## Tony Pounds Is No. 1 Quarterback At O.S.U.

Tony Pounds, who transferred from Oklahoma State last spring has distinguished himself as the Coward leading quarterback according to Coach Floyd Gass in a release this week. An announcement came following the viewing of the films of the boys second pre-season scrimmage. The quarterback battle has been won by Pounds over ex-transfer John Ballard. It is a close edge, as Gass claimed both "graded about the same in today's scrimmage."

Pounds maintained the leading spot despite an impressive rally in the last scrimmage by Ballard, but it appears that Tony has taken the lead in the quarterback race with Ballard and sophomore Mike Robichaux.

With at least two more filmed scrimmages to come before the opener against Mississippi State, Pounds has hit 20 of 32 passes for 327 yards and two scores. His two competitors have had their moments. Ballard is 17 of 28 for 126 yards and Robichaux five of 13 for 86 yards and a touchdown.

Pounds has plenty of talent to throw to as Coach Gass singled out his three veteran receivers—Tom Dearing, Herman Ebon and Dick Graham for their play.

Flanker back Dick Graham, a junior, from Amarillo, is described as a fiery flanker and possibly the brightest star of all the athletes which have come from Amarillo to shine at Oklahoma State. Graham was interviewed, and recalls his collegiate opening at quarterback against Oklahoma as a freshman.

While many forecasters predict dire times for the Cowboys in '70, Graham won't buy any of this. He's thinking more optimistic.

tically than last year when State surprised everyone with a 5-5 record.

"This year it's all the difference in the world. I feel confident I can run a good pass route, and last year I didn't know a thing about a good pass pattern."

Nobody doubts OSU's sterling stable of receivers but plenty question the throwing department since Robert Cutburth graduated. Not Graham!

"We'll have a good quarterback," he says confidently, "Tony (Pounds, juco quarterback) is zipping the ball as good as Robert did last year."

## Cyclone Goes To Spearman Fri.

The Memphis Cyclone varsity and junior varsity teams will scrimmage at Spearman tomorrow night with the J-V team scrimmaging at 7 p. m. and the varsity at 8 p. m. Coach Clyde McMurray announced this week.

Coach McMurray announced after workout Wednesday a 22-man varsity squad composed entirely of junior and senior athletes. He also announced that the sophomores will make up the junior varsity team almost entirely.

In making the announcement of varsity athletes, Coach McMurray gave the starting nod against Spearman with Junior John Carman at quarterback, Junior Roger Kehr at fullback, and Senior Mark Hundley and Junior Jimmy Phillips at tailback positions as the local squad utilizes the wishbone-T formation.

Lineman starters on offense include: Junior center Terry Wynn, guards Junior Glen Miller and Senior Billy David Ballew, tackles Junior Lawrence Kennon and Senior John Orr, and at ends, Seniors J. E. Vick and Larry Moss.

Defensive starters include: Junior Mark Stevenson, Phillips, Kehr, Wynn, Miller, Orr, Ballew, Junior Chris Liner, Junior Larry Jeffers, Junior Donny Carrol and Moss.

Other boys on the varsity include Backs Lewis Davis and Mack Miller, and linemen Randy Dale, Larry Simpson, Tommy Hall,

James Hansard, and E. L. Kirkland.

Two of these boys are not suited out, Coach McMurray said, but they were varsity lads last season and will join the team as soon as they are physically able.

These include Lewis Davis, who will visit the physician who performed a shoulder operation on him tomorrow, to see when he can begin working out in pads, and E. L. Kirkland, a tackle, who has a rather severe illness which he is just recovering from. Both boys have been working out in shorts with the team.

In making the varsity announcement Wednesday, Coach McMurray said that this will make a junior varsity team composed of sophomores and a freshman team of all freshmen.

"Maybe I should explain one of our coaching principles about membership on the varsity. For a sophomore to make the varsity, Coach McMurray said, "he must be better than either a junior or senior." This means that a sophomore would have to be good enough to be a starter in order to make the varsity squad, the coach explained.

"We feel that a sophomore who is a varsity bench warmer would be far better off playing a position on the junior varsity team than wasting a season waiting to (Continued on Page 8)

The second spraying to combat boll weevil damage to cotton will start Wednesday, Sept. 9, in Hall County, according to an announcement today by Harold Hodges, president of the Hall County Insect Control Association.

It was announced that a contract has been let to George's Flying Service of Memphis by the Texas Department of Agriculture and the County Insect Control Association for application of boll weevil insecticide in the Boll Weevil Diapause Control Program in Hall County. The Sept. 9 spraying will be the second application in the program.

County farmers and some bordering neighbors are eligible to participate in the program. All that is necessary is membership in the Hall County Insect Association, which requires a fee of \$5.00 per year.

## Mrs. F. Champion Dies In Midland; Services Saturday

Funeral services for Mrs. Fay B. Champion, 53, were held at 10 a. m. Saturday, Aug. 29, in the Sanctuary of the First Baptist Church in Midland with Dr. L. L. Morris, pastor, officiating.

Burial was in Rest Haven Memorial Park in Midland. Mrs. Champion died Wednesday in Midland Hospital after a four month illness.

She was born Sept. 25, 1916, in Memphis and moved to Midland in 1950 with her husband, the late Charles Champion, Sr., who died in 1966. She was a member of the First Baptist Church of Midland, Sisters of Knights of Pythias and the Woman's Auxiliary of Memorial Hospital in Midland.

Survivors include two sons, Jack Ray Champion of Midland and Staff Sgt. Charles Champion, Jr., of Fort Riley, Kans.; her mother, Mrs. Emma Baskerville of Memphis; two brothers, Harry W. Baskerville of Lubbock and G. C. Baskerville of Amarillo; three sisters, Mrs. Roy Gresham of Memphis, Mrs. Jack Allen of Amarillo and Mrs. Olin Bain of Clarendon, and one grandson.

## Enrollment In Local Schools Near Last Year

Enrollment in Memphis Public Schools is down 51 students from the end of school last year, but at the same time enrollment figures are about the same as they were at the beginning of school last year, Supt. C. L. Chambless announced this week.

The Superintendent also announced that local schools will be closed next Monday, observing Labor Day.

Supt. Chambless explained that enrollment is down at Travis Elementary (Continued on Page 8)

## Capt. Charles E. Dyer II Is Awarded Seven Medals For Vietnam Service

EL PASO—Captain Charles E. Dyer, II, son-in-law of Mr. and Mrs. Kenneth James Parker of 805 Harrison in Memphis, was presented seven medals at a ceremony at William Beaumont General Hospital.

Mrs. Dyer is the former Rebecca Ann Parker of Memphis.

The ceremony was conducted by Brig. Gen. Robert M. Hardaway III, hospital commander.

Capt. Dyer, who is an Army

officer at the hospital, was presented the Bronze Star Medal with "V" a First Oak Leaf Cluster for heroism in ground combat on two separate occasions against the enemy in Vietnam and the Purple Heart with First Oak Leaf Cluster for wounds sustained there. He also received the Second Oak Leaf Cluster to the Bronze Star, and the Army Commendation Medal with First Oak Leaf Cluster, all for meritorious achievement.

Capt. Dyer won his awards for Vietnam service while a member of Company B, 3d Battalion, First Infantry, 11th Infantry Brigade. His last Army Commendation was for service at the Army Training Center, Fort Bliss, following his return from Vietnam.

He came to William Beaumont in July and was named chief of the Welfare and Recreation Branch.

A native of Waco, he is a graduate of Baylor University in Waco. He was commissioned in the Army in 1967. He served eight months at the Army Training Center at Fort Bliss prior to being assigned to Vietnam.

Capt. Dyer and his wife reside at 10509 Wilson Park.

## Court Of Honor Is Set For Scouts Mon.

The Memphis Boy Scout Troop has a busy schedule for the part of September, Scoutmaster Bob Douthit has announced.

Monday night, Sept. 7, the Court of Honor will be held at the Scout Hall beginning at 7 p. m. Parents are invited and refreshments will be served.

Scoutmaster Douthit said the boys have worked throughout the summer and at summer camp on their badges and promotions and will be awarded during the

Court of Honor.

The District Scout Camporee at Buck Creek will be held Sept. 11, 12 and 13.

The local Scout Troop will leave from the Scout Hall at 6 p. m. Friday and will return Sunday morning after Church service.

Troop 35 meets regularly every Monday at 7:30 p. m. in the hall above the Carnegie Library. All boys 11 to 14 years of age are invited to join the Scout Troop.

The Troop is sponsored by the Memphis Lions Club.

RECEIVES SEVEN MEDALS—Capt. Charles Dyer II, center, an officer at William Beaumont General Hospital, was awarded seven medals—three Bronze Stars, two Purple Hearts and two Army Commendation Medals—by BG Robert M. Hardaway, left, hospital commander. Mrs. Dyer, who is the former Rebecca Ann Parker, daughter of Mr. and Mrs. Kenneth James Parker of 805 Harrison in Memphis, attended the ceremony.

## EDITORIAL

### That Big Price Spread!

Newspaper editors in the agricultural area, regardless of their political beliefs, all agree on one subject, we have noticed, and that is the huge spread between the price of raw agricultural products and the cost of the "finished" product when it appears on the market shelf.

The cattleman has long been on the receiving end of the housewife's wrath because she has been paying up to \$1.30 per pound for steak and thinks the cowman is gouging her.

She can't understand that he is delighted when he gets 30 cents a pound for his cattle and that the spread between his price and the selling price at the meat counter consists of transportation, packaging, processing costs, taxes and labor which boosts it up.

However, it appears, the meat industry isn't in the same league as the cereal people when it comes to adding on costs, Editor Harold Hudson of Perryton points out.

It has been revealed that a six-pack of cereals weighs 4.75 ounces and sells for 37 cents. This brings cost up to \$1.24 per pound.

It may cost as much to produce puffed wheat as it does a pound of beef, although that's doubtful. The cost of 4.75 ounces of grain can't be much. Take wheat at \$1.25 per bushel and if a bushel weighs 60 pounds, it means that the cereal people are getting as much for a pound of wheat as the farmer gets for a bushel of it.

Put it another way and the cereal people are getting \$75 per bushel for wheat, or 60 times as much as the farmer.

Not only is the breakfast cereal industry a big profit maker, but the government has informed the American people lately that there is actually not much nutrition in the cereals after all.

Editor Douglas Meador of Matador comments, "The dry cereal manufacturers are being blasted off the roost by claims that the food value is far short of the requirements for Super Man. This does not come as a surprise to many consumers who have detected the delicate flavor of some brands of old brooms chopped and toasted or dried Buffalo grass blended with cream and sugar. It seems that science is determined to destroy our few remaining confidences."

If it were not for the milk and sugar used to douse the cereal in order to eat it, the nutritional value would be slight, even with the additives in it as printed on the package.

The spread between price of food at the farm and price of food in the market is not understood by most consumers. Food processors buy their raw materials as cheap as they can because costs are added every step of the way.

### What Other Editors Say

#### Service or profit?

Why should the Post Office be condemned for operating at a deficit, when the Army or Congress always does?

The United States Post Office and the State of New Hampshire are suffering from a strange governmental hang-up—the inconsistent belief that they exist to operate at a profit.

After nearly two centuries of faithful service, the Post Office had been taken for granted. Even the gripes about its deteriorating service were often cloaked in wry humor. Then came the letter carriers' strike. It made frightfully clear how much all America depends on the mail. The prospect that the mail would not be delivered scared us.

Scores of complicated, often conflicting factors, are involved in the plight of the letter carriers.

At the root of it all, however, is the totally illogical attitude that it is somehow sinful for the Post Office Dept. to operate its public service at a deficit.

Nobody seems to mind if the Army, Navy or NASA, or the Dept. of Agriculture, or the U. S. Forest Service, or the Dept. of Transportation, or the Justice Dept., or even Congress itself operates at a deficit. But if the Post Office pays out more in payrolls and for heating Post Offices and printing pretty stamps and all the rest of its costs that it takes in from selling stamps or money orders or insuring Christmas packages in transit, there comes a great uproar that whatever party is in power doesn't know what it is doing and ought to be thrown out.

All too often, the persons who scream if the Post Office fails to earn a profit are the same persons who warn of the horrendous evils of socialism—never realizing that if we have a government-operated postal service dedicated to earning a profit, that is socialism.

New Hampshire is plagued with the same disease. We have a state park system that one might think is operated to provide a recreation and conservation service for the people, but we discover when the books are closed that it is really operated to earn a profit, and if it fails to do that there is something dangerously wrong with our government.

New Hampshire can be excused for its blatantly socialist enterprises, the liquor stores and the sweepstakes, for there is no confusion about them. They exist solely for the purpose of making a profit, and if the anti-socialists fail to recognize them for what they are, at least it would make sense to condemn them if they

turned up with a loss at the end of the year.

Public services, however, ought to be operated as public services, and if they charge a fee for those who benefit most from their use, we ought to recognize that the fees should not be aimed at paying the total cost, and that the fundamental purpose ought to be to provide the service rather than to make a profit.

So, let the government use some of our abundant tax money to pay the letter carriers and the state park staffs with as much generosity as it pays the people who are sending men to the moon.

This would not only be consistent; it might help get the mail delivered on time.

the year 1914 there were 4694 gins in Texas. pictures brought in past week Mrs. Gene Lindsey, the former in Gilmore, daughter of the Bailey Gilmore and Gladys Gilmore by the side of his and two horses that he used the early days to make visits sick people. Dr. and Mrs. H. moved to Turkey in 1907, at that time he was the only in Turkey. Doctors and patients both had it pretty rough in early days. The Gilmores had sons, Lee, Bailey, Roy and and the daughter, Pauline. this family there are now children living, Floyd and

Pauline, both now living in Turkey.

Another picture in a nice frame sent by Elzina Fain Shaffer of DeSoto. She was a graduate of 1939 MHS Class. I guess I will never forget the time riding the train to Dallas. Elzina was on the train (when we had passenger trains) with her big brown paper sack which contained a big Russian Thistle (Tumbleweed). I think she had been homesick for Hall County and was using this as a souvenir.

We have been hearing about fall-out and drop-out, and just heard of a school teacher who had a heavy fall out. Mr. and Mrs. John Molloy report that their daughter, Ozlia Ward, who is teaching in the Berger Schools fell and broke one arm and one leg in one fall. I guess she will be in the drop-out class for a while and hope she will have them knit back together before long and she can go along with the regular school work.

Sorry to hear of the death of Jimmy Bass, old Hall Co. boy. He and Ray always seem to enjoy homecoming so much! In going through the hospital a few days ago I noticed there are a few rooms left in the "Well's Memorial" wing available for memorials for families and friends.

In walking down the hall way at the hospital, I heard some screaming like I do with a Charley Horse, so I asked the nurse if she was having a Charley Horse and the nurse replied, "No, just Charley."

Mr. and Mrs. Omer Hill were stepping high Sunday morning as their son had called Saturday night and told them they were Grandpa and Grandma. A little girl . . . Mrs. Hill said it was a pretty name but she couldn't spell it.

I have been reading some of the reports on cotton that Kermit Voelkel mailed out from the University of Texas Cotton Economic Research. He is now doing research work in this office, and I found out a lot I did not know and there is a continuous study of the cotton and wool industries. Here are just a few of the many facts found in this summary:

In 1947 there were 19 spindle pickers in 13 counties and 3443 stripper harvesters in 58 counties. The reason we do not see many cotton sacks is that in 1969 there were 5,762 spindle pickers in 77 counties and there were 39,675 strippers harvesters in 163 counties. The most member of stripper harvester used was in the year 1965 when there were 45,232. This was before the 1965 food and agriculture act became effective. A pretty big Texas operation.

Total active gins in Texas 1969-70 . . . 1,129  
Total counties with active gins . . . 150  
Total inactive gins . . . 1969-70 . . . 91  
Counties with no gins 1969-70 . . . 89

## Adrian Combs Is Elected To SIU Advisory Comm.

Adrian Combs, graduate journalist at Southern Illinois University at Carbondale, Ill., was selected to represent the graduate students on the Advisory Committee of the School of Journalism last week, according to H. R. Long director of the school.

The committee is composed of six faculty members, one graduate, and two undergraduates. The group meets with the director of the School of Journalism once each week to discuss any problems or proposed changes within the school.

The Department of Journalism was elevated to a School of Journalism effective July 1, 1970, and the committee was organized under the new school to assist in the administration of the school.

Combs was elected on the first ballot with a majority of the votes cast. Four other graduates were nominated for the position from a number of about 120 graduates.

He is the son of Mr. and Mrs. Herschel Combs and a former editor of the Democrat. Combs was graduated from Texas Technological College in 1954. He began graduate work at SIU last fall with a major in journalism and minors in economics and psychology.

The former Memphian is also

working as assistant manager of the college newspaper, the Daily Egyptian, which has a circulation of 17,000.

The School of Journalism will move into a new two million dollar building in January with all new equipment which will enable the newspaper to publish 40 pages daily.

## Friday, Sept. 11 Is Last Day For Entering Phillips

The last day to register for the fall semester at Frank Phillips College, Borger, is Friday, Sept. 11. The registration process must be completed, including the payment of tuition and having an Identification Card made, by 4 p. m. The Registrar's office is in the center of the Administration Building, and is the first building on the right of the campus entrance. This announcement was made this week by Mrs. J. W. Dillard, public information officer of the college.

No person will be admitted to Monday, Wednesday and Friday classes after Sept. 14, or to a Tuesday-Thursday class after Sept. 15, unless they have permission from the Academic Dean.

Classes began on Friday, Aug. 28, 1970.  
Rooms are still available for college women in Maxine Goins Hall, and for college men in W. G. Stephens Hall.

## Winter Cover Crops Vital To Bare Drouth Land

Many farmers in the Hall-Childress Soil Conservation District are making plans to plant rye for a winter cover crop stated Royce Frisbie of the Soil Conservation Service.

Due to low rainfall we have approximately 50,000 acres in Hall County that has no growing crops. This land is subject to severe wind erosion when our winter and spring winds blow. Moisture conditions in most areas are below normal. If these conditions remain, the spring months promise to be "dark and dusty" instead of "pretty and green".

Rye is one of the most popular winter cover crops that is planted for wind erosion as well as winter grazing. Rye and other cover crops should be seeded early enough to as to make sufficient growth before cold weather.

Hall County farmers have found several ways to do the seeding of rye. Some of the methods are broadcast, drilled or planted with an inner-row seeder. With the cyclone type seeder or inner-row seeder cover crops can be seeded in existing crops.

For additional information about winter cover crops contact your local soil conservation service office.

Mr. and Mrs. Allen Dunbar look their daughter, Jane, to Columbia, Mo., over the weekend where she enrolled for the fall semester at Columbia College. They left Memphis Friday and returned home Monday. While in Missouri, they spent the weekend with friends, Mr. and Mrs. L. G. Pinger, in St. Joseph.

## TOPS Chapter Meets Monday In Regular Session

The Memphis Tops Chapter held its regular weekly meeting Monday, Aug. 31, at the American Legion Hall.

There were 11 members present with a weight loss of 17½ pounds. Margaret Gregory was the "Queen for the Week," with the most weight loss. All were proud of Nat Scott for losing the most for the month of August and winning the fruit basket and pal charm for the monthly Queen.

The program was given by Carol Ann Gardenhire. The program was on ideals and helping keep your club alive. Magazine articles were exchanged on dieting and low calorie recipes. The speaker concluded with this thought: "care enough for the way you look; care enough for others; care enough for your chapter."

All members are urged to attend the meetings.

## Baptist WMS Meets For Study At Church Tues.

The Women's Missionary Society met in the parlor of the First Baptist Church Tuesday, Sept. 1.

Mrs. Jack Rose, president, was in charge. "A Score of Years in Venezuela" was the program topic. Mrs. Rose gave interesting history facts about the country.

Prayer requests were asked for. Scripture for the day and missionaries' names on the prayer calendar were read by Mrs. Minnie Voyles. Mrs. Theodore Swift led in prayer.

Mrs. Rose then gave information about the work that has been done in Venezuela in the past twenty years. She also told of some experiences of the Missionaries in that area.

A short business session was conducted and the meeting closed with prayer by Mrs. Frank Ellis.

Attending were Mes. Theo. Swift, Bryan Adams, H. H. Lindsey, Frank Ellis, Hulda Wilson, F. H. Boswell, Bill Billington, Henry Hays, Jack Rose, Minnie Voyles and W. M. Kilpatrick.

## Janice Pounds And Kenneth Langley Marry Aug. 16 In Fort Worth Rites

Mr. and Mrs. H. C. Pounds announce the recent marriage of their daughter, Janice Gail, to Kenneth Allen Langley, son of Mr. and Mrs. Allen G. Langley of Lockport, Ill.

The couple were married on August 16 at 5 p. m. in the Ridgley Baptist Church in Fort Worth.

The bride is a graduate of Memphis High School and West Texas State University. She is presently teaching in the public school at Weatherford. Mr. Langley attended school and

college in Illinois prior to entering the U. S. Air Force. He is a warrant officer with the Air Force at Mineral Wells where he is presently serving as a flight instructor.

Mr. and Mrs. Langley will make their home in Weatherford.

## Artists Studio To Hold Next Meeting Sept. 14

The Artists Studio Chapter of Memphis will meet on Monday, Sept. 14, at the Bronze Room, according to the president Ola Mae Ward.

The chapter is open to all persons in the area who would like to be affiliated with the local group. Those interested are invited to attend the meeting on Sept. 14.

The chapter has recently been organized under the direction of Mrs. Mary Mitchell of Amarillo. The purpose of the organization will be to display members paintings to the general public so they will become better known. Works will be displayed collectively, but all items will be individually signed. Shown will be oil paintings, ceramics, china painting, etc.

Several new members joined the chapter on August 24 including Mes. Wilma Leslie, Dorothy Morris, Enod Godfrey, Ann Byars, Sue Fowler, Ozella Clark, Pearl Wecker and Emma Deaver.

Officers of the club, other than Mrs. Ward who is president, include: Ada Craghead, first vice president; Mary Hudgins, second vice president; Martha Salmon, secretary and treasurer; and Nat Scott, membership chairman.

## Nunnelley-Beavers Nuptials Read In Pretty Church Service

The Travis Baptist Church was the setting Friday evening, Aug. 21, for the marriage of Miss Karen Ann Nunnelley and Robert Milton Beavers, both of Memphis.

Miss Nunnelley is the daughter of Mr. and Mrs. William Jay Nunnelley while the bridegroom is the son of Mr. and Mrs. Jack Beavers.

The Rev. James Henry, pastor, read the double ring ceremony at 7 p. m. before a nuptial space decorated with branched candelabra and floor baskets of white gladioli. The bridal aisle was marked with white ribbon bows.

Miss Debra Nunnelley, sister of the bride, served as maid of honor and ZAnn Ellerl was junior bridesmaid. They wore identical floor-length dresses of yellow and carried bouquets of white carnations.

Miss Mabelle Floyd served as flower girl and Bryan Beavers of Irving was ring bearer.

Jack Beavers served as his son's best man and groomsman was Jackie Beavers, brother of the groom.

Given in marriage by her father, the bride wore a floor-length wedding gown of white satin and lace.

The gown was styled A-line with bell sleeves, and featured a long lace train. Her lace veil was attached to a crown of seed pearls and she carried a single white orchid surrounded with white carnations showered with satin ribbons tied in love knots.

The mother of the bride wore a pink two-piece suit with white accessories and the mother of the groom was attired in a royal blue and beige two-piece dress accented with beige accessories. Both wore corsages of carnations.

Immediately following the wedding, a reception was held in the Fellowship Hall.

The bride's table was laid with a white net cloth over an underskirt of yellow and centered with an arrangement of yellow and white daisies.

The three tiered wedding cake, topped with a miniature bride and groom, was served with punch.

Miss Gloria Garcia registered the guests. Other members of the house party included: Judy Powell, Nina Jo Glover, Dana Kesterson, and Veva Hill, Debbie Yarbrough.

For a trip to Amarillo, the bride chose for travel a light blue dress accented with white accessories and the orchid corsage from her bridal bouquet.

Mr. and Mrs. Beavers are at home at Golden Keys Apt. 238, Irving, Texas.

### Governor Issues 'Drive Friendly' Plea To Motorists

Governor Preston Smith issued a strong safe-driving appeal to all Texas motorists for the upcoming Labor Day Weekend.

"Once again, most Texas motorists will be using our streets and highways over a long weekend holiday period," the Governor said.

"Once again, I, as Governor, and all those with traffic safety leadership will urge motorists to 'Drive Friendly'. Only this time, the theme of 'We'll see you Tuesday' has been added."

"For the past year, most major holiday weekends have recorded lower traffic deaths than the same period for the prior year. I feel that this has resulted because of the outstanding effort made by enforcement agencies, press, radio, television and citizen groups in keeping safety before motorists and because motorists themselves have responded."

"I am encouraging use of our highways, parks and public and private facilities by Texas citizens during these holiday periods. The threat of traffic crashes should not have to be a deterrent to highway travel."

"Colonel Speir will have maximum Department of Public Safety patrol coverage during the period from 6:00 p. m. Friday, Sept. 4, to midnight, Monday, Sept. 7. DPS officers will be on duty to insure that motorists will have all proper protection from irresponsible citizens who expect firm treatment from these officers."

In addition to these news and enforcement activities, the Governor cited other aids to motorists:

"The Texas Motor Transportation Association and its Council of Safety Supervisors who will provide road patrol to motorists in difficulty

"The Texas Jaycee organization which will conduct its effective roadside Rest Stop program

"AAA which will continue its effective 'Bring 'Em Back Alive' radio spot program

"The many more local communities and organizations throughout the State which have developed their own programs to support traffic safety to motorists passing through their communities

For the information of Labor Day Weekend highway travelers, Governor Smith highlighted the most frequent accident causes experienced during previous holiday weekends. Drunk driving, fatigue, running off road, excessive speed, improper passing and failure to yield right of way.

The Governor noted that "Operation Motorcade", which will be conducted by the Department of Public Safety, in cooperation with all local police agencies and public media, over the Labor Day Weekend involves the prediction of 49 traffic fatalities during the period.

"Wouldn't it be wonderful if all our motorists heeded this message and 'We'll see you Tuesday' became a reality for everyone," he concluded.

### Tax Man Sam Sez—

For a number of years the Internal Revenue Service has provided teaching material for more than 25,000 different schools across the country to teach several million students how to prepare a simple income tax return. In the Dallas District last year about 959 schools ordered IRS's "Teaching Taxes" material to teach over 175,000 students living in the area covering North Texas. In a few days the school bells will ring again—if in fact they haven't already rung in your community—and IRS will ask principals to order next year's Teaching Taxes material. It might be a good idea for you to give the principal an encouraging word about making sure that Junior gets the Teaching Taxes training, since Dad and Mom may need a little help.

### Hobbies Art Class Will Be Offered At Clarendon College

A creative hobbies art class will be offered at Clarendon College on Tuesday nights, George C. Bourns, public relations director, said this week. This course is designed for those people interested in a creative hobbies class, and is especially designed for recreational leaders, prospective teachers and workers with therapeutic art for hospital work, or for anyone wishing to develop a hobby.

Study and practice of weaving, modeling, carving, or textile printing, dyeing, enamel, and metal work will be involved in this course. It will be conducted as a workshop with each individual student choosing crafts of individual interest. No prerequisite art is required.

Any evening student interested in this art course contact either Tex Selvidge, Registrar, or Beryl Clinton, Dean of Clarendon College, or call the Administrative offices at 874-3571.

Arrests for all criminal acts, except traffic increased 5 percent, 1969 over 1968. Adult arrests increased 6 percent while arrests for persons under 18 years of age increased 4 percent.

Of the 741 offenders known to have been involved in the murder of police officers, 75 percent have been arrested on some criminal charge before becoming involved in the killings. Fifty-four percent of these offenders with a prior criminal history had been previously arrested for a violent crime such as murder, forcible rape, robbery, assault with intent to kill, etc. Sixty-three percent of the 741 offenders involved in police killings had prior convictions on criminal charges. Two-thirds of this group had previously been placed on parole or probation.

### YOUR COUNTY AGENT SAYS

#### Winter Pastures of Great Importance to Hall County

With dry weather reducing summer pasture growth in many areas of Texas, including Hall County, winter pastures will be more important than ever, reminds County Agent W. B. Hooser.

Winter pastures don't "just happen." They are planned in advance. Winter grazing comes from forage growth during the fall; consequently, winter pastures should produce abundant growth during early fall months, if they are to be profitable, he notes.

Growth begins with good-quality seed. And seed should be planted early in the fall to utilize fall rains and favorable temperatures for growth. These conditions are favorable for insects, such as fall armyworm; however, this pest can be easily and economically controlled with safe pesticides. The expense of an insecticide application is well justified when one considers additional growth obtained from early planting.

High fertilization is an essential for profitable forage production. Because of the high protein content of winter pastures, abundant supplies of nitrogen are necessary. At least 60 to 80 pounds of nitrogen is needed to obtain adequate fall growth. A soil test to determine exact amounts of nitrogen, phosphorus, potash and lime and other nutrients needed for optimum forage growth is suggested now.

Because of winter pastures are needed during the winter months, grazing should be withheld until cool temperatures arrive. This is usually in November or early December.

Funeral services for Mrs. Lucille Marie "Jerri" Copeland, 53, were held at 2 p. m. Saturday, Aug. 29, in Travis Baptist Church with the Rev. James Henry, pastor, officiating.

Burial was in Newlin Cemetery under the direction of Spicer Funeral Home.

Mrs. Copeland, who had resided in Memphis for the past six months, died Thursday afternoon in Hall County Hospital.

Mrs. Copeland was born Nov. 29, 1916 in Dallas and had lived there until moving to Memphis.

Survivors include one daughter, Mrs. Billie Ann Meresh of Houston; her mother, Mrs. Marie Smith of Dallas; one sister, Mrs. Betty Robinson of Dallas and one grandson, and one brother, Albert H. Douglas of Dallas.

Pall Bearers were Gene Hearne, James Jeffers, Wyman Davis, J. Nunneley, Don Davis and O. B. Hoover.

### LCC Plans Open House Labor Day

Lubbock Christian College is opening its campus to the public at a Labor Day Rally, Sept. 7, 1970. Everyone is invited to share in the inspiration and old fashioned fellowship in chapel at 10 a. m., partake of the western-style barbecue at noon, hear the choruses and Royal Blue Band present some of America's most stirring music at 2 p. m. and listen to Dr. Bill Banowsky speak on "The Greatest Challenges of Our Age" at 2:30 p. m.

LCC is making headway in becoming a four year college—the junior year started this semester—and wants everyone to see the progress that has been made in the library expansion; the new Mabee Agriculture-Science Laboratory; the commercial feedlot and farm improvements; in general campus development and the largest student body in the history of the college.

The police solution rate for serious crimes in 1969 declined 4 percent and since 1960 the rate decreased 34 percent.

### Timmy Powell Dies Of Injuries In Car Accident

Timmy Powell of Quitaque, who was injured in a two-car accident near Alamosa, Colo., six weeks ago while vacationing with his parents and grandparents, died Tuesday. He had been unconscious since the accident.

His mother, Mrs. John Edward Powell, and 9-year-old sister, Tina, both of Quitaque, and grandmother, Mrs. Leo Mullin of Turkey, were all killed in the accident.

The two families had gone to Colorado vacationing. Mr. Powell and Mr. Mullin were fishing and the women and children were en route into town when the accident occurred.

Timmy was 7 years old and is a great-nephew of Mrs. W. C. Foster.

He is survived by his father, John Powell of Quitaque, and grandparents, Mr. and Mrs. D. C. Powell and Leo Mullin, all of Turkey.

### Funeral Services For Jack H. Jarrell To Be Fri. In Calif.

Jack H. Jarrell, 62, son of Mrs. D. M. Jarrell of Memphis, passed away Tuesday, Sept. 1, in El Cajon, Calif., after an illness of some duration.

Funeral services for Mr. Jarrell will be held at 2 p. m. Friday, Sept. 4, in El Cajon.

His mother, Mrs. D. M. Jarrell, and sisters, Mrs. Winston Russell of Phillips and Mrs. William T. Frazier of Pampa, will be in California to attend the services.

#### CARD OF THANKS

We wish to express our sincere thanks to the doctors, nurses, church, friends and neighbors for the food and prayers during my illness. May God bless each of you.

Odessa Austin and family

Mrs. Larry Junkins and son David came from Long Beach, Calif., by plane to visit for the past two weeks with her parents, Mr. and Mrs. Bill Maddox, and with her brother, Gordon, and family.

Mr. and Mrs. R. C. Wakefield of Hedley and Mr. and Mrs. Roy Rae of Memphis enjoyed vacationing in New Mexico last week.

**A Flood Of Letters May Help—**

**Appeal Is Made For Help To Free Prisoners Of War In N. Vietnam**

(Editor's Note: The following letter is self-explanatory, and is published with the hope that readers of this newspaper will follow through with the appeal of Mrs. Georgie.)

8331 Cabrera Dr.  
Dallas, Texas 75228  
Aug. 31, 1970

Dear Editor,

This is an appeal for help for our sons in the prison camps of Southeast Asia. Publicity and a letter writing campaign is now under way to focus world attention to the plight of these men. It is with a growing sense of outrage that the American people view North Vietnam's continued insensibility toward their prisoners and the feelings of their families. North Vietnam's continued insensibility toward their prisoners and the feelings of their families. North Vietnam's continued insensibility toward their prisoners and the feelings of their families.

My daughter's husband has been a prisoner for three years and not one word from him in all that time. There may be men from your area in that condition, also. Please publish the enclosed articles in any manner you think best. The "We Care" article is from my daughter's organization in Austin, made up of 22 wives who have husbands missing in Action or P.O.W.s. The letter from her is a personal campaign, "A Letter to Ed," trying to flood the Hanoi Post Office with letters to him, in hopes of so much concern being the break through for a letter, or some official word as to his status.

I am a cousin of the W. M. Davis, Lucian Davis families of Memphis and Inez Dixon Upshaw, presently of Dallas. We will appreciate any publicity for all our P.O.W.s and certainly any and all letters to our loved family member and the son of the Lee Atterberrys of Dallas.

Sincerely,  
Mrs. Imogene (Davis) Georgie

(Below is a copy of the "We Care" mailing being sent by Mrs. Thaylia Atterberry's organization):

"WE CARE"  
P. O. Box 3900  
Austin, Texas 78704

Below are ways you can help the prisoners of War in Southeast Asia:

1. Send a public opinion message telegram (15 words for \$1) to your Senators and Representatives in Congress urging them to make the release of the POW's the highest priority item during the next session of Congress.

(Sample Telegram)  
Urgently request release of prisoners of War be given highest priority this session of Congress.

Or  
Urgently request you support a joint meeting of congress to focus attention on the POW/MIA situation in Southeast Asia. A Postcard or letter can take the place of a telegram.

2. Write your own Newspaper editor and The Editor, New York Times, 229 West 43rd Street, New York, N. Y. 10036 and tell them the message you have just sent to your representatives in Congress.

3. Send a letter or postcard to United We Stand, Box 100,000, Dallas, Texas 75235, expressing your concern for the treatment of American Prisoners of War.

(Sample Letter)  
I am deeply concerned about the inhumane treatment of American Prisoners of War being held in North Vietnam, South Vietnam and Laos. The best interests of Peace can be served by according these men the protection of the Geneva Convention.

4. Write a letter like the sample above and send it to:

His Excellency, The President, Democratic Republic of Vietnam, Hanoi, North Vietnam (Airmail Postage 25c)

Minister Xuan Thuy, Delegation of the Democratic Republic of Vietnam, Paris, France (Airmail Postage 20c)

5. Ask your Church Leader to deliver a sermon on what he and all the organizations he represents, are doing to help the American Prisoners of War in Southeast Asia. This request can most effectively be made in writing.

6. Ask the Company you work for to print this information in their Company Newspaper.

7. Have copies made of the enclosed petition and distribute them for others to collect signatures.

8. Telephone five friends (or more) and ask them to become actively involved in helping American Prisoners of War in Southeast Asia.

9. Pass this information on to someone else when you have finished with it.

All the wives and families of the prisoners thank you most sincerely.

(Below is a copy of a letter Mrs. Atterberry is mailing to friends):

Dear Friends,

Recently Lynn Glenn, the wife of Lt. Danny Glenn, a Navy pilot, who was reported missing-in-action for over three and one-half years, appealed to her friends requesting that they write directly to her husband asking of his well-being. Three thousand letters were sent, and Lynn received her first word from her husband two months after this flood of mail. This word could be attributed to the vast amount of mail Hanoi had to process in his name.

On August 12, 1967, my husband, Ed, was shot down over North Vietnam. A radiophoto released by Hanoi on August 14, 1967, pictures him alive and in good condition after his capture by the North Vietnamese. Although Ed has never been allowed to correspond with his family, sources from within North Vietnam have twice reaffirmed his capture in the intervening years. The latest confirmation was in the fall of 1969. Based on the above information, Ed has been officially designated a prisoner-of-war for a period of three years, and is still carried in that status by the U. S. Government. His captors, however, have recently denied his existence. Our fears for his safety and well-being grow daily.

May I take this opportunity to ask that each of you send a letter to Ed. If you will ask at least two of your friends to write to him also, we are certain that a chain-letter effect will take place. This could result in Ed's family receiving their first word from him in three years and with it, assurance that he is still alive and will one day be returned to us.

Gratefully yours,  
Thaylia L. Atterberry  
813 East Oltorf  
Austin, Texas 78704

P. S. The letter to Ed should be short (one page) and should inquire about his health and well-being. It is doubtful that Hanoi will deliver the letters, but the deluge of mail could bring back word from Ed. The letter will require 25c postage and should be addressed as follows:  
EDWIN LEE ATTERBERRY  
Camp of Detention for U.S. Pilots  
Captured in the D.R.V.  
c/o Hanoi Post Office

## 5,000 Expected At Boys Ranch Rodeo Labor Day

The 350 boys of Cal Farley's Boys Ranch will be putting on their 26th annual Boys Ranch Rodeo, September 6 and 7, the Labor Day weekend.

Believed to be the only rodeo of its kind in the nation in which the only contestants are boys riding professional rodeo stock, under R.C.A. rules, the event is expected to attract about 5,000 persons for each of the two afternoon performances at 2:30 p. m.

The boys have been getting ready for the rodeo with qualification rides on calves, steers, Brahma bulls and bucking broncos for about two months. All will have a part in the rodeo with 88 riding as contestants for the trophies that will be awarded to the best riders. Top honors will be the Senior and Junior All-round Cowboy trophies, with 1st, 2nd and 3rd place trophies going to contestants in each riding event.

Texas-size barbecue sandwiches with all the trimmings will be on sale for \$1.00. The barbecue concession is one of several that will be operated by the boys. Another rodeo feature will be the appearance of riding clubs from area communities in the rodeo's grand entry.

Reserve box seats can be obtained at the Boys Ranch office, P. O. Box 1890, Amarillo, Texas or by calling 372-2341. Ticket prices are \$2.50 for box seats; general admission tickets are \$1.50 for adults and 75c for children.

A study of 18,567 offenders released to the community in 1963 disclosed that 65 percent had been rearrested by the end of calendar year, 1969. Of the offenders who were under 20 when released in 1963, 74 percent were rearrested during the six-year period.

## Tri-State Fair In Amarillo Is September 21-26

Jimmy Dean and Charley Pride, leading luminaries of the entertainment world, will head coliseum shows at the 1970 Tri State Fair, Sept. 21-26 in Amarillo. Both stars will be supported by widely known TV personalities.

The Charley Pride show will perform twice daily, Sept. 21-22-23. The Jimmy Dean troupe performs twice daily, Sept. 24-25-26.

Included in the two casts are Jo Ann Castle of Lawrence Welk fame, the Imperials, North Door Singers, Alex Houston and Elmer, and Johnny Duncan, the handsome young Texan, now at the threshold of stardom.

The Bill Hames Shows, the Southland's largest carnival, will speak the block-long midway.

Livestock and swine shows, beginning on opening day, will continue through Thursday. Thursday, has been designated Medicare Day. All persons presenting Medicare cards will be admitted free to the fairgrounds on this day.

In keeping with long-standing

custom, this year's fair will be ushered in with a gigantic parade at 10 a. m., Monday, Sept. 21, in downtown Amarillo. Thirty-four Amarillo and regional bands will provide music for the gala events.

Nationally, arrests for Narcotic Drug Law violations during 1969 increased 45 percent over 1968. During the period 1960-

1969, arrests for this violation have increased almost six times due primarily to the involvement of the young age group.

## Latest Figures Lists 560 Vets In Hall County

There are 560 veterans in Hall County and 1,354,000 in Texas, according to Veterans Administration figures released last week based on America's 27.3 million former servicemen as of the beginning of 1970.

According to the latest available figures, of the 181,000 veterans who have served during the Vietnam era, 40 were from this county.

World War II veterans make up the largest group of veterans with 380 from Hall County.

The number of Texans in the Korean Conflict was 290,000, and 70 came from Hall County.

Some 30 Hall County men saw military service only between the Korean Conflict and the Vietnam Era.

73,000 World War I veterans in Texas, 50 are from this county.

An estimated 176 of America's 5,000 Spanish-American War Veterans live in Texas.

Veterans with questions on benefits are urged to contact their nearest VA office. Those serving since Feb. 1, 1955, may be eligible for G.I. Bill training. Those who served since June 27, 1950, may be eligible for home loans.

AUSTIN—Top-flight business and industrial executives are getting an invitation to study the administration of state agencies and tell them how to do a better job, hopefully for less money.

House Committee of Efficiency and Economy urged Speaker Gus Mutscher to take the initiative in setting up an outside committee of experts.

Proposal actually originated with a Chicago consultant's preliminary review of 12 selected agencies. Consultant called for seven study teams of experts to

mentary and at High School, but up at Austin Elementary and Junior High this year.

The decline in the first three grades and the top four grades is much greater than the increase in the middle grades which allows an overall 51 student decline in enrollment.

Specifically, the first grade class and the sophomore class are the two grade levels having the greatest decline since school was out last year.

"We may gain enrollment as the school year progresses," Supt. Chamberlain said, "as we did last year." However, he pointed out, population shifts are difficult to predict and the district could lose students instead of gaining them.

do indepth surveys. Chairman, Rep. Russell Cummings of Houston, said nearly everyone advocates "economy in the abstract," but "seldom is a studied, rational set of specifics advanced as a plan for saving tax dollars."

Committee is under no illusions that additional states pending will not be required as the state grows. "The citizens are entitled to know that every tax dollar is being spent with maximum attention to efficiency and economy," said Cummings. "I feel that most of state government is being operated efficiently, but I am also convinced that additional savings can be pinpointed by experts from private enterprise organizations, studying operations within their own expertise."

**Junior College Shift Advised**

A far-reaching recommendation to discontinue financing junior colleges through local property taxes and turn the job over to the state has been offered by the Texas Research League.

During the next biennium, if this proposal were adopted, local taxpayers would be relieved of \$72.9 million. State taxes of that amount would have to be provided. An alternative League recommendation is for the state to pay the operating costs and cost of future construction but to leave existing bonded indebtedness as the obligation of local property taxpayers. This would reduce the local-to-state tax transfer to \$56 million, instead of \$72.9 million.

League recommends a \$200 million bond issue for 1971 and a \$200 million issue for 1975 to pay for construction at all state colleges. Community colleges, League claimed, should be operated through locally-elected regional boards which might supervise several campuses.

applications from farmers who wish to participate in the program. She is at Fisher-Red River Insurance Agency office, located on the corner of Main and 9th Streets in Memphis.

The contract calls for application of 16 oz. of Malathion (Ultra Low Volume) at five day intervals, weather permitting. The second application will be made Wednesday, Sept. 9, 1970. Any farmer who wishes to have his cotton sprayed should report to the association office and give Mrs. Whitten or Mrs. Minka Roden the exact acres involved, the exact location of these acres and a check for 85 cents per acre—the check being made payable to the Hall County Insect Control Assn.

This must be done not later than 3 p. m. Tuesday, Sept. 8. Farmers are also reminded that

Tom Bob Harrison and daughter, Jami, of Richardson visited here Saturday in the home of his mother, Mrs. Tommy M. Harrison. They were en route to Colorado Springs where Jami will enroll as a Junior in Colorado College. She attended summer school at Stanford University, Palo Alta, Calif.

Among those visiting over the weekend in the home of Mr. and Mrs. Bob Douthit and family were Wayne Goodrum of Austin; Mr. and Mrs. Elvis Parker of Perryton, their daughter, Janet, who is a student in West Texas State University at Canyon, and a group of her friends from Canyon.

Mrs. Gene Corley returned home Wednesday from Lubbock where she had been with her sister and brother-in-law, Mr. and Mrs. E. C. Caviness of Plainview. Mr. Caviness is a patient in the Methodist Hospital there, but is doing nicely and will return home today.

the office will be closed Labor Day, Monday, Sept. 7.

In order for the spraying to be done on Wednesday, the Tuesday deadline must be met in order that the spray patterns and plans may be very carefully laid.

Farmers may participate in as many applications as desired or until the money allotted to the Association by the Texas Agriculture Dept. has been exhausted, which is not likely this year as more money was allocated and the number of acres planted in cotton is cut due to the drought.

This program is not compulsory. The farmer may participate in any one or all of the scheduled applications.

get into a varsity game," Coach McMurray said.

"We have some fine talented sophomores," the coach said, "and should they prove to be better than our upper classmen, we'll move them up," he said.

**Stinnett Scrimmage**

The Coach reported to the Memphis Rotary Club and to the Cyclone Boosters Club Tuesday that the Stinnett scrimmage was most valuable to the local squad even though in the coaches opinion the local team lost the scrimmage one TD to zero.

"Our defensive club played

well enough to win a regulation game over Stinnett if the teams were playing," the coach said, "even though our pass defense was pathetic."

"Our team has shown a lot of improvement since that scrimmage," he said. "We have worked on exploding on the snap of the ball to some success this week and our backfield timing is much improved. I'm pleased with the progress being made."

Spearman, the team's next scrimmage opponent, is considered one of the strong teams in District 1-AA. Stinnett is the bottom ranked team in that district.

The coach commented that Spearman will be a much stronger

team than Stinnett and anticipates a hard scrimmage.

Even though the local team showed improvement, the coach pointed out, it may not be as good as the Spearman team, as the local team will continue to work on basic offensive and defensive fundamentals.

In announcing offensive defensive starters for the scrimmage, the coach pointed out he is trying to set up playing alignments. "We're shy of in the backfield," he said.

Airplane service was begun between New York and Chicago 1916.
