## Memphis-Petersburg Play In Region Game

### Services Held Saturday For Nannie Newsome

Funeral services for Mrs. Nannie Wood Newsome, 73, were held at 2 p. m. Saturday, Nov. 23, in the First United Methodist Church here. The Rev. Mert Cooper, pastor, officiated.

Burial was in Fairview Cemetery under the direction of Spicer Funeral Home.

Mrs. Newsome was born Oct. 15, 1901, at Cleburne and came here 33 years ago from Rogers. She was united in marriage to Lon Newsome in 1922 at Venus. He preceded her in death in 1967.

She was a member of the First United Methodist Church.

Mrs. Newsome passed away at 2 a. m. Friday, Nov. 22, in Hall County Hospital.

Surviving are a foster daughter, Mrs. Doris Edwards of Brownsville; a foster son, Bordie Newsome of Irving; two sisters, Mrs. Bessie Fleck of Fort Worth and Mrs. Vici Gilberth of Cleburne; and six grandchildren.

Pall bearers were Billy Thompson, Floyd Edwards, Jay Nunneley, Hubert Jones, Boaz Stotts and Heber Johnson.

### Petersburg Buffaloes Is Next Opponent

The Petersburg Buffaloes, 10-1 for the season, will be the Memphis Cyclones' regional opponent Friday night in Kimbrough Memorial Stadium in Canyon, at 8 p. m.

The Buffaloes were 8-1-1 in the 1973 season and defeated Hart, a team they had previously lost to this season, by an impressive 24-0 victory last Friday in a Bi-District game played in Plainview.

Petersburg lost to Hart 12 to 7 the fourth game of the season, after winning their first three non-conference games. The Buffaloes combined a potent offense led by senior south-paw quarter-

back Keith Biggers, which put 24 points on the board, with a stubborn defense which allowed Hart only 10 first downs, 104 yards rushing and 73 passing, in shutting them out of the scoring column.

One of the outstanding characteristics about the Buffaloes is their reputation of being a well drilled football team, well disciplined in carrying out their assignments. Also they have one of the finest kicking game in Class A ranks. Dennis Martinez is the punter and he has a reputation of keeping opponents in poor field position, which has been one of the key reasons for the Buffaloes success this season.

Offensively, Petersburg is primarily a running team, utilizing the Wing-I offensive alignment, or sometimes the slot-I (a spread formation). They are a running team which throws well.

Running backs are Clay Zachary and Kyle Thompson with Mark Hughes as the flanker. Keith Biggers is the field general for the Buffaloes.

Size and speedwise, the Buffaloes are moparable to the Memphis team, and on defense they have the reputation of being hustlers and hitters.

The two teams, Memphis and Petersburg, have not played anyone which has played the other and have never played each other.

In previous games, Petersburg has defeated Ralls 47-0, Hale Center 10-0, Crosbyton 35-14, Lorenzo 24-23 and New Deal by one TD. Hale Center was the pre-season pick to win District 4-A, but the Hale Center team lost two conference games, while Petersburg was undefeated in district play.

### Kickoff Time Is 8:00 P.M. In Kimbrough Memorial Stadium At WTSU in Canyon

The Memphis Cyclone will take the field against the Petersburg Buffaloes Friday night at 8 p. m. in Kimbrough Memorial Stadium in Canyon, a site selected last Saturday morning by school officials.

The Memphis Cyclone is now 11-0 for the season and has a 15 game winning streak. The team is still ranked fourth in the state in Harris Polls. The team's power ranking increased slightly following the impressive 37 to 7 victory over Stinnett last Friday.

Fans are reminded by school officials that kickoff is at 8 p. m. (not 7:30 as Amarillo Newspaper announced in the week). Memphis is the home team again and fans will sit in the West Stands.

For the second time in Memphis High School history, the Memphis Cyclone will be competing in Class A Regional Play-offs against a South Plains team.

It was 21 years ago when Memphis met Sundown in the Class A Regional contest, and on that day in Plainview the Memphis team was a decided underdog going into the contest and despite a fine first half, with Memphis leading 13-7, the Sundown team came back to win the contest in the second half.

The situation in 1974 is somewhat different; however, as the Cyclone will be favored to win the contest, by strength of prior performances, but in play-off competition, where teams have a history of outstanding performances, the game should be considered as even at opening kickoff.

Cyclone Mentor Clyde McMurray said, "I know our team is taking the Play-offs one game at a time . . . our players know what's at stake and we're not taking anyone lightly . . . and our fans shouldn't either."

"Petersburg, from all we have been able to find out, has a well drilled football team which executes well as a team. They don't have super stars but all their players do a good job," Coach McMurray said.

"Their defense is aggressive, with a lot of hustle and physical contact, as was evident in their shutout of a strong Hart team last week. They held Hart to 10 first downs, 104 yards rushing and 71 passing," the coach said.

"We're expecting this game to be another tough game, and that's what we're preparing for in workouts," he said.

The Cyclone escaped the bruising Bi-District Clash against Stinnett with no injuries, a most fortunate turn of events considering, in a game the local coaches described as "a remarkable team victory."

"Our victory against Stinnett must go down as the finest team victory a Memphis team has had, for every player gave a remarkable effort throughout the night," Coach McMurray said.

What about preparation for the Regional game? The Memphis coach described workouts this week as being good, spirits are running high and the physical condition of the team as fine.

"Monday's workout was really good," Coach McMurray said, "and our team is really looking forward to Friday night and the Regional game," he said.

The starting lineup for Memphis will be the same as last week. Defensively, Fred Alexander and Audie Moore will start at ends, Kenneth Fields and Duck Richards at tackles, Don Davis at noseguard, Candy Reyes, Gary McKay and Joe Reyes at linebackers, Rickie Spill, Dick Hutcherson and James Beck in the secondary.

The offensive backfield will be QB Rickey Miller, FB Don Davis, HBs Fred Alexander and Charles Bryley.

The offensive line, which drew high praise from local coaches for their effort against Stinnett will have Ends James Beck and Buddy Ballew, Tackles Kenneth Fields and Candy Reyes, Guards Matt Monzingo and J. D. Evans, and Ed Hutcherson at center.

Supt. Bill Wood announced the School will send the team to the Regional game in a chartered bus and the school will be buying the Cyclone Band a meal this week, with funds coming out of the money from Bi-District.

Local fans are urged to plan to attend the Regional Game and support the Cyclone team.

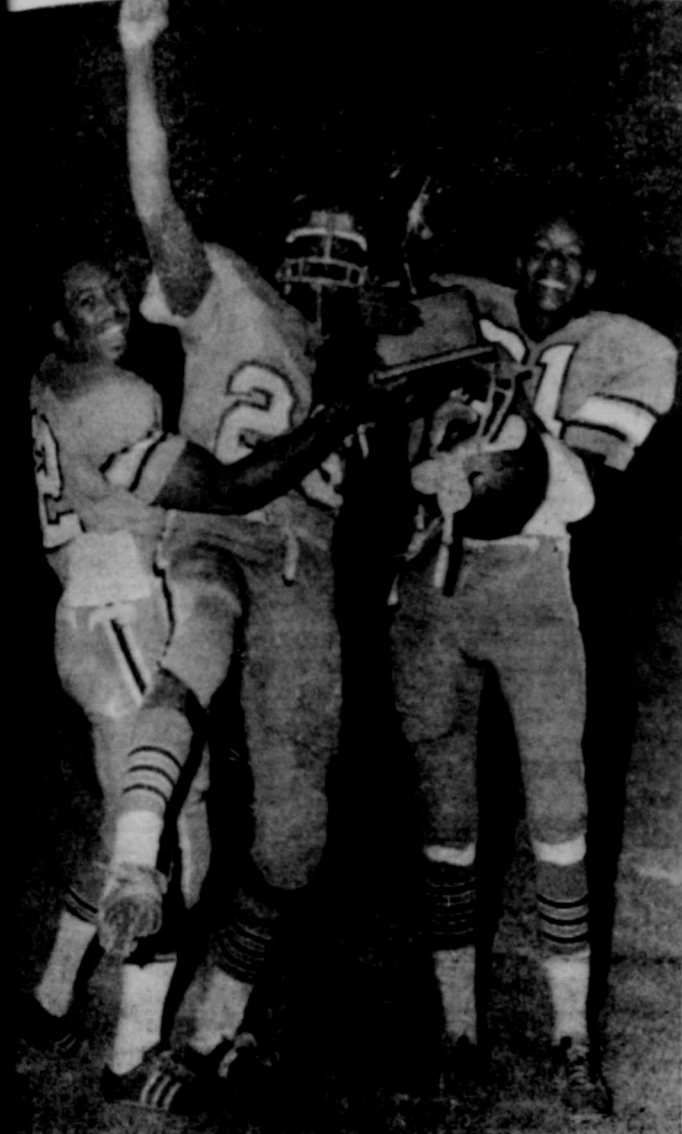

The Memphis team has a unique opportunity to continue to re-establish school records by being the first team to ever reach the state quarter-finals if the team can capture a victory over Petersburg.

Coach McMurray was reluctant to name any outstanding players against Stinnett. He cited the defensive and offensive line, the running back, linebackers and denight. "It was njood g'suweek! Defensive secondary as all having a good night. "It was just a fine team effort . . . the way our defense took command of the game was remarkable, and our offense was outstanding against Stinnett's rugged defense," he said.

"Stinnett was ever bit as rugged as we expected them to be, battling down to the last buzzer," the coach said.

Ghost Town Memphis was considered a ghost town Friday, and firemen from Wellington stood by on call if an emergency should occur.

Memphis merchants will again be closing early in order to attend the Regional game, so shoppers should do their shopping early, and then plan to go to the game too. One merchant summed the situation up like this, "I've waited year after year for the opportunity to follow a Memphis team in the play-offs and I'm going with them as far as they go, and I'll be in the stands until the final buzzer regardless of the score on the scoreboard. Former Memphis residents helped swell the Memphis stands coming from all over the area to see the Bi-District game. They plan to be back again Friday.

MEMPHIS—The smiles on the faces of these Cyclone players displaying the Bi-District trophy are words enough. The rugged game against Stinnett, the team really let loose.

### Estelline Ex-Student Association To Have Meeting Saturday, November 30

The Estelline Ex-Student Association will have its meeting Saturday, Nov. 30, according to Roland, president.

All day activities is being planned with registration beginning with registration at Estelline High School between 9 and 10 a. m. followed by visitation from 10 to 11 o'clock.

The senior class will serve lunch from 11:30 to 1 p. m. and the program will begin at 1:00. Following the program, a business meeting will be held.

That night a dance will be held beginning at 8 p. m. at the Country Club in Memphis. Tickets, which must be purchased in advance, will be \$4 per couple. They may be bought at the meeting in the afternoon. Music for the dance will be furnished by James Canida's band.

The establishment of a Satellite School for retarded children and adults seems to be taking final shape, Tops Gilreath of the Memphis Advisory Board stated this week.

Allen Walker, co-ordinator for the project from the Psychiatric Center in Amarillo, met with the Advisory Board on November 21, at the Golden Cobweb.

Present at the meeting were Lee Vardy of Turkey, Tom Posey, Billie Jo Carpenter, Mary Helen Sexauer, Betty Shelton, Virginia Browder, Tops Gilreath. Unable to attend were Joe Mothershed, Mike Branigan and Martha Tarver.

Applications are now being taken for a salaried teacher for the school here. Applications may be made at the school here. (Continued on Page 8)

County Judge E. "Gip" McMurry has proclaimed the month of December as "Give Meat, Poultry and Dairy Products Month" in an effort to bolster the sale of some farm and ranch products that are currently in an economic slump.

The proclamation by Judge McMurry urges the giving of these products as holiday gifts. He signed the proclamation in cooperation with the local county Farm Bureau and other groups that are co-ordinating a campaign encouraging the gift idea.

### Satellite School For Retarded Is Taking Shape

There will be eight Class A regional games played this week end over the State and the one of most interest to Memphis is the one in Canyon Friday night between the Memphis Cyclones and the Petersburg Buffaloes.

The winner of this game will play the winner of the Seagraves-Jim Ned game which is being played at Big Springs Friday night.

Other games have DeLeon playing Aledo, Archer City playing Princeton, Grapevine playing New Diana, Timpson playing Groveton, Brookshire-Royal playing Schulenburg and Dilley playing Falls City.

The State Playoffs will be narrowed to eight teams after this weekend when the play-offs will go into quarter finals.

Harris Polls predict the following outcomes: Memphis over Petersburg, Seagraves over Jim Ned in an upset, Aledo over DeLeon, Archer City over Princeton, Grapevine over New Diana, Groveton over Timpson in an upset, Royal over Schulenburg and Falls City over Dilley.

Last week, Memphis defeated Stinnett 37 to 7, Petersburg downed Hart 24-0, Seagraves upset Rankin 32-19, Jim Ned upset Knox City 28 to 12.

Memphis is still rated fourth in the state by Harris Polls.

Survivors include: her husband, Albert E. of the home; one son, Albert E. Jr., of Amarillo; five daughters, Mrs. Tommy Foster, Mrs. Oscar Maddox, Jr., and Mrs. Rick Follis, all of Memphis, Mrs. James Davis of Vega and Mrs. Don Shults of Clarendon; one brother, T. L. Brown of Santa Maria, Calif.; three sisters, Mrs. Mildred Gillian of Clarendon, Mrs. Madge Jackson of Amarillo and Mrs. Stella Ruth Honeyman of Carpenter, Calif.; and 13 grandchildren.

Funeral services for William Perry Smoak, 83, of Cason, brother of Mrs. T. C. Stevens of Memphis, were held Sunday afternoon, Nov. 24, at 3 p. m., at the Cason First Baptist Church.

Burial was in Blevins Cemetery at Cason. Mr. Smoak passed away Friday, Nov. 22, in Hospital of the Pines there.

### Thanksgiving — 1974!

A lot has happened in this nation since last Thanksgiving. Americans have a new President and the economic picture is not as bright for everyone as it was last November.

But still, even with economic woes, the possibility of a lower standard of living, shortages, and everything else, Americans would not want to change their lives for citizens' from any other part of the world.

Thanksgiving is a time when many of us pause to give words of appreciation and recognize the blessings we receive and enjoy. Giving thanks is a soul lifting experience, one that is strongly advised by the world's great religions and next to love, obedience and repentance, it is a major teaching of the Christian faith.

So many things which make our lives so wonderful do not come from material possessions, nor do they come from our own worthiness. We seldom appreciate our health, until we lose it, our friends and family, until they are lost to us, or even the cooperation we receive as we go about our daily lives.

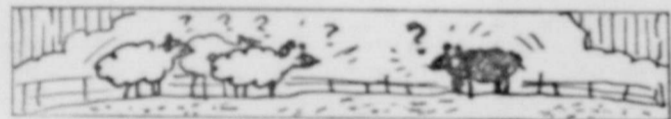

We often forget the blessings we enjoy as citizens of our great country. Sometimes our citizens forget that the Constitution offers us "pursuit of happiness", not "happiness". Our nation gives us the opportunity to work, to progress, and be responsible for the direction of our lives. This is a privilege many people in this world do not enjoy.

Memphis fans can also be thankful this year for fielding a dedicated bunch of hard-hitting and aggressive football players, working hard under the guidance of fine coaches. Friday night we all have the privilege of attending another fine football game, something that only fifteen other Texas communities in Class A will be enjoying this weekend. These are the teams still alive in the Class A State playoffs.

It was 21 years ago this week that this editor followed another Memphis team to Plainview for the Region football game. Many of the players from that team were in Canyon Friday cheering for Memphis, and probably will be back this Friday to see the Memphis-Petersburg clash.

We, in Memphis, can be thankful for our neighbors. Wellington Volunteer Firemen were ready for call if Memphis needed help last Friday while the town was deserted attending the game. Area communities participate in our festivities and we in theirs. This is the spirit of cooperation.

Thanksgiving is proclaimed each year by the President of the United States. This year President Ford asks all citizens to give thanks for the grace of God and renew our dedication to service to God and our nation.

Several people felt that a black sheep bore the Devil's mark.

### What Other Editors Say

#### Better Days Ahead!

Not since the days of the Great Depression have Americans viewed the future with greater uncertainty. People in many instances are afraid of the future.

The other night we heard a responsible economist advise investors to keep a part of their investments, preferably gold, in a Swiss bank account or safety box.

His reason? He said the time may come when we will be seeking homes in other countries, unable to take our possessions with us, and if we don't want to be penniless immigrants, we should have investments outside the United States!

We have greater faith in this country than does this economist; nevertheless, the possibility of an economic upheaval, even a depression, is not beyond the realm of possibility.

In times like, our first thoughts are of ourselves. How would WE be affected?

Fortunately for us, we believe our position as residents of a farming community is brighter than it was two years ago. Only two years ago we were being reminded that the agricultural community had gone out of style. We were reminded that our capacity for food production was so much greater than the demand that farming had become a lost art. We were told that we had too much land in production, that we should retire farm land and build golf courses, devoting it to uses that would not glut the food market. When the water importation plan was being promoted, an argument against it was, "Why spend money to raise crops that aren't needed?"

It was because of these dire warnings that agricultural communities were looking towards industrial development to replace agriculture. We were being told that if agricultural communities were to survive they had to look to something other than agriculture.

But how times have changed! Almost overnight the tune has changed and we are now being told that starvation is just around the corner. 500,000,000 people are starving. There isn't enough food to go around—even if we

step up food production to the maximum. We are told that huge areas of the world have passed the point of no return—it is too late to save these from starvation and we should concentrate instead on those who can yet be saved.

Now it is an entire new ballgame. The call has gone out to plant fence to fence, to step up production, that fertilizer must be given top priority. And prices have soared.

We asked a U. S. Senator recently why this sudden about-face, why our position has switched from over-production to scarcity. He said it was faulty statistics by the USDA.

Whatever the reason, it now appears that food has come back in style, that world demand is going to make unnecessary "paying farmers for not working."

Just as we were hurt most when

we had over production, we should be helped most by food scarcity.

Fortunately we have learned before it was too late that corporate farming cannot compete with family farming. It has been tried and found wanting.

If we can have a government friendly to agriculture, we should have better days ahead in Swisher County . . . and we will be less dependent upon industry.

This doesn't mean that we are going to have trouble-free days. There are problems to be solved. We must solve the problems of the cattle industry. There must be some way found to relate feed costs and the price of production for both the cattleman and the feed grower. Cartels must not be allowed to control the food industry. The cost of imported water seems lower every day!

Better days should be ahead for Swisher County!

A DAY TO COUNT OUR BLESSINGS

## Reasons For Thanksgiving

Edith Shaw Butler

To have food enough and a place to dwell,  
To have work to do and do it well . . .

To find the comfort when things go wrong  
In a bit of prayer or a snatch of song . . .

To know the pleasure a kind act brings,  
To see the beauty in simple things . . .

To know good books and share their worth,  
To plant bright flowers in rich brown earth . . .

To have true friends . . . this is living  
And reason enough for Thanksgiving.

# Women's Culture Club Meets November 20

The Women's Culture Club met November 20, 1974 at the Big O Restaurant with Mrs. Jim Lange as hostess.

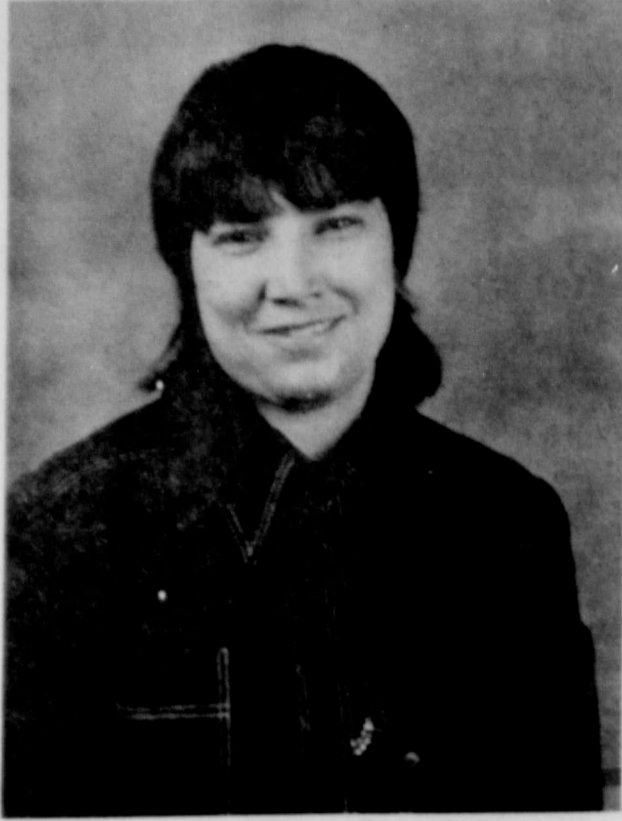

Mrs. Ward Gurley, president, conducted a short business session. Mrs. Robert Moss introduced the program "America's Bicentennial" combining Thanksgiving and the Johnny Applesed Bicentennial, 1774-1974.

The devotion was given by Mrs. Ward Gurley using as the title "Something to Think About Before Thanksgiving." Mrs. Gurley stressed being thankful for all our blessings, and asked the club members three key questions: What do we do for God? How do we compare to Jesus? And what do we do for our country? She closed with Helen Steiner Rice's poem, "Thank You God for Everything."

Mrs. Moss gave a short history of the life of Johnny Applesed telling how pioneer children in the Middle West had apples to eat with their dull fare of hoecake and game largely because of the labors of one kindly, tireless man. He was a pioneer, and one of the very best. Under his arm he carried a Bible and over his shoulder a bag of applesed. Everywhere he went Johnny left the shadow of his deeds behind. The shadow grew until it stretched across the whole frontier. And in that shadow everywhere were love and faith and the apple tree.

"The History of the Apple" was given by Miss Jackie Culbert. She told about the legends, myths, superstitions, utilizations, and nutrition of the apple.

Miss Nancy Hillery told about the apple industry, apple products, the story of thirteen varieties, and the control atmosphere storage.

**PLAN JANUARY WEDDING**—Mr. and Mrs. Le Roy McCracken of Vega announce the approaching marriage of their daughter, Leann, to Mr. Mike Webster, son of Mrs. Wanda Neel and grandson of Mr. Dot Webster of Memphis. The couple plans a January 18 wedding at the First United Methodist Church in McLean. Both Miss McCracken and her fiancée are employed by McLean Cattle Company.

Miss Esta McElrath discussed "The Apple and You."

During roll call each member told her favorite way to prepare apples. Members present were Mrs. Theo. Swift, Robert Moss, R. E. Clark, Jeanette Irons, Ward Gurley, Alvin Pyeatt, L. G. Rasco, L. A. Stilwell, and Misses Esta McElrath, Sybil Gurley, Alma Bruce, Jackie Culbert, and Nancy Hillery.

## Delphian Club Members Enjoy Art Program

Fine Arts was the focus when the Delphian Club met November 19. After a short business meeting which included the announcement of outstanding success with the Library Luncheon, Mrs. C. D. "The Old Nine Patch." The meditation was a nostalgic look at the days of the quilting bee.

Mrs. John Deaver, II, program chairman introduced Mrs. Warren Mitchell who discussed the history of quilting. Some social, political, and practical aspects of the quilt were covered. Quilts and quilt patterns were displayed by Mrs. Mitchell and Mrs. John Crane.

Mrs. Deaver displayed decorated Christmas cookies. She brought both the edible and bread dough cookie ornaments, baskets and napkin rings. Mrs. Crane then displayed some items of tole painting.

### MY CREED By Dean Alfange

"I do not choose to be a common man. It is my right to be uncommon. I seek opportunity to develop whatever talents God gave me—not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any earthly master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act my self, enjoy the benefit of my creations and to face the world boldly and say—'This, with God's help, I have done.' All this is what it means to be an American."

Happy Thanksgiving

## Atalantean Club Entertains With Gentlemen's Evening Tuesday

The Atalantean Club met Tuesday, Nov. 19, in the Community Center for annual Gentlemen's Evening.

Mrs. C. H. Murphy, Jr., welcomed guests. Grace was given by Mrs. Dub Parker. A delicious meal was enjoyed by members and guests.

A very popular high school group called the Mock 4 presented several musical selections. The group included Mike Murphy, Mark Hutcherson, Cory Howard and Doug Hindman.

Mrs. Parker introduced the guests speaker, Mr. Tom Atkinson, who is the county school counselor. He gave a most interesting talk on education. Education is a demanding thing, we excel the world in education, he stated. War has progressed our education

more than anything else, he said.

Members and guests present were: Mrs. W. C. Dickey, Mr. and Mrs. James Davis, Mr. and Mrs. Robert Montgomery, Mr. and Mrs. Glynn Thompson, Mr. and Mrs. Robert Sexauer, Mr. and Mrs. Clenton Voyles, Mr. and Mrs. Dub Parker, Mr. and Mrs. Tom Atkinson, Mr. and Mrs. Larry Parks, Mr. and Mrs. Henry Foster, Jr., Mr. and Mrs. Robert Spicer, Mrs. C. H. Murphy, Jr., and Miss Gertrude Rasco.

Mrs. Patti Kilpatrick had lunch with Mrs. W. M. Kilpatrick, Jr., on Monday. Patti, the educational director at the Panhandle-Plains Historical Museum in Canyon, met with Wayne Preston's history class at Memphis Jr. High.

# Dinner Theatre Presented Nov. 18 Acclaimed Glowing Success

Two hundred and twenty-five men and their ladies filled the Community Auditorium on Monday evening, Nov. 18, for the turkey dinner and one-act play that was all of which was sponsored by The Memphis Little Theatre.

Lucky enough to have tickets for the evening's entertainment were profuse in their praise of the initial "Dinner Theatre" and those who failed to attend are most regretful having heard the "traves" of those who were there, Virginia Browder, president, stated. Besides local residents in the audience, there were three couples from Clarendon and one from Childress.

Following the delicious turkey dinner fare, Mrs. Bob Sexauer as director, presented a one-act comedy entitled "The One In His Life". The cast included Kathryn Jones (Claudia) Myrtle Helm (Alice) Wilma Voyles (Stella), Ann Brown (Suzanne) and the maid Annette Boswell as Winnie. It was a play with which both men and women could identify as it was a merry mixup whereby Gerard supposedly inticed four enamoured females to the same motel at the same time. It evoked chuckles from start to finish.

The response to The Little Theatre's first try at presenting a dinner theatre was such that we have hopes of repeating the idea each year, the president said. And the president extended sincere thanks to Jerry Burleson of

Town & Country Furniture and to R. C. Lemons for the stage furnishings. Also, thanks to The First National Bank and First State Bank for the souvenir napkins and book matches. We appreciate the players, the director, the good folks who attended, and the good food. And while the invocation by Mayor Dale was overlooked, the Lord knows we are grateful for the bounty of food and fellowship we enjoyed that evening, the president concluded.

# SPORTS CORNER

By BILL COMBS  
Thanksgiving holidays are often associated with football, what with the traditional University of Texas, Texas A&M game, and several other games . . . but this year in Memphis, Texas, football is the chief topic of conversation for everyone.

The Memphis Cyclone is in the midst of having the greatest football season in the school's history, standing 11-0 now with opportunity of further advancement in Class A State Playoffs at Canyon Friday night against the Petersburg Buffaloes. This is the first time in history for these two teams to meet.

Cyclone Coach Clyde McMurray said his team is in high spirits, having good workouts, everyone healthy and ready to go against Petersburg. But, he warned that fans and boosters should take an example from the Memphis players by looking ahead only to the next football game. "I feel our team is doing just that. Petersburg is a well drilled football team which plays good offense & defense and has an excellent passing attack and superior kicking game." He indicated the Cyclone camp is not taking the Region game lightly and he hopes fans are not.

We played super defense against Stinnett and our offensive line gave great effort in blocking the Rattlers in order for our offense to go, the coach said. He indicated the whole game was a remarkable display of team effort and that all the Memphis players can share in the glory of the victory.

Local fans are like many others.

An information gap has existed between the north plains teams and the south plains teams, due primarily to regional sports writers from Amarillo and Lubbock. Petersburg is 10-1 for the season and were 8-1-1 last year. They won key games over Hale Center, rated in the top 10 earlier in the season, Lorenzo 24-23, and New Deal by one TD. The only game they lost was to Hart, the team the Buffaloes defeated last Friday in Bi-District by an impressive 24-0 score.

If Memphis should win the Regional game, it would be the first time in history for a Memphis team to reach the State quarterfinals in football. The teams 11-0 record already has set new school records, and the 15 game winning streak is another record.

I've worked closely with every Memphis team since 1960, and there is one thing that sets this team apart from other Memphis clubs, and that is the physical and mental toughness of the individual athletes. Physically, the team has been able to remain healthy through many, many gridiron wars with only a minimum of injuries. Mentally tough? A coach one time referred to a situation of mental toughness in this way. Most teams are ready to go 100 per cent in the ball games, but its rare to find a team that can be beaten black and blue on Friday or Saturday and be ready come Monday to have a hard workout to prepare for the next one. Monday workout sessions in the Cyclone camp are not for the faint hearted.

Coaches traditionally teach their

**HAPPY BUNCH OF CYCLONES**—Pictured above are the activities which took place Friday night following the Memphis-Stinnett game. Coach Clyde McMurray is being lifted up onto the shoulders of Captains Gary McKay and Candy Reyes, while Captain James Beck is guarding the trophy Gene Mayfield has just presented to the Cyclone team. The sign shown by several Memphis players is the No. 1 sign. Other players are engaged in shaking hands with Stinnett players.

athletes to think ahead only to the next game. They advise, "don't dream of a championship until you get the opportunity to play in the finals." This is sound, logical advice, for each opponent along the way is a top candidate, and only one team out of the

whole state can be the champion. So this week its the Regional game, and we hope the whole town turns out to support the team to even greater achievements than have gone before.

ball games where I personally know the local teams players is one of the greatest privileges I have in weekly journalism. I dislike covering a game from the "press box" or from the stands for many reasons, the chief one being that I am near-sighted and

Writing about high school foot-

have difficulty with quick identifications. But when you're on the sidelines you hear the pads, pop, you get a certain feeling about the amount of effort being expended, and occasionally you vocal comments between opposing players.

Thanks to a fine group of young men, this Thanksgiving will be one of the most enjoyable for me and for our fans of any since the Thanksgiving day victory over Springlake in 1953 (which was for Bi-District). Why? We all have opportunity to see the 1974 Memphis Cyclone in action again. There hasn't been a dull moment this season and the Region contest with Petersburg promises to be another gridiron battle.

An interesting sideline I noticed after the Stinnett game in Canyon last Friday night. After WTSU Athletic Director Gene Mayfield presented Coach McMurray the trophy, the Memphis coach was carried from the field by local players. Who were the players doing the carrying? It would look like some of the reserves would have that job wouldn't it? Well, it was Team Captain Gary McKay and Candy Reyes, with some of the other starters assisting. Where was Captain James Beck? He was guarding the Bi-District trophy. This Memphis team is usually not too emotional, but as the season is progressing the flames of emotion seem to be burning brighter.

Cyclones, Beat Petersburg!

# CONSERVE AND SAVE

### DISHWASHER SAVER-TIPS

A dishwasher will usually hold a whole day's dishes. It takes as much hot water and energy to wash 1 dish as it does a full load. Stack your dishes out of sight in your dishwasher and wait until you have a full load to turn it on. Use only detergents manufactured specifically for dishwashers. A wetting agent helps prevent water spots on glasses and silverware. Clean the filter screen often. A clogged filter can reduce the efficiency of your dishwasher.

### WATER HEATER SAVER-TIPS

It's amazing how much water a leaky faucet will drip in a month's time and if the leaking faucet is a hot water faucet, it will waste both energy and water needlessly. As an example, a faucet dripping 90 drops per minute will waste 300 gallons per month. To assure long life and efficiency, the water heater tank should have a small amount of water drained periodically. Once a month should be adequate. The purpose of draining water from the tank is to prevent sediment build-up in the tank bottom. The thermostat controlling the water temperature is usually pre-set at the factory to deliver hot water at 150° F. This setting has proven satisfactory from the standpoint of operating cost and household needs. A water heater that's old, or too small for your family needs, can be wasteful, because it's working too hard and using too much energy to keep up with your hot water demands.

### The Chamber Corner

Jim Edd Wines

Memphis Chamber is en-  
 all merchants and bus-  
 to close early Friday for  
 the Regional contest in  
 We recommend closing  
 4:30 and 5:00 p. m. Fri-

3-years terms and one position  
 will be for 2 years of the unex-  
 pired term of Morris Davis who  
 resigned last month. We regret  
 that Morris has resigned, but the  
 growth of his out-of-town bus-  
 iness has made it impossible for  
 his attendance at meetings.

Chamber of Commerce direc-  
 tors who are serving their third  
 year and will be retiring are  
 President John Kehr, Johnny  
 Farnsworth, Dany Scarbrough &  
 Andy GARDENHIRE. These four men  
 have done an outstanding job  
 serving our community as Cham-  
 ber of Commerce directors. The  
 directors who will serve one more  
 year are: Frank B. Foxhall, O.  
 R. "Doc" Saye, Larry Parks and  
 Bill Crane. Directors to serve  
 another two years are: Don  
 Cockrell, Donny Spicer and Mike  
 Branigan.

The entire Chamber of Com-  
 merce membership will vote for  
 the new directors from a ballot  
 listing all of the members. The  
 nomination committee's selection  
 and recommendation for the  
 open positions will be attached  
 to the official ballot.

Our congratulations to the  
 coaching staff and members of  
 the 1974 Memphis Cyclone foot-  
 ball team. The 1974 Cyclones will  
 go down in MHS history as the  
 finest football club in school his-  
 tory. Again this Friday evening  
 in Kimbrough Memorial Stadium  
 on the campus of West Texas  
 State University in Canyon will  
 be the regional title game of the  
 Cyclone and Petersburg Buffalos.

We encourage all citizens, both  
 present and former, to attend the  
 game and support our team. Many  
 former high school graduates and  
 Memphis citizens from the Pan-  
 handle area will be on hand at the  
 game. Fans should arrive early  
 before the 8 p. m. kickoff to visit  
 with former classmates and fri-  
 ends. We will again be on the  
 home side (West) of Buffalo  
 Bowl. The Cyclones will be in gold  
 uniforms and the Buffalos will be  
 in black; Petersburg's school  
 colors are also black and gold. The  
 Memphis Chamber of Commerce

**SENIOR TWIRLER**—Miss Shari Posey, Cyclone Band's senior twirler, pictured above, is one of the Band's two outstanding twirlers who entertain during halftime shows at the Memphis football games. Miss Posey was awarded a Div. I rating on her twirling solo at U. I. L. Contest recently and she qualifies for the State Contest in June. She is the daughter of Mr. and Mrs. Marion Posey.

is 100 percent behind the Mem-  
 phis Cyclones and encourages  
 everyone to come out Friday in  
 support of Memphis' finest foot-  
 ball team.

We received a letter and check  
 from Mrs. Frances Ray, daughter  
 of Howard A. Finch, formerly of  
 Memphis. Frances' husband, Jeff,  
 is a Lt. Col. in the Army and they  
 are presently living in Okla-  
 homa City. Mrs. Ray sent us a  
 check for one of the famous  
 Memphis miniature cotton bales.

### American Legion Auxiliary Meets November 19

The American Legion Auxiliary meet Tuesday, Nov. 19, for a regular meeting. The main goal of this meeting was to prepare Christmas boxes which will be taken to the Veterans Administration Hospital in Amarillo on December 8. Gifts are donated each year by American Legion members from the Panhandle area. The gifts are displayed in the Conference Room of the hospital where patients are allowed to select a free gift for each immediate member of his family. The wrapping of these gifts is then taken care of by the American Legion. Some deliveries in the Amarillo area are also made.

### Jr. High Students Hear Program On Archeology

Mrs. Patti Kilpatrick, edu-  
 cational director of the Pan-  
 handle-Plains Historical Museum  
 at Canyon, presented a program  
 to the social studies classes at  
 Memphis Jr. High School on Mon-  
 day and Wednesday.

The subjects dealt with in her program were Archeology and the Panhandle-Plains Indians. Both picture slides and genuine articles were used in the presenta-  
 tion. Mrs. Kilpatrick discussed the three main Plains Indians of the Panhandle, the Comanches, the Apaches and the Kiowas. She also told about the very important archeological "dig" at Quitaque where some of the oldest human remains in America have been excavated.

Student response to the program was excellent, she stated.

Mrs. Kilpatrick is the wife of a former Memphian, Merle, son of Mr. and Mrs. W. M. Kilpatrick, Jr.

Mrs. Helen Crisman and Karen of Lubbock spent the weekend with their parents and grandpar-  
 ents, Mr. and Mrs. Lynn B. Jones.

# At Thanksgiving

**We Are Grateful to  
 Our Members**

Rural and urban Americans once considered  
 electricity a luxury. Now it is simply a vital  
 necessity of day-to-day living

While we are pleased by this attitude, we do not forget for a moment the responsibility it entails. Our rural electric system assures a dependable, efficient supply of electricity to our consumer-owners at the lowest possible cost consistent with reliable service. And we are at work constantly to assure that this trust develops no broken link.

Our constant vigilance is even greater because of our direct responsibility to our consumers who are our member-owners, and elect from among themselves a Board of Directors to see that their electric system is properly guided. This is the cooperative way—one of the tried and proven ways of conducting private business under our diversified economic system.

One result of our direct responsibility to our members is an active attentiveness to the needs, electric and otherwise, of our consumers. We strive to help in the development of our service area in as many ways as possible.

We are gratified by this opportunity to be of service. We realize that a strong rural America benefits all America.

**Times Have Changed  
 Since The Days  
 Of The Pilgrims . . .**

But your country still has much to be thankful for. We hope that this Thanksgiving Day will find you counting your own blessings as you gather around the holiday table with your loved ones.

We join with each of you as we give thanks for the good things of life which we enjoy today. The loyal patronage of our many friends has made this past year a prosperous one. As we pause to count our blessings, we are filled with gratitude for that patronage.

# STATE CAPITAL Highlights AND Sidelights

by Bill Boykin  
TEXAS PRESS ASSOCIATION

AUSTIN — Legislative Budget Board heard warnings that spending demands and cost of school finance formula revision are fast eating up an anticipated \$1.4 billion surplus.

Lt. Gov. Bill Hobby said talk of tax cuts is "premature" until the board completes its spending recommendations next month.

LBB aides echoed earlier words of caution that spending all the fat surplus in sight would mean a record tax bill of \$1.5 billion in 1977.

They also calculated that state government agencies already have requested more than \$1.7 billion in increased general revenue appropriations for the coming fiscal period. That is 80.3 per cent over the current level—and \$300 million more than the anticipated surplus at the end of the next biennium.

Cost of overhauling the school finance formula — priority goal of the 1975 Legislature — was estimated at from \$570 million to \$873 million during 1976-77.

LBB figured it has recommended \$362 million in general revenue increases for the agencies. More agencies will have their appropriations requests reviewed & acted on December 9.

The Mental Health and Mental Retardation Department would receive under Board recommendations \$68.4 million in general revenue—an increase of \$227.3 million, but far short of the \$913.6 million requested.

Recommendations of the budget board will go to the legislature when it convenes next January to write the 1976-77 appropriations act and perform other biennial lawmaking assignments.

**WIDE OPEN ALLOWABLE** — For the 33rd consecutive month, the Railroad Commission ordered a 100 per cent statewide oil allowable in December.

Major purchasers of crude oil wanted slightly more than four million barrels a day produced. This is a slight decrease, of 33,912 barrels, from November.

Most purchasers asked for the same amount. One asked a substantial increase, and another decreased its nomination to buy slightly.

**LIQUOR BOARD HEAD QUILTS** — O. N. "Newt" Humphreys resigned under fire as administrator of the Alcoholic Beverage Commission.

Hired in 1968 in a general

appointment, Humphreys was

responsible for the commission's

operations during the past

two years. He was criticized

for his handling of the

commission's budget and

for his failure to

bring in new revenue

sources. He was also

criticized for his

handling of the

commission's

operations during

the past two

years. He was

criticized for

his handling of

the commission's

operations during

the past two

years. He was

criticized for

his handling of

the commission's

cleanup move, Humphrey said he was quitting because a second member of the three-man ABC had asked him to step aside.

R. L. Thornton Jr. of Dallas had been after Humphrey's scalp since last May. Joe Burkett of Kerrville last week came over to Thornton's point of view, at least in part.

Humphrey shocked a House Liquor Regulation Sub-Committee by announcing his move at a meeting of the group immediately after a brief closed-door ABC meeting. He indicated he was caught in a cross-fire between Thornton and Burkett over whether or not to fire some of his employees.

**COURTS SPEAK** — The Supreme Court took under advisement lengthy arguments over whether the Railroad Commission has power to apportion natural gas among areas in accord with supplies and needs.

A Lower Colorado River Authority \$11 million contract suit against Coastal States Gas Producing Company has been transferred from Brenham to Bryan.

The Court of Criminal Appeals reversed a life sentence ordered for a Harris County man convicted of slaying three, and ordered a new trial.

Another sentence — 35 years for sale of heroin — was reversed by the same court on grounds of hearsay notations on the evidence submission envelope.

**AG OPINIONS** — A county mental retardation authority must post notice of meetings on a public bulletin board in the courthouse under the open meetings law.

In other recent opinions, Hill concluded: When no fees are set by the legislature, district clerks can charge a reasonable fee for their services.

There is no necessary legal incompatibility between the dual employment of independent school district tax assessor-collector and city commissioner, although such a conflict is conceivable depending on facts in each case. (Hill decline to pass definite judgment).

A prison inmate on emergency reprieve is subject to Department of Correction rules and regulations and custody precautions.

The Texas Air Control Board, while it has power to establish standards of performance for new stationary sources which has a practical possibility of emitting air contaminants, does not have authority to require permits for construction and operation of indirect sources of contaminants. Neither does it have authority to enforce federal regulations, although it can adopt and enforce its own, and monitor pollution activities.

El Paso County can legally use a portion of its federal revenue sharing funds to contract with El Paso Hospital District for mental health and retardation services, public health units and clinics.

A public employee can be reimbursed for expenses within his designated headquarters while using a public conveyance.

**NEW SCHOOL FINANCE PLAN BACKED** — The House sub-committee on public school financing endorsed the "weighted-pupil" concept of distributing school aid funds.

The proposal would provide money on the basis of individual student needs within districts.

The panel also approved determining state finance assistance in proportion to full market value of property in each school district. It made no recommendation on what salaries teachers should be

paid. Portions of six different plans for school finance revision were reviewed and borrowed from.

**APPOINTMENTS** — Judge T. Gilbert Sharpe of Brownsville has been named by Texas Water Rights Commission to act as conservator for Duvall County Conservation and Reclamation District.

Dr. Robert A. Montgomery and John R. Guemple will be new assistant deputy state commissioners of education. Charles Nix, Dr. Severo Gomez and Dr. J. B. Morgan are associate commissioners. Dr. L. Harlan Ford will be deputy commissioner for educational program and personnel development and Alton Bowen deputy commissioner for administrative services.

**SHORT SNORTS** — First National Bank of Dallas and associates were successful bidders on a \$10 million "clean water" bond issue at an effective interest rate of 4.75 per cent for 10 years.

Development of oil and gas resources on federal lands off Texas shores will cost state and local governments \$62 million a year, Land Commissioner Bob Armstrong estimated.

A Texas trade mission to Egypt and Kuwait is scheduled December 3-17 to explore new markets for Texas products.

A textbook publisher filed a \$30 million libel and slander suit against three Texas Women who successfully protested adoption of the firm's book.

Gov. Dolph Briscoe was favored as chairman of the Texas delegation to the miniconvention in a telephone poll of delegates.

## Memphis Schools Announce Holidays

Memphis Schools have announced the dates set for the Thanksgiving and Christmas holidays, according to Bill Wood, Supt.

School was dismissed Wednesday afternoon at 2:30 p. m. as the beginning of the Thanksgiving holiday. Classes will resume Monday morning, Dec. 2, Mr. Wood said.

The Christmas holiday will begin when school is dismissed at 2:30 p. m. on Friday, Dec. 20. A full two-week vacation for students is planned with classes resuming Monday morning, Jan. 6.

## Theft Seminar — (Continued From Page 1)

which will be free of charge. The meeting is designed to help small businesses by examining some of the critical problems and offering solutions to the control of shoplifting and bad checks, losses.

W. W. Beauchamp, business management specialist with the Small Business Administration, Lubbock District Office, will introduce the program and present to interesting and informative motion pictures.

A panel discussion will be included in the seminar and panel members will be Hall County Sheriff Elmer Neel, County Attorney John Chamberlain, Attorney John Deaver II and District Attorney Charles Darter of Wellington. Questions will be answered in relation to legal procedures with "hot checks" and shoplifters.

For pre-registration or further information, the public is asked to contact Mr. Wines at 259-3144 or at Box 789, Memphis. Everyone is cordially invited to attend.

## Homer Howell To Speak To Masons Here Monday Night

The Memphis Masonic Lodge will meet at 7:30 p. m. Monday in a stated meeting and hear Homer Howell of Oklahoma City speak on "observations of one who has returned to his lodge after 100 years."

Visitors from surrounding lodges are expected to be here for the special program. Mr. Howell is a former Memphis resident, having attended high school here, and is a Past Master of Day Lodge No. 547 in Oklahoma City.

## Home Demonstration Club To Learn Cake Decorating

The Hall County Home Demonstration Club will meet on Monday afternoon, December 2, from one to three o'clock in the auditorium of the Housing Authority. Mrs. Carl Wood will give a demonstration on cake decorating. Any member may bring her own

cake and work as Mrs. demonstrates if she wishes. All interested women County are welcomed. Miss Pam Walker, Demonstration Agent, probably attend the meeting. Those unable to come are invited to join the program any time after the meeting.

**Satellite School** (Continued from Page 1) be made with Topo the County Superintendent. Mr. Walker and Mrs. of Amarillo will be on 11th street as a meeting place for the school.

"Hopefully, by the 1975, the school will be established and of great to the area, both to the ped individuals and the ents," members of the Board stated.

## B. B. Shots

BYRON BALDWIN

Another one of our local ladies' clubs put over a good dinner and show in the Community Building with over 200 in attendance. This club has been active since 1929 when 25 women met at the home of Mrs. M. E. Allen. This club was organized Oct. 1 making it 45 years old last Oct. 1. Several of these charter members that I know that are living are Mrs. T. M. Harrison, Mrs. Frank Fore, Mrs. D. L. C. Kinard, Mrs. J. E. Bass, Mrs. Mac Tarver, Mrs. John Deaver, Mrs. C. L. Sloan, Mrs. Frank Foxhall, Mrs. R. S. Greene, Virginia Browder and Vernadine Jones. There may be others that I do not know about that are now living. From all the comments I heard on the show directed by Mary Helen Sexauer, we may have actresses from here take Lucile Ball's place when she takes out. But anyway, there was a lot of food, fun and fellowship as well as work in sponsoring this for the library fund.

Last Friday afternoon about 5:30 in checking our town, I think I only counted 37 people left here. The other 4,000 were on the highway in buses and cars on their way to Canyon for the football game between Memphis and Stinnett which was a winner with a score of 37 to 7 in our favor. Not only Memphis residents were there cheering for the Cyclones, but a lot of former residents now of Amarillo, Canyon, Plainview, Lubbock, Dimmitt, Dumas, Borger, Hereford, Vega and many other towns represented. I heard 2 or 3 people say that it was like a homecoming week since all the happy faces they were seeing made it hard for them to watch the game. Congratulations and wishing victory in Friday night's game!

Martha and Martha Ann Clark had a sad look on their faces in the super market last Saturday morning and for a good reason as Dr. Robert had checked 4 times on weather conditions

for flying to see the Baylor-SMU game. He was advised not to fly so Martha Ann said she would shoot a firecracker or do something to boost Baylor's winning luck. She must have shot the firecracker as the Baylor Bears won.

Dalton Martin of Childess was a visitor in Hall County Heritage Hall the past week. He said he would have to come back again and spend the day to see all the different items on display.

Tanya Sigler had as her guest in Heritage Hall her friend, Paula Dilladou of Amarillo. She liked our Heritage Hall very much and said she would make a return visit when she had more time.

When I visited Hall County Hospital last Saturday, there were 2 new aides and in checking the patients, I found that there were 8 patients from other towns and one patient from California. There were about 40 patients in the reception rooms of the clinics waiting to see a doctor.

Mrs. E. E. Roberts, who has been ill, is now in Lubbock taking treatment. Her address is 36-15 47th Street, Lubbock at the home of her son.

On a coffee break last Friday morning, I met Dr. Don Buresh of Greenbay, Wis. It was the doctor's first trip to Texas and he made the remark that "Texas looked good to him." He and his wife were visiting here with Mr. and Mrs. Bob Fowler. Don and Bob slept and ate together for 3 years while serving in the Navy on the USS Boxer. This was their first time to meet after going back to civilian life. Bob, of course, made a pharmacist and Don attended Marquette University at Milwaukee, first studying for dentistry and then made an M. D. Don married a girl from Brooklyn, N. Y. They have 6 children. Bob married Sue, a Dallas, Texas, girl, and they have 3

daughters. I tried to get a good Navy story about Don and Bob and the only one I could get was the time they both wanted shore leave and put in for the Olympics for tennis. Don said after their trial at tennis the Olympics, they were back on ship and were not asked to play tennis any other time. Marquette Medical School, is where Dr. Quick, a noted blood specialist is still working at the age of 85.

I had a short visit with Irl Twilla of Turkey a few days ago. Irl arrived in Hall County in 1907 and has worked on most of the large ranches in and around Hall County. He started working for Deaver and Hamilton in 1949. Even at the age of 83, he can still break wild horses to ride. He is a Cherokee.

I had a short visit with some friends of Bill and Wilma Leslie a few days ago. They were Mr. and Mrs. Clyde Privitt of Decatur and Lamesa as they live part time in each town. They first moved to Lamesa in 1923 and were close neighbors of my relatives there. I do not know this couple's age or Bill's and Wilma's, but they made the remark that we knew these kids, Bill and Wilma Jones, when they married. I do know how old people get at Lamesa before they quit calling them kids as they did Bill and Wilma. The Privitts gave a report on Ethelyn (Morgan) Woodruff, who is the daughter of the late Rev. and Mrs. R. B. Morgan who lived here several years. Ethelyn married Grady Woodruff who passed away a few years ago. She was very active in her music work at Decatur.

One of our local hunters, Homer Tribble, went on a bird hunt the first day the season opened. I got the low down on his hunt as he stated a few facts. He said his gun cost \$75, bought \$5 worth of shells, walked about 100 miles, used \$1.50 worth of gas for his car and with all of this investment, he killed one bird and he gave it away.

Senator Jack Hightower was passing through Memphis a few days ago on his way to Washington, D. C. for some preliminary work before being sworn in. I never thought my dream for Jack would come true so soon when he graduated from MHS and told me he was going to study law. I told him at that time with phy he should be a senator or congressman. He laught about such a thought as that, but both have come true, Senator and Congressman. In checking through some of the old Chamber of Commerce books, we find that Jack worked for the C. of C. at several different time delivering circulars at 50c per day. That would not go very far now on paying Republican or Democratic expenses.

The joint Thanksgiving service last Sunday night with the Methodist Church was very inspiring to see the different denominations represented and all giving thanks in praise to the one and only God. This service made me think of the songs of "Praise God From Whom all Blessings Flow" and the other daily song is "Count your many blessings, see what God hath done". We are in such a rush for time, I think a lot of us forget our daily blessings in life.

I read a quote a few days ago

that seemed to be true. "We spend the first half of our life trying to understand the older generation and the last half trying to understand the younger generation."

On a coffee break a few days ago with a friend, he gave me one word that he thought was causing the world disturbance at this time. The word he gave me was "greed".

**Jessie W. Murdock Visits Friends, Relatives Here**  
Jessie Wayne Murdock, on leave from the U. S. Army, visited relatives and friends in Memphis, Ft. Worth and Amarillo this past week. While in Amarillo, he attended the Memphis-Stinnett football game in Canyon Friday night.

Jessie was en route to Fort Hood, Texas, where he will be stationed for several months.

**NOTICE**  
On Nov. 12, 1974, there was a quail trap picked up at the Club Lake with 4 quail in it. The members of the Lake would like to know who the trap belongs to.
