EDITORIAL

Memorial Day!

May 30 is the traditional Memorial Day, but in efforts to give citizens more Monday holidays, the tradition was let ride so Americans will observe Memorial Day on Monday, May 26, this year.

This editor received an "anonymous" letter from someone in Estelline recently, which was far different from most unsigned letters editors normally receive. The subject matter is about "always remember" and is reproduced as follows:

"To The Democrat: Reading the soldiers last Mother's Day letter in your 30 year ago column brought back so many sad memories of our fine young Estelline men who gave their lives in World War II.

"Our high officials tell us to forget all past happenings and think only of the future—a tough piece of advice for families who lost loved ones and will always remember and cherish ever little memory."

"Enclosed is a clipping from The Childress Reporter (last week) which shows when you are involved it's hard to forget those who shared the good and the bad times with you. I say, God bless our soldier boys—they give up good jobs, families and home to serve us and their country. Let's pray for them!"

Whoever the author of this note is, should not in the slightest way feel bad about the expression of such feelings, for the words are beautifully written and noble in thought. And they express most accurately the feelings of many, many families, and more so those who lost loved ones in the Vietnam War.

Make no mistake about it, the United States of America did lose a "Cause" in Southeast Asia. Whether or not this nation should have ever been involved in Korea or Southeast Asia or not is a matter historians will debate for centuries if the old world lasts that long.

The article from the Childress newspaper was written by Burl Bumpus and was about the advice The President, Sec. Kissinger and members of Congress have given urging Americans to consider the war in Indochina as being over and done.

Not to be forgotten, however, are the 55,000 American fighting men who are dead. Bumpus writes of meeting Dingus Banks, Jr. a graduate of Officer's Candidate School at Ft. Gordon, Ga., who was leaving for Nam. He lasted just four days.

One of Bumpus' ROTC instructors, A. Maroscher, Major, US Army, who migrated from Romania with his father, a super-patriot, was killed in a forward observer plane in one of the northern provinces of South Vietnam. A monument was erected in his honor at Hardin-Simons University.

Hall County had its young men who fought in Nam, and Hall County families were not spared the grief of the loss of loved ones either, and as Memorial Day comes about, these brave men will be remembered along with those who fought and died for their country in winning causes.

This editor read a recent news release which stated, in effect, that Russia, the U. S. S. R., was making deals to establish air bases in South Vietnam, under its new communist rulers. When the U. S. A. had bases, it was Imperialistic aggression, the Communists said. What is it when the U. S. S. R. moves in?

The Simmons-Noel Post of the American Legion is having Memorial Day services at 1:30 p. m. Monday, May 26, in the Legion Home. Following these services, conducted by Rev. Mert Cooper, those attending will go to the Freedom Flame at the courthouse to place a wreath and observe the rekindling of the Eternal Flame which had been extinguished due to the energy crisis. Gold Star Mothers and Fathers are cordially invited to be the honored guests.

All citizens are invited to these services on this, Memorial Day 1975. This country has much to remember from its 200-year history.

What Other Editors Say

A NEW CHAPTER OPENING
FOR THE FIRST TIME in recent history, the nation has witnessed the spectacle of a Democratic Congress refusing to allow a Republican President to throw good money after bad.

After all, with more than \$50 billion already shelled out Americans have turned over to their elected government such a fantastic amount of money that the spending of a few paltry millions has little meaning anymore.

However, if we can read the mood of the American people, the word is out — enough is enough! No more trying to sell the world a watered down American way of life, an anemic kind of democracy or even a dollar down type of exported religion.

While we may not be turn-row isolationists, the average American is saying or thinking; the days of the good-time Charlie, the ugly American, the GI with Hershey bars and Double Mint in one pocket and dollar bills in the other is over, passe, kaput!

Americans are not going to send the Marines out to sea to help Standard Oil or American Fruit Co., some hill-billy guerrillas, or send dollars to grease the palms of already oily politicians in East Africa, northern India, or Outer Mongolia.

A study of American life and world affairs will quickly convince even the most skeptical that our way is not always best and often time not even second best. For instance several nations are ahead of us in medical care, others best us in their care of the ecology, while others lay claim to a broader case of public education.

Americans have contributed so much to the well-being of the peoples on planet earth. But likewise we have been brash and cocky, and egotistical as well as naive, uncultured and uncouth. Next year we will be 200 years old. We are not only growing up—we are growing old, as a nation, a people, a culture. We are paying more attention to the arts, the folkcrafts, furniture, homes, drama, the theatre, music and all those manifestations of a somewhat somber maturity.

Dollar and bullet diplomacy has been tried with little if any success. The American people are writing finish to that chapter even if some politicians haven't gotten the word.

Americans planning to trip to Europe this summer had best be well-armed—with money.

Unless they've arranged for a fully prepaid tour, with everything except "incidentals" arranged in advance, they'll probably be in for some sickening surprises.

Mr. Bill Combs
The Memphis Democrat
Memphis, Texas

Dear Mrs. Combs and Bill:

I appreciated the editorial appearing on Thursday, April 24, 1975 in the Memphis Democrat.

It is not always easy nor popular to deal with controversial issues, either politically nor editorially.

A free press in a free country does not mean much unless that freedom is exercised. Hopefully, it will be exercised responsibly and, hopefully, whether the people agree or disagree, they

will realize that one of the things that distinguish us from communist countries or totalitarian regimes is the fact that we can disagree and while doing so we can still respect each other's rights to disagree and never become so taken up with ourselves or our own position that we can not maintain an open mind.

"Incidentals" will make a large hole in any wallet.

And in most countries, surtaxes levied on everything from food to taxi fares make our own sales taxes seem paltry by comparison.

So — have fun abroad if that's your heart's desire. But be ready for a ripoff.

Otherwise, stay home and see what the United States has to offer in the way of magnificent scenery and inspiring landmarks in the history of our own country.

That won't be cheap either, but at least you'll have a better understanding of what you're in for before you go.

BYRON BALDWIN

Bobby Barbee had as her mother-in-law Mrs. Duke Osborn of San Diego, Ariz., and Mrs. Happy Osborn of Grand Prairie. Mrs. Osborn will be remembered as the daughter of Mr. Hagan, Hagan who moved to the County near Brice and lived in the Morgan Salmon place in the Morgan family. There were four children in the family (Kirby and Jack deceased). Jim Hagan is now in Kearny, Ariz. Nell and she were married in Clarendon in 1918. Duke and Nell had 5 children. Three are now living. They were in 1957. Duke worked as a manager of gins at Brice and for the Anderson Clayton Co. for several years. Duke passed away March 14, 1975. Mr. and Mrs. Duke Osborn would have been married 54 years Oct. 28, 1921.

Happy Osborn will be remembered by many of you as Enos Sims, daughter of the late Mr. and Mrs. W. A. Sims. Enos was a member of the 1929 class. She remembered Dorcas Ruth Wilson was the most attractive person in the class and Ike Jay was her class and Ike Jay was her teachers. Mr. and Mrs. Osborn lived in Memphis from 1928 to 1942, where Happy worked for the Memphis Commission as well as working for Miller freight line for 16 years and did paint contracting. She had one daughter, Billie, who was Mrs. Don Wommack of Saline. She has two sons, Bill and 23. Enna Mae reported she and Happy had their first grandchild a few days ago. Happy is in very poor health and is confined to a rest home. His present address is as 930 N. W. 19th, Pleasanton, Room 9 Downstairs, Grand Prairie. Many of you will remember Enna Mae's brother, J. D. Morrison, who married Inez Morrison, daughter of the late Mr. and Mrs. Morrison. They are now living in Grand Prairie. Inez is still in the building and J. D. is in the building and paint business. They had four granddaughters and four grandsons. Two of the daughters are in Boston, Mass., Connecticut and Kansas City, Texas.

Reviewing the time I have spent with the Morrisons starting in the late Bill at Newlip, I have five generations of this family. Both Mrs. Sims and Mrs. Morrison were very complimentary to the heritage Hall.

Mr. and Mrs. Kenyon Hillyer of Houston were visitors in Heritage Hall the past week. Kenyon was remembered as the son of the late Mr. and Mrs. W. M. Hill who moved to Hall County in 1920. Kenyon was on the Cyclone team in 1920, '21 and '22.

TEXAS TALK
By BILL COLLIER
Branch Manager

The worst is over . . . probably. Statements like this have become the most common hedge in the cattle industry in the past few weeks. Top executives of the beef business find reason to be cautiously optimistic in the face of rising per capita consumption and a decrease in the industry's number one problem, glut. Caused by a combination of price controls, natural cattle cycle, the population reaches a peak every 10-11 years and high feed prices, the (oversupply) seemed a while to be unending. Consumers are solving the problem by buying more and accepting grass-fed meat. Packers buying grass-fed cattle have to use 2 or 3 times as much feed as the young pasture-fed cattle to produce as much as a single grain-fed animal. So the problem seems to be solving itself, even the optimistic cattlemen (not the easiest thing to say) it will take at least 18 months before the industry is back to normal.

Hitoshi Mitsunaga, Tokyo, Japan — He was born and reared in the Tokyo area and attended college there. The past year he has been enrolled in McMurry College at Abilene. He is majoring in International Marketing. In a few years, he will probably be engaged in world trade. This summer he is getting a new experience in Hall County farming with James Richburg. He and Bill Richburg are classmates in college. Bill is working in the Methodist Church of Shamrock, as youth director during the summer months.

We had a very interesting group of ladies visiting in Hall County Heritage Hall last Saturday. In fact, there were 6 of these Barbee

girls here having a reunion with their three brothers. They are children of the late Mr. and Mrs. Herb Barbee of the Lakeview area. The ones in Heritage Hall were: Irene (Barbee) Russey of Fort Worth where she has lived since 1943. She remembered going to school at Webster, when Emory Stidham and Bertha Alexander (now Mrs. Marvin) were the teachers. Emory Stidham was the son of the late Dr. and Mrs. Stidham. Irene finished her school days at Lakeview. She married Preston Russey in 1953. He has been with the Coca Cola Company in Fort Worth for the past 50 years. Another one of the Barbee girls who traveled the greatest distance for this reunion was Jessie (Barbee) Wiley of Santa Ana, Calif. She has two sons who were born here at Odum Hospital. She also has two grandchildren. She has been working in the

Witnesses To Have Convention In Perryton Soon

The location for the next Circuit Convention of Jehovah's Witnesses has been selected as Perryton, Texas. Thirty delegates from the Memphis congregation of Jehovah's Witnesses are planning to attend the two days of Bible instruction sessions and fellowship with 11 other congregations from Western Oklahoma and the Texas Panhandle who are scheduled to be present.

Arrangements for this circuit gathering at the Perryton, Texas School Auditorium have been underway for sometime now to provide rooming, meals, refreshments and other services for the more than 800 delegates who will be gathering for the assembly that has as its theme, "Have We Kept Our Senses and Been Watchful?", based on 1 Peter 5:8.

Principle speaker for many of the sessions will be John R. Heckman, who has been a special representative of the Watchtower Society for 18 years in such places as, Washington, Alaska, New York, North Carolina and Pennsylvania. Mr. Heckman will also address the convention Sunday afternoon June 8, with the special talk entitled, "Stand Still and See the Salvation of Jehovah."

The public is cordially invited to attend the entire assembly, but a special invitation is extended for the Public Talk Sunday afternoon at 2:00 at the assembly grounds, 1102 S. Jefferson in Perryton, Texas.

downtown May Dept. Store the past 10 years. She attended school at Lakeview.

She was her daddy's tomboy when a young girl at home and she knew what a white trailer was that you pulled down the rows of cotton. She moved to California in 1939. She reported that Hall County looked great to her.

The sister, Ellie (Barbee) Peoples of Samnorwood was in this

group. She married Rex Peoples who taught school at Lakeview before moving to Samnorwood where he has been Supt. of the Schools the past four years. They have three children. Ellie worked in the Chamber of Commerce office here for two years and for Mack and Horace Tarver another two years. The sister, Becky of Quannah, was here. She married Boyd Cummings in 1954. They operated a restaurant here about three years before moving to Quannah in 1959. They have two daughters at home. Before Becky met Boyd, she worked 6 years for Abie Stanford, also worked for the telephone company and A. W. Howard Cotton Co. Other sisters in the group were Viola (Barbee) Robertson of Lakeview who married Aubrey Robertson. They have two sons and four grandchildren. Still another sister in this group was Betty (Barbee) Johnson who married Hap Johnson and they live in Memphis. I imagine Betty started her medical work at home.

We have a medical book in Heritage Hall from the family that shows to have been used a lot by Mrs. Barbee and her family. Anyway, Betty did get a good start from this book. She has been working with the medical profession for the past 34 years. The three brothers of the 6 girls were not in Heritage Hall with them, but they were all having a family reunion. The brothers are Bobby of Lakeview who has three daughters, Herb of Memphis with one daughter and two grandchildren and Kenneth of Memphis who has one daughter and one son. The parents of this group were Mr. and Mrs. Herb Barbee of Lakeview. Herb passed away in 1958 and Mrs. Barbee in 1972. All the kids agreed that their parents were like Paul in the Bible when he said, "If you eat, you must work." And they were proud of the teaching that was given them in their early age. It was very impressive to me to see so much love demonstrated by the six sisters. It made me think of the love chapter of the Bible, 1st Corinthians, Chapter 13. They all had a

well balanced attitude of the life of today, and it made me feel as if I had a sermon preached to me on love as the scripture gives it—"Faith, hope, love and the greatest of these is love." This group was very complimentary of Heritage Hall. They expressed themselves by bringing in a list of items for display and also their contributions. Dixie Barbee, wife of Bobby, acted as hostess for this group. We welcome them back for another reunion.

Other visitors in Heritage Hall were chas. Turner of Portales, N. M., who is a brother of Mrs. W. E. Billington. He moved from the Indian territory to Mexico in 1906. Byron Sells and Phillip Sharp of Oklahoma City — Byron is the son of the former Ruthie Lee McQueen, daughter of the late John and Mrs. McQueen of Memphis.

The Barbee family moved to Hall County in 1905. The grandparents were Mr. and Mrs. Henry Jefferson Barbee who moved to Texas from Kentucky. The William Jefferson Smith family also moved to Hall County in 1905. This family moved from Georgia to Texas in 1905. A short time after these two families moved to Hall County, Herb Barbee and Ethel Smith met and were married in 1913. Dr. Gosdin and Dr. Stidham delivered the nine Barbee children into this world.

Following is a list of items brought in by the family for display: Cotton cards belonging to Herb Barbee family, used in making cotton balls to make quilts for the family; library of health book which was referred to in raising the family; Lawn dress worn by some of the Barbee girls; cuff link worn by Herb Barbee in early days; watch that was worn by Mrs. W. H. Bowerman, given to Irene Barbee Russey in early 30's; spur given to Herb Barbee from W. H. Bowerman, early Hall County settler, age unknown.

Mr. and Mrs. John Ward of San Angelo spent the weekend visiting here with her mother, Mrs. Estelle Barber.

Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

NEW BASEBALL FIELD — Memphis Compress Manager M. C. Allen, Jr. and American Legion Baseball Manager Fidel Rocha, are shown as they look over the new facilities of a baseball park on the western edge of the Compress property. The dugout, backstop and fencing can be seen in the background. The American Legion and several men and business, along with City crews made the new facilities possible.

Gov. Briscoe Explains Educational Program He Supports, Now Pending

Texas Governor Dolph Briscoe, in a personal letter to The Memphis Democrat, dated Tuesday, explained the program he is supporting concerning the various educational programs now pending before the legislature.

"I want to share with you and your readers the impact of the program I support. Therefore I have listed below the present amount of state aid received this year by the districts in your area, compared with the state aid that would be provided to your schools under my proposal when fully implemented," Governor Briscoe said in the letter.

The two school districts listed are Memphis and Turkey - Quitaque. Memphis current state aid is \$376,000 and proposed state aid would be \$586,000. Turkey-Quitaque state aid currently totals

\$183,000 and proposed state aid would be \$245,000.

"One of the main thrusts of my program is to equalize tax payer effort. With limited state dollars, some districts of average or better than average wealth or taxing ability would not receive increased state aid, but would not be penalized in reduced state aid. Such districts are not listed above," the Governor said.

"No school district in Texas would be required to increase local taxes to pay for any part of my plan except those wealthier districts which would need to increase their effort to provide for any teacher salary increase approved by the legislature," the letter stated.

Girls Soft Ball League To Begin Saturday Morn.

The girls soft ball league gets underway Saturday morning with four teams competing in the league. Play will be at the City Park field by the Amphitheater beginning at 9:30 a.m.

The first game Saturday will have the Red Devils, managed by Texie Fisher, Janet Montgomery and Penny Lemons, playing the Blue Jeans managed by Cindy Leaverton, Deanna Collier and Nancy Montgomery.

The second game has the Purple People Eaters of Susan McQueen, Betty Lemons and Linda Collins against the Gold Miners of Mickey Fowler, Debbie Combs and Charlotte Olivas.

During the six-weeks season,

each team will play the other twice, Texie Fisher announced. "We have received donations from the First State Bank for caps and equipment, and certainly appreciate any donations anyone would like to make," Mrs. Fisher said.

Local women decided it would be better for the girls (in third through six grade school year) to play soft ball as a separate league, rather than come involved in Little League hard ball with the boys. "The 54 girls signed up to play," Mrs. Fisher said.

Each game will have two innings. The first inning will be on the team will get to bat no outs or scores will be scored. The remaining two innings will be regular play and scores determine the winner.

The girls league will play at Little League Field when the pole has been repaired.

Scout Drive To Start Tuesday For Adobe Walls

Tuesday, May 27, will be the start of the annual Boy Scout drive to raise funds for the Pampa district. A film presentation will kick-off the drive at the Bronze Room of the First National Bank.

Two teams will compete this year to raise contributions with the losing team buying breakfast for the winning team. Jerry Burleson will captain one team and will try to "out-do" Mike Branigan's team.

Cablecom Gen. Emergency Warn. System Repaired

Memphis residents heard the Memphis Police Dept. broadcast on Cablecom General emergency warning system last Sunday, for the first time this spring. The system has been undergoing some repair.

Hurshel Pruitt, the company's Memphis manager, said that the system will be tested each week on Monday morning at 10 a.m. to make sure no further difficulties have developed.

The system allows the Memphis Police Department to cut in on all voice TV channels to make emergency warning announcements about dangerous weather or other serious threats to personal life or property. The system is not to be used for public service announcements or to distribute general information.

For new residents of Memphis, the tornado alert siren is a long-unwaivering blast on the fire siren of several minutes duration. Should this siren signal sound, residents are asked to seek safe shelter.

Memphis Woman Charged With Murder Saturday

Brice Blanchard Brown, female, has been charged with murder following the 3:50 p.m. shooting death Saturday of Doris Gardner Proby of Lakeview at 416 N. 6th, the residence of Shelton Cooper.

She was arraigned before Justice of Peace Ruby Roden Monday and bond was set at \$25,000. She is still in custody.

Doris Proby was rushed by Consolidated Ambulance Service to Hall County Hospital after the shooting incident but was pronounced dead upon arrival. She suffered a severe head wound. The shooting incident was reported to the Memphis Police Department about 3:55 p.m., and responding officers were Chief of Police Kenny Schull and Highway Patrolman Gary Moran. Brice Blanchard Brown was taken into custody immediately and a .38 caliber special was also taken as evidence.

Price Stability For Farmers Is Lost By Vote

WASHINGTON, D.C. — Congressman Jack Hightower said today that failure to override the President's veto of the Emergency Farm Bill eliminated the farmers' last remaining assurance of price stability for his products this year.

"It is my hope that the Administration and those colleagues who voted to sustain the veto will not learn the bitter lesson that prices paid today for our food and fiber could be a tremendous bargain," Hightower said. "There is now a probability of a cutback in production that could make the

costs skyrocket for consumers."

The Congressman said only certainty the farmer faces now is increased costs of production. "Farmers gamble every day against the odds thrown at him by the whims of nature," he said. "Now he must face the most cruel uncertainty of all, the price he will receive for his crops."

Tom Foley, Chairman of the House Agriculture Committee, told Hightower today that the committee may still consider later in this session legislative proposals to modify the Agriculture and Consumer Protection Act of 1973.

"Although such action will be too late to help this year's crops," Hightower said, "we must attempt to make the existing farm price support programs more realistic with present economic conditions."

Lakeview Chapter of F. H. A. Honors 'Secret Grannies' at Banquet May 8

The Lakeview Chapter of Future Homemakers of America held a festive banquet for their Secret Grannies Thursday, May 8, in the Lakeview cafeteria.

The theme, "Lazy Daisy Summer" was carried out with large, colored daisies hanging from the ceilings and large bouquets of Spring flowers that the girls made with crepe paper. Place cards were blocked letters made out of bread dough and sprayed with varnish. The ladies, girls and mothers of the F.H.A. enjoyed the buffet table which held silver appointments and lighted candles.

The program for the banquet included: the invocation by Christi Whitten, introductions of the Secret Grannies by each girl, report on area meeting by Karen Cofer and Tammy Hodges, a report on the state meeting by Sidney Gardenhire, presentation of gifts to Chapter Mothers by Debbie Hodges and Tina Watson explained the unique process for making the place cards. The girls ended the program by saying the F.H.A. Creed and singing the F.H.A. song. Special guests included Se-

cret Grannies and High School Principal Cloris McCary and Mrs. McCary, Mrs. B. H. Cook, Chapter Advisor, served as Mistress of ceremonies.

Secret Grannies and Granddaughters include: Connie Fowler and Mrs. Willie Favors; Neava Painter and Mrs. Ted Montgomery; Theresa Chapman and Mrs. Z. Sanders; Starla Byars, Mrs. Billy Morgan Salmon; Joan Berry and Mrs. Marion Byars; Sherry Lemons and Lois Ariola; Sidney Gardenhire, Mrs. Mary Byars; Janet Byars, Mrs. M. D.
