JOE WILLIAMS

Joe Williams Is Sales Manager For Mrs. Baird's

Joe Williams, who began his career with Mrs. Baird's in Memphis in 1952, has been named Amarillo Sales Manager for the family-owned baking organization.

A native of Childress, Mr. Williams joined Mrs. Baird's in 1952 and was assigned the sales route based in Memphis. His route in those days included Memphis, Wellington, Dodson, Quail and Hedley. In 1963, he was promoted to sales supervisor and moved to Plainview. He went to Amarillo in August of this year to help with the introduction of Mrs. Baird's products.

Mr. Williams is the son of Mrs. F. M. Williams and the late F. M. Williams of Childress. He is married to the former Peggy Compton, daughter of Mr. and Mrs. Iley Compton of Dumas. They have three children, Joe, Jr.; Nick and Cindy. Joe, Jr. is a senior at Texas Tech and will graduate at mid-term; Nick is a junior at Tech, and Cindy is a junior at Tascosa High in Amarillo.

Cub Scouts Will Hold Organizational Meeting Tonight

The Memphis Cub Scouts will have an organization meeting Thursday evening, Nov. 11, at 6:30 at the Travis Elementary School, according to Wayne Adams, Cubmaster.

All boys interested in becoming Cub Scouts who are 8, 9 or 10 years of age are urged to attend and bring their parents.

Cubmaster Adams stated that though some den mothers had been recruited, others are still needed for the scout dens.

Prominent Legionnaires Visit Local Simmons-Noel Post Friday Evening

The Memphis Simmons-Noel Post of the American Legion was the first stop Friday night for a group of prominent Legionnaires on their swing of the Panhandle area encouraging membership in the Legion.

Visiting here were Clayton Mann of Wichita Falls Post 169, a member of the National Membership and Organization Committee; C. G. McKinzie of Lubbock Post 575, Department Vice-Commander; Dennis Holland of Dodson, Post 535, District Commander of the 18th District; Troy Johnson of Shamrock, Post 68, District Adjutant of the 18th District; and Jack W. Flynt of Dimmitt Post 445, Past Department Commander and National Executive Committeeman.

Commander Jay Stone of the local post stated that N. E. C. Flynt in his talk to the group

said of the American Legion, "It has given of itself more than most organizations for the good of its nation's veterans and the citizens of this country without regard for individual personal gain, but with love for its fellowman."

On Saturday night, the group visited the Henson Post in Amarillo. J. R. Mitchell, representative from the local post, attended the meeting.

Commander Stone stated that the local post, in conjunction with the membership drive, has scheduled a fall day of events for Thursday (today). This morning featured a breakfast from 6:00 until 8:30 a. m. for all veterans, Legion and auxiliary members. Tonight has been designated by Commander Stone as "Veteran's Night" and a dinner will be held at 7:30 honoring veterans and Legion members.

The big showdown game of District 2-A is scheduled for 7:30 p. m. in Broncho Stadium in Clarendon between the Memphis Cyclone and the Clarendon Bronchos Friday. The game will be for the district championship.

For Clarendon, the Bronchos already have a co-championship cinched regardless of the outcome, with their victory over McLean last Friday, 10-6. For Memphis, the contest is a must if the Cyclones want to share in co-championship honors.

Who will represent District 2-A in post season plays will be decided in two contests, the Memphis-Clarendon and the McLean-Wheeler.

McLean must win over Wheeler and hope that Memphis can knock off Clarendon for a three-way tie to develop. Should this come about, a coin would decide which of the three teams would meet the White Deer Bucks in Bi-District.

Coach Clyde McMurray said, "There is no tomorrow if there is no Friday night for us."

"Spirits on our team are high for this is the Clarendon game when Clarendon and Memphis play, records have nothing to do with the outcome, anything can happen," the coach said.

"This could well be a game of crucial third down plays and the team which converts these third downs into first downs the most will eventually win the contest," the coach told local boosters.

Clarendon has an improved ball club over last year and Memphis has a much better ball club.

The Bronchos have good quality athletes, with lean, raw physical talents and their best asset is their fine defense lead by two outstanding linebackers. They have good speed, and are primarily a running team, but have won crucial games by passing the football.

The boys Memphis must stop to win the game are: QB Mack Tomlinson, 140-lb. senior; RHB Steve Carter, 170-lb. junior; LHB Elray King, 168-lb. junior; FB Tommy Shields, 194-lb. junior; and split end Mike Leeper, 142-lb. junior.

Coach Noonkester's squad won district last year and his team's have dominated the Memphis-Clarendon contests in past years.

The Bronchos line is good sized, with 160 to 195 lb. boys.

For the Cyclones, the Clarendon game is one the local team has looked forward to all season. The team has been working hard to prepare for the contest.

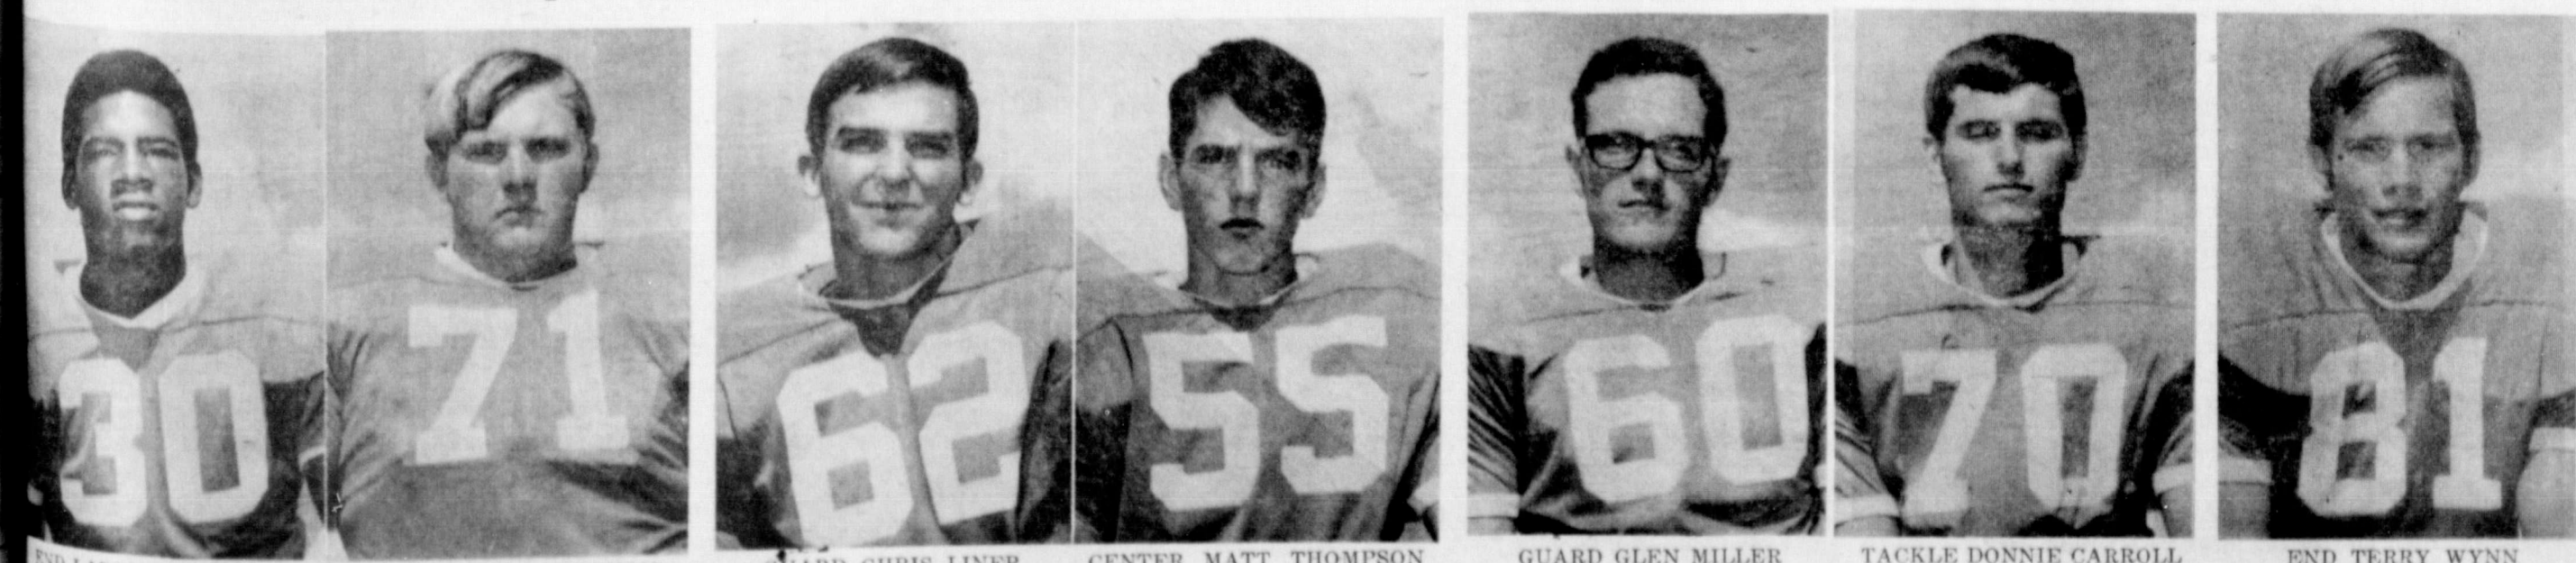

Starting lineup will be: QB Mike Browning, HB Louis Davis, FB Paul Fowler, WB John Carman, Tackles Junior Kennon and Donnie Carroll, Guards Chris Liner and Glen Miller, Center Matt Thompson, and Ends Terry Wynn and Larry Johnson.

Thursdays Games Memphis junior high and junior varsity teams will be playing Wellington squads this evening in the season finals.

The Memphis 7th grade, off impressive 8-6 victory over Childress last week, hosts Wellington 7th at 6 p. m. here.

'Coaches' Day' Proclaimed Friday!

Friday night is the final night of U. I. L. regular season High School football play and Governor Preston Smith has proclaimed the day, "Coaches' Day" in the elementary and secondary Texas schools.

L. W. McCanachie, Executive Vice-President of the Texas High School Coaches' Association received the document after it was signed by Gov. Smith in his office Wednesday, Nov. 3.

THSCA has a membership of 6,583, which represents 99 per cent of the public schools' active and retired coaches and athletic directors. These coaches work with over 450,000 schoolboys in the yearly football programs alone.

The proclamation reads in part, "It is important that our high school coaches be given the recognition they deserve, because in our history where authority and responsibility are being questioned and challenged, the coach is one man who does successfully represent an authority who is respected by all."

"Many leaders in business, education and government today owe much to a coach who, in the past, set an example in character and discipline that befitted their lives."

"It is fitting that the citizens of Texas express their deep gratitude for time, sacrifice and dedication put forth by these men who are the true leaders of our greatest assets, our children."

Coaches work long hours preparing their plans and drilling their teams. They spend many hours with their players, and get to know them well. Coaches, we have found, take their duties very seriously, are always ready to take responsibility for their actions and decisions, and are both critical and complimentary while working with their teams.

Texas is fortunate as a state to have the high caliber of men in the coaching fraternity. These men are coaches because they love it. Sad to say, sometimes, fans only look at the scoreboard and are prone to judge a coach in this way.

The Memphis Cyclone goes against Clarendon Friday night. We can think of no greater compliment to the Memphis coaching staff than if the Cyclone team should come home with a victory, a District Co-Championship, and the best win-loss season in many a year, 8-2. How about it Cyclones?

Fool's Paradise

Many local citizens are living in a fool's paradise. They see a lot of empty buildings in Claude but it has not fully dawned on them just what brought this about. They are vacating for one simple reason, our buying habits.

And if this habit isn't broken soon, we will wind up as a bread and milk stop on our way out of town for what we at one time could buy at home.

What we have lost is community loyalty. A small business cannot participate in mass purchasing, therefore is handicapped at meeting retail prices. We must decide which is more beneficial to us, a prosperous small town or a shopping center that is completely indifferent to us when real need arises.

The strength of any business is determined by the support of its population. When that support dwindles that strength fades and eventually the community loses in many different ways.

So, whether Claude grows and prospers or dwindles to a town of vacant buildings depends solely on you and I. No great power from outside will ever change that picture. It is where our nickels and dimes are spent that will determine the outcome.

What Other Editors Say

A Faster Pace

One of the dreams of big city newspapermen is to long for the day when they can buy a weekly newspaper and take it easy.

Other city residents look longingly at the slow pace and easy living to be found in the small towns of this country and wish they could afford to move into it. We've got news for these people.

Small town living is not necessarily slow paced or easy. They are looking back with nostalgia to the earlier years of this century when perhaps a small town was languid and relaxed. There was a time when people moved at a slow pace, and lounged around the front porch in the evening because there wasn't much else to do.

Today, the typical American small town is perhaps the most frantically over-organized community in the world.

A lot of homeowners find that they don't really have time to take care of their yard properly, much less time to do much reading, because they have so many community and organization jobs.

A businessman is apt to be working for the Chamber of Commerce, active in a civic club, working in the United Fund, taking part on church committees.

His wife is also busy in club work and church work and in community affairs.

The farm family is caught up in 4-H Club work, extension service projects, plus many other organization, livestock improvement or the like.

We quit trying to publish a weekly calendar of events in this community because there are so many meetings every night of the week it is nearly impossible to keep track of them all. At least it might be nearly a full time job to keep a community calendar of events complete and current.

Residents of the big city actually have less pressure, more privacy and fewer demands upon their time than do residents of a small town.

Even the youngsters tend to be over-organized in a small-town more than in a city. Almost all kinds are engaged in a wide variety of projects connected with YCA or Scouting or 4-H or church which take up much of their after-school hours.

One might describe the big city as like an ant hill where the ants trudge back and forth on endless trips to work and to home; in the small town it is more like a beehive, where bees buzz furiously around the hive, never getting very far, but not resting much, either.

The fellow that thinks small town living is slow and relaxing

has obviously been away from one for quite some time.

Travel In Bygone Days

Small spasms of snow would drift across the wagon yard at intervals and it had started to collect on the higher planks of the enclosure. The mud was shoe mouth deep and my father carried my mother to the step of the camp house, then he carried my brother and myself to the same destination. The room was bleak and cold, with smoked walls and rafters above our heads. A galvanized pipe extended above the cast iron bachelorette stove through the roof. My mother found some kindling and a little coal in a battered lard bucket and a match on the greasy table. Presently she had a fire going and had lighted the coal oil lamp and we held our hands close to the stove as warmth spread over the room. My father had unharnessed the horses and fed them when he started to bring in the quilts and our food from the wagon. There was an old bedstead and mattress in the corner of the room, which my mother promptly searched for bed bugs before spreading the quilts. Later she fried cornbread batter and salt bacon in a skillet, and made some coffee. The meal was augmented by sorghum molasses and potatoes, left over from our

Cyclone Shuts Out Claude 30-0 Friday

The Memphis Cyclone overcame a long homecoming losing streak which went back to 1967 by defeating the Claude Mustangs 30-0 Friday night; and in doing so, the Cyclone kept hopes alive for a possible District 2-A championship.

It was in 1967 when the Cyclone downed the Lockey Longhorns 27-13 in a homecoming game. Since then the local team had not won a homecoming out-

The game Friday night with Claude saw the Cyclone using offensive platoon football as off-

ensive during the game the Cyclone had an all senior offense, and all junior offense and also the regular offensive squad, composed of a mixture.

Defensively, the local team went with its regular alignment; however, during the later stages of the game, several young men who have not seen regular action were put to play on defense.

The Mustangs of Claude got the field position twice in the game; once, with a 4th and 2-

ards to go on the Cyclone 13-yard line and once with a 4th and 2 from the Cyclone 15-yard line.

On these times, the Mustangs attempted a field goal, the closest attempt during the game, but all three missed the mark.

On the second time, the Cyclone defense threw Billy Merrill for a 35-yard loss.

Game At A Glance
After two exchanges, the Cyclone attempted a 55-yd. field goal with Mike Browning doing the kicking with a brisk north wind behind the kicker's back, the kick was short.

In the next exchange, as the Cyclone defense held Claude on the home 41, the Cy-

clone's regular offensive unit came in.

On the first play, QB Mike Browning, after executing a play action fader, set up and passed the football to Split End Larry Johnson who had gotten behind the Claude secondary, and Johnson caught the ball in full stride and raced for the TD. The play netted 59 yards. The extra point kick snap was fumbled and Browning picked the ball up and attempted a pass, but the ball was just off the fingers of the receiver. The score was 6-0 at the end of the first quarter.

The Mustangs came back and put together their longest drive of the night, moving 46 yards to the 18, and Claude missed the first of three field goal attempts. This one was 35 yards from the tee to the goalpost.

Taking over the football on the home 20, the Cyclone offense went to work on the ground, and on the first play HB Louis Davis broke loose and raced 80 yards, but the play was called back on a procedure penalty.

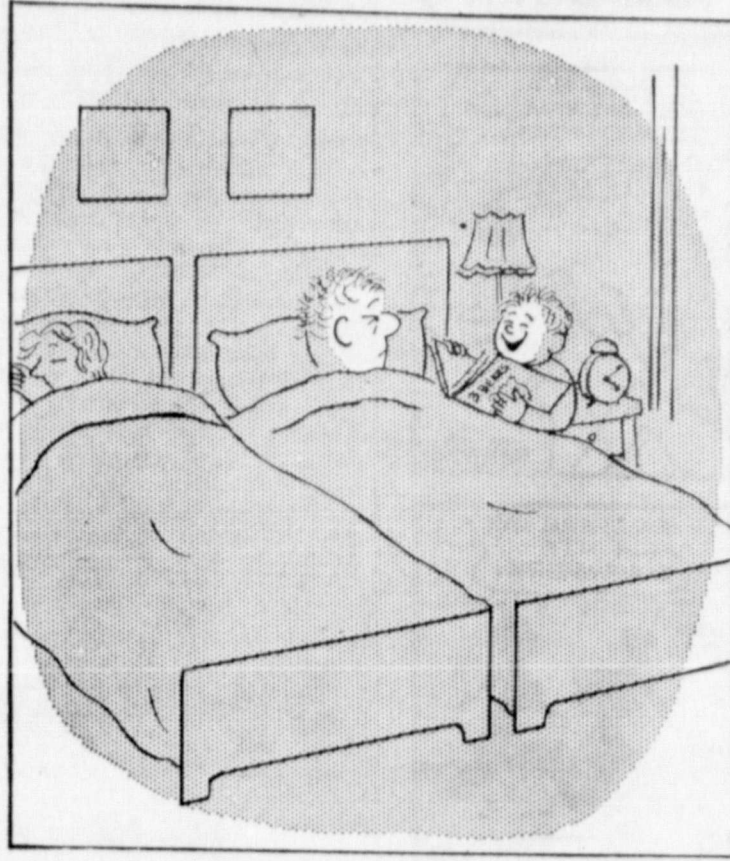

Following the penalty, Memphis moved the ball 85 yards in six plays. FB Paul Fowler got the drive going with a 12-yd. carry, then added yardage for a first down to the home 31.

On the next play, FB Davis ripped loose and raced 50 yards to the Claude 19-yd. line. On the next play, Davis was the victim of a penalty against Claude, and Memphis had a first and goal from the 9-yd. line.

FB Paul Fowler rammed for 5 yards to the 4, then Davis blasted across for the TD. Davis carried on the extra points attempt but the play failed to meet the needed yardage.

The score at halftime was 12-

LAFF OF THE WEEK

"Want to finish this story now?"

Third quarter action saw Memphis in attempting to run out the opening kickoff from Claude, fum-

ble the football and the Mustangs recovered on the home 21.

The Mustangs called on HB Billy Merrill on three carries, which netted 4 yards total, and threw an incomplete pass as the Cyclone defense was unyielding.

Taking over on the home 18, the Cyclone marched for another TD covering 82 in 12 plays. Louis Davis, Paul Fowler and Mike Browning did the running chores on this drive, with the longest gain turned in by Fowler on a 18-yd. carry to the Claude 14-yd. line.

From the 14, Fowler carried on three consecutive plays and scored on the third from four yards out. A pass for points failed as the ball arrived at Larry Johnson the same time a Claude defender did.

The score remained at 18-0 until the final stanza, when senior Donnie Carroll recovered a Claude bobble on the Claude 19-yd. line.

The Clarendon-McLean score had just been announced as Clarendon 10, McLean 6, which put Memphis back into the District 2-A race.

The Cyclone offense quickly went to work, covering 10 yds. in four plays. Davis hit for five, Browning dived for four more, and Fowler ripped for seven to the 3-yd. line. Davis carried over for the TD. QB Mark Stevenson attempted the point after on a carry but fell shy.

The Cyclone's final score came, as the Cyclone offense overcame a 15-yd. penalty and marched 45 yards to score.

A holding penalty nullified a fine pass play from Browning to

Louis Davis.

The 45-yd. scoring drive got going with HB Ronald Canida ripping off five yards. Then, after an incomplete pass, Canida found daylight and raced 25 yards to the Claude 15-yd. line for a first down.

On the next play, Canida found all the blocking he needed as he darted through the Claude secondary for a 15-yd. touchdown gallop. The point after try was missed and the final score stood 30 to 0.

F. H. A. And Commercial Money Loaners To Be Making Farm Loans

TEMPLE, Tex.—Texas farmers will be able to tap the largest supply of supplement credit in history this year through the Farmers Home Administration, State Director Lynn Futch announced this week.

"We project that more than \$81 million will be available to Texas farmers in fiscal year '72, as a result of cooperative efforts between the Farmers Home Administration and commercial lenders," he stated.

The cooperative effort involves having the commercial credit source and Farmers Home Administration make simultaneous loans to a borrower, with the private lender having first claim on the security.

"The farm ownership program is aimed to reach \$30 million—\$15 million of government money, with private lenders participating at a level of \$15 million," Futch continued.

"Projected figures for the farm operating loan program is \$51 million of which \$22½ million—triple last year's figure—comes from regular commercial lenders."

Lending levels of FHA farm programs are also higher because of a substantial boost given the farm ownership program by President Nixon when he announced that national funding would be \$350 million this fiscal year, \$82 million above 1971 level, Futch said.

The President also said the nationwide farm operating loan program would be raised to \$350 million from its present \$275 million level if the Congress would approve legislation changing the program from an appropriation basis to an insured basis.

If this legislation is passed, Futch said, notes of farm borrowers for operating purposes would be sold to investors who, in turn, would be insured against loss on the notes. The investors' money would replenish a revolving fund and would be available for more loan, as is the case now with farm ownership loans.

"It will continue to be our policy to assist people in finding the credit needed to begin farming or to help finance farm operations," he said. "We, therefore, commit government loans only when we cannot involve private money to serve agriculture's credit needs."

"To assure this, county supervisors of the Farmers Home Administration are required to contact another lender with respect to every application for farm ownership or operating funds. "We are pleased with the fine cooperation extended by banks and other credit sources to make this plan work," he concluded.

Dr. N. Hudgins Speaks To Methodist Men In Dallas

Dr. E. Nath Hudgins recently spoke to a group of Methodist men at the Meadowbrook Church in Dallas on "A Medical Mission to Mexico."

He spoke on "Docare" clinical programs established in two communities of Mexico, Barborigame and Juan Mendoza. These medical clinics are operated and supported only by Docare Doctors. "Docare" is made up of doctors and laymen who volunteer their time and money for this organization.

Brother of David Hudgins of Memphis, Dr. Hudgins served in Poly Methodist for 15 years and is now active member of Meadowbrook Methodist Church.

National FHA Adm. To Speak Nov. 19 At Childress Meet

James V. Smith, National Administrator of Farmers Home Administration, Washington D. C., will be the principal speaker at a luncheon to be held at the City Auditorium in Childress, at 12:00 noon on Friday, November 19.

J. Lynn Futch, State Director for Farmers Home Administration, Temple, will accompany Mr. Smith on the speaking engagement and tour.

Mr. Smith's main subject will be in regard to the Thirsty Water System Project which will cover part of six counties; Childress, Hall, Cottle, Foard, Hardeman and Wilbarger, according to Chester L. Sinclair, County Supervisor of Childress County.

The affair is being sponsored by the Childress Chamber of Commerce and Farmers Home Administration.

The public is invited and encouraged to attend, especially persons who will be receiving water as a result of the Thirsty Water System Project.

Tickets for the luncheon are available at \$2.00 each, and for information on where to obtain tickets, contact the FHA County Supervisor of any of the six counties listed above.

In Childress, tickets may be obtained at the Chamber of Commerce Office, First State and First National Bank, Childress Auto Supply, or Farmers Home Administration Office.

Gayle Morrison Is Commended By Tex. Instruments

Gayle Morrison of Houston, son of Mr. and Mrs. W. C. (Buster) Morrison of Memphis, was commended recently by authoritative members of Texas Instruments.

Mr. Morrison has been employed by Texas Instruments for the past 10 years and is a senior technician of the integrated circuits department. He is married to the former Linda Crisman, daughter of Mr. J. W. Crisman of Memphis.

In a memo concerning Morrison, it was stated: "Overall TTL assembly performance has been positively impacted by Mr. Morrison's development of an oven-baked process to minimize quartz cracking during assembly mechanical and thermal stressing."

"Bar inspect yields are up (5 per cent); high rel. chip returns to Bipolar are down (approximately decreased by 40,000 chips per month); assembly 100 percent precap yields are up (approximately 2 per cent) and RSV reliability customer satisfaction improved. Furthermore, chip availability has correspondingly improved."

"Mr. Morrison possesses a keen knowledge of chip processing. He has been an invaluable reference for assembly engineers

Agriculture Production Abundance Is One Of Main Sectors Of U. S. Economy

Texas agriculture produces an abundance of food and fiber each year, so consumers are blessed with a plentiful and high quality supply of produce. Thus, it is appropriate to refect on the agricultural industry in the state in preparation for Food and Fiber Abundance Week in Texas, November 15-21, points out County Agriculture Agent W. B. Hooser.

Cash receipts from farm marketings during 1970 totaled \$3.1 billion with \$1.9 billion coming from livestock and livestock products and the remainder from crops. Total cash receipts are expected to reach the \$3.76 billion mark in 1971.

Agriculture is one of the most efficient sectors of the economy explains Hooser. In 1970, each farm worker supplied himself and 46 other persons with the food and fiber needs.

The county agent also pointed to the fact that Texas consumers are continuing to get a bargain at the food market. The average consumer spent 16.5 percent of his disposable income for food in 1970. Over the past 10 years, the amount of disposable income spent for food has decreased 19 percent. In the meantime, per capita food consumption increased six percent.

Hooser adds that the overall agricultural industry has a tremendous impact on the total economy of the state, adding almost \$10 billion annually. Recent studies show that agriculture has a multiplied effect of 2.7. Therefore if agriculture income increased \$1 million, then the total economy of Texas would increase \$2.7 million.

studies show that agriculture has a multiplied effect of 2.7. Therefore if agriculture income increased \$1 million, then the total economy of Texas would increase \$2.7 million.

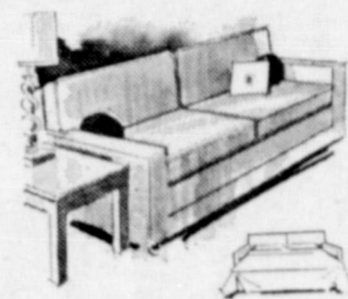

Texas generally ranks third in the United States in total crop and livestock cash receipts after California and Iowa, points out Hooser. Texas is the leading producer of cotton, grain sorghum and several other crops and leads in all cattle, beef cattle, sheep and wool, and goat and mohair.

Arriving Friday for a visit with Mr. and Mrs. Gene Lindsey were her mother, Mrs. H. B. Gilmore of Dallas, and aunt, Mrs. Scott Sigler of Brownwood.

Homemakers At Lakeview Meet, Make Jewelry

The Lakeview Young Homemakers met in regular session on Thursday, Nov. 4.

Mrs. Bertha Gomez brought several of her pretty crocheted necklaces and rings for demonstration. The ladies gathered in small groups to try their hands at the lovely jewelry art. Mrs. Gomez gave instructions. So much fun was had that the group decided to continue the program again next week and several in attendance wanted to learn something new as time ran before they had a chance.

Refreshments of turkey-shaped cookies and punch were served by Mrs. Gomez.

Members present were: Mmes. Ed Griffin, Cagle Davis, Sonny Gears, Jimmy Don Molloy, Jake Hancock, Thollie Lindley, Troy Payne, Larry Lewis, Bertha Gomez and Jim Clark, advisor.

Visiting were Mrs. J. W. Lindley, Jr. and Mrs. George Payne. Mrs. Jake Hancock was elected secretary-treasurer due to Mrs. Walden's recent move to Oklahoma.

Mr. and Mrs. J. R. Brown of Buffalo, Md., announce the engagement and approaching marriage of their daughter, Cynthia Murream, to Brian Howard Welch, son of Mr. and Mrs. Lester Gordon (Junior) Welch, of Esteline.

The wedding will be an event of Sunday, Dec. 5, in the Travis Baptist Church in Memphis at 2:00 p. m.

All friends and relatives of the couple are cordially invited to attend.

Thomas Jefferson, Patrick Henry and George Washington were known as "the pen, the tongue and the sword of the American Revolution."

Wesleyan Guild Meets For Study Monday Night

The Wesleyan Service Guild of the First United Methodist Church met Monday, Nov. 8, at 7 p. m. in the Victory Class Room.

The president, Mazine Phillips, opened the meeting with Hester Bownds giving the invocation. A business session followed at which time the president, assisted by Pauline Wynn, gave a very interesting report on the district meeting held in Berger Sunday, Nov. 7. Ruth Fowler also attended the meeting.

The program, "Reality and Risk" in Cuba was given with Beth Lemons as leader, assisted by Annette Boswell, Pauline Wynn and Lenora Greenhaw in a panel discussion.

The purpose of the program was to become aware of the tensions women face today in Cuba and how their faith sustains them.

At the close, the group sang "A Charge to Keep" followed by the Guild benediction.

Members present, other than those mentioned above, were Mmes. Gloria Nelson, Morris, Mabel Lavender, Valmon Payne, Ora Ritchie, Lucile Burnett, Miss Neville Wrenn and visitor, Mrs. McMaster.

Delicious refreshments were served by the hostess Elsie Gidden.

Those present included: guests Mmes. Ocie Scott, Hucie Lindsey and Momie Smith; and class members—Mmes. Maudie Fitzjarrald, Alla Boswell, Grace Duke, Lottie Kinaard, Bessie Graham, Peaches Harrison, Edna Gilreath, Emma Baskerville, Ora McMurry, Minnie Voyles, Eunice Thornton, Miss Sybil Gurley and the hostesses, Stella Jones and Hulda Wilson.

The meeting was dismissed by Ocie Scott.

Furniture Is Now Need Of Local Housing Center

By VIRGINIA BROWDER

It is said if you want something hoisted abroad, telephone or even better tell a woman. All through this past summer, the air conditioning unit in the community center of the Housing Project was not working properly so little concern was evidenced because there was on furniture in the nice big room with the island fireplace in the center.

Now, cooler weather has come around and the air conditioner, though in good working order, is not needed. Still, except for some very nice folding chairs and tables, the room is bare of furnishings. So, there is now a movement on to gather in some suitable furniture and make this center livable for the tenants, most of whom, because of physical disabilities, are unable to go farther than Vallance Grocery.

If there is someone in town or in the area who has an upright piano in good condition that is just catching dust, it would be most welcome as a gift or on loan to be enjoyed and cared for at the center. Already, folks are offering to contribute furniture and money toward this cause.

With \$150, we can get together the furniture needed to make this a cozy cheerful meeting place. If you would like to help with this project, please contact Virginia Browder as she seems to be the ring-leader of this possum hunt.

Those present included: guests Mmes. Ocie Scott, Hucie Lindsey and Momie Smith; and class members—Mmes. Maudie Fitzjarrald, Alla Boswell, Grace Duke, Lottie Kinaard, Bessie Graham, Peaches Harrison, Edna Gilreath, Emma Baskerville, Ora McMurry, Minnie Voyles, Eunice Thornton, Miss Sybil Gurley and the hostesses, Stella Jones and Hulda Wilson.

November 15-21 Is Designated As Food-Fiber Week

Eat hearty this Thanksgiving and enjoy all those gourmet dishes to your heart's content. At the same time, be thankful for the feast before you because much of it is produced right here in Hall County and you can be sure of the best eating ever, says County Agricultural Agent W. B. Hooser.

This is the time of the year when we should all be thankful for our heritage and the abundance of food and fiber that is available to each of us," Hooser pointed out. "Thus it's only fitting that the week of November 15-21, the week before Thanksgiving, be designated as Texas Food and Fiber Abundance Week."

Local Low Rent Housing Units Prove Asset To Senior Citizens Of County

By VIRGINIA BROWDER

The second tour of the low-rent housing units between Noel-Robertson streets to visit those tenants who were away from home on our first round proved equally as gratifying as the first. This time, we chatted with two fellows whose backgrounds were unique in that they began chewing tobacco at the tender age of six years. To be sure they preferred different brands, Joe Childress chewed Star brand for fifty years but today "cottons" to Day's Work while Loyd Langford likes Red Tag Tinsley. Certainly, neither of these two gentlemen would qualify as members of "The Spit and Argue Club", might even be executives of that organization.

Loyd Langford, the undisputed Mayor of the Noel-Robertson compound, has been married to Oyal Robertson for forty-six years, and I'm sure, happily so. She was a Wellington girl and he hailed from Bonita, in Montague County where he was born. For a time after they were married, he farmed in the Hollis area before working in grocery stores in Pampa. Their marriage was blessed with four daughters, all still living and glad their parents are so comfortable and well satisfied in their apartment.

Most of Joe Childress' brothers and sisters, seven in all, were born in Collin County, but his parents came from Franklin County, Ark. It was in Arkansas that Joe learned to chew tobacco. Joe would twist the fresh leaves from his father's tobacco patch together and dip them in sugar water to make them more palatable. From Collin County, his family moved to Denton County before finally settling in Collingsworth County. He moved his family to Hall County in 1922, settled to farming at Eli.

Joe Childress married in 1905 and was the father of four boys and three girls. Besides chewing tobacco, Joe revels in coon hunting. All they have to do is all up the dogs and he's ready to raring to go.

One time on a coon hunt, the dogs jumped a coon but he ran up a tall sycamore tree. One of the fellows climbed the tree to shake the coon out but came down in a hurry when he discovered instead of a coon the dogs had treed a catamount which is something like a mountain lion. We don't know how well Joe Childress can hunt coons but we do know he can burn the beans as hot as the odor that greeted us on entering his apartment.

Joe Long was seldom seen without a tie and so was fondly known to his friends as "necktie Joe". For ten years, he farmed in the Lakeview area, he was well known for his kindness to others. Since he is gone, Mrs. Long now finds comfort and company keeping house in her apartment and getting with her neighbors. To this time, she likes to croch.

Dansy M. Carmen (Mrs. Henry) was born in Blount County, Ala., but moved with her family

from there when she was nine years old. After she married, she and her husband lived in Wheeler for seven years. By a former marriage, Mr. Carman had three daughters and a son who was killed in World War 11. The Carmens came to Memphis in 1951 and, for a year, lived with their son, Don. After Mr. Carman died, she was left alone and so was delighted to be among the first tenants in the new housing project.

There was only one store in Hollis when Clarence William Royal, aged six, came with his family from Montague County to Harmon County, Okla. Mrs. Royal, on the other hand, was born in Hollis in a half-dugout. Clarence and Mrs. Royal's parents were farming folks in the Hollis area but, after their marriage, they moved to Dodsonville in Collingsworth County and, among other things, Clarence broke broncos and cowboys. He also belonged to the Hollis Riding Club and once won a trophy for his seat in the saddle. He was one of a family of nine boys and seven girls with one set of twins in the number. Except for Mrs. Royal's suffering with arthritis, they are quite happy and cozy in their quarters.

Annie (Mrs. Guy) Kercheville lived with her family eight miles from San Marcos in Hayes County when a little girl. She had just married Guy Kercheville when they moved to Hall County in 1911. They came to Newlin where Guy farmed and ranched. He later bought a farm in the Gilpin community and they lived there for 15 years. In 1940, they moved into Memphis and Guy managed the Farmers Union Supply Store. Two girls and one boy blessed their union. They lost their son in 1963 but one daughter now lives in Dumas and one in Amarillo. During World War II, Guy and his daughter, Ella Mae, worked at Pantex out of Amarillo. After the war, they returned to Memphis where Mr. Kercheville worked in the Coleman-Ferrel Grocery.

Katie (Mrs. Tom) Scoggins was Katie Ashcraft before her marriage to Tom in April 1929. Mrs. Scoggins was born in Honeygrove in Fannin County and came to Hall County when she was nine.

Mr. Scoggins came from Tennessee to Dallas County before coming to Hall County, in 1950. For eight years during the 50's, the Tom Scoggins family lived and farmed in the Clarendon area. Later, they lived on the Sam Fox-hall farm before moving back to Clarendon. To keep from thinking about the gout with which she is afflicted, Mrs. Scoggins does all kinds of handwork. No one is better satisfied with their living facilities than is Katie Scoggins. Judging from the contentment emanating from all the dwellers in the Noel-Robertson apartments, this housing project has been quite a success. Certainly, bouquets should be given to those who, despite all dire predictions, preserved enduring all the headaches consistent with such an undertaking and came through with flying colors.

The first talk of such a project began during the time H. J. Howell was mayor of Memphis, and he became executive director of the board of directors to investigate and pursue the low-rent housing project. Dick Avery was secretary with Billy Thompson, Roy Curran, Clyde Smith, and Dick Fowler the other members of the board. Tom Posey stepped into Dick Avery's office when Avery moved from Memphis. Then, when Howell moved to Ennis, T. B. Rogers became executive director pro tem as well as acting secretary.

Burley Rogers was away for a time to undergo surgery, and, on his return, found the board had disintegrated during his absence. Gene Hamill and David Hamblin were recruited but later both moved away. Burley continued to head the board (commissioners)

LOCALS

Mr. and Mrs. C. W. Hawkins, who had visited here for about three weeks in the home of Mrs. Ruth Harrison, left last Thursday for their home in Houston. The Hawkins are former Memphis residents and they visited friends and relatives while here. Mrs. Hawkins is a sister of Wendell Harrison.

Mr. and Mrs. Hubert Jones took their grandson, Matthew Helm, to Wichita Falls Sunday to meet his parents, Mr. and Mrs. Larry Helm, who are residing in Denton. Matthew had visited here for the past week with his grandparents, Mr. and Mrs. Jones and Mr. and Mrs. Buster Helm.

Mr. and Mrs. Herlie Moreman of Hedley had as dinner guests Sunday Mr. and Mrs. Jack Moreman of Memphis, Mr. and Mrs. Kenneth Sweatt and Lezlie of

until last spring when Orville Goodpasture took his place as business manager. Orville has fitted well into this position, and is doing a fine job of directing operations of the living facilities. The present board members, headed by Mac Tarver, are: Sue Fowler, D. H. Pope, Andy Gardenhire and George Berry.

If you have not visited this housing project, please do so at your earliest convenience. The premises are beautifully kept by a most reliable and handy maintenance custodian, Gary Ferguson. The units are something in which Memphians can take pride.

Groom, Mrs. Rupert Hughes of Plainview and Mr. and Mrs. David Cecil of Lubbock.

Mr. and Mrs. L. V. Hicks of Portales, N. M. visited here Saturday night with Mrs. Ira Lawrence. Mrs. Hicks is a sister of Mrs. Lawrence.

Mr. and Mrs. Randy Brown and daughter of Gruber visited here over the weekend with their parents, Mr. and Mrs. A. L. Gailley and Mr. and Mrs. Lee Brown.

Mrs. Fred Nivens was in Amarillo all last week with her brother, Perry Campbell, who is still in intensive care.

Mr. and Mrs. Monty Longbine of El Paso are here visiting his parents, Mr. and Mrs. Frankie Longbine.

J. C. Bell and daughter, Joe Jimmie, of Lamar, Colo., and Del Ray Robinson of Houston visited in the Fred Nivens home last week.

Mrs. Wanda Archer and daughter are visiting Mr. and Mrs. Frankie Longbine and her grandmother, Rosie Longbine.

Mrs. Fred Nivens wants to thank their many friends for all the lovely flowers and cards they are sending her brother who is still in Northwest Texas Hospital. The phone calls and the visits are also deeply appreciated.

Our Bears played Miami Friday night. They played a good game but came out behind.

Mr. and Mrs. Frankie Longbine, Jr., and family of Abilene were here to see the Bears play Miami.

Mr. and Mrs. Dale Goundie of Wichita Falls also saw the Bears play.

Mr. and Mrs. Arch Bumpus and Cathy shopped in Childress Saturday.

Mrs. Beatrice Buckner from Sacramento, N. M., has been here to visit her brother, Perry Campbell, and her sister, Mrs. Fred Nivens.

Carrol Berryman of Lubbock visited Mr. and Mrs. Bill Orcutt last weekend.

Rev. Elvis Pitts held a revival in Wellington last week.

Johnnie Hoggatt of Hedley filled Rev. Pitts' place here at the Baptist Church Sunday.

Mr. and Mrs. Lanny Tucker, Jim, and Lana visited the L. A. Tuckers recently.

Mr. and Mrs. Orb Payne have returned from Lake Kayne, where they have been fishing the past week.

Mrs. Ross Freeze and baby have moved to Childress, where she works at the hospital.

Guests of the C. L. Cunningshams over the weekend were Mr. and Mrs. J. E. Haden of Perryton and four students from Lubbock Christian College: Steve Stewart, Coleman Lemons, Rhonda, and Hedy.

Mr. and Mrs. Ben Bragg were visited this week by Mrs. Eddie Bragg and their new grandson. Eddie will return in December when he is discharged from the service.

W. E. Sikes Has Giant Turnips

W. E. Sikes, who resides on west Main Street, has an unusually fine crop of turnips this fall.

Mr. Sikes brought two turnips to The Democrat office Monday which weighed more than two pounds each. He said he grew the turnips in his back yard with the aid of fertilizer. He also has some fine mustard greens this fall.

Fowler And Helm Make Honor Roll At Clarendon College

Two 1971 Estelline graduates have been placed on the Dean's Honor Roll for the first nine weeks at Clarendon College.

Douglas Fowler, son of Mr. and Mrs. Gerald Fowler of Estelline, has a grade point average of 4.0.

Mike Helm, son of Mr. and Mrs. Leon Helm of Memphis, also has a 4.0 average.

Mr. and Mrs. Gayle Greene were in Amarillo Sunday and Monday attending market.

LOUIS DAVIS CARRIES—Shown above is Cyclone half-back Louis Davis as he carried the football for a 50-yard gain against Claude last Friday night. He is writing MHS rushing records every time he crosses the scrimmage line and with 149 yards against Claude his career total has now passed the 2,500-yard mark with a per carry average of over seven yards per carry. Davis is 150 lbs. and has about 10.2 speed, and makes many of his great runs because of his tremendous determination and second, third and even fourth and fifth efforts and breaking loose from tacklers. One habit Louis has which delights local fans is his direction of down field blockers when he breaks into the clear. This is what the finger pointing shown above depicts.

Gen. Tele. May Put Into Effect Parts Of Contract

SAN ANGELO—The Office of Emergency Preparedness has notified General Telephone Company of the Southwest that portions of the new labor contract between the company and Communications Workers of America can be put into effect.

Some 5,300 employees in the five state area served by the company will receive wage increases Nov. 12 for the pay period from Oct. 24 to Nov. 6. Retroactive wage increases to June 20 are being computed and will appear on checks as soon as computations are completed.

The effective date on the contract was delayed because of the Presidential wage-price freeze imposed Aug. 15. OEP ruled that since temporary agreement on the new contract was reached prior to Aug. 15, those portions of the contract which were to have been effective prior to Aug. 15 can become effective. Wage and benefit provisions of the agreement effective after Aug. 15 cannot become effective until after guidelines are issued by the Wage-Price Board following the freeze period.

The company and Union announced agreement on the three-year contract Aug. 6, retroactive to June 20. Ratification by the union membership was completed Aug. 26 and the contract signed Sept. 22.

Citizens Of Hall Spend \$34,940.00 For Savings Bonds

According to a report from County Bond Chairman Billy R. Prince, sales of Series E and H United States Savings Bonds in Hall County during September totaled \$2,529,000. Nine-month sales were \$34,940.00 for 22 per cent of the 1971 goal of \$160,000.00.

Sales in Texas during the month were \$15,465,128 compared to \$15,033,393 during September 1970. The January-September sales totaled \$152,382,599 with 84 per cent of the 1971 goal of \$181.9 million achieved.

Nationwide, purchases of Series E and H Savings Bonds totaled \$415 million—18 per cent above 1970 sales.

by BYRON BALDWIN

I believe that this year has been a little unusual for Hall Co. in many respects. First, I would say that we had good rains and we were fortunate in getting crops planted and good crops over the county. They are a little late on harvesting. I can remember when we started picking cotton in September, but this particular year, I do think we had ginned over 25 percent of cotton in the county by the first of October. Of course, the reason is the difference in the way we harvest a crop. As there is a difference in pulling by hand and putting in a cotton sack and the present day cotton strippers. A good many of you can remember when the maize heads were cut by hand with that hook blade knife and you threw one of maize in the wagon at a time.

Anyway, we finally did get the good frost and freeze which would kill the leaves and so the strippers could get started pulling the crop that looks like it will be a good one, but this is in keeping with that old saying, "You don't count your chickens until they are hatched". With this pre-spring weather in the fall, the fruit trees and flowers had started blooming and falling out again, but the frost had held that. The best definition of frost is that it is a freeze.

"Sweet Music" of the Hall County gins should start in full swing in a few days and the gins be doing a year's work in 60 days (night and day).

In watching television a few days ago, I noticed the modern trail drivers of cattle getting them loaded on a plane with a couple of horses on their way to Hawaii, which I believe was a four-hour trip from the U. S. So they did not have to carry hay and oats. I guess some of these days when we get their offspring back, we will have dancing and singing calves with their grass skirts and a lei around their necks.

Time changes things; history is repeated and so are families. It seems only a few years ago when I first met Clifford and Ruby Compton walking down the street with the three cute little blonde girls, Frances Ann, now Mrs. Cates of Childress; Edith, now Mrs. Marcum of Amarillo; and Doris, now Mrs. Ayers of Borger. A few days ago, I met Ruby Compton walking down the street with the daughter of Ann Cates who is now Carol Miller. She has been living in Cleveland, Ohio, and is now moving to Denver, Colo. The report in this family is that Carol now has three little blondes, Angela, Julia and David Miller. Well, it does not seem possible that Ruby could be a great-grandmother. She is really proud of these great-grandchildren.

A quote from Earl Wilson: "The trouble with most of our speakers is that they have a two-minute idea and a two-hour vocabulary."

Herschel Pounds had as his guests in Hall County Heritage Hall the past Saturday Mr. and

Mrs. Arthur Giffen, Mr. and Mrs. Langley and daughter, Caroline, all of Austin. Mrs. Giffen is the daughter of Mr. and Mrs. Pounds, Laurel, who graduated from MHS in 1964 and later attended West Texas State and married Austin. Giffen who was reared in Austin. Mrs. Langley is the former Janice Pounds, who graduated from MHS in 1966 and also attended West Texas State. She married Mr. Langley who is a native of Lockport, Ill. They have one daughter, so that makes Herschel married to a grand-ma; We asked the two Pounds girls to go to the schoolroom and find their pictures and they replied "that they did not realize they were old enough to be in a museum."

Easa Forgy of Amarillo was visiting in Hall County Heritage Hall the past week. Easa's father was the late Herbert Forgy who operated a lumber yard in Shamrock for a number of years, where Easa was reared. His father was a brother of the late George E. Forgy of Memphis and they were the sons of the late Dr. and Mrs. M. D. Forgy who first moved to Hall County in 1890.

Someone brought George's collar and cuff boxes to Heritage Hall for display. The collars and cuffs were still in these boxes like they were in the early days. Easa Forgy lived in Dallas for a number of years and has now retired and is living in Amarillo. He was surprised to find so many items on display in Heritage Hall.

I have been trying to keep up with Ronald Morris sheep family. They started off by naming the lambs by the days of the week they were born. As I understand, the first one was named Thursday as that was the day it was born. They have to go another route with names as they have already used all the days of the week except Sunday and that is their day off. In talking to Mrs. Morris a few days ago, she reported they should have 12 more little lambs in November and December and they will be looking forward to

a white Christmas with that many little white lambs.

Visiting in Hall County Heritage Hall the past Saturday were Mrs. Dale Dronberger and daughter, Julia, of Hutchinson, Kans. Mrs. Dronberger will be remembered as Winifred Jane Tarver who graduated from MHS in 1942, attended University of Texas and later did graduate work at Kansas State University. She has one son and one daughter, now attending the University of Kansas. The other daughter, Julia, is still in high school. Jane made the statement that with two in college, she is now teaching in the junior college of Hutchinson, Kansas. She remembered her high school days here and being in debates and high school plays with Jack Hightower, Evan Roberts and Culley Chapman. Other schoolmates she remembered were James Baldwin, Muffett Merrill, Betty Fultz, Billie Jo Prater, Gloria Scott and Kathy Morris. Winifred Jane Tarver is the daughter of Mr. and Mrs. Horace Tarver, granddaughter of Mr. and Mrs. W. B. Quigley and great-granddaughter of Mr. and Mrs. J. A. Finch who arrived in Hall County in the 1880's. Jane made this remark on Heritage Hall, "I think it is wonderful."

Thanks to Winifred Jane and her husband for the contribution to Hall County Heritage Hall. They are Hall County taxpayers.

Mrs. K. B. Chick had as her guests in Heritage Hall, her mother and father of Blanchard, Okla., Mr. and Mrs. H. B. Brewer. Mr. Brewer's father was the late W. J. Brewer who first lived in Hall County in 1925 near Turkey. Mr. Brewer remembered coming to Memphis with his uncles, Calvin and John Young, and also Alford Sharp. Mr. and Mrs. Brewer have been living in Oklahoma the past 40 years. I did not find out where K. B. and Dean met before they were married and that was in San Antonio. Both were working at Sears there.

I sat in on two different coffee drinking tables a few days ago and was listening in for information. One of these coffee summit meetings was composed of young farmers, and after listening to them, I decided they were working for taxes, interest and seed. Somewhere along the line, they need to eat but I did not hear either group talk about marking a living, so there must be a gap some place. We had visiting in Heritage Hall Mrs. G. B. Vaughn and Mrs. G. L. DePauw of Wellington.

Mrs. Vaughn is the granddaughter of Capt. F. M. Murry who came to the Panhandle from Tennessee in the 1800's.

Mrs. DePauw, the former Nola Pierce, married W. L. DePauw who is a nephew of Leonard DePauw who lived in Memphis many years ago and worked in a drug store on the north side of the square. I think at that time Sam Harle was operating this store.

The two ladies from Wellington report that they have started a museum in their town. We are wishing them much success in their venture.

Cecil Whitten had as his guest in Heritage Hall, Eddie Chatten of Amarillo. Eddie was reared in the hills of North Georgia and he still has a little of the Georgia brogue.

Even if time is changed on us, P. A. Cowan gets right on the ball and keeps the clock ticking on the right time.

The Memphis Rotary Club was issued their charter Nov. 14, 1924, at the White Rose Cafe on the west side of the square. Dr. Turner Lewis was the first president and D. L. C. Kinard was the first secretary. There were 25

charter members as follows: O. V. Alexander, J. A. Brewer, Walter C. Dickey, J. B. Figh, T. J. Dunbar, R. S. Greene, Allen C. Grundy, Earl C. Johnson, Mason T. King, D. L. C. Kinard, D. Max King, Ed T. Kelly, Dr. Turner Lewis, William J. Lang, Geo. W. Moore, Chas. Meacham, Dr. J. A. Odom, W. B. Quigley, Robert L. Ragsdale, Dr. Winifred Wilson, Jeff P. Watson, J. W. Walker and Rev. Chas. T. Whaley. In the passing of Dr. Odom a few days ago, went the last charter member living in Memphis. The other charter members now living that we know of are R. L. Ragsdale of Austin; J. W. Walker of Plainview and Rev. Chas. T. Whaley of Fort Worth. The club will be 47 years old on the 14th of November. The Memphis Rotary Club would like to have a photograph of each one of the charter members. Please give your help in this undertaking.

Mr. and Mrs. Dale Dronberger and daughter Julie of Hutchinson, Kans., visited in the home of her uncle, M. G. Tarver, over the weekend. Mrs. Dronberger's father, H. E. Tarver of Lubbock, recently visited in the M. G. Tarver home.

Agent Says Treat All Peach Trees For Borers Now

"Masses of gum found around the base of the trunk of the peach trees are a good indication that the peachtree borer larva is causing its damage," says W. B. Hooser, Hall County Agricultural Agent. Peachtree borer larva feed in the trunk of the peach tree at or near the ground line. Infested trees may be killed in one to three years depending on the number of larvae present and the size of the tree.

Paradichlorobenzen, 'PDB', or otherwise known as Moth Crystals, applied around the infested trees will control peachtree borers when applied properly. All weeds and grasses should be removed from around the tree trunk for about a foot. Then the PDB crystals are placed in a circular band around the tree about 2 inches from the trunk.

A mound of dirt 6 to 8 inches high should then be packed against the tree. Care should be taken to make sure crystals are not placed in contact with the tree since damage to the trunk will result. Next spring the mound should be leveled back to the original ground line.

Place ½ ounce of PDB crystals around 2 to 3 year old trees, ¾ ounce around 4 to 5 year old trees and 1 ounce around older trees.

To be most effective this procedure should be carried out within the next two weeks.

Crop, Livestock Survey Questions To Be Mailed Soon

Some 65,000 Texas farmers and ranchers, including a representative number from Hall County, will be involved in the 1971 state crop and livestock survey, says County Agricultural Agent W. B. Hooser.

Questionnaires for the annual survey will be mailed to selected producers by the Texas Crop and Livestock Reporting Service during the last half of November and December. These should be completed and returned as soon as possible in the enclosed envelope, says Hooser.

The county agent explains that the questionnaires will be used by the state statistician in making an accurate estimate of the crop and livestock situation in Texas. This information has many uses, both in and out of the state, and is used here in Hall County in connection with program building activities and in conducting educational programs in agriculture. Each producer plays an important role in this state's agricultural industry, points out Hooser. In order for the industry to continue to move forward, accurate agricultural estimates are essential. So each producer receiving a questionnaire is urged to complete and return it immediately.

GS Troop 133 Celebrates Troop Birthday Nov. 2

Girl Scout Troop 133 celebrated their troop birthday on Nov. 2 with a cook-out in the Memphis City Park. Two years ago this troop was established at a Brownie Girl Scout Troop. Last year they were registered as second-year Brownies. This year the girls are Junior Girl Scouts.

Using skills learned in the past two years, the troop set up a cook-out site and cooked hamburgers and "Somemores" over a campfire.

After heating, the group gathered around the campfire for a song and sharing session.

Leader of the troop is Mrs. Sherron T. Lee. Helping with the cook-out was Mrs. Wayne Adams.

Members attending the cook-out were: Brenda Washington, Leta Adams, Terri Callahan, Laurie Lee, Tryna Prince, Judy Johnson, Tammy Howard, Penny Davis, Vicki Woodward, Shirleen Hudson, Marty Markgraf and Sue Allen.

Guests were: Kyle and Lonnie Adams, Mr. and Mrs. Mackie Allen, Sandra Allen, Mrs. Fred Hudson and Melody Knox.

Rebekahs To Serve Thanksgiving Dinner Monday, Nov. 15

Members of the Rebekah Lodge will serve their annual Thanksgiving dinner on Monday evening, Nov. 15, at the lodge hall, it has been announced.

Serving will begin at 6:30 and the public is cordially invited to come and have a delicious meal.

Mrs. Anderson Is Seriously Ill In Dallas Hospital

Mrs. Melissa Anderson, County Tax Assessor and Collector, remains in a critical condition in Medical Arts Hospital in Dallas, where she underwent surgery on Friday, Nov. 5.

According to relatives here, her condition has not improved. She is in room 1806.

Miss Ballew was escorted by Randy Whitten. Runners-up and their escorts, pictured left to right, are Miss Melissa Jones and David McKay, and Miss Marsha Browning and Ben Ed Hillhouse.

Baptist Church At Lakeview To Hear Rev. Day

Rev. Clayton Day, who is associated with the Baptist Seminary in Fort Worth, will be the guest speaker Sunday, Nov. 14, at both services at the Lakeview Baptist Church, it was announced this week.

Sunday School will begin at 10 a. m. with the worship service to be held at 11 a. m. The public is cordially invited to come and hear the message to be delivered

by Rev. Day.

Rev. Day was in Lakeview the past summer to hold revival services at the church and is well known to many people in the area.

The former pastor, Rev. Roy D. Walden, has accepted the pastorate at Adair, Okla.

King -

(Continued from Page 1) Funeral Home.

Mr. King died late Wednesday night in Cousins Nursing Home here.

Born Oct. 27, 1869, in Little Rock, Ark., Mr. King had been a resident of the Memphis area for the past 65 years. He was a re-

tired building contractor and a member of the Travis Baptist Church.

Survivors include: four sons, John of Flagstaff, Ariz., Jack of Seminole, Okla., Buster of Houston and Bob of Amarillo; four daughters, Mrs. Ora Maye Humphery of Amarillo, Mrs. Dorothy Karnes of Spearman, Mrs. Edd Wilkes of Memphis and Mrs. J. W. Combs of Amarillo; 37 grandchildren; 38 great-grandchildren and 10 great-great-grandchildren.

Pall bearers were Roscoe Elerd, Gene Jack King, Jr., R. B. Phillips, Don Davis, E. L. McQueen and James Jeffers.
