NEW PACKER—Pictured above is the new Packer Truck the City of Memphis will use to unload and pack solid waste from the new containers. The equipped vehicle cost \$16,460 and was delivered recently.

Sewer, Trash—

City Of Memphis Explains Charges

Memphis residents were reminded this week that sewer service bills to the City of Memphis are now due, on a yearly or a monthly basis, but the City of Memphis is not ready to start collecting the newly installed trash hauling charge, Tax Assessor-Collector Jack Scott said.

"The City will not begin collecting the new trash hauling fee from citizens and businesses until all the containers have been received and are in use," Scott said.

"We have had some who already paid this charge and their money is to be refunded," Scott said. The City has 90 of about 400 containers, all placed in the south portion of town.

Citizens in this portion of Memphis can begin using these con-

tainers as soon as their trash barrels are emptied the next time. Trash barrels will be picked up out of the alleys in the south portion real soon, Scott said.

The City's sewer payments, \$20 a year or \$2 per month to residential property, \$30 a year or \$3 per month to businesses, or \$50 a year or \$5 a month to high volume users, becomes due in January of each year.

The City's new trash hauling fee, \$2.50 per month or \$25 per year to residential users, and higher to businesses, will go into effect during the next few months when all the containers are in use.

"The City of Memphis will notify citizens when these charges are going into effect," Scott said.

Firemen Gives 'Thanks' For Holiday Gifts

The Memphis Volunteer Firemen are continuing with their fund raising drive to purchase a new piece of equipment to be used as a rural fire wagon and grass fire fighting truck. Additional contributions have been received, it was announced.

The firemen reported are most thankful for several holiday contributions which came in which has boosted the total in the drive closer to the \$11,000 goal.

The response has been so good that firemen, for the first time since the drive began can foresee having the needed funds available to pay for the truck, reassuring to a group of volunteers who undertook a heavy financial commitment a few months ago.

"It looks now that we could reach our goal of \$11,000, but we still need more contributions. Everyone has been so good about it so far, we have even had some give twice to the drive," a spokesman said.

Those contributing since the last report are:

First State Bank, W. E. Collins, Richard Ellis, Bruce Bros., John Smith, Jack L. Rose, Lynn Jones, Billy Ray Jones, John F. Baker, Henderson Smith, O. K. Tire, Coy Johnson, H. A. Holt, J. J. Johnson, C. W. Wines, Mack Richards, C. C. Hartsell, Jack Montgomery, S. C. Waites, Phaeton Alexander and Robert Hanvey, Jr.

Harvest Is At 71,626-Bale Mark

TRI-CHAMPIONS—Captains of the 1973 Cyclone football team are shown above with Coach Clyde McMurray & the Tri-Championship Trophy the team won with its 8-2 season. The team will be honored Monday night at 8 p. m. in the Community Center by mothers of the players at a Father-Son Banquet. Mr. James L. "Curley" Hayes, public relations of West Texas Utilities will be the guest speaker. He is retiring this season from Southwest Conference officiating. Left to right are: Bobby Hall, Jim Dixon, Coach McMurray, Jimmy Booth and Wayne Davis. Honors and recognition will be presented to team members at the banquet.

Blistering cold weather, light snowfall and adverse conditions cut into the harvesting of the '73 cotton crop at year's end, but still farmers in Hall County harvested 6,000 bales to bring the ginning total to 71,626 bales.

Nighttime temperatures plunged into the low teens and the daytime temperature remained in the 20s, as the area had its coldest weather of the winter.

A light cover of snow greeted Memphis citizens New Year's morning, but amounts were so light not even a trace of moisture could be measured.

Farmers still need two to three more weeks in order to harvest the rest of last year's cotton. This week is an example of how dedicated farmers are to getting out their crop this year.

Gins, however, have been able to cut into the "on the yard" as soon as weather permits.

Classing Report

Cotton harvest and ginning continued at a rapid pace last week over the Greenbelt area, according to W. E. Cain, in Charge of the USDA, Agriculture Marketing Service Cotton Classing Office in Memphis. "We passed the half way mark in grading the crop this week, and most ginner estimates the crop is 50 to 65 percent harvested," said Cain.

The Memphis Office graded 16,000 samples by Friday to bring the season total to 129,700. This compares to 85,000 on the same date a year ago.

The predominant grand classed was grade 32 with 40 percent followed by grade 31 with 21 percent, grade 41 with 21 percent, and grade 42 with 14 percent.

The predominant length classed was staple 32 with 52 percent followed by staple 31 with 42 percent.

Micronaire readings showed 81 percent miked in the desirable range of 3.5 to 4.9 and 16 percent miked 3.4 and below.

Presley test information was not available this week.

The Memphis area cotton market remains active to strong. Prices were about steady over the holidays, then gained 200 to 300 points on all qualities through Friday. Prices for staple 30, grades 42 and 51 and better, 3.5 to 4.9 mike, ranged from 4100 to 4200 points over loan rates. Prices for staple 31 and 32, grades 42 and 51 and better, 3.5 to 4.9 mike, ranged from 4800 to 5200 points over loan rates.

The average price paid farmers for cottonseed at the gin was \$100.00 per ton.

John A. Taylor Rites At Austin

John A. Taylor, 62, died at his home in Austin, Texas on Dec. 14, 1973.

Funeral services were held Tuesday, December 18th at Hyltin Manor Funeral Home Chapel at Austin. Chaplain Jim Price of Berkstrom A. F. B. officiated. Burial was at Ft. Sam Houston National Cemetery at San Antonio, Texas.

Mr. Taylor was a retired U. S. Army Major, having served for 22 years. At the time of his death he had been employed for 16 years as a registered sanitarian with the Austin-Travis County Health Department.

He was a resident of Austin for 16 years.

Survivors include his wife, Mrs. Estell Taylor of Austin; his Mother, Mrs. T. L. Waddill of Estelina a stepson, James Porterfield; a stepdaughter, Jackie Ruth Kennard, both of Fort Worth; Three brothers, Harlie of Memphis, Alvin of Arlington and Cecil of Haltom City, Texas; a sister, Mrs. Yman Davis of Memphis; three stepbrothers, Boyd Waddill, Boyce Waddill of Memphis, Leon Waddill of Houston; a stepniece, Mrs. Clara Moore of Memphis, and three stepgrandchildren.

DR. GEORGE STANLEY

Doctor's Degree Is Awarded To George Stanley

At its meeting recently, the Deans' Committee of the Faculty of Arts of the University of Port Elizabeth (South Africa) voted to award George Edward Stanley the degree of Doctor Litterarum (D. Litt.) for the work he has completed at the university.

Dr. Stanley's degree is in general linguistics. His doctoral dissertation was entitled, "Relative-Identical Semantic Structuralization—Implications for the Teaching of Africans and

Twenty-Two College Students Are Guests Of Rotarians Here Monday

Twenty-two students of colleges and universities attended the Memphis Rotary Club annual "College Day" Monday in the Memphis Community Building.

The speaker, State Representative Charles Finnell of Holliday, reported he drove on icy roads to reach Memphis for the speaking engagement.

The turnout for the affair was considered good considering that many of the students, and several Rotarians were unable to attend due to New Year's commitments.

Also attending was Jim Teaver, a senior at the University of Texas at Austin, assistant of Rep. Finnell's, who was en route from his home in Lubbock to the Cotton Bowl football game.

Students attending included: Bill Clark, Clarendon College, Jacky Don Martin, Clarendon College, Thomas Greene, Westminster College, Fulton, Mo., Kathy Carmen, West Texas State, Tanya Wood, Texas Tech, Carol Godfrey, Southwestern State, Mitzie Lindsey, Texas Tech.

Also, Lenis R. Simpson, Jr., West Texas State, Matt Thompson, West Texas State, Paul Fowler, Southwestern State, Steve Pardue, Tarleton State University, Spencer Gilliam, University of Houston, Gary Sims, Southwestern State.

Also, former Rotary Club Sweetheart, Ramona Ballew, Southwestern State, Gary L. Morrison, Hardin-Simmons Univ., Barry Simmons, Cameron College, Terry Wynn, Texas Tech, John Garman, West Texas State, Bob Clark, Baylor University, David McKay, Clarendon College, and Louis Davis, Clarendon College.

Rep. Finnell, a candidate for

the State Senate from the 30th District, including 29 counties, 25,000 square miles and 16 million acres, spoke on the Jan. 8, Constitutional Convention.

He told of the importance, the hard work, and the dedication of work which has already been done by the committee in drafting a proposed document. "But this is just a proposal," he said, "the final drafting of a new constitution for Texas will be the responsibility of the Senators and Representatives meeting in Austin in a few days."

He said that whether or not Texas voters will have an opportunity to vote on the proposed document.

Daylight Savings Time Brings School Hour Starting To A Board Decision

The Memphis School Board will decide at the Tuesday, Jan. 15, session, the time situation on when students will be attending classes, it was announced this week.

The local board of trustees, following guidelines urged by Texas Governor Dolph Briscoe, in December, departed for the regular school hours and approved a shorter school day. But shortly after this session, Gov. Briscoe withdrew his request so the school hours remained the same.

Memphis students will be going to school on daylight savings time beginning Monday, Jan. 7, which will mean the whole school day will be an hour earlier. The trustees would like to know if working mothers prefer to maintain the same schedule as now or possibly begin school a little later in the day.

School Superintendent Bill Wood said that approximately 70 per cent of the mothers are "working" and getting children to school is a transportation problem for these families. Questionnaires will be mailed out concerning a preference of starting times, Supt. Wood said.

Tardy bells ring at the elementary schools at 8:40 a. m. on school mornings, at Junior High at 8:50 a. m. and at High School at 8:46 a. m., under the present time schedule.

Memphis schools opened their doors this morning following a 12-day Christmas break. Memphis plays basketball at Wellington tonight and will host Silverton here Saturday night in Dist. 2-A play.

Local Pentecostal Church Has Revival In Progress

A revival is now in progress at the Pentecostal Church. Services are held nightly at 7:30 p. m.

Rev. and Mrs. R. Bolinger are serving as evangelist for the series of revival services.

A cordial invitation is extended to the public to attend.

In speaking of the services, Rev. Bolinger said, "We would like to share with the people so this area the joy we have had in doing the work of the Lord across the United States. We have traveled in many places and have seen many wonderful miracles of the Lord. We have seen many people whose lives have been changed by the power of the Lord Jesus Christ. . . men and women who have been bound by drugs, alcohol and the powers of evil have been set free, and they have found reality in serving the Lord. We extend a personal invitation to the public to come and share with us the great blessings of the Lord."

Memphis Teams Go To Wellington Tonight; Host Silverton Saturday

The Memphis Cager teams will return to District 2-A play tonight on the road to Wellington, and both games promise to be exciting ones.

Coach Jimmy Pope's team competed last weekend in the American Legion tournament in Amarillo, with the Cyclonettes defeating Clarendon girls in the consolation (second place) and the Cyclone losing to Vernon, a Class AAA team, in the consolation finals.

The key game coming up are in District 2-A, however, for the local teams.

The Cyclone is 3-0, currently in a first place tie with the Claude Mustangs. These two teams met the last game in the first round, on Jan. 11, with Memphis as the site.

Valley High and Wellington at 2-1, Wheeler and McLean 1-2 and Clarendon and Silverton are 0-3, in the boys division of district play.

In the girls division, Valley High and Claude are top ranked

with McLean expected to figure into the final outcome.

Coach Pope said that Cyclone has a goal of playing each team as they come on the schedule and attempt to remain undefeated for the first half of play. "If we can reach the showdown with Claude still undefeated and win that one, we'll have an inside track on successfully defending our District crown," Coach Pope said.

The Cyclone played some good squads at the Amarillo tourney, losing to Tulia in the opener 69 to 59. The Cyclone had only 18 turnovers in the game while capturing 25 rebounds. However, a 32 per cent shooting mark from the field compared to Tulia's 44 per cent made the difference.

In the next game, Memphis defeated Follett 72 to 65 as Ronnie Browning scored 16 points. The Cyclone captured 31 rebounds and had only 15 turnovers, while shooting 47 percent from the field and hitting 18 of 28 free shots.

In the consolation finals, meeting Vernon, the Cyclone trailed 47 to 36 at the halfway mark, and lost 65 to 48. Hitting only 36 per cent of the field goals, the local team was 8 of 14 at the free throw line. James Beck led the scoring for Memphis with 19 points.

Coach Pope indicated that his squad captured 24 rebounds but gave up the ball 25 times on turnover. "With Vernon hitting 52 per cent from the field, and our turnovers to high, we stayed behind most of the night," Coach Pope said. He went on to say that his team played good defense against Vernon and forced many turnovers from them, only to give the ball right back again.

The Cyclonettes, with Salinas scoring 26 points, Henderson 18 and Cannon 12, downed the Clarendon girls 60 to 29 in the game of consolation losers. The Cyclonettes lost to Canyon B team, a fine group of young ladies who won the consolation portion of the tournament.

The score was 55 to 43, and Coach Pope said the Cyclonettes played a good ball game in a losing effort. Henderson scored 33 points, but the team's other two

(Continued on Page 8)

Dist. 4-B To Open Cager Play Friday

District 4-B basketball play opens Friday night as Lakeview cager teams take on the Quail teams at Quail. The Estelline Bears and Bearettes will play at Samnorwood Friday. These games are scheduled to begin at 7:00 p.m. Saturday Lakeview will travel to Estelline for the second game of the round-robin.

Hedley Owls are heavily favored in the 4-B district play. The Owls had the best win-loss record on any team in the Panhandle last year (33-6), and the Owlettes, led by the White sisters, should prove to be the toughest team in the girls bracket.

The Lakeview Eagles have from last season. They have already turned the district ratings around by defeating the No. 2 (Quail) team twice this year in

pre-district games. Connie Fowler has led the Eaglettes scoring drive thus far this season. The Eaglettes quickness should be an asset to them this year.

The Samnorwood Eagles, led by Doug Coleman, will be a tough team to beat. The Samnorwood Eaglettes should have a good season with four starters returning to the lineup.

The Quail Quails, who finished behind Hedley last season in district play, have only two starters returning. The Bobwhites will return with impressive scoring power, as Lenora Oatman and Debra Culpepper scored an average of 20 and 22 points a game respectively last year.

The Estelline Bears and Bearettes are in a rebuilding process. Teresa Abram (5-9), and Marcha Jouett (5-10) should brighten the Bearette's season.

EDITORIAL
What's Behind the 'Consumer' Crisis?

The 'consumer' crisis is a real one, but it is not what you think it is. It is not a crisis of the consumer's ability to buy things. It is a crisis of the consumer's ability to get the things he or she wants at a price that is fair.

There are a number of reasons why this crisis has developed. One of the main reasons is the concentration of ownership in many industries. This allows a few large firms to control the market and to charge high prices.

Another reason is the lack of competition. In many areas, there are only a few sellers, which allows them to charge high prices. This is especially true in the case of food and housing.

An open letter from Lone Star Gas

Dear Consumer: I'm sure you've heard of the energy crisis. It's a real crisis, and it's affecting everyone. Lone Star Gas is one of the companies that is helping to solve this problem. We're working to ensure that you have a steady supply of gas at a reasonable price.

The energy crisis is a real one, but it's not what you think it is. It's a crisis of the energy industry's ability to produce energy. This is because of a number of reasons, including the lack of investment in new energy sources.

MEMPHIS, Tenn. (AP) - The Memphis Commercial Appeal and its staff were honored today for their work in the community. The award was presented to the newspaper by a group of community leaders.

LIFE
This is a vertical advertisement for a health product. It includes a small illustration of a person and some text describing the benefits of the product.

Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

America a nation of "nutri-illiterates?"

What's what a member of the American Medical Association re-ports. But according to a Texas Health Department nutri-tionist, people are beginning to pay more attention to nutrition and its effects on their health. They are beginning to question of the things that they hear about food and their diet. There is no one ideal diet that everyone has to follow in order to be healthy, according to the Health Department. And don't have to change your way of life, or give up all your favorite foods, in order to have a better diet. Nutritionists say that every meal pattern has something good in it. As long as you eat a well-balanced diet, something every day from each of the four major food groups, unless there is a weight problem, it's all right to eat some-thing just because you enjoy it.

The main components of a well-balanced diet are familiar to everyone. They include daily portions of meat, fish, or poultry; and dairy products; fresh fruits and vegetables; and breads and cereals. A regular diet that insures adequate amounts every day from each of these four food groups will provide most people with all of the essential nutri-tion they need.

The State Health Department does not believe that the so-called "fad" foods or organically-grown foods are particularly valuable. Foods that you can buy in a supermarket are just as good as and in many cases they cost less than fad foods. As for

organically-grown foods, you can't tell by looks, taste, or chemical analysis any difference between foods grown in organic fertilizer or commercial fertilizer. Both types of fertilizers contain just about the same chemicals.

Everyone who buys food can afford good nutrition, says the State Health Department. In fact, good foods and well-planned meals are more economical than the "junk foods" that contain less nutrition. A well-balanced diet can be based on most of the traditional foods in different ethnic and cultural patterns, as well. Even the ordinary American hamburger has its place in the diet: everything in it is good food.

Nutritionists are concerned with more than just the nutritional value of the foods we eat. They also care how food tastes. They realize that nutrition is not only a matter of the quality of the foods we eat, but also how it tastes, how it looks, and even how it feels. Developing good nutritional habits for your family doesn't mean abandoning all the foods your family likes, or replacing them with something that's "good for you" even if it doesn't look or taste good. The basis of good nutrition is just careful selection and common sense.

A new labeling law that went into effect January first will help people to select good, nutritious foods. The new law requires any food that claims to offer any nutritional value to show on its label the percentages of the Recommended Daily Allowance of various essential nutrients that each ordinary serving portion contains. The labels also will

show the amount of sugar, carbohydrates, fat, and sodium in each average serving.

In keeping with the new interest in nutrition, the State Health Department on January 9-10 is sponsoring a "Nutrition '74" seminar in Corpus Christi. State and national authorities will focus attention on nutrition requirements. One aim will be to determine the proper role of professionals and the public in nutrition education.

The State Health Department's nutritionist says that information and education are the keys to better nutrition. Given the right kind of information, you can make the right choices. Making a choice is your privilege — and your right! For better health, just make sure your choices are good, healthy ones.

Gas Rationing Would Affect Hall County

NEW YORK, Dec. 15—How will Hall County be affected if and when gas rationing is imposed once again? What adjustments will have to be made by the owners of the 2,800 local cars?

Less than half of the people now living in the area can remember what it was like when the government previously rationed gas, during World War II.

That is not because of any faulty memory on their part. The reason is that most local residents were either not yet born or were too young then to know what was going on. The median age of

the Hall County population is only 38.5 years.

If they had been present and aware, they would have observed that each family car had a sticker on its windshield, with a big A, B, C, or X on it. This told the service station attendant at a glance just how much gas the driver was entitled to.

The A stickers were good for four gallons a week in the beginning. This was later reduced to three.

The B ones were good for supplemental allowances that would enable essential workers to commute to their jobs. The C ones went to those people who required cars for their livelihood.

The X sticker, highly prized, was for vehicles exempted from any rationing.

In addition to the sticker, each car owner was issued a ration book and stamps. A stamp had to be turned in to the gas station each time a purchase was made. The station, in turn, had to paste the sheets on sheets and turn them in to the government.

There were other severe restrictions at that time. One of them applied to the speed limit. It was set at 35 miles per hour, as compared with the 55 limit in effect now.

With the present controls on speed and on Sunday sales of gas proving to be inadequate, the government is leaning toward rationing.

Affected by it will be the 2,800 passenger cars in Hall County, which have been consuming gas at the estimated rate of 2,162,000 gallons per year. A cut back of 20 percent would

mean that they would get about three gallons less per week, on average. This represents a reduction of some 43 miles of travel per week.

Medicare Patients To Pay First \$84 Beginning Jan. 1

Starting January 1, 1974, Medicare patients will pay the first \$84, instead of \$72, of inpatient hospital charges. This amount applies to hospital stays of from one to 60 days, according to Travis C. Briggs, Social Security District Manager in Amarillo.

"This increase of \$12 was due to the rising cost of medical care," stated Briggs. The Department of Health, Education and Welfare has calculated \$84 to be the average daily cost of all hospital expenses incurred nationwide by Medicare patients. Hospital costs now exceed \$100 per day in some high-cost areas, Briggs explained.

Medicare patients also will be responsible for a co-insurance amount of \$21 per day for the 61st through 90th day of inpatient hospital care received during a benefit period. A benefit period begins the first day a Medicare patient receives covered inpatient hospital services and ends after the patient has been out of a hospital or extended care facility for 60 consecutive days.

Each Medicare patient is entitled to 60 lifetime reserve days which can be used after the first

90 days of hospital care. Beginning January, 1974, the patient will be responsible for a co-insurance amount of \$42 per day, when using these lifetime reserve days. The 21st through the 100th day of each stay in an extended care facility has a co-insurance amount of \$10.50 which is to be

paid by the patient. This deductible was formerly \$9 per day. Details concerning these and other recent changes in daycare can be obtained from any social security office.

Christy Thompson and Fred Snowdon Marry in Holiday Wedding in Ft. Worth

Miss Christy Thompson and Fred Earl Snowdon were united in marriage on Saturday evening, Dec. 29, in St. John's Methodist Church in Fort Worth.

The bride is the daughter of Mr. and Mrs. Andrew C. Thompson of Fort Worth while the bridegroom is the son of Mrs. C. T. Snowdon of Memphis.

The reception was held immediately following the wedding in Fellowship Hall.

The bride is a junior student at T. W. U., majoring in physical therapy. Mr. Snowdon attended T. C. T. C. and U. T. A. He is employed by United Parcels Service.

The couple welcomes friends and relatives to their home at 807 Lebell in Fort Worth.

Among members of the groom's family attending the wedding were his mother, Mrs. C. T. Snowdon of Memphis, Anita Snowdon of Amarillo, Mrs. Richard Baker and Darcy of Hampton, Va., Mr. and Mrs. Thomas Snowdon of Austin, Mr. and Mrs. Ray Baker of Fort Worth and Mr. and Mrs. Earl Hill of Wink. Also present

Mr. and Mrs. Ross Gentry enjoyed having all their children home for the Christmas holidays. Here were Mark Gentry, who is a student at Clarendon Junior College, Mr. and Mrs. Gary Gentry and Cade of Loop, Mr. and Mrs. Frank Fowler and Teri and Thad of Lawton, Okla., and Mr. and Mrs. Bob Patterson and Andy of Claude.

Zada Belle Walker, of Spearman long-time Memphis teacher, visited here during the holidays with friends.

UDC Chapter Enjoys Holiday Party Dec. 11

Members of the United Daughters of the Confederacy met December 11 in the home of Mrs. Bryan Adams for the annual Christmas meeting.

Mrs. Roy Gresham, president, presided during the business and led members in the ritual, pledge and salute to the flags. Mrs. L. G. Rascoe had charge of the roll call. Each member responded with a favorite Christmas jingle. Gifts were exchanged from a beautiful Christmas tree.

Mrs. Glynn Thompson read a most interesting paper on "Christmas Customs of the Old South." She gave a detailed review of Christmas Customs in the days of the Commonwealth of Virginia. With the growth of the nation westward, the traditional observance of Christmas continued in the South. Louisiana, Arkansas and Alabama were the first states to declare Christmas Day a legal holiday.

In the South Christmas became a time of merry-making and house parties for the young ladies and gentlemen of the plantations. It was a time of decorations, dining and dancing. When war clouds gathered and war between the states flung its gloom across the Southland, it was the women who kept the spirit of Christmas alive, over these tragic years. The spirit of Christmas was at its lowest ebb during the latter years following the war Christmas was a time of spiritual testing. In closing Mrs. Thompson said, "Our present generation has lost much of its gentleness, the spirit of love and generosity that existed in the ante and post bellum days of the Old Southern Plantations. There will always be Christmas in the South because of our southern heritage."

Mrs. Adams served delicious refreshments to Mmes. L. G. Rascoe, Glynn Thompson, Hurlie Moreman, T. J. Hampton, Nat Bradley, Theo Swift and Miss Sybil Gurley.

Mr. and Mrs. Don Beasley and Melissa of Amarillo visited Mr. and Mrs. M. A. Beasley and other relatives during the Christmas holidays.

Awards in painting, all media including \$500, \$250 and \$150, and Sculpture, up to 35 pounds, will be accepted.

Citation and Purchase awards will be presented.

The exhibit is open to all artists in New Mexico, Colorado, Texas, Kansas, Louisiana and Oklahoma.

More information can be secured by writing Alice Baldwin, 7702 Broadway, Amarillo, 79108.

FILES—State Rep. Charles Finnell pays his fee as he became the first candidate to officially file for the 64th Texas Legislature. Finnell, who has served four terms in the Texas House of Representatives, is now a candidate for the Democratic nomination for State Senator from the 30th Senatorial District.

Hall Countians Receive \$2 Mil. Social Security

NEW YORK, Dec. 22 — How large are the Federal pension checks that are going each month to Hall County residents? How do they compare with those going to people in other areas?

According to the latest official figures from the Social Security Administration, the pension payments locally are relatively high.

And they will be rising still further during 1974 by virtue of action just taken by Congress to increase benefits by 11 percent.

As of the beginning of this year, it is shown, payments to Hall County beneficiaries were at the rate of \$1,434 per year, as against \$876 three years ago. It was more than in many parts of the country.

The bigger benefits that most local people become entitled to upon retirement reflects the fact that their earnings, during their working careers, are comparatively high and, consequently, so is the amount they put into the pension fund.

What is contributed, during a span of years prior to retirement, determines the size of pension checks.

Eligible to receive Social Security benefits are retired or disabled workers and their dependents. Each year they grow larger in number as more and more people qualify.

The current report lists the total in Hall County on the receiving end as 1,347. In 1970 it was 1,260.

In addition to the increase in the number of people covered, there have been frequent upward revisions in the amounts paid out in benefits.

Some idea of the extent of these changes may be obtained from a comparison with earlier figures for the county.

Currently, the annual total going to local beneficiaries is approximately \$1,932,000. Three years ago it was \$1,104,000.

Despite the 11 percent hike in benefits voted for 1974, there will be no change in the tax rate. It will remain at 5.85 percent each, for employee and employer. Instead, the wage base upon which

The Consumer Alert

By JOHN L. HILL
Attorney General

AUSTIN — A lot of people would like to buy a little land and get away from it all, especially now with Christmas bills rolling in.

Land everywhere we turn tempting-sounding land deals are being offered.

Magazine ads and newspaper inserts feature big color spreads of three-shaded lakes or sunsets on rugged mesas and urge us to buy land now for our retirement years.

Almost every day the mail or a telephone call brings an offer to spend a weekend free at a new resort, and not incidentally, an opportunity to invest in a lot at that same resort.

It's hard for a person who is really interested in purchasing land to know what's a legitimate deal and what's not.

Our Consumer Protection Division recently conducted an investigation of a land promotion in northern Mexico. Investors from Texas and other states were lured into buying land from a group that claimed to own property they were going to develop into a large resort. Actually there were no plans for development and the group didn't even own the land. It belonged to Mexican nationals.

A court-ordered temporary injunction will prevent the continued operation of those promoters until a final decision is reached by the judge.

Even so, what happens to investors, some of whom sink all their life savings into similar deals? Sometimes some restitution can be awarded them, sometimes not.

The best way to avoid such problems is to be aware of your rights and to exercise careful judgment. If you want to buy land for a home or as an investment, check the soundness of the deal. All land is not necessarily

it is levied will be moved up from the present \$10,800 to \$12,200.

Personals

Mr. and Mrs. Earl Miller had as their guests over the Christmas holidays Mr. and Mrs. F. E. Miller and Tracy of Dallas, Mr. and Mrs. J. E. Miller of Pasadena, Mr. and Mrs. J. M. Miller of Phillips, Mr. and Mrs. Jimmy Miller and Scottie of Brenham,

going to increase in value. Find out exactly what facilities are going to be developed. If a promoter says he's planning a plush resort that will cater to every recreational interest, find out if that means he's going to put in an 18-hole golf course. Will there be the olympic-sized pool he promises, or will the finished product be a children's wading pond?

Also, check for resale value of the land. Is there already an established market for lots in that tract? Or will the developer buy back your lot if you decide to sell later?

A popular way to sell land is by a "contract for deed." In this method, the seller retains the title to the property until the final payment is made. A prospective buyer should carefully check the following things before signing:

1. He should find out if the seller has clear title to the land;

2. He should check the seller's financial solvency; and

3. Is satisfied that upon final payment he will have a clear title to the property, he should have the contract for deed notarized and recorded with the county clerk, along with the deed record.

Above all, don't succumb to high-pressure sales tactics when purchasing land. Be skeptical when someone urges you to buy immediately because "this property will never again be offered at this low price."

The "bait and switch" tactic is something else to watch out for. If you go to see lots advertised for \$3,000 and are told when you arrive that they've all been sold, but some \$8,000 ones are still left, be wary. This is deceptive advertising.

If you're dubious about any in-state land deals, check with the Attorney General's Consumer Protection Division, your county or district attorney, or with your local Better Business Bureau to make sure no complaints have been filed against the promoter.

Mr. and Mrs. Dennie Miller and Linda and Carol of Fowlers, Colo., Mr. and Mrs. Donnie Miller and Maschell of Amarillo, Mr. and Mrs. J. D. Riley of Clarendon, Mr. and Mrs. Dink Miller and Mack and Connie of Memphis and Mrs. Bert Miller of Wellington.

Mr. and Mrs. Harvey Jarrell and family of Dallas spent the Christmas holidays here with his parents, Mr. and Mrs. Felix Jarrell during the holidays with Mr. and Mrs. Jarrell and other relatives were Mrs. Alsenia Dunn and Billie Kay of Sherman.

Mr. and Mrs. Paul Durham and Scott of Lubbock and Mark Stevenson, who is a student at Texas Tech University, Lubbock, were holiday guests in the home of their parents, Dr. and Mrs. H. R. Stevenson.

Mr. and Mrs. David Peters and Deena of Fort Worth and Matt

Thompson, student at West Texas State University, Canyon, were visitors over the holidays in the home of their parents, Mr. and Mrs. Billy Thompson.

Loney, Jim and David of Kermi. Also Mr. and Mrs. Warren

New Law Governing Control Of All Candidates Now In Effect In Texas

There have been several announced candidates for public offices in the precincts, county, state and national offices, all ready, and 1974 will be a political year. Candidates, however, will be controlled under a new law this year.

There are new laws governing the filing, campaigning, and reporting practices of all candidates of public office from the precinct level through state level.

The Campaign Reporting and Disclosure Act of 1973 is now in effect and makes a number of new requirements of candidates.

The first important change is that all candidates, regardless of office, must file a written designation of a campaign manager & this must be filed with the county clerk.

Accurate record of contributions and expenditures, including the complete name, address, date and amount of contributions and expenditures in excess of \$10 must be maintained.

Sworn statements must be filed with the appropriate officials. Candidates for city office or

school board must name a campaign manager and file this with the appropriate authority.

There are only 11 legal campaign expenditures under this act:

1. For the traveling expenses of the candidate, campaign manager, or of secretary for the candidate upon the ballot, and for holding and making returns of the election.
2. The payment of fees or charges for placing the name of the candidate upon the ballot, and for holding and making returns of the election.
3. The hire of clerks and stenographers and the cost of clerical and stenographic work.
4. Telegraph and telephone tolls, postage, freight and express charges.
5. Printing and stationery.
6. Procuring and formulating lists of voters, making canvases of voters and employing watchers.
7. Office rent.
8. Newspaper and other advertising and publicity.
9. Advertising and holding political meetings, demonstrations and conventions, and payments of speakers and musicians therefor.
10. Employing as counsel at

torneys beyond the expenses of election returns.

11. For the purchase and salaries of all campaign staff in the precinct of their election.

Any campaign manager for these purposes must file a written designation to a campaign manager and prohibit contributions from a labor union.

There are penalties to comply with this campaign reporting provisions of printed notices of printed notices, the clerk's office and a prospective candidate.

driving about 800 miles a days ago, I do not think we d very many driving at the mph limit, but everyone did a to be driving more carefully 0 mph. On this trip we only ed 2 cars stopped by the way patrol.

r. and Mrs. Gene Paschall son, David, of Kermit, TTex. t visitors in Hall County tage Hall the past week. re were 10 children in the y of Mr. and Mrs. Mac all, all now living, and 8 of were here during the holi- to visit each other and their per. Gene has been working the Sid Richardson Gas and on Corporation for the past years. Raymond, the eldest and his family are now living Monta Vista, Colo. He has sed for the R. E. A the past years. At the present time ond is in bad health. Gene's is the granddaughter of the r. and Mrs. G. J. Abbott, were former Hall County ents. Zillah Abbott, who is Mrs. H. Billingsley, is now g in Kermit, Texas. Gene and wife have 3 sons David, ny and Tony (who is going hool at Odessa Jr. College). Paschall family reported that te Lemons is teaching in the t schools.

2 LB. Donald Davidson was a guest ohn and Sug. Lemons in tage Hall the past week. ald and his wife, Judy (Lem-), and three children were rs in the R. C. Lemons home ng the holidays. Ronald is hing in the Pan American

College at Eddinburg, Texas. Sug only had the one son-in-law visit- ing here and he remembered his name pretty well when he in- troduced him.

Other visitors in Hall County Heritage Hall were Jack Allen of Enid, Oklahoma and Chris Dam- ants of Memphis, Tenn. These 2 men are brothers-in-law of John Todd. They were having a family get-together Christmas.

Mr. and Mrs. Danny Clark had as their guests in Heritage Hall Mr. and Mrs. Norman Smith and Jana Robertson of Longview, Texas. Mrs. Smith will be remem- bered as Debbie Robertson, daughter of Mr. and Mrs. Leon Robertson and sister of Jana. Mr. and Mrs. Robertson will be re- membered as living in Lakeview Several years ago. Mrs. Robert- son taught in the schools and Leon operated a grocery store. Mrs. Robertson is now teaching in Longview. Jana, their daugh- ter, is attending college at Nach- adochee. Leon's father was Mor- ris Robertson.

Dickie Braddox and Max Mc- Queen had as their guest in Heri- tage Hall Lewis Foxhall, son of Mr. and Mrs. Lewis Foxhall, who was home for the holidays. After 4 years of attending the State University of Austin, he is now in Baylor Medical School of Hous- ton, Texas. I had known Lewis since he was a baby, but had to be introduced as I did not recog- nize him with his heavy growth of hair. I called him an undercover man.

Other visitors were Mickey Daugherty of Victoria, Texas, where he is now coaching in High School. He will be remembered as the son of Mr. and Mrs. Edgar Daugherty.

Another coach in Heritage Hall was Hoot Jones, son of Mr. and Mrs. Hubert Jones. He is now coaching in Morton, Texas High School.

Mrs. Walter Hyatt of Pampa, Texas was a visitor in Heritage Hall. She will be remembered as the granddaughter of the late Mr. and Mrs. T. N. Baker and Mr. and Mrs. T. L. Moreman who were early day residents of the Deep Lake area.

Visiting in Heritage Hall from Houston, Texas were Rodney

Randy and Stephanie Acker. With this group was Melissa Smith of Irving Texas, who is the grand- daughter of Mrs. Ray Dalton and Mrs. Carl Smith. Melissa informed me that her sister Sarah who has been one of the Apache Bells of Tyler College is now transfer- ring to the State University. We will miss her appearance with the Apache Bells.

Some of the people I heard from out of town during the holidays who still love Hall County and their friends; Mrs. E. G. Archer of Canon, Colo., the Chas. Broussards of Lake Charles, La., Charlie and Ellavee Hill of Lindsay, Calif., The Frank B. Toner family of San Leandro, Calif. Included with the Toner card was a color picture of their daughter Sandra in her wedding dress and the new son-in-law Michael Cooney, Mr. and Mrs. Toner and their other daughter Suzanne, who was Maid of Honor. This wedding caused a lot activity around the Toner home in May of 1973.

Senator Jack Hightower includ- ed a color photograph, which was supposed to be his family, but the ladies showed up so pretty in this pose that I finally came to the conclusion that he had four movie stars in this group. It was impossible to distinguish mother and daughters.

The death of my brother, Bill a few days ago brought me face to face with the true values of life—Faith, Courage, Hope, and Love, which were exemplified during his illness. He stopped his early work, but is busy in an- other room.

I had a short visit with Mrs. Foster Watkins, (former Ann Palmeyer) of Wichita Falls, the past week. She will be remem- bered as the daughter of Mr. and Mrs. Seth Palmeyer. She graduat- ed from Memphis High School. The group of girls of this gradu- ating class have a class reunion every year. Ann married Joe Foster Watkins who was a foot- ball coach for several years be- fore moving to Wichita Falls, where he has been in the Whole- sale Oil business the past several years. Along with Ann visiting in Memphis were Mr. and Mrs. Joe Foster Watkins Jr. of Wash- ington, D. C. where Joe is work- ing with the United States Jus- tice Dept. Joe's wife, Catherine, is one of the Virginia Belles whose home town in Portsmouth, Va. They have been married for 3 years. I asked Joe if there were other members in their family and Joe replied, "Yes, 2 poodles, Choo Choo and Bridget". The other son of Foster and Ann's will be remembered as Seth, named for his grandfather the late Seth Palmeyer. Seth and his wife, Kitty are now living at McAllen,

Texas, where he is now repre- senting Hallmark cards. Miss "Della", the grand mother of Joe Woster is now living in Wichita Falls.

Mrs. Mack Graham had as her guest in Hall County Heritage Hall last Saturday one of her former school mates of Newlin, Texas. She is the former Flo Johnson, daughter of the late Mr. and Mrs. C. L. Johnson, who moved to Hall County in 1918. There were 7 children in this family and 5 are now living: Flo Garver of Garland, Georgia Sego of Allen, Tex., Fannie Bress of Amarillo, Minnie Helm of New- lin, and Mary Leopold of Gar- land. Mrs. Garver and Mrs. Graham were talking about their school days in Newlin, they re- membered Joe Allen Eallard and Mr. Westfall as 2 of their teach- ers. Mrs. Graham, who was the former Mildred Roan, reminded me of the fact that the first lunch room of the schools of Hall County was started at Newlin under the supervision of Supt. Cheves. Mildred served as the first cooking this lunch room, and the first item on the menu was soup and the cost for each pupil was 6c. After serving soup for some time they decided to change the menu to chicken and dumpl- ings. She did not give me the price on the last item. She did tell me that she remembered that the school paid her \$7.50 per month to cook this meal. This was in the 1930's and that was a lot of money in one wad, at that time.

A report on Florence Fitzpar- rald was received recently. She is in Northwest Texas Hospital in room 746 and will be there sever- al days.

A remembered quote: "The whisper of temptation can be heard farther than the loudest call To duty."

In watching the news a few days ago it was very interesting to note how short a time since airplanes became a part of this world transportation. Only 70 years ago Orville and Wilbur Wright flew the first airplane at

the speed of 6 1/2 mph. Their first government contract for an airplane was for 25 thousand dol- lars with a 5 thousand bonus.

The past 17th day of December marked the 200th anniversary of the "Boston Tea Party".

From Earl's Pearls: "Camera- men covered the entire Civil War with fewer photographs than are taken today at the average wed- ding."

A reminder quote: "The whisper of temptation can be heard farther than the loudest call To duty."

A report on Florence Fitzpar- rald was received recently. She is in Northwest Texas Hospital in room 746 and will be there sever- al days.

CARD OF THANKS
We want to thank Dr. Goodall, Dr. Stevenson, nurses and the en- tire staff for their wonderful care. Also, thanks to all our friends for the telephone calls, cards, visits, flowers, and prayers while I was in the hospital in Amarillo and Memphis.
May God Bless each of you.
Roberta & John L. Burnett

From The Chamber Corner

A very Happy New Year to everyone from the Memphis Chamber of Commerce. Special greetings from Bylow, Food store, Davis and Scott Timbway and Wallace Food Store, who are all supporters and members of the Memphis Chamber.

The first meeting of the Chamber's directors will be this Monday January 7th at 12:00 noon in the dining room of the DeWille Restaurant. Election of a new chamber president for 1974 will head the list of business matters for the meeting.

A complete membership list & financial statement of the Memphis Chamber of Commerce will appear in the Memphis Democrat in the latter part of January. Although the Memphis Chamber has had a good growth in membership this past year, we are far from the expected membership number for a community of this size. The Wellington Chamber of Commerce has a membership of over 300 and Memphis has just 143. The challenge for 1974 is great and with everyone doing his fair share we can obtain our goals.

Our thanks to Mrs. Ieta Davis who made up an attractive pencil case. The pencil case is designed with "Memphis Cotton Capital of the Panhandle" and a state of Texas with a cotton bale and boll.

Cotton Capital of the Panhandle bumper stickers are still available and may be picked up at the County Tax Office. We have distributed bumper stickers to the Memphis School system for use on the school buses, and also to Hall County Electric Coop for their company vehicles. Mr. L. G. Rouse came by the Chamber office to pick up a couple of the Memphis bumper stickers for his son, Arthur. Arthur and his family now live in El Paso. They wanted the Memphis sticker for their car to show off their hometown. Both Arthur and his wife are strong Memphis boosters and we certainly appreciate this support.

We received our shipment of miniature cotton bales this past week. The bales are about 5 inches tall and will have a tag of the same design as the Memphis bumper stickers. We plan to use and distribute the miniature cotton bales at the Chamber banquet which will be on the "Cotton Capital of the Panhandle" theme. All of the area's cotton ginners will be honored at this year's banquet for their contribution to the community's economy and service to the community through membership of the Memphis Chamber.

Arnold Cruise and Jim Edd Wins took some aerial pictures of the Memphis Congress Co., Memphis Gin yards and the gin at Flaska with the yards full of cotton yet to be processed.

General Telephone Company is one of the supporters and members of the Memphis Chamber of Commerce. We certainly appreciate their fine cooperation and help for a better and more progressive Memphis.

Information and application forms are available from the Chamber office for evening classes available for all school levels in preparation for the G. E. D. certificate. These classes will start in the near future and are made available through the F. E. S. O. plan of the Federal and State government. Persons without a high school degree and above the age of 18 years are eligible to enroll in the class. This class will enable the student to study the basic requirements needed to earn the G. E. D. certificate equivalent to a high school diploma and level of education.

We also have received the posters and counter cards with Mem-

phis Cotton Capital of the Panhandle" and "This is Cotton Country" in a patriotic design. The posters were made available through the Cotton Inauguration and National Cotton Council. Plans will soon be underway for an area wide campaign to promote cotton and increase our membership. The posters are in colors of red, white, and blue.

The Chamber office will be closed the next two weeks while chamber manager is on vacation. Please refer all business to chamber President Larry Parks at the First National Bank.

"Let's Talk Memphis"

Texas Motorists To Receive Annual Registration List

AUSTIN — Owners of some 8.4 million motor vehicles in Texas will have some important mail coming their way early in January.

Registration renewal applications will be put in the mail shortly after the holiday season by the Motor Vehicle Division of the Texas Highway Department.

The same quick and easy method made possible by modern computer technology will be in effect this year as it has been in the last few years.

Vehicle owners can save time that used to be spent waiting in long lines at county tax offices throughout the state by ordering their 1974 license plates by mail. All that must be done is to send the entire three-part application by mail to the county tax assessor collector in the owner's home county, enclosing the registration fee plus \$1 for each vehicle to cover handling and mailing.

There are three things to remember:

1. Leave the three-part form intact. Don't separate the three parts.

2. Mail it to the county tax office in your home county. (Mailing it to the Highway Department will only delay getting your 1974 license plates).

3. Be sure to include the registration fee, plus \$1 for each vehicle for postage and handling. You may apply for license plates by mail after January 1. However, county tax offices won't mail plates until after February 1. Owners should allow at least 30 days from the time they apply for the license plates to be returned.

In-person registrations will begin at county tax offices and, in some counties, at substations on February 1. Even though the automated registration application procedures have speeded up the process, waiting lines will grow progressively longer as the April 1 deadline approaches.

LAY-UP—Pictured above is Ronnie Browning, a senior guard, on the Cyclone squad, making a lay-up against Valley High in a recent Dist. 2-A game. The Cyclone is undefeated, and travels to Wellington tonight. Saturday night the local teams host Silverton, and next Tuesday travel to McLean. Fans are urged to follow the local teams. Browning has been high point scorer in several games and is one of the key players on the local team.

Political Announcements

The Memphis Democrat is authorized to announce the following as candidates for public office, subject to the action of the Democratic primary in May: Texas Senate, 35th District: **RAY FARABEE** **CHARLES FINNELL** County Judge: **LOBAN DENTON** For County and District Clerk: **SYVILLA LEWONS** County Superintendent: **TOPS GILBERT** County Treasurer: **LEVILE WRIGHT** Justice of the Peace: **RUBY BOGGS** County Precinct Commissioner, Precinct No. 2: **V. C. (Zipp) DUBRETT** **NACK COOPER** County Precinct Commissioner, Precinct No. 4: **HAROLD M. LANE**

Memphis Teams —

(Continued from Page 1) forwards were cold. "I felt we played good basketball at Amarillo and I'm sure the tournament helped us through the holidays," Coach Page said. Both teams resumed workout sessions Wednesday preparing for Thursday evening games at Wellington. Local fans are urged to remember Saturday night's games here against Silverton teams. The junior high teams will be playing Wellington here on Friday night, it was announced. Thursday night the Freshmen boys are traveling to Childress for a 7:30 ball game. Next Tuesday night, Jan. 8, local teams travel to McLean as district play continues.

Two Local Firms Burglarized Early Wednesday

Chief of Police Kenny Schull announced Wednesday that two more break-in burglaries were reported to the Memphis Police Wednesday morning. Cafe 287 was broken-in to and the cigarette machine and juke box were damaged when coins were taken. Memphis City Grocery was burglarized and about \$50 in cash and 60 cartons of cigarettes taken, Chief Schull said.

22 College —

(Continued from Page 1) tunity to vote on a new constitution depends to a great deal upon the cooperation of legislators. He said if all cooperate, work hard and tend to business, it is a good possibility this state could get a new constitution and one all Texans could be proud of, but if legislators use the convention for political reasons, it could turn into a long, drawn out affair and voters would possibly get tired of the whole thing and defeat any document that might come out of the convention. "We're talking about re-writing all state statutes, which will affect every Texas for years to come, in education, in taxation, in representation, all our state agencies, all our funds, everything," he said. "Let us all be alert, contact our representative and register about our feelings, and keep abreast of the developments," Rep. Finnell said concerning the importance of writing a new constitution for this state. A brief question and answer period was held after the address, during which several students and Rotarians participated.
