Local Thinclads To Go To Possum Kingdom Relays

Memphis Thinclad team will travel to the Possum Kingdom relays at Graham this weekend to one of the toughest meets of the year for the local lads, Coach Bert Glascock said.

The local thinclads took second place in the Idalou track meet last weekend capturing 68 points, while Idalou won the meet with 104. Teams competing in Class AA and the order they placed were: Idalou, Memphis, Post, Floydada, Abernathy, Stamford, Lockney, Hale Center, Dimmitt, Friona, Shamrock, Morton, Friendship and Tahoka.

Taking first place in events were the Memphis sprint relay team which ran a 45.1 time. This team is composed of Cornish, Spruill, Rogers and Flocks. Also, Loral Rogers and Roge Fowler won first place in their events.

Rogers turned in a brilliant 10-flat time in the 100 - yd. dash and Roge Fowler had a winning time of 2:05.1 in the 880 - wd. run.

The local mile relay team was given third place in the relay race, Coach Bert Glascock reported, due to an improper reading of the time clock. Actually the team placed second in the event with a time of 3:36.8. (Officially the time was set down as 3:37.8) Idalou ran a time of 3:36.1 to win the event and Memphis was only two steps back. Hale Center in another heat ran a 3:37.5 and was awarded second place.

Merle Kilpatrick ran a 17 flat in the high hurdles to take third place, the best time he has ever had in this event.

Robert Cornish took sixth in the 220 - yd. dash with a time of 23.5.

Gabriel Garza took fourth in the mile with a time of 5:02.1 which is off his times of last year.

Johnny Scott placed fourth in the shot put.

The meet was held in 15 to 20 mile per hour winds. Coach Glascock said he was real proud of the young lads who competed for the first time. They did real well, he said, and the coaches were proud of them. Especially did he name Max McQueen in the 880 - yd. run and Ronnie Phillips in the sprint races. "Possum Kingdom will be an exceptionally tough meet this year and with the weather like it is we just don't know how well we will do," Coach Glascock said.

TRUMAN SPRING

Church Of Christ Revival Services To Begin Sunday

Truman Spring, well-known Amarillo evangelist, will conduct week-long revival services at the Church of Christ beginning Sunday, March 9, and continuing through Friday evening, March 14. Gregg Whitacre, minister, has announced.

Beginning Sunday services will be held at the regular time with Bible school at 9:45 a. m. and the morning worship hour at 10:45. Evening services will be held at 6 p. m.

The Weekday services will feature two services each day. Coffee and donuts will be served in the fellowship hall each morning from 7 to 7:30 a. m. A devotional service will then be featured at 7:30 a. m. The evening worship hour will be at 7:30 p. m. Monday through Friday.

A cordial invitation is extended the public to attend all services during the revival.

Elders of the congregation said, "We are delighted to present this powerful preacher to Memphis and we are happy to welcome him for this effort. We hope our friends and neighbors will come visit with us and hear Mr. Spring's gospel messages."

Truman E. Spring was born in Arkansas in 1917. After graduation from high school he began his career as a salesman, which continued until 1950.

In 1950, because of his powerful pulpit ability, Spring, at the insistence of many brethren, left secular work to devote himself to full-time preaching. His first full-time local work was with the Hillcrest Church of Christ in Corpus Christi. In the five years he served this church the contributions tripled and membership increased 225 per cent.

While serving as minister of the Garden Oaks church in Houston the membership grew from 400 to 750, to become the largest church in Houston. There were 2100 responses to the invitation during the seven and a half years he worked in Houston.

In August, 1966, the Spring family moved back to Amarillo and Mr. Spring now devotes his full-time to evangelistic work. In 1967 and 1968 there were over 1500 responses to the invitation in meetings conducted by Spring.

C. at the Tomb of the Unknown Soldier and the Temple facade of the Memorial Amphitheater at Arlington National Cemetery. The ceremonial throwing of the switch will be by President Richard Nixon at which time the light

throughout the nation will be turned on. In presenting this Flame of Freedom as their 50th Anniversary gift to the Memphis community, J. R. Mitchell, Ceremonial Chairman, said the Legionnaires of Post No. 175 want to emphasize the deep and lasting symbolism of this light which will be a local reflection of the glow which will bathe one of our hallowed national shrines. Along with the ceremony, a short and brief program will be presented and the general public is invited to be on hand and participate, Mitchell stated.

The Lakeview Young Farmers will meet at 7:30 p. m. Tuesday, March 11, at the Grade School Auditorium. The program will be one on beef cattle futures and hog futures brought by John L. Womack, stock exchange member. The public is invited. Refreshments will be served.

The Lakeview Eaglettes by virtue of a 62 to 44 victory over the Lefors girls in Bi - District Tuesday night in Clarendon, will play in the Regional Class B tournament in South Plains College dome in Levelland tomorrow.

The Eaglettes will face the girls team from Spade at 3:30 p. m. Friday in the opening game of the tournament.

Following this game will be the Ft. Davis - Klondike girls game. The winners of those games will meet in the regional semifinals at 10 a. m. Saturday morning.

The other four teams making up the bottom half of the bracket are Foran vs. Quitaque at 7 p. m. Friday and Sundown vs. Fellett at 8:15 p. m. Friday. Winners of those games play at 11:17 a. m. Saturday.

Final games of the tournament will be played Saturday night at Levelland.

Lakeview School will be closed as will all schools in this area for the Teachers Convention in Amarillo Friday.

The Eaglettes showed a lot of polish and scoring talent Tuesday night as they battled to a 29 to 20 halftime lead and went on to capture a 62 to 44 victory of the Lefors Piratettes Tuesday night.

The scoring of the Eaglettes was well balanced as Brenda Smith with 25, Tonda Hatley with 24 and Linda Walls with 18 points. Guards Pat Blum, Cynthia Coffey and Brenda Durrett did an outstanding job of containing Lefors forwards and rebounding, and came up with several spectacular "steals" throughout the game.

The Eaglettes of Coach J. C. Saunders have not been defeated since district play began in January and have a record of 25-6 for the season. Spade, their quarter - final regional opponent, has a 22 - 4 record.

A good crowd of fans were on hand at Clarendon for the Bi - District game. This was the Lefors Girls first district championship.

Lakeview girls have won district championships in 1963, 59, 58 and 57, to point out some of the recent history.

The turning point of the Bi - District game seemed to be in the final few minutes of the second quarter when Lakeview was able to run up a 9 - point lead. The Eaglettes extended this lead 24 points with 50 seconds left on the clock, 60 - 36, in the final stanza.

Coach Saunders said the victory was brought about by a real good team effort.

Legionnaires Plan Birthday Dinner To Be Held At Noon Sat., March 15

The Simmons - Noel Post of the American Legion and the Legion Auxiliary will have a 50th Anniversary birthday luncheon for the general public from 11:30 a. m. to 2 p. m. Saturday, March 15, Commander Henry Gragory announced this week.

The Legionnaires and Auxiliary members are jointly sponsoring the meal for which tickets are on sale for \$1 per adult and 50 cents for children. The luncheon will have a three - way signification.

First, the Legionnaires are celebrating the 50th Anniversary of the founding of the American Legion movement in France on March 15 - 17, 1919, following the conclusion of World War I.

Secondly, since World War I veterans were the first members of the Legion, all World War I veterans in this area will be honored at this special luncheon during the program. A list of 28 men are listed with local Legionnaires as World War I veterans. Local Legionnaires would like to be contacted by any World War I veterans in this area who are not affiliated with the Simmons - Noel Post.

Thirdly, the proceeds of this luncheon will go to financing Boy State and Girl State delegates from Memphis this summer. Each year, two MHS junior students, one boy and girl, are selected to participate in the Boy State and Girl State programs in Austin usually held in June.

The Legion Auxiliary is in charge of preparing the meal. Mrs. Henry Gregory, president, said, "everyone come out and eat the noon meal with us and help send these young people to our State Capitol for Boy and Girl State."

That evening, a public program on the courthouse lawn is planned for lighting the "eternal flame" near the Veteran's monument. This will be at 8 p. m.

Following this, a dance will be held at the Legion Home beginning at 9 p. m.

Only Half Of Farmers Have Signed With ASCS

It's later than you think for fifty per cent of Hall County cotton, feed grain and wheat farmers who have not signed up for the 1969 commodity programs. Unless these farmers sign up in the two remaining weeks, no payments can be made to these farmers in 1969, Lynn L. McKown, Office Manager, Hall County ASCS, announced today.

Feed grain and wheat producers may receive, upon request, up to 50 per cent of the estimated diversion payment for their farm. This is for acreage which the producer voluntarily retires from pro-

duction beyond that required to qualify as a participant. On an average Hall County farm the advance payment on feed grain and wheat will be approximately \$375.

With only 10 working days left in the 7 weeks of the sign up period, it is frightening when you think that means we must sign up approximately 50 farms per day to complete the work by the closing date. With a few days of bad weather it will be a long waiting line during the last few days of sign up.

There are a wide range of options under the 1969 farm pro-

gram and they should be understood by all producers before they sign up. The options apply to individual farms and cannot be applied to the county as a whole. Will cotton be planted skip - row or solid? Will 50 per cent of the grain base be diverted? Will wheat be substituted for grain sorghum? What to plant on diverted acres? and should I request an advance payment?

To explain all the options requires time which in many cases will not be available in the 10 days remaining, he said.

March Is American Legion Month!

During the month of March, The American Legion here in Memphis and throughout the Nation and even in many cities beyond our borders will climax its 50th Anniversary observance. It was March 15-17, 1919, that the Legion was founded in Paris, France, during the meeting of representatives of the various outfits which made up the World War I American Expeditionary Force.

A citizen-veteran organization conceived in duty to its fellow man, The American Legion has been a responsible contributor to American thought and deed during the years of our Nation's emergence as a world power. American Legion history of the past 50 years is filled with achievements in behalf of mankind through active, continuous campaigns to preserve the lofty concepts of justice, freedom and democracy.

The Simmons-Noel Post of the American Legion, here in Memphis, is not only recognized as one of the strong posts in this portion of Texas, but is also providing leadership at the district level.

The local post has made plans for several patriotic activities during the 50th Anniversary observance this month. Among them is a luncheon in honor of World War I veterans to be held on March 15 at the Legion Home. Tickets will sell for \$1 for adults and \$.50 for children with the funds raised to finance the Memphis boy and girl delegates to Boys State and Girls State.

Also, at 8 p. m. Saturday, March 15, on the northwest corner of the Courthouse Lawn, a gift of the "Flame of Freedom" will be presented by the American Legion Post here to Hall County. This symbolic eternal flame will light the Veterans Monument located on that corner of the Courthouse lawn.

At the same time the lighting of the flame here is taking place, President Richard Nixon will be lighting the American Legion's gift to the Nation in Washington, D. C., at the Tomb of the Unknown Soldier.

This flame will be a lasting symbolism of light to remind all of us of those who have fought for freedom for our nation and to encourage all those who come after of the noble purpose we serve when we wear the uniform of our armed forces to preserve freedom along with all the rights of mankind.

Through these activities, the American Legion here in observance of the Golden Anniversary, is declaring its confidence in the future of America, seeking wider avenues of involvement in meeting the challenge of change.

We feel citizens in this area would do well to plan to participate in these activities and to remember the first 50 years of American Legion existence and the waves of changes which have come about for this Nation and for the world.

There is no reason why our citizens should not feel patriotic pride for we have done our part. Our men and women have served faithfully in World War I, World War II, Korea and Viet Nam. A list of 28 World War I veterans is registered with the Simmons-Noel Post No. 175 to be honored next Saturday. This is a remarkable number of World War I veterans to be honored.

World War II saw 1876 names listed in the Hall County Annual of service men and women. This is a strong representation of citizens from our area involved in the war effort for our country.

No, our citizens need not be ashamed, for our young men have been and are serving their country well in the uniforms of our armed forces.

The important thing now is to remember the sacrifices made in the past and to plan for the future. It may require a wider involvement, a more determined effort to keep patriotic thoughts foremost in the minds of our young men and women. Freedom comes to those who seek it, work for it, and sacrifice for it, and pray for it.

We as a nation of freedom, cannot expect someone else to do our fighting for us. We cannot expect someone else to do our thinking for us. We cannot expect someone else to make us a living, to build our homes, to raise our children, to teach our schools. Free men must do things for themselves. They must govern themselves and worship their God for themselves.

Free men make of themselves what they are now and what they will be in the future.

There may be some who do not like the system. They don't want to work for the bread they eat, study for the education they receive by studying, or even accept the responsibility of being free men.

We can join the Legionnaires this month in observing the 50th Anniversary by attending these functions. There is nothing wrong in being patriotic.

What Other Editors Say

Questions, Questions

Currently in Congress there is a fair-sized flap over some of the questions the Census Bureau is planning to ask when it takes its decennial head count next year.

Some members of Congress think these questions are impertinent or an invasion of privacy and Sen. Sam Ervin of the Senate subcommittee on constitutional rights is holding hearings to "consider the rights of citizens" with respect to these questionnaires.

Our right to privacy is getting pretty theoretical these days. There always is some nibose, government or otherwise, wanting to know whether we sleep on the left or right side or use cream in our coffee.

And the Census Bureau questions are right in line: "Do you have a flush toilet?" "Is there a telephone on which people who live here can be called? What is the number?"

About 20 per cent of those who get "censured" next year, according to the plan, will be asked several extra pages of such questions as how many times have they been married and does their health limit their ability to work. Heads of households in some cases will be asked what language other than English was spoken in their homes when they were children, how far did they go in school, where were they in October, 1963, and how much did they earn in 1967.

In addition to the nosiness of some of these questions, we think they will be a nuisance to many people. Why, it could take a couple of hours to fill out all of the forms, and we would have to search out the family tree for some of the answers.

Moreover, if the plumbing industry wants a census of flush toilets, let it do its own surveys. Why should the taxpayers pay for it?

But the real issue is the club the Census Bureau has to enforce answers to these prying questions: Refusal to answer could lead to a \$100 fine, or 60 days in the clink, or both.

Congressman Jackson E. Betts of Ohio (among others) has a sensible alternative. He would restrict the "mandatory" questions to simple things like name and address, sex, date of birth.

If the Census Bureau insists

on the more than 100 other questions, there would be no penalty for declining to answer.

A nose count every 10 years is necessary, and required by the Constitution, but there is no need for the government to be so obnoxiously nosy about it. Anyway, much of this strikes us as pure boondoggle.

Freedom

The word freedom has different meanings to different people. For example:

1. For years many people in America saw no inconsistency in this country of singing about the land of the free while we maintained a system of slaves.
2. Communists of Russia and China speak of the freedom-loving people of China and Russia.

3. One man or corporation may consider freedom the right to gain a monopoly and corner the market if they are big enough. To another it may mean freedom from monopoly and unscrupulous manufacturers.

4. To the youth it might mean freedom from parental control.

5. To some it might mean freedom from moral restraints and responsibility for their actions; to others it might mean the freedom to live without fear for safety and property.

6. To some it might mean freedom from regulations and high taxes; to another it might mean freedom from hunger, insecurity, ignorance and hopelessness.

7. To some it might mean freedom from government regulations on food handling, milk production, etc.; while to others it might mean freedom from the fear of food or drugs that might injure the health of children.

So freedom in itself can be good or bad; it depends on what we want to be free from.

Yorktown Docks At Norfolk With Johnson Aboard

USS YORKTOWN — Aviation Machinist Mate Third Class Dwight J. Johnson, USN, son of Mr. and Mrs. A. W. Johnson of Rt. 1, Estelline, arrived at Norfolk, Va., aboard the anti-submarine warfare carrier USS Yorktown.

The Yorktown returned home after nearly 26 years of service in the Pacific.

Commissioned at Norfolk in April, 1943, the "Fighting Lady" joined the U. S. Pacific Fleet to bolster forces in that area during World War II. During the war the Yorktown and her planes were credited with sinking 118 enemy ships, damaging 229 others, and destroying or damaging more than 2,000 enemy aircraft.

Last Christmas the "Fighting Lady" carried out her final orders as a unit of the Pacific Fleet when she served as the prime recovery ship for the Apollo Eight Luna Spacecraft and its crew.

Joining the Atlantic Fleet, the Yorktown replaces the decommissioned USS Randolph to add yet another chapter to her long record of service.

THEREFORE, I, as Governor of Texas, hereby designate the month of March, 1969, as AMERICAN LEGION FIFTIETH ANNIVERSARY MONTH in Texas, and call upon all citizens, business houses, and organizations to join in commending the good works of this organization as an expression of our appreciation of both the wartime and peacetime services of our Legionnaires.

ing to change the Convention System.

The next topic he discussed was the Electoral College.

Deaver said, "The Electoral College is based on constitutional language incorporated into Article II of the Constitution of the United States, and an amendment to the constitution would be needed to alter the system."

He gave a thought provoking discussion of the Electoral College system and how it works in electing a president for the United States.

Attorney Deaver finished his talk by saying, "We are a small group in a small community, but from little sparks flames grow from little sparks flames grow in the political fabric of your country will continue to grow."

The club thoroughly enjoyed Att. Deaver's enlightening talk, the reporter stated.

During the social hour delicious refreshments were served to the following guests: Mr. and Mrs. John Deaver, II, Miss Nancy Allen, Mrs. J. D. Baisden and members: Mmes. R. E. Clark, Alvin Pyeatt, L. G. Rasco, Guy Cox Ward Gurley, A. W. Howard, Theo Swift, Robt. Moss, Jeannette Irons, L. A. Stillwell, Misses Alma Bruce, Sybil Gurley and hostess,

Delphians Hear Interesting Program On Creative Preschoolers, First Graders

Members of the Delphian Club had a most interesting and informative program on Education at the Big O Restaurant on March 4, at 4 p. m. with Maud Milam serving as hostess.

A short business session was presided over by the president, Mrs. Stephens, the program introduced by Mrs. F. A. chairman.

After meditation, "Accent on Education" was presented by Mrs. Bogard. Mrs. Bogard discussed the question, "Is America Raising Her Creative Minorities?" She stated that people must be a deaf to messages of poverty, that they must be able to child by ways such as better use of educational facilities. She warned that Americans seek to arrest the change and embrace conformity.

beneficial to the children and she was greatly impressed with their learning abilities.

Mrs. C. D. Morris, first grade teacher in Travis Elem. School, discussed "Creativity in the Classroom". She emphasized that today's teachers must look for creativity in their students. Paraphrasing a statement, she said that "Education is getting meaning into material".

She concluded her discussion by showing the members pictures drawn by her students which brought out the extremely good creative abilities of six-year-olds.

Apple pie a la mode and coffee was served to Mmes. W. C. Dickey, Mike Bogard, James Brown, A. Anisman, Mildred Stephens, Jack B. Boone, C. L. Smith, Bill Combs, L. F. Jones, Gaylen Ariola, Kenneth Dale, C. D. Morris, J. S. McMurry, C. C. Hodges, Henry Hays, F. A. Finch, Rddy Bice, J. L. Barnes, and the hostess, Miss Maud Milam.

Attorney Deaver—

Discussions on the convention system saying "Our instantaneous and mass communications system will undoubtedly have a great effect on the evolution of this system."

"The Republicans were televised in Miami Beach for a long and tedious week as they went through the motions of ratifying the formal nomination of Richard Nixon. The news media classified the affair as drab and unexciting. Another extreme was seen in the heated - fighting, charges and counter-charges and often chaotic situation at the Democratic convention in Chicago."

Attorney Deaver also stated that it might surprise you to know that there is no authority in the constitution for the convention system. The system grew up outside of the constitution promulgating its own rules and procedure. Thus, no legislation and a minimum of red-tape would be required to change it. The only factor being necessary would be the finding of a more satisfactory method of choosing

BBs For Bream
Here's a trick to use to stir bass and bream into action when the lake surf is dead calm. Just flip some BBs into the water. The "plop" sound of the BB striking the water is much like that of fish feeding on the surface. This tempts the curious fish into action. A few BBs at a time is enough. A handful all at once will cause too much noise and spook the fish.

YOUR COUNTY AGENT SAYS

Forage Testing Is Useful In Calculating Rations For Beef Cattle

"Forage testing can increase profits from beef cattle. The nutrient content of forage crops varies so widely that it is difficult to calculate rations precisely for best performance using average values for the given forage," explains County Agent W. B. Hooser.

Analyses of both grass and legume hays done in connection with hay shows varied greatly along with other quality factors, the agent said.

Thus, average values cannot be used with confidence in most cases. Under-feeding will result in decreased productivity and over-feeding in wasted nutrients. In either case, profits will be lowered, says Hooser.

Forage sampling supplies and information on how to take a sample are available from the county agents' offices. Samples may be sent to the Forage Testing Laboratory at Texas A&M University or other laboratories in the area, the county agent said.

Different tests are available. Feeding recommendations are available when complete analysis is requested. The county agent said he would be happy to discuss forage testing in detail and the fees involved with any interested livestock producer in the county.

Mary Lou Bradley Shows First Place Steer At Houston

Mary Lou Bradley, seven-year-old daughter of Mr. and Mrs. Bill Bradley of the Bradley 3 Ranch showed the first place light weight Angus Steer at the Houston Livestock Show last weekend.

The animal sold at auction for \$1 per pound, which Mrs. Bradley said was about twice what they had hoped for. Herdsman Richard Stotts showed the animal for Mary Lou since it was a little too large for the youngster to handle.

Her brother, Monty, showed two heifers which placed second and third in their Angus class.
