GROOM TIGERS—Pictured above are the Groom Tigers, a team which finished the season and won District 1-B. Under Coach Don Sessom, the Tigers went to the state semi-finals last year and as hopes of going all the way this season. The Tigers have size, experience, team depth and speed in their backfield and secondary and will face the Matador Matadors here Friday night at 7:30 p. m. in Cyclone Stadium. Coach Sessom is a Hedley graduate.

Two More Days Left To Enter Guesses In Annual Cotton Guessing Contest

Only two more days remain in which to list guesses in the annual Cotton Guessing Contest being held by The Memphis Democrat. The contest will come to a close Saturday, Nov. 24.

All persons who plan to enter the contest are urged to mail their guesses on a post card, listing name, address and number of bales before midnight, Nov. 17. Or persons may come by the office either Friday or Saturday morning.

Guesses listed thus far are predicting a bumper crop for Hall County this year. Most estimates fall in the 80,000 range with Bruce Damron of Estelline predicting the high guess of 99,999.

Guesses listed the past week include: Richard Limer, 82,041; Lorene Limer, 87,613; Grady Simpson, 78,015; Lucille Hutcherson, 80,008; Lee Waddill, 82,500; C. W. Wines, 89,000; Mrs. C. W. Wines, 90,000; Mrs. Eunice Armstrong, 83,650; N. E. Wines, 76,750; Homer Tribble, 87,500; Audrey Tribble, 82,300; Mrs. T. L. Rouse, 79,980; Odell Anthony, 80,000; Clovis Cobb, Shallowater, 78,995; Pat Cobb, Shallowater, 80,699; Dee Ann Cobb, Shallowater, 79,450; Tracy Cobb, Shallowater, 77,712; Neville Wrenn, 89,123; Byron Baldwin, 83,333; Mrs. T. E. Davis, 80,888; V. C. Durrett, 91,000; Mrs. Sarah Cofer, 86,313; Mrs. Loyd Robertson, 90,890; Loyd Robertson, 83,246; Dot Messer, 88,976; Earl Robertson, Amarillo, 89,560; Connie Robertson, Ft. The Class B Bi-District football game between the winner of District 1-B Groom Tigers, and the winner of District 2-B, Matador Matadors, will be played in Cyclone Stadium, Memphis at 7:30 p. m. Friday night.

The game promises to be a contest between a bigger, more experienced (in playoff competition) team in Groom and a swift undefeated, smaller team in Matador, a team which put it all together in regulation season play.

Local and area fans are invited to attend the game here and join with the fans from Matador and Groom to see a really promising Class B Bi-District clash. The Memphis Schools and Chamber of Commerce have worked in planning for the game.

Groom Coach Don Sessom took his charges to the State Semifinals last season, after losing 6 contests before entering district play, and was finally stopped by Windthorst 8-0 in that contest.

He has 14 lettermen returning this season, eight offensively and 7 defensively in starting positions. Groom played a far tougher non-conference slate of opponents this year and the team has remarkable size and depth for a Class B school.

To say the Groom forward wall is large, is stretching a point, actually, they are huge, with Wesley Miller, 245, ranked in the top 22 Class B players as a defensive noseguard, Jerry Pearce, a tackle at 250, Art Brown, a tackle at 195, and guards David Weller and Paul Koetting at 170 and 180 each.

For speed the Tigers have Tim Britten, 168 halfback and Stan Eritten, a 145 lb. halfback, and End Tony Treadwell. FB is Lynn Wilkinson, 165, with Cliff Britten at quarterback, 155.

If the Tigers will give up anything to Matador, it might be in the speed department.

The Matador Matadors, 3-6-1, last season, under Coach Stan Irvine were not selected in early season polls to win their district, but the Matadors went all the way, 10-0 for the season, and predominantly it has been the speed of three of four 440-yd. sprint relay state qualifiers and the play of good linebackers and defensive secondary personnel and one large, fine lineman, Thomas Tilson, 210, tackle ranked in the Class B top 22 players as a defensive tackle, but cited by his coach as one of the state's best offensive tackles.

Quickness and speed surround Tilson, however, and in the backfield with Cleled Campbell, Castulo Gonzalez, Steve Stevens, the Matadors are explosive.

Doug Meador, Rodney Williams, Joe Campbell are also outstanding players for the Matadors, a team which would like to get by Groom and turn an already super year into a Cinderella season in the post season play-offs.

In discussing the upcoming game between these two teams with area sportswriters, men who had watched both play, several facts came to light.

Groom would possibly get the nod as favorite on the strength of its experience in last year's play-offs and its tougher non-conference showing. A physical contest is shaping up.

Groom's defense, almost unyielding against slower, big teams, will be tested on its ability to (Continued On Page 13)

MHS Cagers Split With Paducah Teams

Football season got underway for the Memphis teams Friday night, as Paducah came to town when it was all over Memphis girls won their contest the Cyclone was somewhat form and lost.

Following the adjustment from one to another requires a change and Coach Jimmy charges just were not at Paducah, a team load-talent.

On the other hand, Cyclonnettes obviously ready for their game, downing the Paducah 58 to 53 in a game won by Mickey Henderson, recall district forward, look better than ever as she scored and spent a portion of the game as a guard. Terry Sander and Ruthie Butler logged the time with Mickey Henderson.

Jim Edd Wines Named Dist. Gov. Of Beautify Texas 13-Co. District

Jim Edd Wines, manager of the Memphis Chamber of Commerce, has been named district governor of the Beautify Texas Council for the 13 county District 25 area.

Beautify Texas Council President Maurice Acers of Austin, Dallas, and Beaumont announced the appointment at an Executive Committee meeting of the Council held in Austin.

As district governor, Wines will be the Council's liaison with environmental and beautification organizations in the following counties: Wheeler, Donley, Collingsworth, Briscoe, Hall, Childress, Motley, Cottle, Hardeman, Foard, Dickens, King, Knox.

The Beautify Texas Council is a statewide volunteer organization which serves as an educational, advisory, and coordinating agency through which business and industry, government, and public and private groups may work together to improve the quality of life in Texas. Its activities are aimed at encouraging the preservation of the state's natural beauty, developing among Texas citizens a pride in their communities and their state, and assisting in the development of voluntary community improvement through enlightened leadership.

Wines is a '72 graduate of West Texas State University with BBA. He served as Vice President of the Student Body and was named to Who's Who Among Students in American Universities and Colleges. He is active in various community programs of development and a member of the Lions Club.

Immunization Clinic To Be Held Dec. 20

An immunization clinic will be held at the Memphis Housing Project on December 20, from 1 to 4 p. m., Val Salmon of the Texas State Department of Health, has announced.

Immunizations that will prevent polio, diphtheria, whooping cough tetanus, rubella and German measles will be given free. Parents are asked to present records of immunization, if available, for the children attending the clinic.

Coin Toss Goes To Clarendon

District 2-A Coaches from Claude, Clarendon and Memphis met Saturday morning at 10 a. m. and tossed coins to see which one of the three teams advanced into the Bi-District Play-offs against Stinnett Friday night.

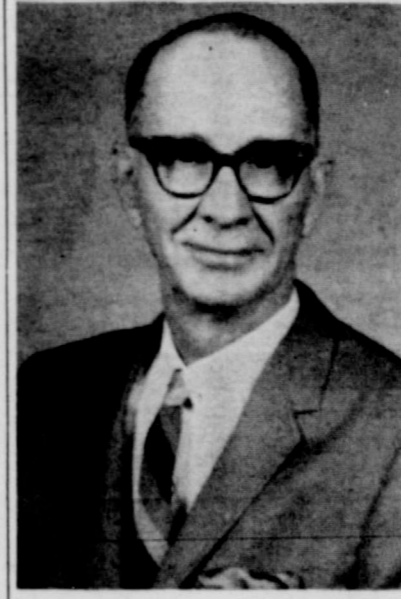

The Bi-District game will be played between the winner of the coin toss, Clarendon, and Stinnett Rattlers at 7:30 p. m. in Panhandle.

It took three tosses to settle the issue, just as it took three games to tie the district race all up in the first place. On the first toss, all the coins were alike, and on the second toss they were all alike while on the third toss, Clarendon odd-manned to win the play-off berth.

News of the results of the outcome spread over Memphis like a blanket Saturday morning and the only activity which seemed worthwhile was the washing off of painted downtown window signs which expressed the hopes and dreams that the Cyclone could have a shot at going all the way.

Monday, however, saw Memphis athletes quickly make the change over into basketball, while those not playing basketball have begun preparing for that all important session called "Off-Season" program, where competitive teams are molded with weight lifting and numerous drills designed to improve quickness, balance and alertness.

For Memphis seniors, however, the 1973 8-2 season did not all go for naught. There will be a District 2-A Tri-Championship patch for the letter jacket, and placed in the Memphis High trophy case with a District Football Trophy. For juniors and sophomores and possibly the greatest bunch of "next year" fans in Class A ranks, there is the hope that next year's Cyclone will go all the way.

Flea Market Sale For Fire Boys Is Big Success

Helene Ballew and Virginia Browder, sponsors of the vol Flea Market Sale, to help the volunteer Fire Boys buy their truck, are pleased to report that totaling sales and cash donations \$483.00 was added to their fund.

Only \$17.00 is needed to make the figure a round \$500.00. Maybe someone will be good enough to add to that amount.

We wish to thank all who helped in any way toward the success of this project, those who contributed items or cash or assisted with the sales or clearing away what was left.

A special thanks goes to the buyers and to Jim Markgraf for acting as our auctioneer. We are delighted with the outcome and appreciate the cooperation of all who helped in any way. We thank you and the fire boys thank you!

MATADOR MATADORS—Matador Coach Stan Irvine says his team, pictured above, has two strengths, team balance and depth, but the team also has fine speed and a scoring punch described as explosive. The Matadors are 10-0, and have scored over 20 points against every district opponent. Coach Irvine is a graduate of Hedley High, and Assistant Coach Kirby Hatley is a graduate of Lakeview High.

Local Banks Promote Attendance At PEP Meeting To Hear Governor

Nine Hall County people attended the fourth annual Panhandle Economic Program (PEP) meeting Friday, Nov. 16, on the WTSU campus in Canyon. The local banks, First State and the First National Bank paid the expenses for the Hall County group who attended the meeting to make a study of the economic conditions of the Panhandle and how Hall County fits into the pattern.

Governor Dolph Briscoe was the key speaker for the event. Senator Max Sherman and Dr. John Hutchison, Director of Texas Agricultural Extension Service also spoke constructively on the economic impact of the 25 county PEP area in 1972-73.

Hall County persons attending were Mrs. Sylvia Alewinea, Mrs. W. C. Dickey, Mrs. Bray Cook, Mrs. James Waddill, Mrs. R. A. Eddleman, Mrs. Brown Smith, Mr. Del Wells, Mr. Don Long and Hall County Extension Agent, Warren W. Mitchell.

EDITORIAL

Thanksgiving, 1973!

Today is Thanksgiving Day, 1973, and in this area the observance will be pretty much as it has been for several years, good food, parades and football games on TV, with several hearty souls taking advantage of this holiday to go bird hunting, and possibly farmers working in their fields to get out their valuable cotton crop.

With agricultural prices being at high points this year, the economic picture looks bright, especially on a short range forecast, and we all have plenty for which to be thankful.

Considering the effect the fuel shortage could, and possibly will, have upon this nation in years to come, we may all look back on these days as a wonderful time in which we should all be thankful for having lived.

Consider these grim facts, views given by energy experts of the Treasury Department, recognized as the best in the nation, and probably the most realistic.

If the oil embargo imposed by Saudi Arabia does not lift, the United States can look forward to a bleak winter of electric power blackouts, chilly homes, restricted driving and factory shutdowns. A prolonged embargo will bring a serious recession perhaps even a depression.

For the immediate situation of farmers desperately needing fuel to harvest the 1973 crop, both the Texas Railroad Commission and the Interior Department of the Federal Government are giving farmers priorities in getting fuel for agriculture purposes.

Most disturbing, however, is the long range predictions, as the Treasury Dept.'s energy experts warn that the Arab boycott if it continues, will plunge the nation into an economic tailspin. Already some airlines and factories are laying off workers.

Hit first is the petrochemical industry, which produces petroleum-based plastic products and synthetic fibers. The shortage has forced some plastic plants to cut back production. This industry expects as little as a 15 per cent reduction in output of the petrochemical industry with a loss of 1.6 million jobs and a loss in domestic production value in excess of \$65 billion.

A vast range of products—from aspirins and autos to tires and toys—requires petroleum. Farmers are concerned with losing such things as pesticides and herbicides and also fertilizer.

Affected will be the tourist industry and those industries which depend on non-essential driving such as camping, etc.

Faced with the question of whether to allow fuel to go to heating homes or running factories, it is expected that Washington leaders will choose the former.

By 1975, Treasury Dept. experts predict, if the embargo continues, unemployment will be at seven or eight percent, and rise to 10 to 12 percent by 1976.

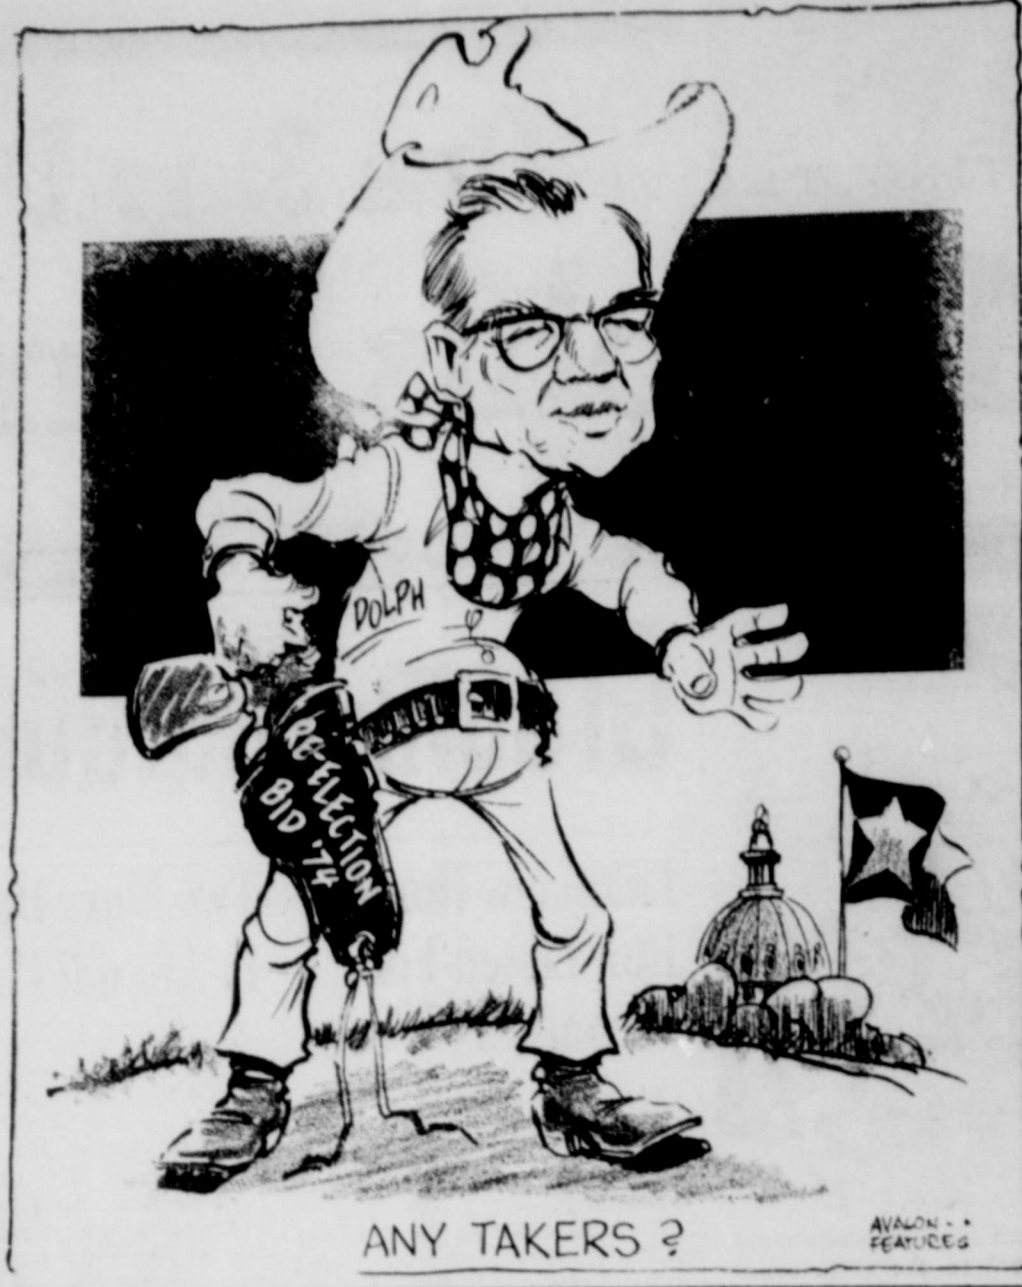

According to the Treasury's calculations 16 to 18 per cent of the nation's petroleum consumption will be affected, directly or indirectly, by the Arab oil embargo. The last tankers from Saudi Arabia, which were filled before the boycott, are now arriving in U. S. ports.

Gasoline rationing, they said, is inevitable. The administrative machinery and the gas stamps will be ready in about two months.

The way of life in this nation may be changed. President Nixon said last week he personally does not think the American people would cooperate in any type of gasoline rationing program unless there was a wartime need.

Thanksgiving is a purely American holiday begun by the Pilgrims who landed at Plymouth Rock. It is a time when Americans can reflect upon the blessings this land and nation has provided. The whole idea behind Thanksgiving is a religious one, for we must first have the conviction of God, and belief in His teachings before Thanksgiving has any meaning or purpose.

Our nation faces problems today. It will face problems of even greater magnitude in the future. Thanksgiving is a time to say "thank you" for the blessings we enjoy. On the other hand, Americans will just have to be ready and willing to meet their future problems. The only guarantee we have in the future, is our own willingness as a nation to meet our problems, and make what sacrifices are demanded.

ACROSS THE DESK

What Other Editors Say

Nixon's credibility further assailed

It was another horrible week for President Nixon. First, he discovered two of the Watergate tapes he had promised to deliver to Judge Sirica didn't exist. At least that's what the White House reported.

And second, Congress took a dim view of the President's appointment of a special Watergate prosecutor, Houston trail lawyer Leon Jaworski.

The first could have been an honest mistake, for certainly the President of the United States isn't expected to know whether his tape recorders are working. But Nixon will have difficulty convincing a huge number of Americans that the two "missing" tapes weren't deliberately done away with because of their content. Whether accidental or not, the incident will further destroy the President's credibility.

The prosecutor affair is being accepted likewise. There is general agreement that Jaworski, who is a Democrat and son of a minister, has impressive credentials. But as Sen. Sam Ervin, chairman of the Senate investigating committee pointed out, "I think there are a lot of us in the Congress who are not especially happy with the situation." Ervin went on to say qualifications of Jaworski are not an issue, but what is the President's insistence that the Watergate investigation be conducted through the Justice department, over which he has control.

In other words, even if the special prosecutor has the independence which Nixon promises, and is able to make a thorough inquiry with full White House cooperation, the public will have difficulty in accepting the findings as totally impartial. The President would have fared better had he turned over selection of the replacement prosecutor to Judge Sirica, as is provided for

in pending legislation.

Hopefully, for the good of the nation, things will improve for the White House. But it wasn't in the cards last week.

—Wichita Falls Times

Sharing the misery

President Nixon is getting a lot of advice these days, such as resign, hang in there tough, release those tapes, clam up, come clean, go before the Watergate committee, don't get within 100 feet of Sam Ervin, etc.

With so much advice flying around, we feel impelled to chip in our two cents worth: If Nixon wants to keep his office, he had better stay close to the White House and be seen doing his job.

Specifically, after warning the nation about the energy crisis and asking it to make sacrifices, the President cannot go hon, slip and jumping off to Key Biscayne or San Clemente every time he gets itchy in Washington.

Unlike most of us who own one or two gas guzzlers, Nixon has it in his power to become a one-man fuel shortage. At last count the presidential stable contained five Boeing 707 jetliners, 11 Lockheed JetStars, a yacht and a fleet of limousines.

Each roundtrip jaunt in Air Force One to San Clemente burns about 66,000 gallons of scarce jet fuel. Double that amount because the reporters tag along on a press plane, and triple it because there's always a presidential backup plane.

"A president who calls upon the American people to sacrifice for the good of the nation should show his own willingness to sacrifice", said Rep. Charles B. Rangle, with logic that is hard to fault.

"The question is whether it is any longer responsible for the President to fly to Florida and California every time he has a whim to do so."

Nixon, we think, would do well to listen to such voices. Americans probably are not so spoiled

that they will not accept hardship—even driving 50 miles per hour. But they want everybody else to be miserable, too, rich and poor, peckerwoods and presidents.

The average American is a forgiving sort, who probably will let the President off the hook on Watergate, the swimming pool at San Clemente and those income tax returns. But if it's going to be off into the wild blue yonder on Air Force One while the rest of us are saving gas coupons, he's asking for it.

Christmas Seal Campaign Is Lagging Behind

Miss Tops Gilreath of Memphis said today that the Christmas Seal campaign, which finances an area program against emphysema, TB, asthma, and air pollution, is lagging behind last year. "We are working on a massive attack against cigarette smoking among students, through a peer-teaching program in which trained older students teach the younger ones the foolishness and danger of getting hooked on cigarettes," she said. "And we certainly do need the public's financial support to carry this educational fight on to the finish." Miss Gilreath said that the country is paying a terrible toll

for its smoking habits in terms of emphysema, sudden death through heart attack, and lung cancer. She urged all Hall County residents to contribute to the Christmas Seal community health and research work.

CARD OF THANKS

I wish to express my sincere thanks to all who took such good care of me while I was in High Plains Baptist Hospital, and to my friends for your prayers, cards, telephone calls, visits, letters, and flowers. Words cannot express my gratitude. May God bless each of you.

Crossing between intersections is still the leading cause of pedestrian traffic deaths. This habit, according to The Travelers Insurance Companies, killed nearly 4,000 and injured more than 67,300 pedestrians last year.

D. P. S. Training School Starts Feb. 1, 1974

The Texas Department of Public Safety is actively recruiting applicants to fill the ranks of its uniformed services. Major C. W. Bell, Regional Commander of the DPS, announced that the training school for new uniformed law enforcement personnel is tentatively scheduled to begin February 1, 1974.

The Major noted that the DPS has been increasingly successful in recruiting persons from minority groups to these positions & said efforts in this direction will continue.

Also in keeping with the current trend, female applicants will be considered for these rewarding careers in law enforcement.

Major Bell said general qualifications for DPS officers are these: applicants must be 20 through 35 years of age; height not less than 68 inches; weight not less than two pounds per inch of height; visual acuity of 20/40 correctable to 20/20; and a minimum of 45 semester hours of college credit, of which six hours may be obtained while in training.

Applications may be obtained by contacting any DPS employee or any DPS office. The completed application form should be taken to offices in Lubbock, Amarillo or Wichita Falls where the competitive examination is given each Tuesday and Wednesday at 9:00 A. M.

Major Bell said persons selected as cadets will be assigned to Austin for training at the DPS Academy. The salary during training will be \$630.00 per month. Upon being commissioned the salary is raised to \$719.00 monthly with the opportunity to advance to \$48.00 per month.

All officers are eligible to compete for promotions after two years of service. Experienced uniformed DPS personnel interested in criminal investigation may apply for appointment to positions in the Criminal Law Enforcement Division, which includes Narcotics, Intelligence, Motor Vehicle Theft and Texas Ranger services as vacancies occur.

Arrangements will be made for a physical examination. A character investigation will be conducted and those persons who are accepted for employment will be notified prior to the beginning of the February recruit school.

Purchase Of Cars, Appliances On Rise In Hall Co.

NEW YORK, Nov. 10-Hall County has become a strong market for cars and for major household appliances, the latest figures show.

Local families, despite the restraints brought about by higher taxes and by the skyrocketing cost of living, have been spending a considerable part of their disposable income for such luxuries and for better living generally.

It has been going for the purchase of food freezers, air conditioners, new cars, stereos, TV sets and other big-ticket items.

As a result, the proportion of local families who have been acquiring such equipment or have been replacing their older models with new ones has been on the rise.

The findings are detailed in the new County and City Data Book, released by the Department of Commerce. It covers all sections of the county.

In Hall County, one set of figures shows, of the total number of local households, the ones with air conditioners constitute 92 percent. The ratio in 1960 was 4 percent.

Similarly, there has been a marked increase in the number of food freezers in the area. The proportion of homes that are so equipped at the present time is listed as 47 percent, as against the 1960 figure of 26 percent.

The survey has also taken count of the telephones in residential use. It finds that household units that have telephone service amount to 76 percent. By way of comparison, in 1960 it was 52 percent.

The increase in the number of cars in operation in Hall County is another indicator of the rising standard of living in the area.

The government's figures show that the proportion of local families with one or more cars has reached 83 percent, an increase over the prior total of 73 percent.

Compared with a possible maximum rating of 400, which would apply if every family had all of the four types of equipment mentioned, the local population scores 298.

It tops the United States average of 234 and the State of Texas' 269.

W.M.U. Has Mission Study Tues. Nov. 13

The W. M. U. of Travis Baptist Church met Tuesday at 9:30 a. m. at the church for Mission Study.

Mrs. Lynn B. Jones was in charge of the meeting. The names of the sick, bereaved, and unsaved were mentioned. Mrs. J. I. Herndon read (Matthew 20:29-34) and the names of the missionaries having birthdays today. All the names mentioned were remembered in prayer by Mrs. Grace Richardson, Mrs. Cap Byars, and Mrs. Herndon.

Mrs. L. G. Rasco continued the study of the Foreign Mission book "Passport to People", using posters, flip charts, cue cards of missionaries, and maps. Mrs. Rasco led in the closing prayer.

Attending were Mmes. Jones, Rasco, Herndon, Richardson, Byars, Wilburn Coffman, T. C. Stevens, and Miss Joyce Richardson.

Tennis Seminar To Be Held In Austin Dec. 9

The Texas Tennis Association is planning to conduct a seminar at the Lakeway World of Tennis in Austin on Sunday, Dec. 9, beginning at 9:00 a. m.

The Seminar will cover three of the most concerned topics encountered by tennis clubs and organizations, namely: How to Efficiently Organize and run a tennis tournament; how to raise funds for junior programs; how to create and get results from tennis associations.

Anyone desiring to attend (at no charge) should contact Carolyn Moody, P. O. Box 192, Austin, 78767, either by mail or phone (512-478-2369.)

Special arrangements have been made with The Lakeway World of Tennis for accommodations. Should you be interested in staying the weekend reservations must be made through the TTA office.

age of 234 and the States of Texas' 269.

The survey indicates that the acquisition of household appliances and other durables is directly related to income, and that when income rises, as it has been doing locally, people tend to spend more in that direction.

Sgt. McCravey Takes Part In Reforge V

U. S. Forces, Germany (Ahtnc) Oct. 24—Army Sergeant Michael S. McCravey, 25, son of Mrs. Naomi D. McCravey of Memphis participated with other American and Allied troops in exercises Reforge V in Germany Oct. 10-16.

The military airlift command flew approximately 11,000 U. S. Based soldiers and more than 1,000 tons of equipment to three different airfields in Germany in preparation for the event.

Immediately after arriving overseas, the redeployed units drew combat gear and vehicles from prepositioned storage sites in Germany and moved to the exercise area to begin the seven-day field maneuver.

Pitted against the airlifted forces were Europe-based elements of NATO forces of the U. S., Germany and Canada.

The exercise, conducted by the joint chiefs of staff and NATO, focused on the procedures and techniques for receiving, equipping, assembling and employing units after they arrive, rather than on rapid deployment of troops from the U. S.

Sgt. McCravey is regularly assigned as a heavy equipment operator in Company A, 10th engineer Battalion of the 3rd Division in Schweinfurt, Germany.

His wife, Vicki, is with him in Germany. Mrs. McCravey is the former Vicki Hooser, daughter of W. B. Hooser.

We Are Grateful to Our Members

Rural and urban Americans once considered electricity a luxury. Now it is simply a vital necessity of day-to-day living

While we are pleased by this attitude, we do not forget for a moment the responsibility it entails. Our rural electric system assures a dependable, efficient supply of electricity to our consumer-owners at the lowest possible cost consistent with reliable service. And we are at work constantly to assure that this trust develops no broken link.

Our constant vigilance is even greater because of our direct responsibility to our consumers who are our member-owners, and elect from among themselves a Board of Directors to see that their electric system is properly guided. This is the cooperative way—one of the tried and proven ways of conducting private business under our diversified economic system.

One result of our direct responsibility to our members is an active attentiveness of the needs, electric and otherwise, of our consumers. We strive to help in the development of our service area in as many ways as possible.

We are gratified by this opportunity to be of service. We realize that a strong rural America benefits all America.

Hall County Electric Cooperative, Inc.

MEMPHIS, TEXAS

As we gather around the Thanksgiving table with our loved ones, we pray that every home in America may be blessed with the good things in life: the enjoyment of material needs, the warmth of family affection, and faith in the Creator from Whom all good things come.

Cyclone Drops Owls to 12 Friday Night

Memphis Cyclone finished the 1973 season on a winning Friday, defeating the Silverton Owls 61 to 12 in which was loaded with...

in the game on a long run, 76 yards, and Memphis had no one fast enough to catch him as he scored, making the score 14 to 6 when a pass attempt went incomplete for extra points. He scored again in the third period. Memphis' Jim Dixon blasted loose for a 49 yard run setting up the local squad's first TD in the opening minute, and scored from the 7-yd. line a play later. Ben Smith converted all his extra points attempts in the game.

Memphis came right back on the next possession to score again, in two plays moving 44 yards, as HB James Beck carried for 24 yards, and then QB Wayne Davis hit Split End Ronnie Browning on a 20-yd. pass play. Smith kicked the point after.

After Culwell raced the distance, the Cyclone came back and FB Don Davis broke loose and raced 66 yards for the Cyclone third TD, and Ben Smith booted the point after.

The Owls got a drive going and, with help of two major penalties against Memphis, moved to the Cyclone three-yd. line, but a loose football was recovered by Ronnie Browning and the Cyclone took over and started an 87-yd. march.

It took five plays, a 7-yard carry by Charles Bryley, and a four yard carry by James Beck. Then Don Davis ripped for 17-yd. Wayne Davis passed to End Browning for 12 yards, and then hit Tight End Bobby Hall over the middle and Hall cut around an Owl defender and outraced everyone to the goal line. Smith booted the point after.

QB Wayne Davis scored the next TD, climaxing an 87-yd. drive in nine plays. Passes to Browning for 36 yards, and to Beck for 18, as well as a 22 yard run by Jim Dixon, put the football on the visitor's 11. James Beck carried for five yards, then QB Davis carried on the option play and went into the endzone. Smith booted the point after.

The final score before the half was TB Jim Dixon blasting off tackle for 15 yards climaxing a 51-yd. drive. The halftime score was 42 to 6.

The Cyclone went to its second unit line in the second half, but still points kept rolling up, as TB Jim Dixon carried over from the 15 for a TD with 9:08 left in the

third quarter. Charles Bryley carried for the next TD on a five-yard carry, climaxing a drive of 74 yards, during which Bryley and James Beck did more of the ball carrying.

THE JUMPER SET—Cotton in corduroy and denim creations heads the list of preferred wear for back-to-school comfort and good looks. Brushed denim with a tweedy look shapes a classic jumper (left) that's teamed with its own turtleneck cotton knit body suit. Its bright red corduroy counterpart features an inverted pleat, front and back, and is paired with a red and blue plaid blouse. Both outfits are by Little One, division of Johnson Manufacturing Company.

In the fourth quarter, Bryley broke loose for 50 yards on a scoring run that left the Owl defenders grasping for air. The Memphis sophomores attempted the point after following the last three TDs of the Cyclone, but all of them failed. The Sophomores made one first down in the closing minute on a fine carry by QB Ricky Douthit.

Inflation Has Cut Into Local Buying Power

NEW YORK, Nov. 17—to what extent has the rising cost of living affected residents of Hall County?

Have incomes in the local area increased fast enough in the last years to enable the average family to absorb the higher cost and have something additional left over?

Prior to the last year or two, most families, locally and elsewhere, were able to keep ahead of the game because their earnings were rising more rapidly than their costs. More recently, however, with galloping inflation, many have been falling behind.

A study by the Tax Foundation, a non-profit research organization, shows what has been happening to people's buying power. "Because of taxes and inflation," it states, "pay increases of up to 35 percent in the last seven years fall short of giving a family the same purchasing power it had with the smaller 1966 income. "Those with bigger increases, however, ended up even or better.

In other words, the cost of living has gone up more than 35 percent, putting a squeeze on many family pocketbooks.

How has a married man in Hall County, for example who earned \$8,000 in 1966, made out with the \$2,800 pay raises he may have received since then?

The figures show that not only have his raises been erased by the tax-inflation combination, but his after-tax pay today is worth about \$390 less than it was seven years ago.

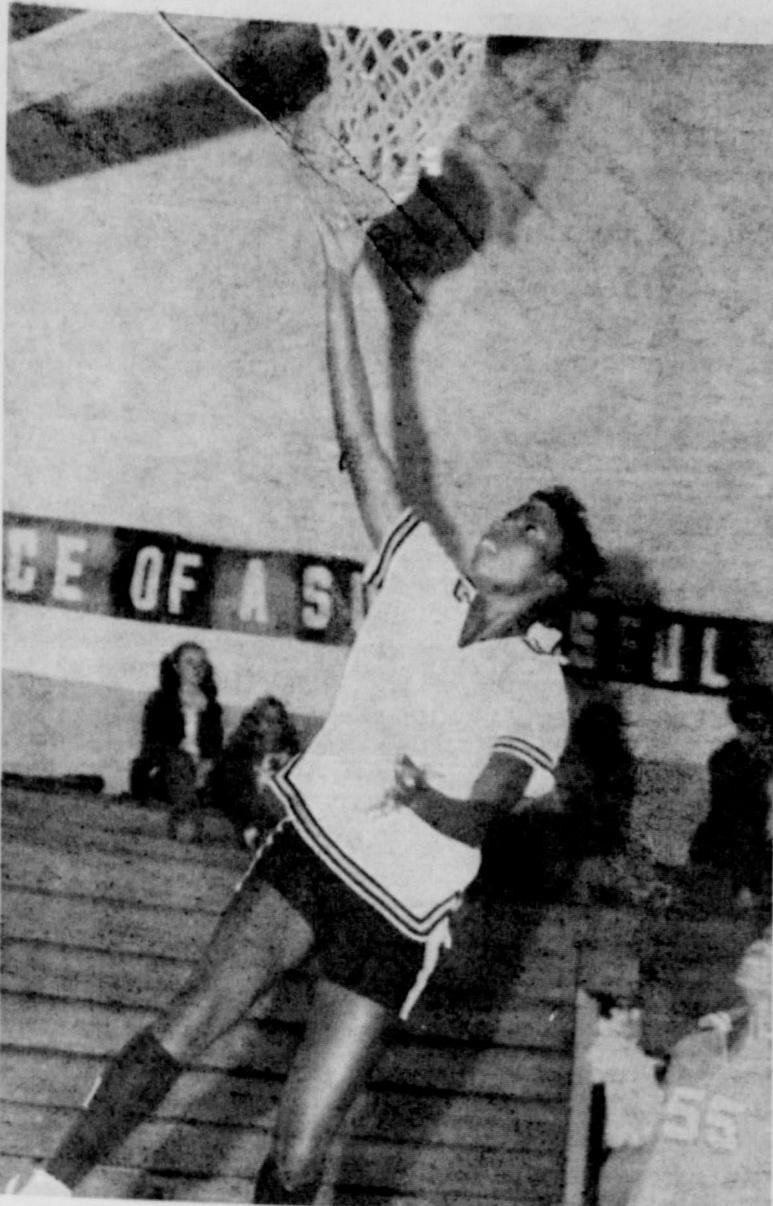

For the married man who made \$10,000 in 1966 and is getting 35 percent more than that now, the Tax Foundation details how his \$3,500 pay increase turned into a \$466 net loss.

His income taxes, Federal and state, went up \$595 on average and his Social Security tax rose \$355. Inflation caused an additional loss of \$3,016.

Thus his expenses rose \$3,966 in seven years and his income only \$3,500, which left him \$466 short of the break-even point.

Other calculations, based upon the general figures contained in the report, indicate that a Hall County man who had a \$5,000 income in 1966, which rose to \$6,750 in 1973, ended with a net loss of \$140 and that the one who had an income of \$12,000 lost approximately \$510, despite a 35 percent hike in salary.

Mitzie Lindsey, student at Texas Tech, Lubbock, visited here last Friday night and Saturday morning with her parents, Mr. and Mrs. Gene Lindsey. She was accompanied to Memphis by her nephew, Paul Clifton, who remained for a visit with his grandparents.

HENDERSON SCORES—In the final minutes, Mickey Henderson broke loose or this lay-up, as the Cyclonettes defeated the Dragonettes of Paducah here Tuesday night, 58 to 53. Mickey was high point with 30 points.

Mrs. W. B. Ballard Dies: Services In Tulia Nov. 12

(Editor's note: Funeral services for Mrs. W. B. Ballard are being re-run due to an error in the name in last week's paper. The publisher apologizes for the error which was made due to a misunderstanding of the name on the telephone.)

Mrs. W. B. (Allie) Ballard, former Newlin resident, died Nov. 10 at St. Anthony's Hospital.

Funeral services for Mrs. Ballard were held at 2 p. m. Monday at the First Methodist Church in Tulia with the Rev. Carl Nunn and Rev. Gerald Tidwell officiating. Burial was in Rosehill Cemetery in Tulia.

Daughter of the late G. L. and Callie Gresham of Newlin, she was married to W. B. Ballard in 1911 in Newlin. Mr. Ballard preceded her in death in 1968 as did two sons, Woodrow and Louis.

Mr. and Mrs. Ballard lived in Newlin until 1928 where they operated a mercantile store.

Survivors include two sons, W. B. Jr., of Tulia and R. L. of Springfield, Colo., 11 grandchildren and 13 great-grandchildren.

Attending the service from here were Mr. and Mrs. Roy Gresham, Annie Hamilton and Inez McGraw.

Mrs. Carl Jack Smith and children of Grapevine spent the past weekend visiting with Mrs. Carl Smith and Mr. and Mrs. George Ferris and family.

PLAYING IT STRAIGHT: In a recent address to the California State Assembly at Sacramento, comedian Jerry Lewis, National Chairman of Muscular Dystrophy Association of America, forgets all about clowning as he explains to lawmakers the tragedy of neuromuscular diseases. "Muscular dystrophy alone is a vicious, insane killer that takes the lives of four children every hour," he said, pleading for more research funds to help conquer MD and related disorders. California legislators wholeheartedly endorsed MDA's humanitarian cause. Life-saving programs sponsored by the national voluntary health agency are supported almost entirely by contributions to public appeals such as the Association's annual March Against Muscular Dystrophy.

Personals

Mr. and Mrs. Allyn Harrison and children of Minneapolis, Minn., arrived here Monday to spend the Thanksgiving holidays with their parents, Mrs. Ruth Harrison and Mr. and Mrs. Buster Howard.

Mr. and Mrs. Dwight Alewine and daughter of Lubbock spent the past weekend visiting here with his parents, Mr. and Mrs. Monty Alewine.

Mr. and Mrs. Hubert Dennis and Dink Dennis visited in Lubbock over the weekend. Saturday night they attended the investiture of Dennis Howard into the Order of the Degree of Chevalier and the reception afterwards. This is the highest honor an active De-Molay can receive.

Local Group Attend PEP Meet in Canyon

Several persons from Hall County were in Canyon last week to attend the 4th annual Panhandle Economics Program at West Texas State University.

Heading the list of outstanding speakers at the one-day session was the governor, Dolph Briscoe.

Attending from here were Warren Mitchell, county agent, Mrs. Bray Cook, Mrs. W. C. Diekey, Mrs. Kathryn Waddill, Mrs. Monty Alewine, Don Long, Arthur Eddleman of Estelline, Brown Smith and Del Wells of Lakeview.

Dr. and Mrs. Reggie Curry and son, Tracy of Colorado Springs, Colo., arrived here Sunday. Mrs. Curry and Tracy went on to Coekran to visit until Friday with her parents, Mr. and Mrs. Louis Trail, while Dr. Curry remained in Memphis with his parents, Mr. and Mrs. Herbert Curry. Mrs. Curry and son will return to Memphis Friday.

Those visiting in the home of Mr. and Mrs. Hollis Boren over the weekend were two of Hollis' grandsons and their families which included the youngest of his two great-grandchildren which now number 12. They were Mr. and Mrs. Sam Weisenburg and two-month-old daughter, Jennifer, and Mr. and Mrs. Mike Morrow and three-month old son, Christopher, all of Dallas. Also friends visiting Sunday were Mrs. J. W. Fitzjarrald, Mrs. Ruby Gentry, Mrs. Mart Spencer, Mr. and Mrs. Billy Thompson and Billy Ed Thompson and daughter, Shawn.

Mrs. Ruth Harrison spent the past weekend visiting in Dalhart with relatives. While there she was guest speaker at a study club, showing film of her trip to Europe. She was accompanied on the tour by Mrs. Laura Finch of Dalhart, a cousin.

Veterans with service-connected injuries or illnesses have first priority for admission to VA hospitals and enough additional beds are available to treat thousands of needy veterans whose medical problems are not related to military service.

Kappa Alpha Holds Parents Day Saturday

Mr. and Mrs. Billy Thompson and Mrs. Lenis Simpson were in Canyon over the weekend to attend Parents Day at Kappa Alpha fraternity. Both their sons, Matt Thompson and Lenis Simpson, are new pledges of the order.

They enjoyed attending the football game on Saturday afternoon as guests of their sons and on Saturday evening were guests at a dinner given in their honor by the fraternity.

Both Matt and Lenis are freshmen students at West Texas State University.

B. B. Shots

By BYRON BALDWIN

Ed Cudd had as his guest in Hall County Heritage Hall the past week, Mrs. Ed Heller of Dundee, Texas. Mrs. Heller will be remembered by her school-mates as Dee Ellen Durrett, daughter of the late Mr. and Mrs. B. M. Durrett. She and her sister Joyce (now Mrs. Jack McGlothlin of Abilene) attended school at Lakeview, Texas for a while and attended high school at Memphis. Dee Ellen graduated from Memphis High School in 1952, and she and Joyce attended A. C. C. in Abilene. Dee Ellen

moved from Memphis in 1953 and has been a number of places since leaving here 20 years ago. She remembered while living on the farm, that Jude Gable's Watermelons always looked a little better than theirs. She and Joyce would crawl through the fence and get a few of Jude Gable's special watermelons. If Dee and Joyce ever get into politics, and there is a Watergate deal, people would be told about Jude's watermelons.

Mr. Cudd was looking at the pictures of old model cars, which reminded him of the time he played hooky to see the black touring car of Mr. Jones unloaded from a box car in Memphis. Mr. Jones had a daughter named Maybell, and he operated a variety store in a frame building where Clyde Smith is now located. As well as I remember, Mr. Jones charged one dollar a person to ride around the square, then you could brag to your friends and relatives that you had ridden in an automobile.

I understand that our new Hall County Agricultural agent, Warren Mitchell has been driving around over the county getting acquainted with the farms and farmers and Hall County roads. From all accounts, he really had a good introduction to one of our sandy spots in the road one day last week. When stuck, Mr. Mitchell dug and dug trying to find a bottom to the sand, but to no avail. He could not get out with his own power and the car's. He called on someone in the distance passing, but he could not make them see or hear him. He found an old pickup truck and drove it until he found Cecil Stargel, who furnished a tractor to pull him out of the sand bed. That was when a 'feller' needed a friend. Under those conditions we

The Facts About Rabies

Veterinary Medical Symbol

Rabies has been feared throughout history.

It is well that improved vaccines are available for effective prevention, drastically reducing rabies cases. Because there still is no known cure for this disease.

Most people are not well informed about it. Perhaps because of misleading words cropping up like "mad dog" and "dog days." Veterinarians tell us these facts:

- Facts About Rabies
- All warm blooded animals and humans are susceptible to rabies.
- The disease is worldwide.
- Thousands of cases are reported annually in the U.S.
- These cases occur in every month of the year.
- Vaccination, plus periodic boosters, is the surest protection.

How rabies is spread: The rabies virus is present in the saliva of an infected animal or to people by a bite serious enough to break the skin. However, not every animal or person thus bitten develops the disease. But if the rabies virus should develop, there are no recoveries and the outcome is inevitable.

Warning signs: Medical authorities say symptoms begin to appear after a varying incubation period ranging from two weeks or longer. There is usually a change from normal behavior. Friendly animals can become aggressive; timid pets may become bold or vice versa. In some cases, but not all, they then enter a "furious" form, tending to snap and bite. But these signs do not necessarily prove rabies; only a veterinarian can make a diagnosis.

Olton Pate had surprise visitors a few days ago. Mr. and Mrs.

Clyde Crosby of Fresno, Calif. were here to visit. Olton and Clyde were school-mates at Pleasant Valley school (west of Alaska) in 1934. They walked a-

What To Do If Bitten

Don't panic; just see a doctor as soon as possible. This is good advice even when there is no reason to suspect rabies. It is equally sensible that the animal be taken to a veterinary hospital or a public health officer so it can be confined for the necessary observation period.

Upon the doctor's advice, the bitten person can be treated with a series of injections which usually prevents the disease if started in time.

Community programs: There is a need for all communities to require compulsory rabies vaccination. ALPO Pet Foods urges your support of such programs. It would help speed the day when rabies no longer exists in the U.S.

about 4 miles to school. Clyde, the son of Bill Crosby, married Bobbie Loyd who also lived in that area and attended school at Pleasant Valley. This was the first time Olton and Clyde had seen each other since 1959. That was the year Olton strained his credit and borrowed \$35.00 to make a trip to California where wages were good compared to the one dollar a day wages here. It did not take Olton long to get a job working for the Crosby family. This job was sacking potatoes at 35c per hour. These sacks of potatoes weighed a full one hundred pounds, the same as in Texas.

D. R. Kelley moved to Littlefield, Texas last Monday after living here for almost a half century. D. R. sold a lot of bread, meat, and molasses to Hall County people through the years. His son and 2 daughters were reared here. We hate to lose a good citizen like D. R., but hope it is the right move and that he will find many friends in his new home town. Before leaving he brought 14 copies of the United States News and World Reports to Heritage Hall. These are copies that he had saved over the past several years covering news from 1941 to 1964.

I can remember years ago when parents were disturbed about their children leaving home, but I found that this had changed some in 1973. Will Campbell (100 years old) walked away from his home in South Nashville, Tenn. Police later found him hiking about 35 miles south of Nashville. He was in good shape,

but his 66 year old daughter, Calie Nichols, became so upset over her father's absence that she fainted and had to be put in the hospital. It is hard to keep up with these kids when they get 100 years old.

Some of the cotton fields in Hall County now look as though the stalk has turned white with cotton. In driving from Brice to Memphis last Sunday, we noticed about 50 bales of cotton on the gin yard at Leslie ready for ginning. There were also trailers loaded on the highway making their way to the gins. If we have a few more days of pretty weather, the ginners can write their

families that they will be home for Christmas. With the help of Lois and Lucille Burnett, I came up with the front page edition of the book Avalanche Journal of the day morning Nov. 8th. One of one of our Hall County as Tech College girls posing in the picture in a Hall County ton patch. Dixon Leading Scorer, C. Bryley Rusher In Cyclone Statistics

Jim Dixon lead the Cyclone in scoring with 37 points and was the team's leading rusher with 616 yards in nine ball games, one missed due to an injury in the last game. Halfback Charles Bryley alternated with Dixon in some formations, and was the team's leading ground runner with 754 yards on 94 carries for an average of 8.0 yards per carry. Fullback Don Davis carried 654 yards on 80 carries for 8.2 yards per carry. Earl Ray Wright carried 616 yards on 118 carries for a per carry average of 5.2 yards per carry, the third best rushing

Memphis team, with Wayne Davis doing 95 per cent of the passing, hit 46 of 100 passes, almost fifty percent, and taking away incomplete passes tossed by other players Davis can well be considered a 50 percent passer. The Cyclone passing game netted 16.3 yards every time a pass was completed, which indicated the squad was not going to the short, sure passes, but rather consistently hitting the longer passes.

Four players are grouped at the top of the team's receivers, with Tight End James Beck catching 11 for 223 yards and two touchdowns. Bobbie Hall caught nine passes for 152 yards and one TD and a conversion, while Ronnie Browning caught eight passes for 166 yards and three TDs. Ben Smith caught nine passes for 116 yards, one of which was for a TD and one for two-point conversion. Smith place kicked 24 points through the uprights on point after touchdown situations.

Other receivers were Charles Bryley with three catches for 33 yards, Gary McKay three catches for 33 yards, Earl Ray Wright one catch for 18 yards and George Wiggins one catch for a 2-point conversion.

Scoring
Jim Dixon ran for 13 touchdowns scoring 78 points to lead the team in scoring. QB Wayne Davis scored nine times and a two-point conversion totaling 56 points.

Charles Bryley scored 38 points, Don Davis 36 points, Ben Smith 32 points, Earl Ray Wright 24 points, Ronnie Browning 18 points, James Beck and Gary McKay 12 points, Bobby Hall and George Wiggins 2 points.

The Cyclone team scored 317 points while allowing 10 opponents only 83 points. The team finished 8-2 and a District 2-A Co-Champion.

Rushing
Rounding out the rushing yardage, besides Dixon, Bryley, Don Davis, and Wayne Davis, Gary McKay had 216 yards on 47 carries averaging 4.5 yards per rush. Earl Ray Wright, another promising sophomore, had 20 carries for 152 yards averaging 7.5, while James Beck moved into the backfield in the final game, had 8 carries for 69 yards and an 8.6 average. Ben Smith rushed 5 times for 15 yards.

The Cyclone's defense stats are possibly the best credentials of the strength of the team, allowing a maximum of 18 points to Claude and yielding only an average of 8.3 points per game all season. Opponents were able to get an average of 10 first downs, 117 yards rushing and 40 yards passing, but were forced to give up an average of 2.4 fumbles and 1.1 interceptions a game.

James Beck, Center (deep) Safety for the Cyclone, intercepted 7 opponent passes out of 11 intercepted. Ronnie Browning intercepted two, Earl Ray Wright, Jim Dixon, Def. Lineman Ben Smith and George Wiggins intercepted one each.

Fumble recoveries, the team captured 24 opponents recoveries, and The Democrat stats are not totally complete on who recovered each of these fumbles. Defensive End Jimmy Booth recovered 6 of the 18 noted, with Jim Dixon capturing 4, and Duck Richards 3. Candy Reyes and Gary McKay were also in on fumble recoveries.

Team Stats

The Cyclone, offensively, averaged 19 first downs a game, 302 yards rushing, 75 yards passing, completing 4.6 passes and throwing 5.4 incompletes.

Cyclone punter Bobby Hall averaged 29 yards per kick on 22 kicks. The Cyclone was penalized 61 yards per game, lost 1.8 fumbles per game and had 7 passes intercepted.

The Railroad Commission has set a hearing November 26, to determine possible needs for a mandatory statewide gas apportionment program.

The hearing will first explore whether the available supply of natural gas can be voluntarily shared or apportioned on an equitable basis among gas utilities to alleviate threatening shortages.

The Commission said it feels it has the statutory responsibility to protect the public interest on a statewide basis and proposes to issue rules and orders to prevent or lessen impact of gas shortages.

Golden Touch of Hospitality

Spice Cake Is Autumn Favorite... The fragrance of sweet spiced desserts a-baking has a heart-warming homey goodness...

- Spice Cake
1 3/4 cups sifted flour
1 cup sugar
1/2 cup corn starch
1/2 teaspoon baking powder
1/2 teaspoon baking soda
1/2 teaspoon salt
1 1/2 teaspoons cinnamon
1/2 teaspoon nutmeg
1/2 teaspoon clove
1/2 cup margarine
2 eggs
1/2 cup sour milk or buttermilk
1 1/2 teaspoons vanilla

Grease 2 (8-inch) layer cake pans. Line bottoms with waxed paper. Sift together flour, sugar, corn starch, baking powder, baking soda, salt, cinnamon, nutmeg and clove. Cream margarine in mixing bowl. Sift dry ingredients over margarine. Add eggs, sour milk or buttermilk and vanilla. Stir until dry ingredients are completely moistened...

other instance I heard of was Robert Moss who had 5 bales on a

trailer in the field west of Lakeview that burned. They were both putting in their application for more insurance after taking inventory of losses.

I read an article in a daily paper last week with a heading "Immodest Halters". This was from Bridgetown Barbados, where the dean of St. Michael Cathedral has barred women wearing halter style dresses. He says that they are immodest and show no respect for the church. However the dean is keeping a number of capes on hand to cover up the backs exposed by the halter dresses. I guess the ushers of this church would have a double job with an armful of capes looking for bare backs. The dean did not want anyone to have an excuse for not attending services just because they had the "bareback".

A report from Dick Fowler and Gene Lindsey said that there was a full house in Plainview for the steak dinner given by the friends of Senator Jack Hightower. There is to be another special occasion for Senator Jack in Wichita Falls, Tex. Nov. 30th. I have not found out yet whether it will be leg of lamb, steak, Hamburger or chili.

The energy crisis has aroused the American people apparently. Joe Naughton of Waxahachie saw a bumper sticker that says: "Eat more beans, America needs more gas".

It did give us some encouragement on the energy crisis last week when the president reported that America furnished 70% of the energy of the world, but only uses 30%.

We met a happy group of people in Clarendon last Sunday, when we attended the open house for their new doctors and staff who are reopening their hospital.

They started admitting patients last Monday. We met a lot of old friends on this special occasion. One of the name plates on one of these double rooms showed that Mr. and Mrs. George Benson furnished it. George said he particularly liked this room because a patient could look out the window and see the drive-in picture show.

I met three of our Texas State highway men here the past week; Oliver Toombs of Austin (Engineer of field construction work), our new district highway manager,

ger, George R. Walls of Childress, and the retired district highway manager Virgil McGoof of Childress. I guess he was giving these active men some pointers and advice in this area. The three of them did not know very much about how to remedy the fuel shortage except to cut some more wood, and save the cow chips and put on your gas mask.

Charles Williams returned from Midland, Texas last week where he had been visiting his daughter, Louise, the past three weeks. I had lost track of Mrs. Sim Seago, whom many will remember operated a gin for several years. Mr. Williams says she is living in Midland now and he visited with her. The good looking daughter, June, married Joel Adeock and they are also making their home in Midland.

This was copied from Paul Crume's column which I enjoyed.

"At this time of crises in the United States, any sensible man has to be asking himself, what Presidential candidates we will pick in 1976. The candidates have to be cleaner than a hound's tooth. To my mind there is only one suitable candidate, and that is Snow White. Nobody has anything against Snow White. Her only fault is that she seems to get lost in the woods, but apparently this is common to American Presidents. Furthermore, Snow White comes equipped with seven advisors - True one of them, Dopey, will probably get nominated by the opposition party. She still has Doc, who is the perfect Secretary of State, as all foreign affairs advisors are known as Doc these days. She also has Sleepy, who is a perfect secretary of Agriculture (where the people have been asleep the past 15 years) She has Grumpy who could step right in today as head of Internal Revenue. If Snow White ever got in trouble who would not have to confront Congress, she could just stop and sing "Someday My Prince Will Come". This would beguile the public while she got on to the business of the country, and only later would they discover that the prince was not coming and they were stuck with the bill for the whole banquet!"

From Earl Wilson: "Democracy" said the cynic "Is a remarkable system. It permits you to vote for a politician, and then sit on the Jury that tries him."

A remembered quote: "The American way of life is to dawdle away an hour drinking instant coffee."

From Earl's Pearls: "as any secretary can tell you, the longest hour of the day is from 4:45 to 5:00 p. m."

A remembered quote: "The hardest relative to borrow money from is a wife."

The older we get the more we realize, our weakness and littleness in this world. It is time now for Thanksgiving, forgetting some of our sorrows and heartaches and be Thankful. This song comes to my mind: "Count your many blessings see what God hath done."

THANKSGIVING BLESSINGS TO ALL!

A Thanksgiving Message To Our Patrons

We have much to be thankful for in this nation and this county every year, and 1973 is no exception, especially in this fine community in which we live. Here we have a clean and decent citizenship, fine churches, excellent schools, and businesses and industries that provide valuable services.

All of us are grateful for such a community and the residents who live here, and are thankful for the crops which are being gathered.

We appreciate your continued patronage, and the warm expressions of friendship we have received in the past. We sincerely hope this holiday will be a true American Thanksgiving for all of you.
