Greenbelt Board Calls Off Ad Valorem Tax Election

No ad valorem tax election will be held Nov. 6, 1971, in the six member cities of Greenbelt Municipal and Industrial Water Authority. The announcement was made last Thursday afternoon by Wendell Harrison, Memphis member on the board of directors of Greenbelt Authority.

The decision was reached at a closed meeting of the Authority's board of directors in Childress, which started at 3 p. m. at the City Electric Cooperative building in Childress. Prior to the special emergency meeting, a public notice was issued citing the fact that the board of directors had considered the postponing of a previously called election on Nov. 6, 1971 "pertaining to the

issuance of bonds and the levying of ad valorem taxes for the payment thereof."

Funeral Services Held Sunday For Nettie R. Beach

Funeral services for Mrs. Nettie R. Beach, 80, were held at 4:30 p. m. Sunday, Oct. 17, in the First United Methodist Church with the Rev. Tommy Nelson, pastor, officiating.

Interment was in Fairview Cemetery under the direction of Spicer Funeral Home.

Born Aug. 1, 1891, in Whitesboro, Nettie Jewell Beach moved to Memphis in 1909 with her parents and later worked for 17 years in Corpus Christi with the public utilities department. She returned to live in Memphis in 1961.

Surviving is a sister, Mrs. Art Miller of Memphis.

Pall bearers were Robert Sexauer, Homer Tribble, Bob Fowler, Glenn Bruce, O. S. Goodpasture and R. C. Lemons.

Honorary pall bearers were Louie Goffinet, Baker Jones, Mac Tarver and Dr. H. R. Stevenson.

Travis Baptist Youth To Enjoy Weekend Retreat

The Travis Baptist Church is making plans to take 35 young people to Hidden Falls Ranch, located at the south end of Palo Duro Canyon, for a youth retreat Friday and Saturday, Don Moore, educational director, announced Wednesday.

The group will assemble at the church immediately following the football game Friday night and will leave Memphis at 11 p. m.

Plans call for the group to return to Memphis at 8:30 p. m. Saturday evening.

Accompanying the youth will be Mr. and Mrs. Don Moore, Rev. and Mrs. Lloyd Riddle, Mr. and Mrs. Whipmy McQueen and Mrs. Robert Hanvey.

Estelline Bears To Go To Smeyer Fri.

The Estelline Bears, despite what Coach Jimmie Don Adams described as the teams' best defensive effort of the year, lost to Guthrie 16 to 6 in a hard hitting contest at Guthrie.

The team travels to Smeyer, west of Lubbock, for a non-conference game Friday night. The Smeyer team has a 3-3 record this year and has two fine backfield men in Kelly and Lyons. Lyons is considered as one of the fastest boys in Class B.

"We were beat by a good ball club at Guthrie," the coach said, "but we played a real good game, especially on defense."

Guthrie had the football most of the night, the Estelline coach said. "Defensively, we did what we intended to do, but ball possession, some real close fourth down measurements going against us, and some dropped passes made the difference," he added.

All the scoring was in the first half, and the Bears scored on a rollout with Glen Longbine going 35 yards for the touchdown. The conversion was good, but the Bears were in motion, and failed to make the conversion after the penalty.

"I was real pleased with the hitting of the Bears against Guthrie. Physically, we played well enough to win. We made the Guthrie team earn their touchdowns," he said.

About Smeyer, Coach Adams said that the Bears next oppon-

Annual Cotton Guessing Contest Begins Today

The Memphis Democrat's annual cotton guessing contest is underway, Herschel Combs, publisher, announced today.

The contest will continue thru Saturday, Nov. 13, 1971.

All readers of the Democrat are invited to enter a guess in the contest. Guesses are made on the probable number of bales to be ginned in Hall County this season.

Guesses may be made at the Democrat office or by mailing a card to Box 190, Memphis, Texas 79245, listing name, mailing address and number of bales.

No entries will be taken over the telephone under the rules of the contest, primarily because no proof of the actual guess could be retained in the permanent file on telephone conversations.

Hall County has approximately 80,000 acres of cotton this year, up over 18,000 from last year.

The cotton harvest was cut by drought the past two years, but in the county fields now there is a

crop which promises to be one of the better crops, if the freeze should hold off until mid November.

The cotton guessing contest is being held for the 25th consecutive year with readers of this newspaper trying to guess the number of bales of cotton harvested in this county.

The person guessing closest to the actual number of bales ginned will receive a three-year subscription to The Memphis Democrat.

Second place is a two-year subscription and third place is a one-year subscription. Duplicate prizes are awarded in case of a tie.

High School Principal C. E. Voyles announced that District Rule No. 24 needs to be brought to the attention of all fans at district games. This rule states:

"Fans and unauthorized personnel will not be allowed on the playing field or immediate area adjacent to the field except the cheerleaders and school officials before, during and after league games."

This rule prohibits the forming of booster lines to welcome the teams on the field, or the running onto the field after the game to "usher" players to the dressing rolls, etc. Also, it could cost a school a forfeit if the rule was violated.

Memphis In Dist. 2-A

The Memphis Cyclone will remain in District 2-A for the next two years, according to a U. I. L. announcement, but Dist. 2-A will have two new teams.

The Wellington Skyrockets will drop from Class AA to Class A and will be a member of the District 2-A.

Also, the Turkey-Quitaque school consolidation has brought about an increase in classification for these two Class B schools, so this team has also been added to District 2-A.

The district schedule has also been announced, for the 1972 season, which is as follows:

Oct. 6, Claude at Memphis; Oct. 13, McLean at McLean; Oct. 20, Clarendon at Memphis; Oct. 17, Wheeler at Memphis; Nov. 3, Wellington at Wellington; Nov. 10, Turkey-Quitaque at Memphis; and Nov. 17, Silverton at Silver-

ton.

Also, according to the U. I. L. announcement, football workouts will begin one week earlier than they did this year, and the first game night will be one week earlier, Sept. 7. Teams will be allowed to play their 10-game schedules on 11 Friday nights so long as all games have been played by Nov. 18. This will bring about an open date on many teams' schedules.

Rounding out the Cyclone's 1972 schedule, Memphis will open the season against White Deer Sept. 8. Then Memphis will play Childress at Memphis on Sept. 15, and travel to Crowell on Sept. 22. Sept. 29 will be an open date for Memphis.

The offensive line of Wheeler has adequate size with Pat and Ronnie Hill at tackles, both averaging 195, Noel Glazier and Jim Brooks at guards at 166.

Defensively, Mark Arganbright, 240-lb. senior plays nose guard for the Mustangs and Weatherly and Ricky Hefley are line backers. Noel Glazier and Rod Weatherly are captains for the Mustangs.

Memphis Coach Clyde McMurray told Cyclone boosters that if workouts this week are indications, the Memphis squad will make a good accounting of themselves against Wheeler.

"Whether or not we win will be determined on the grass on the playing field Friday night," he said. The starting lineup for the Cyclone will be about the same as the local squad used last week against Silverton, the coach indicated.

Naturally, since Memphis relies on an offense which moves passing and running plays, local coaches are hoping for dry playing conditions Friday night.

About the Silverton game, Coach McMurray said several boys deserve recognition for outstanding play. Robert Snider, Terry Wynn, and Larry Jeffers had real good night on defense, he said.

"Offensively, I think Tommy Johnson in the Silverton game showed periods of being an outstanding running back. He was our leading ground gainer, and each week, as he gains experience, he is doing a better job of running the football," the coach said.

The Cyclone, with the Silverton victory, captured their first Dist. 2-A victory under Coach McMurray, and cracked the 50 per cent season winning record, extending their winning streak to five.

Survivors include: his parents, Mr. and Mrs. Wendell Mitchell of Lakeview; a brother, John J. of Phoenix, Ariz.; and two sisters, Mrs. Calvin Koelder of Hale Center, and Mrs. Nell Dean of Plainview.

Pall bearers were James Skinner, Joe Neal Berry, Russell Payne, Billy Hancock, Collin Craghead, David Payne, Barney Paul Watson and Jackie Blum.

Interment was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mr. Hutchins passed away at 8:05 p. m. Thursday in Hall County Hospital.

Mr. Hutchins, a retired farmer who lived three miles west of Memphis, was born July 6, 1895, in Memphis. He was united in marriage to Ethel Paschall on March 14, 1917, at Memphis.

Cyclone Band To Go To Marching Contest

Memphis Cyclone Band will play Band Favorites Friday at halftime of the Memphis game, then go to I. L. marching contest in next Tuesday.

Contestants for Band Favorites are Bobby Clark and Randy Daway, and Ramona Ballew and Dena Gardenhire, girls.

When Class A bands will be for Division I marching at Canyon in Buffalo on Tuesday, and the Memphis band has been working hard to capture the marching grade.

The Cyclone Band needs a Division I rating in marching to have a shot at another Sweepstakes. The local band captured a sweepstakes last year under Miss Blain, and the group has been working hard this fall to try to repeat the feat.

Memphis twirlers will perform routines and also My-

queen will be crowned Saturday night.

An added attraction this year will be a country store where fresh and canned home cooked food will be sold.

Events of the carnival include: bingo, fishing, doll rack, cake walk, milk bottle throw, basketball throw, fish bowl, dart throw, ring prize and cigar throw.

A concession stand will also be in operation during the carnival.

Halloween Carnival Plans Are Given For Oct. 29-30 In Lakeview Gym.

Lakeview P-TO and the Junior Class will sponsor a Halloween Carnival on Friday and Saturday nights, Oct. 29 and 30. The carnival starts at 6:30 p. m. each night, in the Lakeview Gymnasium.

Along with the carnival will be the king and queen crowning ceremonies, set for 9:45 p. m. each of the two nights. The Grade School king and queen will be crowned Friday night and the Junior and High School king and

queen will be crowned Saturday night.

Windstorms Are Worse Than Tornadoes?

According to figures compiled by the National Weather Service, windstorms accounted for at least \$50 million in property damage in the United States for each of the last ten years—and in some of those years caused more than \$500 million in damage.

The National Weather Service figures bear truth that windstorms cause more damage than do the arch-villians of twisting winds of tornadoes and hurricanes.

"We don't hear much about windstorms because few people are affected by each of them," says Edwin P. Wiegel, public affairs officer for the National Weather Service. "The big storms like Celia get the headlines. Yet year in and year out it's the rather ordinary winds that account for the greatest property damage."

The average number of hurricanes and tropical storms is about four, the average number of tornadoes about 600 and the number of windstorms—many of them with violently destructive winds—is estimated in the tens of thousands.

Windstorms are also significant, though unrecognized, cause of death. Lightning from electrical storms kills more people each year on the average than any other weather event.

It is common for windstorms to blow at hurricane speeds of 75 miles an hour for brief periods, Mr. Wiegel comments. "These short bursts of speed inflict considerable damage by blowing off shingles, damaging crops or causing unstable buildings to collapse."

Among the interesting facts about blowing winds is some strong advice to mobile home owners. Mobile homes are becoming more and more popular in rural communities and the National Weather Service gives this strong advice to owners of mobile homes.

"Unless it is anchored, a mobile home can be overturned by even a 45 mile-per-hour wind if it happens to hit at just the wrong angle. Winds that would merely rip the shingles off a conventional house can send an unsecured mobile home rolling like an empty shoebox."

Dr. Richards H. Simpson, director of the National Hurricane Center, says, "I wouldn't think of leaving my mobile home without straps attached to holdfasts embedded in concrete."

Along with this advice to mobile home owners, the service also advises that windstorms are a good time to stay indoors but away from electrical appliances. If caught outdoors you should keep away from lightning conductive objects. Many persons aware of this still remain too close to trees. Twice the tree's height is a safe distance.

In the Texas Panhandle, tornadoes and windstorms both are common in the weather picture. Tornadoes can hit almost any time of the year, as was seen this weekend on the Plains as several homes were destroyed by tornadoes. But the Panhandle of Texas also has windstorms, usually accompanied by blowing dust and sand. That season is fast approaching.

By planning, some additional work, and being prepared, the damage caused by windstorms can be reduced in our area. We all know the windstorms are coming, soon.

Stable Until People Learn To Work

Reports in today's news say the Wage-Price-Control Agency will not be permanent, and will be done away with when the economy becomes stable. Let's hope the economy does become stable and the agencies are forgotten soon.

But that doesn't seem likely. To us "soon" is a year or less. To work our way out of this mess in a year is asking for the impossible.

We seem to have gotten the horse before the cart in our country. We're in a Mess of a Hell. The Federal benevolence, easy morals, and a fast buck have made us a nation of Chiefs. There are no more Indians. Everyone is striving to be white collar and no one wants to work.

American, a great county, was founded on hard work. Our forefathers worked from morning until night and were proud of their effort. The women cooked over a hot stove, sewed washed, milked the cows, gathered the eggs and tended to the garden. The men were in the fields, the factory or their business from early morning until night. Families spent the evenings together and Sunday was a day of rest.

Now we open at 9, close at five and drink coffee half the time in between. At the place of business someone else is expected to do the work, and much of it isn't done—all because we have become accustomed to fat, soft living with the money flowing in-uninterrupted.

We read the other day where there are well over a million people on welfare in New York City. It is hard to understand how the city or the state can stand such a load. It simply means that someone, someplace, must be making a lot of money to pay a lot of taxes to support such a welfare program.

The welfare program in New York City probably includes old age assistance to those who cannot work, aid to needy children, and other forms of relief. But it also means aid to a lot of able bodied men and women who just plain won't work.

No doubt there are those who want to work and who look for a job. But the system is breaking down by the free loaders. Such a condition and expense cannot go on forever—there must be a stopping place. The same report that said well over a million were on relief in New York City, also said more than 30,000 were added to

the rolls in one month.

Maybe it's old-timey, old-fashioned, square, prude and anything else you want to call it, but we cannot continue to live softer and softer, work less and less and spend more and more money. There just must be a reckoning day. Hope it doesn't hurt too much.

Some Hunters Hurting Selves

Another bird hunting season is here, but more and more hunters are finding themselves with less and less opportunity to pursue their favorite sport.

The public hunter is destined to go the same way as the Dodo bird and the dinosaur, and many believe they are digging their own grave with tin cans and plastic forks.

One veteran game officer has declared that more land is posted every year against hunters because of rubbish and debris than for any other reason—even shooting crows.

One can't blame landowners for being irate at having pastures littered with leftover lunches, shell casings and other products designed to comfort the hunter. The most careful man with a shotgun may be that most careless with his sandwich wrapper.

With the squeeze on for land on which to hunt, it becomes the well-heeled hunter who plunks down his cash for a chance to shoot. Leasing the land to those willing to pay doesn't insure the landowner his hunters won't litter, but they may want the hunting rights again next season.

With the plight of the free hunter growing steadily worse, hunting law infractions in some areas are also worsening. Shooting from roadway is the outlet the frustrated hunter without hunting rights may many times

take. Hunting from roadway is at best only dangerous to the hunter. Many innocent people are unknowingly in harm's way when the guns start blazing.

As long as there are men there will be those who hunt, for it is man's nature. It is saddening, however, that if current conditions are not corrected only a very few will be able to afford or able to find a place to ply their sport.

Cyclones Win First District Game 35-7

The Memphis Cyclone registered its first District 2-A victory under Coach Clyde McMurray, by defeating Silverton 35 to 7 Friday night. Jersey numbers were a little mixed up due to the Cyclone playing in jerseys on loan from Amarillo High.

District rules require that visitors play in white jerseys & due to the large number of varsity boys this season, 32, Memphis has ordered a new set of white jerseys which hasn't arrived.

Amarillo High loaned the jerseys to the supplier.

The Cyclone took command of the game early, as Memphis got possession of the football at mid-field following a Silverton punt. Tommy Johnson, No. 23, stepped off eight yards which got the Cyclone's first scoring drive started.

Then, Johnson found a hole open behind the trap block of Guard Glen Miller and cut outside and reared 15 yards to the Silverton 27 for a first down. No. 12 Dana Martin saved the TD by tackling Johnson.

But here the Silverton defense held on two running plays as Louis Davis made three and Johnson was stopped at the line. On a third down, QB Browning's pass to End Larry Johnson was a little high.

Facing a fourth down, QB Browning went back and found End Terry Wynn open and delivered a perfect strike, and Wynn snagged the pass for the Cyclone first TD. The play covered 24 yards. Browning booted the first of five extra points with Mark Stevenson holding and Memphis led 7-0.

Memphis fans had no more settled down when they came to their

feet again, as Silverton went to the airways for the first time, but Louis Davis got his hands up, tipped the ball into the air, and Terry Wynn edged out teammate Charlie Slaughter at grabbing the interception.

With good field position on the Silverton 39, fans were hoping for another TD but it just wasn't to be, despite a good eight-yd. gain by T. Johnson on the first play. Browning and Johnson were each stopped for no gain, and Ronald Canida punted the football into the endzone.

Memphis got good field position four plays later as Johnson fielded a Silverton punt and returned it to the Owls 36.

A pass from Browning to End Larry Johnson moved the ball to the Silverton 24. But here, two holding penalties nullified good gains and moved Memphis way back. Browning did the punting to the Silverton 24.

The Owls made one first down, then punted the football, and Charlie Slaughter fielded it for Memphis, made a good punt return of 15 yards, but was hit hard at the Memphis 30 and Silverton fell on the loose football.

The Owls made a first down in four plays to the Memphis 17, but a fumble resulted and Chris Liner came up with the football for Memphis on the home 17. The Cyclone was held, and Canida got off a 30-yd. punt, which Craig Culwell fielded and returned 20 yards to the Memphis 27.

QB Martin of the Owls picked up nine yards in three plays. The Owls needed one yard for a first down, and Martin stuck the ball in FB Marvin Self's stomach, but Self was racked up hard by the

entire left side of the Cyclone defense, the ball squirted out, there was a scramble for it and Memphis had the football on the Memphis 23.

The Cyclone offense cranked up, at this point and took command of the game. HB Johnson got things rolling with a four-yard gain. Then QB Browning bootlegged the football for 5 yds., and added seven more on another carry.

Memphis' longest gainer of the night came on the next play, a first down on the Memphis 39. Halfback Louis Davis took the outside handoff from QB Browning, End Terry Wynn and Tackle Junior Kennon cross blocked the hole, Guard Chris Liner made the block on the linebacker, and flanker Otho Rogers was able to block out his defender. Davis cracked by the outside linebacker, found himself with a step on Safety Culwell who had stumbled and Davis outran everyone else for a 61-yd. touchdown. Browning booted the point after and the score was 14-0 in the second quarter, with 3:52 left on the clock.

Memphis came right back to score again as Charley Slaughter came up with a Silverton fumble on the 50-yd. line.

Seven plays later Memphis scored. Davis made four yards, then, HB Tommy Johnson made 20 yards on another fine carry. QB Browning hit End Larry Jeffers for seven yards, and HB Johnson batted his way to the Silverton 8 and first down.

Here, a pass went wide, then Johnson plowed his way for five yards to the Silverton three. On the next play, QB Browning stuck the ball into Paul Fowler's stomach, but pulled it out and found plenty of daylight as he scored. The point after was good.

The Owls were held for no gain after the kickoff, and No. 30, Self, went back to punt. The snap from center was over his head and Memphis recovered the ball on the Silverton 9-yd. line with :09 second left on the clock.

QB Browning overthrew his receiver on the first play, but on the second, he found split end Larry Johnson in the corner, and the Silverton defender just couldn't quite slap the ball down. As Johnson made a good catch for the touchdown. The halftime score was Memphis 28, Silverton 0.

Memphis got a drive going after the half, and a pass from Browning to Otho Rogers made one first down, and carries by Davis and Johnson made another. Pass interference was called against Silverton and Memphis was on the Owls 45. But here, a 15-yd. penalty caused the drive to stall.

The Owls went on the offensive, made two first downs to the Memphis 25, but the drive was stopped and the Cyclone took over on the 21-yd. line.

Davis and Johnson on alternate carries made almost 10 yards. Then, on a third and inches, HB Johnson cracked through and rambled 35 yards to the Silverton 30, but the ball got loose when he was tackled and Silverton recovered.

On the next play, the Owls tried a pass out in the right flat, but defensive end Larry Jeffers saw the play develop, reached up and grabbed the pass as it came by, and raced 39 yards for the Cyclone's final tally of the night. Browning kicked the fifth point after, and the score was 35 to 0.

Memphis was cited for a 15-yd. penalty on the kickoff, giving Silverton the ball on the Owls 44-yd. line. On the first down, QB Martin optioned off FB Self, rolled out to his right, pitched the ball to Craig Culwell who managed to get by both Ronald Canida and Louis Davis, and Culwell scored on the 56-yd. run. Self kicked the point after and the score was 35 to 7.

In the next series, Memphis went to the airways, as Browning connected with Terry Wynn for 13-yds. and a first down to the Owls 35. Two penalties, one for 5-yds. and another for 15, set Memphis back to the Memphis 45. Then QB Browning hit HB Johnson for a 20-yd. gain. Then, repeated the same play for 15 more and a first down to the Owls 15-yd. line.

Two pass plays went incomplete, then Browning was dropped for 10-yard loss. Facing fourth down, HB Johnson passed the football to brother Larry Johnson for 19 and one half yards, just short of a first down to the Silverton 5.

Silverton got a drive going from this point, aided by another 15-yd. penalty against Memphis, the Owls marched to the Mem-

phis 42, but the Cyclone defense stiffened at this point and Memphis took over.

Memphis ran three plays and punted to the Silverton 26. The Owls got rolling again, making two first downs to the Memphis 36, before a fumble was recovered and Memphis took over.

With the game in the final minutes, the Cyclone moved for a first down with carries by Davis and Johnson to the Silverton 47. Facing a third and 15, HB Ronald Canida got the call and rushed for 13 yards; then, Canida added nine more on the next play moving the ball to the Silverton 30. Here, however, Paul Fowler made three yards, and Browning was caught behind for line of scrimmage twice, and Silverton took over with time for only one play. The Owls drew a major penalty on the final play of the night.

County Delta Kappa Gamma Members Attend Regional Meet In Panhandle

Using the theme, "And Let It Begin With Me," the Regional Meeting of Delta Kappa Gamma Society, an international organization of women educators, got underway with a breakfast honoring the presidents, directors and vice presidents in the Heritage Room of the First National Bank in Panhandle on Saturday, Oct. 16, at 7:30 p. m.

Attending from Gamma Kappa Chapter were Audrey Tribble, president, and Alma Bruce, vice president.

Registration, exhibits and a coffee was held in the Panhandle High School from 9:00 to 9:30. Gamma Kappa members assisting were: Marjorie Bain on the registration committee and Marietta Jones on the exhibits committee.

Mrs. N. A. Bryant, state parliamentarian, presided during the morning session. The superintendent of the Panhandle Schools brought the welcome. Mrs. Alleen Ledbetter, Gamma Xi, Dumas, gave a report of the Southwest Regional.

Each chapter participated in the morning program. Subject areas presented were: Improving Self-Concepts, We Do Care, Adjusting to Change, Civic Improvement and Economic Problems. Gamma Kappa presented a skit on "Adapting to Change." Characters were: St. Peter, Marietta Jones; Angel, Tops Gilreath; Classroom Clara, L. C. Sweatt; Single Track Sally, Betty White; Grumbling Gordon, Mitti Lowry; Satisfied Sally, Hazel Brandon; Humble Hattie, Naomi Gilbreth; The Devil, Edna Smith. Director was Ethel Hillhouse.

A lovely luncheon was enjoyed at the noon hour. Miss Debbie Westbrook sang "Madame But-

terfly," accompanied by Judy Purvis. Miss Adele Barnes, State Chairman of the Committee on Professional Affairs, spoke on "And Let It Begin With Me."

One hundred thirty-one members were in attendance. Gamma Kappa was second in attendance.

The 1972 Regional will be in Borger, it was announced.

Members from Hall County attending were: Marietta Jones, Marjorie Bain, Carrie Bell King, Ethel Hillhouse, Margaret McElreath, Brunetta Morris, Tops Gilreath, Alma Bruce and Audrey Tribble.

Rites Held In Arkansas For J. M. Rice

Funeral services for J. M. (Shorty) Rice, 52, of Cedarville, Ark., a former long-time resident of Lakeview, were conducted at 11:30 a. m. Tuesday, Oct. 12, in the First Baptist Church at Cedarville.

Burial was in the national cemetery at Ft. Smith, Ark., with the Masons and V. F. W. conducting graveside rites.

Mr. Rice died about 9:00 a. m. Friday in a hospital at Ft. Smith, Ark., after suffering a heart attack.

Born March 1, 1919, and reared south of Lesley, he farmed there until about eight years ago.

His parents, Mrs. J. L. Rice of Turkey and the late Mr. Rice, were pioneer residents of Hall County, having moved here in 1898.

Mr. Rice and his wife (the former Edith Cofer) owned a grocery store in Cedarville. He was a veteran of World War II, a deacon of the First Baptist Church in Cedarville and a Mason.

Surviving are: his wife; three sons, James of Hawaii, Clinton and Lanny, both of the home; two daughters, Mrs. David Isaacs of Robstown and Mrs. Clyde Nivens of Gallup, N. M.; his mother of Turkey; four sisters, Mrs. J. E. West of Fresno, Calif.; Mrs. Loran Denton of Turkey, Mrs. Ronald Nash of Riverside, Calif., and Mrs. Doug Holcomb of Amarillo; one brother, Lloyd Rice, also of Amarillo; and five grandchildren.

Those attending the funeral were Mrs. J. L. Rice, Mr. and Mrs. Loran Denton of Turkey; Mr. and Mrs. Lloyd Rice, Mr. and Mrs. Doug Holcomb of Amarillo; Mrs. J. E. West, Mrs. Ronald Nash of California; a nephew, Jerry Rice of Dallas; a niece, Mrs. Dwain Walker of Happy; an uncle, Mr. and Mrs. Joe Rownds of Clarendon; a cousin, Mr. and Mrs. Emmitt Arrington of Childress; Mrs. Rice's mother, Mrs. Sally Cofer, Mr. and Mrs. Melroy Cofer of Memphis; Mr. and Mrs. Mack Cofer of Lakeview; Mr. and Mrs. Debs Cofer of Houston; a brother, Bill, of Lakeview; and a sister, Mrs. Gayle Monzingo of Memphis, were unable to attend.

CARD OF THANKS

We would like to express our sincere appreciation to our friends for the many kindnesses extended to us during the illness and death of our loved one, Mrs. Nettie Beach. Thank you for the prayers, visits, cards, food, memorials and beautiful flowers. Our special thanks are extended to Dr. Stevenson, Dr. Goodall and the hospital staff for their faithful service.

Three Hall Countians Are Attending State Conservation Dist. Dir. Meet

Lee Scrivner, Henry Gregory and Mack Richards are in McAllen this week attending the 31st annual statewide meeting of Conservation District Directors. The meeting opens Tuesday and continues through Thursday. Mr. Scrivner is chairman of the board of the Hall Soil and Water Conservation District.

The role of conservation districts in environmental improvement is the theme of the meeting which is sponsored by the Texas State Soil and Water Conservation Board.

"Our district is involved in a wide range of activities which benefit the environment," Scrivner said. "Conservation measures reduce sediment, the state's biggest

pollutant. Sediment fills lake, streams, bays and estuaries; it kills fish and ruins their spawning grounds. Treatment of land subject to wind erosion cuts blowing dust, the state's worst air pollutant. We also try to tailor our work to enhance wildlife habitat, outdoor beauty and recreation."

Scrivner also pointed out that upstream watershed protection projects sponsored by conservation districts, counties and cities have vast environmental benefits. Floods not only damage homes and other property but they also kill people, wildlife and livestock.

Conservation districts are trying to step up all environmental activities. Scrivner said he hopes the discussion at the annual meet-

ing will point up ways this can be done.

Speakers during the conference in McAllen will include David Brune, general manager of the Trinity River Authority; State Representative Bill Clayton of Springlake; State Senator Murray Watson of Mart; Clyde W. Graham, state conservationist for the Soil Conservation Service; and Albert Roach of Paris, chairman of the State Soil and Water Conservation Board.

The Texas Association of Soil and Water Conservation Districts, one of the state's oldest conservation organizations, will also meet and elect officers during the state meeting. Doyle Hutcherson of Weatherford is now president of TASWCD.

Conservation districts are local sub-divisions of state government. They utilize and coordinate from the U. S. Soil Conservation Service and other local, state and fe-

deral sources. Their goal is to conserve and develop land, water, forests, wildlife and related resources for maximum benefit of all citizens.

The meeting at McAllen will feature a "Night in Mexico" event staged by the host group, the Southmost Soil and Water Conservation District. Ladies attending the meeting will also be treated to a luncheon and a tour of homes in Reynosa, Mexico.

Sgt. and Mrs. Ronald Maddox are in Memphis to visit her parents, Mr. and Mrs. W. S. Self and also Mrs. Maddox's brother, Ted Self, who is in nurses training at Scott and White Clinic.

The facts are in. The statistics are very clear. The use of lap belts saves lives. The use of lap belts minimizes injury.

Accident statistics also point out that if your lap belt is to do the job it should do, it must be used and used properly.

A lap belt dangling on the floor won't save your neck.

A lap belt too loosely fitted can only be partially effective.

Keep your lap belt on and keep it snug. It can keep you from making a premature trip to the hospital or to the pearly gates.

Pioneer Still Preaching At 90 Years—

Rev. J. L. Crawford Devotes Life-Time To Baptist Ministry

Rev. Luther Jackson Crawford, who has served more than 70 years as a Baptist minister and missionary, will be honored Sunday on his 90th birthday anniversary. In honor of the occasion, all of his seven children and their families will be present. The group will attend services at the First Baptist Church in Hedley at 8:30 a. m. each time one son, The Rev. J. L. Crawford, who has served as a missionary to Brazil for approximately 14 years, will deliver the morning message. Following the worship service, members of the family will enjoy a noon meal in the Fellowship Hall.

REV. J. L. CRAWFORD

Rev. Crawford, who is one of the early-day preachers in this area, was born Oct. 23, 1881, at Donley in Montague County. He attended school there and was called to the ministry at the early age of 16 years, and started preaching in 1898. He was married to Miss Lula Crawford in Bonita Nov. 14, 1900. This union were born seven children. In 1906, Rev. Crawford, his wife and two children moved to the area in a covered wagon. At those days, Rev. Crawford preached and drove to church in a horseback or on horseback to preach on Sunday. The family settled in the community in Collingsworth County, where he preached and farmed for several years. During his 73 years in the ministry, Rev. Crawford said he had preached at every Missionary Baptist Church in Donley, Hall, Childress and Collingsworth Counties. During the pioneer days, he sometimes rode all day by horseback or buggy to arrive at his destination, sometimes going out any lunch. Other than his years in Lamesa, he has lived and worked in this four-county area for 10 years as Associate and during that

time the family lived in Wellington. He has held pastorates at Quail, Hedley, Shamrock, Liberty and Plaska.

While the family was living at Shamrock, Mrs. Crawford passed away June 23, 1957.

In July 1958, Rev. Crawford married his brother's wife, Mrs. Lena Crawford, who had been a widow for several years.

At the age of 90, most people would be retired, but not Rev. Crawford. He preaches regularly, alternating between the Newlin Baptist Church and the Baptist Church at Ring.

He said his hobbies are reading and gardening. Just last year, he decided that he would read the Bible completely through again. He said he had read it many times.

Rev. Crawford recalled that he was a sickly child and it was not until 30 years of age that he really enjoyed good health, which prevails today.

Rev. Crawford said he had lived a full and satisfying life and were he a young man again would

choose to be a minister of the Gospel.

In addition to his seven children, he has 9 step-children, 15 grandchildren, 28 great-grandchildren, and 6 great-great-grandchildren, many of whom will be present for the celebration.

His children are Mrs. V. F. Wade of Hedley, Mrs. Lillie Moore

The Memphis Cyclone Band under direction of Carol Blain, will participate in the U. I. L. Marching Contest in Canyon Tuesday, Oct. 26 in Canyon.

The Cyclone Band will march at 11:44 a. m. and all supporters are invited to be at the West Texas State Stadium to see the Memphis bandsmen march their contest routine.

Also, Friday night, during halftime ceremonies of the Memphis-Wheeler football game, the Cyclone Band will crown Band Favorites, according to Director Blain.

The band is under the field direction of Drum Major Ramona Ballew, with Mylina Miller, Dena Gardenhire, and Diane Clayton as twirlers.

Texas Tech's Dean Killian was here Tuesday and conducted a Marching Clinic with the local band. The band played its contest music and worked on the marching routine, despite a cold, light rain.

Methodist WSCS Meets For Study Monday Afternoon

The Alpha Circle of the Women's Society of Christian Service met Monday, Oct. 18, at 3 p. m. in the First United Methodist Church.

Mrs. M. G. Tarver, as the leader, introduced the third session of the African Study.

Mrs. J. B. Lawson gave an informative review of the problems and conditions of post-independence Africa where many states were unprepared for political stability. Close family ties are breaking up with so many people moving to the cities.

Mrs. Ed Hutcherson discussed, in a provocative manner, two true stories from the book, "Cry Sorrow, Cry Joy", written by Africans. As Africans cry aloud in their literature, one can hear them give new personal, social and cultural definition to themselves.

Mrs. Tarver asked the group questions concerning the study. In closing the program, she read selections from the book of Romans, Chapter 13.

Those present were Mes. W. V. Coursey, W. J. McMaster, Mary Lou Erwin, Clent Srygley, M. G. Tarver, J. B. Lawson, Ed Hutcherson and F. W. Foxhall.

Lakeview Teams Open Season With Wins Over Flomot

Lakeview cager teams opened their season against Flomot last Tuesday night and both Lakeview teams won their games.

The boys were victorious 48 to 34 and the girls won 55 to 20. Coach Cagle Davis said both of his teams are young this season. The boys have one junior and the rest are sophomores and freshmen, while the girls have five juniors, and the rest in lower grades.

Three boys hit in double figures against Flomot, with James Stephens scoring 12 points, Ronny Proby 11 and Tommy Walls 10.

For the girls, Carolyn Hughes had 19, Sherry Proffitt 14 and Byars 10.

Roaring Springs boys will play Lakeview boys next Tuesday night at Lakeview. The girls are looking for a scrimmage game, the coach said.

Clarendon B, Fr.-B Teamers To Play Here

The Memphis B team and freshmen team will join together to play the Clarendon B team at 7 p. m. tonight in Cyclone Stadium.

The freshmen were to play Chillocothe but that school cancelled the game, according to Memphis coaches.

Last Saturday morning, the Memphis freshmen, plus one sophomore, played the Matador B team and won the contest 14 to 12.

QB Wayne Davis came in to quarterback the freshmen due to the ailing of the regular freshman quarterback, Jimmy Melton.

Wayne scored one TD and Alvin Bullock caught a TD pass. Don Davis added the two-point conversion.

About the Clarendon B game, the coach said it was set for 6 p. m., but Memphis is asking Clarendon to agree to play the game at 7 p. m.

Whirlwinds Go To Claude, Are Leading In Dist.

The Memphis 8th Grade team is engaged in district play with junior high teams of District 2-A, and last Thursday night, the Whirlwinds captured an important victory at Wheeler, 14 to 12.

The Whirlwinds of Coach Phillip Lillard enjoyed a first half lead, 14 to 6, but could not manage to score the second half, and Wheeler scored again in the third period, and tried to make a two-point conversion but failed.

Coach Lillard said, "we played better defense in this game than we have been playing."

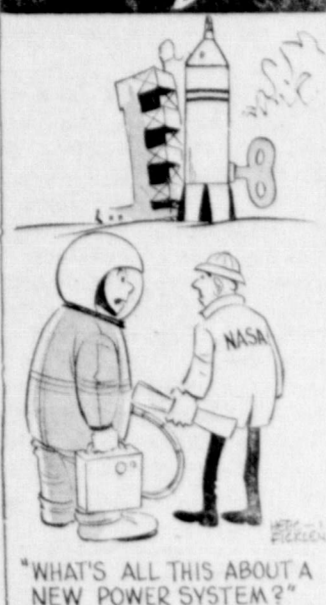

Charles Bryley scored one TD for the 8th graders, and added the two-point conversion, and Ricky Douthitt broke loose and scored the second TD.

The 7th grade team was idle last week, but will travel to Clarendon Thursday for a 4 p. m. game with Clarendon's 7th grade.

The Whirlwinds will travel to Claude to continue in district play. The Whirlwinds are undefeated in district, with Claude and McLean games remaining.

Mr. and Mrs. D. B. Kennedy and Aulis Ayers visited over the weekend at Southwestern State College in Weatherford with their granddaughter and daughter Silvia Ayers, who is a student there. They attended the homecoming football game and parade there.

Tax Man Sam Sez—

Most Texans expect a whole lot of hot weather in August. Even though things have changed over the years and we work in air conditioned comfort, we ride in air conditioned comfort and we sleep in air conditioned comfort in an average case, we still sweat over our problems in August. The friendly tax folks at IRS have come up with this gentle reminder: If you don't want to sweat over your tax problems when you file your tax return on a cold day in January, you better keep your receipts and records during all hot and cold days of 1971.

CARD OF THANKS
We wish to express our gratitude for the prayers and many expressions of love during the illness and passing of our loved one. A special thank you to Dr. Clark and the staff of County Hospital.
May God bless you all.
