Cyclone Band Receives Division I Rating Tues.

The Memphis Cyclone marching band under Drum Major Gerry Knight, took to the field Tuesday at U. I. L. Region I Marching Contest at Canyon, and was awarded a Division I rating, completing the first leg of the coveted Sweepstakes requirement.

Under the direction of Darle Phillips, the Cyclone Band put in much overtime on their routine and got Division I ratings from all three judges.

Judging the contest were W. A. Anderson, band director at San Angelo Central, J. T. Gilligan, band director of Kermit, and Dr. Charles Wiley, director of bands at Lamar Tech College.

Band Director Phillips stated

that the judges' comments gave the Memphis Band a commendation on the routine's exit and commented most on the music played, mixing old marches with new marches. "Our band showed more pride," Director Phillips quoted one of the judges as saying.

Held in conjunction with the marching contest was the twirling contest.

Head Twirler Rosemary Harrison, in her fourth year as a twirler, was awarded a Division I rating for her twirling solo.

Donna Sims received a Division II rating on her solo performance while Lometa Pate, Sandy Saye and Carol Greene each received

Division III ratings.

Junior High Twirlers

Three Junior High twirling ensembles entered the contest in that category, and each received Division III ratings. Junior High twirlers included: Vicki Rose, Kathy Johnson, Jana Johnson, Cynthia Maddox, Pam Nabers, Vicki Clifton, Carol Godfrey, Debbie Yarbrough and Rita Graham.

Director Phillips said he was proud of the band members for being awarded a Division I rating in marching. This rating is the first of three necessary before the band can be awarded Sweepstakes.

Vote Tuesday On 10 Amendments!

Voters in Hall County will join citizens from all over the State of Texas at polls Tuesday, Nov. 2, to mark their ballots on 10 proposed amendments to the Texas Constitution.

However, just because no individuals are running for office, does it mean the November 2 election should be dismissed as being unimportant? A quick summary of the amendments to be decided upon shows that several vitally important matters are to be decided.

The first amendment will provide necessary funds for constructing and equipping new buildings at state supported schools of higher learning. This is to be accomplished by an overall five cent increase in the ad valorem tax per \$100 valuation.

Amendment No. 2—This is necessary to continue the Veterans land program by issuing a new \$200 million in bonds. COMMENT—This is the same amendment, word for word, as one which was defeated in 1963, with one exception.

Amendment No. 3—This amendment is necessary to save and protect approximately \$27 million of funds now being distributed to Texas Welfare recipients and would allow Texas to broaden certain coverages under the Kerr-Mills medical care program.

Amendment No. 4—This amendment would provide for a four-year term of office for Governor, Lieutenant Governor, Attorney General, Comptroller, Treasurer, Land Commissioner, Secretary of State.

Amendment No. 5—This amendment would broaden the investment authority of the Teacher Retirement Board to include certain equity securities.

Amendment No. 6—This amendment would authorize the Legislature to provide for educational loans to needy and deserving students at public and private institutions of higher learning to be known as the Texas Opportunity Plan.

Amendment No. 7—This amendment would exempt property of certain charitable organizations from local ad valorem taxes provided any such organization meets certain conditions and expends \$1,500,000 annually for free hospital and medical care for the indigent.

Amendment No. 8—This amendment would provide for automatic retirement of district and appellate judges at the age of 75 and provide a means for removal for misconduct or disability.

Amendment No. 9—This amendment would allow the Legislature to set the annual salary of the Lieutenant Governor and Speaker and increase the per diem for members of the Legislature from \$12 to \$20.

Amendment No. 10—This amendment would provide for a four-year term for members of the House in lieu of the present two-year terms.

Power is Evil While power, force and coercion are necessities of a social order, they should be recognized as an evil because whenever force and coercion are used to overcome an injustice they will, if unchecked, swing the pendulum back to produce injustice in the opposite direction.

Evolution of Man's Attitude To Man: Lawrence Appleby, a leading authority on Management and Human Relations, has listed the following steps in man's attitude toward his fellow man:

(3) Servitude—the other fellow should serve me at what I am willing to pay and be satisfied with it and be grateful that I am willing to do this for him.
(4) Paternalism—the other fellow needs help. I will determine what is best for him and do it for him at the right time and in my way because he does not know what is good for him.

I would like to express my sincere appreciation to Dr. Clark and all the wonderful nurses for the wonderful care they gave me while in the hospital. To all my friends for the get well cards and to all who took time to visit me, I appreciate your thoughtfulness.

Two Kinds of Needs: It seems to me there are two kinds or classes of needs we all feel.

(1) Those needs we feel no matter what the situation of other people around us may be. These include such things as the necessities of life—food, clothing, and shelter—some degree of economic security, some understanding and education, freedom from loneliness, pain, sickness and disease.

(2) Then there are those needs we have because we see the Joneses have them or because to have them will make us feel superior to the Joneses.

While most of us are struggling with those needs in the second class than can never really be satisfied, there are millions of people around the world and right here in our own country who are struggling to meet those needs in the first group.

Too often we bitterly resent and strongly oppose any efforts to meet the basic needs of these other people if it will interfere in any way with our efforts to satisfy those needs that spring not from necessity but our desire

It is very difficult to listen to Radio Free Europe . . . first because the stations have been drowned out by communist stations; and, secondly, because you do not want to be caught listening. Many times, I have stood at the door and watched while my father has listened to Radio Free Europe programs with the shades drawn," she said.

Finally, life became so unbearable for the Leuckfeld family that they decided to try to escape to West Germany, leaving their home and all their ties behind. The family did not all go at the same time, so it took several months for them to be re-united in West Germany.

More than three million people left East Germany seeking freedom, Miss Leuckfeld said. She concluded by saying that she longed for something more than freedom. Her longing was to find God and to worship freely. This she was able to do after her escape and she feels that her faith in God has been the most important thing for without God, there is no hope. "One cannot be a Christian and a communist," she said.

During the business meeting, which was presided over by the president, Mrs. Robert Sexauer, Mrs. W. R. To illustrate how the party operates, Miss Leuckfeld pointed out that her father was a retail merchant when the communist took over the country. When asked if he would like to be partners with them, he tactfully said he would like to continue to operate his own business. In a short time, he was the owner of an empty building without anything to sell! Rather than living under freedom, one lives under fear, she told her audience. Baerbel Susanne Leuckfeld, senior student at Wayland Baptist College, Plainview, who came to East Germany until she was 15 years of age, was guest speaker Wednesday afternoon at the Atalantean Club.

The meeting was held in the home of Mrs. Eddie Foxhall, 121 1/2 18th Street.

Her program on International Affairs, "Diamonds in the Rough," was the subject of the afternoon. In answering the question, "If You Were Born in East Germany," she named an East German and then stood on the United States flag and the United States flag was displayed in keeping with UN Day.

She attended the Baptist Mission School in Rome, Italy, and from there received a scholarship to attend Wayland Baptist College, at Plainview, where she is now a senior student. After graduation this spring, she plans to return to Germany to visit her family and then will return to the United States for further study preparing herself for the mission field. Her future plan and desire is to return to countries where people have a desire to know more about God.

Under the rule of these puppets of the Soviet Union, the people know the terrors of life in a police state; the religious persecution, forced labor camps and restricted travel are just a few of the many hardships, she explained. "I Did Live There" was the topic Miss Leuckfeld chose to speak on for the afternoon. A native of Germany, Miss Leuckfeld lived in East Germany with her family until she was 15 years of age when the family escaped into West Germany.

Cyclone Skin Tigers 2-14 Here Friday

Memphis Cyclone downed McLean Tiger team Friday night in a football game at the local stadium before a crowd of spectators. The Cyclone was trailing in the 14-8, going into the last play of the game, but pulled the lead by a clipping penalty. On the next play, QB Tony Pounds passed to End Clyde Wilson who got his fingers on the ball and got it under control. The Cyclone's tall, lanky end turned on the speed and left the McLean secondary behind as he raced into the end zone. The play covered 71 yards.

On the conversion, the call went to HB Willie Devorce and the converted guard plowed his way for two points. The score was 8-6.

McLean came back and threatened twice in the remainder of the first half, only to be stopped by tough defensive play by the Cyclone.

McLean's HB Doyle McCurley, broke loose and raced 45 yards to the Cyclone 9-yard line in the next series. Fuller blasted for another 5 yards, and McLean was on the Cyclone 4-yard line.

But on the next play, a jolting tackle by a Cyclone lineman caused a Tiger back to fumble, and Jerry Moss recovered the ball, giving Memphis possession on the 8-yard line.

In the closing minutes of the first half, McLean drove from their own 20 down to the Cyclone 11-yard line when the clock ran out.

After the half, McLean got a drive going and marched from their 33 to the Cyclone 13. The

Tigers caught the Cyclone secondary out of position on a pass play and QB Joel McCarty passed to End Drew Fuller for a touchdown.

The play covered 15 yards. McCarty carried for the 2-point conversion, and the Tigers again led 14-8.

The Cyclone returned the kickoff to the Memphis 40-yard line. From this point, a 5-yard carry by FB Mike Pounds and a 7-yard pass from QB Pounds to Wilson, end, made a first to the McLean 48-yard line.

A 15-yard penalty pushed the Cyclone back on the next play, but on the next, another pass to Wilson was good for 25 yards and a first down to the Tigers' 35.

From this point, a fine carry by HB Gilbert Devorce went for 17 yards and Memphis was on the 24-yard line for another first down.

Another 15-yard penalty kept the Cyclone short of another first down and McLean took over.

But from this point, a McLean fumble and an alert Cyclone lineman resulted in the ball changing hands again, and Memphis took over on the McLean 26. A three-yard carry by Gilbert Devorce, and an eight-yard carry by his brother, Willie Devorce, moved the ball to the 14-yard line.

Tony Pounds carried for eight and Willie Devorce carried for five more and the Cyclone was on the McLean 1-yard line.

On the next play, Pounds sneaked the ball across the goal line for the score. Tony Pounds also added the 2-point conversion and the score was Memphis 16, McLean 14.

The final score of the game came on a 75-yard drive staged by the Cyclone squad the next time they got their hands on the ball.

The drive began with a six-yard carry by QB Pounds. Highlights of the drive were a 20-yard pass from Pounds to End Wilson, a 29-yard carry by HB William McFall, and a 15-yard pass from Pounds to WB Mike Liner.

The scoring play was a QB sneak for two yards by Pounds. FB Pounds attempted a two-point conversion but fell a foot or so short of the goal line.

The Cyclone leading ground gainer was Quarterback Tony Pounds, the statistics show. He carried nine times for 39 yards

for a 4.3 average. Mike Pounds carried 10 times for 34 yards for a 3.4 average. William McFall carried twice for 33 yards for a 16.5-yard average. Gilbert Devorce carried five times for 28 yards, and Willie Devorce carried six times for 19 yards. Fred Durham ran seven times for 7 yards.

LETTERS TO THE EDITOR

Dear Sir:

I attended the Jubilee and it was marvelous. I will never forget it. Even in the slow rain and mud the barbecue day was delightful—food most delicious. Sorry I didn't get a slice of "ole fashioned" angel food cake.

It was just delightful seeing friends and acquaintances whom I haven't seen in years. I have live a long time for this, but never thought it would ever happen to me. Well, it did. The two special weeks that I spent in Texas will be a memorable thing to me. One never knows how many friends they have until they have been away from a home town for a while.

I will always remember the friends when my husband, Jesse, passed away. Believe me, he had many.

Now another wish: Please send me two copies of the Democrat as of Oct. 7. I want one for my daughter (Ione) and one for my son (Jesse L. Ballew, Jr.). I received a copy from Glynn Thompson but I need two more please. It was a wonderful picture of Raymond plus a nice write up. Raymond was my daughter's favorite uncle. So please send me the papers.

It was so wonderful visiting in Memphis again. Who knows—

Wesleyan Guild, Woman's Society Hears Joint Program On Missions

The Wesleyan Service Guild and the Woman's Society of Christian Service of the First Methodist Church held a joint meeting on Monday evening for their annual program on "A Call to Prayer and Self-Denial."

Mrs. John Fowler opened the meeting with a prayer, followed by a hymn, "O Zion Haste," led by Mrs. M. G. Tarver. Mrs. Johnny Harrell accompanied the group at the piano.

The program theme was "Attempt Great Things for God." Mrs. Fowler said, "These are the words of William Carey of England, who is considered the father of the modern Protestant foreign missionary movement. He went to India as a missionary in 1793, and since 1887 a special season for prayer is included in the Methodist Church."

Mrs. Fowler also stated that an offering would be taken at the conclusion of the program with the money going to New Library at Scarritt College, and for medical mission needs overseas.

The meditation was given by Mrs. Mildred Stephens, who explained the challenge given in the hymn for the day, "the call to missions which none can fail to heed."

Mrs. Carl Morris gave the history of Scarritt College, saying, "Scarritt was founded in 1892

deal with the ministry of healing. But do we who have expected and accepted great things from God, and who, in return for 'all His benefits' have promised to attempt great things for Him—turn people away unhealed, uncured, unloved, simply because we have not yet sent out into the world enough doctors, nurses and equipment to heal the multitudes?"

Mrs. J. W. Oliver led the group in a litany. The meeting was closed with Mrs. Bob Fowler singing "O Master of the Waking World," accompanied by Mrs. Harrell.

Offerings were placed on the altar as Mrs. Harrell played soft music.

Present were Mrs. Cleve Evans, Mrs. Loyd Becker, Mrs. Roy Spruill, Mrs. Lee Brown, Miss Nell Messer, Mrs. Hester Bownds, Mrs. W. F. McElreath, Mrs. Harold Smith, Mrs. Tarver, Mrs. R. S. Sixth Grade To Make Drive For UNICEF Saturday

Students of the Sixth Grade will join with other American children this Halloween asking for funds for the United Nations Children's Fund, it was announced this week.

The UNICEF drive is being sponsored by the 1913 Study Club through cooperation with the school. Most residents of the city are familiar with the drive as it has been held here for several years.

UNICEF's Trick or Treaters will knock on doors in Memphis Saturday night carrying cartons which will represent miniature capsules of medicine and boosters of milk, and mean a brighter future for their counterparts in the developing countries.

Donations to UNICEF provide medicines, vitamins and food supplies and training for teachers, nurses and public health workers in more than 100 countries. It fights malnutrition, disease and ignorance, supplying vitamins, powdered milk, ECG for vaccination against TB, DDT for spraying against malaria.

For every dollar UNICEF spends, the government receiving assistance adds over \$2.50 in money manpower and supplies. Local residents are requested to remember that every coin that is dropped into the orange collection cartons Saturday night will grow and grow. A single UNICEF penny can mean the vaccine to

protect a child from tuberculosis. Each "treat" of a nickel can provide the penicillin to cure two children of yaws, an ugly, crippling tropical disease. Through the Children's Fund, a quarter buys enough antibiotics to save

two young victims of trachoma from blindness; 50 cents means enough DDT to protect seven children from malaria for a year; 75 cents provides the sulfones to treat a young leprosy victim successfully for three years.

Thompson's Potpourri

COFFEE CLIQUE: Speaking of Clubs, the DSCB Club is really growing. This organization is neither social nor civic, although many civic problems and social affairs fall their way. Program material is varied and covers such a wide selection that almost any present day problem can be studied or solved by this group. They are very interested in all sports. Football games are won and lost, played and replayed with all the "ifs" thrown in for good measure. The Dodgers and Twins both had their supporters in this group—and then some didn't care which way the games went just so the total score added up to the number they were holding. Illness of their friends and neighbors as well as the President's operation has been discussed and compared to their own. Coming and past elections are foretold with each political party being blamed with their share of mistakes. The weather is of great interest and you can even find some expert meteorologists as well as those who go by the Indian signs. Child care and the best way to rear children is a common subject. The schools and school programs have been built up and torn down. World wide issues have been solved with the greatest of ease and government problems and programs are discussed and cursed. Real estate has changed hands, homes are built and rebuilt, furnished and refurnished—each member proclaiming some decorative ability. Get-well cards to the sick are signed by the members and the new-comers to our community are named and location of home given. Last Sunday's sermon's are analyzed and the good they brought passed on to the members of other faiths. Recipes are exchanged and the newest fad diets copied down. Hair fashions, the latest Paris creations in apparel, the new height in heels, and the lacy hose are all debated with gusto. In fact, there is nothing that escapes the attention of this bunch—THE DRUG STORE COFFEE BREAK bunch. In case you care to join them, they meet twice daily—every morning and every afternoon.

broken away it leaves a mark on the bottom of the glass. It is ground away after the glass has cooled, but a small circular mark or depression sometimes remains. These shear marks, very faint indeed on any well-wrought piece of glass, are not flaws, but only the tiny indications of hand-finishing. Occasionally, a glass seen at a certain angle seems to hold rings of light. This comes from a very slight variation in density, as is a water goblet whose rim is slightly thinner than its base. When you buy crystal to cherish and use in your home, it is well to remember that these rings of light, bubbles, or shear marks are not imperfections but hallmarks of the wonderful handcraft of glassmaking. Remember, too, they may even make your modern glass a collector's item for some future generation to admire and cherish. In making your selection, think of your other table appointments, think of the decor of your home, its colors and size. Consider the type of possession you prefer. Do you like traditional or modern? Do you lean toward elegance or simplicity? Are you gay or reserved? We are proud of our line of Lotus Crystal as it offers patterns to reflect any personality. We carry in stock seven fine patterns to choose from and we think the price is right too. They range from \$2.00 to \$3.50 per stem. Lotus is American made and has all the qualities of fine glass.

EARLY BIRD NEWS: Ladies, have you already started thinking about a Christmas present for your husband? You might be interested in a Stratolounger. Now, the Stratolounger is no ordinary chair—even a chair and ottoman or a so-called contour chair—can duplicate the perfect, heart-easing comfort of our recliners. In a Stratolounger-made reclining chair, you get the ultimate in scientific relaxation—an exclusive mechanism that adjusts to your body's best position for complete, soothing, tension-free relaxation. You can kill three birds with one stone—you can have a lovely new piece of furniture for your home, a special relaxing chair for the entire family, and play Santa all at the same time. The color selection, style and price is varied and large. You can pick one out now and we can save it for you until the "night before Christmas and all through the house" time arrives. And remember this chair is often imitated, never duplicated, and there's no substitute for the Stratolounger weightless "floating in water" comfort.

CLEAR FACTS: The day you decide to invest in good glassware, most of you are pretty certain of what you're looking for. You will have two good notions about fine crystal lodged in your minds: good glass is "flawless" even under close examination—and good glass will ring like a bell when struck with the fingernail. Yet the fact is that neither statement happens to be entirely true.

All of you like to pick up a water glass and tap it, listening for the bell note that will certify it is a good crystal. Though it is a fact that glass with a high lead content will ring beautifully, it is not true that this sound is the only test of quality. The sound may vary under different conditions. It may be the shape, the weight, the thickness, or the way you are holding the glass that is responsible for a ringing note or its absence. Even reasonably high-priced pressed glass doesn't ring because it is made of lime and contains no lead. Moreover, there are other kinds of glass, especially the Venetian, which won't ring at all—but they are not necessarily inferior in quality. You will find that our selection of Lotus Crystal has the "right" amount of lead content to get this ring for you. Also the presence of lead is verified by the rays of light that show when the Lotus Crystal is held up to the sun. And the answer to the flaws is made even more difficult because so few people really know what constitutes a defect. Actually, an absolutely flawless piece of hand-made glass is like a flawless emerald—there is no such thing. Fine imperfections mark the emerald as a real one, and the discriminating buyer of hand-wrought or hand-finished glass knows its faint variations are what distinguishes it from the machine-turned product. In the finest of modern glass—pressed or blown—nothing is mathematically identical, or without some mark that it has been made by the human hand. In hand-crafted glass it is possible to find an occasional bubble caused by air being trapped in the molten glass or by gases given off in the melting process. Shear marks are even more disturbing because people do not quite grasp what they are. When the pontil rod (on which a glass is placed for finishing) is

PURE PLEASURE: I attended the Band Marching Contests in Canyon Tuesday and I loved every minute of it. This is my first year to go to one of the "things" and I'm sorry now that I have not been going all along. As usual the Memphis Cyclone Marching Band was wonderful—they made a "1." To those of you who are not in on the know about such—this is the highest rating that can be made and is the first step towards another "Sweepstakes" award. They have to make "1's" in all interscholastic meets during the year to get "Sweepstakes." This is the place to go if you like good band music—the W. T. Stadium was full of different bands. Our Band has made quite a name for themselves in this contest and they have many, many boosters and admirers and all eyes are on the field when the time comes for them to perform. It takes many hours of work to put one of these shows on and I am sure too few of us give the Band enough credit.

WISHING WELL: Drawing time again—We will be looking for Mrs. Jim Beeson in to pick up her "wish". Yep, Nell, we drew your name this time. Also we have a small surprise for Mrs. Bray Cook and Mrs. A. L. Galley. Sorry you two girls did not get your wish, but maybe you will enjoy this gift we have for you. In the past drawings Lois Lemons received Corningware and Nora Smith wished for a hamper. The following received a set of Vernonware goblets: Pansy Srygley, Ruby Goodnight, and Gladys Johnsey. Also Mrs. Red Lowe received a set of Ironstone. So see this thing is working real well for those whose names have been drawn. Now you can still sign up if you care to. We are going to give away two sets of china sometime in December to some lucky person. Of course we will be drawing several more times between now and Christmas.

Loyalty

The recent disgraceful demonstrations against U. S. policies in Vietnam shocked many Americans who, during the "teach-ins" of last spring, regarded critics of any effort but surrender in Vietnam as liberal-intellectuals and "beatniks" of the type eager to demonstrate for the sake of demonstrating. Of course, the outcry against our actions in Vietnam all along has been of a much more sinister character; the country is awakening to the fact that the heavy hand of subversive communism has been pushing and pulling the demonstrators. When current investigations are completed, it will be made clear to all that Communists, in their effort to thwart the objectives of our Vietnam policy, have played key roles. Meanwhile, loyal Americans are appalled by the spectacle of misguided youngsters burning their draft cards and attempting by fraud to evade selective service (actions both bordering on treason) and of others foolishly and indefensibly clamoring against their country's interests.

Gerald L. Dozier, a professional soldier of 15 years service, was killed in action recently as his unit of the First Division battled a guerilla force. Sergeant Dozier was graduated from Phillips High School and joined the Army in 1950. He was 33 years old. He had been in Vietnam a week when he died. His wife and daughters live at Fort Riley, Kans. His foster parents, Mr. and Mrs. Earl Moulton, formerly of Phillips, new live in Panhandle. Sergeant Dozier was the first Hutchinson County serviceman to die in Vietnam.

Every real American is in the deepest debt to the Sergeant Doziers who have sacrificed all, and to the parents and loved ones of these great American heroes. May God give us all the strength to try to pay that debt.

Another young soldier in Vietnam has been in my thoughts this week. I shall not mention him by name; he might prefer it that way. But I thought you might like to know about him, because the kind of man he is, the kind of American he is, personifies the dedication of this country to up-

holding principles that have brought it greatness. I received a letter this week from my young soldier friend, a boy from a small Panhandle town. It was the first letter I'd received in six months. I'd first heard from him in September, 1964, when he wrote from Fort Hood, Texas, to say that he'd been in the Army for five months and had "volunteered for Vietnam three times." He wrote, "They keep saying they need volunteers, so I volunteered and it seems to do me no good at all." He closed his letter by saying, "Sir, I truly believe what President Kennedy said on January 20, 1960 in his inaugural address when he said . . . 'Ask not what your country can do for you but ask what you can do for your country.'" I asked the Pentagon to look into the matter, was informed that a security clearance of Secret was being obtained for the young private so that he would be eligible to apply for duty in Vietnam, and then learned that an administrative mixup had occurred and that the young man had been further delayed. I asked the Army to do its best to help him.

The young soldier's latest letter to me, dated October 10 from Bien Hoa, South Vietnam, is one I'd like to share with you: "Dear Mr. Rogers: This letter will be real informal, but I wanted you to know that I am in Vietnam. I want to say once again thank you for all the help you have given me. This place is in bad shape, but as always I know that the American people will be able to give the Vietnamese people the peace they are looking for. I know that over here that if it's God's will that I die fighting for these people then my life won't be in vain. I hope the people back in the States understand that when an American life is taken, his life was given trying to give these people the way of life that only an American knows. We all know that we are fighting for peace and that these people will have the freedom of worship, which is most important of all. This is my true feeling and I hope many more Americans share this feeling with me." So closed a young American GI from the Texas Panhandle.

Recent visitors included Mr. and Mrs. John Chaudoin of Estelline, Mrs. F. P. Burns of Amarillo, and Mrs. Helen Barbee of Phillips with former Panhandle residents Mr. and Mrs. L. W. Sweeney.

Co-Ops Are As American As APPLE PIE

FARMERS USE CO-OPS TO DO TOGETHER JOBS THAT EACH ONE CANNOT DO FOR HIMSELF.

We invite the farmers of the Lakeview area to take advantage of the services offered at this farmer-owned gin, which is one of the finest plants to be found anywhere. Everything has been completely overhauled during the past few months, and we are now turning out the kind of ginning we believe our friends want. Remember: when the rush comes, this gin will be able to handle your cotton faster, without sacrificing QUALITY GINNING. Our whole operation has been planned to give you the most from every bale processed.

HERE'S YOUR GIN'S POLICY REGARDING BUR HAULING

It has been proven that the most equitable manner in handling your burs is the policy which is again in effect this year:

1. Cotton burs will be hauled to individual customers, and will be scattered for the reduced price of \$2.00 per ton.
2. Allocation of burs will be on the basis of the order in which applications are received from customers.
3. Individual customers will be allocated burs in proportion to the amount of cotton they gin as long as there is a waiting list of applicants.

WE WILL BUY YOUR COTTON AGAIN THIS YEAR

This gin will again offer a COTTON BUYING program as a service to our customers, through arrangements made with Plains Cotton Cooperative. Prices will be posted in our office each day. Checks will be handed each seller immediately. Ask us for full details.

When cotton has been sold by the association, profits made will be returned direct to each individual farmer.

THANKS FOR GINNING WITH US

We express our appreciation to each farmer who has ginned with us in the past. By your support, our gin has been paid off, and all profits from our operation this season will be distributed to our patrons in the form of dividend checks next spring. If you are not ginning with us, ask a neighbor who will tell you about our profits in former years.

As ginning competition becomes keener because of reduced cotton acres, we ask you to consider these two facts about this gin:

1. Because our plant is completely paid for, we have no fixed interest charges to deduct from our profits each year.
2. We offer no special services to one group of customers at the expense of the other customers.

THE MORE GINNING WE DO, THE BIGGER THE PROFITS WILL BE. YOU CAN HELP YOURSELF BY GINNING YOUR CROP AT THIS GIN!

God's Approval

Do your best to present yourself to God as one approved, a workman who has no need to be ashamed, rightly handling the word of truth."

—II Timothy 2:15

What are your thoughts as you visit God in His House on a Sunday morning? How do you present yourself? Have you come to sit bored and impatient, through an allotted portion of your precious time?

Or, did you bring something with you? Let us hope you bring a peace of mind, a knowledge that during the immediate past you have performed in a manner pleasing to God, and that you have been faithful to your family, your friends, and to your fellow man.

If you brought nothing, then hear the message that is spoken, make yourself a promise to take something with you when you leave.
