## Estelline Opens Dist. Play At Guthrie Fri.

The Estelline Bears, 3-0, will open one of their district's toughest teams at Guthrie Friday night and the winner of this contest could have a big leg on the district crown. Guthrie is 4-1. Estelline Coach Jimmie Donms said his Bears are going to play consistently well at Guthrie to stay in the district. "and our defense will have a good Guthrie from scoring every time they get the football." Guthrie was scouted last Friday as they defeated Three Way 12-0. Estelline coach said the Bears squad has seven of their starters back from the team that defeated Estelline last year in the district crown. They lost their great running back, Pettet, but he has been replaced by FB Roy Keith who carried the football over 50 per cent of the time. That impressed Coach Adams most about Guthrie was their quickness off the snap. They run a simplified offense and have good executions with

real quick kids," he said. "Guthrie is primarily a running team but does throw successfully." Defensively, Guthrie's 5-1-2 is led by Noseguard Henry Moya, and Linebacker Steve Brennan, and is described as having good pursuit. For the Bears, Coach Adams said his team was inconsistent against Northside in their 30 to 12 victory. "We fumbled too much and made too many mistakes," he said. The coach said his team will have a hard workout Wednesday, but so far has not had injuries. "We'll go with our same line up," he added. "Our defense is our weakest point, primarily because our defense doesn't get to workout against a full offense. We have played three games, while Guthrie has played five, and our defense just hasn't had the experience of recognizing the different developments such as screen passes, halfbacks slipping into the

## Y. Z. Taylor, Lifelong Res., Dies; Rites Mon.

Funeral services for Y. Z. Taylor, 50, were held at 2:00 p. m. Monday, Oct. 11, in the Church of Christ with Tom Anderson, minister of the Stinnett Church of Christ, officiating. Burial was in Fairview Cemetery under the direction of Spicer Funeral Home. Graveside services were conducted by the Simmons-Noel Post of the American Legion. Mr. Taylor died Saturday morning after apparently suffering a heart attack while on a tractor en route to his farm about 4 miles west of Memphis. Born Sept. 2, 1921, in Hall County, Mr. Taylor was a lifelong resident of Memphis. In addition to farming, he operated the Y. Z. Taylor Garage in Memphis. He was a Veteran of World War II and was a member of the Church of Christ. Survivors include his wife, Jane Alice of Memphis; one son, Kerry M. of the family home, a daughter, Anita Cheryl, also of the home; and three brothers, Lawrence of Wichita Falls, Troy of Arlington and Coy Don of Abilene.

Pall bearers were W. M. Davis, H. A. Holt, Bill Hall, Gene Hughs, Don Davis and Mackie Allen. Honorary pall bearers were Robert Clark, Cecil Stargel, Gip McMurry, Doug Burgess, Robert L. Moss, Clinton Voyles, Monte Alewine, Garland Coldiron and Olton Pate.

## 'Golden Greeter' Jackets Can Now Be Ordered

The Community and Area Development Committee of the Chamber of Commerce has undertaken the project of establishing a delegation of chamber men to serve as "Golden Greeters." All that is necessary for a chamber member to do to join the "Golden Greeters" is to purchase a jacket (blazer) and be ready to wear it to greet dignitaries, visitors, and to serve as official representatives of Memphis at out-of-town functions. Jackets can be ordered from: Frank B. Foxhall, James Brown, Lester Campbell or Chamber Manager Bill Whitten. Individuals ordering the jackets will be required to pay for them, and it is hoped that several will place orders.

MIKE BROWNING

## QB Mike Browning Is Top Class A Player

Cyclone's junior quarterback, Mike Browning, was named the A Player of the Week by the Amarillo Daily News Wednesday, for his play against the well Wildcats. Browning edged out White as the signal caller, Ricky Hoskins to win the selection. Mike Davis, Cyclone halfback, is setting individual rushing records for Memphis every time he carries the ball and who added another 188 yards against Crowell, was also praised for his performance against Crowell. He carried 122 yards in 77 carries this season, and he scored four times Friday's game. Browning, the Crowell contest was his finest performance as he passed for 221 yards, 12 of 20, and threw for 12 TDs, and two conversions. Although Browning does not have the football a lot, he handles duties as a ball carrier adequately, and rushed for one touchdown in the Crowell game. Browning mixes his passing and running plays which keep the offense off balance and has pulled the Cyclone offense to the high-scoring mark, 42 points per game, of any team in the Pan-

# City To Vote On Ad Valorem Tax For Greenbelt Water Authority

## Memphis Still In Greenbelt Water Authority

Citizens of Memphis will vote Saturday, Nov. 6, upon the proposition of paying an ad valorem tax upon their property to Greenbelt Municipal and Industrial Water Authority. The decision to hold the tax election in the six towns and cities of the Greenbelt Authority was finalized at a meeting of the Authority's board of directors Sunday night, it was revealed here Tuesday night. Members of the Memphis City Council met with a group of men representing the Greenbelt Authority at the De Ville Restaurant, at which time all phases of the proposition were explained by the visitors. A legal notice is published elsewhere in this edition of The Democrat explaining the issue. It was stated by a spokesman at the City Council Tuesday night that it was estimated the tax to be asked would be 45 cents per \$10 valuation upon the property of Memphis citizens as well as those residing in Clarendon, Hedley, Childress, Quannah and Crowell, if the voters approve the proposition. Attending the meeting here were Kenneth Dale, mayor; Eddie Foxhall, Olton Pate, Troy Phillips, Rayford Hutcherson, J. O. Dixon, Homer Tribble and Johnny Farnsworth, alderman; A. L. Gailey, city secretary; and John Deaver II, city attorney. Alderman Kenneth Parker was unable to attend. Also present were Wendell Harrison, board of directors member; Frank B. Foxhall, manager of Donley County Water Control & Improvement District; and Herschel Combs. Out-of-town persons who were here to explain the Greenbelt Authority's position, were: James L. Kuhn, general manager of the Greenbelt Authority, Clarendon; Danny Burger, Development Fund manager of Texas Water Development Board, Austin; Jack H. Bowen, administrator of Technical Services, Texas Water Development Board; Peter M. Tart, attorney, McCall, Parkhurst, Pierce Securities Corp., Dallas; and William Lowe, Greenbelt Authority attorney of Clarendon. Upon the ballot which will be used by voters Nov. 6 at the election is the following proposition: "For" or "Against"—The issuance of bonds to refund outstanding revenue bonds and the levying of ad valorem taxes to provide for the payment thereof, and the pledging of revenue of the Authority to the payment thereof. A Wen-electio n.0.hora u.ated; The legal notice, published elsewhere, gives a fuller explanation. (Continued on Page 10)

## Memphis Opens District Play At Silvertown Friday

The race for District 2-A crown begins Friday and for Memphis the first key game is set for 7:30 p.m. in Silvertown as the Cyclone takes on the Owls. Other district games have McLean playing Claude and Wheeler playing Clarendon. The Owls have a three and two record so far this season as Coach Eugene Jennings' team has defeated Lorenzo 32 to 7, Turley 27 to 0 and Groom 21 to 6, while losing to Happy 40 to 6 and Petersburg 28 to 6. The Owls won the district opener last year from Memphis 18 to 8 in a game played in wet and muddy conditions. Memphis is possibly favored in this contest, due to the strength of pre-district games, as the Cyclone has a 4-1 record with an impressive 47 to 28 victory over Crowell last week. The Owls are led by three senior captains, Tackle David Kelburn, QB Mana Martin and FB Marvin Self. Self is a converted tackle and weighs well over 200 lbs., and he has good speed for his size. QB Martin runs the Owls wishbone-T attack, and the Owls are primarily a running team but they also pass the football. Along with these three seniors, starting offensively, the Owls have four juniors, Guards John Burson and Mark Hutsell, Tackle Mike Grady and End Terry Culwell. Sophomores starting are Center Red Clayton, and Halfbacks Carl Gallington or David McCoy, and Craig Culwell. Coach McMurray reported to Cyclone Boosters Tuesday night that the Cyclone would have another tough workout Wednesday before going to the light workout sessions on Thursday. The coach indicated the Cyclone would go with the starting lineup he has used the past few weeks, with Browning, Davis, T. Johnson, and Cremen as backs, and Larry Johnson, Kennon, Miller, Thompson, Limer, Carroll and Wynn at ends. In the Cyclone's offensive pattern, Wynn and Jeffers alternate in and out. The coach said the team received its share of bruises in the Crowell game, but physically the squad is ready to go in the district opener. Coach McMurray had praise for all the Cyclones in the Crowell game, stating that it was a real team effort.

## Bank Deposits Show Slight Fall Increase

Hall County citizens and others have approximately more on deposit now in the three county banks than they had a year ago, statements of condition of the banks revealed this week. Statement of condition reports of the three banks, Peoples State Bank of Turkey, First State Bank and First National Bank of Memphis, are published elsewhere in this issue. Total assets of the three banks are \$17,996,850.77 as of Sept. 30, 1971, which is \$210,747.36 above the total a year ago. In total deposits, the Sept., 1971, figure is \$16,206,663.83, or \$145,303.93 above a year ago. Also up was the loans total of the three banks which now stand at \$8,865,743.44, an increase of \$379,982.28 above the 1970 figure. With a prospect of a good crop in the fields, bankers are hoping to set a record high at the end of 1971 in total deposits. Livestock prospects for the winter are picking up as good August and September rains have brought good grass cover throughout the area.

## Longtime Res., Mrs. May Odell Is Buried Sat.

Funeral services for Mrs. W. B. (May) Odell, 87, were held at 2:30 p. m. Saturday, Oct. 9, in the Church of Christ here. Tom Anderson, minister of the Stinnett Church of Christ, officiated. Burial was in Fairview Cemetery under the direction of Spicer Funeral Home. Mrs. Odell passed away at 4:45 a. m. Friday in Hall County Hospital. A resident of Memphis for the past 42 years, Mrs. Odell was born May 24, 1884, in Cookeville, Tenn. She was united in marriage to William Odell Oct. 13, 1910, in Jacksboro. Mr. Odell preceded her in death in 1953. She was a member of the Church of Christ. Survivors include: three daughters, Mrs. M. G. Alewine of Memphis, Mrs. W. A. Kiser of Richmond, Calif., and Mrs. Georgia Mack of Pampa; one son, W. B. Odell of Friendswood; 21 grandchildren and 10 great-grandchildren. Pall bearers were Ben Spear, Gip McMurry, Gene Hughs, Olton Pate, Homer Tribble and J. W. Ivy.

## C. E. Rains, Amarillo Res., Buried At Hedley

Hedley services were held at 2:00 p. m. Tuesday in the First Baptist Church for Charles Edward Rains, 60, of 1602 N. Woodland in Amarillo. Officiating was the Rev. J. J. Terry, pastor, assisted by the Rev. Johnny Hoggatt, a Baptist minister. Burial was in Rowe Cemetery at Hedley under the direction of Spicer Funeral Home. Mr. Rains died Sunday, Oct. 10, Born Feb. 19, 1911, in Hedley, he had resided in Amarillo several years. Mr. Rains was a carpenter and a member of the Highland Baptist Church. Survivors include: one daughter, Mrs. Sarah Everett of San Antonio; a brother, Ike Rains of Hedley; a sister, Mrs. Mabel Bridges of Hedley; and two granddaughters. Pall bearers were Charlie Johnson, Winfield Mosley, Leroy Richardson, Otis Owens, Lloyd Leggett and Paul Lair. Honorary pall bearers were Homer Simmons, D. C. Kinsey, Elmore Bailey, W. E. Hill, C. Z. Vanzandt and C. D. Messer.

## Bingo Party To Raise Funds For Cancer Unit

A Bingo party Friday night, Oct. 15, at 7:30 p. m. at the American Legion Hall will raise funds for the Hall County Unit of the American Cancer Society, Mrs. Lorean Hart, campaign chairman, has announced. All local residents are invited to being donated to the Cancer Society, by the American Legion, she stated. All local resident are invited to attend and participate in this worthwhile project, it was stated. All monies donated to the local unit are used to fight cancer, research, and education. Only a small amount of the money is used for administrative purposes.

## Purcell To Speak

# County Farm Bureau Meet Is Saturday

Hall County Farm Bureau members and their guests were reminded this week by President Leon Helm of the annual convention to be held in the Community Center here, Saturday, Oct. 16. The affair will begin with a chilli supper starting at 6:30 p. m. Then, at 7:30 p. m., the business meeting is planned and all Farm Bureau members are urged to attend and take part. Several resolutions will be presented for consideration, seven directors will be elected. The speaker of the evening will be Rep. Graham Purcell of Wichita Falls, who has announced that he will speak on the wage-price freeze and other current issues. President Helm said that everyone will have an opportunity to ask questions of Rep. Purcell after his address. Door prizes will be given away to those attending.

## EDITORIAL

### Better Returns To Cotton Growers

A move was announced last week which is aimed at increasing better returns to cotton growers by the board of directors of cotton incorporated, the organization which represents the research and marketing interests of more than 300,000 cotton producers through their \$1.00-per-bale program.

According to plans of the governing board of the producer-owned organization, emphasis will be placed upon retail promotion as a market stimulant. The research and marketing efforts are to be intensified since cotton consumption in the domestic market is on the upturn. It is noted that some important apparel manufacturers are returning to cotton; so promotion of cotton products at the retail level will be tripled in advertising by producers' dollars. Mills and product manufacturers will be able to support their commitment to cotton by their participation in this type campaign.

Programs aimed at building cotton's volume and influencing fiber content in all fabric lines include chain stores merchandising, trade advertising and a special trade advertising program in fabric development. These will incorporate fabric design innovations and styling into new market opportunities for cotton.

Also, projects in equipment technology, seed cotton handling, ginning and packaging, and quality equalation will be emphasized. The research committee will concentrate on more efficient production systems, boll weevil and bollworm-budworm control.

A concerted effort on the part of merchants, growers and manufacturers of cotton products is the answer to the threat of synthetic fibers which have invaded this nation for many years. The answer will be up to the purchaser, in most instances the housewife, as she makes her selection in the stores which sell textile products.

### Voter Registration Changes!

Many changes in the political structure of the State of Texas will be effective in the future. This is caused by the new year-voter registration law which went into effect Friday, Oct. 1.

New rules governing the operation of political party conventions also will begin operating during 1972.

All citizens should keep in mind the following major provisions in the new voter registration act:

1. Voters can register at any time (except for a temporary cutoff 31 days before each election). Registration is good for three years, and is automatically renewed by participation in an election during that period. The old registration period, one of the shortest in the nation, was Oct. 1-Jan. 31.

2. Eighteen-to-21-year-olds may register and are eligible to vote in local, state and federal elections under a new U. S. Constitutional Amendment.

3. Roving or resident registration deputies may sign up voters anywhere—apartments, union halls, club rooms, dormitories, industrial plants, office buildings, supermarkets or private residences. The law provides that "no voter registrar shall refuse to deputize a person." This is expected to increase sharply the use of deputies to round up voters.

Predictions range upwards of 5,000,000 total eligible voters in 1972, an increase of 1,000,000 over 1970.

Voters must have resided in the state a year and in a county for six months to qualify for local election participation. Those who have lived in Texas more than 30 days but less than a year before the November 1972 general election can vote for presidential and vice presidential candidates under special residency registration with county clerks.

### What Other Editors Say

#### School Tax System Shaken

A three judge federal court has ruled that property taxes in Alabama must be assessed on a uniform basis, so that one taxpayer does not pay on a smaller percentage of fair market value than another.

This is a second recent court ruling in regard to property taxes which threatens to shake up the whole system of ad valorem taxation and do away with long-standing practice.

The Alabama decision, coming on the heels of a California court decision, are of special interest to us here in Ochiltree County where school tax litigation is threatened by rural property owners who think their taxes are too high.

The California decision held that the state's method of financing public schools by local property taxes is unconstitutional. This decision hinged on the theory that poorer districts are discriminated against by such a system because their total tax valuations, and their school income, is less than other districts and therefore their school children get an inferior education.

The Alabama decision is being appealed and will go on the U. S. Supreme Court. All states are watching it closely, because if the high court rules that all property taxes must be assessed on a uniform basis, it will signal the filing of tax suits everywhere.

It will probably mean a shake-up in counties like Ochiltree where admittedly there is a difference in assessment. Business property and city homes are assessed at 20 per cent of market value while farm land is assessed at less than 10 per cent of its market value. It is a common practice in Texas

for county assessors to place industrial property on the tax roll at a greater percentage of market value than residential property.

A suit has been filed in federal court by the Forth Worth public schools, joined by Dallas and Houston, claiming that property tax valuations for school purposes vary widely among the counties of the state and even within counties.

The aim of the suit is not to overturn the system of school financial support, as in California, but to prevent school districts which tax themselves fairly heavily from being penalized in favor of those who make less effort. State aid is said to benefit those counties which tax themselves less on local property and this lawsuit, if successful, will affect every school in the state.

The pending suit against the Perryton school district will claim that the valuation of land, set at \$250 per acre on irrigated land \$175 per acre on dry land, and \$60 per acre on grass land, is above its current market value. It will be up to the plaintiffs to prove that these are not market values of this class of property.

The State Constitution provides that ad valorem taxation shall be "equal and uniform" and based on the fair market value of property.

It appears that we have not seen the end of tax disputes in this state, or across the nation.

by BYRON BALDWIN

Mrs. C. W. (Minnie) Kinslow, of Eldorado, Ark., was visiting in Hall County Heritage Hall last week. We remember her as a strong supporter of Heritage and she did a lot of work in helping up the displays. She also contributed to this project in every way. We miss Minnie very much in our town as she always had so much "get up and go" about her. She brought a picture of the 1909 graduating class to be put on display in the school room collection. There were 10 girls and five boys in this class. The girls were Elizabeth Williams, Lila Fuller, Ira Williams, Hattie Lou Cunningham, Elsie Orr and two of the boys were Bill Bragg, Frank Greene, and Kinard, Bill Allen and Hardwick. All of the boys in this class are now deceased. In a picture was the Supt. of Schools at that time, T. A. Taggart. He was supt. of the schools in this area until he moved here in 1907. I first moved here in 1907. Checking the 1913 school books in Memphis schools, we find that faculty at that time was com-

posed of 10 grade teachers, three high school teachers, a principal and the superintendent, making a total of 15 in the two buildings, one on Main Street and the other building located on the Bradley land east of the railroad. We have really made progress in education in the past 60 years since our cafeteria was a piece of cold sausage inside a cold biscuit and our drinking fountain was a tin cup to dip in the water buckets.

Speaking of schools, I had a conversation with Emma (Wheat) Baskerville and she told me that she had visited with her first school teacher a few days ago in Amarillo. This teacher was Mrs. A. H. Wilborn who is now 99 years old and in good health. I talked to one more of this teacher's pupils who is still living here and that is Alla Boswell. There may be others still living here who went to school to this same teacher. The Wilborn family moved from here in the early 1900's for Mrs. Wilborn's health and it proved to be a good move where Mr. Wilborn established the Wilborn Bros. sheet metal works. His son, Herbert, is still carrying on. Also, there were two girls in the family, Genebeth Cox, now of Amarillo, and Ailene Moberly of Mobile, Ala.

Mrs. A. L. Rogers had as her guest in Hall County Heritage Hall, Thelma Hodges Gilbert and her daughter, Rhonda. Thelma is the daughter of the late Ike and Mrs. Hodges. Thelma left here in 1955, moving to Spearman and on to Fort Worth where she now

lives. She married Jack Gilbert, son of Mr. and Mrs. E. R. Gilbert of Estelline, in 1948. Jack Gilbert passed away in 1967 and also Thelma's brother, Leroy, was killed in Vietnam in the same year. We do not hear of this very often of a brother marrying the widow of his deceased brother, but it did happen in this case as when she re-married, she married B. G. Gilbert who was a brother of her first husband. I think you will find something about this in the Bible. This is found in the 25th chapter of Deuteronomy. Some of the school mates Thelma remembered were Bill Davis, Virginia Smith and Jimmy Bounds.

Others visiting in Heritage Hall were Teresa Carson of Okla. City and also as her guest of the same city was Sherry Thomas. Teresa, the daughter of Mr. and Mrs. Chester Carson, has been a natural artist for several years before going to art school there.

Mr. and Mrs. Wayne Fulton of Amarillo were visiting in Heritage Hall with their daughter and her husband, Mr. and Mrs. Geary Brogden. After taking to Mrs. Fulton a few minutes, I found out that she was the former Kate Barnett, daughter of the late Mr. and Mrs. Calvin Barnett who lived in this area many years ago and moved to Canyon to get his children educated. She was the baby of this family and she was born in Clarendon in 1915. There were 12 children in this family and 8 are now living. Some of you will

remember Calvin Barnett when he was in the cattle business here. The way I remember Mrs. Barnett, Sue Brogden is a reproduction of her grandmother.

Mr. and Mrs. Clyde Pater of Fort Worth were visiting in Heritage Hall. Mrs. Prater was the former Margaret Rawlins. Clyde could remember when his family had a fish and oyster market on the south side of the square. He also remembered when a team ran away on the southeast side of the square and killed his grandfather, A.M. Pollard.

Visiting in Heritage Hall were Rowland Perkins of Sheppard Field and his wife and three daughters who live here. Mrs. Perkins is the granddaughter of the late Horace Reed. Rowland Perkins was born in Lakeview and said Dr. Payne delivered him into this world. The son of E. V. Perkins, he attended school at Lakeview and Lesley. Almost 20 years ago, Rowland joined the Air Force. He had just finished nine months in service in Vietnam. He has also served in other parts of the world which included Germany, England, Japan, Norway, Okinawa, Korea and Philippines. Dovie (Perkins) Durham, daughter of Boots Perkins was visiting in Heritage Hall. She remembered going to school at Lakeview and Lesley. One of her teachers she remembered was Mildred Pittman. Dovie left here in 1951 and has lived in Oklahoma City the past 14 years. She has five children and all living.

Quote from Barefoot Hollow, "Pore old cousin Reb says that after man thar came a woman-'n she's a'been after him ever since."

I had a short visit with our old hometown boy, Frank Smith, now of Borger. At first I thought it was Johnny Carson who had put on a little weight. This is still Frank's "Home Town".

Mrs. Allen (Boodie) Grundy had as her guests in Heritage Hall two former Hall Co. girls, Caro-

lyn (McNeely) Freeman, wife of the late Alfred H. Freeman of Houston, and Mary Helen (McNeely) Sensabaugh, wife of the late B. R. Sensabaugh of Dallas. These two were graduates of MH S, daughters of the late Dr. and Mrs. M. McNeely, who moved here in 1908 and Dr. McNeely practiced dentistry here until 1951. These two ladies were on their way home after spending some time in their summer home at Red River, N. M. However, after looking them over, I thought both of them had been to the "Fountain of Youth". This was their first visit to Heritage Hall and they liked our displays very much. Carolyn's son is the 6th generation of Methodist preachers. He is pastor at Waco.

Another smiling grandma I saw a few days ago was Mrs. Carl Wood with her grandchild (the first). She had bought a fancy Papposesack to carry this baby in and I think they could hang this in the store where she and Graandpa Carl keep an eye on this grandchild.

Bobby West of Dimmitt was

visiting in Hall County Heritage Hall the past week for the first time. Bob is the son of Howard West and the late Mrs. West who will be remembered as Willie Belle (Scott) West who passed away a few months ago. Members of this family were former residents here where they operated a cafe for several years. Bob married Earline Kelly of Childress. They have one daughter, Margo, of the home who is now

### Atalantean Club Enjoys Program On Fine Arts

The Atalantean Club met Wednesday Oct. 6, at 3:30 in the dining room at the Big O Restaurant with Mmes. Hulda Wilson and Eddie Foxhall as hostesses.

Preceding the call to order, the hostess served a dessert course.

Miss Imogene King, president, presided at the meeting, welcoming members and a former charter member of the club, Mrs. C. W. Kinslow of Eldorado, Ark.

The invocation was given by Miss King and the pledge to the flag led by Mrs. Herlie Moreman.

Mrs. Bob Douthit, program chairman, introduced the program "Fine Arts." Mrs. Robert Sexauer in her charming manner gave a most interesting talk, "Magic Words". She traced the origin and power of words, giving examples of statements, poetry prose and fables that have inspired and influenced the world.

In attendance were one guest, Mrs. Kinslow, and members, Mmes. Bryan Adams, Earl Allen, Don Cockrell, Bob Douthit, H. B. Estes, Phillip Lillard, Don Moore, Herlie Moreman, C. H. Murphy, Dub Parker, Lloyd Riddle, Rayford Hutcherson, W. R. Scott, Robert Sexauer, Burl Smith, Lynn Thompson, Claud Johnson Miss Imogene King and hostesses, Mrs. Wilson and Mrs. Foxhall.

### Alpha Circle Has Continuing African Study

The Alpha Circle of the Women's Society of Christian Service met Monday, Oct. 11, at 3 p. m. in the First United Methodist Church to continue the study of Africa.

The leader, Mrs. Tommy Nelson, gave an in-depth report of the chapter, "Change and the Church," from the book titled, "Beyond Independence," by a South African author. She stated that Africans were inclined to relate church and state considering the history of colonial powers. The question is whether the churches now becoming autonomous have the strong leadership necessary for the work, she said.

Mrs. J. J. McDaniel discussed in an informative manner "The Squeezed Generation; African Students in the 70's." She focused her talk on three students as examples of government restrictions on higher education for Africans.

Mrs. Nelson gave the members African proverbs to read and relate to those of America.

Mrs. F. W. Foxhall gave a map talk on Africa's geography and resources.

Mrs. Nelson led the group in the closing prayer.

Those present, other than the above mentioned were: Mmes. J. W. Lawson, Mary Lou Erwin, M. G. Tarver, W. V. Coursey, Lee Brown, Ed Hutcherson and Clent Strygley.

### Randy Dale Is Fresh Congressman At Hardin-Simmons

Randy Dale, freshman student at Hardin-Simmons University at Abilene, was chosen to fill one of four Congressman positions open for freshmen at the school.

Elections were held Wednesday, Oct. 6.

Randy was elected from among 20 candidates campaigning for the four positions.

He is the son of Mr. and Mrs. Kenneth Dale of Memphis.

Mark and Judy Lott of Leveland were weekend visitors in the home of their grandparents, Mr. and Mrs. Jude Gable.

First United States Census was taken in 1790.

By BILL COMBS  
The time has arrived when district play begins, with the Cyclone traveling to Silverton and the Estelline Bears traveling to Guthrie.

Coach Adams of the Bears has urged his team to play consistent football and alert defense if they hope to win the Guthrie game, a team that defeated Estelline for the district crown last year. Seven of Guthrie's eight starters are back this season. If Estelline wins this one, the Bears will have an excellent chance for a tie for the crown and possibly with a victory over Miami another district title. We wish the Bears well in this contest, and hope the Estelline lads play well against Guthrie.

Memphis goes to Silverton. Coach McMurray is urging his team to prepare for a hard, tough game at Silverton, and he points to the physical whipping Memphis took last season in the opener. Coach McMurray has said all season that the Cyclone will take their opponents one at a time. The local team has been showing steady improvement all season, with the best example seen in the Crowell contest last week.

The Memphis defense deserves a lot of praise. The pass defense and the play of Cyclone defensive ends was the best against Crowell I have seen in several seasons. Crowell's volatile offense was frustrated all night, as the Cyclone line read run and pass well and the front five roared through on passing plays and hung tight on running plays. Cyclone safety backs were doing a lot of back patting on the line-men as the pass rush made their job a lot easier and resulted in 16 incomplete passes and only three completions. A lot of teamwork was also seen in the secondary when Tommy Johnson intercepted a Crowell pass and set up one of Memphis' scores.

Congratulations are well in order to QB Mike Browning for making Class A back of the week for his play against Crowell. He is one of the Cyclones that has been improving steadily, at running the multiple offense that has area football fans commenting that Memphis looks like the Dallas Cowboys. Louis Davis was also mentioned again this week for this honor.

I had to sit on the Crowell side Friday night and Crowell's fans, avid football fans to be sure, were really up tight and highly vocal about the events of the game. My wife and I couldn't resist.

A number of Federated Clubwomen in Memphis are making plans to attend the workshop.

#### Better Winter Pastures

Winter pastures planted in legume-grass combinations insure more nutritious grazing over longer periods than can be provided by straight grass pastures.

If winter pasture acreage has not been planted, legume-grass combinations offer a profitable way to supply livestock with needed nutrients over the winter

frain from voicing pleasure, did the over 100 fans from Memphis who couldn't find seating the visitors, side.

The Amarillo paper says the Memphis has the highest scoring offensive unit in the Panhandle averaging 42 points a game. Memphis enters District 2-A play this week, we're pulling for the team to maintain this average.

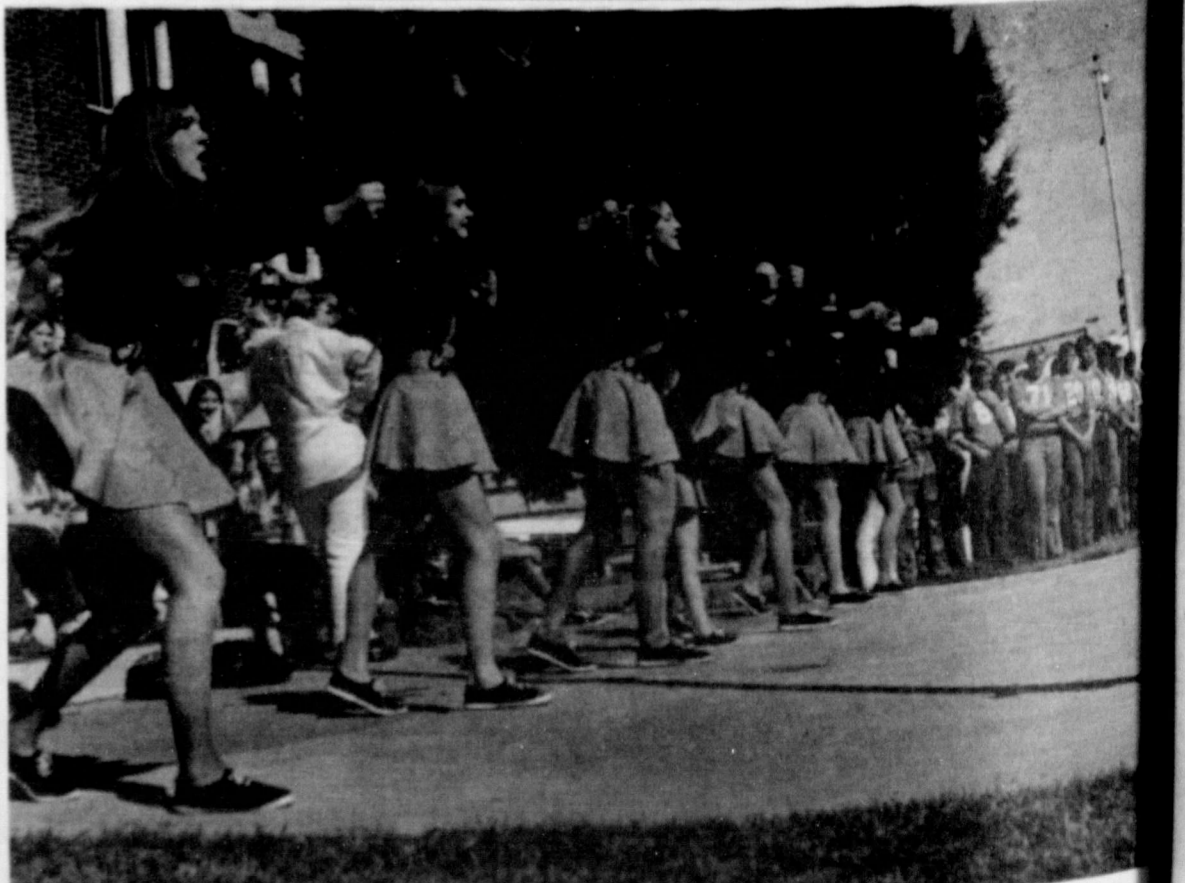

In the words of members of the local squad, they wanted the game story headline to read "Memphis Kro Knobs Crowell" when asked for a definition of the term kro knob, I got a vague answer. May Crowell's football players know what kro knob means. What saw on the football field last Friday was two fine ball club credits to their coaches, schools and towns, playing a game which saw the momentum change back and forth depending on who had the football, where hard hitting was the order of the day for the opening whistle to the first gun, and when it was all over neither team had anything to be ashamed of, reminiscent of another great game between the two clubs in 1970.

Since District 2-A play began Friday, it's interesting to see things which will develop. Memphis against Silverton, Clarendon against Wheeler and Claude meets in Lean. As it appears, Claude is the only team possibly not in contention. McLean, Clarendon and Wheeler were grouped at the top of the district in pre-season predictions, and have ball clubs highly rated just ahead of Silverton. Most attention will be focused on the Clarendon-Wheeler game, a game between the "horses" of the district. Both have lost to Canadian and the game could be a toss up at gametime. McLean is expected to defeat Claude if comparative scores can be indication. Memphis on the other hand has not played anyone Silverton has played, so the game there could be touch and go. Memphis will possibly be favored while on the other hand, Silverton has the home field advantage.

The Cyclone stretched its winning record to four in a row, longest winning streak a Memphis team has put together since the 1967 team finished 7 and 1. Fans are pulling for another victory at Silverton. In talking to Cyclone captains, I am impressed with the determination and spirit in which these young men are approaching each game. The spirit of the entire team is one of anticipation for a chance to win. This eagerness was seen in spring as the off-season program was conducted, continued through the summer months and has certainly manifested itself this fall.

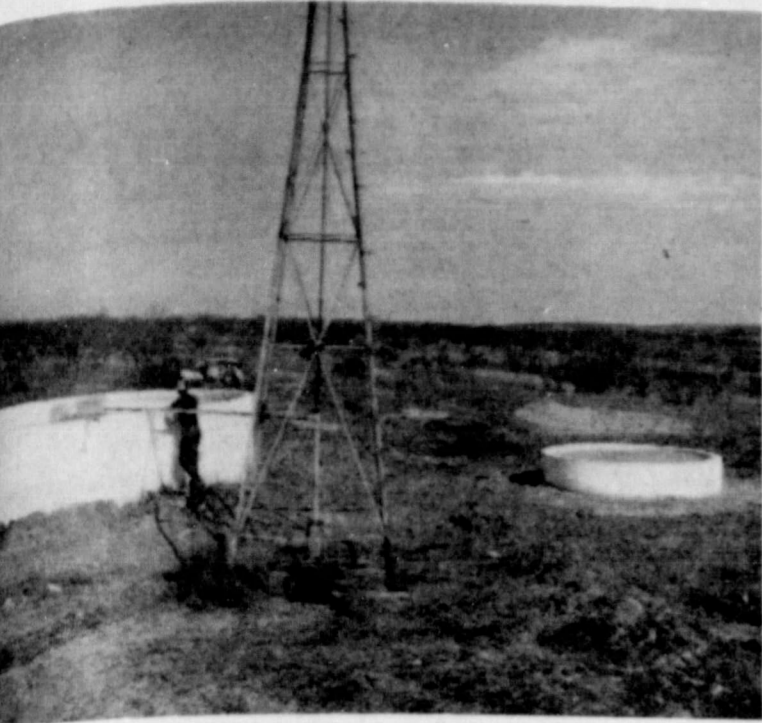

We add our best wishes to football players as they enter into the showdown portion of the season. For Memphis, the five Friday nights are all that for last year the local team did not win one district game. A coveted district trophy awaits the team which puts it all together.

Mr. and Mrs. L. G. Rasco visited two weeks in El Paso with their son and wife, Mr. and Mrs. A. W. Rasco. While there they toured White Sands and Croft on a tour of beautiful foliage.

PEP RALLY—Last Friday, Memphis students and townspeople assembled on the house lawn to stage the above pictured pep rally. Here, cheerleaders led the cheer team members, clad in game jerseys watch.

**WATER STORAGE**—Pictured above is water storage and drinking facilities typical of the ones now being built in the Hall-Childress SWCD. This one is located on the Bridle Bit Grazing Assn. land.

## Water Storage, Drinking Facility Projects Planned For Area Ranges

Water storage and drinking facilities are vital to livestock pasture land in this area and several are now being planned, according to Bill Watson of the Soil Conservation Service, Memphis.

These structures serve a two fold purpose in that they provide water storage and watering facilities for livestock and when built in different locations in a pasture contribute to prevention of soil erosion by wind and water.

This is accomplished by livestock having different locations at which to water, thus conserving soil holding plants around other drinking facilities, states Watson.

Several structures are now being planned and constructed in the Hall-Childress SWCD, among them being the Del Norte Grazing Association, the Bridle Bit Grazing Association and on the Bill Bradley Ranch.

Water storage facilities or combination storage and watering facilities should provide sufficient capacity for one week's supply of water demand, Watson said.

Greenbelt Municipal and Industrial Water Authority:

To the resident, qualified electors of said Authority who own taxable property in said Authority and who have duly rendered the same for taxation, and to all other resident, qualified electors of said Authority:

TAKE NOTICE that an election will be held in said Authority at the time and places, and on the Proposition, as provided in the Resolution Calling an Election, duly passed by the Board of Directors of said Authority, which Resolution is substantially as follows:

### RESOLUTION CALLING AN ELECTION

The State of Texas:  
Counties of Childress, Donley, Foard, Hardeman and Hall;  
Greenbelt Municipal and Industrial Water Authority:

WHEREAS, it is deemed necessary and advisable to call the election hereinafter ordered; and

WHEREAS, it is hereby officially found and determined: that a case of emergency or urgent public necessity exists which requires the holding of the meeting at which this Resolution is adopted, such emergency or urgent public necessity being that the refunding of outstanding bonds of the Authority is required as soon as possible and without delay to preserve the financial integrity of the Authority; and that said meeting was open to the public, and public notice of the time, place and purpose of said meeting was given, all as required by Vernon's Ann. Civ. St. Article 6252-17.

Therefore, be it resolved by the Board of Directors of Greenbelt Municipal and Industrial Water Authority:

1. That an election shall be held on November 6, 1971, in said Authority in the election precincts and at the polling places, and with the Presiding Judges and Alternate Presiding Judges, as follows:

**Precinct A** shall consist of all that part of the Authority contained within the city limits of the City of Childress, Texas. The polling place for Precinct A shall be the Council Chamber of the City Hall, Childress, Texas, and voting shall be conducted during the regular office hours of said City Secretary, with the following election officials:

**Precinct E** shall consist of all that part of the Authority contained within the city limits of the City of Memphis, Texas. The polling place for Precinct E shall be the Council Chamber of the City Hall, Memphis, Texas, and voting shall be conducted during the regular office hours of said City Secretary, with the following election officials:

W. D. Young, Presiding Judge,  
Gordon Gilliam, Alternate Presiding Judge.

**Precinct F** shall consist of all that part of the Authority contained within the city limits of the City of Quanah, Texas. The polling place for Precinct F shall be the Council Chamber of the City Hall, Quanah, Texas, and voting shall be conducted during the regular office hours of said City Secretary, with the following election officials:

J. W. Crockett, Presiding Judge,

Hugh Mabry, Alternate Presiding Judge.

2. That the Presiding Judge shall appoint not less than two qualified election clerks to serve and assist in conducting said election; provided that if the Presiding Judge actually serves as expected, the Alternate Presiding Judge shall be one of such clerks.

3. Absentee voting for said election shall be conducted at the Authority's filter plant located on

Texas State Highway 70, between Clarendon and Pampa, the mailing address of which is P. O. Box 665, Clarendon, Texas 79226. The clerk for absentee voting shall be Sandra Mooring, and the alternate clerk shall be James L. Kuhn. For the period absentee voting is permitted by law, the hours designated for absentee voting shall be from 8:00 A. M. to 5:00 P. M. on each day except Saturdays, Sundays and official state holidays; and the aforesaid clerk shall keep said absentee voting place open during such hours for absentee voting.

Absentee voting shall commence on the 20th day preceding the date of the election herein ordered and shall continue through the fourth day preceding the date of said election.

4. That notice of said election shall be given by posting a substantial copy of this Resolution at three public places in each of the election precincts of said Authority, one of which shall be at the City Hall contained within each precinct, not less than 15 days prior to the date set for said election; and a substantial copy of this Resolution also shall be published on the same day in each of two successive weeks in a newspaper or newspapers of general circulation in each city having territory in the Authority, the date of the first publication to be not less than 14 days prior to the date set for said election. It is hereby found and determined that publication in the manner prescribed herein will accomplish publication in a newspaper or newspapers which are of general circulation in the Authority.

5. That said election shall be held and conducted in effect as two separate but simultaneous elections, to-wit: one election at which only the resident, qualified electors who own taxable property in the Authority and who have duly rendered the same for taxation shall be entitled to vote, and another election at which all other residents, qualified electors of the Authority shall be entitled to vote. The votes cast at each of said separate but simultaneous elections shall be recorded, returned and canvassed separately. It is hereby declared that the purpose of holding the election in such manner is to ascertain arithmetically, with respect to a submitted Proposition, (a) the aggregate votes cast at the election for and against the Proposition by resident, qualified elec-

tors of the Authority, and also (b) the aggregate votes cast at the election for and against the Proposition by resident, qualified electors who own taxable property in the Authority and who have duly rendered the same for taxation. Each elector shall be entitled to vote once, in the precinct of his residence, in accordance with the provisions of this Resolution.

6. That at said election the following Proposition shall be submitted in accordance with law:

### PROPOSITION

Shall the Board of Directors of Greenbelt Municipal and Industrial Water Authority be authorized to issue the bonds of said Authority in an amount not to exceed \$5,475,000, maturing serially or otherwise in not more than forty (40) years from their date, and bearing interest at any rate or rates as shall be determined within the discretion of the Board of Directors of said Authority, for the purpose of refunding and in lieu of a like amount of outstanding bonds of said Authority which are payable from revenues only, and shall the Board of Directors be authorized to levy and pledge, and cause to be assessed and collected, annual ad valorem taxes, on all taxable property in said Authority, sufficient, without limit as to rate or amount, to pay the principal of and interest on said bonds, and to additionally secure the payment of the principal and interest on said bonds by pledging all or part of the revenues of the Authority as may be specified by resolution of the Board of Directors of the Authority, all as provided by law?

7. That the official ballots for said election shall be prepared in accordance with the Texas Election Code, so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid Proposition, which shall be set forth in substantially the following form:

## LETTERS To The Editor

Dear Sir:

Hall County Farm Bureau is in the process of holding their annual convention to develop policies for the coming year. This is the most important thing that we do in Farm Bureau. The thing that makes our organization unique is that we try to involve as many of our people as possible in deciding what we stand for. If, in some cases, only a few folks do make the policy it is only because the other members did not avail themselves of the opportunity of making their own voice heard.

We need more folks participating in this activity for a number of reasons. It's an old saying that two heads are better than one—but it's true. We have enough talent and knowledge in Farm Bureau to find the solution to just about any problem. What we need to do is to harness this talent and put it to work. This can be done in the policy development process.

Another thing, people will support that which they helped make. We can't expect folks to get behind our legislative programs if they haven't had a hand in developing the policies.

The individual member who helps develop policies is more likely to support and defend his organization than is the non-participant member. The more participation we have the more unity we have. Unity is nothing more than commitment to each other in a common cause.

We challenge each and every member of Hall County Farm Bureau to attend the annual county convention and make his voice heard.

Anyone interested in agriculture is invited to attend this meeting.

Memphis Community Center, Chili Supper at 6:30 p. m., Business meeting at 7:30 p. m., Oct. 16, 1971.

# Buying Cotton On 'Hog-Round' Basis

(Editor's Note: The following article was written by Kermit E. Voelkel, member of the staff of National Fibers Economic Research, University of Texas at Austin. Voelkel was officer in charge of the Memphis Cotton Classing Office for many years.)

In 1937 the Smith-Doxey Act was passed by the United States Congress, but it was the following year (1938) before any cotton was classified under this legislation. Its purpose was to encourage improvement in quality and in local marketing conditions. It was a "long and hard" haul at the beginning to convince farmers of the advantages of having cotton classified, and to sell on the basis of quality.

Up to this season (1971) it was estimated that more than 65.0 per cent of all bales ginned were classified by the USDA under the S-D Act.

Currently, much is said and written about buying cotton at gin points on a hog-round basis and buying cotton by contracting crop lots in the field. The price paid, regardless of the qualities in the lot, was the same as long as the cotton was within-grade classification. It is hoped that this method of purchasing cotton is only temporary, and that the situation of supply and demand may change next season so that the marketing system based on quality might again be the method employed.

It could be, however, that the buying based on the grade, staple length and micronaire readings had been over emphasized as factors of evaluating cotton on an individual bale basis. Perhaps it is only necessary to spot check on the above three quality factors to get a fairly good indication of cotton coming from a given

time. We do not think so. There are many people connected with cotton, who would not like to see the return to the "antiquated marketing system" of buying and selling on the basis of "before and after" the rain prices and/or the basis of two grades, "good" and "sorry" cotton.

As of August 1, 1971, it was estimated that 4,850,000 acres of cotton would be harvested in Texas. Based on this acreage, it has been reported that an estimated one (1) million acres were field contracted to date by the trade or slightly more than 20 per cent of the 1971 state's total acreage. As harvesting advanced in the northern and western regions of the state, reportedly the cotton trade is contracting additional fields to make this the largest number of total acres ever contracted under this system.

Some agricultural experts are wondering whether this method of marketing is contributing to the growing of quality cotton—the kind that would help our domestic consumption and increase our export business.

# Cyclones End Wildcats Winning String Friday

The Memphis Cyclone struck the Wildcats early in the game, maintained their poise during matching scoring efforts, and led at halftime 34 to 20. Maintaining a uniform effort throughout the second half, the Cyclone went on to win the contest 47 to 28, in what fans are describing as a really wild football game.

To describe the activities on the field accurately would be almost impossible for the game was filled with outstanding plays on both offense and defense. Possibly, in examination, that the difference in the contest is in the passing department, Memphis' quarterback Mike Spang cranked up his arm and threw a host of Memphis receivers into the act for a 221-yard passing night for Memphis.

On the other hand, Crowell desperately needed an effective passing game to go with a fine running attack, but QB Rex Driener went to the air 20 times and completed three. Although he hit his receivers on approximately 50 per cent of his passing attempts, Cyclone defenders were almost always there to stop the ball, and only once was a pass interference call called onto the Cyclone safety helmet, and that was on an illegal tripping.

It is said that it was the Cyclone's finest defensive night of the season would be justified by the outstanding performance of Crowell.

## Game At A Glance

Cyclone defenders did their job. Crowell received the opening kickoff forcing the Wildcats out. The kick sailed into the arms of Larry Johnson and the Cyclone goalline and returned it to the Memphis 24.

The lightning struck, on the play as Louis Davis found a runner's way out of the end zone, and the Cyclone took the lead as a Browning to Larry Johnson pass added two more points making the score 26-20.

With less than a minute on the clock, Crowell tried to pass, but a fumble resulted and No. 70 for Memphis, Donnie Carroll, recovered on the Crowell 37.

It just took one play, as QB Browning went back and passed the ball to Split End Larry Johnson. The Crowell defender cut in front of Johnson to pick off the pass, but the ball was out of his reach and when Johnson caught it, it was clear sailing to the goalline. Browning passed to End Rogers for the conversion and the score was 34 to 20.

Memphis iced the game away in the opening of the third quarter, as Memphis took the opening kickoff and marched for another TD.

Opening the drive was a 11-yd. pass from Browning to John Carmen to the Crowell 48. On the next play, Browning carried on the option play and went to the Wildcats' 34.

Staying on the ground, the Cyclone offense grounded out the yardage, until Davis carried over for the two-yd. line. Browning kicked the point after and the score was 41 to 20.

Up to this point in the contest, Memphis had not committed a turnover, except for the blocked punt, but the game developed more excitement, (if that could be possible) in the latter stages.

The Cyclone fumbled the football to Crowell on the Memphis 20-yd. line. But the Cyclone defense, holding QB Driver on three consecutive end sweeps to only 7 yards, forced the Wildcats to pass on the fourth down and the pass went wide.

to the wall, couldn't generate any movement, and QB Browning went back to punt. The Wildcats staged a big rush, and the punt was blocked and Bob Burkett grabbed the football for the touchdown. Bachman booted the point after and Crowell led 14 to 12.

This didn't last very long, as the Cyclone marched 63 yards in seven plays to score again. A quick pass from Browning to S E Otho Rogers for six yards and a 12-yd. carry by Davis moved the football to the Wildcats' 45.

Then, Tommy Johnson found room on the pitch and went to the Crowell 18. Here, Crowell's defense stiffened, and on a fourth down, Browning went back, set up, and fired the ball to Larry Jeffers on the goalline for the touchdown. Jeffers made a fine grab of the perfectly thrown pass. Browning tried to bootleg the conversion but Crowell was waiting for it.

Crowell came back, and QB Driver was trapped in the pocket on a pass play, staggered his way free, side stepped two other Cyclone defenders, got blocking along the west sideline, squirmed, twisted and picked his way to the Memphis 1-yd. line before he was finally tackled, for a 65-yd. gain, Crowell's longest for the game. Randy Dorsey carried over for the TD, but Bachman missed the point after kick.

Although well in the second quarter, scoring wasn't over with Crowell leading 20 to 18.

Memphis came right back with a beautiful 55-yard kickoff return by Tommy Johnson, who was tripped up by Crowell's last defender on the Wildcats' 45.

Davis made 11 yards on two carries, Johnson added two more; then, Browning fired to End Rogers for a first down to the Crowell 13. On the next play, Davis wouldn't be stopped up the middle until he dived into the end zone, and the Cyclone took the lead as a Browning to Larry Johnson pass added two more points making the score 26-20.

With less than a minute on the clock, Crowell tried to pass, but a fumble resulted and No. 70 for Memphis, Donnie Carroll, recovered on the Crowell 37.

Taking over on the Memphis 13, the Cyclone marched for a first

down to the 28, but lost the ball on a fumble again on the Memphis 33.

The Wildcats turned this break into eight points, but not until after a tremendous scrap. The Wildcats made a first down to the 22. Then, pass interference was called giving Crowell the ball on the Cyclone 10 and another first down.

Two passes went incomplete. On the third, Harry Swan caught a six-yd. pass, a red flag was thrown, and another two-yds. was tacked on. One the fourth down, Crowell made the TD, and Billy Ray Neal added the two-point conversion.

Momentum of the game swung to Crowell, as Wildcats mounted another drive, after Driver picked off a Browning pass and returned it to the Memphis 48. The Wildcats marched to the Memphis 3-yd. line.

The Cyclone goalline defense came in, and stopped FB Farrar and QB Driver for no gain on two plays. Then, QB Farrar went wide and picked up two yards to the one. On the fourth down, the Wildcats tried a power play with Farrar carrying the football and he was met by a solid wall of humanity and went down for a minus one yard.

This shifted the momentum back to Memphis, as QB Browning hit End Otho Roger on the slant pass, and Roger broke a tackle and went 90 yards to the Gal 3 Memphis Cyclone the Crowell six. But four downs left Memphis one yard short, and Crowell had the ball. Trying to pass out of the hole, in an alert play by Cyclone defenders, Safety Back Tommy Johnson intercepted the pass and returned it to the Crowell 11, sitting up the Cyclone's final score.

The Cyclone had to overcome a five-yd. penalty, which nullified a big gain by HB Davis. On the fourth down, Memphis was on the 9, and QB Browning on the play action, spun around and fired the football into the arms of Tight End Larry Wynn for the touchdown. Browning's kick was no good.

The Wildcats tried a 32-yd. field goal on the last play of the game but the attempt went wide.

But the Crowell defense, cracked through and caused a fumble in the Cyclone backfield and recovered the fumble.

In the waning minutes of the contest, Memphis got the football when QB Farrar was dumped on Crowell seven before being pulled down from behind.

Louis Davis carried the football 23 times for 188 yards averaging 8.2 yards per carry. Tommy Johnson carried 13 times for 65 yards for a 5.0 average. Browning carried six times for 12 yards. Paul Fowler carried one time for three and Ronald Canada carried one time for five.

19 years old which makes it not seem possible that time has slipped away so fast. There were two other boys in the Howard West family, Jimmy, now of Andrews, and Billy of Plainview.

Others visiting in Heritage Hall were Mr. and Mrs. Everett Bell of Wellington, also two of Everett's sisters-in-law were with them, Percy Bell of Salinas, Calif., and Lois E. Jones of Milpitas, Calif. Everett was reared in Hall County, the son of the late A. J. Bell. He attended school in Memphis and some of his teachers he remembered were Carrie Bell Lee, Linda East, Elsie Guthrie and Esta McElrath. Everett said he worked at two different jobs here, five years for Jim Nail and 10 years for the Gerlachs. Mrs. Everett Bell, Percy and Lois E. Jones were all daughters of the late Mr. and Mrs. Henry C. Jones, both now deceased. There were nine children in this family and all are now living. Percy left here in 1934 and Lois in 1938.

I wonder if they are making king size beds for babies as I saw Mrs. Wendell Cleveland come out of a local store with a stuffed animal about five feet long and said she was getting it for her new and only grandchild. I think she carried a picture of this youngster around with her just in case she meets someone that she had missed. Congratulations

to Grandpa and Grandma Cleveland.

In driving around over a part of Hall County the past week, my observation was that this Co. has more assets on the ground than we have had for several years and they are pretty well diversified with cotton, milo, wheat, alfalfa, cattle, hogs and a surprise to me was about 200 sheep in one pasture. I want to get a little more information on this sheep business from Ronald Morris who seems to be the leader in this business. We are very thankful for the outlook in Hall County for fall harvest season. I hope these ground assets will take care of more of our liabilities than

taxes, insurance and interest and we will all soon be wishing each and everyone "A prosperous New Year".

The old slogan I heard here over 60 years ago, "Hall County can promise more and make less and can promise less and make more than any place", is really true.

A quote from "Barefoot Holler" by Buck Powers, "Uncle Lem said that money was jus lak cow manure—hit warn't a'gonna do no body no good 'til hit gets spread around."

### Local Girl Scouts Enjoy Weekend At Clarendon Camp

Girl Scout Troop 114, under the guidance of Mrs. Mackie Allen, enjoyed the weekend of Oct. 3 and 4 at Clarendon at the new Girl Scout Camp at which a Cadette Camporee was held. "This group of girls which are sixth graders will 'fly up' from being Junior Scouts to being Cadette Scouts," Mrs. Allen said.

Egology projects were assigned to troops from the surrounding towns to help improve the camp site for further use.

Memphis Scouts cooked out at the camp site, participated in the projects, then departed the camp site to spend the night at Sherwood Shores in the Allen's trailer home. They attended church in Clarendon Sunday morning and returned home Sunday afternoon.

Those attending were: Donna Butler, Mary Perkins, Jacque Chappell, Pam Kehr, Linda Hudson, Sandra Allen, Sue Allen, Penny Davis and Mr. and Mrs. Mackie Allen.

Mrs. Allen stated that she personally wanted to thank the parents of the girls. "They are very helpful in everything we do; and if it weren't for parents like them, we couldn't make it," she said.

### Eye Screening Refresher Course Held Here Monday

Six members of the 1913 study club participated in a refresher course for eye screening of preschool children as set up by the Texas Society for the Prevention of Blindness, Inc., Monday morning, October 11; at Travis Elementary school.

Miss Joanne Allen, state Program Consultant from Houston directed the course; pointing out several changes in screening, as recommended by the National Society. A thirty minute film was shown, depicting signs of amblyopia, eye strain, and other sight defects.

Six children from the Travis pre-school class were checked by the volunteer club members, as part of the course.

Club members present for instruction were Mmes. F. W. Foxhall, Bob Hutcherson, J. B. Lawson, Sherron Lee, M. G. Tarver and Larry Votto.

The volunteer eye screening has been a project of the 1913 Study Club for several years.

### Girl Scout Troop 114 Meets Oct. 12; Pam Kehr Is Pres.

Memphis Girl Scout Troop 14 met Tuesday, Oct. 12. Girl members showed much enthusiasm for the coming year, it was reported.

Officers were elected and include: president, Pam Kehr; patrol leaders, Sandra Allen and Jacque Chappell; secretaries for patrols, Debbie Callahan and Donna Butler; publicity chairman, Linda Hudson and Mary Perkins.

"Any girl wishing to be a Girl Scout has until the middle of October to join; after that, they will have to wait until next year. However, anyone transferring from another school who is a registered scout in the community from from which she has moved may join Scouts here, Mrs. Mackie Allen, Scout leader, stated.

### Country Club To Hold Golf Tournery Sunday

The Memphis County Club will hold a best-ball tournament Sunday afternoon, beginning at 1:30 p. m., Mrs. Leon Helm, tournament chairman, announced this week.

The entry fee is \$1.50 and both men and women are invited to participate in the tournament, she said.

### Paymaster Gins Employees Get Service Awards

Four employees of Paymaster Gins located in this area, whose total service equals 55 years, were honored at a service awards dinner held Tuesday night, Oct. 12, at the De Ville Restaurant in Memphis. This function was attended by 14 gin employees and their wives.

The recipient of a 25-year diamond studded tie tack was Doug Burgess, manager of the Paymaster Gin at Brice. It was noted in making this presentation that Mr. Burgess first began work for the Paymaster organization Jan. 1, 1946, at Elk City, Okla. His assignments later included management of gins at Hollis and Ron, Okla., and for a time he was district agriculturalist and clerk in the Memphis office prior to being transferred to the Brice Gin location.

Lewis Lester of Memphis was presented a 20-year service award and during the presentation ceremony sincere appreciation was extended from the entire organization for Lester's outstanding job performance in public, customer, and community relations. The manager of the Paymaster Gin in Memphis, Odell Anthony, was the recipient of a 5-year award, along with Eldon Lyles, manager of the Paymaster Gins located in Ashtola and Clarendon. The Plains District of Paymaster Oil Mill Co. operates oil mills at Lubbock and Littlefield, along with 25 gins, from its district office located in Lubbock. Seven of these gins are located in Hall and Donley counties.

peratures of the coming weeks, can plant a fall garden that will be producing nutritious vegetables throughout the winter in this area.

There is still time for producing some of the tender crops such as lettuce, beets, turnips, mustard, collards, cabbage, broccoli, cauliflower and radishes can also make successful fall crops since they require cool weather for the best quality.

Two crops that can actually give quality yields in the fall are green beans and fall sweet corn.

Probably one of the biggest problems in fall gardening is getting a good emergence of vegetables when seeding is done during hot dry weather. The first step in a method that is usually successful is opening a furrow and irrigating in it after bedding the soil. The irrigation should continue until the soil is well soaked deep into the bed. Seed planted in the moist furrow should be placed at the required depth and a mulch added over the seed to about one-fourth of an inch. The rest of the bed may be mulched to three or four inches, if desired.

Most vegetables will germinate and emerge without further watering after the initial irrigation, but some crops such as carrots are slow to germinate so additional watering may be required to get them to emerge.

flats, etc." he said. The Bears have put together three victories in a row. As they enter district play, it appears that Guthrie, Miami and Estelline will decide the title, as Patton Springs has not fared well.

Darrouzett has cancelled games this season, so the Bears will be open on Oct. 29, Adams said.

Starting lineup will have Billy Easley or Steve Davis at left end, Ricky Pierce at left guard, Donald May at center, Gary Proffitt at right guard and Vernon Moore at right end. Glen Longbine will be at quarterback, Tommy Williams at left half and Roldan Trevino at right half.

Steve Altman, Paul Contreras, Pat Hughes and Mike Kinard round out the Bears' roster.

tion with these words: "Proposition—Shall the Board of Directors of Greenbelt Municipal and Industrial Water Authority be authorized to issue the bonds of said Authority in an amount not to exceed \$5,475,000, maturing serially or otherwise in not more than forty (40) years from their date, and bearing interest at any rate or rates as shall be determined within the discretion of the Board of Directors of said Authority, for the purpose of refunding and in lieu of a like amount of outstanding bonds of said Authority which are payable from revenues only, and shall the Board of Directors be authorized to levy and pledge, and cause to be assessed and collected, annual ad valorem taxes, on all taxable property in said Authority, sufficient without limit as to rate or amount, to pay the principal of and interest on said bonds by pledging all or part of the revenues of the Authority as may be specified by resolution of the Board of Directors of the Authority, all as provided by law?"

The members of the City Council went on record Tuesday night that they were emphatically op-

posed to the ad valorem tax being assessed and collected from the citizens of Memphis. They reminded the out-of-town men that Memphis was no longer in the Authority.

Mayor Kenneth Dale referred to action taken by the City Council at its regular meeting Dec. 1, 1970, when the members voted unanimously to request the Board of Directors of the Greenbelt Authority to introduce a Bill in the Texas Legislature to provide that the City of Memphis be deleted from the Authority.

Secretary Ace Gailey also reminded them that a legal notice was published in The Memphis Democrat in issues of Dec. 10 and 17, 1970, captioned, "Notice of Intent To Introduce a Bill in the Legislature," signed by President S. H. Townsend and Howard B. Stanley for the Board of Directors of Greenbelt Authority. He said that wording of the bill had the effect of deleting Memphis from the Authority.

Gen. Mgr. James L. Kuhn said that the bill was never carried to Austin; that the Greenbelt directors never had it introduced but sent a delegation to Washington which requested that a federal grant be made by Congress. Kuhn reported that Washington never granted the Greenbelt Authority request; so the bill was never introduced in the last session of the Texas Legislature.

"You are still in the Authority," Kuhn stated.
