

**LOCALS**

Relatives visiting in the home of Mrs. J. R. Saunders Sunday were the following relatives: Mr. and Mrs. Sam Lide of Floydada, Mr. and Mrs. Theo Lide and Wiley Lide of Lubbeck, and Mrs. Margaret Saunders, Nancy and Cindy of Hedley.

Mr. and Mrs. Herschel Combs accompanied by her mother and aunt, Mrs. L. A. Dickey and Mrs. L. W. McClure, both of Wellington, went to Wichita Falls Sunday where they were guests of Mr. and Mrs. Rudolph Miller. Also visiting in the Miller home were Mr. and Mrs. Ted Driscoll of Fort Worth, Mrs. Dickey and Mrs. McClure accompanied them to Fort Worth for a two weeks visit.

Mrs. Gladys Power and Mrs. Ora Denny visited in Amarillo over the weekend with Mr. and Mrs. Fritz Crisler and Mr. and Mrs. Courtney Crisler.

Mr. and Mrs. Lloyd Miller and her mother, Mrs. Davis, of Abilene visited here over the weekend in the Elmont Branigan home and in Estelline with Mrs. Mary Richardson. Mrs. Mike Branigan and Michelle, who had spent last week here, returned to Abilene

**TO REGION**—Shown above are Rod Adamson and Rod Setliff, both of Turkey, who will compete this weekend in Lubbock in the Class B Regional boys doubles tennis meet. They are defending regional champions.

with their parents and grandparents.

Mr. and Mrs. Noel Clifton, Jr., returned to their home in Levelland Sunday after spending the past week visiting here with their parents, Mr. and Mrs. Gene Lindsey and Mr. and Mrs. Noel Clifton.

Mrs. Ola Ward is a patient in the hospital in Austin. Her mother, Mrs. A. B. Jones, is also a patient in the Austin hospital and is reported to be improving nicely.

Mr. and Mrs. F. N. Blevins of Houston arrived in Memphis Wednesday for a visit with her

mother, Mrs. A. C. Hoffman, and sister Ruby Hoffman and Mr. and Mrs. Jim Beeson. Mrs. Blevins plans to remain in Memphis for the next two weeks with her mother, who is ill.

Mr. and Mrs. Bob McMurry and children of Amarillo spent the past weekend here with their parents, Mr. and Mrs. Gip McMurry and Mr. and Mrs. Clyde Morris.

Debbie and Boyd Wayne Lee of Lockney spent last week here with their grandparents, Mr. and Mrs. B. O. Shankle. Their mother, Mrs. Carl Lee, came down for the weekend and they accompanied her home.

Mr. and Mrs. Delbert Thomas and son Drew moved to San Antonio from Amarillo this past weekend. Mr. Thomas is employed with Shamrock Oil and Gas Co. Mrs. Thomas is the former Jane Helm.

**FORD**—The 1970 Maverick by Ford has smart design and 105-horsepower for excellent performance. Its roomy interior provides four-passenger comfort. It is nearly 10 inches wider than most imported small cars, with ample head and leg room in both front and rear compartments. The standard interior trim, shown here, features cloth and vinyl upholstery with unique tartan plaid cloth inserts. The Maverick went on display today in dealer showrooms over the nation.

**Ford's New '70 Maverick Goes on Display Today**

Ford's new 1970 Maverick went on display in dealer showrooms over the nation today and at all Ford Motor Co. in Memphis. The new car is being offered for sale to customers who want a car at low cost. It is the company's answer to the foreign intrigue which has caused small car buyers to look at other tags.

At a suggested retail price of \$1,995, Maverick is designed to give Ford's share of the American small car market, and recapture part of that market that is being lost to foreign cars, according to John Naughton, Ford vice president and general manager.

"We think the American auto industry should start a better effort of meeting the foreign challenge and we are becoming a 'Maverick' to do it," Naughton stated.

With the steady increase in the import segment of the American small car market (from five percent in 1962 to 11 per cent in 1968) we knew that we had to introduce a suitable competitor. We studied the market, interviewed thousands of domestic and imported small car buyers and determined what the 'personality' of the new car should be," Mr.

Naughton said.

Mr. Naughton said that Ford's Maverick is "a car that — by definition — is going to go its own way, stand apart, be independent."

"It's going to be economical to buy and operate; of quality workmanship with millions of miles of use and testing under its roof; built with the help of the latest in computer technology, large enough for the American family, lively enough in appearance and performance for the swinger.

"We believe it is the greatest automotive value ever offered in terms of price, upkeep and features included at no extra cost," he said.

The Maverick is a sporty-looking four-seater family car, of two-door design, with a modified fastback roof and suggestion of a "ducktail" at the rear.

Although 19 inches longer than its principal foreign competitor, (and nine inches wider) Maverick turns in a tighter circle. It is five inches lower than the import, with almost twice the trunk space.

On the other hand, it is smaller in most dimensions than the Falcon, its bigger brother in the Ford lineup. The standard engine gives the car liveliness and economy. The Maverick will accelerate and pass more quickly than either the major import or the Falcon, yet it is designed to give 22 and one-half miles per gallon in normal use.

Durability and reliability were primary considerations in the planning of the new car. It uses long-proven Ford components, as in the drive-line and suspension system. But its sturdy, unitized body was built with the help of the latest computer technology — "numerical control," a computer-based technique of transforming automotive design into sheet metal, pioneered by Ford.

Economy of maintenance and repair, as well as economy of operation, was designed into Maverick. As examples of its ease of repair and maintenance, the rad-

io is mounted on a drop-down panel, the windshield is mounted in a unique retention system so it can be replaced in minutes, headlights can be adjusted by the turn of a screwdriver without removing any parts, instrument clusters are of a simplified design, and printed circuitry is used in instrument panel wiring.

**Announcing the first car of the '70s at 1960 prices.**

**FORD MAVERICK \$1995\***

(You don't have to read it all—but it's nice to know it's all there.)

**Most new cars look like other cars. But when the word gets out that something really different is on the way, rumors run wild. Few cars have caused as much talk as Maverick. Ford's new entry in the small car field rivals the economy imports in price... but tops them in power, performance, passenger room and luggage capacity. We've been bombarded with questions about Maverick. Now, for the first time, here are the answers.**

- Q. Why did you build the Maverick?**  
A. We think of Maverick as another one of Ford Motor Company's answers to the gold drain. Now Americans who want small car economy don't have to send their U.S. dollars overseas.
- Q. Why did you call it Maverick?**  
A. You know what a maverick is. A maverick breaks the rules. A maverick is different. Maverick plugs the big gap between the compacts and the imports. It has a wheelbase eight inches shorter than a '69 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.
- Q. Why did you make it this size?**  
A. Maverick pinches pennies, not people. We gave Maverick more leg room. More shoulder room. More luggage room. Good example: the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.
- Q. What do I get for the price?**  
A. You get your money's worth. A complete, built-for-Americans kind of car. Room. Hot styling. Color-keyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats. Cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Two-speed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls... important little things that add so much to your driving comfort.
- Q. What about options?**  
A. You can get 'em if you want 'em. You can order Integral air conditioning. (It's built in, not hung on.) Other options include 3-speed automatic or low-cost semiautomatic transmission, and a hefty 200 CID Six. But lots of people won't put an extra cent into this

car. Because it's all there. A complete car all ready to drive home.

- Q. What kind of gas mileage can I get?**  
A. That depends on you as well as the car. You can get as much as 25 or 26 miles per gallon—if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.
- Q. What kind of power does Maverick have?**  
A. Maverick's Six lets loose 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.
- Q. If it has an eight inch longer wheelbase than the leading import, does it still handle and park easily?**  
A. Maverick can U-turn in a tighter circle (35.6 feet) than the leading economy import (36.0 feet). Maverick can slant through traffic like a halfback. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's neat size adds up to 5½ feet to any parking space.
- Q. Can Detroit really build a small economy car that's tough and long lasting?**  
A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. Then all that strength is covered with four coats of paint for lasting beauty. Result: one tough little car that's put together to stay together. (The service schedule in the Maverick owner's manual goes up to 108,000 miles or nine years; that ought to tell you something about its rugged durability.)
- Q. How about parts and service?**  
A. Maverick is designed to be unusually easy to service. You're dealing with made-in-America parts and 6,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time and money.
- Q. Is Maverick really easier and less expensive to maintain than an economy import?**  
A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every

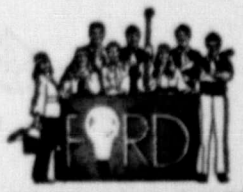

36,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick). Those are just a few examples of the many ways Maverick lessens inconvenience and lowers operating cost.

- Q. Can I do my own maintenance work?**  
A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself, if you wish. You'll find it easy to change spark plugs, replace ignition points... plus many other do-it-yourself repairs and replacements.
- Q. Can a small car be safe? And how safe is safe?**  
A. This small car incorporates the latest advances in engineering. Maverick's brakes are as big as a standard compact's—designed to stop cars weighing hundreds of pounds more. Maverick gives you weight... power... stability. Designed for American driving conditions.
- Q. How does Maverick ride?**  
A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's light, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower.
- Q. Is there an advantage in the fact that Maverick is really a 1970 car?**  
A. Slower depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.) Better come take a look at this one. You'll find it where the action is... right in there with other great Ford values like specially equipped Ford Galaxie 500's... Fairlans... Mustangs and Falcons. You'll find them at your Ford Dealer's... the place you've got to go to see what's going on.

For an authentic 1/25 scale model of the new Ford Maverick, send \$1.00 to Maverick, P.O. Box 5397, Department 7-99 Detroit, Michigan 48211. (Offer ends July 31, 1969.)

\*Manufacturer's suggested retail price for the car. Price does not include: white sidewall tires, \$32.00; dealer preparation charge, if any; transportation charges, state and local taxes.

**REGION BID** — For Terry Wansley of Lakeview, shown above, this weekend at Lubbock will be his debut in post district Class B tennis competition. He is considered a strong singles player, having won both Perryton and Amarillo titles this spring and wants to earn the right to state by capturing a regional title at Lubbock. Turkey's David Paul Majors captured the state title last year and Hall County will be pulling for Terry this year.

## Achievement Day Held For 4-H'ers

Individual 4-H Club awards for members, sponsors and adult leaders were given at the 1969 Achievement Day held Wednesday at the regular noon luncheon meeting of the Memphis Lions Club.

Conducting the Achievement Day program was County Agent W. B. Hooser.

Elmont Branigan, owner of Branigan Jewelry in Memphis, awarded an engraved watch to Jake Damron, son of Mr. and Mrs. Bruce Damron of Parnell, for being the county's outstanding 4-H'er this year. This was Branigan's 21st time to make this presentation.

Hooser presented the following awards:

4-H Fire Prevention: Randy Collins, Estelline; Robert Snider, Memphis; Matt Monzingo, Austin; James Adams, Turkey.

Annual Award of Texas Sheep and Goat Raisers Assn.: Mike Kinard and Barry Kinard, Estelline 4-H Club.

Certificates of recognition in Beef Cattle Business Demonstration: Starla Byars, Lakeview; L. B. Snider, Jr., Memphis; Joe Hillhouse, Austin; Matt Monzingo, Austin; Curtis Scrivner, Turkey; Mark Gentry, Memphis; Shiela Scrivner, Turkey; Gary Gentry, Memphis; Audie Moore, Memphis; David Cofer, Lakeview.

Annual Award of Texas Sheep and Goat Raisers Assn. in recognition of outstanding record in

4-H Club Range Management Awards Program; Steve Eudy, Turkey; Scott Eudy, Turkey.

Winning Clubs in Agribusiness Result Demonstration in the Town and County 4-H Business Program: Memphis 4-H Club, Turkey 4-H Club, Travis 4-H Club, Estelline 4-H Club.

County Recognition for outstanding club accomplishments in encouraging 4-H boys and girls to attain objectives in the National 4-H Health Program: Austin 4-H Club, Travis 4-H Club, Turkey 4-H Club, Memphis 4-H Club, Estelline 4-H Club.

County recognition for outstanding club accomplishments in encouraging 4-H boys and girls to attain objectives in National 4-H Safety Program: Lakeview 4-H Club, Memphis 4-H Club, Turkey 4-H Club, Estelline 4-H Club.

County Recognition for superior accomplishment in helping 4-H members and clubs to attain objectives in the National 4-H Community Beautification Program: Memphis 4-H Club, Lakeview 4-H Club, Austin 4-H Club of Memphis.

### Adult Leader Awards

The 4-H Award of the Silver Turkey in recognition of five years service: Lewis Ferguson, Turkey; Jack Kinard, Estelline; John Luther Byars, Lakeview; R. B. Phillips, Memphis; J. C. Stepp, Lakeview.

4-H Award of the Gold Clover in recognition of ten years service: Don Hancock, Lakeview; Billy Hancock, Lakeview; Jim Hutchins, Estelline; James Fuston, Turkey; J. R. Adamson, Jr., Turkey.

The 4-H Award of the Pearl Clover in recognition of fifteen years of service: Jack Longbine, Estelline; H. W. House, Turkey; Jack House, Turkey; L. B. Snider, Sr., Memphis.

The 4-H Award of the Diamond Clover in recognition of twenty years of service: Bruce Gibson, Turkey; Carrol Fowler, Lakeview; Mack Richards, Memphis.

The 4-H Award of the Emerald Clover in recognition of twenty-five years of service: W. W. George, Turkey; J. B. Byars, Lakeview; Miss Ethel Hillhouse, Memphis; F. R. Gentry, Memphis; Elmont Branigan, Memphis.

The 4-H Award of the Ruby Clover in recognition of thirty years of service: Mrs. C. D. (Brunetta) Morris, Memphis; J. R. Adamson, Sr., Turkey; Jack Fowler, Lakeview; O. B. Rapp, Memphis.

Gold Medals Given to 4-H Members

Estelline 4-H Club  
Teresa Abram: safety, health, dog care and training, agricultur-

al program, electric program, petroleum power, grain marketing, entomology. Connie Eddins: Horticulture, garden, entomology, electric, II. Eddie Haynie: conservation.

Matt Monzingo: achievement, public speaking, garden, entomology, grain marketing.

Charles Phillips: dog care and training, horticulture, field crops, entomology, grain marketing, beautification of home grounds, horse, tractor, electric, soil and water conservation.

J. Frank Spry: swine, tractor, electric, community beautification, marketing, beef, garden, horse, entomology, agricultural program, soil and water conservation, photography, achievement.

### Memphis 4-H Club

Mark Bradshaw: achievement, automotive, public speaking, citizenship, marketing, home beautification, garden, photography.

Mark Gentry: automotive, dog care and training, horse, electric I, II, III, marketing, beef, public speaking, home beautification, conservation, field crops, entomology.

Bobby Hall: leadership, safety. Patty Hamblin: health, dog care and training, garden, entomology.

Ben Ed Hillhouse: conservation, achievement, electric I, II, III, photography, tractor, soil and water conservation, horticulture, garden, agricultural program, grain marketing.

Glen Miller: conservation, beef, photography, dog care and training.

Audie Moore: achievement, horticulture, entomology, safety, field crops, soil and water conser-

vation, photography, swine, tractor, poultry, electric I, II, III.

Lindell Orcutt: Swine, Health, soil and water conservation, photography, horticulture, beautification of home grounds, achievement.

David Richards: field crops, leadership, public speaking, electric I, II, III, agricultural program, entomology, garden, tractor, dog care and training, grain marketing.

Robert Snider: beef, safety leadership, horse, electric I, II, III, swine, agribusiness, citizenship, marketing, tractor, public speaking, dog care and training, conservation, veterinary science.

L. B. Snider, Jr.: swine, horse, public speaking, electric I, II, III, garden, wildlife conservation, agribusiness, achievement, agricultural program, soil and water conservation, veterinary science.

### Turkey 4-H Club

James Alvin Adams: wildlife conservation, leadership, tractor, electric I, II, III, marketing, community beautification, public speaking, photography, garden, field crops, dog care and training, soil and water conservation, agri-

cultural program.

Jake Damron: Hall County Star Boy of 1966, swine, safety, conservation, horse, wildlife beautification of home grounds, achievement, electric I, II, III, citizenship, garden, agricultural program, photography, dog care and training.

Dan Davis: safety, marketing, agricultural program, electric I, II, III, photography, tractor, field crops, grain marketing, beautification, soil and water conservation.

Scott Eudy: swine, electric I, II, III, safety, tractor, entomology, photography, grain marketing, automotive, garden, field crops.

Steve Eudy: swine, electric I, II, III, beef grain marketing, entomology, garden.

Joan Ferguson: health, poultry, garden, achievement, photography, horse, dog care and training, beautification of home grounds, entomology, electric I, II, III. Charmaine Fuston: Hall County Gold Star Girl 1968, field crops, health, beef, public speaking, dog care and training. (Continued on Page 1)

In Spite of the Many Other Advertising Media

# Hometown Newspapers Are The Strongest

Here Are Some Very Good Reasons:

- It is the most thoroughly read publication invited into the home.
- National outlets and their advertising media are abstract quantities until they are identified with the local firm.
- It is by far, the most economical means of reaching the most persons, in the most receptive frame of mind.
- The mere fact that advertisers are alert and aggressive enough to offer their merchandise in the "show window" of the community, marks them as progressive and good business firms.
- An active market place (a hometown newspaper) is essential for progress and communication of ideas.

On the Basis of National Surveys

## 4 Adult Readers

have access and read each weekly newspaper which means over

# 9,400

ADULT READERS WILL READ THIS PAPER

You've never seen a hometown newspaper in a postoffice waste basket!

Spend Your Advertising Budget Wisely In

"Promoting the Progress of Hall County and this Area"

Your bills always seem to arrive on time...

why not all your mail?

Ever notice that most companies that send you bills always use Zip Code? They also make it easier for you to respond, by including their own Zip Codes in their return address.

Perhaps they know something you don't know. Zip Coded mail can be sorted up to 15 times faster. And that Zip Coded mail is routed more directly to its destination.

The Post Office wants to give your personal mail this same fast service. So use Zip Code. Put all the Zip Codes you need in your address book. For local Zip Codes, see the information pages of the phone book. For others, call your Post Office or use its ZIP Code Directory.

Mail moves the country — ZIP CODE moves the mail!

# B.B. Shots

By BYRON BALDWIN

"Smile and the world smiles with you. Don't be weary, just be cheery all day long. Whenever your trials are more than you can bear, smile and the world smiles with you." This in a part of one of the Rotary songs we sing. A smile is so valuable and very inexpensive.

I happened to be out at Postex Mills a few days ago when the 3:30 p. m. bell rang. I was waiting in the vestibule to see a person as these people came out of the sewing room. I spoke to each one of them and I believe they were about 100 percent in a smile even though they looked tired from their day's work.

I came away feeling real good to see that many smiles in one organization, even got a smile from Mrs. Bevers and Jim Brown as busy as they were at that time of day.

A day later I visited the Hall County Hospital and believe some of them had corns hurting them. But the nurses including candy stripe girls had a big smile and some of the patients were smiling. So I decided this was smile week, as I met Bob Spicer, the friendly undertaker, at cafe drinking coffee and Bob had a smile. A smile costs no more than a frown and is a lot easier to live with, so smile and the world smiles with you!

I overheard one lady tell another over the telephone she could smell the lackeyed peas cooking. She could sense this like we can tell our telephone operators have a smile with their kind mannered reception.

Met Lois Strickland of Brownfield a few days ago. She has some part or portion with public relations checking up here and I

did tell her about the wonderful service operator 3 on Wednesday night gave me in handling calls. Hope she imparts the message to all the bunch who were transferred to Brownfield. We are looking for some old model telephones to go in Heritage Hall, also would like to have a mounted buffalo head. I believe we have five mounted deer heads now.

Met George Wilton, old Hall County boy, who has been in banking business in California for a good many years, but recently retired. I hope I have this story right, did not get to talk to Ruth Leary Wilton to get it verified. George and Ruth were good close friends in high school, got graduated and went their separate ways. Then 32 years later, they met in California and married. Do not know whether this was a class prophecy or not. Best wishes to both of you.

Speaking of retirement, have been thinking how it could be better and have come to this conclusion that we should have a part of retirement when we are around 40 or 45 years old when we would feel like going places and having a little fling. But as it is now, when you retire you are not able to fling anything, however one morning last week I stood up in the middle of the room and got both legs in my pants without sitting down or holding on to anything. Was real proud of that accomplishment and I buttoned my own collar and finally got down low enough to tie my own shoes. It is hard on these young women that married old helpless men and had to smell linament in place of perfume.

I thought that was a real pretty picture in last week's Democrat with Judge McMurtry and Mayor Kenneth Dale handing over the check to Wendell Harrison to help support Heritage Hall. However, not one of the three would take a beauty prize. Thanks anyway.

The deer heads put on the north wall I thought gave Heritage Hall the right look and atmosphere. They were killed in three states and were furnished as by the following: two from collection of late T. D. Weatherby by his brother, Howard, of Shamrock; one from Hubert Dennis, one from Mrs. D. L. C. Kinard from the collection of her husband; also another nice one from Bud Godfrey. Slow progress, but think will have something to be proud of when finished. Another nice check of the last few days from Lester Phillips. Thanks Lester for your interest.

We now have something in our Heritage Hall you will not find in many larger museums and it should bring in a good many people to Heritage Hall to get a view of this one thing. I have never seen anything like it and think it has been very scarce. This item has been loaned to us by Mrs. Mona Robertson. Thanks to her! Well, here it is — "Robbie" the two-headed calf . . . born Oct. 11, 1921 with two normal heads and it could eat with either mouth or eat on both sides at the same time. The calf lived seven days and was mounted and preserved all these years. Clint Srygley said he was there when the calf was born and saw it while alive. We will try to give Robbie national publicity and have everyone wanting to stop here and see it.

We will try to get a plug in for Heritage Hall with the High-

way 287 group, who start the trip this year from Memphis.

Those who missed the patriotic program presented by the Culture Club in having Miss Mary Rando of Friona as speaker missed an inspiring hour. Old and young need to hear Miss Rando.

I had an interview with part of the Wills Family and if it all works out on their program, they should be back through here next month and will give us a short concert at Heritage Hall on their way to another town. Looking forward to it.

Thanks Della Pallmeyer for those kind words and we'll be looking for you back in your old home town soon.

There are two people who have passed away in the last few months to whom I would like to pay tribute. I keep thinking of these two together for some reason. I think it was because of their unselfishness . . . always thinking of others and not complaining of life's hard knocks, but

just took the up and downs as they came. One of these persons was Ollie Lane Meacham of Turkey and the other was Stella Badgett of Lakeview. I knew both of these people over a long period of years and my description of them both was that they lived as a good sermon each day of their lives, and they will live on in the lives of others who knew them.

Tarver also visited with relatives. While there they also visited with Mrs. Gloria Wilson and daughter Pat.

Robert Mack and Jerry Moss spent the holidays with their parents, Mr. and Mrs. Robert L. Moss. Jerry is a student at Denton and Robert Mack lives in Muleshoe. On April 1 Robert Mack was promoted to manager of Custom Farm Service, Inc., Rowland-Gordon, Division in Muleshoe.

Mrs. H. R. Crawford and Mrs. Ruth Harrison were in Houston the latter part of last week to

visit with relatives. Mrs. Crawford visited her brother and Mr. and Mrs. Benny Estes and Mrs. Harrison visited with Mr. and Mrs. Candler Hawkins.

W. W. Dunn and daughter Billie Kay of Dennison came to Memphis Friday to visit with Mrs. Dunn, who had visited home last week, accompanied by her son, Sheldon Anisman.

Mrs. A. Anisman has returned home after spending a few last week in Fort Worth with her son, Sheldon Anisman.

## LOCALS

Mrs. Herschel Montgomery of Richardson is visiting here this week with her mother, Mrs. E. P. Thompson, and other relatives.

Mrs. Gayle Greene and Tommy and Mrs. M. G. Tarver visited in San Antonio over the past weekend. Mrs. Greene and Tommy visited with her sister, Mrs. Hal Hewitt and family while Mrs.

### R. N. White Visits Jehovah's Witnesses Here

The Memphis congregation of Jehovah's Witnesses had a special visitor Tuesday night for their weekly Ministry School and Service meeting. Mr. R. N. White, traveling minister for area congregations is a guest speaker for this week in Memphis.

White supervises some 16 congregations and visits them each one three times a year. This week he will continue his inspection here and will climax his visit by giving an hour Bible lecture Sunday afternoon at 3 p. m. on the subject, "Endurance Leads to God's Approval".

Mr. White and his wife will take the lead this week in making home calls on area residents which he describes as the "same method employed by early day Christians who followed in Jesus' footsteps in going to their neighbors with encouraging words and suggesting family Bible study as a means

of coping with the problems of the day".

Mr. White will meet with the local group Thursday night at 8 p. m. and again Saturday evening when he will conduct a program entitled, 'New Things Learned'.

### Tommy Hall Undergoes Knee Surgery In Amarillo

Tommy Hall, son of Mr. and Mrs. Bill Hall, returned home Monday from Amarillo where he underwent surgery on his knee in High Plains Baptist Hospital last Thursday.

He is reported by his mother to be improving nicely.

Mr. and Mrs. Clyde Fowler has as guests at their cabin on Greenbelt Lake Mr. and Mrs. Bill Gibson and Mrs. Ruth Messick.

A smart aleck is someone who thinks he knows more than you know that you know.

Marriage is a mutual admiration society if one is always right and the other is the husband.

### Memphis Bowling Team Places In State Tournament

A bowling team from Memphis placed in the state Bowling Tournament in Lubbock last weekend. The place won by the team will not be announced until final tabulation is made at the end of the tournament, according to team members.

Members of the team include Mrs. Joyce Crooks, Mrs. Zady Goodpasture, Mrs. Hattie Dem Thompson, all of Memphis and two team members from Childress, Mrs. Shirley Hassell and her mother, Mrs. Edith James. Mrs. Hassell is a former Memphis resident.

Two members of the team were awarded pins for bowling over 200. Mrs. Thompson bowled 201 and Mrs. Hassell bowled 236. Both were awarded 200 pins.

The group went to Lubbock on Friday and returned home Sunday. Mrs. Neva Hickey, who is a former member of the bowling team and now lives in Dimmitt, met them in Lubbock and enjoyed seeing the team bowl.

**DEFENDING CHAMP** — Brenda Durrett of Lakeview, shown above, goes to play in the Class B regional girls singles tennis meet this weekend in Lubbock to defend her regional title won last year. She will be considered a favorite and has been playing strongly.

**'HOOT' JONES**—Shown above is Hubert (Hoot) Jones, Abilene Christian College's quarter miler who is running the first leg (off the blocks) for ACC's top mile relay team. The ACC mile relay team ran in the Texas Relays at Austin last weekend, placing second with a time of 3:08.3. Rice won the race with a 3:07.1 and Texas placed third with a 3:08.7. This weekend, ACC goes to Provo, Utah, for a dual meet with Brigham Young University. On April 26, the ACC team competes in the Drake Relays in De Moines, Iowa. Jones ran two years for Lubbock Christian College and was recognized as one of the top milers in junior college ranks. He is now in his second season with Abilene Christian's fine track team.

Mr. and Mrs. Gene Corley joined Mr. Corley's sister and husband, Mr. and Mrs. J. C. Redmond of Shallowater at Lakeview over the weekend. Those visiting in the home of Mr. and Mrs. B. F. Davis Sunday were Mr. and Mrs. Robert Milton of Groom and their daughter, Mrs. Beth Landry of Port Arthur.

### Wedding soon?

Mrs. L. G. Yarbrough returned last Saturday from California where she visited two weeks with two of her sisters and their families, Mrs. Sallie Longshore in Long Beach and Mr. and Mrs. Marvin Dishroom in San Fernando.

Mrs. Grace Monzingo, who has spent the past month in Dimmitt with her daughter, Mrs. Jerry Cluck and family, returned home Friday.

**Sgt. Davis Is Student At Army School In Kans.**

Sgt. Fred W. Davis is now attending the Fifth U. S. Army Noncommissioned Officers Academy at Fort Riley, Kans. Sgt. Davis is the son of Mr. and Mrs. Scot Davis of Blair, Okla., and is married to the former Wanda Grice, daughter of Mr. and Mrs. C. A. Grice of Brownfield, formerly of Memphis.

Sgt. Davis competed a year's tour of duty with the Army in Vietnam in October of 1968. He recently participated in the "Carbide Ice" maneuvers in West Germany in January through February of this year.

After his training, Sgt. and Mrs. Davis will continue living at Fort Riley where he is stationed with the 24th Infantry Division.

**Young Homemakers To Attend Special Day On April 25th**

The Area I Association of Young Homemakers will attend Special Activity Day, Friday, April 25, at the Holiday Inn in Plainview, according to an announcement this week by W. R. Parker, manager of the Hall County Electric Cooperative, Inc. The special day is sponsored by 11 cooperatives in the Panhandle and South Plains.

Approximately 200 Young Homemakers from the 36-county area will attend the all-day program. Registration will be from 9:30 to 10 a. m.

Alton Higginbotham, manager of member services, Lighthouse Electric Cooperative, Floydada, will act as master of ceremonies. Miss Josephine Blanch, staff home economics with the product information department of Corning, N. Y., will get the program off with a presentation concerning the "Counter Thru Cooks". New ideas in crafts will be demonstrated by Miss Gwen Edwards and Mrs. Mary Stewart of Lubbock. Other speakers will include Wayne Martin, manager of Plains Cooperative Oil Mill, Plainview; Clark Ellzey, professor of home and family life at Texas Tech, Lubbock.

Other speakers will include Wayne Martin, manager of Plains Cooperative Oil Mill, Plainview; Clark Ellzey, professor of home and family life at Texas Tech, Lubbock.

**Public Notices**

**NOTICE OF SALE OF REAL ESTATE BELONGING TO HALL COUNTY, TEXAS THE STATE OF TEXAS THE COUNTY OF HALL THE COMMISSIONERS Court of Hall County, Texas, having at a special session on the 31st day of March, 1969 passed and entered its order appointing me, E. Gip McMurry, as Commissioner to sell and dispose of the following described real property, belonging to Hall County, Texas,**

to-wit: The West 12 1/2 feet of Lot No. 3 and all of Lots Nos. 4, 5, 6, 7, 8, 9, 10, 11 and 12, all in Block 6 of Montgomery's Addition to the town of Memphis, Hall County, Texas; and, all of Lots Nos. 13, 14, 15, 16, 17, 18, 19, 20, 21 and the West 12 1/2 feet of Lot No. 22, all in Block No. 6 of Montgomery's Addition to the town of Memphis, Hall County, Texas; and, the West 12 1/2 feet of the North 61 feet of Lot No. 3, and all of Lots Nos. 4, 5, 6, 7, 8, 9, 10, 11 and 12, all in Block No. 9, of Montgomery's Addition to the town of Memphis, Hall County, Texas.

THEREFORE, notice is hereby given that on the 5th day of May, 1969, same being the first Tuesday in said month, between the hours of 10:00 o'clock A. M. and 4 o'clock P. M. on said day, at the Courthouse door of said county, I will offer for sale and sell at Public Auction to the highest bidder for cash, all the right, title and interest of Hall County, Texas in and to the above described real property.

Right to reject any and all bids is hereby reserved.

E. Gip McMurry, Commissioner 47-3c

**NATIONAL BANK OF MEMPHIS, TEXAS HELD ON MARCH 25, 1969**

I, Charles R. Brown, Vice President and Cashier of FIRST NATIONAL BANK, MEMPHIS, TEXAS, a national banking association domiciled in Memphis, Hall County, Texas do hereby certify that a regular meeting of the Board of Directors of said bank was held at 1:00 P. M. on the 25th day of March, 1969, at its banking house in Memphis, Texas, with all Directors present except Don E. Hand and Henry C. King, Jr., and the following Resolution was unanimously adopted:

"BE IT RESOLVED, that First National Bank of Memphis, Memphis, Hall County, Texas, convert from a National Banking Association into a State Banking Corporation; that the capital and surplus of the Bank remain the same after conversion as it is at this time; that the Bank make application for a State Banking Charter; and

"BE IT RESOLVED, that a Special Meeting of the Shareholders of the Bank be, and is, hereby called for April 22, 1969, at 1:00 P. M. to be held at the banking house, for the purpose of voting upon the Plan of Conversion and the action represented thereby; and, that the Cashier be, and is, hereby authorized and directed, to notify the shareholders

of record this date, March 25, 1969, of such meeting by:

1. Notify them in writing, by Registered or Certified Mail, at least ten (10) days prior to said meeting; and

2. Publishing the notice of said meeting in a newspaper of general circulation in Memphis, Hall County, Texas, once a week for four (4) consecutive weeks, commencing on March 27, 1969.

"AND, BE IT FURTHER RESOLVED, that the Officers of this Bank be, and are, hereby authorized and directed to execute all papers, documents and instruments, as well as do all other acts

which may be necessary to accomplish the conversion of this Bank into a State Banking Corporation and to carry this Resolution into effect."

IN TESTIMONY WHEREOF, WITNESS my hand and seal of the Bank at Memphis, Texas, on this the 25th day of March, 1969.

(s) Charles R. Brown, Vice Pres. & Cashier

SWORN TO AND SUBSCRIBED BEFORE ME, this the 25th day of March, 1969.

**WE ARE NOW SERVICING AIR CONDITIONERS**

ready for the hot days ahead, and make a date for to put your cooler in top condition.

We have in stock all parts for getting your air conditioner ready, such as pads, pumps, belts, etc. Have plenty of both aspen and redwood pads.

Bring your pad holders to us, if more convenient. You pay for pads—we'll install them without additional charge.

**Thompson Bros. Co.**

**Uncle Charlie is very concerned about world problems...**

**We're very concerned about Uncle Charlie!**

You see, being concerned is about as far as Uncle Charlie ever goes. He worries about this...he gripes about that...but actually getting out and doing something to solve some of those problems...well...that never occurs to him. So, the problems remain...some get worse...new ones arise...and good old Uncle Charlie always has plenty of voice concern about.

At Lone Star Gas, we believe in concern plus action. And we put that belief to work in the communities we serve, and for our more than one million customers. There are over 6000 of us at Lone Star Gas, and we like to think there isn't an "Uncle Charlie" among us!

**Lone Star Gas**

# Kick-Off Drive For Salvation Army Is Set For Tuesday, April 22

Kick-off for the 1969 Fund Appeal for the Salvation Army will take place at 7:15 a. m. Tuesday, April 22, at Odom's Big O Restaurant, it was announced today.

Rev. John Bobo, campaign chairman, announces the following as team captains for the drive: Jack Rose, Bill Lockhart,

## Mrs. Pearl Ward— (Continued from Page 1)

December, 1909, in Memphis. Survivors include: one brother, J. W. Noel of Memphis; and four nieces, Mrs. Pearl Kennedy of McLean, Mrs. Harry Boatright of Boys Ranch, Miss Martha Sue Noel of Phillips and Mrs. Frank Anderson of Wellington.

Full bearers were Temple Deaver, W. H. Goodnight, Paul Montgomery, John Deaver, Clifford Farmer and Bill Leslie.

Honorary pall bearers were Buster Helm and Mills Roberts.

## Guest Dinner— (Continued from Page 1)

ing eight hours to cover the 192 miles if the cyclist is to win the event.

Trophies will be on display at the De Ville Motel, and will not be presented to winners until the last cyclist has completed the course, or time has expired. There is a good chance that not all the machines will be able to finish the race considering the difficulty of terrain.

Registration opens at 6:30 a. m. with drawing for positions at 7:30 a. m. The first riders leave at 8:01 a. m. from race headquarters at the DeVillie Motel in Memphis.

Surprise checkpoints will keep tabs on progress of the riders. Penalty points are deducted for being either early or late at any checkpoint. Riders will have a lunch and rest stop in Wellington before starting the final leg of the course.

## National Guild— (Continued from Page 1)

looking forward to meeting Mrs. Shuller and playing for her, Miss Rasco stated.

Piano teachers in this area who are members of the National Guild of Piano Teachers and who are entering students are: Mrs. Frank Anderson, Mrs. John Harper, Mrs. Kelley Pigz, and Mrs. Ursula Peters, all of Wellington; Mrs. A. E. Gragon of Quitaque; Mrs. Ann Chamberlain, Mrs. T. L. Rouse, Miss Betty Stewart and Miss Gertrude Rasco, all of Memphis.

## Heritage Hall— (Continued from Page 1)

at the Hall County Museum. Also four deer heads and one moose head have been loaned to the museum.

Artifacts can either be loaned to the museum, donated to the museum, or stipulated that the artifact can be reclaimed by the original donor during his or her lifetime.

Items must belong to the donor who presents the artifact to the museum so misunderstandings can be avoided wherever possible.

No target date to open the museum has been set due to the huge job of assembling displays, working over show cases and handling other details.

## Expansion— (Continued from Page 1)

nessee and he is expecting more cattle from this state during the next couple of weeks. Other cattle from various parts of the southwest are expected to arrive soon, he said.

Presently he said, we have several people who have cattle being fed out at the lot. He named Flipp Breedlove of Clarendon, Emmitt Simmons of Clarendon, Harry Youngblood of Lefors, Floyd Farms of Hedley, Spincer Sitters of McLean, Dwayne Reynolds of Hedley and Kenneth Sams of Hedley.

People scheduled to have cattle arrive at the lot within the next few weeks are C. O. Sutton of Amarillo, Bob Callan of Amarillo, Blain Odom of Baird, and Dean Peoples of Hedley.

Payne is the sole owner and manager of the feedlot which began construction work last August, west and south of Hedley. It opened for business in February of this year.

"We have future plans of expanding the lot to accommodate 30,000 to 40,000 head of cattle," Payne said.

The manager extended an invitation to people in this area to come by and visit the feedlot and ask questions about the operation.

Don Cockrell, Haulby Dean, W. D. Young, David Hamblin, Tom Posey and Tom Dunham.

Purpose of this fund appeal is to support the charitable works of the Hall County Service Unit committee who administer the work of the Salvation Army in Hall County. These funds also support statewide services of the Salvation Army which are available to Hall County residents through the local service unit committee.

# Texas DPS Is Seeking Men For H. Patrol

Specialized training in an elite field and a rewarding career are the opportunities being offered by the Texas Department of Public Safety.

A call was issued today for applicants to fill a 120 - man class beginning May 6 in Austin. Because of the short time remaining to test applicants, immediate inquiry is urged for area young men interested in becoming a member of the Texas DPS.

Applicants must be between 20 and 35 years old, at least 68 inches tall, weigh not less than two pounds or more than 3 and one - half pounds per inch of height, and be in sound physical condition. They must have a high school education or the equivalent and their record must be able to stand a rigid examination pertaining to character and citizenship.

Those selected will take their training at the Texas DPS Law Enforcement Academy in Austin. This training period will last for an approximate period of four months. Upon graduation, the patrolman will be assigned to one of the four field services — Highway Patrol, License and Weight, Motor Vehicle Inspection and Drivers License.

For complete information concerning the position of patrolman, training and benefits, young men are encouraged to contact the nearest DPS patrolman or DPS office. Hurry — for the time is short before the start of the May 6 training school.

# Iron Chlorosis Can Cut Yields Of Grain Sorghum

Iron chlorosis of grain and forage types of sorghum can reduce yield if the condition is severe.

"This iron deficiency is characterized by a yellowing between the leaf veins and often occurs on calcareous spots or high lime soils containing free calcium carbonate," says Dr. Charles D. Welch, Extension soil chemist at Texas A&M University.

Iron deficiency usually is observed early in the season soon after emergence, and spots and irregular patterned areas are most common. The crop tends to grow out of the condition as soon as the soil temperature rises, but it often is seen on a second growth of forage sorghum.

If land has a history of producing sorghum with this disorder, Welch advises trying a foliar application of 2 and one - half percent iron sulfate, commonly called copperas. The principle involved is to get iron into the plant through the leaves.

Prepare the solution by dissolving 10 pounds of iron sulfate in 50 gallons of water. According to Welch, the light blue or blue - green solution will become yellow and less soluble after prolonged exposure to the air.

A wetting agent of detergent should be added to insure good coverage of the leaf surface. Welch said that approximately 20 gallons of the wetting solution per acre should do the job. The first application should be made within 10 days after emergence plants show severe deficiency. Another application should follow in about two weeks. Should yellowing continue or occur later in the season, a third application may be necessary.

If zinc or other micronutrients are included in the treatment, slightly reduce the iron concentration to prevent leaf burn from too much salt. In applying micronutrients, Welch advises using only those that are lacking, and in amounts that will meet plant requirements.

It would appear that the family tree of some confidence men must be a slippery elm.

The workman who is thrifty at home seldom wastes his employers time or material.

# Harmony Club Scholarship Audition To Be Held April 26

Auditions for the Harmony Club scholarship grant to an outstanding music student will be held Saturday morning, April 26, at the Community Center according to Mrs. John Chamberlain.

Mrs. Chamberlain stated that any junior high or senior high school student is eligible to receive the scholarship which is granted annually by the Harmony Club.

Any student interested in the auditions is asked to contact either Mrs. Chamberlain or Mrs. Henry Foster.

# Edwards Receives Health Citation For Competency

AUSTIN — An official State Health Department citation for work proficiency has been awarded to E. H. Edwards, plant operations specialist for the Memphis sewage disposal system. The citation reflects the regard in which Edwards is held by state water officials.

Signed by the State Health Commissioner and authorities of the Texas Water Utilities Association, the certificate of competency is awarded only to those utility plant operators who have successfully demonstrated their skill and knowledge in modern principles of plant management.

To qualify for certification, a plant operator must have accumulated a prescribed amount of actual work experience. He must also have attended both regional and statewide short schools at which the techniques of water treatment and waste water disposal are taught, and must have passed an examination given by State Health Department sanitary engineers.

The engineers said that attainment is evidence of Edwards' efforts to better prepare himself for the duties of his profession.

# IODINE IS USEFUL IN CONTROLLING LIVESTOCK DISEASE

"Prevention is still the best method of disease control in livestock. And," reminds County Agent W. B. Hooser, "giving attention to the wellbeing of all animals, including the newborn ones is a case in point.

"For example," he says, "one of the greatest dangers to newborn animals from infection is through the umbilical cord connects to the liver and kidneys." "Disease organisms entering the animal's system through this avenue can be reduced by the simple process of dipping the stump of the navel in a solution of iodine," says the county agent. This should be done immediately after birth of the animal.

The iodine can be applied from a small jar such as a half-pint jelly jar and the solution should be of veterinary strength, about 10 percent iodine. Hooser adds that the use of iodine normally advised for human use will be of little benefit since the percentage of iodine is too low.
