Trackmen Win Meet At Vernon; To Travel To Panhandle Saturday

The Memphis Track Team with two track meet victories to their record, travels to Panhandle Saturday for a one-day meet, but Coach George Berry is concerned that the team's health could prevent a three-in-a-row chance.

"We've had flu hit some of our best men," Coach Berry said, "as Steve Flemmons, Ricky Bloxom, Randall Shahan and Pedro Salinas have been out with the flu."

The Cyclone's captured 123 points at Vernon, but the four members who are sick played a big role in the victory.

Childress came in second, with 104 points, Seymour third with 74 and Shamrock fourth with 66. Olney had 43, Electra 30, Wellington 24, Quanah 22, Chico 6 and Vernon "B" 4.

In field events, Rickie Sprull won the long jump with 20'6", Ricky Woodward placed fourth in the pole vault at 10 feet event, Rickey Guy and Kenneth Bryley placed second and third in the high jump at 5'6" and Fred Alexander placed sixth in the shot with a toss of almost 41 feet.

The Cyclone sprint relay team won first with a time of 44.9, not their season's best time but the best time turned in finals at a meet this year.

Pedro Salinas ran a 2:10.6 for first place in the 880-yd. run and Ricky Bloxom with a 2:12.3 was fourth.

Steve Flemmons placed fourth in the high hurdles with a time of 16.6.

Charles Bryley placed second in the 100-yd. dash with a time of 10.4, but teammate Rickey Sprull failed to qualify for the event in preliminaries, over-anxious at the gun.

Eddie William placed third in the open quarter-mile with a time of 53.7, a 10th of a second off the winner's time.

Rickie Sprull and Charles Bryley placed one and two in the 220, with times of 23.2 and 23.25. Randall Shahan meet state winner David Ramsey of Shamrock in the mile run and came out second best as Ramsey had a 4:50.4 and Shahan had a 4:51.4. This will be a classic matchup at the district meet between these two fine athletes.

The Memphis mile relay also came in second in that event losing to Seymour by three tenths of a second 3:39.9 to 3:40.2.

Coach Berry was well pleased with the trackmen at Vernon with one slight exception, this being the mile relay's second place.

Plans for the Panhandle meet were still being discussed this morning, with the chief concern being the flu problems. "Our trackmen will do their best to capture as many points as possible, but we'll be competing against Class AA schools at Panhandle so competition will be tough," he said.

Hall County Spelling Bee To Be Held In Memphis on Thurs., March 18

The Countdown has started and the race is on for Winner of Spelling Bee. The Prize? A trip to Washington D. C.

EDITORIAL

Deskins Wells . . . A Newspaperman!

When life draws to a close for someone who has had a great deal of influence on your life, especially in a professional way, it is difficult for an editor to pass up an opportunity to give credit and write from deep felt convictions. Such is the case of Deskins Wells, long-time publisher of The Wellington Leader, who died recently.

Mr. Wells is more responsible for the Combs family running a newspaper in Memphis than any other individual, save for respective parents in the family. He was the man who gave Herschel A. Combs his first job.

Mr. Wells was a journalist, school trained, dedicated to his profession wholeheartedly, and believed strongly in the high ideas of journalistic ethics. Deck and Herschel were close friends, both sharing and believing in their chosen profession and the good that could be accomplished in their respective communities.

Both newspapers won numerous awards for excellency in the profession, and both men served as officers in Press Associations in this state. Probably, the greatest legacy both have left, are communities active in civic affairs and united behind strong citizen leadership.

Both men believed that a newspaperman's purpose should be to build his community, serve his people, and work toward the betterment of existing conditions; and, of course, to make a living, meet his payroll and pay off his debts as a sideline. Neither left behind a financial empire but the good works which required long hours of hard work for civic betterment remain and the policy of cooperation rather than criticism lives on.

Deck Wells years as a newspaperman were not easy ones, dating back to the 20s and 30s, and his personal life had its hardships as well, losing two wives to death, and finally his own voice due to cancer. His last visit in our office on a business matter was marked by a lot of note writing on his part on subjects of mutual interest.

This editor realized how many of the basic journalistic principles he had learned from growing up in a newspaper plant had come from Deskins Wells of The Wellington Leader.

What Other Editors Say

JAWORSKI SAYS . . .

We had the pleasure of sitting across from Lubbock Mayor Roy Bass last weekend during a banquet honoring former Watergate prosecutor Leon Jaworski. Bass is a very interesting man and had some interesting views concerning upcoming politics in local and statewide races.

We were most impressed by the speech and answers of Mr. Jaworski as he received the Thomas Jefferson award. The award is presented by the Mass Communications department at Texas Tech and goes each year to a public official who has done most for the protection of the First Amendment right of freedom of the press.

Jaworski held a news conference immediately before the banquet and answered many questions about the Nixon - Watergate affair which he became the main authority on as he investigated the case. He gave main credit for exposing Watergate to the "free press" which refused to be intimidated. He agreed that there have been some illegal activities carried on by former Presidents (especially in the areas of political contributions), but said the attempts to obstruct justice and cover up criminal activities had been carried on in the Nixon Administration to a far greater degree than any attempt he had ever

seen. He said there was no question in his mind that the Watergate affair was the worst scandal of any Administration in the history of the United States.

The Houston lawyer pointed out other countries which have become dictatorships and noted that in each case, freedom of the press was the first right that was taken away by the countries leaders. After that, he said all other individual rights fell in line.

"Even though I have felt the sting of what I considered to be unfair comment by the news media," Jaworski said. "There is no question that we must retain the right of freedom of the press in order to preserve all our other rights. I have at times felt I was unjustly criticized. But once I removed myself from the situation and reflected back upon it, I can see that I was probably wrong."

Jaworski said he felt public officials, on national, state and local levels, need "searching and

probing" reporters looking over their shoulders all the time.

"Officials will be more fair, more conscious of the taxpayer and the public, and more cautious when making an important decision if they know that the news media is closely watching their every step."

WRITE CONGRESSMEN, SENATORS ON ESTATE TAX REFORMS

For the first time in many years there is a good possibility Congress may revise our antiquated federal estate tax laws.

President Ford is his State of the Union message emphasized the need for revision of the old laws. Support of the tax revision is indicated in S.2875, introduced by Sen. George McGovern of South Dakota. The proposed legislation would give much-needed relief to farm and ranch families when they are faced with the burden of settling an estate.

With inflated land prices and the antiquated tax laws, many farms and ranchers are being liquidated in order to satisfy inequities of the present federal estate tax laws.

Under the McGovern bill, an executor of a stockman's estate could elect to have real property

Hall County TSTA Meets For Dinner Meeting at Lakeview School Cafeteria

Hall County Local Unit of TSTA State Teachers Association met at Lakeview School Cafeteria March 1st with U. F. Coker, Jr., President, presiding. Mr. Alex Sween, Superintendent of Lakeview School extended welcome to teachers, Administrators and Principals. The invocation was given by Mr. C. M. Wooten, Elementary Principal of Estelline School.

Special Menu for Teachers was served buffet style which consisted of one thick Slice of Love (Potato), Guidance Tossed with Avocado (Salad), A Heaping Serving of Cooperation (Vegetables), Scoops of Planning Topped with Cream (Dessert), A Class of Contentment (Beverage).

After dinner was served Sid and Mark Gardenhire entered the teachers with vocal selections of Country Roads accompanied by the guitar.

Mr. Seay, Past President of County Unit of T. S. T. A., presented a pin and Certificate of Appreciation for his leadership and services in school year 1975 by Weldon (Doc) Bates, Superintendent of Estelline School Vice-President of the Local Unit.

President, U. F. Coker, Jr., reported to the Unit about the meeting he had attended in Amarillo, Texas, February 26th at TSTA National Convention. He discussed the Resolutions which were brought before House of Representatives T. S. T. A. March 11-13 in Fort Worth. One recommendation will be revamping H. B. No. 1000.

Miss Ethel Hillhouse, Austin, Texas, was appointed to the Constitutional Committee because Mrs. Andy Gardenhire is no longer serving in the Memphis School System. Other members are Mrs. Tom Seay, Chairman, Estelline, Mrs. Mozelle Gillen, Lakeview and Mrs. Green, Valley.

The Local Unit elected Mr. Weldon (Doc) Bates, Superintendent of Estelline, and Vice-Chairman, Dean J. Morris, Chairman of Local Unit, as N.E.A. Delegate to the National Convention in Miami, Florida. His name must be submitted by March 8th to the N.E.A. and Hall County will pay small part of his expenses.

The following were appointed:

to serve as a Nominating Committee to select officers for 1976-77: Clinton Voyles, Memphis, Chairman, Susan Davidson, Estelline, Mrs. B. H. Cook, Lakeview, and Miss Jane Hudson, Valley.

The President explained to the Local Unit it would be necessary to have printed ballots for the election of officers for this is a ruling of NEA; also an Election Committee will be appointed to supervise the election and results forwarded to Executive Secretary of T. S. T. A.; and the same Guide Lines will be followed in approving or rejecting Reorganization of T. S. T. A. - NEA local Association Structure.

One New teacher was introduced Mrs. Gene Bruce Estelline Kindergarten Teacher; and her husband, Gene, was a guest. Other guests were: Mrs. Alex Sween, Mrs. Gano Wilson, J. R. Adamson, Jr., Mrs. Weldon Bates, Gordon Gilliam, and Mrs. C. E. Voyles. Because of flu epidemic only about 45 teachers were present.

The President announced the next meeting will be at Estelline on April 5th; and that he will attend State T. S. T. A. meeting in Fort Worth as Delegate and if unable to attend, Mr. Weldon (Doc) Bates will go as Alternate.

Annual World Day of Prayer Is Held Friday

The annual World Day of Prayer was held at the First United Methodist on Friday afternoon at 2 p.m.

This year the prayer programs were planned by the women of the various denominations, including Catholic, in Old Mexico. The theme for the meeting was "Education For All of Life." It was brought out during the program that education is not preparation for life but education is life. We must choose between transferring knowledge and actively seeking knowledge, it was stated.

Women from the various churches in Memphis were in attendance.

Delphian Club Meets In Regular Session March 5

The Delphian Club met at the Big O Restaurant on March 5. Mrs. Dean Yarbrough called the meeting to order and led the members in the pledge to the flag. She then presided during the business meeting.

Mrs. Yarbrough introduced the Bicentennial program with a quote by Thomas Jefferson, "I leave you independence forever."

Mrs. Sim Reeves gave a thought provoking devotional entitled "A Nation Strength."

Mrs. Henry Hays' topic of discussion was "The National Archives." She gave an interesting report on her visit to the Archives while in Washington, D. C. She stated that there are one and one half million cubic ft. of documents stored there; also there are 68 concrete apartments, three stories high. The building was built in 1935 at the suggestion of Calvin Coolidge. There are 530 full time staff members. One of the unusual requests was for a picture of the signing of the Declaration of Independence which preceded photography by a number of years.

Mrs. Clyde Smith gave a first hand report of her visit to Ste. Geneva, Mo., in her talk on "The Colonist America." She said Ste. Geneva has been described as a sleeper. All the buildings and homes are authentic. She had pictures of some of the first homes built there, and she described the interior, furnishings and cooking utensils.

Members present were Mmes. W. C. Dickey, Henry Hays, J. E. McMurry, Sim Reeves, Kenneth Dale, Robert E. Clark, Norman Archer, Clyde Smith, Leon Davis, Dean Yarbrough, C. D. Morris, L. F. Jones, and Mildred Stephens.

The next meeting will be in the home of Mrs. Henry Hays on March 16.

Geranium, muted red-pink, is a major new fashion color for spring and summer, Mrs. Becky Culp, area clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Mr. and Mrs. Arvel Haire To Observe 50th Wedding Anniversary March 21

Mr. and Mrs. Arvel Haire will observe their 50th wedding anniversary Sunday, March 21. No reception is planned.

Arvel E. Haire and Frankie Crump were married March 21, 1926 in Lamar County. They have lived in Hall County since 1951

MRS. JOHN P. WARD

Former Resident Named District President of TFWC

Mrs. John P. Ward, of San Angelo, who is the daughter of Mrs. Estelle Barber of Memphis, was elected this week, at a meeting in Cisco, president of Heart District, Texas Federation of Women's Clubs.

A graduate of Memphis High School, Mrs. Ward holds degrees from Texas Women's University and Hardin - Simmons University. She is a professor of English in Angelo State University and is active in educational and church-related affairs of the city.

Mrs. Ward has the honor of being the first person to assume the presidency of a district for a second time since the clubs were realigned in 1960. She was the first president of Mesquite District, TFWC, 1960-62.

William Wellmans To Observe 50th Anniversary

Mr. and Mrs. William C. Wellman of Turkey will celebrate their 50th wedding anniversary with open house on Sunday, March 21, when their children and grandchildren entertain in their honor.

Friends of the couple are invited to call at the family home in Turkey between the hours of 1:00 to 5:00 p.m. on Sunday.

Mrs. Ruby Milton of Groom and Mr. and Mrs. Jesse Smith of Amarillo visited in the home of Mr. and Mrs. Clyde Reed and Patty near Lakeview Sunday. Mrs. Milton and Mrs. Smith are sisters of Mrs. Reed and they brought gifts and the dinner, already prepared, including a big birthday cake in observance of Mrs. Reed's birthday. Mrs. Milton's two daughters, Mrs. Sue Simmons of Houston and Beth Landry and two daughters, Melissa and Holly Landry, called from Port Arthur and sang "Happy Birthday" to her.

UDC Chapter Meets in Home of Mrs. Bray Cook

The Winnie Davis Chapter of the U. D. C. met in the home of Mrs. Bray Cook with Gertrude Rasco as co-hostess.

The meeting was called to order by the President Mrs. Lorene

Swift. Minutes of the last meeting were read by Secretary Mary Jane Thompson and approved. The ritual was read and pledges to the three flags were given.

The afternoon's program was introduced by Mrs. Bray Cook. "Quelga de Castro" was given by Mrs. Herlie Moreman after which Mrs. Bray Cook reviewed the book, "Grab A Holt" written by

Neil Hughes of Memphis.

A lovely refreshment plate of fruit salad, ribbon sandwiches, apricot cake and coffee was served to the following members: Mmes. Nettie Adams, L. G. Rasco, Mary Jane Thompson, Katy Clark, Royce T. Williams, Herlie Moreman, Lorene Swift, J. W. Fitzjarrald and Miss Sybil Gurley and hostess, Mrs. Cook.

Keep your cash reserves working with insured safety Since 1934 no dollar protected by the FSLIC System has ever been lost to a saver!

Here's how the law reads on "pay out" for FSLIC Insurance 12 U.S.C., 1728(b)

"In the event of a default by any insured institution, payment of each insured account in such insured institution which is surrendered and transferred to the Corporation shall be made by the Corporation as soon as possible either (1) by cash or (2) by making available a transferred account in a new insured institution in the same community or in another insured institution in an amount equal to the insured account of such insured member . . ."

Does "pay out" provision differ in banks offering FDIC Insurance? Let's read the law 12 U.S.C., 1821(f)

"Whenever an insured bank shall have been closed on account of inability to meet the demands of its depositors, payment of the insured deposits in such bank shall be made by the Corporation as soon as possible, subject to the provisions of subsection (g) of this section either (1) by cash or (2) by making available to each depositor a transferred deposit in a new bank in the same community or in another insured bank in an amount equal to the insured deposit of such depositor . . ."

Mrs. Theo. Swift Entertains Woman's Culture Club

The Woman's Culture Club met March 3 at the Big O Restaurant with Mrs. Theo Swift as hostess.

Miss Jackie Culbert, vice president, conducted a short business session.

Preceding the program, Mrs. Alvin Pyeatt led in prayer, Miss Jackie Culbert introduced the program, "Opportunity in Education," with the quotation, "The Mind is slow in unlearning what it has been long in learning," Seneca.

Mrs. Jeanette Irons spoke to the club members on "The Metric System . . . New for America." Mrs. Irons explained that the United States is the only country not on the metric system and when we trade with other countries, our measurements confuse some people abroad and that it is easier to figure things out using metric units because you are using a decimal system and that many times you can get an answer simply by adding zero or moving a decimal point. She added that many people in the United States are already using the metric system. Doctors, druggist, and scientists use it every day. She said that now our standard measurement is the meter. Everything is compared to the meter.

Members present were Meses. R. E. Clark, Frank Ellis, Ward Gurley, Jeanette Irons, Jim Lange, Alvin Pyeatt, L. G. Rasco, L. A. Stilwell, Sylvia Lewis, Misses Esta McElreath, Sybil Gurley, Jackie Culbert, Alma Bruce and hostess, Mrs. Theo Swift.

HALL COUNTY 4-H CENTER—Pictured above is a portion of the facilities located at the Hall County 4-H Center located northeast of Memphis on the Quail Highway. The picture was taken from the judge's stand and shows the south fence and bleachers. The picture was taken last fall during a Horse Show sponsored by the Hall County 4-H Horse Club. Hall County 4-H received the Agriculture Award given at the Chamber of Commerce Banquet recently for sponsoring the project which built the facilities. The organization this week says thank you to those who contributed to the program. Plans for future improvements are being considered.

CARD OF THANKS

We would like to express our gratitude and add a heartfelt "thank you" to the ones who remembered us during the long nine months our husband and father, Curtis Harrell, was injured, unconscious, and in a hospital; and to those who came to the grave side services in Fairview Cemetery. We sincerely appreciated the lunch which was served us by the kind members of the First Baptist Church of Memphis. We shall always remember your kindness to our Assistant Pastor of Plymouth Baptist Church, Rev. Feeler, Irving, Texas, who conducted the services and to our kind friend, Shine Bramlett of Irving, who accompanied Rev. Feeler.

The flowers and sweet sympathy cards you sent, gave us much comfort, and helped us during the services and these days of trial afterward.

We also want to extend a sincere "thank you" to Mr. Spicer and his staff for the kind and efficient service that was put out for us. You reached your hands to us, and ours were waiting there. God Bless you all and we say with the poet:

"A few more years shall roll,
A few more seasons come.

And we shall be with those that rest

Asleep within the tomb."

INFLATION-FIGHTING FOOD IDEAS

CHICKEN WITH SNOW PEAS

Rice is right for all seasons, and it can be used in dishes that can be served any time of day. Because of its special bland flavor, rice goes well with most foods. It can be used as a meat extender, as an accompaniment for meat, poultry or seafood, with vegetables, in a salad, with a stew and as a dessert. You can even make a pizza with a rice crust! In any case, rice adds to the economy, as well as to the nutrition and good taste, of the foods it accompanies. Here is a dish you may think you can enjoy only in a Chinese restaurant. But it's easy to make at home, economical, and oh so delicious.

CHICKEN WITH SNOW PEAS

- 3 whole chicken breasts (about 8 ounces each) boned and cut in thin strips
 - Salt and pepper to taste
 - 3 tablespoons vegetable oil
 - 3 cups diagonally sliced celery, cut 1/4 inch thick
 - 1-1/2 cups sliced onions
 - 1 package (6 ounces) frozen (or 2 cups fresh) snow peas
 - 1-1/2 cups chicken broth (canned or made with bouillon cube)
 - 1 tablespoon cornstarch
 - 3/4 teaspoon each sugar and salt
 - 3 tablespoons soy sauce
 - 3 cups hot cooked rice
- Season chicken with salt and pepper. Saute in oil for 1 minute or until tender. Add celery, onions, snow peas, and 1/2 cup broth. Cover and steam for 1-1/2 minutes. Remove cover and stir once. Blend cornstarch, sugar, salt, soy sauce, and remaining broth. Stir into chicken-vegetable mixture. Cook and stir about 1/2 minute or until sauce is slightly thickened. Serve at once over beds of fluffy rice. Makes 6 servings.

'Father Power' Gains Importance

COLLEGE STATION — "Just being a man" is the most important aspect of fatherhood, Mrs. Ilene Miller, a family life education specialist, says.

"From their dad's examples children learn what it means to be masculine. Watching and listening to their father helps children perceive how men should behave. They learn that men are more than only fathers — they're husbands, career men, citizens and individuals with varied interests and talents," she added.

Mrs. Miller is with the Texas Agricultural Extension Service, The Texas A&M University System.

"The best gift a father can give a son or daughter is himself — spending time working and playing with his children.

"Fathers also help their children become more sociable and behave acceptably as they interpret the codes of society. They show and tell children what is right and wrong — what they can and cannot do, and why.

"Fathers are one of the children's prime links with the wide world of the community. Through his conversations, interests and activities, a father influences his child's attitudes about the community," she said.

Being a good father is closely tied with being a good husband,

thereof reference is here made for all purposes.

THEREFORE, notice is hereby given that on the 12th day of April, 1976, same being the second Monday in said month, at the hour of 10:00 o'clock A.M. on said day, in the Commissioners Courtroom of Hall County Court-house, the Commissioner will offer for sale and sell at Public Auction to the highest bidder for cash, all the right, title and interest of Hall County, Texas in and to the above described real property.

Right to reject any and all bids is hereby reserved.

GREEN UP YOUR LAWN

With the spring season just at the corner, a few maintenance practices can get your lawn a good start, says a turf specialist for the Texas Agricultural Extension Service. First, scalp the lawn by cutting it with the mower blade one-half inch lower than normal. Mow the lawn in two directions at right angles to each other and remove the clippings after mowing. Then apply a complete fertilizer at the rate of one pound of nitrogen per 1,000 square feet of lawn area. Apply nitrogen every 60 days gives lawn a dark green color. Also use a preemergence herbicide (weed killer) for crabgrass and unsightly weeds.

Miss Shari Posey, who is attending Texas Tech University, visited last weekend with her parents and sisters, Mr. and Mrs. Marion E. Posey, MariAnn and Kari. Also visiting was Miss Julie Tanner, who is also at Tech and a friend of Shari.

You can BANK on it!

Don Long President

FIRST STATE BANK

There are generally two ways for a bank customer to save money; either with the old, familiar savings account, or through certificates of deposit — commonly called CDs. Each have their advantages.

Savings accounts give the customer a great deal more flexibility. It is relatively simple to move money in or out of a savings account — money can even be transferred directly to a checking account with little trouble.

Certificates of deposit, on the other hand, are less flexible, since the purchaser of a CD, in effect, agrees to leave the money in the bank for a specified period of time — ranging anywhere from 30 days to 10 years in some banks.

Savings accounts generally pay a lower rate of interest than do CDs, and for good reason, the bank doesn't know how long or how much of a savings account will be available for the bank to lend to its borrowers. It may be a very short time or for longer periods. The bank does know how long it will have the CD money available for lending, because the CDs are for fixed periods, and therefore can offer much more attractive interest rates. The longer the term of the CD, the higher the interest rates; up to a certain point.

One thing to remember when buying a CD: don't purchase them for any longer than you think you can have the principal amount tied up. If they are cashed before they expire, a substantial penalty is now required.

Use your Electric Clothes Dryer Wisely...

AND SAVE

Reddy's Helpful Tips

- * Operate your dryer with a full load.
- * Do not over-dry. Over-drying any fabric increases wear and tear and causes yellowing. In addition to using more energy.
- * Use leftover heat to dry light synthetic garments and only partially dry items which are to be pressed immediately.
- * Keep lint filter clean. A dirty lint filter can lengthen the drying time and present a fire hazard.
- * Vent your dryer to increase its efficiency. Occasionally check the vent to make sure it is not clogged. A clogged vent can cause your dryer to consume needless energy and presents a potential fire hazard.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN — State agencies and institutions got strict fiscal down-hold orders from the top last week.

Gov. Dolph Briscoe, L. Gov. Bill Hobby and House Speaker Bill Clayton served notice on nearly 1,000 board and commission members and agency heads at a special budget conference the lid is on state government spending.

Briscoe said he will veto any legislation that requires new or additional state taxes.

The three top officials in budget matters left no doubt they are united in the effort to hold expenditures in line with revenue, and they claimed they are acting on a mandate from Texas citizens "tired of excess government."

Briscoe ordered a five per cent reduction in the state government work - force through normal attrition and increased efficiency. He said he will return to the agencies any budget request which does not show "fiscal restraint."

Continued increases (appropriations have jumped 250 per cent in a decade) will "bankrupt" the state, Briscoe said.

House Speaker Clayton, echoing the governor's hard-line stance suggested such admittedly - controversial economies as cutting one year out of the 12-grade public school curriculum.

About \$1 billion more in additional revenue is expected to be available next year from present tax sources.

Handicapped
Texas Education Agency launched a \$9.8 million program to find and assist 10,000 uneducated children.

The program will be conducted in 20 regions in cooperation with 1,121 school districts.

"Child Find" will seek out those between the ages of three and 21 who are blind, deaf, physically handicapped, emotionally disturbed or mentally retarded.

About 300,000 are enrolled in special education programs, but that is only 76 per cent of the handicapped children in Texas. The program has as its goal reaching more than 450,000 children.

Spending Jumps
State spending is running 29 per cent over fiscal 1975 levels, Comptroller Bob Bullock said.

The comptroller said salaries and wages are up 26 per cent, medical care for the needy 32 per cent, foundation school program grants 43 per cent and grants to higher education 33 per cent.

Tax revenues also are up—19 per cent. Natural gas revenues are 40 per cent above 1975, motor vehicle sales 27 per cent and in-

surance occupation taxation 33 per cent.

State revenues during January totalled \$476 million, but spending totalled \$523 million. So far this fiscal year, spending adds up to \$2.8 billion and revenues \$2.4 billion. State government's fiscal year begins September 1.

Courts Speak
A Victoria trial court was wrong in throwing out the \$325,000 medical malpractice suit of a woman who claimed x-ray injury following a breast cancer operation the State Supreme Court held.

In another medical malpractice case, the high court upheld a \$21,644 wage verdict for a Tampa woman who had a 16-inch square of gauze left in her abdomen after ulcer surgery.

An Arlington man lost an appeal from a life sentence in sex attacks on two Tarrant County women. The Court of Criminal Appeals also rejected the appeal of a Midland County man sentenced to life for strangling his wife to death.

The Court of Criminal Appeals ordered resentencing of a Dallas man because prosecutors did not document earlier convictions to support a life sentence.

AG Opinions
A state agency does not have to produce confidential personnel records on general demand of a legislator that he needs them for "legislative purposes," Atty. Gen. John Hill held.

In another recent opinion, Hill concluded:

A court - appointed attorney for an indigent defendant at the trial court level may not be compensated if he does not appear in court.

Hill was asked for a formal opinion on whether Gov. Briscoe could withhold part of the funds appropriated to Texas Youth Council for community - based services based on executive findings that the money cannot yet be used effectively.

Appointments
Robert L. Hardesty, Gov. Briscoe's press secretary, was named associate deputy chancellor of The University of Texas System at a salary of \$42,500. Duties include public relations.

Briscoe appointed A. John Castillo of Houston to the Good Neighbor Commission succeeding Dr. Xico P. Garcia of Corpus Christi.

Pedro G. Rodriguez of Odem replaces Jamie H. Clements of Temple on the Advisory Council on Community Affairs.

Women's Council Meets for Study in Stargel Home

The Women's Council of the Christian Church met in the home of Mrs. Cecil Stargel on Monday afternoon, March 8. During the business session, the group voted to send a missionary offering to the newly established Cookson Hills Christian Children's Ranch at Canadian.

Faye Posey was the program leader. The program began with a song, "Sweet Hour of Prayer," followed by prayer being offered by Mable Roberts. The devotional "Forgiving Become Forgetting" was given by Lucile Randal. Missionary involvement of Ozard Bible College in Joplin, Mo., was studied in various phases.

Inez Aspreen told about the student's work and Dorothy Stargel gave a paper on the graduate student's activities in Mission. Faye Maddox gave the Faculty's Commitment to Missions. Lucile Randal read an article about garden vegetables and tractor being sent to Thailand by Cincinnati Seminary. Faye Posey closed with a study on "The Apostle, John" and the benediction was given in unison.

The hostess served refreshments to Faye Maddox, Lucile Randal, Lillian Kerr, Mable Roberts, Mary Sue Stotts, Marietta Marin, Genevieve Murdock, Faye Posey and Inez Aspreen.

George A. Ruppert of Rowena, James J. Muller, Ray Alderman of Winters and Arnold Frerich of Rowena were appointed by Briscoe to the Runnels County Water Authority board of directors.

Short Snorts
Atty. Gen. John Hill filed suit here to halt payment to Lower Colorado River Authority by Houston Lighting and Power Company for Colorado River waters used in cooling a nuclear power plant near Bay City.

Texas Department of Mental Health and Mental Retardation will experiment with solar energy heating and cooling (in a small cottage for the retarded at El Paso).

Date of the big state Democratic party fund raising dinner in Houston has been postponed until June 17, eve of the state party convention in the same city.

Crude oil production in Texas last year totalled 1,185,682,816 barrels and averaged 3.2 million barrels a day.

The Texas Governor's Mansion has been designated a national historic landmark.

FIVE YEARS OF SERVICE—Manager Dale Lawrence (right) and employees of Perry Brothers are shown as he presents a 5-year Service Pin to Florence Smith. "We are looking forward to many more years of association and working with Florence Smith," Mr. Lawrence said. Perry Brothers also sends their congratulations to Mrs. Smith for five years of dedicated service.

Frozen Turkeys On Economy Scene

COLLEGE STATION—Frozen turkeys are one meat item currently getting attention on the "Economy scene" at Texas grocery stores.

Mrs. Gwendolyn Clyatt, a consumer marketing information specialist, terms their current prices "reasonable."

She said large-size birds have more meat in proportion to bone which usually means a lower price per pound.

Mrs. Clyatt is with the Texas Agricultural Extension Service, The Texas A&M University System.

"While many choices are now available at meat counters, the best values will be found by reading store ads and making 'family favorite' selections," the specialist said.

"In buying meat, focus attention on cost-per-serving rather than price-per-pound."

"Price-per-pound can be misleading, because some cuts include bone and fat while others are all edible meat," she explained.

"Most economical beef choices

now are chuck roasts and steaks, round steaks and liver."

Pork values continue scarce, but the most economical choices include Boston butt roasts, shoulder steaks and liver, she said.

Budget buys at vegetable counters are cabbage, carrots, turnips, rutabagas and hard-shell squash.

"Grapefruit, oranges and apples are all plentiful and worthy of consideration, price-wise," Mrs. Clyatt said.

"More fresh strawberries are coming from Mexico with slightly lower prices. If the weather cooperates, strawberries from the Louisiana crop should be on Texas markets before mid-March."

Corn, tomato products and peaches are canned items to watch for "specials."

At egg counters, prices vary from steady to lower. In most instances, large-size eggs remain

the best value by weight, the specialist said.

CONSUMER WATCHWORDS:
In buying cabbage, medium-weight heads are usually the most desirable size.

They should be reasonably solid and heavy for their size—with a fresh, green color. Avoid heads with yellow leaves.

Fitting Pieces To The Food Puzzle

Today's homemaker has come a long way in updating her kitchen. But has she been able to modernize her knowledge about nutrition?

If she's puzzled, she'll find the new *Morton Lite Salt Cookbook: Cooking Measure for Measure* a useful source of recipes and nutrient information, in seven selected categories.

Apple stuffed pork chops is just one of the main dish recipes featured.

Apple-Stuffed Pork Chops

- 1/4 cup instant minced onion
- 1/4 cup water
- 1 tablespoon unsalted polyunsaturated margarine
- 1 1/4 cups toasted small bread cubes
- 1/2 cup diced peeled apple
- 1/4 teaspoon poultry seasoning
- 1 1/4 teaspoons Morton Lite Salt mixture
- 1/4 teaspoon ground pepper
- 1 lightly beaten egg
- 6 rib pork chops, 1 inch thick, with pocket
- 1 tablespoon vegetable oil
- 1 1/4 cups orange juice

Mix onion with 1/4 cup of water; let stand 10 minutes. In a small skillet, melt margarine, add onion, and cook gently for 5 minutes. In a mixing bowl, blend onion with bread cubes, apple, poultry seasoning, 1/2 teaspoon of the salt, pepper, egg and the remaining 1/4 cup of water. Spoon about 2 tablespoons of this stuffing into the pocket of each pork chop. Fasten with toothpicks. Sprinkle with remaining salt and add pepper to taste. Heat the oil in a heavy skillet. Add pork chops and brown on both sides. If skillet is ovenproof, use as casserole; otherwise, transfer chops into shallow baking dish. Pour orange juice over all. Cover and bake at 375° for 1 hour, or until tender. Makes 6 servings. Per serving: calories, 641; carbohydrate, 16 gm; protein, 30 gm; fat, 60 gm; sodium, 343 mg; potassium, 1075 mg; cholesterol, 153 mg.

For your own copy, send \$1.00, check or money order, to: *Cooking Measure for Measure*, Box 8208, Chicago, Illinois, 60680. Or look for it at your supermarket bookstand for \$1.25.

Driver Licenses Contain Blank For Holder to Make Anatomical Gift

All drivers licenses issued after January 1, 1976, will contain a statement whereby the holder of the license may designate any part of his body as an anatomical gift at the time of his death.

Major C. W. Bell, commanding Region 5 of the Texas Department of Public Safety which issues the drivers licenses, said the 64th Legislature enacted the measure that became effective the first of the year.

Accordingly, all drivers licenses issued after Jan. 1, will contain the statement which specifies any or all of the donor's body that may be used as an anatomical gift.

If a person does not desire to participate in the anatomical gift program, Bell said, he need not do anything regarding completion of the statement. Drivers license will continue to be laminated on the front but the back will not be laminated in order that holders of the licenses may sign the statement.

The anatomical gift statement will be printed on the reverse side of the donor's operator's, commercial operator's or chauffeur's license. The gift is invited on expiration, cancellation, revocation or suspension of the license or by lining out that portion of the statement.

Bell added that another method of voiding or canceling the statement would be to secure a duplicate drivers license in which case the reverse side of the permit would be left blank.

For the gift provision of the license to be valid, the statement must be executed each time the license is replaced, reinstated or renewed. The document must be signed by the donor in the presence of witnesses who must sign the document in the donor's precontract.

License which are currently valid in Texas will not be replaced with the newly-designed one, but as holders renew their licenses, they will receive the license which contains the gift statement.

If currently licensed drivers desire the newly-designated one, they may contact their nearest DPS drivers license office and apply for a duplicate license for which there is a minimal charge.

The law that was enacted by the Legislature only requires the DPS to provide a space on the license for the statement concerning the availability of the anatomical gift. "We do not maintain records regarding the anatomical gifts," Bell added.

Recipients of gift of bodies or vital organs may be any hospital, surgeon or physician, for medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or any accredited medical or dental school, college or university for education, research, advancement of medical or dental science or therapy.

Other recipients may include any vital organ storage facility established for medical or dental education, research, advancement of medical or dental education, research, advancement of medical or dental science, therapy or transplantation; or any individual specified by a licensed physician for therapy or transplantation needed by him.

Cattle Numbers Moving Down

COLLEGE STATION — The passing of 1975 marked the passing of the peak year of the current cattle cycle, says Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service. This year and the next will be years of cutting down cattle numbers.

Uvacek notes cattle numbers have already been reduced considerably through increased slaughter and a halt in expansion of breeding herds.

Out of a total 13 million replacement heifers reported last year, only 81 per cent were added to the breeding herd, points out the Texas A&M University System specialist.

There was also a much lower calf crop in 1975 than in previous years because of a low calving rate, explains Uvacek. The final calf crop figure for 1975 was 50.4 million head.

About 11.5 million cows were slaughtered in 1975, reducing the cow herd by about 1.8 million head, Uvacek says. "If cow slaughter keeps up at that rate, the breeding herd size should be down to a favorable level by 1977. However, a sudden buildup in herd size this year could lengthen the recovery time."

Uvacek says that while numbers of calves, beef cows, milk cows and heifers are down on farms and ranches throughout the U. S., the number of cattle on feed is up about 28 per cent.

Methodist Fedelis Fellowship Meets For Study Mon.

The Fedelis Fellowship of the First United Methodist Church met Monday, March 8 at 7 p.m.

President Neville Wrenn opened the meeting with the 23rd Psalm, followed by a poem by Ida L. Cornett. After a short business discussion, the meeting was turned to Sophia Stillwell, program leader for the evening. The program, "Shaping Tomorrow Today" was ably presented with a panel consisting of Pauline Wynn, Anette Boswell, Mildred Stephens, Lucille Burnett, who assisted Mrs. Stillwell with the program.

Beth Lemons was hostess for the meeting.

Members present were Lucille Burnett, Anette Boswell, Sophia Stillwell, Pauline Wynn, Ruth Fowler, Mildred Spicer, Mazine Phillips, Mildred Stephens, Helen Madden, Neville Wrenn and Betty Johnson.

Mr. and Mrs. Marion E. Posey and MariAnn and Kari were in Lubbock on Tuesday evening to visit with their daughter and sister, Shari who is a student at Tech. While there they attended a band concert in which Shari participated. They heard the Brass Band, Varsity II Band and Varsity I concert. Shari performs with the Varsity I group.

Lisa Knighton To Graduate From Amarillo College

Lisa Knighton of Memphis, daughter of Mr. and Mrs. J. C. Shields, will be one of three students to graduate this spring from Amarillo College two-year court reporting curriculum.

This is the first graduating class in the office occupation program. Amarillo College is the first community college to offer the court reporting curriculum. Through the program the students will receive an associate in applied science degree and are eligible to be certified as official court reporters by the Texas State Bar Association.

Mrs. Herman Cross and her brother, Scott Lemons of Norco, Calif., accompanied their brother, Bud Lemons of Amarillo. Thursday to Granbury to see another brother, Zeno Lemons. The four of them went to Waco to visit an aunt, Mrs. Katrina Alexander and her daughter, Mr. and Mrs. Bill Browden. They all returned to their homes on Saturday.

SPORTS AFIELD

By Ted Kesting

A custom rod or reel is one which has been built to your order to fulfill a dream or do a job that store-bought cannot do as well. Custom-built rods are much more common than custom-built reels, which are extremely rare these days.

Customized rods and reels are store bought tackle that has been altered in some way, resumably to make it better.

"But a rod built from the ground up to your own specifications for your own favorite kind of fishing is a joy to possess and always a conversation piece on any trip afield," writes Saltwater Editor Tom Paugh of Sports Afield. "While most of your tackle will probably be purchased ready-made your own custom outfit is needed as the piece of resistance of your collection and, in the long run,

well worth the extra cost."

And, what will that cost be? Prices of custom rods begin where ready-made tackle prices leave off. A big-game trolling rod can cost you a \$500 bill. A bamboo fly rod with all the trimmings might top \$400. But, of course, there are a lot of fine custom rods made that don't cost as much.

Once you have decided that you must have a custom rod, the next step is finding a builder. Ideally, he will be someone in your area, or even better, from the area where you fish, so that he will best understand your specific fishing needs. Check with fishing resorts and tackle shops nearby for the names of local builders.

Go around and talk with the builders who have the best reputations. Tell them what kind of fishing you want your rod for. Find a builder who understands and empathizes with the kind of fishing you enjoy, and you will have found the right man for the job. Tell him what type of line you plan to use and show him the

reel you like best. You should come away from the meeting with a feeling of rapport, a feeling that this guy has understood both you and the type of fishing for which the rod is intended.

In the event that you have trouble finding a custom - rod builder look in the classified ads in the back of Sports Afield and other sportsmen's magazines, under "Fishing Equipment."

True custom reels are hard to come by, but there are a lot of non-mass-production reels available for salt water, especially fly reels. For example, about the newest fly reel of this type is the John Emery Reel which is being built in a limited edition of 150 reels. It will sell for over \$150. For information write John Emery, 7770 Sunset Drive, Miami, Fla. 33143. If you want a reel you presently own customized in any way and can't locate a reputable reel man locally, one shop that will do the job is Bill Boyd's, 23 N. E. Second Street, Fort Lauderdale, Fla. 33300.

Coy Miller Has Resigned As Chamber Pres.

Chamber of Commerce President Coy L. Miller has resigned and a new president will be named at the chamber board meeting this Tuesday, March 16, at 7:30 p.m. in the city council room. Mr. Miller will be moving to Guyton, Okla., to resume in private business with his son later this month.

Mr. Miller has resided in Memphis for the past eight years as manager of Long Star Gas Co. and has served in many community and civic groups of Memphis. The Memphis Chamber of Commerce regrets the leaving of the Coy Millers; however, we extend best wishes and warmest regards to the family Jim Ed Wines, manager, stated.

Students Of Mickey Fowler To Have Recital Sat.

The public is invited to enjoy an entertaining hour by the students of Mickey Fowler honoring the Bicentennial in their recital Saturday night, March 13, at 8 p.m. at the Memphis Community Center.

Such songs as "You Must Have Been a Beautiful Baby," "Thank Heavens for Little Girls," "Shenandoah," "Yankee Doodle Dandy," "Five Foot Two, Eyes of Blue," and "Hound Dog" will be performed in ballet, jazz, tumbling and twirling routines.

Students participating in the recital are: Adam Cope, Leigh Anne Cope, Amy Long, Laurence Long and Melanie Long of Esteline; Stephanie Johnson of Clarendon; Kristine Caldwell, Ronda Ricks, Leah Tunnell, Heather Eford, Jana Lane of Childress, Jennifer Davis, Linnie Salmon of Lakeview, Rolfe Jean Welch of Pampa, Robert Christian, Shane Winters, Ben Winters, Larissa Floyd, Lesha Collins, Tony Graham, Kelli Liner, Susan McMurray, Rancheal Hernandez, Jamie Scarbrough, Shelly Ferrel, Jana Montgomery, Leigh Anne Ellerd, Lisa Lillard, Michelle Branigan, LaBeth Williams, Sue Allen and Debbie Hodges of Memphis.

School Board Offers Contracts To Teachers Tues.

The Memphis School Board of Trustees met Tuesday night, and among items on the agenda was considering teachers' contracts for next school year.

The board approved contracts of all teachers in the local school system. Last January, Supt. Bill Wood's contract was extended, and at the February board meeting, the contracts of the Athletic Director, secretaries and administrative personnel, and principals contracts were extended.

The board approved the purchase of six pieces of playground equipment for Austin Elementary, and five fire extinguishers for Junior High.

In other business, the Board adopted the text books recommended by the Text Book Committee appointed by the board at a previous meeting.

Volleyball Tourney To Be Held Here March 18, 19, 20

The Memphis Young Homemakers are sponsoring a Volleyball Tournament on March 18, 19 and 20 at the Memphis High School gym.

Admission to the games will be 75 cents for adults and 25 cents for children.

A concession stand will be available and those who desire refreshments may purchase them during the games.

Proceeds from the project will go to the Memphis Young Homemakers Scholarship Fund in memory of Nancy May.

Faye Beck Cited As 'Sophomore Of The Year' as Cager

Kaye Beck, Cyclonette forward, was cited by the Amarillo News-Globe as "Sophomore of the Year" in area basketball circles, special recognition when the paper named the Panhandle Plains Super Basketball Team.

The paper stated: "Faye Beck, Memphis - Quick and elusive, she averaged 25.8 points a game, shooting 58 percent from the field in leading Memphis into its first girls' basketball playoffs. She averaged 6.3 rebounds, 5.3 steals and four assists a game and was the big reason Memphis won the District 2-A banner. Coached by Bill Montgomery."

Water For Texas Conference Is March 25-26

COLLEGE STATION—"Water for Food and Fiber Production" is the theme for the Texas A&M University Centennial year Water for Texas Conference, March 25-26.

"This conference should provide valuable information for both urban and rural residents alike, and be of particular interest for people concerned with water's future use for food and fiber production," said Dr. Jack R. Runkles, director of the Texas Water Resources Institute and Texas Agricultural Experiment Station professor.

Among major subjects for discussion, Runkles said, are the role of irrigation agriculture in relation to the U. S. supply of food and fiber, cycles of climate and food production, impact of energy costs, and the U. S. position in the world food and fiber situation. Sessions will be in A&M's Rudder Conference Center.

Dr. Jarvis E. Miller, director of the opening session. Dr. Jack K. Williams, president of the Texas A&M University System, will welcome participants, and Dr. H. O. Kunkel, A&M dean of agriculture and acting director of the Texas Agricultural Extension Service, will discuss "Food and Fiber Production: Technology and Resource Base."

Dr. E. O. Heady, economics professor at Iowa State University, will speak on the "U. S. Supply Situation for Food and Fiber and the Role of Irrigation Agriculture."

Runkles said afternoon speakers will include Dr. Ray E. Jensen, director of the National Weather Service Environmental Studies Service Center at A&M, who will discuss "Cycles of Climate and Food Production," and Dr. Ronald D. Lacey, Experiment Station associate professor in resource economics, who will describe the impact of energy costs on production.

Other afternoon speakers will be Don Anderson of the Anderson Farms at Crosbyton, who will discuss "Critical Water Issues Facing High Plains Crop Producers," and Emery Castle, vice president, Resources for the Future, Washington, D. C., who will provide a summary and reaction.

Texas House Speaker Bill Clayton will address the annual banquet at 6:30 p.m. March 25 in Room 225, Memorial Student Center. Bill J. Waddle, general manager, Texas Water Conservation Association, will preside.

Lakeview Talents

(Continued From Page 1) and other area towns as well as talent from the Lakeview school.
