The group is popular with the younger set and was well received by the Girl Scouts. The banquet honored the Girl Scouts and their fathers.

Cyclone Trackmen Take Second At Panhandle

The Memphis High School track team will be divided again this week, competing in Quannah and the Panhandle.

Next Saturday is the day of the one Relays, to be held here. A complete list of teams plan to attend these relays will be announced next week.

Some of our trackmen will go to White Deer and others will go to Quannah," Coach Berry said in announcing this weekend's schedule.

Members took second place at White Deer last week, in a meet in adverse weather conditions. The local team lost to Dist. Shamrock for the meet honor.

Coach Berry said, "we had everything that went wrong for us but we did well coming in and considering."

The spirit relay team was edged out at the string by Shamrock, with both teams clocking 45.3 seconds. The time indications show real battles are shaping up between Memphis and Shamrock.

Clarendon in the running, the district title next month. Sekie Spruill came in fifth in 100-yd. dash with a 10.3. In intermediate, Davis finished with 45.2 time.

In the 440-yd. dash, James Beck was unable to catch Copeland of Shamrock and finished second,

with both running 52.6 times. Beck came from fifth place to almost catch the leader in the race.

Coach Berry said that Charles Bryley won his qualifying heat in the 220, but his time was too slow to qualify for the final. "Charles just drew a slow heat and didn't realize he wouldn't qualify. He had the second best individual time at the meet in this event too," the coach said.

The Memphis mile relay team won their event with a time of 3:27.4.

Jerome Spearman with a toss of 43'10" placed fifth in the shot put. The coach said Jerome indicated his hands were so cold he couldn't get off a good toss.

James Beck took fifth in the high jump. Spruill took second in the high jump.

Spruill took second in the long jump with 19'4" and Beck took fourth.

Shamrock took 104 points, Memphis 69, Clarendon 58, Groom 40, Panhandle 30, Follett 26, Spearman and Boys Ranch 25, Childress 23, Canadian 22, White Deer 21, Wheeler 14, Lefors 12, Alamo Catholic and Vega 9, Stinnet, McLean 1, Adrian, Claude, Higgins, Miami, Texline did not score.

Coach Berry said, "our team has been working on individual

events trying to improve on each mark. We haven't suffered any physical injury setbacks and the team is gaining experience each week."

Local Cancer Unit To Hold Annual Bike-a-Thon here On April 12

The most important point to be stressed is: When the riders approach people for sponsorship, they will have two cards. Sponsors will sign both cards and record their pledges, which may be an exact amount or a pledge of so many cents per mile. They will not give the riders money at the first visit.

On April 12 the riders will meet at the designated center, present the two cards to Mrs. Collier; she or one of her helpers will sign

Comptroller Bob Bullock Sends City Sales Tax Payments Month Earlier

AUSTIN — Comptroller Bob Bullock surprised 809 Texas towns and cities Feb. 27th with \$64.1 million in quarterly city sales tax payments coming a full month earlier than usual.

"I said we would speed up the payments and we did," Bullock said.

The payments covered the October - December, 1974, quarter. Last year payments for that quarter were sent on March 25. Bullock said the earlier payment will help all cities with cash flow problems but he also noted that the total payout was worth some \$400,000 in one month's interest alone if the cities simply invested the money.

Accompanying Bullock's news release concerning the city sales tax payments was a 16-page tabulation of the amount of the net payments to the cities of the state.

Checking this listing, the City of Memphis received \$14,202.05 as the City's share of the one percent sales tax collected. The State retains a two per cent service fee for processing charges.

The \$64.1 million for the October - December 1974, quarter compared to \$58.7 million for the Christmas shopping quarter of 1973.

Amarillo Men Speak At Civic Clubs This Week

By Virginia Browder

As representatives from The Center for Mental Health and Mental Retardation in Amarillo, Allen Walker and Tyler Tindall came to Memphis for the luncheon meetings of the Memphis civic clubs Tuesday noon and again Wednesday noon, meeting with the Rotary and Lions Club.

The purpose of these guests to the Memphis area was to announce the opening of The Hall County Satellite School for the Mentally Retarded. The two gentlemen explained in detail the workings of this school and its possible benefits to both the pupils and their parents.

Allen Walker and Tyler Tindall spoke to attentive audience at both club meetings. They were well received and already monetary contributions besides voluntary offers of labor and assistance have been received by the Advisory Board members.

The school was officially opened Wednesday morning by the teacher, Mrs. Butch (Patsy) Adcock and her aide, Mary Rodriguez. They will begin with only a few pupils and increase the number as more parents become interested and concerned as to the assistance available there for themselves and their children.

The Caprock Club has very graciously allowed us the use of their little house on Eleventh Street and we, the Advisory Board, appreciate this courtesy.

Texas Loses Two Agriculture First Places

Texas is no longer No. 1 in cotton production or in the number one cattle feeding state in the nation. The state lost its long held cattle feeding honor to Iowa as of Feb. 1. Cattle and calves on feed in Texas number 1,237,000. Iowa's total is 1,294,000 head.
Cattle on feed in Texas have been cut virtually in half in a year's time. The number of cattle on feed a year ago in the state totaled 2,340,000 head. Compare that with the latest figures and you have a 47 per cent decline.

Nationwide, cattle on feed in the seven major feeding states—Texas, Iowa, Nebraska, Colorado, Arizona, California, and Kansas are down 37 per cent from a year ago. As of Feb. 1, cattle numbers in these states totaled 5,159,000 head compared to 7,832,000 a year ago.

This could explain in part some of the price declines in grain sorghum of recent weeks. Sorghum prices have declined around \$2 per hundred pounds since last November.

Adverse weather conditions caused Texas cotton harvest to be off considerably and the state lost to California the honor of being the largest cotton producing state.

Chances of Texas recapturing this honor next season are dampened due to projected cuts in cotton acres. Of the state's 900 cotton gins, about 90 to 100 are not expected to be operating this season due to projected cuts in cotton acres. These gins are not going out of business, permanently, however, reports indicate.

A reduction of 23 per cent in cotton acres is forecast for Texas this season. This figure is based on Jan. 1 intentions. Weather and improvements in the cotton price picture can per change the final figure, even though cotton planting is now underway in the southern part of the state. However, projections from the Valley indicated that perhaps only 50 per cent of the acreage planted in cotton last year will be planted this year.

These situations are understandable when viewed in economic light. Agriculture is motivated by the profit motive probably more so than any other industry. Remove the hope of a profit from agriculture, and farmers and ranchers are going to quit expenses drastically, and in doing so, farm production output drastically.

Farmers and ranchers were trapped into a situation of extreme cost increases and declining market prices, coupled with no government payments, except in extreme disaster situations. They were burned.

Reducing supply is the only answer to declining markets, unless demand for farm commodities drives the market prices up. Farmers and ranchers in the state face big decisions as they plan for production expenditures for 1955.

With the situation as it has been for several months, agriculture leaders were not very concerned about Texas losing its No. 1 standing as being a leading producer. If your No. 1 and suffer a loss, your loss is bigger than anyone else's loss, for you had more to lose.

Don't Be Too Gloomy!

If you feel depression, anxiety, and nervousness over the way things are going in this country, your whole outlook might be improved if you try a book by Ben J. Wattenberg—"The Real America" (published by Doubleday) which came out late last year.

The author is a serious social and economic analyst who has plunged into a sea of statistics and came up laughing at the doomsayers.

Americans, the author describes Americans as chronic complainers, but says the American people are—"smarter, wiser, calmer, shrewder, tougher and more forgiving than their critics of the left and of the right."

The author's own conclusion is that while the hard-wings have been depicting the sad state of America, we have become the first Massive Majority Middle Class society in history—something of a marvel.

What is this new middle class doing with its hard-earned money? It's not being frittered away, as you might think. Figures in the book show the faster rises in family spending are in education, health, recreation and housing. Among the slower rises are cosmetics, alcohol, jewelry.

Says Mr. Wattenberg: "The point is that given a vast increase in discretionary income over the last decade, the broad spending trends have been commonsensical and worthwhile."

Mr. Wattenberg, digesting all the data of two decades, sketches his hero as resourceful, adaptable, independent—and a chronic complainer. His guess for the future: Americans will continue to complain about their lot—and go right on progressing.

ACROSS A DESK

What Other Editors Say

PEOPLE HAVE REASON
"What on earth has happened to our children?" has become a national yell.
Children from all walks of life have become anemic; they are sluggish, drug addicts and runaways. Naturally, children as accepted have no time or desire for constructive work.
The problem cuts across cultural, ethnic, racial, economic, and religious lines. Are children no longer products of their rearing?
We like to think the majority of our children are still clean and fine—and many of them are.
But when 75 per cent of the students in a high school composed of about 80 per cent middle class, Anglo - Saxons confide in having used drugs, and 10 out of 12 students in one class are so emotionally disturbed they cannot cope with their school work, it's difficult to blame the problems on "deprived minorities."
Human nature has not changed so we have to believe children are still products of their rearing. How then do Godly parents rear children who are anemic athletes?
The big question is, "Who's doing the rearing?"
Perhaps good parents expect their children to catch their beliefs, morals, and values without ever having been exposed to them.
Fifty years ago, mothers stayed home with their children until they were 7 years old. They taught them, except from the Bible, Jesus's Fables, and Shakespeare.
Now whether they are at home or at the babysitter's, children usually learn from Sesame Street until they are 4 or 5 years old, then they go to school.
A veteran kindergarten teacher insists it takes her to more than 10 minutes to discover which children have been brought up on Sesame Street. She says they are totally lacking in inquisitive curiosity. They expect the teacher herself to supply instant answers to every question she asks.
Famous learning seldom produces productive learners.
Television producers are adamant that the violence, foul language, drinking drugs, and blatant immorality displayed so prominently on TV screens has no influence on the young minds that drink it in about six hours of every day.
Would the same producers agree that the commercials wedged briefly between segments of the programs have to influence on the viewers?
Even on Bonanza and Gunsmoke, shows that take pride in maintaining high moral standards, they usually celebrate their victories, and drown their sorrows by having a beer.
The most prominent piece of furniture in almost every home sitting in the bar. And at the end of the day, the "good" wife

do not need books, TV, and movies to reinforce such evils.
If they are to have worthwhile goals to strive for, children need to be taught about life as it ought to be—not necessarily as it is.
Even unhappy children enjoy dreaming of a future filled with happiness and success. And many live to see their dreams come true. If they never build castles in the air, they are not likely to build them on the ground.
The NOW generation seizes air castles in favor of instant gratification.

Donley Co. Feedlot Charged With Violating Act

WASHINGTON, March 9—Donley County Feedlot, Inc., of Hedley, Tex., has been charged with violating payment requirements of the Packers and Stockyards Act, the U. S. Department of Agriculture (USDA) said today.

The respondent is a custom feedlot that operated as a dealer—buying, feeding, and selling cattle as the agent for investor clients located in southern California, Kentucky, Oklahoma, Tennessee, Texas, and Wisconsin. It is not operating at this time.

USDA's Packers and Stockyards Administration charged in an administrative complaint that during July, 1974, the respondent:

Issued insufficient funds checks to investor clients in payment for more than \$72,000 worth of cattle sold to packers from the feedlot; and

Failed to pay, when due, the net proceeds due its clients from the sale of the cattle.

Filing of the complaint does not prove that Donley County Feedlot, Inc., has violated the Packers and Stockyards Act. The firm has a right to a hearing to determine whether the evidence supports the charges.

If the charges are proven, the firm would be placed under a cease and desist order.

Livestock dealers and market agencies are required—under the Packers and Stockyards (P&S) Act—to pay promptly for livestock. Issuing insufficient funds checks in payment for livestock is considered to be an unfair business practice.

The P&S Act is a fair trade practices law. It promotes and maintains fair and open competition in the marketing of livestock, poultry, and meat.

The record in this case is open to the public. Copies of this complaint, P&S Docket 5063, may be obtained from the Information Office, Packers and Stockyards Administration, USDA, Washington, D. C. 20250.

Mrs. Ruby Milton of Groom spent the weekend with her sister and family, Mr. and Mrs. Clyde Reed and Patsy of Lakeview.

LETTERS To The Editor

Mrs. Combs & Bill,
Just a few lines to say we enjoyed your home paper. We see you all are getting some more and are sure the farmers are thankful for it.

We are getting some rain and we are proud to see it come for us and we don't get a lot of rain. A person would think being close to the ocean as we are, we are able to raise good gardens which sure helps.

Enclosed is a check for our subscription to the Democrat for another year.

I will express my or our appreciation that the young people of Memphis are trying to practice the "Golden Rule."

We were unable to make it to Texas in '74, but hope we can this year.

CBS Television in their regular program called "60 Minutes" took some time last month to talk about grass-fed cattle. Charles E. Ball, executive V-P of the Texas Cattle Feeders Association told Texas Talk why he wrote a letter to CBS taking exception to some of the comments. Mr. Ball indicated the program implied that feeding grain to cattle was immoral. Saying that grain not fed to cattle would not prevent starvation in another part of the world, Mr. Ball pointed to the practical problems of transportation, storage and economics as factors which would prevent the grain from reaching starving people. Ball said the cattleman is already using grassland as effectively as possible without intensifying the energy problem (use of fertilizer). Other points were made by Mr. Ball including the fact that much of the grain fed to cattle is not suitable for human consumption. Many of us will be watching now to see if a reply to his letter is forthcoming from CBS.

Culture Club Is Reminded Of Safety Habits

The Women's Culture Club met March 5 in the home of Mrs. Frank Ellis. The president, Mrs. Ward Gurley, called the meeting to order. Mrs. Alvin Pysalt led the opening prayer. During the business session, Mrs. R. E. Clark was elected a delegate to the Santa Rosa district meeting to be held in Wichita Falls March 16 and 17. The program, "Step Safely Around the Home," was introduced by Mrs. Irons, who discussed "Home's Hidden Hazards." She stated there are far more accidents in the home than on the highways. The most frequent types of home accidents are falls on floors and rugs, which should have an adhesive backing spray, and floors should not be too highly waxed. Avoid fireplace hazards by having clean flues and screens; wiring should not be overloaded nor cords frayed. Also, be careful of bathroom hazards and not have linens or cellars cluttered.

Mrs. Sybil Gurley's topic was "Safety is a Family Affair"; and she reminded everyone that safety in the home requires family participation. "We should teach small children how to dial the operator in case of emergency. Every home should have a fire extinguisher, checked and recharged once a year, and in a central location. Children should be taught how to operate it," she said. She added that there should be fire drills in the homes and have a first aid kit through kept out of reach of small children. Mrs. R. E. Clark concluded the program with some helpful suggestions, such as, if there is a fire and the fire station number is not available, to ask the operator to report it; if there is a sudden death in the family, to call the police as well as the doctor; to donate blood to the blood bank and have adequate insurance, including Home Owners Insurance. Members present were: Misses Alvin Pysalt, Ward Gurley, Jeanette Irons, L. G. Rasco, R. E. Clark, L. A. Hulwell, Jim Lange, Misses Eta McElrath, Sybil Gurley and the hostess, Mrs. Ellis.

Travis Baptist WMU Meets For Study

The W. M. U. of Travis Baptist met Tuesday, March 11, at 9:30 a.m. at the church for Mission Study. Mrs. Lynn B. Jones had charge of the meeting. Mrs. J. I. Herndon read Acts 5:19-20 and the prayer calendar, and the sick were mentioned. The missionaries, sick, unsaved and the W. M. U. members were remembered in prayer by Mrs. T. C. Stevens and Mrs. Jones. Mrs. Jones brought the program, "Good News in Korean." The group made plans for their Mission Action project. They will be piecing lap robes and crocheting shawls for the members of Cousins Home. The meeting was closed with prayer led by Mrs. Herndon and Mrs. Cap Byars. The women visited at the hospital after their meeting.

As far as the Constitution is concerned, a woman can be elected to the U. S. Presidency.

Delphians Enjoy Texas Study At March 4 Meeting

The Delphian Club met March 4 in the home of Mrs. John W. Crane.

After a business session led by the president, Mrs. Wayne Bennett, the program was introduced by Mrs. John Leaver, II. A resolution entitled "Take Time" was given by Mrs. Henry Hays. The program was centered on a Texas theme, and a very vivid description of the points of interest along the Pecos Trail was given by Mrs. Leaver. Maps of the trail were passed out to the club members so that they might follow along the trail during the narrative.

Information describing some of the complications that might arise under the Equal Rights Amendment was presented by Mrs. C. L. Smith and Mrs. Warren Mitchell. Petitions to Texas legislators asking for a new vote on the amendment were passed among the club members.

Mrs. Crane served delicious refreshments to the club members at the conclusion of the program. Members present were: Mrs. Robert Crane, Mrs. Davis Bennett, Mrs. Hays, Mrs. Hindman, Mitchell, Mrs. Moss, Mrs. Leaver, Smith, Bennett, Mrs. Tarrington, Robert L. Dutton and J. I. McHenry.

W. M. U Meets March 3-5 For Home Mission

The W.M.U. of Travis Baptist Church met March 3 through March 5 for their Home Mission week of prayer program. Meetings were held at the church at Mon., Tues., Thurs. and Friday at 9:30 a.m. and Wed. at 7:30 p.m.

The subject for the week was "Hearin' Is Hope." The theme for Monday was "For Rejoicing"; Tues., "For Reconciliation"; Wednesday, "For Salvation"; Thurs., "For Everyone"; and Friday, "For Eternity." The songs used at each program were "Hope of the World" and "Do You Really Care?" The prayer calendar was read at each meeting. There were silent prayers and several prayers voiced each day for the Missionaries having birthdays that day, for the Home Mission work and the Annie Armstrong Easter Offering.

The Wednesday night program was concluded with a Home Mission Message by Mrs. Douglas DeBoll, the Top of Texas area Missionary from Panama.

Women attending were: Mrs. Lynn B. Jones, J. I. Herndon, C. H. Davidson, L. G. Rasco, Cap Byars, Grace Richardson, T. C. Stevens, Eula Maxwell, J. W. Chapman, G. W. Higgins, W. E. McQueen, J. P. Parker, T. J. Spyr and Miss Joyce Richardson.

Emergency Receiving Home Is Needed In Memphis By TDPW

The Texas Department of Public Welfare has begun an all-out campaign against child abuse and neglect. Since the campaign was initiated, the "Child Abuse Hotline" (1-800-292-5400) has received thousands of reports. Often when a child has been so severely abused or neglected that he must be removed from his home for a period of time, he must have a place to go. But where can he go? The Texas Department of Public Welfare, especially in the rural areas, has a

shortage of Foster Home "In order to end the 'ute search' for a foster home dependent and children, the Department of Public Welfare has temporary foster home in Memphis. This emergency home is licensed just as a regular home is licensed, but the parents involved would not any children were placed in the home during that time. foster care payments of \$200.00 per child, in addition to \$200.00.

Mark Piland Is Winner In Lubbock Piano Competition

Mark Piland, age 12, son of Mr. and Mrs. Eddie Piland of Colorado City, recently won first place in the Lubbock Sonata-Sonatina Concerto Competition Friday, Feb. 14.

Piland played the "3rd Movement of Sonata No. 1" by Gillock. There were 425 music students and 52 piano instructors entering from Texas and New Mexico. The pieces were chosen for individual grade levels and students competed in their grade level.

Piland received a certificate and was presented in the Winner's Recital at the Municipal Garden and Arts Center in Lubbock on Sunday, Feb. 16.

Piland is the pupil of Mrs. Wayne Bethel of Snyder. He is also a member of the First Baptist Church in Colorado City.

His father, Eddie, is a native of Memphis and was a graduate of M.H.S. with the Class of 1957. His mother, Martha Joy, is the daughter of Mr. and Mrs. Clyde Reed of Lakeview.

He may have helped us already as I noticed in Sunday's daily newspaper that we had a surplus of gasoline in the United States.

Twenty-four hour service days a week, must be available. The length of the home will stay in the home will be 28 days. The child can be placed with within 14 days.

CARD OF THANKS

Words of gratitude fill this time, as we try to our thanks to everyone for love, visits, calls, prayers and floral offerings and of kindness and comfort us during this time of loss. My dearest friend and love, Owen T. (Shorty) Fullmer.

We especially want to thank the nurses and entire staff of County Hospital and Dr. Clark all their kindness and rendered during his stay in hospital.

May God bless each one in a very special way prayer.

the new building and these two had to check out all of the lines to see that they were working O.K. Margaret worked a total of 8 years here with the telephone company. Mrs. Massey (Abbie) had a record of 20 years service with the telephone company in the towns of Memphis and Dumas. The other sister of these two will be remembered as Ruby O'Neil, who is now Mrs. Kilbride and lives in Springfield, Mass.

Mr. and Mrs. C. L. Morris of Fort Worth were visitors in Hall County Heritage Hall last Saturday. They were en route to Amarillo to help celebrate a retirement party for a friend of C. L.'s who was retiring from the Burlington lines after 48 years of service. His grandfather moved to Hall County in 1894. At one time he owned the Montgomery and Bradley home east of the railroad. C. L. located this house last week. He has an aunt buried in 1901 at Fairview Cemetery. She was Alice Morris and died as the result of a spider bite. The grandfather was Geo. Washington Morris. One of his sons, Ross, was postmaster at Naylor in Donley County. C. L. brought this uncle back here for a visit a few years ago. He died at the age of 90 years in 1972. C. L. said he missed seeing the lightning rods on the house that his grandfather owned at one time. We have a tape recording of the conversation with Ross when he was here a few years ago. We will send this recording to C. L. when located. This family moved to Hall County from Limestone County.

Sometimes we think that some of our early day families have vanished but with information from different ones, we locate a part of a family that has been away from here many years. One family I had almost forgotten was the D. A. French family who moved to Memphis in the early 1900's. They lived on the corner of 9th and Robertson Street where Mona Robertson now lives. Members of this family I remember were Leonard who was in the implement business in Quanah several years ago (now deceased). Others were Kathleen, Mattie Bell, Eitta, Inez and Hugh. Wendell Harrison gave me the information on Hugh a few days ago. Hugh is now living in Laredo and reports that he has two sons, 3 granddaughters and 2 grandsons and they are all doing fine. Our best wishes to members of the French family wherever they might be.

Mr. and Mrs. A. V. McFarland of Childress were visitors in Heritage Hall last Saturday. They were making a tour of towns in this area that had museums located in them. They are trying to get one started in Childress and wanted to know how we started. All we could tell them was to have a co-operative spirit. They were very complimentary of Heritage Hall.

Estelle Guthrie of Lubbock was a visitor in Heritage Hall the past weekend and gave me some interesting facts on the Dennis family who moved here in the early 1900's. In this family were 4 sons and 5 daughters. Survivors now are Addie Hampton and Pearl Massey of Memphis and Jess Dennis of Amarillo. One of the daughters passed away in Sulphur Springs about two weeks ago at the age of 97. She was Nancy McManus who lived to see 6 generations of this family. She had 4 daughters, 11 grandchildren, 24 great-grandchildren, 22 great-great-grandchildren and 2 great-great-great-grandchildren. Her two great-grandsons conducted the memorial service for Nancy Dennis McManus. I would say she lived a full life at almost the 100 year mark.

BYRON BALDWIN

Mrs. Lloyd Robertson and daughters, Mrs. Dot Messer, had as their guests in Hall County Heritage Hall the past week, Mrs. J. T. Oxford and Mr. and Mrs. Carl Hoerath of St. Joseph, Mo. Mrs. Oxford will be remembered by early day residents of Lakeview and Webster as Ila McMurry who lived in the Webster Community for a number of years, coming from Clarendon where they first settled in West Texas to which they had traveled from Tennessee by train. Ila attended school at Webster. Her first school teacher she remembered at Webster was Walter Hightower, father of Congressman Jack. She married Luther Robertson after finishing school. Her husband was the son of John and died the same day that his brother D. died in 1918 and they were buried in the same grave. Ila, the sister of Mrs. Lloyd Robertson, moved from Hall County to Bentonville, Ark., in 1921 where she lived until 1933 when she moved to St. Joseph, Mo., where she married J. T. Oxford.

Her daughter, Lorene, who is now Mrs. Carl Hoerath, was born at Lakeview and Mr. Gosden was the doctor who brought her into the world.

Mr. and Mrs. L. F. (Chuck) Jones had as their guests in Hall County Heritage Hall the past week, Esther (Gardner) Rainville of Ann Arbor, Mich., and Ted Gardner of Pasadena, Calif. They are sister and brother of the late Stephen Gardner, father of Bob Gardner, the son of Mrs. L. F. Jones. Bob graduated from

MHS and attended medical school where he finished his school work and internship and is a practicing physician in Dallas. He is living in the suburbs of Dallas at Duncanville. This aunt and uncle spent a week in Dallas visiting Dr. Gardner and his wife before coming to Memphis to pay Louise and Chuck a visit. They seemed to enjoy their tour through Heritage Hall.

Most of us only have one birthday a year and we think that is too often, but I understood from Chas. Williams that he was having another birthday celebration March 22. I sent Charlie a birthday card about a month ago, and I am not going to spend another dime this year on his birthday.

Other visitors in Heritage Hall the past week were Mr. and Mrs. Alvin Massey of Dallas and their sons, Charles of Arlington and Roy Alvin of Dallas, and daughters, Ouida (Massey) Bradshaw of Fort Worth and Abbie (Massey) Cotrell of San Antonio. They have one other daughter, Margaret Ann, who lives in Beverly Hill, Calif., where she has taught school for a number of years. Alvin and his five children all graduated from Memphis High School. These two children have presented to Alvin and Abbie, eleven grandchildren. Visiting with the Massey family was Margaret (O'Neil) Hefline of Tyler, Margaree a sister to Mrs. Massey and made her home here several years ago. In fact, she and Abbie I think were chief operators for the telephone company here in 1928 when they tied lines to

It's time your family stopped being just "Smith Harold" in the telephone directory.

The new edition of your telephone directory is going to press soon.

If you have only a single listing, a lot of people are going to have trouble looking up other members of your family.

Certainly, your wife deserves her own listing.

And giving a teen-ager a place in the directory is a nice way of saying "You're growing up."

To add or change a listing just call our business office. They can tell you how little extra an additional listing will cost.

It's as easy as picking up the phone.

The Chamber Corner

The 55th Annual Memphis Chamber of Commerce Banquet is just three weeks away, and tickets are now on sale by the directors and several members of the Chamber of Commerce. Tickets are \$5.00, and all seats will be sold in advance except those select few reserved for out of town guests. We encourage you to purchase your banquet tickets now from: President Mike Branigan, Bill Ballew, Don Cockrell, Hubert Dennis, Doc Saye, Donny Spicer, Jerry Burleson, Lenia Simpson, Coy Miller, Don Long, Bill Collier, Larry Parks, Frank B. Foxhall, and Jim Ed Wines. Plans for the annual banquet for Friday evening, April 4th have been completed and the menu for the evening will be fresh catfish. We will serve all the fish you can eat. Of course the speaker will be Dr. Charles Townsend, author of the "Bob Wills." Dr. Townsend has reissued "Hall County . . . Home of Bob Wills." Dr. Townsend has received invitations from all over the country to speak, but the Memphis Chamber of Commerce Banquet is his only planned engagement for 1975.

The decorations committee under the leadership of Mrs. Fern Kehr and Linda Branigan have completed all of the work for the upcoming event. The committee met last Tuesday evening and will not meet again until the evening before the banquet to set up and take care of last minute details. The members who attended the meeting were: Mrs. Debbie Floyd, Fran Spicer, Dawn Ann Thompson, Peggy Miller, Polly Brown, Rosemary Parks, Linda Crane, Neva Sue Scarbrough, Marcille Long, and Johnnie Bice. Decorations include very attractive violins or fiddles with bows and colors of red, white, and blue. The programs will also follow the color scheme and will be printed on cloth provided exclusively to the Memphis Chamber by Burlington Industries - Hall Plant. Also included in the table decorations will be musical notes a picture gallery display of Bob Wills, and a display of bicentennial rugs furnished by Town and Country Furniture. The program will include a Bob Wills Coin auction, the dedication of Hall County as a National Bicentennial Community, and the presentation of community service awards. Make plans to attend the April 4th banquet and buy your tickets now.

Our response to the Memphis Chamber membership drive has been excellent. The committee composed of Hubert Dennis, Bill Ballew, Don Long, Lenia Simpson, and Mike Branigan are doing a great job. We have received positive answers about membership from almost all of those contacted. This year the Chamber of Commerce Board of Directors was forced to raise the base rate of membership dues to \$36.00 for individuals and \$60.00 for businesses. This is the present structure rate of chambers of our size in the West Texas area. The raise in the minimum rate of membership dues was the result of a rise in operation expenses over the past three years. We will again sponsor several revenue making programs in order to make available more funds to increase our program of work. In the past 2 years we have promoted campaigns in order to generate more funds and promote the community at the same time. Our campaign with bumper stickers, miniature cotton bales and welcome doormats were all incorporated to promote the com-

munity and cotton. All of these funds were used in our program of work which included: the Memphis Highway sign, the park renovation plan, the Cotton Bill National Enduro, the Hall County Picnic and the "This is Cotton Country" promotion.

The following chamber members have either raised their investment or are new members: Ann's Shoppe, Phaseton Alexander, J. L.'s Western Wear, Bylow Food Store, Dr. Jack Rose, Bill Wood, John Chamberlain, L. B. Snider, Gordon Gilliam, Gene Lindsey, Gordon Maddox, Homer Tribble, Arnold Cruze, Irene Bradley, O. M. Cosby, Jr., Roy Gresham, Jimmy Roden, Henry Gregory, Mrs. R. F. Garrett, Mrs. Lottie Kinard, R. C. "Shug" Lemons, James Chapell, Gardenhire Insurance Agency, Fisher-Red River Agency, Memphis Sewing Center, Montgomery Farm and Livestock, Ward Motor Co., City Automotive Supply, Smith Auto Store, Sears Catalogue Store, Don Carl, Ruby Roden, Bill Ballew Plumbing, Leslie's Flowers, Memphis Upholstery, Mitchell Real Estate, Memphis Farmers Co-op Gin, Paymaster Gin "Memphis", Paymaster Gin, White's Auto Store, Deaver and Deaver, Loran Denton, and Hubert Dennis. In addition to these members we received a positive answer from almost every member over the past year in relation to a raise in membership dues. If you would like to invest in the future of Memphis contact one of the members of the membership committee for membership in the Memphis Chamber of

Commerce and the Hall County Board of Development. Together we can build a better community in which to live.

This weekend is St. Patrick's Day in Shamrock and Elmont Branigan's Model A will be representing Memphis in the Saturday parade. This is also the weekend when chamber member Shirey Patrick of Patrick Chemical Company is always singing "When Irish Eyes Are Smiling" on his route through Memphis and the surrounding area.

The Bob Wills Bicentennial coins are expected to arrive any day now. Be watching for an announcement about their arrival. The coins will soon be on display and on sale at: The First National Bank, The First State Bank of Memphis, and the People's State Bank of Turkey. The ladies' pretty gold and silver Bob Wills coin chain pendants will be on display and sale exclusively at Branigan's Jewelry. We will also have gold and silver Bob Wills coin key rings. Advance sales are being made now, and we have sold several coins already.

The Chamber Office will keep a complete catalogue file on every owner of the serial numbered Bob Wills coins. Each coin will be numbered with an index card and the owner's name and address will be listed on that specific card. These files will aid us in keeping record of who owns the specific coins. The catalogue file will aid us in situations similar to the one that occurred two weeks ago. A coin collector from Lubbock wanted to purchase a specific serial numbered 4 coin set which had already been sold. We gave him the name of the owner, and the owner was then offered twice the original selling price for the set.

Among the new members of the Memphis Chamber of Commerce are two "get togethers" of the First Methodist Church, Mert Cooper and Jerry Lane. We are happy to have both of these men as chamber members and 1975 is go-

ing to be a good year for both the Chamber and the Community with this kind of leadership. Join the team action found in the Memphis Chamber of Commerce.

Mrs. L. G. Rasco Is Hostess For March UDC Meet

The UDC Club met in the home of Mrs. L. G. Rasco Tuesday, March 11, for their monthly meeting.

Mrs. Theodore Swift, president, called the meeting to order and Mrs. Mary Jane Thompson, secretary, read the minutes of the last meeting. Mrs. Rasco gave the treasurer's report. Both were approved.

The Ritual and Pledges to the Flag were given. Then Mrs. Bryan Adams brought the program. A Texas poem, "Ode to the Mesquite," taken from the book "Moods of the Prairie," was given. The poem was written by Edwin Eakin, Editor of the Quasah Tribe, and each poem in his book is illustrated by the artist, Otto Studds of Turkey.

"Texas in the Confederacy" was discussed and "Politics During Reconstruction." She stated that there was sorrow throughout the South; anxiety as the realization came of the surrender of Gen. Lee to Gen. Grant and the surrender of Gen. Johnston to Gen. Sherman in April, 1865, and the end of the war had come; and that all fortitude, sacrifices and grief had been in vain.

This article was written by Mrs. Henry F. Trivette, Editor of UDC Magazine, Sept. 1965.

A lovely refreshment plate of potato chips, pickles, chicken sandwiches and cheese cake was served. The cheese cake was made by Mrs. Rasco's daughter-in-law, Edna Rasco, and her recipe was from a New York Restaurant. Those attending were honored with a type-written copy of the recipe for the cheese cake.

Those attending were Mary Jane Thompson, Mrs. Williams, Biffy Grace Moreman, Sybil Gurley, Katy Clark, Lorraine Swift, Nettie Adams and the hostess, Mrs. Ona Rasco.
