulation of the votes can be seen on Page Seven.

MHS Names

(Continued from Page One)

Evans, Kathy Houston, Chuck Jennings and Nancy Simpson.

The 43 students were named on the honor roll for their work completed during the first six weeks.

W. D. Thompson Dies At Granbury

Funeral services for W. D. Thompson of Granbury, Tex., formerly of Hall County, and brother of H. M. Thompson of Lakeview, were held in the Church of Christ in Granbury Sunday afternoon at 2 p. m.

Relatives attending from this area were the following: Mr. and Mrs. H. M. Thompson of Lakeview, Mr. and Mrs. Joe Thompson of Lubbock, Hank Thompson of Memphis, Mary Thompson of Hereford and Mrs. Troy Thompson of Dalhart.

Cotton Harvest

(Continued from Page 1)

ples classed last season as of the same time.

The cotton classed had 41 per cent white grades and 59 per cent light spotted and spotted. The predominant quality was middling light spotted, 15-16. The micro-naire groupings of cotton classed continued to show good quality with only 2 per cent in the 3.0-3.4 category.

Fiber strength was high. The Pressley tests show the cotton in this section of Texas ranked higher than in any other active area of the state, Voelkel said.

Opening lead: Jack of spades.

East won the lead with the ace of spades and returned the queen of diamonds. South took the trick with the ace, stuffed a heart on the king of spades and trumped a small spade in the dummy. Two clubs from the closed hand were then sluffed on the ace and king of hearts and South returned to the closed hand with the king of clubs, trumped his last spade in the dummy, took the ace of clubs and returned to the hand by trumping dummy's last club. South then led the king of diamonds, followed with a small diamond which East won with the jack. South lost but two tricks, making the contract.

Newspaper Advertising DOESN'T INTRUDE

... It Goes Where It Is Invited!

People Buy Newspapers Because They Want All The News

They are as much interested in the advertising columns as the news columns because advertising is the news of what is available in goods and services at the stores they know.

There are no gadgets to turn off the advertising in newspapers. Nobody wants it turned off. Every survey ever made shows that people prefer to have the newspaper they buy contain advertising because the Advertising Is News!

The newspaper is there all week. It is there for the whole family to read.

As Do!

It is there to be read at the time you want to be informed. It is housewife to tear out the items with her when she

There are no dials to turn, no knobs to push, no switches to flip. There is never a question about whether the advertiser's message gets to the reader.

YOUR COUNTY AGENT SAYS

Tractors and other farm power equipment can be dangerous in the hands of inexperienced operators, says W. B. Hooser, Hall County agent. Each year many part-time farm helpers are injured because they were not given proper instructions for operation of farm equipment.

Every operator should be able to recognize hazards and follow the suggested safety procedures for handling a farm tractor.

The tractor is designed for power, not speed. It does its job most efficiently when operated slowly, points out Hooser.

When going to and from a field, go slowly. A hidden bump or ditch, if struck at too high a speed, can flip the machine over.

Keep the tractor out of traffic—it cannot keep up with high speed cars and trucks.

Climb a steep grade in reverse to prevent any chance of a backward upset. Don't try to handle a heavy load going down much a

hill. Pull only from the drawbar. When pulling a really heavy load, add front-end weights to keep the tractor balanced. Tractors were made to work for you, not against you; so make sure your helpers know how to use them, suggests the agent.

During the fall and winter months many farmers in Hall County will be considering the cropping plans for next year. Consideration should be given to the fact that many plant diseases become more severe as a result of continuous cropping one crop or crop family, points out W. B. Hooser, county agricultural agent.

For example, if a field has been continuously to cotton and heavily infested with cotton root rot fungus, one should consider using a member of the resistant grass family such as corn, sorghum or small grains in rotation.

Crop rotation programs are "cure-alls," says Hooser. However when used in conjunction with other good disease control practices, they will lower disease losses caused by soil-borne diseases.
