Memphis-Clarendon Game Is Here Friday

BROWNING SCORES—QB Mike Browning is shown carrying the ball for a 4-yd. gain and a touchdown against McEstelline. Browning was in on most of the scoring, either carrying the pigskin or passing it. He was cited by the Amarillo Daily News as one of the week's candidates for player of the week in Class A. No. 80, Bobby Hall, caught a Browning pass for the first Cyclone TD. This play scored the second.

Hall Co. Farm Bureau To Hold Convention Sat.

The Hall County Farm Bureau will hold its annual county convention Saturday night, Oct. 21, at the Community Center auditorium, R. B. Phillips, president, announced this week.

The session will begin at 6:30 p. m. with a chili supper. All members are urged to attend and visitors are welcome.

A program and business session will follow the supper with President Phillips presiding.

Among out-of-town guests will be the State Farm Bureau President J. T. (Red) Woodson of Gober.

During the business session, directors will be elected. G. W. Lockhart will give the treasurer's report and the report of the resolutions committee will be made by Leon Helm.

Donnie Scott will give a report on the Student Citizenship Seminar. Following this, the newly elected directors will be presented by President Phillips.

Door prizes will be awarded by local merchants.

TRAVIS WINNERS—These first, second and third graders were winners in the local fire department's poster contest. They are left to right, 1st place, Mark Todd Murphy, 2nd place Lonnie Riggs, and 3rd place, Matt Waller.

Estelline Crowns Grid Queen Friday

The Estelline Bears will be holding their Football Queen coronation ceremonies Friday night at 8 p. m. before the Estelline-Goree football game.

Captains Donald May and Billy Jett will be doing the crownings, on one of four candidates. The candidates are: Miss Jett, freshman; Miss Eddins, sophomore; Miss Abram, junior; and Miss Abram, senior.

The Bears will play Goree at 8 p. m. Bears last week lost to Guthrie 6-0. The young Bears team, the majority of its ranks led by freshmen, has been showing improvement each week, it is reported.

Monday night at Estelline the Junior High 5th and 6th grades will play Goree at 5:30 p. m.

followed by the 7th and 8th grades game at 6:30 p. m. Estelline Jr. High has a 4-1 record, after defeating Patton Springs 34-0 Monday night.

Scoring for the Jr. High team were Toby Gibson, one TD and a two-point conversion; Jay Rynes, two TDs, one coming after he intercepted a pass and returned it to the 8-yd. line; and Johnny Mack Brown, two TDs, both on long runs.

The Jr. High team also got a safety when Joe Brent Nivens, Joel Morrison and Toby Gibson trapped a Patton Springs lad behind the goalline.

Rites Held Tues. For Mrs. Smith, Kerri L. Conteras

Joint funeral services for Mrs. Beatrice Kerri Smith, 60, of 1110 Aster in Amarillo and her daughter, Kerri Lee Conteras of Higgins, were conducted at 3 p. m. Tuesday, Oct. 17, in the Assembly of God Church here with the Rev. W. L. Sanders, pastor, officiating.

Interment was in Fairview Cemetery under the direction of Spicer Funeral Home.

Junior Class Chili Supper To Be Fri.

A chili supper will be sponsored by the Junior Class of Memphis High School Friday night, Oct. 20, from 5 to 7:30 p. m. before the Memphis-Clarendon grid game, according to class members.

The chili supper will be held in the Travis Cafeteria. Tickets may be purchased from any class member or at the door. Price is \$1.00 each and 25 cents for dessert. Children under six may eat for half price.

Absentee Voting Began Wednesday

Absentee voting in the general election, which will be held Tuesday, Nov. 7, started yesterday in the office of Ruby Goodnight, county clerk. Voting by absentee ballot will end Friday, Nov. 3, four days before the election.

Ballots for the general election were delivered Monday, and the clerks have mailed them with absentee voting sets to all persons who had applied by mail, Mrs. Goodnight said.

Presiding judges and judges who will hold the elections in the five Hall County voting precincts were appointed by the commissioners court at a recent meeting. They are as follows:

Precinct No. 1, Memphis: Gordon Gilliam, presiding judge; Thomas Clayton, judge.

Precinct No. 5, Estelline: Frank Hedrick, presiding judge; Gerald Fowler, judge.

Precinct No. 8, Turkey: Elmer Lacy, presiding judge; Bruce Gibson, judge.

Precinct No. 9, Lakeview: W. C. Hight, presiding judge; W. M. H. Hughes, judge.

Precinct No. 13, Memphis: Herschel Combs, presiding judge; O. M. Cosby, Jr., judge.

Polls will open at 8 a. m. Tuesday, Nov. 7, and will close at 7 p. m.

'Beat The Bronchos' Pep Rally To Be Held On The Square Tonight

A "Beat the Bronchos" pep rally will be held at 8 p. m. in downtown Memphis tonight, it was announced this week by Cyclone cheerleaders.

All fans are urged to be on hand for this important, town-wide pep rally on the eve of the important District 2-A clash between Memphis and Clarendon teams.

The Memphis 7th grade team will play Clarendon 7th grade here at 6 p. m. this evening.

The Memphis 8th grade team, and Memphis junior varsity team, both undefeated in district play,

will travel to Clarendon for key games there in their respective district loop play.

The 8th graders won over McLean last Thursday 60 to 0. Their ranks were aided by the 7th graders who were open, and got into the game in the final period of play.

The Memphis B team won over McLean 54 to 6, Saturday morning, the Memphis freshmen lost a see-saw battle to the Groom B team 42 to 34, but not until after they had shown a lot of improvement over the first game when Groom won 28 to 0.

Vocational Adjustment Program Is In Third Year In Memphis Schools

Mrs. Leneita Lewis and Mrs. Roy L. Guthrie attended a workshop in Amarillo on Saturday, Oct. 14, for teachers of vocational adjustment, it was reported here this week.

This program has been in effect in Memphis, Mrs. Milton Beasley having initiated and executed it with the help of Mrs. Bob Douthit, it was explained. For the term 1972-73, students are enrolled in the local department. Freshmen go to school all day—part time in regular academic classes in High School and part time in vocational adjustment. Sophomores usually attend classes. Juniors are permitted to work for one-half day; seniors, under special conditions, are allowed to work all day.

Since the purpose of the program is to prepare pupils for securing and keeping jobs, maintaining acceptable behavior pat-

terns and becoming productive employees, the community often "becomes the classroom." Here they are supervised, counseled, directed and trained in actual conditions of working, the report stated.

Four seniors are fully employed: Johnny Jarrel at De Rose Industries; Kathy Wilks at Postex Mills, Hall Plant, Don Shelton at Donley County Water C&ID, and Joe Torres at De Rose Industries. Margarette Davis works one-half day at the High School.

Juniors holding parttime jobs include Carol Matthews at De Ville Motel; David Wiggins, Valance Food Store; Kenneth Roberts, Memphis Lumber Co.; Dorothy Fleeks, Hall County Hospital.

Rodney Neely, a sophomore, is now working part time for Davis & Scott Thriftway, and Joe Doss works for Gene Sasser. Ernest Rocha also works part time for the Housing Authority.

Freshmen who are being trained on the job include Larry Fleeks, who helps with the athletic program at Travis Elementary School; Etta Austin, who helps in the vocational adjustment program; Gary Van Ausdall, who works for Bylow Food Store; and Edward Doss, who works for Gene Sasser.

Most of these people have been complimented by their employers for their working habits, genial attitudes, friendliness and courtesy, Mrs. Guthrie said.

After a senior has met all the requirements for acceptable employment in his field, he graduates with his regular class.

"The program could not function if interested, patient, understanding businessmen did not feel the necessity of helping to build, through their cooperation, good citizens," Mrs. Guthrie concluded.

Assembly Of God Church To Have Day Revival

Rev. E. B. Crump of Wichita will be conducting a Revival, which is now in progress at the Assembly of God Church, 12th Street.

Rev. Crump has pastored several churches in this area and is now devoting time to conducting revivals and special revivals on prophecy.

Rev. Crump will be devoting sermons to the subject of prophecy, and he will be answering questions from the congregation during the revival.

Three Countians Are Attending State Meet

Three Hall County men are attending the annual statewide meeting of the Soil and Water Conservation District Directors, which is being held in Houston this week.

Standing from Hall County are Lee Scrivner of Turkey, and Henry Gregory, district consultant of the Memphis Field of SCS.

Scrivner and Richards will be representatives for Hall and Childress Counties at this meeting, concerning conservation activities for all of Texas.

Bill Hobby will be the guest speaker for the reception of the meeting and Dolph Briscoe will be the main speaker for one of the sessions.

The state meeting, which provides state-wide correlation of the conservation effort will be adjourned Thursday evening.

AUSTIN WINNERS—Pictured above are the fire prevention poster winners from Austin Elementary School. From left to right are: 1st Mark Markgraf, 2nd Jim Bob Goldston and 3rd Moleney Gilbert. These students were recognized by local firemen at the noon luncheon of the Memphis Lions Club Wednesday where they received their \$5, \$3, \$2 prizes for making the best fire posters.

The key game of the 1972 regulation season is on tap for Cyclone Stadium Friday night when the Memphis Cyclone of Coach Clyde McMurray meets the Clarendon Bronchos of Coach Clyde Nooncaster at 7:30 p. m.

Regardless of weather conditions, a record crowd of spectators is expected to be on hand, for the importance of the game is possibly attracting state-wide attention, for one of the teams could possibly go all the way this season.

Fans from both communities feel strongly that their respective teams are the better clubs, and, despite similar 4-1 records, the Bronchos have established slightly better records, especially early in the season, than the Cyclone.

Because of this, Amarillo news writers will probably pick Clarendon as the favorite team when they take the field against Memphis.

Memphis will have the home field advantage, but, as local fans familiar with the history of rivalry between these two schools all know, home field advantage is just not applicable.

Coach McMurray, in discussing the game, had this to say, "Clarendon has a good team. We feel Memphis has a good team. I personally feel Memphis has the best team that I have ever worked with as a coach."

He added, "We've been told that an area coach has said that Clarendon is a three touchdown better team than Memphis."

The Memphis-Clarendon game received area-wide attention when Garet Von Metzger of The Amarillo Daily News devoted most of his Sept. 22 column to the game. Von Metzger said, "I've been most impressed with Clarendon. Barring injuries, Coach Clyde Nooncaster's team will be hard to beat by another Class A team in the area."

"In District 2-A, Memphis and Clarendon generally have been favored but don't count out Claude," Von Metzger said, and went on to quote White Deer Coach Larry Anthony and Childress Coach Charlie Johnson, both having played both teams.

Coach Anthony said, "Clarendon by far the toughest. They're a lot more physical than Memphis."

Coach Johnson said, "They're different type of ball clubs. Clarendon has more power running with breakaway speed. Memphis is more explosive passing team. They're about the same size but Clarendon has more speed, better line blocking and more defensive experience, but Memphis will get better."

That, then, is the knowledgeable opinions of area professionals.

The Bronchos have a reputation of being able to break loose for long gainers and are considered to have a team with a lot of speed.

As far as fans are concerned, what is on tap Friday night is a football game on which the outcome of a likely district crown and right to possibly go all the way to the State Finals, rests.

Both teams will be under equal pressure and the squad which plays the best brand of football, makes the fewest mistakes, and mounts effective offensive play and stingy defense, will probably be the victor.

Clarendon Bronchos
Clarendon Bronchos are most noted for their outstanding backfield, led by 200-lb. Tailback Tommy Shields who is averaging about 26 to 30 carries per game for the big yardage. He is fast enough to be on the Clarendon sprint relay team and is a hard runner with the football.

HB Elray King, 170-lb. senior, is the other highly talented star performer in the Bronco's backfield. FB Steve Carter, 170-lb., another senior, is used mostly as a blocker but he does carry the pigskin. The quarterback will be either Randy Crosline, 184-lb. sophomore, or Rodney Hicks, 155-lb. junior.

The Bronchos run the ball in most attempts, but have adequate passing abilities.

The Clarendon line has the reputation of being aggressive, averaging 165 lbs. per man, and (Continued on Page 12)

Prepare For Voting Nov. 7!

Hall County voters need to prepare now for the upcoming General Election, to be held Tuesday, Nov. 7. The election in Memphis will be held in the Memphis Community Building so voters will not have to climb steps as they have had to do in the courthouse, these many years.

Voters, generally, have their minds made up as to the candidates for whom they will vote on the ballot, but many voters of our county and throughout the state are not so well prepared on making selections for the 14 proposed amendments to the Texas Constitution.

One group of Memphis women, with planning being done by the Delphian Club here, is making plans to have a meeting on the proposed constitutional amendments to help educate citizens concerning these amendments. Final plans will be announced later.

Absentee balloting in the general election began yesterday, so voters are already marking ballots. The time has definitely arrived for voters to start making up their minds.

In order to help acquaint our readers with these amendments, seven will be discussed here, and seven more will be discussed next week:

The first amendment on the ballot is an amendment which would raise salaries of the legislature from \$4,800 to \$8,400. This amendment has been voted upon before by Texans and we suspect until this is passed, Texans will be seeing it again. Voters have rejected it in 1965, 1968, 1969 and 1970. Considering the many aspects facing Texas Legislators, it is possible the best interest might be served if a salary increase was voted.

The second amendment on the ballot is one involving the abolishment of the Lamar County Hospital District at the request of the Lamar County commissioners court. Vote FOR on this one. The district is not being used, as private hospitals are serving patients in Lamar County.

Amendment No. 3 would require that all justices of the peace in all counties of Texas be compensated by the commissioners courts on a salary rather than a fee basis. We feel this is a good amendment and should be passed because it would promote integrity and better justice.

No. 4 on the ballot is an amendment which would authorize the 63rd Legislature to establish a constitutional revision commission. Much publicity has been given to this one and voters have heard of the need for a revision. But on the other hand, constitutional revision is not a legislative function, and the complete revision of the basic law of Texas is a very serious matter. Remember, Texas has become the state it is today under the old constitution, patched as it is, amended many times. Think about this one.

No. 5 is a tax exemption amendment for disabled veterans on certain property. This amendment will test the voters' feelings or whether or not disabled veterans of the U. S. deserve to be compensated for their sacrifice by receiving a token appreciation from the people of Texas. Only those veterans with taxable property would be benefited and schools and cities would carry the major portion of the lost revenue.

No. 6 is an amendment which would allow older persons, 65 years and older, to exempt not less than \$3,000 of the value of residence homestead from ad valorem taxes under certain conditions. This amendment could seriously restrict tax revenues of city, school, and other taxing districts, especially in areas where most major property owners are 65 years and older. This would depart greatly from the Texas law which demands that property taxes shall be equal and uniform, with all property taxed in proportion to its value.

No. 7 on the ballot is an amendment which would provide that equality under the law shall not be denied or abridged because of a person's sex, race, color, creed, or national origin. The Texas Constitution does not expressly prohibit discrimination because of sex, race, color, creed or national origin. On adoption, the amendment increases the constitutional guaranty of equal rights to all persons by prohibiting this discrimination. Actually, the U. S. Constitution guarantees these rights, so it is only right that the Texas Constitution should so grant the same rights.

What Other Editors Say

On Political Donations
One day last February a group of imaginative financiers sat down in secrecy to dream up fancy titles for a batch of phony organizations.

The men were experienced in this sort of work, so it didn't take long to compile a big list of names: Better America Council, Loyal Americans for Effective Government, Dedicated Volunteers for Reform in Society, United Friends of Good Government, and so on. Fifty organizations were created, and copies of the list were quickly sent across the country.

Next, solicitors speaking in urgent patriotic tones ("The future of our country is at stake!") induced citizens to part with securities bought at low prices long ago. This stock was carefully divided into blocks worth a few thousand dollars each. Then title to the stock was transferred to the impressive-sounding organizations. I a twinkling, the stock was sold and, once the cash proceeds had been safely deposited at four banks, all 50 groups vanished.

A stock fraud preying on gullible Americans?
By no means! This is the novel way in which the Committee to re-elect the President collected millions of campaign dollars this year. The idea is to make political giving relatively painless through avoidance of taxes—both capital gains and gift taxes.

Rather than solicit the traditional cash, Nixon's financiers sought extra-large contributions by emphasizing the presumed tax advantages of giving appreciated stock instead. Such Nixon fund raisers as Thomas Pike, vice chairman of Los Angeles' Flour Corp., assured donors that no one is liable for taxes on any gains when the donated stock is sold.

To protect big contributors giving either stock or cash against gift taxes, the GOP set up the sheltering network of dummy political committees. Under the law, no taxpayer can give more than \$3,000 annually to any person or organization without incurring gift-taxes—once the tax-

as to avoid registering them with the General Accounting Office and to guard the identity of donors.

One of the GOP donors was Erik Johnson, former mayor of Dallas.

Oh, well, whether you hide campaign funds in Old Mexico or in the account of Loyal Americans to Protect Our Nation From George McGovern, it all adds up the same, the re-election of a Republican administration.

Cyclone Band Booster Club To End Community Calendar Sales Saturday

The Memphis Cyclone Band Booster Club is preparing to end its annual Community Calendar sales on Saturday evening, Oct. 20, according to members. For the past three years, the club has used this project in order to raise money to be used for the benefit of the Memphis bands.

The Booster Club is a non-profit organization with its primary purpose to help the bands in any way it can. Each worker receives his or her time and effort with no salary. Many times the needs of the bands extend beyond the school budget, so the club helps when possible.

Each year the club pays for the services of a clinician to aid the bands before contests of both concerts and marching. Two times a year during the contests, the club provides one meal for each band participating.

Before last the club paid for new chairs for the Junior High Band and also new music stands for both High School and Junior High Bands. Last year a fund was established with the Booster Club and a new instrument and a new sound system were purchased.

The old sound system was beyond repair and it was replaced by a new record player and tape recording set-up. It has been very helpful in the bands' program and will worth the investment, members stated.

Exactly how the profit from the calendar project will be used depends largely upon how much can be raised, it was explained. There are several areas needed at the present time that must be met by the school budget.

The price of the calendar is the same as last year, \$1 per calendar with each birthday and anniversary listing as 25 cents. The boosters are canvassing the city of Memphis and some are knocking on every door or

calling on the telephone. Any working person who may have been missed during the day may place an order for calendars by phone by calling either Mrs. Kenneth Chick, 259-2777, Mrs. Raymond Martin, 259-2343, or Mrs. Marion E. Posey, 259-2658.

When the calendars are ready, delivery will be made to each buyer.

Man & Land & Love Musical Drama To Be Presented Oct. 21 At Wellington

By Mrs. L. Clyde Drake
Unsaddle your worries and hitch up to a team of nostalgia bound for Wellington's High School Auditorium on Oct. 21 when the Collingsworth County Historical Survey Committee presents the original production of "Man & Land & Love" for the second year.

Friends of Collingsworth County Museum are preparing a chuck wagon supper to be served at Ellison Park prior to the 8 o'clock curtain. In keeping with the tradition of gone-by days, these western men and their girls are offering "cowboy kisses" with the food orders upon request, while live music whispers through the tree tops.

Special souvenir programs will include the original edition of "ECHOES", an old-fashioned newspaper toasting to the "good old days"—the "gone" ones, and to those "coming-up" in Collingsworth County, Texas. Others of this series are to be published on special occasions for the Collingsworth County Museum by the

local Historical Survey Committee.

Designed to entertain even those who claim not to enjoy history, the scrapbook ramblers of yesteryear unfold in a media-mix presentation via legends. Within the three acts, geared to interest all ages, is an array of surprise props and exciting settings with songs depicting the pages of time and days that used to be.

Commissioned by the Collingsworth County Historical Survey Committee to foster appreciation of local history and to benefit establishment of Collingsworth County Museum, the enactment of this prairie bouquet is directed by Mrs. Bob McAlister from a script by Mrs. B. M. Sims. "Man & Land & Love" is a combination of teamwork as exemplified in its subtitle, "How the West was One".

In October, 1971, the production captivated an SRO audience from Dallas, Fort Worth, Amarillo, Paducah, Pampa, McLean, Clarendon, Quanah, Childress, Shamrock, Memphis and Hedley as all parts of Collingsworth County.

Tickets are available at Lockhart Pharmacy in Memphis.

Funeral Services For H. Eddleman Held In Quitaque

Harley Clark "Slim" Eddleman, 56, died early Wednesday afternoon Oct. 11 at his home 12 miles east of Tullia. Mr. Eddleman's death apparently was caused by a heart attack.

Funeral services were conducted at 2:30 p. m. Friday in the Baptist Church in Quitaque.

Mr. Eddleman was born and reared in Hall County, but had lived in the Quitaque area for many years.

He was a member of the San Jacinto Baptist Church of Amarillo and was a decorated Army veteran of World War II. He was a member of the Silverton VFW.

Survivors include his wife, the former Lucille Hulsey; two sons, Mark of the home and Charles of Amarillo; two daughters, Mrs. Ledora Rowell of Amarillo and Mrs. Patsy Stockton of Littlefield; four sisters, Mrs. Ruby Cushman and Mrs. Johnny Morrison of Quitaque and Mrs. Neva Hickey and Mrs. Era Heckerson, both of Dimmitt; four brothers, Bruce and Bryant, both of Silverton, Bailey of Quitaque and W. C. of Eureka, Calif.; and six grandchildren.

Little Theatre Meets Saturday In Farnsworth Home

The Memphis Little Theatre met Saturday afternoon at 3 p. m. in the home of Ann Farnsworth with Johnnie Bice serving as co-hostess.

The president, Kathryn Jones, conducted a short business session after which the program was introduced by Virginia Browder.

Mary Helen Sexauer gave an entertaining account of their recent trips to Mexico City and Alaska, concluding with remarks on Mexican Folklore Ballet.

A delicious dessert plate was served to the following members: Tomacile Greene, Carol Deaver, Lottie Kinard, Mary Helen Sexauer, Kathryn Jones, Mary Lee Fields, Tanga Widener, Myrtle Helm, Wilma Voyles, Nell Beeson, Mildred Stephens, Virginia Browder, Helen Combs and the hostesses, Ann Farnsworth and Johnnie Bice.

Baptist Ladies' Class Meets Oct. 10 In Robt. Moss Home

General Telephone Co. Distributes 150 Pamphlets To Instruct Children

General Telephone Company of the Southwest, Memphis Division office, has presented some 150 special instruction pamphlets to young school children here, according to J. H. Davis, division manager.

The pamphlets are entitled, "In Case of Emergency . . ." and contain instructions for teaching small children how to use the telephone in an emergency.

The telephone company spokesman said that in the next few years, more and more communities across the country will be establishing central emergency switchboards which will be reached by dialing the number 911. These central switchboards will handle all types of emergency

Nocona Rites Held Sun. For Mrs. A. Bradley

Mrs. Angia Bradley, 80, a former resident of Memphis, died Friday morning, Oct. 13, in a Nocona hospital.

Funeral services were held at 3 p. m. Sunday in Scotts Bros. Funeral Home Chapel there with the Rev. H. L. Bayless, pastor of the Assembly of God Church, officiating.

Burial was in Nocona Cemetery. Grandsons were pall bearers. Angie Farrar was born May 18, 1892, in Birmingham, Ala., and came to Texas when a small girl with her parents. She married Walter Bradley in 1910 at Honey Grove. He preceded her in death in 1934. She resided for many years in Wichita Falls where she was a civil service employee, retiring in 1955. Mrs. Bradley was living with her daughter, Fayrene Jones, and husband in Abilene at the time of her death. She was a member of the University Baptist Church in Abilene.

Survivors include: two sons, Raymond of Dallas and Russell of Nocona; four daughters, Mrs. Fayrene Jones of Abilene, Mrs. Joyce Shewmaker of Mineral Wells, Mrs. Marie Tucker of Wichita Falls, and Mrs. Madge Green of San Antonio; one sister, Mrs. Juanita Martin of Texas; 23 grandchildren and 21 great-grandchildren.

Una Vay Neighbors and Aaron Bradley, both of Memphis, were cousins of Mrs. Bradley.

Father Joe Tach Guest Speaker At Kiwanis Club

Father Joe Tach of Amarillo St. Anthony's Hospital was guest speaker at the regular meeting of the Kiwanis Club this week.

Father Tach spoke to the group on "Operation Drug Alert." He explained that, regardless of the size of a town, it is important for citizens to be aware of drugs. It was explained that even though a town has no evidence of drug users, it is most important that it never get started. The parents should know that drugs in the Texas Panhandle are greater than they think, and that they should be alert to the problem, he said.

On Oct. 25 the Kiwanis Club will be visited by the Kiwanis Lt. Gov., who will speak to the members.

Fred Grimes, Brother Of Local Woman, Dies

Fred Grimes, brother of Mrs. Baker Jones, passed away at his home in Hillsboro over the weekend. Funeral services for Mr. Grimes were held Monday afternoon in Hillsboro.

A long time resident and businessman in Hillsboro, Mr. Grimes was a past president of Lions International and the first member to be admitted to the Hall of Fame of the Lions Club.

Mr. and Mrs. Jones went to Hillsboro several days ago and remained until after the funeral services.

Other than his sister here, he is survived by his wife of the home; one son and two grandchildren.

Susan Hughes Is Sorority Pledge At Tarleton State

Susan Hughes, a 1971 graduate of Estelline High School, is a pledge of Gamma Sigma Sigma sorority at Tarleton State College in Stephenville.

Susan, who is the daughter of Mr. and Mrs. Nathan Hughes of Newlin, is a sophomore Home Economics major.

Gamma Sigma Sigma is a service sorority.

Warning To Hunters

Texas has a law on its books which makes it a felony to carry prohibited weapons such as firearms of any type or character, or a knife with a blade of more than five and a half inches in length into any place where alcoholic beverages are "sold or consumed." Penalty is five years in the penitentiary.

The law also provides that all licensed premises must display a sign warning all patrons of the existence of the statute.

Particular attention is called to this law since liquor as well as beer has now become legalized in many areas of the state.

So, if you want to stop for a six-pack, while en route to a hunting site, leave that gun (loaded) in the car. Don't do anything of taking it inside a tavern or any place serving or selling liquor of any kind.

And treat the deer-skinning knife or other long blade with the same respect. The scalping is legal, but what's in it is not.

News About Insurance And . . .

CYCLONE NOTE—Paul Fowler is not only an excellent football player, but he is also an outstanding young sportsman. He excels in hunting and fishing. I doubt if there is a better stream trout fisherman in the Panhandle despite the claims of his father, Dick Fowler.

INSURANCE SUGGESTION—What Property Damage limits are you carrying in your auto insurance policy? For two dollars, your family auto limits can be quadrupled from \$5,000 to \$20,000. With hundreds of thirty and forty thousand dollar diesel rigs on the highways these days, we strongly recommend the inexpensive increase.

ADVICE TO YOUTH—If I could make only one recommendation to young people, other than religious, it would be that they learn to like work. Those who enter adulthood with a distaste or dread of work will probably miss the serenity of life acquired by those who learn to love and respect honest labor and toil.

A POSSIBLE NO NO—I don't pretend to be wise enough to know what will happen if the Texas insurance rating law is scrapped in a short legislative session. The new law could be good, or it may be bad. The immediate result in a number of other states was a series of higher rates rather than lower rates the buying public had been led to expect.

The Texas rating plan has come under heavy fire due principally to inflation and rising costs in all areas. If a change is made, I hope it is done only after thorough investigation and study which indicates feasibility of a new system, rather than needed change of the plan which has worried pretty well since 1927.

Rufus Jones Gets \$500 Award From Lyndon Johnson

Rufus Jones, former Memphis resident, and son of Mrs. Stella Jones, received a check for \$500.00 from former President Lyndon B. Johnson Wednesday, Oct. 11.

The occasion was the presentation of the first place award in the Texas Highway Department's beautification contest program at Stonewall. The award was given to Cullen Luttrell, district employee, of Sonora, by Lady Bird Johnson. He received a check for \$1,000.00.

After the presentation to Lut-

trell, former President Johnson, moved to the rostrum and announced that he was going to make an award of his own. He then gave the \$500.00 check to Jones, head of the highway district which maintains the LBJ State Park, located across the Parnales River from the Johnson Ranch.

Jones, who is a brother of Mrs. Bill Hall, was the first prize winner of the highway beautification contest last year, and received a \$1,000.00 check from Mrs. Johnson.

CARD OF THANKS

Government Jobs Total 340 Persons In Hall County

NEW YORK—How many Hall County residents are holding down government jobs? How does this compare, in relation to population, with the number on government payrolls in other communities?

According to the latest figures, a smaller proportion of the working force is to be found in public jobs—federal, state and local—than in most parts of the United States.

Approximately one out of every seven employed persons in the area work for a government agency. This is exclusive of those in the armed forces.

The facts and figures on public employment, locally and elsewhere, comes from studies and surveys made by the Department of Commerce, the Tax Foundation and others.

They show that the number of persons so-employed has risen much faster in recent years than the number in private employment.

Since 1960 there has been a 59 per cent increase in those on public payrolls, as compared with a 26 per cent rise in the number in private industry.

In Hall County, the reports indicate, some 14.8 per cent of the working population are in government jobs.

This is below the proportion in the rest of the United States.

where the average is 18.2 per cent. In the West South Central States, it is 17.0 per cent.

The figures show that there are now some 340 men and women in the local area on government payrolls.

Of this total, 230 are in state and local employ. The rest work for the federal government.

In the last 20 years or so, according to a study by the Tax Foundation, the number of civilians in public jobs rose from 6,400,000 to more than 13,300,000.

A relatively small part of that increase was at the federal level. It went from 2,100,000,000 to the current 2,880,000.

The great bulk of the expansion was at the state and local level. These governments have more than 10,450,000 in their employ at the present time, as compared with 4,300,000 in 1950.

The attractiveness of government jobs has been greatly enhanced, it is pointed out, by the sizeable boost in pay scales and fringe benefits that have been gained in recent years, chiefly through union activity.

The most common cause of hearing losses, particularly among older persons, is damage to the nerves ending in the inner ear.

From Science Research — Insects Found To Use Radiation As Guide In Flight

It has recently been shown that insects detect electromagnetic radiation by a method similar to that used by German radar engineers during World War II to find allied radar transmitters.

An article in "Applied Optics," a publication of the Optical Society of America, describes how the species of night-flying moths work on the same principle as devices known in electrical engineering as dielectric waveguide detectors.

The author of the paper, Dr. Philip S. Callahan, explains that not only are the moths' spines shaped like artificial waveguide detectors but that their material has the same electrical, thermal, and optical properties as materials used by engineers.

Most waveguide devices are metal, but beginning in the 1930's detectors of semi-conducting materials known as dielectrics were developed. By the time of the second world war, they were well enough advanced to enable

the Germans to use them rather extensively as radar aerials and as search aerials for detecting allied radar transmissions.

Artificial waveguide detectors are much larger than the antenna spines of moths, and they function at wavelengths that are outside the visible range of the electromagnetic spectrum. The antenna spines of the moths are the only known waveguide detectors for visible light.

Georgia Couple Enjoying First Visit To Panhandle

Mr. and Mrs. Bill Miller have as house guests this week Mr. and Mrs. Rubin Ledbetter of Atlanta, Ga.

Mr. and Mrs. Miller are enjoying showing Mr. and Mrs. Ledbetter some of the interesting spots in the Texas Panhandle as this is Mr. Ledbetter's first visit to this part of the state of Texas. In Memphis they have visited the Memphis Congress and other local points of interest.

On Sunday they went to Amarillo and enjoyed a drive back through Palo Duro Canyon and later in the week they plan to

attend the Cattle auction and visit other points of interest.

Mrs. R. B. Phillips and Mrs. Wayne Swett will be in Weatherford, Okla., this weekend where they will attend a breakfast sponsored by Sigma Kappa Sorority of Southwestern State College. Mrs. Phillips daughter, Elaine, is a member. The breakfast will honor the mothers of the girls; also being celebrated is Homecoming.

Grover Girls To Be here At 11:30 Saturday

The 18 Amarillo women who are Grover Girls, who will be touring the Panhandle Saturday in promotion for Senator Hank Grover's bid for the governorship, will be in Memphis at 11:30 a. m. Saturday.

The Grover Girls will be met in Memphis by Mrs. Zack Fisher, acting county chairman for the Republican party. They will enter town singing Grover's campaign song, "Texas Can Do It," written for Grover by Bob Haymes.

The Grover Girls will then distribute literature in the business district here, as they will in each town on their tour.

Mrs. John Kenehan of Amarillo is organizer of the Grover Girls.

Roden Baby Suffers Attack Of Encephalitis

Victoria Leah Roden, 5-month-old daughter of Mr. and Mrs. Jimmy Roden, was reported today to be improved by her grandmother, Mrs. Les Sims.

Victoria was carried to Northwest Texas Hospital in Amarillo Monday after she developed a high temperature and other complications from what was first thought to be a throat infection. She became ill Saturday.

After doing a spinal test, Amarillo doctors said she had encephalitis, Mrs. Sims said. Other tests performed yesterday, including a brain wave test, were good and the baby is now clear of fever, her grandmother stated.

Lakeview School Lists Students On Honor Rolls

Supt. J. H. Jackson, Jr., of the Lakeview Schools this week released a list of students making the honor rolls in grades seven through twelve for the first six weeks.

The superintendent explained that the policy is new with the Lakeview Schools, and two separate scholastic lists are being maintained. The A list is composed of students receiving all A's in academic subjects, and the B list is students receiving all B's (or better) in subjects.

Three students are being recognized as making the all A list. They are Zane Gilbreth, Sidney Gardenhire and Brad Byars.

Students making the B list are: Mary Ann Gilbreth, Carolyn Hughes, Pam Paschall, Donita Byars, Bill Richburg, Theresa Chapman, Starla Byars, Janet Byars, Joan Berry, Ricardo Rodriguez, Belinda Barbee, Billy Chapman, Karen Cofer, Irene Martinez, Mike Miller, Chris Molloy and Adam Rodriguez.

Graham Purcell Campaigns Here Today In Caravan

Congressman Graham Purcell visited Memphis today telling voters the Panhandle must have a "can do" man in Washington.

"We all know the difference between a show horse and a work horse," the veteran Democratic Congressman said. "Well, I will never win any prizes for my looks, but I believe I have proved I can get things done—and that's the important thing."

As a result of the seniority he has acquired in the past 11 years, Purcell is now chairman of the House Agriculture Subcommittee on Livestock and Grains.

This is the panel directly responsible for legislation affecting the Panhandle's vast feedlot and wheat industries, Purcell noted.

Even more important, he explains, is the fact that his seniority now has put him in position to become the next chairman of the full House Agriculture Committee.

"Of all the committee assignments in Congress, none could be more important than this to the Panhandle," he said. "Not many people realize it, but Texas receives more funds from the Department of Agriculture than any other state in the union."

Congressman Purcell's visit here was part of a far-ranging campaign tour across the length and breadth of the Panhandle. His campaign caravan was scheduled to visit 33 cities.

"It's been great to be able to get out and talk shoulder-to-shoulder with the voters," Purcell said. "It has helped me get an ever better insight into the problems and concerns of citizens of the Panhandle."

Purcell, a native of Archer County and a former District Judge, was elected to Congress from the Wichita Falls district in 1961 and is seeking his seventh term. This year, under Congressional redistricting, the Wichita Falls and Amarillo districts have been combined and Purcell has been thrown into a race against incumbent Bob Price for the Panhandle seat in Congress.

In his campaign, Purcell has criticized "Mr. Price's failure to give the Panhandle the strong, effective voice it deserves in the House of Representatives." Purcell noted that Price has introduced more than 250 bills during the six years he has been in Congress, but that not a single one introduced by Price alone has ever become law.

"There simply is no substitute for effective representation in Congress," Purcell said. "A district which does not have a hard-working Congressman with considerable seniority is simply sacrificing its right to be heard in the crucial day-to-day decisions of our government."

Purcell noted that the House of Representatives has 435 members.

"But the real decisions are made mainly by 21 men—the chairmen of the 21 standing committees of the House. As a ranking majority member of the House Agriculture Committee, I am now in an excellent position to become chairman of that body," Purcell said.

"It goes without saying, of course, that the chairman of a full committee is more effective clear across the board—not merely on matters under the jurisdiction of his own particular committee. Thus the chairmanship of the Agriculture Committee would be a tremendous advantage to the people of the Panhandle and Northwest Texas."

SIGNS BILL—State Rep. Phil Cates of Lefors, Rep. Mike Moncrief of Fort Worth, and Senator Jack Hightower of Vernon, joined Gov. Preston Smith Tuesday for the signing of Senate Bills 20 and 21 which revised the Trailer Light and Brake Law. The revision brings regulations into a better light with the needs of the people from small towns and rural areas.

Halloween Plans Are Made For Lakeview Affair

The Lakeview Senior-Junior Halloween Carnival is planned for two nights, Oct. 27 and 28, with booths opening at 6:30 p. m. each night.

There will be Halloween School King and Queen crownings both evenings at 9:30 p. m.

Booths will feature: bingo, basketball throw, 42 tournament, minnow pond, dart throw, cake walk, milk bottle throw, soda pop ring, colorama, and checker board throw. The P. T. O. will have two booths also.

A concession stand will be available with homemade cakes, pies, sandwiches, etc.

GET READY FOR A FINANCIAL SHOCK!

Problem drinkers will be involved in traffic crashes this year that can cost you and other Texans more than \$380,000,000. You will pay this bill with insurance premiums and taxes.

Who are these money-costing drivers? Most of them may be the 7% of the driving population who are problem drinkers. Abuse of alcohol through excessive drinking is a major cause of fatal traffic crashes.

Here is what you can do if you want to minimize this menace.

(1) Tell law officers and courts that you want the abusive drinker, chronic violator removed from the streets and highways until he can demonstrate that he is capable of operating a car or truck without

endangering the lives of his fellow Texans.

(2) Realize that it is best for you to refrain from driving if you drink. If you must drive after drinking, be absolutely certain that you are sober.

Contact the Governor's Traffic Safety Office, the Department of Public Safety, or the Texas Safety Association, Austin, Texas, if you want additional information about this—or any other—safety matter.

We all feel sorry for the abusive drinker who kills or is killed in traffic crashes. But what about the 93% of the driving public who do not abuse alcohol? Doesn't this majority deserve some of our sympathy?

Doesn't this majority deserve protection? We think it does.

Cyclone Sweeps By McLean Tigers 41-0

Memphis Cyclone swept McLean Tigers last Friday night 41 to 0 in a football game which saw the Cyclone dominate play a near flawless in corraling the Tiger offense.

Defense also forced the Cyclone to give up the football five times, with linemen Campbell, Lyndel Orcutt and Soder, and Linebacker McKay coming up with five recoveries.

There was no indication that the Cyclone might be looking for the pending Clarendon game this Friday night. The Cyclone went most of the game on Pro Set, and QB Brown engineered a passing and running attack which put points on the scoreboard in all periods.

Tigers made their deepest penetration to the Memphis 27-line when, on the third play of the game, a Memphis pass was intercepted by the Cyclone and into the hands of the Cyclone defender who was tackled by the Memphis 30. Two runs netted three yards, and on the next play, a fumble recovered by Jay Campbell recovered the football for Memphis back to the Memphis 39-yard line.

At this point, the Cyclone started a 61-yard drive in three plays.

On the ground, FB Paul Fowler and HB Ronald Canida alternated carries one for first downs to the McLean 49 and the McLean 29. In the next series, Fowler picked up yards up the middle; then, Brown passed to Flanker Johnson who made nine yards and Memphis was knocking McLean 15-yd. line.

Tiger defense, stiffened, but HB Johnson a one yard and HB Canida a three yard gain. On the next play, QB Brown rolled out and flung the ball to Tight End Bobby at the goal line and Hall the ball away as he went.

Larry Don Johnson booted the ball after and the score was 6:43 left on the first quarter.

Cyclone drive ended on the 6-yd. line, later in the quarter, but the Cyclone came back, recovered a McLean fumble on the Tigers 23-yd. line up the Cyclone's second Tackle Orcutt recovered the ball for the Cyclone.

On the Cyclone four plays later, with HB Canida making yards on a sweep, and HB Davis carrying for five more yards first down to the McLean 15-yd. line and Johnson carried again for five

yards to the 4-yd. line, and the scoring play was a 4-yd. carry by QB Mike Browning. Johnson's kick after was just wide of the goal post and the score was 13 to 0.

McLean was held, after the kickoff and punted the football to the Memphis 44. This started the third scoring drive, 56 yards in eight plays. Good runs by FB Fowler, who made gains of 9 yards, and 3 yards, and HB Canida with carries of 4 yards and 8 yards, and an 18-yard pass play from Browning to HB Canida got the football to the McLean 14-yd. line.

At this point, the Tigers were off-side, which moved the ball to the 9. On the next play, FB Paul Fowler ran over the Tigers secondary in route to the goal-line for the Cyclone's third TD in the first half. Johnson's point after kick was good and the score was 20 to 0.

Just before halftime ended, Cyclone Safety Mike Browning fielded a rather short Tiger punt between the McLean 45 and 40 yard line, found an opening down the west sideline, cut back up field about the 20-yd. line, an avoided tacklers as he carried the football into the endzone. This is the first time this season a Cyclone kick return has paid off in points on the scoreboard. Johnson's kick was good.

With only five seconds on the clock, the McLean Tigers came as close to putting points on the board as they did all night. As No. 42, Jim Hall, 170-lb. Junior, fielded the football on the kickoff about the 15-yd. line, broke free of Cyclone defenders about the 25-yd. line, received blocking aid on the west sideline, and raced to the Memphis 5-yd. line before Larry Johnson's shoe-lace tackle pulled him down from behind. This tackle climaxed a foot race of 50 yards. The buzzer had already sounded ending the half.

Second Half Action

The Cyclone found another scoring opportunity early in the third period of play when Linebacker Gary McKay recovered a McLean fumble on the Memphis 47-yd. line. The 53-yd. scoring drive took nine plays.

FB Paul Fowler on carries of 5 and 7 yards moved the football to the McLean 41. Then HB Canida marched for 16 yards on two carries, to the 25-yd. line. A third down pass from QB Browning to HB Canida for a 10-yd. gain and a four-yd. carry by Fowler moved the ball to the 11.

On the next play, QB Browning passed to Flanker Larry Johnson for the touchdown. The play covered 11 yards and Johnson

tacked on the extra point.

With 9:46 left on the scoreboard clock in the final stanza, the Cyclone hit paydirt again, this time on a 28-yard aerial from QB Browning to End Wayne Davis, who had gotten behind the McLean secondary up the middle. Johnson added the point after place kick.

Democrats In Childress County To Have Chili Supper Rally Oct. 24

The Democrats of Childress County are making final plans for what will be the largest gathering in the Northwest Texas and Panhandle area this year. On Tuesday, Oct. 24, at 6 p. m. they will kick off their Second Biennial Old Fashioned Political Rally and Chili Supper at the City Auditorium in Childress. Tickets are on sale from all area Democratic County Chairmen and are priced at only \$1.00.

In 1970, with virtually every candidate on the ballot in attendance, including Senator Lloyd Bentzen, Governor Preston Smith and Congressman Graham Purcell, over 2000 people ate chili and enjoyed the old fashioned political rally. State Land Commissioner Bob Armstrong even joined into the swing of things by donning an apron and serving chili to the crowd.

This year the event will be even a greater success. Virtually all state-wide candidates and area and local candidates are expected to attend. There is even the possibility of one of the national candidates attending. This would be the first time a national candidate has come to Childress since Franklin D. Roosevelt made a whistle stop here during the 1930's.

Governor Preston Smith has declared the week Chili Week in Texas by issuing the following proclamation:

Chili has long been a dish to tickle the taste buds of Texans. Every time a Democrat runs on a platform of "Chili In Every Pot," he wins hands down. Chili has become a delicacy synonymous with Texas and Texas Democrats.

Democrats from a vast area of

North and West Texas will gather in Childress, Texas (originally known as Chili-dress, according to some) for a giant rally on Tuesday, Oct. 24, featuring an old fashioned grass roots Democratic political rally and chili supper, insuring a Democratic landslide.

It is desirable that all Texas communities hold such rallies during the week of Oct. 22-28.

Therefore, I, as Governor of Texas, do hereby designate the week beginning Oct. 22, 1972, as CHILI WEEK IN TEXAS.

In official recognition whereof, I hereby affix my signature this 19th day of Sept., 1972.

Preston Smith
Governor of Texas

Floyd Carter, Father Of Local Woman, Dies

Funeral services for Floyd Carter, father of Mrs. Dorothy Duncan of Memphis, were held at 4 p. m. Monday afternoon in the First Methodist Church in Burleson with the Rev. Jim Caten, pastor, officiating.

Mr. Carter passed away Friday, Oct. 14, at the age of 93 years. Other than his daughter here, he is survived by two other daughters, Mrs. J. C. Williams of Burleson and Mrs. J. E. Canada of Oklahoma City and a son, Dan Carter of Clarendon.

Mr. and Mrs. Lonnie Widener, Jr., visited Mr. and Mrs. Fitzjarrald's Ranch near Silverton Sunday afternoon and enjoyed seeing their Appaloosa horses.

It is estimated that the number of licensed drivers in the U. S. will increase from 114 million to over 161 million by 1990.

Lydia Class Meets In Home Of Mrs. R. E. Clark

The Lydia Sunday School Class met Thursday, Oct. 12 in the home of Mrs. R. E. Clark with Mrs. Sim Reeves as co-hostess.

Mrs. H. H. Lindsey presided at the meeting with Mrs. W. E. Billington offering the opening prayer.

Mrs. Lindsey brought the report of the nominating committee after which officers were elected as follows:

Mrs. H. H. Lindsey, president; Mrs. Jean Lamb and Mrs. Pauline Wilson, vice president; Mrs. Ivy Smith, ministries chairman; Mrs. Estelle Barber, secretary-treasurer and reporter; Mrs. Omer Hill, outreach leader.

Mrs. Billie Parker installed the new officers using as the theme, "Under His Wings," reading Psalm 36-7, Psalm 57-1 and Matt 23:31. The beautiful installation service was concluded with prayer by Mrs. Parker.

Group captains Mrs. Ida Hutcherson, Mrs. Myrtle Hampton and Mrs. Larry Simpson drew names of members and places were selected for monthly meetings. The next meeting is slated for Nov. 9 with Mrs. Ida Hutcherson with Mrs. Estelle Barber as co-hostess.

Mrs. Omer Hill offered the closing prayer.

The hostess served lovely refreshments to the following members: Mmes. Ida Hutcherson, Grace Foxhall, H. H. Lindsey, Sim Reeves, Ocie Scott, J. W. Smith, Larry Simpson, Ethel Fowler, Ethel Saunders, Jean Lamb, Omer Hill, Billie Parker, Estelle Barber and W. E. Billington.

Mrs. Bray Cook Attends TFWC Board Meeting

Mrs. Bray Cook, president of Santa Rosa District, TFWC, was in Abilene last week to attend a state board meeting at Starlight Motel. Approximately 180 members were in attendance with all 13 district presidents attending the four-day session.

On Saturday, Oct. 14, Mrs. Cook was in Silvertown to participate in the Caprock District Board meeting. She has also recently been in Knox City and Matador to speak to Federated clubs.

Edna Lester Is Hostess Tuesday To 69ers Club

Edna Lester was hostess to members of the 69ers Club on Tuesday, Oct. 17. The afternoon was spent in doing needlework for the hostess.

October is the birthday month for several members including Mona Robertson, Carrie Dennis, Ina Lawrence, Susie Coleman and Edna Lester, who received a birthday gift from their secret pal, Susie Coleman was the recipient of the hostess gift.

The hostess, Mrs. Lester, served tasty refreshments to one visitor, Martha Billington; and Susie Coleman, Ruth Gardenhire, Martin, Faye Maddox, Ruth Misenhimer, Mona Robertson, and Opal Waites.

Culture Club Has Study With Cancer Soc. Rep.

The Woman's Culture Club met in the home of Mrs. R. E. Clark for the first October meeting.

The theme for the program was "Take Time Out for Life".

Mrs. L. G. Rasco gave the invocation and Miss Alma Bruce introduced the guest speaker for the program, Bill McDavitt, American Cancer Society Representative of Lubbock. Mr. McDavitt showed slides and lectured about the slides and other phases of the American Cancer Society. He said that there were films for all ages and all aspects of cancer. He also stated that people were more aware of cancer now because of communication, but more education was needed so that the 16,000 people who will die in Texas this year of cancer could be reduced. He stressed the seven signs of cancer and urged everyone to have an annual check-up by the family doctor. He closed his discussion by telling of the research that is being done and what an exciting and challenging field it is.

Refreshments were served by the hostess, Mrs. R. E. Clark, to the guest, Mr. Bill McDavitt, and the following club members: Mmes. Nat Bradley, Frank Ellis, Ward Gurley, A. W. Howard, Jeanette Irons, Jim Lange, Pat Lewis, David May, Robert Moss, Alvin Pyeatt, L. G. Rasco, L. A. Stilwell, Theo. Swift, Misses Alma Bruce, Esta McElrath and Sybil Gurley.

Oliver Circle Meets For Study Monday Evening

The Oliver Circle of First United Methodist Church met at the church at 7:30 p. m. Monday, Oct. 16.

Wanda Messick, chairman, called the meeting to order. As there was no business, she turned the meeting over to Yette Miller, program chairman, who announced that the November meeting would be a salad supper and pledge service. She then gave a preview of the 1972 program material for United Methodist Women. The theme of this material is "Live a New Life," and suggested studies include a study of India and a Bible study of Romans.

As a meditation Beverley Whitten read verses from the first chapter of Romans. The group then prepared a display for the Sub-District meeting of United Methodist Women that was to be held in Lakeview on October 17.

Beulah Martin served as hostess for the meeting and had prepared delicious refreshments that were enjoyed by the following members: Wanda Messick, Yette Miller, Beverly Becker, Emma McQueen, Peggy Becker, Emma Lou Spruill, Gloria Nelson, Johnnie Hutcherson and Sue Fowler.

Mr. and Mrs. Lendon "Dink" Gerlach of Del Rio are visiting this week in the home of his mother, Mrs. E. Gerlach.

Mrs. Lynn B. Jones opened the meeting with a short business session. Mrs. Cap Byars led in prayer.

Mrs. J. P. Parker read the names of the missionaries who had birthdays that day and remembered them in prayer.

Mrs. Jones taught the Bible lesson from Mar 1:1-13. She discussed the "Introduction To The Gospel According to Mark" and "Preparation for Missions, and Preparation of Christ by the Holy Spirit and the Preparation by Christ in the Wilderness." Mrs. I. D. Herndon led in the closing prayer.

Attending were Mmes. Jones, Byars, Parker, Herndon, Wilburn Coffman, T. L. Stevens, Clyde Davidson, Sam Hamilton, Eula Moreland and J. W. Chappell.

Methodist Women Meet For Study On India Monday

The United Methodist Women met at the First United Methodist Church Monday, Oct. 9 and 10 at 3 p. m. for a study on India.

Mrs. Tommy Nelson gave the introduction each time as leader, giving the members a test on Indian Objects and having them

discuss facts about the country. They told that it has one sixth of the world's population and is the largest world democracy with less than 30 per cent literate people.

From the book, "Ask an Indian About India" by B. Leval, Mrs. Tarver gave an interesting discussion of customs and conditions in the country quoting several men and women in government and church circles.

Mrs. Dewey Britt enhanced the program by focusing her review on Indian art. She described the music of satarist Ravi S. Shankar and explained the long traditions of the classical and religious themes. She told of the art and journalism.

Mrs. J. J. McDaniel gave an informative discussion of the origin of the religions in the country including Hinduism, Buddhism, Christianity and Yoga. She pointed up their many festivals.

Mrs. Nelson closed the meetings with prayer. Those present other than those already mentioned were Mmes. R. S. Greene, Bess Crump, W. J. McMaster, W. V. Coursey, Mary Lou Erwin, J. B. Scott, Lee Brown, Ed Hutcherson, Cleot Srygley and F. W. Foxhall.

CARD OF THANKS

I want to thank all of you for the lovely birthday cards and gifts. I wish I could write to all of you but I just cannot. I am very well and had a lovely birthday with Edith, Ray and the relatives from Memphis.

I love all of you.

Mr. and Mrs. Loyd Byars of Hall County were visitors in the past week. Mr. Byars is the grandfather's uncle, and I'll see you on Monday and Loyd's father, Mr. Byars, moved to Hall County in January of 1907. Loyd was the first boy born in Hall County and Brice was the first boy born in the county. Loyd attended school in Memphis and Memphis. He finished his 49 years as a teacher working at Lakeview, Memphis and Amarillo. The first he worked with in Memphis was J. L. Johnston, next was C. W. McCool and was a teacher with Geo. Greenhaw before moving to Amarillo in 1942. He has three children, Duane of Amarillo, DeRemé Sears of Antonio and Loyd Dean of Amarillo. I asked Loyd if he had any grandchildren and he said he had seven and married making him a total of 11 grandchildren. There are four of them Byars family now living in Hall County. Mrs. Foy and Mrs. Don Van Ausdall of Memphis and Loyd of Amarillo.

Mr. and Mrs. N. A. Hightower of Memphis were visitors in Hall County. Mrs. Hightower is the daughter of Mrs. Reed of Lubbock, Mr. and Mrs. J. M. Pool of Grapevine, Mrs. J. R. There were 9 children in the Hightower family, five now living. They are Mrs. Reed of Lubbock, Mrs. Snider of Wichita Falls, Mrs. Pool of Grapevine, Faulkner Hightower of Pecos and Arms of Memphis. Fannie and Sallie attended school in Memphis and they both left Hall County in 1919. Fannie's husband passed away in 1969. They have one son, Vernon Snider, who is the pastor of the Methodist Church at Grainfield, Texas, and he has two sons and one daughter. Sallie married J. M. Pool, who was a traveling salesman for High Candy Co., Ideal Biscuit Co. and Curtiss Candy Co. He traveled a million miles without any bad accidents and was only hi-jacked one time in the years he traveled.

Mr. Pool has three daughters now living. He tried to retire, but is now selling office supplies out of Grapevine. After living in Dallas a number of years, he and his wife moved from the city, but the city seems to be following them. Mrs. S. M. Reed of Lubbock says she is not the oldest Hightower child, that she was in the middle of this family. Mr. and Mrs. Reed left Hall County in 1928 where Mr. Reed farmed and at one time was in the furniture business in Memphis with J. M. McKelvey. The Reeds had four sons, Robert and Clayton (now deceased); Summer is now living in Chicago and Howard in Lubbock. W. C. Hightower was a native of Louisiana and his wife was a native of Mississippi.

From "Today's Best Laugh", Overheard at a women's club meeting, "How was your class reunion? Same old faces, but more new teeth!"

Hedley is to be congratulated on putting over another Cotton Festival. It is done by the cooperative spirit of the whole community.

Mrs. J. A. McBee has as guests in Heritage Hall, her daughter,

Mrs. H. C. Klutts and granddaughter, Claudia Kirby of Corpus Christi. Mrs. Klutts was born and reared in Hall County attending MHS. She married H. C. from Van, Texas, in 1949. They moved to Corpus Christi in 1951. H. C. or "Red" as he was called by many, worked 20 years for the compress in Memphis and has worked 20 years for the Corpus Christi compress.

Mr. and Mrs. Paul Easter of Lubbock and J. L. Souder of Wellington were visitors in Heritage Hall. J. L. is the grandson of Mr. and Mrs. P. H. Souder who were early day residents of Hall and Collingsworth County.

I read an article from Breat, France a few days ago that Jordan has sent two refrigerated trucks to pick up 40 tons of Fresh chickens. If the run is successful in not having too many of them spoil, they will have a regular chicken run. This would cause a lot of crowing from the chicken farms.

This seems to be an unusual year for growing plants in Hall County. The first I noticed were the 18-inch sunflowers. Last week I did take note of a few more outstanding plants that were grown here. The triple pomegranates grown on one stem by Mrs. Bill Kilpatrick, a large sweet potato grown by Bedford Moore that looked like it would feed 8 or 10 people; the tobacco plants grown by Lee McDonald who lives on North 14th. Drive by and look these plants over as they range from 6 to 9 feet tall. We measured one of the leaves of this tobacco plant and it was 18 x 32 inches. These plants came from South Carolina. It shows that we could grow tobacco in Hall County if we could get the allotments, which are very valuable and I understand that the tobacco sells for about 2 thousand dollars a ton.

Mr. McDonald is with the Soil Conservation office here and he must have given these plants a lot of love and care with green thumb.

I found a man last week who is really good at guessing weights. This happened in our local cafe. They were having a guessing contest on a pumpkin that actually weighed 61 pounds and Olton Pate guessed 60 1/2 pounds. If he knows his weights and measures on other things like he does on pumpkins, he should be a good trader.

In driving around, we find that the trees are green, roses, chry-

santhemums and zinnias are still blooming and here it is the latter part of October.

If any of you meet Adrian and Jo Pearl Odom pulling out their billfolds, you may expect to see the picture of their first grandchild that was born in Colorado recently. Jo Pearl reached one of her ambitions of being married to a grandpa. The other grandparents are Mr. and Mrs. Coy Beckham of Memphis.

Mrs. Lynn Jones had as her guests in Hall County Heritage Hall, Mrs. Clara Boone of Lubbock. Her husband, C. E., passed away 6 years ago. She has been a resident of Lubbock for the past 40 years, moving there from Hill County. Mrs. Boone was Clara Rochelle, who was born and reared at Brandon in Hill County. She said she knew R. B. and Jimmy McMurry when they were young boys. There must have been a good vitamin in Hill County water as she reported that she was now 89 years old, which I could hardly believe with all of her vim and vigor. I believe she could dance all night now.

J. W. Clark of Lakeview had as his guest in Heritage Hall his

cousin, Bill Clark of Fort Worth. Bill is the son of the older brother of the late R. N. Clark. Mrs. R. N. Clark celebrated her 85th birthday Oct. 16 with her family of 5 sons and two daughters.

Other visitors in Heritage Hall were Sam Harbinson of Kirkland; Mrs. Bill Greene, Sr. and Mrs. Bill, Jr. of Clarendon who had as their guest in Heritage Hall, Mrs. W. P. (Bill) Slaton of Electra. Mrs. Slaton's husband was the brother of the late Lee Slaton and Tennie (Slaton) Greene, who first moved to Hall County in 1911, married Bill Greene in 1913. They moved to Clarendon in 1924 where they now reside. Bill Slaton was postmaster for 23 years in Electra before retiring. He passed away in 1964.

H. S. Parnell was another visitor in Heritage Hall. He is the son of the late Mr. and Mrs. G. H. Parnell who lived in the Plaska community for many years before moving to Esteline. There were 11 children in this family, nine are now living. H. S. married Sarah Revell, sister of R. D. They have two children now living in Arkansas.

I heard on a TV program a few days ago from a veterinarian in Los Angeles, Calif., that there were 1,000 cats and dogs per day being destroyed which sounds like they have a surplus. If they went along one year without destroying them, that would be 360 thousand extra to feed and everything would be going to the dogs and cats.

I understand on good authority that they now have pills for cats and dogs.

We read of another contest in Florida a few days ago. This was called the chicken plucking contest. A tall attractive mother of two children led a quartet of Spring Hill women to victory in the 22nd annual "Chicken plucking" contest. This quartet of women made the feathers fly as they plucked the 12 chickens in four minutes and 25 seconds. I would call these four women very "plucky".

From the newspapers, it seems that Dallas may have a passenger train within another month, if Amtrak can get the government to put up another 57 million. A pretty expensive "choo choo".

It is very interesting to note that New York is on the move to clean out their dirty shows and clean out their "slime square" as they call it. In Earl Wilson's quote, "In our campaign to 'Bring Back Broadway', we're glad to reveal that Mary Martin will be coming back in a musical, 'The Corn is Green'. "We are glad that our Texas girl, Mary Martin, is having a part in helping to bring Broadway out of the gutter.

Well, in this day and time, seems to be a lot of monkey (Continued on Back Page)

FINE GAIN—The Cyclone's leading rusher Friday night was FB Paul Fowler with 120 yds. on 19 carries. Fowler is shown carrying the football through a big hole created by Cyclone blockers in the McLean defense. Tackle Terry Wheeler is pictured in the foreground as he executes a block.

business going on. This is a true story I over heard at one of the coffee breaks a few days ago. J. M. Ferrel had bought him a gadget to go on his glasses that cost him a dollar and 30c, and he could control his hearing and seeing. He made the remark that if he cut this gadget off, he would not hear and see and consequently, he would not have anything to talk about. After hearing this conversation, I decided that he was going to pattern his life after the "three wise monkeys—Hear No Evil, See No Evil and Speak No Evil". I am not sure about the price of this gadget, but if what I quoted is right, it would be wonderful to have one of these things for "special occasions".

A good many years ago in my early school days, I can only remember a part of this poem or story and that was, "I shot an arrow into the air; it fell to earth I know not where".

We do and say things (sometimes before we think); but any way that arrow has gone to the air and who remembers we never know or what an impression it made on someone. I was reminded of this last week while sitting by Dr. Robert Clark at Rotary Club and he asked me to tell the story of the "Frozen Assets". I had given several years ago, I did not know what he was talking about until he gave a little detail on this story and then I remembered. This reminded me of the quotation and that arrow fell in Robert Clark's ears and he had not forgotten it. In checking up on the time that I gave it, it was seven years ago. Anyway, it was not anything but "Cold Facts".

is noted for its quickness and blocking ability. The Bronchos have a reputation of being able to break loose for long gainers and are considered to have a team with a lot of speed.

Defensively, the Bronchos play eight or nine of their offensive starters, and the team usually stays with 14 regulars.

The Cyclone
Memphis' hopes lie in several areas. The Cyclone has been impressive running the football and the team has passing abilities. The offensive line has been coming into its own, and the defensive unit has been most effective in past games.

The game with Clarendon will be the ultimate test, for the Cyclone line must be effective if Memphis is to retain the football and keep the Bronchos out of striking distance. Defensively, the Cyclone linemen and line-backers have the rugged assignment of defending territory against the powerhouse running of Shields and the elusive running of King.

Both teams are expected to pull all stops for this one. Coach McMurray told Cyclone Boosters Tuesday night, "our athletes know the importance of this one. If we are going to get the championship in 1972, this is the game."

U. S. motor travel in 1971 totaled 1.17 trillion miles, more than four per cent higher than the 1970 figure.

About 80 per cent of the facilities of public utilities are located on highway rights of way in some states (gas, electric, and telephone lines).

cial singing by the young people of the congregation is also being planned.

Dates for the Revival are Oct. 18 through Oct. 25 and services will be each evening at 7:30 p. m., with the exception of Friday night.

All are cordially invited to attend the Revival and hear the visiting Prophecy Teacher.

Jesus Maria Gallages were all killed when the Smith car overturned on Texas Highway 305 about three miles north of Lipscomb Saturday night.

Beatrice Kerri Smith was born July 30, 1912, in Chillicothe.

She is survived by three daughters, Mrs. Mary Lou Ashley of Higgins, Mrs. Nettie Bell Harper of Landon, Colo., and Miss Nellie Anne Fuller of Lubbock; one son, Joe Ben Fuller of Brownfield; one sister, Mrs. Nettie Bruce of Gainesville; 15 grandchildren and one great-grandchild.

Mrs. Contreras was born June 18, 1945, in Memphis. She is survived by two daughters, Christena

and Beatrice, both of Houston; one son, Jerry of Houston; three sisters and a brother.

Funeral services were held at the home of Albert Rogers, D. H. Pope, Gary Ferguson,

Lawrence Stone, Donny Carroll, David Seitz and R. L. Norton, than 162 million motor vehicles will be registered in the U.S. by 1990, it is estimated more than a 44.6 per cent increase over the present total of 112 million.
