Memphis Track Mile Relay Team Runs Close Second

Hall County athletes captured three state titles and one runner-up title at Austin last weekend in what has been described as the best State Meet Texas has had in many years.

Hall County's tennis players, the Rapp sisters of Estelline, and Turkey's Harvey Case, Alton Setliff and David Majors, all exceeded expectations as they brought home three of the four Class B trophies.

Old Glory's Miss Lutz won her fourth state crown in the girls singles, to be the first athlete in history to ever accomplish this feat.

Memphis' mile relay team came home a disappointed second, but even though they lost, it was not by any fault of theirs, for the race was far closer than the times indicated.

The Estelline girls, Cheri and Anne Rapp, lost only five games at Austin as they swept through competition and won the finals, 6-0, 6-0. These girls lost only 10 games from the time they entered district play until they won the state title by successfully defending the championship.

The Turkey boys doubles team found competition a little stiffer (Continued on Page 12)

Mrs. Estelle Barber Given Rotary Award

Mrs. Estelle Barber was awarded the first Rotary "Service Above Self" plaque Tuesday evening at the annual Ladies Night Banquet, by the club president, C. E. Voyles, and was presented with an orchid.

This is the first such an award made by the club, and will be an annual event, the president explained. In making the presentation, Mr. Voyles said that Mrs. Barber was the unanimous choice of the directors of the club.

By providing excellent food for service clubs and banquets, Mrs. Barber has endeared herself to the whole community. She has given unselfishly of her time and talents in order to provide this service for the community. She was given a standing ovation by all present.

Although Mrs. Barber was invited to be an honored guest at the club meeting, she chose to remain at her usual post in the kitchen to see that "Mrs. Barber's famous rolls" turned out perfect for the dinner.

Guest speaker for the evening was Rev. Kenneth Wyatt, pastor of the First Methodist Church in Morton.

Rev. Wyatt was introduced by the Rev. David Hamblin, pastor of the local Methodist Church, who explained that the speaker has become so popular as an after dinner speaker that he is taking

a one-year leave of his pastorate duties to devote full time to after dinner speaking.

Rev. Wyatt, who has spoken to Memphis audiences several times, entertained the group with humorous stories and concluded (Continued on Page 12)

Graduation Time Again

The 1966-67 school year will shortly come to a close, and the 1967 graduates will make the traditional walk across the stage to receive their high school diplomas.

The four school systems in Hall County will have graduation exercises for the next three Friday evenings, May 12, 19, and 26. The night these seniors receive their diplomas will be a night they will long remember for they have earned the diplomas by devoting 12 long years of study in the Public School System.

This newspaper is publishing special salutes to the graduating classes of Lakeview, Turkey, Esteline and Memphis this month and the Editorial Staff and Publisher would like to extend editorial congratulation to the seniors of all four Hall County Schools for making the sacrifice of staying in school until all requirements have been met and the diplomas earned.

The graduates of 1967 were born in 1948 or 1949, several years after World War II and most cannot remember the Korean War. What they know of World War I and II, and the Korean Conflict is what they have read in history books and what their elders have told them.

The graduates of 1967 will decide within the next few months, whether or not they will further their education by attending a trade school, college or university, or whether they enter the military service of the nation, or the labor market, putting to use some of the skills they have already acquired.

Our graduates have attended approximately 2,088 days of school and spent 14,616 hours to meet the requirements of graduation. They have learned much since their first day in the first grade when they couldn't read or write.

The five major employment fields open to young men and women today are: agriculture, industry, business, military, and government. In almost all of these, education plays a vital role, especially in industry, business and government.

Modern technology is developing new jobs daily, in fields not even dreamed of 10 years ago. It is an ever increasing task for employees in these fields to keep up with the advancement.

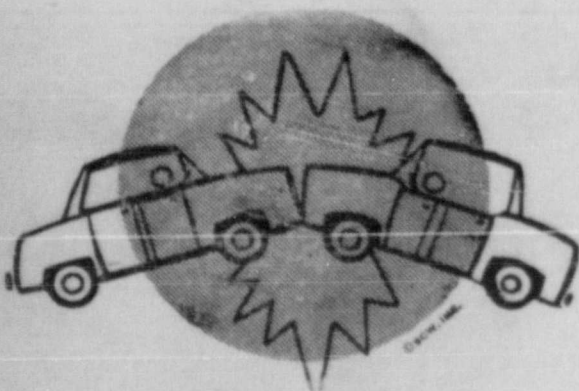

Our 1967 graduates have a bright future ahead of them wherever they decide to live or whatever they select as a vocation if they continue to acquire new skills and continue their education, day by day.

We would make this suggestion to graduates. Set your goals high and make up your minds right now to accomplish your goals by working day by day and making the sacrifices to reach them.

Our graduates have proved themselves in the classroom as being able to meet the requirement and have reached their first goal, the high school diploma. Your high school career will be memories within a few short days, which you will recall many times throughout your life.

What Other Editors Say

Law Day has been observed this past week, having as its purpose to call attention to the importance of the law in our lives.

The rule of law, rather than rule by men, has been the foundation of this free country, and under this rule of law, the most humble citizen is assured of the full protection of the majesty of the law.

Our heritage of equal justice under the law assumes some things, however. It assumes acceptance of and respect for all laws. It does not assume that an individual can respect the laws he likes and violate the laws which he disagrees, even if he is marching in a civil rights demonstration.

The law has taken a battering in recent years, through rulings of the U. S. Supreme Court which has set itself up as a group of men with mighty powers embarked on a plan to "implement social justice."

However, the structure of the laws is still intact and most people make an effort to observe and obey the laws. Tax reports are submitted voluntarily and promptly because it is the law. Local ordinances and state laws are obeyed because it is the law.

But there is no denying that the rule of law is in trouble. There are prominent citizens advocating disregard of the law especially as it pertains to military service and civil rights. Mobs march through streets demanding special exemptions from the law.

The trouble is that no nation can have legal protection for all of its citizens most of the time or some of the time. It has to be

all the time or not at all. Anarchy in the afternoon is not compatible with law and order the rest of the day and the night.

Observing the law in some areas and disregarding it in others is dangerous. Ministers, who advocate making a choice between God's law and man's law and obeying God's law are not always right. Too often they set themselves up as the judge of God's law.

Bad laws can be thrown out by the people if they want to do so badly enough because they can turn out the lawmakers who passed that law and elect somebody that will repeal it. The courts can throw out bad laws.

What we need to keep in mind is that respect for the law must be maintained because it is what keeps our freedoms.

"There is active evil, such as supporting evil men and traitors," he told his friend Cate, "and there is passive evil—not speaking when a man should speak—and that is the worst."

"You are a pillar of iron," Noi wrote Cicero. "Long after polished marble has crumbled, the iron of justice remained."

The above quotes are taken from "Pillar of Iron" by Taylor Caldwell. This novel, which Miss Caldwell spent nine years writing, is about Cicero and the Rome of his day that he tried to save. Only the author who write "Dear and Glorious Physicians" could make Cicero, Rome's angry man, a vital human being in this superb story.

A fine copy of "Pillar of Iron" was presented to the library by the Pathfinders' Club in February, 1967.

New books are arriving daily for adults and for children at the Carnegie Library. Each book reviewed in "Library Lore" is at the library in Memphis.

A brief time was spent at the Las Pampas Art Gallery, where all types of paintings are for sale from \$25 per picture to \$400. The work of local artists such as Dr. Emil Cabellero, WTSU Art Department head, as well as that of far-distant ones such as Noel Espinoza, of Mexico City, who is currently in Canyon for some portrait engagements, could be seen.

One member, Mrs. Cecil McCollum, was pleased to see on display pictures by Lee Simpson of Amarillo, newly professional, having studied with her father who is Charley Bunnell of Colorado Springs, a noted professional artist, teacher and lecturer, and the Dean of Colorado Painters.

For some the drive through Palo Duro Canyon was highlight of the day, and time was spent in silent tribute to God's power as shown in His handiwork, the 700-foot high canyon walls, the 15,000 acres of colorful formations of sandstone, and the spectacular vastness of the entire canyon.

Another favorite spot was the amphitheater where the stage production of "Texas" will be seen again this summer. On its entrance were the plaques of Panhandle Historical scenes including the one representing Hall County done by Jessie Murdock as a high school student. Members who had not already seen the play have now made plans to do so during the coming season.

Atalanteans were filled with the pride of knowing that such a place of natural land and water resources is located in their own "backyard," the Palo Duro Canyon, which is on the Prairie Dog Town Fork of Red River involving four counties. Now there is the possibility of connection to Hall County by a highway leading out of the canyon in the near future, it was reported.

Those making the trip were Mrs. W. R. Scott, Mrs. Cecil McCollum, Mrs. Bob Douthit, Mrs. C. W. Kinslow, Miss Imogene King, Mrs. N. A. Hightower, Mrs. K. B. Chick, Mrs. Milton Beasley, Jr. and Mr. and Mrs. Glynn Thompson.

The Atalantean Club will close out the year with a covered dish luncheon and installation of officers on Wednesday, May 17, at 1 p. m., at the Legion Hall with Mrs. Glynn Thompson and Mrs. Roy Jewell, hostessing.

Gamma Kappa Chapter Meets

The Gamma Kappa Chapter of Delta Kappa Gamma met for a luncheon May 6 at the Cherokee Inn in Wellington.

Mrs. Robison called the meeting to order. Mrs. Brunetta Morris gave the opening prayer which was followed by group singing in the official song, led by Miss Blankenship.

In keeping with the program theme for the year, "Nurturers of Creativity," the following approaches were used:

The centerpiece for the table was made of a gold torch surrounded by white candles and green ivy. In the foreground were three large red roses. Members of the ceremonial committee gave "Our Founders Tableau" "A Tribute to the Founders" by Es-

ta McElrath was given by Mrs. Freda Peters. "God Left the Challenge Candles for the Founders" was read by Mrs. L. C. Sweatt. The candles were lighted by Misses McElrath, Mable Mongold Coffee and Mrs. Peters.

The Gold Torch represented Dr. Anna Webb Blanton and the white one for the other founders. The red roses represented all the work and service achieved in the past; love and loyalty for one another; and for future deams to guide us on.

Many pictures were displayed on the walls of the Inn that were painted by the Wellington students of Dord Fitz.

The meeting adjourned until Sept. 9, at which time the organization will meet in Childress.

Hall County members present were Mmes. Anna Mae Foster Brunetta Morris, Misses Esta McElrath, Alma Bruce and Margaret McElrath.

Mrs. Herschel Combs, the president, presided over the business session. At this time Mrs. M. G. Tarver gave a report on the eye screening program for the Memphis kindergarten group. She also announced that morning and afternoon screenings would be held free and open to the public for children from 3 to 6 in the county health office May 5.

Mrs. Herschel Combs introduced the religious program which was a review of the book, "Tell No Man," by Adella St. John.

Mrs. Byron Baldwin, the reviewer, depicted the author's style, characters, and provocative situations vividly so the group listened with enthralled attention. It was the story of a successful business man who decided to enter the ministry, thus changing his life and those of his relatives and friends through present day spiritual miracles. Incidentally, this is a true story.

Hall-Donley Baptists To Have Joint Family Stewardship Conference Mon.

Baptist leaders in Donley and Hall counties will co-sponsor with the Stewardship Division of the 1.8 million member Baptist General Convention of Texas one of the more than 100 major conferences across the state introducing a 1967 Christian concept dealing with total stewardship from a family point of view.

Included in the new approach is a money management emphasis not only on what the family gives, but the wise use of what is kept, it has been pointed out in a publicity release from the Texas Baptist Convention.

Leadership and families in the Panhandle Baptist Association, comprised of approximately 4,300 members in some 11 churches in the two-county area, have been invited to attend the Monday, May 15, conference at 7:30 p. m. in the Hedley Baptist Church.

Rev. C. H. Murphy, Jr., is pastor of the host church.

Rev. John Stout, pastor of the Brice Baptist Church, is also the stewardship chairman of Panhandle Association and will lead in promotion of the area program throughout the year in addition to his work coordinating the Monday night conference.

Overall purpose of the sessions is to introduce an effective approach for churches to implement 1967 materials which are featuring "a Christian family witnessing to its faith."

On a compact program with local, area and state Baptist leaders, guest speaker for the event will be Rev. Joe Dee Ray, pastor of First Baptist Church in Borger.

Two staff members of BGCT Stewardship Division—Cecil Ray and Robert Longshore, both of Dallas—and administrative leaders of Panhandle Association also are scheduled to lead in the meeting, which includes two 7:30 to 8:30 p. m. conferences.

Local TEC To Screen Applicants For Job Corps

Billy L. Lynch, manager of the local office can now screen applicants for Job Corps. Job Corps for women is designed to give young girls, who drop out of school, a chance to finish their education and learn a vocation.

The Job Corps centers for women are located in metropolitan areas throughout the United States, he said. In addition to basic education, occupational training and work experience, centers include training in family responsibilities, the development of values, and skills which contribute to a stable family life.

Centers offer training in dress and clerical occupations, beautician, dental assistants, licensed practical nurses, and other practical courses. Centers also offer training in all occupations, industrial electronics, data processing, various operation and commercial graphic arts.

Girls will receive \$30.00 monthly while in the Job Corps and an additional \$50.00 per month will be placed in a fund which they will receive upon completion of training. Food, clothing and shelter is free. The girls have supervised guidance and counseling by trained personnel. Student supervisors and registrars are on duty at all times.

Girls who are between the ages of 16 and 22, have not finished high school, and wish to better themselves; this is an excellent opportunity to continue their education or learn a vocation and be paid while learning. Lynch said the Job Corps is a voluntary program and the girls are allowed to stay at least 90 days to enable them to overcome homesickness and become acquainted with their new surroundings and environment.

Any young ladies interested should contact Mr. Lynch at the Community Building at 1 p. m. on May 23 in Memphis or go by the Texas Employment Commission office, located at 119 3rd St., N. W., in Childress for additional information about Job Corps.

Hall County Cotton Acreage Allotment Transfer Vote Is May 15 Through 19

Hall County cotton growers will be voting by mail during the period from May 15 through May 19 on whether to permit the transfer, by sale or lease, of cotton acreage allotments to other counties, Roy L. Gresham, chairman of the Hall County ASC committee, announced this week.

If two-thirds of the growers voting in Hall County approve, or vote "yes," transfer of allotments to other counties for the years 1968 and 1969 will be permitted. The transfer of allotments is authorized in the Food and

Agriculture Act of 1965, it was pointed out.

May 15 through 19 will be the second time for a referendum to be conducted by mail by the ASC county committee. The mail vote has proven to be more convenient for growers, since they may vote at their convenience rather than having to appear in person at their polling places during a busy season, Lynn L. McKown, office manager, pointed out.

The first vote on transfer of allotments was held Nov. 23, 1965 and at that time, with 674 Hall County cotton producers voting 166 for transfer, and 508 voted against. In 1966, 809 eligible votes were counted. Of this figure, 243 voted for and 566 opposed transfers.

Ballots will be mailed to all cotton producers of record on May 12. In order to be counted, all votes should be in the office of the county Agricultural Stabilization and Conservation Committee before the close of business on May 19, or be postmarked by midnight, May 19.

Plans Made To Hold Annual Giles Picnic On May 27

By VIRGINIA BROWDER

The steering committee to lay plans for the annual Giles Picnic met recently to prepare for the 12th celebration on the banks of Buck Creek since its revival in 1956.

As yet, no one has come forward to offer to contribute a beef for this all-day picnic and sing-

ing on the ground. So, there will be a fire and a pot of red beans, but the kind and quantity of meat to be served is to date, undecided. A good beef will cost in the neighborhood of \$240. Add to that the beans, onions, pickles, bread, sauce, and processing of the meat. The total will run about \$300. Last year, although folks are good to donate when the hat is passed, we lacked \$70 breaking even. So, we shall see what happens. . . and hope for the best.

His Honor Blackie Johnson sanctioned tentative plans for a gala celebration. Walter Johnson will have charge of the music, complete with fiddling and old-time gospel singing. Sheriff Dave Browder will be on hand to keep law and order, and Bob Ayers, as usual, will be master of ceremonies, and keep the good times going from 9 until 2.

Mayor Johnson and associates will stage a bull-dogging and roping in the Giles arena beginning promptly at 2 o'clock. They are hoping for a record turnout to see an exhibition of expert horsemanship and skill with the lariat. Ring your calendar now and don't you dare miss the Giles Picnic, Saturday, May 27, on Buck Creek.

The Travis Parent-Teacher Association met in the final session for the year Monday evening in the Cafeteria with the president, Mrs. W. A. Smithee, presiding.

A delightful program was presented by students of the fourth grade. They sang several songs and the Sound of Music with Jay Campbell serving as announcer. The students were accompanied at the piano by the music instructor, Mrs. A. L. Gailey.

Following the vocal selections, a two-act play was presented. The play was in honor of Mother's Day and had as its theme a surprise party honoring mothers. The children presented gifts to their mothers, which included items such as children and unable to attend.

The stage was cleverly arranged in the center of the room was a merry-go-round which was fashioned of crepe streamers to form a canopy for chairs faced with a variety of animals, such as lions, horses, etc. The mothers were guests of honor on the merry-go-round.

Mrs. Bob Hutcherson presented the "Family of the Year" for 1967. Receiving the honor were Mr. and Mrs. Harold Smith and children, Russell, 14, Karen, 11, and Matthew, 9.

Miss Linda Alewine Is Shower Honoree

The home of Mrs. Olton Pate, 1004 N. 17th Street, was the scene of a lovely pre-nuptial shower honoring Miss Linda Alewine, bride-elect of Jimmy Neighbors, on Saturday night, May 6.

Guests calling between the hours of 7:30 and 9 p. m. were greeted by Miss Lometa Pate, Mrs. Olton Pate, the honoree, Miss Alewine, her mother, Mrs. M. G. Alewine, and Mrs. O. R. Neighbors.

Mrs. Jim Roark Is Guest Speaker At Delphian Club

Chosen colors of baby blue and white were carried out in the scheme of the decorations. The serving table in the den was covered with white net edged with satin over a white cloth. Center-piece for the table was conceived of white daisies with blue plumes and flanked by blue tapers. Table appointments were of silver. Refreshments of dainty cake squares and punch and nuts were served by Misses Rosemary Harrison and Camilla Lemons. Miss Jennifer Pate registered the guests and Sue Ferrel, C. J. Goodnight and Patsy Murdock completed the house party.

Mrs. Jack B. Boone was hostess to the Delphian Club Tuesday, May 2. Mrs. Mildred Stephens assisted with hostess duties.

Mrs. Sim Reeves called the meeting to order and led in the pledge to the flag.

Mrs. R. C. Clements introduced the program, "Home Beautification." "Lovely flowers are the smiles of God's goodness" was the thought for the day.

Lovely roses throughout the home lent perfection to the setting for the many gifts which were on display.

Mrs. C. D. Morris gave the meditation, "Legend of the Dogwood." "It's petals form a cross. Their ragged edges bear the marks of nails and the stain of rust. In the center lies a crown of thorns. This is the dogwood of the storytellers who say the tiny, white flowers bloom each Easter to recall the death and resurrection of Christ. Legend says the

The wedding will be an event of June 25 at 4 p. m. in the First Christian Church. Friends and relatives of the couple are cordially invited to attend.

once tall, strong dogwood was used for the Cross at Golgotha but it was ashamed. Jesus then promised it would become bent and twisted, too small even to be used for a cross again."

Guest speaker for the afternoon was Mrs. Jim Roark. Her topic was "Flower arranging." "The art of flower arranging is not new. From early paintings and tapestries there is evidence that flowers had an important place in the life of people everywhere. Today there is practically

unlimited freedom of expression, and the basis of flower arrangement is common sense," she said.

Mrs. Roark had several arrangements and showed the difference between a bunch of flowers thrust into a vase and simple arrangements which can be done with almost anything in the home that will hold water. "The shape of the container is more important than the flowers," she stated. "There is great satisfaction in making your arrangements pleasing to the eye, and fun in using

odd and unusual containers."

Mrs. Roark also noted that the three principles of design were balance, proportion and rhythm. She gave some hints on conditioning the flowers before arranging them, such as cutting material in the early morning or at night. If wilted it should be put into hot water to revive. The stems are to be cut on a slant. All leaves which would be under water in the arrangement are to be removed.

She concluded by saying that everyone should try arranging flowers for their own enjoyment and amusement.

Those enjoying the occasion were: Mmes. W. C. Dickey, Henry Hays, Gaylen Ariola, Sim Reeves, C. D. Morris, Roddy Rice, C. C. Hodges, Bill Lockhart, J. S. McMurry, Neal Hindman, R. C. Clements, Clyde Smith, J. L. Barnes, O. R. Goodall, F. A. Finch, Mildred Stephens, Jack B. Boone and Miss Maud Milam.

Baptist Pastor Lists Alternatives To Liquor Bill

"If you're really interested in more control and more moderation, liquor-by-the-drink is certainly not the answer," Rev. Leroy Gaston, pastor of the Travis Baptist Church, said Tuesday.

He is moderator of the Panhandle Baptist Association.

Rev. Gaston advocated other alternatives which would incorporate liquor controls without increasing availability, and raise much more needed tax revenue, in his statement.

"Advocates of liquor-by-the-drink claim that they are interested in tight controls, in more enforcement, and in moderation. If this is true, they should be in favor of these alternatives which would raise liquor taxes, beer taxes, and private club taxes without increasing liquor consumption," Rev. Gaston pointed out.

He reported that Rep. Bob Bass of DeKalb has introduced House Bill 1159 which would tax private clubs 15 per cent and raise liquor license costs.

"Nine out of every ten letters I have received have been against liquor-by-the-drink. My proposal would raise the needed state revenue without making liquor more accessible than it is right now,"

Rep. Bass said. "My bill would probably bring in around \$20 million more than the Connally's proposal without encouraging increased consumption of alcohol."

House Bill 1149 by Rep. J. M. Simpson of Amarillo and Rep. James D. Cole of Greenville would incorporate the strong controls of the Connally liquor-by-the-drink bill, but without the liquor, Rev. Gaston said.

"If their motives are as pure as their words, champions of the liquor-by-the-drink would be behind HB 781 by Vernon Stewart of Wichita Falls. This bill would crack down on sale of liquor to minors. They would be behind HB 953 by Rep. Delwin Jones of Lubbock, which would increase beer tax and raise an additional \$59 million in revenue; or HB 1015 by Rep. Neil Caldwell of Angleton, which would increase the tax on beer from the present \$4.30 per barrel to \$6.30; or HB 1030 by Rep. Bill Clayton of Springlake, which would increase beer tax to \$10.00 a barrel," Rev. Gaston said.

"It's not as if there were no alternatives," Rev. Gaston added. "There are lots of alternatives, but they don't have the might and money behind them the liquor bill does. The liquor-by-the-drink bill is a wolf in sheep's clothing," he said.

Rev. Gaston is asking the people to write their representatives, urging its defeat.

Ne-Tex Self Rationing Supplement is a complete Vitamin-Mineral Supplement especially formulated for Bermuda grass and range pastures.

Fertilization of grasses or pasture increases the nitrates in the forage. As your cows eat this grass these nitrates build up in their systems, and if this condition is not counteracted, it will cause nitrogen poisoning.

Ne-Tex Self Rationing Supplement contains a balance of minerals that are readily available—among these is CALCIUM SULPHATE—the most effective ingredient known to counteract nitrate buildup in the cow's system.

than the Estelle girls, but managed to win all their sets by holding off all competitors. Alton and Harvey were thrilled with the three state trophies proudly on display at THS.

Out of all the tennis entries, David Majors is possibly the one who felt the pressure the most. He had to play in the finals the boy who defeated him last year. But David rose to the challenge and won a relatively easy victory, 6-3, 6-3, to become the Class B boys singles champ of Texas.

Memphis Track

The Memphis track boys set a new school record at Austin with a time of 3:21.2, only seconds off the old state record. A new one of 3:19.8 was set by Palacios, the defending milay champions.

Coach Bert Glascock issued a statement for publication after the meet in which he clearly expresses the weekend at Austin, for himself, Roy Long, Clyde Wilson, Junior Graves and William Welch. Coach Glascock said: "Another spring sport season has passed and the state track meet is over. This meet, the greatest state meet ever held, saw many records either tied or broken. What an honor it was for the four Memphis High School boys to run in this state meet and represent their town and school. By just being there, it signified they were one of the best eight mile relays in the State of Texas. After the race was over and we had won second place, disappointment was great, but I couldn't help but think that second in all Texas is still good. A tremendous amount of courage these four boys showed. Few people in the stands realized that one of the boys they were watching set a new school record in the mile relay, had pulled the hamstring muscle in his leg just a week before, and was running for the first time in a week with intense pain. Another of the boys was performing with a hairline fracture of his leg, on which he had been running all spring because he didn't want to let the Cyclones down. Add to this 93 degree temperature and 82 per cent humidity and second is not real good, it is great.

"This is the same courage which led the 1967 track team to five team championships including the District 3AA championship. The mile relay had never been defeated going into the state meet and then it took a record-breaking performance by the 1966 champions, Palacios, to beat them. Six school records were broken and two tied this spring. It has been my pleasure to work with and coach this type of boy all year. A greater honor, no man could have. Considering that only four seniors earned points at the district track meet, it looks like 1967 will be another "Cyclone" year."

R. J. Neals

they will be employed in a similar capacity, Dr. H. R. Stevenson, director of the local project, stated. They will live in DeLeon.

In making the announcement, Dr. Stevenson said he had been most pleased with the work of both Mr. and Mrs. Neal.

"They are capable and efficient, and we certainly hate to lose them," he stated.

Mrs. Neal has been serving as migrant health nurse for the county and also spending part of her time as school nurse for the Memphis Schools. Mr. Neal was employed with the project as sanitation inspector, Dr. Stevenson said.

The Greenbelt Migrant Health Project has been in operation here since January, 1966. As yet the positions being vacated by Mr. and Mrs. Neal have not been filled.
