In last week's Comments I dropped an idea that Wednesday's snow was just a sample of real moisture and snow to follow. Why didn't I say we'd have snow on through Saturday? It gave people a second Christmas season in which families had more time to spend together at home. You might have decided your own folks were fine people.

Farmers can now decide the moisture is sufficient to finish sowing and lay plans to plant crops when the time comes. Wheat will now grow to give stock grazers until Spring when grass comes long, and give producers grain market.

1965 brought good returns as crops were harvested in spite of little water, a long hot summer and on into fall when rains finally came. Hard to eat Hall County one of the best in the Golden Spread.

Lost
If every town and city in every county in the world had organizations composed of men and women who want to live in peace with all mankind, most of our international problems would cease to exist. This is one of the aims of Rotary International. The American home is the temple and sacred spot that should be brought to feel the tremendous responsibility and opportunity to help make the next years the most glorious in history. America has a glorious past. We love our country what it has been, and we are sure that what we can make of it is a patriotism rooted deep in brotherhood of man.

all County TSTA To Hold Mid-Winter Meeting At Travis Cafeteria Monday

M. Wooten, Estelle Elementary Principal, made the announcement today that the Hall County Local Unit of T.S.T.A. will meet Monday night, January 24, at the Travis Cafeteria for a winter dinner meeting.

Wooten stated Mrs. Charley Wooten, First Vice-President, will be in charge of the program Monday night. She is arranged for Frank M. Wooten, Executive Secretary, to speak to the group after the dinner.

Jackson is a graduate of High School, receiving his Degree from Southwestern University, and M. A. Degree from Sul Ross State College. He served in many fields of education for 14 years in schools of Texas, then 20 years as County Superintendent of Tom Green County, Texas. He was President of Texas State Teachers Association in 1947 and President of National County Superintendents Association in 1952 and present President-Elect of National Association of Teacher Retirement.

Jackson was appointed Executive Secretary of Teacher Retirement on March 1, 1957, and served ably in the system until time.

will discuss "High Points of Retirement" including requirements of Texas Legislature, employment of retired teachers, and questions concerning federal money coming into the state in Texas for retirement programs.

WINTER SCENE—It was still snowing Friday afternoon when this picture was taken of the Billy Thompson home on South 9th Street. The snow was one of the heaviest in recent years and by far one of the prettiest as it fell on branches and evergreens, turning the entire area into a winter paradise.

Memphis' New High School To Be Complete Modern Plant

The largest portion of the \$825,542 contract which the school board let to Floyd W. Richards, Contractor, of Amarillo last week will be spent to construct completely modern facilities for Memphis High School.

The architect firm of Rittenberry and Rittenberry and Associates of Amarillo released an artist drawing of the front portion of the new high school, this week.

The new building, to be of brick and steel construction, will contain 54,600 square feet and will face the south. The building contains three major wings all built connecting onto a small court yard located in the center on the south.

The entire building will contain climatically controlled heating and cooling. The building will be cooled by electricity and heated by gas.

In the east wing will be the auditorium, with stage and dressing facilities. The auditorium will have a seating capacity of 800 persons. Across the corridor from the auditorium will be the band department containing uniform storage room, band hall, office, instrument room and some small practice rooms.

Also in this wing will be the nurses' quarters and rest room facilities.

In the north wing will be the principal's office, a counseling room, work room, vault, and book room. Behind this area will be the study hall, then the library, and a work room.

Across an east-west corridor will be the bookkeeping room, the typing room, a class room, and the agriculture department area.

On the west side of the north-south corridor in the north wing will be the social studies department, the language department, seminar rooms, and four class rooms. In the north end of this wing will be the visual education department and restroom facilities.

In the west wing of the high school building, on the north end, will be the cooking, sewing, and living room facilities of the home-making department, the math and science departments with associated workrooms and storage areas.

On the south end of this wing is the gymnasium containing dressing rooms and shower facilities for boys and girls teams with associated visiting team facilities. Also a concession area, and rest room facilities are to be built just off the corridor on the south end. The gymnasium will have permanent bleachers constructed on the south end, and folding bleachers on the north end.

The gymnasium is large enough so that two short basketball courts can be used when the folding bleachers are put up. Seating capacity is about 700.

In the extreme south-west portion of this wing is located the superintendent's office, vault, work room, secretary's office and board room.

Date Re-Set For Banquet Honoring Senator Rogers

The Appreciation Banquet for State Senator Andy Rogers of Childress had to be postponed last Friday because of the snow storm but the affair has been re-scheduled for Friday, Feb. 4.

The Appreciation Banquet will be held in the Hale County Agriculture Building in Plainview the evening of Feb. 4.

Over 2,000 tickets were sold in advanced sales and these tickets will be honored at the Feb. 4 banquet. Tickets are \$5 each and can be purchased at the door.

Lakeview Class To Hold Talent Show February 3

Approximately 25 persons have entered the Talent Show which is being sponsored by the Lakeview Senior Class, Barney Bevers, class sponsor, announced this week.

The show is open to anyone who would like to enter and persons desiring to do so should contact a member of the Senior Class in Lakeview as soon as possible.

The show will be presented at 7:30 p. m. February 3 in the school auditorium.

Awards will be presented in three divisions, high school and open division; Junior High School and Grade School.

Special prizes will be awarded also in the Calendar Girl divisions. This will include Grade School and High School. Prizes will be awarded in both divisions for the best costume.

The public is cordially invited to attend the talent show.

Friday Deadline Set For Increase Allotment Sign-Up

Tomorrow, Friday, Jan. 28, is the last day to file requests for increases in cotton allotments under the release and re-apportionment program, Lynn L. McKown, County ASCS office manager, announced.

"Over 50 per cent of the producers have already filed for allotment increases and we wanted to remind producers that tomorrow is the last day," he said.

C. A. P. SIGN-UP—Mrs. Louise McClendon of Estelle (left) is making application for C.A.P. contract on a portion of her farm land southwest of Estelle. Handling the application is C.A.P. Clerk, Mrs. Mazine Phillips, an employee of the Hall County ASCS office. The ASCS office here has been busy all week taking applications. Sign-up began Monday and will continue through May. 30.

Harry Clark To Meet With C. O. C. Members

Harry W. Clark, Executive Director of the Texas Industrial Commission, of Austin, will meet with the Memphis Chamber of Commerce Industrial committee and any other members of the chamber interested in industrial development next Thursday morning.

The meeting will begin at 10 a. m. in the City Council room of the Municipal Building, H. J. Howell, chairman of the industrial committee, announced.

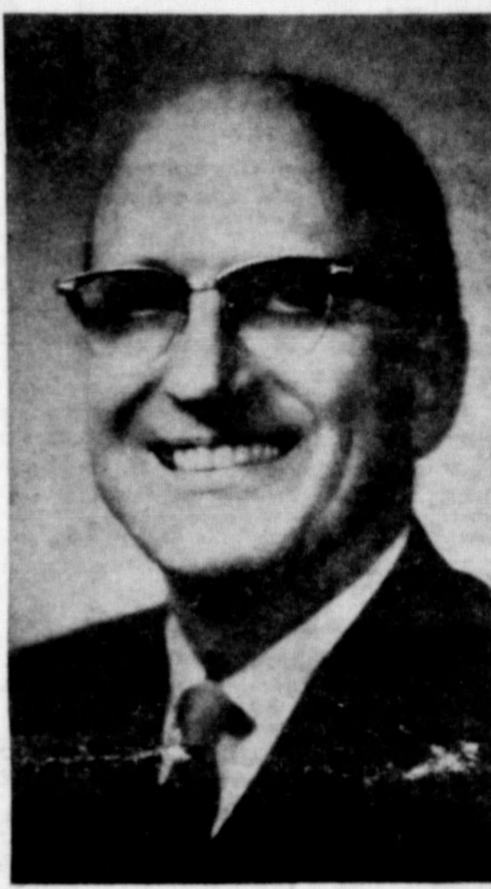

Accompanying Mr. Clark will be Don R. Raburn, Industrial Development Consultant, of Austin, who assists the Texas Industrial Committee.

In a letter to the chamber, Mr. Raburn said, "Harry Clark and I will be in the Memphis area and would welcome the opportunity to meet with your Chamber of Commerce Industrial Committee and others interested in industrial development. We would like to discuss the Texas Industrial Commission's program and how we can assist local communities. Of course, we also want to learn more about Memphis and Hall County."

Mr. Clark is a nationally known industrial developer and became Executive Director of the Texas Industrial Commission in January, 1962. He has been active in this work since 1938, having served in several capacities in Mississippi and North Carolina before coming to Texas.

He was affiliated with the Texas and Light Company and Texas and Pacific Railway before joining the TIC.

Mr. Clark is a graduate of Bowling Green College of Commerce in Kentucky and served four and a half years in World War II with the military, two years of it overseas.

Monday, Jan. 31 Last Day To Pay Poll Taxes

Area residents are reminded this week that Monday, January 31, is the final date to pay poll taxes.

Melissa Anderson, county tax assessor and collector, said only 900 poll tax receipts had been purchased to date. This is less than half the amount purchased in 1964.

The winter of 1966 may go down in record books as the most severe in the 20th Century for our area, weather forecasters are saying.

The snow which began falling Wednesday night of last week and finished Friday night, measured 13 inches of wet and dry snow.

J. J. McMickin last Thursday reported a total of .40 of an inch for the last week and .51 of an inch for this weeking make the moisture content of the entire snow .91 inches.

The temperature plunged to a minus three degrees below zero for the week's lowest temperature and rose to 41 degree above yesterday afternoon for the week's high temperature.

Much of the snow which fell last week, and the few flakes which fell off and on this week, is still on the ground.

Another cold front is expected to hit this area late tonight or tomorrow and there is possibility of more snow accompanying this front.

One rescue operation was undertaken by the Highway Patrol and the Hall County Sheriff's office Friday evening when they were notified by Mrs. Gerald Hickey that Gerald and two other men had not returned from feeding cattle at a place near Newlin.

Mrs. Lena Martin, Memphis' First

Mrs. Cora McMickin was notified Friday of the death of her sister, Mrs. Lena Memphis Martin, 75, a resident of Redding, Calif. Mrs. Martin died of a stroke Thursday night.

Area residents will remember that Mrs. Lena Memphis Martin was the first white child to be born in Memphis and she was crowned Queen of the Diamond Jubilee, Sunday, Sept. 19, 1965.

Funeral services and burial were in Redding, California.

Survivors include a sister, Mrs. Cora Powell McMickin of Memphis, and two brothers, Hubert Powell of Midland and Byron Powell of Redding, Calif.

Mrs. Martin was born on March 29, 1890, in a house on South (Continued on Page 10)

Final Rites For Mrs. Doris Gibson Held Tuesday

Mrs. Doris Morrison Gibson, 41, of 1957 Roosevelt in Amarillo, died Monday afternoon at Hall County Hospital in Memphis following a long illness.

Funeral services were held at 3 p. m. Tuesday at the Memphis Church of Christ. Tom Anderson, minister, and Jack Mackey, minister of the Church of Christ in Amarillo, officiated.

Burial was in Fairview Cemetery at Memphis under the direction of Spicer Funeral Home.

Mrs. Gibson was born in Lakeview, moved to Amarillo about 15 years ago, and had worked several years as a clerk for the Bureau of Reclamation office at Amarillo.

Mrs. Gibson was a member of the Memphis Church of Christ. Survivors include daughters, Miss Karen Ann Gibson and Mrs. Lynn Dunavin of Amarillo; her parents, Mr. and Mrs. E. S. Morrison of Memphis; sisters, Mrs. Y. Z. Taylor of Memphis and Mrs. Ray Crawford of Lubbock; brothers, Charles Morrison of Happy and Jimmy Morrison of Amarillo; her grandmother, Mrs. J. P. Montgomery of Memphis and one grandchild.

Pallbearers were James Montgomery, Gayle Montgomery, Franklin Coleman, Ted Day, Clyde Crawford, Edgar Dennis.

Don't Risk Your Citizenship!

If you've been putting off paying your poll tax, as undoubtedly many are doing, and counting on the federal courts to outlaw the tax as a requirement for voting in Texas before this year's election, you'd better quit counting and start paying.

Because the courts almost certainly will not act before next Monday, Jan. 31, and that, dear citizens, is the final deadline... and the courts have so far given no indication at all of what their action may be when the decision is made.

It ought to be worth \$1.75 to every citizen to assure himself of the right to vote in this year's important elections. That's all the poll tax receipt costs. If it should turn out that you don't need it to vote... then maybe you've spent the buck and three-quarters unnecessarily... but hardly wastefully. Most of the tax goes into the state's public school fund anyhow.

And if the poll tax remains in effect for the May primary elections, you're going to be mighty sorry if you don't have that receipt.

This newspaper during the past few weeks has made an all-out effort to remind our citizens to pay their poll tax and so far only 900 persons have responded, which is less than half the number that should have made the purchase to match the figure sold two years ago.

Receipts can be purchased at the County Tax Office in the courthouse or at Ferguson Insurance Co. office in Turkey. Monday is the last day so it is now the time to see about this matter.

Winter Grips Our Area!

The 13-inch snow which fell late last week is still on the ground with only minor melting and predictions are that possibly more snow is on the way before any warming trend sets in.

Small Country is experiencing one of the longer periods of snow cover in many years and when spring does arrive, 1966 may be considered one of the hardest winters in our history if the present trend continues.

Tuesday afternoon many of the streets in Memphis and other communities were still glazed over with hard packed snow and ice, which made driving and walking very hazardous. Our area has been lucky in that the accidents which have happened, and there have been several, have been relatively light in nature.

The Texas Department of Public Safety reported that 3,018 fatalities occurred in Texas during 1965, which is the highest figure in the state's history. This compares to the 1964 record high of 3,006 deaths.

We would encourage our citizens to watch their driving and proceed at a safe speed while the present weather conditions are still with us.

So far, our citizens have done fairly well in handling their vehicles on the icy roads, especially considering that it has been several years since our area has had a heavy snow. But just a little carelessness or letting our guard down when behind a wheel could prove disastrous. As long as the streets are icy, citizens should restrict their driving to only the necessary trips.

SMALL TALK "When I grow up and keep my own house, I will do all my shopping here in town. I see lots of good things every time I visit the store with mommy. She says the folks in local stores try to sell the best items at fair prices because this keeps folks happy and satisfied. And she says that a good homemaker is value-conscious, which means that she wants to get the most she can for the money she has to spend. She says the local stores carry such a variety of items because they know that folks like to choose for themselves, and they also have need for a particular or a special item. Mommy says it is a good buy if you recognize the name of the folks who make it, if you know the man who sells it, and if the price is right. What does your mommy say?" What Other Editors Say

A Right To Dissent One of the most important principles conferred on American citizens by the Constitution of the United States is the right to dissent... the right to hold a minority opinion and express it.

And it is a right which needs to be most carefully protected, because by the nature of things, the dissenter is always in the minority... and as such is subject to all the social pressures and legal persecutions of a generally overwhelming majority.

The only thing which stands between the dissenter and political and economic persecution is the Constitution itself... but it's a powerful bulwark.

At this particular moment in history, the dissenters who are most despised are those who view the American position in Viet Nam with varying degrees of disquiet. They are objects of scorn to the majority of Americans... these placard-carrying draft-card-burning peach-marching Vietnamis... but they're entitled to the same protection of the laws that other American citizens are, and it is great testimony to the power of our Constitutional government that they are getting it, for the most part.

You don't have to like them... you don't have to associate with them... you can despise them all you like and that is your privilege, and we join you in it... but you can not deny them the American privilege of expressing a contrary opinion.

This is a lesson which we hope Texas Congressman Olin Teague has absorbed by now. It was Congressman Teague of College Station who recently proposed to introduce a bill in Congress making it a reasonable offense for anyone to demonstrate against our involvement in Viet Nam.

Congressman Teague should take a look at the first amendment to the Constitution, if he hasn't already done so. It's brief, explicit, and to the point. It says "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble and to petition the Government for a redress of grievances."

This applies to people who oppose their government's stand in Viet Nam, or anywhere else, no matter how unpopular their attitudes may be. They may be loafs or even Commies, but whether you like 'em or not, as

tain the enemy at any cost while being ready at any moment, anywhere to talk peace.

We cannot believe that either Red China or Russia would spark World War III over Viet Nam. We can believe that both of these giants would do anything short of all out war to make South-east Asia communist. We can believe that both Red China and Russia would be forced into all out war just to save face with their people if and when we strike the mainland of either Russia or Red China.

We believe that at this moment Lyndon Johnson is handling the "problem with no answers" to the best of man's ability. We believe he has selected the best of the three imperfect solutions.

We know Lyndon Johnson well enough to know his burning desire to be a great president, to find a solution to any problem if a solution is within the reach of finite man. If only for selfish reasons, he wants to chalk up a victory for the United States. He is too smart to take bum advice if he discovers that it is bum advice. He is not a man to destroy the world just to save his own face.

President Johnson has been well pictured as the embodiment of the American eagle with an olive branch in one claw and arrows in the other. Perhaps never before in history have we had a better opportunity to see this American principle in action. If any of our critics have a better solution to the problem we have in Viet Nam, let him step forward and be heard. Who has a better "solution" than to pledge ourselves to con-

As War Baby Generation Grows Up Insurance Industry Feels Effects

That War Baby generations we hear about so much has affected much of our present-day life . . . and the insurance industry is feeling the effects through the larger losses in automobile insurance.

And those larger losses are making it tougher for the agent to place the "under-25" group because the companies' underwriters are tightening their rules.

So far, however, Hunter McLean, chairman of the State Board of Insurance, has had few complaints; these complaints have been scarce despite the increase in rates and the increase in the number of rejections of the under-25 age group.

McLean says, "I think the vast majority of the public realizes what causes the rate to go up. They see news stories on highway accidents, and they are hitting home."

Young drivers who are not married make up 2.3 per cent of the drivers, but they account for 4.7 per cent of all auto insurance claims.

Those same drivers have more costly accidents, the insurance companies statistics show. Unmarried male drivers have an average loss cost 156 per cent higher than the average for female and older drivers who have bodily injury insurance. For property damage insurance, the figure is 132 per cent.

Further statistics show that 43 per cent of the drivers under age 20 were involved in an accident; 30 per cent of the drivers from age 20 to 25 had an accident; but only 18 per cent of the drivers in all other age groups had mishaps.

Furthermore, drivers under the age of 20 make up 9 per cent of the drivers but are involved in 14 per cent of all fatal accidents; and drivers age 20 to 25 make up 10 per cent of the drivers but are involved in 17 per cent of the fatal accidents.

Parents of teen-age boys find it harder to buy auto insurance when their sons begin driving; and when they succeed, they find the insurance coverage is costly. The rates go even higher when these boys have accidents, get their insurance cancelled and are forced into what is known as the Assigned Risk Plan.

In Memphis and the rest of Hall County, the situation is not any better than in other parts of the state or the nation, local insurance agents report.

Local agents state that the problem is becoming increasingly larger, and companies are tightening their rules in the local area as they are elsewhere. Since the hail losses, and fire losses, have been relatively high in the Panhandle area, some companies have chosen to cease doing business of any kind in the general area. Hail losses have been so severe during the past few years that any losses suffered through auto claims cannot be made up in premiums from fire and hail policies, according to agents in this area.

Teen-age boys have their best chance at buying auto insurance if they go to the agent who has the parents' insurance. Even this is not always a sure thing, but it does make the procurement of insurance a little easier.

Geldon's Social Security Advice

"We are looking for senior citizens 72 and over who are now eligible for a special monthly benefit," Hal Geldon, social security district manager in Amarillo, stated today.

These are older men and women who were previously denied benefits because they had less than 6 quarters of coverage under social security. This is roughly about a year and a half of employment.

Now, men who are 76 or older and women 73 or older may receive \$35 a month if they have 9 months of work under social security.

Men 75 need 4 quarters (about a year) and those who are 75 need 5 quarters of coverage to be eligible for the \$35 a month benefit.

Women, now 72, need 4 quarters, about a year. The woman who will be 72 in 1966 may qualify for the \$35 monthly payment when she reaches that age with 5 quarters (1 1/4 years).

Read any good Commandments lately?

Though we don't live in Old Testament times, the Ten Commandments are still a good guide for life.

Ponder them.

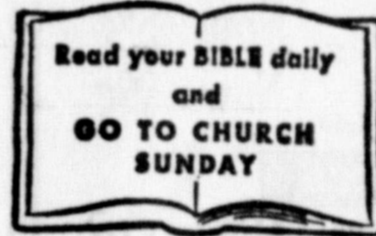

They cover all our relations with our Creator, our family, our fellow man.

And if we could just follow them all, wars would cease, intolerance and prejudice would end, crime and immorality would be non-existent.

In short, a perfect world.

But none of us is perfect. Which is the very reason these great commandments were created.

Can the world be made a better place to live in? Can people really obey all the Ten Commandments? Start with yourself. And start at the place where you worship. If you put your faith to work every day, why the world is that much better already!

MR. AND MRS. THO MAS EDWARD DEWEY

Snider-Dewey Vows Are Exchanged In Double Ring Ceremony Jan. 14

Miss Mary Louise Snider, daughter of Mr. and Mrs. L. B. Snider of Memphis, became the bride of Thomas Edward Dewey, son of Mr. and Mrs. W. E. Dewey of Abilene in a beautiful double ring ceremony at the First Baptist Church Friday, Jan. 14, at 7 p. m. Rev. Gene Jorgenson, pastor, officiated.

The couple exchanged vows beneath an arch of greenery centered with white satin bows and wedding bells. The arch was flanked by candelabra and baskets of flowers.

Mrs. George Ferris, organist, accompanied Mrs. C. D. Pederson, who sang "I Love You Truly." Mrs. Ferris also played the traditional wedding march.

The Bride
Given in marriage by her father, the bride chose for her wedding a formal gown of white lace. The dress featured a tiered ruffled skirt, a sabrina neckline and long sleeves which came to

petite points over the hands. Her finger-tip veil of silk illusion was attached to a handmade crown of lace, iridescents and simulated pearls. She carried a bridal bouquet of a white orchid showered with white satin ribbons tied in love knots.

The tradition of something old, something borrowed and something blue was carried out. For something old and borrowed, she wore a loveleir belonging to her maternal grandmother, Mrs. W. E. Rule of Childress.

Attendants
Mrs. Conny Moore of Clarendon, sister of the bride, was matron of honor. She wore a street-length dress of beau de soie, and she wore matching accessories. Mrs. Moore carried a bouquet of white carnations.

Douglas Peters and Patricia Ann Durham were the candlelighters. Miss Durham was dressed identically to the matron of honor and wore a wrist corsage of white carnations.

Travis Dewey of Abilene served as his brother's best man. Ushers were Danny Lee and Conny Moore of Clarendon.

For her daughter's wedding, the bride's mother wore a beige two-piece dress with brown accessories. The groom's mother wore a beige two-piece dress with bone accessories. Both wore corsages of white carnations.

Reception
Immediately following the ceremony, a reception was held in

The Church Annex.

The bride's table was covered with a cloth of pink net. The pink and white centerpiece was centered with bride and groom dolls. The crystal punch bowl and candelabra completed the decor.

The two-tiered wedding cake and punch were served by aunts of the bride, Mrs. M. E. Rule and Mrs. Eugene Statham, both of Childress.

For the wedding trip to Amarillo, Mrs. Dewey chose a white two-piece suit with black accessories. She wore the orchid from her bridal bouquet.

The couple are now at home at 3133 South 4th St. in Abilene.

The bride is a 1962 graduate of Memphis High School. She was employed by General Telephone Company. The groom attended school in Memphis and Abilene and is now employed by the City of Abilene.

Dr. and Mrs. Roddy Bice are in Dallas this week where they are attending a meeting of the Dental Society.

Bethel Class Meets In Home Of Mrs. Oattie Jones

The Bethel Sunday School Class of the First Baptist Church met in the home of Mrs. Oattie Jones, January 11, for the monthly meeting.

The meeting was called to order by the president, Mrs. Henry Scott, and the opening prayer was given by Mrs. Henry Hays.

Mrs. Byron Baldwin gave the devotional, taking her text from Luke 14:28-30. She talked on the subject, "The Finishing of Life." Mrs. Baldwin pointed out that those who are in the golden years of life should never think their work is finished, but should always continue to study to improve themselves and their Christian life. Christians should be exploring their inter space or hearts. They cannot change the past, but

can study to improve the future, she said.

Mrs. Bryan Adams offered prayer after which a short business session was held during which reports of class officers were heard.

The program chairman introduced Mrs. R. E. Clark, who gave a very inspiring talk on "Service and Serenity." She told of an old colored minister slave of South Carolina who spent his life in humble service to not only his own people but was helpful in such a way to all those with whom he came in contact that he proved to all he was a true disciple of Christ.

The group then stood and sang "Blest Be the Tie" and Mrs. Ida Hutcherson closed the meeting with prayer.

Delicious refreshments were served to one guest, Mrs. Sam Foxhall, and the following members and associate members: Mes. H. H. Lindsey, Bryon Baldwin, Bryant Adams, J. W. Smith, Henry Scott, Theo Swift, R. E. Clark, Ida Hutcherson, Leonard

Wilson, Julia Smith, Henry Hays, Jean Lamb and hostesses, Mrs. Oattie Jones, and co-hostess, Mrs. Larry Simpeon.

CARD OF THANKS

We wish to express our appreciation to the Memphis Fire Department for the wonderful work in putting out the fire at our home so quickly and saving our home. Also to others who have been so helpful to us. May God bless each of you.

Mr. and Mrs. A. O. Bradley and family

Mr. and Mrs. Frank B. Toner, who live in San Leandro, Calif., but are in Amarillo now with Mrs. Toner's father, Clyde F. Milam, visited in Memphis Tuesday with her mother. Mrs. Toner said her father is continuing to improve, but will be in Amarillo for some time yet. He is now allowed visitors for a short time.

CARD OF THANKS

We wish to express our thanks and appreciation for the kindness shown us during the illness and loss of our loved one.

We are extremely grateful for the excellent cards and kindness she received from Dr. Goodall and the staff of Hall County Hospital. Your thoughtfulness made our burden easier to bear.

Travis Baptist Church Scene Friday For Sims-Roden Rites

In a pretty candlelight ceremony solemnized at 7 p. m. Friday, Jan. 21, in the Travis Baptist Church, Miss Minka Karen Sims, daughter of Mr. and Mrs. Leslie H. Sims, became the bride of Jimmy Carroll Roden, son of Mrs. Jess Roden.

Rev. Leroy Gaston, pastor, read the double ring ceremony before a bridal arch centered with a large candelabra and flanked by smaller candelabra holding lighted tapers. Floor baskets of white gladioli and a satin kneeling bench completed the altar decor.

Pews were marked with white satin bows and lighted candles which lit the path for the bridal procession.

Miss Rosemary Harrison, organist, provided pre-nuptial wedding selections and also accompanied Mrs. Billy D. Roden, vocalist, as she sang "Because", "I'll Walk Beside You" and "The Wedding Prayer" as the bride and groom knelt to conclude the ceremony. The traditional wedding marches were used for the processional and recessional.

Attendants

Miss Donna Sims, sister of the bride, was maid of honor and Miss Dawn Ann Yarbrough was bridesmaid. Their floor-length gowns were of flare red satin and were fashioned with scoop necklines and slightly gathered skirts. They wore matching headpieces fashioned of red illusion gathered to red satin rings and carried a single long stem red rose.

Johnny Harrell served as his brother's best man and groomsman was Larry Combest of Canyon. Ushers were Dick Morgan and Larry Combest.

Candlelighters were Gary Sims, brother of the bride, and Jennifer Pate. Miss Pate wore a frock identical to the other attendants.

Flower girl was little Miss Chantia Gaye Harrell. She wore a red satin dress with full skirt.

Ring bearer was Michael Roden.

The Bride

Given in marriage by her father,

MRS. JIMMY CARROLL RODEN

er, the bride wore a formal wedding gown of French delustered satin designed along empire lines with sabina neckline and long fitted sleeves tapering to petite

points at the wrist. The A-line skirt was appliqued with lace trimmed in seed pearls and iridescents, and her chapel length train of lace hung from a bow at the waistline.

Her shoulder-length veil of illusion fell from a headpiece fashioned of pearls and iridescents and she carried a single white orchid atop a white Bible. Her only jewelry was a strand of cultured pearls, a gift of the groom.

She carried out the traditional bridal custom of wearing "something old, something new, something borrowed and something blue with a sixpence in her shoe."

Mrs. Sims chose for her daughter's wedding a blue knit suit with matching blue feather hat and other accessories in blue. Mrs.

Delphian Club Elects Officers At Tuesday Meet

The Delphian Club met January 18 in the home of Mrs. Frank Finch.

Mrs. Joe Bob Browning, president, called the meeting to order and after the pledge to the flag, Mrs. Browning introduced Wayne Hutcherson, who through the courtesy of the Hall County Farm Bureau and in cooperation with the Dallas Fire Department, showed the film on the seven most common fire hazards in the home. The picture showed smoking in bed, careless use of matches, faulty electric wiring, inflammable material near heaters, using gasoline for cleaning, forgetting to disconnect irons, carelessness with cooking utensils.

During the business meeting, officers were elected for the club year 1966-1967. The new officers are as follows: Mrs. Sim Reeves, president; Mrs. R. C. Clements, first vice president; Mrs. Neal Hindman, second vice president; Mrs. Roddy Bice, recording secretary; Mrs. Frank Finch, treasurer; Mrs. Floyd J. Richardson, parliamentarian; Mrs. Billy Combs, press reporter. The new officers will be installed at the May 17 meeting.

The program for the evening was on "Family Living: Youth—From ABC to D."

The meditation was given by Mrs. F. Richardson on "A Boy to Train," and she quoted this verse:

"The man who has a boy to train, Has work to keep him night and day.

There's much to him he must explain,

And many a doubt to clear away;

This task is one which calls for tact

And friendship of the finest kind, Because, with every word and act, He molds the little fellow's mind, He must be careful of his speech, For careless words are quickly learned;

He must be wise enough to teach What corners may be safely turned."

Mrs. Neal Hindman spoke on "Drinking—The Baited Trap". She asked the question: "Why this nationwide increase in teenage drinking? What can parents, teachers and responsible public officials do about it? We can organize, first in our home communities and then at the state

Roden, the groom's mother, was attired in an aqua silk suit with white feather hat and matching accessories. Both wore corsages of pink gamelias.

Reception

Immediately following the ceremony a reception was held in the Church Dining Hall. The bridal table was laid with a white net cloth appliqued with iridescent sequins over an underskirt of white satin.

A three-tiered wedding cake topped with a miniature bride and groom was served with punch. Table appointments were in crystal. Alternating at serving the wedding cake were Mrs. Sonny Miller and Mrs. Larry Combest while Mrs. John Lemons and Mrs. Dale Sexton ladeled the punch.

As the couple departed on their honeymoon trip, Mrs. Roden was wearing a navy blue suit trimmed in white with matching accessories and the orchid from her bridal bouquet.

After January 28, Mr. and Mrs. Roden will be at home at 821 South 5th Street, Memphis.

Both Mr. and Mrs. Roden are graduates of the local high school. Mrs. Roden is a student at Clarendon Junior College where she plans to continue her studies.

Mr. Roden attended West Texas State University and is presently engaged in farming near Memphis.

Rehearsal Dinner

Mrs. Jess Roden, mother of the groom, was host at a rehearsal dinner on Thursday evening at the DeVille Restaurant.

Among the pre-nuptial courtesies given the bride before her marriage were a personal shower given by Mrs. John Lemons; a miscellaneous shower in the home of Mrs. R. E. Clark and a surprise brunch and kitchen shower in the home of Mrs. Olton Pate.

Mr. and Mrs. O. J. Gilbreath of Gila Bend, Ariz., are here this week visiting with her mother, Mrs. Effie Melton and friends.

Mr. and Mrs. James O. Miller and Steve and Mylina visited in Wellington Sunday with his parents, Mr. and Mrs. Bert Miller.

Mrs. H. C. McLain of Albuquerque, N. M., has been visiting with her brother and family, Mr. and Mrs. Bill Leslie. She had planned to return home Friday but due to the inclement weather waited until Tuesday. Returning home with her were Mrs. Betty Browning and Tammy, who will visit with their grandmother and great-grandmother, Mrs. Rena Leslie of Albuquerque.

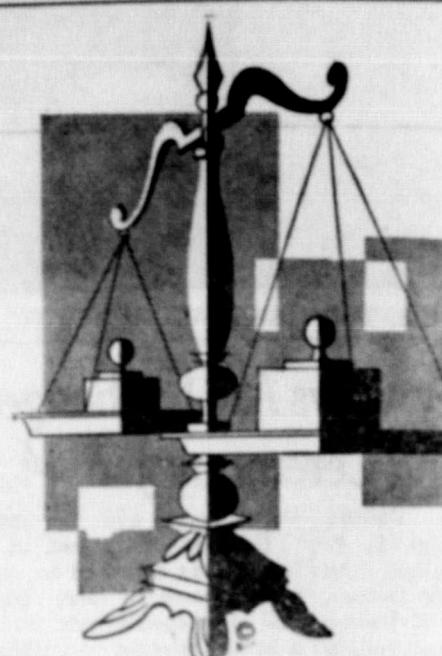

level to make our voices heard in our state legislatures. The time for action is now. Let the people know the awful facts and give to the cries of outrage. As Christian voters, we need be diligent and alert to correct the tremendous power of the liquor lobby in our legislature. The Christian people of America are more powerful than any liquor lobby when they make their voice heard. You and I can do something about this growing teen-age drinking problem."

During the social hour refreshments were served to the following members: Mrs. Jack B. Boone, Carol Gardenhire, Gaylen Ariola, Roddy Bice, Billy Lockhart, Neal Hindman, Henry Hays, W. C. Dickey, A. Anisman, Mildrea Stephens, Floyd Richardson, C. C.

Hodges, R. H. Wherry, Betty Shaban, Sim Goodall, Joe Bob Browning, Miss Maude Mims and the hostess, Mrs. Frank Finch.

"In the late 1800s families drew lots to see who would wash the dishes. I certainly hope yours doesn't, because there's no need for it. There are so many advantages to the automatic electric dishwasher that I'm sure when you've heard them all you won't be able to argue yourself out of having one. For instance, dishes washed automatically turn out more sanitary than those washed by hand—that's because much hotter water can be used in the machine than on your hands. And the latest dishwashers offer cycles not only for pots and pans but fine china and crystal, also dish breakage is 15 that experienced when dishes are done by hand. Best of all, the kitchen stays neat and uncluttered—even after between meal snacks. There are so many advantages to automatic dishwashing, there just isn't room to list them all.

See your electrical appliance dealer and tell your family they can quit drawing lots."

County Tests Reported

ROCK—Reports on tests of beef cattle, narrow-row systems, and nematode control highlighted the annual meeting here of the county Northwest Texas Reclamation Program. More than 50 on-the-farm tests conducted in Hall, Collings and Wheeler Counties during the demonstration program last season.

The program is designed to demonstrate the value of Experiment Station findings under conditions of the local area.

Following are some of the results of the report for 1965: Worth County Agent Helmers said that a 2½ acre plot of cotton planted in 10 rows yielded 900 pounds of cotton per acre compared to 700 pounds per acre from conventional rows grown under similar conditions.

Hooser said lack of suitable equipment is the biggest drawback to narrow-row cotton. A test involving narrow-row sorghum also produced encouraging yields, he said.

In Hall County, a cotton plot treated for nematode control produced double the yield of an untreated check plot, according to county agent W. B. Hooser. Line side were 600 pounds per acre here treated; 300 pounds untreated.

BEING BORN with clubfoot is tragedy enough for a little girl but Shirley Lou Dishman, 9, Pall Mall, Tenn., was also born with an open spine, paralyzing her below the waist, and she's a deaf mute besides. The March of Dimes campaign is in the process of seeking donations to help fight defects. Jack B. Boone is the county chairman and will accept donations.

Hooser also reported on a beef cattle-forage demonstration which returned more than \$40 per acre above production expenses. Irrigation, fertilizer and good management were used on Midland bermudagrass pasture to give the high return from rough land, Hooser said.

Wheeler County Agent Charles Jackson said that hybrid sudan-sorghum pastures appear to offer opportunities for area cattlemen. Fifteen acres of a sudan-sorghum produced 4,037 pounds of gain on stocker cattle in a Wheeler County trial. After paying production expenses, the pasture returned \$51.88 per acre, Jackson said.

Demonstration Assistant Duane Scott joined the agents in presenting the report.

In the unique demonstration program, Scott works with the agents, Extension specialists and Experiment Station personnel designing and establishing the demonstrations.

Thirty area agricultural leaders were on hand for the recent (Jan. 11) report meeting.

Hedley Student Listed On A&M Who's Who

David Eugene Moreman of Hedley is among 36 Texas A&M University seniors named to "Who's Who in American Universities and Colleges" for 1966.

Dean of Students James P. Hannigan said the students were chosen by a faculty-student committee for scholastic achievements and leadership accomplishments in student affairs.

The students represent a broad spectrum of academic disciplines. Most have been listed as distinguished students at least one semester. All have grade averages of 80 or above.

Among Moreman's honors at A&M are these: distinguished student for three years, president of the Pre-Veterinary Medicine Society, executive editor of the Southwestern Veterinarian . . . a student publication, member of the Memorial Student Center Directorate and vice president of the Junior Chapter of American Veterinary Medicine Association.

The son of Mr. and Mrs. Ray D. Moreman of Hedley, Moreman is a pre-veterinary medicine major. He is a Hedley High School graduate.

Henry Ashford and Peggy visited over the weekend in East Texas. In Winnsboro they visited with Mrs. Aline Embrey and son, Billy, and in Pittsburg with Mr. and Mrs. T. C. Reynolds and Margaret and Mr. and Mrs. Weldon Reynolds and Laura. Peggy visited in Tyler with Miss Sharon Reynolds.

The straight and narrow path would be much wider if more people traveled it.

Income Tax Q. And A. Column

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q.—My refund was held up last year because you said you couldn't read the name on my return. Why was this a problem if your ADP works on numbers?

A.—Correct social security numbers are essential to the ADP system but we also use names in the ADP system. Your experience points up the necessity to print or type your name at the top of the tax form.

When we have the right number on a tax return but the name is wrong or illegible they won't match up in the system. This insures that only your returns, payments, etc., will be recorded in your account. When either the name or account number fails to match our records we have to ask the taxpayer whether the spelling is correct, the name has been changed, or the number is correct. As a result, there is a delay in the processing of the return and any refund due.

Q.—When a husband and wife file separately can the husband ever claim his wife as a dependent?

A.—No. Under the law husbands and wives are not considered each other's dependents. On a separate return you may claim the exemption for your wife, however, if she had no gross income and was not the dependent of another taxpayer.

Q.—My son went to work last fall after his graduation. Can we still claim him as a dependent?

He is unmarried and lives at home.

A.—If you have provided more than one half his support for the year, you may be able to claim him as a dependent. In addition to this support test, if he earned \$600 or more during the year, then he had to be under 19 at the end of the year, or else have been a full time student for some part of each of 5 months during the year.

Q.—I paid my tax and now I get a bill for it. Why is that?

A.—Your payment could have become separated from your return or the payment might have arrived after the day it was due.

To clear this up, write the office which sent you the bill and give them full details on your payment (date, amount, purpose, etc.). Be sure to give your social security number, as well as your name, legibly on the check or money order.

Q.—Our medical expenses should be well over 3 per cent of our income. Can you tell me if we can deduct the full amount of our

expense that we have been billed for or just what we have paid so far on these bills?

A.—Only the amount you actually paid last year should be used as the basis for figuring your medical expense deduction. Remember to deduct from that total whatever reimbursement insurance, etc. you received from these expenses.

Medical expenses which exceed 3 per cent of your adjusted gross income will be deductible. However only medicine and drugs over 1 per cent of your adjusted gross income can be included as a part of those medical expenses. If you or your wife are 65 or over, these limitations do not apply to either of you.

CARD OF THANKS

I want to take this means of thanking the many friends who remembered me with cards, flowers and visits during my recent stay in the hospital. Each act of kindness was deeply appreciated. Mrs. Edna Crowder
