John Deaver II Wins Race For District Attorney

Memphis Attorney John M. Deaver, II, was elected 100th Judicial District Attorney by voters in the 5-county district, unseating incumbent Jack B. Boone of Memphis, 3701 to 2935. Voting in the district counties was considered heavy considering it was a second primary.

Deaver managed to be front runner in the three-way race in the first primary, by carrying three of the five counties. In the second primary, Deaver received the majority of the votes in four of the five counties, Hall, Collingsworth, Childress and Donley. Boone carried Carson County 759 votes to 564.

Deaver carried Hall County 876 to 614, Childress 713 to 573, Donley 601 to 474 and Collingsworth 947 to 515.

Hall County voters followed state-wide preferences in the Senator and Governor's races, giving Barefoot Sanders 830 votes to Ralph Yarborough's 641, and Dolph Briscoe 11244 votes to Mrs. Farenthold's 355.

Sanders led over the state by a 52 percent margin over Yarborough, in a second primary race which he almost did not get into, as the veteran Yarborough almost received 50 per cent in the first primary.

Briscoe's margin of victory was 1,099,993 votes to 887,665 for Mrs. Farenthold.

Hall County voters, in the Lt. Governor's race, favored Wayne Connally 952 to 510, but state-wide, Bill Hobby won the nomination 1,091,105 to 848,192.

In the Comptroller's race, Calvert led Hall County and over the state. Calvert received 918 votes to Wilson's 473 in this county, and 976,490 to 753,291 over the state.

Primary Election Results!

If one thing was clear in the 1972 primary elections, voters in this state in the majority went for candidates with successful business reputations more so than those with political careers.

The election of Dolph Briscoe as Democratic nominee for Governor, who almost carried Hall County by a four to one margin, and the nomination of Bill Hobby, publisher of the Houston Post, as Lieutenant Governor, are examples of this preference for businessmen candidates.

For Dolph Briscoe, the Uvalde rancher and banker, the big step to Democratic Party nomination for Governor came after he had unsuccessfully run for the office in past years.

He took his place as a reformer while serving in the legislature in the '50s. He introduced the resolution demanding an investigation of the Veterans Land Board. As a result, a major scandal was unearthed, one state official went to prison. Although Dolph Briscoe was unsuccessful in past races, he was able to build his successful organization for the 1972 race. Briscoe led the Hall County balloting in the first primary by an impressive margin.

Although Hall County voters gave a 9.5 to 5 margin to Wayne Connally in the Lt. Governor's race, it is interesting to note that the vote was as close as it was since neither candidate campaigned in this area or had any local "organization" working in their behalf during the campaign. Hobby pulled most of his support from North Texas and the Houston area.

Another interesting race was seen in this county as Barefoot Sanders led Ralph Yarborough 830 to 641. Most political news writers are referring to a conservative victory in this race over the state.

Barefoot Sanders is a former State legislator, U. S. District Attorney for North Texas, assistant attorney general and legislative advisor to LBJ, and got his campaign rolling toward the end of the period before the first primary. Several of the state's largest newspapers came out for Barefoot Sanders and bluntly stated that he is well qualified to step up the U. S. Senate. These newspapers also pointed out that Ralph Yarborough would be 74 years old at the end of the term if he was elected.

Texas voters can now take a really serious look at the shape of the ballot for the General Election coming up in November. Voters will be choosing between several Democrats and Republican candidates.

Nominees for president and vice president will be decided at the National conventions coming up soon. Other races include: For U. S. Senator, Barefoot Sanders (D) will face John Tower (R). For U. S. Rep., Graham Purcell (D) will face Bob Price (R); For State Rep., Phil Cates (D) will face Tom Christian (R); For Governor, Dolph Briscoe (D) will face Henry Grover (R). There are several other contested races on the General Election ballot, along with 12 constitutional amendments to be decided upon.

Citizens who discovered during the primaries that they are not registered voters, can become registered voters by going to the County Tax Office in the Courthouse and registering, so long as they do so 30 days before the date of the election.

Check Local Dealers First

A major national problem is the population imbalance caused by the movement of the rural population to the urban areas.

Small rural towns are depressed by dwindling populations while the cities are plagued with unemployment, decaying mid-sections, bad housing and transportation problems as their populations increase.

The automobile industry is making its contribution to this problem. It is attempting to divert its auto sales from the country dealers to the city dealers by massive sales promotions.

It announces train-load shipments to city dealers, then with massive advertising campaigns in the city news media lead the people to believe that they have everything to gain by going to the city where they will find "the widest possible selection of cars at the lowest possible prices."

Smalltown dealers have their advertising dollars diverted to the city news media which use them to stab the country dealers in the back.

Many Tulians, no doubt, are under the impression that the place to find the widest possible selection of cars at the lowest possible prices is in Lubbock or Amarillo.

Well, we have news for you. Despite the big city advertising, things are not what they seem.

We were talking to John Wilkerson, local Ford-Mercury dealer, last week.

One day last week John had more Ford pickups on hand than did the Lubbock Ford dealer! Someone wanting a Ford pick-up could have found a wider selection in Tulia than in Lubbock!

As to prices, John tells us that he couldn't stay in business if it

wasn't for the Ford and Mercury sales he makes to Amarilloans and other out-of-towners from places larger than Tulia.

And Earl Bell Cosby and Howard Wright tell us essentially the same thing about their respective new car sales, Buick, Pontiac and GMC at Cosby's and Chevrolet and Oldsmobile at Wright's.

Right during these high pressure promotions in Amarillo, Amarilloans are coming to Tulia to buy the same cars being offered in Amarillo!

Why is this so? Partly it's because of the old "greener grass on the other side of the fence" principle.

And we are quite sure that Amarilloans would not be buying cars in Tulia if the prices weren't right.

In any event, when we want a "wider selection" even in a new car, if we will give the local dealer 15 minutes he probably can get what we want.

Hall County Gets Golden Achievement Award At District Cancer Meet Sat.

Hall County was one of three to receive Golden Achievement Awards at the annual meeting of the American Cancer Society held in Lubbock Saturday, June 3, at the Inn Parkway convention.

At the meeting from left were Mr. and Mrs. J. F. Loran and Mrs. Lorean Hart. McIntush accepted the Achievement Award presented to the Hall County Unit at the all time record of \$2600 contributed by the citizens of the county. Two other counties in the district, Dickens and Tarrant, also received the Achievement Award. Mrs. Hart was presented the Achievement Award as chairman for Hall County which she accepted on behalf of persons who worked so diligently to make this year the success of the year.

A general session was presided over by Earl Jones of the district campaign director, who introduced Jack Hardin, state officer of the American Cancer Society. Mr. Hardin emphasized the idea that in a democratic society each member of the society has an important part to play: "All persons share the responsibility to fight cancer," he stated.

Carl Page of Lubbock, medical director for District 3, explained the cancer organization volunteer workers from top through the unit county organization. He explained that national organization is divided into 61 units. Texas is one of 61 national units.

Dr. Page explained the problem as a disease of small growth of cells. He said that many types of can-

cer can be cured if detected in time. "The best cure or treatment of cancer is still surgery; however, radiation or X-ray and chemicals or drugs are also a means of treatment of cancer," Dr. Page said.

Dr. Jerry Willum of Lubbock next spoke to the general session. He gave very interesting and informative facts on treatment of cancer. He emphasized that cancer begins with one abnormal cell, and only two things are a drawback to cures: late diagnosis and late treatment. "The need for periodic health examinations is vital to all people and all ages," stated Dr. Willum.

Dr. Bob Smalley of Albuquerque gave a most interesting and informative speech on the use of radio isotopes as a means of diagnosing cancer. He showed slides and explained the detection of early stages of cancer by this means.

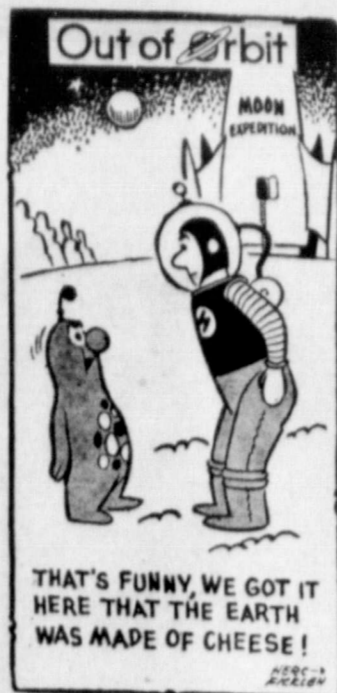

"Public education is vital if we reach the next plateau in the cure of cancer," stated Dr. Page as he concluded the lectures by these eminent doctors. The American Cancer Society is doing much to provide not only doctors but all persons with information about cancer.

After a very delicious luncheon was served to the group, the district officers for the following year were elected.

Memphis Democrat—Thurs., June 8, 1972

Page 5

Cathy LaWayne Boney and Oattie Ray Jones exchanged vows at 7:30 p. m. Saturday, June 3, in the First Baptist Church here.

Rev. C. H. Murphy, Jr., officiated the double ring ceremony before a center archway with greenery and flowers surrounding a single candelabra holding a single taper. The bride was flanked by candelabra and baskets of yellow and white flowers. The nuptial space was completed with a prayer book and white satin bows and white wedding bells.

The bride is the daughter of Jack Boney, Jr., and the late Mrs. Boney, and the groom is the son of Mr. and Mrs. Billy R. Jones of Memphis.

MRS. OTTIE RAY JONES

The traditional wedding processional and recessional were played by "My Own True Love" and "Wedding Prayer," as the bride and groom stood on the prayer bench, sang by Geary Brogden, and the music of the First Baptist Church.

The beginning of the ceremony the bride presented her father with a daisy and kissed him as the bride and groom were to leave the church, the groom presented the groom's mother and kissed her.

The bride was escorted by her father, Jim Holeman of Houston, two years before on June 3, 1970, as the flower girl in his honor.

The bride wore a carpet-length dress with a scoop neckline, long sleeves and long chapel train. The dress was fashioned with an empire waist accented with heavy satin ribbon with satin and streamers in back. The dress was encrusted with seed pearls. Also noted were long sleeves accented with lace and ruffles encrusted with seed pearls; a scoop neckline accented by lace and seed pearls; a ruffle around the entire and train trimmed with lace and seed pearls.

The bride carried a lace sash belonging to her maternal grandmother, and wore a white sash in her shoe given to her by her maternal grandfather. The bride's veil was given to her by her second grade teacher, Mrs. L. Tucker of Estelline, upon graduation from high school. Her length veil of illusion was accented with a headpiece of lace encrusted with seed pearls. She carried her bridal bouquet of daisies, centered with a delicate orchid corsage, an antique Bible carried by her mother at her wedding.

Attendants: Melissa Jones, sister of the bride, was maid of honor. She was attired in a floor-length gown of white sheer material accented with yellow and pink ribbons. The dress featured a high neck, empire waist, gathered, elbow-length sleeves and a ruffle accenting the hemline. Fur-

ther accents included yellow and white trim at the scoop neck, sleeves and top of ruffle. The empire waist was graced with yellow velvet ribbon trim. She carried a colonial bouquet of daisies. Bride's matron was Mrs. Don Proffitt and bridesmaid was Debbie Bowman, both of Estelline, classmates of the bride. They wore floor-length gowns of material identical to that of the maid of honor. Their dresses were fashioned with scoop neckline, puff sleeves, empire waist and ruffle at bottom of skirt and were accented with yellow and white trim at neckline, empire waist and top of ruffle. Both wore picture hats identical to that of the maid of honor and carried similar bouquets.

Flower girl was Holly Holeman of Houston, cousin of the bride, who dressed identically to the bridesmaids. She wore daisies in her hair.

Best man was Joe Boney, brother of the bride, and groomsmen were Steve Jones of Borger and Bubba Johnson of Memphis, cousin of the groom. Ushers were Steve Boney, Merle Kilpatrick, and Don Proffitt and Bob Collins of Estelline. Candles were lighted by Steve Boney, brother of the bride, and Merle Kilpatrick.

Ring bearers were Kevin Holeman, cousin of the bride of Houston, and Rodney Jones, brother of the groom. Men and boys wore yellow shirts carrying out the bride's chosen colors of yellow and white.

Mrs. Boney, mother of the bride, was attired in a mint green and white two-piece dress of double knit with white accessories and an orchid corsage. Mrs.

escorces and an orchid corsage. Grandparents of the bride are Mr. and Mrs. Cloyce Holeman of Childress and Mr. and Mrs. J. J. Bony of Estelline and great-grandparents are Mr. and Mrs. Richard Holeman of Childress. Grandparents of the groom are Mrs. Oattie Jones and the late Mr. Jones and Mr. and Mrs. Richard Jones, all of Memphis.

Reception
Following the ceremony, a reception was held in the Fellowship Hall of the church.

Barbara Holeman, aunt of the bride, presided to serve the four-tiered wedding cake trimmed in yellow while Brenda Gresham poured punch from the crystal punch service.

Jamie Moss secured the names of the guests at the registry table covered with a cloth of satin and net. Also gracing the table was a long stemmed daisy in a crystal and silver bud vase and a white feathered quill pen beside the bride's book.

Other members of the house party included Mmes. L. F. Jones, D. S. Johnson, Hubert Jones, R. B. Phillips and Mrs. Paul Collins of Estelline.

Thurman Ellerd Home Is Scene May 20 For Shower Honoring Miss Cleveland

A lovely bridal shower honoring Miss Gayle Cleveland, bride-elect of Don Heh, was held May 20 in the home of Mrs. Thurman Ellerd.

Guests called between the hours of 4 to 5 p. m. and were greeted by Mrs. Ellerd and presented to Mrs. Wendell Cleveland, mother of the bride-to-be, and to Miss Cleveland.

Presiding at the guest register was Miss Janet McNally.

Dainty yellow and green ribbon sandwiches, mints and punch were served from a table covered with a skirt of yellow net with yellow fringe trim. A centerpiece of yellow roses accented the crystal appointments used. Serving at the table were Miss Laura Sue Moss and Mrs. Lonnie Widener, Jr.

A lovely array of gifts was on

display throughout the home, where the bride's chosen colors of yellow, green and white were used.

The hostess gift for the bride and groom was a set of harvest gold Club Aluminum cookware.

Hostesses for the occasion were Mrs. Elmout Branigan, L. B. Snider, Floy Anthony, Glen Coleman, Hills Wells, Thurman Ellerd, Bill Johnson, Dub Parker, Carl Wood, Ben Moss, Jack B. Boone, John Shaddid, Frank Goffinett, Lenis Simpson, Bob Douhit, Gusie Williams, Bill Merrill, J. D. Evans, Myrleene Sargent, J. W. Ivy, Nona Ledger, Robert Mauck and M. J. Beavers.

Selective Service To Call Men With No. 35 Or Below

The bride chose to travel in a jacket dress of navy and white cotton.

Mr. and Mrs. Wright are now making their home at 10544 Stone Canyon Road.

The bride is a graduate of the University of Texas at Austin; secretary and treasurer of Iota Tau Alpha, treasurer of La Piccola Italia, linguistics representative to the Arts and Science Council and Kappa Delta Pi.

Mr. Wright is a graduate of Texas Technological University where he was corresponding secretary of Phi Gamma Delta and a member of the Dervish.

AUSTIN—Colonel Melvin N. Glantz, the State Director of Selective Service for Texas, is instructing Texas Draft Boards to issue Induction Orders to all 1972 First Priority Selection Group men with Lottery numbers of 35 or below.

Under the Uniform National Call procedure, the "Induction Cut-Off Number" was announced by Acting Director of Selective Service Byron V. Pepitone. Induction Orders will be issued to all fully acceptable registrants in the United States with Lottery

Numbers of 35 or below who are members of the 1972 First Priority Group. This Priority Group is made up basically of men born in Calendar Year 1952.

The Defense Department asked Selective Service to induct 15,000 men in April, May and June. The National Director previously established a Lottery Cut-Off Number of 15 for April and May, and has raised the Lottery Number to 35 for the June Induction Call.

Each registrant to be inducted is given at least 30 days notice before his Induction Reporting Date. All Induction Orders for June will be issued by May 31, 1972.

Glantz said there is no quota of men for Texas, but he expects the June Call to result in approximately 650 inductions in Texas.

Glantz also said men in the 1972 First Priority Selection Group with Lottery Numbers of 75 and

below could expect orders for a Pre-Induction Physical Examination in June or July.

Jerry Dugan, chairman of Local Board No. 20, said one induction order would be issued for the five counties served. There are also seven men who will be issued orders for pre-induction physical examinations soon.

the number of young people who have taken up smoking more than offsets the number of older people who have quit.

Cigarette sales in Hall County amounted to approximately 632,000 packs last year, according to a breakdown of regional totals reported by industry sources.

In terms of the local population over age 18, this was equal to 167 packs per person.

In the United States as a whole, by way of comparison, the average was 202 packs and, in the West South Central States, 172.

Those are the figures for cigarettes sold through legitimate channels, involving the payment of Federal and state taxes.

Not included, however, is the considerable quantity of cigarettes that are being bootlegged to evade payment of the taxes which have now reached an average of 19 cents per pack, nationally.

Smoking has become a more expensive habit, as a result. It cost residents of Hall County an estimated \$296,000 in the past year, or approximately \$78 per smoker.

The recent increase in cigarette consumption is attributed in part to the absence of the anti-smoking commercials that warned of the health dangers involved. They dropped off sharply when the ban on the broadcasting of smoking advertisements went into effect.

Judy Lott and her friend, Terri Mitchell, of Levelland spent the weekend here visiting with Judy's grandparents, Mr. and Mrs. Jude Gable.

Citizens Of Hall Spend \$296,000 For Cigarettes

NEW YORK—Compared with people in other sections of the country, how much are Hall County residents smoking these days? To what extent, if any, has the ban on cigarette commercials by broadcast stations, in effect since January, 1971, altered their consumption during the past year?

According to the various surveys and reports, the big decrease that was expected never materialized. People went on smoking just about as before. Nationally, as a matter of fact, no less than 555 billion cigarettes were smoked in the past year. This was an increase of nearly three per cent over 1970, according to the Department of Agriculture.

These findings are echoed by the Tobacco Tax Council, an industry group. Its figures show that consumption rose four packs per capita in the year. The conclusion reached is that

didates are happy and some unhappy. Signs have come down telling you who to vote for, but we never know in life when we are winning or losing, so it makes me think of Paul's statement in Philipians, "For I have learned in whatsoever state I am, there-with be content."

Thanks to Shirey Patrick for donating glass cleaner to Heritage Hall.

One of the outstanding orchestra pictures of the year 1928, composed of Allen Dunbar, Colby Delaney, Jack Thomas, Austin McDavitt, Pauline Ross, Lucile McCanne and Russell E. Baldwin.

I did hear a little barber shop talk the past week that Brown Smith and Horace Lindsey were both now married to a great-grandma!

In talking to Sug Lemons a few days ago, he gave me the information about his brother, Willis, retiring from work with the G. E. Corp., where he had worked for over 43 years. The company and employees gave Willis and his wife a big party the past week and made it seem like Christmas in June. We want to congratulate Willis and his wife on their many achievements. We thought they might retire in their old home town, but I think they have already invested in a fishing pole and will relax while the big fish get away.

Others visiting in Heritage Hall were Maritta Gibson Currin of Amarillo and Tandra Gibson of Estelline. Maritta is the daughter of Mr. and Mrs. Ode Gibson. She graduated from MHS in 1949.

Frank Blevins of Houston was visiting in Heritage Hall recently. Frank married Erin Hoffman, daughter of the late Mr. and Mrs. A. C. Hoffman. They have lived in Houston for several years. Frank said they had been to his

high school class reunion at Oska-loora, Kans.

While browsing around for the sidewalk sale last Saturday, I was listening to some of the sales talk that was being given to the customer. While standing back of (Salesman-Sam) Ferrel, I did hear him make the remark, "If you don't think the price is right, we double it."

A quote: Young teenager to the saleslady—"I adore this dress, but if my mother likes it, may I bring it back?"

I did have another birthday on Saturday, June 3, for which I was very thankful, making me the three score ten and seven. We wonder a lot of times why we are spared so many years, but there must be a reason and am sure our Maker will show us other things for us to do. On this same day, others that I happen to think of having their birthday were Jack Miller of Austin, Arthur Eddleman of Estelline and Tom Wilson of Quail. Good to hear from Florence and Ed from Tenn., Mr. and Mrs. Coy Rich in California and all the others that I received cards from. I did get to thinking of some of the other things that were going on besides my birth-

day. It was election day, cow calling contest at Miami, Texas, fish fry at Berger for 5,000 people, Duke of Windsor lying in state, Vacation Bible School parades here, Mrs. Geo. Greenhaw retired from her shop on this day, and also sidewalk sale around the square, and the rest of my program for the day was to get a hair cut and go to a wedding that night and that closed a happy birthday with my family taking me out to lunch and I did not have to wash the dishes.

We are living in a pretty fast age with big business operators when they hijack our airplanes and get a half million dollars at one time. In reading the daily news a few days ago about a man who had been in jail and after being released was trying to get back in jail by throwing a rock

through the glass door of the police station. After being caught, he said, "Life was tougher on the outside than behind bars and I just want to be put back behind bars."

"We have the highest standard of living in the world. Too bad, we cannot afford it."

From all accounts I hear the Dick Fowlers are having additions to their family. This will be some little "gooses" as I found out the shells were cracked a few days ago, and they will soon have the "gooses" guarding their pecan grove.

CARD OF THANKS
I would like to say thank you to Dr. Stevenson and the nurses during my overnight stay in Hall County Hospital. Thank you to each and everyone who called and sent cards and flowers during my ten-day stay in Palapinto County Hospital. May God bless you all.

The lady in Dallas who gave birth to a 10-pound boy on Friday night, June 2, must have had some close relatives or good friends running for office as she just had to vote and the doctors let her out of the hospital at 3 p. m. to go vote after feeding the baby and after the three hours off, time for voting, she was back in the hospital ready to feed the baby boy again. I think she should be called a patriotic voter! This makes me think of the old slogan, "The show must go on," regardless of weather or condition.

Mrs. Roy Gresham Is Installed As UDC Chapter President At Luncheon

Members of the Winnie Davis Chapter of the U. D. C. met in the home of Mrs. Theo Swift for the annual Jefferson Davis Luncheon recently. Miss Gertrude Rasco gave the invocation. A delicious luncheon was enjoyed with members seated at beautifully decorated foursome tables.

Mrs. Nat Bradley, president, presided during the business session and led the ritual and pledge to the flags.

Mrs. Roy Gresham introduced the program. Mrs. Herlie Moreman discussed "A New Look at Jefferson Davis."

Using the symbol of "Bells," Mrs. Nat Bradley installed the following officers for the coming year: president, Mrs. Roy Gresham; first vice president, Mrs. Burl Smith; second vice president, Miss Sybil Gurley; secretary and historian, Mrs. Bray Cook treasurer, Mrs. L. G. Rasco; registrar, Miss Gertrude Rasco; parliamentarian, Mrs. R. E. Clark; and reporter, Mrs. Nat Bradley.

The following enjoyed the meeting: Mmes. Emma Basker-

ville, Nat Bradley, R. E. Clark, Roy Gresham, T. J. Hampton, Herlie Moreman, Burl Smith, Glynn Thompson, Byron Adams, Miss Gertrude Rasco and the hostess, Mrs. Swift.

While vegetation helps sustain life, some common plants, trees and shrubs are potential killers, says the Texas State Department of Health.

We eat herbs and the fruits, leaves and roots of many plants in our daily diet, but some plants we deliberately cultivate are deadly.

To the average person, the term "poisonous plant" usually brings to mind visions of poison ivy, or some similar plant that poisons or irritates upon contact. But most poisonous plants are harmful only when they are eaten.

In fact more than 700 species of plants in the United States are known to have caused death or illness. Every year about 12,000 children in this country chew or swallow potentially poisonous plants. A study conducted several years ago revealed that 10 per cent of all child poisonings were caused from eating toxic plants—yet over half of the parents were unaware of the dangers of the plants. Eighty-five per cent of all poisoning cases involving poisonous plants involve young children.

It is difficult to believe that one leaf of the graceful poinsettia could kill a child, or that tea made from mistletoe berries has killed adults. Who would expect that the beautiful oleander bush—grown indoors and outdoors all over the country—contains a deadly heart stimulant, similar to the drug digitalis? So powerful is this poison that a single leaf of an oleander can kill a child. And many people have died merely from eating steaks speared on oleander twigs and roasted over a fire.

It's easy to be deceived by the plants, for one part may be edible while another is poisonous. All parts of the buttercup, phododendrum, and laurel are harmful. In other plants, only certain parts are toxic. A classic example is the rhubarb which has a perfectly edible stalk, but the leaf contains a deadly poison.

In the strict sense of the word, poison ivy and its cousins are not really poisonous. They contain no poisonous substances and are termed "allergens" because, like goldenrod, they affect only persons who are allergic to them. But over 50 per cent of those who handle these plants will develop mild to severe dermatitis, or skin irritation.

A free leaflet on common poisonous plants is available from the State Health Department upon written request.

The "poisonous" plants do contain toxic agents which can cause direct harm when in contact with the skin or absorbed by the body. Poisonous saps and juices of the plants cause severe irritation on

Lewis E. Foxhall Is Member Of Honorary Society

Lewis Emory Foxhall, recently initiated into Tau Beta Pi, national honorary engineering fraternity, this week was named to Alpha Epsilon Delta, pre-medical honorary society, at The University of Texas in Austin.

Foxhall will be a senior next year in bio-engineering in the College of Engineering. This is the pre-medical engineering program, one of the most recently established fields of study in the University's engineering college.

Dr. A. J. Welch, professor of electrical engineering, is now director of this department. Dr. Welch is married to the former Patsy Nell Combs of Memphis. He teaches graduate engineering and is engaged in computer research.

Foxhall was one of 40 students recently initiated into the Texas Alpha chapter of Tau Beta Pi, national scholastic honorary society for engineering students founded in 1885. The Austin chapter was established in 1917.

Alpha Epsilon Delta, an international pre-medical honorary society, also elects its members from students maintaining high scholastic standing. It is affiliated with the American Association for the Advancement of Science.

Foxhall is a 1969 graduate of Memphis High School. He is the son of Mr. and Mrs. Lewis Foxhall.
