## C. H. Murphy To Head Up Salvation Army's '73 Fund Drive

C. H. Murphy Jr. has named campaign chairman for the Hall County Salvation Army's \$1,100.00 drive which kicks off April 1973, an announced by Service Unit Chairman W. Young. The funds will provide local services for the underprivileged and provide aid to traveling travelers. The Service Unit also participates in such relief programs as summer camp for boys and girls and unwed mothers and their families. Rev. Murphy and his wife, Nita, have 3 sons: Mike, Mark, and Ken. "We are hopeful that when you are asked to help The Rev. Murphy with the drive, that you will give him your full co-operation, as we are having more calls for help this year, than in the last 10 years", Mr. Young said. Primarily, the drive will call on the business and professional people and a few individuals. "We urge any one wanting to help the cause to mail your checks to the local Treasurer of The Salvation Army, W. H. Dean at the First National Bank, Memphis, Texas 79245," Young said.

**MHS GOLFERS**—Memphis High golf team continued a long dominance of District 2-A with a 40-stroke victory over the nearest district team at Clarendon Country Club course Wednesday. Weather for the round was chilly and windy. A team total of 356 was sufficient in capturing the crown and sending the MHS golfers to Region next Tuesday. Eddie Foxhall (second from left) shot an 85 to tie with Pender of McLean for medalist honors. Phillip Bray (right) shot an 89, while Matt Monzingo (left) and David Cofer (second from right) had 91s. Paul Fivler shot a 95. McLean had 396 and Clarendon had a 406. Claude had individuals competing in the District Meet. The MHS golfers placed fifth at Amarillo last weekend, playing the Tascosa Course in poor golfing weather.

## Two Men Face Burglary, Theft Charges In Area

Two travelers on U. S. Hwy. 287, who had stopped at a service station in Childress and saw two men (one with a gun) and made a point to stop in Memphis to inform City Police Chief Kenny Schull when by chance they saw him at a service station here about midnight last night, set off a chain of events which will solve some of the rash of crimes which have been occurring in this area. Chief Schull and Dept. Sheriff Bill Kesterson worked on into the night on the tip. Now two men are in jail in Quanah facing several serious charges. The two men are from Memphis, had in their possession a gun which was taken in a break-in at White Auto Store in Memphis, last Wednesday, and when apprehended by Childress City Policeman Frank Gelly in the early hours this morning, were passengers in a stolen car taken from Fields Motor Co. lot earlier in the evening, and had clothing from a clothing store which was burglarized last night in Quanah. Around 15 burglaries or armed robberies have been reported to the Memphis law enforcement officers during the past three months.

### Memphis Bankers Play Role In History Of Panhandle Banking

It was not until 1887 that Robert Moody and Henry Hamburg organized the Trader's Bank at Canadian, the first bank in the Panhandle. In 1889 the Wood Mercantile and Banking Company of Clarendon was doing business and the following year it became the Bank of Clarendon with Charles Goodnight as president. A few private banks thrived in the Hall County area and finally in March of 1898 the Exchange Bank was formed in Memphis. Since the inception of banking in this area, Memphis bankers have played a key role in the formation and continuation of the Panhandle Bankers Association. Sometime in the spring of 1904, J. E. Ledbetter of Quanah wrote S. S. Montgomery of Memphis and suggested that a Panhandle Bankers Association be organized. Montgomery assumed the responsibility of contacting others and wrote 24 letters to bankers throughout the Panhandle. The response to the letters was more than could have been expected as 16 bankers agreed to attend a meeting in Amarillo. The organizational meeting was held on June 6, 1904 in the office of C. T. Ware of the Amarillo National Bank. The first order of business was the election of officers and S. S. Montgomery of Memphis was elected Secretary. Since that time several Hall County bankers have served as President of the organization, including: D. L. C. Kinard, J. H. Read, Thomas E. Noel and T. H. Deaver, Sr.

### Dist. 2-A Jr. High Track Meet To Be Here Mon.

## Texas Highway Department Now Distributing Texas Travel Maps

AUSTIN—To help motorists, as well as other nomadic travelers, the Texas Highway Department began distributing one million copies of the 1973 Official Texas Highway Map in late Feb. The map is free, and is available in large quantities at various points throughout the state. People in campers, tents and mobile homes are in need of quiet and an unspoiled spot of nature.

Camping vacationers will find a new map a treasure of information for their travels. In addition to helping with route information, the map has charts that indicate specific distances between various major areas in the state and the location of the 69 state parks.

The State parks listing includes specific information of importance to campers planning a vacation itinerary. The parks are listed to describe recreational, historic or scenic sites, with a map indexing for those parks for overnight stops.

Information available on the new map includes the location of three new lakes. Lake Tawakoni in Cooke County near the River, Lake Comroe between Austin and Huntsville, and Anahuac near the Gulf Coast between Houston and Beaumont, all should be of interest to vacationers.

And, for those travelers attempting to cover many miles in a stretch, the new map pinpoints an additional 26 new safe rest areas and six new toll stations to offer a welcome relief from tedious driving.

Also, 79 miles of new Interstate, 79 miles of new State and 96 miles of new U. S. divided highways have been added to the map, making it easier for travelers to plan the most convenient routes.

For instance, IH 10 now is

### Range Seeding And Quality Forage Programs

Seeding of desirable forage species on rangelands or abandoned croplands may be undertaken for a number of reasons. One of the primary reasons is to increase productivity, another might be to control erosion and still another to provide better seasonal balance in the kinds and amounts of available forage. The key to success lies in planning a forage production program to meet the needs of a particular farming or ranching unit.

Range and pasture plantings may include annual or perennial species; those that grow during cool portions or warm seasons of the year and both grasses and legumes. Many "winter grasses" have come and gone and will probably continue to come and go. A number of species and varieties are available to the producer and all have some good

and bad characteristics. There is no one best forage or cure-all. Successful forage programs include an optimum combination of species and varieties.

Revegetation of poor condition rangelands or abandoned croplands is an expensive process. Before undertaking such a program, take time to inventory your forage resources and plan a program that will meet the needs of your farm or ranch. Plans should include:

1. Selection of desirable species or combinations.
2. Proper seed bed preparation.
3. Suitable planting techniques.
4. Adequate fertility program.
5. Weed control measures if needed.
6. Proper grazing management practices.

Your local County Extension Agent can give information of forage programs, species, availability, planting techniques, etc. In addition, he has a staff of agricultural specialists at his disposal. Contact him for assistance in planning an carrying out a sound forage program.

Chillicothe Meet

# Memphis Track Team Competes At Vernon

The Memphis Varsity and B Team track squads each participated in the Chillicothe Track Meet, held in Vernon last Saturday, due to wet track conditions in Chillicothe.

The Memphis Varsity squad came within two and a half points of winning the meet, losing to Electra, 116 to 118 1/2.

Coach Joe Bain said, "the weather this track season has certainly hampered our team. Last weekend, the Lefors meet was cancelled, but we were fortunate that Chillicothe could move their meet to Vernon and could enter our varsity on a short notice."

For the Cyclone, the 116 point total was the largest of the year,

and possibly could have been larger, but for some breaks.

Memphis continued to pick up points heavily in the field events, as Ben Smith and Mike Browning, respectively, cleared the bar at 11'6" for first and second places in Pole Vaulting.

In the shot put, Robert Snider was second, Terry Wheeler fourth and Ronald Canida sixth. Wheeler placed third in the discus.

In the high jump, Earl Wright for the B team placed third and James Beck placed fourth.

Larry Johnson placed third in the long jump.

James Beck in the 880, ran his best time was a 2:06.1 for first place and Ricky Douthit ran a 2:07.0 to place fourth.

Paul Fowler won the intermediate hurdles with a time of 42.8 and Bobby Hall placed sixth. Fowler took second place in the 120-yard high hurdles.

In the 440 yard dash, Wayne Davis placed sixth, while in the 220, Beck placed fourth and Jimmy Melton placed sixth.

The Memphis mile relay team ran a 3:35.6 to win this event. The Memphis sprint relay team had the misfortune to drop the baton in their event.

Coach Bain said the weather Saturday was windy in Vernon. He cited the performances of the 880 runners, Beck and Douthit for their best performances.

## Band Boosters Make Plans For Banquet

The Memphis Band Booster held its regular meeting on Monday evening, April 2, at 7:30 p. m. in the Cyclone Band Hall.

Mrs. Raymond Martin, first vice-president, presided at the business meeting. Minutes of the previous meeting were read and approved and a financial report was given by the treasurer, Mrs. Alvin Phillips.

Dean Killion, director of bands at the Texas Tech University, will be in Memphis on Wednesday, April 4, to clinic the Cyclone Band in preparation for the University I in interscholastic League. The Booster Club voted to pay the clinician's fees.

The UIL contest will be held this year in Panhandle on Wednesday, April 11. The Cyclone will also participate in sight reading at this time. It has been the custom of the Band Booster Club to pay for a meal for each participating band student at contest, and the club voted to again follow this procedure and pay for the meal.

The main topic of business was to begin making plans for the annual band banquet. This banquet is for the students and in their honor for working so hard all year to have such a good band, it was stated. This banquet is paid for entirely by the Band Booster Club. More detailed plans for this banquet will be made at a special meeting which will be held on Thursday evening, April 5, at 8:00 p. m. at the Big O Restaurant.

## Pupil Disabilities, Correction Studied By Culture Club

The topic for discussion was "The Challenge to Read" when the Women's Culture Club met in the DeVille Restaurant with Mrs. Pat Lewis as hostess.

Mrs. Alvin Pyeatt president during the business meeting, after which, Miss Alma Bruce introduced the program by a quotation from "The Moral Essays"—"This education forms the common mind; just as the twig is bent the tree's inclined". She also read John 17.

Mrs. Jeanette Irons discussed "Teaching Perception". She said that perceptually handicapped children are said to be suffering from a specific learning disability-specific because their handicap is not the result of mental retardation or emotional imbalance. Their problem is that, for a variety of neurological reasons, they cannot learn to read according to the standard sight method taught in most American classrooms. At least one child in seven, sitting in U. S. classrooms, suffers from some form of specific learning disability. The S. L. D. child has difficulty performing some of the functions required to learn to read. It is as if he has a wire crossed in his brain that prevents sensory data fed into the brain from being processed properly.

Further she stated that the key to correcting specific learning disabilities lies in early detection and diagnosis. Because specific learning disabilities affect each child differently, tutors must discover each child's individual strengths and weaknesses. She also showed some of the methods used to diagnose and correct.

Mrs. Robert Moss gave a reading demonstration, featuring the Control Reader and the Tachistoscope and listed the benefits students should gain from using them.

Refreshments were served to the following members: Mmes. Nat Bradley, R. E. Clark, Frank, Ellis, Ward Gurley, Jeanette Irons, Jim Lange, David May, Alvin Pyeatt, Robert Moss, Theo. Swift, Misses Alma Bruce, Esta McElrath and the hostess, Mrs. Pat Lewis.

## Former Memphis Resident Dies In California

Word was received here recently of the sudden death of a former Memphis resident, Felix Bernard Posey, brother of a local man, S. D. Posey.

Mr. Posey, 64, and a resident of New Berry Park, Calif., was born July 15, 1908 in Grandview. He received his education in the Grandview schools before coming to Memphis. Although he had lived in California for some time he visited here on many occasions.

Mr. Posey passed away in his sleep of an apparent heart attack on March 23, and was discovered by his wife, Betty.

Funeral and burial services were held in New Berry Park, Calif.

Survivors include his wife, Betty, two sisters, Mrs. Eleanor Hales and Mrs. Helen Park, both of Yukon, Okla.; two brothers, S. D. of Memphis and Garland of Sterling, Colo., and several nieces and nephews.

PLAY CAST—Three Memphis students attending Clarendon Junior College are members of the cast of "Annie Get Your Gun" to be presented by the drama department on April 11 and 12. Pictured left to right, are Cindy Maddox, Carol Jean Godfrey and Audrey Wolf, who are among the dancers in the show and are primarily responsible for the choreography.

## CC Drama Dept. To Present Play April 11 And 12

CLARENDON — The Drama Department, under the direction of Mrs. Norma Selvidge of Clarendon College, will present "Annie Get Your Gun" on April 11, and 12, at the Clarendon College Fine Arts Center. This production will begin at 8:00 p. m. Wednesday and Thursday with admission being \$1 for adults and 75 cents for students.

This will be the first time that CC has had an 18 piece orchestra to provide the background music of

some of the most popular songs still sung today, such as: "Doing What Comes Naturally," "They Say It's Wonderful," "I've Got the Sun in the Morning," and the most exciting music of the show is "There's No Business Like Show Business."

This story is about two show troops in which one troop belongs to Pawnee Bill and the other to Buffalo Bill and the other to Annie Oakley and Frank Butler in fancy shooting. There are many exciting character parts with cowboys, indians, dancers, and singers.

This production should prove to be one of the major productions ever presented by the Clarendon College Fine Arts Center, and the public is cordially invited to attend.

**NEW STAR**—Julie Holmes is one of the bright new stars who will appear with the Ice Capades in Amarillo April 18 through April 22. She was a member of the 1972 U. S. Olympic team and placed fourth in world-wide competition.

**Figure Skating Champions Headline Ice Capades In Amarillo April 18**

The amateur skating world has provided Ice Capades with many top-ranked talents from throughout the world. The competitive spirit and showmanship of these champion skaters are one reason why the ice spectacular appeals to everyone.

An outstanding cast of skating talents will highlight the all-new production of Ice Capades coming to Amarillo Civic Center Coliseum on Wednesday, April 18, for a six show engagement thru Easter Sunday, April 22.

Ice Capades is proud to welcome a bright new star this season—Julie Holmes. Her skating credentials are impressive. 1969, 1970 and 1971 United States Ladies Silver Medalist. 1970 World Ladies Bronze Medalist. And a member of the 1972 U. S. Olympic team. A near fall cost her the chance for an Olympic medal—she placed fourth in the world-wide competition.

"It was heartbreaking at the time, not winning an Olympic medal after all the years of preparation," Julie said. "But even the privilege of participating was a tremendous thrill". Now Julie looks forward to the challenge of skating to please audiences in-

stead of judges.

Richard Ewell and Michelle McLaddie have several "firsts" to their names. The first black pair to move from competition skating to professional ranks. The first black couple to compete in and win a national pair title—the 1972 National Junior Pairs Championship. Richard was the first black to win a National Junior Men's Championship, taking the title in 1970. He was also the first black in the world to skate in international competition as the United States representative to the IV Grand Prix International Silver Medal.

"It was an honor to be representing the United States", says Richard. "And to be the first black to compete at that level. It's an honor to be the first to do something, no matter what it is". After their competition victories, Richard and Michelle went on to pass their gold pair test and qualify as Senior Pairs skaters "because we didn't want to leave something unfinished". Now the two young skaters are finding new worlds to conquer in their first season as professionals with Ice Capades.

Other champions spotlighted in

**National Library Week To Be Observed April 8 Through 14**

This year National Library Week will be observed April 8-14. The Librarians know all these things but do you, the reading public, realize the values of library services in supplying material resources for information, for life enrichment, and for occupational and professional improvement?

Yes, they know the need for expanded collections, dependable service hours, and competent personnel in each local community. Furthermore the Librarians know the values of cooperation and coordination under the library systems, organization, but do you?

National Library Week gives the Librarians, literary trustees, and the Friends of the Library an opportunity to focus attention on these values by telling "the library story". The story includes all the strengths and all the needs, what libraries are doing, what they can do, and the plans for the future. This WEEK can be used to make these things important to the entire community.

We in Memphis are most fortunate to have as our efficient

Librarian, Mrs. Jack Boone Sr. Though the Library is in a dilapidated state, the collection of books it houses is exceptionally fine for a small town and the patronage is excellent. Last year, Mrs. Boone signed out 8,765 books and this year the average will be even greater.

New books come in each week and there are 22 different magazines available to the reading public. Since magazines have increased in price, patrons are taking advantage of this service. Just recently, Charlie Stout, a generous patron, has donated a subscription to The Saturday Evening Post and money to buy two of Mrs. Roy Guthrie's books soon to be off the press. We can be justifiably proud of our Memphis Carnegie Library.

Colonial clockmakers often had little training, but produced accurate timepieces. Talented amateurs continue the tradition. Discarded automobile parts have been fashioned into clockworks, and one man recently made a grandfather clock with all the mechanism carved from wood.

Mrs. Gayle Greene and Mrs. Herschel Combs visited in Wellington Sunday afternoon with Mrs. Combs' mother, Mrs. A. L. Dickey and aunt, Mrs. L. W. McClure.

Mr. and Mrs. James Sprague Odessa visited here over the weekend with his parents, Mr. Mrs. E. L. Spruill and relatives and friends.

### Mizpah Guild Members Enjoy Travelogue

Thanks to Mrs. Bill Cosby, the Mizpah Guild members of The First Presbyterian Church were treated to an armchair travelogue of the European tour she, her husband, and son Bob made last summer to visit their elder son, Bill, who is a music student in Austria.

The Guild president and hostess for the evening welcomed the guests and conducted a brief business meeting. Besides two brave men, Mr. McGarity and Bob Cosby, other guests were Betty Foxhall, Billie Foxhall, Lorraine Tarver, and Jimmie Montgomery.

The beautiful colored slides show by Mrs. Cosby carried her viewers across Bavaria in West Germany, into Switzerland, and Austria. The mountains, lakes and countryside defied description and the quaint villages with their window boxes of real flowers and the mural scenes decorating the shops' exteriors made them look like doll houses.

Of course, Salzburg and Vienna boasted magnificent, formal gardens and buildings. For almost two hours her audience was highly entertained by the slides and the narration accompanying them.

Refreshments were served following the pictures and the meeting was adjourned until April 11.

Mr. and Mrs. Dutch Vallance visited in Lamesa over the weekend with Mr. and Mrs. Todd.

**MAY WEDDING PLANNED**—Mr. and Mrs. Marshal Head of Muleshoe announce the engagement and approaching marriage of their daughter, Janice Lorraine, to Michael P. Widener, son of Mr. and Mrs. Roy Widener of Memphis. The bride-elect and prospective groom are sophomore students at West Texas State University in Canyon. The couple plan a May 26 wedding at the YL United Methodist Church in Muleshoe.

Visiting here last week in the home of Mrs. Henry Scott were Mrs. Bog Gaymor, Mrs. Peggy Hopkins and Mrs. May King, all of Portland, Oreg., Tom Crow and daughter Connie Sue of Lubbock and Mr. and Mrs. Carrol Crow of El Paso. They came to attend funeral services for their sister, Miss Rachel Crow, and were here for several days.

### 1913 Study Club Members And Guests Enjoy Dinner And Ecology Film Strip

The 1913 Study Club entertained friends with a fried chicken dinner party Friday evening, March 23, in The Community Center. Following the invocation by the Reverend Tommy Nelson, the president, Mrs. Frank W. Foxhall, welcomed the guest and club members.

After dinner, with Mr. Nelson as operator, all enjoyed a colorized prize film strip entitled "The Biologist and The Boy". The film told the story of a boy's visit with a biological naturalist who was acquainting the young man with nature and the importance of the conservation of our natural environment.

Following the picture, the evening's entertainment took on a lighter vein when the guests played Bingo for White Elephant prizes. Everyone entered into the fun and had a gay good time. Many of the members brought their husbands as guests and others brought friends. Among the guests, besides the husbands, were Meses Lynn McKown, Carl Harrison, Lucile Wright, W. V. Coursey, Mildred Stephens, Allen Grundy, and Mr. and Mrs. Bill Combs.

### Estelline Ophelia Club To Sponsor Easter Revue

The Estelline Ophelia Club will sponsor an "Easter Spring Revue" Saturday, April 14, at 7:30 p. m. in the Estelline High School auditorium.

All children, infants through third grade, are invited to participate. A rehearsal will be held April 13, at 4:00 p. m. in the high school auditorium. Parents who wish their children to participate may contact Sarah Long at 888-3681.

Members of the club will model fashions from various decades. Popular songs of each decade will be sung also as a part of the program.

Admission will be \$1.00 for adults and 50 cents for children.

**RANGE BRUSH CONTROL**—Jerry Smith, contractor, and L. F. Widener, farmer, are shown above on a farm southwest of Memphis where brush control is being done by root plowing mesquite in poor condition rangeland. Land will be roller chopped and seeded to native grass.

### Root Plowing And Tree Dozing Are Used Methods Of Brush Control

Lonnie Widener and the Deer Springs Grazing Association are doing mechanical brush control, according to David Seitz of the Soil Conservation Service.

Seitz stated that root plowing and tree dozing are the most used methods of mechanical brush control done in the Rolling Plains. Mechanical brush control is recommended where the existing grass on a tract of land needs improving by seeding when it is tree dozed or root plowed it leaves an excellent seedbed for such grasses as Sideoats Gramma, Switchgrass and Green Sprangletop. The distributed areas are generally seeded by hand.

According to Seitz over 4,300 acres of mesquite infested land

were tree dozed and seeded back to native grass in 1972. All of these seeded areas have an excellent stand of seeded grass.

## 1973 Feed Grain Program Set Aside Requirements Are Reduced

According to Mr. Larry B. Rogers, County Executive Director, Hall County ASCS, a further reduction in set-aside requirements for the full compliance provision of the 1973 Feed Grain Program has been announced by Secretary of Agriculture Earl L. Butz, in order to bring U. S. feed grain supplies more in line with expected demand.

The required set-aside for full compliance is changed from 25 to 10 percent of a producer's feed grain base. For participants who elected not to comply fully with the set-aside program, the required set-aside remains unchanged at 0 percent.

Today's action is taken to prevent or alleviate a shortage in the supply of agricultural commodities. The action will free up an

estimated additional 13.5 million acres for production of grain and other crops and for forage, USDA officials said. Department officials said the action is considered necessary after reviewing the March 1, planting intentions report (released March 15). The 5,772 million bushel production of corn for 1973 indicated in the report is considered insufficient to fulfill projected domestic and export demand and maintain adequate carryover stocks, they said. At the same time the Secretary reemphasized that the 53.8 million acres of soybeans indicated in the March 1, report are the minimum needed in order to meet demand.

As a result of the reduced set-aside requirements, the Department estimated that an additional 2.5 to 3.5 million acres will be planted to corn; the remainder of the 13.5 million acres will be available for the planting of other crops and for haying and grazing.

USDA officials stressed that no enrollment changes will be allowed in the feed grain and wheat programs. Those producers who agreed in the recently concluded 1973 Feed Grain Program sign-up (Feb. 5-March 16) to set-aside 25 percent of their feed grain base will not receive less program payment and will automatically have their set-aside reduced to 10 percent. Grazing and haying on the remaining 10 percent set-aside will be optional with the same dollar-per-acre deduction as before. The officials also stressed that program payments to those who elected not to set-aside any acreage would not be affected by the action. Conserving base requirements will remain unchanged. Total payment per farm for participation will remain unchanged from that announced on Jan. 31, and as agreed to at enrollment.

Producers who have signed up in the 1973 Feed Grain Program need take no further action at this time as no further signatures, forms or papers necessary. There will be no additional cost to producers where remeasurement services are required.

## Citizens Asked To Support Easter Seal Society

A further request for support of the Easter Seal Society for Crippled Children and Adults and its program of services to the handicapped was issued today by Ben Parks who is the Easter Seal Representative in Hall County.

The Easter Seal Society provided treatment and services for 16,572 physically handicapped children and adults in Texas last year, Parks said, and this program needs to be expanded. Many people are going without services that would increase the productivity of their lives and make them happier. With increased growth of the Easter Seal Society, more and more of these people will be reached, he added.

The Society is carrying out a continuing program to seek out the disabled who are doing without services and see that they receive the help they need. As Easter Seal Representative, Parks is the person to contact for services from the Easter Seal Society.

The Easter Seal Society of Texas helps support 18 treatment facilities in Texas where crippled children and adults who are not eligible for help from any other source are treated, regardless of their ability to pay. Physical, occupational and speech therapy are offered to help the handicapped overcome their disabilities. A complete referral program to ensure equal rehabilitation services to every person in Texas is included in Easter Seal Society services.

The Easter Seal Appeal continues through Easter Sunday, April 22, and full support should be given the Easter Seal Society by every citizen of Hall County, he added.

## Three Memphis Students Named To Who's Who

Three Memphis college students at Clarendon College have been selected to listed in a national publication known as Who's Who in American Junior Colleges.

To qualify for the Who's Who Column, students attending in junior college must be sophomores.

Among those selected from Clarendon College are: Billy Ed Dixon, Miss Carol Jean Godfrey and Miss Cindy Jane Maddox, all of Memphis.

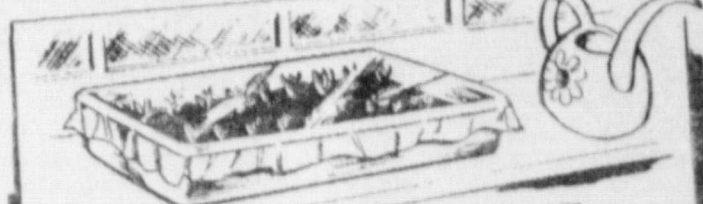

The Bulldog Banner staff wishes to congratulate these outstanding sophomores for having been chosen to Who's Who Among Students in American Junior Colleges.

### B. B. Shots

By BYRON BALDWIN

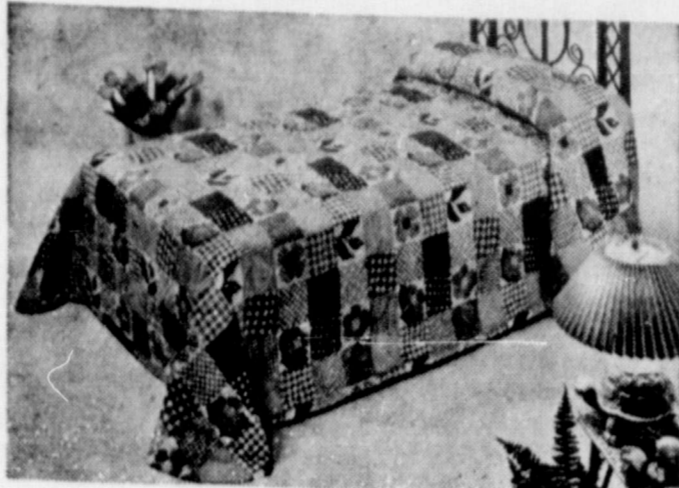

Another small boy was taking his physical at school by the doctor, who asked him if he had ever had any trouble with his nose and ears. He replied, "Sure, they always get in my way when I take off my T-shirt."

Pinkney Cagle and his wife, Louise, of Reseda, Calif., were visitors in Hall County Heritage Hall the past week. This was the first visit that Louise had made to Heritage Hall. The parents of Pinkney Cagle first moved to Hall County Jan. 1, 1904. Their first night was spent in the home of Loyd Wells who was teaching school in Memphis. Pinkney said he remembered that Mrs. Wells ordered a bill of groceries over the telephone, which was something new to him as he did not know that you could get groceries with a telephone conversation.

The Cagle family first lived at Twin Buttes near Eli. Mr. and Mrs. Cagle were long time residents here. (Both are now deceased.) Other members of the Cagle family now living are Mrs. (Terra) John Bass of Clarendon, Mary (Cagle) Anthony of Lubbock and Mrs. Van (Annie) Kennedy of Clarendon. Pinkney has one son, Dr. William Cagle of Los Angeles, Calif., and one daughter, Rosene (Cagle) Lewis of Los Angeles. Pinkney has three grandchildren and three great-grandchildren. He was in the graduating class of MHS in 1915 and was here for the 50th anniversary reunion of this class in 1965. He was questioning about several of the ones that were here in regard to their addresses.

Mrs. H. W. Spear of Lakeview was a visitor in Hall County Heritage Hall the past week and left us several copies of "Texas Parade" magazines that were put on our reading rack. She had been sending the magazine to her grandson, Reg Patton, in Spain where he was stationed for 6 years with the Navy. He is now stationed in the Great Lakes area. He has been in the Navy for the last 17 years. Reg and his wife have two children. His mother is Muriel (Spear) Patton Rigdon, now living in Amarillo. Mr. and Mrs. Spear have another daughter, Pauline (Spear) Harper, also living in Amarillo. Both of the Spear girls were graduates of Lakeview High School. Lucile Wright and R. M. Holt were teachers when they graduated. Mr. and Mrs. Spear now have four grandchildren and five great-grandchildren.

J. O. Dixon brought in a cream separator for display in Heritage Hall. This belonged to his father and mother and was used very much in the 1920's when we depended a lot on the cow, sow and hen.

**VERSATILE DESIGN**—Patchwork's a favorite design for every generation today, and it fits in well with furniture of all periods. This floral quilted bedspread in a cotton blend is the newest offering to the world of "patchwork-mania." By Burlington, the spread comes with matching curtains and draperies, and coordinated cotton terry towels, sheets and pillowcases.

The memorial services for Rachel Crow here the past week brought back memories of the early days while visiting with members of the family. The ones now living and attending this funeral were Tom of Lubbock, Carrol of El Paso, both now retired. Mrs. (Winifred) Robert Gaynor of Portland, Oregon, graduated from MHS in 1942 and is a graduate nurse from the Methodist Hospital of Lubbock. She moved to Oregon in 1946 and has three children. Mrs. (Peggy) George Hopkins of Portland graduated from MHS in 1946 and moved to Oregon in 1947. She is now doing secretarial work. The other sister, Mae (Crow) King, is now retired and living in Portland. She has two daughters now living in Dallas, one son living in Portland and another daughter, Dorothy, who married Jack Patrick and they are living in Portland, also. The other daughter of Mr. and Mrs. C. A. Crow, Inez, passed away in 1942 at El Paso. Peggy was the only one of this family born in a hospital. Winifred Crow was named for Dr. Winifred Wilson who brought her into this world. Others with the Crow family here were Mr. and Mrs. Ernest Brackresan of Deming, N. M. Myrtle Brackresan, a cousin of the Crow family, is the daughter of the late Mr. and Mrs. S. M. Bush. In looking the pictures over in Heritage Hall, she recognized her mother, who was Odessa Young, on the first basketball team of Giles. All of the Crow brothers and sisters attended school at Smith Schoolhouse in the early days, where Mildred (Baker) Rydell, Sloan Baker and Frank Garrett taught at the time. I believe I heard in the conversation of this group that at one time they had about 66 pupils in this school and a lot of fellowship with the families on weekends. Morgan Baker and Mae (Crow) King agreed that they were in a continual fight with each other while attending school.

I had a short visit with Chuck Jennings the past Saturday over a cup of coffee. He and his wife (Lometa Pate) are now living in Lubbock. Chuck will be remembered as the son of Mr. and Mrs. Melvin Jennings who were residents and good citizens for several years. Chuck is studying law in Texas Tech and he had the professional look and a glint in his eye like he had just won a case in court, but it could have been he won an argument with his wife!

The Rev. Gene Jorgenson of Dallas was a visitor in Hall County Heritage Hall the past Saturday. He made the remark that a lot of items had been added since he was here. Gene is a former pastor of the First Baptist Church in Memphis. He went from here to Kermit and is now pastor of the Bethany Baptist Church in Dallas. He had been in a revival at The First Baptist Church here for a week with Al Jordan of Vernon who was director of music. One night he had the folk singers group composed of young people do some special songs. We recognized one of the girls as Amy Hightower, daughter of Senator Jack and granddaughter of Mrs. W. T. Hightower who has been in Houston with her daughter, Laura Mai Lilly. She had an accident and broke her hip while visiting there. I heard by the grapevine that she would be home this month.

Bro. Gene Jorgenson informed me that he and his wife, Blanche, and daughter, Karen, would spend some time in June in a special religious crusade in Germany.

The past week we received a parcel post envelope from Baker Machine Co. of Fort Worth. We opened the envelope and found this book title, "A Man Called S. N. B." This book was compiled by his daughter, Bettie (Baker) Shea of Pensacola, Fla., and was dedicated to the courageous woman who has been living with S. N. Baker for about a half century (her mother). The foreword in this book is as follows: "This all started a few months ago during a conversation with mutual friends of S. N. Baker. Invariably when his name is mentioned, someone has a funny story about him. Having once met him, you would never forget him. There were times in my younger years, I found him hard to understand. I must admit that life with father was never dull. I am sure my mother, brother and sisters will agree when I say he is truly an unforgettable person. If you knew him as well as I, I am sure you will enjoy reading the following as much as I did.

The stories told on Nolan Baker in this book are given by son, daughters, sisters, nephews, nieces, daughter-in-law, son-in-law, grandchildren and other relatives and friends. This copy will be kept in Heritage Hall for you to read when you have time to read it. It is different.

Another one of our Hall County boys with whom I had a short visit last week was Bob Cosby who is now in Texas Tech. After he gave me his daily activities, it seems that he is pretty busy and made me think of the show I had heard on television which was "Around and around she goes and where she stops, no one knows."

came to us the past week Mrs. B. B. Phillips, that they passed away Friday March 23, in Newberry Calif. Felix served as deacon Lindsey Hill when he was off of Hall County. Felix here about 12 years before the Armed Forces Sam. The Posey family to Hall County in the There were 9 sons and Two sons now serving of Sterling, Colo., of Memphis, and two of Mrs. Eleanor Hale of Mrs. and Mrs. Bob City and Mrs. Bob Yukon, Okla. All of the have passed away suffering attacks. Quintas, the Mrs. Phillips, passed several months ago.

McDaniel gave me the information that Mrs. Chas. Gainesville passed away 2 weeks ago. She will be missed by many of you as Stafford, sister of Geo. Gainesville, also of Gainesville, was a sister of Mrs. McDaniel's mother, whom she and visited about two months ago.

also came to us that Duke's wife was killed in a wreck near Houston. They were in Conroe several years ago. Duke will be remembered when he attended school in Lake and Memphis. His sister, Bess (Now Mrs. White) lives near Quail.

ing in Hall County Heritage Hall the past week was the 50th anniversary class of school. This class of graduates was accompanied by teachers, Sue Pride and Bob Douthit. They enjoyed the antiques over but could not understand their modern days. They got a lot out of going to the museum where some of them pictures of their mothers, grandmothers and also, and aunts.

will make this comment of them, they were well man- with discipline to be ad- mired.

copied from "Jests": "A boy wandered away from mother while shopping in a department store. When manager of the store asked him why he wandered he replied 'I tried to hang Mama's skirts, but I could not do it.'"
