NUMBER 40

Aldermen To Be Elected April 3rd

Memphis is calling for the election of four aldermen for the city on Saturday, April 3, at the polls. The candidates who currently hold office are: Mayor Kenneth Dale, Aldermen Troy Phillips, Kenneth Parker, Pate, Ward 3, and Ward 4.

Filing names to be on the ballot is Wednesday, March 11, at the City Secretary's office, with A. L. Gailey.

The following will serve as election officials: Mrs. Fern Boone, Judge, Mrs. Margaret Johnson, Judge, Mrs. John Frank Ellis and Mrs. Frank Ellis.

Balloting will begin at 7 a. m. on Tuesday, March 16, at the City Secretary's office.

Memphis election is held by the School Board of Memphis ISD.

Washers' Of Team Thurs.

Huddle of Fellow Christian Athletes will be the "Fourflusher" in game to begin at 7 p. m. on Thursday, Feb. 18.

Admission will be \$1.00 per person for students with school IDs free.

The game will be played short of the MHS Student Council supper which will be from 6 to 7:30 p. m. in the Cafeteria.

An added halftime feature, a shot contest will be held in three divisions: Open, High School and Junior High and one prize will be awarded each division and the entry fee is 25 cents per person.

Those desiring to enter the shot contest should contact Mark Hundley or Randy Smith as soon as possible.

Refreshments during the evening will be served by the Memphis C.A. to send delegates to the summer conference of Arkansas University of Arkansas.

Student Council To Have Chili Supper Feb. 18

Memphis High Student Council will have a chili supper on Thursday, Feb. 18, from 6 to 8 p. m. in the Travis Cafeteria.

Admission will be 75 cents and will consist of chili and rolls.

Guest tickets will be available at the school or from any member of the student council.

Following the chili supper, at 8 p. m. in the High School gymnasium, the "Fourflusher" will play the MHS FCA in basketball.

School Board Hires Principals, Coach

Monty Alewine was hired for one year as the district's tax assessor-collector and transportation foreman.

The board also hired Head Bookkeeper Shirley Johnson and Asst. Bookkeeper Ruby Hoffman.

The school board also accepted the offer by the 1971 Memphis Senior Class that they leave a gift to the school, a piano or a down-payment on a piano for the high school auditorium.

BASKETBALL CROWNING—Pictured above are the three Memphis basketball players honored in crowning ceremonies here Tuesday night. Cyclonettes Diane Devorce (left) and Pam Watson (right) were jointly recognized as the Basketball Queens. Both being captains, the two seniors crowned Louis Davis (center) the Basketball King.

Dist. 4-B Girls Tourney To Begin Here Tonight

The District 4-B girls tournament will begin tonight in the Memphis High School gymnasium with the 7 p. m. game featuring the Turkey Turkettes playing the Hedley Owlettes.

In the second game, beginning at approximately 8:30 p. m., the Lakeview Englettes will play the Quitaque Pantherettes.

The importance of these games is obvious, for tonight's winners will advance into the finals, to be played in the Memphis gym Friday night. The winner Friday night will be the tournament champion, and if this team happens to be Lakeview, then the district championship will go to the Englettes.

Should another team win the tournament Friday night, then a sudden death play-off game for the district championship will be played Saturday night in the local gym.

The tournament is bracketed so that the second place team in the round robin plan, Turkey, meets the third place finishing team, Hedley. Lakeview, finishing in first place, plays Quitaque, the fourth place team.

Lakeview girls won the round robin portion with a 54 to 42 victory over Esteline last Friday night. Esteline held an 18 to 17 first quarter edge, but Lakeview took command in the second quarter and led 35 to 28 at halftime.

Lakeview's Brenda Smith scored 36 points while Carolyn Hughes had 14 points. Esteline's Jan Rapp had 26 and Patti Welch had 8 points.

In the boys game, Esteline won the contest 91 to 61, as the Bears were real hot shooting the basketball. Esteline's Doug Fowler scored 30 points, Roldan Trevino made 28 and Paul Bryant had 12.

For Lakeview, Lewis Richburg had 24, Barry Garrett 15, Bill Richburg 11 and Bill McQueen

scored 10.

The Quitaque boys defeated Hedley last Friday to go undefeated in the round robin and to capture the first half. Quitaque won the game 81 to 51. The boys

The local girls downed McLean 51 to 30. Gloria Johnson scored 17 for Memphis and McLean's Ann Wiginton had 9.

In the boys game, the Cyclone sought revenge and got it as the local team downed McLean 78 to 52 in an action packed affair.

The real turning point in the contest came in the second quarter as Memphis jumped to a 12-point lead, and then held McLean to only 5 points in the third period to lead 58 to 33 at the end of that quarter.

The Cyclone lads showed a tremendous amount of conditioning as they kept a full-court press going most of the contest. Substitution from the Memphis bench was like clockwork as all the boys saw a lot of action.

The Cyclone's second unit has come a long way this season, as was evident in the finale.

Tommy Johnson had 19, Larry Johnson 14 and Otho Rogers 10, all boys hitting in double figures. McLean's fine athlete, Tommy Daniven, scored 21 points for the visitors.

Last Friday night, the Memphis teams lost games at Claude, as the girls defeated Memphis 75 to 39. Wanda Walker had 14 for Memphis.

In the boys game, Memphis led by 4 points in the first half, only to have a cold fourth quarter, and lost the game 54 to 30.

"We just couldn't hit anything," Coach Harold Gouge said about the game.

Mike Browning had 10 points to lead the scoring for Memphis.

Cattle Rustling Charges Filed On Two Lubbock Men

Cattle rustling charges have been filed and warrants for the arrests of two Lubbock men have been issued, as an investigation into the theft of 11 head of yearlings from Squint House of Turkey continues.

A state-wide search for the two Lubbock men was begun Monday after Sheriff Elmer Neel filed charges against the two men last Thursday.

An investigation into the rustling was begun by Deputy Sheriff Clyde Rogers of Turkey, Sheriff Elmer Neel, Texas Ranger Bill Baten, and John Topper, field inspector of the Southwestern Cattle Raisers Association of Clarendon, after the cattle were reported stolen by Mr. House.

The cattle, taken from Squint House of Turkey on Jan. 13, were sold at Farmers and Ranchers Commission Company of Lubbock.

Filing Deadline For School Board Is March 3rd

The deadline date for filing application for having a candidates name placed on the ballot of the Memphis ISD school trustee election is Wednesday, March 3, it was announced this week.

Those interesting in filing for a trustee position can do so by contacting Superintendent of Schools, C. L. Chambless before the deadline.

So far, four men have filed for the two vacancies on the board. These are: Incumbent R. B. Phillips, M. C. Allen, Jr., Loyd Becker, and Clyde Collins.

The election will be held jointly with the City of Memphis mayor and trustee election on Saturday, April 3, in the councilroom of the Memphis Community Center.

Absentee voting will begin on Monday, March 15, in the office of County Clerk Ruby Goodnight.

Mrs. Fern Boone will be the presiding judge with Mrs. Margaret Phillips as assistant judge. The clerks are Mrs. John Smith, Mrs. Frank Ellis, and Mrs. Linda Estes.

Chamber Committees Are Announced By President

275 Attend Annual Chamber Banquet

Approximately 275 persons attended the 51st Banquet of the Memphis Chamber of Commerce and Hall County Board of Development Thursday night and heard Speaker Jeff Williams of Oklahoma City.

Mr. Williams made an excellent impression on those attending the banquet with his wit and his wisdom of human nature and the state of the world.

He brought tears of laughter to the eyes of many with his yarns and anecdotes, then captured the attention of his audience making serious suggestions on what is needed to make the community a better place.

John Deaver II served as master of ceremonies in the absence of the outgoing president, Sheron T. Lee, who had to be out-of-town to attend an important meeting.

Lester Campbell, the incoming president, presented the traditional plaque of appreciation for Mr. Lee's service to his wife, who was present.

In a special presentation, the new president presented retiring Manager Clifford Farmer with a gift, an engraved pen and pencil set and stand, in appreciation of the 23 years of service as manager of the Memphis Chamber.

Mr. Farmer commented after the banquet that he remembered the first Chamber of Commerce banquet he attended in Memphis, when it was held in what is now the Junior High School Gymnasium.

Those attended enjoyed the delicious roast beef dinner, and appreciated the service of the serving girls, all F. H. A. members: Janis Vallance, Becky Gilbert, Diane Clayton, Carol Foxhall, Dena Gardenhire and Cindy Phillips.

The banquet decorations were attractively done by the Welcome Committee of the organization, Mrs. J. B. Scott, chairman.

Country Club Committees Are Named

Memphis Country Club President Johnny Farnsworth this week released the committee assignments for the club for 1971.

The following have been appointed to serve on the club's active committees:

House—J. J. McDaniel, chairman, Frank B. Foxhall, Mrs. James Brown.

Grounds and greens—James Bray, chairman, Harlie Taylor, Gayle Monzingo.

Tournament—Don Cockrell, chairman, Danny Scarbrough, Dink Miller, Barry Ward, Clyde Smith; ladies, Mrs. Leon Helm, chairman, Mrs. Lester Campbell, Mrs. Johnny Farnsworth, Mrs. Dink Miller, Mrs. James Brown.

Social—John Chamberlain, chairman, J. N. Helm, Jr., Zack Fisher, Mrs. Jimmy Roden.

Pork Producers Assn. To Meet
Thursday, Feb. 18

The Rolling Plains Pork Producers Association will meet at 7 p. m. Thursday, Feb. 18, in the Esteline School Cafeteria, according to an announcement this week. All who attend will partake of a covered dish supper.

Interested pork producers are invited to bring their wives and a covered dish.

The program will be presented by Dr. David Williams, veterinarian of Lubbock, on "Hog Diseases."

The election of new officers and county directors will be on the agenda for the business session.

Griffith Custom Made
Boot Factory Opens Here

Mr. and Mrs. Jay Griffith and son, Woody, a seventh grader, have moved to Memphis, and Mr. Griffith is in the process of establishing a custom-made boot plant in Memphis. The firm will be located in the building formerly occupied by J. C. Penney Co. on Noel Street.

Equipment for the plant has been transported to Memphis from Canyon, and workmen are in the process of redesigning the interior of the 50-foot building to meet the need of Memphis' newest factory.

Jay Griffith is the president of Market Dynamics, Inc., a corporation which is establishing the plant here. The vice president is Stanley Burleson, a rancher in the northeast corner of Floyd County, between Quitaque and Flomot, and the treasurer of the corporation is J. R. Fulton, a wholesale tire dealer of Plainview.

Griffith, in an interview Wednesday, stated that the reason the plant is moving to Memphis is the availability of adequate labor

Lester Campbell, president of the Memphis Chamber of Commerce and Hall County Board of Development, this week announced the list of committees for 1971.

In making the announcement, the president urged all chairmen to call a meeting of their committees at the earliest possible date to draft a program of work.

Cotton's Future Looks Slightly Better!

From the National Cotton Council comes word that cotton has the best outlook in a decade for expanding its markets, but it is in danger of seeing its progress halted by a supply shortage according to a consulting economist.

Dr. H. K. Horne, Jr., an economist analyst, presented these facts to the program committee of the NCC last week.

The economist said domestic textile mill consumption was eight million bales in 1939 and would have been higher except for the recession. He said cotton held its own competitively and is poised for some expanded consumption in a recovery period.

Exports for the crop year ending next August 1 are projected to rise to 3.5 million bales from last season's 2.8 million, and there is some feeling in the trade that actual exports will reach four million or above.

Consumption of eight million and exports of 3.5 million would bring a reduction of more than a million bales in the carry-over stock, which would total only 4.5 million or slightly more next August 1. This would be the lowest level since 1932 and "would bring us at least to the brink of a supply crisis," Dr. Horne said.

He said cotton "cannot survive and play this kind of supply brinkmanship when we are competing with synthetic fibers that come out of factories on dependable schedules every day of the year."

The chance for a larger crop in 1951 was called the one factor which is keeping prices for most cottons from going through the roof and may continue to do so. Analyzing the new situation faced by the growers under the Agriculture Act of 1949, Dr. Horne said it contains several features which will induce some farmers to increase their plantings. Chances for an increased yield per acre were also considered strong.

Here in Hall County, there's nothing we'd like to do better than produce a record producing cotton crop. For our farmers to do so, however, they need some assistance from Mother Nature in the form of some moisture.

Working against increased plantings will be the higher cost of production, the 10-per-cent reduction in support prices, payment limitations, and the higher prices of soybeans and feed grains, the economist said, but he added that the weight of present evidence is encouraging for 1951 will be increased.

All cotton fabrics have held up better in price and moved more readily into consumption than those made from synthetic fibers and blends during 1949, the committee members were told. As evidence, Dr. Horne cited healthy inventory levels for cotton cloth compared with markedly increased inventories of competing fiber fabrics.

Special credit for cotton's gains was given to all-cotton denim and workshirts, to cotton-corded fabrics, and to the deep-dyed cotton fabrics which will be fashionable for young women's spring dresses. In 1949, cotton was a "big winner" in men's and boys' trousers and in women's slacks and jeans. Despite the recession, these uses recorded a net increase of 100,000 bales in cotton consumption. The gain came mainly at the expense of polyester-cotton blends.

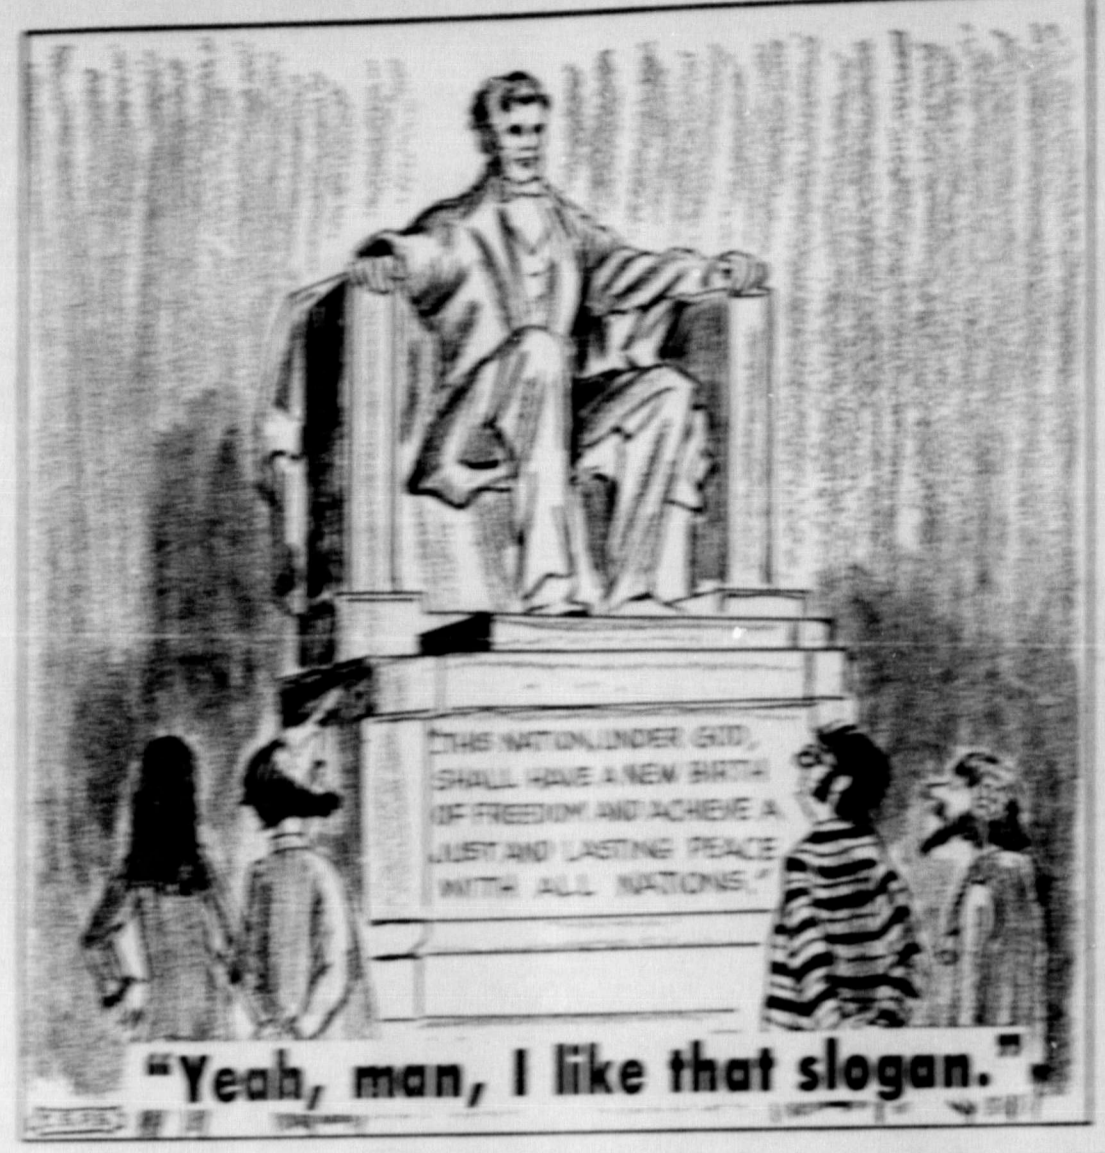

He warns, however, that unless cotton can make big, wild achievements in such fields as knit goods, durable press and flammability, cotton will lose its gain to the continuing tide of synthetic research and promotion.

Cotton has been fighting back with its own research program. Maybe the tide of the war between synthetics and cotton is turning. At least, the battle lines are defined.

What Other Editors Say

It Usually Ends in Death
An 18-year-old lad, who lived in Joliet, Ill., recently committed suicide, being so way out of the grips of drug use into which he had been drawn, took his own life. But not before he wrote, in part, the following message to other young people:
"If someone offers you drugs, be sure of a man that I was and say so. Learn from my mistakes. I don't want anyone to go through the hell I went through and an still going through.
"These friends of yours will offer you stuff free, then start making you pay for it. Then they sell you better stuff at discount prices, then boost the prices up when they get you hooked.
"Remember, the same person or friend who has given you will also be able to push heroin to you and for what? To make money for himself while he strangles you.
"People who push are the ones who want to destroy you, and if you give them the chance, they will. I have used all types of drugs from hash, pot, acid to hard stuff. It's all a bad waste. The people who push it don't use it because they know it's bad stuff. They can see what it does to you.
"All you are doing is ruining your life and letting people make money through you. They are only using you."
The lad's words—more powerful than anything a drug expert might write or a parent might say—remain as a warning that the wages of drug use are death!

Comments On Our Times
Now the president tells us that the rate of unemployment will be in the neighborhood of 4 1/2 per cent in 1951, and that inflation will be going at about 1 per cent, all of which suggest well for the overall economy.

I have mentioned here several times that I don't know anything about money or economics, I just never did get into the business. But there are a few simple facts of life that I have picked up through good times and foul. I found out through experience that when I was unemployed, the rate of unemployment was 100 per cent as far as I was concerned. This was one of the impediments that caused people to wonder when the Republicans advocated more unemployment as a cure for our economic ills during the last presidential election campaign. The unemployment rate has gone up as planned, but the rate of inflation hasn't gone down as was anticipated. The simple solution would be

to stop on some wages and price controls until people and corporations come to their senses about the value of money, or what the value of money should be.

According to information intercepted through daily newspaper stories, which I read during television commercials, we learned that Prince John Connally, formerly governor of Texas, received some \$225,000 from the Sid Richardson Foundation during the time he was governor. Prince John says that this little old picture was in payment for services rendered before he became governor. It might be possible that the Sid Richardson Foundation didn't have enough money to pay its later bills on the first

and fifteenth, so had to pay their top hand by installments after he became governor. The ex-gov says that the whole thing was just a neat dodge and that he was just trying to convince the federal out of their just share of withholding taxes on his miserly wages. (It has.)

CARD OF THANKS
I wish to sincerely thank Dr. Clark and the entire staff of Hall County Hospital for services rendered to me while I was a patient there. Especially appreciated were the many prayers, gifts, flowers, cards, phone calls and the visits of friends both here in Memphis and while I was a patient in a Dallas hospital.
"And since I have no gold to give, and love alone must make amends, my only prayer is while I live—God make me worthy of my friends."

Heatly Introduces Emergency Bill For Welfare Money

AUSTIN.—This past week Representative W. S. (Bill) Heatly introduced a measure in the House of Representatives to alleviate the critical financial situation that exists in the State Welfare System.

The Department of Public Welfare says that unless an emergency appropriation of \$35,000,000 is made available, funds to welfare recipients will have to be reduced before the end of this fiscal year, which ends Aug. 31, 1971.

Rep. Heatly, Appropriations Committee chairman, saw the bill acted upon favorably by the committee, then passed by the House of Representatives. He said that in order to prevent medical assistance payments from being reduced, it is necessary for this emergency measure to pass. He expects final action on this measure within the next few days.

During this past week, the members of the 21-member Appropriations Committee have been working with the colleges, universities and the Texas Education Agency to determine the most critical needs for funding during the next biennium.

In addition to attending long working sessions of the House of

Representatives, the Appropriations Committee has been holding six to eight hours of hearings each day.

Tulia Rites Held For Roy Allard, Early-day Cowboy

Funeral services for Roy C. Allard, 76, of Tulia, former early-day Hall County cowboy, were conducted at 2 p. m. Wednesday, Feb. 3, at Tulia.

Burial was in the Silverton cemetery.

Mr. Allard died Tuesday morning in the High Plains Baptist Hospital in Amarillo after an illness of six weeks.

He was born in Stephenville, and came to the Panhandle when he was 16. After serving in World War I, he worked for 40 years at the Shoe-Bar Ranch near Clarendon.

He retired in 1965 and moved to Tulia. Mr. Allard was a member of the First United Presbyterian Church, the Veterans of Foreign Wars post in Tulia and the Cattlemen's Association.

Survivors include: his wife, Agnes; one daughter, Mrs. Shafe Weaver of Silverton; four brothers; two sisters; two grandchildren; and a great-grandchild.

Funny world! A man won't kiss his wife for years; yet he'll shoot the first man who does.

OUTDOORS IN TEXAS

BY VERN SANFORD

Weather is important to some fishermen, unimportant to others.

Some anglers will go out only when the temperature is a comfortably cool 55 degrees. Others don't care whether it's 28 or 98.

Anglers who feel that conditions must be "just right" to catch fish . . . and the "I don't care" fellows do, too. So what's the answer?

I don't know the right answer; nor do I think many other anglers do either. But I'm inclined to agree that the best time to go fishing is right now. So, if you want to fish, get gone, regardless of rain, sunshine, heat or cold.

Fish, wherever they are, whatever kind they be—fresh water, salt water—every living one of them has to eat.

And that's when they hit your bait, be the "food" live shrimp or dead squid, live minnows or plastic worms, topwaters, spinners or such hardware as the spoons.

We've had great success in below freezing temperatures, and many times when we went after "whites" below the dam we had to break the ice that formed in line guides, time and time again as the line froze solid in the rings.

On the other hand, we've had great success on the hottest days catching black bass in a blazing sun on lakes and on ponds. Also, we've taken salt water fish on the hottest days in the bays as well as far off shore in the Gulf of Mexico.

Furthermore, we've had great success trout fishing in the mid-day heat in summertime Wyoming, Montana and Colorado where it was supposed to be "cool" to be good.

We repeat—fish have to eat. Your first job is to find the fish, then serve them the "food" of their choice for that day, that hour, maybe even for just that minute.

We've had wonderful success when it was so cold, even with gloves on, that we could hardly hold the rod; and when it was so doggone hot we had to mop the brow after every cast.

And we're just a common, ordinary fisherman who loves the

outdoors and likes the challenge of angling.

Nope, we don't have "tremendous success" every day out. We have had our share of "dry runs." These, too, happen to most everyone. But there is fun in fishing! It's relaxing, it's nerve settling. And, when you do land a few of these flaptors it's a great thrill.

Then along comes a lunger and takes your bait—and whether or not there will ever be another day, that day was great.

For many years, the various strains of bacteria that cause a dangerous disease called meningitis were successfully treated with sulfa drugs. But the usefulness of these drugs may now become somewhat limited. Dr. S. J. Lerro, medical consultant with the Texas State Department of Health, reports that more and more strains of meningitis are becoming drug-resistant.

Meningitis is an acute bacterial disease. It causes inflammation of the three membranes which envelop the brain and spinal cord. The disease may occur as a brief illness and with recovery; or, it may pursue a sudden, severe course with delirium, stupor, coma, and death within a matter of hours. Discharges from the nose and throat are carriers of the bacteria which cause the disease are the source of most infections.

In a study of meningitis infections in Texas from 1964 through 1968, Dr. Lerro found that two types—which doctors call Group B and C—were responsible for most of the cases. In the last several years, there has been a definite increase in the percentage of Group C organisms resistant to sulfadiazine. In 1966, only 15 per cent of the specimens from Group C were resistant to administration of the drugs, compared to 77 per cent in 1968.

Administration of small doses

of sulfa drugs to large populations over a long period of time may have resulted in favoring the survival of a drug-resistant strain.

But the outlook is not completely bleak. Much progress has been made in research against the disease. An experimental vaccine has been developed that provides 90 per cent protection against one of the three major types of meningitis for up to a year. Of course this means there is no vaccine for the other two types. But, Dr. Lerro reports researchers are working diligently on a three-way vaccine which will be effective against all three forms.

Robert Lindsey of Dimmitt, son of Mr. and Mrs. H. H. Lindsey of Memphis, underwent surgery at M. D. Anderson Clinic in Houston Tuesday. Mrs. Lindsey said Wednesday morning her son is doing nicely and received a good report following the operation.

Tax Man Sam Sez—

Your federal income tax return can be affected by the Texas Community Property law. In Texas, married couples can't file separate returns without splitting the community income between the two spouses.

If you need additional information about the effect of the community property law on your income tax, drop a card to Code 101, Internal Revenue Service, 1600 Patterson Street, Dallas, Texas 75201. Ask IRS to send you Publication 555, "Community Property and Your Federal Income Tax."

YOUR COUNTY AGENT SAYS

Sprinkler Irrigation
County farmers interested in learning more about sprinkler irrigation systems, are advised that a new U. S. Department of Agriculture publication is now available.

County Agent W. B. Hooser said he has been notified that Leaflet 476, "Sprinkler Irrigation" is now available for 55 cents per copy from the Superintendent of Documents, U. S. Printing Office, Washington, D. C. 20402.

He noted the eight-page publication is illustrated with photographs showing the various types of sprinklers in operation. Sprinkler irrigation is described as the best method for use on soils with high rates of water intake and those which are to shal-

low to level, and on fields that have steep slopes or irregular topography. Points on planning a system and on its operation and maintenance are covered in the publication along with other helpful suggestions on the amount of water needed for operating a system and cropping systems.

Quarantine Inspectors
Agricultural quarantine inspectors intercepted more than 47,000 plant pests and diseases at U. S. border ports of entry during 1970, reports the U. S. Department of Agriculture.

This, points out County Agent W. B. Hooser, is an average of 129 pests or diseases per day. They were found in passenger baggage, ship and airplane stores, mail and cargo. The quarantine inspectors are part of USDA's Agricultural Research Service. Some of the most dangerous pests, fruit flies, continued to be a major problem; and increased about one-fourth during 1970. However, this increase reflects a

rise in quarantine activities, noted the agricultural pests of the world's most causing millions of damage to U. S. crops, plants and ornamentals. The U. S. Department of Agriculture cooperated with the clearing military carriers from Vietnam entry into the United States.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT (SJR 17) Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new Section 49-d-1 to read as follows: "Section 49-d-1. (a) The Texas Water Development Board shall upon direction of the Texas Water Quality Board, or any successor agency designated by the Legislature, issue additional Texas Water Development Bonds up to an additional aggregate principal amount of One Hundred Million Dollars (\$100,000,000) to provide grants, loans, or any combination of grants and loans for water quality enhancement purposes as established by the Legislature. The Texas Water Quality Board or any successor agency designated by the Legislature may make such grants and loans to political subdivisions or bodies politic and corporate of the State of Texas, including municipal corporations, river authorities, conservation and reclamation districts, and districts created or organized or authorized to be created or organized under Article XVI, Section 59, or Article XIII, Section 52, of this Constitu-

tion, State agencies, and interstate agencies and compact commissions to which the State of Texas is a party, and upon such terms and conditions as the Legislature may authorize by general law. The bonds shall be issued for such terms, in such denominations, form and installments, and upon such conditions as the Legislature may authorize. (b) The proceeds from the sale of such bonds shall be deposited in the Texas Water Development Fund to be invested and administered as prescribed by law. (c) The bonds authorized in this Section 49-d-1 and all bonds authorized by Sections 49-c and 49-d of Article III shall bear interest at not more than 6% per annum and mature as the Texas Water Development Board shall prescribe, subject to the limitations as may be imposed by the Legislature. (d) The Texas Water Development Fund shall be used for the purposes heretofore permitted by, and subject to the limitations in Sections 49-c, 49-d and 49-d-1; provided, however, that the financial assistance may be made pursuant to the provisions of Sections 49-c, 49-d and 49-d-1 subject only to the availability of funds and without regard to the provisions in Section 49-c that such financial assistance shall terminate on December 31, 1982. (e) Texas Water Development Bonds are securities of the general credit of the State of Texas and shall after approval of the Attorney General, be placed in the Public Accounts of the State of Texas, and delivered to purchasers, be income tax exempt, and shall constitute no obligations of the State of Texas under the Constitution of Texas. (f) Should the Legislature enact enabling laws for the adoption of this amendment, such laws shall not be void by reason of anticipatory character." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on Tuesday, May 18, 1971, which election shall be held in accordance with the provisions of the Constitution of the State of Texas. The results of the election shall be reported to the Legislature. The constitutional amendment to be submitted to the voters shall be the issuance of One Hundred Million Dollars (\$100,000,000) in bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes providing for the investment and maintenance of water resources programs establishing an interest on Water Development Fund at 6% per annum.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT (SJR 15) Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows: "Section 24. (1) The State Ethics Commission is created as an agency of the State. The commission consists of nine members. Three members shall be appointed by the Chief Justice of the Supreme Court of Texas with the advice and consent of the Associate Justices serving on the Court, three members shall be appointed by the Presiding Judge of the Court of Criminal Appeals of Texas with the advice and consent of the other Judges serving on the Court, and three members shall be appointed by the Chairman of the State Judicial Qualifications Commission with the advice and consent of the other members of the commission, of each group of three appointees no more than two shall be attorneys engaged in the active practice of law. In addition thereto there shall be two ex officio members, one from the House of Representatives and one from the Senate to be elected on the first day of each Regular Session of the Legislature by a majority of the membership of each House for a term ending on the first day of the next Regular Session. (2) With the exception of the initial appointees, each member shall hold office for a term of six (6) years and until his successor is appointed and has qualified. In making the initial appointments, each appointing officer shall designate one (1) appointee to serve a term of two (2) years, one (1) appointee to serve a term of four (4) years, and one (1) appointee to serve a term of six (6) years. Interim vacancies shall be filled in the same manner as vacancies due to expiration of a full term, but only for the unexpired portion of the term in question. The membership shall designate one of its members to serve as chairman for a period of two (2) years. (3) The members of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of their duties. (4) The commission shall recommend the compensation, per diem, and mileage allowance of members of the Legislature, and may recommend the salary of the Speaker of the House of Representatives and the Lieutenant Governor

proved before that day of resolution of either House of the Legislature. (b) All rates of compensation, mileage allowances or per diem rates and all changes and recommendations made by the commission thereof shall not take effect until approved section by section by resolution of both Houses of the Legislature. "All votes on these resolutions or parts thereof shall show the individual votes in the respective journals of both Houses. (8) The commission shall investigate any alleged violation of any rule of ethics promulgated by it and report its findings to the appropriate State agency, official, legislative body, grand jury or district attorney. (9) Until otherwise provided by the commission, each member of the Legislature shall receive from the public treasury an annual salary of Four Thousand, Eight Hundred dollars (\$4,800) per year and per diem not exceeding Twelve Dollars (\$12) per day for the first 120 days only of each Regular Session and for 30 days of each Special Session of the Legislature. No Regular Session shall be of longer duration than 140 days. In addition to the per diem, the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and fifty cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the Comptroller to each county seat now or hereafter established; no member to be entitled to mileage for any extra session that may be called within one day after adjournment of the Regular or Called session. (10) The commission is further authorized to recommend to each Legislature changes which will update, improve, and effect economy in the legislative process." Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the 18th day of May, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to create a State Ethics Commission empowered to set rules of ethics for members of the Legislature, State officers and legislative officers, to investigate violations thereof, and to recommend compensation for members of the Legislature and the Lieutenant Governor and recommend improvements and economy in the legislative process."

There's Been Some Changes In Your Dwelling Insurance Too

The independent insurance agents of Memphis listed below have received from the State Board of Insurance changes which will affect all renewal policies written on dwellings on or after December 10, 1970. Policies now in force will not be affected until expiration date.

Since these changes are basic in their respect, and entirely new to us as your agent and to you as the insurance buyer, we felt it important to notify you in this way. We knew absolutely nothing about these changes being formed, and had no advance notice of them until we received the new rules and rates late last week.

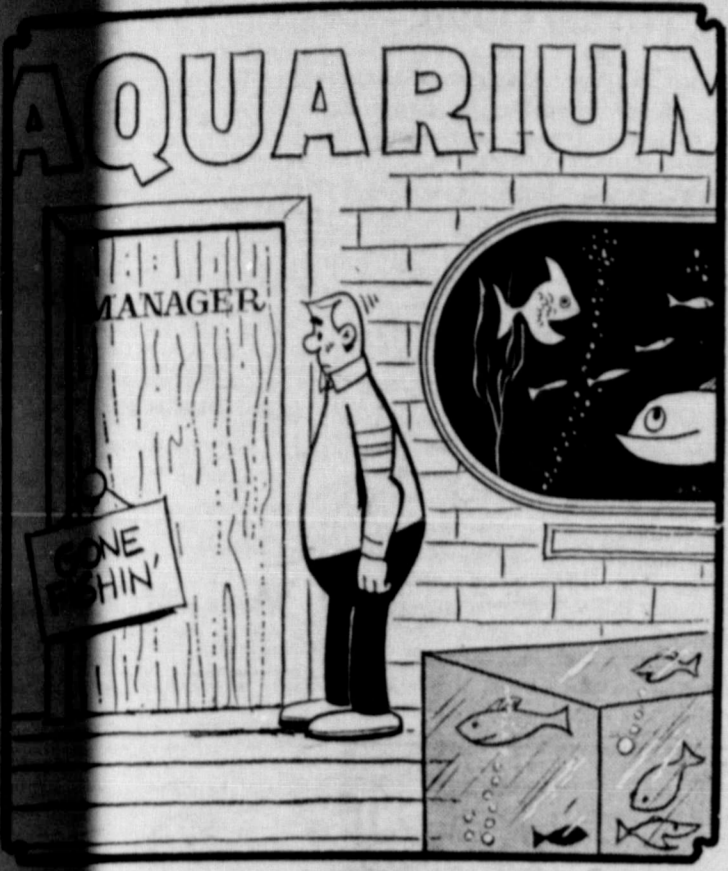

The principal basic change is the matter of deductibles, and are as follows:

- ON DWELLING POLICIES (NOT HOMEOWNER-TYPE POLICIES):**
The new deductible will be 1% of the amount of insurance on the house insured, with a minimum deductible of \$100; this will apply to all damage done by hail, wind, explosion, riot, civil commotion, smoke, aircraft, and land vehicles. The \$50 deductible clause will be no longer available. No deductible may be obtained for an additional premium. This same deductible rule will be applicable to insurance covering contents of dwellings, commonly referred to as household goods insurance.
- ON HOMEOWNER-TYPE POLICIES:**
The new deductible will be 1% of the amount of insurance on the house, with a minimum of \$100 for that deductible; this will be applicable to all damage which is covered under the policy provisions. \$50 deductible will no longer be available. No deductible may be obtained for an additional premium, subject to acceptance by the insurance company. Homeowner policies, however, still will have two separate deductibles, with No. 1 applying to damage from hail and wind only, and No. 2 to other covered perils.

Again, let us emphasize that we had no advance notice of these basic changes had seen no publicity concerning them prior to receiving the new rates.

HALF-PAST TEEN

Gaston-Covey Nuptials Read In Baptist Church

The chapel of the First Baptist Church in Memphis was the setting for the wedding of Miss Patricia Sharon Gaston and Fred Covey, Jr., both students in West Texas State University.

The Reverend C. H. Murphy, pastor and long-time friend of the bride's family, performed the ceremony Friday, Jan. 29, at 7 p. m. before approximately 25 relatives and close friends.

The bride is the daughter of the Rev. and Mrs. Leroy Gaston of Spokane, Wash., formerly of Memphis. The parents of the bridegroom are Mr. and Mrs. Fred Sanford Covey of Wellington.

Mrs. C. H. Murphy, organist, presented the wedding music. Chapel decorations were an arrangement of blue gladioli before an arch of candles.

For her wedding, the bride chose a street-length white puff-lace dress with a fitted waist, A-line skirt, long full sleeves and a high neckline. Her veil, in three tiers, was attached to a headpiece

of satin rosebuds, and she carried a bouquet of white baby roses on a white Bable.

The bride was attended by Miss Claudia Corley of Memphis, who wore a turquoise faile street length dress and carried a bouquet of blue carnations, tied with blue streamers.

Danny Reed of Pampa was best man.

Both the bride and bridegroom were graduated from Wellington High School, he in 1968 and she in 1969. He is now a junior in West Texas State University, majoring in art education, while the bride is a sophomore social studies major.

The couple are at home at 2701 8th Avenue, Canyon.

Then there was the fellow who spent all his money to rid himself of halitosis, only to find out that his friends didn't like him anyway.

Memphis Little Theatre Enjoys Drama Reviews

The Memphis Little Theatre met Saturday afternoon, Jan. 30, at the Bronze Room in the First National Bank Building, with Mrs. John Deaver and Mrs. Mildred Stephens as hostesses.

Mrs. Herschel Combs, president, presided during a short business session, after which the program was presented by Mrs. T. M. Harrison in the absence of the program chairman, Mrs. Hubert Jones.

Virginia Browder presented a most informative program on "Historical Dramas."

In developing her subject, the speaker told of the various historical dramas in production over the country. This past summer, there were 37 playing in different parts of the United States; two in Kentucky and North Carolina, one in Kentucky, two in Oklahoma concerning the early history of the tribes of Cherokee and other Indians.

Paul Green and Kermit Hunter

are the most prolific authors of these plays which prove to be excellent family entertainment, the speaker stated. The outdoor settings, the color and stories emphasizing the American heritage bring past happenings to life for the younger generation and immerse the oldsters in nostalgia.

Special mention was made of "Texas," the drama presented in Palo Duro Canyon for the past four years, as well as "Sagebrush Saga," the story of the settling of Memphis as the county seat of Hall County, and "Saint's Roost Saga," the story of Clarendon in Donley County.

With the aid of an opaque projector from Travis Elementary School, pictures were shown of the several historical dramas, all of which proved an interesting afternoon's program for members of the club.

Mrs. Frank Foxhall assisted the speaker in presenting the program by operating the projector.

During the social hour, delicious pecan pie and coffee were served to the following members: Nell Beeson, Bebe Boone, Virginia Browder, Helen Combs, Emma Deaver, Charlene Greene, Peach Harrison, Lottie Kinard, Mary

Helen Sexauer, Mildred Stephens, and one guest, Cy Foxhall.

VA Expenditures In Hall County Total \$190,744

WACO.—The Veterans Administration announced last week that expenditures for Texas for fiscal 1970 totaled \$522,997,791. Of this amount \$190,744 was for Hall County.

Jack Coker, director of the VA Regional Office in Waco, said that the bulk of the money was \$311,680,001 in disability compensation and pension payments for Texas veterans, and \$143,373 was for Hall County veterans.

Other VA expenditures in Hall County for fiscal 1970, Coker said, were for GI Bill and other VA education programs, \$27,446, and insurance and indemnities, \$19,925.

In announcing these figures, Coker invited Hall County veterans to contact the nearest VA office for information on any program, including the GI Bill.

Information Office Lists Figures Nutrition Assistance For Texas Will Amount To \$44,854,599

Texas has a \$44,854,599 share of the 1971 fiscal year apportioning laws of federal funds to bolster nutrition and health of children such as the Child Nutrition Act.

Additional funds for Texas include: 1. \$528,335 for food assistance in the School Breakfast Program, largely in schools in needy areas. 2. \$473,995 for reimbursing up to 75 per cent of the cost of obtaining equipment for the needy schools for the initiation, expansion or improvement of lunch or breakfast programs.

3. \$796,082 for Special Food Service Program for children in day-care and recreation centers and other non-school situations. 4. \$4,209,874 to help pay the cost of milk served to children by schools and child-care organizations.

Nationally, USDA is donating food valued at \$240.4 million to the states for their use in all food service programs for children. In addition, schools participating in the National School Lunch Program get the added benefits of \$64.3 million of foods that are bought by USDA especially to help meet the nutritional requirements of school lunches, as authorized by Section 6 of the National School Lunch Act.

For the first time, a part of the extra cash is to assist in providing free or reduced-price meals to needy children in cooperative federal-state development feeding programs. A total of \$59,400,000—more than one-half times the money allotted last year—has been appropriated specifically to help needy youngsters. Of this amount, Texas will receive \$27,10,074.

Additional support for these lunches comes from state and local sources, and from the amounts that children pay for their meals. Special assistance funds for Texas to reimburse schools for free or reduced-price lunches to needy children include \$15,598,86 under Section 11 of the National School Lunch Act, and \$11,781,888 from Section 32 sources. Under the new legislation, any school is eligible for special cash assistance to meet the need for free and reduced-price meals, and such special assistance is no longer limited to only the food costs of a lunch program. Section 32 funds also can be used in the breakfast and non-food assistance programs.

preceding the program hour.

A most interesting program entitled "Epic Journey To Peru" was presented by Temple Deaver, Sr. Beautiful color slides were shown. The pictures were taken by Mr. Deaver while he and Mrs. Deaver were visiting with their daughter, Mrs. Dorothy Aksamit and family in Peru about three years ago. As the slides were shown, Mr. Deaver told many facts about the country and its people.

While on the trip, Mr. and Mrs. Deaver also visited several other countries.

Enjoying the social were these guests, Mr. and Mrs. Joe Allen Ballard, Mrs. Henry Scott, Mrs. A. L. Gailey, Mrs. C. W. Kinslow, Swede Roark and Temple Deaver, Sr.

Members and their husbands present were Mr. and Mrs. Byron Baldwin, Mr. and Mrs. F. W. Foxhall, Mr. and Mrs. Gayle Greene, Mr. and Mrs. Edwin Hutcherson, Mr. and Mrs. Bob Hutcherson, Mr. and Mrs. Sheron Lee, Mr. and Mrs. Clyde McMurray, Mr. and Mrs. Paul Montgomery, Mr. and Mrs. Bill Prince, Mr. and Mrs. Howard Richardson, Mr. and Mrs. M. G. Tarver, Mr. and Mrs. Larry Votto, Mr. and Mrs. Dennis Ward, Mr. and Mrs. Mack Richards, Mrs. T. M. Harrison, Mrs. Herschel Combs, Virginia Browder, Neville Wrenn and Mrs. R. S. Greene.

Mrs. Robert Moss is hostess to members of the Woman's Culture Club at her home Feb. 3 at 4 p. m.

After the opening prayer by Mrs. Moss, the president, Mrs. May, held a business session.

The program, "Be My Valentine," was introduced by Mrs. Lange with the quotation by G. W. Curtis: "Romance, like ghosts, eludes touching. It is always where you were, not where you are."

Miss Alma Bruce then gave an interesting discussion of valentines—some of the history, beliefs, and customs of this festival of romance and affection.

Historians know little about early celebration of Valentine's Day. It was noted that people in England observed the holiday as early as 1446. In the 1700's social groups met in the homes of the gentry and young people drew their valentines by lots. Young men wore the ladies' names on their sleeves for several days, probably originating the expression, "He wore his heart on his sleeve," the speaker stated.

In Italy some people hold a Valentine Day on Feb. 14, while in Sicily some women get up before sunrise and stand by a window for hours watching for a man to pass the house. Each girl believes the first man she sees, or someone who resembles him, will become her bridegroom within a year, it was explained.

In the United States, Valentine Day became popular in the 1800's at the time of the Civil War. Today in the United States and Canada children exchange valentines with their school friends. Older students enjoy Valentine Day dances and parties.

To conclude the program, Miss Esta McElrath read some of her valentine poems. Roll call was answered by each member telling about a very special valentine she had received.

During the social hour refreshments were served to the following: Misses Sybil Gurley, Alma Bruce, Esta McElrath, Mmes. Clifford Farmer, Ward Gurley, Grover Moss, Jim Lange, David May, Irene Bradley, Jeanette Irons, Theodore Swift, L. A. Stillwell and hostess, Mrs. Moss.

Mrs. Tommy Ford and children and Mrs. Carolyn Thomas and daughter of Perryton spent the weekend here with Mrs. Ford's parents, Mr. and Mrs. Gerald Hickey, and sister, Mrs. Dayna Shults.

Baptist Women's Missionary Soc. Has Bible Study Meeting

The Women's Missionary Society met Tuesday, Feb. 9, in the parlor of the First Baptist Church to study the Bible.

Mrs. Bryan Adams presided for the opening of the meeting. Mrs. C. H. Murphy read the day's scripture, the names of the missionaries and led in prayer.

Mrs. Kenneth Parker had charge of the study entitled "The Good Samaritan," which was based on scripture from the book of Luke in the New Testament.

Present were: Mmes. Byron Baldwin, Bertie Lewis, Minnie Voyles, Hulda Wilson, Ward Gurley, Frank Ellis, Bryan Adams, Omer Hill, Ida Hutcherson, W. R. Scott, Bill Billington, C. H. Murphy, Rayford Hutcherson, K. B. Chick, J. Fitzjarrald, Grace Duke, Jack Rose, Melissa Anderson, W. R. Parker, Kenneth Parker and W. M. Kilpatrick.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT (SJR 5) Special Election May 18, 1971

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Section 51-a, of the Texas Constitution, be amended to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations herein contained, and such other limitations, restrictions and regulations as may be by the Legislature be deemed expedient, for assistance grants to and/or medical care for, and for rehabilitation and any other services included in the federal laws as they now read or as they may hereafter be amended, providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and for the payment of assistance grants to and/or medical care for, and for rehabilitation and other services to or on behalf of:

(1) Needy aged persons who are citizens of the United States or noncitizens who shall have resided within the boundaries of the United States for at least twenty-five (25) years;

(2) Needy individuals who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps;

(3) Needy blind persons;

(4) Needy dependent children and the caretakers of such children.

"The Legislature may prescribe such other eligibility requirements for participation

in these programs as it deems appropriate.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of State funds paid for assistance grants for needy dependent children and the caretakers of the children shall not exceed Fifty-Five Million Dollars (\$55,000,000) during any fiscal year.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to the State for these purposes, then and in that event the

Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this State."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on May 18, 1971, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment removing the limitation on the total State appropriations for assistance grants for the needy aged, the needy disabled, and the needy blind, and setting a limitation on total State appropriations during any fiscal year for assistance grants for needy dependent children and the caretakers of such children."

Friendly Sewing Club Meets With Mrs. Jean Lamb

The Friendly Sewing Club met Tuesday afternoon in the home of Mrs. Jean Lamb, with Mrs. Larry Simpson presiding.

Mrs. Jean Lamb offered prayer and the minutes of the last meeting were read by Mrs. Pauline Wilson, who also gave the treasurer's report.

Mrs. Birdie Lewis brought the thought for the day using as the text Acts Chapter 10. She concluded with a story by Paul Rees. New year books were distributed by Mona Robertson.

The remainder of the party hours were spent in doing needle work and finishing some pillows. Sabra Rice received the hostess gift.

The hostess served delicious refreshments to Meses. Alla Boswell, Lucy Phillips, Larry Simpson, Birdie Lewis, Mona Robertson, Sabra Rice, Estelle Barber, and hostess, Mrs. Lamb. The next meeting will be held Feb. 23 in the home of Mrs. Birdie Lewis.

51st Chamber of Commerce banquet and Howard had that green tie on again this year. Also, Mayor and Mrs. Lyons of Childress along with their hospitality group and green coats of Shamrock showed up bright. Our old home town boy from Borger, Frank Smith, who is still interested in Hall County and is a regular attendant at these banquets. Another guest I heard introduced was Mayor and wife of East Newlin, Mr. and Mrs. Tom Tippett. Wish I could remember and mention more of the visitors, but not enough space. I think each individual could say, as Larry Hooper would, "I had a good time, too." Sorry Sherron Lee missed his good banquet.

Other items keep coming in for Heritage Hall. Ernest Neal, son of the late Mr. and Mrs. W. L. Neal, who first came to Hall County, one peg awl for harness mending, one hand scales, one wagon wrench, cork screws, three alligator wrenches, hammer, stove pipe damper, one hack wrench that was brought to Hall County with the hack.

Visiting in Heritage Hall the past Saturday were Mr. and Mrs. Bo Hightower and son, Darrell, and daughter, Melinda, of Amarillo. Mrs. Hightower is Kay (Ferrel) Hightower, the daughter of Mr. and Mrs. J. M. Ferrel, Jr. This makes the fourth generation of the Ferrels I have known. The first thing the young Hightowers asked about when they entered Heritage Hall was "Three Toes," the wolf that their great-grandfather killed, as Mr. Barnes who shot the wolf was the father of their grandmother, Minnie Ferrel. Kay graduated from M. H. S. with the 1959 class.

I remember talking to Kay right after she graduated from high school about what her plans were; and she told me she thought

PUNCH LINE OF THE WEEK

WHOEVER SERVES HIS COUNTRY WELL HAS NO NEED OF ANCESTORS.

there was a big field in the world for the computer and that was what she was going to do in her plans for the future. Well, I guess the computer started working for her as the next thing I knew she married Bo and then the two young Hightowers came along, but anyway, I think she gave up on the computer and is now teaching some in the public schools. In talking to Kay, she said, "I have learned one thing. Do not ever say you are not going to do a certain thing as it will backfire on you." Bo Hightower was a graduate of Childress High School in 1956.

Others visiting in Heritage Hall were Mrs. Mark Spencer who had as her guests, her daughter, Betty Sue, now Mrs. Bobby Helm, and her two daughters, Melinda, born in Hall County, and Melissa, born in Pampa, and one son, Terry, born in Pampa. Betty Sue graduated from M. H. S. in 1955 and married Bobby Helm, son of J. N. Helm, Sr., in 1955 and moved to Pampa in 1956 where they now are living.

Bobby is working with the newspaper there. They like Heritage Hall very much and said they were coming back. Tommy Biggers, friend of the family from Pampa, was with the Helm girls.

Visiting in Heritage Hall by special appointment were members of the Den No. 1 Cub Scouts and their Den mothers, Mrs. K. B. Chick and Mrs. Gayle Monzingo. This bunch of boys seemed to get a kick out of seeing the animals along with the rattlesnakes. Also enjoyed seeing the school room, seeing the pictures of their mothers and grandmothers in the school room. Lewis White, Virgil McGee, Don Gaze and George Morey of Childress visited in Heritage Hall the past week.

In checking our daily registration last week we found that for the past six months, there were about 3,000 registered.

Well, Apollo 14 made the moon! From the television, it looked like they did a lot more exploring this time and the pictures in color were better, but not very appealing to live there even though we have the American flag again planted there. From the pictures, it seems that you have to jog around and I think jogging could get tiresome.

In conversation with a Hall County lady the day they landed on the moon, she told me it was her birthday and she reminded me how progress had gone along since she came to Hall County and Collingsworth County in 1893 in a covered wagon when she was five years old. Hattie Susan

(Fisher) Mabry, with three brothers and sisters, arrived to settle two miles north of Salt Flat. Their mother and father were the late Mr. and Mrs. W. D. Fisher, and in this family were 10 children and only two now survive, Hattie Susan Mabry of Memphis and Leon Fisher of El Paso. The four children of Mr. and Mrs. W. D. (Wes) Mabry are: Mary Lee of Memphis, Mrs. Glen (Clyde) Roden of Dallas, Mrs. Coy Farbrough of Memphis and Bud Mabry of Arizona.

I had the pleasure of being a guest of Willie Mae in Community Center Building of the 1913 Study Club, of which she is a member. They had their regular guest program and dinner which is an annual affair where they can take their husbands as guests. A versatile group: farmers, cotton buyers, ranchmen, telephone manager, automobile dealer, merchant, county commissioner, newspaperman, school teacher, football coach, banker, insurance and others that I may have overlooked. In looking over a head view of the members of the club, I noticed there were about 25 ladies present and the members were in age from the twenties on up. I think there were five natural

greys and about 10 with natural color hair and others with artificial wigs and some streaks in their hair-dos. Not only a good looking group of ladies but good cooks.

The entertainment was outstanding as Temple Deaver showed his picture slides that he and Betty made on one of their tours of Peru and South American countries, which were interesting, and showed how the people lived there now in different seasons of the year with their primitive farming and the amazing stone work done by the native Indians in the early days. I did not see any tractors for farming in any of the pictures. If you have a chance to see these pictures, don't miss them!

Man is changing things so fast it is hard to keep up. I noticed in the daily paper where the Senate is changing George Washington's birthday from Feb. 22 to Feb. 15 on account of the new weekend holidays. But, I think they will observe both dates before February is over. So many changes taking place, I wonder sometimes if they have changed the Sabbath Day for sports, all types. Anyway, we better go along with what the law says. I see in

the newspaper where a man and his wife are being sued in New York City by the State Tax Collector to try to collect \$61.18 penalty and interest claiming the 2 was due on their 1967 past income tax. We better not miss 2 or 3 cents on our income tax.

The snow finally came the past week and it made a pretty picture over the county giving us some moisture which we were longing for.

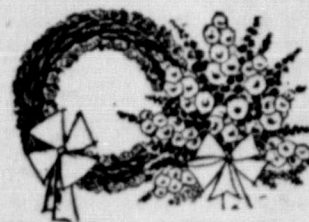

Charlie Williams still has time to sharpen the ladies scissors free if they will bring them in.

3 Hall County Men Inducted Into U. S. Army

Six area men have been inducted into the Armed Forces of the United States, according to a release from Texas Local Board No. 20, serving Childress, Cottle, Hall, Briscoe and Collingsworth counties.

The following registrants reported for induction into the Armed Forces on Wednesday, Feb. 10:

Hall County—Rodney L. Sams, Lakeview; Gary L. Fuller, Memphis; and Kenneth L. Moore, Estelline.

Briscoe—Stanley W. Gamble, Silvertown, and Lonnie W. McDonald, Quitaque.

Childress—Alexander Sims, Jr., of Childress (volunteer).

Speed and endurance are the European hare's primary defense against danger. They have been clocked at 60 miles an hour over a 100-yard stretch.

YOUR COUNTY AGENT SAYS

Inspect Peach Trees

Now is a good time to inspect peach trees for lesser peach tree borer damage. Both the trunk and limbs may be severely damaged by this pest. The feeding of the larvae in the tree weakens or kills the tree or limbs and provides entry for rot-producing organisms. Lesser peach tree borer damage may be detected by inspecting the tree for masses of gum mixed with grass and sawdust which exude from the feeding areas under the bark, according to County Agent W. R. Hooser.

During early spring the adults can be seen flying about the tree trunk. They are metallic blue-black moths which resemble the wasps. The females deposit eggs on rough bark at the margins of wounded trees. The eggs hatch into white larvae with dark-brown heads. They are about one inch long when fully developed.

Healthy trees are seldom attacked by these insects. Proper pruning and shaping of trees to prevent splitting and breaking of limbs will decrease chances of lesser peach tree borer infestations.

This insect may be controlled by painting affected areas with PDB in oil. This solution may be prepared by dissolving one pound of PDB (moth crystals) in one half gallon of miscible dormant oil and diluting with one gallon of water. Only the affected areas should be treated and do not circle the entire trunk or limb with the solution.

The treatment should be applied on a warm, sunny day after all leaves have shed from trees. The application of parathion sprays for the control of fruit-infesting insects during March and April are effective in reducing populations of lesser peach tree borer moths.

During the winter months, the snakes hibernate in dens below the frost line to keep from freezing to death. They have no control over their body temperature.

Farmers were a bit worried for awhile when they read the newspaper headline stating that the cream of the country is going to Reno to be separated.

district tournament will be held in Memphis Feb. 25 and 26. Fans should make plans to attend the girls tournament here weekend because all four girls teams participating are capable on any given night of defeating any other team.

Although Lakeview won the round robin, it was only after splitting games with Turkey, and in these games, the victor was decided only in the final minute. But Hedley and Quitaque girls can not be counted out, for Hedley defeated Turkey this season and Quitaque has given both Turkey and Lakeview real scares in other games.

Any of the four teams have a shot at the championship at this point.

The Lakeview girls, under Coach Cagle Davis, possibly have a little more experience under pressure than the other teams for they have several members back from a district championship squad last season. This experience began showing up in the final stages of the round robin, especially when Lakeview came from behind to defeat Turkey in a crucial game at Turkey. Lakeview had some starters out due to illness but some of the younger girls did a good job.

Fans should find the tournament an exciting affair. The Memphis gym is a large one, court-wise and in seating capacity, and should adequately handle the crowd.

Registration Date On Voter Sign-Up Extended, Feb. 28

County Tax Assessor-Collector Melissa Anderson received notification this week from Martin Dies, Jr., Secretary of State of the State of Texas, that voter registration will be extended until Sunday, Feb. 28.

The deadline of Jan. 31 on voter registration has been extended until Feb. 28, 1971, for citizens who failed to register to be eligible voters.

All citizens 21 or over need to register to be eligible to vote in all school, city, state and national elections. Voters aged 18 to 20 must register to be eligible to vote in all national elections.

A truly sensible girl is not as sensible as she looks, because a sensible girl has more sense than to look sensible.

Commissioners Fail In Effort To Get Trapper

The Hall County Commissioners Court, acting upon a petition to secure the service of a government trapper for the southern precincts of Hall County, have found their efforts unsuccessful.

County Judge E. (Gip) McMurry stated this week he has been notified that there are no funds available from the Parks and Wildlife Service to pay a government trapper.

Memphis Lions To Have Annual Sweetheart Nite

The Memphis Lions Club annual Sweetheart Banquet will be held Monday evening, Feb. 15, in the Memphis Community Center.

Boss Lion Bill Hall announced the banquet date this week and reported that the meeting will take the place of the regular Wednesday noon meeting of the Memphis civic club that week.

The banquet will begin at 7:30 p. m. Lion Danny Scarborough is in charge of the program. The local Lions Club several years ago initiated the Sweetheart Banquet during the Valentine's season to honor wives and ladies as a special occasion, the president pointed out.

All Lions are urged to attend and bring their ladies to the Sweetheart Banquet.

Memphis Gun Club To Hold Trap Shoot Sunday

The Memphis Gun Club will hold a trap shooting contest Sunday afternoon beginning at 1:30 o'clock, C. B. Howard, president, announced this week. The contest will be held at the gun club range located east of the airport on Highway 1547.

Merchandise will be awarded to top individual winners in each event. The public is invited to be present and participate in the contest, President Howard said.

Griffith Boots

(Continued from Page 1)

Griffith predicted the first boot work will begin either Friday or Saturday in the new plant. "We have several pairs in various stages of completion now," he said.

The Griffith Boot is known everywhere for its quality and original styling. The company has many mail order customers, and mail orders come in from all the states in the U. S., from England, Canada, Hawaii, Alaska, Vietnam, and several other foreign countries.

Griffith said that the equipment in the plant is capable of producing 480 pairs of cowboy boots every eight hours if they ever wanted to go into the wholesale field.

He said he prefers the custom-made market. The catalogue contains many styles and choices of

materials, with prices ranging from \$64.50 all the way up to several hundred dollars. Leathers include: calf, kangaroo, lizard, and alligator.

The firm makes men's or ladies' boots, for either work, service, dress or show.

When repairs on the building are completed, the firm will have a showroom set up at the factory, located west of the Hall County ASCS office.
