MHS Chapter Conducting Wins

Greenbelt FFA District Has Contests Saturday

The Greenbelt FFA District contests were held last Saturday at Clarendon College, and the Memphis FFA Chapter's senior conducting team placed first and advanced to the Area Contest this weekend.

Team members of the senior conducting team representing the school are: Billy Edd Dixon, president; J. E. Vick, vice president; Timmy Fowler, secretary; Ed Hillhouse, treasurer; Bobby Cosby, reporter; Rickey Widener, sentinel; and E. L. Kirkland, advisor.

The Memphis team, by virtue of winning the district contest over seven other teams, will compete on Area level Saturday, Nov. 14, at Tulia against five other district winners in this contest.

The first place winner at the Area Contest will attend the Leadership Contest to be held Nov. 21 at Sam Houston State College, Huntsville, Memphis Advisor Ronald Morris announced.

Other district winners include: senior chapter conducting, Hedley; senior farm skill, Clarendon; senior farm skill, Childress; radio broadcasting, Turkey; and greenhand quiz, Quitaque.

Lakeview Enters
Two teams from Lakeview FFA chapter placed in the top three in the farm radio and greenhand quiz contest, Advisor Barney Bevers of Lakeview, announced.

In farm quiz, Lewis Rieburg, Ricky Lowe and Danny Garrett, representing Lakeview, took third with 865 points, 40 points behind first place Turkey with 905.

In greenhand quiz, Lakeview's Bill Richburg, Luke Griffith and Ronny Garrett, placed second with a grade of 233, only one point behind Quitaque's team which had 234 points. Hedley and Turkey tied for third with 226 points in this event.

Other Memphis Teams

Other Memphis Chapter team members competing include:

Junior chapter conducting—President Mark Bradshaw, Vice President Jim Dixon, Secretary Fernando Garcia, Treasurer Bobby Hall, Reporter Ricky Spencer, Sentinel Mike Mowrey, and Advisor Mike Hansard.

Senior skills—Ben Ed Hillhouse, Barry Simmons, James Hansard.

Junior skills—Mark Bradshaw, Jim Dixon, Mike Hansard.

Radio—Robert Messer, Larry Wington, John Mowrey.

Quiz—Mike Mowrey, Rickey Spencer, Willie Brundidge and Clay Haire.

Fellowship Is Planned For After Game Fri.

There will be an after-game fellowship in Fellowship Hall of the First Baptist Church, following the Homecoming Game Friday night with Clarendon, Ed Shubert, education director, announced early this week.

Food will be served, followed by time of fun and fellowship led by students from Wayland College. All high school students are cordially invited to come, it was announced.

Cotton Guessing Contest To End

The annual Cotton Guessing contest, sponsored each year by the Memphis Democrat, will come to a close Saturday, Nov. 14. All persons who have not entered the contest and would like to do so must list their estimates by noon Saturday. Guesses may be made at the Democrat office or by mailing a post card or letter to 190, Memphis, 79245.

All readers of the newspaper are invited to enter the contest. Persons who do not live in the county are eligible to enter.

Winners in the contest will be determined in the spring after a report of the 1970 cotton crop released by the Department of Commerce.

First place winner will receive a three-year subscription, second place a two-year subscription and third place a one-year subscription. In case of ties, duplicate prizes will be awarded.

C. H. Murphy, Jr. Accepts Pastorate At First Baptist

C. R. Murphy, Jr., has accepted the pastorate of the First Baptist Church here and plans to move to Memphis the latter part of November, according to an announcement released this week by the church.

Rev. Murphy will preach his first sermon here Sunday, Dec. 6. He comes to Memphis from the First Baptist Church in Silverton where he has been since September, 1967.

He was born Dec. 4, 1936, in Matador and is the son of Mr. and Mrs. Clovis H. Murphy of Matador.

He attended Matador High School, received his B. S. degree in agriculture from West Texas State University in 1961, and his masters of Religious Education from Southwestern Baptist Theological Seminary in 1965. Other than Silverton, he has held pastorates at the Soda Springs Baptist Church, Parker County, Calvary Baptist Church, Weatherford, and the First Baptist Church in Hedley.

He is a member of the Silverton Lions Club. He married the former Nita Dunning of Matador August 31, 1957, and the couple have three sons, Mike, age 11; Mark, 4, and Ken, 11 months old.

Mrs. Murphy is also a graduate of West Texas State University and a member of the Century of Progress Study Club in Silverton. Her parents are Mr. and Mrs. Bill Dunning of Matador.

Rev. Murphy preached in the California Crusade of 1968, in the Los Angeles area.

Last summer, Rev. and Mrs. Murphy participated in the Japan New Life Crusade. They spent two weeks in Tokyo, Japan, working with the Kawasaki Baptist Church. This mission trip was a gift to them from the First Baptist Church in Silverton.

Christian Church To Hold Revival Nov. 16 to 22

A revival will be held at the First Christian Church in Memphis beginning Monday, Nov. 16, and continuing through Sunday, Nov. 22, Tom Posey, minister, announced Tuesday.

Danny Hinkle, who is associate minister of the Boulevard Christian Church of Muskogee, Okla., will be the evangelist for the meeting.

Song leader will be Brad Posey of Guthrie, Okla., formerly of Memphis. Son of Minister and Mrs. Posey, Brad was reared here and has many friends in this area. He has returned here a number of times to lead singing at the local church.

Services will be held at 7:30 each evening and morning worship services Sunday will be at 10:45 a. m.

"These young men should be an inspiration to all who attend the services and bring a new and vital atmosphere to the preaching and the singing of the Gospel," Minister Posey stated.

Public Invited To Delphian Prize Recipe Dinner Sun.

Members of the Delphian Club will serve a Prize Recipe Dinner Sunday, Nov. 15, at the Community Center in Memphis, Mrs. Bill Combs, president, has announced.

Serving will begin at 11:30 a. m. and continue until 1:30 p. m.

The public is cordially invited to come and enjoy the delicious home-cooked meal. Tickets are \$1.50 for adults and 75 cents for children if purchased in advance. Adult tickets purchased at the door will be \$1.75.

Persons who would like to purchase tickets may call the president, Mrs. Combs, phone 259-2381, or they can be purchased from Louise Jones at the First National Bank.

Recipes used for the meal are being compiled into booklet form, and will be on sale at \$1.00 each. Money derived from the project will be used for some worthwhile club project.

Annual Farmers Union Meeting Is Nov. 19

Jay I. Naman, president of the Texas Farmers Union, will be the featured speaker at the Hall County Farmers Union annual meeting and banquet in Memphis Thursday, Nov. 19. The affair will be held in the Community Center, and will start at 7 p. m., according to an announcement by J. J. McDaniel, president of the organization.

McDaniel said that the buffet style meal will be served at 7 o'clock. Mrs. Estelle Barber is in charge of preparing and serving the banquet.

All members and their families will be in attendance, as well as invited guests. Door prizes will be awarded at the conclusion of the program, Pres. McDaniel said.

The subject of President Naman's talk will be the Farm Bill, which is being considered in the U. S. Congress. He will discuss all facets of the bill, and analyze its impact upon the American farmers as well as rural communities and small towns.

The 43-year-old state president has served in this office since December, 1961. He is a native

of McLennan County, and has farmed there since 1949.

Naman graduated from Waco High School and Baylor University where he received his B. A. degree in 1947. Prior to this he attended Mississippi State College as part of his Navy training and served overseas as a naval officer.

Naman, a livestock farmer, is a past member of the board of (Continued on Page 12)

Memphis-Clarendon Meet In Dist. Finale

The Clarendon Bronchos of Coach Clyde Noonkester have only one thing in their way before turning what could be a rebuilding year into another district championship and advancing into playoffs in Class A.

The only obstacle in Clarendon's way is the Memphis Cyclone, a team which has been defeated in all their district contests this season and are on the bottom of the latter.

Local fans, boosters, coaches, and the MHS student body are pulling for an upset Friday night over Clarendon and hoping for victory on homecoming night, something Memphis has not had in several years.

Coach Clyde McMurray Wednesday after workouts listed two possibilities. "If we play Clarendon like we played Claude last Friday, they'll beat us just as bad as they can. If we play like we are capable of playing, we can

The Memphis High School will be observing Homecoming Friday as the Memphis Cyclone football team plays host to long-standing rival Clarendon.

There will be no school Friday, as teachers and administrators will be in Amarillo during the day to attend the Texas State Teachers Association regional meeting.

At Friday night's game, the MHS Homecoming Queen for 1970 will be crowned during halftime activities. Candidates for the honor are: Miss Carol Jean Godfrey, escorted by Mark Hundley; Miss Cindy Maddox, escorted by Alan McNally; and Miss Elaine Phillips, escorted by Bobby Cosby. The queen will be announced during the halftime crowning ceremonies.

Another feature of the homecoming activities will be the Thursday night bonfire, scheduled for 9:30 p. m. on the south end of the football stadium parking lot and arranged by the Memphis junior class.

The bonfire activities will begin immediately following the end of the Memphis J-V and Wellington J-V football game which will begin about 7 p. m. in Cyclone Stadium. The Memphis Whirlwinds, 8th and 7th grade teams combined, will play Wellington's Junior High team at Wellington Thursday night.

At the bonfire Thursday, the Memphis firemen have consented to be on hand for safety measures. The Memphis Cyclone Band will be there to provide spirited music, the Cyclone football squad will be the honored guests, and speeches will be made in order to bring the spirit of the occasion to a high pitch.

Memphis has not won a homecoming game in several years, but the game Friday night is a real (Continued on Page 12)

Pictured, left to right, are Mrs. Prince and students, Renee Wilson, who collected \$11.00; and Willie McLemore, who collected \$37.00. Both students are in Clara Pyeatt's 5th grade class which won the special play period for collections. Participating in the drive were students of the 4th and 5th grades.

Estelline Goes To Patton Springs Fri.

The Estelline Bears, with a 28 to 15 victory over Miami last Friday night, will travel to Patton Springs for a return game tomorrow night. Game time is 7:30 p. m.

Coach Jimmie Don Adams of Estelline said that the Bears played good football in the fourth quarter against Miami to pull the game out of the fire.

"This week, I'm sure we're going to have trouble getting up for Patton Springs since we defeated them 46 to 2 early in the season. Since then, the Patton Springs team has gotten their spread formation passing attack

make it real tough on Clarendon to get out of the game with a victory.

A big bonfire is scheduled for Thursday night after the J-V game with Wellington, on the south end of the stadium parking lot. The bonfire will begin around 9 or 9:30 p. m.

All fans are asked to join the team, the band, cheerleaders and MHS student body in attending the spirit rally.

Coach McMurray announced the starting lineup for the Cyclone against Clarendon. Offensively, it will be Ends Donnie Carroll and Larry Jeffers, Tackles Terry Wheeler and Glen Miller, Guards Robert Snyder and John Orr, Center Terry Wynn, QB John Carmen, Fullback Paul Fowler, and Tailbacks Louis Davis and Larry Johnson.

Defensively, starters will be: Carroll and Jeffers at ends, Kirk (Continued on Page 12)

going and they have been scoring more," Coach Adams said.

The Bears are in a position now to challenge Guthrie for the district championship, having a 2-0 record in district play. The showdown will be decided in a game at Estelline Friday, Nov. 20.

Estelline insured a chance at the crown with a victory over Miami last week. The Bears were trailing 15-0 early in the game, and were still trailing 15 to 14 with 4:08 on the clock in the fourth period. The score was 28 to 15 with 3:22 left on the clock.

Pollution and Conservation Needed!

We hear a lot about pollution, as citizens living in the big cities are voicing complaints about the foul air they breathe and the cry for clean air and clean water.

The purpose of this protest is apparently to force the federal government into financing elaborate economic assistance programs to big industry to aid in the pollution fight. Before favorable legislation can be passed to aid these giants of American industry, who created the problems in the first place, public support must be brought around to thinking that if something is not done soon, then dooms day is near at hand.

Now the Federal Bureau of the Budget is cutting and stopping expenditures of public funds from programs already existing which are aimed at another major pollution problem, that of conservation of land.

If the present trend continues, it is easy to visualize in the near future, the trimming or stopping of public funds for conservation programs and shifting these funds into programs of reducing smog and water pollution in the big industrial areas of this nation.

If this should come about, rural America and eventually this nation will suffer mightily because conservation of land is vital to the future of American agriculture.

An inventory of Conservation Needs has been released by the U. S. Department of Agriculture this year which states that about two out of three acres in Texas need one or more conservation measures now. Most land needing treatment needs conservation practices every year.

Also, about four out of ten acres of grassland have been invaded by brush. This, coupled with other grazing management problems, make grassland improvement one of Texas' foremost conservation problems.

Half of the State's non-irrigated cropland needs an improved irrigation system to prevent erosion and water loss.

Most water used in Texas falls on privately owned land, then flows into streams, lakes and reservoirs. Protecting watersheds with conservation treatment means cleaner water; less sediment in streams, lakes and harbors; more dependable water supplies; abundant wildlife, and a better Texas for tomorrow.

It appears stupid to us to deny funds for conservation programs, the nation's leading combatant against pollution and land abuse, as is being done now by the Federal Bureau of the Budget.

Texas is a leading agricultural state and it is vitally important to Texas that conservation programs continue to be effective if agriculture's future in this state is secured.

City residents have deplored expenditure of public funds for conservation of agricultural land as well as other farm subsidies; yet, by the same reasoning, appear in favor of anti-smog programs by subsidizing big industry.

We need to do all we can to encourage congress and federal officials to continue the battle against erosion, sediment pollution of our rivers, and the prevention of another dust bowl during drouths.

For many, Veteran's Day each year passes with little comment or observation. For many Americans, however, it is a time of memory- a time to recall periods of great times, great friends, and great hardships. These are the men and women who, in times of national emergency, proudly served in defense of "My Country". To all of these, and to those who made the ultimate sacrifice, this Nation owes a solemn gratitude-

What Other Editors Say

Why Your Vote Does Count

Last Tuesday's general election provided conclusive proof there can be a number of instances where a few votes count a lot in the ultimate outcome of a political contest for either national or state office.

Many times voters have been heard to say:

"I am not going to vote because my ballot will not mean anything anyway."

But several instances have come out of the recent general election where a few votes could mean a lot.

A close contest resulted in the U. S. Senate race in Indiana.

In one of Kentucky's House of Representatives district the apparent winner had an unofficial lead of little more than 100 votes.

There were a number of exceedingly close gubernatorial contests, including one in our own neighboring State of Oklahoma.

Some of these situations could easily result in requests for recounts which could possibly delay the final official outcome for several weeks.

The past election really proved just how valuable a few votes are and how they might change the result of a political contest.

So, your vote is really valuable and it could be among the decisive ballots in a closely contested race.

Never underestimate the value nor the importance of your ballot and be sure that you go to the polls in the next election.

You will be a better citizen for doing so and make it possible for the true and complete voice of the people to be heard.

Why Editors Turn Gray

Being editor of a country newspaper is not the most desirable job in the world—unless you are a glutton for punishment. It is confining beyond what is reasonably accepted these days.

There are constant pressures. That means daily deadlines and everything has to be done in a hurry. As for financial reward, only a few really make it and we seldom advise youth to enter the field unless they are really dedicated and can cope with the inherent perplexities.

This does not mean that the newspaper business is completely unrewarding, because there is certain satisfaction in doing any job well.

There is humor in the work and something pops up almost every day that is good for a laugh. A lot of it comes from the fact that most people feel strongly, one way or the other, about having their names in the paper.

Here are a few typical examples, not all original, of a number of ways to spoil an editor's day:

"Please put it on the front page."

"Use the story just as I have written it. The club wants it that way for the scrap book."

"You're invited to our annual dinner tonight (this was the third

invitation that week, and we wanted a night at home). There will be plenty free to eat and drink. Oh, yes, please bring your camera."

"How come it wasn't in the paper? It was—well, I didn't see it. Will you please go through the back copies and tear it out for me."

"I just stopped by to take a few minutes, but if your's busy." "We voted to make you our club publicity chairman."

"I know you have a deadline, but couldn't you just squeeze this little item in?"

"My husband has never been in trouble so I don't think his name should appear in the paper for drunken driving and hitting that nasty policeman who was only trying to arrest the man without hurting him. Besides, he only had a couple of beers (the drunkometer showed him nearly dead drunk). And there are the children to think about (he didn't and the facts are he regularly gets drunk in front of them and beats the old lady every Saturday night).

"I know it's on a Sunday, but it's our annual reunion and someone ought to cover it."

"My uncle's brother is one of your gibbet advertisers and I was wondering if . . ."

"I'll try to get my ad in to you before the deadline next time."

"You ran the disaster picture, but you didn't get my first wedding anniversary picture until the day after."

"If there wasn't room for the picture, why couldn't they run it on another page?"

OUTDOORS IN TEXAS

BY VERN SANFORD

Here's an unusual outdoors story! We got a chuckle out of it and perhaps you may, too. Most everyone has heard the story of the hunter who had an exceptional retriever. It walked on water!

One day the hunter took a duck out in his boat, along with a super-natural dog. As soon as a flock of ducks flew overhead, the dog owner aimed, fired and dropped a duck into the lake. Immediately, the dog jumped out of the boat and walked on top of the water to the felled bird, caught it and... again walking on top of the water... returned to the hunters with the duck. There was no comment from the hunter.

It wasn't long until his master and another duck and the dog repeated his water-walking act. When it happened the third time and his companion barked and his friend "What do you call this thing of mine?" The second hunter replied: "I think you oughta learn how to swim!"

Maybe that wasn't a true story but this one is. UT Journalism Prof. Olin Hinkle has a place on Lake Travis called "The Dog." One of his neighbors has a fine dog that has been taught to retrieve and loves to do it. Also to swim!

Often, while Olin is fishing from his boat, the dog will jump into the water, swim out to the boat and join the professor. Being a retriever, the animal jumps overboard after every cast and heads for the spot where the fisherman's top-water chugger is making noise. This poses a problem for Olin for he has to be sure the lure and its hooks never get too close to the dog.

One time unfortunately it happened. The dog grabbed the lure, bit its mouth and headed back to the boat. It climbed aboard with the hooks still in its jaws. Olin finally removed the sharp points of the treble hooks from the retriever's mouth as it sat there calmly awaiting attention and emitting not one whine. "But, did you ever see a fisherman reeling in a dog? That's how I looked to strangers."

Another of Hinkle's Lake Travis neighbors has a water-loving dog that enjoys a swim too. In fact, he's so fond of being in the water, that the animal mystifies the new

boaters in the area when they see him sitting on large, just barely submerged boulders some distance from shore. Can you imagine a boater turning the corner in a cove and coming upon a dog just resting there on top of the water, in the middle of the lake? That's how it looks and that's what he does. And often too!

Prussic Acid Is Threat With Some Grazing Conditions

COLLEGE STATION — Hybrid sorghum-sudan pastures, fast growing and excellent forage, can also be deadly, especially during the late summer and fall.

The breakdown of the sorghum's plant material by its own enzymes results in prussic acid poisoning for the animals which eat the plant material. Dr. John C. Reagar, toxicologist for the Texas Veterinary Medical Diagnostic Laboratory, says, "The actual agent causing death is hydrogen cyanide, the same chemical used in state gas chambers for executions, he adds.

"There are two times during which poisoning occurs," Dr. Reagar explained. "After frost, where there is damage to the plants, high levels of hydrogen cyanide are very common in the plants.

"The second case is when plants perk up and begin fast growth after a very dry period during which the plants have been burned up."

The hydrogen cyanide is very volatile and therefore stays in the plants for only a very short time, but while it is present, animals must be kept off the pasture, he said.

"Usually, if a severe outbreak occurs, cows exhibiting symptoms when the veterinarian is called, will be dead before he can arrive," Dr. Reagar said. "He will probably be able to save only those which are still breathing after he arrives."

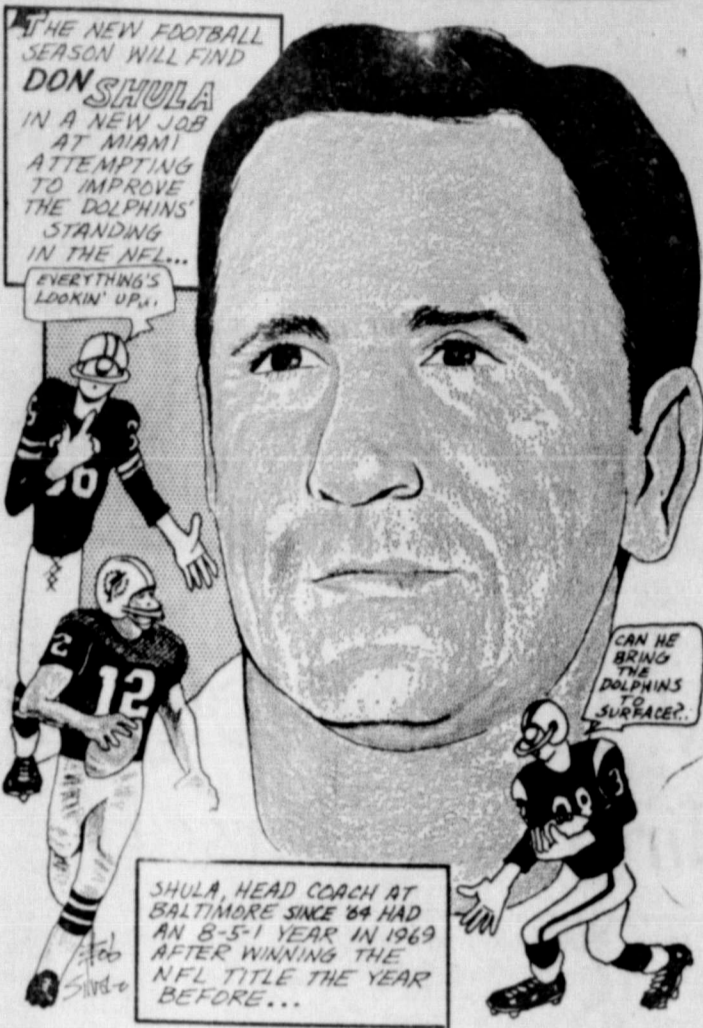

Hay that is improperly cured can also present prussic acid poisoning problems for a short time, Dr. Reagar noted adding that the blood of poisoned animals will be cherry red.

Dr. Reagar also urged farmers to be on the lookout for nitrate poisoning that may occur during the late fall on winter pastures when there is a lot of cloudy weather.

"The plants, instead of growing and changing nitrates into protein, just accumulate the nitrates," Dr. Reagar said. "Animals must also be taken off these pastures until the plants have had a chance to grow and convert the nitrates to protein.

Dr. Reagar noted that the blood of animals that have died from nitrate poisoning will be chocolate brown, just the opposite from those dying from prussic acid poisoning.

A. S. Bevers Observes 90th Birthday Nov. 12

A. S. Bevers, who has lived in the Lakeview community since 1908, celebrated his 90th birthday Thursday, Nov. 12.

A retired farmer, Mr. Bevers was born in Cook County in 1880. He came to Hall County 62 years ago and has lived within a three-mile radius in the Lakeview community all these years. He now resides in Lakeview, but his farm is located in the Deep Lake community.

He said he is expecting his son, Robert Zane Bevers, and family of Cisco to come up for the weekend and is looking forward to the special dinner they are planning in observance of a belated birthday.

YOUR COUNTY AGENT SAYS

Peach trees that are attacked by the peach tree borer are unthrifty and may produce offcolor foliage. Infested trees usually die within a few years.

The larvae of the peach tree borer destroys the cambium layer and inner bark of the peach trees near the ground line. Infested trees have large masses of gum around the base of the trunk. This gum is mixed with a brownish grass or sawdust.

Control can be obtained from Oct. 20 to Nov. 15 or before the soil temperature drops below 55 degrees Fahrenheit by placing paradichlorobenzene (PDB) crystals in a band around the trunk of the tree.

All leaf material and grass should be cleaned out and the soil loosened in an area of one foot from the tree trunk. The PDB crystals are then placed in a narrow circular band or shallow trench about two inches from the trunk of the tree. This band is then covered with soil, free of leaf or grass trash, and the soil is mounded around the trunk so as to form a cone-shaped pile about six inches high. Avoid pushing any of the PDB crystals against the tree since crystals in contact with the tree will cause injury. The mound of soil should be raked away from the tree in the early spring. Failure to do this may result in injury to the tree.

The amount of PDB crystals to be applied will vary with the age of the tree. For two and three year old trees, use one-half ounce of crystals; for four and five year old trees, use three-quarters oz. of crystals and for mature trees, use one ounce of crystals.

Additional information on the peach tree borer and other pests of peaches is available at the county agent's office.

John Forbis, Childress Attorney, Is Guest Speaker At Clubs Dinner Tues.

John Forbis, Childress attorney, was guest speaker at a joint dinner meeting of the Atalantean and Delphian Clubs Tuesday evening, Nov. 3, at 7 p. m. at the Community Center.

After the invocation by Mrs. Henry Hays, president of the Atalantean Club, a delicious meal was enjoyed by members of the two clubs and guests.

Mrs. Henry introduced the guest speaker who talked to the group on the subject, "The Law and You."

Attorney Forbis, in introducing his subject, was quick to come to the defense of law and the judicial system of the United States of America.

"The only alternative to law

is a dictatorship, and I don't know any man I'd want to make the rules which govern my life," he said.

The speaker from Childress said that today, the law is under constant attack by those who do not want to be governed by it.

He cited the example of the trial in Chicago where the defendants tried to make a mockery of American justice in the courtroom. All seven of those defendants are now in jail serving long sentences, he said.

"Just the contempt of court sentences these seven defendants face now for their courtroom activities during the trial is serious punishment," he stated.

Forbis also said that this trial brought about one change in the courtroom procedure. "Now, defendants who disturb the orderly procedure of a trial can be bound and gagged," he said.

The speaker urged those attending to consider the problem of law enforcement.

"Take the opportunity to serve on a jury," he urged the club members.

He also defended the rights of the accused saying, "The national press and radio and television commentators are sometimes very quick to criticize when one of the accused is released because one of his rights has been violated. The only ones who really appreciate these rights are those who have been accused of a serious crime. It is better to release 10 criminals than to punish one who is innocent," he said.

"If you don't know the candidates, ask your attorney what he thinks about their qualifications," he said.

Mrs. Combs, president of the Delphian Club, presented Mr. Forbis with a gift of appreciation and closed the meeting.

Payne. The meditation was given by Annette Boswell.

The program chairman, Beth Lemons, introduced Miss Neville Wrenn as program leader. Miss Wrenn showed pictures and gave in detail an interesting account of her recent travels in the Holy Land.

Members present, other than the ones already mentioned were Mmes. Ruth Fowler, Lucile Burnett, Hester Bownds, Lillie Messer, Mildred Spicer, Lenora Greenhaw and visitor, Peggy Becker.

The hostess, Pauline Wynn, served delicious refreshments.

President Nixon Sends Congratulations

Mr., Mrs. W. S. Smith Observe 70th Wedding Anniversary

By HELEN COMBS

Mr. and Mrs. Willie Speed Smith, who are celebrating their 70th wedding anniversary this week, had a most unusual surprise when a message of congratulations arrived from the President of the United States, Richard Nixon.

The engraved card was signed by President Nixon and read: Mrs. Nixon joins me in sending warmest congratulations and best wishes on your wedding anniversary. We wish you many more years of happiness together."

Mr. and Mrs. Smith celebrated their anniversary quietly at their home, 1120 Robertson, Wednesday with numerous friends coming by to call, and enjoyed the many cards they had received. But they are looking forward to the real celebration on the weekend when their three daughters and many of their grandchildren and great-grandchildren will arrive for the occasion.

Mr. and Mrs. Smith were born in Denton County, within a mile of each other, and attended school together. They were married when

they were 18 years of age on Nov. 11, 1900. Mr. Smith explained that he is actually nine months older than his wife, but both are 88 years of age at the present time. He was born on Dec. 14, 1881, while Mrs. Smith was born Sept. 22, 1882.

The childhood sweethearts were married in Electra on Nov. 11, 1900, and three years later decided to move to Hall County, arriving here July 9, 1903.

Mr. Smith said he has always been a farmer and they had lived in various communities in Hall County, but had made their home in the Newlin community for many years. They moved to Memphis about three years ago after Mr. Smith's health began to fail somewhat.

Mr. Smith recalled that he made his first crop here in 1904 and was farming about seven miles east of Memphis. They resided in Memphis that first year.

Mr. and Mrs. Smith still have a zest for life and maintain a sparkle in their eyes which denotes happiness. He says they enjoy their many friends which have been made throughout the years. He contributed his good health to "never drinking any liquor, coffee or using tobacco in any form, either smoking or

chewing."

Mrs. Smith keeps busy piecing quilts which she gives to her children and grandchildren, and is probably now including her great-grandchildren of which she has 30 and one great-great-grandchild.

Mr. and Mrs. Smith have 13 grandchildren.

They are the parents of five children, three of whom are still living. One son, Bailey, and one daughter, Esteline Texas Salmon, are deceased. The daughter was named after the town of Esteline.

Daughters who are expected to be here during the weekend include Mrs. Ruby Hancock of Lakeview, Mrs. Mattie Eastland and Mrs. Vera Jones, both of Amarillo.

Both are members of the Baptist Church and attended regularly in Newlin, but for the past few years their health has not allowed them to attend.

Miss Cathy Gibson, Kelly Don Adkins Marry In Pretty Ceremony in Haskell

Cathy Ellen Gibson, daughter of Mr. and Mrs. Billy B. Gibson of Lakeview, was united in marriage Saturday evening to Kelly Don Adkins, son of Mr. and Mrs. Donald Wayne Adkins of Haskell, in the Trinity Lutheran Church in Haskell. The pastor, Sam Urrate, read the double ring ceremony.

Given in marriage by her father, the bride wore a street-length dress of champagne white with a shoulder veil of bridal illusion held by a tiara of chiffon and pearls. Her corsage was of white orchids.

The couple's only attendants were Pam and Charles Gibson of Wichita Falls. She wore a yellow street-length dress and corsage of yellow roses.

Both the bride and groom attended Midwestern University in Wichita Falls. Mrs. Adkins is presently employed with the Rochester School system, and he is employed by the Farmers Coop Gin in Haskell, while awaiting his

structures; measurement of values in certain populations; gauging values of institutions or communities; factors leading to value formation and development and techniques and designs for including value considerations in the classroom. She concluded by saying, "If ideas are to be of any value they must be put into action."

The topic was then opened for discussion from all members present on the teaching of values in the schools.

Members attending from Haskell County were Ethel Hillhouse, Gerie Belle King, Esta McElrath, Audrey Tribble, Marietta Jones, Margaret McElreath, Alma Brown and Anna May Foster.

Gamma Kappa Chapter Meets In Childress Sat.

The Gamma Kappa Chapter of Delta Kappa Gamma met in Childress Saturday, Nov. 7, at 2 p. m. in the parlor of the First United Methodist Church with Mrs. Orville Smith and Mrs. Lewis White as co-hostesses. The room was attractively decorated with beautiful fall flower arrangements.

The president, Mrs. H. D. Tribble, presided during a short business meeting.

Miss Alma Bruce introduced the program. The theme was "The Critical Analysis of Values A Basis For Action."

Mrs. Carrie Belle King reported on the numerous researchers, psychologists, philosophers, and educators study values in recent years. She said they generally fell into one of the following categories: component factors of value

Claude Downs Memphis 4-20 As Knox Shines

Memphis Cyclone saw its riddled last Friday night as Claude's big senior quarterback Terry Knox, raced up and down the field picking up block-tackles almost at will and team won the contest 54 to 14.

Claude's QB Terry Knox, who had been getting some offensive rest, came in to quarterback the Mustangs and engineered a 60-yard scoring drive which he climaxed with a fourth down carry for a TD from the Memphis 4 yard line.

Three other tries from this point had failed. The PAT kick was good and the score was 48 to 14.

Memphis took the kickoff and marched 69 yards for the final score of the evening for Memphis.

The drive got going with a 7 yard pass from QB Carmen to FB Fowler, followed by a six-yard carry by HB Davis for a first down.

Then, Ronald Canida stepped off 10 big yards and another 1st down. In the next series, HB Bradshaw picked up seven yards and TB Larry Johnson made five more to the Claude 34.

The ball was handed to Louis Davis on the next two plays and he stepped off 14 more yards to the Mustangs' 20.

At this point, the drive looked doomed, as two big 15-yard penalties were walked off against the local team, leaving the squad a third down and a long, long way for a first. But QB Carmen lofted a pass into the outstretched arms of TB-FB Larry Johnson, who clutched the ball and fought for 30 yards and almost a first down.

On the next play, TB Davis found a little daylight and weaved his way to the Claude one-yard line. Davis carried over for the touchdown on the next play. Bradshaw tried to make the two-point conversion but was stopped shy.

The final score of the night was a 47-yard run by Claude's QB Knox, and the point after touchdown kick was blocked by Memphis, making the final score 54 to 20. Claude's final score came with only a minute left on the clock.

Mr. and Mrs. John Shadid attended the merchandise market in Amarillo Sunday.

Mustangs drove the ball to Memphis 11, but there, a stubborn defense forced Claude to attempt a field goal from the 11-line. The kick was blocked, and Louis Davis picked the ball up and carried to the Memphis 41 being downed.

Memphis Junior Football Teams End Season By Games Against Wellington

The Memphis junior football teams will end their seasons Thursday night, as the local J-Vs play host to Wellington at Cyclone Stadium beginning at 7 p. m. Fans attending this game are urged to stay for the bonfire immediately following.

The Memphis 8th and 7th graders will travel to Wellington Thursday night, and the two teams will join together to play one football game. Wellington does not have a 7th grade team.

Coach George Berry said that Wellington has one of the largest groups of players, size-wise, the local junior high has played this season.

Last Thursday night, the junior teams won one game from Childress while losing two games. The Memphis 7th grade played Childress a good ball game in a losing effort 34 to 8. Scoring for the local 7th graders was Glen Johnson who caught a pass from Dick Hutcherson.

In the 8th grade game, Memphis defeated Childress 32 to 0. Scoring for the local team were, McKay, one touchdown, Candy Reyes, one touchdown, Melton, one touchdown and Beck, two touchdowns. Melton had an 85-yard touchdown run called back during the contest. Melton added the two-point conversion.

The Memphis J-Vs played Childress a good game in a losing effort, 40 to 24. Scoring were Joe Torrez on a long pass from Mike Browning, Randy Gouge on a long pass from Browning, and Browning on a QB sneak.

Raul Ruiz scored a two-point conversion as did Ben Smith and Browning.

FORT ORD, CALIF.—Army Private David A. Douthit, son of Mr. and Mrs. Bobby G. Douthit, 221 N. 10th St., Memphis, recently completed a basic army administration course at Fort Ord, Calif.

The course trains students as general clerks, clerk-typists, and personnel specialists. They receive instruction in typing, filing, English grammar, preparation of correspondence, and in the recording and use of army personnel records.

Pvt. Douthit entered the army in July, 1970.

The 20-year-old soldier is a 1967 graduate of Memphis High School.

His wife, Martha, lives at 1316 Main St., Memphis.

For the first time a VA program of loans for mobile home purchases are available to veterans—up to \$10,000 for a home alone; up to \$17,500 with purchase of a lot.

Wrinkles are a vicious cycle.

In some dryers the heat that dries your clothes also bakes wrinkles into permanent press. But you can buy a new gas dryer with a permanent press cool-down cycle that turns off the heat and cools off your clothes. That means modern gas dryers won't add wrinkles to your wash and extra ironing to your work load. Because they have a cycle that keeps wrinkles from becoming vicious.

Standing from the left are: Dwain Eller, Jerry Montgomery and Exie Hughs, all from Memphis.

12 Hall Countians Attend 37th Annual Texas Farm Bureau Meet In Ft. Worth

FORT WORTH (Sp.)—Hall County Farm Bureau was represented at the 37th annual meeting of the Texas Farm Bureau Nov. 8-11 in Fort Worth by 12 delegates. Sessions were held in the Convention Center Theater and the Sheraton-Fort Worth Hotel.

The delegation from Hall County included: President Leon Helm, Mr. and Mrs. Dwain Eller, Mr. and Mrs. Jerry Montgomery, Mr. and Mrs. Exie Hughs, Mr. and Mrs. Andy Gardenhire, Miss Sheila Gardenhire, Queen Contestant from District 1, Mrs. Phaeton Alexander and Mr. and Mrs. Wayne Adams.

State policies and recommendations on national issues were adopted by more than 800 official voting delegates from 200 county Farm Bureaus. Total attendance at the convention was about 2,000.

Registration got under way on Sunday, Nov. 8. Highlights of that day included Discussion Meet and Talent Find competition for young people and vesper services. The Monday morning program

included the annual address by TFB President Sidney Dean of Victoria, and an administrative report by Executive Director O. R. Long of Waco. Special conferences were held Monday afternoon on women in Farm Bureau, young farmers and ranchers, natural resources, farm labor, dairy, research and education, community services, livestock, field crops, poultry and services. The annual TFB queen contest was held Monday evening.

Featured Tuesday morning were recognition and awards for counties and an address by Dolph Briscoe Jr., prominent Uvalde farmer-rancher. Banquet speaker that evening was Dr. Charles Allen, pastor of First Methodist Church, Houston.

The business session got underway Tuesday afternoon with voting on resolutions sent in by counties. The voting session continued Wednesday until all recommendations were either amended, adopted or rejected. Final order of business Wednesday was election of officers and directors.

Graveside Rites Held Here For M. S. Fitzbiggon

Graveside rites were held here Tuesday afternoon at 3 p. m. for Melvin Sylvester Fitzbiggon, who died Nov. 3 in Los Angeles County, California.

Services were conducted by the Rev. James Henry, pastor of the Travis Baptist Church, with burial in Fairview Cemetery under the direction of Spicer Funeral Home.

Mr. Fitzbiggon was born Oct. 11, 1895, in Texas and the family lived in the Ell community for a number of years.

Survivors include his wife, Clara, of San Pedro, Calif., and one son, Don, of Houston.

Attending the Memphis and Claude football game last Friday were WTSU students Merle Kilpatrick and his friend, Daryl Carr of Orange.

Memphis Basketball Teams Play First Games Of Season At Paducah Tuesday

The 1970-71 basketball season for Memphis High will get underway next Tuesday, Nov. 17, when the Cyclones and Cyclonettes travel to Paducah.

Coach Joe Bain announced a varsity lineup this week for the Cyclonettes, but Coach Harold Gouge who will be coaching the boys team announced that a varsity alignment will not be selected until he has had an opportunity to see some 30 boys work out in the gymnasium.

The first official workout for the Memphis boys teams will begin at 9 a. m. Saturday, and the second workout is set for 5 p. m. Saturday, Coach Gouge said.

"We now have five boys working out for basketball, boys not in the football program. These are Tommy Johnson, Otho Rogers, Dale Wilks, Don Mason and Art Shelby. The first three of these boys are juniors, Mason is a sophomore and Shelby is a

freshman," he said.

"We're expecting 30 boys out for basketball, and they will be divided into three teams. The freshmen have 12 games scheduled, the junior varsity have 16, and the varsity will play 27 or less depending on how well they fair in tournaments," Coach Gouge said.

The first game of the season will be Friday, Nov. 20, when the local teams will play host to Hedley teams in Cyclone gym.

Cyclonettes

Coach Bain has been coaching the Cyclonettes for several weeks and announced a list of girls on the varsity.

Forwards include: Wanda Miller, a junior, Diane Devorce, a senior, Cathy Carmen, a sophomore, Gloria Johnson, a freshman and Mary Beck, a freshman. The guards include: Pam Watson, a senior, Pat Fleeks, a sophomore, Vicki Rea, a junior, Marsha

Browning, a junior, Pernina Martin, a senior and Marion Walker, a freshman.

Cyclone

Coach Gouge said that the Cyclone doesn't have a starter back from last year, but Larry Moss has more varsity playing experience than the others. Larry is still recovering from a back injury and it may be a few weeks before he can participate, the coach said.

Louis Davis, John Carmen and Donnie Carroll saw some action last year. Larry Don Johnson was the J-V team's top scorer last year and is expected to see a lot of action. The local coach said that Mike Browning will become eligible about mid-December.

"Larry Moss is the only senior we'll possibly have out, so we'll be in a rebuilding period," Coach Gouge said.

Monday, Nov. 23, the Memphis teams will go to Hedley for return matches with the Owls and Owlettes, and then Tuesday, Nov. 24, local teams will play host and hostess to the two teams from Paducah.

YOUR COUNTY AGENT SAYS

Manuals, Pencil and Notebook Make Money For Farmers

Equipment operators' manuals, a pencil and a notebook can make you money on farm equipment, suggests County Agent W. Hooser.

By following instructions in the operator's manual for any piece of equipment, all preventive maintenance services can be checked and carried out to insure the longest possible service from the equipment.

When equipment makes its trip out of the field for the season, list in the note book all the items needing repair or replacement before the next season. It is easy to forget some of the repairs if time is not taken to make a written note.

Time to make the repairs during the winter. During this season, more time is available for shop service and parts delivery.

Highlights and Sidelights FROM YOUR State CAPITOL

1971. Others think preliminaries will be disposed of in some areas by mid-year, but that would mean passage of the bill by two-thirds majority to place it in immediate effect. More likely effective date of legislation is next September, with elections to follow.

Other constitutional changes would provide for:
Disciplinary action, including censure, of all judges.

Appointed (by governor) three-man State Building Commission.
County issue of road bonds up to one-fourth of assessed values of all local real property, on majority vote of property taxpayers.

Increase from \$5,000 to \$10,000 in value of homestead which is exempt from forced sale.

Laws permitting all counties to consolidate certain services and offices.

Amendment to permit farm land assessment on the basis of crop yield was defeated.

GOP's Economizing
Texas Republican party began off-year cutting back on its operation 24 hours after the general election.

Headquarters staff here shrank suddenly from 23 to eight, and further reduction is expected.

Slash in staff and a move to smaller offices were described as the "collective decision" of top party leaders including Sen. John Tower, State Chairman William Steger of Tyler and National Committeeman Peter O'Donnell, Jr., of Dallas.

Party spokesmen said GOP, following the election defeat, has serious debt problems and has no choice but to retrench.

Democratic leaders—Gov. Preston Smith, Senator-elect Lloyd Bentsen and Lt. Gov. Ben Barnes—meanwhile, begin sizing up Tower for attack in 1972 election. Barnes said he is thinking about running against Tower himself, although he has not firmly ruled out the governor's race.

Appointments
Governor Smith named Judge Louis T. Holland of Montague presiding judge of the Eighth Administrative Judicial District.

Smith also appointed Mrs. Bertha P. Huff of Amarillo to his advisory council on aging.

E. Bruce Street of Graham was selected chairman of Texas Research League, Charles F. Jones of Houston vice chairman and Grogan Lord of Georgetown was re-elected treasurer.

Brine Hearing On
Railroad Commission conducted a hearing here on Parks and Wildlife Department complaints that oil companies are polluting bay waters with oilfield brine.

PWD contends that discharges are harmful to environment necessary to support marine life. Companies countered with witnesses that insufficient evidence of pollution and danger to salt water creatures was shown at the two-day hearing.

Attorney General Rules
Texas Water Development fund loans may be used to build sewage treatment plants, Atty. Gen. Crawford Martin has held. He said the state also may own such plants.

In other recent opinions, Martin concluded that:
Federal technicians employed by the Texas National Guard have the right to belong to a labor union, but state-paid Guard technicians have no such right.

Del Rio city councilman may not accept employment as executive director of Val Verde Coun-

ty Action Agency, although he has the right to select which job to keep, and may be ousted by legal action if he doesn't vacate one.

County clerk does not have authority to issue a marriage license to those presently legally married to each other under common law unless they meet age and/or parental consent requirements and waiver of "I am not presently married" oath is obtained from county judge.

Texas State Board of Examiners in Fitting and Dispensing of Hearing Aids has no authority to conduct educational seminars; Board rule requiring all license applicants to furnish a home and business address in Texas is void and unenforceable.

Texas Water Quality Board can make a lump sum payment to Gulf Coast Waste Disposal Authority of the remaining portion of \$100,000 appropriated to the Board for the current fiscal year.

Parks & Wildlife Department has authority to contract with Texas Highway Department for construction of a bridge over the proposed water exchange pass through Mustang Island.

A County Commissioner does not vacate his office automatically when he moves to another part of the county.

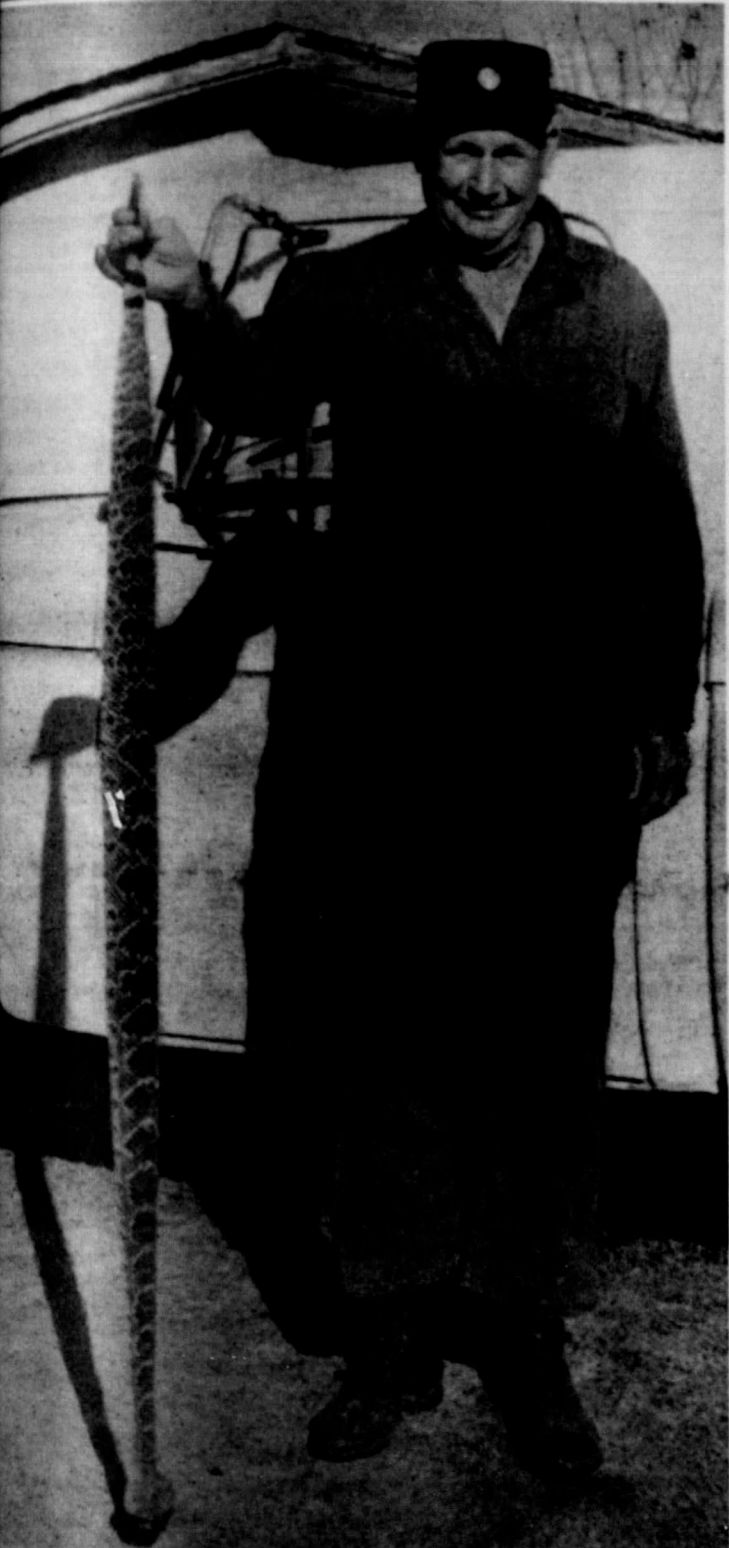

Tax Burden Lower
Texans may be tax-shy after reading what is going to happen to them in the next legislative session, but they are better off than most industrial state residents, according to a new study.

Only Ohio among 10 most industrial states has a lower state and local tax burden, Texas Research League reports. Texans' 1969 burden amounted to 8.5 per cent of personal income. Ohio was 8.2 per cent, study shows.

Louisiana and Oklahoma had 10.7 and 9.4 per cent, respectively.

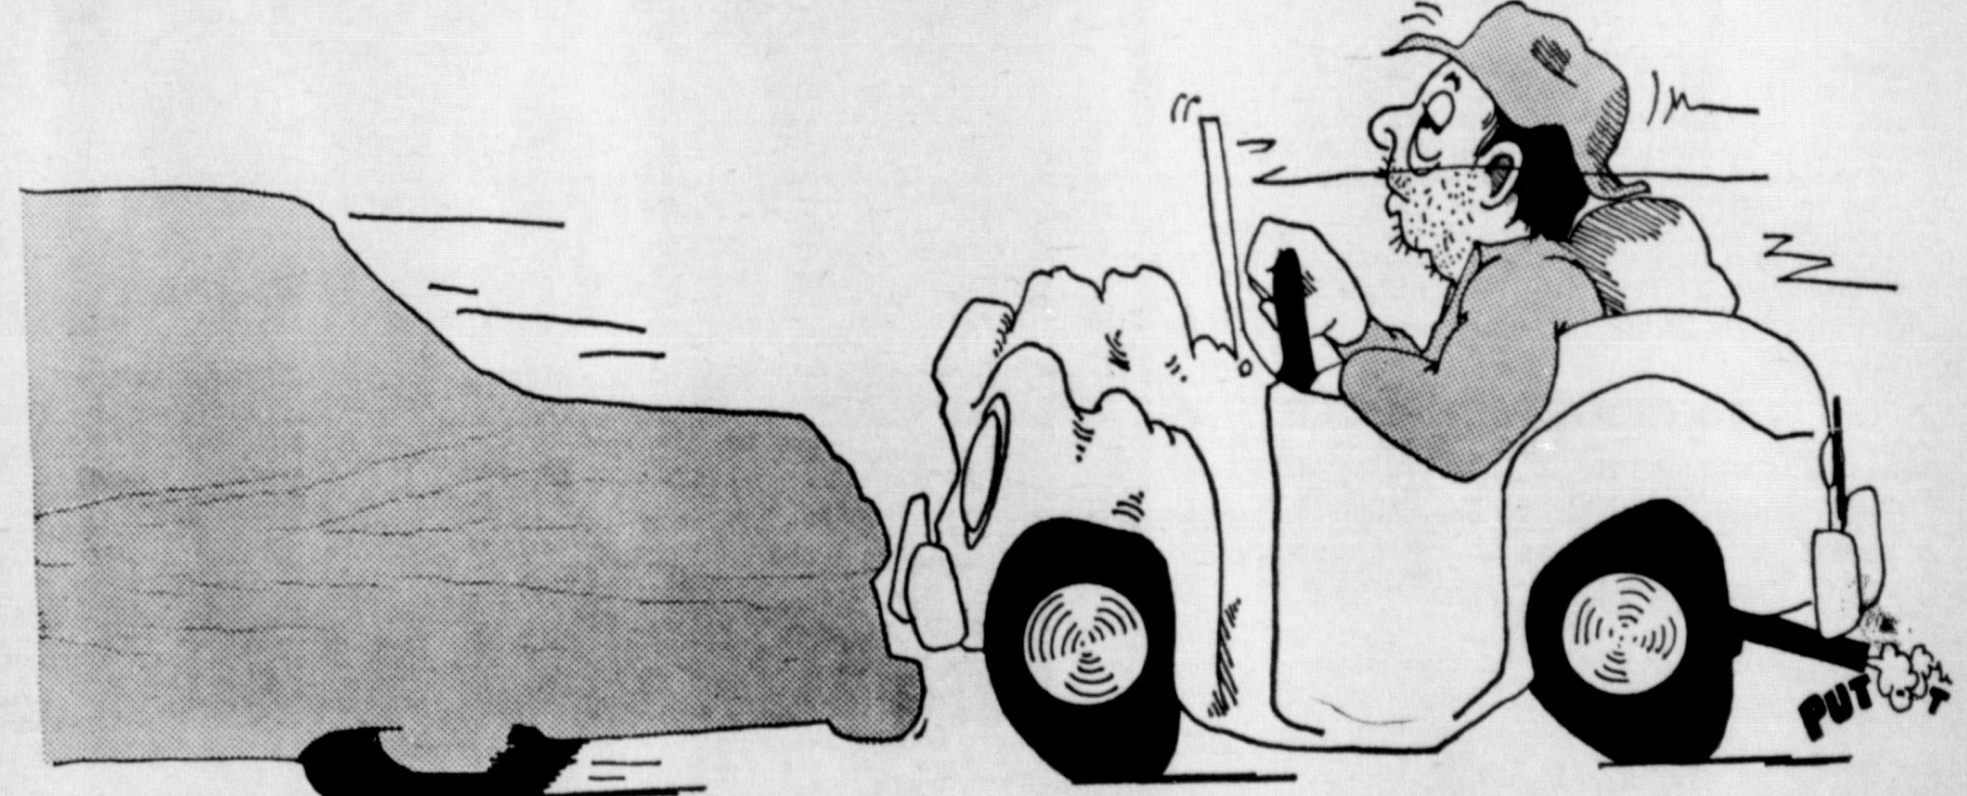

AUSTIN.—Half a dozen new amendments have been added to Texas Constitution, including authorizing sale of liquor-by-drink.
Passage of Amendment 2, however, does not mean automatic drink dispensing. Amendment merely repeals the ban on saloons and empowers the legislature to pass a law regulating liquor-by-the-drink.
Starting next January, lawmakers must first act to establish procedures, licensing requirements, regulations and licensing requirements. Then, local elections must be held to determine where mixed drink is wanted by voters.
Many observers feel there actually will be no legal sales of liquor over the bar in public establishments before the end of

A BIG RATTLER—Pictured above is J. F. McIntush holding a rattlesnake he killed late Monday afternoon with a .22. The snake measures 63 inches long (5'1"). Local men are reporting this is one of the largest rattlers killed in recent years in this area. This particular snake may one day grace Hall County Heritage Hall as plans are being made to try and preserve it. He reported he saw the snake last year and tried to kill it then, but the snake got away from him.

* From an old Burma Shave road sign.

Truck drivers call this "tailgating." Safety experts call it "following too closely." But whatever you call it . . . it will cause 56,000 traffic accidents in Texas this year.

Drivers who know what they're doing—good drivers—leave plenty of room between the front of their car and the rear of the car ahead of them.

Good drivers consider this their safety zone and the faster they go, the longer they make the safety

zone. They give themselves plenty of room in which to stop.

We hope that you are a good driver and that you always allow plenty of room between your car and the one ahead of you. We don't want you numbered amongst the 56,000 Texans who will be in tailgating accidents this year.

For vital safety information, contact the Governor's Traffic Safety Office, the Department of Public Safety or the Texas Safety Association, Austin.

Pathfinders Meet
For Study On
Safety Tuesday

The Pathfinders' Council met
Tuesday, Nov. 3, in the home of
Mrs. O. M. Gunstream.

The president, Mrs. Brown
Smith, presided at the business
meeting.

Introducing the afternoon's
study, the members repeated the
Club Collect in unison. Mrs. J. J.
McDaniel introduced the program
with the hymn for October, "A
Mighty Fortress Is Our God."

The study for the day was,
"Woman Power on the Road of
Safety."

Mrs. J. W. McMaster gave an
interesting lesson on "The Art of
Defensive Driving."

Mrs. McMaster said the atti-
tude that all other drivers are
fools can be dangerous. A more
rewarding approach is to refine
"your powers of anticipation and

observation and to practice de-
fensive driving."

She went on to point out that
the driver should decide the cor-
rect place for his car in relation
to everything else, stationary or
moving, on or alongside the road.

"Some of the cars to avoid on
the road are those with trink-
ets dangling down the windshield
or rear windows with drivers who
are steering with only one hand,
and with boisterous children or
dogs who can distract the driver,"
Mrs. McMaster pointed out.

Mrs. W. D. Young talked on
drivers wearing seat belts. She
pointed out that the best excuses
will not save lives, but a seat
belt may. She said drivers are far
safer when using their seat belts
even in cases where the car burns
or is submerged, because with
the seat belt the driver is kept
from being knocked unconscious.

Mrs. Otis Cobb said there are
six things each person must do,
and four things they should not
do if a person should have an
accident.

"The things you must do right
away are: stop immediately, and
count 10 before saying anything,
get assistance for the injured, no-
tify police immediately, exchange
identification with other driver,
make a record of all pertinent
facts," she said.

Mrs. Cobb added that that "you
are not required to furnish full
details to the police; you need not
admit fault; you are not required
to sign anything at the scene for
anybody, and you are not requir-
ed to state whether or not you

Mrs. Bray Cook, president, pre-
sided during the business session
and the afternoon's meditation
was given by Virginia Browder.

Mrs. Frank Foxhall, program
chairman, introduced the program
on the subject, "Tourist's Eye-
view of the Old World."

Mrs. Dennis Ward gave an in-
formative and interesting talk on
a vacation trip to Europe and also

are hurt."

"So, if the worst does happen,
be courteous, cooperative, and
reasonable, but don't be naive,"
she concluded.

To close the program, the
pledge of allegiance to the U. S.

Funeral Services Held In Beaumont For Harold Gatlin

Funeral services for Harold F. Gatlin, 49, of Beaumont, formerly of Lakeview and son-in-law of Mr. and Mrs. B. E. Davenport of Lakeview, were held Sunday at 2 p. m. in the L. M. Williams and Sons Chapel in Beaumont.

Gatlin died Friday in St. Elizabeth Hospital after a lengthy illness.

Mr. Gatlin was well-known in this area having served as postmaster at Lakeview during the latter part of the 1940's, and was also employed in the First National Bank in Lakeview.

His wife is the former Anna Kathryn Davenport. They moved to Beaumont in 1950, and had lived there and in Jasper since moving from Lakeview.

He was a veteran of World War II, and a member of the North End Methodist Church, Masonic Lodge No. 1249, A. F. & A. M. and the El Mina Shrine.

Survivors are his wife, Mrs. Anna Kathryn Gatlin of the home; his parents, Mr. and Mrs. H. C. Gatlin of Beaumont; two daughters, Sandra L. Gatlin of Austin and Karla Gatlin of Beaumont; two sons, Gary H. of Austin and Gregory B. Gatlin of Beaumont, and a brother, Jack L. Gatlin of Beaumont.

Attending the services from here were Mr. and Mrs. B. E. Davenport and Mr. and Mrs. Oton Pate.

Bill Lockharts Enjoy Trip to Puerto Rico

Mr. and Mrs. Bill Lockhart are enjoying a week's vacation in Puerto Rico this week with a group of other pharmacists and their wives.

More than 100 pharmacists and wives were aboard the chartered flight which left Dallas Wednesday of last week for the vacation trip.

Mr. and Mrs. Lockhart were scheduled to arrive back in Dallas Wednesday, according to the schedule.

Mr. and Mrs. Les Sims were in Amarillo Sunday attending the merchandise market.

1970 Livestock County Survey To Start Soon

Some 40,000 Texas ranchers and farmers, including a representative number from Hall County, will be involved in the 1970 state livestock survey.

County Agent W. B. Hooser said that during the last half of November survey questionnaires would be mailed to the selected livestock producers by the Texas Crop and Livestock Reporting Service. Each should fill out the questionnaires as soon as possible and return it in the enclosed envelope.

The reports will be used, explained the county agent, by the state statistician in making an accurate estimate of the cattle, hogs and chickens on the farms and ranches of Texas.

There are many uses, both in and out of Texas, for this information.

"We use it here in the county," Hooser said, "in connection with our program building activities and in conducting educational programs involving livestock."

The more questionnaires returned, the more accurate will be the estimates; therefore, it is important that each producer in Hall County who receives a questionnaire, complete and return it immediately.

39,089 Students Now Enrolled At Texas University

AUSTIN. — Enrollment at the University of Texas has reached 39,089 students.

The official tally, taken on the 12th day of classes, represents an increase of 3,411 over last fall's enrollment of 35,678.

Increases were experienced in all colleges and schools with the exception of the School of Architecture. In mode of admission, increases were noted in readmission and students entering from secondary schools, but there was a decrease of 216 in the number transferring to UT Austin.

Visiting Mrs. Sam Hamilton last week were Mrs. Jno. E. Ewen and Bettye of Waynesville, Mo.; Mrs. R. K. Lagnes of Dallas, a sister; a brother and wife, Mr. and Mrs. E. M. Ewen of Wichita Falls, and a nephew, Bob Ewen of Tolla. Bettye Ewen is a missionary and is home on furlough from Africa.

\$441.91 Given To Multiple Sclerosis Society

Miss Patsy Jarrell, campaign chairman for the Memphis Chapter of National Multiple Sclerosis Society, said this week that \$441.91 was raised in the annual drive conducted here in October.

Miss Jarrell said she wanted to thank all those who helped with the drive as well as the local citizens who contributed to this worthwhile cause.

"We were well pleased with the generous contributions made by citizens here," she stated.

Funds raised here will be sent to the Panhandle Chapter in Amarillo to be used in patient service activities for multiple sclerosis victims and their families, and to advance the Society's research program, Miss Jarrell explained.

Correction Listed On Theater's Policy

John Wolfe, owner of the Capri Theatre in Memphis, last week announced a statement of policy concerning "G" and "GP" rated movies to be shown in the Memphis theatre.

Due to an error in publication, the statement was slightly misleading.

The theatre's policy is to show

Public Invited To FHA Dinner Sunday, Nov. 22

The Memphis FHA will serve ham dinner Sunday, Nov. 22, at the Travis Cafeteria, it was announced this week.

The meal will be served from 12 o'clock until 1:15 p. m. The public is cordially invited to attend. Tickets may be purchased from any FHA member or available at the door that day. Tickets are \$1.50 for adults and 75 cents for children.

The menu will include ham, potato salad, tossed salad, coffee beans, rolls, iced tea, coffee and dessert.

Money made from the dinner will be used for the FHA's annual banquet and other activities.

B. B. Shots

By BYRON BALDWIN

For several years I have wondered how so many people in California could own and drive Rolls Royces, Cadillacs and electric wheel chairs. I think I have finally found out and I am glad the mystery is clear now. I guess that Jet Dora Fores of Los Angeles, Calif., found out what a short cut we had and this secret would be in my hands. This is a money-making machine, and I sure do not want to lose it and appreciate it very much but the trouble I have is that this machine only takes one and five dollar bills, and it takes a long time to accumulate much with taxes and interest pretty high. As soon as they get me a five hundred and a thousand dollar bill I think I can get in the money a little faster.

Well, the election is now over and we will have to have some conversation piece. On television I heard a commentator say that a lady from Florida running for a public office sent him a tape recording of the speech her poodle dog made for her and she wanted him to run it on his show. The commentator said he could not do it unless she or some else would want some one or pussy cat's speech on tape for them. There had to be about as much sense as the speeches we heard.

I can remember when the Democrats and Republicans did not spend so much money to spend as they have this year. Back in those days I served as secretary for the late Claude Wells and M. McKelvy who served as chairmen of Hall County Democrats. At that time they were the secretary of the opportunity to deliver the voting boxes over the county and the amount allowed for the expenses was \$25.00. I was glad to get this was a lot of money then.

Included in the old papers was an order book from Atlanta, Ga., advertising seeds and I noticed one number of cotton seed and from the name we needed that kind of seed for the past two years, "Mortgage Lifter." We will keep this blank order and see if they will guarantee it for another year.

While in Dallas a few days ago, I noticed most of the department stores had stacks of books on their counters called Sex. I can remember when this was not tolerated and I think you would have been called a sinner if you used that word. I did not buy one of these books as Willie Mae was watching me pretty close, and he said I did not have \$3.95, and you could buy your grandchild a book on "Birds and Bees" for 35 cents.

The next day I would go to Lakeview, Deeplake, Lesley and to Brice which would take at least a half day. At that time I believe the election judges and I received \$3.00 per day for being the election, and I think a little more now. A quote from the other day: "The most defeated candidate who can't tell whether he lied too much or not enough." (From this Earl Riplet, "It used to be that the Ideal hand was older, uglier, taller, grayer and hoarser than his wife. The ideal is for him to be younger, milder, hardly smarter than certainly not as determined as he! In other words a whirlwind of accommodations and obedi- "It is a bitter dose to be taken after you have tried to rule.

Anyway, it has been said: "Be every successful smart man there is a woman that tells him he is not so hot!" Morgan Baker visiting in Heritage Hall with Chas. Williams and as a donation. Thanks. We use more donations at this

one of you younger people do have a way of knowing what old time sand storm was, and "we used to have them" Tribble tells about one he was a young fellow working for Bradley Dairy and while bringing milk the sand storm hit in that night and blew all the milk bottles off the porches broke them up, and they had to get more milk bottles so they make their next delivery. There was one exception on this business and that was on 7th Street, and it was Uncle Browder who had taken a rope and tied his bottles to the porch post. Mrs. Frank reminded me of the dark looking sand storm that hit us out of the northwest and I mean it looked bad rolling in Sunday afternoon 35 years ago. We have had special prayer and a week of special prayer that afternoon there was simultaneous prayer in the whole of Texas than there has been since or before, as most of the people who saw this light the end of time was here. Wright tells me that one in Sunday School, the teacher asked: "What would you do if sand came back today?" Lit-

Another newspaper brought to Heritage Hall by Homer Tribble gives the story of how Bonnie Parker and Clyde Barrow brought action to a Wellington farm home in 1933. This action occurred at the farm home of Mr. and Mrs. Sam Pritchett. He and his family were sitting on the front porch to escape the summer heat inside the house. It was about 10 p. m. when a car came over the hill and did not take the detour but went down in Salt Fork of Red River. From then on this family had a very disturbing night. A very interesting story about them and the law officers.

With all the progress that has been made in the last 50 years from horse and buggy to jet airplanes that hold 260 people. In checking around a few days ago I see that the Christmas dolls the merchants have now in stock have made a lot of progress, so they will still be noticed and they really are attractive and amusing. The first doll I can remember was a little china head doll with a sawdust stuffed body. The next doll that made an impression on me was when they came out with a doll that showed a little life. . . . It was the doll that wet. I remember an experience I had with this type of doll. When I joined a club of some kind and they always gave you a few initiation degrees, I was dressed up in the only dress suit I had at that time when I attended this meeting. Well, anyway, I sat down and they asked me to hold the baby which was a large baby doll and as this man handed me the baby he pulled a string that was tied to a cork in a quart bottle, and there I was all dressed up and no where to go! I find now that dolls are very much more educated and have better manners. We find Mrs. Beasley doll on sale which is shown in "Family Affair" and this doll can really talk, and there are other dolls in different sizes that drink and wet. Also other performing dolls that can dance, drive a car, ride a tricycle, ride out loud, grow her own hair, ride a horse, walk and talk, and they have a real smart doll that could write and draw pictures, and not to be outdone, the talking bears and poodles, along with them the laughing clowns!

I thought this was a good quotation I read a few days ago. "A child is growing up when he stops asking where he came from and starts refusing to tell where he is going."

I saw Frank Smith from Berger and a former Memphis boy breezing in and out the other day. He does not look like he was built for speed, but he gets around pretty fast.

Mustard originally came from Asia, but today much of the world's production comes from North America, particularly California and Montana.

The stores here in Memphis have these smart dolls in stock ready for Santa's sack.

Heritage Hall is open each afternoon 2 to 4 p. m. and by special appointment. More items were brought in the past week. Mr. and Mrs. John McCauley's cow got away and we have the cow yoke; also we have three well pulleys and—guess—the rope broke on one as they sent in the bucket hooks to retrieve the bucket from the well; also an old single tree, and I guess the horse got away!

Visiting in Heritage Hall last Saturday were Scott and David Feagan of Dallas, Rhonda Leach of Childress, Mitzie and Mellisa Hale of Floydada, grandchildren of Mr. and Mrs. Sam Jackson, Mrs. George Payne of Lakeview. She liked Heritage Hall very much and surprised at the collection we have.

We had one of the "Faultless" starch library books come to us for Heritage Hall. Those little books were put in each box of starch you bought, and they were called "Prink and Prank" Faultless Starch library. One of the riddles in this little ancient book is, "What is difference between a hill and a pill?" (One is hard to get up and the other is hard to get down.) The other one I will give you is, "Why is a man sometimes like dough?" (Not because a woman needs (kneads) him, but because he is hard to get off her hands.) Some of you will remember far enough back to look forward to your mother buying another box of starch so you could add another book to your library.

MHS Band Is Selling Holiday Fruit Cakes

The Cyclone Band, which recently earned a Division I in marching contest, is selling fruit cakes made by the Manor Cake Company of Dallas, it was announced this week.

The band is working toward earning Sweetstakes and is selling the holiday cakes to raise funds to finance a trip toward the end of the year.

The cakes come in two, three, and five-pound sizes and are packed in metal canisters which are beautifully decorated and can be used for storing various items after the holiday season is over.

For further information, persons may call any member of the Cyclone Band. The cakes may be purchased now, or orders are being taken for a later delivery, band members stated.

Members of the band said they were striving to represent the town of Memphis in such a manner that all will be proud so they will appreciate the support in this project.

directors of the Texas Swine Breeders Association and the Texas Agricultural Workers Association. He was one of the organizers of the Texas Hog Marketing Association of Waco, a marketing cooperative, and served as its president for four years. Naman has served as assistant steer superintendent at the Heart of Texas Fair in Waco since 1953, and as superintendent in 1968.

In 1957, Naman was selected the Outstanding Young Farmer in McLennan County in the Waco Jaycees sponsored contest. He is past president of the Waco Farm and Ranch Club, and past chairman of the Agriculture Committee of the Waco Chamber of Commerce.

He serves on the seven-member Executive Committee of National Farmers Union, of which the Texas organization is an affiliate, and serves on several boards which manage the business entities of the National Farmers Union.

He is one of the 20 members of the National Cotton Board that

land and Billy Ballew at tackle, Orr and Wheeler at guards, Terry Wynn at lineback, Davis and Stevenson inside safeties and Carmen and Ronald Canida at outside safeties.

Coach McMurray said Wednesday, "beating Clarendon could make our year a success. It would give us a good feeling about next year."

The Memphis coach said, "Clarendon was building this year, but now they have the district sewed up if they beat us. This would give their young kids the greatest boost possible and make them doubly tough next season."

Clarendon is currently tied with Silverton for the district lead. Silverton must play Claude, a team which is coming on strong after the return of their previously injured quarterback, who did not see action when Clarendon played Claude.

If Clarendon defeats Memphis and Silverton defeats Claude, the Bronchos would represent District 2-A by virtue of Clarendon's victory over Silverton.

The football game Friday evening between Clarendon and Memphis is a traditional rivalry. Even though Clarendon is on top and has everything to lose, is heavy favorite to win, no one expects the Bronchos to take Memphis lightly.

Coach Noonkester reports the Bronchos all healthy and ready for the contest. "The Bronchos have improved a lot the last three games and will need to continue in that manner if they take this win Friday night," he said.

Backfield starters for Clarendon are: Quarterback Mac Tomlinson, Right Half James Shadle, Left Half Elray King and Fullbacks, either Ewayne Barbee or Tommy Shields.

Probable line starters include:

administers the Cotton Research and Promotion Program.

Naman resides in Waco with his wife and two sons.

Other officers of Hall County Farmers Union, in addition to McDaniel, are: Carrol Fowler, first vice president; R. S. Wansley, second vice president; and James Bray, secretary and treasurer. Directors are: Carl Hill, Larry Lewis, Leon Phillips, Paul Thompson, Guy Smith, Tony Molloy, J. W. Hatley, Joe Neal Berry and Roy Gene Pate.

important one. If the Cyclone can come up with a strenuous effort and defeat old rival Clarendon, then it is possible to deny the Bronchos better than a tie in the district championship; and could, if Silverton defeats Claude, give the championship to the Owls.

Clarendon will come into the game a heavy favorite, and Memphis will have to put forth the finest effort of the year to capture an upset victory over the Bronchos, a team which has been coming on strong in the final games of the season to hold a 3-1 record in district play.

Also on sale this week by the MHS juniors are homecoming mums for those desiring to have them. The senior class has prepared special homecoming ribbons which are on sale.

Coach Clyde McMurray told Cyclone Booster Club members last Tuesday night that all are encouraged to be at the bonfire Thursday and attend the game Friday.

"We're asking our student body to make special signs for the bon-

Ted Tyler, left end; Tim Rogers, left tackle; Steve Ellis, left guard; Scotty Lindley or Danny Holland, center; Eddy Helms, right guard; Ronnie Hill, right tackle; Johnny Gillean, split end. Kenny Bacon will start as a defensive end.

fire encouraging pride, spirit, and the motivation to win," he said.

"As it stands now," Coach McMurray said, "Memphis is the last team in the way of Clarendon advancing into playoffs. If Clarendon advances into playoffs, it will give that young team the momentum and confidence they need to be real tough next season."

End Jacky Morris, who caught touchdown passes from Doug Fowler and Paul Bryant, Bob Collins on a 70-yard run, and Paul Bryant on a run. Bryant passed to Morris for a two-point conversion and Collins carried for a two-point conversion.

The Bears scored twice within a minute in the final period of play. One of the touchdowns was set up by a pass interception picked off by Doug Fowler.

Coach Adams said that End and Lineback Ricky Pierce missed the Miami game due to an injury and will possibly miss the Patton Springs game Friday. "We want Ricky and all out boys ready for the Guthrie game," Adams said.

FOR BETTER HEALTH

Rubella, or German measles, is destined to soon join the ranks of such illnesses as smallpox and polio. For too long rubella, usually a mild childhood disease, has attacked, crippled and killed babies born of mothers infected with the disease in the first few months of pregnancy. A vaccine is now available which will protect your child against this dangerous disease. The Texas State Department of Health has already immunized over 400,000 children in the State, and has an intensive state-wide immunization campaign underway that will eventually reach the two million youngsters susceptible to the disease.

The real victim of rubella is the unborn baby. To protect them, the expectant mothers who have never had the disease need to be protected. The task, then, is to pro-

tect women in the childbearing age without actually giving them the vaccine. To do this, it is presently recommended that boys and girls be given the vaccine before puberty, thus preventing them from contracting the disease and exposing an expectant mother.

So where do we stand in Texas? On July 1, 1969, the State of Texas was awarded a two-year federal grant to carry on a state-wide immunization in Austin by regional representatives in various areas of the state.
