### A Return To Old Values?

The national news media spends laborious hours checking and rechecking all types of statistical trends in the flow of American society and one of the trends taking shape is a return to some of the "old values".

One statistical report points out that marriages are on the increase in the nation, due to a larger number of "marriage age" citizens but also in a greater part due to the hard pressed economic situation.

The marriage vows say: "for richer, or poorer, in sickness and in health," and according to experts in marriages, the husband and wife are far more likely to split the sheet during good times, and cling together for survival during bad times, out of economic necessity, if for no other reason.

Fewer divorces are being granted today, than a year ago even in states like California and Nevada, statistics reveal.

One columnist in The Dallas Morning News, pointed out that executives of American industry do not set much of an example of hard work. Executives can't do an honest week's work playing golf three afternoons a week. Tom Girdler didn't do this back in the bad old days when he was building a small competitive steel company. Kettering didn't do it. Neither did Henry Ford nor did Wilson who said that what was good for General Motors was good for the United States. When you think about how people worked then, maybe he was right.

What changes are in store for citizens throughout the next 10, 20, or 30 years? One news magazine quotes a British educator as saying that we may expect immense pressures on every traditional value and belief as we adjust ourselves to constraints on population, or resources, or energy. The dilemma is that never before has so much self-discipline been needed from the public; and at the same time never before has the capacity to enforce discipline been so weak.

The new wave will have to be moderation in our lives. Shortages of all kinds are likely to erupt at times at the supermarket or department store, as access to easily available resources dwindles, and the world demand for foodstuffs grows.

Moderation will be seen in travel, recreation, transportation selections, housing, clothing, and all aspects of the economy. This will be caused by more dollars going to the "raw material" producing nations of the world.

What about population growth? An overall slower growth in population is expected in the United States until the year 2,000, with increased population expected in the South, Southwest, and West of the nation, and less in the Northeast, East North Central and West North Central. There is a trend of a trickle of population back to rural areas, but urban areas are also expected to grow.

James Hitchcock, a highly regarded historian, a professor on the faculty of St. Louis University, says that students today are not as prone to worry about "self-fulfillment" as they were five years ago, and are more interested in vocational education and answering the immediate question of: "what kind of a job can I get if I go through this program?"

"But if recession goes on I think there could be a rebirth of the family. Affluence seems to have drawn people more and more away from the family into a larger orbit. We may see a rebirth of family unity simply in the possibility that economic conditions may make people stay home more and find family ways of amusing themselves," Professor Hitchcock observes.

The break-up of the family unit is one of the major causes of crime in our society, according to beliefs held by most citizens. Secondly, alcohol and drugs are cited as a major cause.

### LEAVE IT ALONE . . . MOST SAY!

Area residents passed through another time change Sunday, and the almost unanimous consensus of those interviewed was, "why don't they just leave time alone."

Most citizens did not really care whether it was daylight savings or standard time, so long as there was no changing back and forth, a situation which disrupts the natural flow of our time schedule.

Whenever a person establishes a rhythm, going to sleep at a certain time, waking up at a certain time, eating at a set time, it is difficult to break.

Farmers, and out-door workers, live by a daylight clock, and the Daylight Saving Time does not bother them as much during the working day, but one of them said, "the thing I don't like is coming in at dusk and catching the late news on T.V."

Generally, citizens wish the time would remain the same.

### STORE TAX LAW REPEALED!

If you are a store owner, who has purchased your store license from the State of Texas under the Store Tax Law, you may be wondering where your notice has gotten off to this year.

Well, you'll be happy to hear that the Store Tax Law has been repealed. No store license will be required after December 31, 1974 in Texas.

Those who have written requesting the issuance of a new store license have had their request and remittance refunded and returned to them.

### What Other Editors Say

The recent suicide of Eli Black, chairman of United Brands, should cause all of us to stop in our tracks and do a little soul searching in these desperate times.

The death of the 53-year-old head of a \$1.98 billion multinational company who jumped from his 44th floor office in New York's Pan Am Building, is strangely reminiscent of a wave of suicides which occurred following the stock market crash of 1929, sparking the depression.

"It's tough for the Eli Blacks of this world," said Dr. Jerome Motto, professor of psychiatry at the University of California School of Medicine. "If they slip, they can't accept it. They've bought the expectations of their shareholders or the financial community."

The Wall Street Journal editorially asked a question that should be heard not only throughout the American business community but around the world. It was, "Can a sensitive man, a man with high moral standards, survive in an uncompromising financial world that demands steadily increasing earnings? Do the very characteristics that investors and shareholders expect from their chief executive officers lead to these officers' self-deterioration?"

The pressures of a civilization that demands not food, clothing and shelter, not "enough," not the comfortable standard of living that most all have been enjoying for the past three decades, but more and more and more apparently are too much.

As the Wall Street writer suggested, we live in "an uncompromising financial world that demands steadily increasing earnings."

That has been the besetting sin of the 1950s, 1960s, 1970s.

All of us have a legitimate right to want to "get along" and to enjoy the normal blessings of the particular times in which we live. That isn't unreasonable.

It isn't unreasonable to strive to maintain what we have. None wants to slip backward if it can be avoided.

But if there is a phrase that characterizes this generation, it is "steadily increasing earnings" as used by the Wall Street writer.

Where and when did God promise man "steadily increasing earnings" here on this earth?

The prime reason for our runaway inflation is not man's efforts just to maintain the status quo. It has been his efforts for "steadily increasing earnings," not just to pass on higher costs dollar for dollar.

That's why we are able to read on the financial pages of our newspapers where Big Oil, Big Paper and Big Steel have been reporting 1974 earnings from 50 to 500 per cent higher than those of 1973.

Mr. Black's son, Leon, a student at the Harvard Graduate School of Business Administration, is also asking questions similar to those of the Wall Street Journal writer.

"I think I'll go into business, but I hope I never lose the perspective that living is the most important thing."

Somewhere along the line, his father lost that perspective.

prepared to face the future with a sound sense of values, a correct sense of priorities.

We are all materialists. We have to be if we expect to eat breakfast in the morning and have a place to sleep tonight. But few if any take their lives when their second, third or fourth priorities collapse. It's usually when their God tumbles.

## Loral and William Rogers, Brothers, Re-Serving in U. S. Army at Ft. Sill

PORT SILL, Okla. . . "Loral and William Rogers are one of the few brother teams around," said Captain Laurence J. Ecuycy, commanding officer of the 1st Star Battery. "They are outstanding soldiers and doing a fine job."

The two Memphis, Tex., brothers share many of the same achievements in the Army. Both hold rank of specialist four, are members of Choice enlistees, work as assistant gunners and compete in athletic events at Ft. Sill.

William Rogers entered the Army in May 1973, after graduating in Memphis, Tex., High School. He wanted to be close to home, a 21-year-old soldier said. "Both brother and I go home nearly every weekend."

The Rogers brothers are the sons of Mrs. Mildred Rogers who lives in the Morningside Addition in Memphis.

Loral Rogers, 23, was attending college on an athletic scholarship in May 1973, when he was injured in an injury ended his career in college track competition. He is a high school record in the 100-yard sprint.

"I found it too hard to work and attend college both," said the younger physical education major. "I decided I would join my brother in the Army and enlist in the Station of Choice program."

As Station of Choice enlistees, the brothers are guaranteed an assignment of at least 16 months at Ft. Sill.

Both are members of the Lone Star Battery which was formerly the 1st Battalion, 18th Artillery.

The Lone Star Battery was activated on April 21, 1973, on the anniversary of Gen. Sam Houston's defeat of the Mexican forces at San Jacinto and the founding of the Republic of Texas. Sixty percent of the battery is composed of native Texans.

"We did work together," Loral said, "but there was a shortage in the other section and I now work

there. We are still in the same battery, though."

Both brothers are assistant gunners on the 155mm self-propelled howitzer. They manipulate the controls which properly set the cannon for firing.

Loral hasn't decided what he wants to do after he finishes his tour, but may return to school to major in psychology. "When I was attending college my minor was psychology and I still try to read a lot in that field. I especially like to observe people and their reactions. I think that studying psychology has helped me in the Army."

William said that he intends to enter the Air Force after completing his Army tour. In fact, he stated he plans to enter all branches of the service to find out what they are like.

"I've looked around at all the people out of jobs and decided to stay in the service. This is the easiest job I've ever had."

Both brothers are active on post in athletic competition. Loral competes in track and William plays on the battery basketball team.

### Travis W.M.U. Meets For Study Tuesday Morning

The W.M.U. of Travis Baptist Church met Tuesday morning at 9:30 o'clock for mission study.

## CARD OF THANKS

The Bible says in Romans 13:9, "Love thy neighbor as thyself." The people of Memphis loved Ruby McDowell that much. We who were fortunate enough to be in her family can never adequately express our love and appreciation for the food, flowers, memorials, cards and above all, the prayers during her illness.

We have lost her from this life but we will never lose the strength, inspiration and love given us by her friends and neighbors.

Mr. and Mrs. Sheldon Johnson

### Tanya Wood, Sheldon Johnson Wed In Nuptials Solemnized Sat., Feb. 1

Tanya Wood became the bride of Sheldon Johnson of Canyon in a double-ring ceremony solemnized at 3 p.m. Saturday, Feb. 1, in the First Baptist Church Chapel here. The Rev. C. H. Murphy, Jr., pastor, officiated.

The bride is the daughter of Mr. and Mrs. Carl Wood of Memphis while the groom is the son of Mr. and Mrs. Craig Johnson of Canyon.

The nuptial space was decorated by an archway entwined with green garlands and wedding bells.

Music was provided by organist Mrs. Danny White and a flute duet by Carol Caldwell and Jane Kailey from Bedford and Dallas. Given in marriage by her father, the bride wore a chapel-length white satin gown fashioned with an empire waist and stand-up collar. Her veil was of white tulle with bows of seed pearls.

Matron of honor was Mrs. Carl Williams of Houston, sister of the bride, who wore a yellow floor-length dress and yellow hat with red streamers.

Ring bearer was Mark Williams. Serving as best man was Max Tenario of Amarillo. Ushers were Roger Fields of Friona and Carl H. Wood, Jr., brother of the bride. Lula Miller registered the guests.

Mrs. Wood, mother of the bride, wore a beige long-sleeved, floor-length dress with partially buttoned front with soutache braid

loops. Mrs. Johnson, mother of the groom, was attired in a street length dress of beige. Both wore corsages of red roses and white daisies.

A reception followed the ceremony in the Fellowship Hall of the church.

The lovely wedding cake was designed atop a water fountain. The bride's bouquet lent decor to the table.

Presiding to serve the guests were Deedy Johnson, sister of the groom, and Mrs. Carl H. Wood, Jr., sister-in-law of the bride.

Following the ceremony, Mrs. Johnson chose for travel a yellow suit with red accessories.

The couple is at home at 2413 6th Ave. in Canyon where the bride is a junior Art Education major at West Texas State University and a member of Tau Beta Sigma. The groom is a senior majoring in Industrial Distribution Business.

Those visiting Mr. and Mrs. S. E. Crawford over the weekend were Mr. and Mrs. Leon Roberts of Longview, Mr. and Mrs. Eddie Gonce and Eddie Allen of Hereford, Mr. and Mrs. Garland Mills and Kaci of Memphis, Wanda Crawford of Memphis, Rhonda Crawford of Hedley. Also visiting were Mr. and Mrs. Dutch Vallance. Mr. and Mrs. Crawford celebrated their 30th wedding anniversary Sunday, Feb. 23.

### Connie Fowler Listed In Who's Who For Students

Connie Sue Fowler, a senior student at Lakeview High School, has been notified that she will be featured in the National publication of "Who's Who Among American High School Students." Who's Who is the largest and leading published account of student achievement. It enjoys wide recognition among educators, government officials, clergymen and business executives throughout the country. It is distributed to colleges and universities, large corporations, major libraries and to the many individuals who are very much interested in tomorrow's leaders. Less than 4 percent of the Junior and Senior class students of America, who are nominated for recognition, are featured in Who's Who each year and are to be commended for their meritorious achievements.

She was also informed that later in the year, she may also be invited to participate in the annual "Survey of High Achievers." As you may know, this study permits students to express their opinions on a wide range of current issues. Survey results are sent to the President of the United States, all Senators, Governors and the Press.

Connie's biography will be published in the 1974-75 edition of Who's Who, to be printed and distributed by Rand-McNally and Company in Mid-October.

Connie is the daughter of Mr. and Mrs. Carroll Fowler of Lakeview. She plans to attend Texas Tech University in Lubbock, beginning with the fall semester.

Mr. and Mrs. Thomas Roscoe Cathall of Burk Burnett are the parents of a son born Feb. 22. He weighed 6 pounds, 11 ounces and has been named Timothy Randle.

Mr. and Mrs. Joseph C. Boney of Esteline announce the arrival of a daughter on Feb. 23. Weighing 6 pounds, 3 ounces, she has been named Cynthia Dawn.

Mr. and Mrs. James Ray Edwards announce the birth of a daughter, Brandi Michelle, on Feb. 26. She weighed 6 pounds, 10 ounces.

### 'World Day of Prayer' To Be Held March 7

The International Committee for "World Day of Prayer," which sponsors this Day, each year selects one of the national committees around the world to prepare the service. This year, the Women's Ecumenical Prayer Fellowship in Egypt wrote the service and they have addressed this "Open letter" to women everywhere who will be celebrating this Day in 1975.

Greetings and Peace!

To help you enter into the fellowship of prayer in unity of spirit with us, we offer some background notes about the church in Egypt. We in the Arab Republic of Egypt invite you all, our sisters in Jesus Christ, from countries, East, West, North, and South to join us in this service of worship which is centered on the theme "BECOME PERFECTLY ONE."

Egypt is by and large a Muslim country with the Christian community a minority group representing approximately only ten percent of the total population. At the same time, Christians are citizens of the nation, with all the rights and responsibilities pertaining thereto. True Egypt is, at this writing, involved in the conflict of the Middle East which is all the more reason for us to join the women of that country in prayer for a just and lasting peace there and around the world where there is strife.

This year's World Day of Prayer will be celebrated at 2 p.m. at the First United Methodist Church Friday, March 7. The ladies of the First United Methodist Church will assist with the service but everyone is cordially invited to attend and participate in the ob-

# Give Them A Faith To Live By Throughout Time....

Our times may be unique—both in the fears we and our children must face, and the conflicting distractions around us. Is religious faith enough to cope with our troubled world? The answer is this; if you care, the same place where your faith is built can be made a rallying point for the kind of realistic human involvement that can produce a stirring change—for the better—in your community, in the world, in your heart. Show the way. Give them a faith to live by. This week, go to worship—and put your faith to work, all week long.

He restoreth your soul....Worship together this week

BYRON BALDWIN

In conversation a few weeks ago with Harold Hodges, I found out that he was one of the early day farmers, who started criss-cross plowing. It was about 1912 when Harold was attending school at Lodge, Texas, and after school, he would take over on the plowing for his dad. My uncle Chas. was operating a general store at Lodge at this time. Harold left school, went by this store and bought himself a cut of "Peachy Plug" chewing tobacco, cut across the field and took over the plowing. After his dad left, he took a good chew of his tobacco. He did alright for a short time driving the mules to the plow, but after swallowing a few times of this tobacco juice, he was driving mules in every direction going criss-cross the field and finally made it to the house and was a very sick boy. Anyway, Harold says that was the first and last chewing tobacco he ever bought.

A quote: "If all of us had everything we wanted, we would not have enough places to put the stuff." Time marches on and we have a lot of changes. We have used Feb. 22 to celebrate the birthday of the father of our country, George Washington. This year I noticed that George's birthday was celebrated by declaring Feb. 17 a holiday. I just wondered if with all of the investigation of Watergate and other things, that someone had come up with the fact that George was a premature baby and was really born on Feb. 17. I hope they do not come up with some facts that the hatchet and cherry tree were not true. We may have to rewrite our history books.

We are happy to know that Mrs. Roy Patton is back home safe and sound. While making a visit with her daughter and grandchildren in Conn., she had an accident. She had a hard fall on the cellar steps and was crippled up for a short time. I do not have the story straight as to whether she fell up the steps or down, as I have heard of the two different ways of falling. We had as visitors in Hall County Heritage Hall Feb. 18

members of the Delphian Club. This club was organized in 1917. The first president of the club was the late Mrs. J. A. Finch. The club became a federated club in 1919. The Delphian Club is now 58 years old with a membership of 25 and three charter members now living — Mrs. W. C. Dickey, Mrs. J. S. McMurry and Mrs. J. L. Barnes. Mrs. Wayne Sweatt is the president of this club. Members making the tour of Heritage Hall were Mmes. Clyde Smith, Robert Clark, Sim Reeves, Leon Davis, Warren Mitchell, Neal Hindman, Henry Hays, John Deaver II, Mildred Stephens and Wayne Sweatt. We were presented a check from the club and also from Mildred Stephens. Our thanks to them for the contributions they have made as this club has been a supporter of Hall County Heritage Hall since it was first started.

With bad weather, we had few visitors in Heritage Hall the past week. I had a little time for reading, and I found the article by Dan Valentine, "What is a Home?" I will give you a few of his quotes that make a difference in a house and a home. "A home is a house with love inside. It takes many things to make a home: an attic filled with yesterday's — rooms filled with today's — and children filled with tomorrow's, with devotion, love, courtesy and courage. There are large roomy houses which are empty — and there are small, cluttered homes that are filled with happiness. A home is a collection of rooms filled with ghosts of years gone by and echoes of old memories. A home is a front doorway that has known happy greetings and sad farewells. Home is a nursery that has known a child's cry in the night — and a parlor that has known a lover's sigh. A home is a kitchen that has heard the dishes clatter in a sudsy sink and has smelled the aroma of family dinners and known the secret of midnight snacks. A home is a backyard fence that has been leaned on over the years and has heard the gossip of the neighborhood. A home is all of these things — and more. But most of

**A SOUP TO COME HOME TO**

The word homemade evokes fond memories in most of us — memories of Mom, apple pie and the other good things which came from her kitchen. In winter, she knew there was nothing better than a warming soup to come home to. Now we don't often take the time for made-from-scratch soups. Here's a soup recipe that's so easy there's no reason not to make it. The creamy soup gets its delicious flavor from a blending of mixed vegetables — peas, carrots, corn, lima and green beans. Serve with PREMIUM Saltine Crackers which have been a favorite since they won a prize at a county fair back in 1876.

**CREAMY MIXED VEGETABLE SOUP**

- 2 tablespoons butter or margarine
  - 1 medium onion, sliced
  - 1 (10-ounce) package frozen mixed vegetables, thawed
  - 2 tablespoons all-purpose flour
  - 1 3/4 cups water
  - 1 1/2 cups milk
  - 3 chicken bouillon cubes
  - 1/4 teaspoon garlic powder
  - Few dashes ground nutmeg
  - Snipped parsley
  - PREMIUM Saltine Crackers
- In saucepan melt butter or margarine; add onion and sauté until golden. Stir in vegetables and sauté a few minutes. Stir in flour; then next five ingredients. Bring to boil; then simmer, covered, about 15 minutes, or until vegetables are tender. Blend in electric blender until smooth. Sprinkle with parsley and serve with PREMIUM Saltine Crackers. Makes 6 (about 2/3 cup) servings.

all — a home is a house with four walls, held together with love." A quote from America Saying: "Home is the only place in the world where a man can be king with his shoes off." From the number of Golden Wedding Anniversaries that have been published here of late, we know that there were a lot of "I do's" kept faith with each other to make the 50 years that make a solid foundation for a home. But when you join the "Honey-Do" Club, you sometimes forget some

of the I do's. Word from Mark Bradshaw who recently joined the Coast Guard is that he is doing O. K. and is stationed on an island out from San Diego, Calif. Two other Hall County boys, Tony Salinas and Alvin Bullock have recently joined the Marines and are stationed at Camp Pendleton, Calif. We have another young man from Hall County who has been in Coast Guard duty for the past year and a half. This boy is Bill Chappell, son of Mr. and Mrs.

Jim Chappell. They report that Bill is making good in the Coast Guard work. It seems that we are due bad weather on each weekend. With so many Sundays missed in the past few weeks, I think the pastors will re-classify some of their members and call us fairweather members. This last Sunday we had a push forward in time which made you late if you did not run up your time piece Saturday night.

Chas. Williams failed to have his 85th celebration last Sunday as snow and ice fenced so many of his family in, but Charlie can enjoy that 85th birthday for the next 12 months. Speaking of age, I had a visit with Arthur Eddleman of Estelline one day last week and found out that Arthur is 2 days older than I am. However, part of this extra growth came by pushing his boots deep in the stirrups of his saddle the thousands of miles he has traveled by horseback. Arthur worked for the Mill Iron Ranch several years when working hours were sun-up till sun-down and then had guard duty for 1/3 of the night in all kinds of weather.

With the bad weather the past weekend, the Otis Cobbs carried out their program for their 50th wedding anniversary at the American Legion Hall. It would take pretty high water or deep snow to keep the Helms and Cobbs from carrying out their programs. Mr. and Mrs. George W. Helm moved to Hall County, arriving at Newlin Feb. 15, 1896, the day a quarantine was put on stock coming into the Panhandle of Texas. This law went into effect at midnight of the day they arrived with their immigrant railroad car with household things in one end of the car and livestock in the other end. They just barely missed the quarantine. The L. E. Cobb family moved to Hall County in 1908. There were two children in this family, Otis and Lois, who is now Mrs. Carl Jones of Lubbock, whose husband operated a Cicero Smith Lumber Yard in Estelline. Carl passed away 14 years ago. There were 6 children in the family of Geo. W. and Alice Helm, who were Edith (Sims) (now deceased). All of the other five were at the reception Sunday afternoon and included: Mrs. Cobb, Nels Helm, Gladys Helm Read of Lubbock, Ivis Helm of Childress and Annie Margaret Clark of Lubbock. Otis Cobb and Ruth Helm were married Feb. 19, 1925, in Clarendon. They have one son, Louis of Alice, who married a Louisiana girl. They have lived in Alice for the past 5 years where Lewis is in the employ of the Welex Co. as an electrical engineer. They have two sons and two daughters. In spite of bad weather, there

were a lot of friends and relatives present to wish Ruth and Otis many more years of happiness together. A lot of love was shown in this family. Oscar Hammerstein wrote this note to Mary Martin while she was singing in his play, "South Pacific" and it inspired her to give her best performance — "A bell is not a bell, 'til you ring it, A song, 'til you sing it, Love in your heart is not love, 'til you give it away."

**REDDY'S REFRIGERATOR SAVINGS TIPS**

- Return fresh foods to the refrigerator and frozen foods, milk, cream, to the freezer as soon as possible. Measure and use quantity needed for cooking or for the table, and refrigerate remainder at once.
- Use cold controls efficiently by adjusting the settings for about 38° F. in the refrigerator and 0° F. in the freezer.
- Fill the refrigerator with food, but be careful not to overfill. Be sure that food packages don't block air vents in the freezer refrigerator section.
- Clean the condenser surfaces of the refrigerator dirt restricts and acts to insulate the condenser, forcing the refrigerator to harder and longer to maintain proper temperatures.

The Chamber Corner

Your annual membership drive for the chamber has been really great this past week and we will continue the drive only one more week which will end March 25th. Membership committee chairman Robert Dennis and Bill Bailey are back and back for best performance of membership contacts. However, President Mike Brannigan, Don Long, Andy Gardener, and Leticia Simpson are doing a good job and are just behind the leaders in the drive. Our response for increased involvement of chamber dues has been met with splendid cooperation of the chamber members. Our recruitment of new chamber members has been moderate and we are about half way to the set goal for new membership accounts. Again, we will do some adjustments as for the chamber of commerce program of work and projects for the year in relation to the income of membership drive this next week. If you have not been contacted as for membership in the Memphis Chamber please feel free to call with one of the committee members as to the requirements for membership in the chamber of commerce. Annual base rate for individuals is \$24.00 and base rate for business is \$48.00 a year.

Superintendent of Schools, Bill Wood with the participation of the student council of MHS did it again! The Christmas basketball team was given the "Let's Talk Memphis" treatment with support of Memphis boosters this past Tuesday. The Christmas basketball team through Memphis as their way to the El-district basketball tournament in Canyon and were treated to an escort through the downtown square and on Highway 287. Memphis Fireman, Charles Walker led the caravan which was followed by Memphis boosters and chamber members. Several signs and banners were displayed along the route by the MHS student council. Again, our hats are off to Bill Wood, C. E. Voyles, Memphis boosters, and MHS student council for a job well done.

Mrs. Wanda Stevenson, chairwoman of the Beautification committee is completing the scrapbook for the Governor's Community Achievement Awards contest. Deadline for entry of the book

is March 21st, and we are still in need of community group and club projects completed during 1974 in any one of these areas: Community - wide Beautification, Property Improvement and Economic Development. Citizen participation with any type of project to improve the community should be included in the scrapbook. We need projects that were either started or completed during the past year, 1974. Information of your group's community project should be reported to Mrs. Wanda Stevenson as soon as possible in order to include it in the summary of our scrapbook; pictures of your club's project are not needed.

Projects that are listed for our scrapbook include: "Operation Car Wash" beautification program, Love's Club Clean up Day, Highway sign program, Cotton Boll National Endure, bumper sticker campaign, Welcome Mat "Cotton Capital of the Panhandle" project, side wall planter boxes project, Cuts for the Band program, Delphian Library banquet, Adalante Club Style Show for the City Park, and completion of the renovation of the City Park project.

We will be mailing out to every major newspaper of the nation a press release concerning the Bob Wills bicentennial coin of Hall County, Texas. We hope that the Bob Wills coin will bring national attention to Memphis and Hall County. Our Chamber of Commerce annual banquet speaker, Dr. Charles Townsend has been nominated for a Grammy Award for his excellent work with the Bob Wills record album "For The Last Time." Dr. Townsend, author of the Bob Wills biography, "San Antonio Row" will be at New York City for the 17th Annual Grammy Awards to be held in the Americana Hotel. The awards program will be televised on national television and will be broadcast at 9 p.m. this Saturday.

**PUBLIC NOTICE**  
SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION APRIL 22, 1975

**NUMBER ONE ON THE BALLOT (S.J.R. No. 3)**

Repealing Sections 48a, 48b, 51a, and 51f of Article III and Sections 62 and 63 of Article XVI of the Texas Constitution, Article XVI of the Texas Constitution is amended to:

Provide for the revision and consolidation of provisions relating to state and local retirement systems and programs and to provide that all general laws that have established retirement systems and optional retirement programs for public employees and officers in effect at the time of the adoption of this constitutional amendment will remain in effect, subject to the general powers of the Legislature.

Provide that the amount a participating officer or employee contributes to the employee retirement system or the teacher retirement system shall be established by the Legislature but may not be less than 5% of current compensation and providing further that the amount contributed by the state may not be less than 5 nor more than 10% of the aggregate compensation paid to participating persons, except that in an emergency, as determined by the Governor, the Legislature may contribute more than 10% of the aggregate compensation paid to persons participating in state retirement systems.

Provide that the Legislature shall provide for local retirement systems created by any city or county for its officers and employees and shall further provide for a state-wide system of benefits for officers and employees of counties or other political subdivisions of the State which may voluntarily participate, and

to further provide that a state-wide system of benefits shall be provided for officers and employees of cities which may voluntarily participate.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising and consolidating provisions relating to state and local retirement systems and programs and providing for a maximum state contribution to state systems of 10 percent of the aggregate compensation paid to individuals."

**NUMBER TWO ON THE BALLOT (H.J.R. No. 6)**

Amending Article III, Section 24 of the Texas Constitution to:

Provide an increase in salary for members of the Legislature from \$400 per month to \$600 per month.

Provide an increase in the per diem rate for members of the Legislature from \$12 to \$30 for each day during each Regular and Special Session of the Legislature.

Provide an increase in the transportation allowance for members from \$1.10 per mile to the rate prescribed by law for employees of the State of Texas.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment setting the salaries of members of the legislature at \$600 per month and setting a per diem of \$30 per day during legislative sessions and a mileage allowance at the same rate provided by law for state employees."

SPECIALISTS FOUR Local (left) and William Rogers, brothers from Memphis, Tex., are shown next to one of the 155mm self-propelled howitzers found in Ft. Sill's Lone Star Battery. Both serve as assistant gunners for the huge cannons which can hurl a 95 lb. shell over eight miles. They asked to be assigned to Ft. Sill and travel home "just about every weekend." (U. S. Army Photo By S. Sgt. Rick Hayland)

March 1st, on KPDA-TV, Channel 18. Everybody keep your fingers crossed for Dr. Townsend whom is among 5 nominees in the fine arts category of "Best Album Notes

(Not classical)." Among the other nominees is Don McPartner for his work of "The Passion" by Duke Ellington; which is very popular nationally. However, this will

be the first time that the featured speaker of the annual Memphis chamber of commerce banquet has ever been nominated for a Grammy Award or perhaps the winner

of the award.  
The Decorations and Planning committee for the April 4th, annual chamber banquet met last Tuesday evening and will meet again this Tuesday evening at 7:30 in the community center. Discussion of color scheme of red, white, and blue with the bicentennial as primary emphasis has been set for the evening event in April. The theme is "Hall County... Home of Bob Wills" and decorations will be planned from the theme. Program for the annual banquet will include community awards, presentations of bicentennial flags to the communities of Hall County and featured speaker Dr. Charles Townsend, author of the Bob Wills biography. The Bob Wills bicentennial coin of Hall County will be formally introduced to the public and a coin auction of the first ten coin sets (serial number 1 through 10) will be held immediately following the close of the program. Chamber of Commerce banquet tickets will be on sale in the very near future and will be \$5.00 each.  
Committee members who attended last Tuesday's meeting were: Chairwomen Mrs. Linda Brannigan, Mrs. Fern Kehr and Mrs. Leticia Simpson, Neva Sue Scarborough, Dawn Ann Thompson, Polly Brown, Don Long, Wanda Stevenson, Debbie Floyd, Fran Spicer, Nat Scott, Coy Miller, Janie Thurman, Linda Crane, and Connie Saxe. All wives of chamber members are invited to attend the next meeting, Tuesday March 4th, 7:30, community center.  
Chamber member Irene Bradley made a point that is well worth mentioning. Many of us have come so accustomed to the excellent medical facilities and fine medical staff here in Hall County, that we may be taking them for granted. I know of no other small community that has as fine doctors as we have in Dr. Clark, Dr. Goodall, and Dr. Stevenson. These men are not only dedicated to the medical profession but to the community. Also, best in quality care compared with any hospital Administration Hall Co. Board of the entire hospital, provide your best.  
Today's pop music often describe the song writer as young people of young people. The song which is popular and soon to be in charts is entitled, "Let's Talk Memphis".  
Be sure to see the annual Grammy Awards evening at 9:00 p.m. Channel 18. Dr. Clark, this year's chamber speaker, has been one of the winners. Let's Talk Memphis.

### Betty Cooper is Guest Speaker For 13 Study Club Meeting on Wed.

One of the most interesting and informative meetings of the club was enjoyed by the members of the 13 Study Club and one Mrs. John Fitzjarrald in the home of Mrs. Gayle Greene, Tuesday afternoon, February 26. As a program introduction, M. G. Tarver gave the introduction for the pedestal of the Statue of Liberty by Emma Laz...

ture, customs, and description of the Lebanese countryside as well as her manner of presentation combined to make a fascinating story and delightful entertainment for her listeners. Mrs. Cooper's trip to Lebanon with her mother, father, and brother; the visit with her relatives there, and the souvenirs of brass and embroidery gave her audience a real feeling of armchair travel. It is only once in a while that someone comes along with such a sparkling personality and so those privileged to hear the program of this American Lebanese grand-daughter experienced a special treat. Delicious refreshments were served by the hostess to Meses. R. S. Greene, D. L. C. Kinard, Frank W. Foxhall, Bray Cook, M. G. Tarver, Bill Wood, Ed Hutchinson, Byron Baldwin, Joe Allen Ballard, Paul Montgomery, the Misses Helen Madden, Neville Wrenn, Virginia Browder, and the guest Mrs. Fitzjarrald.

### Atalantean Club Meets in Home of Mrs. Larry Parks

The Atalantean Club met February 19 in the home of Mrs. Larry Parks. Mrs. C. H. Murphy, Jr. called the meeting to order. The invocation was given by Mrs. Clenton. Plans were made for the show to be March 14. Mrs. Dub Parker introduced the program on the Bicentennial. An interesting story was given by Mrs. Byron Adams. To display the flag was given by Robert Spicer, assisted by members. Each member was given a small flag. A delicious refreshment plate served to Meses. Claude John Bryan Adams, Robert Spicer, Bert Sexauer, H. B. Estes, W. Dickey, Henry Foster, Jr., Tom Voyles, Dub Parker, C. Murphy, Jr., Tom Atkisson, and Mrs. Parks and Miss Imogene

### Mrs. Lottie Kinard Is Hostess For Artist Club

The Artist Club met Tuesday, with Mrs. Lottie Kinard as hostess. The business meeting was conducted by Mrs. Kesterson, the president. Mrs. Scott read invitations to many art exhibits throughout the Panhandle. Several exhibit art work. Especially interesting was the tele paintings by Lenora Wood. Mrs. Kinard showed slides of her recent trip to Portugal, Spain, Morocco, the Madera and Canary Islands, Sides of the home of the worlds most famous painters, Del Creco of Toledo, Spain and also a self portrait of the artist was interesting. A refreshment plate was served to Sue Kesterson, Nat Scott, Lenora Wood, Ethel Saunders, Margaret Smith, Linda Maddox, Zettie Baker, David Hudgins, Mary Hudgins and hostess, Lottie Kinard.

### Tax Deductions Average \$2,600 On Local Level

NEW YORK. — How closely do the tax deductions claimed by Hall County residents, in filing their Federal income tax reports, compare with those taken by people in other parts of the country? What do tax deductions amount to normally, at each income level, for charitable contributions, local taxes, medical costs and interest payments? Such information, useful to taxpayers who are compiling their income and expense figures for the April 15th deadline, is supplied in a study made by the Commerce Clearing House, specialist in taxes and business law on the basis of data obtained from the Treasury Department. It shows that, in general, families throughout the country that have earnings equal to the Hall County averages have been listing deductions of about \$2,600, which

### Mrs. Robert Clark Is Hostess To Plaska Sewing Club

The Plaska Sewing Club met Thursday, February 20, at 1:30 p.m. with Mrs. Robert Clark as hostess. The group tackled three quilts for the hostess. Delicious cherry pudding cake was served to Meses. Harvey Wines, Elam Oreutt, Brown Smith, Stacey Waites, Lynn B. Jones, Dessie Crisman, Hub Holt, Vera Orr, Jerry Havens and the hostess, Mrs. Clark.

is equivalent to 26 percent of their adjusted gross income. Among families whose earnings are lower than the local average, the amounts that are deductible represent a larger percentage of their income. For those in higher brackets, on the other hand, the deductions are lower, percentage-wise. The range is from 39 percent of gross income, for those with very small earnings, to 18 percent for those at the upper end. Families in the local area with incomes of \$10,000, for example, will have deductions of about \$2,550 if they conform with the norm. Those at the \$15,000 level will have \$3,100 to deduct and those earning \$8,000, approximately \$2,350, according to the Commerce Clearing House report. A breakdown of the deductions ordinarily taken by families with incomes equal to the Hall County average are: for contributions, \$327, for interest on loans and instalment debt \$926, for local taxes, \$881, and for medical and dental expenses, \$466. These figures are merely a guide to what most people are listing as tax deductions, notes the CCH, and are not automatically accepted by the Internal Revenue Service. Some families may have legitimate deductions far in excess of the average. In all instances, the taxpayer must be able to substantiate them with proper records.

### Mrs. Theo Swift Brings Program At Culture Club

The Woman's Culture Club met February 19 in the home of Mrs. L. A. Stilwell. The meeting was opened with prayer by Mrs. L. G. Rasco. Mrs. Ward Gurley, president, presided over a short business session. The program for the District convention was read and discussed. Mrs. Robert Moss introduced the program on "Putting Your Best Foot Forward." "How to Care for our Feet" was discussed by Mrs. Theo Swift. She suggested several things to keep our feet from hurting, as change shoes twice a day, cut down on fashion, buy carefully and fit carefully, buy at end of day, have salesman to measure

foot each time you buy, change heel heights, make sure shoes are comfortable before buying and be sure stockings fit well. Mrs. Jeanette Irons continued with her sure to pedicure feet, elevate foot and relax fifteen minutes at end of day's work, go barefoot in the home and be sure to visit the pediatrist. She then had the club members to remove their shoes for a series of exercises that can be done to create circulation in the feet. Members present were Meses. R. C. Clark, Frank Ellis, Ward Gurley, Jeanette Irons, Robert Moss, Alvin Pyeat, L. G. Rasco, Theo Swift, Misses Esta McElrath, Sybil Gurley, Alma Bruce and hostess, Mrs. L. A. Stilwell.

Skating on ice is possible because the weight of the body melts the ice and the skater really is traveling on a film of water which freezes again as the weight is removed.

### Gerald Fowler Returns From Dallas Hospital

Gerald Fowler returned to his home in Estelline Tuesday from Dallas where he has been a patient in Granville C. Morton Wadley Cancer Institute for the past 10 days. Mr. and Mrs. Fowler are long-time residents of Estelline where Gerald is engaged in farming.

### Jr. Class Extends Thanks For Support

J. D. Evans, president of the Junior Class of MHS, extended a special "thank you" to everyone who attended the KIXL basketball game February 20. "The Class sincerely appreciates your support," Evans said. Mitzie Lindsey and Teresa Griffin, students at Texas Tech, Lubbock, spent the weekend here with Mitzie's parents, Mr. and Mrs. Gene Lindsey.

### LOCALS

Mr. and Mrs. Gaylen Ariola and Mr. and Mrs. Jimmie Bownds spent the weekend in Red River, New Mexico, recently. They reported that there was lots of snow and the country was beautiful.

Mrs. Hester Bownds was honored with a birthday dinner in the home of Mr. and Mrs. Jimmie Bownds on Thursday evening, Feb. 20. Others attending were Mr. and Mrs. Lamar West.

Christi and Chad Brown of Gruver are visiting their grandparents, Mr. and Mrs. Lee Brown and Mr. and Mrs. Ace Galley this week while their parents, Mr. and Mrs. Randy Brown, are in Mexico City and Acapulco.

Mrs. Helen Crisman and Karen visited over the weekend with their parents and grandparents, Mr. and Mrs. Lynn B. Jones. They also attended the wedding of Wayne Ward and Miss Johnnie Sue Hancock.

### Travis Baptist WMU Has Meeting Tuesday, Feb. 25

The W. M. U. of Travis Baptist Church met Tuesday, Feb. 25, at 9:30 a.m. at the church for Bible study.

Mrs. Lynn B. Jones had charge of the meeting. Mrs. J. I. Herndon read the prayer calendar and the sick and bereaved were mentioned. Mrs. Jones led in prayer.

Mrs. Wilburn Coffman bought the Bible study from Acts 9 and 10, "Power—God to Man." She discussed "Peter healing Aeneas at Lydda," "Peter Raises Tabitha at Joppa" and "Peter Witnesses to Cornelius at Caesarea." Mrs. Coffman led in the closing prayer.

Attending were Meses. Jones, Herndon, Coffman, Cap Byars, Eula Moreland, J. W. Chappell, T. C. Stevens and Mrs. C. H. Davidson.
