County Area

P.E.P. To Be Explained At Meeting Here Thurs.

The Panhandle Economic Program will move a step closer to action stage through a series of four public meetings scheduled over the area Monday, December 5, through Friday, December 8, 1966. Those wanting to attend from outside the county are invited to be on hand at 1:30 p. m., Thursday, at the Community Building, Memphis, for the three-hour session on PEP. Other sessions have been held in Borger, Dalhart, and Amarillo.

Coordinator of PEP, says the 26-county Panhandle Economic Program is aimed primarily at improving income from our agricultural industry through improved use of area resources. During the meetings, he will report findings of an 18-month study of the Panhandle's economic influences. Others slated to make short presentations at the sessions are representatives from CSS, FHA, ASCS, Texas A&M, Texas Parks and Wildlife Dept., and Texas Education Agency. "The project first started when a small group of leaders requested a study of the Panhandle's water situation," Murphy said. Texas A&M University's Dean of Agriculture, Dr. R. E. Patterson offered the school's resources to make the study and named Murphy its coordinator. The A&M Dean decided they would have to study all of the region's resources—land, weather, people, mineral and petroleum

—to put the proper perspective on agencies and firms contribute resource data and suggestions or guidelines for improve use of the water situation. Numerous public and private resources, according to Patterson. This information has been published in the book which will be presented to those attending the PEP meetings this week. The PEP study indicates improved resource use could double the economic activity of the Panhandle. This study shows, for example, that \$25-million could be realized annually from timely and accurate application of irrigation water, \$20-million can be saved annually by effective estate planning, and \$25-million can be saved annually through improved home management practices. Management guidelines for achieving production, marketing and conservation goals are included in the report. Murphy says this program is "of, for, and by" the Panhandle and the series of meetings are designed to bring it closer to the action stage.

Matador Cager Tournament Attracts Lakeview, Turkey, Estelline Teams

The Lakeview, Turkey and Estelline basketball teams will be competing this weekend in the Matador Cager Tournament, which will be a weekend of exciting action for cager teams. Lakeview teams open tournament play against two teams from Flomot. The Eagles will play at 6:40 p. m. this evening, the Eaglettes play at 5:20 p. m. today. Coach Mose Dammert says his team has not been in action since Nov. 11, but could prove to be a force in the opening rounds. The two teams from Turkey and Estelline are scheduled in open rounds. The game will be at 2:40 p. m. and the boys are scheduled to meet at 4 p. m. Coach Jimmie Don Adams' team probably have the favorite nod in the opening game, but to win the tournament since team has not been defeated since season. Coach Joe Bob Barnhill's Turkeys favored over Coach Adams' team, but the Turkeys have some competition if they are to win a tournament victory out of

the bag at the contest. Actually, the tournament opening games for Estelline will be a re-match of games played last Tuesday. The Bearettes defeated Coach Roddy Seago's Turkettes 59 to 37. Cherri Rapp of Estelline scored 39 points while Turkey's Kathy Wedge had 18 points. In the boys game Tuesday, Turkey's Harvey Case scored 23 points to lead his team to a 71 to 42 victory over Estelline. Estelline's high point man was Jimmy Adecock with 21 points. Teams participating in the tournament, besides those already listed, include Paducah, Roaring Springs, Patton Springs and Matador. Other games scheduled include Estelline vs. Quail at Estelline Tuesday night, Dec. 6, with the first game starting at 7 p. m. Turkey and Lakeview teams are open next Tuesday night. The Turkey teams will be entering the Silverton tournament next weekend and the Lakeview teams will be entering the Samnorwood tournament.

LEON MEYER
Leon Meyer Is Travis Baptists' Music Director

The Travis Baptist Church this week announced that Leon Meyer will take over the duties of Music Director for the church this week. Mr. Meyer and his wife, Lendell, and their three children, Pat, Timmy and Susie, are living at 1316 Main Street. Mr. Meyer was serving as Music Director at the Second Baptist Church in Plainview before coming to Memphis. Rev. Leroy Gaston, pastor of the Travis Baptist Church, said. Sunday night, Director Meyer will bring a sermon in song, which will consist of thirteen songs. The public is invited to come hear him, Rev. Gaston said.

Hall Cotton Farmers To Vote In 2 Referendums

Cotton farmers have two important votes coming up in the by-mail referendum beginning December 5, 1966, Lynn L. McKown, Office Manager, Hall County ASCS, announced today. As this is the first by-mail

cotton referendum and two ballots will be mailed to all eligible voters, the instructions on voting must be followed or the desire of the votes will not be compiled with, he said. The Blue Marketing Quota ballot must be used only for approving or disapproving marketing quotas on the 1967 cotton crop. If two-thirds of all producers voting approve marketing quotas, there will be a cotton program similar to the 1966 program with an 18 percent increase in price support payments. If over one-third of all producers voting disapprove marketing quotas, there will be no payments on the 1967 cotton crop; the transfer of cotton allotments will be suspended and producers who plant within their allotment will

be eligible for price-support loan at 50 percent of parity, McKown said. The Green ballot will be for voting on the Cotton Research and Promotion Order. The approval of all producers voting will authorize a \$1.00 per bale deduction for all cotton ginned to be used by a farmer nominated board on research and promotion of cotton to improve the competitive position of cotton and to expand markets for cotton. The Hall County ASCS Committee hopes every voter will read carefully the instructions enclosed with the ballots, mark their ballots the way they choose and return by mail or in person to the Hall County ASCS Office not later than Friday, December 9, 1966, McKown concluded.

The 1966 Christmas season will get off to a big start Saturday afternoon as Santa Claus will pay his official visit to Memphis and this area. Memphis Chamber of Commerce officials offered invitations to citizens in the entire area to be on hand at the square in Memphis at 2 p. m. to witness Santa's entrance riding upon a covered wagon and escorted by horsemen, members of the Caprock Trail Riders. The schedule shows that Santa will parade around the square a couple of times before climbing off his wagon at the enclosure built for him on the courthouse lawn. As to which side of the courthouse Santa will meet the children, chamber officials reported, "the warmest side, depending on the wind and weather." Normally it is the south side of the courthouse.

GTC Announces Long Distance Rate Reduction

Reduced long distance rates for most station-to-station calls within Texas will become effective January 1, 1967 for customers of General Telephone Company of the Southwest, Southwestern States Telephones and Four States Telephone Companies, according to E. H. Danner, president of the three companies. State-wide reductions on three minute calls vary from five to fifteen cents on most station-to-stations calls over 56 miles in distance within Texas. Reduction for calls over three minutes are even greater, according to Danner. The reductions apply to calls made during the time when "day rates" are in effect as well as to all intrastate (within Texas) station-to-station calls made during the "night rate" hours after 8 p. m. and all day Sunday.

Turkey Lions Club To Sponsor Christmas Decoration Contest

The Turkey Lions Club, in trying to create interest in the beautification of the City of Turkey, will sponsor a Christmas decoration contest this year with prizes being awarded in two divisions. Appropriate prizes will be awarded to the winner of the residential area and also the business area. Any residence or business is eligible to compete as prizes will be awarded on the basis of originality and appearance only. Out of town judges will be secured to judge the contest sometime during the week preceding the Christmas holiday weekend.

Everyone is urged to get into the spirit of the holiday season and back the Lions Club by participating no matter how large or small the residence or business as each one will have an equal chance of winning the contest. Also the Turkey Lions will hold their annual broom sale Saturday, Dec. 3. Brooms, mops and other household necessities will be available at a downtown location and also the town will be canvassed by the members of the Lions Club, A. R. Setliff, club secretary, said.

Mail Box Santa's mail box will be located on the courthouse steps so children can mail their Santa letters. This is an aid to Santa and his helpers to know the wishes of the children. Santa turns these letters over to The Memphis Democrat so they can be published in the annual Christmas Edition, which this year will be mailed on Thursday, Dec. 22. Editor Bill Combs said that children should sign letters with their complete names so Santa and his helpers will make no mistakes as to who the sender of each letter is. Santa Claus will remain on the courthouse lawn until 4 p. m., meeting children and talking with them about what they want for Christmas, chamber officials said. The Chamber of Commerce also announced that plans for special music during the visit, as well as sticks of candy for Santa to pass out, are in the making so the children should really enjoy Santa's visit to Memphis, western style, this year.

Hooser Explains 1967 Cotton Diversion Prog.

Hall County's Agricultural Extension Agent, W. B. Hooser, this week stated, "to clarify misunderstandings regarding the 1967 Cotton Diversion Program, we would like to state that the payment rate and support loan rates under the 1967 Cotton Diversion Program have not been announced." Hooser added, "But due to the new cotton law, total payments and loans will be higher since parity for cotton on Nov. 1, 1966, was \$43.10 per pound and higher than on Nov. 1, 1965. Nov. 1 is the date on which payment rates are based each year." The cotton loan rate for 1967 may be reduced but if it is, direct payments will be increased by law, Hooser said. The only way payments and loan rates will decrease, Agent (Continued on Page 10)

Harvest Is In Full Swing, Total Climbs To 25,284 Bales Today

The harvest of the 1966 cotton crop continues at a full pace this week with fair weather enjoyed by the harvesters. If the pace continues through next week, ginners estimate it is possible that the entire crop will be harvested before Christmas as the figure rose to 25,284 bales today. The 13 county gins processed about 8,000 bales this past week, which is about 80 per cent of maximum of past years. Last year, during one peak week, 10,000 bales were ginned during a seven-day period. Compared to 1865, this year's harvest is about one and a half weeks ahead, due primarily to good harvesting weather and the Nov. 2 freeze date. Estimates of this year's yield

are now running in the 35,000-bale range; so it appears that the harvest is 72 per cent completed in Hall County. On Dec. 2, 1965, the county had harvested 14,766 bales. This is a good indication as to how advanced this year's harvest is over last year. K. E. Voelkel, officer in charge of the Memphis Cotton Classing Office here, reported this week the office is currently employing 23 persons. These include: classers, K. E. Voelkel of Austin, John E. Williams of Oklahoma City, Richard L. Whitley of Abilene, William H. Brasher of Bruce, Miss., John S. Ewell of Memphis, Tenn., D. C. "Big Red" Melton of Tillotaba, Miss., and John R. Chism, Greenwood, Miss. Also, Don McElreath, supervisor of laborers, and Jackie Bridges and George Armstrong, laborers. Clerks: Mildred Gidden, chief clerk; Joyce Crooks, micronaire supervisor; Sharon Wheatley of Hedley, statistician and market news reporter; Marilyn Whitten, Louise Hatley of Lakeview, Beverly Hutcherson, mike technicians; Nell Rita Godfrey, Frankye Howard and Wanda Phillips. Recorder clerks include: Doris Eddins of Estelline; Nancy Studstill, Janice Davis and Florette Henderson.

per cent; and 1 inch and longer, only 1 per cent. The micronaire readings showed an increase in the lower groupings. Fifty-three (53) per cent of the cotton classed last week read 3.5-4.9, the premium reading. This compared with 66 per cent last week. All the lower or discount groupings showed an increase percentage-wise. Readings were: 2.6 and below, 4 per cent; 2.7-2.9, 13 per cent; 3.0-3.2, 18 per cent; and 3.3-3.4, 12 per cent. Pressley strength tests, conducted in cooperation with the Cotton Research Committee of Texas, showed stronger fiber than last week. Thirty-five (35) per cent tested 80,000 pounds per square inch and above compared with 14 per cent last week. Other groupings were: 75,000-79,000, 26 per cent; 70,000-74,000, 21 per cent; and 69,000 and below, 18 per cent.

LOADING COTTON—Memphis volunteer firemen met at one p. m. Tuesday to load cotton which had been given to them by the Memphis Paymaster Gin, during a money raising project. The cotton (green bole) had been piled southeast of Memphis to allow it to open. Shown are Fire Chief Kenneth Dale (running loader) and (left to right) Bill Johnson, Bob Hutcherson, Edd Hutcherson, Van G. Howard and Clyde Collins. Other firemen also helped with the loading. About three or four bales of cotton were given to the firemen by the gin and piled in two piles. Pictured in one of the piles. The Memphis Paymaster Gin has already offered to buy the cotton from the firemen. The cotton is awaiting ginning at the Memphis Paymaster Gin.

School Board Approves Audit Report Monday

The Memphis School Board met Monday night in a special session, and approved the annual audit report, as submitted by Brandon and Hallman, certified public accountants. The board approved the audits of the major school funds, the high school fund and the Title I fund, as submitted. The board, in other action, approved the purchase of 166 wire clothes baskets for the new high school gymnasium and specified a certain type lock to be used on each of them. Also the school board approved and accepted the bid of Rice Studios of Plainview for stage curtains for the new school auditorium at a cost of \$2,265.

The Christmas Season

Each year, the Christmas season, which begins the Thanksgiving weekend with the turning on of the Christmas lights on the square in Memphis, is the most colorful and exciting season of the year in Memphis and Hall County.

Usually, it is a busy season with shoppers in all the stores, cotton trailers going to and from the gins, citizens doing extensive decorations on their homes, organizations having special parties where gifts are exchanged, and the churches having special observances.

Of all the seasons, most people, young and old alike, enjoy Christmas more than any other time of the year for it is a time when friends and relatives get together and the mood is always festive.

This year, Santa Claus, the jolly red man from the North Pole, will pay his annual visit to Memphis from 2 to 4 p. m. Saturday, Dec. 3. His visit will be western style as he will ride into town on a covered wagon accompanied by riders on horseback. All children throughout the area interested in coming to Memphis Saturday afternoon to participate in Santa Claus' visit are invited to be on hand. A special mail box will be set up for children to mail their Santa letters as has been the practice in years past.

We want to encourage our citizens to make a special effort this year to decorate their homes or their windows with appropriate Christmas scenes this year as a contest is going to be held by the Beautification Committee of the Memphis Chamber of Commerce and prizes will be awarded.

It has been our belief that Memphis has been one of the best decorated towns in this part of the country during the Christmas season. Our citizens have done remarkable jobs in past year of decorating their homes. Probably one of the most enjoyable past times during this season is taking an evening drive over the town to look at the beautifully decorated homes.

The Christmas season is upon us, with only 21 shopping days left until the big day. It is a busy and enjoyable season because our citizens make it so. Let's make the Christmas of 1966 even more meaningful and enjoyable by our generosity and graciousness to our fellow man.

What Other Editors Say

The Nice Customer

There is a bit of editorial material making the rounds in the papers these days, one that is neither new nor original, but which makes a lot of sense.

Like the editorial on "The Tired American," this one on "The Nice Customer," deserves to be repeated, and so we will:

Remember me?
I'm the nice customer who comes to your place of business.

I never fuss or made demands, I'm very patient.

I don't rave or rant or storm out the door at the slightest delay or inconvenience.

I just smile and wait until I'm waited on.

I'm the fellow who goes into a restaurant, sits down, and patiently waits while the waitresses do everything but take my order.

I'm the fellow who goes into a department store and stands quietly while the sales clerks finish their chit-chats.

I'm the fellow who drives into a gasoline service station and never blows his horn, but waits patiently while the attendant finishes reading his comic book.

Yes, you might say I'm a good guy, but do you know who else I am?

I'm the fellow who never comes back!

And it amuses me to see business spending thousands of dollars every year to get me back into their store when I was there in the first place.

And you overlooked two inexpensive items—just a little service and a little courtesy.—Ochiltree County Herald.

Zip Code Important

It is important enough that it cost their newspaper about \$25 in advertising revenue because someone put the wrong Zip Code on an advertising order and it took the Post Office 15 days to find Spearman, Texas when it was Zipped wrong.

November 14, we received a political advertisement to run for Gov. John Connally in the Nov. 8 edition of the paper. The large envelope was plainly marked in red letters "First Class Mail." It was also marked advertising material. The address was to the Hansford Plainsman, Spearman, Texas 79801. It did not have our post office box number and the Zip Code should have been 79081.

It apparently took 15 days for the parcel to go to the 79807 Zip town and then get shipped on to

Spearman, however, it was not marked missent.

Therefore, we recommend that on first class mail when you don't know the proper Zip Code, don't guess, the post office is using Zip Code whether you are or not.—Hansford Plainsman.

TO OBSERVE ANNIVERSARY—Mr. and Mrs. H. W. (Shorty) Spear of Lakeview will be honored with a tea and reception on Sunday afternoon, Dec. 4, in celebration of their golden wedding anniversary. Hostesses for the occasion will be their two daughters, Mrs. George Harper and Mrs. Jack Rigdon, both of Amarillo. Mr. and Mrs. Spear, the former Daisy Watts, were married in Tulia on Sept. 26, 1919. They have lived in Lakeview since January 1, 1929. Friends of the couple are cordially invited to call at the family home in Lakeview between the hours of 2:00 and 5:00 p. m. Sunday.

Mrs. J. H. Grimsley Celebrates 90th Birthday At Cousins Home

Mrs. J. H. Grimsley was honored on her 90th birthday with a birthday party at Cousins Home Sunday, Nov. 20. The refreshment table was laid with a white damask tablecloth. An arrangement of pink carnations served as the centerpiece. The oblong white birthday cake was decorated in pink roses and white candles.

Betty Stewart To Present Pupils In Xmas Recital

A cavalcade of Christmas music will be presented on Sunday afternoon, Dec. 4, at 2:30 p. m., in the Community Center by the pupils of Miss Betty Stewart, it was announced this week.

The program will consist of a variety of musical selections appropriate for this season of the year. Emphasis will be placed on originality and creativity in regard to the composition and performance of music; these two ingredients being such an intricate part of music, it was announced. Students to participate in the first half of the program are: Melissa Jones, Caron Chambliss, Darla Kay Martin, Martha Clark, Mark Hutcherson, Diane Clayton, Bonita Ballew, Susan Richards, Ricky Douthit, Kathy Hall, Kay Murdock, Jan Smith, Sherie Davis, Donny Scott, Jana Davis, Cindy Cummings, Wayne Davis, Meredith Douthit, Jo Ann Scott, Carla Cummings and Mrs. Theodore Swift. After a brief intermission, the second half of the program will be presented, beginning at approximately 3:30 p. m. Playing will be Mike Chappell, Boycene Bruce, Jamie Moss, Terry Wynn, Janet McNally, Debra Moss, Debbie Johnson, Gary Sims, Tommy Geene, Kathy Boney, Mitzie Lindsey, Connie Eddins, Marlene Moore, Carol Greene, Karen Jorgenson, Sherri Cleveland, Silus Ayers and Susie Sams.

Gifts from the family were also displayed on a table. Five generations were present to help Mrs. Grimsley celebrate. They were her daughter, Mrs. W. G. Young; her grandson, Foy Young; her great-granddaughter, Mrs. Dwain Ellerd; and her great-great granddaughter, ZAnn Ellerd. Cake and punch were served to Mr. and Mrs. W. G. Young, Mr. and Mrs. Dwain Ellerd and ZAnn and Mr. and Mrs. Ronald Morris of Wolforth. Two daughters and a son were unable to be present. They are Mrs. J. D. Wallace of Fresno, Calif., Mrs. Cora Ryan of Portersville, Calif., and L. W. McClendon of Lakeview.

Mr. and Mrs. Grimsley moved to Hall County from Nocona in 1916. Later they were engaged in farming in Brice and Lesley communities. Mr. Grimsley passed away six years ago and she lived in Lakeview until January, 1966, when she moved to Cousins Home.

Sonya Kay Jeffries Honored On First Birthday Nov. 19

Sonya Kay Jeffers, the daughter of Mr. and Mrs. Jerry Jay Jeffries, was honored on her first birthday Saturday, Nov. 19. Balloons, whistles, and hats were given as favors.

The hostesses, Meses. Sandra Jeffries, R. H. Shackelford, and O. C. Nichols, served tasty refreshments to the following guests: Cheryl Lynn McWhorter, Johnny Murdock, Tommy Dale Maywell, DeeDee, Shane, and Johnny Perkins and Freddie and Keith Capwell.

Visiting in the home of Mr. and Mrs. R. F. Pepper over the holiday were Lemull Pepper and family of West Minister, Calif.; Mr. and Mrs. Reno Pepper and family of Estelline; Miss Jeanette Pepper of Abilene; Mr. and Mrs. James Pepper and family of Memphis and Mr. and Mrs. Tim Chadwick and boys of Foreman, Ark.

Delphian Club Members Hear Program On National Defense At Tuesday Meet

Members of the Delphian Club enjoyed a most informative program on "National Defense" Tuesday, Nov. 15. Mrs. Henry Hays was hostess for the afternoon, assisted by Mrs. O. R. Goodall.

Mrs. J. S. McMurry gave the meditation, "To Be Called An American." To be called an American is one of the greatest blessings of this age, Mrs. McMurry said. We are regarded throughout the world as free individuals. We are most fortunate to live and be a part of a nation which has its beginning in the hearts of men who desired to be free, she stated.

Mrs. Joe Bob Browning gave a report on the Disaster of Power Failure. When the power went off in the east last Nov. 9 many people were stranded from their homes. People were stranded in subways and many spent the night in hotel lobbies. If this same thing had happened in January or February in sub-zero temperature many people would have frozen to death, she pointed out. Hospitals, schools, subways and privately owned stores began a trend to secure emergency generators, she said.

The president ordered the Federal Power Commission to make a full scale investigation. Even no assurance could be given that a major power failure could not occur again, she concluded.

Mrs. Mildred Stephens gave a report on "America's Floating White House."

In her talk, Mrs. Stephens pointed out if the Reds ever unlose atomic missiles aimed at Washington, the president could head for several possible refuges. Deep underground near the nation's capitol are special bomb shelters waiting for him and his staff. Or he could take to the air in an Air Force jet, or go to sea on the most hush-hush ship in the Navy. This seldom talked about vessel is the USS Northampton on the success of whose operation could some day hang the security of the free world.

Mrs. Stephens said the details of the Northampton's special equipment is known only by the joint chiefs of staff, top department of defense personnel and possibly the president. They could from this tiny dot in the vast Atlantic Ocean direct a global war and maintain control of the national government. The Northampton can steam at well over 30 knots and can send a message around the world in eight-

tents of a second. It has been designed to withstand any atomic, chemical, or bacteriological weapons.

Miss Maud Milam concluded the program with a report on the Guardian Mountain of Our Continent." Cheyenne Mountain, just south of Colorado Springs, looks just as it did to pioneers who fought their way westward over a century ago, yet it is the most important mountain on earth, Miss Milam said. For deep in its impregnable innards, below a roof of 1500 feet of solid granite stands the new combat operations center of the North American Air Defense command. Here this battle staff keeps day and night watch on the world, monitoring a marvelous, bewildering complex of intelligence and communications system, ready to detect and identify in its earliest moments any attack launched against this continent.

NOARD's primary mission is to sound the alarm in case of attack, the speaker said. It's under the mountain nerve center of continental defense is as bomb and sabotage proof as anything can be made. The warning system against the Soviet capabilities would be effective against any offensive system aimed at this continent. So we can relax, Miss Milam concluded, "The continent is in competent hands."

Lovely refreshments were served to Meses. W. C. Dickey, F. A. Finch, Jack B. Boone, J. S. McMurry, C. C. Hodges, Jimmy Roden, Billy Lockhart, Sim Reeves, Gaylen Ariola, Joe Bob Browning, R. H. Wherry, Mildred Stephens, R. C. Clements, A. Anisman, J. L. Barnes, Clyde Smith,

Alpha Circle Meets Mon. With Mrs. Coppedge

The Alpha Circle of the Woman's Society of Christian Service met Monday, Nov. 21, at 3 p. m. in the home of Mrs. J. W. Coppedge with Mrs. O. M. Gunstream as hostess.

After the opening hymn, Mrs. Brown, serving as leader, introduced the "Call To Prayer and Denial" program by giving interesting discussion of the United States project which is the Pension Fund for 1966. The field of their service among English-speaking people in New York City; their work among the American Indians and unwed mothers as well as the need met in rural communities.

Prayeresses are emissaries, serving lovingly and with dedication where there is suffering, need and lack of opportunity," said.

Mrs. F. W. Foxhall gave a report on the community centers of the world, the overseas centers to which half the "Call to Prayer and Denial" offering. The recipients are Sweet Memorial Institute in Sanitago, Okla.; Yokasuka Center in Japan; The Center in Heoul, Korea; Methodist Social Center in Manila, Philippines; Theodore Center in Calcutta, India; Christian Center, Mozambique, Africa, and Memorial Center in Constanza, North Africa, she said.

The World Division of the Woman's Society of Christian Service has 118 community centers in 18 countries overseas. They are working to express love to people in need, regardless of race, nationality or religion, it was pointed out.

N. A. Hightower led the entire Thanksgiving meditation with the group singing verses—intervals of the hymn, "For Beauty of the Earth." During meditation, prayers were offered by Mrs. Edd Hutcherson and Lee Brown.

The hostess served tasty refreshments to the above mentioned and Mrs. Myrtis Phelan, David Hamblin, Mary Lou Erwin, Bess Crump, Louis Goffinett, J. W. Oliver and W. J. McMaster.

Harmony Club Meets In Home Of Mrs. Kinard

The Harmony Club met Wednesday, Nov. 9, at 4 p. m. in the home of Mrs. D. L. C. Kinard with Mrs. T. L. Rouse as co-hostess.

Members responded to roll call with topics assigned to each one for the year.

The following program was given after a business meeting. A talk on interesting facts about famous organs by Mrs. Joe DeBerry; organ-piano duo, "The Lord's Prayer" by Mrs. Kinard and Mrs. Rouse; violin solo, "Tramerei", Schumann, by Mrs. Cliff Farmer, accompanied by Mrs. John Chamberlain.

Also piano solo, "Prelude in E Major," Rachmaninoff, by Mrs. John Chamberlain; organ-piano duo, "The Lord is My Shepherd", Kaschat, by Mrs. Henry Foster and Mrs. Carl Smith.

Tasty refreshments of pumpkin pie, nuts and coffee were served to the following: Mrs. John Chamberlain, Joe DeBerry, Cliff Farmer, George Ferris, Henry Foster, Bob Fowler, Dick Fowler, Gordon Gilliam, R. S. Greene, Miss Esta McElrath, Mrs. Leah Phillips, Mrs. Robert Sexauer and Mrs. Carl Smith and hostesses, Mrs. Kinard and Mrs. Rouse.

Three Estelline Girls To Enter Wool Contest

Three girls from the Home Economics Department in Estelline High School will participate in the Wool Contest to be held at Texas Tech Saturday, Dec. 3. They are Glenda Jameson, Jeanette May and Rhonda Gowdy.

Glenda, a senior, will wear a two-piece wool olive green dress trimmed in red and golden orange houndstooth check. Her pattern is a Vogue Paris original by Pierre Cardin. The jacket has three-quarter length sleeves trimmed in the golden orange check and is worn over an A-line skirt. Her accessories will be olive green shoes, gloves and hat.

Another senior, Jeanette May, will enter a two-piece wool dress of plum tweed. The top has a low collar and long sleeves and has a zippered back. It features top stitching at the shoulders and down the sides. The A-line skirt also features top stitching down the sides and flap pockets. She will wear a plum colored shell. Her accessories will be black. Her pattern is a Simplicity Designer Fashion.

Rhonda Gowdy, a junior, will wear a long-sleeve light blue wool shift. The large yoke in blue and white checked houndstooth. Tiny buttons accept the cuff and the front of the dress. Rhonda's pattern is also a Simplicity Designer Fashion. She will wear a black pillbox hat, black gloves and shoes.

The judging will begin Saturday morning. The dresses will be judged on workmanship, beauty of design, coordination of design and fabric with the individual, and the appearance of the fashion on and off the contestant.

At 2 p. m. in the afternoon, the grand final style show at which the winners will be named

will be held in the Student Union Building. The national winner of the wool contest will be awarded a trip to Europe, it was announced.

The girls will leave for Lubbock Friday afternoon and will spend the night there. Mrs. Mitchell, their sponsor, will accompany them on their trip.

Wesleyan Guild Meets For Study Monday Evening

The Wesleyan Service Guild met on Monday evening in the Methodist Church Annex with Mildred Gidden, president, presiding. Lillie Messer gave the opening prayer followed by the study with Mildred Stephens serving as leader. The program was "The Mission School," its purposes being to examine Christian schools under Methodist auspices in foreign lands to see how they meet the demands of the changing world; the significant role Methodist women have played in pioneering education; to evaluate the fu-

ture of church-related schools; and to accept the inevitability of nationals taking over the schools.

The six nationals were represented by Dorothy Gowan, India; Hester Bownds, Rhodesia; Ola Gowan, Korea; Ruth Fowler, Brazil and Mexico; Mildred Gidden, Pakistan; Mable Lavender, South America.

Betty Johnson played the role of the missionary, Brunetta Morris the interpreter, and Annette Boswell the sceptic.

Mazine Phillips and Viola Morris were hostesses to Mildred Gidden, Neville Wrenn, Ola Gowan, Pauline Wynn, Dorothy Gowan, Beth Lemons, Hester Bownds, Annette Boswell, Ruth Fowler, Betty Johnson, Brunetta Morris, Mildred Gidden, Ruby Compton, Cora Belle Alexander, and Lillie Messer.

Mr. and Mrs. Dale Dronberger and daughters, Lise and Julie, of Hutchinson, Kans., visited relatives and friends Saturday and Sunday. En route to Memphis they also visited in the home of Mrs. Dronberger's father, Horace Tarver, in Borger.

Hall County Ranchers To Receive Free Brucellosis Tests On Cattle

Hall County has been certified as a "brucellosis free" county in Texas, but in order to keep the certification, a minimum of 43 herds of cattle in Hall County must be tested once every three years. This announcement was made this week by W. B. Hooser, county agent.

A herd of cattle may be classified as one or two dairy cows or a herd of beef cattle, he said.

W. J. Copeland, inspector for the Texas Animal Health Commission, will be in Hall County Saturday, Dec. 12, to test cattle for brucellosis (Bangs disease). Anyone desiring to have cattle tested free may turn in his name, address and number of cattle to the County Agricultural Agent's Office, and the cattle will be tested free of charge.

Hall County is supposed to be inspected for scabies also. The cattle will not have to be penned for scabies inspection, but all

those producers who desire to have cattle tested for brucellosis, will be required to have the animals in a lot or pen in order to obtain blood samples for the test, Hooser said.

Thanksgiving dinner guests of Mr. and Mrs. Gary McWhorter and Cheryl were her parents, Mr. and Mrs. Arthur Cole of Quanah.

Marsha Madewell and Pat McWhorter were in Amarillo on business Monday.

Causes For Low Micronaire Readings In 1966 Cotton Crop Are Explained

Low micronaire cotton may be defined as cotton which has a weak, irregular and immature fiber, K. E. Voelkel, officer in charge of the Memphis Cotton Class Office, said.

Because of this fiber condition, the cotton is less desirable on the market, and generally is penalized from 1 1/2 to 3 cents a pound as compared with sound fibered cotton. The misconception exists that low micronaire cotton prevails only with the shorter staple lengths and lower grades, but this is not always the case.

Voelkel said the chief causes for low micronaire readings are:

(1) Weather conditions, such as an early freeze on bolls that are not fully grown, stops the maturity processes and this results in low micronaire cotton. However, a freeze will not affect those bolls that are mature or open.

(2) A drought may also cause low micronaire cotton. If the cotton plant does not get sufficient moisture during the crucial fruiting period, the growth cycle of the cotton fiber is upset, and results in a weak fiber.

(3) Plant diseases may cause an inferior quality of cotton. Nematodes or "Root Rot" causes cotton to die. If these plants die during fruiting, which they often do, the bolls may open. Often this cotton is immature and weak and causes the cotton to have a low micronaire reading.

(4) Defoliation before maturity may cause low micronaire cotton. When the defoliant is applied and becomes effective, the maturity processes are stopped. Then, when the cotton is harvested, which in most cases includes mature and immature bolls, chances are the cotton will reflect a low micronaire reading.

These are some of the reasons for low micronaire cotton. An early freeze and drought conditions are natural causes and a farmer can do nothing about them. However, early defoliation of immature bolls are problems in the hands of the producer, and he can do something about them.

The fitness and maturity of cotton is measured by an air-flow instrument called a Fibronaire. This instrument tests the resistance of a certain weight of cotton (50 grains in this instance) to a certain amount of air pressure. If the resistance is low or if a lot of air will flow through the sample, it indicates that the

cotton is of a strong and mature fiber, and thus the fiber will have a high micronaire reading. The reverse, of course, is true with cotton that is immature and permits very little air to pass through the samples.

"This brief explanation may only arouse your curiosity so we suggest that you come by the office next time you are in Memphis. We will be happy to show you the operation of the office," Mr. Voelkel said.

Walton Twins Die In Hereford

Graveside rites for William Charles Walton, Jr., and Wanda Cheryl Walton, infant twins of Mr. and Mrs. William Charles Walton of Hereford, were held Wednesday, Nov. 23, at Hereford.

Born Monday, Nov. 21, in Hereford hospital, the infants lived only a few hours. William Charles weighed 1 pound while his twin sister weighed 2 pounds. She died at 5:30 Tuesday, and he died at 1:15 Monday.

Mrs. Walton is the former Sue Sherrill, daughter of Mr. and Mrs. C. B. Sherrill of Hereford, formerly of Memphis.

What Co-Operatives Mean to Hall County

There are those who would have you believe that Co-operatives are Tax-Free . . . that they get a free ride at the expense of the taxpayer. Here are the facts:

The co-operatives located in Hall County pay taxes, they contribute to charities, they support local firms with which they do business. They have large payrolls, adding to the community's income and in many cases offer services and facilities that would not be available without them.

Also, patrons of these institutions, that pay patronage dividends, pay Federal Income Taxes on these profits that are returned to them. Here are some of the combined totals taken from the individual reports of the firms noted on this page.

Wages and Salaries	\$275,664.95
Property Taxes	17,242.16
Other Taxes	6,598.80
Dividends and Capital Credits	332,374.01
Donations and Dues	4,766.78
Local Hauling and Freight	85,263.03
Spent in County	<u>\$721,909.23</u>

When you check these reports you will find
your co-operatives are a very vital part of the community . . . a part few citizens would want to do without.

FCC Grants FM Permit To MWC Broadcasting Co.

The Federal Communication's Commission, on Tuesday, Nov. 22, 1966, granted a construction permit to the M. W. C. Broadcasting Company of Memphis, Wellington and Clarendon, to build a new class FM broadcast station with the transmitters to be located in Memphis, Jerry Lynn Hooser, president and general manager, announced this week.

It is estimated that the station will be in operation within the next three months, he said.

According to the engineering of the new broadcast station, it should have a 90-mile radius. KBGH-FM will be located in the same building as KBGH-AM, which has been on the air eight months, after three months of construction, Manager Hooser said.

The M. W. C. Broadcasting Company is owned by Jerry Lynn Hooser and Dick Fowler of Memphis, and Frank I. Guess of Amarillo. Hooser stated that the company has plans of putting studios in Childress and Hollis, Okla., to be on the air the same time the FM station is completed.

Hooser said that just as soon as the construction is completed on the new FM station, with its studios in Childress and Hollis, this will make a total of five units in five different counties and make the station even more unique than it presently is with studios in Memphis, Wellington and Clarendon.

KBGH is unique in that all the remote studios in the other counties also have transmitters, and the signal is transmitted instead of using a telephone circuit as all other stations do. The signal is received in Memphis and then transmitted over the 1000-watt transmitter located in Memphis.

"The National Association of Broadcasters informs us that KBGH in Memphis, Wellington, and Clarendon is the only broadcast station in the nation using this type of transmission and retransmission of signals," Hooser said.

Girl Scout Fund Drive To Kick-off At Coffee Monday

The annual fund drive for the Girl Scouts will be made by volunteer workers beginning with a Kick-off coffee and doughnuts Monday, Dec. 5, according to Robert Montgomery, chairman.

To carry the responsibility of offering Girl Scouting to the Memphis girls involves expenses to which each community of the Quivira Council contributes, it was pointed out.

There are five active troops in this community serving approximately 53 Girl Scouts from Brownie to Cadette levels, it was pointed out.

All members making the drive will meet at the Community Building Monday morning at 7 a. m. for coffee and doughnuts to pick up cards for the names of individuals and farms.

With the complete cooperation of those making the drive and the citizens of Memphis, it is expected that the drive will be very successful, it was stated.

L. C. Martin has accepted the responsibility of serving as auditor again this year, and all contributions will be turned in to him at the First State Bank, the sponsors announced.

Hooser Explains

Hooser said, will be for cotton farmers to fail to support the 1967 Cotton Marketing Quotas. In event of disapproval, there will be no direct payments, he said.

In 1967, cotton will be supported at 50 per cent of parity to producers planting within their allotments, he stated.

The law permitting transfer by lease and sale of cotton allotments will be suspended for 1967, Hooser said.

Mickey Black Is New Member Of Local SCS Staff

Soil Conservationist Mickey Black has moved to Memphis and has joined the staff of the Soil Conservation Service assisting the Hall County Soil and Water Conservation District, it was announced this week.

Mr. and Mrs. Black are residing at 1320 North 16th St. in Memphis.

He served with the SCS in Dumas where he was on the working staff of the Moore County Conservation District. Black will take over the position formerly held by Howard Carlton, who was transferred to Knox City several months ago.

Black is a 1964 graduate of Texas Technological College and was commissioned a Lieutenant in the U. S. Army following graduation. He has served two years with the Army in Ordnance until his release recently.

He moved to Memphis after his release from active duty at Ft. Sill, Okla.

Black worked for the SCS for two years, off and on, before going on active duty.

Henry Gregory, Work Unit Conservationist, said, "We are happy to have Mickey with us and want everyone to get to know him as soon as possible."

HEMISFAIR TO FEATURE FIESTAS
San Antonio, justly famed for its brilliant, week-long fiestas, can whip up a party at the drop of a sombrero. Its 25th birthday party, HemisFair 1968, in addition to being an education on a compact, 92-acre campus, will be a 184-day fiesta. Fairs, traditionally, are fun, particularly for children. HemisFair in all of its planning, will never lose sight of that vital fact.

Memphis Cager Teams Enter Shamrock Meet

Memphis basketball teams under Coach Travis Gilliland are in Shamrock today for their first round matches in the Shamrock Invitation basketball tournament.

At 12:10 today the Memphis Cyclonettes played the Lefors girls team. If the local girls win this game they will play Friday at 2:10 p. m., but if they lose the game they will compete at 3:20 p. m. Friday.

The Memphis boys team is matched up with Shamrock Irishmen, with the game getting underway at 9:30 p. m. tonight. Shamrock boys are favored to win the tournament as are the Spearman girls.

If the Cyclones win Thursday's game, they play at 6:30 p. m. Friday and if they lose the game they play at 10:30 a. m. Friday. All finals are scheduled for Saturday afternoon and evening.

Next Tuesday, Dec. 6, the two Memphis teams will play hosts to teams from Wellington at the MHS gymnasium. The first game begins at 6:30 p. m.

The Memphis boys lost two hard fought games this past week, but continue to show steady improvement. Last Friday night at Quail, the boys lost a 61 to 56 game after trailing at the end of three quarters 46 to 25. "We had a real good fourth quarter effort," Coach Travis Gilliland said.

Bobby Carroll scored 13 points to be the Cyclone's high scorer while Quail's Earl Lynn Feenster had 20 points.

In the girls game, the Memphis girls lost a 42 to 34 game to the Quail girls. Janie Watson had 19 points for the Cyclonettes while Quail's Reta Cummings had 22 points.

Monday night, Memphis Cyclonettes were invited to play the Dodson varsity girls since Dodson had no B teams, and games were scheduled. Coach Gilliland said that since the varsity girls were open Tuesday since the boys were playing Quanaah, a school without girls teams, he accepted the invitation.

This game proved to be one of the best for the local girls as they won the encounter 43 to 30. The Cyclonette set a new scoring record as Cynthia Evans had 28 points to be the leading scorer. Coach Gilliland said Sandy Saye, and Linda Gaston did fine jobs during the game.

In the boys game, the Memphis B team played the Dodson A team boys and lost the encounter 54 to 48 in a good game.

The Cyclone took on the ever tough Quanaah Indians at Quanaah Tuesday night and lost the game 52 to 42. The boys were trailing by three points at the end of the third period but fell behind the Indians in the final stanza.

Bobby Carroll had 11 points for Memphis while Quanaah's Joe Payne had 15 points.

Coach Gilliland named Willie Devore, Kenneth Cornish, Bobby Carroll, Tony Pounds, Larry Gaston, Gary Rea, Clyde Wilson, Junior Graves, and Dwayne Jones on the Cyclone squad.

The Cyclonettes roster reads: Vee Latimer, Cynthia Evans, Janie Watson, Connie Bradshaw, Sharon Gaston, Sandy Saye, Bonnie Vick, Sue Melton, Karen Nunnelly, Kathy Pyeatt and Tommie Wilson.

CARD OF THANKS

I want to take this means of thanking the many friends who sent flowers and get-well cards to me during my recent illness. I also want to thank the doctors and nurses at Hall County Hospital for the many kindnesses shown me while I was a patient in the local hospital. Each act of kindness was deeply appreciated.

YOUR COUNTY AGENT SAYS

Bulk Feed Offers Benefits

Since there have been many claims made regarding the benefits of bulk feed, let's take a closer look at bulk feed handling on the farm. Nowhere does the old saying "use your head and save your back" apply better, says County Agent W. B. Hooser.

A farmer milking 50 cows needs to handle approximately 165,000 pounds of feed excluding roughage one or more times each year. To produce 500 market hogs will require approximately 365,000 pounds of feed, and 200 head of grain fed cattle will eat 390,000 pounds or 195 tons, points out Hooser.

Unfortunately, some farmers have been led to believe that greatly exaggerated savings could be realized by the elimination of bag costs alone. Actually, there is only a modest saving here since the costs of bulk bins must be amortized out. By far the greatest savings offered by bulk feed are those realized through a reduction in the time and labor required in feeding.

Most important, says the agent, is the elimination of plain hard work offered by feeding. After installing bulk facilities on their farms, farmers have said they even were willing to pay a premium for this easy, economical, and efficient method of feed handling.

Handling feed in bulk is no more aching backs and muscles from unloading, carrying and emptying feed bags. Thousands of poultrymen, dairymen and livestock raisers throughout the county are finding that bulk feeding they no longer eliminate one of the most breaking chores in farming.

Farmers who are not handling their feed in bulk should contact their local feed supplier or county agent as to possible assistance in planning an improved materials handling system on their farms.

Evergreen trees such as spruce, fir and pine lose a crop of leaves each year, but not all at once. Deciduous trees.

EMPHASIS MEMPHIS

... and County Comments
—By HAC

Personal columns in this newspaper have not been published for several weeks, as many of our readers have told us. This has been deliberate in memory of J. Claude Wells, who wrote the column, "Claude's Comments" for about 40 years. As he passed on, there ended the career of a wise editorial writer. He knew the many towns in which he labored for over 60 years, and their people; also the problems with which they were confronted. His "Comments" are a matter of record.

From time to time, this column will be written. The subject matter will vary, and emphasis will be placed upon the things which are of prime importance to our growing city. Not to be overlooked will be Hall County, its people, activities, progress or problems.

As all readers know, Claude Wells had a weakness for the fine bloom of the garden and the flower bed. Your columnist has the same appreciation for beautiful things. Also, I have a recognition of the value of the fruit of the tree, the vine, the bush and plant—those things they yield which we enjoy on our dining tables. I was reminded of this recently when Mrs. Paul Blevins brought us several large turnips from her garden. They were delicious.

In my wife's column, "Around and About," during past years, she made reference to certain experiments and successes as a gardener and grower of flowers. I can't refrain from reporting her last-of-season effort: she and granddaughters decided last of August to spade up and plant a small turnip patch. This they did. Later vigorous plants were growing. We gathered a few "messes" of greens (turnip?) which were consumed. Two weeks ago she decided to pull up some of the turnips (?). There were none. Then she guessed they had planted mustard instead of turnip seed. Enough said. Then I told Herman Vallance about the fine greens we had enjoyed, and that Helen found no turnips in the ground. He told me right quick that there was a turnip seed which did not produce a turnip in the ground—just those big tender leaves. I am more confused than ever.

First Baptist Announces Plans For Building New Church

REV. JEFF MOORE

Rev. Jeff Moore To Speak At Baptist Dinner

Rev. Jeff Moore, former pastor of First Baptist Church of Memphis, will be the guest speaker Friday night, Dec. 2, when the membership will gather at the Community Center for an All-Church Loyalty Dinner. Rev. Moore pastored the church from 1943-1946. He is presently pastoring the Lakewood Baptist Church of Dallas, Tex., after a long and fruitful ministry with the Calvary Baptist Church in Borger.

The All-Church Loyalty Dinner will begin at 7 p. m. and will be held in the banquet hall of the Community Center. The dinner will officially begin a building fund campaign in which the membership of First Baptist Church will seek to raise \$125,000.00 of a \$250,000.00 building program. Mrs. Moore will attend the dinner with her husband.

Haskell Howell, building committee chairman, will serve as the master of ceremonies, and Mrs. Cliff Pedersen will sing. A brochure of the proposed building will be given to all who attend.

It was announced that the children of the church will be cared for at the church basement while the dinner is being held. The Moores will stay in the home of Mr. and Mrs. Byron Baldwin while visiting in Memphis.

The First Baptist Church of Memphis has voted to build a new church building, it was announced this week. The new plant will be built as soon as the membership raises one-half of the expected building cost.

The total building program, which includes remodeling the present three-story educational building, is expected to reach

\$250,000.00. The vote to build the new church plant was taken following a recent Sunday morning worship service and it carried by almost a 90 percent majority.

The church accepted the following recommendations: (1) That the First Baptist Church of Memphis, Texas build a new sanctuary, chapel and educational building; (2) That the new sanctuary be built in the same location as the present one; (3) That the chapel be built on the lot just north of the present educational building; (4) That office and educational space be built along with the sanctuary and chapel according to the recommended floor plan; (5) That the present three-story educational building be completely remodeled and repartitioned to meet the needs of the church program; (6) That the church build and remodel according to the plans and pictures presented by the Bently-Ray Associates of Cleburne, Texas; (7) That the church instruct the Building Finance Sub-Committee to begin immediately a fund-raising campaign to raise one-half of the expected building cost; (8) That the Building Committee be prepared to present to the church for approval a contract, blueprints, plans and specifications for the above mentioned building as soon as the church raises the necessary one-half of the expected building cost.

This eight-point recommendation along with a floor plan and artist conception of the new building were presented to the church by a building study committee which had worked almost three years on various plans and types of buildings before they found the building and plan they felt the membership of the church would accept. This study committee is composed of H. J. Howell, J. M. Ferrel, Jr., Melvin Jennings, Mrs. Omer Hill, Mrs. Robert Moss and Gene Lindsey.

In addition to the study committee the overall committee is composed of a finance subcommittee composed of Ace Gailey, Sam Jackson, Billy Ray Jones, and Roselyn Williams, and a furnishings sub-committee composed of Jack Rose, Bob Ayers, Rayford Hutcherson, Mrs. Hank Reed and Mrs. W. R. "Bug" Scott.

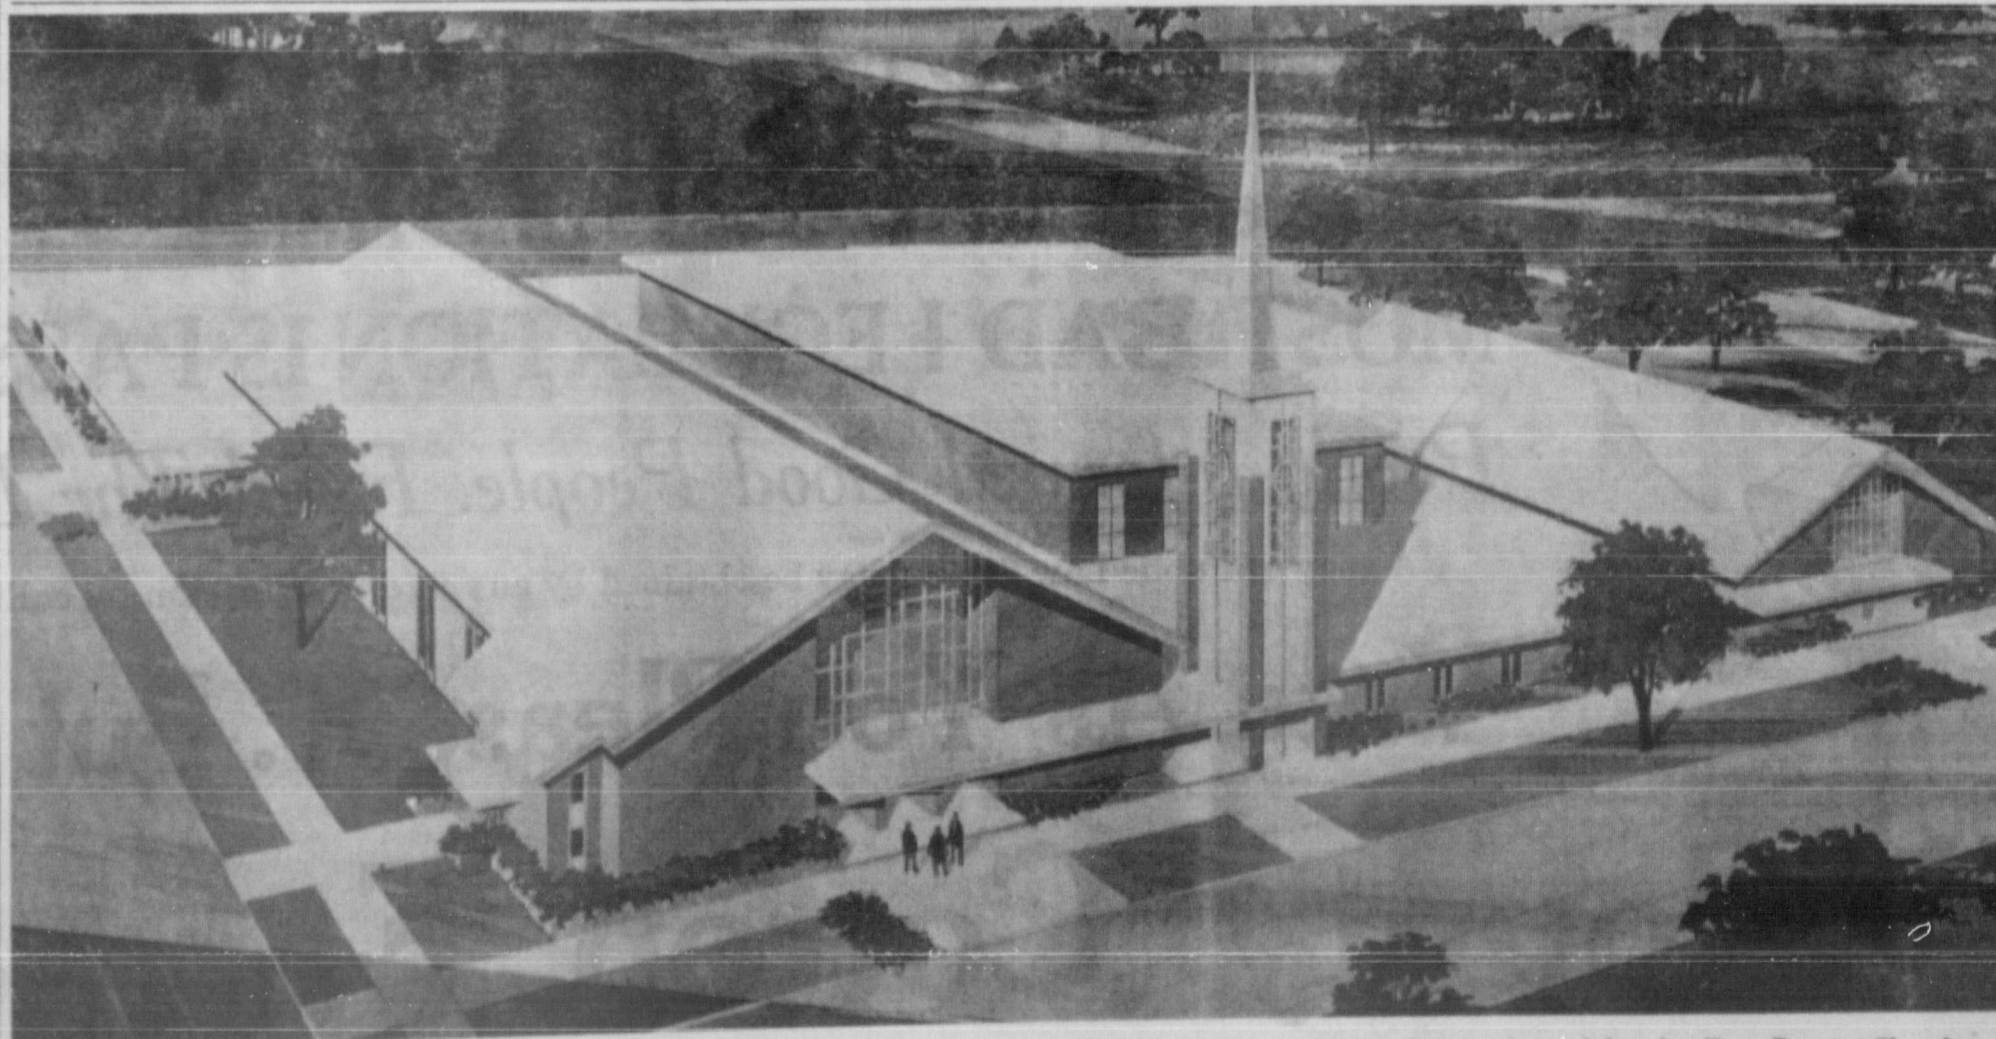

The finance sub-committee is now engaged in a program of fund raising. Teams have been trained which will canvass the entire church membership and the teams will begin their "Face to Face" visitation the first week in December.

The campaign will officially begin Friday night, December 2, with an All-Church Loyalty Dinner at the Community Center. The dinner will be served at 7:00 p. m. and will be followed with a program of information and inspiration. While the all-church dinner is being held the children of the church, twelve years and under, will be cared for in the church basement. Mrs. Frank Ennis will be in charge of the All-Church Children's Party which will begin with supper at 7:00 p. m. also.

All members attending the dinner will be given a full-color picture of the new building and a booklet explaining the entire building program with floor plans, diagrams and artist drawings. Mrs. C. D. Pedersen will sing and the speaker for the occasion is Rev. Jeff Moore, who pastored First Baptist Church from 1943 through 1946.

The Finance Committee has also adopted a plan whereby members and other interested individuals may give to the building program before the "face to face" visitation begins. The committee will set up a special table in the church annex and members of the committee will receive gifts from 2:00 p. m. until 4:00 p. m. on Sunday, Dec. 4; from 9:00 a. m. until 10:30 a. m. on Monday and Tuesday, Dec. 5 and 6; and from 1:00 p. m. until 7:00 p. m. on Monday and Tuesday, Dec. 5 and 6.

The pastor, Rev. Gene Jorgenson, has urged all the members of the church who will come by the church at the above given times and make their contribution. The goal for the campaign is \$125,000.00.

PROPOSED CHURCH FACILITIES—Shown above is the drawing for the \$250,000 building which is being planned by the First Baptist Church of Memphis. Members voted to build the structure and the fund-raising drive will be launched at an All-Church Loyalty dinner Friday night at the Community Center. The building will have 18,515 square feet of new floor space and 12,450 square feet of remodeled floor space. The Sanctuary will have a seating capacity of 525 and the Chapel will seat 160 persons. There will be 18 classes in the adult department, two classes in the young married people's department; four classes in the single young people's department; eight classes in the two intermediate departments and eight classes in the two junior departments. There will be three primary departments, two beginner departments, four nursery departments, choir room, library, parlor, kitchen, staff offices, record office, and fellowship hall.

DO YOU KNOW THE ANSWERS TO THESE QUESTIONS About the Cotton Check-Off? (Public Law 89-502)

Question (1): What is the cotton check-off law? (Sec. 2, lines 19-21).

Answer: Sec. 2: "As part of the overall governmental program for effectuation this objective, means of increasing the demand for cotton." The bill says that the cotton check-off is a part of an "overall governmental program" which means it is not a voluntary producer program.

Question (2): Who has the absolute power to censor advertising and promotion? (Sec. 6 (a) lines 22-25).

Answer: Sec. 6 (a) gives the Secretary absolute power to censor anything that may be said in an advertising or promotion program financed under its authority.

Question (3): Will the farmer be the only one to benefit from this bill since he is the only one paying for it? (Sec. 6 (b), lines 1-4).

Answer: Sec. 6 (b) "Providing for establishing and carrying on research and development projects and studies with respect to the production, ginning, processing, distribution, or utilization of cotton and its products, to the end that the marketing and utilization of cotton may be encouraged, expanded, improved or made more efficient, and for the disbursement of necessary funds for such purpose. "This would clearly benefit handlers and processors as well as producers; however, the cost of these projects would be paid by producers.

Question (4): Can the Sec. of Agriculture bring suit against anyone not obeying the order? (Sec. 7 (e) lines 9-13).

Answer: Sec. 7 (e) "The Secretary may maintain a suit against any person subject to the order for the collection of such assessment, and the several district courts of the United States are hereby vested with jurisdiction to entertain such suits regardless of the amount in controversy."

Question (5): Backers say you can get a refund. HOW? (Sec. 11, lines 18-25).

Answer: "A producer can receive from the Cotton Board a refund of such assessment: Provided, that such demand shall be made personally by such producer in accordance with regulations and on a form and within a time period prescribed by the Board and approved by the Secretary." Now . . . you tell us how you will be able to obtain a refund.

Question (6): If you are dissatisfied with the answer on your refund who do you file your petition with? (Sec. 12 (a), lines 2-11).

Answer: Sec. 12 (a) "Any person subject to any order may file a written petition with the Secretary . . . He shall thereupon be given an opportunity for a hearing upon such petition, and in accordance with regulations made by the Secretary. After such hearing, the Secretary shall make a ruling upon the prayer of such petition which shall be final, in accordance with law."

Question (7): Who can serve on the cotton board with the Secretary? (Sec. 14 (g)).

Answer: "The organization's ability and willingness to further the aims and objectives of this act:"

This is the seventh and final requirement to place a man on the Cotton Board. Could your association place a man on the Board if during the next week you voice your opinion against this law? Of course, you understand that all applicants are subject to the approval of the Secretary.

Question (8): Who regulates the law? (Sec. 15).

Answer: Sec. 15. "The Secretary is authorized to make such regulations with the force and effect of law, as may be necessary to carry out the provisions of this act and the powers vested in him by this act."

Question (9): Who will investigate the practices of this act? (Sec. 16 (a)).

Answer: Sec. 16. "The Secretary is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the productions of any books, papers, and documents, which are relevant to the inquiry." (Refer back to Sec. 12 (a)).

Question (10): Who is a handler? (Sec. 17 (d)).

Answer: Sec. 17 (d). "The term 'handler' means any person who handles cotton or cotton seed in the manner specified in the order or in rules and regulations issued thereunder."

Section 9 (a) states: "The Secretary shall, whenever he finds that any order issued under this Act, or any provision thereof, obstructs or does not tend to effectuate the declared policy of this Act, terminate or suspend the operation of such order or provision thereof."

Memphis Chamber Of Commerce Is Sponsoring Christmas Lighting Contest

(Editor's Note: Mrs. Bray ... submitted the following information publicizing the Christmas lighting contest now being sponsored by the Memphis Chamber of Commerce. Citizens are urged to cooperate in this project to make Memphis one of the most beautiful towns in this area during the coming holidays. The article is as follows:)

DO YOU KNOW That Bethlehem, the name of the town of old that gave birth to the humble beginnings of Christmas is in Texas too? The town of Bethlehem is in the pasture country on a high ridge in the northern part of Upshur County, East Texas.

DO YOU KNOW That Pope Julius, about the year 349 A. D., fixed December as the date of Christmas? Two years later, after agreement on the date had been reached among church officials, some in favor of the date in January or February, decreed that Christmas should thereafter be celebrated on December 25. In the 6th century A. D., the year 543, Christmas made a legal holiday in Rome.

DO YOU KNOW That the "Messiah" oratorio, a Christmas tradition, was composed by George Frederick Handel only 25 days? It was first performed in 1742 in Dublin. A year later King George II set the custom of standing during the oratorio "Hallelujah."

DO YOU KNOW That the first crude mechanical toys appeared as early as 1000 B. C. They were first equipped with clockwork in 1672 by toy makers of Nuremberg, Germany, already famous for their toys. A French sailor who had survived the losing battle of Trafalgar with Napoleon was the unacknowledged pioneer of mass-produced mechanical toys.

DO YOU KNOW That under the Roundhead Parliament of Cromwell in England, celebrating Christmas was considered a crime?

DO YOU KNOW That many of our Christmas traditions and observations came from paganism and other religions? For instance, mistletoe was hung over the entrances to homes in Scandinavia to keep out evil spirits. It was believed that at the time the supposedly invulnerable

able god "Balder" was struck down by a dart made of mistletoe. The tears of his mother, Frigga, became the white berries of the mistletoe, and it was decreed that henceforth the plant could never be used for a weapon. Frigga, who was the goddess of love, thereafter gave a kiss to anyone passing under the mistletoe.

DID YOU KNOW That beginning each December 8th is the Jewish "Hannukah". This week-long festival was instituted by Jacobus Maccabeus in 125 B. C. as a celebration of the re-dedication of the temple following a victory for freedom and peace. The week is a time of singing, feasting, and light-hearted exchange of gifts. The "Hannukah" or "Festival of Lights" is marked by the lighting each day of the week of one of the candles in the "Menorah", a candelabrum holding the week's supply of candles.

DID YOU KNOW That candles have always been considered the symbol of enlightenment and welcome. In earlier times trees were decorated with tiny candles, and candles were placed in windows to guide the wanderer home and to welcome the weary traveler. Today the candles are replaced by electric lights, but the purpose remains the same.

DID YOU KNOW That the Committee of Community Improvement of the Memphis Chamber of Commerce is sponsoring a Christmas Lighting Project for our town? Prizes will be given for the most outstanding outdoor lighting display in the residential area and also for the most attractive window or door display. Award ribbons will be given to the business houses preparing the most attractive windows heralding the season. Out of town judges have been selected and judging will be done the evenings of December 16th and December 17th, so keep your lights on until midnight at least on those nights. Let's deck the walls and deck the halls and let our town extend "Season's Greetings" to all.

Public Invited To Pentacostal Church Services

Sister Charlotte, former Carmelite Nun, is giving a series of lectures here at the United Pentecostal Church, located at 521 North 9th Street.

The services began Tuesday night, Nov. 29, and will continue through Monday, Dec 5, N. J. Pope, pastor, stated.

Services are held each evening at 7:30 p. m. The public is cordially invited to hear Sister Charlotte tell her remarkable story of conversion with malice towards none and charity for all, Rev. Pope said.

Dwight Johnson Is Undergoing Basic Training

Seaman Recruit Dwight J. Johnson, 19, USN, son of Mr. and Mrs. Audrey Johnson of Route 1, Estelline, Texas, is undergoing nine weeks of basic training at the Naval Training Center in San Diego, Calif.

He is receiving instructions in Naval customs, courtesies and organizations, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival, shipboard drills and sentry duty.

A program of physical fitness, military drill and inspections keeps the recruits mentally and physically alert during their training. His Navy Classification tests will determine whether he will be assigned to a school, shore station or ship after his graduation.

Noel Clifton, Jr., who is a student at Texas Tech College in Lubbock visited over the Thanksgiving holidays with his parents, Mr. and Mrs. Noel Clifton. Mrs. S. K. Jones of Estelline was also a guest on Thanksgiving Day in the Clifton home.

Former Resident Of Memphis Dies In Midland Nov. 20

Charles E. Champion of Midland, son-in-law of Mrs. Emma Baskerville of Memphis, died Sunday, Nov. 20, in a Midland hospital after a brief illness. He was 49 years old.

Funeral services were held Tuesday, Nov. 22, in the First Baptist Church with Dr. L. L. Morris, pastor, officiating. Interment was in Resthaven Memorial Park under the direction of the Newnie W. Ellis Chapel of Midland.

Charles (Champ) Champion was born June 29, 1917, in Memphis. He attended the local schools in Memphis and was a center of the varsity football team at West Texas State University which he attended. He also went to Draughon's Business College in Dallas.

Champion had been a Midland resident for the past 16 years and was employed by Western Production Credit Association with offices in Stanton. He served the firm as assistant manager and secretary-treasurer. Champion was a member of

the First Baptist Church and served as Lodge Deputy and past Chancellor Commander of the Knights of Pythias. He was a veteran of World War II serving in the Navy at that time.

Survivors include the widow of Midland; two sons, Charles E. Champion Jr. of the U. S. Army and Jack Ray Champion of the U. S. Air Force; a sister, Mrs. E. P. Clark of Richardson; and two brothers, D. L. Champion of California and L. E. Champion of Tyler.

CARD OF THANKS

I wish to express my sincere thanks to everyone for your visits, prayers, flowers and cards I received while I was in the Hall County Hospital. Also, I thank Dr. Stevenson and the fine nurses who were so kind and untiring in their excellent care.

I will always be grateful to each of you and to the cute little candy stripe girls for every kindness.

May God's blessings be upon you is my prayer.

Gerry Knight Participates In Oratorical Contest

Gerry Knight represented the Simmons-Noel Post of Memphis at the annual Oratorical Contest of the American Legion held in Groom last week.

He gave the same speech Tuesday noon at the Rotary Club.

The contest is an eight minute speech on the Constitution of the United States. "Memphis has been asked to hold the contest next year. We would like to have several students from all the schools in the district to enter," the Legion announced.

Accompanying Gerry to Groom were Mrs. Gerald Knight and Mr. and Mrs. Bill Ballew.

John M. Elliott of Lubbock, former Memphis resident, was a Memphis visitor Wednesday.

Memphians Attend Dinner Honoring Legion Officials

Wayne McClendon, Mr. and Mrs. Joe Allard and Mr. and Mrs. Bill Ballew were in Hereford Saturday night, Nov. 19, where they attended the Homecoming Banquet and Dance given in honor of Mr. and Mrs. Jack Flynt of Dimmitt.

Mr. and Mrs. Flynt are the Legion Commander and Auxiliary President of the American Legion, first husband and wife team to hold these offices.

The banquet menu consisted of Texas barbecue, onions, beans, potato salad, and coffee.

Dignitaries from all over the state of Texas were present for the occasion.

gins. Entire crop may be harvested by Christmas. Quality is not up to expectations, and yield disappointing on many farms. Kermit Voelkel, who is officer in charge of the Memphis Cotton Classing Office, has explained what has happened as far as the grade and staple are recorded. He knows whereof he speaks, and has spent nearly 36 years in the Marketing Service of USDA.

Football for '66 is over for MHS and other county teams. Memphis fans were proud our boys went to Bi-District against Post. Thus ended a fine record for the Cyclone... after the Amarillo and Lubbock sports-writers placed us in the cellar in early predictions.

In discussing football, I am reminded of some kind of record which was established a long time ago when Memphis High School boys started playing the game. It seems that a member of that early-day team lettered five years for MHS. He is Oren Jones. As the facts unfold, he swept the gridirons as an underweight freshman in 1913. Then lettered in 1914 and 1915. In 1916, he was, naturally, going strong and was the captain. After playing center for three years, the coach moved him to fullback. His fourth year in high school, the subject of economics was introduced, and Oren recognized a good thing, and took the course. Graduation time came. He found out that economics was not recognized by the State as a credit toward graduation—so, he had to return to MHS for another year to get his diploma. As 1917 rolled around, naturally, that Jones boy was again fullback and captain. The rules were not as stringent in those days, the record shows. Also, 1913 was the first year football was played by Memphis High School.

But here is another first for football! The 1917 Memphis team was a steamroller, and really moved the ball. Oren, it is reported, in a game against Childress that year, volunteered to join the Childress squad. It came about this way: Childress, due to injuries, had only one substitute left on their bench, and he refused to go in when the coach called him. Childress had to have another man... and Oren volunteered to play with them in order to finish the game. As old exes report it, the

Marinta's Floral And Gift Shop To Hold Open House

Martha Boren and Araminta Montgomery this week announced the opening of Marinta's Floral and Gift Shop, located one mile west of Memphis in the Boren Home near the Tower Drive In Theater.

Christmas open house will be held at the shop Saturday, Dec. 3 from 10 a. m. until 8 p. m., the owners stated. The public is cordially invited to come by any time during the day and inspect the new shop and the array of Christmas decor.

"We plan to specialize in party decorations of all types," the owners stated. A complete decorating service for homes, window displays, banquets and all types of parties will be offered throughout the year by our shop. Of course, at this particular time of the year we are featuring Christmas decorations in particular, Mrs. Boren and Mrs. Montgomery stated.

"We will handle some fresh flowers, but we are specializing in artificial arrangements and decor. And in connection with our decorations, we plan to operate a rental service for decorations for parties and banquets, the owners said.

Jones boy didn't hold back with the losing Childress team although facing his friends on the Cyclone team.

Visiting with Min. and Mrs. Tom Anderson over the weekend were his parents, Mr. and Mrs. C. D. Anderson of Crosbyton.
