The program is being sponsored by the Harmony Club. The program will begin at 3:00 p. m. and is open to the public. Chamberlain announced she would like to extend a special invitation to all high school youth to attend. Mrs. Chamberlain stated that three artists are members of the music department faculty at WTSU. Members of the trio are Donald Todd, Charlotte Dillard and Bill Evans. The program will include the following: Sonata in A Major for Piano (continued on Page 10)

Applications for Football Coach Sought

Memphis ISD is now accepting applications for the position of Head Football Coach for the 1970-71 season. The position was vacated this week, following the resignation of Bert Glascock last week. Applications should be sent to Schools C. L. Chamberlain, 1000 N. Main St., Memphis, Tenn. 38103. He is receiving some inquiries regarding the position open on the staff and that applications should be taken. Those interested in the position should make application with the superintendent as soon as possible.

MHS Track Team To Go To Dist. Wed.

Although the weather has been springlike, Memphis will have a very heavy rain of activities coming up in two weeks. Coach Gouge said the golf team tied with Seymour last week in a duo team meet at Seymour. The two teams shot 283 totals in the meet. Alan McNally and Bill Oslin had 83's and Mack Miller an 84. David Rose had a 92 and Bobby Cosby had a 98. "Some of the boys didn't get to play 18 holes," the coach said. The golfers will play the Tascosa course at Amarillo, teeing off at 2 p. m. Thursday and at 8:30 Friday, the coach said. Coach Denzil Lacy said the MHS tennis players are still playing off matches to determine the girls team members. The boys have finished their intra-squad matches to determine positions on the squad. "District will be played April 16-17 at Electra," Coach Lacy said. All local coaches report that adverse weather conditions have hampered workout schedules for those participating in spring sports.

LIFE SCOUT PROMOTION—As his last official act as Scoutmaster, Les Sims awarded Wiley Davis the rank of Life Scout, while Wiley's parents, Mr. and Mrs. W. M. Davis, Jr. watched at Monday's Court of Honor held by Troop 35.

Jehovah's Assembly To Be Next Week

Jehovah's witnesses have intensified their search for rooms to accommodate the surplus of delegates that will spend three days here next week attending their "Sacrifices That Plesse God" assembly in the Community Center, April 10-12.

According to a local spokesman, Memphis residents have opened their homes to paying guests for the weekend.

Commenting on the hospitality displayed by residents here, Jack Cobb, presiding minister of the local group, praised the fine attitude of homeowners who, although not of the belief of the Witnesses, are still willing to share their extra bedrooms for the delegates so that they may have sleeping accommodations during their stay here.

Reservations are also being made in some of the Clarendon and Childress motels to provide for larger family groups that will be attending. "For the most part bedroom space in private homes in Memphis is confined to smaller family groups where husband and wife and one child can be provided sleeping space," Mr. Cobb indicated.

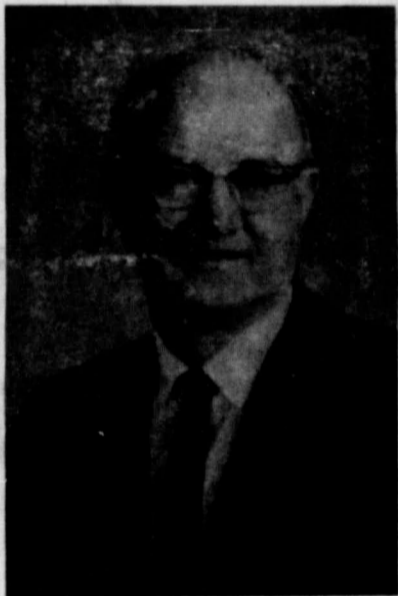

Commercial facilities locally expressed their pleasure at having the meeting here due to the large number of persons who will be spending the weekend in Memphis which persons have made reservations for all available motel space here several weeks ago. The program will begin Friday, April 10.

140 Memphis Exes Attend Banquet Here Saturday

State Senator Jack Hightower, while addressing approximately 140 Memphis exes and their husbands and wives, spoke of the landmarks of his past as a youngster in Memphis. Saturday at the Memphis Ex-Students Banquet.

The Senator, MHS grad of the class of 1944, said he read a book he received Christmas entitled "My Personal Country" and that was the way he felt about Memphis and Hall County. "I've been up and down Hwy. 287 so much that the landmarks are always in my memory, the bridge near Estelline, the flat topped hills, the big curve and dip outside of town," the Senator said.

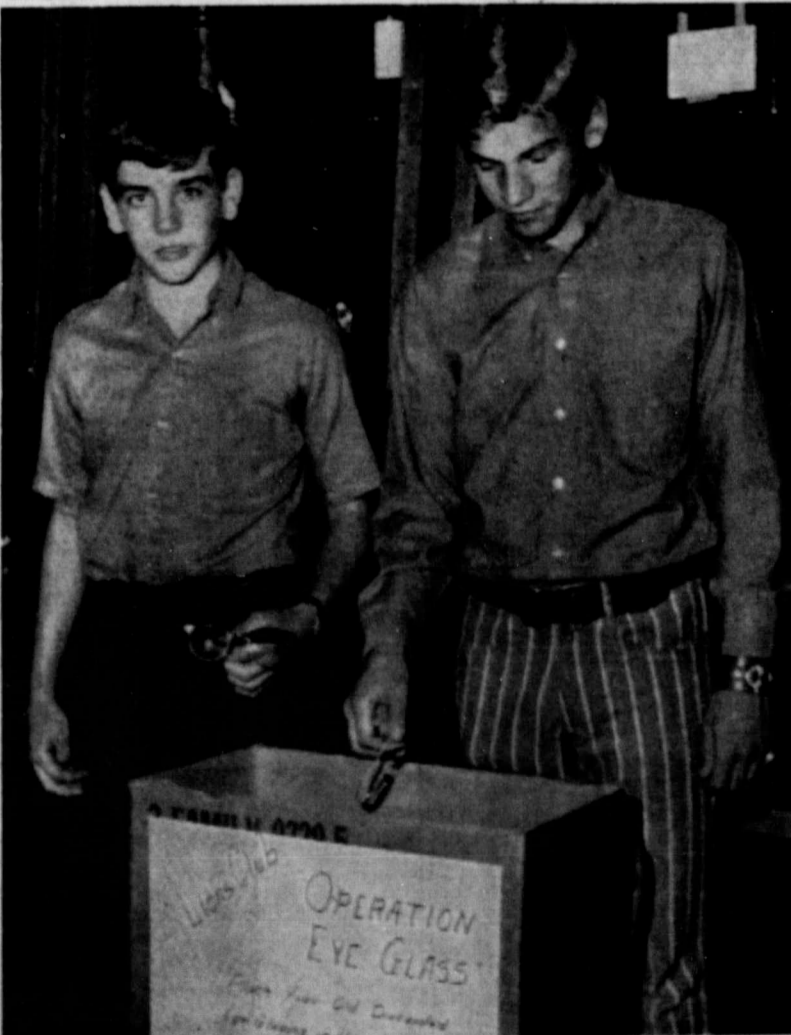

He went on to say that for those who live away from Memphis, the many changes in the face of Memphis is far more noticeable than it is to those who live here. "I have seen many of the old landmarks go that are fresh in my memory," he said. Remember when Tarver's was the last place in town you could get curb service, he asked? (Referring to when Tarver's Drug was on the northeast corner of the square where the FNB building is now). The senator went on to name many landmarks, both physical (Continued on Page 10)

Estelline Baptists To Have Revival Meet April 5-12

The First Baptist Church of Estelline will have a Spring Revival meeting beginning Monday, April 6, and continuing through the following Sunday, it was announced this week.

The Rev. E. E. Pitts, pastor of the Estelline church, said that services will be held at 10 a. m. and 7:30 p. m. daily during the revival meeting.

The Rev. Keith McCormick, pastor of the First Baptist Church of Wheeler will be preaching for the Revival.

Tom Wilkins of Wellington will be the music director for the meeting.

The Wheeler preacher attended Oklahoma Baptist University and Golden Gate Seminary. He has pastored at Matador, Perryton, Panhandle and Wheeler. He is married and has two sons, both of which are grown and away from home.

The Estelline Church has been conducting an attendance promotion during the month of March which will continue through the revival meeting. The campaign has as a theme: "Put on the Whole Armour of God."

Elections for city and school officials will be held Saturday, with the exception of the Lakeview City Election which is scheduled for Tuesday, April 7.

Memphis City and School elections will be held at the Councilroom of the Community Center and will be a joint election, for the convenience of the voters, on Saturday, April 4.

Memphis ISD voters will vote for three out of a slate of four candidates. Seeking positions on the Memphis School board are incumbent Morris W. Davis, C. J. (Red) Wynn, Jr., Mack Richards and Bob Hutcherson.

Polls open at 8 a. m. and close at 7 p. m. on the day of the elections. Polling will be regular voting places.

The City of Memphis election will place four men on the City Council. Voters in Ward No. 3 (northwest Memphis) will have a choice of two candidates, Haulby Dean and Rayford Hutcherson. Ward No. 1 candidate is Homer Tribble, No. 2 candidate in Johnny Farnsworth, and No. 4 candidate is J. O. Dixon.

Estelline Elections
At Estelline, voters will go to the City Office, next door to the Estelline Post Office to vote in the school and city elections being held Saturday, April 4.

The Estelline School ballot contains three names and three positions are open. Those seeking trustee positions are Jack Johnson, (Continued on Page 10)

Mrs. Mattie Roden, Pioneer Resident, Buried Tuesday

Funeral services for Mrs. Mattie C. Roden, 78, a longtime Hall County resident, were held at 2 p. m. Tuesday in the First Baptist Church with Rev. John W. Bobo, pastor and the Rev. James Henry, pastor of the Travis Baptist Church, officiating.

Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mrs. Roden died Sunday in Hall County Hospital where she had been a patient for more than a month.

Mrs. Roden, a native Texan, was born May 30, 1891, in Paris, Texas. She had lived in Memphis 62 years and made her home at 519 N. 10th Street.

She was a member of the First Baptist Church.

She is survived by three sons, Claude Robert of Dallas, Grover Jason of Memphis and James Daniel of Rolling Hills Estate, Calif.; four grandchildren and four great-grandchildren.

Pall bearers were Dwaine Floyd, Larry Combest, Gene Hearne, Roger Messer, Lloyd Elliott, and Dwight Floyd.

TB Tests Are Given 200 Hall County Students

Tuberculosis tests for students in the first and seventh grades of Hall County were given Tuesday, March 24, under the auspices of Dr. H. R. Stevenson, County Health Officer, and coproject director of the Migrant Health project.

Rita Anderson, Migrant Health Nurse, administered the tests assisted by Sue Ferrel and the school personnel.

The tests were read on Thursday, March 26. Any positive reaction will be rechecked and followed with chest X-ray if necessary.

Approximately 200 students were tested.

Concerning Changes In U. I. L. Rules!

Across our desk this week came information concerning an upcoming referendum of Texas School Superintendents (and Principals) voting on three rules issues affecting athletic regulations in Texas Interscholastic League.

The referendum will be held sometime before April 20 and the Texas principals and superintendents will be faced with making several decisions which could have a marked effect on the finest schoolboy athletic program in the country.

The UIL is made up of elected administrators from within the state and operates under the direction of various faculty members at the University of Texas. There's little arguing that the Texas UIL is one of the most respected governing bodies in the country, but few laymen actually know how it functions and how regulations are adopted. The rule making body of UIL consists of school administrators voting in secret ballot on proposals presented by other school administrators.

This has been the plan of operation since 1920 and it is through this set up that the extra curricular activities of the various high schools operate. Included in the extra curricular activities are music, athletics and literary competition.

The average Texas sports fan, has the misconception that athletic rules are made by coaches, music rules by band directors and literary rules by those involved in teaching literary activities. This is not the case. Coaches, bandmen and educators must work through their administrators in order to have their beliefs executed into rules.

The three most important rule changes being considered in the upcoming referendum are: 1. To keep or do away with spring training in football in Conference AAAA schools. 2. To keep the award rule as it is now (only one \$20.00 varsity award, usually a jacket or sweater, can be awarded during the individual's entire high school career) or change it to allow one \$20.00 varsity award each year. 3. To keep the transfer rule as it is now which prohibits a senior boy from participating in football or basketball if he changes school districts or to change it to allow a boy who is a senior and moves into another school district to participate if he can obtain a release from his previous school, stating he was not recruited.

As far as our area is concerned, whether or not AAAA schools are allowed a spring football practice session or not does not affect us, but if it is taken out of the regulations, it will be an obvious attempt to curtail football activities in the large schools.

The second issue concerning the awarding of letter jackets is of vital interest to everyone. Two years ago, this rule was changed to limit letter jackets to only one a career. The only thing it has done is to discourage continued participation in athletics in higher grades, on our opinion. A freshman or sophomore who letters, gets his jacket, and then may decide to drop out of the program. Where is the award which goes with hard work of continued participation? In order to combat this, some schools tried to set up "agreements" that if a student drops out of the program then the student voluntarily turns his jacket back in until he graduates; but this has not been successful in many cases. A senior gets a new patch for a jacket he was given his sophomore year. The senior is 40 lbs. heavier, and maybe five inches taller. The jacket doesn't fit him, and besides, he wore it out wearing it everyday to school. Where is the justice?

The regulation on prohibiting seniors from participation when they transfer from one school system to another is also one which discourages participation. It is not the senior's fault his parents are moving. Also, it encourages some seniors to live away from home, (with other relatives) in order to continue and bid for a college scholarship.

If you have an opinion concerning these proposals, then contact your school superintendent as soon as possible. We feel that whenever regulations are discriminatory, suppressive or unfair, they should be changed.

What Other Editors Say

Farmers have many mouths to feed

In one respect, at least, the United States in 1976 will not be vastly different from what it was at its founding.

We were a nation of a little more than 3 million "embattled farmers" in 1776. By 1975, our farm population will again be a little more than 3 million.

The actual figure is 3.2 million, as projected by statisticians at Metropolitan Life Insurance Co. These farmers, however, will be "embattled" with the challenge of feeding a total population of some 205-plus million Americans.

Projections for other occupations give a fuller picture of what workday America will be like on the eve of its 200th anniversary.

Total number of employed persons aged 16 and over, excluding the armed forces, is expected to increase from an annual average of 75.9 million in 1968 to 87.2 million in 1975, a growth of 14.9 per cent. As in the past, not all occupational groups will increase at the same rate.

Smallest increase is likely to be registered among blue-collar workers — 7.9 per cent — bringing their numbers from 27.5 million in 1968 to 29.7 million in 1975.

Next come white-collar workers, who may grow by 19 per cent from 35.5 million to 42.3 million.

Biggest increase of all is expected among service workers, who will leap by 27.9 per cent from 9.4 million to 12 million.

The only occupational group which will decline is the aforementioned farmer — from 3.4 million in 1968 to 3.2 million in 1975.

In terms of percentages, the working population in 1975 will likely be: 48.5 per cent white collar; 34 per cent blue collar; 13.8 per cent service workers and only 3.7 per cent farmers or farm laborers.

Will Roger's Indispensable Friend
In his own delightful, highly personal, amusing style, Will Rog-

ers lassoed the hearts of America in the 1920's and 1930's.

The Oklahoma cowboy was, in Damon Runyon's words, "America's most complete human document." Rogers was a showman. The core of his act was his soliloquy which concerned human nature in general and politics in particular. It was barbed and good-natured.

The marks registered best when he artfully appeared to be tossing them off while primarily concerned with unknitting a rope and making it spin.

He also made a place as a newspaper and syndicated paragrapher, and like many other amateurs, was a "doctor who looked at literature."

Rogers enjoyed and appreciated his newspaper. All he knew, he said, was what he read in the paper.

Some more of his thoughts on his newspaper bear passing on:

"Take away my ham, take away my eggs, even my chili, but leave my newspaper. Even if it has such purely local news as 'Jim Jones came home last night unexpectedly and bloodshed ensued,' or 'Jesse Bushyhead, our local M. D., is having one of the best years in his career, practically speaking — but they just won't pay him when they get well,' and 'Election ain't far off, and everybody is up for

Sen. Hightower Named To Head TLC's Deaf Study

AUSTIN — Lieutenant Govern- or Ben Barnes recently named Senator Jack Hightower of Vernon to serve as chairman of the Texas Legislative Council's committee to study facilities and programs for the deaf.

The study was requested by resolution (S.R. 1043) adopted during the regular session of the 61st Legislature, and full membership of the study committee in- cludes, in addition to Hightower, Senator Barbara Jordan of Hous- ton and Representative J. E. Ward of Glen Rose.

Under terms of the resolution the Texas Legislative Council is requested to review an earlier Council study of which a report was presented to the 60th Legis- lature in 1967.

The new study committee will direct the Council staff in updat- ing information in the original study, and a report, including re- commendations and drafts of pro- posed legislation, will be present- ed to the 62nd Legislature when it convenes in January 1971.

IRS Director Gives Warning On Scare Advertising

North Texas taxpayers were warned last week against "guar- antees" offered by some commer- cial returns preparers that make it appear that the preparer will represent the taxpayer in any sub- sequent audit.

Ellis Campbell, Jr., District Di- rector of Internal Revenue for North Texas, said only attorneys, CPA's and certain others who have demonstrated their qualifica- tions can represent a taxpayer be- fore the IRS. Taxpayers should be sure of just what is meant by a "guarantee" offered by a prepar- er.

Misleading ads in newspaper, radio, and television, said Mr. Campbell, convey the erroneous impression that the tax law re- cently passed by Congress greatly complicates taxpayers' 1969 re- turns.

Actually, the changes made by the new law that apply to 1969 affect only a few taxpayers. Mr. Campbell said if a taxpay- er elects to employ a commercial preparer to fill out his return, he should select a reputable preparer. Regardless of who fills in the form, the taxpayer is responsible for the accuracy of the return.

Mrs. Stephens Attends Austin Meet Last Week

Mrs. Mildred Stephens, co-owner - administrator representing Cousins Home in Memphis, was among the over 725 nursing home owners, administrators and staff in attendance at the 20th Annual Spring Meeting of the Texas Nursing Home Assn. The meeting was held in Austin at the Terrace Motor Hotel, March 22-25.

The conference was designed to acquaint nursing home personnel with the major subject areas that will be covered in an educational curriculum for training and examination for Nursing Administrators Licensure. Dr. Donovan J. Perkins, a member of the National Advisory Council on Nursing Home Administration, established by the 90th Congress, conducted the course.

During 1969 the Nursing Home Administrator Licensure Law was passed in Texas and the Licensure Board appointed by Governor Smith. All administrators of Texas nursing homes must have a license by July 1, 1970.

CARD OF THANKS

To whom it may concern: We wish to thank all who were so helpful and their words and cards of comfort in the recent illness in our home and my brother's death in Floydada.

It seems more than we could have borne without them. Our thanks to Brother Henry's prayers and our church. God bless all of you.

Mr. and Mrs. Jake Harris

CARD OF THANKS

We gratefully acknowledge the many expressions of kindness and sympathy extended to us during the illness and death of our loved one. We especially wish to thank the nurses, Dr. Clark and staff of the Hall County Hospital for their faithful service.

The Family of

RELY TEAM—Pictured above is the Cyclone track club's mile relay quartet of (l. to r.) Bill Hamblin, Lewis Davis, Mark Hundley and Merle Kilpatrick. Coach Hoot Jones says the quartet has a good chance to qualify for the region meet at District next Thursday.

Cyclone Sports Column

The Memphis Cyclone track club went to Vernon last Thursday and three members of the club ran at Dumas last Friday. Vernon, Merle Kilpatrick was the leading performer for MHS track. He placed first in the broad jump, fourth in high hurdles, second in the intermediate hurdles and anchored the third place mile relay. Merle ran the intermediate hurdle for the first time this season and set a new school record in the event with a time of 42.6. He also placed second in intermediate hurdles at Dumas and first in the high hurdles. Mark Hundley ran his best time of the year in the 440-yd. dash at Dumas and his best time in the 100-yd. dash in the preliminaries at Dumas, a 22.5.

A freshman, sophomore, junior and senior mile relay team, running for the first time together at Vernon made a good showing. Bill Hamblin, Lewis Davis, Mark Hundley and Merle Kilpatrick placed third with a 3:39.9 defeating all district teams except Seymour.

Joe Torres, a freshman, ran a 5:05 in the mile at Vernon, a good time for a freshman.

The track boys will be going to Amarillo this weekend. The Memphis team will enter two teams, the varsity squad in the AA-A-B Division, and the B team in the new "B" Division. Since our B Team will be competing against AAAA, AAA, AA, and A B teams from all schools in the meet, our young boys will have their work cut out for them to make a good showing.

We are pleased to see our young boys developing enthusiasm for the sport and working so well together. We saw this develop at Vernon last week and it is real encouraging.

— Hoot Jones

Mrs. Kinard Lists Account Of European Vacation

(Editor's Note: Mrs. D. L. C. Kinard, who returned recently from a month's vacation in Spain and other countries, gives a colorful account of her trip for publication this week. The article was written for this paper upon the request of the editor. Her article follows.)

"My trip to Portugal, the Madeira and Canary Islands, Morocco and Spain was one of the most exciting and thrilling experiences of any trip I have ever made. It was challenging and quite rewarding to see so many different people, their customs, how they lived and made their livelihood. I loved the Portuguese and Spanish people and their customs and recalling history they are a very old civilization and afford many fascinating and interesting adventures, but I was not prepared for Morocco with its mystical mysterious way of life filled with intrigue, native dancers, street vendors, snake charmers, folk dancing, Whirling dervishes, the Berbers and the donkeys. The multitudes of people walking the streets and highways and roads both in the cities and country side simply captured my imagination. It was all like a scene from Arabian nights. Our tour was action packed and we moved so rapidly at times we forgot the time of day, the day of the week and the day of the month; time meant nothing. I was so overcome with sight seeing until I wondered if I could ever recall the scenes and events as they moved so rapidly from day to day, but arriving home and resting both physically and emotionally I will try to piece together the events as they occurred.

"I had for my travel companion Mrs. R. E. Lee of Spearman and we met our tour group in Lisbon, Portugal together with our director Mr. R. Koek of Amsterdam, Holland. We were 38 in number, fourteen couples and eight single women. The people were from New York, Boston, Chicago, Buffalo, Kansas City, New Jersey, Ohio, Texas and other points. It was a very lovely and companionable group of people.

"The huge TWA airliner glided into the Lisbon airport as easily and gracefully as a huge bird in the fresh morning air, and we all were comfortably settled in the Edwards-VII Hotel and that evening had a wonderful get together.

"Lisbon, the capital of Portugal, is a most interesting city of the old world and fast becoming modernized. We visited the Cathedral, St. George's Castle, and the museum of the Royal Coaches. These coaches were very ornate and revealed the splendor of former kings and rulers of a golden era. Another interesting place we visited was glamorous Sintra about 25 miles from Lisbon. There we saw the Royal Palace, the Na-

tional Palace and drove to Estoril and its beautiful estates. We had an evening tour also to the Estoril Casino and saw the beautiful floor show. Portugal was once one of the the great powers of the world and her explorers roamed the globe, this small country seemed later to sink into oblivion, but one of their slogans today is that Portugal is the best kept secret in the world. They are fast modernizing and offering the tourist wonderful facts of the many centuries of their national life.

"We left Lisbon and flew to Funchal, Madeira which is Portuguese. Our three days in Funchal were filled with sightseeing, shopping and enjoying the delightful climate. We stayed at the luxurious Savoy Hotel where we dressed for dinner at 9 o'clock, it was served in courses, very formal and quite in English and European style.

"One morning tour took us to Terreiro da Luta where we saw typical Portuguese folk dancing; then to the top of a mountain for a unique basket ride down the mountain for two miles into Funchal. On a tour to a very high point of the island we had a panoramic view of Funchal, the vineyards, plantations of Bananas and a fine view of the fishing village of Camara. An optional afternoon cruise in the Atlantic gave us the same view of the village and a huge cliff rising out of the sea.

"Funchal, the capital, and Madeira Island are filled with hill climbing vineyards, banana plantations, groves of hibiscus, hanging jasmine and bougainville. It is a garden wonder in a setting of silver blue sea, famous for its wines (one of these "finho Verdis" is very rare) and its Madeira embroidery. Every woman, even little girls, do Madeira embroidery and needlepoint tapestry.

"We reluctantly left Funchal for the Canary Islands landing in Los Palmas. Our tour is Las Palmas included the cathedral, the harbor area, the summit of Cruz de Tejada, and a volcanic crater. These islands belong to Spain, and we saw the magic of palm groves together with huge prickly pears on this island. We departed Canaries for Puerto de la Cruz on the island of Tenerife, the largest island of the Canaries. This city was a magnificent harbor and is an important shipping center. On our tours on Tenerife, we saw some of the most breathtaking mountain scenery, panoramic views and striking beauty spots.

"On one of our mountain tours we experienced a severe rain storm and rock slides which stopped our bus. The men got out and removed rocks from the road before we could proceed. It was a most exciting experience. These islands get their name from a breed of dogs and not from Canary birds.

"We next flew to Casa Blanca, the white city of Morocco on the African continent. It is the largest seaport with a million and a half souls. Fifty years ago it was a small medina inside protective walls. Now it has become a modern industrial city, a busy seaport and international airport with direct flights to America and Europe. It has a music playing spring fountain flashing colored water at night, the first of its kind in Africa. We arrived on the King's birthday and decorations were up in all of Morocco in his honor. It was a holiday and multitudes of people were walking the streets, and highways, bicycling, riding donkeys, camels and having a wonderful time.

"The King has four palaces one each in Casa Blanca, Marrakech, Fez, and Rabat. He was in Rabat, the capital city, when we were there. We rode a bus all over Morocco going from Casa Blanca to Marrakech which has a population of 300,000. It is called the "Pearl of the South" because each monarch or dynasty embellished it with mosques, breath taking minarets, famous mosaics, marble and carved wood. Many of these monarchs built tombs. Marrakech has celebrated palm groves and

for a background the High Atlas mountains which separate it from the desert wasteland. The city is indescribable because of its Moorish type architecture. We made many tours walking through narrow passages in the old city, visiting the Kasbah and the Medina with its hundreds of street vendors, tumbler, acrobats, snake charmers, hawkers selling their wares, which experiences we never tired of.

"Our next stop was Fez, a long day's drive of 300 miles. Fez is the oldest city in Morocco founded in 808 A. D. and is a very intellectual, religious and artistic city with its renowned Muslim University more than 100 years old. It has preserved intact its Medina with its curious shopping streets and open work shops. It has many mosques and memories written on stone.

"Next to Rabat, the Imperial capital of Morocco, here we stayed at the elegant Rabat Hilton high on a hill overlooking the city and the Atlantic Ocean. We visited the Medina here, the Kasbah with its garden planned in the last century, also went to a Moorish cafeteria and sipped green tea seasoned with fresh mint leaves, Moroccan almond cakes and/or Turkish coffee. The gate of the Ambassadors at the Palace is beautifully chiselled. On Friday the King rides on horse back from the Palace to the Mosque and throngs flock to see him. We visited the Hassan tower, a lofty minaret but the mosque itself was never finished on account of the death of the King at that time. They do have a memorial there consecrated to the late King Mohammed V, and it is a masterpiece of Moorish artistry. There were many interesting places of ancient culture in Rabat and I especially enjoyed the Kasbah.

"Our last stop in Morocco was in Tangier which overlooks the Straits of Gibraltar. It is the nearest African town and the most notorious in Europe, smugglers enjoy great freedom and many languages are spoken there. It is a must for visitors. It was in Tangier we had a real Moroccan dinner with combo dancers and authentic music and performers. We sat on stools at a low table and all ate from huge platters in the center of the tables, the food was all Moroccan prepared and very delicious. They are a different people and our stay in their land was unforgettable with its luscious fruits of dates, almonds, olives, oranges, tangerines and bananas, with its dazzling Moorish architecture, its lofty minarets rising against an azure sky, all make a beautiful and wonderful land.

"We boarded a Spanish ship in Tangier and crossed the Mediterranean to Aleciras going past the Rock of Gibraltar. That night we drove up the coast of the Mediterranean to the most famous resort of Torremolinos overlooking the golden beaches of the blue Mediterranean for a stay of three

days. Spain is a sunny romantic country. The people are fair-skinned, dark hair, and deep brown eyes. They are friendly and want to make friends with Americans. They seem quite happy under Franco and the country seems to be flourishing especially tourism. Torremolinos is strictly a resort city and very enjoyable for sun-seekers. From there we made a tour of Malaga and Granada. In Granada, a Moorish city of 800 years of rule by the Moors, we saw the famous Alhambra, the summer palace, fountains and gardens of the Moorish kings which made one think of the romance of Arabian nights once more.

"Malaga is a major seaport and a large city with airport facilities. From here we flew to Madrid, the lively sophisticated capital of Spain. In Madrid we visited the Prado which has one of the richest collections of great art in the world. We went through the Royal Palace full of priceless treasures of tapestries and art. The rich, gorgeous crystal chandeliers impressed me very much. I was also amazed at the great banquet hall with fifteen of these dazzling chandeliers. We also visited the ambassadors room where France receives the emissaries of foreign countries. A drive to Escorial where we went through King Philip's (ancient king) enormous palace and the underground burial place of kings and queens. We also saw the stupendous Valley of the Fallen Civil War monuments and huge cross. More than 30,000 civil war veterans are buried there. One day we spent in Toledo and visited the great cathedral, and the towering Alcazar and massive gates. Here we went through the home of El Greco, the great painter. There was plenty to do in Madrid we had leisure time. They close the stores at 1 p. m. and open at 4 p. m. so we could sight see and then shop until 8 p. m.

"We soon learned the money value of the peseta used in Spain and Canary's the escudo, the Portuguese money and the dirhan in Morocco. They will all take American money for anything you purchase.

"Our last night in Madrid was one we will long remember. We went to the Villa Rosa for a late dinner and the music group of professional flamenco dancers provided the entertainment. They were professional and spectacular. The next day, we did our packing and boarded our TWA flight at 3:15 p. m. Madrid time (9:15 a. m. N. Y. time). We changed to Braniff in N. Y. for Dallas and arrived in Amarillo the same day — A small world. The Portuguese and Iberian airlines are good, but TWA and Braniff are better. We flew on all of them.

"A trip has three phases of pleasure; one is the anticipation and preparation; one is the trip itself and meeting new friends and the last is the pleasure of getting home to one's own family and friends. I have visited many foreign lands, but the best of them all is America!

Mr. and Mrs. R. C. Lemons and Mrs. Frank Elkins of Amarillo visited Friday through Monday in Austin with their children, Mr. and Mrs. John Lemons and Kathy. Mr. and Mrs. Lemons also visited another daughter and family, Mr. and Mrs. Mike Pelfrey and son.

MRS. JOHN W. SMITH

Rebekah Assembly Of I.O.O.F. Awards Mrs. John W. Smith With High Honor

On Sunday, March 15, Mrs. John W. (Marguerite) Smith was awarded one of the highest honors conferred by the Rebekah Assembly of the I.O.O.F. of Texas — The Patriarchs Militant Patent. The Decoration of Chivalry may not be applied for by the aspirant; rather, it must be promoted by friends and admirers, and must be based upon "honorable and meritorious service in the cause of Odd Fellows, conspicuous skill and ability exhibited in handling troops or in the faithful and zealous performance of important service entrusted to his charge." In August, 1969, a committee composed of Mmes. Zora Young, Margaret Snowden and Florence Paschall was appointed by Noble Grand Clo Rogers to ascertain the probability of selecting a candidate from Memphis Rebekah Lodge No. 346. After they had

chosen Mrs. John W. Smith, who had joined the local Lodge on October 11, 1948, and who was the first appointee of this Lodge, they secured letters of recommendation from Mrs. Clarence Morris, Mrs. Roy L. Guthrie, W. D. Young, and Mrs. Katie Isbell of Wellington, District Deputy President of District 6 of the Rebekah Assembly of Texas. All data were forwarded to a Conton in Wichita Falls. After being duly examined there, the application was presented to the Department Council Patriarchs Militant and was approved in Brownwood, Texas on October 27, 1969. Since the Department Commander alone has the right to confer the Decoration of Chivalry, Mrs. Smith was not officially ranked until the State Assembly in San Antonio March 14-17. At this time, fifty-seven honorees

from across Texas participated in the impressive ceremony conducted by Major General Jess A. Tolbert, Commander of the Department Council of Patriarchs Militant, I.O.O.F., who was assisted by Colonel Retired Frank E. Williams, Secretary. Major General Tolbert expressed the hope that "the knightly principles taught by the chivalrous ceremony may be universally practiced."

The candidates, dressed in floor length white gowns, wearing no jewelry, and carrying white lilies signifying purity, were led in an intricate procession to the center of the hall, where they knelt on white satin pillows. After they repeated the pledge of loyalty, a very small child symbolizing innocence placed about their necks white ribbons to which were attached the "jewels", which they were authorized to wear.

The jewel is a gold cross four-cheek embossed with a blood-red heart upon which lies a golden crown. The pin guard is set with a diamond. On the back of the jewel

is inscribed "Be Just, Merciful, Honorable and Brave." The jewel which has its individual number recorded in the State Office may not be sold, but may be willed.

Mrs. Wade (Walter) Maynard of Dimmitt flew to San Antonio to witness her mother's decoration. Mrs. Marguerite Gailey, wife of a cousin of Ace Gailey, and President of the Rebekah Assembly of Texas presided at the sessions. Among the notables present were Mrs. Lois K. Stevens of Connecticut, President of the International Association of Rebekah Assemblies.

Sandy McQueen, a student at North Texas State University at Denton, spent the Easter vacation with her parents, Mr. and Mrs. Larry McQueen.

Holiday guests in the home of Mr. and Mrs. Noel Clifton included Mary Ann Lemons of Clarendon, Robert Cruz of Midland, Mary McGuire of Lubbock and Bette Brown of Memphis.

Needle Craft Club Enjoys Easter Breakfast

The Needle Craft Club met in the home of Mrs. Bess Crump Friday morning at 8 a. m. for an Easter Breakfast. Cohostesses were Mrs. Roberta Burnett and Mrs. Mamie Smith.

The tables were decorated with the Easter motif. The menu included orange juice, sausage, bacon, hot biscuits, cream gravy, eggs, butter, jelly and coffee.

Those enjoying the breakfast were Addie Hampton, Ocie Scott, Roberta Burnett, Mamie Smith, Bess Crump and one visitor, Grace Duke.

Mr. and Mrs. H. H. Lindsey had as weekend guests Mr. and Mrs. Buddy Shelton of Lubbock.

Homemakers Club To Meet Monday

The Memphis Young Homemakers will hold their regular monthly meeting Monday, April 6, at 7:30 p. m. in the Homemaking Dept. of Memphis High School.

After a short business session, the guest speaker for the evening, J. O. Dixon, will demonstrate the new Radar range.

The members will also elect the Club's little sister during the meeting.

Hostesses for the meeting will be Mrs. Ted Wheeler and Mrs. Raymond Whitten. The bake gift will be presented by Mrs. James Merrell.

Baby sitting will be furnished by the club in the Travis Baptist Church nursery.

Jo Ann Odom of Denver, Colo., was an Easter visitor in the home of her parents, Mr. and Mrs. Adrian Odom.

Cecil Lockharts Observe 50th Wedding Anniv.

Mr. and Mrs. Cecil E. Lockhart celebrated their 50th wedding anniversary with a family dinner at home on Sunday, March 22. Mrs. Lockhart were married on March 20, 1920. She was the former Arvazene Wilton. Enjoying the dinner were Mr. Mrs. G. W. Lockhart and Mr. and Mrs. Billy and Cody Bryan and Mrs. Lockhart.

MRS. JAMES LEE KILLIAN

Miss Alis Barton Becomes Bride Of James Lee Killian In Denton Rites

Miss Alis Kealy Barton became the bride of James Lee Killian in a pretty church service solemnized on Saturday evening, March 21, at the First Baptist Church in Denton.

The bride is the daughter of Mr. and Mrs. James Emory Barton of Denton and is the granddaughter of the late Mr. and Mrs. C. R. Webster of Memphis. Her mother will be remembered by friends here as the former Ione Webster. Mr. and Mrs. Leland Woodrow Killian of Denton are the groom's parents.

Dr. L. L. Armstrong, pastor, read the ceremony before a nuptial space featuring massive panels of calla lilies, white candles in burnished metal candle trees and candelabra with background of greenery.

Wedding music was provided by Dale Peters, organist; Ann Shands Morgan, soloist and the Denton High School A Capella Choir.

The Bride

Given in marriage by her father, the bride chose a gown of ivory silk satin and imported hand-run Alencon lace applied on Windsor net. The moulded empire bodice veiled with the lace was fashioned with a high Victorian neckline and long flared sleeves. The slim A-line skirt enhanced by deep unpressed pleats forming a panel effect in front and back was floor length, and was complemented by a chapel length panel shaped train of Windsor net applied with motifs of the Alencon lace. Her multi-tiered illusion veil fell from a Juliet cap of ivory satin, and she carried a cascade of mystery gardenias, roses, stephanotis and orchids.

Attendants

Miss Pamela Tarrant was maid of honor and bridesmaids were Misses Cynthia Cole, Karen Craig, Kitty Farmer, Sylvia Hunt and Randy Slack.

The attendants wore identical empire gowns of pale beige crepe fashioned with bishop sleeves. Their Juliet caps were covered with fresh ivy and they carried sheaths of calla lilies tied with avocado green velvet.

Charles Beck served as best man and groomsmen were Roy A. Allen, III, Randal Barnes, Don Grimes, Jerry Riddle, George Vaught.

Ushers were Dr. Charles Barton, Bob Laney, Jim Morris, Mike Murphy, Edmond Richards and Van Wheeler.

Mrs. Barton chose for her daughter's wedding a floor length gown of pink silk chiffon with bodice embroidered with crystal beads and cut-glass prisms. Over the decollete gown was worn a floor length coat of pink, ivory and gold brocade with pink crystal and gold buttons. A small pink mohair hat with veil completed the ensemble.

The groom's mother, Mrs. Killian, wore a floor length sheath of heavenly blue crepe covered by a coat of matching chiffon which featured a triple row of brilliants on its long flowing sleeves, around the neckline and front opening. A headpiece of velvet and veiling complimented her gown. Both mothers wore white orchid corsages.

Mrs. Richard Steed, cousin of the bride, and Miss Marie Russell presided at the bride's book and gave the programs.

Reception

The bride's parents were hosts for a reception at the Denton Country Club immediately following the ceremony.

Among members of the house party were several former Memphis residents including Mr. and Mrs. Thomas E. Noel, Miss Tommie Noel, Mr. and Mrs. Laurence G. Russell (Mrs. Russell is the former Ema Ruth Lindsey); and Mr. and Mrs. Jack Morgan of Decatur whose father, the Rev. R. B. Morgan was a former pastor of the First Baptist Church of Memphis.

The bride is a graduate of Denton High School, has attended Stephens College and Southern Methodist University and is now a senior at North Texas State University where she is a member of Zeta Tau Alpha and the Student Education Association, is on the Dean's List and is a Golden Heart of Sigma Phi Epsilon.

Killian is also a DHS graduate and attends NTSU where he is a member of Sigma Phi Epsilon. He is employed by Joe Alford Florist and is on the summer staff of Denton Parks and Recreation Department as manager of the Denton Municipal Swimming Pool.

Denton, Tex. — As she comes into the room, you can tell that she is in a hurry. It is now 5:45 p. m.

"I've got to run over to the Music Building and practice the piano before Grand Chorus at 6:30," says Lynnette Hoover, senior music major at North Texas State University from Newlin. "I'll have to get something to eat in the Union Building after Grand Chorus."

Miss Hoover's life consists of rushing from place to place. She is taking 16 semester hours this semester, and she tries to practice about four hours a day. "It is hard to spend as much time on any one thing as I would like," she said. "It is easy to get bogged down in one facet of music," she continued, "and miss the overall picture. It is hard to develop sev-

eral talents as well as you think you can," because there just isn't enough time.

Miss Hoover is in music education, with concentrations in voice, piano and harp. "I feel that music is important in the schools. It helps children understand the cultures of their own and other countries," she commented. "Learning to appreciate music is an art in itself, and once you have it, nothing can take it away from you."

Miss Hoover's real interest is in working in music with mentally retarded children. "Sometimes music is the only thing that will get through to a child," she said, "and music will get through when nothing else will."

Music is used in therapy for mentally retarded children, Miss Hoover noted. If a child has trouble with his hands, she said, and he can learn to play an instrument, even a drum or sticks, his

dexterity will improve and he will have a definite sense of accomplishment.

Even with all the rushing from place to place she does, Miss Hoover has time to work at the Denton State School every Thursday night. A group of students from the Baptist Student Union (BSU) goes to the school to provide a religious experience for the students. Miss Hoover leads the singing.

Miss Hoover is also involved with a special education class sponsored by the First Baptist Church in Denton, and she is secretary of the International Club, an organization for international students at North Texas State. She has gone on Project Amigos and Project Amis, trips sponsored by the BSU to do work in underprivileged areas near McAllen and in New Orleans.

Miss Hoover participates in several musical events each semester. The Grand Chorus, composed of the Chapel Choir, of which Miss Hoover is a member, and the A Cappella Choir, presents a concert each semester with the Dallas Symphony Orchestra. Miss Hoover also accompanies students in recitals and for tests music students must take each semester.

April Draft Call Is 940 Texas Men

The April draft call for Texas is 940, and no man will be selected and ordered for induction with a random sequence number higher than 115, Col. Morris S. Schwartz, said last Wednesday.

The April quota is down from the March figure of 1,064. Texas Local Board No. 20, Childress, will forward 10 men for induction and approximately 40 men for armed forces physical on April 9.

HAWAIIAN HULA GROUP—The group of Hawaiian Hula girls, local High School Students pictured above, were part of the entertainment presented at the annual Business and Professional Women's Club banquet on Thursday, Mar. 19 in the Community Center. The group was directed by Mrs. Jack B. Boone. Pictured, left to right, are Carol Jean Godfrey, Dena Gardenhire, Irene Foxhall, Nancy Voyles, Cindy Phillips, Dena Gardenhire and Carol Foxhall.

City Patrolmen Check Drivers Licenses Daily

Figures just released by the Department of Public Safety reveal that many of the more serious accidents are involving unlicensed drivers. Highway Patrol Sgt. Vernon Cawthon of Tarrant County said today that all of the drivers under his command will be checking driver licenses while on

routine patrol. He also stated that this is not meant to be harassment of the licensed legal driver and asks their understanding in this venture.

Patrolmen Don Collins and Tex Scates stationed in Hall County will become very familiar figures to many of the citizens that use the highways daily around this area. In addition to asking for driver licenses the Patrolmen stated they will be checking for compliance of the Motor Vehicle Inspection program.

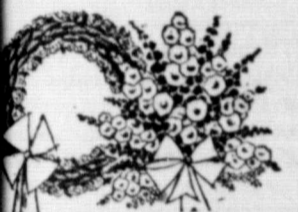

Figures reveal that 9.6 percent

of persons involved in fatal accidents in the first six months of 1969 were unlicensed. Another startling statistic points out that one out of each seventeen Texas residents involved in motor vehicle accidents during this same period was not licensed. Approximately 400,000 unlicensed drivers are using the streets and highways in Texas at this time, according to Sergeant Cawthon.

Every branch of the Texas DPS, as well as local authorities, is working to protect the citizens of the State of Texas. Help is requested from everyone by persuading an unlicensed driver you may know to get a Texas Driver License as this could help save a life someday.

Schools will be held to aid those persons who need help to obtain a driver license. Sgt. Cawthon said that if persons needing help would call the DPS office, the time and location of the next school could be obtained.

Annual Meeting Hall County Insect Control Assn.

TUESDAY NIGHT

8:00 P. M.

APRIL 14, 1970

AT

Memphis Community Center

All farmers and other interested people of Hall County are invited and urged to attend this Annual Meeting of the Hall County Insect Control Association.

Discussion on County Insect Problems and Plans for this year's Insect Control will be made.

Last September and October we sprayed a total of 28,722 acres and killed thousands upon thousands of Boll Weevils—with State Assistance. This same state assistance is again available to us if we wish to use it.

during his school days and the lessons he learned.

"This is a kind of heritage that I carry with me wherever I go. These landmarks bring us back—we who graduated from this school have a common heritage, it is a part of us—everyone needs to belong somewhere and it is the common things we have to hold on to," he said.

The senator said that in the new society today there are not enough landmarks. What kind of landmarks are we today as the youngsters watch us and char their course.

It is said that he who travels can never return all the way home for everywhere he goes a part of where he was stays with him. "We take a part of this sand swept town and the people with us wherever we go," Sen. Hightower said.

Alvin Massey assisted by Wendell Harrison introduced the guests.

The sponsors wanted to thank the MHS students who helped in registration and assisted with the affair. These are Vicki Clifton, Mitzie Lindsey, Tamara Clayton, Juana Reyes, Debbie Yarbrough and Carol Godfrey. Mrs. Bill Ballew handled pre-registration at the desk Saturday afternoon.

Registering were Robert and Linda (Leslie) Sanders, Bill and Billie Hall, Jack and Betty Bob (Webb) Monzingro, Frank and Dorothy Smith, C. Hall, 507 N. 8th Street. He will speak on the subject, "What It Means to Please God," in what is described as the "Kick-off" meeting for the convention.

Wednesday night at 7 p. m. Dugan will narrate a color motion picture film entitled, "God Cannot Lie." The film will be shown in the Community Center and all interested persons are welcome to attend free of charge with no collections to be taken.

According to Mr. Dugan, the film is a 2-hour technicolor movie that reviews the Bible's account of the creation and then continues on through the Bible showing scenes of actual locations where scriptural historical events took place as they look today.

Dugan, who was in Memphis two weeks ago for a brief visit, said that many groups have been asking about the missionary work of Jehovah's witnesses which is currently being conducted in 203 lands. Any interested person is welcome to view the film which depicts the work of the Christian witnesses of Jehovah, which, he said, "is comparable to that of the early day Christian as recorded in the Holy Bible."

The District minister from New York plans to spend three days in door-to-door ministry in Memphis beginning next Wednesday. He will be joined by his wife and Mr. and Mrs. White. Mr. White is Circuit minister and one of the main speakers for the assembly. Other members of the local congregation in Memphis will join them in the feature of the Christian ministry.

The purpose of the door-step ministry is to share an encouraging Scriptural thought with interested persons who have questions on the Bible, Dugan explained. "Many people today are concerned with the trends in the world toward violence. Especially in view of the fact that the United States which is supposedly a Christian nation, has a higher crime rate than any other nation," said Mr. Dugan.

The main public Bible lecture to be given by Dugan is entitled, "Withstanding the Pressures of Our Day," and will be presented Sunday, April 12, in the Community Center at 2 p. m. All interested persons are welcome to attend.

Tax Man Sam Sez—

It appears that Internal Revenue overdid the job of simplifying the 1969 red, white and blue tax forms. As soon as the tax returns reached the computer, the computer started objecting to the taxpayers' entries on line 15b. This line was provided for taxpayers to adjust their gross income by deducting allowable sick pay, moving expenses, employee business expenses, and payments to self-employment retirement plans. However, in changing the 1040 tax form, IRS took several computations such as itemized deductions and dependents off Page 1. Many taxpayers obviously decided that Internal Revenue intended for them to put these deductions on line 15b. Entering the additional items on line 15b, in effect, gives the taxpayer a double deduction and creates a larger refund, which is erroneous.

Internal Revenue has a campaign on to get you to read your tax instructions carefully and to adjust only the items listed in the tax instructions for line 15b. It appears that even the good tax

Mrs. Alice Bartley Is In Childress Rest Home

Friends and neighbors of Mrs. Alice Bartley who would like to send cards may send them to Mrs. Bartley at Turners Rest Home in Childress, it has been reported.

Mrs. Bartley has been a patient in the rest home there for some three or four weeks and it has been stated that she is doing well and improving nicely.

YOUR COUNTY AGENT SAYS

Beautiful Lawns Require Good Planning and Management

Beautiful lawns don't just happen. They are the product of good planning and management, including the use of the proper grass, fertilizing, mowing, watering, in some instances drainage and disease and insect control.

A deadline is at hand, says County Agent W. B. Hooser and that is a spring application of a complete fertilizer. It should be made about the time the grass

begins to grow. The fall application, again of a complete fertilizer, should be made about 30 days before the average date of the first frost. Generally, a fertilizer with a 1-1-1 or a 2-1-1 ratio should be used and applied at the rate of 2 pounds of actual nitrogen per 1,000 square feet of lawn.

Bermuda, Saint Augustine and Zoysia lawns should also receive 1 pound of actual nitrogen per 1,000 square feet every 30 to 40 days during the growing season to keep them green and vigorously growing, says Hooser.

Nitrogen is the key element in turf production. It produces vegetative growth and gives the plant a deep green color. Phosphorus stimulates development of a good root system and potassium affects the physiological processes of the plant explains the county agent.

A nitrogen deficiency causes stunted plant growth. The leaves are relatively small, thin and yellowish green to yellow, resulting in a condition often referred to as "firing." Phosphorus deficiency causes slow growth of the entire plant and unhealthy dark green colored leaves. Potassium defi-

ciency causes stunted growth with the entire plant eventually drying up and taking on a brownish color.

Hooser says he has available information on how to correct many lawn problems and invites interested homeowners to come by his office for copies.
