WEIGHT LIFTING LEADERS—Pictured above are Mark Bradshaw, left, and Bobby Hall, two of the three football players who have bench pressed 200 lbs. or over. Both have pressed 210 lbs. Gary McKay has pressed 200 lbs. but he was in Ft. Worth with the FFA boys when this picture was taken. Coach Clyde McMurray says that the 1973 team has about five additional boys pressing 190 now. "We hope in three weeks when we test again, to have several more joining the coveted 200 group on the weights," he said. A feature article about Memphis' "off season" physical conditioning program will be published next week.

Mrs. C. Taylor, Former Resident, Is Buried Here

Funeral services for Mrs. Mentie Taylor, 77, of 2408 Wichita in Amarillo were held at 2 p. m. Monday, Jan. 29, in the First Baptist Church here with the Rev. C. H. Murphy, pastor, officiating.

Burial was in Fairview Cemetery under the arrangements of Spicer Funeral Home.

Mrs. Taylor died Saturday night in Northwest Texas Hospital in Amarillo.

A resident of Amarillo for the past two years, Mrs. Taylor and her husband were formerly Memphis residents for a number of years. She was born Sept. 25, 1895, in Ray County, Tenn., and was a member of the Baptist Church.

She is survived by her husband, Cleve Taylor of Amarillo; five sons, James of San Jose, Calif., Lloyd of Simi, Calif., Kenneth of San Francisco, Bobby of Allen and Troy of Amarillo; three daughters, Mrs. Thelma Sharp of Amarillo, and Mrs. June Gleaton of Freeport; one brother, Jerry Brown of Chickasha, Okla.; two sisters, Mrs. Arvin Winters of Antlers, Okla., and Mrs. Hettie Gibb of 10 Mile, Tenn.; 34 grandchildren and 32 great-grandchildren.

Pall bearers were grandsons, Glenn Sharp, Mike Gleaton, Curtis Taylor, Bobby Brown, Leon Jones, David Gleaton, Jerry Taylor and Monte Oakley.

Cyclone On Brink Of First Dist. Crown In 22 Years

Carl W. Morris, Jr. Is Victim Of Accident Sat.; Rites Are Monday

Funeral services for Carl William Morris, Jr., 33, owner of Morris Sand & Gravel and Red-Mix Cement Co. here, were held at 4:00 p. m. Monday, Jan. 29, in the First United Methodist Church.

Officiating were the Rev. Tommy Nelson, pastor, and the Rev. David Hamblin, pastor of the United Methodist Church in Littlefield. Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mr. Morris was killed Saturday, Jan. 27, in an accident on company grounds about 10:15 a. m.

Morris' son was driving a front-end loader which was pulling a truck driven by Morris in an attempt to get the truck started.

After the truck was started, Morris was attempting to unhook the chain attaching the two vehicles. He told his son to back up slightly. The reverse lever on the front-end loader broke and Morris was crushed between the two vehicles.

Carl Morris, Jr. was born July 10, 1939, at Goodlett and had resided in Memphis 13 years. He moved to Hedley with his parents in 1948 and graduated from Hedley High School.

A member of the First United Methodist Church here, he was united in marriage to Dorothy Jo Copeland Aug. 2, 1958, in Memphis.

Survivors include: his wife; two sons, Sonny James and Tommy Joe, and one daughter, Jerri Lynn, all of the home; his parents, Mr. and Mrs. Carl Morris, Sr. of Clarendon; one sister, Mrs. Jimmie Brock of Amarillo; and two brothers, Dale R. of Beaumont and David G. of Shallowater.

Pall bearers were Barry Tyler,

Norman Archer, Boyd Campbell, H. C. Mitchell, Eugene Morris, Raymond Castro, Reuben Torres and C. W. Smith.

16 FFA Members To Go To Ft. Worth For Exposition

Sixteen members of the Memphis FFA Chapter left Memphis High at 4 p. m. Tuesday, Jan. 30, for a trip to the Southwestern Livestock Exposition in Fort Worth.

The Memphis group will stay at the Rodeway Inn, 1111 West Lancaster, in Fort Worth.

Judging for the Memphis swine will begin at 8 a. m. Friday, and the delegation is expected to leave Fort Worth Friday about 6 p. m. to return home.

Those planning to take the trip are: Jim Dixon, Fernando Garcia, Ed Hutcherson, Gary McKay, Mark McQueen, Audie Moore, Dick Hutcherson, Matt Monzingo, Charles Phillips, Matthew Smith, Ricky Woodard, Ted Phillips, Davis Cofer, Lyndel Orcutt, Candy Reyes and J. D. Evans.

Adult sponsor are Ronnie Morris, Vo.-Ag. Instructor, and Troy Phillips.

Band Boosters To Have Meeting Mon.

The Memphis Band Booster Club will meet on Monday evening, Feb. 5, at 7:30 in the High School Band Hall, according to an announcement this week.

All members are urged to attend this business meeting.

The Memphis Cyclone boys basketball team is on the verge of capturing the first District cager crown in 22 years. The 19-51 MHS team was the last Cyclone squad to represent the district.

What remains to be done is a victory over either McLean, Friday night in McLean gym, or a victory over Claude next Tuesday night in Cyclone gym. Either victory would give the Cyclone the championship under district rules.

The rules divided the boys portion of district play into a first half winner and a second half winner. Should the second half winner be different than the first half winner, a play-off would be held.

Memphis, by virtue of a spotless record, won the first half. Now, with two games remaining and the spotless record still intact, all the Cyclone would have to do is capture a tie in the second half to be declared the district champion.

Going into the last nights of play, Claude has a 4-1 record as does Clarendon. Should the Cyclone drop the last two games, and Claude (and/or Clarendon) win the last two, Memphis would still be in a play-off.

For the Cyclone, with a 13-game winning streak and a 24 to 2 season record on the line, the Cyclone lads are not having any other plans but to sweep the conference undefeated.

Fans are urged to follow the team to McLean Friday night, and be on hand in Cyclone gym Tuesday for the finale.

The McLean-Memphis girls game will probably be an exciting affair for these two teams had a real battle down to the wire in the first half of play.

The girls district crown is apparently going to Claude, (11-1) the team with the best overall record in district play. Claude managed to come from behind in (Continued on Page 8)

County School Children To Receive T. B. Tests

Hall County school children, during the next few weeks, will be given T. B. tests by the State Department of Health, Miss Tops Guaranth, County School Supt., announced this week.

First to be tested, on Wednesday, Feb. 14 (Valentine's Day) will be the students in Estelline

and Lakeview Schools. The testing team will return to these schools a few days later to check the results.

Then on March 6, a Tuesday, the students in the Valley School District, Turkey and Quitaque will be tested by the state team.

On Friday, March 16, students in the Memphis Public Schools will be visited by the T. B. team. Test results will be read on Monday, March 19.

Permission forms for this testing will be sent home by School

Officials of the various school districts for parent's signatures. The tests are made on the student's arms. The testing is a public service conducted by the state in the interest of good health.

District 4-B Robin Play To End Friday

The round-robin play of District 4-B winds up Friday night with Samnorwood at Quail and Estelline at Hedley. Lakeview finished district play Tuesday night, splitting games with Samnorwood.

The Lakeview girls won 45 to 43 while Lakeview's boys lost 63 to 59. Both games were exciting affairs in Lakeview gym.

Several of the sixth graders are competing in a tournament in Quail today and tomorrow, school officials announced.

The District girls tournament will be held Feb. 8 and 9 in Clarendon College gym.

Hedley teams won a pair of games from Lakeview teams last Friday night. The Estelline girls lost to Quail girls 51 to 41 in the other district contest.

Tuesday night, Hedley boys downed Quail 64 to 41 and the Hedley girls defeated Quail 61 to 32. Both Hedley teams have not been defeated in the District race and appear to have the round robin sewed up at this point.

'Harvest Of Men' Is Set For Travis Baptist

Travis Baptist men will lead out in the "Harvest of Men" for all men and their families of Memphis, beginning Thursday, Feb. 1, at 7:30 p. m., through Sunday, Feb. 4, it was announced this week.

The men will be singing in the choir, giving their testimonies of what Jesus and the Church means to them. There will be a prayer and fellowship breakfast Saturday, at 7 a. m. in the Fellowship Hall of the Church.

Thirty-two men will seek to "pack a pew" Thursday evening bringing their families and friends to the services.

Barney Quillian, pastor of West 19th St. Baptist Church will lead the 25 voice men's choir each (Continued on Page 8)

Mrs. R. Hall Is Employed As Co. School Nurse

The Hall County School Board met Monday and employed Mrs. Raymond (Elizabeth Marie) Hall, R. N., Route One, Lakeview, Texas as School Nurse for Memphis, Lakeview, Estelline and valley (Quitaque-Turkey) Schools under the Emergency Employment Act.

The County School Board, the local school superintendents, Cunningham, Jackson, Wood, and Denton, Mayors of the four towns, Dale, Seay, Skinner and Young, the County commissioners, Hutcherson, Durrett, Mrs. (Continued on Page 8)

Hall County Farm Bureau Sets Records

The following statistics were announced Tuesday by R. B. Phillips, president of Hall County Farm Bureau.

"For the year 1972, Hall County was number one in fire insurance, number one in automobile increase, and second in agency life insurance with \$1,873,181 volume for District II. Dan Thurman was the top salesman in the District and fourth in the state with a volume of \$1,554,250. This agency was also awarded the Blue Cross award in November for the largest percentage increase in the state of Texas."

Phillips stated, "We are extremely proud of the job that Dan and Ted have done, and are looking forward to exceeding this record in 1973."

Firemen Are Extremely Busy, Tuesday Is Black

The Memphis volunteer firemen have had an extremely busy week, with the fire sirens going off, over and over again, especially Tuesday.

Eight fire calls were made, beginning with last Friday, when at 2:30 p. m. a semi-truck loaded with 7 bales of baled cotton caught fire at Brice Gin.

Then on Saturday, a grass fire of Gaylon Ariola land was reported.

On Sunday, firemen went southeast of town in the Harrell Chappel area for a Larry McQueen cotton trailer and cotton fire.

On Tuesday, at 2:25 a. m. the alarm sounded for a house fire in Lakeview. The house was heavily damaged, and belongs to Lakeview Co-Op Gin. One occupant was residing at the house

at the time of the fire, and a family was in the process of moving into the house.

At 7:15 a. m. that morning, a cotton trailer of J. B. Skinner's was reported on fire one mile east of Lakeview.

That afternoon a false alarm was received, at 3:25.

At 4:35 p. m., a cotton trailer was on fire in the Harrell Chappel area belonging to Chubby Waddill.

And at 5 p. m., the firemen were called four miles west on Grundy to the Ivan McElreath farm for a cotton trailer fire.

The public should appreciate the tremendous job the firemen do in helping to keep property losses as low as possible, but a day like Tuesday would test the fiber of even a professional department.

CHAMPION BARROW—Ricky Woodard, shown above with his Duroc barrow, took top spot in the Memphis FFA Chapter show here Saturday. Ricky and other local FFA boys are showing their animals in Ft. Worth this week.

Goldston, Woodard Show Top Animals

Clent Goldston and Ricky Woodard showed the grand champions in the Memphis FFA projects show held Saturday morning at Memphis High, as 33 animals were judged by Turkey Vo.-Ag. Instructor Jay Eudy.

Mr. Eudy was finished judging the animals by 10:30 a. m. and cash prizes for places and trophies were awarded to the top animals.

In the gilts classes, eight animals competed. Clent Goldston showed the heavy weight gilt class winner and went on to take grand champion honors. Fred Alexander showed the light weight gilt leader and took reserve champion honors.

In the barrow class, 25 animals were shown, with Ricky Woodard and his Duroc barrow taking grand champion honors while Gary McKay's Duroc barrow, who placed second in class, took reserve champion honors.

Gilt Classes: Hv. Wt. Gilts—1. Clent Goldston, 2. Ted Phillips, 3. Jim Bob Goldston, 4. Mike Ferrel, 5. Audie Moore; Lt. Wt. Gilts—1. Fred Alexander, 2. Matt Monzingo, 3. Dale Wiginton.

Barrow classes: Lt. Wt. Cross—1. Lyndel Orcutt, 2. J. D. Evans, 3. Candy Reyes, 4. Audie Moore, 5. Jim Dixon, 6. David Cofer.

Hv. Wt. Cross—1. Fernando Garcia, 2. Mark McQueen, 3. Audie Moore, 4. Jim Dixon, 5. Ed Hutcherson, 6. Mike Mowery, 7. Ted Phillips, 8. Dick Hutcherson.

Duroc—1. Ricky Woodard, 2. Gary McKay, 3. Matthew Smith,

4. Charles Phillips, 5. Matt Monzingo, 6. Lyndel Orcutt. Lt. Wt. Breed—1. Audie Moore, 2. John Mowrey, 3. Larry Wiginton, 4. Larry Wiginton, 5. David Cofer.

CHAMPION GILT—Pictured above is Clent Goldston, son of Mr. and Mrs. Jim Goldston, who showed the Grand Champion Gilt in the Memphis FFA Chapter show here Saturday.

Ginning Total Reaches 62,954

Hall County farmers harvested 4,705 bales this past week bringing the season ginning total to 62,954, a telephone survey of 12 ginning points revealed today.

Damp weather twice during the week cut harvesting in approximately one-half, however, only .20 of an inch of moisture was recorded so farmers can resume when weather fails.

The Only Texan President, L. B. Johnson!

The only Texan to become president of the United States, Lyndon B. Johnson, died last Monday of a heart attack at his ranch home, near Johnson City. The 64-year-old former President, who had a long history of heart trouble, was dead on arrival at Brooks Army Medical Center in San Antonio.

Lyndon B. Johnson came into the Presidency in a real crisis upon the assassination death of President J. F. Kennedy. He sought one full term and won the Presidency in 1963.

The Stonewall, Texas, native, who combined a folksy manner with a will of iron that he used in Congress and in the White House to bend legislators his way presided over the buildup of the Vietnam War.

President Johnson sought a victory in Vietnam, and after three years of bitter fighting, in March, 1968, he decided that an end to the war was not to come while he was in office so he announced he would not run for another term. At the time, Johnson announced a halt in the U. S. bombing of North Vietnam above the 19th parallel and set in motion the machinery that led to the Paris peace talks.

The body of the 36th President lay in state in a closed flag-draped coffin of grey metal at the LBJ Library in Austin last Tuesday. The family taking turns by ones and twos, stood red-eyed behind the coffin shaking hands through long hours. Four hours after the library was opened, 7,795 persons had paid tribute to the fallen President, and a long line stretched outside the building far into the night.

A jetliner provided by President Nixon flew the body of the former president to Washington Wednesday where the body lay in state in the rotunda of the nation's Capitol from 1:30 p. m. until 7 a. m. Thursday, followed by funeral ceremonies at Washington's National City Christian Church.

Johnson returned to his native country for burial in the family cemetery near the LBJ Ranch on the banks of the Pedernales River.

World leaders lauded Johnson as a man of action and courage and a defender of human rights. He was recognized throughout for his efforts on behalf of public education.

Lydon Baines Johnson was a man all Texans respected and admired for he was a man of the people of this state. His dream was of a Great Society in which poverty in America would be abolished. He will be remembered as the American President who almost created a social revolution, a President who was responsible for more advanced social legislation than any of his predecessors, a President who did more to bring justice and equality under law to Black Americans than any of his predecessors, even including Abraham Lincoln.

Senator Lloyd Bentsen quoted this week in his newsletter from a Temple, Texas speech Johnson made last September. The late President said, "I have devoted my time on this earth, to working toward the day when there would be no second-class citizenship in America, no second-quality opportunity, no secondhand justice at home, no second-place status in the world for our ideals and benefits. I do not intend now that second-rate visions shall set our course toward setting for a second-rate America. That is why I speak as I do now."

"I live, as I have always worked, by faith that with each passing day, we are always approaching nearer to the beginning or a new springtime. It is by that perspective I see our country now."

"If I believe anything of this land," President Johnson said, "if I know anything of its people and their character, I believe and I know that we have not come to and are not approaching America's September."

"On the contrary, it is my conviction a conviction which deepens every day, that this land and its people are quickening with the new life and new potential of what will become the springtime of a new America."

No President ever believed more strongly in the greatness of America than Lyndon Johnson. And no President ever cared more deeply for the people, or worked harder for them. They've lost a great champion. He was my friend, and I shall miss him," Senator Bentsen said.

What Gov. Farm Reductions Will Cost!

With the "political pot" boiling in Washington in connection with the elimination or reduction of cotton payments to producers, a list of data was released by Natural Fibers Economic Research of the University of Texas on what such a reduction would mean to Texas cotton farmers.

During 1971, ASCS payments of \$20,000 or more were made to about 4,000 cotton and grain producers of the state. These payments totaled about \$127,000,000 or an average of \$32,000 per recipient.

If the payment is reduced to \$20,000 the loss would total over \$47,000,000 or an average loss per recipient of nearly \$12,000.

The above figures include payments to grain producers, but not many received the payments from production of grain except in the Northern High Plains.

The information as presented was obtained from the Congressional Record on March 9, 1972, and pertains to payments made in 1971, the latest data available.

What Other Editors Say

Good Management Needed

Providing welfare aid to the aged, the blind, the disabled, and needy widows, with young children is most commendable. Help for those whose situation is deserving serves as a bridge to self-respect and makes sense.

On the other hand, when welfare becomes a permanent crutch for able-bodied people, it should be questioned because it places a drain on hard-pressed taxpayers, siphons off funds for wretched needs and tends to put a premium on idleness.

Welfare has become a divisive factor in national unity, setting workers and producers against a self-proclaimed "welfare class."

After complete investigation, those who qualify for welfare should have it. However, the distribution of funds to borderline receivers not only adds a tremendous burden on all taxpayers but also limits the amount of aid that communities can provide to more worthy cases.

Whether or not this Congress passes one of the many welfare "reform" bills which have been proposed, improved administration of present eligibility requirements is needed.

—The Post Dispatch

Instinct Of Survival

Survival is a basic instinct in

all things that live with a purpose to endure as long as possible. From the blades of grass to mankind the pattern remains as one of the struggles to continue a course in individual destiny, as with the black and white dog that sat by the side of the road in the winter storm and watched the few vehicles able to negotiate the snow and ice. The atmosphere was one of misery with hunger adding to the hopelessness of the destitute and unwanted animal. More snow continued to fall and the specter of early night was on the dim horizon. The vehicles passed like a slow-motion film, and the dog watched each one until it vanished in the gloom. The emotions of dogs are not known but they may include some of those known to man and the knowledge of not being wanted may include more pain than cold and hunger and the adventure of freezing to death.

—Douglas Meador in The Matador Tribune

The 29th Day

Dr. Pete E. Glaser, a renowned scientist, posed a frightening riddle the other day at a conference on Energy and Humanity in London. It goes like this:

A farmer has a pond with a water lily in it. The lily is doubling in size every day. In 30 days

it will cover the entire pond, killing all the creatures living in it.

The farmer doesn't want this to happen, but he is busy with other chores and decides to postpone cutting back the plant until it covers half the pond.

The riddle is: On what day will the lily cover half the pond?

And the answer is on the 29th day—leaving the farmer just one day to save his pond!

This is what is meant by the mathematical phrase "exponential growth," and helps explain why we seem to be coming up short of fuel and energy all of a sudden.

We are nearing our 29th day, and we have to find new sources of energy or cut back drastically in our rate of production, population and consumption.

Not only the United States, but the entire world is caught in this energy crisis. There is an end to the oil and coal and the other sources available to us.

It may not be the 29th day yet, but the lily is surely moving across the pond. Here in the United States we have discovered that our inventory of energy producing fuel is being depleted at a rapid rate and already there is talk of gas rationing, fuel rationing for industry, and the like.

A decade ago we embarked on a crash program to put a man on the moon. Maybe it's time for a crash program to put fuel in our homes.

Most Of Texas Wildlife, Animals and Birds, Survive Cold Spell

FIN—Texas wildlife seem to fare better than domestic animals during the recent cold spell.

While thousands of Panhandle deer were dying in the snow and ice, quail and other wildlife seemed to be holding their own. In West Texas deer died of the cold but Parks and Wildlife Department officials call the "natural" winter die-off and not critical.

The western part of the state had a heavy population of quail this year. Vote conditions have been deplorable in the past weeks and many quails with ribs showing have been reported.

Weak animals died when principal snow covered forage remained on the ground.

Dead quail have been reported in West Texas. Valleys, took it on the chin. Names were found dead on the roll of the Colorado and Llano ranges, and around Lake Nassau near San Angelo.

Department information officer R. Long of San Angelo said that not enough of the pesky day, birds were killed to be significant.

Deer were harder in East Texas and available food prevented any noticeable die-offs.

West Texas was still adequate to support the area's quail population.

The fish in Galveston Bay.

Numbers of sand trout were reported in Galveston Bay.

Redfish were reported floating on the surface.

Wildlife Department biologists say that these fish are very likely to be affected by sudden cold.

Redfish inhabit shallow water and are more vulnerable to cold. The fish crowd in deep holes during cold spells.

and the resulting oxygen deficiency is also fatal to them.

Biologists have yet to determine the overall extent of the kill and its effect on fishing this spring.

Father down the coast near Rockport, department information officer L. D. Nuckles reports that only a few silver perch or yellow-tails succumbed to the weather. In the Hill Country, few deer were killed.

Quail and turkey made it through the three days of ice in North Texas with the help of a good broomweed crop.

Exotic game had a rough time, especially the species from India and Africa.

Losses of blackbuck, nilgai and aoudad are reported in Edwards Plateau ranches.

Parks and Wildlife Department biologists are particularly concerned about aoudad losses. The aoudad, or barbary sheep, is from the mountains of North Africa and usually a hardy animal. These are the first reported losses of the African sheep.

The department released some 40 aoudad in the Palo Duro Canyon back in 1957. Wildlife biologist Dick DeArment of Wheeler is investigating the Palo Duro herd but the rugged terrain will delay any assessment of cold-weather damage to aoudad.

Ronald Bradshaw To Play Football For Howard Payne

Ronald Bradshaw of Memphis is among 19 prospective players who have joined Howard Payne College's football team in off-season training.

Bradshaw has been attending Texas Tech in Lubbock and transferred to the Brownwood school at mid-year. He is the son of Mr. and Mrs. C. D. Bradshaw of Memphis.

Fuel Shortage Relief Sought By State Gov.

AUSTIN—Greater oil and gas production to pare down Texas energy shortages is the aim of companion bills introduced in the Texas Legislature this week.

The measures would liberalize unitization requirements for oil and gas fields so as to increase production of oil and gas reserves, according to sponsors of the legislation, Sen. Jack Hightower of Vernon and Rep. Dave Finney of Ft. Worth.

They said the legislation would help accomplish one of Gov. Dolph Briscoe's goals: To get the maximum recovery from reserves as one of the means to solve the energy shortage.

A major obstacle, aside from technological aspects, preventing the tapping of part of the 98 billion barrels of Texas oil reserves has been an obsolete oil-gas unitization law that requires 100 per cent agreement from operators and royalty owners in a field to unitize, the lawmakers said. The requirement has been so restrictive that only one of every 10 Texas fields now operates as a unit.

Under terms of the Hightower-Finney proposal, a consent majority of 75 per cent of all interests would be required.

It is believed that several billion more barrels of fuel can be

Tax Refunds, Social Security To Give Boost To Local Economy

NEW YORK, Jan. 27—Residents of Hall County will have more money to spend in the next few months, thanks to bigger checks arriving from Washington.

Much of this cash will be in the form of tax refunds to people in the local area who paid a larger amount in withholding taxes during the past year, through payroll deductions, than was necessary.

More money will be going, also, to government employees, including those in the armed forces. Nationally, the pay hikes will put an additional \$2.3 billion in circulation during the year.

To be benefited too, are several categories of people who are getting social security. Besides the 20 per cent increase that went into effect generally last September, a special fund of \$2 billion has been made available to aid widows, widowers and disabled persons who fall within certain categories.

All of which means more spending money for consumers and increased business for local merchants.

As for tax refunds, they will go to some 1,100 persons in Hall

County, it is estimated, and will total about \$188,000 based upon figures from the Treasury Department as to the size and the number of checks it expects to issue.

The total refund, nationally, will be about \$7 billion, considerably more than usual. It will go to 40,000,000 taxpayers who will get an average of \$175 apiece.

Together with the \$2.3 billion pay increase to government workers and the \$2 billion rise in social security checks, money in circulation will be boosted over \$11 billion by these distributions.

The portion of this that will go to Hall County residents, assuming that the average payout applies locally, figures out to approximately \$295,000.

Business in the local area and in most other parts of the country will boom during the rest of 1973, if the forecasts of the economists are borne out.

The consensus of a group of them, meeting at The Conference Board, was that consumer spending will reach \$782 billion, a gain of 8.5 per cent over 1972. The problem, as they see it, is to reduce unemployment and, at the same time, avoid excessive inflation.

Mr. and Mrs. G. T. Stephens of Quail visited Mr. and Mrs. J. O. Miller Monday evening.

An iceberg is not a block of frozen sea water. It is a massive chunk of frozen fresh water that has broken off a glacier. The Coast Guard estimates that about 7,500 sizable bergs break off thick glaciers along the west coast of Greenland each year.

In the United States, 23 per cent of the senior citizens living in families are living in three-generation households.

Every year the Earth is dusted by four million pounds of meteorites, mostly sand-sized. Theoretically they could bury the world an inch deep—in 5,000 years.

Check Tire Balance

Don't lose your tire balance, cautions the Tire Industry Safety Council. If a wheel doesn't roll true it can cause uneven tread wear patterns and erratic, unsafe steering. If you feel telltale vibrations from any wheel, have the balance checked.

Atalantean Club Members Enjoy Anniversary Breakfast January 27

The Atalantean Club met on Saturday, Jan. 27, for its annual Anniversary Breakfast in the Home-making Department of Memphis Hig's School with President Mrs. Loh Douthit and the social committee acting as hostesses.

Tables were beautifully decorated with red cloths with white fringe, red, white and blue programs and red candle holders with white candles.

Grace was given by Mrs. Roy Jewel. A delicious breakfast of sausage, eggs, hash brown potatoes, blueberry muffins and biscuits was served to members after a welcome toast was made by

Paula Collins Is Party Honoree On Seventh Birthday

Paula Collins, daughter of Mr. and Mrs. Charles Shira of Memphis, was honoree on her 7th birthday at a party from 3 to 4 p. m. Thursday, Jan. 25, in the Bronze Room of the First National Bank.

Those attending enjoyed cake and punch and a number of games were played.

Guests included: Becky Gard- enhire, Michelle Floyd, Jana Smith, Sonya Kay Jeffries, Gary and Mark Ward, Mark Messick, Ellis Todd. Sending a gift, but unable to attend was Brian Whitten, the president.

Mrs. Murphy led the club in singing the song, "Happy Anni-

versary", with words written by the late Mrs. N. A. Hightower. Fortune cookies were presented to each member by program chairman, Mrs. H. B. Estes. Each stood and read her fortune. Four members were honored by having their names placed in the Golden Book which is on display in Austin and included: Mmes. Ed Fox- hall, Robert Spicer, W. R. Scott and Glynn Thompson.

The Outstanding Club Woman (in club work for over ten years) was announced to be Mrs. Robert Sexauer while Mrs. Bob Douthit was named Outstanding Clubwoman (for under 10 years of service in club). Plans were discussed for the upcoming style show which will be held April 6. Many changes are being made and the Style Show will be an event everyone will want to be sure and attend, members stated.

Each member was served a piece of the anniversary cake which was a lovely confection de- corated in red, white and blue. Members attending were Mmes. Bryan Adams, James Davis, W. C. Dickey, Bob Douthit, H. B. Estes, Eddie Foxhall, Rayford Hutcherson, Roy Jewel, Herlie Moreman, C. H. Murphy, Jr., Dub Parker, W. R. Scott, Robert Sex- auer, Jerry Shields, Robert Spicer, Glynn Thompson, Winifred Wilson, Don Tarver and Miss Imo- gene King.

J. H. Davis To Attend GTC Staff Meeting

Presentations concerning theo- ries of good management and equal employment will highlight the Winter General Staff Meeting for 65 executives of General Telephone Company of the South- west this week (January 30-Febr- uary 2) at Ramada Inn in Bay- town.

Those attending will include officers and department heads from General Office in San An- gelo, area general managers and operations managers, and division district managers from the four- state area served by the company. J. H. Davis, division manager, will be attending from Memphis.

Outside speakers will include Gunther Klaus, managing director and senior associate of the Institute for Advanced Planning in Beverly Hills, Calif. The inter- nationally known business econo- mist and management consultant will speak on planning, organiz- ing and controlling, and partici- pative management.

Also appearing on the program will be Marcos A. Vann, regional director, and Kenneth G. Patton, contract compliance, of the Of- fice of Civil Rights in General Services Administration. Their topics will be Overview: Where We Are Today in Equal Employ- ment and Equal Employment in Detail.

Vann supervises the total GSA Civil Rights program in Texas, New Mexico, Louisiana, Okla- homa and Arkansas while Patton supervises GSA's contract com- pliance activity within these sta- tes.

Other presentations will give the local managers information and details about operations and plans of specific departments within the company.

The program will begin at noon January 30 and conclude at noon February 2.

BASKETBALL FAVORITES—Pictured above are MHS Seniors, Mike Browning and Kathy Carmen, crowned sweet- hearts of the Memphis basketball teams during ceremonies between the Memphis and Silverton games here.

Culture Club Hears Review Study On China

The Woman's Culture Club met in the home of Mrs. L. A. Stilwell on January 17.

Mrs. Alvin Fyeatt, president, presided over a short business session. The social meeting of February 7 for residents of the Housing Authority downtown was among items discussed.

A devotional was given by Mrs. David May reading from John 4:7-10 and also, a favorite quote of Mary Martin: "If there's righte- ousness in the heart, there's beauty in the character. If there's beauty in the character, there's harmony in the home. If there's harmony in the home, there's order in society. If there's order in society, there's peace in the world."

The book, "What You Should Know About China", was re- viewed by Mrs. Sylvia Lewis. The books were written by John Rode- rick, who accompanied the table tennis team to China.

She gave the past history dat- ing back four thousand years of the "Land of the Rising Sun". China has given the world many inventions ideas and arts. Among

these are: kite, wheel barrow, gun powder, silk lacquer wear, compass, poetry and abacus. Mrs. May stated,

"One thought of an early Chi- nese dynasty was that the highest human possessed poetry, penman- ship and politics," Mrs. Lewis said. "During the Ming dynasty, merchants began trading with China, First Britain, then other countries. A period of upheaval followed with Japan. In 1949 the first People's Communist Party was established. Mao, a founder, has concentrated on agricultural process, industrialization and re- organization."

Mrs. Lewis concluded with some enlightening statistics about China, such as its being a coun- try of 750 million people covering an area of three million square miles with a population three times that of the United States.

The hostess served a lovely dessert plate to Mmes. Nat Brad- ley, R. E. Clark, Frank Ellis, Ward Gurley, Jeanette Irons, Pat Lewis, David May, Robert Moss, Alvin Fyeatt, L. G. Rasco, Theo- dore Swift, Clifford Farmer, Mis- ses Alma Bruce, Sybil Gurley, Esta McElrath and the hostess, Mrs. L. A. Stilwell.

Mr. and Mrs. Jess Dennis of Amarillo visited Mrs. Pearl Mas- sey and Mrs. Addie Hampton and other relatives for several days recently.

'American Wilderness' To Be Shown At Movie House On Sunday, February 4

"American Wilderness", a 16 mm nature and wild life film, will be shown at the Movie House in Memphis Sunday, Feb. 4, only. Four shows will be presented with one at 2:15 p. m., another at 4:30 p. m.; at 7:00 p. m. and 9:15.

Admission will be \$1.75 for adults and 75 cents for children under 12 years of age.

It was produced, photographed and starred in by Art Dubs, a 41- year-old Medford, Oregon busi- nessman who seems to think the chief danger in life is that you may take too many precautions. If his film proves anything at all, it gives lie to some wag's con- tentment that "wild life is not dis- appearing; it is merely affecting a merger with domestic life."

Dubs takes his camera, and the viewer, into several completely unspoiled rugged areas, with a heap of informative dialogue ap- parently composed by himself. He simply sets the camera up on a tripod, turns it on, and walks into the frame, hiking far ahead of his guides, then running back

to pick up his camera again. He is anything but a cast of studied inactivity, and is therefore a tonic to indoor sports and saloon sitters who grow weary of their own sloth.

Dubs says the popularity of the film could push it to a gross of \$20 million, which make the film the highest earning home movie ever made.

The first part of the picture concerns his search for specimens in the Rockies and British Colum- bia, a quest for four varieties of horned sheep.

During the second half, Dubs tangles with a polar bear, a gi- gantic beast frightening Alaskan Eskimos and brought down. It was 11 feet tall and weighed 2,000 pounds.

The photography is excellent, the music canned but suitable, the Disneyesque shots of frolick- ing bear clubs and assorted crea- tures will please small children, according to John Wolfe, theatre manager.

"Many parents in the past have objected to hunting pictures as too bloody for their children. This one puts little stress on killing, in the case of the record wild sheep, it is noted they were so old they would have died anyway within a year," he added.

Mrs. J. O. Cobb Elected President Of Pathfinders

The Pathfinders Council met Tuesday, Jan. 23, in the home of Mrs. W. J. McMaster.

The vice president, Mrs. J. J. McDaniel, presided during the business meeting. "It's Perfor- mance that Counts" was the study for the day. "Every day is the right day to use the right words" was the inspirational thought given by Mrs. McMaster. Mrs. Valmon Payne gave a talk on "Federation Gardens". "Bearer of the Torch" was given by Mrs. A. Gidden. Mrs. J. F. McIntush gave a review of "Membership Responsibility".

New officers elected for the coming year will be: president, Mrs. J. O. Cobb; vice president, Mrs. J. J. McDaniel; recording secretary, Mrs. W. J. McMaster; corresponding secretary, Mrs. Eddins; treasurer, Mrs. Cecil Ad- ams; librarian, Mrs. Mary Lou Erwin; critic, Mrs. Brown Smith; parliamentarian, Mrs. W. D. Young; and reporter, Mrs. J. F. McIntush.

Refreshments were served to Mmes. Valmon Payne, J. O. Cobb, A. Gidden, Robert Breedlove, Brown Smith, R. T. Tiner, J. F. McIntush, W. D. Young, J. J. McDaniel, W. F. Ritchie and W. J. McMaster.

Defensive Driving Course To Be Offered At C. C.

CLARENDON—Beryl D. Clarendon, Dean of Clarendon Col- lege, just announced that the Col- lege public of the Clarendon Col- lege area will have a chance to take the Defensive Driving Course at C. C. on Feb. 6, and 7, and 21.

All classes will start at 6:30 a. m. and will go until 8:30 p. m. on each of the four dates which gives eight clock hours of defensive driving training.

Upon completion of this course all car insurance holders are sub- ject to a sizable decrease in automobile insurance.

Cost of the course will be \$8 on each of the four dates at C. C. on Feb. 6, at the first class meet- ing. If you would like more infor- mation, please contact Dean Clarendon or Floyd Guinn, Counselor at Clarendon College.

CARD OF THANKS

We would like to express sincere thanks to Dr. Clark, nurses, special nurse and staff of the Hall County Hospital for excellent care given me while I was a patient. Also, thanks to ministers and many friends called and for the lovely flowers I received.

News About Insurance And ...

ARE YOU COVERED? Sounds silly, but some folks still buy insurance as one buys a grab bag. Then, when they have a loss, they look inside the bag to see what they bought. If lucky, they may find something useful. Some- times, however, the buyer finds he has paid for something which does not fit, and for which he has no use. How should YOU buy insurance? Consult your local Inde- pendent Insurance Agent—or better still, not just any agent, but this one. We will do our best to see that you pay for only what you need.

CONGRATULATIONS—Welcome to South Memphis, Brode and Elsie Hoover. Dick Fowler has already called to Brode's attention a requirement that each new resi- dent be "dipped". I understand that Dick has substituted a "light spray job" for the usual dipping because of the extremely cold weather.

CYCLONE NOTE—One down and two to go, Cyclones. Our boys won the first half of the district round robin, can tie or win the second half with a victory in either of their remaining games, in which event they will represent the district. Coach, I'd double check this, but if correct I'd say we were in the driver's seat. Even so, a letup is definitely not in order.

WHAT NEXT? I'm tired of hearing and reading about Vietnam. I hope we profit for past mistakes, but for the present, let's direct our thinking to America—our coun- try's needs now and in the future. Or at the local level, let's work together for the progress of Memphis and this area. There is so much that can and should be done—like fix up, paint up, dig up, clean up, or ACT up for the better, brighter, more enjoyable place in which to live. Let's quit crabbing, bemoaning, degrading, eroding, and selling our community short. Let's first sell ourselves, then sell Memphis as the best small community in the pan- handle. This can be done.

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

What are the 10 leading causes of death and the 10 most frequently occurring communicable diseases in Texas? And how does Texas compare with the rest of the nation?

These questions have been answered by the state health officials in their year-end reports, and the answers can be eye-opening. For example, two of the most frequently occurring diseases in Texas are gonorrhea and syphilis. These venereal diseases-V.D., for short-are transmitted from one infected individual to another through close sexual contact.

Some optimistic notes show up in the state health officials' reports which reflect the better health care now available to Texans.

"There has been a sizeable drop in the occurrence of many of the childhood diseases which can be prevented through protective immunizations," said Dr. M. S. Dickerson, Chief of the State Health Department's Communicable Disease Services Section.

"This decline in occurrence of these diseases probably reflects the new mandatory school immunization law which requires all school-age children and some kindergarten-age children to be protected against these diseases before they can enroll in school," said Dr. Dickerson.

State Health Department statistics indicate the following ranking of communicable diseases occurring in Texas in 1972 and the number of cases reported to the State Health Department:

The leading communicable disease in 1972 in Texas influenza and other flu-like illnesses (170, 126 cases). Second was gonorrhea (58,404). Third, strep throat, including scarlet fever (50,274). Fourth, mumps (5,108). Fifth, syphilis (4,904). Sixth, infectious and serum hepatitis (4,185). Seventh, tuberculosis (2,576). Eighth, measles (1,618). Ninth, rubella (1,596). And tenth, shigellosis otherwise known as dysentery or intestinal diarrhea (1,018).

Five of the state's "top ten" diseases showed a dramatic decrease last year. Three are diseases for which protective immunizations are available: mumps, measles, and rubella. The occurrence of new tuberculosis cases also showed a decrease in 1972.

Perhaps the most significant

decline, and most pleasing to state health officials, was the drop in reported cases of syphilis, a 26 per cent decrease in occurrence of the disease in one year's time. The State Health Department has had a comprehensive syphilis control program in operation for the past several years, and has just launched a massive statewide gonorrhea control effort as federal funding became available.

Gonorrhea has shown a substantial increase over the previous year's totals, reflecting the massive patient screening program now being put into operation by the State Health Department, in cooperation with private physicians and other agencies. State health officials estimate some 250,000 cases of gonorrhea actually occurred in Texas last year. Many cases of the disease were never diagnosed for the patient never saw his physician or the local public health clinic.

The Center for Disease Control in Atlanta, Georgia, reports the following occurrence of communicable diseases nationwide:

The leading communicable disease nationwide in 1972 was gonorrhea. Second was chickenpox. Third, mumps. Fourth, infections and serum hepatitis. Fifth, tuberculosis. Sixth, measles. Seventh, syphilis. Eighth, rubella. Ninth, aseptic meningitis. And tenth, meningococcal infections.

The reported diseases for the nation do not include influenza or strep throat or other streptococcal infections.

Other diseases of statewide interest include: a decrease in diphtheria, pertussis (whooping cough), and typhoid fever. The state showed an increase in leprosy cases and infectious encephalitis, and a stable reading on polio cases (with four cases last year). There was no VEE (Venezuelan equine encephalomyelitis) recorded in 1972.

The ten leading causes of death in Texas reflect the toll that chronic diseases, accidents, and other factors take on the Texas population. The leading causes of death in Texas is heart disease. Second is malignant neoplasms, or cancer. Third is cerebrovascular disease. Fourth, accidents. Fifth influenza and pneumonia. Sixth, mortality in early infancy. Seventh, diabetes mellitus. Eighth, bronchitis, emphysema, and asthma. Ninth, arteriosclerosis. Tenth, homicide.

Generation Gap U.S.A.

"They understand the new math well enough when it comes to their allowances!"

A. W. Williams, Former Resident, Dies In California

A. W. (Sandstorm) Williams, a former Hall County resident, died January 7, in Arroyo Grande, Calif.

He was born Dec. 7, 1886, in Cook County, Texas.

Survivors include: his four children: Mrs. Julia Armstrong of Arroyo Grande, Mrs. Rosie Scott of Stockton, Calif., W. W. Williams, Grover City, Calif., and Pete Williams of Amarillo.

Mr. and Mrs. Ted Baren of Newlin spent the weekend visiting in Lewisville with their son, Ted J. Barnes. They also attended the Boat and Sport Show in Merchants Hall in Dallas.

HALF-PAST TEEN

THAT WAS SOMETHING!
WE SURE HAD AN
EXCITING DAY!

back home where they were reared. With the inauguration ceremonies, history has really been made the past 30 days.

Large headlines on our daily papers, "U. S. and Vietnam Declare end of war". With bells ringing, fire sirens and large electric "Peace" signs shining, we still cannot tell when this peace starts as each of them wanted to shoot their last round of ammunition to try to get another foot of ground. With this undeclared war lasting 10 years, with five years trying to come to a peace agreement which, I guess, was satisfactory, all three different countries said they were winners. From the looks of the program for this peace meeting, it will take several cotton and feed crops to pay for it. The special table they all gathered around to sign the papers must have been 50 feet in diameter with over 100 delegates around it. All through this operation, the news commentators seem to have little faith in the peace settlement. I believe one of the news commentators gave this fact "that the U. S. had sent Mr. Kissinger on 25 round trips to Paris on the Peace Mission. He should know his way to Paris and back without a map."

Had a visit with another old timer who first arrived in Hall

County in December, 1907, with his parents, Mr. and Mrs. W. H.

Welman from Oklahoma. This family came to Hall County in a covered wagon and first lived on the Mitchell Turner place in the northwest part of Hall County and in 1913, this same team of horses moved them back to the Indian Territory, and later these same good horses moved them from Oklahoma to Dallas. They were well-traveled horses. There were 8 children in this family. The parents are now deceased. All children are still living. The only one now living in Hall County is W. E. who lives in the Weatherly Community. He and Chester Weatherly married sisters, daughters of the late Mr. and Mrs. J. E. Imel. Mr. Imel was a Baptist preacher in this area for several years.

I noticed in one of our daily papers a few days ago that a couple found out that learning their ABC's in school came in handy. This couple had six children and three more girls (triplets) were born. They had run short on names and so for temporary names, they gave them the ABC names!

We hear about a lot of dog and cat stories. I noticed one day last week in a daily paper that a lady

Memphis Democrat—Thurs., Feb. 1, 1973

Page 7

72 years old left 10 thousand dollars in stocks to provide food for her dog and two days later the dog was killed and her family got the stocks. A few days ago a lady told me that her cat had seven kittens during the snow storm and when she found them, three of them had frozen to death. They looked so comfortable that she pushed the other four deep in the snow. I heard another cat story a few days ago that I would like to tell without calling any names. It seems that two ladies in another small town were going to a larger town shopping a few days ago and as the lady backed out of her driveway, she ran over her cat and killed it. She did not want to take time to bury it, as she was in a hurry, so she picked it up and put it in a shopping bag to throw away on the way to the larger town but did not find a convenient place to do this. She parked her car and she and her friend went in one of the stores shopping. When they came out, they saw a lady swiping the shopping bag with the dead cat inside, so they followed this lady into a cafe to see her when she opened the bag with the surprise. They were sipping their coffee waiting to see and sure enough she opened the bag,

found what she had, fainted and fell on the floor. The cafe man called the police, ambulance and doctor. The last view the two shoppers had of this lady that picked up the shopping bag full of dead cat was the ambulance taking her to the hospital. A true story!

Nursery Open All Services

All you men of Memphis and the surrounding area come and bring your families and friends, yes enemies too! You "Young Men" Junior High and High School age come and bring a friend even your girl friend.

Dorothy Gurley Is Installed As Noble Grand Of Memphis Rebekah Lodge

New officers in the Memphis Rebekah Lodge of Memphis were installed recently for a six-month term by District Deputy President Mrs. Nellie Evans of Childress and staff.

Installed were: Noble Grand, Dorothy Gurley; vice grand, Estelle Barber; Louise Snider, secretary; Edna Merrill, financial secretary; Marguerite Smith, treasurer; Chloe Rogers, warden; Florene Yarbrough, conductor; Lennie Kennedy, chaplain; Zora Young, musician; Ella Moreland, right support to Noble Grand, Abbie Kennon, left support to Noble Grand; Jean Lamb, right support to Vice Grand; Irene Frisbie, left support to Vice Grand; Florence Paschall, inside guard-

ian, Ora Ritchie, outside guard; Margaret Snowden, left support to chaplain; Ann Louallen, left support to chaplain; and Etta Jones, Lodge Mother.

Refreshments were served to the following visiting Lodge, Childress and Wellington, and to the Memphis Lodge.

REP. PHIL CATES

Rep. Phil Cates Is On Three House Comm.

State Representative Phil Cates has been named to three committees important to his district by Speaker Price Daniel, Jr., in appointments which generally reflected a shift in influence from the rural areas of Texas to major cities, particularly in the Houston-Gulf Coast area.

Rep. Cates, generally regarded as a conservative, gained seats on the Committee on Agriculture and Livestock, Human Resources, and Natural Resources, despite appointments that reflected the liberal and urban influences of the house. Of the 21 chairman appointed, 14 were from counties of over 100,000.

Cates said he was also pleased to be on Agriculture and Livestock and Human Resources committees, both of which he feels will handle bills of vital importance to this region.

"Re-apportionment in the last legislature shifted ten of the 150 House seats from predominantly rural districts to the metropolitan areas, with five new seats going to Harris and three to Dallas.

Harvest Of Men—

night and be singing the special music.

Weekday services are 7:30 p. m. and Sunday services are 11 a. m. and 7 p. m. Travis Baptist Church cordially invites friends of Memphis and the surrounding communities to come worship, in the "Harvest of Men Services."

A nursery will be provided each service.

Mr. Quillian was a lay preacher until he was past 40 years of age, speaking to men's meetings, prayer breakfast, retreats, layman revivals. Then he surrendered to the ministry and now pastors Baptist Church.

"If you miss the first service, Thursday, Feb. 1, you will miss a blessing," Wilburn Coffman pastor, said.

Larry D. Parks To Be Savings Bonds Chairman

Larry D. Parks, Assistant Vice-President of the First National Bank of Memphis, has accepted appointment by the U. S. Department of the Treasury as volunteer chairman of the Hall County Savings Bonds Committee.

Announcement of the appointment was made by Rex Brack, Chairman of the Texas Savings Bonds Committee.

In announcing Mr. Parks' appointment, Mr. Brack remarked that "his wide business experience and active participation in community affairs will be most valuable in his volunteer service as Hall County Chairman, especially in these times when the U. S. Savings Bonds Program takes on increasing importance in helping to keep our Nation economically strong and secure."

Mr. Parks' appointment came after the resignation of Mr. Billy R. Prince, who is moving to Dallas. Mr. Prince had been chairman of the Hall County Savings Bonds Committee since October 1970.

Mr. Parks is well known in civic affairs, being active in volunteer work. He is a member of the Memphis Lions Club and President of the Memphis Chamber of Commerce. His good habit of purchasing Series EU, E, Savings Bonds in the past motivated his acceptance of this chairmanship.

Mr. Parks and his wife, Rosemary, reside at 915 N. 16th Street, Memphis.

As County Chairman, he will work with other community leaders in a year round program to encourage the increased purchase of Saving Bonds at banks and on the Payroll Savings Plan.

Local Students At CJC To Vie For Basketball Honor

Misses Carol Jean Godfrey and Cindy Maddox, both of Memphis, are among four students at Clarendon College to vie for the honor of being named Basketball Queen for the year.

The four were chosen by the round-ballers with the Queen Coronation to be Monday night, Feb. 5, at 7:30 p. m. at the Clarendon College Field House. Coronation ceremonies will be held during halftime of the basketball game between Clarendon College and New Mexico Military Institute and a cordial invitation is extended by college officials to Memphians to attend the game.

Jo Ann Braddock of Wichita Falls and Joyce Louis Clarendon are the remaining two students to vie for the honor.

Turkey Planning Bob Will's Day On April 28

Turkey is making plans now for "Bob Will's Day" celebration being set for April 28, Jay Eudy announced this week.

Bob and the "Play Boys" plan to be in Turkey for the special day. More information will be released later, it was announced.

STADLER ROLL CARE

Mr. and Mrs. Robert Dagle of Memphis are the parents of a son born Jan. 30. He has been named Jonathan Michael and weighed 6 pounds, 5 1/2 ounces. Mrs. Dagle is the former Suzanne Sexauer.

LOYD ELLIOTT

Your **ENCO** Dealer

Wants, needs and appreciates your business!

Corner Main & Boykin Drive

Texas University, Austin, and has one year experience as Public Health Nurse in Austin, Texas, seven years teaching "Nursing" in Methodist Hospital in Lubbock. On year General practice of Nursing and one year experience in operating room. She will work Monday and Friday in Memphis Schools; Tuesday in Estelline; Wednesday in Turkey-Quitauque; Thursday in Lakeview.

The Emergency Employment Act may be extended, Mr. Hollifield advised and it is under Department of Labor. Schools of the county will pay 10 per cent and E. E. A. pays 90 per cent of cost of program.

Miss Gilreath stated school superintendents and school personnel are very pleased the school nurse will be available in Hall County because of new state health laws requiring immunization and records. Mrs. Hall will be in Lakeview School Feb. 1, 1973, the first day of employment.

Cyclone On—

(Continued from Page 1)

the last half to defeat the McLean girls Tuesday night, 55 to 48, and last Friday defeated Calley High by five points 50 to 45.

If the Memphis girls, now out of contention, should pull an upset victory over Claude's girls on the final night, it could throw the girls division into a tie with Claude and Valley High.

Coach Joe Bain of the Cyclonettes said Tuesday night after the local girls had won a 71 to 36 victory over Silverton's girls, "I am just real proud of our team this year. We've been in the district race up to the end, have a winning record for the season playing in a real tough league."

Tuesday night, between games, Mike Browning and Miss Kathy Carmen were recognized as MHS Basketball royalty in appropriate ceremonies. Mike and Kathy are

both seniors.

Silverton Games

The Cyclonettes had little difficulty taking command of the girls game against Silverton, leading 35 to 18 at halftime and almost doubling the score by the final buzzer, 71 to 36. Kathy Carmen had 34 points for the Cyclonettes while Kay Murdock had 19, Mary Beck 14 and Mickie Henderson 4.

The boys game was a different matter; however, as the Cyclone was in for a tussle for a while, but eventually winning the contest 54 to 44.

What made the game so interesting was that both Memphis and Silverton were shooting well from outside in the first half.

Mike Browning hit 5 of 7 shots in the first quarter, but had to leave the gym in the second period to get an eyebrow cut sewed up and was unable to get back on the court until the fourth quarter. Browning sustained the cut when he was elbowed above the left eye.

With Browning out, nephew Ronnie Browning picked up the pace at shooting outside, joined by Lenis Simpson.

The Cyclone led 18 to 12 through the first quarter, but had a 33 to 27 halftime lead.

Ronnie Browning was the leading scorer with 16 points, making four of these in the final period on lay-ups. Larry Johnson had 13 and Mike Browning had 12.

Coach Jimmy Pope said after the game, "Silverton played a real fine game against us tonight. With Mike out, we had to do some adjusting, with Ben Smith and later Donny Scott going in and doing a good job inside while Lenis Simpson worked outside."

The Memphis B team girls defeated Silverton 31 to 19.

Wellington Games

Last Friday night at Wellington, the Cyclonettes lost somewhat of a heartbreaker, 41 to 35, after leading the Wellington girls 27 to 16 at halftime. Coach Bain

said the game was a heartbreaker for the local girls because they were down 10 to 0 at the end of the first quarter. Mickie Henderson was the leading scorer for Memphis with 11. Kathy Carmen had 11. In the boys game, the Cyclone took first half command, leading 14 to 8 at the end of the first quarter. Wellington pulled to within 37, but the third period was a rout for the Cyclone. The Cyclone's opponent 23 to 10 in the final quarter to take a 54-44 victory.

Larry Johnson scored 10 points for Memphis, while Ronnie Browning had 10, Mike Browning 8 and Lenis Simpson 8.
