## Improve Your Loyalty' Crusade To Be Held At Travis Baptist Church

The public is invited to attend "Improve Your Loyalty" Crusade beginning on Sunday, Sept. 13, at the Travis Baptist Church, continuing through Sunday, Sept. 20.

## Services Held Here Wed. For Mrs. Vesta Tiffin

Funeral services for Mrs. Vesta Tiffin, 69, of Memphis were held at 4:00 p. m. Wednesday, Sept. 9, in the Community Building with Minister Jack Cobb officiating.

Mrs. Tiffin was born May 16, 1899, in Pottawatomie Co., Okla., and lived in Quitaque for 40 years before moving to Memphis three years ago. She was a devoted Christian.

Survivors include: her husband, Alvin R. Hiltbrunner; two sons, Dale of Hale Center and Henry of Tyler; five daughters, Mrs. Aubrey George, Mrs. Durrell Smith, Mrs. Richard Hill of LaMirado, Calif., and Miss Lou Feltus and Miss Jo Tiffin, both of Memphis; three sisters, Mrs. Dorothy of California, Mrs. Edna of Escondido, Calif., and Vaughn Tiffin of Flomott; grandchildren and four great-grandchildren.

## Memphis Cyclone Travels To White Deer Friday

The Memphis Cyclone opens the season at 8 p. m. in White Deer Friday night as the local team of the black and gold tangle the White Deer Bucks.

The Bucks are seventh ranked in the Potts in Class A over the and are District 1-A favorite. They have 10 starters back last year's Bi-Dist. team.

Memphis makes its debut in Class AA, as a member of District 2-A.

The Cyclone is under a new coaching staff of Head Coach McMurphy, Joe Bain and Coach Gouge, and the team has four weeks of workouts, two against Class AA opponents and an intersquad scrimmage to prepare.

The Cyclone utilizes a wishbone offensive formation, and Coach McMurphy announced that starting in the backfield will be John at quarterback, Roger at fullback, and Jimmy Philbrick and Mark Hundley at tailback.

Offensive linemen include: Larry Moss and J. E. Vick, John Orr and Junior Kennerly, Guards Billy Ballew and Miller and Center Terry Hundley.

## Services Held Sat., Sept. 5, For Mrs. J. Carpenter

Mrs. Jerry Carpenter, 28, passed away about 4:30 p. m. Saturday, Sept. 5, at her home upon suffering an electrical shock. Mrs. Carpenter had removed the back of the television set at her home at 611 S. 5th and was believed to have touched a "hot" wire.

Her husband, Jerry Lee, found her body near the set. Funeral services for Mrs. Carpenter were held at 2 p. m. Monday, Sept. 7, at the Travis Baptist Church with the Rev. James Henry, pastor, officiating.

Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Dianna Mae Philpot was born Oct. 6, 1941, at Childress. She was united in marriage to Jerry Lee Carpenter on June 10, 1961, at Childress and moved to Memphis in 1963. She was a member of the Childress First Baptist Church.

Survivors include: her husband of Memphis; two sons, Michael Lee and Terry Wayne, and a daughter, Melody Ann, all of the home; her father, O. H. Philpot of Childress; and two brothers, Norris Dwayne Philpot of Plainview and Bobby Dean Philpot of Irving.

Pall bearers were Calvin Todd, Ray Woodard, John McCauley, Carrol Daves, Don Van Ausdall, Emmett Ables, Billy Foster and Jerry Hassell.

## Memphis J-V's To Play Here

## Estelline Baptist Church To Have Revival Meeting

Revival services at the First Baptist Church in Estelline will begin Sunday, Sept. 13, and continue through Sunday, Sept. 20, it was announced by leaders this week.

The evangelist will be the pastor of the church, Rev. E. E. Pitts, who has served the membership since April, 1969.

Rev. Pitts attended Clarendon College and Southwestern Seminary in Fort Worth. He has pastored several churches before going to Estelline. Bro. Pitts went into the Armed Forces in 1944 during World War II from Hall County, and served with the 3rd Marine Division in the South Pacific. During this time he saw action on Iwo Jima, as well as serving with the armed forces on Guam.

O. B. Hoover will direct the revival. (Continued on Page 10)

## Drouth Affects Hall Agriculture

By BILL COMBS  
Hall County, like other surrounding counties in this area, is facing a real drouth problem which is causing much concern for row crop farmers and ranchers alike.

Just how serious the situation is at this time was made clear when figures were examined at Hall County ASCS office and by talking with Soil Conservationists and others closely connected with agriculture in this county.

For the row crop farmers, both cotton and grain sorghum crops are expected to be far short of average yields. Some are predicting from 20,000 to 30,000 bales of cotton for Hall County and a 40 to 50 per cent decline in yields from grain sorghum.

ASCS figures show that 238 of the county's 620 milo producers have reported no milo planted or the crop had to be destroyed. Also, 248 of the county's 785 cotton farmers have made application with ASCS indicating no cotton planted or the crop was destroyed.

Figures on cotton show that approximately 62,000 acres of cotton still remain. However, some of this is not expected to be harvested. Hall County could have had more than 80,000 acres of cotton if rainfall had been adequate during planting season.

How severe the drouth is, however, is better indicated in expected yields. Most of the county's cotton will come from irrigated farms, and farms in the Estelline, Newlin and Turkey areas. The areas of Lakeview, Plaska, Leslie and Brice are the most severely hurt by the drouth.

Range Land  
SCS range specialists report that Hall County range country is in such a shape now that blowing conditions are being seen. There has been little or no grass growth and almost all kinds of cover has been affected by the drouth.

Livestock population is being reduced in Hall County. Some figures indicate the livestock population has dropped by 35 per cent. With no prospect for range grasses to grow before next spring it is highly possible that few fall feeders will be brought in this year.

Some ranchers are moving livestock around, culling herds, shipping to market and taking what steps are necessary. Some have utilized the old time method of helping their neighbor with his livestock and he will help you. (Continued on Page 10)

## Methodist Church At Lakeview To Have Revival

The United Methodist Church of Lakeview will hold a Revival meeting beginning Sunday, Sept. 13, and continuing through Sunday, Sept. 20.

The Rev. Tommy Nelson, pastor of the First United Methodist Church of Memphis, will conduct the service during the Revival meeting.

Evening services will be held at 8 p. m. including Sundays and weekdays, Rev. E. E. Martin, pastor of the church announced. Song services will be under the direction of Rev. Martin.

A cordial welcome to all area residents is being extended by the church to come and attend the services of the revival.

Detailed survey work on Site 4 of the Lakeview Watershed will begin Tuesday, Sept. 15, Project Construction Engineer Johnnie Bohuslav of Brownwood announced today.

A survey crew of five will begin the work of making the detailed survey of sites on Brushy and Bitter creeks next week. Site 4 on Bitter Creek is the first site selected. It is on the Hagy Ranch and is the largest structure in the project with an estimated cost of \$230,000.

The detailed survey is made for design for construction and this includes core drilling, the engineer said. The core drilling crew of seven with four trucks will come later.

"We should have site 4 ready for construction by six months," Engineer Bohuslav said. He said that possible contract letting for this site could be made, if funds are available, before June 16, 1971.

The entire Lakeview Watershed project estimated cost is somewhere between \$3 1/2 and \$4 million. The sponsors of the Lakeview Watershed met this afternoon. Two years of construction of easements have been secured, however, there are still 45 easements remaining to be secured by the sponsors. Easements of John Mann and Pole Cat creeks are the next easements being sought by the sponsors, it was reported.

The construction engineer pointed out that a lot of water was necessary to construct dams. Good rainfall next spring would help in building the structures. "Where there is not enough water, then water must be secured in order for construction to proceed," he said.

Mr. Bohuslav will return to Brownwood after spending this week going over the area to be surveyed selecting access roads and checking details for the survey party.

"We normally have to make a big plea for people in our survey area to please leave our stakes alone, but in this case it won't be necessary," he said. "We found stakes our preliminary party left four years ago and we want to thank those responsible for not bothering them," he said.

## Two Scouts Receive Life Scout Badges

Memphis Scouts of Troop 35, planning to attend the District Scout Camporee at Buck Creek, Friday, Saturday and Sunday, Sept. 11-13, had a court of honor Monday night.

During the court of honor, Scouts Ben Edd Hillhouse and Jay Campbell were promoted to the rank of Life Scout in ceremonies conducted by Asst. Scoutmaster Bill Hall.

Scoutmaster Bob Douthit promoted Scouts Scooter Smith, Matthew Smith and Ricky Douthit to the Star Scout rank.

Scout Mike Mowery was promoted to First Class Scout while receiving Second Class Scout badges were Barry Weatherly, Joe Hillhouse and Mike Valencia.

The Scoutmaster also presented 19 merit badges to scouts of the troop.

At the close of the ceremony, Monty Paul Rogers was welcomed as the troop's newest Asst. Scoutmaster, and Scoutmaster Douthit presented him with a tenderfoot badge, turned upside down, and instructed the new assistant that he could turn it over when he did a good deed for his wife.

Rogers will replace Asst. Scoutmaster J. D. Baisden who is being transferred to Irving by General Telephone Co. of the Southwest.

A good crowd of parents were on hand for the court of honor and enjoyed iced tea and cookies.

## Estelline Bears To Open With Harrold

The Estelline Bears, under Coach Jimmie Don Adams who is in his tenth season, will open the 1970 football season at Harrold Friday night at 8 p. m.

The 1970 edition of the Estelline Bears is a more experienced unit than last year, especially in the line, Coach Adams says, and the team will have more depth in all positions to play the 8-man

schedule in District 5-B.

This week in workouts, Coach Adams starting lineup included: Ends Ricky Pierce (Sr. 155) and Jacky Morris (Sr. 160); Guards Gene Bruce (Sr. 145) and Steve Pardue (Sr. 206) with Mike Helm at center, (Sr. 145). Quarterback is Paul Bryant, a senior at 145, with Glen Longbine, 165 at halfback-fullback and Senior Doug Fowler, 135, at the other halfback.

Both running backs, Longbine and Fowler are starting in the backfield for the first time, Coach Adams said. Fowler played end last season while Longbine is one of the new comers this season.

Coach Adams said that he expected to play several other boys on defense and possibly make several offensive substitutions as the game with Harrold progresses. "This is one year when our team has some real depth and talent on the sidelines. We hope we do not have injuries. Maybe if we do it won't affect the outcome of our games so much this season," Coach Adams said.

ESTELLINE BEARS—Shown above are members of the Estelline Bears football team which opens its season Friday at Harrold. In the foreground is the starting offensive lineup, left to right, Jacky Morris, HB Doug Fowler, QB Paul Bryant, Center Mike Helm, HB Glen Longbine, Gene Bruce and Ricky Pierce.

## EDITORIAL

### Drouth, Our Major Concern!

It won't be long until this newspaper has its annual cotton gussing contest; and, if our readers are not aware of the drouth of this area, then guesses may be far off the mark.

Some are estimating that 40 per cent of the cotton allotment land in Hall County is not planted, or at least will not be harvested this year due to the lack of moisture during the planting and growing season.

Hall and surrounding counties are seeking to be declared a drouth disaster area. We can't imagine any reason why government agencies would deny the fact of the drouth. It's here, now, and certainly a reality. This editor has driven over a good portion of our drouth affected land and it is a pathetic sight.

Even milo fields show signs of being burnt. Cotton plants in some fields stand less than six inches high now.

Another problem raises its head. What can farmers do to preserve their land for another year when rainfall does come. Without some sort of mulch or cover to hold the soil, winter and spring winds and rain can and will do tremendous damage to conservation structures and practices.

Local agencies of government throughout this area are working on what steps can be taken. The concern is evident on the faces of many we have spoken to about the drouth.

Hall County, crop wise, has had one good crop out of the last four, that was the 1968 crop. Last year's crop was short due to hot dry weather in the summer. The 1967 crop was also short due to early freeze and late moisture in the spring.

Government regulations are placed on agriculture during good years to control over production. Will these regulations be flexible enough to carry agriculture through drouth years? We'll just have to wait and see, and hope.

### Kaiser Wilhelm and The Land of the Free!

He called himself Kaiser Wilhelm and he said he was born in Canadian, Texas, but the folks in Canadian don't know him by any other name than Kaiser Wilhelm, although they saw him every year as he came through on his migratory treks. He was well known all over the Panhandle-Plains region for many, many years.

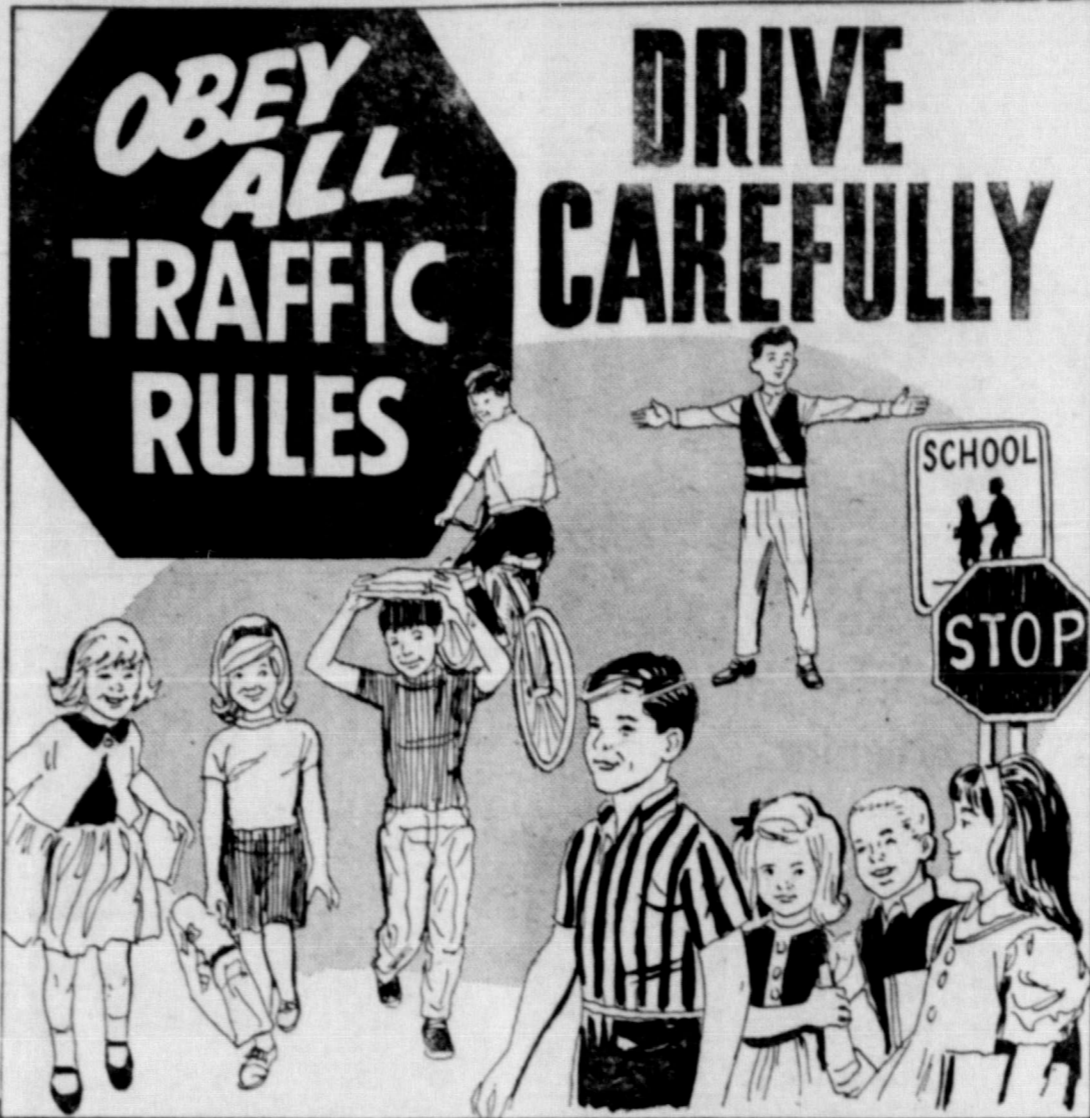

The only identification found on his body when he was killed near Anson several months ago was an almost illegible scrawl on a faded card which bore the name "Kaiser Wilhelm" and the notation "Born in Canadian, Texas". If any old-timer in this area knows anything about his identity, some people in Anson and Abilene would like to know, and we'll be happy to pass the information along.

The Abilene Reporter-News calls him a "Mystery Man". He was run down by a drunk driver, and the killer got five years (probated, of course) from 104th District Court. He was buried in an un-marked grave in Mount Hope Cemetery at Anson, courtesy of Jones County, when all efforts to identify him failed; but Mrs. J. W. Futrell of 1526 Anson Avenue in Abilene, moved by the story of his death, started a subscription fund and people of the area purchased a grave marker.

Kaiser was a free man who followed the seasons, withdrawn from the world, living on the open road. He was given food and transportation along his routes, but he didn't ask for it. He wandered at his own speed, and in time and tune with nature. He never begged, he talked little to his benefactors and seldom thanked them. His secrets, if he had any, were well-kept. He was apparently never in trouble with the law... the FBI had no record of him, and his fingerprints drew a blank from the FBI computers.

We often times like to put names on people we don't understand, and we would probably call Kaiser a "free soul". He did what he wanted to do and thanks to this country's regulations, he was allowed to do just that.

He was indeed a rare bird, possibly the last of the vanishing breed.

## ACROSS the DESK

### What Other Editors Say

#### About The Drouth

Headline in one of Texas' great daily papers: "Drouth Disastrous to South Africa." Wonder if they ever heard of such counties as Collingsworth, Cottle, Childress and Hall in Texas.

I phoned Judge Zook Thomas a few days ago and asked him if it was not time to get this county designated as a disaster area. He said that his office was already working on the matter as were a number of Federal agencies with offices in Wellington.

We might as well face it. We are still in what is the worst single year drouth this immediate area has known since farming began here. Since April people have been asking me when would it rain. I began to grow uneasy when all the weather conditions seem favorable for rain and then went away sometimes leaving ineffectual showers and often leaving nothing. Last week James Doneghy remarked that on three different occasions in July everything seemed just right for good moisture and then instead of thickening the clouds simply vanished.

—Deskins Wells  
In The Wellington Leader

#### Rock And Roll Reaction

Then there is the story of the two hound dogs who were sleeping on the front porch, when the kids turned on some rock and roll music and started dancing and screaming.

One of the hounds raised his head and said to the other, "You know, if we acted like that, they'd worm us."

—Shelby (Ey.) Free Press

#### Pot doesn't cost much... or does it?

(While the debate over Marijuana rages, teen-agers play a dangerous game of attempting to beat the law by using it. What if they get caught? Probably, on first offense, they would get a suspended sentence and never serve a day in jail. So what difference does that first offense make?)

A youth was stopped for a traffic violation. The officer recognized the odor in the violator's car. The defendant had a few joints (of marijuana) with him.

He was convicted of possession, a felony, and received a suspended sentence. Did he lose anything? All he lost was the right to vote, the right to own a gun and the right to run for public office. He lost the opportunity of ever being a licensed doctor, dentist, CPA, engineer, lawyer, architect, realtor, osteopath, physical therapist, private detective, pharmacist, schoolteacher, barber, funeral director, masseur or stock broker.

He can never get any job where he has to be bonded or licensed. He can't work for the city, county or federal government.

He can enlist in the military service, but will not have a choice of service and will possibly be assigned to a labor battalion.

If this happened to you, would you think you had lost anything?"

—The Carbon Copy

# Meet Ford's new Pinto. The little carefree car.

### If you have the questions, Pinto has the answers.

**Q. What do you mean, "carefree"?**  
A. Pinto's designed to free you from car cares, big and little. Cares about high prices and big gas bills. Cares about parking. Cares about service and reliability. Power and stability. Quiet and roominess.

**Q. You say Pinto is little. How little?**  
A. Pinto is only 3 inches longer than VW. But its turning circle is actually a little less, so Pinto can slip easily into tight parking spaces.

**Q. And inside?**  
A. Pinto gives you more interior roominess overall than Volkswagen. And getting in and out is easier because Pinto's doors are a good half-foot wider.

**Q. What about price?**  
A. Pinto is priced like the little economy imports, too.

**Q. What about power?**  
A. Pinto delivers 75 horsepower and averages over 25 miles per gallon in simulated city/suburban driving. The engine is front-mounted and exceptionally quiet for a car in this class. Pinto is the only American economy car equipped with a 4-speed, fully synchronized transmission at no extra cost.

**Q. What else is standard equipment?**  
A. High Back bucket seats. Direct-Aire ventilation with upper-level fresh air outlets. Heater/defroster with 3-speed fan. Two-speed electric windshield wipers. Electric windshield washers. Your choice of 15 exterior colors. And more.

**Q. How about optional extras?**  
A. Pinto offers a 100-hp engine and 3-speed automatic transmission. Front disc brakes. Even built-in air conditioning. Tinted glass. Vinyl roof. "Flipper" rear quarter windows. Fold-down rear seat. Bumper guards and side molding with vinyl inserts to protect the paint. More than most imports offer—at prices economy-car buyers can afford.

**Q. Reliability?**  
A. Pinto's engine has already logged 50 million owner-driven miles. And the strength of some of Pinto's parts makes ordinary little economy cars look puny by comparison. Parts like the starter motor, ball joints, rear wheel bearings are heavy duty. Craftsmanship? Pinto is the only American car with hand-matched transmission gears.

**Q. What's Pinto like out on the road?**  
A. Pinto has a wider stance than any economy import, for better stability in turns and gusty crosswinds. For more road feel, and more

precise handling, Pinto has rack & pinion steering—like Porsche and Jaguar—something you won't find on any other American car.

**Q. Tell me about service.**  
A. Pinto is so simple you can do much of the maintenance yourself, if you like. The Owner's Manual shows you how. And Pinto's free Do-It-Yourself Key helps you perform minor service functions.

**Q. Suppose I don't service Pinto myself?**  
A. You still save when your Ford Dealer does it. For example, Pinto needs an oil change half as often as the leading import. And a chassis lube only one-sixth as often.

**Q. Sounds great—where can I test-drive Pinto?**  
A. Your nearest Ford Dealer. And if you have any more questions, he can answer them.

Ford Punt, Pass & Kick Competition. Boys, 8-13, register at your nearest participating Ford Dealer now through September 28.

MRS. JAMES ROBERT STEWART, JR.

## Edelmon-Stewart Vows Read In Dumas

Miss Judith Ann Edelmon, daughter of Mr. and Mrs. Claude W. Edelmon of Dumas, became the bride of James Robert Stewart, Jr., son of Mr. and Mrs. Robert Stewart of Memphis, in nuptial vows solemnized at 4:00 p. m. August 29 in the First Baptist Church in Dumas.

The Rev. Ed Rogers, pastor, read the double-ring ceremony before a nuptial space decorated with two pedestal baskets of white gladioli and daisies tied with rainbow-colored streamers.

Music for the wedding was provided by the groom's sisters, Miss Bobbie Stewart, soloist; and Miss Betty Stewart, organist. Miss Stewart played the traditional wedding marches for the processional and recessional and accompanied her sister as she sang "And This Is My Beloved", "I'll Walk Beside You", and "The Lord's Prayer".

### Attendants

Miss Beki Edelmon, cousin of the bride, was maid of honor and bridesmaids were Miss Shirley McRae, and Miss Nancy Smith.

They wore identical floor-length dresses, in green, blue and pink, dotted swiss. The dresses were styled with empire waists, short puffed sleeves and stand up collars. Ribbon streamers fell to the hemline from a back bow, and they wore headpieces of fresh daisies and carried colonial bouquets of daisies tied with rainbow streamers.

Gerry Knight of Memphis was best man and groomsmen were Johnny Johnson of Dumas and Nick Nixon of Amarillo. Ushers were Doug McCaus of Dumas, Tommy Kirkpatrick of Chapman Ranch, and Terry Henderson of Dumas.

Miss Jo Vaughn McCraw was flower girl. She was wearing a dotted swiss dress of yellow and carried a basket of daisies.

### The Bride

Given in marriage by her father, the bride wore a formal white wedding gown of peau de soie and chantilly lace. The gown was fashioned along empire lines with the imported lace scalloping the Sabrina neckline and elbow-length sleeves. Medallions of the lace, embroidered with pearls, were scattered over the A-line skirt and bodice.

A bow of the self-fabric was caught at the back waist from

which fell a full chapel-length train scalloped in heart-shaped and bordered in the same rose patterned lace. Her veil of bridal illusion was attached to a band of fresh daisies.

She carried out the traditional bridal custom of wearing "Something old, something new, something borrowed, and something blue." Something old was a handkerchief made by the late Mrs. W. B. Rogers, grandmother of the bride; something new, the bride's dress; something borrowed, string of pearls belonging to Miss Curtie Mae Rogers of Plainview, aunt of the bride; and something blue, the bride's garter. The six pence in her show was sent to the bride for this special occasion by Sgt. Martin W. Edelmon of Pirmasens, Germany, brother of the bride.

Mrs. Edelmon chose for her daughter's wedding a pink and gray knit dress with gray accessories while Mrs. Stewart, the groom's mother, wore a royal blue dress with black and white accessories. Both wore corsages of white rosebuds.

### Reception

Immediately following the ceremony, a reception was held in the First Baptist Church Parlor.

The bride's table was laid with a pink lace cloth over white and was centered with the bride's bouquet of flowers.

The decorated wedding cake was served by Kittisha Cooley of Kermit and Doris Smith of Dumas while Miss Curtie Mae Rogers ladeled the punch. Other members of the house party included Peggy Evans of Waco, Sammie Thompson of Dumas and Judy Leathers of Dumas.

For a wedding trip to New Mexico, the bride chose for travel a two-tone green pant suit with long over-jacket and the orchid from her bridal bouquet.

Mr. and Mrs. Stewart are at home in Memphis at 721 No. 15th Street.

The bride is a graduate of Dumas High School and attended one year each at Howard Payne College and West Texas State University. She is a member of Phi Gamma Nu, business sorority.

The bridegroom is a graduate of Memphis High School and West Texas State University with the class of 1970. He was a member of the Phi Mu Alpha, music fraternity.

## Miss Pardue, Donald Proffitt Marry In Estelline Rites Sat.

Miss Noel Rene Pardue, daughter of Mr. and Mrs. Joe Bob Nivens of Estelline, and Donald Gene Proffitt were united in marriage Saturday evening, Sept. 5, in a ceremony at the Estelline United Methodist Church.

The bride is the granddaughter of Mr. and Mrs. C. L. Sloan of Estelline and the parents of the bridegroom are Mr. and Mrs. George Proffitt of Estelline.

Rev. Campbell Smelser, pastor, was the officiant for the double-ring ritual at 8 p. m. The nuptial area was defined with a semi-circle of votive candles and decorated with lemon leaves and wedding bells in front of the communion table. Standard candelabra holding cathedral tapers were on either side of the altar. Votive candles trimmed with greenery and white ribbons marked the bridal aisle.

Mrs. William Collier was pianist for the traditional wedding music and accompanied Mrs. Jimmy Gibson, soloist, for the special selection "The Wedding Prayer" at the conclusion of the ritual.

Presented in marriage by Mr. Nivens, the bride was gowned in a formal candlelight crepe fashioned with brief sleeves and a low decolletage that was accented with bands of Venice lace. The lace was repeated in a back panel that fell from the high Empire bodice.

The gown was worn by the former Sarah Holland at her marriage ceremony. She and her husband, Melvin Long, are one-time Estelline residents and now live in Lubbock.

The bride's chapel veil of French illusion was edged in Venice lace, and she carried a bouquet of Shasta daisies and stephanotis. She observed the old-new bridal tradition including a strand of pearls belonging to her mother, a sixpence in her shoe, and a blue garter, gift of her former teacher, Mrs. L. A. Tucker.

Miss Brenda Graham was maid of honor. Bridesmaids were Misses Marsha Helm, Cathy Boney and Debbie Bowman.

They wore carpet-length gowns of gold crepe with white chiffon bodices. The Empire waists and long sleeves were accented by gold velvet ribbons. Their colonial bouquets were of Shasta daisies.

Kimi Fowler was flower girl and Danna Kay Davidson and Tom Cope were ring bearers. The girls wore dresses of gold crepe with white chiffon long sleeves and chiffon trim.

Candles were lighted by Joe Brent Nivens, brother of the bride, and Shane Hedrick.

Kirby Hatley served as best man and groomsmen were Gary Proffitt, brother of the groom, George Proffitt, father of the groom, and Steve Pardue, brother

MRS. DONALD GENE PROFFITT

of the bride. Ushers were Randy Collins and Jimmy Adcock.

Mrs. Nivens attended in a beige knit with matching jacket and Mrs. Proffitt was attired in a rose knit with grey accessories.

Guests for the wedding were registered by Miss Janet Rapp at a table covered with white satin under applied organdy and was appointed with a gold pen.

### Reception

Mr. and Mrs. Nivens were hosts for a reception held in the Fellowship Hall of the church.

White satin under applied organdy with a deep carpet-length flounce covered the bride's table. Crystal and gold appointments were used. The three-tiered wedding cake was topped with wedding bells.

Miss Donita Pitts served punch and Miss Jenne Bruce of Lubbock served the cake.

Miss Mandy Hedrick was pianist for the reception music.

For a wedding trip, the bride wore a white knit dress with red

## Kari Posey Is Party Honoree On Sixth Birthday

Mrs. Marion E. Posey entertained with a party on Saturday afternoon, Aug. 29, in the Bronze Room of the First National Bank honoring her daughter, Kari, on her 6th birthday.

Games of musical chairs, pop-the-balloon and spoon 'n' spuds were played. The group sang "Happy Birthday" to Kari as she made her special wish and blew out the candles on the cake. A song fest was enjoyed while the refreshments were being prepared.

Birthday cake, ice cream and punch were served to the honoree and the following guests: Richard Clark, Gena Shubert, Kyle and Kelli McQueen, Dru Lacy, Sandra Scott, Karen Callihan, Bret Combs, Kelly Limer, Bill Rogers, Barbara Todd, Rhonda Gable, Kim Johnson, Patti Cruze and Allen Morris.

Unable to attend but sending gifts were Kelley Parr and Kathy Boone.

Assisting Mrs. Posey with the hostess duties at the party were Kari's two big sisters, Shari and MariAnn.

Visiting in the home of Mr. and Mrs. V. A. Crisler on Sunday were their grandson and wife, Mr. and Mrs. Larry Crisler of Lubbock. Monday visitors were their son and wife, Mr. and Mrs. Fritz Crisler of Amarillo.

**VEGA 2300**—Above is shown Chevrolet's new 1971 economy car, a four-passenger coupe, one of four models now on display in dealer showrooms. It has a new, domestic-built lightweight overhead cam engine to fill performance needs of American drivers.

### Chevrolet's Vega Now On Display At Ward Motor

Now on display at Ward Motor Company in Memphis and in dealer showrooms over the nation is Chevrolet's new Vega 2300—the small car which the company expects to become a leader in the economy market.

"Vega is unlike any other Chevrolet ever built," Dennis Ward, dealer, declared. "It meets the growing desire for an American-built car which, besides being small in size, is fun to drive, safe, comfortable, economical to own and operate, easy to maintain and long lasting in both construction and styling."

Ward said the Vega sets a new standard of customer value in the economy market with four Vega 2300 models.

They include a 2-door sedan, 2-door hatchback coupe and a sporty 2-door "Kammback" wagon—all four-passenger models. There is also a unique one-passenger Vega panel express truck available with a second passenger seat.

With a wheelbase of 97 inches, an overall length under 170 inches and a sedan weight of 2190 pounds, the Vega is generally the same size as other economy cars but offers significant differences.

It is nearly eight inches lower and four inches wider than the best selling foreign car. It has greater passenger room and trunk space. Its lower center of gravity and wider tread helps the Vega hug the road in American freeway driving.

**Vote Democratic Nov. 3**  
(Pol. adv. pd. by Joyce Webster)

Vega's excellent handling is due to a specially designed front suspension and steering system that gives high cornering ability, responsive steering and less driver fatigue on long trips. A new custom tailored braking system includes standard front disc brakes.

Computer-selected full coil springs at each wheel plus extensive body sound deadening give a smoother, quieter ride than the usual economy car.

Vega's most innovative feature is its new lightweight overhead cam four-cylinder engine. This engine—specially designed and built in this country for the Vega—meets performance needs of American drivers while giving impressive fuel economy and low emissions.

The 140 cubic inch engine (or 2300 cubic centimeters as indicated in the Vega 2300 name) develops 90 horsepower. There is also a 110 horsepower optional version. Both are designed to operate efficiently on the new low-lead or low-lead gasolines. A new open combustion chamber design contributes to more complete burning of fuel and improved emission control.

The Vega engine is the first in the industry to use a new high-silicon aluminum alloy and a recent breakthrough in aluminum casting technique in its lightweight engine block. The result is a large piston displacement engine with high torque output at moderate speeds and good fuel economy.

Inexpensive maintenance and ease of serviceability were major factors in the design of the Vega. Bolt-on fenders, for example, can be replaced in less than 45 minutes. The grille is held in place by just five screws and can be removed and replaced in 10 minutes without taking off the bumper. Removing the bumper requires only the removal of six bolts.

The Vega 2300 is being built exclusively at the ultra-modern Chevrolet-Fisher Body plant complex at Lordstown, Ohio, one of the most advanced production facilities in the world.

Every ingredient of quality—from latest tools and extensive employee motivational programs to sophisticated, computer-backed inspection procedures—is being used to insure that Vega's craftsmanship is the finest in the world.

Chevrolet and its dealers have been preparing for several months to have technicians skilled in Vega maintenance and an ample supply of spare parts in all 6300 Chevrolet dealerships by the time the first Vega is delivered to a customer.

### Richard Jones, Turkey Resident, Is Buried Sunday

Funeral services for Richard L. Jones, 79, a long-time resident of Turkey were held at 3 p. m. Sunday, Sept. 6, in the Turkey Church of Christ.

Jack Hutton, minister, officiated with burial in Dreamland Cemetery.

**NEW PINTO**—On display Friday, Sept. 11 is Ford's 1971 model Pinto. This two-door sedan combines a small car feel with a sporty-car look. The sloping windshield is accentuated by the low, sleek lines of the hood and fenders.

**Ford's 1971 Pinto To Go On Display Friday, Sept. 11 In Local Showroom**

Ford Division's 1971 answer to foreign import cars, the Ford Pinto, will go on display at Foxhall Motor Co. showroom Friday, Sept. 11, it was announced this week.

Pinto sports the flair and style of its stablemates, Mustang and Maverick, while targeting indirect competitors on the size and economy characteristics of the leading imported cars it was created to challenge according to Ford news release. This smallest of the domestic sub-compacts is four inches longer, eight inches wider and seven inches lower than the leading import. But Pinto—the car that looks small and feels big—offers considerably more interior room than the leading import along with better comfort, roadability and maneuverability.

Like the imports, Ford stylists have created a design that is expected to remain unchanged, eliminating changes for the sake of change.

"The Pinto we're introducing this year will look essentially like the Pinto we expect to sell in 1975," Mr. John Naughton said. Naughton is Ford's vice president and general manager.

Pinto will be powered by a standard four-cylinder water-cooled engine with a displacement of 1600 cubic centimeters (97.6 cubic inches) and a horsepower rating of 75. The front-mounted overhead valve engine, built by Ford of Britain, has been proven by years of use over millions of miles in the popular Ford Cortina and Capri cars. This engine has delivered more than 25 miles per gallon in simulated city-suburban driving.

As an option, Pinto offers a new 2000 cc (122 cubic inch) overhead camshaft engine designed specifically for Pinto. The powerplant delivers 100 horsepower. The overhead cam engine is built in an ultra-modern Ford engine plant in Germany.

Standard transmission on the Pinto is a fully synchronized, floor-mounted, four-speed gear box. The optional engine will be available only with an automatic three-speed transmission until December when it also will be available with a four-speed manual transmission.

Pinto incorporates several sports car concepts to make it a better handling, more responsive car. European-type rack and pinion steering provides positive and precise response with minimal effort.

Pinto's interior dimensions and appointments are superior to those normally associated with small cars. Front seat head room in the Pinto is equal to that in the big Ford, while rear seat head room equals that found in the Torino two-door hardtop. Pinto has over six inches more shoulder room for front seat occupants and seven inches more knee room for rear seat passengers than the leading import. Extra wide doors make entering and exiting the Pinto convenient.

Interior features in the stylish little car include standard high-back bucket seats and a full-width rear bench seat, both vinyl upholstered. The two-pod instrument cluster puts all controls within easy reach of the driver. Optional appearance and convenience items include color-keyed carpeting, houndtooth checked cloth or Comfortweave vinyl seats, air conditioning, radio, console and a fold-down rear seat that converts the rear compartment and luggage space into one 38.1 cubic foot storage area.

Pinto will be available in 15 exterior colors ranging from Pinto Gold to Model T Black.

**Sp./4 Shults Leaves For Service In Korea**

Sp./4 Jimmy Shults left Monday from Amarillo for Seattle, Wash., and from there will go to Korea where he will be stationed with the U. S. Army.

Shults and his wife, the former Dayna Hickey, have been living in San Antonio for the past several months where he was attached to the U. S. Army hospital as a medical technician.

Mr. Shults will remain in Memphis with her parents, Mr. and Mrs. Gerald Hickey, while her husband is in Korea.

Shults enjoyed a leave here for several days prior to departing for Seattle.

### Hedley Rites Held Sun. For Mrs. Pearl Mobley

Rites were held at 3 p. m. Sunday, Sept. 6, in the Hedley First United Methodist Church for Mrs. Pearl Louise Mobley, 90, of 514 No. Fillmore in Amarillo.

The Rev. Bill Watson, pastor of the Amarillo Buchanan Street Methodist Church, and the Rev. Billy Wilson, pastor of the Hedley Church, officiated.

The Order of the Eastern Star Hedley Lodge No. 413 held graveside rites. Burial was in Rowe Cemetery under the direction of Spicer Funeral Home.

Pearl Louisa Mobley was born Dec. 26, 1879, at Dresden. She was united in marriage to Ruben Rab Mobley Nov. 26, 1899, at Dresden. The family came to Memphis in 1914, to Hedley in 1918, and Mrs. Mobley had been a resident of Amarillo since 1938.

Her husband passed away in 1931. Two children also preceded her in death.

Mrs. Mobley passed away Friday afternoon in St. Anthony's Hospital in Amarillo. She owned a cleaning pickup service.

She was a member of the Buchanan Street Methodist Church in Amarillo, the Hedley Eastern Star for over 50 years and the Fellowship Sunday School Class.

Survivors are two daughters, Mrs. Ruby Blades of Hartley and Mrs. Jewel Whitney of Amarillo; two sons, W. E. of Amarillo and H. Mobley of Hedley; three brothers, Grover and Ben Milton, both of Dresden, and John of Amarillo; six grandchildren and 17 great-grandchildren.

Pall bearers were Pete Land, Leroy Luttrell, Jim Roberts, Tige Hill, Royce Thigpen and Donald Christiansen.

Honorary pall bearers were Ray Moreman, Clyde Boyd, Clifford Johnson, Alfred Johnson, Herman Kirkpatrick, Frank Murray and Cullen Hunsaker.

### Mrs. Marion Posey Attends Rites For Panhandle Woman

Mrs. Marion E. Posey was in Panhandle last Wednesday to attend funeral services for a long-time friend, Mrs. F. F. (Dorothy) Ferrell. Services were held in the First Baptist Church and burial was in the Panhandle Cemetery.

Mrs. Ferrell and her husband owned and operated the Ferrell Pharmacy coming to Panhandle when Mrs. Posey was 13 days old. The families have been good friends through the years.

Mrs. Ferrell is survived by her husband, "Doc" and two sisters in Illinois and a host of friends.

# B. B. Shots

By BYRON BALDWIN

I guess I will infringe a little on Helen Combs' "Around And About" as I was around town the other day and I happened to hear a lot of talk and commotion in the shoe shop and on investigating I found it was Opal Curry telling about the old bird was going to visit their son Reggie and wife and they would be grandparents. She then told me that the daughter-in-law asked her over the telephone when they should tell it, and she told her that she need not tell because I will tell everyone myself. I asked her when this blessed event would happen, and she said it would be about 255 days. So she will have time to tell a good many people in that time.

Well, I see Denzil Lacy and Sue have a new daughter, but I think Denzil was counting on another combine driver, but way women's rights are going, she will be able to do the job. Well, harvest time is coming on and I think the Memphis Democrat crew will contribute to the population explosion in September and October, Mr. and Mrs. Graham Bowen and Mr. and Mrs. Billy Combs, will have done their part for this year. Our best wishes to them all. We are watching for the "old bird."

Visiting in Heritage Hall the last week were Mr. and Mrs. Albert McMurry of Dumas, both of them from Hall County Pioneer families. The father and mother of Mrs. McMurry were Mr. and Mrs. B. B. Burnett, originally from South Carolina to Milam County, Texas and to Hall County in about 1892. Their first home was a house over a dugout. I think all of the Burnett kids attended Indian Creek School. O. B. Burnett was called the Cotton King of Hall County before leaving in 1917 for Moore County where he introduced cotton and helped build the only gin that was ever in Dumas, where most of the remaining members of the family still live. Mr. Burnett passed away in 1925 and Mrs. Burnett in 1935. Children of the Burnett family were Wilkes (deceased), H. H. (deceased); Mary Burnett Thomas (Mrs. E. A. Thomas of Amarillo); Susan Wynn (deceased).

George of Dumas, Jim of Lamar, Colo.; Arthur (deceased); George of Dumas and Sallie (Mrs. Albert McMurry) of Dumas. The McMurrays moved to Dumas in 1919 where Albert served as sheriff of Moore County for 10 years along with his farming and other interests there.

Albert is the son of the late Mr. and Mrs. T. M. McMurry who operated a mercantile store in Hillsboro, Texas and moved to Hall County in 1906 and bought land from R. L. Moreman east of what was Lodge but since changed to Plaski. I think this land is still in the family name. Mr. T. M. passed away in 1936 and Mrs. McMurry passed away in 1966 living one week past her 94th birthday. The children of the T. M. McMurry family are Dyke, Hall (Mutt), Dannah, Stine, and Albert, all of Dumas, Brown of Borger, Edd and Gip of Memphis, Lillie (deceased wife of H. Burnett); Nell (Mrs. John Dalton); Evelyn (Mrs. Bob Powell); Jamie Sue (Mrs. Mike Bara) of Dumas; and Katherine (Tack), now Mrs. Mark Codi of San Diego, Calif.

Albert told me the story of the time he and his brother, Edd, hired out to Jack Awens (the old bachelor cowboy of the Shoe Bar Ranch) who owned land right west of them. Jack told them to spend the night at his house so they could get up early enough and get started pulling that corn. Albert said they got up early enough, as they had never slept on scratchy wool blankets before, so they itched and scratched all night and never did sleep any. He said Jack was a man that would pay a boy man's wages if he did a man's work. I asked Albert what he thought of Heritage Hall and he replied, "I think it is the greatest in the Panhandle, next to Canyon museum." They have seven children and all living in Dumas except one who lives in Amarillo. Said they would see us at the picnic.

I had a visit with an old time product of Hall County last week, Mr. Frank Duke of Alvin, Texas. He was on his way back home from Denver, Colo., after making a land deal and visited here with his sister, Mrs. Tom Wilson of Quail, and nephew Coleman Duke of Deeplake. His education in school was at Deeplake and for the seventh grade to Memphis in about 1915. He said he did not think he learned very much that

year, but in going on with his conversation about so many pretty girls going to school here, he said he did learn one thing from these city school kids and that was when you carried your lunch to school you carried your lunch to school in a syrup bucket and it would keep your sausage and biscuit from being in a sweat and he carried this information back to Deeplake school. Also he remembered seeing some of the boys matching nickles. Two of his school mates he remembered here were Katherine Read and Mack Wheat. I think Frank is planning on being back here for the picnic. He does not have that Arthur-Write-Us now, as I think he used that Alfalfa remedy!

I met Mr. and Mrs. Wayne Johnson at a filling station Saturday morning on their way to Turkey for the Turkey school reunion where Wayne taught from 1957 to 1969. They are now living at Lela and he is teaching there. I asked Mrs. Johnson if she was teaching there and she said she was just the "teacher's aid" and thought she had the hardest job.

I met Mr. and Mrs. Joe Miles Kinard in a local drug store Saturday morning. Joe is teaching in the high school at Ordway, Colo. He graduated out of Estelline High School in 1940. His wife, the former Virginia Smith, daughter of the late Mr. and Mrs. Frank Smith, graduated in M.H.S. in 1948. They have three teenage boys, now 14, 16, 17 and they all like football. Joe reports that his brother, Don and his wife are teaching in the Colorado Springs Schools.

Mr. and Mrs. Robert Duncan has as their guests in Heritage Hall, Mr. and Mrs. Herbert L. Clayton of Dallas and Mr. and Mrs. M. W. Perkins and daughter Darlene of Commerce. Mr. Perkins says he has been with the East Texas University past 21 years, and he has seen the enrollment grow and they now have about 8,000 students enrolled.

Not little John or big John, but I guess I should say old John Deaver had as guest at Rotary Club last week his brother-in-law, Harold Foxhall of Houston. John said Harold was hungry for some of Mrs. Barber's hot rolls, and I think he did them justice as I sat across the table from him. Harold, I think, was a graduate of MHS in 1936. He and his wife have two daughters, one married,

one still in school and he is not a grandpa. Harold has a few streaks of silver along his temples, but guess he never had the worries like his brother, Ed. I remember when Harold, Jack and some of the other boys had some kind of a rhythm band, had their mother's dye them shirts black and embroidery the hand name on the back of them. I forget now the name of this rhythm band, but these names come to me as being one of them... Crow Pirate or Eagle. Anyway, I think Harold enjoyed his visit in Memphis meeting old friends and visiting with his brothers and sister, Emma Deaver.

Last word we had from Ewell Noel, he was out of the hospital and at home in Denton.

Other visitors in Heritage Hall were Mr. and Mrs. C. W. Crawford of California. C. W. graduated from MHS in 1933 and his wife, Doris, was a graduate of Verdugo Hills High School. After living in other parts of West Texas, C. W. left here in 1938, and has lived in California for the past 32 years. I think with one oil company most of the time. He liked the displays in Heritage Hall. Mr. and Mrs. Gerald Bello of Arroyo Grande, Calif., were re-

cent visitors. Mrs. Bello (Lavon Payne) daughter of Mr. and Mrs. Russell Payne of Lakeview, left Hall County in 1940. Gerald is a native son of California. Others visiting Heritage Hall were Sherry McQueen and Kim Haynes of Midland.

Willie Mae has been away about two weeks and this is really a big house or else she is an awful big woman, as there is a lot of space. I can turn the water on and I can turn it off, but I cannot get these wash and wear shirts as smooth as she gets them. I guess I squeeze too much water out.

Remember the Picnic date is the third Sunday in September, . . . Sept. 20.

I visited in "Cousins Home" for a short time during the Labor Day holidays and most all of them I knew when they did labor and help carry on to make things ready for others. It makes you think that you better do what you can while you can as time is so short when we all come to the point that our days of labor are numbered pretty short as that old statement is very true, "Too soon I get old and too late I get smart." As just a few years back it seems that these people were very active. Let us not forget those who labored ahead of us to help give

us what we have today. Among those I visited were Mr. Wynn, Will Davis, R. B. McMurry, W. D. Mabry, Mr. King, Ray Stein, Bud Parks, Cora McMickin, Granny Smith, Mrs. Stephens, Mrs. Ward, Mrs. Orr and Mrs. Burnett.

**CARD OF THANKS**

# CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega.  
We also call it "the little car that does everything well."  
Because it does.

**Everything? Everything.**

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

**Numbers speak louder than words.**

The wheelbase is 97 inches.  
Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5 1/2 feet.  
Weight: 2,190 lbs. for the sedan.  
Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (80 and 93 hp, SAE Net.)

Seating capacity: 4 adults.  
What it all adds up to is a lot of little car.

**Three cars and a truck.**  
Vega turned out so well that we couldn't turn out just one.

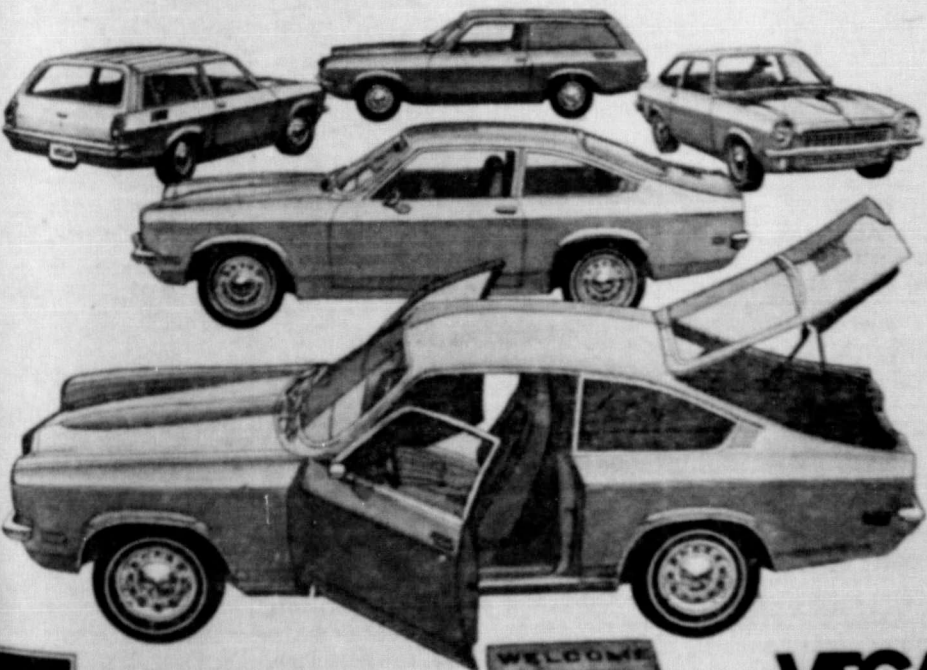

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kamback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

**September 10th is Opening Day.**

All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

# Mrs. McDaniel Hosts Members Of Pathfinders

Members of the Pathfinder's Council met in the home of Mrs. J. J. McDaniel for their first meeting of the club year Tuesday at 3 o'clock.

Roll call was answered with the members' chosen topics. Pledge to the flag was led by Mrs. A. Gidden.

Mrs. J. F. McIntush presented the new year books for the current club year and gave a brief resume of the programs, introducing the new year's study on "Women Still Achieving, Still Pursuing, Ever Forward."

In keeping with the current theme "Keep walking with woman power", Mrs. Smith in her president's message, gave a most interesting talk on "Walking into a New Year". She said, "I hope we will walk with the eagerness of a baby taking its first step for a bright object, with enthusiasm and the excitement of youth in search of knowledge and adventure of finding a place for themselves and with the assurance and fearlessness finding a place for themselves and with the assurance and fearlessness of an adult. Emerson said 'most shadows of life are caused by standing in one's own sunshine'—let us not stand in our sunshine and cause a great shadow in our club. Women have had a great part in the history of the world and realizing there is a great work to be done we must keep walking."

Mrs. Geo Payne closed the meeting with prayer.

Refreshments were served by the hostess to Mmes R. T. Tiner, A. Gidden, Geo. Payne, W. F. McElreath, J. F. McIntush, J. W. McMaster, and Brown Smith.

# Parnell Club Holds Initial Fall Meeting

The Parnell Community Club met Wednesday, Sept. 2, with 12 members and 2 visitors in attendance.

The meeting was opened with the group repeating the Lord's Prayer in unison. The devotional was given by Nelda Ferrel.

Roll call was answered with "How I spent the Summer."

All members present signed their names and sent a card to Gussie Mothershead. Five visits to the sick were reported.

The closing prayer was given by Roxie Orcutt.

Refreshments were served by Roxie Orcutt and Nettie Lee Teas to the following members: Mmes. Nell Burk, Leona Burk, Lena Hill, Dorothy Damon, Nelda Ferrel, Cordy Hood, Celesta Ward, Georgia Bowman, Bessie Latham, Annie Belle Boney, Roxie Orcutt and Nettie Lee Teas and visitors, Anita Hawkins and son Skylar.

A guest in the home of Mr. and Mrs. Ernest Neel last week was the Rev. Ernest Allred of Woodland, Calif. Rev. Allred also visited in the home of Mr. and Mrs. Paul Fielding in Quail.

Mr. and Mrs. A. J. Fowler spent last week in Lubbeck with their daughter and husband, Mr. and Mrs. Sam Martinez. Their daughter, Ozella, underwent major surgery at Methodist Hospital last Friday and is reported to be doing as well as could be expected. The Fowlers returned home late Sunday.

# LOCALS

Mrs. W. R. Parker visited in Amarillo last week with her daughter and family, Mr. and Mrs. Jimmy Reynolds and children. The Reynolds have a new baby daughter.

Mr. and Mrs. Bob Wheeler of Amarillo spent the day here Monday with his grandmother, Mrs. T. J. Brock.

Mr. and Mrs. Lester Graham and Rita and Mr. and Mrs. Roger Messer visited in Monte Vista, Colo., over the Labor Day weekend. They were guests in the home of Mr. and Mrs. Leon Parks and daughter Melissa.

# Drouth—

(Continued from Page 1) with yours, it has been reported. One conservation practice being examined is the possibility of planting winter cover crops on barren land to help control erosion.

Larry B. Rogers, county executive director for the ASCS, reported his office has received 276 applications for winter cover. It has been requested under the ACP program for 22,938 acres, he reported. Hall County, he said, has funds under the program for 9,999 acres and the most authorized under the program is 11,000 acres he said.

"The committee has asked for emergency relief for this to allow planting of winter cover and also has asked for emergency tillage, but approval has not been received," Rogers said.

Henry Gregory, district conservationist of SCS, reported that Hall County has 200,000 acres of cultivated land. Almost all of it has been affected by the drouth he said.

"The worst area is in the Lakeview Watershed in northwestern Hall County," he said. Gregory spent most of this week in this area working with Project Construction Engineer Johnnie Bohuslav of Brownwood.

Engineer Bohuslav said that rangeland in this area was so dry it crunched when it was stepped upon. He pointed out that if a hard rain hit this area now, the erosion problem would be critical.

# Frank Gresham Passes Away In Tulia Sept. 10

Frank Gresham, 83, former resident of the Newlin community, died Wednesday in a rest home in Tulia. According to information received here by relatives, funeral services will be held at the funeral home parlor in Tulia at 9 p. m. Friday.

Gravestone services will be conducted at the cemetery in Newlin at 4 p. m. Friday with the Rev. Robert Knight of Childress, Methodist minister, officiating. Burial will be in Newlin Cemetery.

Mr. Gresham was reared at Newlin and resided there until sometime in the 30's when he moved to Libby, Mont. He moved to Tulia last year.

Survivors include one sister, Mrs. W. B. Ballard of Tulia, and a number of nieces and nephews including Mrs. Annie Hamilton and Roy Gresham of Newlin.

# CARD OF THANKS

I want to thank each and every one for their prayers, visits, flowers, phone calls and cards which I received during my stay in the Hall County Hospital. They were all gratefully appreciated and made my stay much easier.

May God Bless each and every one of you.

O. C. Payne

# Estelline Bears—

(Continued from Page 1)

Contreras, end 140 senior; Tommy Lee Williams, back at 175; Terry Burk, lineman 125 senior; Donald May, lineman 160 sophomore; Vernon Moore, end 140 junior. Vernon has an ankle injury, Coach Adams reported. He said that Longbine and Williams are both juniors ineligible.

About the Bears, Coach Adams said his team opens with Harrold Friday at Harrold and the game promises to be a tough one. The team plays Patton Springs on Sept. 18 at Estelline field, the first home game of the season.

"We should have a pretty good ball club this year and we should be contenders in District 5-B, although Guthrie, the district winner last season, is favored, and Miami will also be tough," the Coach reported.

"If our running backs develop as the season progresses and our defense comes through, we'll be in contention," he said.

The Bears line, led by three seniors, Bruce, Helm and Pardue, are doing a fine job so far this year of opening holes. Against Childress, the Bears went for one and a half hours without a fumble in the scrimmage. QB Bryant is an experienced hand at handling the signals and is adept at ball handling and passing.

Eight-man football is a wide open game. The Bears utilize a power-I alignment, but often shift into other sets before the ball is snapped. Defensively, the team stays basically in a 4-2-2.

Wednesday night, and will be in several specials during the revival.

Mrs. Jack Johnson will direct the Youth Choir, and Mrs. Jack Boney, Jr., will play for them. Assisting will be Bro. Paul Collins.

Services will be held each night during the revival. Prayer services will begin at 7:30 p. m., and the evangelistic services will start at 8 p. m.
